Confederate Veterans Denounce Reunion Of Yankees, Southerners

By Associated Press
BLOXI, Miss., June 5.—Yankees and rebels won't meet in a joint reunion.
 When that proposal was made today at the fortieth reunion of the United Confederate veterans, it was rejected unanimously by the veterans, who in turn adopted a scathing resolution by Major General John R. Kennedy, of Tuscaloosa, Ala., expressing their sentiments over the offer of the Grand Army of the Republic to march with the southern army provided the Confederate flag was placed in a museum first.

Stick By Flag
 If any marching is to be done it is to be done behind the Stars and Bars, declared the veterans of the gray in adopting this resolution.
 "When the association in time has passed away, we will place to the care and keeping of our daughters and sons, our beloved confederate flag, emblematic of all that is good and holy—that has never been pol-

Last Thoughts Of "One Man Crime Wave" For Mother; Electrocutd For Murder Of High School Student

HUNTSVILLE, June 5.—The state prison electric chair took the life of William (Dagger) Pruitt, 22, convicted slayer of William Mann, 17-year-old Dallas high school boy at 12:17 a. m. today.

Pruitt went calmly and with a half smile to his death. He entered the chair at 12:05 a. m.

"Have you anything to say?" an official asked him as he entered the death chamber with a robed priest.

"Nothing to say. I appreciate what Father Fitzgerald has done for me."

As they began fitting the helmet to his head he smiled and whispered something apparently advising them how to turn it.

Just as the mask was fitted on he said, "Just a moment. I'd like to tell him goodbye," and he shook hands with a man nearby. "Tell my mother that I am thinking of her."

As the motor started whirling a man just outside the door whose name was not learned faintly. He was carried away and revived shortly and the murmur of those working with him could be heard down in the little room.

Sentence Affirmed.
 Pruitt's case had been affirmed by the court of criminal appeals, which had refused a rehearing.

His mother appealed to Governor Moody, but the executive rejected the pardon board's recommendation.

Circus Fat Lady Gets Divorce

Withdraws Despite Assurances Of Being Nominated In Democratic Primary, Says Statement Thursday Night

DECLARING that business conditions render it impossible for him to continue his candidacy, W. H. Bledsoe, of this city, definitely announced his withdrawal from the race for lieutenant-governor in a short statement last night to The Morning Avalanche.

"Finding that it will interfere with my business connections, I have decided to withdraw from the race for the democratic nomination as lieutenant-governor," Mr. Bledsoe said.

"I am indeed grateful to my friends who have so kindly tendered me their support, and while I have every assurance of being nominated if I continue in the race, I have determined to withdraw."

"I wish to thank my many friends and assure them of my highest appreciation for their support."

Mr. Bledsoe's former state secretary also only formally announced his candidacy in a statement last Thursday which was made in answer to rumors that he would not continue in the race. His first announcement, however, was made in a statement to the Associated Press last January in Austin.

A lawyer by profession, Mr. Bledsoe has lived in Lubbock for the past 21 years and has practiced law here all of that time. He was born at Cleburne and lived there until his removal to this city. He has been a member both of the house of representatives and of the senate, the only public officers whom he has served up until the time of his announcement for lieutenant-governor.

Program Held For Acuff By Kiwanis Club

Charles Alvord Talks Of Farm Board At First Of Series Of Community Meetings To Be Held By Local Club

By Associated Press
Lubbock, June 5.—The one thing the Federal Farm Board is concerned about is whether the farmers will co-operate or their own relief," declared Charles Alvord, field representative of the board, in an address before members of the Kiwanis club and citizens of the Acuff community in a program at the Acuff school last night.

"After they find out that, their work will be easier," he continued.

Mr. Alvord's talk was the feature of the program which was the first of a series of meetings to be held over the county by the club during the year. Approximately 100 people were present.

Ellis in Charge
 L. C. Ellis, chairman of the club's agriculture committee, was in charge of the program which introduced Dean Lettigh who in turn presented Mr. Alvord.

Explaining the purposes and activities of the Farm Board, Mr. Alvord went into a full discussion of the work of the board.

"The Farm board is interested in the curtailment of excessive speculation on the markets, not to destroy the exchanges as some would have you believe," he declared. "The board is interested in the elimination of that speculation. It believes the co-operative is the best medium for this distribution for the co-ops seek to stabilize a price on a fair basis and is interested not only in controlling production but in stabilizing the quantity."

Flax Over Production
 "Farmers are foolish to produce more cotton and they can't expect the board to give much aid of they do," he said. "However I'll do it best in the face of the existing conditions. When the board issued a statement that 40,000,000 acres would be that would be needed for the cotton crop—they meant just that and no more and when the farmers

Kaufman Candidate Says Love Trying To Save Political Scalp By Smoke Screens Of Prohibition And Taxes

By Associated Press
BASTROP, June 5.—Jim Young of Kaufman, candidate for governor, said here today that Senator Thomas H. Love of Dallas, candidate for governor, is trying to save his political scalp by "smoke screens of prohibition, Tammanyism, and all other kinds of 'isms'."

Thomas H. Love, in his address at Dallas attacking me for my support of the national democratic ticket in 1928 is now trying to save his political scalp by smoke screens of prohibition, Tammanyism and all other kinds of 'isms'."

Young said, "I charge that he is doing this to conceal the real issues of this campaign, which are economic ones. He would like to divert the minds of the voters of Texas from his advocacy of a \$250,000,000 state bond issue for highways, which would greatly tax the taxpayers of this state and the unborn children of this generation on the altar of taxation. He knows I am denouncing this bond issue from one end of the state to the other. He likewise through the smoke screen thrown out by him, is trying to divert the minds of the voters from his advocacy of the foolish expenditure of \$500,000,000 of the people's tax money in building an experimental industrial penitentiary plant near Austin and abandoning our present penitentiary properties. He knows that all over Texas I am denouncing this foolish expenditure of the tax money of our people and that I have retained our present penitentiary properties and not burdening our people under further tax obligations."

RELEASED ON BOND
DALLAS, June 5.—John Rogers, one of fourteen men indicted in the recent mob disorders at Sherman, was released from the Dallas county jail on bond today. Nine of the fourteen were still held.

Creager Named Candidate For State Primary

Republican National Committeeman for Texas Drafted To Run For Demo Nomination For Governor Of Texas

By Associated Press
DALLAS, June 5.—R. B. Creager of Brownsville, republican national committeeman for Texas, tonight was an "official" democratic candidate for governor, pending receipt of a request from him that his name be omitted when the state democratic executive committee draws up the tickets at Austin Monday.

The application for a place on the ballot for Creager was received today by Albert Sidney Johnson, secretary of the committee. It had been forwarded by D. W. Wilcox of Georgetown, chairman of the committee, and had been mailed at Dallas Monday. Thirty persons signed the application, the name of H. C. Williams of Dallas heading the list.

Creager thus was given the same official status as Gov. Dan Moody; Lynch Davidson of Houston and Sen. Pink L. Parrish of Lubbock, whose friends drafted them for the race and who have not announced their intentions.

Johnson said that under the recent ruling of the supreme court in the Love case, Creager undoubtedly was entitled to a place on the ballot. "The committee has no authority to keep him off of a democratic primary ballot, merely because he happens to be the head of the republican party in Texas," Johnson asserted.

Creager had not been reached for a statement. He was reported to have left Washington yesterday.

By Associated Press

 Testimony was ended at 3:10 p. m. before a crowded court room, many of the spectators being negroes.

In his charge of the jury, Judge Geo. J. Hoyer, admitted a special charge offered by the defense counsel. In it he required the jury to acquit Alsup if he believed he killed Tate in the act of robbing the bank without being guilty of entering into a conspiracy to slay the two negroes.

WITHDRAWAL FORECAST
Governor Moody Expected To Support R. S. Sterling

HOUSTON, June 5.—Forecast of Governor Dan Moody's withdrawal from the political race, probably by Monday and his full support of R. S. Sterling's candidacy to succeed him, was made here Thursday by Rep. Alfred Fetich of Fredericksburg.

Fetich, the governor's spokesman and floor leader in the house of representatives, particularly during his second term, conferred with Sterling and other Houston leaders of public affairs. He said he came to Houston in the role of harmonizer between the governor and the chairman of the state highway commission—"not that it was necessary," he said. "But merely as a matter of convenience."

Will Complete Airport Plans

Architects plan for the new Lubbock municipal airport are scheduled to be completed today for preliminary inspection and approval of the city commission, according to announcement yesterday.

With completion of the plans bills probably will be asked on construction immediately and actual work started within the near future.

During the past two weeks commission members, together with architects, The Butler company, have visited airports in this section of the state in an effort to better work out plans for the Lubbock port. Though plans for the improvement work have not been sold commissioners are confident that those can be disposed of at short notice.

Negro Sought For Attempts To Take Child

Black Eludes Sherman posse After Kidnaping Threat Is Made; Tries To Get Baby From Farm House

By Associated Press
SHERMAN, June 5.—Snuffing a posse of officers and citizens, an unidentified negro who attempted to kidnap a Grayson county baby apparently had made good his escape tonight.

An attempt, 200-pound negro today appeared at the back door of the farm home of L. E. Elliott, five miles north of Belle. Three children, the oldest 10 years of age, were there alone. The parents were working in the field.

The negro said he was "after the baby." He demanded admittance and when that was refused he attempted to open the screen which was locked. The 10-year-old girl screamed and the negro fled.

A posse of about twenty officers and citizens was formed. They thought they had the negro surrounded in a thicket a few miles from the home. But their quarry eluded them. The posse was disbanded tonight, and officers in the group had returned to Sherman.

Accidents Mar Visit of American Gold Star Mothers to Sons' Graves in France

By Associated Press
RHEIMS, France, June 5.—The American Gold Star mothers and wives who are visiting France seem to resist every strain of their pathetic journey, even accidents.

Mrs. D. J. Smith of Billings, Mont., fell down a flight of stairs here today, but was resting quietly tonight. She was supposed to have two broken ribs, but the physicians in charge deferred an X-ray examination and are not yet certain if that is the case.

A motor car bearing a group of mothers had an accident outside Rheims today, but the casualties were unimportant.

Considering the advanced age of most of those who have come to visit the graves of their soldier sons, it is felt that the tours of the various contingents have been remarkably free of any trouble.

The fifth group of American women arrived in Paris this afternoon. The dean of the party was Mrs. J. R. Umstead of Los Angeles, 81.

She said she never had felt better and had not missed a meal while on the water.

Graf Zeppelin Is Sailing for Home

FRIEDRICHSHAFEN, Germany, June 5.—The dirigible, Graf Zeppelin, which left Seattle this evening and turned toward her familiar berth at the Zeppelin plant here, flew along the Mediterranean coast of France tonight on the southern route.

At midnight mid-European time the Zeppelin radioed it had just flown over Cabo De Gata. That point is on the Mediterranean about 200 miles southeast of Seville.

A beragged Graf Zeppelin and a blundering, storm-shaken group of passengers made port at Seville, Spain, between storms today and in half an hour whirred away toward Friedrichshafen, seventh and last stop of their historic 100-day voyage of nearly 23,000 miles.

WASHINGTON, June 5.—A newspaper report describing the alleged finding of liquor in a Dallas hotel room occupied by R. B. Creager, republican national committeeman from Texas, was inserted in the Congressional Record today by Senator Brookhart, republican, Iowa.

Dressy "Studio Pajamas" Now Gaining Popularity

Moderns may go around the clock in charming pajama suits. For breakfast, the illustration on the left shows a study in red triangles originated by Vivinet and imported by Henri Bendel, New York. The material is a cranberry-red pussywillow silk over which broken medallions are scattered. The seated figure illustrates an enchanting "studio" or tea pajama ensemble created by Bendel. The wide flowing trousers of black satin are stitched to a pastel green blouse which buttons down the back. The long black coat has a pattern of leaves of lilac-of-the-valley. On the right is the swankiest possible beach ensemble created by Miss Novitsky, and imported by Bendel. The wide divided skirt forms the trousers which buckle in the back, sailor fashion. The blouse and floppy hat are of white pique, the hat having a knitted crown of yellow silk. The stunning tea gown sketched is of gold brocade and gold metal lace and is a Bendel creation.

Many Forms Of Health Troubles Ended By Konjola

New Medicine Goes To Very Source Of Common Crowds Calling Daily At The Bowen Drug Store

Local men and women in all walks of life are daily visiting the Bowen Drug Store to find out for themselves about the unusual merit of this celebrated medical preparation, Konjola, which is be-

ing introduced to the people of Lubbock and vicinity for the first time. Countless modern people, regardless of their wealth or position, are suffering the same common ailments that arise from an unhealthy inner-system.

Human suffering afflicts the great mass as it afflicts the few. This new Konjola goes to the very source of older known remedies. By helping Nature, Konjola is far above many of the older known remedies. In this new day of science, a medicine must cleanse the system of all toxic poisons, and this must be done through the stomach, liver, kidneys and bowels. The same medicine must strengthen and invigorate these organs to more healthy, normal action. It takes a liquid to do these things. In making Konjola, the juices from 22 of the finest medicinal plants and herbs have been selected. It is scientifically made in one of the largest modern laboratories.

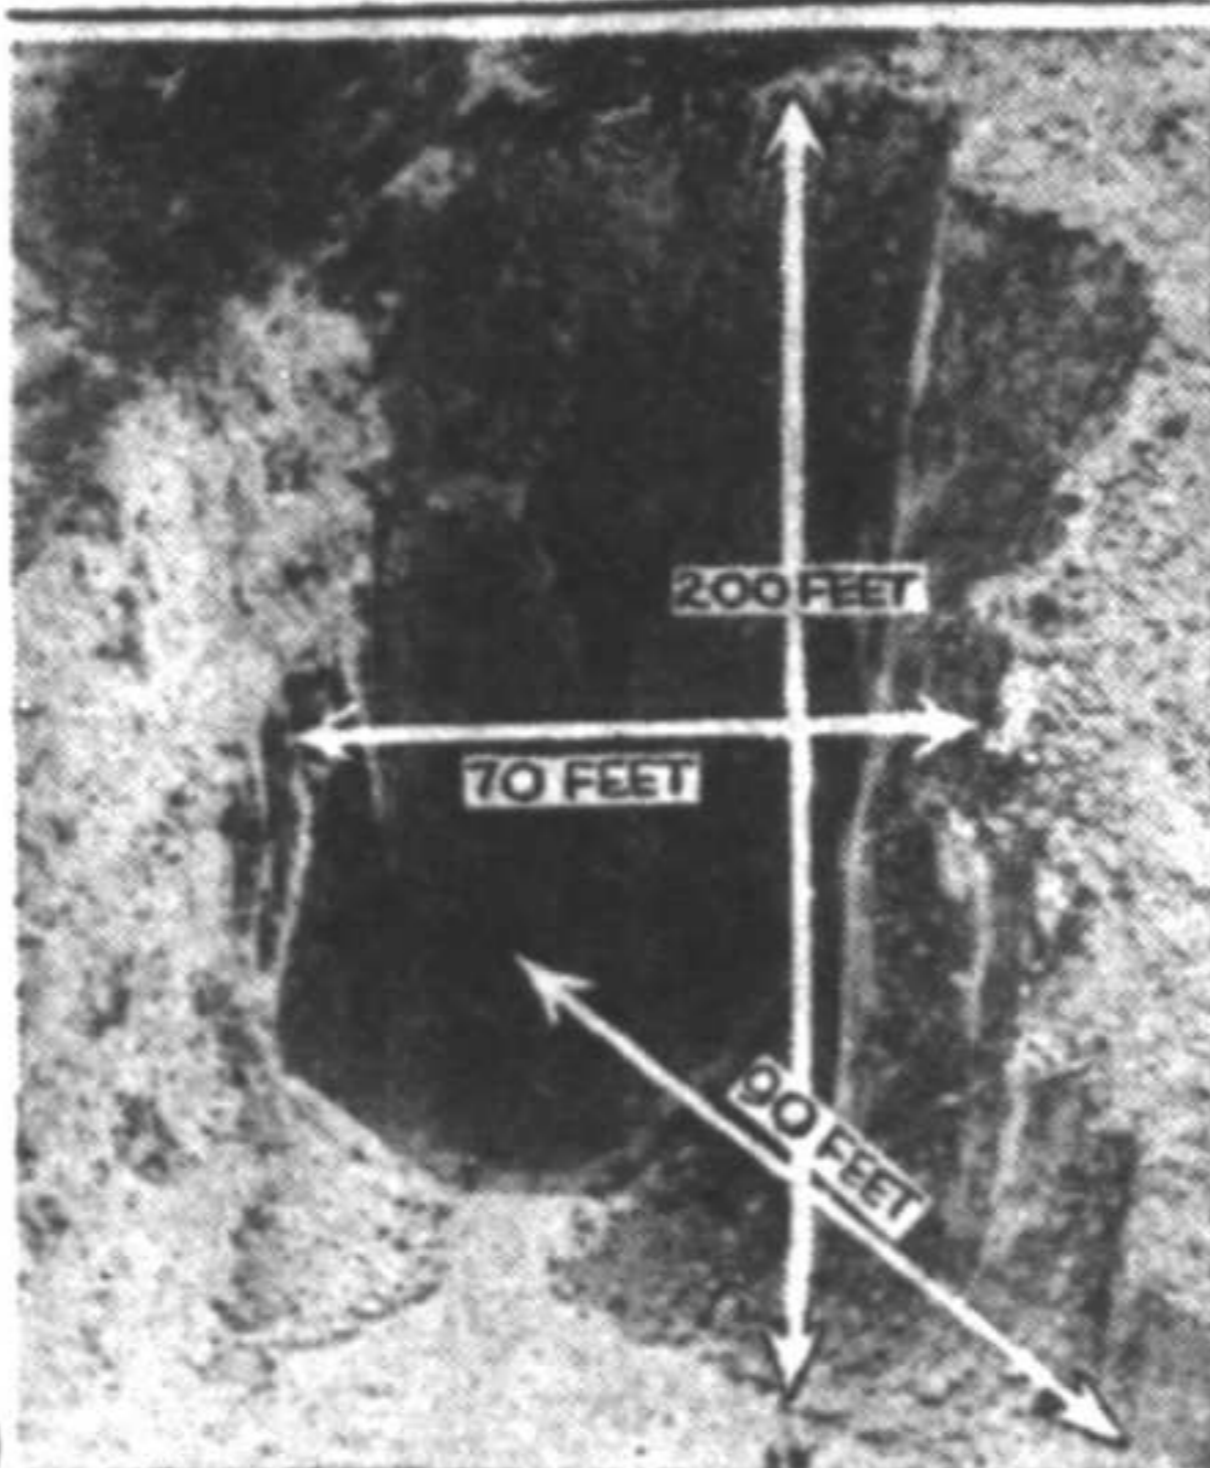

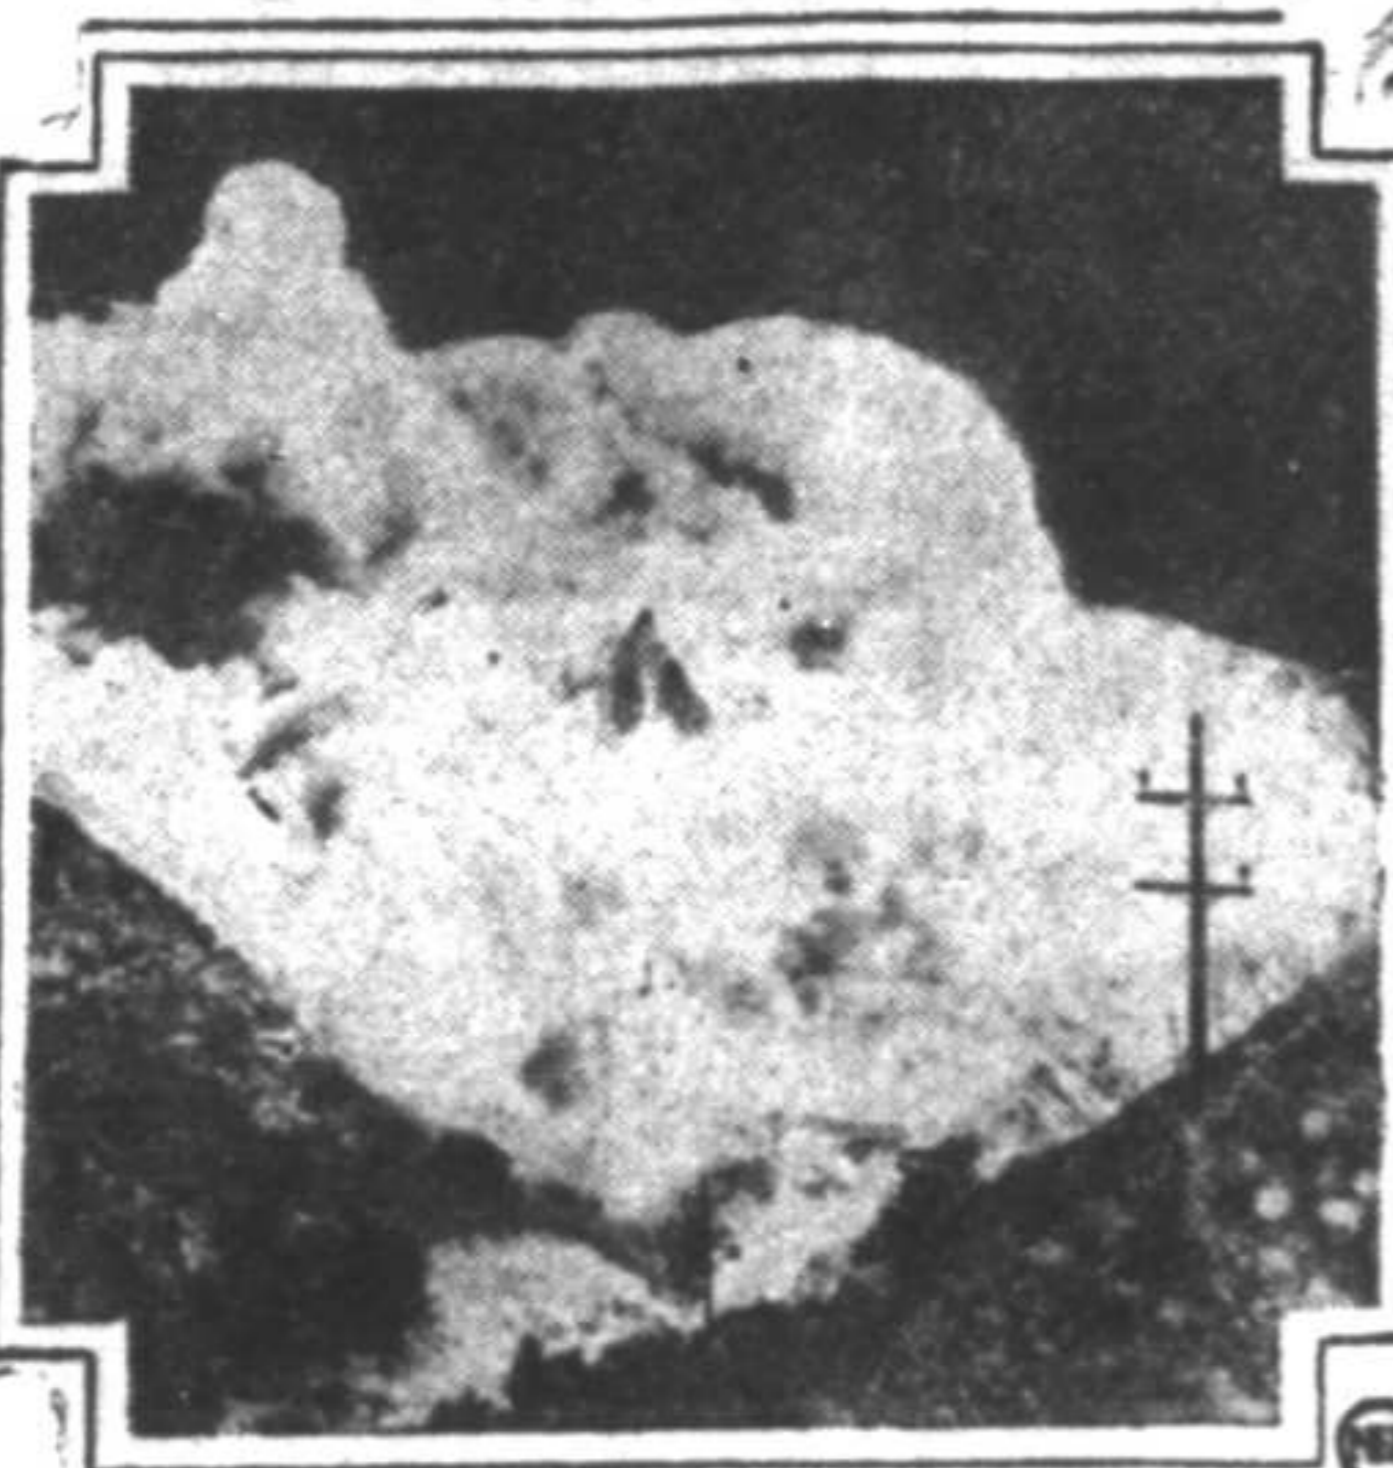

One of the first cases for which Konjola was used was kidney trouble—getting up frequently at night. The man who took it came back the fourth day and said he slept all through the previous night. It was learned afterward that he had been doctoring over 160 years for his trouble. Another man had been crippled with rheumatism, swollen joints, stiff, aching limbs. He completed a few weeks' treatment of Konjola and said he walked several blocks for the first time in two years. This, of course, was about three weeks after he completed Konjola. From this case, it was determined that Konjola would do wonders for neuritis. One lady who had tried nearly everything for this trouble said that five bottles of Konjola had completely ended every ache and pain. She had previously taken mineral baths, electric treatments and medicine upon medicine without results. All of these are actual cases and can be verified by the signed statements in our possession.

Another lady was treated with Konjola for stomach trouble. She said in five years she had spent several thousand dollars on her health. She was bed-ridden three days out of five, but shortly after she began with Konjola, she could eat heartily of many things she had not dared to eat in years. Her food agreed with her and she continued with Konjola for a few weeks longer and gained 26 pounds. One lady told us that this new medicine did her more good than four years of special dieting. She took Konjola for nervousness and general run-down system.

When Konjola is taken into the human system, there are 22 extracts from natural plants that have a certain individual duty to perform on the functional organs—stomach, liver, kidneys and bowels. The cleansing and invigorating of these organs is what brings such amazing relief and new feeling of health after long years of suffering.

Konjola is now sold in Lubbock at Bowen Drug Store, where many prominent people are calling daily to find out about this surprising medicine.—Ad.

When 60,000 Pounds of Dynamite Went Off

Here's what happened when a cement company blasted the side of a mountain near Salt Lake City, Utah, with 60,000 pounds of dynamite in a single charge, loosening enough carbonate rock to last it for three years. Tons and tons of rock were hurled hundreds of feet into the air, showering over an area of a half mile. The picture at the left was snapped at the moment of the blast; the one at the right shows the gigantic hole that resulted. Newspaper, suffered several broken ribs when struck by flying rock, though he was more than a quarter of a mile away.

Bishop Cannon Walks Out On Lobby Probers

Methodist Official Refuses To Answer Questions About Anti-Smith Activities In 1928 Presidential Drive

WASHINGTON, June 5. (AP)—After Bishop Cannon, Jr., refused to answer questions and walked out on the senate lobby committee today, members of the committee awaited the return of Chairman to determine what they should do about the defiant church bishop.

Calling back over his shoulder that he would be in his office if the committee wanted to subpoena him, Bishop Cannon walked out of the committee room while Senator Blaine, republican, Wisconsin, was asking him questions.

Refuses to Answer
The bishop remained with the committee only long enough to tell it that he was no longer a voluntary witness and that he would answer no more questions whatever unless subpoenaed. Previously he had refused to tell the committee of his 1928 activities against Alfred E. Smith's candidacy.

Senator Walsh, democrat, Montana, indignantly replied the bishop was not excused but even as he spoke the defiant witness picked up his lone crutch and stalked from the room amid applause and hisses. Walsh later termed the incident "plain contempt of the senate" but beyond that he did not indicate that recommendation he would make to the lobby committee for future action.

Committee Adjourns
Senator Walsh adjourned the committee until next Wednesday with the understanding that Chairman Caraway would not return until Tuesday. It was reported tonight Senator Caraway was on his way to the city. The committee chairman had taken the position in public statements that Bishop Cannon need not testify.

When Cannon made his dramatic exit, Walsh and Blaine were the only members of the committee of five present.

Refusing to quit because of the lack of a witness, Senator Walsh read into the record reports made by the Virginia anti-Smith demagogue. Walsh said they did not show the receipt of any money from E. C. Jameson, New York capitalist, who has testified he contributed \$60,000 to Cannon for the anti-Smith campaign.

Later, however, Walsh produced a report made by the headquarters committee of anti-Smith democrats which showed Cannon had received \$17,000. He said the records did not disclose any donations of \$5,000 paid by Dr. Clarence True Wilson, of the temperance, prohibition and public morals of the Methodist Episcopal church to Cannon for distribution of one of his prohibition speeches.

No Longer Witness
The little southern Methodist bishop issued his ultimatum to the committee as soon as it convened today. Taking his seat, he pulled a prepared statement from his pocket which assailed the investigation and gave notice he was no longer a voluntary witness.

Cannon said in the statement the committee was not investigating any other organizations which opposed or favored the "wet Tammany" candidate in 1928 and charged that his examination was "an effort to single out and hold up to the count."

FAVORS REPEAL Former Governor Cox States Pro Law Impossible

COLUMBUS, O., June 5. (AP)—Former Governor James M. Cox, of Dayton, democratic presidential nominee in 1920, declared for repeal of the federal prohibition amendment here tonight.

Addressing a statewide gathering of democrats at a "victory dinner" in his capacity as chairman, Cox said: "The people will never change the existing order by bringing back the saloon, nor will private interests ever again be permitted to become selfishly allied on any side of this issue."

"With this understanding, I unhesitatingly favor the repeal of the eighteenth amendment. As between the old saloon order, with its brewery controlled politics, and what not, and the present set-up, I would prefer the latter. But we all prefer not being compelled to choose between these two extremes. Both are impossible."

Cubs Sweep Boston Series To Extend Streak To Eight National Collegiate Track And Field Opens In Chicago Today

HOOKS AND SLIDES

SUSPENDED OR VERY WELLS!
In the old days a hallowed custom in the arrangement of a trial was to assemble a brace of cauldrons and their dictators in the back room of Gus Keegan's Regal Cafe, agree upon a date, sign on the dotted line and set the price, at anywhere from 50 cents to \$1.

The bout which grew out of these impromptu and crude transactions were sometimes phony, as a matter of course. But it is remarkable how many affairs sponsored and sanctioned in this manner turned out to be real. In that day, of course, the various boxing boards of this state and that never had been proposed. There was only the fan to fool. And he was not so easily fooled.

Fewer to Watch
The phony fight in those days met with the rebuke of the clientele. The "peep" was the judiciary. Once a fighter engaged in a phony, the response at the show was marked shrinkage. The promoter was placed on the customer's blacklist. It wasn't so easy to get away with a queer affair as you might think.

In those days, the "peep" had only the fighters, managers and promoters to watch. Often these parties were obviously larcenous, but the "peep" seemed to be a bit better at watching than they are now, if you get what I mean.

Or perhaps it was easier to spot a phony in the simple old days. These weren't so complicated. The responsibility for dark deeds was not so spread out.

The Big Funny Man
Specifically, take the case of Primo Carnes. When Primo came to this country, the most childish mind must have realized his status. He was big and funny, but there was quite a question about his ability to fight. He went here and there meeting this manager and that in vain to obtain a contract that in reality were ludicrous. It was grand opera, perhaps, but not fighting. Yet the various boxing commissions lifted not a voice against him until the phony became so obvious that the weak threat of investigation was sounded.

Finally it was a mob that rushed the ring in Oakland, California that brought action against the hypochondriac hippo, California banned him; New York followed suit. Various commissions here and there followed suit with cries of horror.

But, here's the point, to what avail? The hippo of the Hippodrome continues on his way. And will keep right on going. He is now being managed by a Christian in Michigan and George Godfrey in Pennsylvania.

It seems there is only one difference between the practices of the days of yore and modern methods. Today you have to have your larceny legalized.

Decision Protested In Brook-Lyn Fray
BROOKLYN, June 5. (AP)—Glenn Wright, star Brooklyn shortstop, returned to action today to take the key position in a fast double play that ended the final game of the series with the Pittsburgh Pirates in a 6 to 2 victory for Brooklyn and in a scuffle at the home plate as the Pirates protested, the umpire's decision on the play.

Brooklyn went into the ninth with a one-run lead but the Pirates put two men on base. After one man had been retired, Paul Wagner grounded to Flowers, whose throw to Wright forced McCoil at second. Hemsley tried to score from second on the out and Wright caught him at the plate.

Decision Protested
Hemsley dashed at umpire Ted McGrew and jostled him about while Manager Jewel Ems and Coach Max Carey joined in the protest, which lasted until a special policeman came on the field and escorted the umpire to their dressing rooms.

The play came as the climax of an exciting game in which the Pirates staged a futile uphill battle. The Robins drove Jess Petty from the mound in the fifth inning to score four runs that gave them the victory.

Porat-Stribling Match Is Likely
CHICAGO, June 5. (AP)—The Illinois State Athletic Commission probably has changed Otto Von Porat's mind about meeting W. L. "Young" Stribling, at the Chicago Stadium June 15.

After Von Porat, Norway's contender for the heavyweight boxing title, and his manager, Ed Stevenson, refused to keep their verbal agreement with the stadium for the match, the commission today placed a six month suspension on each of them with the usual recommendation that the banishments be enforced throughout all states affiliated with the National Boxing Association.

Facing six months' suspension, just when he appeared in the best condition in his ring career, Von Porat went into a huddle with Manager Stevenson. So far they are undecided but probably will keep the agreement after all.

The stadium officials reiterated they only wanted the Norwegian heavyweight to keep his promise, and if he does they would doubtlessly get the Illinois commission to rescind its suspension.

Decision Protested In Brook-Lyn Fray

BROOKLYN, June 5. (AP)—Glenn Wright, star Brooklyn shortstop, returned to action today to take the key position in a fast double play that ended the final game of the series with the Pittsburgh Pirates in a 6 to 2 victory for Brooklyn and in a scuffle at the home plate as the Pirates protested, the umpire's decision on the play.

Brooklyn went into the ninth with a one-run lead but the Pirates put two men on base. After one man had been retired, Paul Wagner grounded to Flowers, whose throw to Wright forced McCoil at second. Hemsley tried to score from second on the out and Wright caught him at the plate.

Decision Protested
Hemsley dashed at umpire Ted McGrew and jostled him about while Manager Jewel Ems and Coach Max Carey joined in the protest, which lasted until a special policeman came on the field and escorted the umpire to their dressing rooms.

The play came as the climax of an exciting game in which the Pirates staged a futile uphill battle. The Robins drove Jess Petty from the mound in the fifth inning to score four runs that gave them the victory.

Issues Warning Dickinson Says Fishermen Must Have License

Reiterating his recent warning to anglers using artificial bait without license, M. W. Dickinson, district deputy game warden, yesterday told the Avalanche-Journal that he intends to enforce the game laws to the letter and with no respect to persons.

Two fines were inflicted by the game warden Wednesday, bringing the total for the season to a point far beyond the usual number for this time of the year.

"Those who persist in breaking this law need not expect any favors," Dickinson said. "Friend or no friend, you will be fined to the limit if you are caught fishing with artificial bait without a license."

Maxie Goes Easy In Daily Grind

ENDICOTT, N. Y., June 5. (AP)—Max Schmeling took his ease today, getting into trouble on the golf links instead of in the ring with his sparring partners, while a small army of war correspondents speculated on the physical condition of the carefree young German.

The boys are worried over the fact that Max has decided to rest for two days at the most critical point in his training for the fifteen-round heavyweight championship duel with Jack Sharkey in the Yankee Stadium next Thursday night and they fear he has gone stale from overwork. In his last workers Wednesday he had trouble substiting his usually wobbly sparring partners.

Century Holds Stage Center In Big Event

Simpson, Leland, Bracey, Tolman And Wyckoff Clash In Classic 100-Yard Dash; Trials Set For Today

By WILLIAM WERKES Associated Press Sports Writer

CHICAGO, June 5. (AP)—Ten defending champions and a brilliant host of threats to keep them from repeating their 1929 victories will descend in force on STAGE Field at the University of Chicago tomorrow for qualifying tests in the ninth annual national collegiate track and field championships.

The event, the final collegiate track and field test of the season will be more truly national than ever before. All sections of the country have sent their best including the Pacific Coast delegation of Southern California, Leland Stanford and California.

Interest as usual will be centered on the classic 100-yard dash in which George Simpson, the Ohio comet, will have a three-fold task before him. He not only has the job of successfully defending his title in the event, but will disport his followers if he does not at least equal his great 24 performance of last year.

His competition will be tougher than when he made the mark against him will be Frank Wyckoff of Southern California, winner of the century in the Eastern Intercollegiate last week, and also possessor of a mark of 9.4 Cy Land of Texas Christian University; Claude Bracey, the Dixie flier from Rice Institute, who won the 100 and 220 in the 1928 nationals; Eddie Tolman, negro of Michigan, world record holder at 9.2; and Hubert Meier, of Iowa State, another "time-two" man. Simpson will face the same field in the 220-yard dash in which he is co-holder with Roland Locke of Nebraska, of the record of 20.8.

Barriers Met By Tariff Bill

Measures Back In Conference For Fourth Time Awaiting Correction Of Rate Sections; Proposal Defeated

By D. Harold Oliver

WASHINGTON, June 5. (AP)—The tariff bill ran up against four insurmountable barriers in the senate today, but hurried a fifth in the house, and tonight was back in conference for the fourth time awaiting correction of its rate sections.

After Vice-President Curtis upheld democratic points of order against the conference rates on cheese, watch jewels, rayon, and a provision relating to temporary free entry of cattle from Mexico and Canada for pasturage, the house defeated, 181 to 140, a minority proposal to instruct house managers to accept the senate's free listing of hides, leathers, and shoes.

The senator in the points of order automatically returned the bill to conference. Both houses resuspended their conferences and Senator Smoot, of Utah, chairman of the senate conference committee said he would call a meeting tomorrow in the hope the corrections could be made and the bill reported to the senate late tomorrow or Monday. Saturday usually is an off-day.

The Nut Cracker

BY JOE O'GOFFY Golf Editor Congressional Record

SANDWICH, June 5.—I have just finished following Bobby Jones around several of the golf courses here, trying to solve the mystery of why they call him an amateur. To date I have found no reason.

Sandwich was supposed to be a tough course. But it was just a full meal to Bobby.

The Atlanta lawyer fell down completely, however, on one of the 500-yard holes, taking a three.

John Bull's golfers were all over the place, but the British tone in the golf market soon changed to a bear trend when Jones started bunting them in from the tea.

Jones didn't explain his method of beating the British, but I think he uses a whole lot of reverse English.

The British were slightly surprised when Jones started putting in to the cup from the bunkers.

The only thing Bobby hasn't won over here this year is the British Derby. And he didn't need that because he brought along a cap.

Mrs. Pardue Is Big Favorite In Tulsa Meet

By VERNON B. SNELL (Associated Press Sports Writer)

TULSA, Okla., June 5. (AP)—The trophy representing the 1929 championship of the women's tennis tournament golf association will be in Tulsa, Okla., on June 6.

As the annual tournament of the women players west of Old Man River reached the semi-final stage at the Tulsa Country Club, the prevailing odds, conservatively speaking, were about 3 to 1 that the cup would grace the Tulsa City, Iowa Country Club house, home of Mrs. Dorothy Klotz Pardue.

The next hurdle in the path of the long driving Iowa woman clubs continue to pound out a par time on the little white sphere is Mrs. Stanley Alexander of Camden, Arkansas.

If the Iowa defeat Mrs. Alexander, she then would meet an Oklahoma woman, either Mrs. Tom Wallace, Sulphur, state champion, or Mrs. Hubert S. Clark, Oklahoma City.

Mrs. Pardue today gained the semi-final berth in a thrilling match with Mrs. E. Dreannan, of Tulsa who for four years reigned supreme among Oklahoma's feminine stars. The score was 3 and one Mrs. Alexander won the right to compete against the nationally known Iowa golfer by a 1 up victory over Mrs. R. J. Kahn, of St. Louis, in a match that was not decided until the

Allied Rebels Break Through Troops' Lines

Northern Army Crosses River To Capture Railway Line In Neighborhood Of Chowtsun, Advises State

SHANGHAI, June 5. (AP)—Foreign naval dispatches tonight from Tsingtao and Chefoo, Shantung province, said the northern allied forces had crossed the Yellow river about 60 miles east of Tsinan, provincial capital, broken the nationalist troops' lines, and reached the Tsinan-Tsingtao railway line in the neighborhood of Chowtsun.

The naval dispatches said the nationalist defenses had reorganized near the strategic railway line, and that a sharp engagement was still going on at the time they were filed, late in the day. It was stated, however, that service on the railroad had not been interrupted.

Foreigners Leave
The development was said to have aroused apprehension among foreigners in Tsinan. Some prepared for an expected siege of the city while numbers of others left for Tsingtao, on the coast 250 miles to the east.

This was the second setback of the day for the Nanking nationalists. The first was the loss of the important city of Changsha, capital of Honan province, to a motley horde of Kwangsi province rebels and bandits, known colloquially as the "Red" army.

Dispatches tonight from foreign gunboats standing off Changsha said Kwangsi forces totaling 20,000 men had occupied the city and that more were coming in. The 10,000 nationalist troops deflected from the central China front north of Chengchow, Honan province, retreated northward after making a feeble show of resistance. It was added.

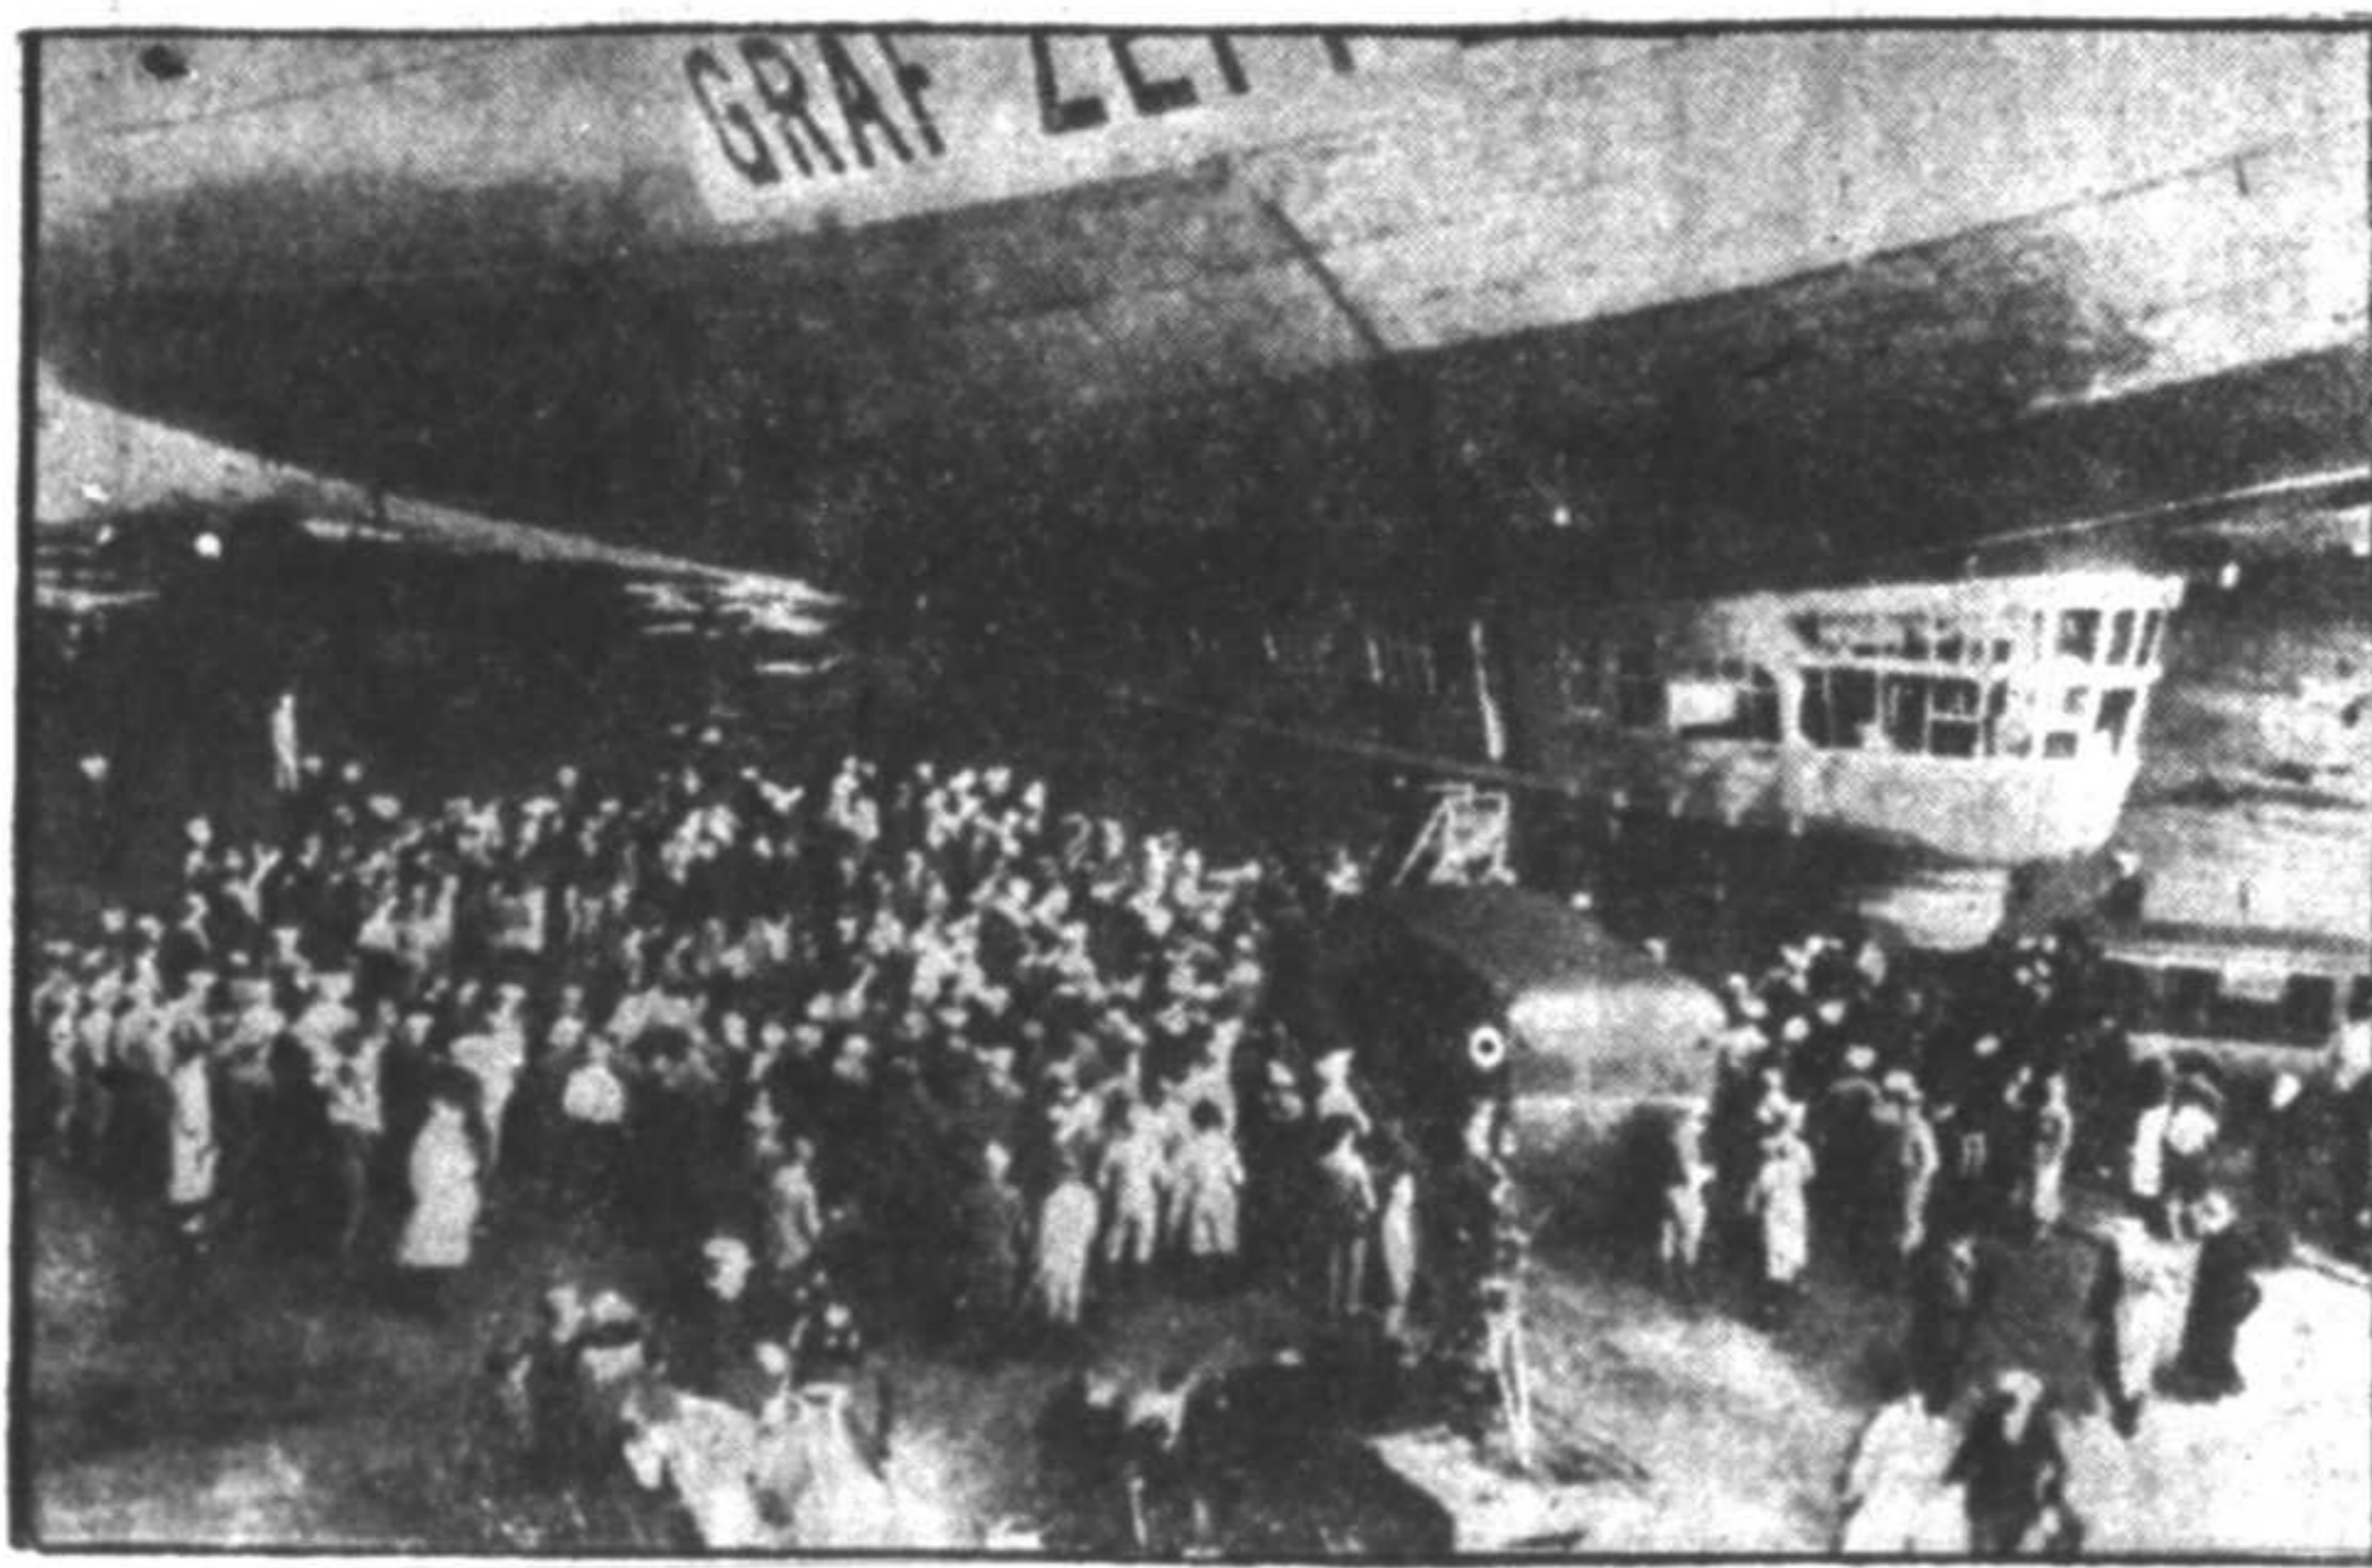

Gather On Island
All foreigners in Changsha had been concentrated on an island in the Siang river off the city, the dispatches explained, where they were under protection of the guns of the foreign gunboats. Japanese residents were said to be evacuating the city, moving to Hankow, Hupeh province, on the Yangtze river.

The declared objective of the "Red" army is Hankow, Hainan and its sister cities, Wuchang and Han-yang.

In decided contrast to most rebel victories, the "Red" army was reported in Japanese advices to be maintaining order in Changsha. Looting was prohibited. Ample protection of foreigners was believed provided by the American, British and Japanese gunboats in the harbor.

Meanwhile nationalist troops were reported in Japanese advices to be retreating before advancing northern alliance rebels in Honan province. The northerners inflicted severe damage upon nationalist troops along the Hanchow-Tungkwun railway.

Hoover Urges Rapid Action On Navy Pact

President Calls Borah For Conference In Effort To Secure Consideration Of Treaty This Session

By FRANCIS M. STEPHENSON
WASHINGTON, June 5. (AP)—President Hoover called in Chairman Borah of the senate foreign relations committee today to urge action on the London naval treaty before the senate goes home for the summer and was assured of prompt consideration.

Senator Borah declined to take any part in the dispute over procedure and said he did not think it mattered whether the pact was acted upon in the regular session or in the special session which the President is prepared to call.

Strength Claimed
Mr. Hoover summoned Borah as senate foes of the treaty claimed new gains in strength. It was the third consecutive day he was conferred with senate leaders over the pact. While voicing no enthusiasm over the pact, Senator Borah made it plain he would support it.

Secretary Stimson attended the White House parley and informed Borah that papers demanded by Senator Johnson, republican, California, would be sent to the senate probably tomorrow.

Willoughby Meets Defeat in Voting

INDIANAPOLIS, June 5. (AP)—Judge Benjamin M. Willoughby of the Indiana Supreme court, whose decisions in liquor cases have brought him into disfavor with the Indiana Anti-Saloon league, was defeated for re-nomination at the republican state convention today.

To make the race for the Supreme court bench at the November election the republicans nominated in Willoughby's stead his fellow townsmen, from Vincennes, Circuit Judge Thomas B. Coulter who had approval of the drys.

Others Re-Elected
Judge Willoughby was the only one of ten incumbents seeking re-nomination who met defeat.

The convention produced only one other contest of any importance. This was for an appellate court judgeship and involved a factional fight among republican politicians in Indianapolis. Judge Charles R. Remy, incumbent, was re-nominated despite the opposition of George V. Coffin, Indianapolis republican leader, who supported Alexander G. Cavins, assistant United States district attorney.

Dynamite Four Buildings To Check Flames

Hundred Made Homeless And \$100,000 Damage Caused In Kentucky Fire; 20 Houses Destroyed

LOTHAIR, Ky. June 5. (AP)—Four buildings were dynamited here today to check a fire which destroyed 20 houses and the storage plant of Standard Oil company and caused damage estimated at \$100,000. Approximately 100 persons were left homeless.

The fire, attributed to sparks from a smokstack, spread rapidly, and the intense heat melted the safety valve of the tanks and released oil which spread cut in a blaze. The plant contained eight large tanks, and it was estimated that 90,000 gallons of gasoline, 20,000 gallons of kerosene and 40,000 gallons of engine oil were consumed.

The houses destroyed were occupied by employees of the Algoma Coal company. Some residents saved their household belongings but many had to leave them.

SENTENCE REVERSED

Named Heirs in 99-Year-Old Will

No wonder Mrs. May Loud Koffinke above, and Mrs. William Loud Fowler, below, of Oakland, Calif., look pleased. A 99-year-old will has just been found between the leaves of an old Bible, naming them as heirs to one-fourth of the estate of Mrs. Emily Loud, who died in New Haven, Conn., in 1829.

Mrs. Loud left only a few thousand dollars in cash in a New Haven bank, but now, with interest, it amounts to \$250,000. The money would have reverted to the state in another year.

Stolen Jewels Are Identified

Cleveland Woman Picks Out \$300,000 Worth Of Stolen Gems From Three Hoards In N. Y. Police Seizure

NEW YORK, June 5. (AP)—Out of each of these hoards of jewels seized by New York police in the last fortnight, in a roundup of stolen gems and their possessors, identifications were made today.

Mrs. Frederick Desberg of Cleveland picked out of \$300,000 worth of jewelry, seized at the Hotel Commodore a week ago Monday, two rings and a bracelet taken from her last winter at the Hollywood Beach Hotel in Hollywood, Fla.

Police identified from \$300,000 worth of jewelry found in the safe deposit box of Robert Nelson, race track man, a platinum watch which they said was one of eight stolen in 1925 from a mailman in Newark, N. J.

Harry Roger of Alden Park Manor, Pa., identified 35 pieces of jewelry found in the safe deposit box of Miss Madel, pickpocket, as articles worth \$7,000 which were stolen from his home last Tuesday.

Mrs. Desberg's jewelry was stolen while she and Mrs. Louis Kaufman, who lost gems in the same robbery, found her jewelry in the \$300,000 cache several days ago.

did not care to answer. He said he would be back shortly, and left her to her stormy speculations. They were stormy, for she understood his morning mood better than he himself understood. She knew that his temper had flared because he had been determined to get a definite break with Natalie.

Natalie had worked her suspicions to the point of believing that he even now on his way to meet her, she would make up her mind when Natalie walked into the office.

Natalie was a white-faced, ashen-looking woman. Alan had been plainly sleep had not paid for a visit that night. She asked for Alan, and Phillips regarded her scrutinizingly. Natalie fell her gaze uncomfortably.

"Oh, yes, he was here. Phillipa answered coldly. She knew she was being reckless, but she did not care. Rather her irritation was routing her better judgment.

"Did he say when he would return?" Natalie had to have to ask. She was sternly disapproving her at the moment.

"No, he didn't," Phillipa curtly replied. Natalie glanced toward Alan's door. "I think I'll wait in his private office a while," she said and strode away. She half-remembered Phillipa's abruptness.

With a heart of resentment, Phillipa watched her close. The door she knew that in future Natalie would always be distant with her if she ever came again, she mused, but with small belief in the what.

What Natalie did in Alan's office she did not know, but she gave the impression as the lips parted as she had acted foolishly toward Alan. Suppose the quarrel should blow over, and things were to go on as they were now? She would have no opportunity to stir her up against Bernardine Lambert.

She was bitterly regretful. If she had been agreeable she could go on and have a talk with Natalie. It would be a fine chance to indicate to her greater wisdom, she could tell her about the visit Alan had paid to the Lambert home while she, Natalie, was away. She could tell of the many presents he had brought for her, of his fondness for the little boy. And all in the name of praising Alan for his kindness and generosity.

But it was too late now. Even if Natalie should listen to her, she would appear contaminated in her own estimation because of her recent visit to the Lambert home. She could not resist the fact that her husband's secretary was moved to act as she did because of the small head which she had on her.

"It's enough to put her on her guard," Phillipa concluded, and gave up the idea of saying anything more to Natalie.

She worried greatly for her Alan would come in and be, in some degree, pleased by the open conversation Natalie had made of coming to his office.

And then, with Natalie waiting here, and Phillipa nearby, waiting for her arrival, Alan telephoned the office.

PLAN CELEBRATION

TAHOCA, June 5. A free barbecue, baseball game, candidate speaking and other interesting features will be on the program.

Spent About Half of Her Time in Bed

Plainview Carpenter's Wife Gains 7 Pounds on Argentine; Now A Well Woman.

I have gained seven pounds since taking Argentine and am feeling like a well woman for the first time in two years," said Mrs. H. C. Cobb, wife of a well-known carpenter and living at 211 Hillcrest street, Plainview, Texas, recently.

I suffered from a severe case of indigestion, nervousness and general run-down conditions," she continued, "and in spite of everything I could not get my condition any better. I finally got to where I couldn't eat anything, and gas formed and caused those bloating spells. My nerves were all on edge and I could hardly sleep at all for worrying about my condition and by morning I would be so weak and lagged out I was hardly able to get up at all. I was fast going down hill and I actually got so weak and listless at last I just had to stay in bed part of the time. I was gradually losing weight, and I tried all kinds of medicine and treatments, but nothing seemed to bring my health and strength back.

"One day a friend came to me and told me so much about Argentine, and what it had done that I decided to try it. I am certainly getting wonderful results, and had only taken a few doses and I knew that I had found the medicine I needed. I have improved right along ever since and can now eat anything I want and it now agrees with me. My kidneys and liver are back to normal, and I rest every night and sleep like a child. I have honestly gained seven pounds on Argentine and it has helped me so much, my husband is now taking it. Argentine is the best medicine I have ever seen or heard of, and a medicine that will do what Argentine did for me certainly worth recommending."

NEW IDEAS IN SLIPPERS FOR HOUSE WEAR

At first thought one would think that there was very little opportunity for "style" in house slippers, nevertheless we are featuring just now entirely new ideas in several respects. These slippers have just arrived from a famous maker, Daniel Green, and they are most attractive.

The New "Bridge" Slipper for the Afternoon at Cards

This is a house slipper that is more than just a "stay at home" type. Made from Black Crepe with black satin lining, it is trimmed with a bow to match. Its 1 1/2 inch Spanish heel is decidedly dressy, yet in its soft sole and shape it is decidedly comfortable. To be had in all sizes and AA to C widths. Another new innovation. Priced only \$6.00

D'Orsay Pumps in Crepe and Kid

Two styles in these popular house slipper types are to be had. One in black crepe D'Orsay style, the other in black dull kid. Both have salmon pink and gold linings and are to be had in sizes to fit. Widths from AA to C. Priced \$4.50 and \$5.00

Mules—"Dyed to Match"—a Most Advantageous Idea

No need now to worry about "colors to match". This new mule from white broad crepe can be dyed to exactly match your robe or fancy. It is a smart style with a gold strap and a comfortable heel. The price is \$5.00 undyed—dyed to match any shade \$5.50

Condition Of Crosbyton Is Reported Good

Crosby County Seat Carries On In Spite Of Unfavorable Conditions; Improvements Mark City's Growth

(By Staff Correspondent) CROSBYTON, June 5.—Crosbyton, county seat of Crosby county, the oldest government on the South Plains, and center of the county, is carrying on in spite of adverse conditions. The city is in good shape financially and its business men are bending every energy to render the best service to farmers and residents of the trade territory and the entire county.

Crosbyton itself has many improvements and betterments that many towns double its size, do not have as far as amounts are concerned.

Many Sewer Lines

For example, there are more than 12 miles of sewer lines and many more water lines. Probably five miles of sidewalks are now laid. The square is paved around all four sides and for several blocks away on the main highways. Paving exceeds nine blocks.

One feature is a city owned park in the center of the town, in place of the usual "courthouse square" of so many towns. This park is well kept, and has about an acre of lawn. There are plenty of shade trees and walks and seats for those who want to wander over there in the summer time on hot days and rest.

Good Court House

Besides these features there is the court house across the street, in the center of a triangle, with a lawn and plenty of park features.

Crosbyton has a splendid school system, with a \$100,000 high school building and four wards schools. The high school has 25 1-3 credits of affiliation with the state system. The building has an up-to-date gymnasium and an auditorium seating 700, used for community gatherings. Twenty teachers, all with degrees from recognized colleges, comprise the faculty.

Business Assets

The town has 120 business establishments, including five cotton gins, three grain elevators, a compress, wholesale house, bakery, newspaper, 13 garages and filling stations, two lumber yards, four coal yards, a natural gas distribution system, four physicians, a dentist, and three electricians, and an up-to-date mattress factory.

The State Telephone company maintains a district headquarters in Crosbyton for the area. The Texas Utilities company supplies light and power and the city owns the water and sewer system. The West Texas Gas company has the gas lines.

Chamber of Commerce

One of the most active chambers of commerce in the smaller towns of the South Plains is located in Crosbyton. It is headed by R. S. McCarter as president and a board of directors. W. T. Dunn is the secretary and manager. The chamber has been busy in advancing the interests of the city and has done considerable advertising to bring in new people.

Postoffice receipts, Mrs. J. I. Steber, postmistress, reports, are in excess of \$8,000, placing the city in the second class division.

"Our population will be more than 1,300 when we get the final totals from the district supervisor," W. T. Dunn, secretary of the chamber of commerce, reports. "Our census taker found a number of people that did not get in the first estimate and the chamber of commerce also found some. We had almost 1,300 and our final totals will be above that figure."

Roberts Is Mayor

Ella Roberts heads the municipal government as mayor, with two members of the city council. They are R. E. Karr, commissioner of streets and R. S. M. Carter, commissioner of water.

Valuation of the city is in excess of a million dollars, with bank deposits approximating the three quarter million mark.

Number of customers of the several lines of utilities average around 250 or more.

Rotary Club Active

One of the active Rotary clubs of the South Plains is located in Crosbyton. It has aided the formation of a club at Ralls and has also interested in several other groups.

The Panhandle and Santa Fe railroad branch from Lubbock has its terminals in Crosbyton, with shops and terminal facilities. It handles a large amount of business, especially agricultural products, during the harvest season.

Agricultural Interests

Crosbyton county has a wide variety of agricultural interests. While cotton is the main crop, the fact that there are three grain elevators in the county's metropolis, as well as two others in Ralls, the other large town, indicates that there are other main crops also.

Besides these, oats, grain sorghums, maize, kafir corn, fescue, and millet are raised and are produced in large quantities. Winter wheat will average 18 to 25 bushels to the acre. Half Bale Per Acre

Cotton yield is from one quarter to one half bale per acre and often records of as high as a bale recorded.

Poultry and dairy products are increasing factors in farm life. In fact, during the past two years or so, the farmers with a few cows and a flock of hens have been the ones who have weathered the storm of adverse crop conditions, with ease, business men point out.

For example, the county produces better than 20,000 cases of eggs per year and around 600,000 pounds of dressed poultry.

Cream shipments are in excess of \$5,000 a year, and average around \$5,000 a month. The value of these "side" crops of farms are estimated around \$300,000 annually. With highway 33 through the

Queen's Guest Wins Divorce

Lucy Cotton Thomas Ament, former actress, who spent her honeymoon five years ago with her husband as the guest of Queen Marie at the royal Rumanian palace in Bucharest, has been granted a divorce from Col. Lytton Ament and resumes her name of Thomas. This picture, taken just as she left the Reno, Nev., courthouse, shows her and her daughter.

Gov. Huey Long Shows He Can Be Really Informal

BATON ROUGE, La., June 5.—Governor Huey P. Long has proved that he can get genuinely informal. Not long ago he received notoriety by receiving the commander of the German cruiser Emden in green pajamas. But his excellency has decided that pajamas were entirely too formal for these official calls of courtesy.

So when Brigadier General Frank R. McCoy, of the southeast army corps, came to the mansion with his staff in bright livery for the usual formal exchanges between high military and civil officers, Governor Long received them in his underwear sitting on his bed.

The governor's bright, green silk pajamas of Emden fame were draped across the bedstead. The military officers only laughed and the governor will not have to apologize as he did to the German commander.

RITCHIE FACES FIGHT

BALTIMORE, Md., June 5.—Governor Albert C. Ritchie faced a fight today for a fourth term with the announcement of Mayor William F. Broening of Baltimore that he would seek the republican nomination. Governor Ritchie, a democrat, is an avowed wet. Mayor Broening stated only that he would run on the state party platform adopted.

"Canyon" east of town, being made ready for paving this summer. It is expected the increase of tourist business will add materially to the county's income.

"Playground Popular"

Blanco canyon, known as the playground of West Texas, attracts hundreds and thousands of people in the summer time. The canyon is only a short distance from Crosbyton and many parties from towns as far as away as a hundred miles drive there for a day's outing.

Hank Smith Memorial park, the site of the first house in the county, is another center of attraction. Silver Falls lake is one of the prettiest parks in this section. It is made possible by a dam across the White river, in the canyon and ranges in depth from two to eight-hundred feet. Spring water keeps the lake filled.

Fire Fighters Plan Campaign Against Flame

Three Scouting Planes Used To Locate Main Fires And Direct Movements Of Army Of Fighters In Canada

PORT ARTHUR, Ont., June 5.—(AP) Preceded by three scouting planes to direct their movement, a small army of fire fighters was dispatched into the forests northwest of here today to subdue the flames which have ravaged the country for a week.

Taking advantage of the respite offered by scattered rains and dying winds, the forestry department planned to seek out and extinguish the fires burning in remote sections before they again assume menacing proportions.

Towns Threatened

Flames which had burned their way to the outskirts of this town and had for several days threatened the destruction of Sioux Lookout have been extinguished.

Forestry officials know the location of several of the worst fires still burning, but will depend upon the scouting planes to locate others for them.

More than 25 families of home-owners have been made homeless by the fires with the loss of their farm buildings and live stock. At Pass Lake eight families were burned out. A group of 35 was housed in a community hall at Ignace.

Lumberjack Burned

Albert Trebaine, a lumberjack, is in a hospital suffering from burns, incurred when he with a gang of 75 were driven from their camp in Jacques township west of here and forced to take refuge in a stream.

Settlers at Forget, a small hamlet in northwestern Ontario, were forced to flee when flames destroyed the village. They took refuge in a nearby town.

G. R. Hicks, Ontario Air Force Pilot, Returning From Sioux Lookout, said that 14-year-old boys worked day and night shoulder to shoulder with the men of the community in the battle to subside the flames.

FARMER DROWNED

SAN ANGELO, June 5.—(AP)—Arthur Old, 32, farmer of near Mereta, Tom Green county, was drowned today in the Concho river while on an outing with a boy scout troop of which he was scoutmaster.

Rides Niagara Rapids in Barrel

Battered but triumphant, William (Red) Hill is shown here as he completed a tempestuous five-hour trip through the lower Niagara rapids and whirlpool. Hill is shown in the steel barrel in which he made the trip; a sliding trap made the barrel water-tight while he was shooting the perilous rapids.

To insure 20 years of unbroken good luck, London society women are wearing necklaces of Oriental origin. They are composed of many different kinds of semi-precious stones strung on a fine gold chain. Some are made of smooth, polished stones, some of oddly shaped pieces of gems carved with mysterious hieroglyphics.
