

New Chamber President

J. C. Britton Believes
Service To Community
Pays With Dividends

Colorado City's Chamber of Commerce president for 1970 does more than talk about his community's future.

He places his business interests, his time and effort right where the words are.

J. C. Britton came back to Colorado City to invest in and open his own business after being associated with a nationwide firm.

When an early morning fire ravished his store, he didn't retreat.

Instead, two weeks later he moved into a new location at Walnut & First, expanding even

as he re-opened his firm's doors.

Now, he is ready to step into the lead post of his Chamber of Commerce, the only organization devoted solely to the economic and cultural growth of the community.

Britton is a "senior" member of the current board, moving into his third year as a Chamber director. He will step into the presidency being vacated next month by Don Benson, Texas Electric Service Company manager.

"Sure, I know this is challenging assignment," Britton said Wednesday. "The responsi-

bility is almost too big for any person."

"But Colorado City is on the go. Our citizens, our businesses and industries want our community on the 'go'... planning, working and moving ahead."

"They have generated a new spirit, new attitude and new action," the new president said, "and I am ready, willing to assist this tremendous development through the leadership of our Chamber of Commerce."

Britton said the Go-For-Industry Campaign and the location of Colorado City Manufacturing Company, an affiliate

of Jeanne Manufacturing Company of Dallas, in Colorado is one of the marks of the community's new 'go' attitude.

Operation Pride is another prime example he said, along with the city's Master Plan project downtown business district survey.

"There have been efforts in all fronts of our community," he said, "and I believe the citizens of our community are anxious to keep this spirit and achievement thriving."

Britton, also a member of City Council, said that even as Colorado City moves ahead into the 1970's, there is even

more reason for new emphasis for the natural link between business and agriculture.

"Agriculture remains a firm foundation for our community's business and industrial development," Britton said, "and I believe our citizens, both urban and rural, should make new effort for the farmer-rancher - businessman - wage earner to progress hand-in-hand together."

Britton has been an advocate of working for your community as well as for individual business ever since he returned here to open his Western Auto Store.

Chamber Officers Named Atty. Gen. To Speak At Banquet

Texas Attorney General Crawford Martin will be principal speaker Jan. 19 for Colorado City Chamber of Commerce annual membership banquet.

Don Benson, whose term as Chamber president concludes with the banquet, announced Wednesday the state official had accepted the banquet invitation.

At the same time, Benson revealed five officers who will lead the Chamber of Commerce in 1970:

President - J. C. Britton,

owner of Western Auto Store and city councilman who will be serving his third year as Chamber director.

Vice Presidents - Dr. H. Jene Steakley, second-year board member, dentist, first vice president; John T. Merritt,

owner of Pond & Merritt Dry Cleaners, third-year director, second vice president.

Treasurer - Drew Ballard, owner of Radio Station KVMC, new member of the board.

Secretary - Joe Morren,

certified public accountant, serving his third year on the board.

The 1970 slate of officers was elected at a combined meeting Tuesday of current Chamber of Commerce di-

rectors and four new directors who take office in January.

Members of the nominating committee were four directors whose terms expire this year - Trevlyn Kelley, Dr. Elton Berkman, Truman Bodine and Jimmy Harrison.

The banquet Jan. 19 in Civic House not only will feature the attorney general but will also introduce new Chamber of Commerce officials to the membership, pay tribute to 1969's outstanding Chamber members, the community's outstanding farm family and woman of the year.

Jaycees will also present the annual distinguished service award to the outstanding young man of 1969.

City Manager J. A. Sadler, a key member of the industrial prospect and contact committee of the Industrial Team and Chamber, will be master of ceremonies for the banquet.

Edwards On Attack

Carrier At Vietnam

Fireman Apprentice Steven W. Edwards, USN, son of Mr. and Mrs. Jack L. Edwards of 720 E. 17th St., is serving aboard the attack aircraft carrier USS Ranger off the coast of Vietnam.

The 80,000-ton Ranger is currently in its fifth combat tour in Vietnam and ninth to the Western Pacific. This is her third cruise with Attack Carrier Air Wing Two embarked. Ranger serves as flagship for Rear Admiral James C. Donaldson of Bessemer, Ala., Commander Carrier Division Three.

Comfortable Donors

Lions Club President B. D. Mason, whose organization contributed 10 seats to the new Colorado City Playhouse, checks on the comfort of the "senior" Playhouse donor, T. E. Arnold, 88, trying out one of the new cushioned seats on display in City National Bank.

Drug Policy Set Regulations For City Schools

Colorado City schools now have an official policy dealing with drugs and narcotics.

The policy, adopted by school board members, allows for suspension or expulsion if necessary.

According to the official policy, a student may be suspended from school for a drug and/or narcotic abuse if he:

1. Attends classes or participates in school sponsored functions while under the influence of drugs and/or narcotics.

2. Sells or administers drugs and/or narcotics to another student on school property or at school-sponsored functions.

3. Has in his possession drugs and/or narcotics.

The new policy allows for the school board to provide opportunity for a suspended student to prove his innocence at a board hearing after a reasonable time.

Another phase of the policy allows expulsion of any student convicted of a misdemeanor or a felony for possession, use or sale of a dangerous drug

or narcotic drug outside the school. And no credit would be allowed such a student for his or her's current school semester.

The new policy was set by school board members on recommendation of Supt. James McMath, not because of any drug problem in schools now, but to be prepared for any future conditions.

It is in line with recommendations by state school officials who have studied systems where problems already exist in some areas of Texas.

Verdict will come in from the jars across town Saturday -- naming Colorado City's Little Merry Christmas and Miss Merry Christmas.

Money will be counted from the containers and each penny will count one vote for a particular candidate.

Presentation of the winners in the five-week contest will be at 4 p.m. Saturday in Civic House.

Officially naming the winners will be John Billings, chairman of merchants committee, Chamber of Commerce.

All containers -- to be counted in the voting -- must be turned into the Chamber of Commerce office Saturday by 12 noon. That will allow time for tabula-

tion of votes before the 4 p.m. presentation.

"It Happened in Bethlehem" will be presented at the Civic House program by a sixth grade language class of Mrs. Margaret Williams. The play, directed by Mrs. Williams, has been applauded by Kiwanis and B&PW Club audiences recently.

Candidates for Little Merry Christmas honor are:

Canned foods will be the admission ticket for annual Kiwanis Christmas movie Friday afternoon at Palace Theater.

Doors will open at 2 p.m. and the technicolor movie, "Munster Go Home," begins at 3 p.m.

The food will go into Kiwanis Christmas baskets for needy families.

5 Smiling With \$350 Final Draws Saturday, Christmas Eve

Two more big Merry Christmas Cash drawings are on tap for Colorado City shoppers.

And five more persons went home with smiles this week after picking up a total of \$350 -- all cash and the gift of a big line-up of Colorado City firms.

Last of the Merry Christmas Cash drawings will be Saturday at 2 p.m. and Wednesday, Christmas Eve, at 2 p.m.

There will be \$200 to be given away Saturday -- one big \$100 draw and two for \$50 each.

Then, Christmas Eve, if any of Saturday's cash has not been claimed (by Tuesday, 5 p.m.), the whole remaining amount will be drawn.

They'll keep drawing, too, Christmas Eve until all the remaining cash is claimed.

All smiles this week with the latest Merry Christmas Cash are these lucky ticket holders:

Jim McHargue, employee of Texas Drilling & Well Servicing Company, who is in Colorado City on six-month assignment from his Midland headquarters, and Mrs. C. H. Hamilton of Lorraine, wife of a Colorado City postman and herself an employee of Southwestern Bell Telephone Company -- \$100 each.

Mrs. B. B. Howell, Plainview Community resident whose husband died recently; Miss Ethel Sikes, who lives here at 645 Oak, and Rev. Prentice Smith, pastor of Central Baptist Church -- \$50 each.

When it is all over, a total of \$1,000 in cash will have been distributed to lucky Colorado City shoppers by a line-up of merchants who are cooperating with Chamber of Commerce merchants committee in a series of fall and pre-holiday shopping events.

"It is just another way for the stores and businesses of our community to say Merry Christmas to all their friends and customers," said John Billings, committee chairman.

The Saturday and Christmas Eve drawings -- just as all the others -- will be on parking area of City National Bank.

Santa Claus will be back in Civic House Saturday after the drawing to greet and talk with kiddies.

Double Bill

Plea For TB-RD Response

Mrs. A. J. Hooks, member of Big Country Tuberculosis and Respiratory Disease Association board of directors, this week sent out a plea for greater response to Christmas seal letters.

"Mitchell County is falling far behind this year," Mrs. Hooks said Wednesday in urging local citizens to send in their contributions.

"Some seem to be confused about seals being sent from San Angelo this year," she continued. "Since reorganization of TB-RD district into the Big Country Area consisting of 32 counties, all seals were

mailed from the San Angelo office."

"Contributions should be mailed to the San Angelo office," the Mitchell County representative said.

Mrs. Hooks and Mrs. A. H. Jackson, Mitchell County alternate for the area board of directors Saturday attended a quarterly meeting in Menard.

Program for the "dutch treat" luncheon meeting was by Dr. H. M. Anderson, a director from San Angelo.

In carrying out a program of work for a continuing educational program for the

board of directors, Dr. Anderson told about work under the auspices of the Division of Tuberculosis Control of State Health Department.

Homemaking Students Assist In March of Dimes Mailing

Homemaking I students of Colorado High School are using their extra class time stuffing mail out envelopes for National Foundation March of Dimes.

Girls are preparing the envelopes after they complete their semester sewing projects, according to home economics teacher, Mrs. Caddo Matthews.

Three thousand envelopes will be mailed out to Mitchell County residents.

The mail out literature emphasizes that a quarter of

a million American children are born each year with defects.

"The March of Dimes has designed a program to reduce this tragic toll," Bill Erwin, Mitchell County MOD chairman, said this week.

"Its success depends on the generosity of our citizens."

Contributions to March of Dimes will help support more than 100 birth defects treatment centers, research scientists and a massive health education program aimed at getting the best possible

medical care for every mother-to-be.

The 1970 March of Dimes film will be shown Jan. 6 in a joint meeting of junior and senior chapters of Colorado High Future Homemakers of America chapters.

The film will be shown by Mrs. H. H. Stephens of Big Spring, area coordinator of Caprock Chapter of MOD.

At the same meeting Mrs. Stephens will give the 1969 March of Dimes film to CHS film library.

MOD Assistance

Three Homemaking I students of Colorado High School this week stuffed mail out envelopes for Mitchell County March of Dimes campaign. Homemaking girls, who have completed their sewing projects, filled their extra class time with the community service work.

What's an Aquatic Biologist doing working for your electric service company?

He's doing many things. He counts fish, observes their growth and movement and generally monitors water quality.

These are but a few of the many jobs of John Tilton, Texas Electric Service Company's Aquatic Biologist. His laboratory is the various lakes on which the company's modern steam-electric power plants are located.

He works closely with biologists of the Texas Parks and Wildlife Department and with

biologists from colleges and universities.

Their findings are good news for fishermen. They reveal that the lake water which goes through the plants' condensers and back into the lake actually helps stir up more food for fish; and the constant flow of water provides slightly warm currents which Texas fish seem to like.

Why should Texas Electric Service Company be concerned?

Our responsibility, we feel, goes beyond our

major job of providing dependable electric service. It includes protection and improvement of the environment in which we all live, including air as well as water.

As we build additional facilities to assure plenty of dependable electric power for the future, we will continue to monitor the lakes that provide water and recreation. Lines, plants and other facilities will continue to be built with full consideration to appearance and environment.

CONVERSATION CORNER

'Twas the week before Christmas and in one small house

A wife was still wondering "What for the spouse?"

While smart early shoppers lie all snug in their bed

At least one late shopper has nightmares instead,

'Twas the week before Christmas and in the late night

Comes the confusion "Which sizes sound right?"

YOU SEE picture windows with trees all aglow

And houses are lighted wherever you go.

Now just where are the ornaments you put away

To use again this Christmas Day?

Where are the lights? Not on the shelf—

So you must have hidden 'em again from yourself.

'Twas the week before Christmas and all over C-City

Snowmen and shepherds and stars shine so pretty

And parents pick up the lay-away toys

To hide in the closet from small girls and boys

People are dashing from store to store

Let's see the list. There's only three more.

'Twas the week before Christmas and all through the week

You play the old game of hide and seek

Which really should be seek and hide

At this jolly Christmastide.

'Twas the week before Christmas and in the air

Christmas carols everywhere.

'Twas the week before Christmas and all over town

You meet old friends in slacks or in the best gown

Happy and hurried and that look in the eye

Which says "Hello there. Hello and goodbye!"

Nobody much has time for the talking

Few of us know if we're riding or walking.

'Twas the week before Christmas and those cards you bought

Still not addressed though you will know you "ought."

Nuts still to crack, gifts yet to mail

If being late were a crime you'd just land in jail.

'Twas the week before Christmas. Be of good cheer—

If you're not ready Christmas, try Happy New Year!

HAVE you seen the display of exquisite nativity figurines in the library foyer?

Have you marked your calendar for Dec. 20 when the Jaycee Christmas home lighting contest will be judged? That should be the best time to take the children riding for the traditional admiration tour.

Have you remembered somebody who might be forgotten unless you remember?

Have you decided which new Julie Bennell salad recipe to try this year?

Checked the best tablecloth? Polished the silver? Decorated the mantel? Replenished the pantry and freezer yet? Made your date to have the hair set?

There's so much to do and so much to see

It's time to get busy, get going. WHO? ME?

SEEN LATELYS included Berta Goodwin on the downtown scene. . .Lacy and Dolores Boles together. . .Mrs. Fritz Mogford of the LTNS (long time no see) department. . .Erdine Morgan in a pretty sky-blue knit.

Saw L. J. Taylor coffee-breaking solo in the midst of a busy day. . .Ed Thrift and J. C. Britton in a coffee duet.

Saw little Betty Drennen (Mrs. R. H.) and Addie V. Payne (Mrs. Jimmy) in a Christmas conversation. Like nearly

everybody they were talking about the crowds and crowds of Citizens who enjoyed the "Moonlight Madness" merchants' holiday celebration last Thursday night.

FAMILIAR FACES belonged to Wilma (Mrs. Dave) Womack whose smile is an all-year-around habit and not saved just for the holidays.

Same thing is true of Emmabeth Thompson, wife of Charlie, who was having herself a gay time on the shopping scene.

Lucy Thomas, wife of Luke, was window shopping and admitting that the lush new shades in bath towels tempt her to Christmas shop for herself and change the color scheme of her bathroom.

Margaret Lipps, wife of Farris, was hunting books to read. Does that mean she's finished with the Christmas preparations. . .or just that she seeks time out to sit a spell?

Three Junior High girls, Nancy Brock, Martha Sparks, and Betsy Mann were busy at science research at the library, Saturday.

Mrs. Bryan Rowland (nee Dorothy Cupp) was stopping long enough for a refreshment break.

Met Annie Dixon up at Eddie's, Saw Joy Piland, wife of Eddie, too.

BRIEF ENCOUNTERS brought season's greetings from Mr. and Mrs. Earl Brown who had been grocery gathering.

Selma Landau, wife of Willie, was working in a gorgeous pants-suit of colorful figured knit.

Ray Anne Carlock at the bank was saying that she, husband Edwin (Bim) and sons Tom and Jim will probably dash down to the Ft. Worth area to have Christmas with her parents, the Sie Hamms, former Citizens, and Ray Anne's brother Alan Hamm, his wife Nancy (nee Dorn) and their children.

Pat Graham, ACC student son of Mary and Matt, works here in C-City most Saturdays. He will, of course, be home for Christmas.

WILMA REYNOLDS, bookkeeper at Colorado Steam Laundry, is set for a Christmas vacation in Rochester, New York.

Wilma will visit her daughter Frances, Frances' husband Harvey Spillman, their daughters Gay and Janelle, and their son Lee, just returned after 18 months spent serving with the Air Force in Germany.

Lee, at home for 21 days, has another two years to serve so his grandmother Reynolds will leave here Saturday via plane and expects to return Dec. 30.

Daughters of Frances and Harvey are at home with Gay in nurses' training and Janelle planning to enter college next year.

PLANNING to spend Christmas Day and the holiday weekend with his children, J. Ralph Lee and his puppy friend Mr. B. will leave for Waco Christmas Eve.

He will share the holidays with daughter Iva Helen and son Rodney Lee, his wife Sarah (Norman) and the Lee grandchildren Rebecca Ann and Ralph Norman.

Marguerite and Pete Ainsworth, who spent Thanksgiving with second daughter Connie, her doctor husband and three children at Houston, will keep Christmas at home along with C-City daughter Gaye (Mrs. Corky) Houston and her family.

MRS. O. L. SIMPSON is happy with Christmas plans because The Dudley Handstone family of Wichita, Kansas, expects to arrive for the celebration Christmas Eve.

Dudley, his wife Jodie (formerly Simpson) their daughter Sherry, and son Ken will be here until the Saturday following Christmas. Sherry is now a college student at William Woods College in Fulton, Missouri, where her grandmother Simpson says "She's so very happy."

All told, this is a happy season!

'Happening' Dates

Youths Adopt Family

The youths will take a food basket and clothing to the family Christmas Eve.

Anyone having clothing for girls, ages two and four; for boys, seven, nine and 11, and a small baby who would like to contribute to this "adopted family" are asked to contact Mrs. Larry Kinard, 728-2481.

Another activity being planned by the group for the holiday season is a caroling party Friday evening set to begin at 7:30 at First Presbyterian Church.

Club Fetes Families

Family and guests of Spade Home Demonstration Club members were honored Friday night at the club's annual Christmas supper in Medallion Room of Lone Wolf Electric Cooperative Building.

Homemaking Girls Use Rats in Study

Six rats share the starring role in a current study and observation in the Homemaking Department of Lorraine High School.

The advance Nutritional demonstration is sponsored by the American Dairy Council and is being carried out by third and fourth year Homemaking students under direction of Mrs. Curtis Latimer.

The dairy council home economist, Delma Scott, placed the white, laboratory bred rats to be used as experimental animals in diet studies.

Rats each weighed approximately 55 grams on arrival in Lorraine homemaking department.

Students divided pairs in separate cages and arranged separate diets - first pair had a full ration with milk and cheese; second pair got full ration with water, and third

pair got one third of a full ration plus all the snacks they could eat and soft drinks for their only beverage.

Homemaking girls charted much difference in weight, growth and temperaments, Mrs. Latimer said in reporting the current study.

"Snack" rats weighed about one-third less than "milk" rats after two weeks of charting. "Snack" rats were highly nervous, irritable and eat much more food than do the rats in other cages.

Milk fed rats, homemaking students found, were lazy, sleep much of the day, eat less total food and are satisfied, contented, good natured rats.

Poor diet for the rodents was reversed this week to show that "even a poor start in life can be reversed by switching to a well balanced diet and proper eating habits."

IN DRENNAN HOME

Beta Sigma Phi Exemplor Chapter Organized Here

An exemplor chapter for members of Mu Pi Chapter who have completed their ritual of jewels degree in Beta Sigma Phi was formed here Friday evening in the home of Mrs. R. H. Drennan.

Mrs. Helen Gravatt of Kansas City, Mo., field representative for Beta Sigma Phi International, was here to preside in formation of the charter chapter.

In addition to the organization of the exemplor chapter a rush party ritual was conducted for new pledges.

Mrs. Gravatt reviewed the foundation of Beta Sigma Phi, its current activities and policies.

The new chapter will include fellowship of new ritual of jewels pledges until membership is sufficient for an individual chapter, Mrs. Gravatt explained to the group.

Name for the chapter will be appointed by Beta Sigma Phi International and will be revealed after the first of the year.

Miss Lucille Owens and Mrs. Larry Raschke received their pledge rituals.

Mrs. Don Greenlee and Mrs. Drennan received exemplor degree enabling them to preside in succeeding rituals for new chapter members.

Mrs. Greenlee was named to continue as president of the group until new officers are elected in the next month's meeting. Mrs. Larry Raschke was appointed telephone chairman.

Refreshment table, covered with white lace cloth, was centered with a cake, frosted in dark chocolate and decorated with confection yellow roses, symbol of the sorority's flower.

Cake, soft drinks, coffee, mints, and nuts were served.

Mrs. Wayman Love is to host the Jan. 13 meeting with pledge training set to begin at 7:30 p.m. and regular session at 8 p.m.

A social is also scheduled for January.

Attending the special sorority meeting were Mrs. Gravatt, Mrs. Greenlee, Mrs. Raschke, Miss Owens, Mrs. Drennan; Mrs. Love, a ritual of jewel member, and Mrs. Doug Simmons, a guest.

APPROPRIATE

That's a fine group of leaders who have been elected for our Chamber of Commerce during the next 12 months.

J. C. Britton, Jene Steakley, John Merritt, Drew Ballard and Joe Morren -- the new officers -- are top caliber and industrious.

But if you will pardon me, I'd like to say a word of praise for Don Benson, the current president, before his term ends.

One of the major factors for Colorado City's new community effort and spirit comes from the leadership and know-how and earnest concern of Benson. He has been outstanding... serving for the good of all.

Small Farm Benefits In Program

Small farm benefits are in-
cluded in the 1970 upland cotton
program, according to Curtis
E. Latimer, chairman of the
Mitchell County Agricultural
Stabilization and Conservation
(ASC) Committee.

Small farm payments will be
11.95 cents a pound times the
farm projected cotton yield
times 35 per cent of the farm
allotment. These payments will
be made only to producers with
cotton allotments of 10 acres
or less or those who have a
projected production of 3,600
pounds or less on their allot-
ment.

To earn this payment a farmer
must sign up for the voluntary
cotton program and comply with
the program provisions. He may
plant no cotton, some cotton or
his entire allotment and still
receive the special small farm
payment.

Small farm payments pro-
vision does not apply where the
transfer of allotments created
a small cotton farm. That is,
Latimer explained, if a pro-
ducer with a 20-acre allotment
leased 15 acres for transfer
off his farm, he is not eligible
for the small farm payment on
his remaining 5-acre allotment.
Nor is a small farm which is
created by release of allotment
acres eligible for small farm
payment.

All cotton producers who sign
up in the 1970 program and
comply with program pro-
visions will be eligible for
regular price-support pay-
ments of 16.80 cents a pound
times the farm's projected yield
times the cotton acreage planted
within the farm's domestic
allotment.

All cotton producers in the
1970 program also will be
eligible for price-support loans
based on a national average
loan rate of 20.25 cents a
pound for all cotton they pro-
duce.
