What happens to livestock used in rodeos when age pushes them to the sidelines?

If they gain fame, they are likely to reap a rewarding retirement, followed by burial at the National Cowboy Hall of Fame and Western Heritage Center.

And the livestock may gain plenty of fame, especially among the rodeo contestants, if they are of the real salty variety.

Word has just been circulated that a noted crossbred bucking bull that terrorized rodeo performers for a decade, has died at the age of 16 and has been buried at the Hall of Fame in Oklahoma City.

Named Tornado, this bull was owned by Jim Shoulders, himself famous around rodeo arenas, and it is said that when cowboys found their names beside Tornado's on the draw sheets at rodeos, they sweated. And with good reason, because Tornado was ridden successfully only three times in his 10-year career on the rodeo circuit.

Following his retirement in 1969, Tornado spent his declining years on the Shoulders ranch, and it is reported that hundreds of rodeo fans stopped off to visit him there each year.

Some of the television commentators could not agree Tuesday evening whether George Wallace's tragic experience at Laurel, Md., on Monday had resulted in a substantial "sympathy" vote in the Maryland and Michigan primary elections. However, all agreed that the results of the two primary elections this week virtually assure the Alabama Governor a substantial voice at the Democratic Party National Convention. And most agreed that George Wallace is getting more attention this year than he did four years ago because he is saying some things that a lot of people in the nation want to hear.

His followers, after the shock of the Monday shooting, which left Wallace partially paralyzed at the moment, had abated, are reminding that the man who served this nation longest in the White House did so from a wheel chair.

A long-time employe of one of the federal agencies ran across an old memo recently concerning a travel voucher he had submitted in 1948. The accounting and budget department of his agency returned a complaint: "Your claim for purchase of a pencil on January 9 must be supported with a statement showing the necessity for such a purchase in the field—see par. 79 of the Government travel regulations."

In a two-page response, the employe concluded by seeking further advice, asking if he should "return the pencil to the drug store and claim a refund on the unused portion? Continue to use the pencil and absorb the cost myself? Or, list the 5-cent item on my income tax return as a bad debt?"

—WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, May 18, the 139th day of 1972. There are 227 days left in the year.

Today's highlight in history:

On this date in 1804, Napoleon Bonaparte was proclaimed emperor of France.

On this date:

In 1860, a Republican convention in Chicago nominated Abraham Lincoln for president.

In 1863, the Civil War siege of Vicksburg, Miss. began.

In 1899, an international peace conference was convened at The Hague in the Netherlands.

In 1933, the Tennessee Valley Authority was created.

In 1941, in World War II, Italian forces in Ethiopia surrendered.

In 1951, the United Nations moved from Lake Success, N.Y. to new headquarters in Manhattan.

Ten years ago: The Secret Army Organization in France sent death threats to the nine military judges who were trying former Raoul Salan for his underground activities.

Five years ago: The United Nations agreed to an Egyptian demand to withdraw U.N. forces from the Gaza Strip.

One year ago: Canadian Premier Pierre Trudeau was meeting with top Soviet officials in Moscow.

Profits Rise Despite Curb

WASHINGTON (AP) — Profits of corporations rose $5.6 billion in the first three months of the year, the biggest increase in a year, the Commerce Department said today.

The department said the increase brought before-tax profits of companies to a record $91.6 billion at a seasonally adjusted annual rate.

The increase came despite curbs on profit margins established by the Nixon administration when the Phase 2 economic controls went into effect last November.

The rise was far short of the $11 billion increase in profits recorded in the first quarter of 1971, but the record may be better since profits at that time rebounded from the General Motors strike.

Discounting last year's artificial rise in profits, the increase was the largest quarterly step-up in profits since the first quarter of 1969.

The bulk of the profit rise was in manufacturing and was concentrated in businesses which make durable goods. Higher earnings were particularly evident in the automobile, machinery and metals industries.

The department also released a revised first-quarter report on Gross National Product, output of the nation's goods and services, and it showed that the economy fared slightly better than had first been reported a month ago.

GNP market value of the nation's goods and services rose 12 per cent at an annual rate instead of the originally announced 11.8 per cent.

Inflation advanced at an annual rate of 6 per cent, down from the earlier figure of 6.2 per cent, and the economy actually grew at a rate of 5.6 per cent when inflation is discounted.

The new report showed consumers began to open their pocketbooks at a greater rate in the first three months of the year, as the personal savings rate declined to 7 per cent of disposable personal income. This figure was 7.8 per cent in the last three months of 1971.

Egypt Halves Mission Staffs

By C. C. MINICLIER
Associated Press Writer

CAIRO (AP) — Egypt has ordered the U.S. mission in Cairo and the Egyptian staff in Washington cut in half as a new expression of anger at American support for Israel. Each mission presently has 20 members.

The semi-official newspaper Al Ahram said President Anwar Sadat ordered the cuts to protest the U.S. policy of "consolidating the continued Israeli aggression through the occupation of Arab territories."

American diplomats in Cairo confirmed the cuts had been ordered.

The State Department said it was not informed of the reasons for the Egyptian action, but "we will, of course, comply."

Before Egypt broke relations with the United States during the 1967 Arab-Israeli war, 300 Americans worked at the U.S. Embassy in Cairo and agencies affiliated with it. After the break, a skeleton mission of four diplomats and six administrators moved into the Spanish Embassy.

The mission was expanded to 20 persons after Secretary of State William P. Rogers visited Cairo a year ago and the Egyptians got the idea the Nixon administration might pressure Israel into giving up the Sinai Desert in exchange for reopening of the Suez Canal. Now the mission goes back to four diplomats and six administrators.

There was speculation in Cairo that Egypt's latest move was intended to pressure President Nixon into being more favorable toward the Arabs in his discussions about the Middle East in Moscow next week.

Sadat said after his own visit to Moscow last month that he had assurances Moscow would make no deal with Washington without consulting Egypt first.

Since October, Sadat has denounced the United States for failing to persuade Israel either to comply with the U.N. Resolution calling on it to withdraw from lands occupied in 1967, to respond favorably to U.N. envoy Gunnar Jarring's request for information on how it proposes to implement the U.N. resolution, or to respond favorably to Sadat's offer in February 1971 to reopen the Suez Canal in exchange for Israeli withdrawal from part of the Sinai Desert.

Sadat has grown increasingly hostile toward the United States since President Nixon's decision in January to sell Israel more Phantom jets.

Service For Mrs. White

Bertha T. White, 85, a resident of Scurry County the past 70 years, died yesterday at her home on the Lamesa Highway. She was born Feb. 24, 1887 in Comanche. She was a member of the Nazarene Church.

Services are set for 10 a.m. Friday at Bell-Seale Chapel with the Rev. Oscar Cogdill, pastor of the Nazarene Church officiating. Sam Kitching, minister of East Side Church of Christ, will assist. Burial will be in Snyder Cemetery, under the direction of Bell-Seale Funeral Home.

She married Marvin White, April 14, 1907, in Dunn. He preceded her in death in 1954.

Survivers included two daughters, Mrs. Rita Dowdy of Snyder and Mrs. Elizabeth Connell of Santa Fe, N.M.; a son, Edward P. White, of El Paso; four sisters, Mrs. Vera Inmon of Lubbock, Mrs. Florena Dodson of Albuquerque, Mrs. Daphney Cope of Ft. Worth, Mrs. Pearl Elliott of Pamona, Calif.; two half sisters, Mrs. Jessie House of Austin and Mrs. Ronell Simpson of Amarillo; four grandchildren and three great-grandchildren.

Panel Changes Rent Guidelines

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — The Price Commission today announced a change in guidelines that could bring rent reductions for many tenants who recently signed one-year lease renewals increasing their rent more than 8 per cent.

Any tenant who had been on a lease of longer than one year, and who was allowed to renew for only a single year, will be given a chance to renegotiate the terms of that lease if the increase topped 8 per cent.

In such cases landlords must, starting for the month of July, give the tenant either of two options:

—A one-year lease increasing rent 8 per cent. No refunds will be required for past rent charged over 8 per cent, but from July on it must be trimmed back to that level.

—A longer lease, covering the same period as the old lease, at whatever rent increase the landlord was able to justify under the Price Commission's rent regulations.

The two options, one year at 8 per cent or a longer lease at more than 8 per cent, must also be given for tenants on longer-than-one-year leases expiring in the future.

Price Commission regulations allow landlords to get big rent increases in cases where rents have been held steady by long-term leases while prices increased.

Landlords will be required to notify affected tenants of their rights.

Yarborough Asks Dallas To Recheck

AUSTIN, Tex. (AP) — Ralph Yarborough, candidate for Democratic nomination for the U.S. Senaten looked to Dallas County today for a recheck that might make Yarborough the party nominee without a runoff.

A spokesman for Yarborough said Dallas County Democratic chairman Earl Luna had been asked again for a recheck of Dallas county figures but had not yet received a definite answer.

"We have had reports that a clerical error may have been made in which one precinct's figures were duplicated in the race," the spokesman said. "We think the error would be substantially in our favor. We hope it would be enough to put us over (without a runoff)."

The State Democratic Executive Committee certified May 6 reports from county chairman that showed Yarborough and Sanders in a runoff by a slim 536-vote margin.

S-Viets Make Big Advance

SAIGON (AP) — A South Vietnamese relief column advanced to within 2½ miles of the besieged provincial capital of An Loc today, making its biggest advance in six weeks, field reports said.

The carrier Saratoga joined the battle to lift the six-week siege of the devastated town 60 miles north of Saigon. It was the carrier's first combat since she was commissioned in 1956.

Moving behind hundreds of bombs dropped by jets from the Saratoga and from U.S. B52 bombers, the South Vietnamese met no determined resistance from North Vietnamese forces, the field reports said.

The U.S. Command confirmed an earlier report from South Vietnamese headquarters that 300 North Vietnamese troops were killed by a B52 strike two days ago southwest of An Loc.

Despite no major opposition as the government infantrymen leapfrogged by helicopter from point to point, South Vietnamese field commanders indicated they expected tough fighting ahead as they try to clear North Vietnamese troops from Highway 13.

The South Vietnamese field commanders were reported cautious because of heavy casualties already sustained in the bloody six-week drive to open Highway 13 and lift the siege of An Loc. The equivalent of three South Vietnamese divisions are committed to the drive.

Associated Press correspondent Lynn C. Newland said the strongest opposition is coming from the west side of Highway 13 where North Vietnamese forces are well entrenched to withstand air strikes.

Difficulties Seen In Negotiations

HOUSTON (AP) — The board chairman of the world's largest oil company said today negotiations over new demands by Middle East oil producing countries may be difficult but that there is no need for undue pessimism as to the outcome.

J.K. Jamieson, chief executive officer of Standard Oil Co. (New Jersey), said settlement of the problem, however, will have considerable impact on Jersey's future operations abroad.

Jamison told the company's annual shareholders meeting producing countries bordering on the Persian Gulf now want a shareholding interest in the older, established producing operations that account for most of the oil produced in the Middle East.

"Though we have accepted the principle, we are under no illusions that it will be easy to negotiate the terms under which the governments will buy into these operations," he said.

Jamieson said the oil companies expect equitable compensation for the physical facilities and the partial loss of contractural rights to produce and export but that the governments have proposed to pay on the basis of book value of assets only.

After outlining problems involved, Jamieson added: "In other words, our point of view is that the terms under which they acquire their interest must be fair, acceptable without threat, and consistent with sound commercial principles."

"In my view, there has been a tendency to be unduly pessimistic about the future of the privately owned oil industry in these oil producing areas," he continued.

"If we are able to get a workable agreement on participation, we will then have the government owned companies as our partners in these producing operations. These government companies will be as interested as we are in the most efficient use of the petroleum resources.

Infant Gets Pacemaker

OAKLAND, Calif. (AP) — A miniaturized heart pacemaker has been implanted in a 2-month-old baby here, believed to be the youngest recipient of the device.

The operation, doctors said Wednesday, has enabled the once-failing heart of Nicole Kruljac to beat strongly. Nicole, a twin, was born with a complete heart block, said Dr. Stanley Higashino, chief of cardiology at Children's Hospital Medical Center.

Nicole, of Sonoma, was near death April 30 due to an abnormally slow heart beat. Doctors installed a temporary pacehaker in her heart and the permanent model was implanted in an operation May 4.

Single gal needs help fending off critics

By Abigail Van Buren

[© 1972 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: Is it a crime to be single? I am a woman in my 40s and I've never been married. Please tell me what to say to people who ask, "How come you're not married?"

I work in an office with a group of girls who are from 20 to 30 years old. Most are married and have been for a long time.

I have two sisters who are married, and two brothers, also married. This makes me look like an outcast. My nieces, who are 18 and up, talk about nothing except finding a guy and getting married.

I dread to go to work in the morning, and I even turn down invitations because I am always the odd one.

Dear Abby, please tell me what to say to these heartless people. DAILY READER

DEAR READER: You need not apologize for your unmarried status. [Some are single by choice, and have better lives than their married friends.] Your problem is feeling self-conscious about it. Forget it.

Some legitimate reasons why a woman your age is single:

- **A preference for variety.**
- **A satisfying arrangement with one who cannot marry her.**
- **Prefers to look after herself and nobody else.**
- **Hasn't met anyone for whom she'd trade her independence.**

And if anyone has the nerve to ask you why you're not married, look right thru him as tho he were speaking a foreign language.

DEAR MISS VAN BUREN: I was intrigued by the letter from the woman concerned about privacy in the matter of marital status. I believe her purposes would be better served by using initials rather than the abbreviation "Ms." In the matter of correspondence, this ploy has the further advantage of giving no clues as to the sex of the writer.

In this connection, it is interesting to note that in the Soviet Union [frequently cited as a model for sexual equality by extremists in the feminine liberation movement] the Russian last name indicates the sex of an individual, thus negating this particular advantage of using initials.

I find these absurd efforts to obliterate differences on the assumption that this will produce the miracle of equality one of the more entertaining phenomena of the present age.

Sincerely, T. P. RONDOMANSKI

DEAR T. P.: Very interesting. To further illustrate your point, a Russian man would be "Romanov," and a woman, "Romanova."

DEAR ABBY: Once again, a letter in your column from a man complaining because his wife doesn't give him enough "affection." ["I just can't get her into the bedroom," he says.]

When a man says "affection," he means sex. Sex is great, but what most women really want is affection. The reassuring words, the warm embraces, the loving looks.

In my case, I can't show my husband the least bit of "affection" without his wanting to head for the bedroom, the clothes closet or any place that's handy.

He isn't the "affectionate" type. And he doesn't want to waste time with preliminaries.

Women are advised to fake orgasms in order to please their husbands. Will you please advise men to fake a little affection in order to please their wives? It could save their marriage. JINNY

Funds Urged To Fight Screwworms

AUSTIN, Tex. (AP) — Texas congressmen are being urged by state Rep. Dan Kubiak of Rockdale to obtain more money to combat a Texas outbreak of screwworms.

He said Wednesday he has made the request for federal assistance in writing.

Kubiak is a member of the Texas House Agriculture Committee, and he said he and other lawmakers also will try to obtain more state funds for the same purpose at the next special session of the legislature.

He said investigations of screwworms cost "animal producers millions of dollars each year."

Meanwhile, in Dallas officials of the Texas Sheep and Goat Raisers' Association called on all Texas livestock producers to check their sheep, goats and cattle more closely to help stop what the organization called "this most serious outbreak."

The group noted that screwworms today pose a greater threat to the U.S. livestock industry than at any time since the eradication program began in 1962.

Sutton Allison of Fort Stockton, the association's president, said temperatures and moisture conditions all over the Southwest are currently ideal for the rapid increase of screwworm populations that are moving in from Mexico.

"The situation is critical," said Allison, noting that more than 1,045 cases of screwworms have been reported for the year through April as compared with only 639 cases for the same period of time during the highest count of any other year since the program started.

"Livestock producers in areas that haven't had screwworm cases in years must now take every precaution to protect their animals," Allison said.

Two Vehicles Are In Mishap

City Police reported a two car mishap occurring this morning at 7:33 a.m. in the 2500 block of Ave. S. A 1971 Chevrolet Capri driven by Juan Montez of 805 Twenty-eighth Street backed from a parking area and was in collision with a 1965 Ford Falcon traveling south and drive by Mrs. Hayes Loyce Strickland, 207 Thirtieth.

Patrollers Warning Vessels

ABOARD USS NEWPORT NEWS (AP) — American Navy ships patrolling the Tonkin Gulf have not been ordered to intercept shipping to North Vietnam, only to warn it of mines in the harbors, officers on patrol in the gulf said today.

"We would just make sure they are clearly warned that they proceed at their own risk," one officer said.

He added that he did not know of any ship that had tried to run one of the minefields laid by U.S. planes on May 9.

Earlier, aboard the cruiser Providence, Rear Adm. W. Haley Rogers told newsmen: "We do not have a blockade, period. By placing the mines, we have taken certain actions and left other actions to individuals."

Rogers heads the flotilla of U. S. and destroyers off Vietnam.

He would not discuss specific orders but indicated clearly the fleet did not intend to challenge shipping into Haiphong. Later Newport News were more specific, saying that until further orders, the mines alone were all that prevented ships from entering North Vietnamese ports.

There had been some confusion over the Navy's plans to disrupt supply traffic into North Vietnam.

Wallace Likely Won't Ever Walk

SILVER SPRING, Md. (AP) — Gov. George Wallace has begun receiving physical therapy, his doctors said today. They were pessimistic about his being able to resume campaigning before the Democratic national convention in July.

The Alabama governor was said to be in good spirits, although he experienced a temperature rise described as "mild to moderate" and a slight increase in pulse rate. These were considered normal after an operation.

Meanwhile, federal authorities at Baltimore said they found presidential campaign literature for Sen. George McGovern and books about Robert F. Kennedy's assassination in the car of the man charged with shooting Wallace. It started investigators looking into the possibility that the man may have been following McGovern also.

Sen. Strom Thurmond, RI S.C., visited the hospital Thursday and gave Wallace's wife two Senate ash trays for the governor.

Thurmond did not see Wallace.

Doctors say one of the .38-caliber slugs that ripped into Wallace's body may leave him a cripple.

The morning medical bulletin said there is no indication of infection or abcess in the abdominal cavity.

The bulletin added that "his paralysis of the legs is unchanged."

It said Wallace is now receiving physical therapy. Further details were not given.

The bulletin also said no decision has been made for transferring Wallace to another hospital for surgery to remove the bullet lodged in his spine.

Wallace, shot five times at close range Monday, was alert and vigorous Wednesday when visited by his family and a few friends, but doctors attending the 52-year-old governor were becoming increasingly pessimistic about his chances of walking again.

Dr. James Galbraith, a University of Alabama neurosurgeon called to Holy Cross Hospital to attend Wallace, said his chances of ever walking again are less than even.

And if he can, Galbraith said, it will probably be only with the aid of braces.

Galbraith said one of the bullets which cut Wallace down in a nearby Laurel, Md., shopping center is wedged between two vertebrae, jutting into the bony canal that shields the spinal cord.

The bullet didn't shatter any part of the spine, but the shock of its impact caused the present paralysis, Galbraith said.

Pecans Hit Early By Casebearer

The most destructive pest of pecans, the pecan nut casebearer, is making his appearance a little earlier this year as compared to 1971 reports Billy Roach, County Agent. Spraying for control of the casebearer for this area should be done between May 19-23 for the first application.

"Due to the wet cool weather we have had, it appears that second application will be needed approximately 5-7 days later, because the egg laying has been spread out over a longer period this year," Roach said.

Insecticides recommended for control of pecan nut casebearers include: Rates are for 100 gallons of water: Guthion (1½ lbs. of 25 percent WP), Sevin (2 lbs. 80 percent WP), Toxaphene (5 lbs. 40 percent WP). For small mixtures the rates for 3 gallons of water are: Guthion-1½ tablespoons, Sevin-2 tablespoons, Thiodan-1 tablespoon, Malathion-3 tablespoons, Toxaphene-5 tablespoons. Be sure to read and follow the directions printed on the container.

In addition zinc sulfate (3 tablespoonsful per 3 gallons of water or 3 lbs. in 100 gallons of water) will give you added growth and eliminate the problem of rosette, a nutritional disease of pecans.

Briscoe Out Spends Sissy

AUSTIN (AP) — Dolph Briscoe spent $801,027 more than Frances Farenthold in the May 6 Democratic gubernatorial primary, official campaign expense reports showed Wednesday.

Briscoe and Mrs. Farenthold face each other in a runoff June 3.

In the first primary, Briscoe spent $1,126,692, and Mrs. Farenthold spent $325,665.

Briscoe's report to the secretary of the state's office showed only $785,344 in gifts, so he apparently spent $341,343 of his own money.

Mrs. Farenthold received $337,792 in gifts, which would indicate that she received $12,127 more than she spent.

Ben Barnes received $933,691 in gifts and spent $933,815. Without explanation, he reported debts of $139,000.

Preston Smith received $506,908 in gifts, an "undetermined" amount in loans, and spent $557,275. He reported debts of $9,592.

In the Democratic race for lieutenant governor, Bill Hobby spent $765,037 to $254,570 for his runoff opponent, Wayne Connally.

Hobby reported gifts of $108,515, so he apparently spent $657,522 of his own money.

Connally received gifts totaling $289,945.

Among other lieutenant governor candidates, Joe Christie spent $297,898 and Ralph Hall spent $199,231. Christie reported gifts of $141,221, loans of $73,324 and that he owes $325.

In the Republican gubernatorial primary, Henry Grover spent $268,490 to $274,662 for his runoff opponent, Albert Fay.

Grover said he received gifts of $184,611, loans of $67,568 and owes $51,005. Fay reported gifts of $55,804, loans of $217,711 and debts of $224,814.

Dave Reagan and Tom McElroy, losers in the Republican race, said they spent $39,736 and $175,981, respectively.

Reagan reported gifts of $30,949, loans of $45,183 and debts of $4,921. McElroy received $31,465 in gifts, $169,048 in loans and owes $37,149.

In the Democratic race for attorney general, John Hill beat incumbent Crawford Martin although he spent only $184,873 to Martin,'s $248,302.

Hill reported gifts of $144,873 and debts of $40,000. He said he borrowed "things of value" worth $3,000.

Martin's gifts totaled $186,977. He borrowed $41,000 and has debts of $18,329.

Russel K. Moore Receives Degree

COLLEGE STATION—Russel K. Moore of Clifton, son of the Rev. and Mrs. Cecil Moore, received a degree in educational curriculum at recent commencement exercises at Texas A&M University.

Mr. and Mrs. A.J. Barron, 2901 Avenue N, Snyder, and Mrs. H.G. Moore, Route 1, Snyder, are his grandparents.

Sunday, Jan. 14, 1973 at Memorial Coliseum in Los Angeles is the date for football's next Super Bowl game.

Snyderites Get Degrees At ASU

SAN ANGELO—Eight Snyder students received degrees from Angelo State University in San Angelo during the sixth annual spring commencement.

They include James William Hazle and Joe Lynn McDonald receiving the Bachelor of Business Administration degree. Those receiving the Bachelor of Science degree include Keith Laray Noble, Glenn Patterson, Thelma Powell, Wanda Verlene Murphy Taylor and Shirley Gayle Wittie. Janeen Clements Haun received the Bachelor of Arts degree.

Segal In New Film

NEW YORK (AP) — George Segal has been signed to star in "Love in Blume," a romantic contemporary picture which will be filmed later this year in Los Angeles and Venice, Italy. [illegible] will produce and direct.

CRMWD Plans To Stabilize Rates

BIG SPRING— Directors of the Colorado River Municipal Water District adopted a plan Tuesday to help hold the line on water rates to cities for the next two years.

With about $84,000 in hand this year and $62,000 due for each of the next two years from a settlement of claims in an anti-trust suit, directors elected to apply only about 25 per cent, which is mandatory, toward retirement of bonds. This will permit application of the rest as general revenue, which could help in modifying requirements from the cities.

The finance committee of the district was invested with authority to advise the general manager in the continuing investment of balances in the various trust fund accounts.

A water sales contract with Pearson-Seibert Company for a pilot water flood project for Coke County was approved on a short term basis. This calls for 21,000 gallons a day for an estimated six months.

The board extended until Jan. 1, 1973, the reduced contract quantity for American Magnesium's plant in Scurry County. The facility is undergoing extensive renovation.

Also approved was a contract with Blue Cross for hospitalization for employes.

O.H. Ivie, general manager, reported 10,900 acre feet of increase in Lake Thomas and Lake Spence within the past fortnight. Paschal Odom, assistant manger, reported that the system was in good shape for summer demands, and that Ward County water would be delivered in part to Odessa starting June 1. This fits into the District's off-peak power rates. Atmospherics, Inc., has made 10 seeding flights so far, he said.

New York City Sets The Scene

NEW YORK (AP) — Twenty-four New York City locations are being used in the filming of "Shamus," a story of a hard-hitting private eye. Shooting began at a pool parlor in Brooklyn's Red Hook section.

HOSPITAL NOTES

Sorority Has Mother's Day Luncheon

Members of Lambda Kappa Chapter of Beta Sigma Phi hosted a Mothers' Day Luncheon Saturday, May 13, at the Martha Ann Woman's Club. Mothers and friends of members were the honored guests.

Those attending the luncheon and their guests were Brenda Jackson and Mrs. Lea Butler of Colorado City; Carolyn Martin and Mrs. Eura Beckham of Snyder, Joyce Ann Pace and Mrs. Velma Donelson of Snyder; Wanda Early and Mrs. Margie Upshaw of Roby; Sandra Campbell and Mrs. Treva Weaver of Snyder; Carolyn Limmer and Mrs. Frank Pohl of Matador; Lillie Raschke of Westbrook; Trina Taylor with Mrs. F.G. Sears of Snyder and Mrs. F.T. Green of Hugoton, Kansas. Other members attending were Mona Bryan, Billie Smith, Mary Hopkins and Barbara Jo Starnes.

Following the luncheon a surprise pink and blue shower was given for Mrs. Billie Smith. Refreshments of cake and punch were served from a table decorated in the pink and blue theme.

Lambda Kappa Chapter completed the 1971-72 year with a salad supper Tuesday evening in the home of Mary Hopkins, 2900 34th St.

The supper was served buffet style from the patio in the back yard. The yard was decorated with checked table clothes covering small tables. Following the supper, the business meeting was conducted by President Mary Forehand. Highlight of the evening was the revealing of secret sisters with the exchange of gifts.

PRESENTS SCHOLARSHIP—Wanda Eicke, (center), treasurer of the Iota Psi chapter of Epsilon Sigma Alpha is pictured presenting a $200 scholarship to Wilma Crawford, (right) Director of Financial Aid at Western Texas College. Ida Stokes, new president of the sorority, is pictured at left. The sorority presented the scholarship to WTC Wednesday to give to the student of its choice.

Star Of Movie

HOLLYWOOD, Calif. (AP) — Walter Matthau will star in "Pete + Tillie Equal Stevie," set to begin production in mid-June at Universal Studios here.

FINAL PROGRAM—Cosmorama Study Club completed the year Wednesday with a program given by Mrs. Charles Shaw (center). Mrs. Shaw gave a talk on gliders accompanied with a special film show. Seated (from left) are Mmes. Henry F. Clark, Charles Shaw and Sonny Harrell.

WOMEN

Art Guild Closes Year With Family Picnic

Art Guild Study Club members entertained husbands and other special guests with an inside picnic dinner Tuesday evening at the Union Community Center. Hostesses for the occasion were Mrs. R.H. Melton, Mrs. Silas Devenport, Mrs. Bill Teaff, Mrs. Horace Williamson, and Mrs. Virdie Eades.

An old fashioned sing-a-long provided the evening's entertainment. Mrs. Maurice Pilcher arranged the program of old familiar songs, and accompanied the group at the piano. Silas Devenport and Maurice Pilcher led the group singing.

Special guests included Mrs. Mary Lou D'Esposito of Arlington, Texas, nee Mary Lou Devenport; Mrs. Vada White, sister of Mrs. Golda Thorpe; Mrs. Maude Holcomb, guest of Mrs. Hattie Gatlin; Miss Ethel Mae Sturdivant of Sweetwater, a former member of the club; Mr. and Mrs. Arthur Duff, guests of Mrs. John DeShazo, and Mrs. Thelma Sims, guest of Mrs. Dell Smith. Mrs. Nancy Caton, an associate member and a charter member of the club when it was organized and federated in 1930, was guest of honor.

Husbands of club members present were Virdie Eades, Maurice Pilcher, Silas Devenport, Hugh C. Lowry, R.V. Williamson, Horace Williamson, L.H. Hardy, Bill Teaff, Daniel R. Martin, and Robert "Bob" Melton.

During a called business meeting, final plans for an inside rummage sale were made. The sale will be held on this coming Saturday at 2611 Avenue X. Doors for the sale will open at 9 o'clock Saturday morning and will close at 4 o'clock Saturday afternoon. Proceeds from the sale will go toward a scholarship pledge to Western Texas College.

The Art Guild closes its club year with this special affair each spring, and recesses for the summer months of June, July, and August. The first meeting of the 1972-73 club year will be the first Tuesday in September.

Altrurian Club HasGood Year

Altrurian Club closed its year under the leadership of Mrs. Dewey Odom with a noon luncheon May 12 at Martha Ann Women's Club. The luncheon was given by Mrs. Edith McKanna, incoming president.

The Clubhouse was decorated for the Annual Membership Tea to be held later that afternoon. Mrs. McKanna's plans for the buffet table and individual serving tables added to the decor.

Twenty-one members and three guests were present. The guests were Mrs. Myrtle McKanna, Miss Enid Irving and Mrs. Mildred Reid of Bakersville, Calif.

Mrs. Dave Harlin, director of the luncheon program, presented four junior students from Elaine Lambert School of Dancing who performed original numbers on the Club patio. The performers were Misses Kim Harlin, Kayla Weems, Melanie Jarrell and Carol Thompson.

Following the luncheon, officers were installed in a candlelighting ceremony conducted by Mrs. Travis Rhoades. New officers are: Mrs. McKanna, president; Miss Evelyn Boone, vice-president; Mrs. Rhoades, secretary, Mrs. Frank Whistler, corresponding secretary and Mrs. Alvie Dolen, treasurer.

At the conclusion of the meeting, Mrs. Rhoades, club representative to the recent Texas Federation Convention in Dallas, reported on rewards received by the club. The Texas Heritage Department gave two awards: a first place to the program on "Beauty Spots of Texas" and a second place for a program on "Courthouses of Texas."

The club also received an award on their project on Environmental Responsibility and another recognition for Overall Conservation. Recognition for the Altrurian Club's many achievements came in the form of a one-hundred percent subscription to the Texas Club Woman magazine.

Streisand Stars In Summer Film

HOLLYWOOD (AP) — Barbra Streisand will star in "The Way We Are," scheduled to be filmed this summer with Sidney Pollack directing.

The story is about an unlikely love and marriage of two intensely appealing people with totally different life styles.

20th Century Closes Year

The Twentieth Century Club held its final meeting of the year at a breakfast May 16 in the home of Louella Stoker.

Marjorie Tyer reported on the Annual Membership Tea held May 12 at the Martha Ann Women's Club. At the tea, the Twilight Garden Club presented a flower show displaying numerous arrangements as the program. New officers to the Board of Martha Ann Woman's Club were installed and new Board members were named.

Lois Bartels presented marjorie Key's name for membership to the Twentieth Century and Mrs. Key was chosen to become a new member.

The constitution was read by Mamie Dunn and Lois Bartels suggested programs for next year. Appreciation was expressed to Mrs. Stoker, for accepting position as club president for next year. The club then disbanded until September.

Woman's Calendar

THURSDAY

Beta Sigma Phi Sorority will meet at 7:30 p.m. at Snyder Savings and Loan Community Room.

Eastern Star Chapter 450 will meet at 7:30 p.m. at the Masonic Lodge with officers as hostesses. Past matrons and patrons will be honored.

Mrs. Wayne Bethel will present her piano and organ pupils in recital at 7:30 p.m. in the Fine Arts Theatre of Western Texas College. The public is invited. There is no admission.

FRIDAY

National Piano Guild Auditions will be held at First Baptist Church auditorium at 9 a.m. to 5 p.m. both Friday and Saturday. Dr. Doreen Grimes, Judge.

Drug Panel Not Discouraged

AUSTIN (AP) — A Texas member of a national commission trying to destroy marijuana myths has indicated the commission is not discouraged even though President Nixon questioned the "practicality" of one of its major recommendations.

Dr. Charles Galvin, dean of the SMU law school, met with a special state Senate committee Wednesday and the chairman, Sen. Don Kennard of Fort Worth, told a news conference he was asking Gov. Preston Smith to allow the next special legislative session to consider changing Texas' drug laws.

Galvin, one of 13 on the National Commission on Marijuana and Drug abuse, said controversial recommendations to permit the use of marijuana in private and possession of less than an ounce had received nationwide support.

"The president questioned the practicality" of the provision, Galvin said, but he "said the report deserves study and will be given serious study." Galvin added that Nixon "is entitled to his opinion, but the report is to the law-making body (Congress) and the [illegible]king bodies of the various states."

By laying off private users and those who transfer small amounts "not for profit," Galvin said law officers "could direct their efforts to pushing and trafficking of marijuana."

In a year-long series of meetings, Galvin said, the commission had encountered several myths about marijuana. For example, 41 per cent of the people who appeared before the commission thought that marijuana causes death and 48 per cent consider it addictive. "This is not the case at all. This is not fact," Galvin said.

Kennard said he doubted that his five-member committee would recommend legalizing the use of marijuana, but "we sure don't [illegible] should be a felony offense" as it is now in Texas.

The committee agrees, Kennard said, that the use of marijuana "is not a criminal problem, it is a social problem."

The Department of Agriculture says that the cholesterol content of eggs is no higher than that of many other popular foods.

Valuable Paintings Stolen

WORCESTER, Mass. (AP) — Two masked men shot a guard and walked out of the Worcester Art Museum with four paintings worth more than $1 million.

Museum Director Richard S. Teitz identified the works taken Wednesday as "The Brooding Woman" and "Head of a Woman" by Paul Gauguing "Mother and Child" by Pablo Picasso and Rembrandt's "St. Bartholomew," painted in 1632.

Teitz said all were owned by the museum and the Rembrandt was the most valuable of the four.

"They knew what they were doing and what they were taking," Teitz said of the thieves.

Teitz said he doubted if they would be able to sell the paintings because the works are well known in the art world.

The thieves, wearing ski masks, entered the museum just before closing, took the four paintings in their frames from walls in two rooms, then fled out the front door and escaped in a car.

One thief who was carrying a handgun shot guard Philip J. Evans, 57, in the side as he went through the door.

SPORTS

FINISH SEASON—The Western Texas College Tennis Team has finished its first season of competition and wound up third in Western Junior College Athletic Conference standings. From left are David Falk, Ricky Riddle, Coach Wendell Jones, George Villanueva and Henry Garland.

WTC Netters 3rd In League

The Western Texas College tennis team finished its first year of competition, taking third place in the Western Junior College Athletic Conference.

The W.T.C. netters played a fall and spring schedule. They participated in the fall San Angelo Tournament, defeating Wayland Baptist College 6-0 before losing to Hardin-Simmons 5-1.

In the conference round robin competition the Westerners split 3-3 with Howard County, defeated N.M.M.I. 6-0, beat Clarendon 6-0, downed Frank Phillips 6-0, and lost to conference champion Odessa 0-6, and runner-up Amarillo 0-6.

At the conference tournament in Roswell, N.M., David Falk took the singles match from Clarendon's Larry King 6-1, 7-5, then beat Mike Phelps of N.M.M.I. 6-1, 6-2, before falling to nationally ranked Matt Rainey of Odessa 6-1 and 6-3.

Rickey Riddle defeated Ray Coleman of N.M.M.I. 6-0, and 6-1 then carried Gene Lard of Amarillo before losing 3-6, 6-2, and 7-6.

In doubles' competition Henry Garland and George Villanueva teamed to defeat Flores and Mitchell of Howard County 7-6, 3-6, and 6-2, then lost to Amarillo's team of Lard and Williams 6-2, and 6-1.

Ricky Riddle and David Falk lost their first match to Loomis and Copete of Odessa 6-2, 6-3. The loss put the Westerners in the consolation bracket where they defeated Adams and Carter from Clarendon, then Phelps and Hill of N.M.M.I. and won the Consolation trophy by defeating the Howard County duo.

Trainer Sees 1-2 Finish

BALTIMORE(AP)—Lucien Laurin, trainer of Kentucky Derby Winner Riva Ridge and a second Meadow Stable colt, Upper Case, says he thinks they'll come away from Saturday's Preakness with first and second money.

That could total a little more than $167,000.

Although Laurin conceded Wednesday that he was worried about Paul Mellon's Key to Mint, which could prove the spoiler to hopes of capturing the top two spots in the $150,000 added stakes, his talk was filled with jovial confidence.

Things Looking Up For Pirates

By BRUCE LOWITT
Associated Press Sports Writer

"Things are starting to look better," Pittsburgh Manager Bill Virdon understated.

They couldn't have looked much better for Steve Blass and the Pirates Wednesday night. They clubbed four St. Louis pitchers for 15 hits en route to a 12-0 rout that went the reeling Carinals down to their seventh straight defeat.

"If we hadn't been scoring so many runs, I'd have probably gone to the showers in the third inning," said Blass. The Pittsburgh right-hander went the distance for his fourth victory in five decisions despite allowing 11 hits.

In other National League action, the New York Mets bombed Montreal 12-2, the Chicago Cubs nipped Philadelphia 3-2, Cincinnati edged San Francisco 2-1, Houston routed Atlanta 9-0 and San Diego blanked Los Angeles 2-0.

"When you have the kind of hitters we do," Blass observed, "you just know they're going to score some runs for you."

The Pirates, who stumbled through an April slump, losing eight of 13 games, have now righted themselves to their world championship form, winning eight of the last 10.

Home runs by Vic Davalillo and Manny Sanguillen led Pittsburgh's highest scoring output of the season and Jackie Hernandez drove in three runs and Roberto Clemente two in the barrage.

Rookie John Milner, filling in for injured left fielder Cleon Jones, bashed a two-run double and three-run homer to pace New York's 17-hit explosion that made matters easy for Gary Gentry, who allowed just four Montreal safeties.

It also gave the Mets their sixth straight victory and ninth in the last 10 games, enabling them to widen their East Division lead over Philadelphia to five games. The Mets scored three runs in the first inning, then erupted for six more in the third.

Jose Cardenal's tie-breaking single in the top of the ninth led the Cubs over Philadelphia. Billy Williams had doubled to start the rally off Steve Carlton but, after moving to third on Jim Hickman's single, he was thrown out at the plate on Carmen Fanzone's grounder before Cardenals came through.

The Giants lost their sixth in a row and Juan Marichal lost his seventh straight game thanks to Joe Morgan's two-run homer for the Reds.

"This is the best I've thrown since early last year," the Astros' Larry Dierker said after shutting out Atlanta on four hits.

Houston managed two runs in the first six innings, then piled on seven more in the final two, with three of them coming on Doug Rader's home run.

The Dodgers, slipping nine percentage points back of the first-place Astros in the West, finally lost a game at San Diego after winning 12 in a row there. Fred Norman's six-hitter also snapped the Dodgers' five-game winning skein.

Trevino, Sanders Share Honors

MEMPHIS, Tenn. (AP) — Lee Trevino and Doug Sanders shared individual honors with a pair of 68s in the Pro-Am competition Wednesday preceding the start of the Danny Thomas-Memphis Open Golf Classic.

Trevino, the defending champion, and Sanders each won $462.50 for their Pro-Am Efforts.

Softball Loop For Girls Set

All girls interested in playing softball, all parents of girls interested in softball and all adults interested in helping provide girls with a chance to participate in a worthwhile activity have been urged to attend a meeting at 7 o'clock tonight in the Lamar Junior High auditorium.

Purpose of the meeting is to organize a girls softball league for girls aged 9-15 in the Scurry County area.

The proposed league would be sponsored and programmed by the Miss Softball America Foundation, a national recreation softball program. However, parents and other interested adults would manage, organize and operate the league. There would be two divisions, a minor league for girls 9-12, and a major league for girls 13-15.

Every girl who registers will be placed on a team and every girl will play in every game in which her team participates. Proper uniforms and equipment will be used and all volunteers and participants are insured. State champions in the major division may go to the national tournament in Anaheim, Calif.

Success of the program depends on the volunteer help available, it was emphasized. Consequently, all girls, 9-15, and their parents and other interested adults are being urged to attend tonight's meeting.

Wichita Wins Track Title

MEMPHIS, Tenn. (AP) — Alan Walker and Randy Smith led the Wichita State Wheatshockers to their first Missouri Valley Conference track and field title since 1966 Wednesday at Memphis State University's Tiger Field.

Five MVC records toppled and two others were tied in the track and field competition. The two-day meet also produced eight Tiger track records and four Memphis State school marks.

The records set were: 440-relay, Memphis State, 39.7; mile run, Alan Walker, WSU, 4:06.3; 880-run, Walker, 1:50.3; 3-mile run, Randy Smith, WSU, 14:03.9; steeplechase, Smith, 9:09.3, a new event held Tuesday.

The records tied were 120-yard high hurdles, Carl Brown WTS, 13.9 and, during preliminaries Tuesday, 100-yard dash, Ed Hammonds, MSU, 09.4.

Abilene Cooper Golf Star Signed By WTC

Western Texas College in Snyder has announced the signing of Abilene Cooper golf star Danny Walters to a full scholarship for next fall.

Walters, son of Mr. and Mrs. V.D. Walters, Abilene, lettered two years at Cooper after moving to Abilene in 1970. His career at Cooper has been one of the most colorful and prolific of any schoolboy in the state.

In the summer prior to his sophomore year Walters, who was only 15 years old finished third in the State Junior Golf Tournament in San Antonio, shooting a 288, an average of 72 for the four rounds.

During the 1971 school year Walters averaged scores of 76 in all high school tournaments. He shot a phenomenal 18 hole score of 66 in the district 5AAAA meet at Maxwell Municipal Golf Course in Abilene to establish a new district record.

Walters entered five major tournaments the summer of 1971, once again finishing in the top 10 in the State Junior Golf Tournament in San Antonio with a three-over-par total of 291 for 72 holes. He claimed medalist honors in the Regional Jaycee Tournament in Abilene, and won first place in the regional TAAF tourney scoring rounds of 69 and 71 for a two-under-par 140 before winning the state TAAF meet with rounds of 72-69-69 for a three-under-par 210 for 54 holes. Walters also captured the 1971 Abilene City Amateur Tournament, winning two matches and shooting a 73 in medal play the last day of competition.

His senior year in high school Walters was division AAAA medalist at the two-day Del Rio High School tourney shooting 69-72-141 or three-under -par. He finished fourth at Laredo High School tournament with scores of 79 and 75 for a 154 total; ten over for the long, difficult course. Walters followed with a five over par performance in the Sweetwater Invitational to tie for medalist.

In tournament play Walters had a 73 average his senior year, and broke his previous district 5AAAA record by shooting a six-under-par 65 in the Abilene district tourney. He lost district medalist honors by a single stroke to John Adams of Midland Lee. Walters had a district total of 284 for a 71 average. He won medalist in the 4A regional tournament played at Lubbock's Hillcrest Country Club, shooting a 70 and 75 for a one-over 145.

Walters became the first player from either of the Abilene high schools to qualify for the state tournament. He placed in the state's top ten for division 4A shooting 83 and 77 despite rainy weather.

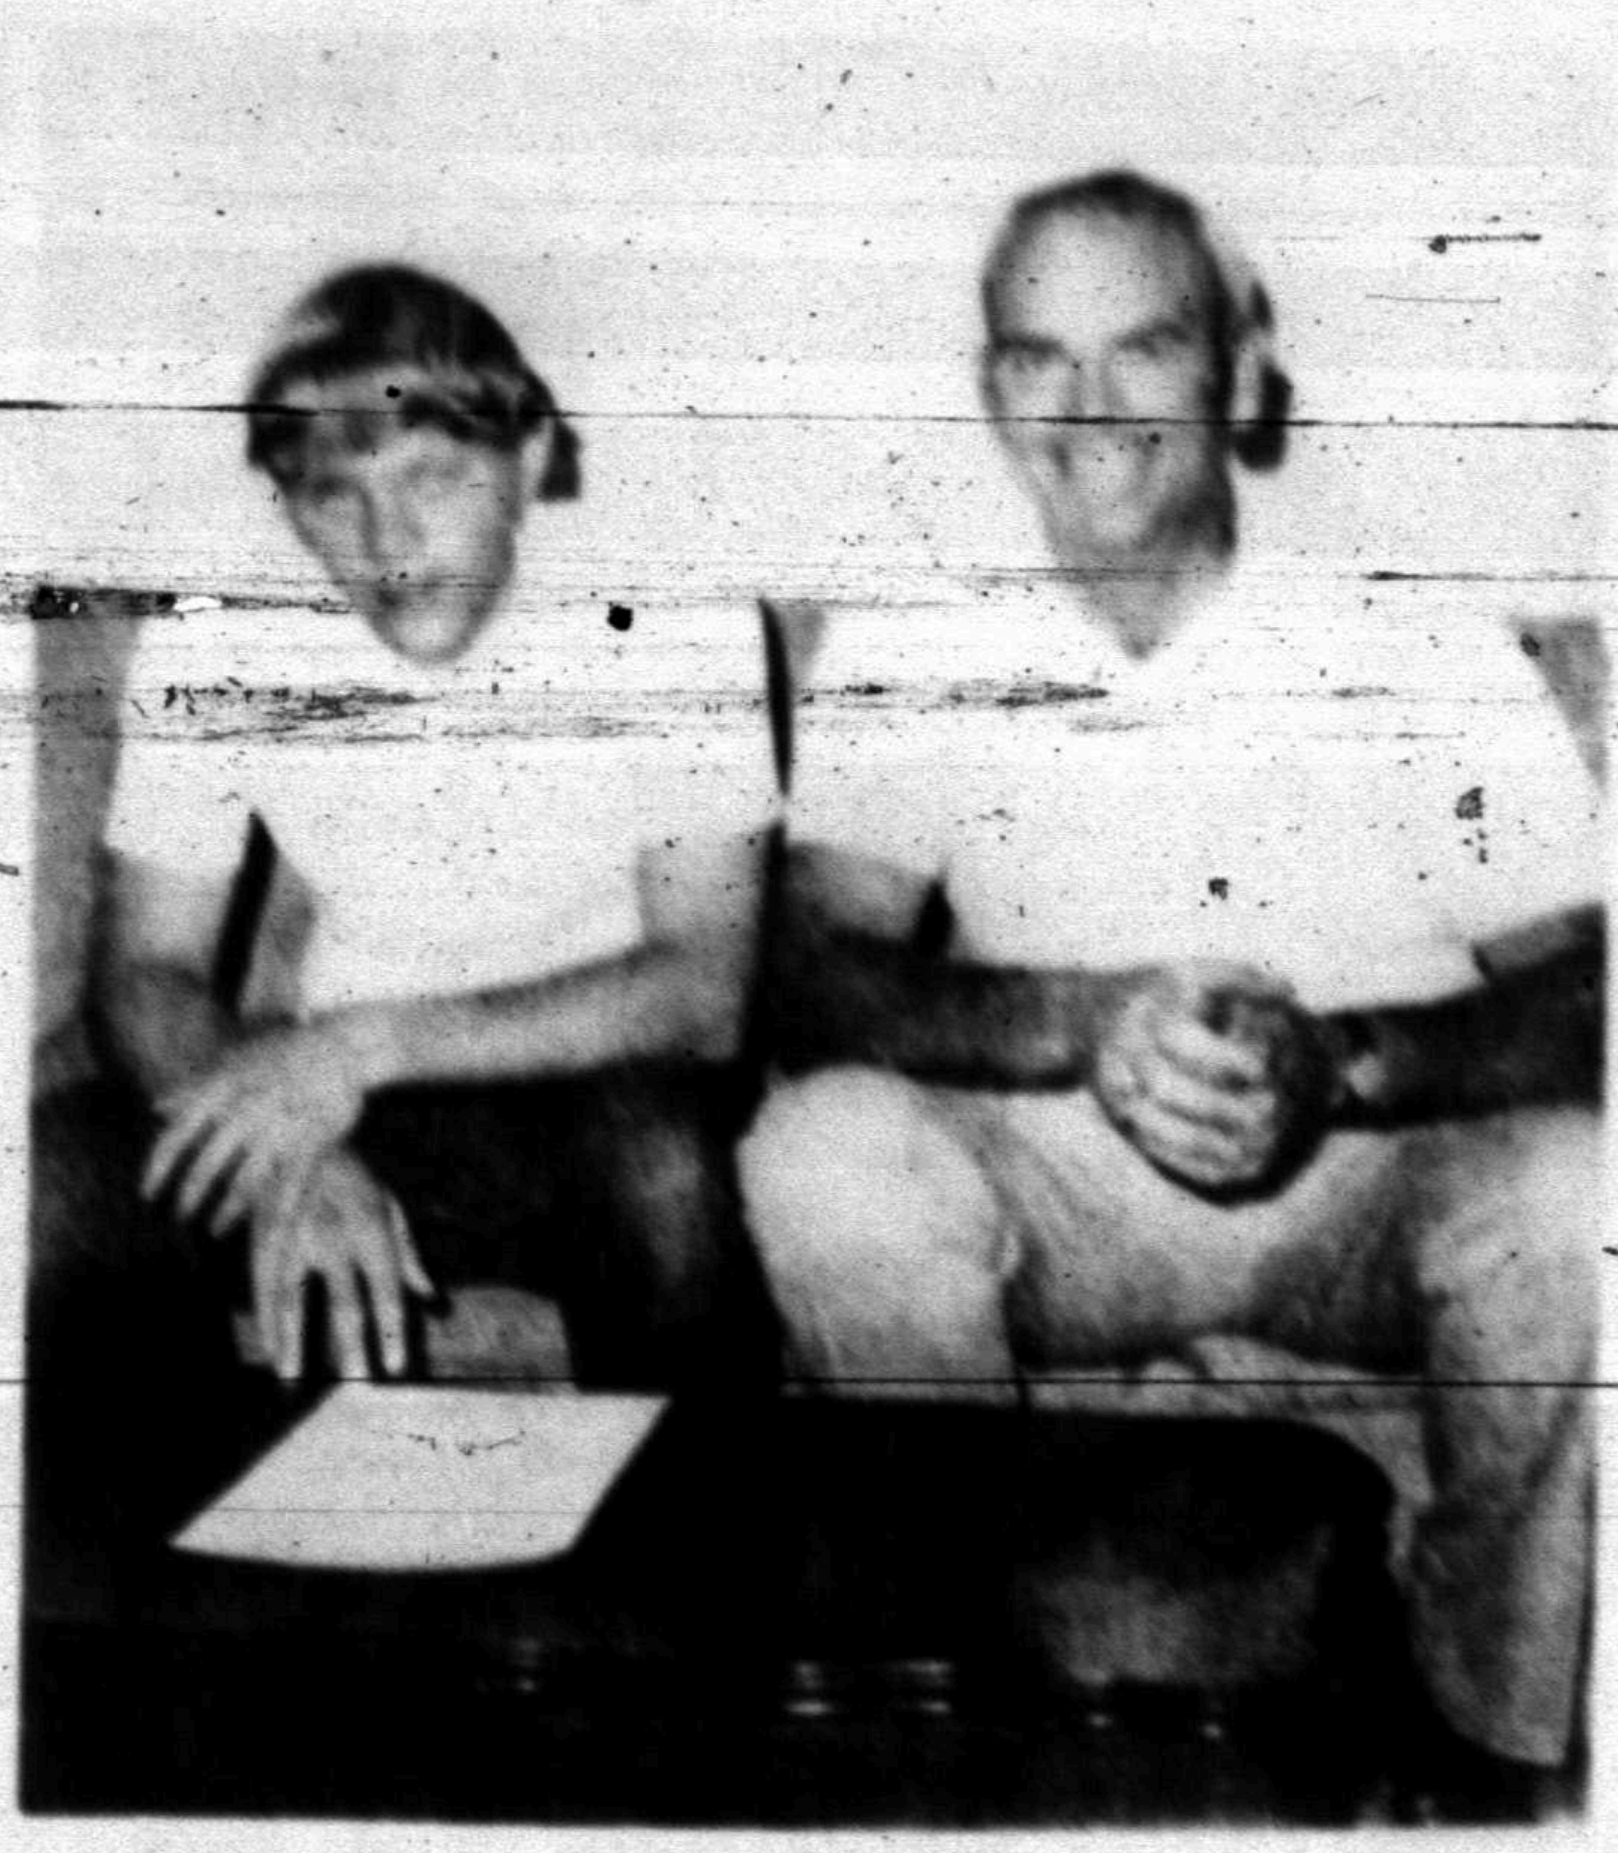
"Danny should make an excellent college player," praised Bob O'Day, golf mentor for Western Texas College. "He has a beautiful swing and all phases of his game are very strong. I would rate Danny as one of the top five golfers in the state."

Walters will graduate from Cooper with a B average and plans to enroll in a general college curriculum while at W.T.C.

Padres, Oakland Complete Deal

SAN DIEGO (AP) — The San Diego Padres and Oakland A's have completed a four-player deal that sends Ollie Brown to the Athletics and Curt Blefary to the Padres.

In addition, the Padres get left-handed pitcher Mike Kilkenny and a minor league player to be named later.



SIGNS FOR SCHOLARSHIP—Danny Walters, left, Abilene Cooper High School golf star, is shown with Western Texas College Golf Coach Bob O'Day after signing for a full scholarship with WTC.

Golf Is Like Stacking Blocks, Heard Declares

MEMPHIS, Tenn. (AP) — "It's kind of like stacking up building blocks," Jerry Heard said.

"You have to have confidence to play well. The more confidence you have the better you play. The better you play, the more confidence you have. One builds on the other.

"It's like stacking one block on top of the next one."

Heard, a husky, boyishly-handsome 25-year-old who seems destined for superstar status on the pro tour, made the observation before teeing off today in the first round of the $175,000 Danny Thomas-Memphi Golf Classic.

With Jack Nicklaus out, Australian Bruce Crampton taking a break and Lee Trevino still looking for the right formula the streaking Heard ranked as a top contender for the $37,500 first prize.

It's obvious the young man from California is playing very well indeed with finishes of seventh or better in six of his last seven starts. And he's exuding quiet confidence after his second victory of the season last week in the Colonial National Invitation at Fort Worth.

'I've got so much confidence right now I've got to watch it," Heard said. "I just can't wait to hit the ball and I'm rushing my shots if I'm not careful."

The relaxed and easy-going Heard pushed his bankroll for the year to $106,436 with his Colonial victory, second only to Nicklaus $154,273. And, in only his fourth year on the tour, he joined Nicklaus and big George Archer as the only multiple winners for the season.

His schedule for the immediate future is in doubt.

"I really don't know just what I'm going to do," Heard said. "I'm kind of pointing for the (U.S.) Open" three weeks away "I'e like to knock off Nicklaus."

Nicklaus, the Masters winner who has announced hopes of sweeping all four of the world's major championships this season, had planned to play here but had to withdraw Wednesday because of a virus.

He joined a host of others who withdrew for one reason or another. Among them are Tommy Bolt, DeWitt Weaver, Larry Hinson, Bob Goalby, Grier Jones, Dave Eichelberger and Bobby Nichols.

Still, the field of 147 is relatively strong. It's topped by Trevino, the defending champion, Arnold Palmer, Archer, Tommy Aaron and Dave Hill.

Illinois Athletics Probed By NCAA

CHICAGO (AP) — Big Ten and NCAA officials have revealed they are investigating the University of Illinois for alleged athletic practice violations.

"A preliminary inquiry has been filed with Illinois" regarding an alleged violation of NCAA regulations, the NCAA said Wednesday in Kansas City.

Wayne Duke, Big Ten commissioner, added in a statement.

"As a result of allegations filed with the NCAA, this office and the NCAA are conducting a joint inquiry and review of University of Illinois athletic practices."

The Chicago Daily News reported Wednesday the probe was touched off by Alvin O'Neal, who was declared academically ineligible last summer at Illinois. O'Neal has transferred to Murray State in Kentucky.

Investigators reportedly asked the 6-foot-4 guard if Illini officials helped him on his entrance examinations and whether he was given a car while on a basketball scholarship, the newspaper said.

Kris Berymon, a former high school basketball standout who flunked at Illinois last year in his final freshman semester, was also questioned, the paper said.

Berymon told the Daily News that he was questioned by NCAA officials about the recruiting practices that brought him to Illinois.

"There was nothing wrong with the way they got me," he told the paper.

In 1967, three coaches were forced to resign and five athletes were declared ineligible after an investigation revealed that illegal "slush fund" payments were made to athletes.

Greg Wright of Windsor, Ont., gained an early lead in harness racing victories this year by winning 63 races the first two months.

America Shedding Fears About Personal Debt

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — As memories of the Great Depression of the 1930s fade, Americans seem to be shedding almost all fears and inhibitions about personal debt.

Once, it may be recalled, the goal of millions of families was to pay off the bills. Only then, they felt, could they relax.

But in today's society it is entirely possible for a family to seek debt, to never be out of debt and to look forward to an entire life lived on credit. On graduating from college, in fact, thousands of young people are expected to pay off the loans their parents took out to finance their education.

Is this wrong? Financially? Morally? You'll receive differing views, but a widely held attitude is that the burden may look bigger than it really is.

The chances are that the youngster will have job stability and constantly rising income, it is argued. In addition he will have many years in which to finance or even refinance the debt.

The changed attitude toward borrowing is shown even more dramatically in housing. The very last source of funds for a Depression family was to remortgage the house. Today it is a commonplace practice.

A study by the Conference Board, a private research organization supported mainly by business, shows that new mortgage debt since 1968 has constantly exceeded the value of homes purchased.

This means, of course, that families are using their equity for other purposes, such as educational and medical expenses, investment in other assets, vacations, travel, debt consolidation.

In 1968, the Conference Board said, about $500 million was made available to families in this manner. By last year it had reached an annual rate of $24 billion.

Pets Quarantined In Bridgeville

BRIDGEVILLE, Pa. (AP) — A [illegible]-year-old youth from this community outside Pittsburgh has been bitten by a rabid cat, triggering a quarantine on all pets in the community.

The county health department said it was the first time a cat was found to have rabies in the county. Medical authorities said the disease affects dogs, foxes, bats and skunks but is extremely rare in cats.

All owners of pets were ordered Wednesday night to keep their animals indoors or face prosecution. Residents in surrounding communities were asked to confine their pets voluntarily.

There was no estimate of the number of pets kept in Bridgeville, which has a population of 7,000.

There's No Excuse For Boredom

By HAL BOYLE

NEW YORK (AP) — There is no excuse for boredom in this world.

You hear of the man who wearies of it all because he has "been everywhere and done everything." No such a man ex[illegible]

No one man ever has or ever could encompass the endless variety of possibilities that life offers. It is not the world that limits man. It is man who limits his world.

So don't pine for lack of exciting or worthwhile or even curiously-satisfying things to do. The chances are that—like this writer—you haven't yet even—

Filled a water cup by holding it under Niagara Falls.

Planted a money tree.

Bowled a sticky wicket.

Broken a glass jaw.

Seen how long a line you can draw with the lead in a single pencil.

Robbed a honey hive in the woods.

Found out whether a zebra is white with black stripes or black with white stripes.

Taken the temperature of a volcano.

Been a patient of Dr. Kildare or Dr. Marcus Welby.

Had your chevrons ripped off in front of the whole regiment.

Fought temptation to a draw.

Gone on a joyride on the high road to hell.

Put your money where your mouth is.

Held your fire until you saw the whites of anybody's eyes.

Split a coconut in half with a karate blow.

What do you mean by saying that you are bored, man? What have you really done in your life so far except kill time? En garde, sire! The waiting world still invites you to a duel.

Man Killed

SLATON, Tex. (AP) — Dennis Bill, 18, of Anton died early this morning after an accident late Wednesday five miles south of here on U.S. 84.

Officers said Bill's car ran off the road and turned over at least twice.

HHH, McGovern In California

WASHINGTON (AP) — Sens. Hubert Humphrey and George McGovern today planned to concentrate their campaigns on delegate-rich California while the forces of Gov. George C. Wallace worked to patch together a stand-in campaign for their candidate.

McGovern resumes his campaign today in Los Angeles, then moves to Oregon.

Humphrey reopened his campaign for the Democratic presidential nomination Wednesday with appearances in Rhode Island and New Jersey. Both men had suspended their efforts after Wallace was shot five times by an assailant in a Maryland shopping center Monday.

Reports from Wallace's bedside in Holy Cross Hospital in a suburb of Washington found him alert and politically enthusiastic, but a report from physicians Wednesday lent special urgency to the search for stand-ins.

Alabama neurosurgeon Dr. James Galbraith, called in to attend Wallace, told newsmen the damage done by a bullet lodged the governor's spine gave Wallace less than a 50-50 chance to walk again.

In any event, Galbraith said, any campaign appearances by the Alabama governor would be ruled out until shortly before the July 10 Democratic National Convention, if then.

Among the stand-ins to keep up the momentum of primary victories in Michigan and Maryland will be Wallace's 33-year-old wife Cornelia, said Charles Snider, national campaign director.

Former governor Haydon Burns of Florida would also join the campaign said Snider, who noted that Lt. Gov. Lester Maddox of Georgia has offered his help.

Wallace and McGovern are on the ballot in Tuesday's primary in Oregon. Humphrey is not. Wallace's name does not appear on the California ballot where the winner will take all the state's 271 delegates to the convention.

At Warwick, R.I., the Minnesota senator focused on chief opponent McGovern, but did not name his South Dakota Senate colleague.

Humphrey declared his opposition to legalization of marijuana, amnesty for "draft evaders" and "indiscriminate abortion on demand." He made it clear that he thought McGovern had taken extreme view on these issues.

Castro Visiting In Bulgaria

VIENNA, Austria (AP) — Prime Minister Fidel Castro of Cuba has arrived in Bulgaria for an official visit.

The Bulgarian news agency BTA reported in a dispatch Wednesday that Castro was greeted in Sofia by President Todor Zhivkov.

Junior Editors' Quiz on TAXIDERMY

QUESTION: What is taxidermy?

* * *

ANSWER: Taxidermy is the art of mounting and stuffing animal skins to present a life-like appearance. The animals on exhibit in natural history museums are the result of taxidermy. They are usually displayed in their natural surroundings, such as woods, water or jungles, and look real or very much alive.

Taxidermy is an intricate art which involves an understanding of anatomy, natural history, drawing, sculpture, mechanics, tanning and dyeing. The taxidermist removes the insides of a dead animal, but preserves the exterior, such as the skin or hide. He uses a drawing of the animal as a guide for his work. The drawing shows the location of the muscles, ribs and curves. From this design, he makes a model of wire, clay, plaster or papier-mache. Then he puts the skin on the model. He had previously taken measurements of the skin and had treated it with preservative materials.

Some of the world's greatest experts in taxidermy are associated with the American Museum of Natural History in New York and the Chicago Natural History Museum.

Great Midwest Hosts Party

KANSAS CITY (AP) — A dinner party for 1,000 guests, including 200 visiting Japanese industrialists, has was staged in a cavern 140 feet underground north of the Missouri River.

The host Wednesday night was the Great Midwest Corp., which operates a storage business in the former limestone quarry.

Morgan Maxfield, president of Great Midwest, said the purpose of the party was to impress the Japanese with the significance of the 8.5 million square feet of underground storage space.

Public Notice

NOTICE OF SHERRIF'S SALE (REAL ESTATE(

BY VIRTUE OF AN Order of Sale issued out of the Honorable 142ND Judicial District Court on the 23rd day of November, A.D. 1971, in the case of Joe Melton Drilling Company, Inc. Plantiff, vs. Frederick Falkin, Acadian Oil and Gas Corp., and Mid-Central Resources, Inc. Defendant, No. 25,174, and to me, as Sheriff, directed and delivered, I have levied upon this 1st day of May, A.D. 1972, and will between the hours of 10 o'clock a.m., and 4 o'clock p.m., on the first Tuesday in June, A.D. 1972, it being the 6th day of said month, at the Courthouse door of said Scurry County, in the City of Snyder, Texas, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which the aforesaid Defendant had on the 1st day of May, A.D. 1972, or at any time thereafter, of, in and to the following described property, to Wit:

that certain Oil and Gas Lease dated April 22, 1947, recorded in Volume 33 at Page 427, Scurry County, Texas, Oil and Gas Lease Records between Janie C. Clarkson, a widow, et al, Lessor, and P.W. Dubose, Lessee, insofar as same covers the following described rights in the following described land, to wit:

FIRST TRACT

Rights from the surface down to a depth of 2,795 feet in and under the East One Half of the Northeast One Quarter (E 2 NE 4) of Section 243, Block 97, H&TC Ry. Co. Survey, Scurry County, Texas: and

SECOND TRACT

Rights from the surface down to a depth of 2,720 feet in and under the West One Half of the Northeast One Quarter (W 2 NE 4) of Section 243, Block 97, H&TC Ry. Co. Survey, Scurry County, Texas,

together with all personal property located on, used or obtained in connection therewith.

This Assignment is subject to the following reservations, exceptions, and conditions:

1. Overriding royalty interest reserved by Cities Service Oil Company in various assignments to Robert L. Wood, of record in Scurry County, Texas, and overriding royalty interest owned by George Stemmel Estate, Robert L. Wood, Trustee, and Leland Thompson, Trustee, and all other overriding royalty interests outstanding and applicable to the above described leasehold estates.
2. All the terms, provisions, covenants and reservations contained in the lease above described and all assignments of record affecting said leasehold estates.
3. Insofar as this assignment covers an interest in any new wells drilled and completed on the property after February 1, 1972.

Said property being levied on as the property of the aforesaid Defendant, and will be sold to satisfy a judgment amounting to $10,000.00 plus $1,000.00 Atty. Fee, with 6 per cent interest thereon from 23rd of November 1971, in favor of Joe Melton Drilling Company, Inc. for all costs of court amounting to $56.00 and the further costs of executing this writ.

GIVEN UNDER MY HAND This 1st day of May, A.D. 1972.

(s) Keith Collier
Sheriff, Scurry County, Texas

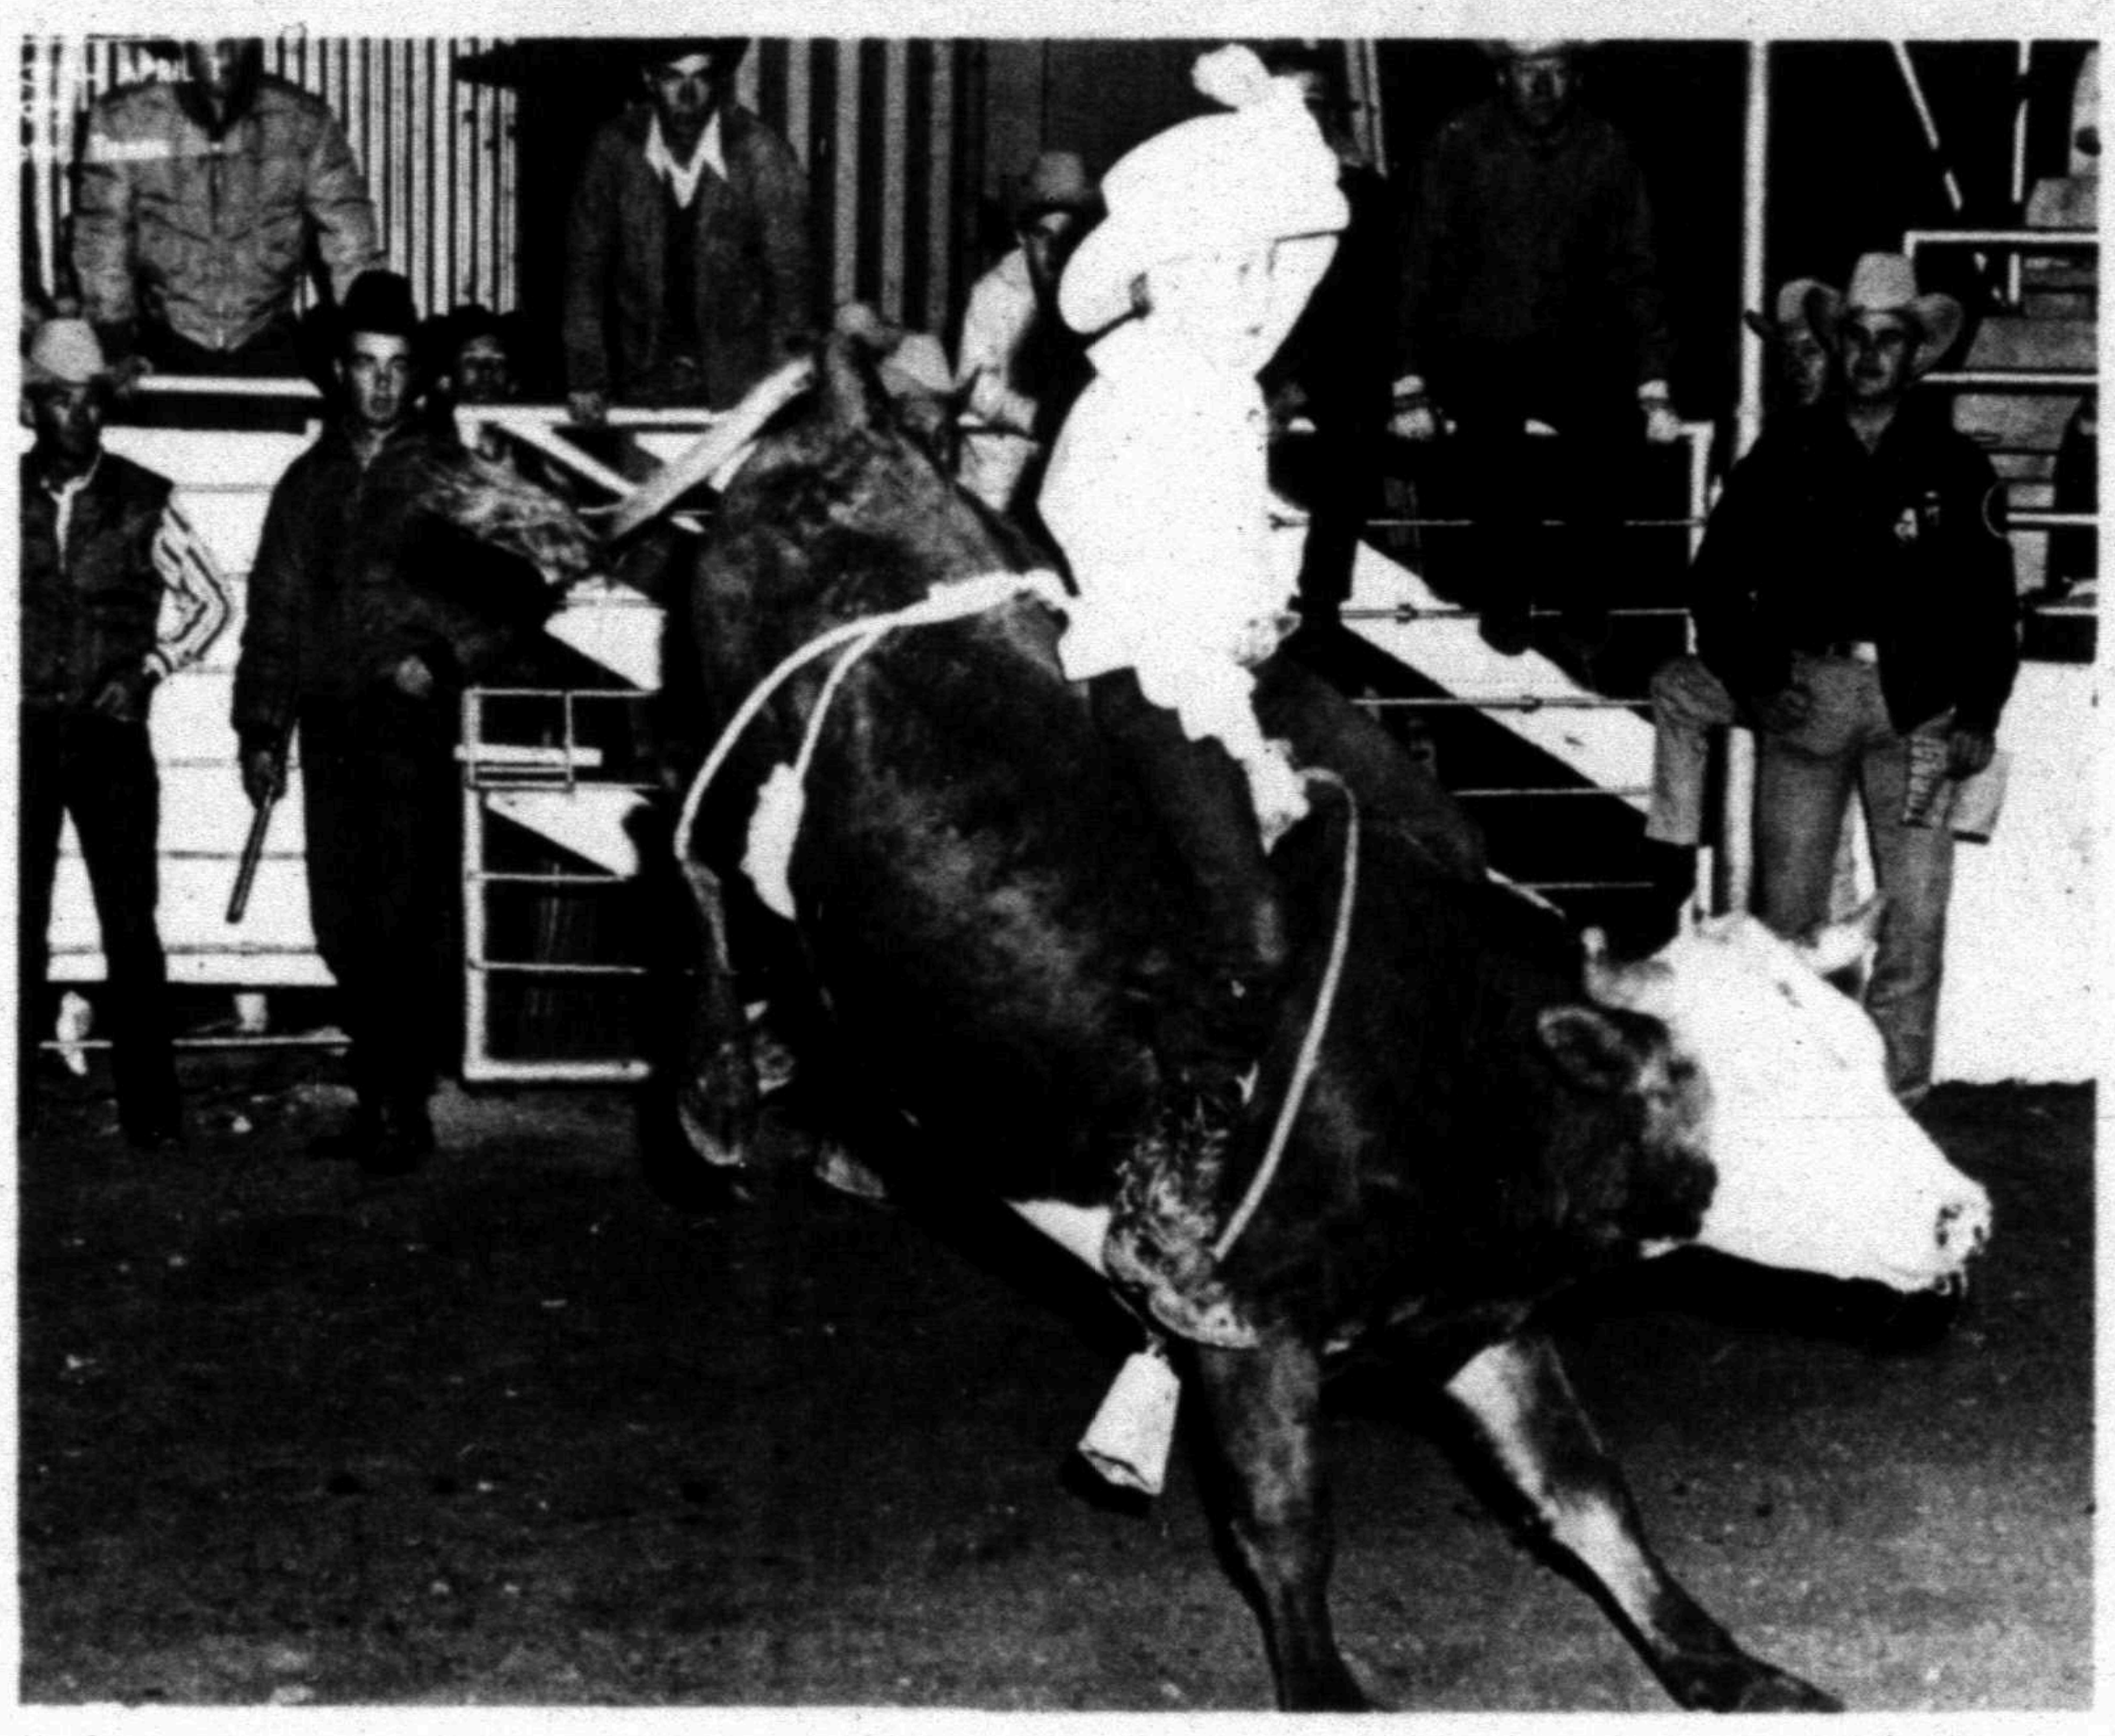
THIRD YEAR IN AJRA—Mandy Tubbs, who is in her third year in the American Junior Rodeo Association, is part of one of the sister-brother combinations who will compete in the Junior Rodeo scheduled here May 26-27. The daughter of Mr. and Mrs. Dub Tubbs of Snyder, she has gone to the finals the past two years in her age group. One of her latest triumphs came in February this year when she won a saddle as all-around cowgirl at the Terry Wall arena in Stephenville. Mandy, who is 10 years old, usually competes in three or four events.



A 1971 FINALIST—Barry Tubbs, son of Mr. and Mrs. Dub Tubbs, went to the AJRA finals in 1971 in steer riding for the 8 to 12 age group. He competes in four events, and, along with his sister Mandy, will enter the AJRA Rodeo in Snyder scheduled for May 26-27.

Walrus Hunters Located

ARLINGTON, Tex. (AP) — Two Seven Seas amusement park officials, feared lost in Northwest Alaska while on a walrus-hunting expedition, have been located, it was reported today.

They are Lynn Kephart, curator of animals at the Arlington sea life park, and public relations man Larry Todd, who is filming the capture of the walruses for an educational movie.

The two were last heard from about a week ago as they were preparing to leave Nome for remote Gambell Island.

Contact was to have been made through Arlington amateur radio operator Gary Pannell, who regularly talks with Alaska, but no reports were received after the pair left Nome.

The Civil Air Patrol air rescue center in Kansas City was asked to help locate Kephart and Todd late Wednesday.

Dave Webster, Todd's assistant, said the request was a precautionary measure.

The Kansas City center reported early today, however, that the pair had been located and an air search was called off before it began. No other information was available.

Kephart and Todd were to be flown by a bush pilot the 150 miles over water to Gambell, which is about 50 miles from the Russian border. There they had hoped to capture four live walruses.

Temperatures on the remote island are sub-zero, with high winds lowering the chill factor to 25 degrees below zero.

They carried provisions for two weeks, Webster said. He was trying to contact Alaskan authorities for additional details.

Old Planes To Invade Washington

HARLINGEN, Tex. (AP) — Nineteen World War II airplanes owned by the Confederate Air Force are being prepared for a peaceful invasion of Washington, D.C.

The planes will be flown to Washington for Transpo '72, a transportation display at Dulles International Airport May 27-June 4.

Some of the planes will stop at Carswell Air Force Base to take part in the Armed Forces Day celebration May 19 in Fort Worth. The planes also will make stops at several other Air Force bases en route to Washington, a CAF official said.

Some of the aircraft, such as the P47 Thunderbolt, are believed the only planes of their type still in flying condition in the world.

One that probably will startle spectators is a German Messerschmitt ME109 with Nazi markings.

The planes are scheduled to make a mass flight over Washington May 25.

Others making the flight from Texas' Lower Rio Grande Valley to Washington include a B17 Flying Fortress, a B24 Liberator, a P38 Lightning and a British Spitfire.

The Spitfire and the ME109 were given to the Confederate Air Force after pilots from the organization took part in the filming of the movie "The Battle of Britain."

The Confederate Air Force is devoted to preserving World War II airplanes in flying condition. The organization has a museum at Harlingen.

Four Killed In Collision

HOUSTON (AP) — A Freeport, Tex., couple and two Texas Highway Department maintenance men died Wednesday in a car-truck collision on Texas 288 in Fort Bend County.

August C. Burger, 73, was killed along with his wife, Evelyn. Killed in the truck were Michael Lee Walraven, 26, and Milton Gardner, 53, both of Houston.

A third highway department employe, James Scheline, 23, of Houston, was injured. He was reported in good condition in a Houston hospital.

In 1904, German engineer Christian Hulsmeyer built a radio echo device to prevent ship collisions. Nobody was interested.

Hundreds Of Women Looking Into FBI Jobs

WASHINGTON (AP) — Female G-man? FBI employes in a dozen cities can't understand why a woman would apply to be a special agent and some special agents wouldn't want their daughters to be one.

But since Acting FBI Director L. Patrick Gray III reversed the late J. Edgar Hoover's rigid policy against hiring women for crime investigation, hundreds of women have inquired about becoming special agents, a spot check showed.

The telephone check of 12 field offices and a visit to bureau headquarters here turned up polite, cordial responses from employes asked for information about obtaining a job as female special agent.

But typical of comments was this from an agent in New York who declined to give his name:

"The job isn't for a woman. There's a lot of danger involved. She'll have the same duties as men. No pampering. Now really, would you want to see your daughter packing a .38 revolver?"

A secretary at FBI headquarters, who said she's received more than 100 queries since the men-only policy was changed, said few women meet the 5-foot-7 height requirement and so far only one has applied.

"Before the change," she said, "I thought I'd like to be an agent. It cried 'discrimination, discrimination.' But now that it's a possibility, I've changed my mind. Those jobs can be pretty rough."

A San Francisco agent said some of his colleagues fear women agents will make their work more dangerous.

"For instance," he said, "when you take someone with you on an arrest, he's the guy who may save your life. If a fellow is with a 120-pound girl, he'd have to do most of the job. Fellows aren't too enthusiastic about making an arrest with a girl with them."

In Dallas, a woman who said she's been with the FBI for 30 years said: "It isn't glamorous like they show you on TV. You're on call 24 hours a day. You're expected to work two hours a day overtime. You have to have an unblemished record. That means none of your relatives can have been arrested.

"But I'd be happy to send you an application if you're still interested."

FBI employes stress that women agents will be granted no special privileges. At an intensive 14-week training course, they must qualify with revolver, shotgun and rifle, meet stiff pull-up, sit-up and push-up requirements and run two miles in 17 minutes.

Applicants must be graduates of law school or accounting majors in college who have had one year experience in their profession. Otherwise, they must have a college degree and three years professional working experience.

Currently, 3,000 qualified men are on the waiting list.

Local VFW Supports Blockade Of N. Viets

Members of Veterans of Foreign Wars Post No. 8231 are being urged to write President Richard M. Nixon and express support for the blockade of North Vietnam.

"As a leader in the Veterans of Foreign Wars of the United States I am writing you on an urgent matter. You are well aware of the bold steps announced by President Richard M. Nixon Monday evening, May 8. In essence, the president announced to the world a blockade of North Vietnam. This is an action that the Veterans of Foreign Wars has advocated for more than six years. Our organization is in complete support of this new move by the government of the United States.

"It is the belief of the VFW that this step was necessary to protect the lives of those Americans still fighting in Vietnam and to insure the safe return of the men being held prisoners of war by North Vietnam. It is significant that President Nixon also announced that if North Vietnam will release the American POW's and agree to an internationally supervised cease fire, all American troops will be withdrawn from Vietnam within four months.

"The purpose of this letter is to urge you to write to President Nixon immediately and let him know that you support his latest action in Vietnam. Now more than ever he needs to know that he has the support of the American people. Your letter will offer him reassurance. Please write to him today and urge the other members of your family and your friends to do the same. This is an historic hour of need in our great nation and we cannot fail."

Highway Link Is Opened

HOUSTON (AP) — Travelers taking Interstate 10 east or west through Houston got a break Wednesday when the last link in the controlled access highway was opened.

Completion of the 1.83-mile stretch also means drivers may go from Kerrville, Tex., to Lafayette, La., without being stopped by a traffic light.

Dewitt C. Greer, chairman of the Texas Highway Commission, cut the ribbon that opened link, which cost $16.7 million to build and another $5 million for a right-of-way.

"In the early days of planning, we often wondered whether we would ever get to this stage," he said.

Besides speeding east-west traffic, the link also includes an interchange with the north-south Interstate 45 and will eventually interchange with the Eastex Freeway, which becomes U.S. 59 leading into East Texas.

Blocker Buried In DeKalb

DEKALB, Tex. (AP) — Four days after he died in California of complications following gall bladder surgery, Dan Bocker was buried in his native DeKalb Wednesday.

The services were almost secret, in sharp contrast to the fanfare of the Hollywood that made him famous.

As the family requested, no studio officials or members of the cast in the popular television show Bonanza attended the funeral in Blocker's Northeast Texas home town, 11 miles from the Oklahoma border.

The ceremony, conducted two hours ahead of schedule, was attended only by about 20 members of the immediate family.

At the announced burial time, some of the 2,000 townspeople trickled to the Woodmen Cemetery on the edge of town, but Blocker had already been laid to rest beneath the red East Texas dirt.

Most people followed the family's wishes and sent cash gifts instead of sympathy cards to the Rosa Guyot Foundation at Burbank, Calif., which is a foster home for girls.

Blocker, known as Hoss Cartwright to the fans of the long-running Bonanza series, was buried between his father, Ora Shack Bocker, who died in 1960, and a sister, Ora Virginia Blocker, who died in 1933 at age 11.

Principal mourners were the actor's widow, Dolphia Blocker, twin daughters Dana and Debra, 18, sons David, 17, and Dirk, 14, and his widowed mother, Mary Blocker.

Rice Stadium in Houston will be the scene of the 1974 Super Bowl game. The date is Sunday, Jan. 13.
