McLean Trail Riders to Leave for Amarillo May 25

McLean's trail riders—on horseback and in wagons—will head west on U. S. 66 in the early hours of May 25 to publicize the 52nd annual 66 Round-up, Rodeo and Horse Show opening here the following week.

A host of local and area residents are expected to make the trip to Amarillo, where they will appear on television and parade through the heart of the

city May 27.

Faris Hess, chairman of arrangements for the trail ride, has called on everyone who can join the riders.

Those unable to leave on Thursday, May 25, were asked to meet the group in Amarillo early on the morning of the 27th for the parade there.

This year's celebration—set for May 31, June 1, 2, 3—could well

be one of the best held.

The large \$1,800 purse, plus a \$225 trophy saddle for each event winner in the rodeo, is expected to attract some of the top-ranking cowboys.

The purse in each event will be \$300, while the entry fee is \$15. Events are to include saddle bronc riding, bareback bronc riding, bull riding, calf roping, double mugging and

bulldozing.

A \$100 wild bull gold rush also is planned, with entry free to all contestants.

The horse show, opening at 9 a. m. Friday, June 3, is approved by the American Quarter Horse Association, and a large number of entries are expected to compete for the numerous trophies and ribbons.

Neville Back is horse show

chairman, and Bob Sherrod is serving as chairman of the rodeo. John C. Haynes is president of the rodeo association.

Elison Chevrolet Co. is rodeo headquarters.

Speck Lunceford, Dallas, will be rodeo announcer and Richard Walters, Amarillo, has been hired as rodeo clown. Ratjen Brothers Rodeo Co., Happy, will furnish the stock.

All night shows will begin at 8 p. m., with admission prices of \$1.25 for adults and 50 cents for children.

A parade through town at 5 p. m. will open festivities on May 31. Registration for the old settlers reunion begins the same day, and an old fiddlers contest is scheduled at 2:30 p. m. June 3.

The Amarillo Air Force Base

Band has accepted an invitation to participate in the parade, and all local business establishments are being encouraged to enter floats in the procession.

Work is well underway on the erecting of new grandstands at the rodeo arena north of town on SH 273. The arena was constructed last year, and at the time stands were built only on the west side.

Just Between Us

All of you enthusiastic boosters of McLean's summer recreation program have an opportunity coming up to help make certain this wholesome activity for our youngsters continues.

At least \$500 is needed to finance the program this summer, and the Lions Club treasury, already feeling the pinch from the various activities it sponsors in promoting our town, simply can't afford to turn loose of this much cash.

So club directors decided at their meeting Tuesday they would just have to turn to the other residents of our town for assistance.

Several directors and other Lions attending the breakfast Tuesday pledged some \$155 on the spot toward the program.

Actually, large contributions wouldn't be necessary from any business or individual, if enough persons who make their home and earn their living here would take it upon themselves to step forward.

—jbu—

In past years, a number of residents, seeing the value of the program, have volunteered to help.

But at the time everything was ship-shape, and no assistance was needed. It is now.

Among activities planned and proposed for the summer are Little League and Pony League baseball, girls softball, golf and story hour for the little tots.

—jbu—

There is a definite need for this type of project in McLean. What would our youngsters do without it? And, besides, it's entertaining to us adults, too.

You and I are perhaps tiring of this ever-increasing number of requests for money. And seldom will you hear us urging you to give to this or that fund or organization.

We're asking now, though, for this valuable program must not be allowed to die.

If you want to help, see Sammy Haynes, S. A. Cousins or Chub Fuller. Or, if you like, leave (See JBU, Page 5)

Right-of-Way Funds Are Sent to County

A check for \$1,963.76 for right-of-way payment has been sent to Gray County by the Texas Highway Department.

The sum forwarded is the state's share of the cost of land needed on Highway 273, between Highway 70, one mile south of Pampa, east and 3.5 miles north of Lefors.

The check will be transmitted by District Engineer Charles W. Smith of Amarillo to the Gray County commissioners court.

While county and state share the cost of the right-of-way, the Texas Highway Department bears the cost of title insurance and pays the entire expense of appraisal work ordered by the department.

Checks for these items have already been forwarded from the Highway Department to the parties concerned.

The funds just released are to be used in the improvement of SH 273 between Lefors and Pampa.

SGT. HUGG COMMEDED

Sgt. William G. Hugg, son of Mrs. Opal Hugg of McLean, has been commended for his part in detecting a "security violation" in the American Embassy in Belgrade, Yugoslavia.

Sgt. Hugg is a member of the Marine security guard assigned to the embassy.

A copy of the commendation was received here this week by Mrs. Hugg.

The letter of commendation, written by Capt. E. J. Kroeger, U. S. Navy attaché in the embassy, stated:

"Prompt, Correct Action"
"You, M/Sgt. Elzie L. Banks, USMC, and Sgt. William G. Hugg, USMC, are hereby commended for your detection of a security violation in this office on 5 April, 1961, and for the prompt and correct action taken subsequent to its discovery."

No details concerning the incident were given.

Sgt. Hugg, who will be 24 in August, has been assigned to the security guard in Belgrade since December. He has been in the Marine Corps for eight years.

2 From McLean On WTSC Honor List

CANYON—(Special)—Two students from McLean are included on the dean's list of graduates due to receive degrees this spring from West Texas State College.

They are Sue Barnhill and David Jack Hall.

Mrs. Barnhill, a graduate of McLean High School, is seeking her bachelor of science degree at WT, where she majored in speech. She is the daughter of Mr. and Mrs. J. R. Glass, McLean.

Seeking his bachelor of science degree also, Hall is a 1956 graduate of McLean High. He is the son of Mr. and Mrs. Marvin Hall. While at WT, Hall has been active in Lambda Chi Alpha fraternity on the campus.

A total of 300 students are to receive degrees from West Texas this spring.

Final Week Of School Is Ahead

The final week of school is coming up for McLean students, and for seniors and eighth graders it'll be a busy period.

Baccalaureate services for the graduating seniors are scheduled Sunday evening, with eighth grade commencement following Thursday and high school commencement on Friday.

The baccalaureate services and eighth grade commencement exercises will be at 8 p. m. in the high school auditorium, while commencement for the seniors will be at 8 p. m. in the Municipal Building.

Rev. Dan Beltz, pastor of the First Baptist Church, has been named speaker for baccalaureate Sunday.

Rev. Kenneth McCall, Presbyterian Church pastor, will say the invocation, and Cecil Kelley, Church of Christ minister, the benediction.

Rev. L. R. Green, Assembly of God pastor, is to read the scripture and special music will be by the high school chorus.

McClesky to Speak
Joan Miller will play the precessional and recessional.

J. C. McClesky, superintendent of Shamrock schools, will be the principal speaker at commencement for the eighth grade graduates. He will be introduced by Supt. Lee Welch.

Linda Tindall will deliver the valedictory address and Elaine Baker the salutatory.

Diplomas will be presented by Spencer Sitter, secretary of the board of education. Sammy Haynes, board president, will say the invocation and benediction, and Sarah Coleman will play for the precessional and recessional.

Haynes to Present Diplomas
Speaker for May 19's commencement for the seniors will be Melvin Munn of Pampa. The valedictory will be by Judy Wyatt and the salutatory by Rita Brown.

Presenting the diplomas will be Sammy Haynes, High School Principal. Bob Green is to present the class, while Supt. Welch will present awards to the various students.

Rev. J. B. Stewart, First Methodist pastor, will say the invocation and Miss Billie Brown will sing "The Lord's Prayer" for the benediction.

Playing for the precessional and recessional will be Dorothy Pagan. Members of the high school graduating class are:

Gary Beck, Jack Beck, Doyal Billingsley, Danny Brown, Rita Brown, Carole Boston, Douglas

Mrs McPherson Is New Director Of Housing Authority

Mrs. Martha McPherson has been appointed executive director of the McLean Housing Authority, it was announced this week.

She will succeed Mrs. Wilma Banks, effective Monday.

Mrs. McPherson's appointment to the post was made at a meeting of the Housing Authority last Thursday.

Members of the housing board also approved the moving of the authority's office from city hall to the building constructed for that purpose at the housing project.

Starting Monday, business will be conducted from the office. A telephone has been installed in the office, and persons desiring information are invited to call GR 9-2660.

Mrs. McPherson resides in the housing project.

12-Unit Project

Mrs. Banks told the Housing Authority she was submitting her resignation from the job to devote more time to her position as secretary of the McLean Retail Merchants Association and Credit Bureau.

The 12-unit project was completed late last year to provide low-rent housing for persons living

8TH GRADERS TO TAKE TRIP

McLean eighth graders leave at 8:30 a. m. Friday on their annual springtime trip to Amarillo and Canyon, and they plan to spend the week about the city's 66 Round-up, Rodeo and Horse Show while away.

A caravan of some 10 cars will take the 44 students and two chaperons—Mrs. Vera Beck and R. L. Cline—on the day-long outing.

They'll be dressed in western wear to publicize the rodeo and horse show festivities opening here May 31.

In addition, placards—also telling of the celebration—will be attached to the cars in the caravan and handbills and copies of this issue of The McLean News are to be distributed in Amarillo and Canyon.

Police Escort
Amarillo police plan to meet the eighth graders as they reach the "Y" this side of the city and escort them to Edward Park.

After a play and refreshment period, the group will go to KGNC at nighttime for a possible appearance. (See STUDENTS, Page 5)

Parents Affected By Change Must Report

Parents of children who will be 6 years of age by Dec. 1 were reminded by school authorities this week that the youngsters may be eligible to enter the first grade next fall.

The board of education last week established a new policy which permits such children to begin school if they successfully pass an entrance examination.

Previously a child could not enter school unless he would be 6 by Sept. 1.

Supt. Lee Welch invited parents of children who would be made eligible under this new ruling to contact him or Jack Riley, grade school principal.

Soil Stewardship Week

By DONALD A. WILLIAMS
Administrator
Soil Conservation Service

Soil Stewardship Week, May 7-11, is an important time for people throughout America, both rural and urban, for it is a time for emphasizing the importance of soil in the lives of people everywhere.

Soil Stewardship Week is a time for renewing awareness of man's responsibility to the land. It is not a reminder to the farmer or rancher alone, but a reminder to

everyone who would put a spade to the soil.

The contractor with his housing development, the engineer with his highway, the lumberman with his sawmill and even the gardener with his plot of ground share in the responsibility this week emphasizes.

It is a week also of acquainting the city dweller of the role good land plays in his life.

Without a doubt, both rural and urban dwellers have an interest in the use of our natural resources,

Traffic Violators Beware

Day Policeman To Be Employed

The hiring of a full-time day policeman was approved Tuesday night by the city commission, with the primary purpose of enforcing local traffic ordinances.

At present, only a night marshal is employed by the city, with no officer on duty during the day. J. F. Bowling is night marshal.

The decision to begin around-the-clock police protection was made because of the large number of traffic violations which occur daily in the city.

A corporate court has been established, and violators will be taken before Mayor John C. Haynes for prosecution.

Aldermen also decided to mark off a walking lane between McLean High School and Grade School to provide a safe crossing on the street running north and south between the schools.

Road to Be Paved
Stop signs were to be erected on both approaches to the safety lane.

Authority to proceed with the paving of roads in Hillcrest Cemetery was given by the governing board.

City Manager B. J. McCartney said the project, costing some \$2,200, will begin immediately after a current sealcoating and street patching program is completed.

City Attorney Don Lane asked for and received permission to check abstracts to determine the owners of several pieces of property in McLean, on which taxes are delinquent.

To Donate Saddle
The commission voted to donate a saddle as a prize for contestants in the 66 Rodeo late this month.

During Tuesday's session, Mayor Haynes also appointed R. L. Brown as assistant McLean fire marshal.

Serving as fire marshal is Jimmie Don Morris.

The board approved the attendance of three local volunteer firemen at the training school to be held in July at Texas A and M College.

Riemer on Cruise In Western Pacific

WESTERN PACIFIC—(Special)—M. W. Riemer, Navy yeoman third class and son of Mr. and Mrs. G. W. Billingslea of McLean, is serving aboard the ammunition ship USS Haleakala which recently departed the U. S. for a five-month cruise in the Western Pacific.

The Haleakala, commissioned in 1939, is designed with air-conditioned living and messing areas, two spacious lounges and each bunk having individual air-conditioning jets, foam rubber mattresses and individual bunk lights.

Named for the world's largest volcano crater located on the island of Maui in the Hawaiian chain, the Haleakala and crew are scheduled to visit Japan, Hong Kong, Hawaii and the Philippines during the cruise.

STUDENTS IN GOLF TOURNEY

Finalists will battle it out Saturday morning in the first Student Golf Tournament on the McLean Lions Golf Association course northeast of town.

Trying for the high school division championship will be Kenny Willingham and Clyde Windom, who in preliminary matches have eliminated all other competitors.

In the seventh and eighth grade flight E. B. Durham and Don Stewart will try for the title.

In the fifth, sixth and seventh grade flight, Pat Windom will meet either Terry Hugg or Mike Simpson, and among first through fourth graders Joel McCarty faces Thacker Haynes.

12 Hole Deadlock
Hugg and Simpson were deadlocked Wednesday in the second round of the tourney after 12 holes. They'll decide which will go into the finals in a sudden-death playoff.

Willingham and Windom tee off at 8:30 a. m. Saturday on the match-play 18-hole championship round, with the other flights following at 15 minutes intervals.

The other matches will be over nine holes.

A total of 33 boys began the tournament last week, according to Derral Davis, who is directing the affair. Winners will receive gold medals and certificates will go to the runners-up.

Davis said he was well pleased with the enthusiasm shown by the (See GOLF, Page 5)

Bible School Will Begin on May 29 At First Baptist

The Annual Vacation Bible School at the McLean First Baptist Church will begin May 29 and continue for two weeks. Rev. Dan Beltz, pastor, has announced.

School will be in session from 8:30 to 11:30 a. m. daily during the period, with exception of Saturday.

Departments are scheduled for youngsters aged 3 through 16.

"Preparation Day" is planned at 10 a. m. Saturday, May 27, at the church, when students will be enrolled.

A parade through town will follow, and then refreshments are to be served at the church.

Picnic June 5
On Monday, June 5, children will attend the regular class sessions then go to City Park for a picnic. Rev. Beltz is to be principal of the school, and superintendents have been selected for the various departments.

Departments include Mrs. Lorraine Day, nursery; Mrs. Betty Skipper, beginners; Mrs. Troy Corbin, primary; Mrs. Carby Morris, juniors; and Mrs. Paul Miller, intermediates.

Serving as general secretary will be Mrs. Dan Beltz. Mrs. Glen Curry will be accompanist.

A woman in our town has the reputation of being a rather poor housekeeper. The 14-year-old son of a neighbor went to see her one day about buying some rabbits. When he came home his mother asked him what the house was like.

100 YEARS AGO MORE THAN 40 ARE KILLED AS WAR HITS MISSOURI

By LON K. SAVAGE

A civil war within the Civil War erupted in Missouri 100 years ago this week. Before the week's events were done, the state was split, dozens had been killed and tumult reigned.

The violence had a strange introduction: When a veiled old lady carrying a basket of eggs rode up in a servant-driven buggy to Camp Jackson in St. Louis' western outskirts.

The sentries at the camp took her for a soldier's mother and

waved the buggy through. Later they would learn that the "lady" was Capt. Nathaniel Lyon, commander of the St. Louis arsenal.

Lyon had watched with alarm in early May when Missouri's secessionist governor, Claiborne Jackson, had called the state militia into encampment at Camp Jackson. It would be only a matter of time, Lyon felt, before the militia was fighting for the Confederacy.

To determine what was afoot, Lyon had donned a black bombazine dress, pulled a veil over his red beard, buried a revolver in a basket of eggs and set out for Camp Jackson. There he convinced himself that the camp must be captured.

Camp Jackson Captured
Next morning, May 10, some 7,000 federal soldiers assembled outside St. Louis arsenal and marched toward the camp. They surrounded the installation, and Lyon demanded surrender. Gen. D. M. Frost had no choice but to accept.

As Lyon's troops rounded up their prisoners, a fight broke out between the federal soldiers and a crowd of civilians who had followed the soldiers to the camp. Suddenly, horses were rearing, guns were firing and bayonets flashing. When the riot was over, 30 persons, including women and children, lay dead or dying.

News of the riot swept across Missouri. At Jefferson City, the Legislature—with many lawmakers carrying guns in their laps—sat up that night passing law after law to repel the federal troops and to prepare for war.

Next day, Jefferson City residents, fearing invasion, fled their homes. As they did, riots continued in St. Louis and more than a dozen persons—both civilians and soldiers—were killed. That, in turn, set off an exodus from St. Louis the following day.

Thus began a war in Missouri that would not end before thousands had been killed.

Baltimore Is Occupied
While panic spread through Missouri on May 12, a Union general, Ben Butler, was moving a force of men toward Baltimore.

That night, in the midst of a thunderstorm, Butler's men occupied Federal Hill, overlooking the city, and next morning, Butler lowered a heavy hand on the city's secessionists. Within three days, 3,000 arms were seized and the mayor and 19 state legislators were jailed for "rebellious acts."

Across the ocean on May 13, Queen Victoria's government made the British position known concerning the war: England would be neutral; the American Civil War was simply a conflict between two belligerents.

Neither side was particularly happy with the proclamation. Lincoln disliked its recognition of the south's existence as a belligerent; Davis never forgave its reference to his government as "certain states styling themselves as the Confederate States of America."

Next week: The first naval engagement.

NEWS from YOUR

COUNTY AGRICULTURAL AGENT
TEXAS A & M. COLLEGE EXTENSION SERVICE

By FOSTER WHALEY
FEED GRAIN PROGRAM

At the time of this writing the Gray County ASC committee has had 52 appeals and 12 that have signed for the program.

Considerable complaint has been made over the very low average yield given Gray County in relation to two very similar counties—Roberts and Carson. As I understand it, these counties are as follows: Carson County, an average of 46.2 bushels has been awarded from the state office; Roberts came in with 42 bushels and Gray 25.6 bushels.

RANGE SPECIALIST VISIT

Garyn Hoffman, range management specialist, was in the county last Thursday assisting with some of the planned demonstrations in the county.

We selected a site for a sage brush control demonstration on the Dial Ranch. We tried to get in touch with James Clott and learned he was in Colorado.

Other members of our range management committee were out of pocket.

Hoffman and I also checked some plots on the McClellan place north of McLean where ferrous pellets had been used. Anyone interested in these plots should take a look at them.

Hoffman is to send me four signs and we hope to mark these

demonstration. I am to receive a small amount of 2,4,5-t chemical, which will be used to treat individual plants of prickly pear and bear grass. We will try to mark them also.

FEED GRAIN PROGRAM

A point you should consider—since there is no penalty involved should you sign up for the feed grain program and later decide not to participate, I feel everyone would be wise to sign now.

If you do you will be no worse off than the fellow that didn't sign at all if you get out of compliance. Dollars and cents-wise you are getting some cheap insurance against a failure to get a stand on June 31, a hail-out in July or a drought-out in August. The insurance costs you nothing.

I am not speaking for or against the merits of the program but just passing along a dollar and cents tip.

I explained this to Clyde Magee, so call him and he will explain it to you.

HOMEOWNER ?? or HOBO??

What you do about insurance protection within the next 24 hours might very well determine whether you remain a homeowner or wind up "out in the cold" like the gentleman above.

Building costs have doubled. Would you be able to replace your home if it is destroyed tomorrow? Not if it is insured by 1946 standards.

Be sure your insurance protection is up-to-date. Our free protection check costs you nothing, and may save you thousands of dollars.

On April 10th at the pastor's home in Texoma, Okla., Mr. J. F. Van Sant and Miss Nina Gore were married. Rev. Franklin said the words which made them one.

Miss Gore is the daughter of Mr. and Mrs. A. M. Gore of Goodwell, Okla., and numbers her friends by her acquaintances.

Mr. Van Sant is the eldest son of Mr. and Mrs. Lee Van Sant, who have resided here for almost five years. He was a graduate of McLean High School in 1918, and is at present a clerk in the Rock Island depot.

They will make McLean their home, and the good wishes of their friends are that they have a long and happy wedded life.

T. J. D'Spain, who lives 12 miles northeast of town, has a domineer hen that pays no attention to hard times talk. This fowl listens to those who advocate pushing one's business and making the best of a hard situation, getting the maximum production from the facilities at hand.

One day last week Mr. D'Spain brought to town an egg this hen produced that takes the prize for bigness. In bulk it is as big as three or four ordinary cackleberries.

The News is told that this hen produces two or three such eggs every week. The hen is not for sale.

George Newbery New Manager of Southwestern Bell

George Newbery of Fort Worth has been re-named manager of the Southwestern Bell Telephone Co. area office in Pampa.

He succeeds Joe McDonald, who has been appointed manager for the company at Greenville. Newbery served as telephone company manager in Pampa for 10 years—from 1947 to 1957.

Newbery left Pampa in September, 1957, when he was transferred to Fort Worth as supervisor in charge of the company's public telephone coin collection division.

A veteran of 26 years with Southwestern Bell, he is active in civic work and served on many different civic functions during the time he lived in Pampa previously.

His son, Richard, now a student at Texas University, is a graduate of Pampa High School and was an outstanding athlete during his four years there.

Mr. and Mrs. Newbery are members of the Methodist Church. McDonald was appointed manager for the company in Pampa in September, 1959. He moved to Pampa from Dallas, where he had served as a staff assistant in the company's commercial department.

McDonald, his wife and two children presently live at 1700 Beech Street.

100 YEARS AGO MORE THAN 40 ARE KILLED AS WAR HITS MISSOURI

By LON K. SAVAGE

A civil war within the Civil War erupted in Missouri 100 years ago this week. Before the week's events were done, the state was split, dozens had been killed and tumult reigned.

The violence had a strange introduction: When a veiled old lady carrying a basket of eggs rode up in a servant-driven buggy to Camp Jackson in St. Louis' western outskirts.

The sentries at the camp took her for a soldier's mother and

FEED GRAIN PROGRAM

At the time of this writing the Gray County ASC committee has had 52 appeals and 12 that have signed for the program.

Considerable complaint has been made over the very low average yield given Gray County in relation to two very similar counties—Roberts and Carson. As I understand it, these counties are as follows: Carson County, an average of 46.2 bushels has been awarded from the state office; Roberts came in with 42 bushels and Gray 25.6 bushels.

RANGE SPECIALIST VISIT

Garlyn Hoffman, range management specialist, was in the county last Thursday assisting with some of the planned demonstrations in the county.

We selected a site for a sage brush control demonstration on the Dial Ranch. We tried to get in touch with James Clett and learned he was in Colorado.

Other members of our range management committee were out of pocket.

Hoffman and I also checked some plots on the McClellan place north of McLean where feron pellets had been used. Anyone interested in these plots should take a look at them.

Hoffman is to send me four signs and we hope to mark these

Musical Dozen Club Learns of Ratings

The Musical Dozen Club met recently at the Boyett studio. Repertoire players for the afternoon were Sharon Sitter and Elaine Baker.

Pupils presenting one number each were Eddy Windom, Phyllis Pukan, Janice and Joyce Saunders, Nancy Dickinson, Martina Giesler, Beth Dalton, Betty Dilbeck, Sarah Coleman, Martha Drum, Paula Stewart and Linda Guill.

Hostesses were Mrs. Spencer Sitter and Mrs. Carl Baker.

Ratings for the month were: Superior plus—Sarah Coleman and Betty Dilbeck; superior—Beth Dalton; excellent plus—Linda Guill; excellent—Nancy Dickinson; excellent minus—Martha Drum, Phyllis Pukan, Janice Saunders, Joyce Saunders and Eddy Windom; good—Kay Hall, Sharon Sitter and Paula Stewart.

Jimmy Vineyard arrived home last Thursday after spending two years in Berlin, Germany, with the Army. He will leave on Sunday, May 14, for Indianapolis, Ind., to work and attend school. He is the son of Mrs. P. M. Gibson of McLean and G. F. Vineyard of Matador.

Mrs. M. E. Brown is visiting relatives in Columbus, Ga.

demonstration. I am to receive a small amount of 2,4,5,4 chemical, which will be used to treat individual plants of prickly pear and bear grass. We will try to mark them also.

FEED GRAIN PROGRAM

A point you should consider—since there is no penalty involved should you sign up for the feed grain program and later decide not to participate, I feel everyone would be wise to sign now.

If you do you will be no worse off than the fellow that didn't sign at all if you get out of compliance. Dollars and cents-wise you are getting some cheap insurance against a failure to get a stand on June 31, a hail-out in July or a drought-out in August.

The insurance costs you nothing. I am not speaking for or against the merits of the program but just passing along a dollar and cents tip.

I explained this to Clyde Magee, so call him and he will explain it to you.

HOMEOWNER?? or HOBO??

What you do about insurance protection within the next 24 hours might very well determine whether you remain a homeowner or wind up "out in the cold" like the gentleman above.

Building costs have doubled. Would you be able to replace your home if it is destroyed tomorrow? Not if it is insured by 1946 standards.

Be sure your insurance protection is up-to-date. Our free protection check costs you nothing, and may save you thousands of dollars.

WEEK

in life?

We come into the world with nothing and leave it the same way. For we return to the land from whence we came, and what we leave behind us we leave to those who come after us.

Perhaps this is what makes us feel a close kinship to the earth. Or it may be that the earth is that part of nature that the poet and philosopher Samuel Taylor Coleridge spoke of as the "agent" between God and man.

Whatever the reason, each of us has a feeling of closeness to the land and through it to the Creator of it. And with that closeness we are struck with the impact of the permanence of the land. Then we realize that although we may live a hundred years, the land will be here long after we are gone.

That is why the care of the land becomes so important to us.

We received a card from Uncle Zeb (Carl C. Wood) of Claude recently, complimenting us on our efforts and announcing he still has some copies of his book, Along the Trails in Red River, available.

Carl is well known for his column, "Plowin' Out the Corners," which appears in The McLean News and several other newspapers and magazines.

His book, published last year, gives Carl's experiences and impressions of the Red River area.

The weight of conflicting public opinion isn't so hard for a candidate to bear if he's used to carrying water on both shoulders.—Chicago Tribune

It is said that an optimist would say that a glass was half full and that a pessimist looking at the same glass would say that it was half empty. By the same token, the sad one would see life as being full of many troubles, and the happy person would remember the times of joy and gladness.

The optimist would see the future as having many roses along the pathway of life. The pessimist would think of the thorns and briars.

The optimist may be disappointed with today because it was not like his dreams, but will still have his hopes for the future. The pessimist can only be miserable in his correct predictions with no hope for a better tomorrow.

The optimist helps to light the candles along the pathway of life when all the pessimist will do is to curse the darkness and complain about the troublesome road.

To those who must endure us day after day in the home or at our daily tasks we soon become

either the spirit of cheerfulness and courage or we become the voice of gloom. We either give them that smile that means encouragement, or a frown to deepen their fears. We read the following little poem some place and to us it proves the one we had rather be.

No matter how grouchy you're feeling,

A smile is always quite healing. It grows like a wreath, all around the front teeth,

Thus preserving the face from congealing.

J. M. Payne made a business trip to Amarillo Tuesday.
