Along The Waterfront

Monthly winners in Sea Gun's fishing contest were Alvis Goetz of Sault Ste Marie, Mich., in the men's division with his 30 pound drum; Mrs. Mary Rapson of Cherokee, Ia., in the ladies division with a 4 pound 12 ounce drum, and Steve McCaleb of Houston in the youth division with his 10 pound trout.

Sea Gun's fishing contest continues through the month of April, offering weekly, monthly and a grand prize in each of three divisions: men, women and children. All those who reside outside Aransas County are eligible to enter the contest.

This past week Father Beck of Victoria, fishing with Capt. Herb Mills, brought in sheepshead, trout, drum and flounder. Mr. Parker of Dallas, fishing with Capt. Al Hagy, brought back a nice catch of trout. Mr. Snyder of San Antonio, fishing with Capt. Danny Adams, brought back a nice catch of trout in the 3/4 to 1 1/2 pound range.

Shrimp Landings Total 83,900 Lbs.

Shrimp landings at Aransas Pass and Rockport last week totaled 83,900 pounds, according to Bert Strook, statistician for the Bureau of Commercial Fisheries.

The landings at Aransas Pass totaled 66,800 pounds, consisting of 22,300 pounds of brown shrimp; 28,100 pounds of white shrimp; and 16,400 pounds of pink shrimp.

At Rockport, the 17,100-pound total consisted of 3700 pounds of brown shrimp and 13,400 pounds of white shrimp.

A total of 92 vessels were involved in the operation.

Easter Film To Be Shown

"Dawn of Victory" is the title of the Easter film which will be presented at the First Presbyterian Church, Friday evening, April 8, at 7:30 by the Ministerial Association of Rockport. This is a new picture, in full color, presenting the Resurrection Measure.

Through Joseph and Nicodemus, the audience will be reminded of the ancient prophecies of Isaiah, and others, and can see their fulfillment in this Easter event. A free-will offering will be taken to help defray the expenses involved.

FULTON MAN'S BROTHER KILLED IN VIET NAM

The Defense Department in Washington announced yesterday that Filiberto Villa of Ingleside was killed recently during combat operations in South Viet Nam. He was a brother of Leopoldo Villa of Fulton.

TWO NAMED DIRECTORS OF CONSERVATION DIST.

R. L. Fleming of Lamar and Frank W. Wells of Fulton, unopposed incumbents, were re-elected yesterday to six-year terms as directors of the Aransas County Conservation and Reclamation District. Fifty-three votes were cast.

ACHS GOLF TEAM FINISHES FIFTH

The golf team from Aransas County High School came in fifth in the District 30-AA tournament held yesterday at the Corpus Christi Golf Center. Bishop won first place.

The ACHS players and their scores were Bart Rozzell and Rocky Sanders, each with a 96; Brian Barnard, 98; and David Roaten, 102.

Alsulu Center to Have 3 Tenants

Construction work and remodeling on Chester Johnson's Alsulu Center occupying half a block at Austin and Concho Streets, is nearing completion and soon will be occupied by three tenants.

Occupying the building will be Copeland Yacht Sales which will move to the rear of the structure; Maverick Markets, Inc., which will face on Austin Street; and Daniel P. Newell, M.D., who will open an office at 1003 Concho Street for the general practice of medicine.

Copeland Yacht Sales has been owned and operated by Gay Copeland for two years. The firm deals mainly in large boats from 23 feet and up, except for the Donzi line of racing and ski boats.

Among the large boats he handles are Pacemakers ranging from 25 to 60 feet, and fiber glass Hatteras boats from 28 to 50 feet.

The second tenant, Maverick Markets, is a widely known food store firm which has 14 stores in Corpus Christi and stores in other cities.

The third tenant will be Daniel P. Newell, M.D., formerly of Castroville, Texas, who will open an office at 1003 Concho Street for general practice of medicine.

Dr. Newell received his degree in medicine from Southwestern University Medical School in Dallas. He interned at Robert B. Green Hospital, San Antonio, and served a residency in surgery at University Hospital of Puerto Rico.

He practiced medicine in the Virgin Islands for three years, serving as public health officer. Later he spent another three years of general practice in Monahans, Texas, before moving to Castroville.

When these three tenants have moved into Alsulu Center, there still will be 1,000 square feet of space available, plus space for two more offices. Chester Johnson also is developer of Holiday Center at Holiday Beach at Lamar.

CP&L Re-Elects Joslin President

E. S. Joslin was re-elected president and chief executive officer and J. L. Bates was re-elected chairman of the board of Central Power and Light Company at a meeting of the firm's board of directors Saturday in Corpus Christi.

Other officers of the utility company, also re-elected at the board meeting, are: Dwight Carlsen, vice president and treasurer; L. D. Collins, vice president—operations; Barney M. Davis, vice president and assistant to the president.

N. A. Easter, vice president—rates, budgets and statistics; M. H. Lovelady, vice president and chief engineer; J. M. Wilson, vice president and general counsel; Chester C. Wine, vice president—advertising, area development and sales; W. A. Cockburn, secretary and assistant treasurer; Frank R. Lane, auditor; and Alice Huebner, assistant secretary.

Chamber of Commerce Adopts Annual Budget

The Board of Directors of the Chamber of Commerce, with president John Ross presiding, met Tuesday night and discussed a number of business matters.

Chairman Charles LaBounty of the budget committee presented the proposed budget and after considerable discussion it was approved.

ROTARY CLUB HEARS TALK ON JAYCEES

George Brown of Corpus Christi gave a talk on possible activities of the newly formed Rockport Jaycees at yesterday's luncheon meeting of the Rotary Club. Tom Rogers was in charge of the program. Guests were J. A. Simpson, Racine, Wis.; Bob Harper, Harlingen; and George Marchant, Dallas.

SILHOUETTES. The bite of winter in the air will soon be forgotten, and the evenings will settle in more softly. As the spring sun sinks and darkness falls, it makes a pretty picture in silhouette of an abandoned windmill. — WFS Photo

Lions Plan Vacation For Crippled Children

Application for a summer vacation full of fun for handicapped children in the Rockport area are now being accepted by members of the Rockport Lions Club.

This unique Texas Lions Camp for crippled children at Kerrville will open its first two-weeks session Sunday, June 5. Five sessions will be held this summer for youngsters from seven through 16 years of age.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Roy W. Hummer of the Rockport Lions Club. His phone is SO 4-6473, and residence phone is SO 4-6844.

In the past years, Lions have sent over 8,000 youngsters to Camp.

Eighth Grade 4th In Track Meet

The eighth grade of Aransas County Junior High School finished fourth in the District 30-AA Junior High School track meet Saturday, and the seventh grade came in fifth in its division.

In the 8th grade competition, local boys who scored points were Lister, 5th in high jump; Huff, 2nd in high jump; Davis, 2nd in shot put; Garcia, 4th in pole vault; Davis 4th and Anderson fifth in discus; Aransas County, 4th in 440-yard relay;

Landrum, 5th in 660-yard run; Holt 2nd and Rodriguez 5th in 60-yard high hurdles; Huff, 1st in 100-yard low hurdles with a time of 12.8 seconds; Huff, 1st in 75-yard dash, 8.7 seconds; and Aransas County, 3rd in 1320-yard relay.

In the 7th grade contests, local lads who scored points were Burke, 4th in shot put; Aransas County, 5th in 440-yard relay; Lara, 4th and Harwick tied for 5th in 660-yard run; Evans, 4th in 100-yard low hurdles; and Aransas County, 2nd in 1320-yard relay.

EASTER SUNRISE SERVICE TO BE HELD AT BAND SHELL

The traditional Easter sunrise service will be held at 6 a.m., Sunday at the band shell on Rockport beach. Rev. Charles Fake, pastor of First Baptist Church, will give the Easter message, and an inspiring program of music will be presented.

County Awards Insecticide Contracts To Two Companies

The Commissioners Court in session Mar. 31 awarded contracts to McKesson & Robbins and Chevron Chemical Co. for the purchase of insecticides.

McKesson & Robbins was low on the bid for chlordane, and Chevron Chemical Co. for malathion.

A letter was read from Travis A. Long, district highway engineer, advising that a two-mile section of road from Fulton westerly to the intersection of FM 1781 had been included in the 1966 Farm-to-Market road plans for District 16.

A letter was read from Chester Johnson requesting a 60-day extension for removal of the dome building and underground tanks at the radar site. The commissioners voted to table the request at the present time.

Also discussed was the matter of hiring William S. Hase to operate the water and sewer system at the radar site, with the consideration involved to be free house rent with water and sewage furnished.

School Trustees Re-Elected Saturday

James B. Jackson, Otis Mundine and Shelley P. Roaten, incumbents, were re-elected trustees of the Aransas County Independent School District Saturday. A total of 135 votes were cast.

Milton Harrell was elected to the county board of school trustees from Precinct 1 without opposition, and Walter Heldenfels was re-elected from Precinct 4 without opposition.

ACHS Lose To Mathis 14 to 4

Mathis over-powered Rockport, 14-4, in five innings in a baseball game at Mathis Monday.

Ronnie Freitag fanned eight as he pitched a three hitter for Mathis.

Charlie Crouch had a double to lead the winners. David Nava had a double and two singles to get all of Rockport's hits.

Mr. and Mrs. Fred Christilles spent the weekend in San Antonio visiting Mrs. Norman Scherwerke.

House guest in the home of Mr. and Mrs. Fred Christilles this week is Mrs. Alex Ross of Poteet.

Les Sontag's Idea Used In Cartoon

For the fourth time, an idea of Les Sontag, local painter, has been used in "Halo's They'll Do It Every Time" cartoon.

The latest instance was yesterday's cartoon appearing in the Corpus Christi Times.

The two-panel drawing showed (at top) a sportsman's conservation committee in session. The chairman was saying, "To see what we can do to protect our wildlife, to keep our fish and fowl from becoming extinct..."

The drawing at the bottom was headed, "But very quickly more pressing subjects close to the outdoorsman's hearts take precedence."

One member of the audience shouted, "Meantime I'm in favor of raising the daily bag limit on ducks from one to four." Another said, "and the size limit on fish ought to be lowered to three inches."

FISH CARRIES TAG FOUR YEARS

A liberated black drum carried a Monel Metal fish tag in his jaw for four years.

The fish, a "very big one," was caught at the public fishing pier at Bayside on Copano Bay by Luz H. Garcia of Beeville.

Texas Parks and Wildlife Department biologists tagged the fish at Point of Rocks in Laguna Madre in December, 1961.

The fish was just over two feet long when tagged.

Only one fish, banded by the Department, has carried a tag longer than this, and then recovered. The redfish had gained about 34 pounds.

Garza's name has been added to the list of people who will receive free fishing lures for returning fish tags.

Baptist Girls At Queens Court

Ten members of the First Baptist Girls Auxiliary are attending the Queens Court in Brownwood on the campus of Howard Payne College. The meeting opened today and will continue through Saturday.

The girls are in the intermediate class of the G.A. and have attained the status of queen. They are Jean Novosad, Mary Ellen McHugh, Kathy Bauer, Brenda Clark, Junie Ledbetter, Parkie Ledbetter, Debbie Funderburk, Sherry Ivey, Linda Ballou and Pamela Griffis.

They are accompanied by Mrs. J. O. Funderburk, counselor, and Mrs. W. S. Coaker, sponsor.

MID-COASTAL BAYS REACHING PEAK PRODUCTION

Aransas Bay and its tributaries may be entering a peak production period much higher than anything experienced in the last several years, according to R. G. Mauermann, Regional Director, Texas Parks and Wildlife Department.

Good, steady winter and spring rains have brought vital improvements in these bays. Lowered salinities have created favorable conditions for survival of young shrimp, and small blue crabs are more abundant than they have been for several years.

Redfish, trout, black drum, and flounder have appeared in exceptionally large numbers, and good catches have been made by sports and commercial fishermen.

In the last few weeks there has been such an abundance of these fish that some commercial fishermen have been curtailing their operations because of the drop in prices.

Some shell dredging was done in Copano Bay in 1965, however, all the shell taken was covered by at least three feet of overburden of mud and no exposed reef was disturbed. Live oysters were not affected in any way.

Oysters, which were virtually decimated in these bays by disease, are reappearing in many areas. Most of these oysters are small, and it is not known if they will survive the ravages of disease later this year. The disease normally increases in severity as the water temperatures rise.

"If these early season conditions continue," Mauermann concluded, "they could lead to a banner year for the Aransas Bay area."

INSECT MOGUL HITS JACKPOT AT STATE PARK

An amateur entomologist from New England recently spent six days at Goose Island State Park on the Texas Coast collecting insects.

Donald J. Lennox of Jefferson, New Hampshire, has spent 40 years collecting butterflies and moths as a hobby. His trip to the well-known state park near Rockport added 10 species of butterflies and 15 species of moths to his collection.

None of the insects taken were rare species, Lennox reported. However, many of the specimens will be given to the Department of Entomology of the State of New Hampshire. The butterflies were netted while resting in the sun or feeding on wild flowers, but the moths were taken with the aid of fluorescent black light.

Lewis Breaks Two Records

In the Wildcat Relays won by Gregory-Portland on Saturday, Thomas Lewis of Aransas County High School broke the records he set last year in both the shot put and discus throw.

He tossed the shot 50 feet 4 1/4 inches, compared to last year's record of 48 feet 6 1/4 inches. Tom hurled the discus 160 feet 4 inches, compared to last year's mark of 153 feet 1 inch.

Rudolph Walls took 4th in high jump with a leap of 5 feet 8 inches, and won 4th in the 440-yard dash. Domingo Pulido came in 4th in the mile run.

The ACHS mile relay team, consisting of David Nava, Bart Rozzell, Brian Barnard and Walls, finished fifth.

FULTON FIRE DEPT. AUXILIARY ORGANIZED

The Fulton Fire Department Women's Auxiliary was organized Monday with officers elected and bylaws and constitution adopted.

Mrs. Annie Cox was elected president; Mrs. Velma Loupe, vice president; Miss Clara Lee Cox, secretary; Mrs. Pat Loflin, treasurer; and Mrs. Harold Oakman, parliamentarian.

Delmar Hiller Elected Mayor

Delmar R. Hiller is the new mayor of Rockport.

He was elected Tuesday in the city election by a decisive margin, garnering 364 votes in the race with Wallace Maley and Hollis Collum.

Finishing second with 223

Work Started On New Type Court For Overnight Trailers

Construction work has started on TravTrail-R Inn, a trailer court on Highway 35 a mile and a half north of here, which will incorporate a number of new concepts in this type accommodation.

The first of several to be located throughout the country by Highway Hosts, Inc., this court is the brainchild of Homer Faber, a local businessman who retired two years ago, bought a travel trailer, and with his family, spent two years touring the nation.

He saw and utilized many fine trailer courts but did not find exactly what he thought trailer enthusiasts would want.

So he decided to build one himself that would have all the features he thought should be included. He interested a number of local businessmen in his idea, and they set up the necessary organization to build TravTrail-R Inn No. 1, and later others.

The court will occupy four acres of beautiful land with numerous trees to provide shade. It will accommodate 80 families at one time—27 spaces for overnight trailers; 35 spaces for larger units, and 18 spaces for campers and tenters.

There will be a 1400-square-foot recreational building containing air conditioning and heating equipment. In the recreational area will be a heated, 20 by 36-foot swimming pool, shuffle board courts, a hydrotherapy pool, a lounge with TV set, and telephones.

There will be six individual sectional area pavilions with cookout grills and picnic tables. Each parking space will be equipped with such facilities, as water, electricity, sewers and television.

Another innovation will be planned recreation under the supervision of a recreational director, Vincent "Chuck" Miller, formerly of Council Bluffs, Iowa, who has had extensive experience in this line as former president of Campers Unlimited of Council Bluffs.

The recreational program will include guided tours, pot luck dinners, boat trips, birding expeditions, beach parties, bridge, canasta, cribbage and dominoes.

Also dances, both square and round, shuffleboard tournaments, free morning coffee at the pools, showing of slides by guests, and movies of interest.

Between October and April, classes will be conducted in lapidary skills, bird identification, shell craft, bridge and chess.

Free monthly bowling parties will be a feature during winter months, as will fishing instruction classes conducted by local experts.

There will be art classes, guided photographic tours and shell hunting forays. Golfing at the Live Oak Country Club will be available.

TravTrail-R Tours, a self guide trip sheet to many points of historical interest, are in preparation. Fishing, hunting, boating and swimming will be readily available in this area.

Certainly the visitor won't lack for something to do.

votes was Maley whose term as alderman from Ward 1 just expired.

In third place with 75 votes was Collum, the incumbent who had sought re-election. Winner in the contest for

DELMAR R. HILLER

alderman from Ward 1 was N. C. Vandagriff who received 160 votes as compared to 96 cast for Edwin H. Teng.

In the election for alderman from Ward 2, Ernest Harriet, the unopposed incumbent, received 379 votes.

A total of 691 persons voted, the second largest turnout in the city's history. The record 714 was set two years ago in the city election.

The new mayor, assistant vice president and manager of the Rockport branch of the United Savings Association, said after his victory, "It was very gratifying to see such a large turnout of voters. I would like to encourage continued interest in our city government by everyone in this community."

Hiller lives at 1501 Shady-side Drive and has resided here for more than six years. He and his wife, Sherry, have three children: Scott, 7, Dolph, 6; and Julie, 3.

Hiller is a deacon in the First Presbyterian Church, member and past president of the Rotary Club, member of the Aransas County Library Board, and the 1964 recipient of the Chamber of Commerce award for the "Outstanding Citizen of Aransas County."

Before becoming connected with the United Savings Association, Hiller was manager of the C. G. Morrison Variety store.

He graduated from the San Angelo High School and majored in business at Sul Ross State College at Alpine.

Los Amigos Adding New Dining Room

Los Amigos Restaurant on Highway 35 North has added a beautiful new dining room with a capacity to accommodate 50 people and which will be opened this weekend. It is finished in rough cedar and mahogany and has exposed beams. The restaurant serves all types of foods including delicious Mexican specialties, steaks and seafoods.

Only Five Clear Days In March

An analysis of the daily meteorologist records kept by Paul C. Sorenson, weather observer, revealed that during the month of March there were only five clear days. The rest were listed as being overcast, having scattered clouds or having broken clouds.

High temperature for the month was 82 degrees, recorded on March 2. The low was 37 degrees, on March 5.

There were 10 days during which there was some precipitation, ranging from a trace to 0.26 of an inch. Total precipitation was 0.70.

You can't follow your footsteps on Graceleigh—it bounces back, erasing footprints.
You can't walk too hard on Graceleigh — its unusual abrasion resistance means years of wear in average homes.

You'll save time and money keeping Graceleigh clean. Low surface tension means soil doesn't stick, brushes right off with vacuuming.

You need not worry about stains. Polycrest doesn't react chemically, so stains are readily removed from Graceleigh. And there's no chance of mildew or moth damage ever.

You'll never be allergic to Graceleigh — Polycrest fibers carry no "health hazards."

26 Out-of-State Cars Registered In March

The number of out-of-state cars registered in a month is somewhat of a business "barometer" in that it shows how many families are moving into the Rockport area.

In March, 26 out-of-state cars were registered by Mrs. Margaret Weber, Aransas County Tax Assessor-Collector, as follows:

Benjamin B. Browne, 1962 Ford fordon Falcon from Florida.
C. C. Hopwood, 1965 Int'l. camper from Arizona.

Vocational Industrial Teachers Are Needed

The Engineering Extension Service of Texas A&M University points out that many vocational industrial teachers are needed throughout the state.

"Many good craftsmen are not aware of these teaching opportunities, and many feel that a degree is necessary, which is not true," according to B. M. Hackney, head of Vocational Industrial Teacher Education, Engineering Extension Service, Texas A&M, College Station, Texas 77843.

He states that, beginning in September of 1966, many public schools in Texas will offer some of the following courses: auto mechanics, carpentry, electronics, welding, printing, sheet metal;

Refrigeration and air conditioning, mill cabinet making, machine shop, radio and TV

22 New Cars and Trucks Are Registered

Real Estate FOR INVESTMENT

Security has real estate for investment to fit every pocketbook, much of it being available on liberal terms. The price at which we offer this property is today's going price. You cannot expect to buy today and sell tomorrow for a nice profit. In this respect the buying of real estate for investment is similar to buying stocks on the stock exchange. When you buy today, you pay today's price. You must be prepared to do as the men who created some of America's great fortunes did, BUY AND WAIT. There is much real estate in Aransas County that has increased in value 50% each year for the past 20 years. And the same condition is foreseeable for the next few years. The amount of land remains the same, the population is increasing; so, the demand for land will be increasing. And the Coastal Bend of Texas is due to get more than its fair share of the increase in population. Here follows the advice of some of the eminently successful men with respect wise real estate investments:

"Ninety percent of all millionaires become so through owning real estate. More money has been made in real estate than in all industrial investments combined. The wise young man or wage earner invests his money in real estate." Andrew Carnegie.

"Real Estate cannot be lost or stolen, nor can it be carried away. Purchased with common sense, paid for in full, and managed with reasonable care, it is about the safest investment in the world." Franklin D. Roosevelt.

"Buying real estate is not only the best way, the quickest way, the safest way, but the ONLY way to become wealthy." Marshall Field.

In view of one's ability to take long term capital gains for tax purposes, SECURITY recommends the purchase of real estate for investment purposes WITHOUT RESERVATION.

MRS. ECKMAN HONORS WOMAN'S CLUB OFFICERS

Mrs. R. L. Eckman honored the Woman's Club officers who served with her the past year with a luncheon Tuesday at the Sandollar Restaurant.

An arrangement of yellow and orange spring ranunculus served as the centerpiece for the table and each guest found a corsage at her place.

Those enjoying the occasion were Mrs. J. H. Mills, Sr., Mrs. Gladys Gibson, Mrs. Roy Burke, Mrs. E. B. Shelton, Mrs. Jack Colley, Mrs. Jones Christian and Mrs. Max Gardner.

Smith was fined \$105 for slapping his mother-in-law on the hand.

"I can understand the \$100," said Smith, "but why the \$5?"

Replied the judge: "Amusement tax."—Grit.

BLUE RIBBON TO POST OFFICE

Mrs. Jack Hagar reports an interesting story. One of her guests received a letter from Charleston, S. C. The envelope was addressed:

Mrs. Emily D. Smith
Bird Watching Motel
Rockport, Texas

The Postmaster put the letter in the Hagar postoffice box.

SCHOOL PRINCIPALS ATTEND CONVENTION

David Coleman, high school principal, and Millard Owens, Fulton elementary principal, attended the annual District III Texas State Teachers Association convention in Harlingen.

CITY WILL PURCHASE SHORT WAVE RADIO

The city council met in regular session with Roy Rogero, mayor pro-tem, presiding in the absence of Mayor Seth H. Steele. Aldermen Jimmy Hunt, J. W. Porter and Ernest Har-rist, Water Supt. Tom Shults, City Atty. Joe Caldwell and City Secretary Mary Lake Segler were present.

Sheriff A. C. Shivers outlined plans whereby the city could purchase a short wave radio which would be installed in the water superintendent's truck to be used in connection with the radios which the county now has.

A short wave radio station will be installed in the new jail and with the purchase of a radio by the city, added protection will be afforded in case of a disaster.

After consideration, the council decided to purchase the radio and it will be installed in the near future.

HAYS WARDEN ENTERS SPELLING CONTEST

Hays Warden, eighth grade student, has entered the Caller-Times regional spelling contest. He entered the contest last year and although he did not win, he placed close to the top.

LOCAL GOLFERS TOO HOT FOR COUNT YOGI

Over 100 persons attended the golf exhibition and match game between Count Yogi, Jack Shelton, local pro; P. D. Griggs, men's champion; and Mrs. Winnie Rice, ladies champion, at the Live Oak Country Club.

Shelton's par 72 bested the Count's effort of 75. In the best ball competition, the local trio posted a score of 71 which also was too good for the visitor.

However, in the golfing clinic and special exhibition the Count was in his glory, executing shots which seemed impossible.

SELL INTEREST IN VARIETY STORE

Harvey Durbin and Manuel Savage recently sold their interest in Walker's Variety Store to Leonard Walker of Goliad, and have left for Waco where they have gone into business.

PRESBYTERIAN CIRCLE MEETS

Circle No. 3 of the Presbyterian Church met in the Assembly Room with Mrs. Earle Thomas as hostess. Mrs. Nancy Currie, chairman, presided. Mrs. J. D. Griggs conducted the Bible study, and Mrs. Floyd Smith led the program on family life. Mrs. Fred Clobertants gave the emphasis.

ATTEND SPORTSMAN'S MEETING

Mr. and Mrs. Harry Mills and Mr. and Mrs. Fred Christilles went to San Antonio where the men attended a meeting of "SCOT," the organization of Texas Sportsman's Clubs.

PAMELA KING CELEBRATES BIRTHDAY

Mrs. Don King gave a birthday party in honor of her daughter, Pamela's fifth birthday. Attending were Brownie and Susie West, Reggie and Patricia Clark, Debra and Mike McLead, Lin Landrum, Diana Wagner and Diana King.

PILOT CHANGES OWNERSHIP

"With this issue, The Rockport Pilot is published under new ownership. We, R. Roy Woods and Roy Rogero, have purchased the newspaper and printing plant from Jack Blackwell. We bought The Pilot because we wanted to go into the newspaper business and believe that Rockport and Aransas county hold great promise.

"It is our desire to grow and prosper along with the community, and in order to do that we pledge The Pilot to an aggressive policy to help bring about greater progress and prosperity for this community. In the very near future we are adding more equipment to our plant, and will continue to do everything we can to keep up with the growth of the city and county and give you the best service as a newspaper and printing plant.

"We made the acquaintance of many of you during the first few days, and are looking forward to meeting and learning to know all of you. We ask for your support and patronage, and will do our best to merit your business and confidence."

ARANSAS MAY HAVE AIR EXPRESS TO MARKET SEAFOODS

Called a "matter of utmost importance" is the application made by Aransas County and the Naval Air Base at Corpus Christi to Washington for three commercial flights a week to land at the Rockport Naval Practice Field.

United States Naval Reserve officers have requested authority to use this airport for three flights per week to transport seafood products out of Aransas County.

TWO 44-FOOT BOATS LAUNCHED HERE

Two 44-foot boats designed by A. C. Glass and built by Willie Frandolig were launched for C. L. Grant and Rufus Casterline.

The boats, 44 feet long and 14 feet wide, will be used for outside shrimp fishing.

Partially model boats, they are the first round knuckle boats that Glass has designed. Started last November, the boats are equipped with 140-horse power engines.

This and That

There was a fire at The Pilot last Friday. A small blaze broke out in one of the presses shortly before 5 p.m. and quickly spread to some paper stock.

One of the owners asked me to call the fire department.

I said, "Oh my gosh, what's the number?"

The boss sat down, fairly calm, opened the phone book to page 1 and dialed 4-2214.

Meanwhile, in the print shop where the fire had spread a little, one of the printers had removed his printer's apron and extinguished some sparks on the shirt and eyebrows of the pressman who had been working on the press when the fire broke out.

The pressman said later, "I'm glad he put the fire out on my face but the next time I hope he removes the pliers

from his apron pocket."

By this time—the fire department was called—members of the Rockport Volunteer Fire Department arrived with all the equipment necessary to extinguish any type fire.

Quickly, calmly and efficiently they went to work and in a few short minutes the fire was out. A CO-2 fire extinguisher did the job in this case.

I should mention that at the same time the Fire Department truck was heading for The Pilot, a Cage-Marshall ambulance sped north on Magnolia past our building, heading for the home of a person who had an asthma attack and needed oxygen. This is significant with respect to phone calls made to The Pilot after the fire.

But getting back to what was going on in the print shop, the building quickly filled with smoke and it was difficult to breathe.

While the windows were being opened, I thought, "Is that the right thing to do? Haven't I read in fire manuals that doors and windows should be kept closed during a fire so

the blaze won't be aided by a draft?"

Later, I realized that this did not apply to a room or building AFTER the fire was out, and obviously the only way to get rid of the smoke was to open the windows and doors.

The Volunteer Fire Department members, having done their job expertly, returned to their regular jobs and Pilot personnel began cleaning up the print shop and assessing the damage which, thanks to the Fire Department, was kept to a minimum.

Later that evening, some of The Pilot people received phone calls at their homes from various interested friends wanting to know just what happened.

Several of these folks, who had seen the ambulance, wondered if someone at The Pilot had suffered a heart attack. Without mentioning any names, it is said that three or four Pilot people are not exactly physically qualified to make the Olympic track team.

During the fire I kept thinking, "What should I do?" and all I could think of was to carry a few stacks of finished printing to the office so the material wouldn't be damaged by fire or smoke.

It was an experience I would just as soon not go through again, but at least it did give me an opportunity to see the Rockport Volunteer Fire Department in action.

Believe me, these men know their stuff. They are real professionals. People in the Rockport area should be proud of the Rockport Volunteer Fire Department and feel sure that if fire breaks out, these volunteer men will be on the spot in a hurry and will do everything possible to put out the blaze.

**"KEM-TRUE
YOUR TIRES TO
STOP VIBRATION"**

... a smooth ride starts with a round tire

Steering wheel shimmying in your hands? Trouble with thump at low speed or vibration at high speed? Probably due to out-of-round rims or tires, new or old. Get your tires *true*d to their rims with Big Four's KEMSWAY TIRE CONDITIONER. Take the advice of an expert.

Smokey Yunick, America's miracle man with stock cars, his cars winning all NASCAR's big ones and the Indianapolis 500 in 1960, strongly endorses trueing: "We've used it to stop vibration in speeds from 20 to over 190 MPH, and trueing also makes the car much more stable." Follow the lead of the man who knows: stop your vibration problem, lengthen your tire and car life, improve your ride with KEM-TRUEING. Let us true your tires this week.

Krueger Pledges Renewed Fight Against Pollution

El Campo.—"You Can Count on Culp", a dedicated, hard working "CAN DO" Senator, who is always available to the people of his district, rang through the crowded walls of the Pan American Auditorium last Thursday night in El Campo.

More than 2500 friends from all of the 14 counties of the new 18th Senatorial District stood and cheered Senator Culp Krueger as he pledged to redouble his efforts to stop pollution of our rivers, streams and bays in his bid for re-election May the 7th.

As chairman of the Water Pollution Committee for all Texas, Senator Culp Krueger stated that the six public hearings on water pollution held by his eleven man committee has convinced his committee that, "of all the reckless devastations of our national heritage, none is more shameful than the continued poisoning of our rivers, streams and bays."

Senator Krueger has won state and national acclaim as the "Anti-Pollution Champion" seeking to find an answer to the water pollution problems in Texas.

Last year Senator Krueger was selected by the Sportsman's Clubs of Texas, National Wildlife Federation and the Sears-Roebuck Foundation by Governor John Connally a life long friend.

Accomplishments for which Culp has been outstanding are as follows: Culp prepared and authored all seven of the bills making possible our County Historical Survey Committees.

As Vice Chairman of the Cost of Government Committee, Culp provided leadership for saving Texas taxpayers more than five million dollars a year, and set down guide lines that will save many millions more in the future, according to the Texas Legislative Budget Board.

Culp co-authored the sick-leaved pay bill for school teachers and is termed by Senator A. M. Aikin as the "Watchdog of the Teachers Retirement System."

Culp is an uncompromising foe of unscrupulous hip-pocket loan sharks.

Culp was elected by his fellow senators as President Pro-Tempore of the Senate which resulted in his becoming Lieutenant Governor of Texas for over eleven months when Ben Ramsey resigned to become Railroad Commissioner. During that eleven month period, Culp served 26 days as your Governor of Texas.

A veteran of World War II, Culp rose from buck private to

GOOD NEIGHBOR CLUB MET WITH MRS. YOUNG

Mrs. W. O. Young entertained the Good Neighbor Club with a covered dish luncheon at her home east of the Live Oak Country Club on Wednesday, March 30.

There were 27 members and guests, Mrs. James Ballard, Mrs. Tom Shults and Mrs. Weaver present.

Mrs. Della Scott, president, presided at the business session which was opened and closed with prayers by Mrs. B. A. Bartoo and Mrs. Sallie Townsend.

One club member, Mrs. H. E. Dean, was reported ill. Mrs. Tiny Gayle gave two readings, "A Humorous Diet" and "Woe Is Man."

Mrs. Ruth Bishop showed the club two items for work projects, a "gadget" to hold items used by "lazy" people while they are resting, and a laundry bag.

The club fixed Easter favors for those living in the Bayview Nursing Home.

Love offerings were made to the Heart Fund and Volunteer Fire Department. Mrs. Alice Ballou won the door prize.

The next meeting will be with Mrs. Della Scott at her home in Rockport on Wednesday, April 27.

GOLDEN ANNIVERSARY
\$15 CASH COUPON
on the purchase of a
New ELECTRIC Range
from a retail appliance dealer.

You'll Love an ELECTRIC Range

The best help you can have in your kitchen is a flameless electric range. It's fast, accurate, automatic and economical. Roasts and steaks cook juicier; cakes, moister. Electric cooking is cooler, too. Controlled heat goes where it belongs — into the food, not the cook. And there's no soot or fumes to dirty walls and curtains. Take advantage of CPL's Golden Anniversary \$15 Cash Coupon, and begin today to cook better . . . electrically.

Canado.—Senator Bill Patman Coffees are scheduled in several San Patricio County towns on Thursday, April 7th.

There will be a coffee from 2-3:30 p.m. at Little Bob's in Aransas Pass; one from 4-5:30 p.m. at the County Courtroom in Sinton; and Senator Patman will appear at a Firemen's event in Mathis that night.

Sponsored by local supporters of Patman, the coffees are open to the public, and anyone interested is cordially invited to attend. The purpose is to give local voters an opportunity to visit with Senator and Mrs. Patman, and to hear Patman discuss some of the important issues in his race for re-election to the State Senate from the 18th District, which now includes 14 counties, and 332,000 people.

It is particularly hoped that people from surrounding towns will also attend the coffees.

Patman was elected to the Senate in 1960 with 70% of the votes cast. He is presently serving on 11 important Senate committees, and is a member of an interim committee studying Nursing Problems in Texas.

Patman has been a sincere champion of first-class education for the school children of Texas, and was named one of the 11 "outstanding friends of education in the Senate"

Coming Events

April 8: Square dance every Friday night at Fulton Beach. Happy birthday to Bill Pendley, Kay Court, Jerry Kelly and Raymond Owens. Congratulations to Mr. and Mrs. F. L. Geese on their wedding anniversary.

April 9: John Craig will celebrate his birthday.

April 10: Today is Easter Sunday.

April 11: Commissioners Court, Masonic Lodge No. 323 and the City Council will meet. Mrs. Blanch Groos and Sue Randow will observe their birthdays.

April 12: The VFW and the School Board will hold meetings.

April 13: The Fulton PTA will convene. Mr. and Mrs. George Adolphus will celebrate their wedding anniversary.

April 14: The Rockport Duplicate Bridge Club meets every Thursday night at 7:30 in the Key Allegro Islander

by the July 1965, Texas Outlook, professional educators' magazine.

One of Patman's pet projects in the last session of the legislature was an economy commission bill, which could have saved Texas taxpayers \$8,000,000; the bill was destroyed by a three week filibuster by two opposing senators, which, in itself, cost the taxpayers hundreds of thousands.

Long known as one of the "most independent Senators in Austin," Patman has been a relentless opponent of special interest legislation, such as the bill last session to legalize 17½% interest on bank loans.

Club. Interested bridge players are welcome. Carolyn Woody and Janet Griffiths will be one year older today. Rebekah Lodge No. 88 will meet.
