

More Honors for Mrs. Holcomb

Still more honors have come to Wellington's Mrs. Jennie Holcomb.

Tuesday she was named Mother of the Year by the Texas Federation of Women's Clubs during their annual convention in Dallas.

It was also learned during the week that judges ranked Mrs. Holcomb second in the American Mother of the Year judging in New York, May 7, in itself a distinction of great importance.

She had known earlier that she was among the top five.

The American Mother of the Year was Nebraska's representative.

To friends, Mrs. Holcomb has expressed her happiness at the outcome, for the honor of being American Mother of 1963 carries with it the duty of certain traveling and activities.

Wellington's "Miss Jennie" has just begun savoring her well-earned retirement after 26 years as city secretary. Home and the daily visits with her son, daughter-in-law, and four lively grandsons mean most to her right now.

Spring Flower Show Slated for May 18

The loveliest of Wellington's spring flowers will be on display Saturday, May 18, when the Garden Club stages its annual show.

The event will be in the community building, beginning at 11 a.m. and lasting until 6 p.m. Ribbons will be awarded the finest single specimen and displays.

Mrs. Luther Gribble, president of the Garden Club, has urged all those who have flowers in bloom to bring entries. "The flowers here have bloomed earlier than usual this spring, and many of those we usually see in the spring show will be scarce," Mrs. Gribble pointed out.

Roses are expected to predominate in the show, although perennials now in bloom will also have a major place.

Entries will be received from 8 to 10:30 a.m. and those brought in later will be exhibited but cannot be judged for prizes.

This event is open to the public, and all flower lovers of the Wellington trade area, as well as visitors are invited to attend.

In Salt Fork District

Ministers Tour Highlights Soil Stewardship Week

The annual Soil Stewardship Week will be observed in Salt Fork Soil Conservation District from Sunday, May 19, through the following Sunday, May 26.

Highlighting the week will be the Ministers' Tour, when all ministers of the county are invited to take part, visiting a series of farms to see the work that is being done to conserve and build the soil.

This tour will be held Thursday, May 23, according to Bob Crawford, work unit conservationist of Salt Fork Soil Conservation District.

The group will meet at the courthouse at 9 a.m. A short film, "The Earth Is the Lord's" will be shown. This popular film, which takes its name from the Psalm containing those words, concerns soil conservation.

Six farms will be visited, Crawford said.

Beginning at the Ray Null place, the ministers will see critical area shaping for grass seeding. The next stop will be at the Robert Posey farm, to inspect an outstanding terrace system.

On farms owned by Posey and Judge Luther Gribble, the men will see a partnership waterway and erosion control dam. A farm pond that is attracting wildlife will be visited on the J. C. Hartman farm. A

The Quail Nines defeated a fast Roby team to take the Interscholastic League Bi-District Baseball championship on

Saturday, May 11, on the neutral Snyder diamond.

Wellington's Jackie Daves took third place in the junior college men's tennis singles at the tournament in Odessa.

A sophomore in Frank Phillips Junior College, Borger, he won from a field of 16, representing junior colleges through out Texas.

Daves then teamed with Jerry Cole to cop fourth place in the men's doubles from a field of eleven entries.

Roy Kiser is coach of the Frank Phillips tennis team.

The Borger college plays in a junior college conference along with such schools as Howard County Junior College, Big Spring; Odessa Junior College; Lubbock Christian College; Amarillo Junior College; Clarendon Junior College; and South Plains Junior College, Levelland.

While playing in Wellington high school, Daves twice went to the regional finals and again got into the semi-finals.

Speaking of his record, Coach E. W. Clement declared:

"Jackie is one of the better players our school has produced, especially since he got a late start. He has great competitive spirit—that was his big asset, as well as the consistent game he plays."

The 19-year-old Daves is the son of Mrs. Louella Daves and the late Royce Daves.

On week ends during the tennis season this spring, Daves worked out with members of the Wellington high school

tennis team to give the youngsters experience.

AMPHITHEATRE PLAQUE DESIGN TO BE SHOWN IN AMARILLO

Design drawings for plaques which win first place and honorable mention in a county competition, recently sponsored by the Federated Women's Clubs and the Amarillo chamber of commerce for the Texas Panhandle Heritage Foundation will be exhibited in the foyer of the Amarillo city auditorium May 16-18 during the run of "My Fair Lady" and thereafter for graduation guests.

The winning designs will be carved in stone and mounted on the wall of the new outdoor theatre in Palo Duro Canyon State Park. Drawn by high school students, the designs represent the outstanding characteristic of each of the 41 Panhandle counties entered in the contest.

Mr. and Mrs. Jack Latham, representing the Fine Arts Council of the Amarillo chamber of commerce, handled the complicated details necessary for the smooth functioning of the contest, which was initiated last January, and members of the Federated Women's Clubs in the respective counties made the school contacts and took the responsibility for the judging.

The winner from Collingsworth county whose work will be exhibited is Jerry Mann, of Dodson.

The contest was part of the Panhandle-wide program of the Texas Panhandle Heritage Foundation for preserving the heritage of the north plains, and for the completion of the canyon amphitheater, where a musical drama built around the history of the whole area from Indian days through the early settlement stage to the present era of prosperity, will be produced. Numerous descend-

ants of settler families are underwriting the cost of various units of the theater and the production as memorials to their pioneer forbears.

The drama, which will have some resemblance to the all-time-favorite musical "Oklahoma" but with deeper significance, is now being written by Paul Green. His "Lost Colony" at Roanoke county, N. C., and "The Common Glory" at Williamsburg, Va., which is the dramatization of Thomas Jefferson's struggle for democracy, are only two of the nine outdoor dramas which this Pulitzer-Prize-winning author now has running in the United States. He has several others in the planning stage. Some of his productions have been running since 1944, bringing unheard of prosperity to the areas sponsoring them. The musical score for the Palo Duro Canyon production is being written by Isaac Van Grove, Hollywood composer-director,

who has collaborated with Green on other productions. Recognized professional actors and singers will perform in the production.

Mrs. Ples Harper is president of the Texas Panhandle Heritage Foundation and 75 prominent Amarillo, Canyon, and Panhandle area men and women serve on the board of directors. The Heritage office is at 416 16th Street, Canyon.

Elbert to Teach at Arlington

Jerry Elbert, former Skyrocket football star, will be an assistant coach in one of the Arlington junior high schools next year.

Elbert will receive his bachelor of science degree in physical education from Texas Technological College, Lubbock, in June.

He is the son of Mr. and Mrs. Cecil Elbert of Abernathy. His wife is the former Linda Brantley, daughter of Mr. and Mrs. Heber Brantley. They have one son.

GENERAL TELEPHONE TOWNS ON THE MOVE

Olney

Creates

Home-grown

Industry

When an aeronautical engineer and the business leaders of Olney, Texas, got together, a new home-grown industry was born. The product: an agricultural aircraft especially designed for crop dusting and spraying.

Now, 4 1/2 years later, Snow Aeronautical Company employs 57 skilled workers in this West Texas community of 3872, and has sold aircraft in many agricultural states of the Union and in seven foreign countries.

Success of this thriving local enter-

prise is evidenced by a plant expansion program which will double the factory size when construction is completed this Fall. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Carriers to Help With Stock Survey

Postmaster Howard Hunt reminds rural patrons of the Dodson post office to be on the lookout for June Livestock Survey cards. Next week, mail carriers will leave survey cards in a sample of boxes along their routes.

"USDA bases livestock and poultry estimates on replies to this survey," Hunt explains. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings."

"Dodson Route One Carrier Ross Swift is assisting with the survey."

"Survey cards will be forwarded to Cary D. Palmer, state agricultural statistician in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the state's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets."

"Information from this survey will guide livestock and poultry producers in making important business decisions," Hunt concludes.

Shades of Reconstruction Days! Troops Ordered to Alabama

Shades of the Reconstruction Days. The President has ordered Federal troops to Alabama presumably exercising his constitutional right to keep peace and order in the nation.

The troops are not on Alabama soil at this writing, but they have been alerted and are only 50 miles from Birmingham.

The order bypasses state laws and lends encouragement from high officials to riots and other illegal procedures that have been deliberately planned and are now being conducted by outside agitators.

It seems to us that the Administration might better serve the nation by maintaining law and order and preserving civil rights in Washington D. C., New Jersey, Harlem, Detroit and Chicago.

Police in Washington D. C. report that 80 per cent of all the murders, rapes and muggings in the capital of this nation are committed by Negroes. A white woman does not dare go out on the streets unescorted at night and this applies to all the streets.

White women will not visit the stores in Chicago on Thursday, because that is "push day." They are pushed off the street.

And of course you have been reading for years of what has been happening in Harlem and Detroit.

The Negro cannot hope to advance the cause of his race in the long run by riots and murders and trying to take the law into his own hands as if he had come from a tribal war in Africa.

It is humiliating and disheartening to the people of the South to realize that the power of the Federal Government is being used to add incentive and encouragement to this unlawfulness. For many, many years the more enlightened and farsighted people of the South have been working diligently to improve the lot of the Negro with better schools and fairer opportunities.

The hands of the South are not entirely clean as regards their treatment of the Negroes; but they can't help observing what is happening in Washington, Harlem, Detroit and other cities in the north where there is just as much discrimination and a lot less understanding of the Negro.

The South is being burned with a brand it does not deserve by the Administration for this is a national problem and not one that exists only in the South. We think the President and his Cabinet might well pay more attention to Cuba and less to Mississippi and Alabama lest our whole great nation be burned to a crisp by truly devoted agitators.

CROSSROADS REPORT

Dear Editor:

I see where the main question before wheat farmers when they vote next week is whether they want to go for what is called supply-management by Washington.

Heretofore, of course, the Lord has been in charge of managing the supply of stuff, but has had trouble keeping things in balance on account of using humans as tools.

But my Bible-loyal neighbor says even an old-timer like the Lord might have done just as good a job as the Washington boys, if he'd had their intellectual and educational advantages.

I see where it has been suggested that our national anthem ought to be changed to "Hail to the Chief."

May be the objection to the old "Star Spangled Banner" is that it could mess up our world image, with its harping on rockets and bombs and freedom and bravery and whipping somebody.

After all, Mr. Key did write it for an earlier, unsophisticated type of American, with old pre-intellectual ideas like thinking a foe ought to be frustrated instead of accommodated.

My politically adjusted neighbor says he notes that some Puritanism are still bugged by our glorious National Debt.

Whereas, it has been explained to them that this is nothing to worry about because we owe it to ourselves, and we are not likely to sue us over it.

But, he says, to keep them quiet, if everybody else will, he is willing to just charge off the part he owes himself, as a bad debt, and take it off his income tax.

Mr. and Mrs. Virgle Cunningham and daughters, Candace and Lydia, of Panhandle, spent the week end with Mr. and Mrs. Tubal Cain. Cunningham is with the soil conservation service at Panhandle and she teaches in the junior high school there.

Summer's coming, get going!

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.

And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on

a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he

has just the model and color you want — be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.

So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

He lived in Wichita Falls several years and attended the school there before returning to Wellington.

Don played basketball three years, and at the same time was on the track team. He was on the Skyrocket football team this year.

Interested in dramatics, Don was in the junior and senior plays, the Christmas play two years, and this year he was in the cast of the Interscholastic League one-act play contest.

His membership in the Beta Club is evidence of his excellent scholastic record as well as his achievement in other fields.

Nat also played baseball and was a member of the Library Club.

Nat is another talented artist of the senior class, and that is his hobby.

Agriculture and algebra are his favorite subjects.

Nat says he plans to enlist in the Navy and later to attend college.

However, she has other interests, too, and plans to attend Abilene Christian College and major in mathematics.

Peggy is the daughter of Mr. and Mrs. C. L. Shanks, 1402 West Avenue. She was born here Dec. 12, 1944, and all her school work was in Wellington.

Bill plans to attend college, although he does not say where.

Billy Wilkerson

One of the seniors who also holds down a regular job is Billy Wilkerson. For the last two years he has been an apprentice at The Wellington Leader, where his work could easily lead him into a profession.

The son of Mr. and Mrs. C. O. Wilkerson of Wellington, Billy was born Nov. 12, 1944. He has attended school here 12 years.

Music is Bill's hobby, and he has done excellent work in the field of band.

Not only has he been a member of the high school band for four years, but he also was a member of the stage band. He is a member of the Telstars, a combo group that has rapidly gained popularity.

This year, Billy was reporter of the senior class.

Speech is his favorite subject.

LETTERS from the People

College Station, May 12, 1963
Box 4422, Texas

Mr. Wells:

Thanks very much for the copy of Mr. Godsoe's column. In last week's paper, I see that you only printed the first half of the column pertaining to the joke about Texas A&M. I enjoyed the other half of the column equally as well for I had not read it before. I also want you to know that we (the Corps) are doing everything we can to have the board's decision reversed. Instead of staging a riot, we are on a letter writing campaign. If any Aggie-Ex reads this letter, I would like to extend an invitation to him to write his congressman and tell him how he feels about the present situation. I assure you the Corps is

Janet makes her home with her uncle and aunt, Mr. and Mrs. Oris West, 1608 Amarillo Street. She was born here Dec. 5, 1945.

Speech is Janet's favorite subject and her hobbies are sports.

After graduating, Janet plans to attend a business school.

County Men to Graduate at Wayland

PLAINVIEW.—Two Wellington students at Wayland Baptist College, Plainview, will be graduated in the 52nd Commencement Exercises, May 19-20. They are O. D. Holton, son of Mrs. O. D. Holton Sr., and John Alexander, son of Mr. and Mrs. J. L. Alexander, Rt. 6.

Also among the 83 seniors from 13 states and Japan is George Claylan Coursey, former pastor of Faith Baptist Church in Wellington.

Holton is a candidate for the BA degree with a major in English and a minor in psychology. A 1959 graduate of Samnorwood high school and a 1961 graduate of Clarendon Junior College, Alexander will receive the BS degree with a major in physical education and a minor in biology.

Recently Holton was presented a certificate of achievement for the outstanding student in German during the annual Recognition Day program at Wayland when about 35 students were honored. He was initiated into Alpha Mu Gamma, language fraternity, for his accomplishment in Greek. The graduating senior is also a member of Proud Heirs.

In the fall Holton and his family will move to Lubbock where he will do graduate study at Texas Technological College in English, on a teaching assistantship.

Alexander was elected captain of the Wayland Pioneers basketball team at the first of the season, and his teammates also chose him as Most Valuable Player of 1962-63, for which he was presented an engraved watch at the recent Sports Marathon Athletic Banquet.

As coach of the TF&R Queen Bees, freshman women's basketball team from Wayland, Alexander received high acclaim in April when his team placed fourth in the National AAU Women's Basketball tournament in St. Joseph, Mo.

Last year Alexander was social chairman of his class and was chosen class favorite. He has served as vice president of the Physical Education Majors and Minors Club in 1962-63.

The athlete's plans for the fall include teaching and coaching.

Coursey, who served as pastor of Faith Baptist Church from May 1960 to September, 1962, will take part in the Evangelistic Crusade to Utah and Idaho, planned by the Ministerial Alliance at Wayland. Presently he is pastor of Becton Baptist Church near Idalou.

Speakers for the Commencement ceremonies will be Dr. James Ralph Scales, president of Oklahoma Baptist University, Shawnee, and Dr. A. Hope Owen, Wayland president for ten years, whose resignation is effective June 30. Wayland graduate Dr. A. A. Hayden, academic dean at Mary-Hardin Baylor College, Belton, will make the alumni address for the Gold Keys Dinner at which seniors are inducted into the Association of Former Students at Wayland Baptist College.

Donald Brown and Bob Schaffer of Roswell, N. M., visited in the home of Mr. and Mrs. L. T. Asher Saturday.

Mr. and Mrs. Dub Marchant and daughter, Pam, and Alvina Roberts were in Lubbock during the week end to visit their sons, Mr. and Mrs. Don Marchant and baby, and Dean Marchant.

Visitors in the home of Mr. and Mrs. W. F. Harbin this past week end were their children, Mr. and Mrs. Jack Mears and daughter, of Roscoe.

Mr. and Mrs. Don Hood and son, of Lubbock, spent the week end with her mother, Judge and Mrs. L. E. Gribble.

Mr. and Mrs. Ray Richards and sons and Mr. and Mrs. Rudy Horak and family, from Amarillo, spent Mothers Day in the home of their mother, Mrs. Doshia Dix.

Honors Go to Three WHS Band Members

Three members of the high school band were tapped for honors denoting outstanding work during the brief presentation ceremony at the annual Pops Concert Friday night, May 10.

Bill Tyler received the National Arion Award for outstanding musical achievement, and Dan Warrick and Raymond Horton were named jointly to receive the outstanding band student award.

The Arion Award, made to a senior, goes to only one student in each school. The recipient is chosen on the basis of his scholastic record, citizenship, musicianship, attendance, diligence and band record throughout his high school career.

Both Warrick and Horton are sophomores. Warrick is the son of Mr. and Mrs. Velman Warrick, and plays a trombone, while Horton, who plays cornet, is the son of Judge and Mrs. Raymond Horton.

Awards were presented by Tubal Cain, band director. During the intermission, Jan Glenn entertained with a Charleston number, and Patty Overton sang "Honey Bun" from South Pacific. Earl Lynn Bartlett was accompanist. Both girls wore dresses reminiscent of the 1920s.

Sam Thompson was master of ceremonies during the intermission.

Carol Blain, band president, represented the musicians in presenting Cain a gift certificate.

A near-capacity crowd attended the concert, given in the community building. Those present sat at tables and were served sandwiches, pop and cake and pie during the entertainment, a traditional feature of the "pops concerts."

Week Listed to Improve Mail Boxes

The week of May 20-25 has been designated Mailbox Improvement Week. Mailboxes on all routes are to receive attention, according to Howard Hunt, Dodson postmaster.

All patrons are encouraged to furnish mail receptacles that are convenient, and safe to use, neat appearing, and protect the mail. All boxes should be of the approved type. They should be kept in good serviceable condition and should be easily served by the carrier.

Mail boxes on all routes should be on the right side of the road in the direction of the travel of carrier. This project was started a few months ago and now we have about 95% of all boxes on the right side on the routes served by the Dodson post office, said Hunt.

Names of owners should be shown on the side of the boxes visible to the carrier as he approaches, or on the door if the boxes are grouped. Boxes and supports should be kept painted.

Boxes that are not properly installed nor kept in good serviceable condition retard the delivery of mail and may expose it to the weather. Unserviceable boxes should be replaced.

Meeting Thursday

Riding Club, Rifle Team Planned for 4-H

Two new projects were added to the Wellington 4-H Club program when that group was re-organized Friday night, May 10, County Agent Cecil Regier reported.

First of these is a horse program, which in its initial stage will be in the form of a riding club, Regier said.

The second is a rifle team or club, with top members to participate in the regular 4-H rifle contests.

Another meeting of the 4-H Club members is slated for Thursday night, May 16, at 8 p.m. in the county courtroom. Details on these two projects will be worked out.

"Both boys and girls are eligible to belong to the riding club, but they will have to be members or join the 4-H Club, and each member must have a horse available," the county agent explained. The ages for 4-H membership are 9 through 21 years.

Richard Noll will be the adult leader.

The course of the rifle club depends on the interest shown, Regier reported. An adult leader is needed at present.

The youngsters will use .22 calibre rifles. The official 4-H Rifle contests are held in May of each year and practice will begin soon on next year's event.

Girls are also eligible to belong to the rifle club, with a mother needed to help as an adult leader. The same ages apply to this as in the riding club.

"We are going to stress safety most of all—how to handle a gun safely," Regier pointed out.

Approximately 10 boys and several Dads attended the Friday meeting.

Charles Welch was in Denton during the week end to attend the roundup of his fraternity, the Geezles, the oldest social fraternity on the North Texas State University campus. Welch also was in Fort Worth on business.

Mr. and Mrs. Henry L. Sorrells have been living in Abilene while he was in the Air Force. On June 2 he will receive his discharge and he and his family will move to Medford, Ore.

North Side of the Square

Deck's DIDACTICS

—By Deskins Wells

A serious effort is being made to restore Latin as a major course in Wellington high school. This is important to any student who plans to be a doctor, lawyer, scientist, architect, biologist, zoologist, minister, or almost any other calling that requires an exact and formal education. It makes it easier to learn any of the romance languages such as Spanish, French and Italian and it helps no end in learning to use the English and American languages correctly. It would even be helpful to a country editor; because it would save looking up a lot of words in the dictionary.

If you have small tots playing around your house you had better be careful as to what you plant for sometimes there is poison lurking in the beautiful plants and flowers. For instance I just learned that elephant ears can cause a painful swelling and itching of the mouth and throat when chewed and I have been growing them for the past three years. A half a handful of castor beans contains enough poison to kill five children. Sweet peas are seldom fatal but they can cause a form of paralysis. Other toxic plants include larkspur, fox glove, golden chain and rhododendron.

Mrs. Henry Vaughan had a beautiful magnolia blossom in her yard last week. She said it had been out for three years and had never frozen. That seems odd because all of the red pyracantha in town froze down from the ground last winter and much of the crepe myrtle was severely damaged. Orange pyracantha seems to be much less susceptible to frost than the red just as yellow cannas will survive if covered with their own leaves while the bulbs of the red cannas will often freeze and rot.

John Trew is much more charitable than some of the local characters who have been giving me THEIR opinion of my opinion about the weather. He says he will give me thirty days before I have to start packing. That would be about June 15. Mrs. Frank Anderson stopped her car and asked just when did I say it was going to rain and before I could answer stuck her nose in the air and drove off. George Scott was a little kinder—he thinks I put the item in the paper just to get people to talking. I still say you had better get your cattle on high ground and do it right away.

There is a letter in this issue from my young friends who are attending "sing sing on the Brazos" in which they want to know why I didn't run all of Frank Godsoe's column. They are undoubtedly referring to that part which said: "Now that women have been admitted to A&M maybe they will start letting 'men' attend The University of Texas." By the way, it is now officially A&M University and not A&M College.

TCU tied Texas for the Southwestern Conference championship in baseball, but Texas will represent the conference in the playoffs because they defeated TCU two out of three games.

Jones, medical; Mrs. Ernest Harwell, service; Mrs. Deskins Wells, publicity; Mrs. Robert Barjenbruch, education. Each chairman is to select four or five members.

Approval of the unit's by-laws has been received from Curt W. Reimann, executive vice president of the Texas division of the American Cancer Society, Bratten announced. Reimann also congratulated the group on how well the young organization is doing in the county.

Mrs. Gorman Owens reported on the Cancer Crusade and Bratten told of the educational material distributed and the films used by Mrs. Barjenbruch over the county.

A meeting of the service committee was announced, when a study will be made of cancer patients in the county who may need help.

The next meeting of the cancer society will be July 8, at 7:30 p.m. in the Greenbelt Electric building.

Lowry Speaks at Roaring Springs

Neal Lowry, Area I vice president of the Future Farmers of America, was guest speaker at the annual FFA banquet at Roaring Springs on Thursday evening, May 9.

The theme of his talk was "Citizenship as Developed by FFA."

His four main points were: A citizen must think tall; a citizen must smile tall; a citizen must walk tall, and a citizen must live tall.

Continuing, he showed how FFA brings out each of these points in the lives of members, and how it teaches leadership, citizenship and cooperation. He was accompanied to Roaring Springs by his parents, Mr. and Mrs. Jack Lowry.
