PLAINS TO BE AREA OF NEXT OIL ACTIVITY

LUBBOCK IS NATURAL HUB, PROMINENT VISITOR SAYS

"When production in the Seminole oil field in Oklahoma falls off operations in the Plains area of Texas, where the best minds of the petroleum fraternity have already bet \$50,000,000 on its future as a producing area."

That was the statement made here today by Dan Byrd, of San Angelo, veteran pipeline engineer and former executive for a number of major companies, who is now operating independently in West Texas with B. C. Mann, San Angelo rancher-capitalist. Mr. Byrd, known for the length and breadth of the oil industry for a score of years, was in Lubbock with Robert B. Campbell, consulting geologist of San Angelo. The two were on their way to investigate the Kegans at No. 1 Mullican shallow test, 34 miles northwest of here, which is producing at a depth of 497 feet.

Lightning Change Coming There will be no big operations in the Plains area, of which Lubbock is the hub, until production in the big Seminole field drops off. Mr. Byrd reiterated, due to the fact that the industry is getting from that source as much production as is needed. "When Seminole does drop off, however," Mr. Byrd said, "you'll see a lightning change and operations in this area will be fast and furious, much more rapid than usual, due to the fact that preliminary operations, being carried on geophysically now, will have been completed and the foundation for actual drilling laid."

The Seminole production may drop off any day, Mr. Byrd pointed out, for all men are expecting drilling.

Report Shows General Business Conditions Much Improved Since Rains And Optimism Holds Sway

(By Associated Press) DALLAS, June 29.—Rains, which broke a drought in a wide area as the bright spot in the agriculture and business outlook in Texas, according to the monthly business review of the Federal Reserve bank of Dallas.

Business is spotted but sound. It is in sketching the high lights of the situation, bank deposits have been heavily withdrawn and demand for credit increased; business failures have been fewer and construction activity has increased but is below that for the corresponding month last year. In the old cotton territory the condition of cotton generally is good but in portions of south Texas dry weather has affected it. Rice has made better progress than usual and ranges and livestock conditions are good.

Brothers Renew Fight For Freedom

NEW ORLEANS, June 29.—(AP)—Retorating charges that they were convicted in a court dominated by the Ku Klux Klan, Byron and Robert F. Hinn, today filed a motion for appeal for a new trial in the United States circuit court of appeals.

"AMERICA", AFTER HOP EARLY TODAY, REPORTED PASSING ON NEWFOUNDLAND COAST AT 2:55

(By The Canadian Press) HALIFAX, N. S., June 29.—At 2:55 eastern daylight time, Commander Byrd was approaching St. Pierre, off the Newfoundland coast, according to cross bearings established by Canadian government wireless stations.

BABY STRUCK DOWN BY AUTO

DARNEIL, CHILD HURT BY HIT AND RUN DRIVER TODAY
Inez Darneil, 5-year-old daughter of Mr. and Mrs. L. O. Darneil, 1317 Avenue E was painfully bruised this morning about 10 o'clock when she was knocked to the pavement on 13th Street between Avenues K and L, the victim of a hit-and-run driver.

W. M. Howard, employe of the Rix garage, hearing the girl scream, rushed out of his place of business in time to see the girl arise to her feet and a Ford coupe increase its speed. Mr. Howard testifies that two other young boys of about high school age, was making about 35 miles an hour, and that he didn't stop to investigate the possible injury he had caused the child.

Child Badly Bruised The child was badly bruised about the face. She is complaining of a pain about the abdomen, giving reason to believe that she might be more seriously injured than the first examination reveals.

Witnesses to the accident were unable to secure the number of the license plate of the coupe. Police were trying to trail down the driver this afternoon.

Churchmen Will Discuss Revival

S. J. T. Williams, of the Hogge Evangelistic party which is to open a revival campaign here next month, is to meet with representatives of all participating churches, of the city tonight at the First Presbyterian church, when plans will be discussed for the campaign, it was announced today.

All churches that are to co-operate in the revival are urged to have representatives at the meeting, which is expected that final plans will be worked out. The meeting will be held at 8:30.

Tech Regents Hold Busy Session Here

Members of the local affairs committee of the board of regents of Texas Tech, held an all day session here today, devoting their time to a number of minor problems, President Paul W. Horn announced.

In the meeting were R. A. Underwood, Plainview; Col. Ernest O. Thompson, Amarillo, and Henry T. Kimbro, Lubbock, all members of the board of regents. President Horn and Business Manager E. W. Provenca.

Kimes And Party Leave Amarillo For Sooner Jail

(By Associated Press) AMARILLO, June 29.—Matthew Kimes, dapper young Oklahoma outlaw, left here at 7:15 a. m. today, resuming his journey from Flagstaff, Ark., to the Oklahoma penitentiary at McAlester, in company with Sheriff John Russell of Oklahoma, Okla., and two deputies. He spent the night in the city jail here.

Kimes, who was captured by Colorado county officers under the rim of the Grand Canyon near Flagstaff last Thursday, is being returned to Oklahoma by motor car. Handcuffed to him is Raymond Doolin, also arrested at Flagstaff and who is being returned for investigation in connection with the activities of the Kimes gang.

Kimes has been at liberty seven months following his escape from jail at Sallisaw, Okla., where he was awaiting a new trial on an appeal from a 99 year sentence for murder. Authorities had several daring bank robberies at the door of the 24 year-old desperado.

Permit Given For Roxana Extension

WASHINGTON, June 29.—(AP)—Permission to build 21 miles of new line from Whiteside to Roxana, in Texas, was granted the Panhandle and Santa Fe railroad today by the Interstate Commerce Commission. The company is a subsidiary of the Santa Fe system while the new line which will cost approximately \$2,000,000 will serve oil territory.

Freeport Man Dies In Crash Of Auto

WELLSVILLE, Kans., June 29.—(AP)—Emil Halverson, about 55, was killed in an automobile crash three miles north of here yesterday. Bank books from Freeport, La., and Wichita Falls, Texas, were in his possession. A card identifying him as a member of the Eagles lodge at Ponca city, Okla., was also found in a pocket of his clothing.

MATTLAND AND HEGENBERGER HANG UP NEW WATER COURSE RECORD IN 2,400 MILE HOP

(By The Associated Press) The longest over-water flight ever made by man was successfully completed today by the United States army plane C-2, a 2,400 mile hop over the Pacific from Oakland, Calif., to Honolulu. The approximate time was 25 hours and 43 minutes.

Simultaneously another American plane was away successfully in the early stages of one of the biggest over-water flights ever attempted, the Byrd four-man New York to Paris passage.

As the army plane landed Byrd was over the Canadian coast off Nova Scotia about seven hours and more than six hundred miles out of New York, where he took off this morning.

Byrd had been fighting fog, including trouble from the mass of water on his plane and winds none so favorable, notwithstanding which he nearly equaled the record speed of Lindbergh over the same part of the same course.

Both planes were tri-motored, and both had averaged close to 100 miles an hour.

Land In Sunshine

WHEELER FIELD, ISLAND OAHU, Hawaii, June 29.—(AP)—First to make the 2,400 mile flight between San Francisco and Honolulu in army fliers, Lieutenants Lester J. Maitland and Albert Hegenberger arrived here at 6:29 a. m. today.

The army fliers who left Oakland, Calif., at 7:09 a. m. yesterday, finished their trans-Pacific flight in 25 hours and 50 minutes, official time.

Throughout their long flight they had been reported seen only once in the open sky, when 750 miles from the California coast.

Miss Mabel Long Is Wed To J. Alvin Dunlap Tuesday

With a few intimate friends and relatives present, Miss Mabel Long was married to J. Alvin Dunlap at 3:30 o'clock Tuesday evening in a quiet wedding at the home of the bride's parents, Mr. and Mrs. John A. Long, 2503 19th Street. Under an arbor of greenery and carnations Rev. E. E. White, pastor of the First Methodist church, read the ceremony.

The bride wore a dress of blue georgette over pink satin, with silver lace trimming and silver hose and slippers and carried a bouquet of rosebuds. She was attended by Miss Thelma Faye Stanton as bridesmaid. Miss Long attended Mr. Dunlap as best man.

27 Graduate

Mrs. Dunlap finished high school this spring, having lived here for many years with her parents, who are pioneers. The groom, son of Mr. and Mrs. J. P. Dunlap, of Lubbock, Kan., and formerly of Lubbock, completed his high school education here in 1924.

Following the ceremony, the wedding cake was served with punch. Roses filled the rooms of the home and the cake was surrounded by a beautiful wreath from which streamers of ribbon led to the right over the dining room table. W. H. Long, of Shallowater, uncle of the bride, was an out-of-town guest at the wedding. Mr. and Mrs. Dunlap will be at home for the present at 2503 19th Street.

NINTH INNING ATHLETIC RALLY OF EIGHT RUNS FALLS SHORT

GEHRIG'S HOME RUN HAS MUCH WEIGHT IN WIN

PIRATES BEAT CARDS 9-8; WRIGHT HURT BY WILD PITCH

Records of the latest baseball games read like fiction today as the contesting big league teams hit a rapid pace for the dash past the Fourth of July and stands that marks, roughly, the middle of the season.

One of those whirlwind ninth inning rallies which seldom occur except in books took place as the second place Philadelphia Athletics sought to cut down a nine run lead in a single frame in the last game of their series with the league leading Yanks. The gallant attempt fell just short of winning. It scored eight runs in the ninth, but the Yanks already had nine.

Gehrig Raps 23rd Homer
An important figure in rolling up the early Yankee lead was Buster Gehrig who tapped out his 23rd home run, a wallop that put him just one behind his team mate, Ruth, who is still out of the lineup with a bad knee.

By coincident the leaders of the other league, the Pirates, repulsed their nearest rivals, the Cardinals, by the same score, 9 to 8. The game was marred by a wild pitch by Victor Keen, Cardinal hurler, which struck Glenn Wright, Pittsburgh shortstop, in the head and knocked him out. Keen was so unnerved he left the game. Wright may be out of the Pirate lineup two or three days recovering.

A thrilling bit of baseball fiction that happened to come true was the return of Lena Blackburne, infield star of the White Sox 12 years ago.

Schalk Exited
When Manager Ray Schalk was put off the field for protesting an umpire's decision, Blackburne promoted himself from the bench to a pinch hitter's role and poked out a single which helped to win 8 to 7 over the Indians.

Washington and Detroit were hitting a fast pace and threatening the leaders in their league. Both ends of a double header with the Browns went to the Tigers 9 to 3 and 6 to 3 while the Senators scored a clean sweep of a five game series with the Red Sox by beating the struggling Bostonians 4 to 6. Crowder held the Sox to just two hits.

Chicago Cubs and New York Giants, strong but erratic at present, went down in one sided defeat. Four of McGraw's weak hurlers were used in vain as the Phillies won, 7 to 3. The lowly Reds were on a rampage against the Cubs and made 12 hits to their six in beating them 8 to 1.

WEST VIRGINIA TRACK COURSE BEST IN WORLD

(By NEA Service)
MORGANTOWN, W. Va., June 28.—The West Virginia Mountaineers will soon boast of the largest field and track house in the country.

The new house will have approximately 7,600 more square feet of space than the Michigan house has, and will have a seating capacity, if necessary, of 6,000 persons.
The new plant will include sectional basketball playing floors; an indoor track one eighth mile in length with 16 yard straightaway, pits for high jumping, pole vaulting; offices for coaches, and dressing rooms for all athletes.

Trojans Sure to Be Strong Long in Track

(By NEA Service)
LOS ANGELES, June 29.—Long should the Trojans of southern California be a power in the collegiate track world.

The Trojans, scorer of 23 points in the I. C. 4-A meet at Philadelphia last month, were only one man who scored any points from this year's team.

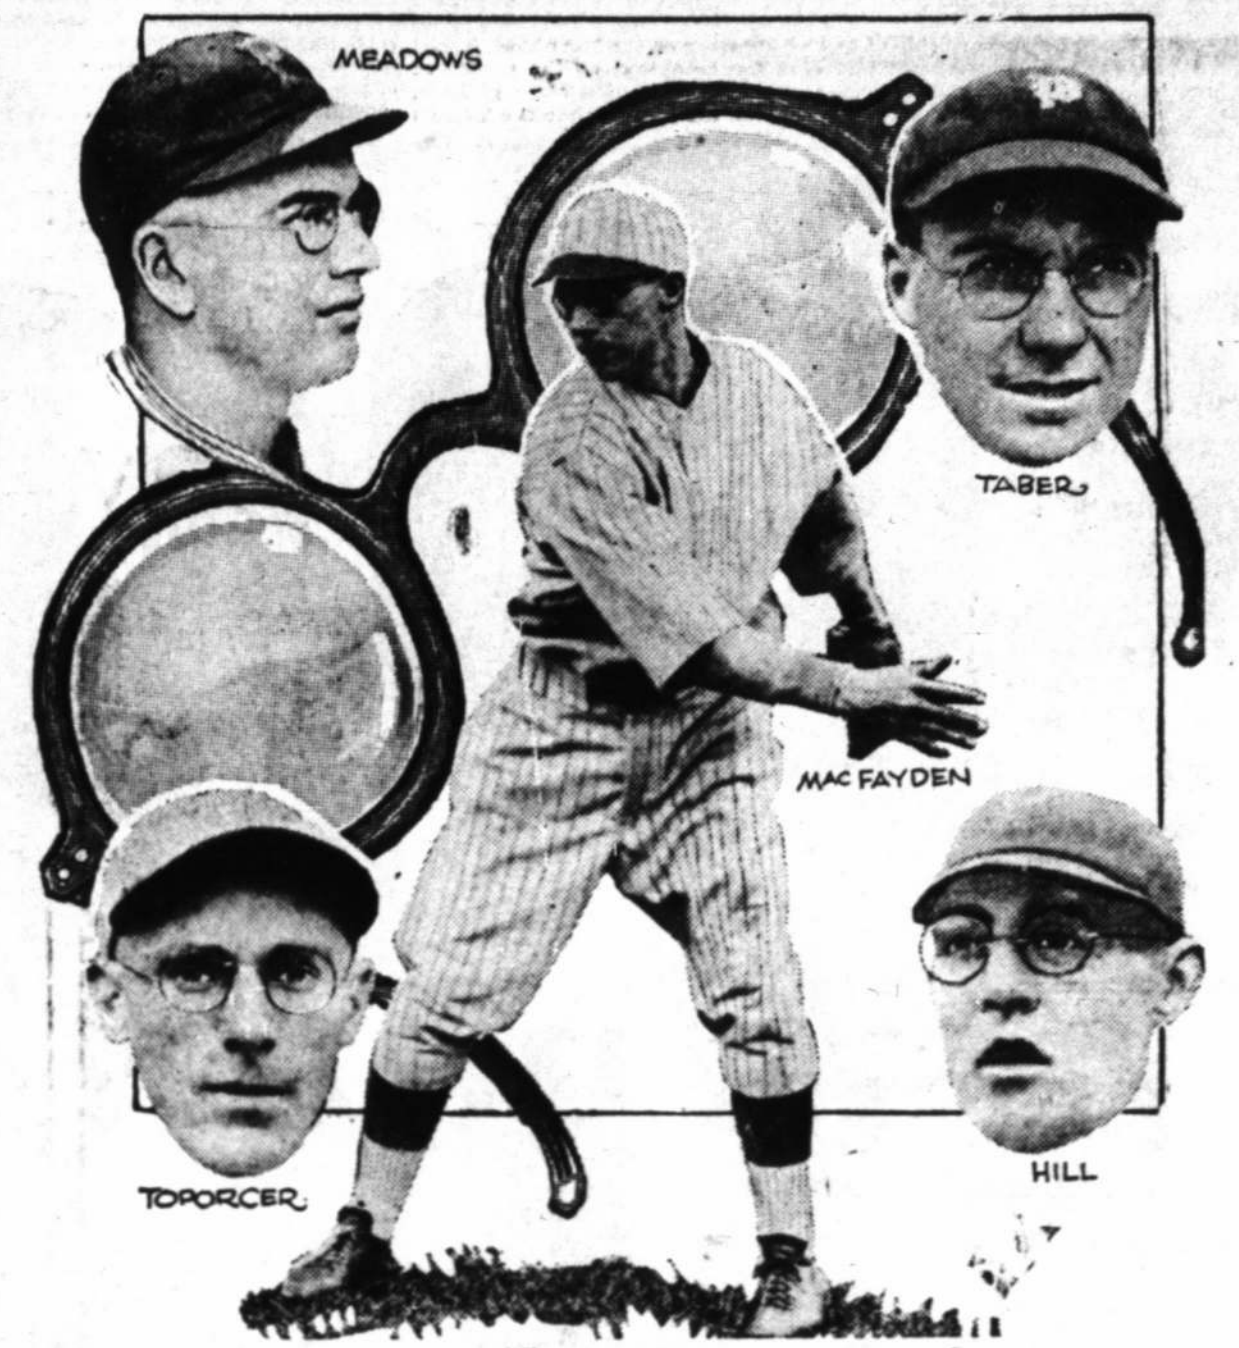

The loss will be Captain Ed House, who took fourth in the hundred. Other point winners who return for one or more seasons include Charles Borah, Lee Barnes who will captain the team next year; Henry Coggeshall, Jack Williams, Alex Graham and Charles Webber.

BY BILLY EVANS

Manager Bill Carrigan of the Boston Red Sox believes he has a second Lee Meadows in Danny MacFayden.

MacFayden, by the way, is a bespectacled high school pitcher the Sox club picked up last season. He made his first big league start against the great Walter Johnson last fall and turned in a most creditable performance.

Bill Carrigan is sincere when he believes MacFayden has a great chance. His style is not unlike that of Lee Meadows. In many ways the resemblance is quite striking.

Until Lee Meadows convinced the baseball sharps that a pair of spectacles was no handicap to a diamond performer, major league managers laughed at the very idea of a bespectacled player having a chance in fast company.

Meadows made his major league debut in 1913 with the St. Louis Cardinals. For a short time he was regarded more in the light of a curiosity than a big leaguer. However, in a very short time he had impressed the opposing batters quite to the contrary.

In his very first year he won 13 and lost 11 games with only a so-so club. At the close of the season he was a much talked about and photographed young man.

That was 13 years ago and Meadows is still going strong as a member of the Pittsburgh Pirates.

His first seven starts of the present season resulted in victories, giving him the premier position among the major twirlers.

The success of Meadows made it possible for the bespectacled player to get a trial, at least. Following him came George Toporcer, an infielder, who is in his seventh year as a member of the St. Louis Cardinals. Then came Carmen Hill, a pitcher, and strangely enough, he also is with Pittsburgh. Last fall Danny MacFayden got his chance. This spring, a soup-lap by the name of Taber, conspired with the Philadelphia Nationals.

It is George Uble, pitching ace of the Cleveland Indians, MacFayden came to the majors, with no professional experience. The sandlot prepared Uble, while MacFayden is a product of the prep school field.

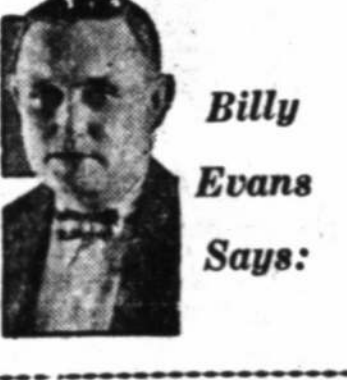

As a high school pitcher, MacFayden first gained fame because of his knockout feats. Seldom did he work a game in which he failed to set down at least a dozen on strikes. Several of his performances now read more like fiction than reality.

As a rule, these 'sok's stars are picked up by some club other than their home city. MacFayden was the exception, for the Boston Red Sox early tied him up in case he decided to play professional baseball.

MacFayden is a right-hander of ordinary size but well put up. He has a great fast ball. It is this one asset that pleases Manager Carrigan most. He believes his speed will prove the foundation of a successful career.
Under the resourceful Bill Carrigan, a great catcher in his day, MacFayden is bettering his curve and learning a change of pace. He has shown such rapid improvement that his manager now has enough confidence in his ability to start him.

COW HAS PEG LEG

SYDNEY, N. S. W.—A cow owned by Miss Anna Penrose of this city has had an artificial leg for the last six years. The animal has been in perfect health and is one of the best milkers of the herd.

Trading of Farrell Surprises

Trading an infielder batting around the 400 mark is decidedly unusual. That is what happened the other day when Manager John McGraw of the Giants closed a deal with the Boston Braves.

Eddie Farrell is the young man McGraw parted with in order to bolster his pitching and catching. This spring when Shortstop Travis Jackson was operated on for appendicitis, Farrell was called upon to take his place and did a brilliant job.

Always regarded as a mighty good fielder, he lived up to expectations in that respect, while at the bat he was a sensation. He has vied with Hornsby since the opening of the season.

In a year or two we may again find Eddie Farrell back with the Giants. Strange things have happened in baseball.

Pitching Giants' Weak Spot
In the spring McGraw was dubious as to his pitching staff. Since Hughie McQuillan and Kent Greenfield went to the majors, Farrell to Boston, it would seem his fears had been justified.

The passing of McQuillan was no great surprise. He has met with only mediocre success the past two seasons. He has been in the majors 19 years and no doubt has passed the peak of his game.

Greenfield, however, may find himself at Boston. Manager Bancroft must think so, and it would aid the Braves quite a bit were Greenfield to start pitching winning ball.

Just how much good McQuillan

Few managers would tempt fate as John McGraw in parting with a player so highly regarded as Eddie Farrell.

Has Courage of Convictions
John McGraw, however, has the courage of his convictions, and when he believes in letting go of a star in some spot in which his club is strong he can strengthen a weak link, there is no stopping him.

In the spring, while looking his club over at Saratoga, Fla., McGraw assured me that he was perfectly satisfied with his infield. He feared for the outfield and battery strength.

Figuring that Terry could fill the bill at first base, he parted with the versatile George Kelly for Edd Roush. He wanted a center fielder to stabilize his outfield. Roush has performed most satisfactorily in the field but has disappointed at the bat.

Boasting a major league batting average of .333 over a period of 12 years, Roush has been off nearly 100 points this season. Strangely enough, Kelly, who has a .306 average during his 11 years as a big leaguer, has hit even worse than Roush.

Looks very much as if this would be an off year for both Roush and Kelly at the bat, unless they take a surprising brace.

McGraw Often Trades Stars
Getting back to Eddie Farrell and his rather unexpected transfer to the Boston Braves.

With Travis Jackson going good at short again, McGraw no doubt felt he could spare an infielder of Farrell's ability to get a pitcher like Larry Benton and a catcher like Zack Taylor.

While it hardly seems possible that Farrell will displace Manager Bancroft at short for Boston, no doubt a spot for him will be found in the infield.

It is not the first time that McGraw has cut loose from a great prospect in order to add immediate strength to his club. He once traded Edd Roush, later to take him back as a real star. He did the same with Heinie Groh.

Roush developed into one of the greatest outfielders in the game after being traded away from New York. Since returning to the Giants, he has played excellent ball.

There remains little doubt but what he will do so for a few more years.

Bankers Trounce Auto-Barbers In Opener Of Half

Opening the second half of the city league season here Tuesday afternoon, the Bankers took a hard fought game from the Auto-Barbers 2 to 1, although they were out hit six to four.

Stalnaker, Auto-Barber ace moundman, while allowing only four bingles to the hard hitting Banker crew, was given poor support his defense failing to hold in the pinches. Nichlaus, pitching for the Bankers, gave up six safeties, but kept them well scattered, while his teammates were making four blunders that did not materially weaken the defense.

COUNTY OPENS COURT BATTLE FOR LAND TAX

WOULD FORCE SALE OF UNIVERSITY LAND IN HUDSPETH COUNTY

(By Associated Press)
AUSTIN, June 29.—Efforts to force sale of the 600 sections of untaxable University of Texas land in Hudspeth county, one of the 17 West Texas counties in which 2,000,000 acres of such land is located, have been taken to court by the county commissioners, it was learned here today.

The commissioners decided to bring suit against the board of regents of the University of Texas, on grounds that the state constitution provides that the lands shall be sold.

Up Before Legislature
This provision actuated introduction of a bill during the legislature by Representative Herschell Boggs of San Antonio that would have required sale of all West Texas university lands, but the measure failed to reach a house vote. Representative Boggs previously had almost gotten through the legislature a resolution calling for a constitutional amendment to allow taxation of the lands for school and limited other county purposes. It was defeated, however.

Plea to Be Renewed
The Hudspeth county commissioners, it is understood here, will renew Representative Boggs' plea, untaxed acreage is a burden to the county's efforts to produce revenue commensurate with its size and sufficient to operate the local government and schools.

The commissioners figure a possible \$12 tax for each section of the university land if the suit is won and if the land becomes subject to taxation.

Off in Misty Dawn
The crew waved a last farewell, climbed to their places and signaled to "give her the gun." A mechanic standing behind the plane pushed at the restraining rope as the engines roared and the great ship shot down the incline and whirled across the field in the misty light of a rainy dawn.

Kinkade Doesn't Go
Arriving back at the hangar about half an hour after the American left the ground, Kinkade said a five pound tin of tea belonging to Commander Byrd made him decide to remain behind. Byrd and his crew had checked over various supplies to see if room could be made for Kinkade. They discarded first the mud guards and landing gear, and then a pair of moccasins and two cans of oil.

BRITAIN OKEHS U. S. STAND ON NAVAL TREATY

DISCUSSION OF SIZE OF BATTLESHIPS IS NOT AFFECTED, HOWEVER

(By Associated Press)
GENEVA, June 29.—Great Britain, according to information in authoritative circles, has tacitly recognized the impossibility of revising the Washington naval treaty at the present tripartite conference here without the consent of the United States as one of the Washington signatories.

This reported British acceptance of the American viewpoint does not mean, however, that the question of the size of battleships will not be discussed here, as the British delegation seems keenly desirous of an opportunity to present its views before a plenary session of the conference.

American Attitude
It is possible that the American delegation will not deny the British their opportunity on the clear understanding, however, that mere presentation of the British standpoint will not involve the formal reopening of the Washington decisions to which the American delegation remains fixedly opposed.

Maitland and Hegenberger, by their successful flight, supplemented the mission work begun August 21, 1925, by their brothers of the navy. On that date three giant planes of the navy made the first attempt to cross the Pacific from San Francisco bay to Hawaii. One plane failed to rise, another fell into the sea, and the third, containing the heroic Commander John Rodgers and three other men, came down some 300 miles short of their destination.

State Briefs

(By The Associated Press)

FORT WORTH—Organizations of southwestern shippers began a fight to lower rates on cotton seed and cotton seed products from southwestern points to places east of the Mississippi at a joint hearing before representatives of the Interstate commerce commission and the Texas railroad commission here Monday.

AUSTIN—Prompt action by growers in Willacy, Cameron and Hidalgo counties has resulted in elimination of the Mexican fruit fly menace to the Rio Grande valley fruit industry. R. E. McDonald, state entomologist, said Monday.

GEORGETOWN—A special term of court was convened here Monday to try John Miller, charged with murder in connection with the death of Robert Schaffner, one of four men killed in a street battle at Belleville on September 5, 1922.

DALLAS—Violation of the state medical practice act was charged against seven chiropractors here Monday in criminal court.

WICHITA FALLS—Two men who it is alleged robbed the First National bank of Truscott of \$2,700 Monday were captured Monday night 41 miles east of here. The money was recovered.

DALLAS—Edward MennerSmith, 21, residing near here was drowned in a stream west of Kleburg Sunday morning. He was on a week end party with three other men and two women.

CORPUS CHRISTI—Advocating a universal draft which in time of war would place at the service of the nation man power industries and capital, Representative Tom Connally spoke Sunday at the division convention of the American Legion.

DENTON—Thirty five members of the Denton fire department resigned Tuesday because the city did not provide suitable quarters for the firemen in the new municipal building now under construction.

FORT WORTH—Police Tuesday night were searching for the person who placed six sticks of dynamite with caps under a residence here. The explosive was found by children. Several houses have been dynamited in this neighborhood.

SAN ANTONIO—D. W. Foster, 36, driver for the Magnolia Petroleum company, was killed instantly Tuesday when the truck he was driving was struck by a Missouri, Kansas and Texas passenger train at Frut, 10 miles north of here. A. J. McGowan, San Antonio engineer of the train was burned when a steam pipe burst in the crash.

HOUSTON—Clifford Frank Galveston's "one man" burglar, convict and notorious informer for the government, was Tuesday night found guilty of the murder of his wife. The conviction carries execution in the electric chair.

AUSTIN—While only partially completed, the \$3,000,000 flood control and reclamation project in Cameron and Hidalgo counties has coped successfully with the first severe test. B. F. Williams, state reclamation engineer here, reported Tuesday.

AUSTIN—A bluish green carrier pigeon of unknown destination and origin, alighted upon a window sill of H. C. Risch's home near here, he reported Tuesday. A rubber band around one leg is marked "H 412."

VICTORIA—A tornado leveled every derrick in the Jackson county oil field near Edna late Monday. It was reported Tuesday. No one was hurt.

GEORGETOWN—The state closed its testimony Tuesday in the trial of John Miller, charged with murder in connection with the death of Robert Schaffner in a street battle in Sealy in 1922.

Bananas exceed nearly any other fruit or vegetable in food value. They contain 466 calories to the pound, compared to 285 in milk.

Simply braid the hair and wind it around the neck, girls, fastening it in the back with hairpins and setting it off with a decorative pin in front. That's Dolores Del Rio's new style hit. The Mexican film beauty's fad has become popular in Hollywood, even though the weather's warm.

48 SELLS-OUT CHEAP CURTIS FIELD, N. Y. Some junk dealer has picked up quite a bargain in airplane plans. Ramiro Sosa, young Mexican, who had been studying flying 20 hours, soared all alone in his second hand Jenny. Jenny went into a tail spin and came down one wing first. Ramiro was unhurt. A spectator hurried to him and sympathized: "If I give you \$20 for your plane." The offer was accepted.

49 NOT INTERESTED LONDON--Will the incomparable Suzanne go to Wimbledon to see Helen Wills of Betty Nuthall play? She is just as enthusiastic about it as Hagen would be watching a match for fun between two fellows who could not break 100. "Women's matches never thrilled me," she remarked after a cross channel passage with Mr. Baldwin and others during which she was "horribly seasick."

50 LOGIC OF LIFE NEW YORK--Edward T. Bedford, one of his early business partners, tells in Collier's why John D. Rockefeller ignored attacks, "do you see that worm?" asked Mr. Rockefeller as he and Mr. Bedford were taking a walk. "If I let him alone he will disappear. But if I stamp on him everybody will see him."

71 NINE MEN HURT IN ALABAMA MINE BLAST BE PRETTY! TURN GRAY HAIR DARK Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weyb's" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't say "gray" Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

CROSBY COUNTY TRACT DEDICATED AS PARK AT MT. BLANCO

As a fitting tribute to the old settlers of the Plains, R. B. Smith of Mt. Blanco (Crosby county) has dedicated 26 acres of land around that picturesque little settlement, to be used as a memorial park to the early settlers of this county. It was announced by Mayor Pink L. Parrish, president of the Plains Settlers Association today.

When the old timers of the South Plains met in reunion at Crosbyton this summer, the suggestion of the erection of a monument on the 26-acre park will be discussed, Mayor Parrish says.

Market First Settlement

Mt. Blanco marks the point where the first settlement was established. To Hank Smith, deceased father of the donor of the park site, goes the honor of blazing the trail of civilization into the Plains. With Mrs. Smith and Charles Hawk, Hank Smith lived in pioneer fashion in dugouts in the hills of Mt. Blanco, and in 1887 started the nucleus around which the Plains population has developed.

Indian Days Recalled

Old timers of the quiet little community bordering the Blanco river can recall the Indian days when the historic old McKinley trail brought new blood into this country. In those days Hank Smith and his associates got their supplies from Fort Griffin in Shackelford county. Food was plentiful in so far as buffalo, turkey, antelope and wild geese were concerned.

Residents of Lubbock County

who will likely attend the three-day reunion in Crosbyton this summer are Mayor Pink L. Parrish, president of the association, and the following old timers: J. A. Wilson, George M. Boles, E. P. Earhart, R. C. Burns, J. J. Dillard, J. H. Mobley, W. S. Clark, F. E. Wheeler, George C. Wolfarth, Gaston Wolfarth, John E. Green, W. N. Green, Frank Bowles, James I. Dow, A. G. Hunt, Clifford Hunt, Daniel Boone and S. K. Bynum.

Interest Gains In Tabernacle Meeting

Each day brings new faces to the Advent tabernacle, 14th and Ave. H. and this week a marked increase in attendance is seen. Doubtless this added interest in the meetings which have been in progress more than three weeks is occasioned by the special program which includes such subjects as "The Millennium," "The Home of The Saved," and the symbols of the book of Revelation.

Another interesting feature of the meetings is that opportunity is afforded to all who have Bible questions to pass them in, and a text is read from the Scriptures in reply, thus leaving the questioner to be his own interpreter of the Bible.

A rare treat is promised for tonight when the evangelist will speak on that beautiful theme: "Where shall we spend eternity?"

Mrs. Coolidge Is Subject Of Much Concern On Hike

(By Associated Press)
RAPID CITY, S. D., June 29.—Returning home after regular luncheon time from her first extended hike in the Black Hills, Mrs. Coolidge today found the president anxiously awaiting her as well as his mid day meal.

She did not return to the summer white house until 4:15 p. m. more than an hour after Mr. Coolidge had arrived from the executive offices in Rapid City.

Takes Post On Porch

When he did not find Mrs. Coolidge at home, the president took a post on the front porch where he could scan the road leading to the lodge and did not leave it until after she had returned.

Dressed in hiking boots and white sport skirt and sweater, Mrs. Coolidge walked in from the rear of the house along a trail she had followed since nine o'clock in the morning accompanied by James Haley, secret service man.

She went immediately to the president on the porch and as she slipped some water, told of her fifteen mile walk over the hills. Mr. Coolidge patted up and down the porch.

Mrs. Coolidge, an enthusiastic hiker almost daily both here and in Washington, takes long walks but this was the first time she had ventured over the mountain trails near here. If Mr. Coolidge was just as little vexed over the long time he had sat anxiously waiting, Mrs. Coolidge must have assured him her good time was worth the now cold luncheon, for they soon entered the game lodge together, everything apparently adjusted.

MIMS-RICHER TEST SPUDDED

DRILL STARTED MONDAY AS MANY INTERESTED PERSONS WATCHED

One hundred and fifty persons watched the spudding of the Mims-Richer well number 1, 25 miles north of Lubbock, sat all and gas test which promises additional activity to the Lubbock territory.

The test well is located seven miles west of Abernathy and is an offset to the old Bredsoe test which was drilled to a depth of 4,500 feet several years ago. A. S. Mims, backer of the project, who will head the well will be rushed to completion.

On 8,000 Acre Tract

The well is located on the Richier farm and lies within an 8,000 block which is held under lease by Mims. The test is located just twelve miles to the south and west of the Kegans-Mulligan well which stands 50 feet in oil at a depth of 423 feet.

With reported shows of oil in the old Bredsoe test at 400, 540 and 1,260 feet, it is felt that the Mims-Richer test, which lies about 600 feet from the old location, is sure to prove the strata.

American Debates Stick To Dision

GENEVA, June 28. (AP)—Information from American sources indicates that the American delegates at the tri-partite naval conference will abide resolutely by their decision not to reopen the shingon treaty at Geneva and Japan's possible siding with Great Britain on this question.

It is not unlikely that Japanese have been given clear understanding that any move to discuss the Washington accord extremely undesirable and dangerous as it would only furnish an opportunity to those seeking it to consider the whole problem of the American position in the Pacific, including the American strategic situation.

Wealthy Inventor Held In Drowning

MIAMI Fla., June 29. (AP)—Osius, wealthy Racine, Wis., inventor, was arrested this morning as he being held with bond pending inquest into the drowning last night of Mrs. Bertha Miller and her 14-year old son, Marvin. Osius surrendered after the drownings which occurred when an automobile in which he was driving plunged into Biscayne bay but he was released when his condition showed signs of nervous collapse.

Mrs. Miller and her son were pinned in the rear seat of Osius' car by a glass partition, after the automobile turned over in the water. Osius and Bain Miller, husband of the drowned woman, managed to extricate themselves. Osius was picked up by a boat and Miller swam ashore.

The party was said to have been coming to Miami for a dinner in celebration of the Miller's tenth wedding anniversary.

VANDALS RUIN GOTHAM HOME

\$250,000 WORTH RARE FURNITURE AND ART OBJECTS WRECKED

(By Associated Press)
NEW YORK, June 29.—Dissatisfied with tips and wages given him by their wealthy employer, C. Hal Lihme, retired zinc magnate, three apartment house employees held a drinking orgy in his exclusive Fifth avenue apartment, the police announce, and destroyed \$250,000

worth of rare furnishings and art objects. Ham bones, ale bottles, knives and tanks were tossed recklessly at Van Dyck and Rubens masterpieces, statuary, costly rugs and tapestries.

Mirror And Organ Wrecked

A mirror, fifty feet square, was smashed to bits and a \$17,000 organ was wrecked.

The damage, which police and insurance adjusters declared exceeded anything they ever had seen before, was done Sunday shortly after the Lihme family had gone to its summer home in Newport. It was discovered when an interior decorator called to transfer paintings to an exhibition.

The vandals confined their activities chiefly to the first floor of the triplex apartment, comprising

the three top floors of a fourteen story building. The police said two elevator men, John Healy and George Tierman, both 20, confessed. A third is sought.

Paintings Destroyed

Bottles were thrown through Ruben's "Portrait of an old man," valued at \$15,000 and Van Dyke's "Lionelli and Pupuly," a seventeenth century masterpiece valued at \$100,000.

Portraits of Mr. Lihme's daughters, Princess Anita L. Lebkowicz, and Mrs. Clement A. Griscom, 3rd, of Philadelphia, were virtually destroyed. Gobelin tapestries and period furniture were ripped and shattered by hacking and pounding.

Probe Of Prison Mutiny Is Promised

TOPEKA, Kan., June 29. (AP)—The state board of administration will begin, probably on July 6, its investigation of the recent mutiny at the state penitentiary at Lansing, Dr. Charles S. Huffman, chairman of the board declared today.

GAS IN SAFE WALLS

BERLIN—Experimenters now believe that in the future gas will be used as a protection for bank vaults. A German inventor has constructed a safe which will release the most deadly of poison gases when a drill penetrates its sides. The device is claimed to be perfectly safe for everyone but yeagmen.
