

"I like to shop in Lamesa because the merchants have seen to it that there is style, quality and prices on their merchandises to please everyone, even the most fastidious. They also have in their employ plenty of efficient sales clerks, who are eagerly waiting at all times to give prompt and courteous service." — Mrs. C. L. Mullins, Route 2, Lamesa.

Make Last Drive For Baseball Funds

Number Hunting Is New Game Among Nations Registrants

Bulletin Boards Crowded By Those Attempting To Learn Registration Number

Draft Board Explains, However, That Numbers Really Have No Significance; First Drawing Next Tuesday

A new game took the nation this week, when numbers were assigned to the seventeen millions of men who registered for selective military training.

In Dawson County, where a total of 2158 Dawson County citizens have been allotted numbers, the game caught on in a big way. The numbers were posted on two bulletin boards Monday morning, and released to the press at the same time.

The complete list, accounting for 2,092 names released Monday morning, was carried in the Monday issue of The Courier. The names of those who registered in other counties, but gave Dawson County as their home, are being published in this issue. Their registration cards have been coming in to the local draft board throughout the week, and numbers were allotted to them as fast as they were received.

Farm Luncheon To Be Held At Key Tuesday

Barbecued Goat To Be Served By Demonstration Club To All Visitors

A Community Farm Luncheon will be held at Key next Tuesday night at 7 p. m. according to an announcement made from the Lamesa Chamber of Commerce to day.

The Home Demonstration Club at Key will serve Goat Barbecue to those who attend. Mrs. Hub Spraberry is president of the club.

Fifty-six farmers have agreed to attend, as guests of the Lamesa business men who will also be present.

There will be a most interesting program given, details of which were not available today.

Golden Tornadoes Go To Angelo For Next Game

Large Crowd Is Expected To Follow Band And Team Friday Night; Bobcats Good

The Lamesa Golden Tornadoes will go to San Angelo Friday night for their third Conference game of the season against the potent Bobcats.

It will be recalled last year that the Angelo lads barely nosed out McCollum's charges in one of the best games seen on the local grid.

Although the Tornadoes are given only an outside change of upsetting the Bobcats, they are determined to put up a stiff fight and Lamesa fans who will follow them to the wool capitol, are assured of seeing a full evening's entertainment.

The local team has two more home games, both of which are conference titles. On Friday, November 1st, they will entertain Sweetwater at McCollum Field. The Mustangs won the district last year and are rated as a very strong team this year. On Friday, November 8th, Midland will bring her squad to Lamesa. They now appear to have the district championship in the making at Midland, having bowled over all opposition thus far in the district.

A large following of fans are expected to attend the game in San Angelo Friday.

REV. CUMBLE MOVES

Rev. R. E. Cumble, who was pastor of the Baptist Church at Ackworth for a long time, has moved to Grandview, where he was assumed pastor of the Baptist Church in that community. It was revealed this week he will make his home in the teacherage at Grandview, and will get his mail on Route 2 out of O'Donnell.

News and Views From The . . . Legion Hall

The How and Why of This Column About six weeks ago Allen-Houston Post decided that more news should be given out concerning its activities and the activities of the national organization and the things for which both are working. Also that because of the average Legionnaire's age and experience, his individual views might be interesting and helpful in molding public opinion in regard to many of the problems now facing our nation. It was decided that the best results in this respect might be had by having a different member of the post give out the news and views for a month at a time. Incidentally, this permits rotation in office, which many Americans still think advisable and gives a cross section of views and opinions which would not be had from having the same reporter month after month.

Legion Now Favors Aid to Britain

The recent American Legion National Convention at Boston put itself on record as favoring all possible aid to Great Britain in her present emergency. The resolution reads: "We believe that sound, national defense policy for this country requires that we should at this time give all practicable aid to Great Britain and those allied with her in their fight for freedom."

Local Post Endorses Youth Baseball League

A move to organize a youth league composed of Lamesa, Midland, Big Spring and other adjacent town was brought before the post at its regular meeting and given unanimous approval. Detailed information will be given out later.

Home Guard

Organization of a Home Guard Unit has been endorsed by the Legion Post, the Lion's Club, the Rotary Club and the Chamber of Commerce and application through proper channels is being made. Such a company will consist of about 74 men and will be required to drill about one and a half hours each week. Males between ages of 18 to 64, in good health and of good character.

Singing Changed From Friday To Thursday Nights

An important announcement was made this week by Tracy Campbell to singers of Dawson County. The regular Friday night singing which has been held at the Bryan Street Baptist Church for several years, will be held each Thursday night instead of Friday, he said.

This singing attracts a large crowd every week throughout the winter. It is usually discontinued through the summer months in deference to the many revival meetings which are held throughout the county.

If you are a singer or love good singing, you are invited to attend these weekly meetings, but remember the change in nights from Friday to Thursday evenings.

County Teachers To Meet Here November 2nd

The teachers of Dawson County will hold their first meeting of the year in the District Court Room Saturday, November 2nd, according to an announcement made this week by Henry Norris, Dawson County School Superintendent. The meeting will be called to order at 10:00 A. M.

The purpose of this first meeting will be to reorganize the teachers for the new year and to elect officers for the Teachers Association. Officers for the Dawson County Interscholastic League will also be elected at this meeting, Norris stated.

V. Z. Rogers, past Director General of the League will preside during the election of league officers, and P. K. Humes will preside at the election of officers for the teachers association.

All teachers of Dawson County are invited and urged to attend this meeting.

W. P. Woodward of Two Harbor, Minn., spent the week end here visiting in the home of Mr. and Mrs. E. C. Nix.

Dawson County Man Votes And Does Jury Service, Now Finds He's Possibly An Alien

Was Born In Canada, But Parents Were Both Born In United States, And Now Maybe He's A Canadian

How would you like to wake up some morning, with the realization that you are possibly an alien in the United States, although you have been reared in this country, voted in the elections, served on juries, and otherwise done all the things that an American citizen is privileged to do?

You might say, impossible, and yet that is the experience of Rupert Wells Westbrook, who lives on Route 1 out of Lamesa.

Mr. Westbrook knew that he was born in Canada, but he supposed his parents were American citizens, as they were both born in the United States. When the question arose, due to the selective service, he was requested to establish his citizenship, in view of the fact that he was born in Canada.

His father, deceased, went to Canada some time before the son's birth. A short time before the new baby was born, he filed on land in Canada, and it now appears that he would have had to be a Canadian citizen to have filed on land in that country. Whether he took out papers there, has not been learned, as Westbrook's mother, who is still living, is not certain whether this is the case or not.

Westbrook communicated with officials in Washington, and they advised him to register as an alien, stating that if his citizenship were established, he would suffer no inconveniences as a consequence, but if he neglected to register and then failed to establish his citizenship, he would be subject to prosecution.

He is communicating with government officials in Canada to ascertain whether his father became a citizen of that country or not.

All Preliminary Steps Are Completed For Organizing Home Guard Unit In City

All That Remains Is The Selection Of Officers Who Will Have Charge Of Dawson County Unit

All preliminary steps have been taken in Lamesa for the organization of a Home Guard Unit for Dawson County, according to information released by the Allen-Houston Post of the American Legion.

Only routine steps are now necessary for the completion of such a unit here, it is stated. A petition bearing nearly seventy names was recently presented to the Legion Post, requesting them to sponsor such an organization.

Each unit will consist of 74 men, according to plans for its setup, given out by Brig. Gen. J. Watt Page, Adjutant General of Texas.

Eligible for enrollment will be able-bodied men between the ages of 18 and 64 years.

Uniforms and equipment, including arms will likely be furnished by the government, after the organization is completed.

No one will be paid for service unless ordered or called out by the governor.

Officers of each unit will consist of a captain and first and second lieutenant, to be appointed.

Must Take Oath Enrollment will be completed on an enlistment blank furnished by the adjutant general. Those enlisting will be required to take the prescribed oath of allegiance. Enlistment period will be for three years unless discharged sooner by competent authority.

Enlistment will not be an exemption from military service under federal law.

When an organization is authorized and the prospective commander designated, according to instructions received here, he will be furnished with the necessary Texas defense guard regulations and other instructions covering the duties, responsibilities and obligations of the unit and the individual members thereof. Instructions on training will be issued by the adjutant general.

The Courier is swapping subscriptions to the paper for pictures of George Washington, as well as for the cash. If you don't

In Marines

YOULAND LEON ECHOLS One year ago this month Youland Leon (Shacky) Echols, son of Mr. and Mrs. R. E. Echols of Dawson County, enlisted in the Marine Corps, and has been stationed at San Diego, California since that time. He visited his parents here during the past summer. Young Echols is with the Anti-Aircraft Division. He graduated from Lamesa High School with the class of '38 and is well known, not only in Lamesa, but over the county as well. His parents have five other sons besides Shacky, four of whom registered in Dawson County this month during the National Registration. The sixth son was too young to register.

Willkie Club Is Formed Tuesday; Have Large Ad

The Democrats for Willkie of Dawson County is a meeting Tuesday night at the District Court Room, formed a temporary Willkie Club for this county.

From this organization, it is reported they will perfect a permanent set-up at a meeting to be held next Tuesday night at the same place.

The Club is also calling a mass meeting of Willkie supporters at the District Court Room Saturday afternoon at 3:30 p. m.

The club is sponsoring a large ad in this issue of the Courier for Willkie for President.

Little Over Nine Hundred Dollars Are Necessary To Clear Indebtedness Of Club

More Than Two Thousand Has Already Been Raised To Assist In Clearing Deficit; New Directors For Club

A meeting of a representative group of baseball fans was held Tuesday night of this week, for the purpose of hearing results on the recent campaign for raising funds to pay off the deficit faced by the local club.

At the end of last season, the club faced a deficit of approximately three thousand dollars. This did not necessarily represent the loss of that amount in operating expense, but covered the total indebtedness of the club for operating expenses, lights, park, grandstand and other equipment.

At this time there remains slightly more than nine hundred dollars to raise, to wipe the slate clean and start over clear of debt. There was little doubt among those present but that this amount will be raised very soon. A campaign in this direction will get under way Monday, it was announced.

It was further stated that immediately after the total is raised, there will be a meeting of all baseball fans and stockholders, for the purpose of electing a new board of directors and officers for 1941. The present directors have made no contracts of any kind for the new season, but have deferred action so that the board elected at the meeting, might have a free hand to select a manager and make all contracts.

In this connection, Hack Miller, whom it will be remembered was with the Lubbock Hubbers year before last, has been in Lamesa for the past several days, and the grapevine has it that several fans are pulling for his selection as manager of the Lubbers for 1941. Of course this will be left entirely to the new board of directors, they to be selected after the nine hundred dollars remaining of the debt is raised.

The fans were enthusiastic in their discussion of Lamesa's entry in the West Texas-New Mexico League next year. There was not a single doubt but that the necessary money would be raised and that the club would start off next year free of debt.

It was suggested that there are likely hundreds of loyal baseball fans who would like to help, even though they could not contribute large sums. Enough of these would clear the hurdle, it was pointed out. An attempt will be made to give each one an opportunity to give as much as he feels able. Those who desire may make their contributions direct to some officer or director.

(Continued on Back Page)

Armistice Day To Be Observed On November 11

Majority Of Stores In City Have Agreed To Close Throughout The Holiday

A majority of the business firms of Lamesa have been contacted in regard to closing their places of business all day Armistice Day, Monday, November 11th, and according to information released from the Lamesa Chamber of Commerce, they are in favor of the closing. The balance of the firms will be contacted as quickly as possible it is reported.

It is understood that President Roosevelt will ask that every place of business in the nation close for this one day, in view of the fact that this is the largest nation in the world today, yet enjoying peace.

The local post of the American Legion is preparing a special Armistice Day program to celebrate the day.

Six New Members Added To Lions Club Wednesday

The regular meeting of the Lamesa Lions Club Wednesday at noon at the Plaza Hotel, saw some fifty members present and the induction of six new members.

First, Gordon H. P. King, Ray Smith, Dorman Kinard, Eddie Lee and Bud Speck were installed as new members to the club.

A most interesting program was given which was thoroughly enjoyed. The Club will hold their next regular meeting Wednesday at noon at the same place.

McCarty Church To Hold Box Supper Friday

The women of the Missionary Society and members of the Epworth League of the McCarty Methodist Church, will sponsor a box supper at the McCarty School building on Friday night of this week, according to an announcement made this week.

The program will get under way promptly at 7:15, and besides the box supper, boys of the McCarty community will furnish music for the occasion.

The public is cordially invited to attend.

OVER THE TOP WITH ZENITHS

The Dyer Hardware and Auto Supply employees and J. D. Dyer himself are all smiles this week over the new Zenith Radio Sales record they have set up. According to a letter from the distributor at Amarillo under date of October 22, the boys have already sold 129% of their assigned quota of the new models. And at that, the boys tell you it is the radio and not the salesman that has broken the record. See their ad in this issue of the Courier and drop by for one of their FREE election year books.

Two for One Subscription Offer

With the announcement last week of the Courier's big Bargain Subscription Campaign, many have already taken advantage of the big savings offered. As was stated at that time, the regular subscription price has been cut in exactly half, for a limited time only. Until this special campaign closes you can get the Courier twice each week for only one dollar, which means that each copy of the paper will cost you less than one penny each.

This is probably the biggest newspaper bargain offer of the fall season. Where can you find one hundred and four issues of a newspaper for only one dollar per year? Yet that is exactly what you get in the Courier. Think of it! One hundred and four times the Courier will visit your home, bringing you the news you need.

You are urged to get your subscription in as early as possible, as these Bargain Rates will not last long, and after they close the paper will cost you two dollars per year. Instead of one, and besides the new merchandise values along, many subscribers have reported that they save enough each week to pay a full year's subscription to the paper.

think that a picture of George Washington is good for a year's subscription to the twice-a-week Courier, just bring one around to the office and see. Of course the only kind of picture that will be taken is the kind appearing on a dollar bill. So bring your picture of George in, or two half dollars, a check, or any other coin of the realm, but don't delay—do it now!

127 Station Lutheran Hour Network Resumes Oct. 27

ST. LOUIS — (Special). — The east-to-west broadcast of the Lutheran Hour will be resumed Sunday, October 27, on a network of 127 stations of the Mutual Broadcasting System. In addition, approximately 100 stations here and abroad will carry the program by electrical transcription.

Walter A. Maier, Ph. D.

The regular speaker will again be the noted Walter A. Maier, Ph. D., professor of Semitic Languages at Concordia Seminary here, whose dynamic evangelism has featured the Lutheran Hour since its modest beginning over the Mutual Network five years ago.

The first broadcast of the new series will be from 1:30 to 2:00 p. m. New York Time, over a group of stations in the Eastern part of the

country, with a repeat broadcast for mid-Western and Western stations from 4:30 to 5:00 p. m. New York time.

The remarkable expansion of the Lutheran Hour has been the result of unusual listener interest and response to its message, the declared purpose of which is to "Bring Christ to the Nation." More than 200,000 letters were received from listeners during the last season of broadcasting—as many as 12,500 letters being received in one week.

A Braille department has been established to handle the increasingly large volume of mail coming from blind listeners, and the services of linguists are in constant need because of the many letters from abroad and from listeners in foreign-language groups. Correspondents range from persons high in the social, industrial and political world to prisoners in many penal institutions, miners and trappers in isolated frontier camps, and from men and women heavily burdened with life's problems.

Dr. Maier, a graduate of Boston University, Concordia Seminary and Harvard, is widely noted for the vigor and sincerity of his spiritual message, and for his strict adherence to fundamental Christian doctrine. His condemnation of Communism and other atheistic doctrines has been widely praised by clergymen and laymen of various denominations.

The Lutheran Hour will be heard regularly each Sunday afternoon throughout the fall and winter months. In the past, choral music for the broadcasts will be furnished by either the Lutheran Hour Chorus or the St. Louis A Cappella Choir—the former a selected group of male singers from Concordia Seminary, the latter a mixed chorus of 60 voices.

DE SOTO and PLYMOUTH Sales and Service

Cold Wave. Heatless Barn. Car's stood a Week. But starts in a Wink!

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance—for Safe Quick Starts...

Ever hear of "the break-away?" Sounds harsh. You can almost feel what it means in the lingo of auto repairers... the moving parts "breaking away" from dead cold standstill... risky moments when your engine's cold steel needs lubricant fearfully fast. And that's why it needs to be OIL-PLATED today by the economical change to Conoco Germ Processed oil.

OIL-PLATING must help faster than any mere fast flow of oil, because sooner than any oil-flow could begin, OIL-PLATING is up to its topmost point in your engine! OIL-PLATING is kept surfaced direct to cylinder walls, pistons and other precious parts, by a strong "power of attraction" processed into Conoco Germ Processed oil. Hence OIL-PLATING doesn't all go draining down during parking—doesn't take leave—doesn't wait for the oil-pump to restore lubrication at every start. That's why OIL-PLATING doesn't let your engine suffer Winter's worst. Always there ahead of starting wear, OIL-PLATING helps your engine to keep its fine fit. And that's your big help toward oil mileage. Mileage is what has won the Conoco man his proud title of *Your Mileage Merchant*. Today have him put in your Winter Germ Processed oil. Continental Oil Co.

THIS IS NATIONAL RETAIL GROCERS WEEK

Politics DON'T COUNT this Week!

THIS is the week when all good Democrats and all good Republicans should bury the hatchet of political difference. This is the week when everyone, regardless of his or her party preference, should join hands in celebrating a great event — NATIONAL RETAIL GROCERS WEEK. Our platform is "Bigger and Better Values" — our candidate is Good Food — and your ballot is your Shopping List. Only this week you can "vote" as many times as you like, because there are so many outstanding values!

Remember that this week your grocer is conducting a special Value Campaign on everything stocked in his store. Meats, fresh fruits and vegetables, canned goods and staple and packaged foods are all selling at exceptionally low prices this week. Come in today and stock up on everything you need, and if you can't shop in person why not shop by telephone. All you have to do is Phone 487 — and we'll fill your order promptly. Climb on the bandwagon this week.

"The SCRAMBLER" ... Beat again. I'll buy more globes tomorrow!

Don't Be A "SCRAMBLER"

The globe in their other reading lamp is burned out, hence the nightly scramble to get the chair by the one good light. Take Reddy Kilowatt's advice and avoid this jolt to domestic happiness.

Lamp bulbs are cheap. Lay in a supply the next time you go to the store.

Electricity is cheap, too. It costs only a few pennies a night to have ALL the light you need for easy seeing.

SOMETHING TO REMEMBER

Nearly every store sells lamp bulbs. Phone for a supply or buy them the next time you go to the store.

Texas Electric Service Company
G. E. CAMERON, Manager

TEXAS OUT-O'-DOORS

Reporting Whiting Bands
With more than fifty bands already returned, it appears as if the whiting dove banding project undertaken by the Texas Game, Fish and Oyster Commission and the U. S. Fish and Wildlife Service in the Rio Grande Valley last

SAND Julia Grayson

Saturday night and Sunday will be our regular preaching time since we have preaching twice a month. We invite all to attend.

Mr. and Mrs. Dennis Brock and children of Lamesa visited relatives here Sunday.

Mr. and Mrs. Z. T. Gilcrease and Mrs. Roy Gilcrease spent Sunday afternoon with Mr. and Mrs. Dillard Gilcrease of Welch, who accompanied them home.

Mr. and Mrs. W. E. Nichols and daughter and Mr. and Mrs. Charlie Nichols and son spent Sunday with Mr. and Mrs. Leo Nichols of Gaines County.

Mr. and Mrs. W. P. Cozart, Mr. and Mrs. E. L. Cozart and baby of Higginbotham and Arthur Cozart of Cisco spent Sunday with Mr. and Mrs. Luther Lee.

J. O. Webb, Mr. and Mrs. Buford Webb and little daughter of Meadow, and Mr. and Mrs. Alton Webb of Brownfield visited Mrs. Webb Sunday.

Bob and Stelvin Lee returned home Thursday from a several months stay in Colorado. They were accompanied home by two friends who will visit them for a few weeks.

Fritz Dewey left Wednesday for the Veteran's Hospital at Los Angeles, California.

Elsie Lee is visiting her sister Mrs. Sallie Henderson at Florey for a few days.

Mr. and Mrs. Tom Watkins and Pat Smith of Lamesa spent Sunday with Mr. and Mrs. John L. Smith.

Mr. and Mrs. Joe Rogers and son of Welch spent Sunday with Mr. and Mrs. J. T. McGuire.

Mrs. Ellen Payton has returned from Oklahoma where she spent the summer with her son, Ben Payton.

SPARENBERG Mable Parchman

Sunday school and church were well attended Sunday. Rev. Note Bryant filled his regular appointment both morning and night.

Mr. and Mrs. M. W. Pruitt and little daughter spent Sunday with Mr. and Mrs. Fred Planiken of Lamesa.

There will be a Halloween Carnival at the Five Mile school building Friday night. Every one is invited.

Mrs. Noel Bryant had as her guests Sunday, relatives of Merkel.

The football boys defeated the Union Bob Cats last Friday, 54 to 7.

Junis and Cecil Foster and Turitt Siple of Five Mile attended Sunday school here Sunday.

Mr. and Mrs. W. A. Burdine and family visited relatives at Sand Sunday.

Margaret Crouse visited in Big Spring Sunday.

Billie Hurst is improving fast. We hope that she will recover soon.

Mr. and Mrs. Roy Hanson and family visited Harvey Hanson of Lubbock Saturday.

Mr. and Mrs. Jim Burkheart and family visited relatives near Lamesa Sunday.

Public School Land in Dawson County, Texas; that they are the owners of same, and were ousted from the possession thereof by defendants, and they unlawfully withhold possession; plaintiffs plead the three year statute of limitation and that the common source of title is W. F. Edwards, they pray for title, possession, costs, and general relief.

Herein Full Not but have before said Court at its regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Lamesa, Texas on this 2nd day of October A. D. 1940.

W. W. PETTEWAY, Clerk
District Court Dawson County, Texas.

spring will be eminently successful in providing the means of learning considerable concerning that species of bird.

Sportsmen killing whiting dove with bands on their legs are asked to return them to the Game Department office in Austin or to the game manager at Victoria.

Whiting doves nest only in the Valley and in scant numbers in Southwest Texas counties. Their natural range is being depleted as more and more land is cleared for citrus groves and vegetables farms.

Game Department biologists hope to learn much of the habits of whiting doves before making definite recommendations concerning ways to aid in increasing the whiting doves.

It is hoped to ascertain how long the birds live, how many times they will nest in a year, whether they travel north after leaving the nest or how soon some of them go to Mexico ahead of the regular migration, which usually comes with cold weather, and how far they move from their nesting areas to their feeding grounds.

Sportsmen in the Valley and hunters going into the Valley for whiting shooting have been cooperating with the Game Department to the fullest extent.

Do Ducks Draw Themselves?
The contention of many veteran duck hunters that a wounded duck will dive to the bottom and drown itself by holding onto vegetation as they returned from school. Game wardens immediately got to work on the case and discovered the identity of the three hunters who fled after wounding the children. They were arrested. To date, one has pled guilty and paid a fine of \$100, plus costs.

It is also being pointed out to hunters that carelessness in shooting live stock makes for considerable ill feeling between landowners and hunters, and sportsmen are being urged to never shoot in the direction of livestock.

Exhibits Of Fine Pictures Will Be Held Here

G. M. Roberts, Principal of the Lamesa Elementary School, has announced that an exhibit of 150 of the finest reproductions of recognized masterpieces of art has been engaged to be placed on display to local students and the general public within a few days. The exhibits will be placed in the Elementary School building for one week, beginning November 11, 1940. A small admission charge will be made and the funds thus raised will be used to purchase pictures for the school.

In making the announcement, Mr. Roberts said, "It has been the privilege of students and the general public to enjoy the masterpieces of literature and music for generations, but an enjoyment of the masterpieces of art has, until very recently, been restricted to those wealthy enough to travel throughout the world, visiting the museums in which the original paintings hang."

"Recent improvements in color photography and printing now make it possible to bring the art of the world to even our smallest towns and villages through the medium of faithful reproduction. The reproductions are true to the originals in all respects, with the possible exception of size. Even the most delicate variations in colors are maintained. In most instances the brush strokes in the original pictures are clearly discernible."

"We feel that we are fortunate indeed to be able to bring to Lamesa these splendid pictures."

Mrs. Fern Treadway and son of Colorado City spent Thursday here visiting with friends and relatives. Mrs. Hugh Gaines and daughter of Austin visited with friends here over the week end.

FOR RENT: Apartments and unfurnished house, South 4th and Dallas Streets. See Jack Greene. 37a-1tc

WOMAN'S PAGE

MRS. ROSS GIBSON HOSTESS TO 42 CLUB THURSDAY

Mrs. Ross Gibson entertained members and guests of the Thursday 42 Club Thursday afternoon at the home of Mrs. Fred Reese. Bouquets of Fall flowers decorated the entertaining rooms. Games of 42 were enjoyed during the afternoon, with a delicious salad plate being served at the conclusion of the games. The guest list included Mesdames E. Martin, Irvin Wright, Ross Boardman, Dee Hull, M. E. Boren, Walter Jones, Lee Billingsley, Bill White, Ray Williams, A. M. Bennett, A. Hull, R. A. Stuart, A. G. Waugh, Clyde Privett and the hostess, Mrs. Gibson.

MR. AND MRS. PRUITT ENTERTAIN FRIENDS WITH PARTY

Mr. and Mrs. Rufus Pruitt entertained a group of friends Wednesday evening at their home with a 42 party. Games of 42 were enjoyed throughout the evening with Mr. and Mrs. Fred Mitchell winning High score, Mr. and Mrs. Eldridge Todd winning low and traveling prize went to Fred Mitchell. After the games sandwiches and coffee were served to Mr. and Mrs. Al Richardson, Mr. and Mrs. Eldridge Todd, Mrs. Ray Hastings, Mrs. Johnnie Boyd, Mr. and Mrs. Fred Mitchell, Mr. and Mrs. Buddie Smith, Mr. and Mrs. Ted McLauren, Mr. and Mrs. Clarence Gaines and the hosts, Mr. and Mrs. Pruitt.

GIRL SCOUTS HOLD REGULAR MEETING LAST THURSDAY

The Girl Scouts of Miss McLinton's troop met Thursday in regular meeting. After the president had called the troop to order a report of all committees was given. After the business session, the girls worked on one of their projects, The History of Lamesa. Those present were Jean Dyer, Janice Hamilton Avalon Barkhurst, Jennie Sumpter, Jimmie Lee Cotten, Estelle Middlebrook, Norma Jean Mitchell, Patsy Ann Purcell, Nancy Hollingsworth, Oneta Esmond, Stella Sue Ashley, Gloria Womack, Eva Mae Gearheart, Fannie Berry and Ann McGuire.

MRS. DAVIE JONES HOSTESS TO CLUB THURSDAY

Mrs. Davie Jones was hostess to members and guests of the Thursday Bridge Club Thursday afternoon at the home of Mrs. Tom Burnside. In the games of the afternoon, Mrs. Sidney Randal was awarded high score prize with traveling prizes going to Mrs. Randal and Mrs. Ed Tinsley. At the conclusion of the games a delicious salad course was served to Mesdames Sidney Randal, Ed Tinsley, Ralph Fry, Ross Edward Jones, Robert Koger, Johnnie Klines, Maurice Lamphere, Ben Allen, Connelly Baldwin, C. L. Schmidt, Lloyd Mitchell and the hostess, Mrs. Davie Jones.

FIVE MILE

Amelia Foster Church services were well attended Sunday. Henry Cornett, who has been in the hospital for the past two weeks suffering from injuries received in an automobile wreck, is at home now. He is greatly improved. Mr. and Mrs. Tom McNeely and family spent the week end in Lubbock. Mr. and Mrs. C. L. Sharp of Whitharrel visited friends in this community Sunday. The Juniors and Seniors enjoyed a party at the school house Friday night. Amelia Foster spent the week end with Alva Mae Price of Lamesa.

Mr. and Mrs. J. M. Telford of Brownfield spent the week end here visiting in the home of Mr. and Mrs. D. S. Day.

RURAL CORRESPONDENCE

GRANDVIEW

Norma Jewel Tunnell

We are glad to welcome Rev. R. R. Cumble and wife into our community. Brother Cumble is our pastor and will deliver a sermon November 3 from Hebrew 2:3. "How Shall We Escape if We Neglect so Great a Salvation." Come and hear him.

Miss Lattice Low is rapidly improving from her injuries of a car wreck.

Miss Pay Cowan visited with relatives in Snyder over the week end. Her mother Anderson was a visitor in the home of R. D. Low Sunday.

Mr. and Mrs. R. D. Berryhill were honored with guests from O'Donnell, Harmony and Abernathy Sunday.

Mr. and Mrs. Jess Ballew were week end visitors in Waco.

Mrs. Zola Porter and Mary Ruth Anthony visited Jack Anthony and family Sunday.

Mr. Rudolph Middleton has returned from an elk hunt in Colorado. Mable Parchman spent the week end with her parents at Sparenberg.

Rev. and Mrs. R. R. Cumble took Sunday dinner with Mr. and Mrs. J. L. Chiles.

Mr. and Mrs. X. R. Banks and son took Sunday dinner with Mr. and Mrs. F. H. Moreland.

Mr. and Mrs. W. A. Tunnell took Sunday dinner with Mr. and Mrs. Virgil Phipps.

Viola Tunnell and Raymond Smith were visitors of Mildred and Willie Bewley Sunday afternoon.

We are sorry to lose Miss Ruth Murphy from our community. She has returned to Lubbock from a short stay with her sister here.

V. H. Richard of Ackerly spent Saturday night with J. W. Archer.

A singing is to be organized Sunday night, October 26. Everybody come and let's get it off to a good start.

Jewel Richmond and wife spent the week end with Mr. and Mrs. E. E. Phillips.

George Addison is visiting his mother, Mrs. G. P. Addison at present.

Zelphia Gortman spent Saturday night and Sunday with Mr. and Mrs. E. E. Phillips.

ACKERLY

Jerry Ward

We had a good crowd at Sunday school Sunday. Brother Hollowell filled his regular appointment at Center Point Sunday. The Union Rally was held here at the Methodist Church Monday night. A good program was rendered by the Ackerly Leaguers. All reported a good time.

Dr. Cates is reported improving at this time.

Mrs. Hollowell honored her little daughter, Helen Joyce, with a birthday party Monday evening, after many games were played, refreshments were served to a large crowd of young people.

Mr. and Mrs. Ike Lowe and son Weldon of Big Spring visited in the Thurman Baum home Sunday.

Mrs. Willie Watts and Mrs. Luther Coleman and Mrs. J. P. Jobb of Big Spring visited in the J. L. W. Coleman home Friday.

Verne Coleman of Big Spring visited in Ackerly Saturday.

The picture show at the school house last Friday night was enjoyed by a large crowd. Another show will be shown next Friday night.

The children of Mrs. Roy Chilton surprised her with a birthday dinner at her home last Sunday. All her children were present, and the affair was enjoyed by all.

Mr. and Mrs. Ponder and children spent the week end at Lorenzo with relatives.

Mr. and J. D. Bryson and Jerry Ward carried Verne Coleman home Sunday night.

HIGGINBOTHAM

Mrs. Logan Cozart

Sunday school was very well attended. Every one come back next Sunday.

Rev. C. M. Curry will fill his regular appointment Sunday.

There were ten ladies and nine children present at the Missionary meeting Wednesday, October 18. Next meeting will be held Wednesday, November 6 because of five Wednesdays in October. Let's all

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Dawson County—Greetings:

You are hereby commanded to summon Erin R. Betterton, Mrs. Erin R. Betterton, and the unknown heirs and legal representatives of said persons, and all persons claiming any interest or title in the land by virtue of a deed from Erin R. Betterton dated October 27th 1924, recorded in vol 35 at page 225 of the deed records of Dawson County, Texas by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Dawson County, to be held at the Court House thereof, in Lamesa, on the 3rd Monday in November A. D. 1940, the same being the 18th day of November A. D. 1940, then and there to answer Plaintiff's First amended Original Petition filed on the 2nd day of October, A. D. 1940, in a suit filed in said Court on the 12th day of September, A. D. 1940, numbered on the docket of said court as No. 2257 wherein Loo Randal is plaintiff and Erin R. Betterton, Mrs. Erin R. Betterton, their unknown heirs and legal representatives, and all persons claiming and interest or title in the land by virtue of a deed from P. L. and Nola Alexander dated October, 27th, 1924, recorded in vol 35 at page 225 of the deed records of Dawson County, Texas are Defendants, and a brief statement of plaintiff's cause for action, being as

follows: plaintiff alleges that he resides in Dawson County, Texas and that the residence of the defendants is unknown; Plaintiff does in trespass to try title and for the title to and possession of Lot No. 5 in Block 3 of the Alexander Heights Addition to Lamesa, Dawson County, Texas; that he is the owner of same and was ousted from the possession thereof by defendants and they unlawfully withhold possession; plaintiff pleads the three year statute of limitation and that the common source of title is P. L. Alexander; he plays for title, possession, costs and general relief. Herein Plaintiff not but have before said Court at its regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Lamesa, Texas, on this 2nd day of October A. D. 1940.
W. W. PETTEWAY, Clerk
District Court Dawson County, Texas.

THIRD TERM

We are against the third term because Washington, Jefferson, Cleveland, McKinley, Theo. Roosevelt, Coolidge all refused a third term, out of tradition. Jefferson said there is "but one circumstance which could engage by acquiescence in another election, to wit, such a division about a successor as might bring in a monarchist."

We believe we are now trying to save the country from a monarch by preventing a third term, a four, etc., etc.

Call at Willkie Headquarters for Jefferson's full statement.

THIRD TERM

We are against the third term for the reason that in the Democratic platform of 1896 there was a plank specifically against a third term. Grover Cleveland's platform. We are against a third term for President for the reason that most any shrewd politician can build up a following in eight years and re-elect himself.

Reasons Why We Should Elect Willkie President

AGRICULTURE

Hon. J. E. McDonald, Commissioner of Agriculture of Texas is for Willkie. His opinion of the present farm program is shared by Geo. B. Terrell and Fred W. Davis, the only living Ex-Commissioners, and who are both supporting Willkie.

Vice-President Nominee Henry A. Wallace, who served as Secretary of Agriculture from March 1933 to September 1940, aided by his brain trust advisors, was the creator and administrator of the A. A. A. Farm Program. His program follows the program of scarcity, the plowing up of cotton, the killings of pigs, and the destruction of other farm livestock and farm crop, while according to the President one third of the nation's people are ill fed, clothed and ill housed. Yet Mr. Wallace offers nothing better. We refer you to Mr. McDonald's statement in daily papers of the 23rd. "We are for WILLKIE for Mr. Willkie has a better farm program. It is more favorable to the poor and middle class and not for the rich: It will check the flow of tenant farmers to town. It is equitable and free from regimentation. It is an asset in the recovery of foreign cotton markets that have been lost by the present administration."

INDUSTRY

Mr. Willkie has confessed himself an amateur at pulling political wires. He knows nothing about how to ring a Party Convention by concealing a Commissioner of Sewers in the basement of a convention hall and by means of a powerful public address system, create a "BOOM FOR A THIRD TERM CANDIDATE OUT OF NOTHING BUT THIN AIR."

Mr. Willkie has confessed he knows nothing about how to make a deal and compromise with the Kellys, the Nashes, the Hagues, and other big city political vote-getting machines of the Tammany Hall and Tom Pendergrast type.

Mr. Willkie has affirmed his faith in the old fashioned Democratic philosophy of rotating the office of president.

LABOR

We are for Willkie for the reason that poverty has become stabilized under the Roosevelt administration. We are tired of being shot through the chute with elbows and ribs hanging on rough 2 x 4's waiting for a handout. We would like to have a job with pay and gain back our self respect.

Roosevelt has made such a mess with recovery, Willkie to say the least could not be worse. If Roosevelt can't pull us through with 20 billions of borrowed money, how can we expect him to pull us through in case of war? We believe Willkie can get business cooperation in case of war better than Roosevelt and therefore we would not have to change horses after war breaks out if it does. England had to do that to her great distress.

We are for Willkie because he grew up in the ranks, and has worked at various and sundry jobs as common laborer and knows the value of a dollar and understands the feelings and hopes of the poor. For that reason will see that no one goes hungry. A respected job is what the poor want. Our American poor frown on charity.

- GENERAL REASONS -

Mr. Willkie favors maintaining the most cordial diplomatic and commercial relations with the Latin American Republics. HE DOES NOT BELIEVE IN KNOCKING DOWN TARIFF BARRIERS TO THE EXTENT THAT THESE COUNTRIES MAY UNDERSSELL OUR OWN PRODUCERS OF BEEF, COTTON, WHEAT, PETROLEUM AND OTHER PRODUCTS, AND THUS MAKE IT IMPOSSIBLE FOR THEM TO PRODUCE AT A FAIR PROFIT.

Mr. Willkie's success as a business man and leader has come the hard way. Thus he is qualified as a champion and defender of the rights of the farmers, the laborer, the rank and file of business men and merchants. HE IS A SELF-MADE MAN!

Mr. Willkie is young and vigorous, and a natural leader of men. As such, he would be an ideal President for a vital, growing Democracy, such as ours.

Mr. Willkie believes the policies of the Roosevelt administration are leading the American people into another disastrous European War. He believes in protecting American lives, property rights, and the honor of the United States. BUT HE WILL OPPOSE EVERY EFFORT OF THE DICTATORS AND OTHERS TO DRAG THE UNITED STATES INTO THE PRESENT CONFLICT!

We urge the Democratic voters to give the most serious consideration to the present danger that faces not only the Democratic Party, but the entire American nation. We urge you to express your sincere faith in Democratic American principles by going to the polls November 5 and voting for Wendell L. Willkie for President of the UNITED STATES OF AMERICA.

Aeronautical Authority Gives Go-Ahead Sign To State University Course

Was The Country's Largest Ground School During The World War; Already Have R. O. T. C., Naval School

For the first time since the World War, when it was one of the country's largest aeronautical ground schools, the University of Texas this fall is "getting back into uniform." Already set up is a Naval R. O. T. C., and a green light has been received from Washington for establishment of a Civil Aeronautics Authority pilot training course.

But the school's regular curriculum is likewise "polishing its buttons" quietly. This year's catalogue lists several new courses and a great many other which have been revamped to turn our aeronautical engineers into place in event of a new emergency.

Two new advanced degrees—in aeronautics and communications—are doctored by the University's College of Engineering. New courses in both fields will supplement work available in all five engineering departments which is aimed at training students in various industrial and technical fields vital in the event of a national emergency. W. R. Woolrich, engineering dean, pointed out.

The mechanical engineer can register for courses in aerodynamics, airplane structures, machine design and vibration, preparatory courses for a master of science degree in aeronautical engineering to be offered this year. A study of radio engineering, television, telephony and power transmission in the electrical engineering department will lay the groundwork for a master of science degree in engineering communications, Woolrich added.

He pointed out that while the aeronautical work will dovetail into the C. A. A. course and communication into the Naval R. O. T. C., both fields are University-sponsored and comprise highly advanced work. Already offered is a master's degree in sanitary engineering, with special emphasis on water and sewage disposal; important factors in both military and public health during wartime, Woolrich said.

A number of the University's applied mathematics courses have been re-oriented to concentrate on such military problems as ballistics, trajectory of fire and so on. Training offered civil and architectural engineering student in bridge construction and strength of materials will be more heavily accentuated in view of the speed with which mechanized units operate in modern warfare.

Dean Woolrich predicted an increasing University emphasis on aeronautical engineering to keep pace with the State's rising recognition as one of the greatest aeronautical centers of the world. He also pointed out that engineering efficiency is largely deciding the course of the present war on the basis of production of the best and fastest machines and the most supplies.

Geology courses to train students in the knowledge of this country's war time material needs are being offered this fall, as another contribution of the University towards national defense. One phase of geology—petroleum—will receive special attention in the one old and two new courses on the economics and geology of petroleum according to Dr. Hal P. Bybee, the geology department chairman.

An introductory course, Geology 16, gives a broad survey of the whole field of mineralogy and petrology, touching all the important rocks and minerals, their physical properties, origin and mode of occurrence, he points out. With this foundation the student can then turn to advanced work in the economic geology of metals—Geology 32—where he learns what nations control vital metal resources, the cost of mining them and whether deposits in the U. S. could be tapped if foreign supplies were cut off.

For example, emphasis is being placed on mercury among other minerals and the feasibility of working "marginal" deposits of the metal in this country if an emergency occurs, he added. To aid the student in rapid prospecting, a course in the determination of rock-forming minerals with the polarizing microscope by analysis of surface material is now available, Dr. Bybee said.

The University counts a number of advanced geology students fully prepared to go into the field and locate any possible minerals that might be needed should foreign sources be shut off, he declared.

O. K. HOME DEMONSTRATION CLUB REPORT
The Home Demonstration Club of the O. K. Community met Wednesday at the home of Mrs. V. B. Hohn with Mrs. Hohn, president, in charge. Those present were Miss Alvis and Mesdames Snellgrove, Hohn, Singleton, Burkett, Vaniver, C. Wright, E. A. Wright, V. B. Hohn and T. Hodnett.

The next meeting will be held October 30 at the home of Mrs. Clint Wright. The members will entertain their husbands with a Halloween party.

This is our Parish Education Sunday. The sermon subject, "The Growth of Christ's Body," deals with that phase of Church Life and work. Thru faithful exercise of our Faith we grow to Fulness in Christ. Come to Church. Visitors are always welcome.

Luther League Social Friday evening at the home of Emil Montney, Patricia Communay.
Since your pastor is to fill a mission Festival appointment at Sacer-ton on November 3, there will be no services on that day.
Mrs. Harley Winkler and daughter of Dickens spent Sunday here visiting with friends and relatives.

More than 95 per cent of the farmers and ranchers of West Texas and Oklahoma Panhandle who have given soil and water conservation practices a fair trial expect to continue using them, according to H. H. Fennell, regional conservator of the Soil Conservation Service.

In a recent survey made by the Service in 12 communities of the High Plains of Texas and the Oklahoma Panhandle, 701 farmers and ranchers who had been cooperating with the Service for several years in demonstrating erosion control and water conservation methods gave their estimate as to the value of the various conservation practices. Approximately 95 per cent said that they thought the program valuable and would continue to use it.

Approximately 92 per cent of the farmers and ranchers said that the conservation practices had increased the value of their land. Eighty-six per cent claimed that their income was increased as a result of conservation methods. The average increase in land values resulting from the conservation measures, according to estimates of the farmers and ranchers, was \$4.18 per acre.

Contour farming was the most popular of all conservation practices among the farmers and ranchers surveyed. Terraces, contour pasture furrows, cover crops, strip crops, and grazing control were ranked next in popularity. Approximately 62 per cent of

these ranchers and farmers stated that they thought all types of conservation practices that have been recommended by the Soil Conservation Service should be continued as a part of a complete erosion control and water conservation program. Of the 38 per cent who wished to make some improvement or discontinue one or more of the practices, 11 per cent were in favor of eliminating planting from the program and 10 per cent thought that terraces on cultivated land either be discontinued or improved to more nearly fit local conditions.

Fennell stated that the Service expects to make use of the information gained from the survey in improving the program it recommends to farmers and ranchers of the entire Southern Plains Region. Also he thought that the expression of farmer opinion brought out in the survey should be a valuable guide to supervisors of soil conservation districts who are formulating program for their communities.

KURAL WOMEN'S DIVISION OF CHRISTIAN SERVICE MEETS
The McCarty-Mt. Olive-Sparenberg Women's Division of Christian Service of the Methodist church met Monday, October 21, with Mrs. Whitehead. The following program was given:
Song—"Have Thine Own Way Lord"
Ministering to Our shifting population—Mrs. Noel Bryant
Song—"Take Time to Be Holy"

Prayer—Mrs. J. M. Peterson
The members of the society agreed to meet Wednesday and can 200 No. 3 cans of peas and donate them to the lunch room at the Lamesa grammar school. Fred Raney of McCarty is giving peas for this project; but at the present writing it has not been ascertained who at Sparenberg will furnish the peas.
The next meeting will be held on Monday, November 4, with Mrs. Whitehead.

DAWSON P.-T. A. MEETS
The Dawson P.-T. A. met Friday, October 18 at the school house. After a program by the ninth grade, sponsored by Mr. Steven Stracner there was a business meeting. The president, Mrs. G. C. Galloway appointed Mrs. O. Sires as chairman of the Food Committee for the Halloween Carnival to be given October 31st. Other members of the committee were, Mrs. L. C. Pyle, Mrs. Everett Turner, Mrs. King Preston and Mrs. Christine Preston. The president also appointed an arrangement committee, consisting of Mrs. Jewel McIver, Mrs. Mable Kinder and Miss Zelma Pope.
The president called attention to the fact that it was national membership week and urged the patrons of Dawson School to join. The P.-T. A. is sponsoring the Halloween Carnival, October 31. An evening of fun is promised to all who attend.
Mr. and Mrs. Joe Tilford of Lubbock spent Sunday here visiting with Mr. and Mrs. D. S. Day.

SEE ALL THESE AMAZING FEATURES OF America's New Kind of Car!

IT'S HERE! You can see it—you can drive it—and prices begin in the lowest-price field.

The new kind of car that took Nash years to build, millions of dollars to develop... so different, it's literally an Auto Show all in itself!

Today, for the first time, you'll see a big car powered to deliver 25 to 30 miles a gallon with good driving, favorable conditions.

The first big car that can do over 500 miles on a tankful of gas! (Saving \$1.50 to \$2.00 each tankful.)

Today, you'll know the thrill of "Flying Scot" performance—a new engine with moving parts pre-balanced by radio. The smoothest, liveliest "six" you've ever driven!

For the first time—Two-way Ball-bearing Steering, that makes this big car easier to handle than a small one.

For the first time—at its price—coil springs on all four wheels.

For the first time under \$1,000—a car with frame and body welded into one unit—safer, roomier. A front seat nearly five feet wide!

But the biggest shock of all are the price-tags! Nash prices are \$70 to \$159 lower, including the 1941 Ambassador 6's and 8's.

In fact, this 1941 Nash is so utterly new... different—that you must see it, drive it, compare it, before you buy any less modern automobile. On display now—see it today!

3 SERIES—17 BEAUTIFUL MODELS
Both Slip-stream and Trunk-back Sedans
The Nash Ambassador "600"... 6-cylinder, Manifold-Sealed Engine. 195 inches over all. Six models.
The Aeropowered Nash Ambassador Six—105 HP... 6-cylinder Twin Ignition Valve-in-Head Engine. Six models.
The Aeropowered Nash Ambassador Eight—115 HP... 8-cylinder Twin Ignition Valve-in-Head Engine. Five models.

AS LOW AS \$731*
Delivered at Factory
*New 1941 prices begin in the lowest-price field—\$731 for a big Ambassador "600" Business Coupe. All prices, delivered at factory, include standard equipment and federal tax. Weather Eye, Fourth Speed Forward, Center-to-Back, Special Paint, White Side Wall Tires are optional, at slight extra cost.

acter will be eligible for membership.

Legion Membership Drive
The drive for 1941 membership has started and is meeting with hearty response. Allen - Houston Post membership has lagged for the past few years, but it is hoped we may secure more than 200 members this year. The dues are only \$3.00, which includes the two Legion papers for one full year. Buddies, you are leeded more than ever this year and lining up now will be an excellent gesture of real patriotism.

Merchant Approve Closing November 11th.
An incomplete survey indicates that sentiment is almost unanimous of favoring the closing of all stores all day November 11th. The matter is being handled by the Chamber of Commerce and it is expected a definite favorable report will be made soon.

Fifth Columnists
Chairman Martin Dies of Texas claims that his group investigating un-American activities can furnish the names of 2,000 persons on the payroll of the Government in Washington, D. C. who are communists in fact and working in a subversive manner against the best interests of the United States Government.

We are told that the recent explosion which destroyed the large Jersey, which crippled to the extent powder plant at Camden, New of one third, the production of powder in the United States. And yet the German Bund and other subversive groups are permitted to meet and roam at will in the vicinity of such plants. Some of our largest airplane factories, the Coast Guard defenses, the Panama Canal, and other vital and strategic points are said to be very inadequately guarded and protected. Whether these reports are entirely true, the writer does not know, but that every precaution to protect the interests of America should be taken goes without denial. As a citizen, why not write your congressmen, Senators, and higher officials and let them know your sentiments.

Pink Tea Preachers and the Draft
The writer borrows that term from a local preacher who preached a 100 per cent American sermon on the subject, "Should a Christian Take Up Arms and Fight" in his pulpit last Sunday night. The slogan of the American Legion this year is "America is Worth Defending." The writer believes this entirely true and has no patience with the citizen, preacher or else, who takes the position he would not take up arms under any condition. If we want to kill mosquitos or pink boll worms, we go to the places where such pests are being bred and hatched out. If we want to kill Christianity, let the subversive elements, the anti-Christians come in and destroy our homes, our schools, and our churches. We believe if these things are worth having, they are worth defending at any cost.

This naive, meek attitude that some try to take doesn't work. We are inclined to think that some of the so-called preachers are getting their religion and their "yellow streak" confused.

Should We Leave Our Shores to Fight
We leave our shores to sew good seed in foreign fields. It is good to try to destroy the bad seed that come up to choke down the good seed. The one thing worse than fighting on foreign soils, in our respects is to fight on our own soil.

Remember, these are News and Views from the Legion Hall and do not necessarily represent the views of politicians of any newspaper which may be kind enough to give them publication.

Bricks Donated To Museum
The West Texas Museum building, which is to be constructed on the Campus of Texas Tech, is being built with donations of bricks by citizens and firms of the South Plains.

From Lamesa the following firms and individuals have contributed bricks to the building:

Name Bricks
W. D. Arnett 100
Porrest Lumber Co. 200
Lamesa National Bank 100
First National Bank 100
Collins Dry Goods 100
Bryant Pharmacy 10

Contributions of bricks will be accepted until November 4th if it was announced.

Mr. and Mrs. E. C. Nix Jr. and children of Colorado City spent the week end here visiting with his parents, Mr. and Mrs. E. C. Nix.

Illegal Collecting Of Cash Rentals Is Cited In County

By Vernon Martin

County Administration Officer
Due to certain farming practices being carried out in Dawson County by quite a number of landowners in relation to renting land to tenants the Dawson County A. C. A. Committee has found it necessary within the limits of the regulations Agricultural Conservation Program, to take a definite stand against exorbitant cash rental charges for farming land in 1941. An alarming number of cases are being reported of charges made by landowners for as much as \$500.00 cash rent for a quarter section of cropland and over \$1000.00 charges for renting a section of land. Inasmuch as excessive rental charges may be considered as a device that defeats the purpose of the Agricultural Conservation Program, since the landowner is charging a person who otherwise might have been a share tenant for all the benefit payments that the farm would receive for compliance in the Agricultural Conservation Program, plus the value of the crops, the county committee feels that steps should be taken to stop this practice. The common practice has been attempted by many to require the tenant to surrender to the landlord all the tenent share of the benefit payments. This illegal practice being more difficult to carry out it seems that some have resorted to the illegal practice of charging excessive cash rents which after all will amount to the same thing as taking all the benefit payments to which the tenant is rightfully entitled and would otherwise receive.

The Dawson County A. C. A. Committee feels that the final outcome of excessive rental charges would lead to a condition in which only the more fortunate would be able to rent good cropland. Furthermore, it would seem only fair to make a rental charge based on average years and not on extreme bumper crop years. Considering the following conditions as fair example it would seem that a total cash rent of approximately \$375.00 could be considered good cash rent on a quarter section of cropland; allow an average of 1-3 bale production per acre, with an average price of 8c per pound and an allotted yield of 197 pounds (the county average) calculating the returns for third and fourth rent plus the government payment for this quarter section of land which would average about 50 acres cotton allotment would make a total of approximately \$375.00.

Arrangements have been completed to hold what is believed to be the best exhibition of Gaines County resourcefulness in the history of the Gaines County Fair, which will have its seventh annual showing in Seminole on Friday and Saturday, October 25th and 26th.

Splendid cooperation has been received from every nook and corner of this section to bring about a display of real show "stuff", born, cultivated, produced and polished up to a glamourous finish by the initiative of West Texas folks. This year has been so rich in production for this area that it is hoped this showing will bring about recognition of this part of the State as one of the nation's most sturdy locales of production in three of the most important industries, livestock, oil and agriculture. The season has been bountiful in feed for the livestock that will measure up to that shown in State fairs. The best crop in years are reported to top off the late fair exhibit with the cream of production, which should go to making a most entertaining and educational show for the people in West Texas, whether just visiting or actual contributors.

Entertainment has been planned with a thought in mind to have something of interest for every person whether young or old, or their classification in the industrial life. This extensive cooperative program on the behalf of several hundred people includes two full days. A complete Fair Exhibition Showing; all the regalia for a sure enough home town carnival with the rides and thrills that make a Fair. A school carnival produced by the students and faculty of Gaines County schools. A thrilling football game between Seminole and Stanton on Friday afternoon at 2:30 o'clock at the Seminole field. A big two night dance with music by a nine piece orchestra. The first dance will be a modern affair on Friday night beginning at 9:00 and the Saturday night get-togethers should appeal to everyone as it will

NEW CARS

Earnest and Nix Implement Co. International pickup, Oct. 23.

Mrs. J. P. Woodward and daughter of Plainview spent the week end here visiting in th home of Mr. and Mrs. E. C. Nix.

Band Mothers To Meet On Monday

The Lamesa Band Mothers held their annual election of officers at the regular meeting last Monday afternoon in the band room at the High School.

Mrs. Clyde Privitt was elected president; Mrs. Barney Yarborough, secretary-treasurer and Mrs. M. L. Standefer, reporter.

Another meeting will be held at their next regular meeting at the band room Monday afternoon at 4:30 p. m. All band mothers are urged to attend.

Mr. and Mrs. Lex Brock returned Tuesday from Sulam Springs where they attended the funeral of Mrs. Brock's mother.
