Death Toll Below Estimate, Texas Ranked Second Worst

MR. SNYDER of 1957 snoozes while his proud parents look on at Battenfield-Jones Hospital. He is David Louis Bailey, son of Mr. and Mrs. Louis Bailey, Clairemont Route. He was born at 12:04 a.m. yesterday. (Staff photograph by Dale Walton)

ON NEW YEAR

Record Set By Snyder Infant

David Louis Bailey yesterday became Mr. Snyder for 1957 when he was the first baby to arrive as the New Year opened.

The Bailey infant came right in with the New Year, too. He was born four minutes after midnight Monday at Battenfield-Jones Hospital.

As young as he is, he is already establishing records. His first was upon arrival. His 12:04 a.m. birth made him the earliest ever to arrive since merchants began making awards to the first baby of the year. The record was previously held by a child born in 1952 to Mr. and Mrs. William F. Niddiffer, 2005 Avenue L. at 12:10 a.m.

This year's first baby is the son of Mr. and Mrs. Louis Bailey, who live six miles north of Snyder on the Clairemont Road.

Bailey is employed by B & B Parkway No. 18 on the Lubbock highway here.

This is the first child for the Baileys, who have been married four years. For two years of that time, they have been residents here, having moved here from DeQueen, Ark.

The new eight-pound boy, as the first baby of 1957, became winner of awards from 17 Snyder businesses in the annual New Years Baby Derby.

Past New Years babies:

1956 — Kathy Lynn Swann, daughter of Mr. and Mrs. Lawrence Swann, route 3.

1955 — Daughter of Mr. and Mrs. Bennie Costillo, Snyder.

1954 — Son of Mr. and Mrs. Antonio Ybarra, north Snyder.

1953 — Howard Smith, Jr., son of Mr. and Mrs. Howard Smith Sr., south Avenue M.

1952 — Son of Mr. and Mrs. William F. Niddliffer, 2005 Avenue L.

1951 — Harold B. Lie, Jr., son of Cpl. and Mrs. Harold B. Lie, Sr., Alaska and Snyder.

One other baby born here on the first was a son to Mr. and Mrs. Neil Watson, Box 1325. He weighed five pounds, 12 ounces and was born in Battenfield-Jones hospital.

Offshore Rig Wrecked By Gulf Storm

MANAMA, Bahrein (AP)—Oilmen disclosed today a storm has wrecked a 1½-million-dollar offshore drilling rig, left 20 Arab workers dead or missing and dealt a crippling blow to a four-year hunt for oil under the Persian Gulf.

The disaster struck a 1,200-ton steel floating tower of the Shell Oil Co. last Thursday night in the shallow waters of the Gulf that separates the rich oil fields of Iran and Saudi Arabia.

A spokesman for Shell, which had invested more than 25 million dollars in the maritime search, said: "Although the platform is still standing, it is doubtful whether it can be salvaged. An examination is being made by experts from abroad."

Oilmen expressed belief it would take two year to get steel for a new platform and that this might influence the company to abandon offshore drilling in this area—part of a complex of oil-rich desert lands that is a base for a large group of American technicians.

Delayed advices gave this picture of the incident:

The rig, similar to those used in offshore drilling in the United States, was being prepared for removal to a drilling site in deeper water.

Weather forecasts had indicated a tow could be started during the night, but a northeastly tempest sprang up. The wind damaged the two 1,800-ton pontoons on which drilling platform—its main deck a huge living and working area 40 feet above the water—was mounted for towing.

A heavy swell came on, with 20-foot waves. Under the swell, the crossbeams connecting the pontoons snapped like glass rods.

Despite desperate efforts by three tugs, the loose pontoons smashed against the drilling platform. Heavy equipment broke off and crashed into the water.

Orders were given to abandon the platform and 250 men jumped dived or slid into the raging waters in complete darkness. Most of them reached the accompanying tugs. Dawn showed the rig deserted.

Traffic Record Is Almost Tied

By The Associated Press

Traffic deaths during the New Year weekend came close to tying the record for the holiday.

The high mark of 407 was established during a similar four-day period four years ago.

Delayed reports Wednesday for the new year period that began at 6 p.m., local time Friday and ended last midnight raised the toll to 405 deaths in traffic, 70 in fires and 109 in accidents of other types for a total of 584.

The National Safety Council, which had predicted 490 traffic fatalities during the New Year celebration, stated:

"Drivers and law enforcement officers teamed up to make our preholiday estimate of 490 traffic deaths over the holiday period way high. Our thanks and congratulations to them for proving us wrong.

"We appeal to every driver and every enforcement agency to make this encouraging achievement a guidepost through 1957. If we can do it for four days we can do it for 365."

The New Year traffic toll fell far under the total of 706 during the Christmas period—a record for any holiday period.

The combined total for the two holidays set a new high, with more than 1,100 traffic deaths. The old record was 973, set in 1955-56.

The National Safety Council, which last week had predicted 490 traffic deaths, lowered its figure during the holiday.

"The drivers and the traffic enforcement officers deserve a big vote of thanks from everybody for teaming up to hold down the toll," Ned H. Dearborn, council president, said in Chicago.

The council said major factors in the lower traffic toll during the New Year period compared with Christmas included less travel, better weather conditions and tougher law enforcement. It also said the heavy Christmas toll had a "sobering" effect and the problem of New Year drinking is recognized by both drinkers and drivers and, to a great degree, they govern themselves accordingly.

Four states—Nebraska, Nevada, Utah and Vermont—reported no traffic fatalities during the New Year holiday period. States reporting most deaths were, California, Texas, Pennsylvania, Michigan and Illinois, each with 20 or more.

The council figures a traffic toll of 420 for a normal nonholiday weekend period at this time of the year. An Associated Press survey in a 102-hour nonholiday test period from 6 p.m. Dec. 14 to midnight Dec. 18 showed 500 traffic deaths.

Large Death Toll Is Set Over Texas

By The Associated Press

Holiday violence killed at least 70 persons in Texas during the 4-day New Year's weekend, including 34 in traffic accidents.

The traffic toll was second only to California's 36 holiday fatalities.

The Texas death tabulation included all violent deaths while the national tally included only accidental deaths.

The combined New Year's-Christmas violent death toll in Texas was 183, with traffic accounting for 98 fatalities, the Texas Department of Public Safety reported.

That count was below the estimate made by the department, which predicted there would be a total of 205 violent deaths, including 115 traffic.

The latest deaths reported included:

Alex Altwein, 13, East Bernard, killed in a motor-scooter-auto accident at East Bernard Tuesday.

Prince Albert Matlock, 69, Fort Worth, killed (cause unknown) at Fort Worth Tuesday. Justice of the Peace Whit Boyd ruled his death a homicide.

Lowell Thomas, 14, Cleveland, died of gunshot wounds at Cleveland Dec. 28. Justice of the Peace E. L. Harrold ruled suicide.

Arlena Andrews, 6, Houston, died Saturday of burns received when her home caught fire Friday.

Ginny McGinty, 5, Terrell, who died Tuesday of injuries received when struck by a car as she crossed a street.

Edward Julius Duek, 62, of Victoria, was killed Tuesday night when his car collided with a Southern Pacific switching train inside the Victoria city limits.

Clyde McMahan Lucky, 66, of Dallas, died Tuesday of injuries received in an automobile accident in Dallas Sunday.

Bernard Moore, 17, was killed in a hunting accident near Wichita Falls Tuesday.

A man identified as William L. Daniel was found Tuesday in a field in Dallas with a .38 pistol clutched in his hand. He had been shot in the head.

Tallahassee Bus Service Is Suspended

TALLAHASSEE, Fla. (AP)—Tallahassee took a mandatory suspension of its bus service in stride today with white and Negro riders alike getting to work by walking, catching rides and using taxis.

There were a few reports of difficulties being encountered by early shift workers who were caught by surprise by the sudden action of Gov. Leroy Collins in ordering temporary suspension of service.

On the whole, however, most of those who normally depend upon city buses to get back and forth appeared to have made alternate arrangements for transportation.

The problem will be complicated tomorrow, though, with resumption of classes at Florida State University and Florida A. & M. University. Many of the approximately 10,000 students at the institutions have been away for the holidays.

First acts of violence in the city's long bus integration dispute prompted the governor to order temporary suspension of bus service yesterday.

He took the action under his emergency powers after a teenage youth hurled rocks through the windows of a Negro leader's home and a Negro grocery store was blasted with shotgun fire.

The governor's suspension order will be discussed at a mass meeting of the Negro Inter Civic Council tonight at which special services were to be held in observance of the emancipation proclamation anniversary.

Buffalo Man Just Wanted To Take Nap

BUFFALO, N.Y. (AP)—Linwood Elijah, 24, told police today he merely had wanted to take a nap.

They said they had found him curled up on a sofa in a furniture store window display. The window was broken.

The temperature went to 9 above zero last night.

Iceberg Rips Large Hole In Navy Vessel In Antarctica

MCMURDO SOUND, Antarctica (AP)—A great ice floe, driven by near-hurricane winds, slammed the U. S. Navy freighter Arneb against the coast of Antarctica's frozen Ross Sea New Year's Day. An iceberg ripped a five-foot hole and a series of cracks in the Arneb's hull.

The powerful icebreaker Northwind crunched to the side of the stricken ship. Ice chunks bent one of the Northwind's propellers. Today, both ships were trapped in the grinding ice pack, struggling to fight free.

Capt. Nels C. Johnson of the Arneb radioed that water was trickling through the cracked seams, but pumps had the flooding under control.

The jagged hole was above the waterline on the starboard side. The Arneb's crew mustered in the holds to shift the cargo and shore up the torn sides with timbers.

The Arneb's propeller and one engine were damaged.

The Northwind — one of the Navy's most powerful icebreakers able to smash through ice many feet thick—apparently did not suffer structural damage. But the pressure of the wind-driven ice was so great neither ship could maneuver.

The scene of the battle against ice and sea was near Cape Hallett at the northwest end of the Ross Sea, 500 miles north of this U.S. base. Capt. Johnson, of Alexandria, Va., sent this account by radio:

His ship was making its way toward the Knox Coast, 1,000 miles to the west, to establish a U.S. base for the International Geophysical Year.

It was buffeted by 70 m.p.h. winds.

The 100 - square - mile ice floe came down on the Arneb swiftly, from across miles of open sea.

If the Northwind can clear a path, the Arneb will try to seek shelter inside Cape Hallett to make repairs.

The Ross ice shelf is a solid chunk of ice more than 1,000 feet thick, shaped like a triangle, each side 500 miles long. Last year the Navy tanker Nespelen was trapped by shifting ice in the same fashion and lost more than 100,000 gallons of aviation gasoline before icebreakers freed it.

The Arneb, based at Havisville, R.I., is an attack cargo ship about 450 feet long, deigned to carry heavy tanks and equipment into combat areas.

Rites Held For Ashmore

Mr. Wilford Reed Ashmore, 73, of Ira, died Tuesday morning at 5:10 a.m. in the Battenfield-Jones Hospital. Mr. Ashmore had been in ill health several months. He was a retired oil field pumper.

Born Jan. 11, 1882 in Henderson County, the Ashmore's came to Scurry County in 1935. He was a member of the Church of Christ.

Mr. Ashmore was married to Miss Addie Maud Newnham on Aug. 22, 1911 in Breckenridge.

Funeral services were held at 2 p.m. today in the First Baptist Church at Ira. Bill Watson minister of the Church of Christ of Ira officiated, assisted by Mr. C. J. Smith, pastor of the Knapp Baptist Church and Lane Bond pastor of the First Baptist Church of Ira. Interment was in the Ira cemetery under the direction of the Bell Funeral Home.

Survivors include his wife of the home, three daughters, Mrs. I. C. Corbell of Austin, Mrs. G. F. Chaney of Loco Hills, N.M., and Mrs. Charles E. Westbrook of Stamford, five grandchildren and five great grandchildren.

Pallbearers were Wayne Eubanks, J. L. Byars, G. A. Newton, Joe Smith, Travis Cox, and Steve Cox.

Wordless Vows

ALBUQUERQUE, N.M. (AP) — Wordless marriage vows were exchanged New Year's Day between Jaun Mac Sandoval, 32, and Shirley Jeanne Earl, 22, Boulder, Colo. They are deaf mutes who met here in a training course.

Price Of Newsprint Will Be Increased

TORONTO (AP)—Abitibi Power & Paper Co., Ltd. today announced a general increase of $4 a ton in the price of newsprint effective March 1.

A company spokesman said a letter dated Dec. 31 has been sent to all Abitibi publisher-customers advising them of the increase.

The price rise, he said, is due to increased costs, including higher freight costs.

Pledge Is Made By Will Wilson

AUSTIN (AP)—Texas' new attorney general, Will Wilson, moved into his office today with a pledge to protect Texas schools from any threats of violence as they seek to solve desegregation problems.

Wilson, former crime-fighting Dallas district attorney, much-decorated World War II major, and former associate justice of the State Supreme Court, was formally inducted yesterday.

He promised his administration would complete veterans land and Duval County cases started by Atty. Gen. John Ben Shepperd.

Wilson said his office would concentrate on clearing up the status of water laws, aid the State Board of Water Engineers, hit hard at loan sharks, prosecute anti-trust cases vigorously, and take the lead in improving law enforcement generally.

"Any power or jurisdiction which the office of attorney general has will be used to support a school board, the faculty or students against threats of violence or unruly conduct or against efforts to intimidate school officials," Wilson said on desegregation.

Noting that in taking his oath of office he pledged himself to uphold the constitution of the United States, he said that "government by law as I understand it means the constitution as interpreted by the courts."

That statement preceded his comments on protecting school boards as they seek to solve problems posed by the series of U.S. Supreme Court decisions holding the segregation laws unconstitutional.

Wilson also said that where the "boundary between national and state sovereignty is put in issue, as it frequently is in many types of cases, we shall consistently support state sovereignty."

He said his goal was to operate the state's law office on a solid basis "avoiding where possible the spectacular."

Wilson took office in solemn ceremonies in the State Supreme Court chambers where he served as an associate justice for more than five years.

Judge James Norvell of San Antonio, former member of the Court of Civil Appeals, was inducted as a newly-elected Supreme Court justice. Justices Robert W. Calvert and Meade F. Griffin took office by re-election. W. A. Morrison was installed by re-election as judge of the Court of Criminal Appeals.

In separate ceremonies, Robert S. Calvert was inducted as State Comptroller and John Osorio as a newly-appointed member of the State Insurance Commission.

Drowns In Cider

VANNES, France (AP) — A 20-month-old child drowned in a vat of cider into which it fell while playing on his parent's farm near Vannes today.

Parr Ranch Is Purchased

SAN DIEGO, Tex. (AP)—A 3,728-acre ranch formerly owned by George B. Parr was sold yesterday for $96,000 at a public auction held by U.S. Deputy Marshal W. W. Ainsworth.

The ranch was sold to satisfy a judgment of $30,761.59 awarded last November by Federal Judge James V. Allred in favor of the First State Bank of San Diego. The judgment was for notes allegedly owed the bank by Parr, Ernesto Benavides, Eusibio Garcia, Mr. and Mrs. Reynato Canales and Celcilio Silanas.

Duval County rancher Armondo Canales was high bidder for the property, located a quarter of a mile from Parr' home here. The land was known as the William Hoffman ranch.

Proceeds of the sale will be used to satisfy the bank claim and the remainder will be paid to the federal government on a $600,000 tax lien on file against Parr.

Guard Fights Off Inmates

SAN ANTONIO (AP)—An attempted Bexar County jail break was frustrated last night when a 53-year-old guard fought off three federal prisoners.

The attempted break occurred on the fourth floor where 42 prisoners were held.

Donald R. Layne, 17, a husky soldier under federal sentence for car theft, started the plot in motion when he pretended to have spilled coffee on his mattress, and asked jail guard Pete Ochoa for permission to go outside his cell block for a dry mattress.

Ochoa, an extra guard substituting for a regular guard, complied.

Suddenly, Layne shoved Ochoa against the bars of a cell block, and he was grabbed by two convicted Uvalde bank robbers, Harold Seago, 38, and Joe D. Nance, 35, both under 35-year federal sentences, while Layne attempted to grab the guard's keys.

New Officials Are Taking Over Here

New officials in county and district offices are getting their work underway here today.

The new men were sworn into office yesterday, but since that was a holiday there was little county business for them.

Those new in offices include Earl Abercrombie, sheriff; Wayland Holt, district attorney; George Killam, county attorney; and Geral G. Greene, tax assessor-collector.

Abercrombie's deputies were also all at work today. J. C. Massingill, office deputy during the term of Homer Whisnand as sheriff, has been named chief sheriff's deputy by Abercrombie.

Other deputies are Reggie Bolding, office deputy, formerly employed by Roberson Drilling Co.; L. A. Crenshaw, Jr., field deputy, formerly an electrician and one-time Liquor Control Board agent; and Edgar Wilson, a long-time Scurry County resident, field deputy and bailiff.

The staff will remain the same in the tax assessor-collector's office, Greene said. Jim Ikard, former tax assessor-collector, will be one of the deputies. Others will be Dale Stuard, Mrs. Jess Everett, Mrs. George Lee, Rona Bley, and Mrs. Bill Morgan.

Holt's secretary in the district attorney's office will be the same person who was his secretary during his time as county attorney, Mrs. Ike Ellis.

BEGINNING NEW public offices here are these four men, who were all at work in the courthouse this morning. Left to right, they are Wayland Holt, district attorney; Gerald Greene, county tax assessor-collector; Earl Abercrombie, sheriff; and George Killam, county attorney. (Lee Watson photograph)

Hungarian Production Lags

BUDAPEST (AP) — The official Hungarian news agency reported the nation's biggest industrial complex, the Csepel Island iron and steel works, resumed partial production today after a 10 - day shutdown.

But Radio Budapest said the continuing grave shortage of coal and power kept other large segments of Hungarian industry idle on the first work day of 1957.

The MTI news agency said resumption of work at Csepel Island, south of Budapest, was made possible by receipt of new supplies of both coal and raw materials.

Before the Oct. 23 revolt, more than 30,000 worked at the Csepel plants, but only 21,000 were reporting when production was shut down Dec. 23. Then 17,000 production workers were sent home on half pay and only 4,000 kept in the plant for maintenance, repairs and inventory.

The MTI report did not say how many were back at work.

The Russian - supported government of Premier Janos Kadar has been striving for weeks to get coal miners back to work. The mines are limping along with only about half of the usual force, digging only about a third as much coal.

Budapest radio said Kadar's government was consolidating work units and reorganizing production methods to meet the power shortages. Thousands have been laid off from the idle plants, and there has been speculation many would be drafted for the coal mines.

Police were forced to intervene today when a crowd of about 1,000 mostly women and children, broke from a long queue and stormed a department store in Hungarian Youth street, formerly Stalin avenue, which is the main thoroughfare.

The shop recently was opened to replace another one destroyed in the October-November revolution. Store personnel tried to aid police in holding back queues of several thousand shoppers by fixing ropes.

But impatient mothers and children broke the lines. Some weeping women told reporters police used clubs on them.

There were also large queues in front of other Budapest department stores. The big rush apparently was due to the people's fear of inflation.

Fine Is Paid Here On Assault Charge

A fine of $48.50, including court costs, was paid in county court Monday by Nelta Lois Howell of Snyder, found guilty of simple assault.

The accused had been charged with aggravated assault, but the charge was reduced. She entered a plea of not guilty, and waived jury trial. After hearing evidence, County Judge Edgar Taylor found her guilty.

She had been out on bond since the charge was filed last June.

Egyptian Treaty Formally Ended

CAIRO (AP)—Egypt has formally ended the 1954 treaty that gave Britain the right to station troops in the Suez Canal zone in the event of Soviet aggression in the Middle East.

A decree signed by President Nasser said the pact was broken "from the moment the British armed force attacked Egypt."

In effect the treaty was written off when British and French planes bombed Egypt Oct. 31 in preparation for the invasion of the Suez Canal one. The next day the Egyptian army seized the five big British supply bases maintained under the treaty, jailed their British civilian caretakers and confiscated the stores of arms and equipment.

Nasser's action takes away the right of British troops to return in case of attack by an "outside power"—mutually understood to mean Russia—on Turkey or any of the Arab nations of the Middle East. Loss of the British bases at the strategic crossroads between East and West may be a heavy blow to Western defene planning. The pact had five years to run.

At the canal, work to clear the wrecks and debris blocking shipment of oil and other necessities from Asia to Western Europe finally got into full swing under U. N. auspices.

Two U. N.-chartered salvage vessels—the Italian tug Hercule and the Swedish ship Herakle—began clearing away wreckage at Kilometer 39 in the northern half of the water way.

The world's biggest salvage vessels — West Germany's Energie and Ausdaeur — tied up at the wrecked Ferdan bridge, 51 miles south of Port Said, one of the largest obstructions in the canal. Two German tugs and the Italian floating winch Squalo arrived with the Energie and Ausdaeur, ready to begin work on the collapsed bridge.

Italian diver Bruno Sontina went down to examine the damage underwater, and then tied wire cables from the bridge to the salvage vessels.

In Israel, official quarters denied reports from Cairo that the U. N. is putting on pressure for a speedup of the Israeli withdrawal from the Sinai Desert and Gaza Strip. Egypt is restive over what it calls the "unjustifiable slow" Israeli pullback, slated to take several more weeks.

Informed political circles in Jerusalem said there has been no decision yet about the future of the Gaza Strip, which Israel has said it will not relinquish to Egypt.

Leaders Give Backing To Ike Program

WASHINGTON (AP)—The White House worked under a speed-up schedule today to get action on President Eisenhower's call for standby authority to take swift retaliatory action against any Communist aggression in the Middle East.

Press secretary James C. Hagerty told newsmen that White House and State Department liaison men are already at work with key legislators on plans for the President's formal message to Congress on the proposal.

And Hagerty held open the possibility that the message might be presented this week.

With Congress convening tomorrow, next week was the earliest time mentioned yesterday when the plan was discussed with key members of both parties at the White House.

A probable factor in the speed-up was the generally favorable response which the 29 senators and house members gave to the plan.

In a four-hour White House session the key Congress members gave most of their time to the proposal which the President said was "designed to deter Communist armed aggression in the Middle East area."

A White House statement said this would be linked with a request for "an enlarged program of economic aid to the nations in that area," to be administered under Eisenhower's personal direction.

The general principles of this new peace-keeping doctrine got immediate backing from leaders of both parties, subject to a more detailed explanation Eisenhower will give Congress within the next five or six days.

Some conferees said Eisenhower may deliver the special message in person early next week, but the White House said no decision on this has been reached.

Speaker of the House Sam Rayburn (D-Tex) told reporters he believes the President's proposal—which conferees said involved standby presidential authority to order U.S. military forces into action—"will be a very fine thing if it can have proper explanation and practical unanimity in the Congress."

Chairman Cannon (D-Mo) of the House Appropriations Committee said, "The President's proposal seems to me the only sensible course for us to follow."

Sen. Lyndon B. Johnson of Texas, the Senate's Democratic leader, reserved judgment. He said Eisenhower's request involved some "rather far-reaching proposals with grave and serious implications." But he promised speedy Senate consideration of them.

Sen. Wiley of Wisconsin, top Republican on the Senate Foreign Relations Committee, said he "didn't hear any opposition" when Eisenhower broached his plan to the assembled 13 senators and 16 House members.

But Sen. Sparkman (D-Ala), who was not at the meeting, said Eisenhower has "quite a selling job to do," and added he wants to know more before he votes.

Plates Don't Match

NEWBURYPORT, Mass. (AP) — Charles Green noticed his Massachusetts 1957 automobile plates didn't match when he put them on. One of them, 641-627, agreed with his registration certificate, but the other read 641-647. Registry officials, who believe someone else has the same problem, gave Green permission to travel with one plate until the situation is straightened out.

Abraham Lincoln was a man who changed parties. He was first a Whig, later became Republican.

Woman Saves Life Of Her Young Son

TEMPLE, Tex. (AP)—Mrs. H. L. Patton saved the life of her six-week-old son when fire swept their home yesterday.

Mrs. Patton was outside the home with her four other children, including the infant's twin brother, when she discovered the fire.

She ripped a screen and smashed a window with her fist to get into the bedroom. She suffered cuts about her arm.

Origin of the fire was not determined.

Leaders Preparing To Open Congress

WASHINGTON (AP)—House Democrats and Republicans called party huddles today to work out routine preliminaries for the formal pening at noon tomorrow of the 85th Congress.

The separate caucuses were expected to approve retention of the same leaders and elective officials who served in the last Congress.

With Democrats in control, this means that Sam Rayburn of Texas, who already has served as speaker of the House longer than anyone else in history, will retain the top post for another two-year term.

John W. McCormack of Massachusetts and Joseph W. Martin Jr. of Massachusetts will continue as Democratic and Republican floor leaders, respectively, with Carl Albert of Oklahoma, Democrat, and Leslie Arends of Illinois, Republican, remaining as party whips.

Senate party meetings will be held tomorrow, with no leadership changes in prospect but with two vacancies to be filled. Sen. Mike Mansfield of Montana is slated to replace Earle C. Clements of Kentucky as Democratic whip. Clements was defeated for re-election. Sen. Carl Hayden (D-Ariz) is in line to become president pro-tem of the senate, succeeding Walter George of Georgia, who did not seek re-election.

Lyndon B. Johnson of Texas and William F. Knowland of California will continue as Democratic and Republican Senate leaders, respectively.

The House caucus choices will be formally elected when the House convenes tomorrow at the call of its clerk, Ralph Roberts.

While awaiting committee assignment recommendations, Congress will mark time and receive proposals. The chief executive's major message on the State of the Union will be delivered in person Jan. 10.

Even before that, Eisenhower will send or deliver to Congress a special message asking standby power to use American military might if necessary to curb Communist inroads in the Middle East.

Outlined yesterday to congressional leaders of both parties, the plan calls also for broader economic aid to the area, in the expected amount of 400 million dollars for a two-year period.

India's First Quints Draw Huge Crowds

MADRAS, India (AP)—Police cordoned off the hospital in Pondicherry today to keep back curious crowds thronging to see India's first quintuplets.

The quints, all girls, were born to a 23-year-old Indian servant woman living near Tiruvannamalai, 50 miles from Pondicherry.

Mrs. Misiale Corneille, 40, a nurse at the hospital, said the quints were the first in recorded Indian maternity history. They arrived in quick succession early on the day before New Year's.

They weighed, in order, 3 pounds, 8 ounces; 4 pounds, 6 ounces; 3 pounds, 8 ounces; 3 pounds, 12 ounces and 3 pounds, 5 ounces. They will be named on the 10th day, according to Hindu custom.

The Tamil - speaking mother, who earned about $2 a month as a servant, wept as she said that her husband, 35, is unemployed and that she already has three other daughters to bring up.

Local merchants, welfare bodies and other persons have contributed to a fund for her aid.

Doctors reported today that the quints, like their mother, are "doing fine."

Her husband, a Hindu, said: "It is the will of God. What can we do?"

Council Stage Fright

GLOVERVILLE, N. Y. (AP) — Among the New Year's resolutions adopted here was one in which the city council resolved it would not permit further radio broadcasts of its meetings. The sponser of the resolution said members had suffered from "mike fright" and fear they would make embarrassing gramatical errors.

Krushchev Softens Attack Against Old Leader, Stalin

MOSCOW — Soviet Communist party boss Nikita Khrushchev has backtracked on his denunciation of Stalin.

Remarks by the party chief at the Kremlin New Year's Eve party were interpreted as further indication of tough measures to combat moves by the satellites toward independence from Moscow as well as an effort by Khrushchev to bolster his own position.

Asian diplomats reported that Khrushchev, in giving a toast at the party, said:

"Stalin was a great fighter against imperialism. He was a great Marxist. The imperialists call us Stalinists. Well, when it comes to fighting imperialists, we are all Stalinists."

This appeared directed particularly at the satellites, since the Kremlin has charged repeatedly that the Hungarian rebellion was a Fascist plot fomented by "Western imperialists." Khrushchev seemed to be promising that any sueh future outbreaks would be met with the same military crackdown which Stalin would have used and which finally prevailed in Hungary.

In contrast with the line he laid down in his "de-Stalinization" speech at the Communist Party Congress last February, Khrushchev was quoted as telling the Kremlin partygoers, "Men of action make mistakes and Stalin has done so much good that one must overlook his mistakes."

One Asian diplomat reported the party boss also said, "Stalin made mistakes, but we should share responsibility for these mistakes because we were associated with him."

The official line since Khrushchev's February speech had been that Stalin's mistakes in his latter years outweighed his achievements, and that the present Kremlin command could not be blamed for those mistakes because Stalin acted without consulting them.

Khrushchev's latest remarks lauding his former chief followed the line laid down last week in a lengthy statement by the Chinese Communist Politburo. An editorial on this from the Peiping People's Daily was widely reprinted in the Soviet press.

Western diplomats generally boycotted the Kremlin reception, but several noted non-Reds confirmed the gist of what Khrushchev was reported to have said.

Ruling On Oil Company Case Upheld

AUSTIN (AP)—The Third Court of Civil Appeals today upheld a ruling of the 126th District Court here which overruled a Railroad Commission order.

The case was filed originally by the Texas Company seeking to gain an exception to the 10-acre spacing rule in McElroy field of Crane and Upton counties for Well No. 24 in the west end of an 182.8 acre lease.

The company argued that the well was necessary to keep oil under the lease from being confiscated by wells on adjoining leases.

The commission ruled that the Texas Company had already produced in excess of the amount of oil originally estimated to underlay its lease. It said an exception would allow the company to drill a well on a spacing density of one well per 7.9 acres instead of one per 10 acres.

The trial court decision, affirmed today in the appeals ruling, held that the well should be allowed to prevent confiscation. It said there was no question of conservation involved and the commission should not have considered the potential oil production under the lease in making the ruling.

Cripple Creek Gold Mines Will Reopen

CRIPPLE CREEK, Colo. (AP)—Seventeen mines which in past years yielded 20 million dollars in gold will be reopened in the Cripple Creek-Victor, Colomn area.

J. Selby Young of Colorado Springs, had of the Bacon Hill mines firm, said the reopening operations were starting today.

The mines were bought from Thomas Copeland of Colorado Springs and James Knight of Chicago for approximately $50,000 and "the ore values . . . could be fantastic," Young said.

Maley had served 17 days in lieu of fine. He had been fined $123.50, including court costs, and his fine and cost was reduced to $73.50. He was given $51 credit for his jail time and paid the remainder of $22.50.

Maley had been arrested by city police Dec. 20.

Police Investigate Prowler In Snyder

Police investigated a report of a prowler in the vicinity of the 2800 block of Thirty-eighth Street last night, but no apprehension was made.

Travis L. Steele, police chief, said that the prowler, if there was one, had left before a police patrol car had time to get to the scene.

. . . . nee Carolyn English

English-Watson Single Ring Wedding Vows Are Solemnized

Saturday, Dec. 29, in the chapel of the First Presbyterian Church, Ada, Okla., Miss Carolyn English of Dallas and Mr. Nolan Watson, exchanged nuptial vows.

The Rev. Kenneth G. McCollough, pastor, officiated at the single ring ceremony at 4 p.m., before an altar decorated with floor baskets filled with white gladioli.

The bride is the daughter of Mr. and Mrs. Cortright English, 1201 South Johnson, Ada, Okla., Mr. and Mrs. H. G. Watson of Snyder are the parents of the groom.

Miss Frances King, of Ada, cousin of the bride was maid of honor. She wore an ivory satin shirtwaist dress with full skirt and carried a nosegay of pink chrysanthemums.

Dick Watson, brother of the groom was best man.

Mr. English gave his daughter in marriage. The bride wore a pink satin shirtwaist dress detailed with rhinestone buttons and wide crushed self-material belt. Her accessories were of matching pink. Her satin bandeau held a brow veil. The bride's bouquet was a white orchid and stephanotis and was carried on a white prayer book.

Mr. and Mrs. Cortright English were hosts at a reception in their home following the ceremony.

For her wedding trip the bride wore a tweed suit in pastel blue, complemented with white hat and gloves. She wore the white orchid corsage from her bridal bouquet.

The bride, for the past four years, has been residing in Dallas, where she was associated with the Industrial National Bank. Mr. Watson is president of the West Texas State Bank.

Home Design Takes Ideas Of Japanese

A TREND toward Japanese ideas in home design throughout North America is being noticed by architectural observers. This doesn't mean rooms planned for sitting on the floor. It doesn't mean paper walls, or more or less flimsy construction. It involves adaptations of attractive features—inspirations brought back from the Orient by men and women who served there in the Armed Forces.

"The biggest single style trend today," says House & Home, professional publication for architects and builders, "started in Japan."

Guessing the trend in styling can be even more important in house design than in the highly competitive automobile industry. You may keep a car for a few years at the most, but the average man holds a house for a lifetime. This is why general house style changes are slow. Tried and true designs are safer investments.

The new Japanese influence "is partly a fad," says House & Home, "but unlike some of the fads of the past, Japanese design fits today's American house like a glove."

Four examples cited are: modular scaling, reliance on structure, open planning with sliding panels for flexibility, and more indoor-outdoor living.

Housewife Can Lend Hand To Handyman Around The House

Next time a home improvement project never seems to get out of the planning stage at your house, stop nagging your reluctant home handyman to do it himself. Instead, smile sweetly and say "Let's do it together."

Or, if your "do-it-himselfer" is the eager type who has so many projects going he never seems to relax at home, you can make life easier for him by offering to help. The two of you will get a lot more done, too.

Most housewifes can be valuable assistants to their husbands in papering walls, laying floor tile, installing insulation, and dozens of other projects.

Finishing an attic for more living space is a favorite "do-it-together" project for a man and wife team. She can hold lumber while he saws and nails, help him fit batts and blankets of mineral wool insulation in the walls and ceiling, and hold the insulation while he staples it in place. The mineral wool is vital to the comfort of the new attic rooms since it keeps summer heat out and keeps the rooms warmer in winter.

Another ideal project for the "team" is staining kitchen cabinets of ponderosa pine. Here's where the wife often can be "boss," since women usually have a better eye for color than men. The stain, in one of many colors available, is applied with a brush, wiped off with a cloth, then varnished. The clear grain of the ponderosa pine remains to add rich warmth to the room. Of course cabinets can be painted instead.

Using Plastic Bags

When the recipe calls for bread of cracker crumbs, roll them in a plastic bag. This keeps the crumbs from wandering all over your kitchen. Afterwards, dip the plastic bag into hot soap or detergent suds, rinse, and it will be sanitary enough to perform another laboraving service for you.

Ira Family Party Held Over Holidays

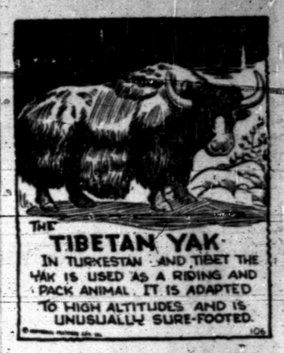

A family party was held in the home of Doris Holladay in Ira over the holidays.

Holladay and children, Jan and Larry of Cuthbert, Mr. and Mrs. Lee Holladay, Mrs. Jack Holladay, Mrs. Elton Crowder and son Robert of Ira and Mrs. Maggie Allen of Snyder.

RELAXING during the New Years holiday just before beginning a new job in Odessa is Anderson (Son) Davis, Jr., released from the county jail after serving three years of a four-year term for bootlegging. With him are his children. Left to right, front, are Sam, Davis, Francis, and Thomas, squatting. In back are Cornelius and Rosa. (Staff photograph)

RESOLUTIONS MADE

Long Jail Sentence Ends

By DALE WALTON

One Snyder resident who has a list of New Years resolutions is Anderson (Son) Davis, Jr., who was released from the county jail at the end of the year after serving just over three years.

His first resolution is to stop being a Snyder resident. Next, he has sworn off bootlegging, which was responsible for his being in jail in the first place.

Davis, now 35, said he is leaving Snyder to "get away from it all." This is where he grew up bootlegging, and he figures one of the best ways to stop is to move away from his home ground.

Today, he was to begin work at a country club at Odessa as a cook. He plans to put all his Snyder property up for sale, including his residence at 3505 Avenue M and three other lots; all of which have improvements.

Davis' family, however, will remain in Snyder, he said, until the end of the school year. His wife has a job here, and four of his children are attending school in Snyder. They are Francis 8, and Sammie Lee, 10, both in the third grade; Cornelius, 12, who is in the sixth grade; and tommy, 14, who is a seventh grader. Another Davis child is Rosa, 16, an honor roll student at St. Peter Claver Academy in San Antonio, where she is a senior this year. Hoping for a scholarship, she plans to attend college.

After this school year, Davis said, he intends to move his family to Odessa and start the children in school there next fall.

Davis had a county jail term of four years, plus a fine of $1,000, given him by a jury here on an enhance punishment clause of the law, which allows up to four times the maximum punishment specified for habitual criminals.

After serving 22 months, Davis was released on a governor's reprieve. His fine was also knocked off. He was later, however, caught bootlegging again, and he was put back in jail.

But the repentant Davis, a model jail prisoner, has "sworn off for good" this time, he said, emphatically stating that he will never again bootleg.

He was released from jail by Sheriff Homer Whisnand just before Whisnand went out of office. A prisoner can, at the sheriff's descretion, be released after serving two-thirds of his term, getting time off for good behavior. He was credited with just over 36 months of jail time.

Davis is a jack-of-all-trades. While in jail, he was cook for the prisoners. He also carried on a gardening project in the county jail yard, raising all kinds of vegetables as well as flowers. He supervises the construction of a concrete block wall around the jail yard. "I was the cook, secretary, house cleaner, and yard cleaner," Davis said.

As far as is known, Davis holds the record locally for length of time served in the jail, and he possibly holds a state record for county jail confinement.

A prisoner who has been in and around a jail that long knows the jail pretty well, Davis said, explaining that there are 13 steps on the stairs from the first to second floor and 12 to the third floor. The average cell, he said, has about 110 bars.

In Davis' 36 months, he saw an estimated 1,900 prisoners come and go, some on long-term confinement and some just overnight guests. "I was kept awake lots of nights trying to quiet down drunks and insane people," Davis said. "I never had a fuss or fight while I was in there, but I would like to have several times."

Davis' father, who also had his bootlegging days, was released from jail last December. He had a year's jail term and $2,500 fine. He served 18 months, part of that in lieu of fine, and paid the rest to get out.

In addition to being through with bootlegging, Davis decided long ago to stop trying to be a lawyer. In two jury cases in which he was on trial for bootlegging, he represented himself, complete with questioning of witnesses, objections, and other courtroom procedure. He was not very successful, however, since both times he was found guilty. One of those times was when he got his four-year sentence.

About four years ago, Davis said he did his first bootlegging when he was nine years old, running "moonshine" for his father. He got into bootlegging for himself in 1940 and had his first conviction the next year.

Davis has sworn off bootlegging about four times in recent years, and he has not yet stuck to his resolution.

"It's for good this time," Davis said.

Case Called Up For Trial

SAN ANTONIO (AP)—Two suits brought against Brig. Gen. John W. Persons, commander of Randolph Air Force Base, by a former Randolph lieutenant were scheduled to be called for trial in federal district court today.

The suits were filed last August by William Recht Jr. of Woodmere, Long Island, N.Y., when he was a first lieutenant and an assistant in the judge advocate's office at Randolph. He was discharged Aug. 27.

The first suit asks repayment of $250,000, allegedly collected from some 1,000 bachelor officers at Randolph for porter and maid service from 1950 to 1956.

The second suit, for $10,000, charges Recht was "falsely imprioned" to prevent him from filing a criminal complaint against Gen. Persons for allegedly conducting and encouraging a raffle at the base.

The case will be heard by Judge Ben H. Rice Jr. in federal court.

Men Will Attempt Swim To Annapolis

BALTIMORE (AP) — Three young Baltimore area men will attempt soon to swim nonstop from Baltimore to Annapolis, a distance of about 35 miles.

All are members of the Maryland Waterbugs, which claims the distinction of being the first skin-divers club organized in the state.

They will wear special rubber suits over several suits of underwear for the long swim in the icy waters of the Patapsco River, Chesapeake Bay and the Severn River.

The three hoped to make the surface swim in about 20 hours.

Approximately $45 million dollars have been spent in restoring Williamsburg, Va., to its days of the American Revolution.

Dimes Drive Opens With $4 Missing

LOUISVILLE, Ky. (AP) — The March of Dimes campaign here opened officially today — minus about $4 to a man with a pain. A waitress at a restaurant, Miss Delores Link, said a man who complained of a "neuritic pain," came in last night and ordered a beer.

The man continued to complain and asked another customer to hand him the March of Dimes container, explaining he wanted to make a contribution. The waitress said when she looked again both complainer and container were gone. She estimated the loss.

Infant Transferred

Scott Erick Anderson, infant son of Mr. and Mrs. M. B. Anderson, Deluxe Courts was transfered from a local hospital to Hendricks Memorial Hospital in Abilene Tuesday. He was taken in a Bolger Funeral Home ambulance.

Woman Takes Over Office

RAYMONDVILLE, Tex. (AP) — Edna Cisneros, a pretty 28-year-old Raymondville woman, became the first woman district attorney in Willacy County, if not in the state yesterday.

Wearing a trim black dress, Miss Cisneros took the oath of office administered by County Judge Hubert Wright in an informal courtroom ceremony witnessed by a few officials, relatives and friends.

Miss Cisneros, who was secretary to District Attorney Carl Conley for more than a year, decided to run after Conley chose to seek election as state representative. She won in the July primaries over former District Attorney Jesse Foster, and was unopposed in the general election.

Paper Claims First In Color Printing

CHICAGO (AP) — The Chicago Tribune today claimed a first in color printing by publishing a full page of color pictures of yesterday's Tournament of Roses parade in Pasadena.

The scenes were photographed directly from a color television screen in station WNBQ in Chicago with the cooperation of the National Broadcasting Co.

The pictures were processed in the Tribune studio and color plates made by the color engraving department.

Parr Not Around For Swearing In

SAN DIEGO, Tex. (AP)—Duval County's official family has begun the New Year without its longtime political boss, George B. Parr, in the lineup.

Parr, South Texas political power for many years and known as the "Duke of Duval County," was elected sheriff last November but he wasn't around when the county officers took the oath of office yesterday.

In a swearing-in ceremony that started a few minutes after midnight, the county commissioners' court, now controlled by Parr's foes, installed as sheriff J. P. Stockwell whom Parr had defeated in last year's elections.

The county commissioners said that Parr could not qualify for the office since he owed the county money. The state says that Parr owes the county $285,000 on his Dobie Ranch, purchased with county funds. The state also claims he owes $175,000 in county money borrowed to pay his income tax.

The state, which has alleged that the political leader used the county treasury for personal expenses and investments, has brought suits seeking recovery of the funds.

Seven Texas Rangers stood by in the courthouse as the new officials, jubilant over their victories over the Parr organization, gathered for the induction ceremonies.

No member of the Parr organization was present. No one could say where the 50-year-old Parr was although many believed he had gone to Corpus Christi to spend New Year's with his mother.

It was the first time in decades that the Parr organization did not have a major role in the county government.

"I just don't see how Parr can survive this politically," said County Judge Dan Tobin, a leader of the opposition forces, after the installations were over.

Texas Twins Will Get $500 In Gifts

CHICAGO (AP)—Gifts totaling $500 will go to two sets of twin girls born in Texas during the first 12 hours of the New Year, the Toni cosmetics firm announced yesterday. The twins were among 11 sets of twins named as winner of the 9th annual Toni Twin Baby Derby.

The twins were born to Mr. and Mrs. Carlos Salazor of San Benito, Tex., and Mr. and Mrs. Sam Winn of Sherman, Tex.

Plans For Roads Given

WASHINGTON (AP) — John A. Volpe, federal highway administrator, announced yesterday that Texas was one of 18 states that have given him detailed locations for more than half the mileage of the national system of interstate and defensive highways.

The states, and the District of Columbia, have determined the exact location of more than 75 per cent of their portion of the 40,000-mile system of expressways, Volpe said.

After Congress approved the new highway law last June, the Bureau of Public Roads urged all states to settle the detailed location of the system and take steps to acquire rights-of-way with all possible speed.

A report to Congress in January 1958 on cost of completing the 40,000-mile system is required of the government. The fixing of exact route locations is the first step in this direction.

Midland Bank Report

MIDLAND, Tex. (AP)—Combined bank deposits amounting to a record high of $99,178,818.65 were listed yesterday in the year-end reports of Midland banks.

The total figure is up $8,632,551.78 over the date a year ago, and $7,591,747.17 over last Sept. 26.

Just Taking Inventory

DALLAS (AP)—A customer at a drive-in grocery last night was informed by the young man behind the counter that the store was not open for business and that he was "just taking inventory." The inventory the young man took included all the money in the cash register. Inventoried but left locked up in a rear room were the store's two employes.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE STATE OF TEXAS and the Southwest Conference did alright in the bowl games yesterday, winning three of the four played.

This doesn't count, of course, the Prairie View Bowl which involved two Texas teams.

TCU and Baylor added prestige to the Southwest Conference by winning the Cotton and Sugar Bowls respectively. Then West Texas State downed a good Mississippi Southern team in the Tangerine Bowl last night, 20-13.

Texas Western, which was a heavy favorite to down George Washington in the Sun Bowl, spoiled an otherwise perfect day for Texas teams by bowing to the Colonials, 13-0.

Fumbles Numerous In Bowl Tilts

Fumbles, that "dirty word" in football, certainly played a vital part in the bowl games over the weekend.

At least in the three games we watched over TV, the Gator, Cotton and Rose, fumbles played a big part.

First off, Pitt's bobbles led to its defeat in the Gator Bowl last Saturday. Everyone we have talked to who watched the Gator bowl is in agreement that Pitt had a better team than Georgia Tech, at least they were the better team last Saturday.

But you can't fumble at a crucial point against Georgia Tech and get away with it. Pitt found that out.

Then, in yesterday's games, the Cotton and Rose Bowls fumbles again came into the limelight.

It appeared for awhile that TCU might lose because of a fumble at a crucial point. The Frogs, leading 14-7, was trying to run out the clock in the first half when they fumbled on their own 24 and Syracuse recovered.

The Orange quickly turned this break into a touchdown and tied up the game at 14-14.

But the Frogs roared back to win in the second half, pushing their margin to 28-14, before the Orange closed the gap at 28-27 before the final gun.

All told, the Frogs lost the ball three times on fumbles, Syracuse twice.

Oregon State, the first two times it had the ball in the Rose Bowl, was driving downfield at will before having each march stopped by a fumble. And, to make it even worse, Iowa turned both bobbles into touchdowns that sent her into a quick 14-0 lead and the Hawkeyes went from there to a 35-19 victory.

Then, in the Sugar Bowl, Baylor's winning TD came after the Bears recovered a Tennessee fumble deep in Vol territory. And it was an All-American, Johnny Majors, that fumbled for Tennessee.

Majors fumbled while returning a punt on his own 15. The Bears went from there to a touchdown and a 13-7 victory.

Which goes to show you that fumbles can happen to major college teams just as it can to high school teams.

Basketball Now Takes Over

Attention now turns to basketball. The Tigers return to action Friday night against San Angelo here.

The Tigers have caused some concern among the local fans over their dismal showing in the Howard Payne tournament. The Bengals showed a lot of promise by winning the Canyon Reef title here.

But the Black and Golders never got going in the Brownwood tournament. We still have confidence the Tigers will get back in the "swing of things" and go on to a respectable season.

The fans can help a lot by giving them good support. An encouraging word here and there can help immensley.

There'll be plenty of action in the Hermleigh Gymnasium this weekend. No less than 22 games will be unreeled in three days starting tomorrow. Six games will be played tomorrow with eight each slated for Friday and Saturday.

Sixteen very fine clubs are slated for Hermleigh tourney action which should be the best of 'em all in history of the Hermleigh tournaments.

Hermleigh Tourney Starts Tomorrow

The annual Hermleigh Invitational basketball tournament will get underway tomorrow with six games on tap.

Sixteen teams are entered in the 3-day affair, eight teams in the Boys Division and eight in the Girls Division.

Only one defending champion is returning. Ira, the girls champ last year, will defend her title. Snyder B, last year's boys champion, isn't returning this year.

The tournament will open tomorrow afternoon with Hobbs and Divide girls meeting at 3. The boys teams of Hobbs and Divide will follow at 4:15.

Team trophies will be awarded to the champion and runnerup in each division and the consolation winners.

Members of the two all-tournament teams will also receive a trophy.

Admission prices to the tournament will be 15 and 35 cents through Friday and 25 and 50 for finals Saturday.

Following is the first round schedule:

GIRLS DIVISION

Hawkeyes Continue Big 10 Supremacy In Rose Bowl

By HERB WILHOIT

PASADENA, Calif. (AP)—Big Ten mastery over the Pacific Coast Conference in the Rose Bowl remained intact today, with Iowa's triumph over Oregon State, 35-19, before 97,126 New Year's Day fans.

The Hawkeyes outclassed the Beavers by land and by air to make it 10 Big Ten victories to a lone PCC win since the inter-conference series began in 1947.

Southern California's 7-0 win over Wisconsin in 1953 was the only coast conference solace.

Iowa quarterback Ken Ploen was voted the outstanding player in yesterday's game. The husky senior from Clinton, Iowa, produced a brilliant 49-yard touchdown run and passed 16 yards to end Jim Gibbons for another Hawkeye score. Altogether he completed nine of 10 passes for 83 yards and rolled up 59 yards on the ground.

Ploen injured his right knee in the first quarter, after his 49-yard stunner, but he returned in the second half to work more havoc on Oregon State.

This was the first rematch in Rose Bowl history, Iowa having squeaked by Oregon State 14-13 last October.

The outclassed Beavers wound up with 296 yards rushing and passing to Iowa's imposing total of 408 yards.

Oregon State's standout halfback Joe Francis strove mightily to keep the Beavers in the ball game. He completed 10 of 12 passes for 130 yards and one touchdown, and carried the ball 15 times for 73 net yards. But his efforts fell far short.

Ploen's 49-yarder started the scoring and Iowa's workhorse, halfback Collins Hagler, made it 14-0 for the Hawkeyes with a nine-yard scoring run in the first quarter.

Hagler got another in the third period on the game's prettiest play. Ploen handed off to Ken Dobrino who handed to Hagler and the latter went 66 yards to score. Bill Happel contributed a five-yard touchdown run for Iowa and the Ploen-to-Gibbons 16-yarder completed Iowa scoring, plus five conversion points by Bob Prescott.

Oregon State scored in each of the last three quarters, via Tom Berry's three yard run, Nub Beamer's one-yard plunge and Sterling Hammack's score on a 35-yard pass from Francis.

Beamer ran for one conversion. The other two attempts, place Kicks by John Clarke, were blocked.

Beaver coach Tommy Prothro sadly commented: "Iowa was tremendously improved offensively," adding the Hawkeyes were "the best team we played this year."

Coach Forest Evashevski said his Hawkeyes "were more explosive this game than most of the season." He added: "We've been lucky all year and continued to be in this game."

Title Bout Tonight

By MURRAY ROSE

NEW YORK (AP)—Sugar Ray Robinson, the still dazzling but aging middleweight champion, makes the second defense of his third reign tonight as an underdog to Gene Fullmer, strong, willing, 25-year old challenger from West Jordan, Utah.

Overnight backing for the sleek 36-year-old titleholder dropped the odds from 8-5 to 13-10 and it even could be closer by the time they Garden ring for their once-postponed 15-rounder.

The scrap will be broadcast and telecast coast to coast by ABC at 10 p.m., EST.

The New York-Philadelphia area will be blacked out.

Win or lose, Robinson will get 47½ per cent of the gate and $60,000 from the air receipts. Fullmer, desperate to get the crack at Robinson, agreed to take only 12½ of the gate and nothing from the radio-TV purse. Robinson in all will collect about $126,000 and Fullmer $16,000.

"That's okay with me," said Fullmer. "I want that title."

Two sensational workouts over the weeknd brought the late support for the Harlem dandy. Robinson displayed his old-time power, fast combinations and pinpoint accuracy with his right hand. He was quick to take advantage of his sparmates' mistakes.

"That's where Ray is best," commented Joe Louis after watching his buddy wind up his training. "He's quick to take advantage of a mistake and Fullmer makes plenty. Gene is strong and has to stay on top of Ray if he wants to win. But he tends to get wild and you can't do that often against Ray. Once is enough in most cases. I've got to pick Ray because of that."

A majority of the experts, however, lean to the thick-necked, muscular-armed, iron-jawed challenger because of his youth, vigor and drive. He never has been stopped in 40 pro bouts (37-3) and is a dedicated, superbly conditioned fighter with a zest for the sport. The general opinion is that Robinson must take out Fullmer within five rounds to win.

Principals—Sugar Ray Robinson, New York, middleweight champion, vs. Gene Fullmer, West Jordan, Utah.
Title at stake—World's middleweight boxing championship.
Distance—15 rounds.
Scoring—By rounds with a supplementary point system.
Site—Madison Square Garden.
Date—Wednesday, Jan. 2.
Time—10 p.m., EST.
Expected crowd—14,000.
Expected gate—$150,000.
Radio—American Broadcasting Company.
Television—ABC with New York-Philadelphia area blacked out.
Radio-TV receipts—$100,000.
Robinson's share of gate—47½ per cent.
Robinson's share of TV money—$60,000.
Fullmer's share of gate—12½ per cent.
Fullmer's share of TV money—none.
Officials—Two judges and referee to be named at ringside by New York State Athletic Commission.
Gloves—Six-ounce gloves.

Mustang 5 In SWC Opener

By The Associated Press

The mighty Southern Methodist Mustangs, ranked fourth among the nation's collegiate basketball teams, Wednesday night open their conference play against faltering Baylor at Dallas.

The Ponies, who captured the loop's pre-season tournament at Houston, have a 10-1 record so far in preliminary games. Baylor, on the other hand, has won three and dropped eight.

Rice and Texas A&M get together at College Station for a conference tilt Wednesday night.

Three other conference teams—Arkansas, Texas and Texas Christian—open their conference play Saturday night. Arkansas, which took second place in the pre-season tournament, meets A&M at College Station, Rice will be host to Texas Christian, and Texas journeys to Waco for a game with Baylor.

Buffs Eke Out Orange Win

By MERCER BAILEY

MIAMI, Fla. (AP) — "I'd rather have won one like this, than to win 50-0," chortled Coach Dallas Ward after his Colorado Buffaloes snuffed out Clemson's last-gasp threat and wrapped up a 27-21 Orange Bowl football victory.

Ward referred to the seesaw battle that developed in the second half of yesterday's grid classic after Colorado had threatened to turn it into a rout in the first two periods.

And to the losing coach, Frank Howard, must go the credit for giving the 72,552 fans and a national television audience a storybook thriller instead of a Colorado cakewalk.

Howard was thoroughly disgusted with his Tigers when they stumbled off the field at halftime, trailing the Buffs 20-0.

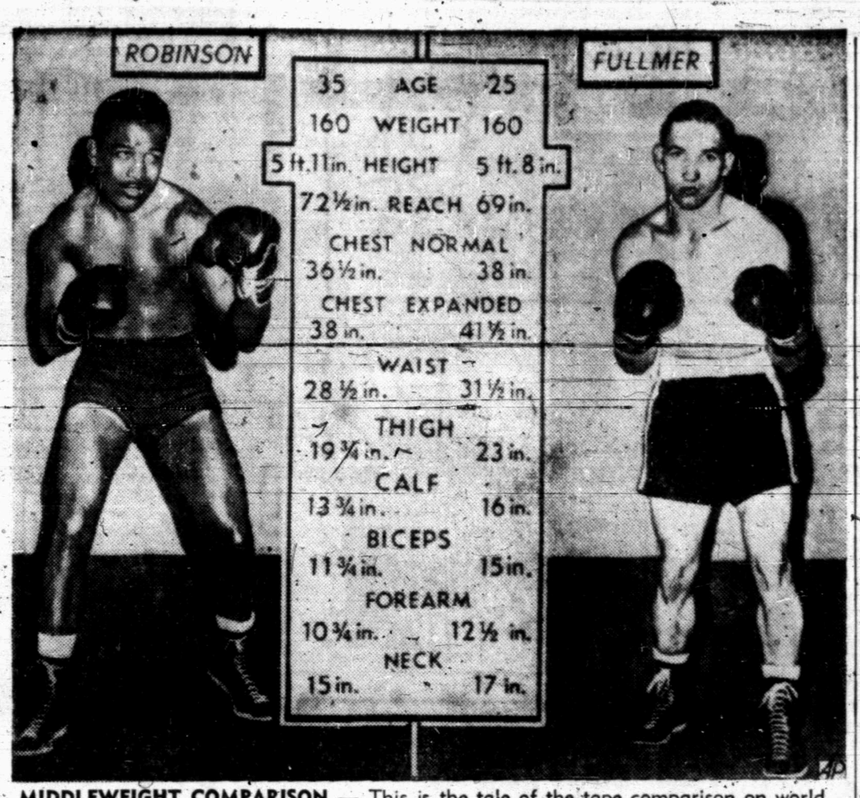

And he told them so, in no uncertain terms.

"I told 'em if they didn't get in there and play, I was gonna resign," Howard allowed around a big cud of chewing tobacco. "I meant it, too. I told 'em I didn't want to be associated with a bunch of boys who played like that.

Prairie View Wins Own Bowl Tilt 27-6

HOUSTON (AP)—Prairie View was king of its own bowl game today. The Panthers beat Texas Southern, 27-6, in the 29th Prairie View Bowl, getting revenge for a loss handed them by the Southern team in the regular season.

Jim Rickett spearheaded the Prairie View triumph yesterday as he passed for two touchdowns and kicked three extra points.

MIDDLEWEIGHT COMPARISON — This is the tale of the tape comparison on world middleweight champion Sugar Ray Robinson of New York and challenger Gene Fullmer of West Jordan, Utah, for their title bout at New York's Madison Square Garden tonight.

Baylor In Surprise Win In Sugar, 13-7

By ED CORRIGAN
The Associated Press

Defeated two times during the regular season and able to finish no better than third in its own conference, Baylor's hopes of winning the Sugar Bowl game against mighty Tennessee were slim, indeed.

The Vols had the great Johnny Majors of All America fame leading their backfield, they had an unblemished record of 10 straight victories during the regular season and they used the single-wing formation, an alignment that many of the Baylor players never even had seen.

But, as they say, the football takes funny bounces.

Baylor won it 13-7, with Majors of all people, making a critical fumble in the last half that led to the winning score.

That was the only real upset of the Big Four. Iowa crashed Oregon State 35-19, in the Rose Bowl in Pasadena, Calif.; Texas Christian edged Syracuse 28-27 in the Cotton Bowl in Dallas; and Colorado turned back Clemson 27-21 in the Orange Bowl in Miami.

In the smaller bowls, Prairie View upended Texas Southern 27-6 in the Prairie View Bowl in Houston; George Washington shut out Texas Western 13-0 in the Sun Bowl in El Paso; and West Texas triumphed over Mississippi Southern 20-13 in the Tangerine Bowl in Orlando, Fla.

Baylor, which finished behind Texas A&M and Texas Christian in the Southwest Conference, bottled up Majors in the first half, but the Vol speed merchant got going in the third quarter and almost single-handedly scored Tennessee's only touchdown. Sammy Burklow added the extra point and that gave the Vols a 7-6 margin. Baylor and scored in the second period.

That set the stage for Majors' critical fumble in the fourth period. He took a kick on his own 7, and started upfield, but fumbled on the 15 and Baylor recovered.

Three plays later, Buddy Humphreys went over for the deciding touchdown.

The game was marred by a fight between Tennessee guard Bruce Burnham and Baylor fullback Larry Hickman. Burnham wound up in the hospital with facial lacerations.

There never was any doubt as to the eventual outcome of the Rose Bowl game. Iowa's Ken Ploen bolted 49 yards for a touchdown in the first five minutes and that set the tenor of the game. A few minutes later, Collins Hagler snaked over from the 9 after a 37-yard run by Don Dobrino. Both touchdowns came as a result of Oregon State fumbles.

Oregon State hit for one touchdown each in the second, third and fourth quarters, but by that time it was too late. It was the 10th Big Ten victory over the Pacific Coast Conference in the last 11 games.

WTS Rallies For Bowl Win

ORLANDO, Fla. (AP)—Ron Mills ran an intercepted pass 75 yards for a touchdown and plunged two yards for another in a second half attack that brought West Texas a 20-13 football victory over Mississippi Southern in the Tangerine Bowl last night.

The Mississippians had dominated the play and the Texans had made only one penetration of Southern Territory until Mills climaxed a 60-yard march in nine plays with his plunge. Shortly after that Bubba Hillman sprinted 19 yards down the middle to cap a 77-yard advance.

Tommy Coffey converted after the last two touchdowns.

Mississippi Southern scored its touchdowns in the second period. J. C. Arban took the ball on a Statue of Liberty play 51 yards to the four. On fourth down, Houg Barfield sneaked over from the one. Dallas Whitfield converted.

A 33-yard pass from Bobby Hughes to Jerry Taylor who raced 20 more yards completed the Mississippians' scoring.

Sports writers voted Mills a junior halfback from White Deer, Tex., the most valuable player of the game, seen by a crowd of 11,000.

BENGALS HOST ANGELO FRIDAY

Ham Lone Tiger Above 100 Mark

Milton Ham became the first Tiger basketeer to better 100 for the 1956-57 season.

Ham has scored 117 points in the eight Tiger games to date for an average of 14.6 per contest. The senior forward has hit 46 times from the field and 25 from the gratis line, both of which are high marks in the Tiger ranks.

Dwayne Prince is just under the century mark at 96. Prince has bucketed 42 field goals and 12 free tosses and is sporting a 12.0 average.

Robert Dabbs has scored 79 points for third place, just under a 10-point per game clip.

Rounding out the top five are Powell Berry with 54 and Ronnie Smith with 48.

The Tigers have son five of the eight games played, scored 477 points to 388 for the opposition. The Black and Golders have averaged 59.6 points per game to 48.5 for the opposition.

The Tigers will return to action Friday night, hosting the San Angelo Bobcats at Tiger Gym. The Bengals won 54-50 overtime thriller from the Bobcats in a clash at San Angelo, Dec. 18.

The Tigers will round out this week's activity Saturday night when they journey to Lubbock for a game against Tom S. Lubbock.

The Tiger B team, meanwhile, will compete in the Merkel Invitational Tournament this weekend.

Following is the individual scoring chart in the Tiger ranks:

Froggies Nip Orange, 28-27

By HAROLD V. RATLIFF

DALLAS (AP) — Chuck Curtis' passing, Jim Brown's running, clutch extra points by Harold Pollard and a blocked try by furious Chico Mendoza added up to one of the finest Cotton Bowl games yesterday as Texas Christian beat Syracuse 28-27.

The Horned Frogs were breaking a bowl drought that extended to five games, gaining vengeance for a one-point loss to Mississippi in the Cotton Bowl last year and vindicating themselves from the tag of "second rate" team.

Curtis, Texas Christian quarterback, passed for 174 yards, completing 12 of 15 throws, had two scoring shots, ran for a touchdown and set up the fourth in leading the Frogs to probably the most-needed triumph in their football history. Curtis was passing into defeat the team that had led the nation in pass-interceptions.

Pollard, the victim last year when TCU lost to Missisippi 14-13, kicked four conversions.

Brown, 222-pound Syracuse All-America halfback, slashed through and around the Texas Christian line for three touchdowns and kicked three extra points — only to see Mendoza's block of one of his conversion efforts prove to be a decisive point.

It wasn't a sellout for the first time in 16 years, with some 68,000 in the stands and 7,000 seats vacant.

Fans had stayed away because TCU was considered "second rate" since it was second in the Southwest Conference with the champion, Texas A&M, prohibited from playing in the game because of an NCAA probation.

Syracuse, victim of the most crushing defeat in bowl history — a 61-6 debacle in the Orange Bowl in 1953, with Alabama as the villain — justified the faith of the Cotton Bowl in bringing it here to face TCU.

Brown gouged 132 yards out of the TCU line, often carrying four or five of the Frogs on his back as he dug for more. He also took three kickoffs back 96 yards. He was voted outstanding back of the game. Curtis was runner-up.

Syracuse will receive about $140,000 while TCU gets the same. It will retain $60,000 and share with the Southwest Conference members in the remainder.

Brown put on the greatest exhibition of carrying a football through sheer power that the big saucer ever saw. Almost single-handed, the massive Negro accounted for 21 of Syracuse's 27 points.

Personal triumphs were a dime a dozen in this game of many angles. That of Curtis was outstanding. The tall TCU quarterback was playing in his "first" Cotton Bowl game; he was knocked out on the opening kickoff last year. He had said he was going to make this game a memorable one—and he did.

Curtis' scoring throws were to end John Nikkel and halfback Jimmy Shofner, he ran six yards for a touchdown and his 30-yard pass set up a touchdown for Swink.

Chuck Zimmerman passed 28 yards to Jim Ridlon for the touchdown. Brown didn't score for Syracuse.

While the game was a strong offensive show, there were some defensive jewels, too. One was Norman Hamilton, squatty TCU tackle, who earned the outstanding lineman tag for his efforts.

Colonials Upset TWC

EL PASO, Tex. (AP) — George Washington's Colonials effectively hemmed in speedy Texas Western College backs to take a 13-0 upset victory in the 22nd annual Sun Bowl football game yesterday.

The unexpected GW victory, which came behind the pounding groundwork of fullback Claude (Bo) Austin, was over a Texas Western College team that had been rated a 14-point favorite.

As Miner Coach Mike Brumbelow said after the game:

"We were outplayed, outhustled and outrun. We were lucky not to get beat worse."

Only infrequently did TWC backs show the bursts of speed that gave them the Border Conference title during the regular season. George Washington, on the other hand, played an alert type of football that gave the Colonials one advantage after another.

KANSAS HOLDS 1ST

SMU Climbs To 4th In Poll

By THE ASSOCIATED PRESS

In a week when basketball tournaments were sprouting everywhere, Kansas, North Carolina and Kentucky maintained their 1-2-3 rankings in the weekly Associated Press poll.

Kansas, proving it could win even when Wilt Chamberlain was contained, took the Big Seven tournament; North Carolina, with Lonnie Rosenbluth leading the way, won the Dixie Classic; and Kentucky went on from a victory in its own invitation tournament to win the Sugar Bowl tourney.

In a tournament-inspired shuffling of other rating, four of last week's leading teams dropped from the top 10 and some other well-regarded teams fell clear out of sight.

In a rather light ballot, 38 of 77 sports writers and broadcasters cast their first-place votes for Kanas and 25 put North Carolina on top. On the usual point basis of 10 for each first-place vote, 9 for second, etc., the Kansas Jayhawks received 686 points to 656 for Frank McGuire's Carolina Tar Heels. Kentucky drew only five votes for first but a comfortable third-place total of 482 points.

Southern Methodist, winner of the Southwest Conference tournament, moved up from sixth place to the fourth spot vacated by West Virginia, and Illinois and Louisville trailed along in this advance as the St. Louis Billikens also dropped out of the top 10. West Virginia took a couple of lickings in the Dixie Classic and St. Louis dropped three straight games last week, two of them in the Blue Grass Festival.

Duke and Oklahoma A&M also lost their top 10 ratings as a result of tournament performances. The Aggies merely slipped from 10th to 11th a Seattle surged up with a surprising victory in the All College Tournament at Oklahoma City. But Duke, soundly shellacked in the Dixie Classic, dropped out of sight.

The four newcomers to the top bracket were Iowa State, UCLA, Vanderbilt and Seattle, ranked from seventh to tenth.

The top 10 with first-place votes in parentheses:

1.	Kansas (38)	686
2.	North Carolina (25)	656
3	Kentucky (5)	482
4.	SMU (1)	407
5.	Illinois	284
6.	Louisville (1)	268
7.	Iowa State (1)	203
8.	UCLA	174
9.	Vanderbilt	133
10.	Seattle	125

The second 10, in order: Oklahoma A&M, Tennessee, Manhattan, Western Kentucky, Canisius, St. Louis, Oklahoma City, Wake Forest, West Vriginia and Memphis State.

Scattered Showers Expected In State

By The Associated Press

The balmy weather that ushered in the New Year is due to bring some scattered showers in the state by Thursday.

The U.S. Weather Bureau has predicted increasing cloudiness and showers as result of Gulf air movements into the state. Slightly higher temperatures are also forecast.

No point in the state reported freezing weather early Wednesday morning. Amarillo had 34 degrees and Dalhart 35. The pre-dawn readings ranged upward to 56 at Corpus Christi.

Temperatures Tuesday afternoon ranged from 51 degrees at Amarillo and Lubbock to 81 at Brownsville.
