SEVEN BURIED UNDER WRECKAGE IN BUILDING CRASH

NIP PLOT AGAINST OBREGON

Fighting in Ireland During Past Year Takes Toll of 673 Lives

NEW YORK APARTMENT HOUSE COLLAPSES ON CROWDED FIFTH AVENUE

By Associated Press.

NEW YORK, Dec. 1.—Broadway at Fifty-second street was suddenly transformed late today from a scene of bustling activity to one of desolate wreckage when a nine-story apartment house under repairs collapsed, burying several persons beneath. At least one person is believed to have been killed and six others are unaccounted for.

Broadway was crowded with shoppers, workers hurrying to their homes and afternoon theater-goers when a terrific crash rent the air as the building toppled into the street.

Fortunately the bulk of the debris fell into Fifty-second street, which was comparatively free from traffic, although tons of wreckage slid into Broadway itself.

Six persons, three of them buried in the wreckage and later rescued, were injured. Searchers expressed fear tonight that other pedestrians seen passing the building may have been caught beneath the tons of wreckage, covering the sidewalk in places to a depth of six feet.

Smaller crashes occurred at intervals tonight as sections of the wall which remained standing after the first collapse gave way. Other tottering sections threatened the lives of firemen and policemen who searched the debris for bodies in the glare of powerful searchlights.

Only the ground floor was occupied, an automobile concern having its offices there. The injured persons were mainly employes of the concern and workmen employed in repairing the building. Three girls in the automobile establishment were buried beneath the wreckage, but were rescued, suffering only from cuts and bruises.

OBREGON TAKES OFFICIAL OATH; NOW PRESIDENT

Inauguration Marks Fourth Time Executive Power Is Peaceably Transferred in Hundred Years.

Gay Assemblage of Foreign Diplomats Attend Midnight Ceremonies in Chamber of Deputies.

By Associated Press.

MEXICO CITY, Dec. 1.—General Alvaro Obregon was inaugurated president of Mexico at midnight last night. The simple ceremony of taking the oath of office marked the fourth time in the republic's history of ninety-nine years that the executive power has been transferred peacefully. George T. Summerlin, charge d'affaires for the United States was among those present at the ceremony.

Provisional President de la Huerta who sat at General Obregon's right as he was sworn in the chamber of deputies, was the first to embrace the new president, and as the succession of retiring and newly appointed cabinet ministers, members of congress and other officials greeted President Obregon moving picture machines clicked and photographers kept up a fusillade of flashlights. The diplomatic gallery was filled.

American Charge Attends

It is understood Summerlin attended the ceremony in his personal capacity and without any members of the embassy staff, having received instructions from Washington to appear as a courtesy.

The Argentine ambassador and the ministers of Chile, Italy, Germany, Spain and Belgium were present. Japan, China, Sweden, Uruguay, Cuba, Peru, Great Britain and France were represented by their charges, while Guatemala, Salvador, Honduras and Nicaragua sent delegations.

Prior to the ceremonies the aldermen of Mexico City tendered General Obregon a banquet at which the new minister of industry and commerce, Rafael Z. Capmany, welcomed on behalf of the government, the American and other visitors, his address being replied to by Governor Larrazolo of New Mexico, who spoke on behalf of the visiting Amreican governors.

Shortly before midnight those at the banquet started for the chamber of deputies, making their way through a dense crowd that filled the streets and threatened to overflow past the long lines of soldiers.

Obregon Takes Oath

General Obregon entered the chamber with Provisional President de la Huerta.

Immediately after General Obregon had taken his seat on the rostrum, the oath was administered and after brief felicitations he retired in company with Senor de la Huerta who today takes the oath as President Obregon's secretary of treasury.

With its new president safely installed in office, Mexico City made carnival for the remainder of the night. The cafes, normally closed at midnight, offered special musical programs and dancing beginning at that hour. In the street, holiday crowds threw confetti and bands played everywhere.

President Obregon's induction into office will make small changes in his domestic affairs. He has announced that he will not live in Chapultepec castle, the magnificent home provided by the government, because he does not "want his boys to tear it up." He has taken a house at the foot of the huge cliff upon which the castle stands, and will use the executive mansion only on state occasions.

Belgian Diplomat Going to Mexico

By Associated Press.

SAN ANTONIO, Dec. 1.—George A. Aerts, vice consul of Belgium, stationed at Cincinnati, passed through San Antonio today enroute to Mexico City. Mr. Aerts said that he was being sent there on a mission by his government with the end in view of recognizing the Obregon government.

ALDINE NO. ONE SWABS 100 BARRELS

The No. 1 well of the Aldine Oil corporation on the C. Birk tract of the Clara district will be placed on the pump today, according to reports from the field. The well, whose developments have been watched with considerable interest by several local operators during the last few weeks, came in flowing by heads last week. While rigging up for the pump the well has been swabbing better than 100 barrels of oil daily. Due to error in information, this well was reported in Wednesday's issue of The Record News as swabbing around 40 barrels daily.

The well is drilled five and one-half feet in the sand struck around 1,800 feet. It is expected that the well will show a settled production as large as the average producers of the Ramming and Bowers pools. The well is in a section opened up several weeks ago by the No. 1 of the Arkansas-Texas company.

FAIR

West Texas: Thursday and Friday fair.

BALES OF LIQUOR ARE NOW BEING SHIPPED

By Associated Press.

CORPUS CHRISTI, Texas, Dec. 1.—Upon close inspection, a carload of alfalfa loaded at Pharr and consigned to Gonzales, Texas, was found to average about four bottles of assorted liquor to the bale.

It appears that a Mexican from Gonzales came to Pharr a short time ago and put up the money for the purchase of 52" bottles of liquor. His assistants bought the liquor and concealed it in alfalfa which they purchased loose and baled themselves, secreting the rum as they baled.

FIELD ENGINEER DIES; SIGNS OF STRUGGLE SEEN

Body of W. H. Hoar, Aged 26, Found Leaning Upon Pipe; Bruises on Chest and Eye Tells Tale.

Special to The Record News.

BURKBURNETT, Texas, Dec. 1.—Officers investigated without avail today the death of W. H. Hoar, aged about 26, an engineer, who succumbed some time between 12 and 8 a. m., Tusday morning, after a supposed violent struggle. Foul play is suspected. His body was found at 8 o'clock this morning in an almost erect position alongside the pipes of a small oil pumping station operated on block 74 by the Charles F. Noble Oil and Gasoline company. This block is in Newtown. Sheriff Fred Smith's office in Wichita Falls was notified.

The ground about the body was torn up as if it had been the scene of a violent struggle. Hoar's hands and fingers showed where he had clawed in the soft dirt. A great bruise across his chest looked as if it had been made by some heavy instrument which had cut a diagonal course from the side and rear. There was another cut over his eye.

Hoar went on duty at midnight. He was alone on the lease. No one reported having heard any screams for help or other commotion. A meter reader, attracted by the fact that Hoar's engine had stopped running, came to the scene and found the body eight hours after Hoar left for the job.

His body is at the Miller undertaking parlors here. It will be sent Wednesday to his home in Salt Lake City, Utah. He was a single man. His employment was with the Noble Oil and Gasoline company.

Democrats Will Call G. O. P. Hand

BY B. N. TIMMONS.

WASHINGTON, D. C., Dec. 1.—"The republicans came into power on a promise to reduce government expenditures, and I intend to see that republican members of the appropriation committee do not forget the promise," is the attitude of Congressman James P. Buchanan of Texas, member of the house appropriations committee.

Buchanan said that he will insist that departmental estimate of expenditure be slashed to the bone.

The postoffice department today ordered city mail delivery to be established at Bowie on April 1. Two regular carriers and a substitute were authorized.

Former Kaiserin Is Nearing Death

By Associated Press.

DOORN, Dec. 1.—The condition of Augusta Victoria, the former German empress, was little changed during the day. She was still fully conscious at 5 o'clock this evening though much exhausted by the heart attacks.

One of the residents of the castle said to the Associated Press this afternoon, the empress, realizing the seriousness of her condition, is quite resigned, and actually longs for the end of her sufferings, which began in 1918."

CASUALTIES IN SINN FEIN DISORDERS ARE COSTLY TO ENGLAND

By Associated Press.

LONDON, Dec 1.—Persons to the number of 673 had been killed or wounded in Ireland up to Nov. 22 of the present year by anti-government elements, according to a statement issued today by the home office. The deaths do not include 20 persons killed in Londonderry and 62 in Belfast during the summer rioting, nor 16 cadets killed in the Kilmichael ambuscade Sunday.

The statement says that casualties were: 151 policemen killed and 230 wounded; 47 soldiers killed and 103 wounded; 41 civilians killed and 1,010 wounded.

Sixty-seven courthouses have been destroyed and 528 police barracks have been destroyed and 1,616 damaged. There have been 830 raids on mails and 45 raids on coast guard stations and lighthouses. In addition to these there has been 2,961 raids made for arms.

Another official statement says the arrests in Ireland averaged considerably over 100 weekly. During the last three weeks of November 406 persons were taken into custody for political offenses, including 169 during the last week of the month.

CORK STORE BURNED.

By Associated Press.

CORK, Dec. 1.—A drapery establishment owned by Thomas O'Gorman, who is prominently identified with the Sinn Fein movement, was set on fire and completely destroyed shortly after the termination of the curfew hours this morning, when the military patrols had been withdrawn. A shop adjoining this establishment and the offices of an English insurance company in the upper part of the building were burned out.

Two previous attacks had been made on the premises of Mr. O'Gorman, the last one a week ago, when the store was forcibly entered and large quantities of goods destroyed or removed. Mr. O'Gorman is alleged to have sold Sinn Fein badges and flags and to have contributed heavily to the Dail Eireann.

There was considerable shooting in various parts of the city during the night. A young man who has not yet been identified was brought to the hospital fatally wounded.

"Whose place will be the next to go?" business men were asking each other today. If the destruction of property continues at the present nightly rate, the Cork business district soon will be wiped out.

All of the town shopkeepers are advertising bargain sales in order to convert their stock into cash. The exodus of people from Cork continues.

CATHOLIC PRIEST ARRESTED.

By Associated Press.

CALLAN, County Kilkenny, Ireland, Dec. 1.—A Catholic priest was arrested here last evening. He was conveyed to the military barracks.

CLARA SMITH TRACED WEST BY ATTORNEY

Woman Wanted in Connection With Hamon Shooting Believed to Be in El Paso.

By Associated Press.

ARDMORE, Okla., Dec. 1. — In connection with the search for Clara Smith of Ringling, Okla., wanted here in connection with the death of Jake L. Hamon, republican national committeeman, Russell R. Brown, county attorney, made public tonight a statement which he said he had obtained last Sunday from E. W. Sallis, a service car driver of Dallas, Tex., mentioned in Dallas dispatches today as having driven a "Mrs. Clara Smith Hamon" from Dallas to Cisco, Tex. The statement was witnessed by Sergt C. J. Vittrup and Patrolman C. F. Isbel of the Dallas police department.

Brown declared today that Clara Smith had gone south when she left Ardmore, asserting that she passed through Dallas and Cisco, purchasing a railroad ticket for El Paso at the latter place. He had followed her itinerary, but was forced to return to his office here because of business affairs.

The statement details the trip from Dallas to Cisco and declares that the woman who engaged the car in Dallas Tuesday, Nov. 23, did not tell the driver her name but said he would "learn it in the next 36 hours." The woman told him, according to the statement, that she had shot a "wealthy man in a hotel at Ardmore Sunday night, Nov. 21.

Sallis declared in the statement that he "became suspicious" of the woman when they reached Cisco at 2:15 a. m. Nov. 24, where he purchased a ticket for her to El Paso. He then returned to Dallas, according to the statement, and told a police officer of the trip. Sallis declares the officer advised him to call the county attorney at Ardmore, which he did last Sunday, and that the county attorney called upon him at his home that evening and he made the statement to him.

VENERABLE WARDS OF COUNTY MARRY

By Associated Press.

FORT WORTH, Texas, Dec. 1.—Newton Peppers, 86 years of age, and Mrs. Mary Jane Howard, 83, both wards of Navarro county, were married yesterday in Corsicana.

'THE CITY THAT FAITH BUILT'

CUPID'S DART FINDS MARK IN OLD COUPLE

By Associated Press.

HOUSTON, Dec. 1.—Cupid is not looking out for youth alone. Today, he peeped into the home of Mrs. Jane Barnes here and witnessed the marriage of Mrs. Barnes, who is 70 years old, and James A. Weed, of Pocatello, Idaho, who is 72.

The marriage is said to be the culmination of a romance that flowered 48 years ago.

Weed is a superintendent on the Oregon Short Line railroad.

WILSON OFFERS MAYFLOWER FOR HARDING TRIP

Presidential Yacht Ordered to Hampton Roads to Meet Senator Upon Arrival From Panama.

By Associated Press

WASHINGTON, Dec. 1.—By direction of President Wilson, Secretary Daniels placed the presidential yacht Mayflower at the disposal of President-elect Harding today to complete his trip from Panama to Washington. The secretary sent a radio message to Senator Harding on the steamer Pastores en route to Norfolk, informing him that the Mayflower would be at Hampton Roads Saturday when the Pastores is due there and that President Wilson would be happy to have Senator Harding use the vessel for the passage to Washington.

The message said:

"The Mayflower will be in Hampton Roads upon your arrival and the president will be happy to place it at your disposal as he understands you are coming to Washington from Norfolk."

It was assumed that the Mayflower would be ordered to lie at anchor in Hampton Roads after conveying Secretary of State Colby to that port Saturday, preparatory to his trip to South America.

The president previously offered Senator Harding the use of the Mayflower and also a battleship for his journey to Panama on his vacation trip. Senator Harding declined the offer, saying his arrangements had already been made.

Fire Causes Half Million Dollars Loss

By Associated Press

JASPER, Ala., Dec. 1.—Estimates late today of damage caused by the fire which wiped out an entire block of business buildings and merchandise stocks early this morning, and portions of other blocks, place the loss in excess of half a million dollars.

AMERICAN LEAGUE COMMITTEE NAMED

By Associated Press

CHICAGO, Dec. 1.—President B. B. Johnson of the American League tonight named James Dunn of Cleveland, Tom Shibe of Philadelphia and Frank Navin of Detroit as the American League committee to meet with Judge K. M. Landis and a National League committee in New York, December 10 to draft a new baseball national agreement.

BARON DESBOROUGH DIES

LONDON, Dec. 1.—Baron Desborough died suddenly tonight while making a speech at a dinner at Birmingham, according to the London Times.

Poet Declares War on Italy

By Associated Press

LONDON, Dec. 1.—Gabriele D'Annunzio, in command of the insurgents at Fiume, has declared war on Italy, according to Milan dispatches to the London Times. The state of war will begin Friday.

UNITED STATES AGENTS MAKE WHOLESALE RAIDS ALONG ENTIRE BORDER

'DRY' AGENTS IMPLICATED IN CHARGES

Indictments Returned in San Francisco Disclose Part Woman Director Played in Sales.

By Associated Press.

SAN FRANCISCO, Dec. 1.—Federal grand jury indictments against ten persons in an alleged liquor selling conspiracy, removed today from the secret file, revealed charges that Mrs. Glad K. Warburton, former acting federal prohibition director, had conspired to violate the prohibition law, and that John D. Costello, secretary to United States Senator Phelan, had told Harry Marquard, a restaurant owner, to set aside from the profits of his liquor sales 10 per cent "for the democratic election fund."

During Mrs. Warburton's tenure of nine days, according to the indictments, 124 barrels of whiskey were illegally withdrawn from bonded warehouses. She was accused of feloniously approving a permit for the withdrawal of 120 of these barrels.

Costello was charged with having promised Marquard protection from federal raids, having told him to go ahead and sell liquor.

Harry Brolaski, another of those indicted, informed Marquard that he had arranged "protection" for him, the indictment stated. Brolaski said Marquard was to pay him for the protection, according to the indictment, and told Marquard that Costello and Loren Handly (then federal prohibition director for California) "would be in to see him about the matters."

Eight other men were indicted charged with illegal withdrawal of liquor from bonded warehouses and sale of liquor without keeping the records prescribed by the federal prohibition law.

One Hurt When Fireman Swerves To Avoid Truck

Forced to drive into the curb at the corner of Ninth and Travis street in order to avoid a collision with a truck, Paul Galey, fireman, was thrown from the chief's car a distance of 20 feet Wednesday afternoon. His injuries were slight. Assistant Chiefs Habern and Smith, the other occupants of the car were not injured. P. A. Tindel, driver of the truck, was arrested by the police following the accident and is charged with careless driving. He was released on personal bond.

The fire department was responding to a call in the 1400 block on Eighth street when the accident occurred. The chief's car, with the siren open, was going up Ninth street at the usual speed. Tindel disregarded the alarm, according to Smith and Habern and drove his truck, with trailer attached, across the street in front of the chief's car. In order to avoid collision with the truck Habern was forced to drive his car to the left. He hit the curb.

Galey was thrown from the car and was at first thought to have been seriously injured. He was placed in an auto by people near the scene of the accident and started to the hospital, before reaching the hospital he convinced the driver of the car that he was not seriously injured and was taken to the fire on Eighth street. After the grass fire was put out, he returned to the station with the remainder of the department.

A rear wheel of the chief's car was torn off and one fender and the running board demolished. Damages to the car was estimated at $100

By Associated Press.

SAN ANTONIO, Dec. 1.—Wholesale raids by department of justice officials conducted simultaneously Monday at various border points including El Paso, Eagle Pass, Laredo, Brownsville and this city, netted a mass of documentary evidence of the formation on this side of the border of a new revolutionary movement against the Obregon government in Mexico, according to a statement made here tonight by W. A. Wiseman, special agent for the department of justice.

According to Wiseman the raids were ordered by Division Superintendent C. E. Breniman, with headquarters here and the evidence secured is being collected in the office of the local federal bureau of investigation. Department of justice agents here are known to be busy translating documents seized during the raids and a number of important arrests are expected to follow.

Among the documents obtained are several manifestos announcing the aims and purposes of the new "reformista" movement, the leaders of which are expected to be caught in the federal dragnet now being drawn in, Mr. Wiseman said.

Lucio Blanco, former Carranzista general is the head of the new revolutionary movement, according to the accepted belief in local Mexican circles.

At Del Rio, a commission of a general in the proposed revolutionary army was captured by federal agents in a raid, according to a telegram received in San Antonio tonight. Neither name of the officer to whom the commission was issued nor the name of the person who signed the warrant were mentioned.

Wichita District Runs 81,000 Bbls. Of Oil Per Day

The Wichita Falls district had a total daily production between 81,000 and 82,000 barrels, according to estimates based on pipeline runs, for the past week. Though no new report on the production of the newest Young county wells are available this production is now around 2,000 barrels daily, this county showing the greatest increase of any one pool for weeks. Electra's production is up to 11,000 barrels, this district being at present the scene of active operations in several sections, particularly in the South Electra section, on the Burnett properties.

The Burkburnett Northwest shows a decline of 1,500 barrels from the previous week, and the various pools classified as Burkburnett, with the exception of the Texhoma, produced a daily average around 58,000 barrels. The Texhoma pool production and the Kemp-Munger-Allen and Iowa Park shallow pools remain practically steady, both running 5,000 barrels daily. Holliday is credited with 200 barrels and Petrolia with 400 barrels, about the usual settled figures.

Negro May Die; Black Is Jailed

Until a late hour Wednesday night, police authorities had received no report on the condition of Will Thomas, negro, who was shot and thought to have been fatally wounded late Tuesday night by Robert Bruce, negro, on Sullivan street near a negro restaurant. Bruce is charged by the police with assault to murder.

According to statements from Detectives Criswell and Greene, who arrested Bruce shortly after the shooting, Thomas was walking home with a girl from the show and as they were nearing the house, Bruce, who was Thomas' rival for the affections of the girl, hit him over the head with a rock. Bruce then turned and fired four shots at his assailant from a .38 caliber revolver.

OBREGON TAKES OFFICIAL OATH; NOW PRESIDENT

(Coatinued From Page One.)

TOWN HALLS ARE SEIZED.
By Associated Press.

LONDON, Dec. 1.—Restiveness among the city's unemployed, coupled with the lack of housing accommodations, led to the seizure of the town hall at Edmonton, a northern suburb of London, by several hundred men today. The occupation of the building was entirely without violence. The men announced that they would use the town hall as their headquarters until something is done for them.

The town hall at Totenham, another working district near the city, was the scene of similar peaceable seizure yesterday. The unemployed men who took possession of the building, however, evacuated it today when the council announced that accommodations had been found for them in the coroner's court and in two large warehouses.

SEARCH FOR SINN FEINERS.
By Associated Press.

LONDON, Dec. 1.—Operatives of Scotland Yard who are dealing with the Sinn Fein organization in London continued today active searching of residences and busines houses in various parts of the city. The searches were carried out mostly in the southwest portion of the city, which is largely a residential district for the middle class.

Two men were detained as a result of the searches. One of them later was released, no charges having been preferred against him. The police are maintaining the greatest secrecy with regard to their operations.

M. P. ARRESTED.
By Associated Press.

DUBLIN, Dec. 1.—Professor John Macneill, Sinn Fein member of parliament, was again arrested last night. He had been released from prison the previous day, having been arrested in Dublin November 26.

A large party of auxiliaries equipped with a motor and searchlights visited Professor Macneill's residence at Bootlerstown, near Kingstown, and took him and his second son into custody. His eldest son is already in jail.

5000 Persons See Kruger Open New Home of Jewels

It was estimated that more than 5000 persons attended the formal opening of the Kruger Jewelry company in their new store at Eighth and Ohio streets Wednesday. The entire stock of the company, including silverware, cut glass and jewelry and watches of all descriptions, was laid open for inspection by the public and not until a late hour Wednesday night did the crowds thin out sufficiently to allow officers and employes of the store the first real breathing spell of the day.

The entire store, which was opened for business three weeks ago, was decorated profusely with chrysanthemums, carnations and numerous other varieties of cut flowers. An orchestra in the rear furnished continuous music.

The stock was laid out in orderly array in sections of counters and wall cases and drawers, each compartment devoted to a different variety of merchandise. The show windows on the two streets were artistically dressed with beautiful specimens of the jeweler's trade.

In conjunction with its regular line of jewelry and silverware, the store has an optical department, managed by Dr. F. Goss, which is said to be one of the most modernly equipped departments in this section of the country. Here eyes are examined and treated, spectacles measured and fitted, and all kinds of lens, from the smallest pair of opera glasses to the enormous telescope on display in the window, are shown.

Telegrams of congratulation from all over the country were received by Sam Kruger, owner of the store, during the day and so many flowers were received from out-of-town friends that it was impossible to use them all in decorating the store.

A letter from the Chamber of Commerce, commending him highly and congratulating him on his success, has been framed by Mr. Kruger and hung in a prominent place at the front of the store, and was proudly exhibited Wednesday to nearly every person in the store.

Mr. Kruger came to Wichita Falls nine years ago and started a small business in a place about 18 by 20 feet. He remained in this location for three years and then obtained a larger and more desirable store at 725 Ohio street, where he remained in business for six years prior to the opening of his new place at Eighth and Ohio streets.

Beginning with the help of only one assistant and a very small stock, Mr. Kruger has built up within the past nine years one of the largest jewelry trades in this section. He now employs 12 salesmen and has a large stock.

ELKS WILL GIVE DANCE AT CLUB ROOMS TONIGHT

The Elks' will give an informal dance, one of their regular affairs, tonight at the Elks' club. An unusually good orchestra has been secured for the affair and a large crowd is expected to attend.

Charles Young, Wichita Pioneer And Railroad Builder, Succumbs

Wednesday evening at 7:30 Charley E. Young, prominent in the early days as a railroad builder, and one of the pioneers of Wichita Falls, passed away at his home on Maple avenue.

Funeral services will be held this afternoon at 2 o'clock from his home in the south part of the city.

Death followed a protracted period of ill health. His wife and a number of intimate friends were at his bedside when death came.

Mr. and Mrs. Young have no children, but have been foster father and mother for several girls, now in homes of their own. Many of the young men coming to Wichita Falls in the '80s, now prominent business and professional men made their home with the Youngs. They spoke of Mrs. Young as "Mother Young."

Mr. Young was a native of Canada, born Dec. 23, 1845. On March 9, 1871 he was married to Miss Mary Jarvis at Shulsburg, Wis. In 1877 the young couple moved to Texas, stopping first at Benbrook near Fort Worth. During this period Mr. Young superintended the construction of the Texas and Pacific railroad from Fort Worth to Weatherford. In 1884 when Wichita Falls was the terminus of the Fort Worth and Denver, they came to the new settlement, which has been home for them during ever since, though for short periods of time they were at other places.

The following have been named as honorary pallbearers: Judge Edgar Scurry, Frank Kell, J. A. Kemp, Judge A. H. Carrigan, I. H. Roberts, Vic E. Stampfli, Tom Huff, W. C. Adams, Ed Wilson, T. A. Zimmerman, Myles O'Reilly, Herman Willen, Dave Thomas, Dr. M. M. Walker, Jim Murphy, Judge J. H. Barwise, Bert Bean, George Ruffner, S. Y. Ferguson and Mr. Newton.

Rev. N. F. Grafton of the First Presbyterian church will conduct the funeral services, at the home at 2 o'clock Thursday afternoon. Burial will be in Rosemont cemetery.

The following will serve as active pallbearers: L. Steelman, O. C. Moody, Ray Black, W. R. Thompson, J. M. Edwards, Homer Johnson, Bert Zimmerman, E. I. Zimmerman and Solon Seals.

ADVANTAGES OF CITY WILL BE AIRED SATURDAY

The advantages of Wichita Falls' location, the possibilities of itself and of its trade territory, and the part the traveling men who sell its products throughout the trade territory can play in the mutual upbuilding of the city and its surrounding section, will be thoroughly treated in the program for the Trades Development Dinner to be given by the local Chamber of Commerce at the Kemp hotel Saturday night. The program was announced Wednesday.

The dinner is strictly in the interest of the territory, of local commercial and industrial institutions that do a wholesale business, the Wichita Falls traveling men, and of the territory whose trade centers in Wichita Falls.

Invitations to the dinner—it is an invitation affair and given by the Chamber of Commerce with representatives of the lines whose interests will be discussed as its guests—is strictly limited to Wichita Falls men, to heads of local manufacturing and wholesale houses, and to the heads of the commercial organizations in the territory, some 25 presidents of Chambers of Commerce having been given special invitations to attend.

Mayor Walter Cline will first address the visitors, telling them, "We Are Glad You Are Here."

Hubert Harrison, secretary of the local Chamber of Commerce will tell those present, "Why We Are Here."

B. F. Johnson, local real estate man and representative-elect to the legislature from this district, will discuss the part played by "The Traveling Man As a City Builder."

J. C. Mytinger, general manager Wichita Mill & Eclevator Company, will talk of "Wichita Falls, The Distributing Center."

E. S. Goodner, president the Goodner Wholesale Grocer Company will talk particularly to the traveling men his subject being "Your Market."

Porter A. Whaley of Stamford, general manager of the West Texas Chamber of Commerce, will urge those present to unite "All Together For West Texas."

J. A. Kemp will tell them of "Irrigation," "The Empire Builder," and Frank Kell will discuss "The Business Outlook For the Country."

HUNDRED BANKS WILL SEND MEN TO LOCAL MEET

Representatives of more than 100 banks throughout the Northwest Texas territory have been requested to meet in Wichita Falls on Monday for consideration of subscription of stock to the export corporation being formed in the Southwestern states for the relief of cotton and other distressed agricultural commodities, it was announced Tuesday by C. W. Reid, vice president of the City National Bank of Commerce.

At a meeting of the Clearing House association, called by W. M. McGregor, vice president of the First National bank and president of the association, the banks of the city agreed to supplement this invitation by a letter to their correspondents, emphasizing the importance of the project, and urging attendance at the meeting.

It was first planned to have a meeting of Wichita Falls banks to go into the matter Monday, but this could not be carried out due to inability of the bankers who have familiarized themselves with the details of the organization to make two trips to Wichita Falls. For this reason the two meetings will be merged.

The banks are being asked to subscribe to the $6,600,000 of the capital stock of the organization to the extent of 3 per cent of their capital and surplus.

It is understood that all Wichita Falls banks are even now unofficially committed to the project.

Under the federal laws the new corporation will have the power of loaning money to relieve the export of cotton or other distressed commodity to an amount equal to 10 times their capital and surplus.

A renewal of the export trade in these commodities, brought about by the activity of an institution such as is being organized is expected to bring a reaction, in the markets for these commodities which will enable the farmers to "get out" on their crops, prices for which have now, in many instances, with the export business cut off, dropped below production costs.

"The very accomplishment of the organization of the corporation should of itself bring about a very beneficial reaction in these commodities," Mr. Reid stated in discussing the organization.

Arthur O'Keefe, Aged 75, Is Dead

Arthur H. O'Keefe, resident of Harrold, died at a local hospital Wednesday night. Mr. O'Keefe was 75 years old. He was brought to the hospital here for treatment last week.

The body will be sent to Harrold today for burial by the Merkle & Lunn Undertaking company. Mr. O'Keefe's sons, R. E. and J. L. O'Keefe, residents of Harrold, were here at the time of his death.

Miss V. Smith, Aged 17, Dies

Miss Velma Smith, 17-year-old daughter of Mr. and Mrs. J. O. Smith, died at the residence of her parents at 1504 Austin street at 7 p. m., Wednesday. Death followed a short illness.

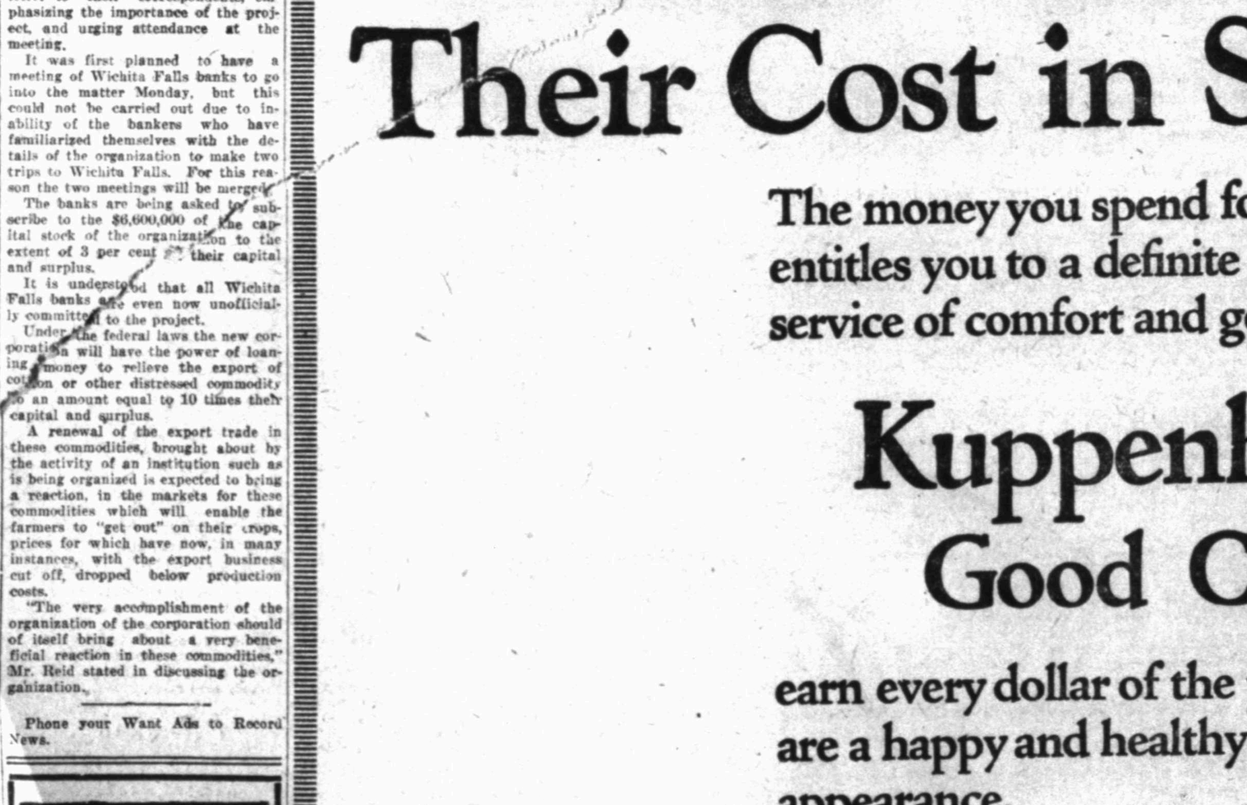

Funeral services will be held this afternoon at the chapel of the Merkle & Lunn Undertaking company at 4 o'clock. Burial will be made in Rosemont cemetery.

CAPTAIN R. HEALY TALKS ON EGYPT

"Egypt" was the subject of a talk by Captain R. S. Healey, of the Australian infantry, to High school students in the auditorium of the High school Wednesday afternoon. This was the third of a series of travel talks he is delivering.

Vivid descriptions of the attractions which bring thousands of tourists to the "Valley of the Nile" every year, interspersed throughout with interesting anecdotes about trips through the great myriads and on the Nile, were given by the captain and drew rounds of thunderous applause from his audience.

A lecture on "India" will be given within a few weeks.

DISORDER IN HUN ASSEMBLY FOLLOW TALKS

By Associated Press.

BERLIN, Dec. 1.—Disorderly scenes occurred in the Prussian assembly today following a debate on a motion by the majority socialists which would transfer property owned by the Hohenzollern family to the Prussian state and would assign a suitable income to members of the former reigning house. So serious was the situation that the vice president was compelled to suspend the meeting.

Herr Heilmann, who introduced the motion argued that for every million marks paid to the Hohenzollerns, former enemies of Germany would "claim another billion in reparations." He declared there was no desire to deprive the Hohenzollerns of a livelihood but that, strictly speaking, they were not entitled to a penny, and "ought to be thankful for our magnamity." He insisted there was danger of the German republic in affording members of the Hohenzollern family the "means to pursue their pretensions to the German throne."

Disorder began when Kerr Kaufmann, a conservative, attacked Herr Heilmann. The socialists shouted and one threw a paper missle at Herr Kaufmann.

BOND FIXED AT $750; AWAITS GRAND JURY

C. J. Smith, who was arrested by federal agents and deputy sheriffs late Tuesday while alleged to have been in possession of a trunk full of bonded whiskey was held to await action of the Federal grand jury under $750 bond charged with violating the national prohibition act, at an examining trial before United States Commissioner J. A. Lantz, Wednesday.

PLASTERERS GET $1 PER DAY MORE

FORT WORTH, Dec. 1.—Beginning today, plasterers in Fort Worth began receiving $12 per day and cement workers and finishers $11 per day wages. This is an advance of $1 for each and was agreed upon last August.

STOCKMAN DIES; NO CLUE FOUND

FORT WORTH, Dec. 1.—Frank Jones, stockman who was found in his pasture October 18th, badly wounded and unconscious, died this morning. He never regained consciousness and no clew to his assailants was ever discovered.

A modern discovery for the rapid healing of flesh wounds, cuts, burns, bruises, sores and scalds is Liquid Borozone. It is a clear, colorless liquid possessing marvelous healing power. Price, 30c, 60c and $1.20. Sold by your druggist.—Adv.

Two suits of clothes for the price of one at W. B. McClurkan & Co. Friday morning, Dec. 3.—Adv.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

To abort a cold and prevent complications take

Calotabs

The purified and refined calomel tablets that are nausealess, safe and sure.

Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

Trial of Singing Preacher Fought

By Associated Press.

FORT WORTH, Dec. 1.—The case of J. W. Lowman, singing evangelist who was arrested in Kansas last August in connection with the death of Herschel Erwin near here, was called for trial in criminal district court this morning. Attorneys for the state immediately asked for a continuance, alleging two important witnesses would not be found before January. The defense contested the motion.

Lowman has been in jail since September 6 without trial. Recently, his attorneys sought a sought a writ of habeas corpus and Judge Hosey ordered that the case be docketed for December 1.

Allies Cannot Bar Return of Hellenes King

By Associated Press.

LONDON, Dec. 1.—The British view with regard to the return of former King Constantine of Greece to Athens, as expressed in official circles here today is that the allies cannot prohibit his return if the Greek people insist upon it. If the Greeks, however, bring back to power the man whom the allies regarded as having been hostile and treacherous to Greek and allied interests during the war, it was added, they will thereby make it extremely difficult, if not impossible, for the allies to maintain friendly or cordial relations with Greece.

Great Britain takes the view, it was stated, that the recall of Constantine would not only imperil good relations between Greece and the allies, but also would gravely endanger the treaty of Sevres.

It is believed an agreement on the policy to be adopted on this question would be reached at tomorrow's conference in London between Premier Lloyd George, Premier Leygues of France and Count Sforza, the Italian minister.

Irregularity in the bowel movements makes you feel uncomfortable and leads to a constipated habit which is bad. Herbine is the remedy you need. It restores healthy regularity. Price 60c. Sold by your druggist.—Adv.

Illegal Transfer Of Booze, Crime

By Associated Press.

AUSTIN, Dec. 1.—The portion of the Texas prohibition law providing that the unlawful transportation of intoxicating liquors constitutes a felony was upheld by the court of criminal appeals today when the application of J. W. Gilmore of Collins county, who was charged with this offense for a writ of habeas corpus, was refused. The court held that it is within the power of the state to control the traffic in intoxicants.

NEGRO WOMAN SHOOTS AT HUSBAND; MISSES

County authorities Wednesday, after concluding an investigation in connection with the firing of two shots at her husband by a negro woman early in the afternoon in the servant's house in rear of 1806 Huff street, announced that no complaint would be filed against the woman as her action had been found to be fully justified.

According to the story told authorities by the woman, whose name was not taken, she returned to her house unexpectedly early Wednesday afternoon and found another woman there with her husband. She fired two shots at him, both of which missed their mark. The "other woman" was not molested. Nothing has been seen or heard of the unfaithful husband since the occurrence.

HEAVY LOADING OF CARS SAVES BUYERS MONEY

By Associated Press.

NEW YORK, Dec. 1.—Greater movement and heavier loading of freight cars since March 1, already has saved the American public three billion dollars, Julius Kruttschmitt, chairman of the executive committee of the Southern Pacific lines, declared today at a luncheon of the Merchants Association of New York.

He explained that a constructive saving of 750,000 cars by improved loading and movement over a corresponding period of 1919 had been made. The cars at present prices would have cost $2,500,000,000 to build and 6,000 miles of new track on which to stand them would have cost $200,000,000 while the interest and maintenance would amount to $1,220,000 a day, he said.

THE GENERAL SALES TAX.

Two intensely interesting lines of thought were suggested, and a very commendable viewpoint expressed at the recent meeting of nearly 100 of the leading and representative business men of Wichita Falls which unanimously endorsed the principle of a general sales tax to replace the present excess profits tax—an idea which is apparently growing with favor among business men not only in the southwest, but in the entire country as well.

These lines of thought and the point of view expressed—the latter interesting because absolutely opposed to the popular idea of the way the big business man looks on taxation—were brought out in the course of an address principally directed to an arraignment of the present excess profits tax law—the continuance or increase of which was declared by the principal speaker—Frank Kell—to threaten disaster to the commercial and industrial life of the country—"the things which made us great."

"The present situation, where a, man after undergoing the hazards of business, and making a profit, has most of it taken away from him by taxation, threatens to ruin the initiative of our business men, and to bring about business stagnation," he declared. "It can even go further than this," he said later on. "It can, through taxes on one year's profits of a hazardous business, which may easily return losses for the two succeeding years larger than the original profits, bring about taxation upon a loss, a condition which is unjust and ruinous to business and industry."

But to get back to the original subject—the two lines of thought suggested. We will take the last one first—one suggested by Judge R. E. Huff, following Mr. Kell's remarks. "Under the present system of excess profit taxes on business institutions, every business man adds in a certain amount to the cost of each article himself to take care of the tax. Each man is a law unto himself, and there is no unformity." And, Judge Huff pointed out, each business man tries to add "enough" to take care of these taxes, the amount of which, before the end of the year, he can only guess at. Following out this line of reasoning, we can see that as far as the consumer is concerned, he is even now paying a general sales tax, although he does not know it.

And, with each individual business man guessing at it—he pays more than he would with a uniform tax, whose amount would be fixed, and would be known not only to the business man, but to the consumer. So, a general sales tax would even seem to present an opportunity for lowering prices, whereas an increase in the excess profits tax schedule could result only in an increase.

The second of these two thoughts was suggested earlier, by Mr. Kell.

"We have a government which functions for 110 million people," he said. "Ten million pay the taxes (knowingly) which supports this government. Consequently we have 100 millions, enjoying the benefits of this government, without their paying for it.

Consequently they are to a considerable degree indifferent to it. The condition is not only an injustice to the 10 million, but it is detrimental to the government, just as I have seen it work out in some churches, where a few pay all the bills, with the result of indifference and lack of interest on the part of the larger number of the congregation. Where this condition is changed, and every person pays a proportionate share, no matter how few cents, toward the support of the church, we see a lively and beneficial interest in the church on the part of its entire membership."

Here Mr. Kell touched on a point which has frequently brought the criticism of foreign observers, studying our institutions—lack of interest on the part of most of the people in the problems and affairs of the national government. This indifference permits representatives in congress, as long as they look out for their home districts, to go pretty much as they please on most national problems.

Whether they work for the better or the worse is dependent almost entirely on the individual representative, and not on the interest or thought expended on national affairs by their constituents. The result is seen in inefficiency, waste, and a reckless way of treating the public money.

With a general sales tax, bringing home to each individual just the part he pays to maintain the government, rather than having it at present concealed in the cost of the article, there seems an excellent chance of quickening public interest in the national government, and attracting a much closer watch on the actions of representatives in congress, with a check to waste and an increase in efficiency of government.

And, lastly, for the "point of view."

It was expressed by Mr. Kell in response to a question by Fred Weeks, as to whether he thought the sur-tax on incomes would be kept, following the passage of a general sales tax, and whether he advocated this step.

"I think it will. The general sales tax would not raise sufficient money by itself.

And, while I don't believe in the principle which taxes the last dollar I make more than the first, while we are faced with the emergency requiring the raising of such immense amounts of money by taxation, those of us who make a little more money than others must make up our minds to paying more than the others."

Editorial Digest

POLISHING UP DIAMOND

Have baseball magnates selected a judge when they should have called in a coroner?

This question, propounded by the Richmond News Leader (Ind. Dem.) is answered in a more serious vein by the American press in general. In Kenesaw Mountain Landis, the Federal judge who jarred John D. Rockefeller with a thirty million dollar fine and sent Bill Heywood over the road, many writers see, in accord with the Minneapolis Tribune (Rep.) the "Moses who shall lead baseball to salvation." Some feel that it would be better to wipe the slate clean of the old organization rather than try to doctor it up by paying $50,000 for a name intended to secure the people's confidence.

The Chicago Tribune (Ind. Rep.) has some pointed remarks to make:

"Instead of trying to reorganize baseball why not try to bust it while it is feeble * * * why get Landis in to resurrect a game which could not stay straight when its turnstiles were clicking with ready money day after day and when half the populace was so loony as to have expert knowledge only in batting averages? * * * If the men who took their baseball on a bench were scattered on a million lots and were made to play the game themselves—a thing not one in a thousand could do—there might be some national advantage in it. There would be more advantage if the populace were made to skip ropes and be barred out from baseball parks."

This and other convincing arguments against the "circus" players is offered by the Tribune, which, however, carefully caps its case with the following: "We're off baseball. We swear never to go to another game—'till the Cubs or the Sox open in the spring next year."

For the most part, writers are seriously concerned over the status of the greatest of American sports, among them the Houston Chronicle (Ind.) and look to the Chicago Judge to clean matters up and re-establish public confidence. The latter says:

"Amusement plays a tremendous part in any nations political and social life. It exercises a profound influence over the moral code, which, of course, is the foundation of the legal code. Our standards of honor and ethical connections are moulded measureably by the games we play * * * Judge Landis has renedered some remarkable services on the Federal bench, nothing he has done can prove such lasting and widespread benefit as can the maintenance of cleanliness and a high standard in baseball."

The presence of the judge as the head "is guaranty to the baseball fraternity of the United States of a revival of wholesome, upright playing," is the opinion of the New London (Conn.) Day (Rep.); the Norfolk Ledger Dispatch (Ind. Dem.) declares that "the Reds of baseball and the malefactors of great wealth among the magnates had best beware of Judge Landis." Looking at the whole baseball scandal from the standpoint of its effect on the youth, the Port Huron (Mich.) Times-Herald (Ind.) rejoices over the selection of the right man to do the reforming, and quotes the judge's statement when he consented; 'we've got to keep baseball on a high standard,' he said, 'for the sake of the youngsters. That's why I took the job. Because I want to help'." The Albany Times-Union (Ind.) takes the same view but feels that now the "dark spots" on the record of the game will be removed and "it will regain its place as our sport from the cradle to the grave."

All, however, are not so certain that Landis can do everything that can and must be done before professional baseball has a right to expect public support. The Pittsburgh Times (Rep.) is one of those who feel that the judge ought to give baseball his whole time, instead of attempting to hold his place on the bench as well. But the Des Moines Capital (Rep.) takes the opposite view: "We know Judge Landis can do both jobs with absolute justice" it says. The Pittsburg Chronicle-Telegraph (Rep.) looks at the question from the ethical standpoint asking "whether a man holding such a judicial position should accept compensation from an outside scource and especially at a salary six times as large as that he receives for services on the bench." The Pittsburgh (Prog. Rep.) makes another suggestion:

"If the selection of Judge Landis is the club owner's pledge to the public that a new program is to be introduced, well and good. If Judge Landis has been chosen in the desperate hope that he will throw a mantle of respectability over the policies which have weakened the loyalty of the public which has made baseball, it will not be well and good. The presence of Judge Landis as chairman of the new controlling commission, strong as it is, will not be enough to permit club owners to indulge in old-fashioned baseball politics."

The Fort Wayne News and Sentinel (Rep.) takes for granted that "since his baseball duties are not especially onerous" that the magnates are buying the judge's name "to remove the tarnish" from the game. The San Antonio Express (Ind. Dem.) calls the name "an advertising asset" which has been secured in order to recapture "public confidence in their methods." It is because these methods have become so openly commercial, (regardless of the scandal itself) that the people have grown disgusted and "the great American game rests under a cloud today for no other reason," asserts the Newark News (Ind.) than that the important fact that "baseball exists for the fan, not for the managers, the players or the club owners," was lost sight of. Until recent years, the Memphis Commercial Appeal (Dem.) points out, baseball was "one of the few popular sports where so-called professionalism has gone hand in hand with popularity." Now a "civilian commission" is the only solution if public support is to be won back for "the people make baseball possible and baseball should be made possible for the people."

Without an occasional upheaval such as the present one, the New York Evening Post (Ind.) believes that the game has a tendency "to degenerate into a mere scramble for money" and the moment "it becomes that, it will cease to pay." This thought finds an echo in the Birmingham Age Herald (Dem.) which, while admitting that "baseball is business," adds that it "can only remain a successful business if it keeps faith with its millions of patrons throughout the country." The Daily Oklahoman (Dem.) feels that the "few gambling crooks would never break up league baseball" but it is glad the judge has come forward, for the "few" crooks will disappear under his control and "fair dealing and clean sport" will be assured once more.

THE SOVIET MONEYLESS DECREE STRIKES A RESPONSIVE CHORD

Final Report on Casualties Lists 34,249 as Slain

WASHINGTON, Dec. 1.—Final figures on army casualties in the world war are contained in the annual report of Surgeon General Ireland, made public today and showing 34,249 killed and 224,089 wounded.

The proportion of killed to wounded is about the same as in the civil war, although mortality from gun shot wounds in the world war was only 8.26 percent as compared with 13.6 percent in the civil war. The report said this indicated improved surgical and sanitary methods had saved the lives of 5.34 percent of all American soldiers wounded.

Of every 1,000 men sent to France, 116 were admitted to hospitals as the result of battle casualties, the report says, and nearly seven out of every 1,000 died from wounds. Infantry losses were heaviest, 215.6 out of every 1,000 men of that arm being wounded and 12.77 killed. The signal corps was next with 52.22 wounded and 3.03 killed per thousand.

Deaths from wounds totalled 13,693 or slightly more than six percent while 158,585 wounded or 70.7 percent were returned to duty, the remainder being invalided home for treatment or discharge. Shell wounds were by far the most deadly, the report said, adding that no American soldier lost both arms and both legs or both legs or both arms and one other extremity. Eleven lost both legs at the thigh; one both legs at the knee; nine both legs below the knee; one both feet and three one arm above the elbow with one leg at the thigh.

More than 4,400 soldiers lost a part of one or more extremities, 66 lost the sight of both eyes; 44 lost the partial sight of both eyes and 644 lost one eye or the sight of one eye.

Explosion Kills Two in Illinois

By Associated Press.
MOUNT VERNON, Ills., Dec. 1.—Two men were killed in a premature explosion, while blasting trees to clear a right-of-way for a state road near here today. They were Eugene Sprinkle of Galesburg and Andrew Lovett, a negro, of St. Louis.

Only two suits to the customer—but you can buy them both for the price of one Friday morning, Dec. 3, at W. B. McClurkan & Co.—Adv.

Bill Hart Given Judgment Against Ince for $87,779

By Associated Press.
LOS ANGELES, Calif., Dec. 1.—William S. Hart, moving picture actor, was granted judgment for $87,779.73 against Thomas H. Ince, film producer, in a decision handed down today by Judge L. R. Works. Hart brought suit for profits he alleged were his under a contract made in June 1917.

His attorney said the judgment meant that his client would obtain "accruing profits estimated at $750,000."

RESUME NEGOTIATIONS

By Associated Press.
WASHINGTON, Dec. 1.—The joint scale committee and anthracite miners and operators meeting here today agreed to resume wage negotiations in Philadelphia next Monday.

Coal Fields in Virginia Quiet Under Military

By Associated Press.
WILLIAMSON, W. Va., Dec. 1.—Quiet was reported in the military reports in Mingo county today.

Deputy Sheriff William Frances, who was shot yesterday, died during the night. Everett Dotson, another deputy sheriff, shot in the same fight was reported to be in a critical condition. Several persons arrested in the house from which the authorities alleged the shots were fired, were being held.

LABOR LEADER KILLED

By Associated Press.
MADRID, Spain, Dec. 1.—Frances Layret, former deputy and trades union leader of Barcelona was attacked and shot dead last evening, says a dispatch from Barcelona today.

South Electra Field Continues To Furnish Features of Week's Best Completions in Drilling

South Electra continues to furnish developments of feature importance, the week's best completion being furnished by the Bryan Oil corporation's No. 5 Burnett, which was reported Wednesday evening at the local office of the corporation as flowing at the rate of 200 barrels a day. The well was drilled three and a half feet into the sand at 1,425 feet Wednesday, it was stated, when the flow started.

The Bryan Oil corporation has just recently completed another well from the 960-foot sand, a 40-barrell well. These new producers are on a hundred-acre lease in the South Electra district which the corporation purchased from the Emerich Oil company several weeks ago. The tract had several wells drilled when it was purchased, the Emerich company having started developments.

This Bryan lease is in the vicinity of the Gladiolus Oil company's 80-acre lease, on which several unusually good wells have been completed recently. There are eight producers on the Gladiolus lease, with a total daily production of more than 500 barrels, it is reported. Some of the recent completions here have been in excess of 300 barrels flush production.

Another completion is reported from the 1,400-foot sand at Electra, the No. 1 Burnett & Lloyd of Godard et al., making 50 barrels.

The Gulf Pipeline company will add a barrel or so a day to its income as royalty from the second well of the Hallo Oil company on the Electra tank farm. This is a 15-barrel well, from the 800-foot sand. The Texas-Virginia Oil company's No. 2 Burnett is another new well, 10 barrels, at 950-foot sand.

New Cline Well.

The Cline well, in the new 1,300-foot sand on the Mattie Parker, is being rigged up to pump today. Officials of the company returning from the field Wednesday afternoon confirmed the early estimate of production of between 50 and 100 barrels. Tubing was started in the hole Wednesday afternoon, and the well should be on the pump and given a test within the next 24 or 36 hours, it is understood. Eight feet of sand was drilled.

This is the second well in the new pool opened up by the Temple & White and Tillicum Oil association's well, brought in early in October. The discovery well is reported to have made a record of better than 150 barrels in the pipeline's average for October, in addition to supplying crude for fuel to a number of nearby drilling rigs. Its flush production was better than 200 barrels, and it is reported to have held up remarkably close to the October production average during the month of November. The record of the first well makes the new sand appear of considerable importance and the Cline well is also being closely watched. The Cline company will have its second well completed in a short time, it being ready for drilling in with a Star now. Casing was set on both the wells at practically the same time.

Clara Pool Completions.

A 40-barrel well for the Forty Nine Oil company and a 20-barrel well for the McBam Oil company constitute the completions reported for the Clara district this past week. The Forty Nine completion is the first well for the company, on a 40-acre lease, to the north of the McCallister & Brown Ramming lease. This well is the present north limit of production. The production is coming from 30 feet of sand, from 1,761 to 1,791. The sand was shot to complete.

The McBam Oil company's No. 6 F. W. Prechel is two and a half miles west of Clara, and is the farthest west of any producer in the Clara pool. The oil sand here is from the usual depth in the Clara pool.

A temporary abandonment is reported, the No. 4 Ramming of McCallister & Brown, which was originally an 80-barrel producer, before a heavy shot was given. The 80-quart shot damaged the hole, letting the water in to such an extent that it is being abandoned for the present, according to reports.

Aldine Important Completion.

According to reports from the No. 1. C. Birk of the Aldine Oil corporation, this well will make about a hundred barrels on the pump, having swabbed at the rate of 100 barrels daily while the pump was being rigged up. This well is slightly to the northeast of the Arkansas-Texas well on the C. Birk, which attracted attention several weeks ago, when it picked up what appears to be the Clara sand some distance from any production. The sand is slightly below 1,800 feet.

Evangeline Hundred-Barrel Well.

The Evangeline Oil company is reported to have a hundred-barrel well on their lease in the Tidwell subdivision, their No. 4 Michna.

The Waggoner pool has two small wells reported from the Taylor, the State Oil and Gas company No. 1 and the Texas Amalgamated Oil company's No. 1, 25 barrels each.

Texhoma Pool Wells.

The Texhoma pool has only a couple of completions reported, the Hobbs Oil company No. 21 Daniel, 100 barrels, and the Aggers Oil company No. 6 Daniel, 75 barrels. Both of these are from the 1,300-foot sand.

TAKES OATH OF OFFICE AS TENTH CHIEF EXECUTIVE OF REVOLUTION TORN MEXICO

COMMITTEE ON APPROPRIATIONS TO BE CHANGED

By Associated Press

WASHINGTON, Dec. 1.—Republican leaders in the house are preparing a complete reorganization of the committee on appropriations in conformity with the resolution adopted last session increasing its membership to 35 and placing all appropriation measures in its hands. The 14 additional members will be selected by the committee called to meet Friday.

Representative Mondell, Wyoming, majority floor leader; Representative Mann, Illinois, chairman of the committee on committee; Representative Madden, Illinois, a member of the republican steering committee, and Representative Butler, Pennsylvania, chairman of the naval affairs committee, conferred today in connection with the matter. Later Mondell said that, in his opinion, the house probably would not have consolidated all appropriations under one committee had it known that President Wilson was going to veto the executive budget measure, to which this step was supplemental without the budget.

He said he believed it would take longer to act on the applications for appropriations through one committee than if the old system was still in vogue. Mondell added, however, that he favored carrying out the intent of the house resolution.

The republican floor leader thought very little could be done at this short session outside of passing the appropriations measures, although he added that no one could say at this time what the legislative program would be.

The republican caucus rule, leaders said, prevented membership on more than one of the primary committees. In making up the additional membership for the appropriations committee, it was added, they would have to decide the relative rank of the members. The seven committees which formerly made up appropriations are all primary committees and if any of their members are given places on the appropriations committee they will have to resign from membership on the other committees.

Representative Fordney, Michigan, chairman of the house way and means committee, is expected Saturday, when decision will be reached whether to hold hearings this winter on revenue legislation to be taken up by the new congress. Representative Mondell thought that would be done.

Two amplifying chambers, instead of the usual one, feature a new phonograph for rooms where a large volume of sound is desired.

Two Acts Share Honors of Week In Wichita Bill

The vaudeville at the Wichita theater Wednesday night was an event which will probably be gratefully remembered by the many theatrical enthusiasts in attendance. The leading numbers on the program were a rare bit of humor by Edith Clifford, a technically correct and picturesque act of classical dancing and a couple of soft shoe artists.

For those who enjoy and are able to appraciate Greek dancing, it would be safe to say that Vlasta Maslova, Edmund Makalif and company in "The Shepherd's Dream" were the best on the program. The act opens with a mystic background of midnight sky and tall trees, while a lone shepherd sleeps on the hillside. In his sleep he dreams of beautiful maidens (or so we infer), who appear in Greek costume and play about the shepherd who wakes and joins in the dance of frolic.

The dancing is technically good, very beautiful and one might almost say, the personification of grace, especially on the part of the shepherd and his one dream girl. Theirs is the art of interpreting and expressing through their dancing the heartaches, the spirit and love and romance of a shepherd's life.

Appearing in a becoming blue tailored frock with a wee bit of Killarney in her smile, was Edith Clifford, the comedienne, with Roy Ingraham at the piano. Miss Clifford was "brim full" of good old Irish wit and humor. She held her audience with the ease which becomes all true humorists. She was very natural and pleasant. In fact her act was billed under the head of "Pleasing to the Eye and Ear," which was thoroughly appropriate.

The applause of the audience left no doubt as to whether her humor was clever or not. She was brought back by a storm of applause the third time and finally after apologizing for her simple and becoming frock by saying that her trunk was lost somewhere in America, she escaped by telling in a genuine manner that it was said that actors and actresses seldom ate, but lived on their applause. She ended: "I thank you for the lunch."

"A Change in Dancing," by Henry and Adelaire, which title was obviously correct, was most amusing as the act included a soft shoe dance wherein the dancer changes his entire costume without losing a step. It was truly a creditable expression of the dance made famous by the late George Primrose.

A comedy sketch of "Past, Present and Future," presented by Roth and Garren, was a somewhat clever if perhaps overdrawn act, portraying the differences in man and woman since the cave man age up to 100 years hence. Father Time stands at the side in a green light and delivers a prologue as the curtain rises first on the cave man and his mate, and then on the married couple of today and eventually on the married folks 100 years from now.

Delmar and Kolb in "One Summers Day," which was the initial act, was the weakest on the entire bill, lacking the new features which the theatergoer demands. The act, however, was creditable in costume and efficiency and would have been very good had it not been with four others that were so new. The acrobats were not bad and the young lady was very pleasant to look upon.

A radio telephone station will be established at Yokohama for exchange of messages with ships in the harbor and within 25 miles.

For motor truck owners a cran mounted on casters has been in cented for removing and replacing the wheels of the heavy vehicles.

India now leads the world in the number of acres of land under irrigation, having about three times as many as the United States.

CARLOAD OF TANLAC ORDERED FOR BUFFALO

Now Conservatively Estimated That Texas Will Require Over 40,000 Bottles for December and January Business Alone.

BROKE ALL RECORDS SAY BIG DRUG FIRMS

Wonderful Success Preparation Has Achieved Here Has Far Exceeded All Expectations.

Announcement has just been made by the Maxwell-Clark company of Fort Worth, the well-known wholesale druggists, that they have just ordered a solid carload of Tanlac, containing 8,000 bottles, to supply the large and rapidly growing demand for this well-known medicine in Wichita Falls and surrounding territory.

The fact that approximately 310,032 bottles of Tanlac have been sold and distributed by this firm since its introduction in this state a little less than four years ago, is a business item that will, no doubt, attract attention and be read with widespread interest.

As a matter of fact, Tanlac has already become the sensation of the drug trade in the United States and Canada. In the entire history of the drug trade in this country no other medicine has ever made a record worthy of comparison with the truly phenomenal sales record made by Tanlac.

The greatest drug firms of the country have voluntarily come forward and stated in cold, plain figures the record-breaking sales everywhere. The enormous popularity of Tanlac is the one great outstanding proof of its merit. No remedy of less than superlative quality could possibly attain such a huge sales record nor gain, as has Tanlac, the unqualified endorsements of thousands of well-known men and women who stand for the best in their communities.

The greatest test of any medicine is the "repeat" sales it enjoys. Tanlac's phenomenal record has been possible because of the fact that men and women who buy one bottle invariably return for the second. Tanlac accomplishes actual results and so, almost at once, wins the firm faith of its takers.

In just a little over five years' time approximately 16,000,000 bottles of Tanlas have been sold, an average of almost one bottle for every family in America. This record eclipses any achievement of the past in the field of medicine, and it becomes all the more remarkable when it is realized that Tanlac is sold only through duly authorized agents.

A further proof of the extreme popularity of Tanlac is the fact that it has now become necessary to have it shipped here in original carload lots and it is conservatively estimated that this market will require approximately 40,000 bottles for December and January business alone.

Tanlac is sold by all druggists.—Adv.

BIG DALLAS FIRM IS BUYING BY CARLOAD

Greiner-Kelley Drug Co. Say Tanlac Is Undisputed Leader Among Proprietary Medicines.

The following letter has just been received from Greiner-Kelley Drug Co., of Dallas, one of the largest and best-known drug houses in America, which gives ample evidence of the rapidly growing and widespread popularity of Tanlac:

Tanlac Company,
Fourth National Bank Bldg.,
Atlanta, Ga.

Tanlac continues to hold the rank of undisputed leader in this territory, and the increasing sales after Tanlac has been the sensation of our trade for nearly four years is most phenomenal. Undoubtedly, it is giving entire satisfaction everywhere, and it is something that has come to stay. We say this because our best trade is in the districts where it has been in use the longest.

In the short period of three and a half years we have given you orders for 385,176 bottles, thus breaking all records for this city.

Very truly yours,
Greiner-Kelley Drug Co.

FOOTBALL NEWS BASEBALL DOPE — BOXING RESULTS AND TURF NEWS — TRAPSHOOTING GOLF, TENNIS

WILLARD SIGNS JACK-BRENNAN BOUT WINNER

NEW YORK, Dec. 1.—Tex Rickard nounced today he had received contacts signed by Jess Willard, former orld's heavyweight champion, Jack empsey, present titleholder, and Bill rennan for a championship bout on arch 17, 1921 between Willard and e winner of the Dempsey-Brennan ght here on December 14.

Reports to this effect had been cirlated for some time, but official announcement of contracts having been gned have not been made until to-y.

Rickard said the fight will be staged Madison Square Garden unless the ate boxing commission should prent it. The size of the purse was not ade public.

51 TAXPAYERS PAY $4000 TO CITY TREASURY

Fifty-one taxpayers Wednesday nswered the city's S. O. S. call for mediate payment of taxes in order relieve the financial stringency ith which the municipal exchequer faced. The taxes for the year, more an $450,000 worth, will have to be aid by January 1 and the city's overrafts on local banks for $300,000 will e taken up. But in the meanwhile he city needs cash. So it is asking hrough The Record News and in the ame of public spirit that citizens pay p now.

Make it a Christmas gift and pay before Christmas eve, is the idea in pite of the fact that they don't absolutely have to be turned in before anuary 31 at midnight.

Mayor Cline was one of the first itizens to pay up Wednesday. The ity took in about $4,000 in taxes Wednesday. All who have paid by he night before Christmas eve will ave a chance to guess at the amount f money in a jar to be placed in the ity tax assessor's office. The winner ill get a good purse.

Many taxpayers do not pay more han $50 to $100 in taxes. It is probble that the prize winning guesser ill get his taxes back in the prize oney.

Those who paid taxes Wednesday re Mayor W. D. Cline, J. P. Foty, A. T. Holt, B. M. Freeman, G. R. Dicker, B. B. Ross, C. R. Hibbs, Mrs. Effie Flint, M. F. Zumwalt, Chris Bumgartner, J. S. McKenzie, Noble Gray, S. L. Frught, W. C. Heath, Herbert Ferguson, H. W. Kissel, G. C. Jenson, P. E. Hunter, H. E. Bradley, C. W. Boller, R. L. Gaither, J. R. Aldridge, A. L. Warren, W. L. Lawler, A. W. Cline, Mrs. Nettie Tibbetts, J. R. Moore, John F. Trevis, Edw. Pieterman, T. W. Williams, E. T. Hancock, Mrs. Dixie Mathis, Ralph P. Mathis, R. H. Ball, Chas. F. Scott, Fred Couper, John F. Abbott, A. N. Helsby, Myrtle Northup, Lee Crain, G. O. Howery, J. A. Anderson, W. T. Allen, J. N. Protho, J. C. Hayes, A. R. Booth, Sanitary Meat Market, J. A. McFall, N. B. Chenault and R. H. Bush.

The Record News will print the name of taxpayers daily from now until the Christmas contest closes.

KLEINMAN IS MEMBER OF CHAMBER COUNCIL

Charleston A. Kleinman, member of the firm of Lyons and Kleinman, lease brokers and oil operators, has been elected a member of the business council, Chamber of Commerce, to represent the lease operators in that organization, it was announced Wednesday.

Mr. Kleinman has been a resident of Wichita Falls for the past two years, and he and his firm are well known among local oil operators. Mr. Kleinman is also an active member of the newly organized Wichita Falls Golf Club.

In Los Angeles, his former home, where he practiced law, Mr. Kleinman took an active part in the affairs of the Chamber of Commerce, Ad Club, Press Club and Elks Club, as well as taking a lively interest in local politics—he having been the runner-up in a field of six in a campaign for state senator from his district.

Although Asia has many high mountain ranges, it has fewer large waterfalls than any other continent.

An Iowa inventor's table knife and fork are mounted on a handle like a pocket knife and fold into it.

MISS LORENA TRICKEY.

The title of champion horsewoman of the world has been bestowed upon Miss Lorena Trickey. She recently arrived in New York to receive the McAlpin trophy emblematic of the championship. She won the honor by excelling all competitors last summer of Cheyenne, Wyo. She proved herself a wonder at bronsho-busting, trick riding, relay riding, standing riding on two or more horses and other stunts equally as difficult. In the relay race the girl entrants had to dismount at the end of every half mile and unsaddle and resaddle their mount.

The trophy bears the state of Wyoming in silver relief and Cheyenne is indicated by a diamond. A similar trophy is to be competed for each year at the annual Cheyenne roundup.

Toledo Asks for Carpentier-Jack Championship Go

TOLEDO, Ohio, Dec. 1.—Negotiations were opened between Jack Kearns, manager of Jack Dempsey, world's champion heavyweight pugilist, and Ad Thacher, Toledo promoter today with a view of staging the proposed Dempsey-Carpentier match in Toledo, Thacher received a telegram from Kearns in New York city asking the promoter to "look over the ground here and report to him by telephone."

According to Kearns, it does not look probable that the bout can be staged in New York and that there does not seem to be a logical location elsewhere at present. Thacher was Tex Rickard's assistant in promoting the Willard-Dempsey bout here a year ago last July 4 when Dempsey won his title.

Thacher said today that he would go before the commission for a permit for a decision bout if he can make "a satisfactory deal with Kearns."

Sox to Rebuild At Waxahachie

By Associated Press.

CHICAGO, Dec. 1.—The Chicago American league baseball club will endeavor to build up its team, torn to pieces by the loss of seven stars through the baseball scandal, at Waxahachie, Texas, that town having been announced today by Secretary Harry Grabiner as the training camp for 1921.

Manager William Gleason will leave for the training camp the first week in March and will take about 40 men with him, two-thirds of them being recruits purchased at the end of last season or during the winter. The spring training trip has been lengthened so that Gleason will have a longer period in which to rebuild the club.

Spudders Offer Berth to Bluhm

OIL CITY, Pa., Dec. 1.—"Red" Bluhm, first sacker of last year's Oil City team, has received an offer to play with the Wichita Falls club of the Texas League, it was learned here today.

HORNSBY TO GO INTO BUSINESS

ST. LOUIS, Dec. 1.—Roger Hornsby, Cardinal second baseman, expects to go in business here, according to a telegram to the St. Louis Chamber of Commerce received from him last night. He did not state the nature of the proposed venture. Hornsby will take up his residence here this month, the telegram said.

Holland expects to produce 300,000 tons of raw beet sugar this year, a record amount.

FROM THE JUDGE'S STAND

BY JACK KEENE

Willie Hoppe, the world's professional champion balk line billiard player, has posted a forfeit of $1,000 to bind a handicap match of 2,000 points to 1,600 points with Edouard Horemans of Belgium.

Hoppe stated that if Horemans covers the forfeit he will agree to play the Belgian at any time convenient to the visitor, to whom he will concede a handicap of 400 points in 2,000.

It is understood that Horemans came to this country to play Hoppe for the championship. No title can change hands in a handicap match.

A story is going the rounds about how heavily Walter Maranville and Dick Rudolph were fined for jumping the Boston Braves before the close of the season, in order to get some extra money barnstorming. According to pretty straight dope, however, they not only were not fined, but they drew their pay to the end of the season, in spite of the fact that they quit before the season ended. And some of the other players don't like the club's leniency a bit, for they, too, had chances to make big money in exhibition games, but turned offers down to fulfill their contracts with the Boston club.

But Whitman, Boston baseball critic, thinks that Harry Frazee's willingness to let Ed Barrow leave the Red Sox is pretty good evidence that Frazee plans soon to sell his interest in the Boston club. He thinks, too, that the appointment of Hugh Duffy as manager is further evidence and there is an intimation that Duffy's appointment was engineered by the interests who soon expect to take over Frazee's part in the club.

Armos Laitinen, the ponderous Finnish wrestler who made his first appearance in this country at New York recently, is in quest of bigger game than that which he encountered in his debut. He has posted a check for $1,000 with John Fleeson, long prominent in wrestling, to bind a match between him and Joe Stecher. Failing to induce Stecher to meet him at this time he is willing to try conclusions with Strangler Lewis, Stanislaus Zbyszko, Wladek Zbyszko or Earl Caddock. Laitinen, who was a detective in Helsingfors before he became a grappler, defeated Alex Aberg and comes to these shores well recommended by those who saw him in action in Europe.

Frank Moran and Joe Beckett will furnish the next international boxing contest of any importance. They are to battle in Royal Albert Hall, London, on December 10. If England's heavyweight champion should defeat the Pittsburg blond, Beckett will come to New York for a match with Jack Dempsey. Both Ted Lewis and his manager, Charley Harvey, who will look after Beckett's interests if he comes here, declare that the burly Englishman really is a good fighter despite his quick defeat at the hands of Carpentier. Moran is not worrying, however. He writes that he is in fine condition to make short work of Beckett and that he will be the man to face Dempsey.

President McCarthy of the Pacific Coast League, and President Strubb of the San Francisco club, declare that in Johnny Mitchell the Yankees have obtained a shortstop who is better than Hollocher and Bancroft were when they were on the coast. Mitchell is a natural .300 hitter. If he can hit within thirty points of that figure against major league pitching he will be a valuable acquisition for the Yanks.

Willard Asserts He Is in Shape

LAWRENCE, Kan., Dec. 1.—After listening to dispatches from New York today stating he had signed a contract to meet the winner of the forthcoming Dempsey-Brennan fight, Jess Willard, former world's heavyweight champion, stated his signature had been in the hands of Tex Rickard, promoter, for some time, but this had not been announced pending receipt of the signatures of the other parties.

When asked about his condition, Willard said:

"I am feeling fine; am in good condition, and expect to give my opponent a run for his money, whether he be Dempsey or Brennan. I have been doing a little light training lately with Jack Hemple of Casper, Wyo., who has been with me several years."

For carrying long poles or steel beams a motor truck has been invented with side brackets that can be extended to a length of 60 feet.

A process has been discovered by an Australian for making leather from rabbit skins and recovering the fur as a byproduct for use in felt.

Thoroughly clean ivory can be brilliantly polished with powdered magnesia.

Chicago Cubs Buy Sixteenth Hurler

CHICAGO, Dec. 1.— A pitcher, James Coble, of an independent baseball team in Charleston, Ill., today was added to the staff of the Chicago National League Club when Manager Evers signed him to a contract for 1921, making a total of sixteen pitchers on the Cubs' staff for the season.

An endeavor is being made to sign up George Gipp, the pneumonia-stricken Notre Dame athlete. Gipp is center fielder of the university team, besides being one of the most prominent gridiron players of the west.

Admits Part In Murder of Henry Pierce

By Associated Press.

PHILADELPHIA, Dec. 1.—Peter D. Treadway, under arrest here in connection with the murder of Henry T. Peirce, confessed tonight, according to the police, that he took an active part in the slaying of Peirce.

He also absolved Marie Phillips and J. A. Moss of any connection with the killing.

Flying Fields In Philippines Named for Dead

WASHINGTON, Dec. 1.—Naming of two aviation fields in the Philippine islands in honor of American aviators who lost their lives in accidents was announced today by the air service.

The field at Pampango will be known as Clark field in honor of Maj. Harold M. Clark, killed in the Panama canal zone in 1919, while the station at Fort Mills, Corregido island, has been designated as Kindley field in memory of Capt. Field Kindley, killed at San Antonio, Tex., last February.

Naupome and De Oro Tied

CHICAGO, Dec. 1.—De Oro of New York gained a tie for second place in the national three-cushion billiard championship tournament today by defeating Maupome of Milwaukee 50 to 29 in 59 innings. De Oro's high run was five.

De Oro now shares second place with Johnny Layton, each having won seven and lost two games. Clarence Jackson of Kansas City leads the tournament with seven victories and but one defeat.

Local Boys Star In Kemper's Fast Gridiron Eleven

John Tancred, son of Mr. and Mrs. John Tancred, 1717 Elizabeth street, and Earl Shappel, son of Mr. and Mrs. Thomas Shappel, 1008 Eighth street, have been playing great football the past season for Kemper at Boonville, Mo. They are both Wichita Falls boys and are playing their first year on Kemper team.

Tancred, who plays tackle, has starred consistently this season. He has been a great factor on both defense and offense and, due to his work, his opponents of Kemper found it was useless to try and puncture the line on the side that he held down. He has been recommended for a position on the all conference eleven.

Shappel's playing at right half and full back has been greatly praised by Missouri Valley critics.

Kemper has played nine games without a defeat and has run over such teams as Camp Pike to the tune of 24 to 7; Chilocothe and Wenthworth. They held the strong Osteopath team to a 0-0 tie. The Osteopaths showed against Texas Christian university, which defeated the Southwestern Conference eleven this year.

Only two suits to the customer—but you can buy them both for the price of one Friday morning, Dec. 3, at W. B. McClurkan & Co.—Adv.

Hi Announces Pigskin Lineup In Game Friday

High school Tuesday announced its line-up for the game with the postoffice eleven Friday afternoon on the Junior High grounds, Thirteenth and Broad streets. Little changes are made. Benson will open at quarter. The game will be called at 4 p. m.

The school authorities have been promised a cordon of policemen to keep the crowds back off the grounds during the play. In the last game considerable interference resulted from too eager spectators.

The line-up for Friday's game follows: Keevil, l. e.; Morris, l. t.; Walker, l. g.; Haney, c.; Harper, r. g.; Cook, r. t.; Jordan, r. e.; Benson, q. b.; Moore, l. h.; C. Chewning, r. h.; Wilson (captain), f. b.

Substitutes are G. Kenley, R. Kenley, Beaty, Kizziar and A. Chewning.

DUCK HUNTERS BACK FROM TRIP TO SOUTH

Britt Cranfill, Newton, Maer, C. E. Rogers and Joe Mayfield, local oil operators, returned Wednesday from a hunting trip in south Texas. Duck hunting on Medina lake, near San Antonio, and at Port Lavaca featured the week trip.

The biggest men's and boys' clothing event of the season commences Friday morning, Dec. 3, at W. B. McClurkan & Co.—Adv.

"They WORK while you sleep"

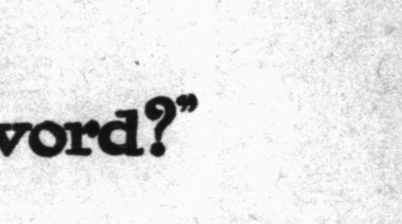

Cascarets

Don't stay bilious or constipated, with your head dull, your stomach sour, gassy, upset. Take one or two Cascarets tonight sure for your liver and bowels and wake up clear and fit. Children love Cascarets too. No griping—no inconvenience. 10 25, 50 cents.

"Ouija! What's the good word?"

MY YOUNG sister,
HAS A Ouija board,
AND SHE believes it,
AND TALKS to Noah.
AND I think she talks,
TO HER best fellow,
WHO'S DEAD but doesn't know it,
AND I used to give her,
THE LOUD, rude laugh,
BUT I'M sorry now,
BECAUSE LAST night,
I WAS home alone,
SO I got the board,
AND PUT in a call,
FOR JOHN Barleycorn,
AND OTHER departed spirits,
BUT THE line was busy,
FOR NOTHING happened,
THEN I cheated a little,
AND IT spelled this,
"GRAMMASHOTTA SEVEN."
SO I shut off quick,
TO HEAD off any,
FURTHER FAMILY scandal,
THEN I stopped to smok
A CIGARETTE,
AND AFTER a while,
I CRANKED up weejee,
AND ALL of a sudden,
IT STARTED off,
AND QUICK as a flash,
IT SAID something,
"THEY SATISFY."

In packages of 20 protected by special moisture-proof wrapper. Also in round AIR-TIGHT tins of 50.

"SATISFY!"—*that's* the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic Tobaccos when they blend them in that can't-be-copied Chesterfield way. You'll say "they satisfy."

They Satisfy Chesterfield CIGARETTES

Liggett & Myers Tobacco Co.

The future of Lovera Cigars rests upon the complete and continuing satisfaction of individual smokers.

SHIPPING BOARD WILL AID WALSH COMMITTEE QUIZ

By Associated Press.

WASHINGTON, Dec. 1.—At the first meeting of the new shipping board today, Chairman Benson told the seven commissioners that so far as he had been able to determine, defects in the board noted during the investigations of the Walsh committee had either been corrected or remedial steps taken prior to the actual meeting of the committee.

"The board unanimously expressed the feeling," Chairman Benson said later, "that every effort should be made to assist the Walsh committee in its work and to co-operate with it in every possible way in carrying out its investigation and that every effort would be made to obtain further evidence and to prosecute all guilty parties as soon as such evidence was obtained, regardless of whether it was in the organization or outside."

Investigation Is Halted

NEW YORK, Dec. 1.—The Walsh congressional committee, investigating affairs of the United States shipping board terminated here today a three weeks' open session. The committee will resume its work after the re-convening of congress, sitting for a time in Washington before returning to New York.

Among witnesses testifying today were John Cranor, former representative of the Downey Shipbuilding Corporation at Washington, and Lester Sisler, former secretary to the shipping board, who were named by Tucker K. Sands in his testimony as sharing in an alleged fee of $40,000 which sands said was paid to obtain a shipping board contract. Both witnesses denied the charges, and asserted they were unable to say what motive inspired Sands to make them. William Denman, first executive of the fleet corporation, also testified that there had never been a "controversy" over the wooden ship program between him and Major General Goethals, associated with him in organization of the corporation.

During the sessions here, subpoenaed and volunteer witnesses testified to numerous alleged instances of mismanagement and lack of accounting and checking which were said to have resulted in losses to the government of millions of dollars.

MRS. JULIA CATES' BODY SENT HOME

Special to The Record News.

BURKBURNETT, Texas, Dec. 1.—The remains of Mrs. Julia Cates, wife of R. E. Cates of this city, were sent to Rhome, Texas for burial following her death from pneumonia at her home here. She was 31 years old and was the daughter of N. Rives. She is survived by her husband and a family of children.

BURKBURNETT BIRTHS

Born to Mr. and Mrs. John Mader, a daughter.

Born to Mr. and Mrs. Gilbert Lewis McDonald, a little girl who will be named Ida Frances McDonald.

Born to Mr. and Mrs. Aaron G. Braswell on Sunday, a daughter, Inez Loverne Braswell.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

ARMENIA WANTS GEN. WOOD FOR ADMINISTRATOR

By Associated Press.

NEW YORK, Dec. 1.—Armenia desires the services of Major General Leonard as administrator of a $20,000,000 fund which it is proposed to raise for the aid of that country, according to a cablegram received here tonight by the Near East Relief from Dr. Aharonian representative of the Armenian republic attending the League of Nations sessions at Geneva.

It previously had been reported from Geneva that General Wood had been mentioned as a possible selection by the League of Nations Armenian committee to lead a proposed Armenia campaign against Mustapha Kemal Pasha, Turkish nationalist leader.

Dr. Aharonian's cablegram said that if such a fund could be provided "to save Armenia from its present peril and to establish a national existence." The Armenian delegation suggested that it should be administered "preferably by an American of high reputation, such as General Leonard Wood."

Charles F. Vickery, secretary of the Near East Relief, said that so far as known, nothing definite had been done to carry out Dr. Aharonian's suggestion.

Morning Train From Childress To Be Put On

A promise of the rearrangement of the present schedule on the Fort Worth and Denver which will distribute the trains between Childress and Wichita Falls throughout the day, and will allow shopping hours in Wichita Falls, has been secured from Denver officials, according to J. W. Chatham, Jr., traffic manager for the Chamber of Commerce, who returned Wednesday afternoon from a conference on this matter at the company's Fort Worth office.

Mr. Chatham's visit was in connection with the effort to secure a morning train from Childress to Wichita Falls, with a return train in the afternoon. Under the present schedule it is almost impossible for people north of Wichita Falls on the Denver to do their shopping in Wichita Falls and return the same day, without making two all night trips.

A new schedule is being worked out in the Denver offices, and will be announced shortly.

A general rearrangement of service on the Denver is planned following the first of the year, Mr. Chatham learned on his trip. Business conditions on the road after the first of the year is expected to largely govern the amount of service determined upon.

Mr. Chatham plans work in co-operation with other Chambers of Commerce between Wichia Falls and Childress to insure adequate train service at all times on this section.

Burkburnett Deputy Not to Be Selected

No appointment of a deputy sheriff at Burkburnett will be made right away, according to Sheriff Fred Smith friction between the two factions at that place deciding him to delay the appointment until the situation works itself out.

"In the meantime, I can assure the people of Burkburnett that they will be well protected by my force, as I have three men on duty in that part of the county, one of whom will be looking out for Burkburnett at all times."

THOUSANDS AGREE AS TO THIS

That Black Draught Is Excellent for Stomach and Liver Disorders, Hence Its Great Popularity—Mississippi Planter's Indorsement.

Houston, Miss.—Mr. J. A. Trenor, a well known planter of this place, recently related his experience in using Thedford's Black-Draught. "I don't believe there is a better liver medicine made," said Mr. Trenor. "I use it for headache, stomach disorders and torpid liver.

"It is not bad to take, does not leave a constipated condition, as so many of the liver pills and medicines do. It does its work and leaves you feeling like a new person."

Thousands of others have found Black-Draught as helpful as Mr. Trenor describes, and a valuable remedy for derangements of the liver, stomach and bowels. It is purely vegetable, having an active effect upon the bowels, gently stimulating the liver, and helping to increase the flow of bile.

Black-Draught has been found to assist in the digestion of food, and relieves constipation in a prompt and normal way.

On account of Black-Draught's long-proved merit and immense popularity, many imitations are being offered for sale. For your own satisfaction it will pay you to insist upon the genuine, and be sure the package bears the name "Thedford's Black-Draught."

At your druggist's—ready for instant use—full directions in package.—(Adv.)

IT WILL PLEASE TODAY

and for Many Tomorrows

That's the charm of electrical gifts—they keep right on serving and pleasing year after year.

Then what could be more appropriate to express a lasting regard?

BRER RABBIT SYRUP IS THE CROWNING SUCCESS OF THE WORLD'S LARGEST PACKERS OF SUGAR CANE PRODUCTS

To give to the South an ideal syrup had always been the greatest ambition of two Louisianians who, twenty-two years ago, started out to duplicate those sweets of cane-crushing time they had loved down on the old plantation.

Success came almost immediately as one after another of their luscious products was perfected and shipped all over the country. One day Penick and Ford awoke to find that they were doing the biggest sugar-cane products business in the world and they realized that now had come the time to make their cherished syrup.

THIS SYRUP IS NOW AT THIS STORE.

Brer Rabbit they called it, in honor of the hero of the plantation stories of their boyhood. Already it is the largest selling high-grade syrup in the world.

New Arrivals

We are happy to be able to announce to our Shareholders and the public in general that we now have a full line of LIBBY, McNEIL & LIBBY'S Products, including Milk, Meats, Pork and Beans, California Fruits, Preserves, Jams and Jellies. We have just received, also, a large shipment of UNDERWOOD'S SARDINES AND POTTED MEATS.

We want our trade to feel that we are constantly on the lookout for the good things which the markets afford. We want to be the means of bringing every first-class line of groceries to Wichita Falls and we want to do everything in our power to sell these to the people as cheaply as possible.

MRS. FRED WEEKS GIVES PARTY FOR HONOREES

Mrs. Fred Weeks honored the Misses Olive and Elgin Herring of Oklahoma City, charming house guests of Mrs. C. C. Cabiness, Wednesday afternoon with a prettily appointed bridge party.

Roses and chrysanthemums were used in profusion in the reception suite, where the tables were arranged for the players. At the close of the game a dainty plume pen and vanity sets were presented to the honorees. Miss Sibyl Kell won the high score prize, a pretty French powder puff, and Leila Beall Anderson the low score, two pretty handmade handkerchiefs.

A delicious salad and ice course was served to Misses Olive and Elgin Herring, Agnes Reid, Thelma Kahn, Helen Stone, Grace Tancred, Adele Adicks, Bernice Jackson and her guest, Sibyl Kell, Leila Beall Anderson, Marion Maer, Louise Frieze, Virginia Parks, Lillian Fain, Ruby Moore, Mattie Ruth Corlett, Ruby and Gretchen Avis; Mesdames Harry Weeks, D. H. Conner and Harry Baum.

D. A. R. CHAPTER HERE TO MEET SATURDAY P. M.

The Major Francis Grice chapter of the D. A. R. will hold its regular monthly meeting Saturday afternoon from 3 to 5 o'clock in the writing room of the Kemp public library. This will be an open meeting, to which each member is entitled to invite two guests.

A musical program for the affair has been arranged. Mrs. J. C. Berney will give a short talk on "International Relations." Mrs. J. R. Hyatt, vice regent, will tell what Uncle Sam is doing for soldiers in the army schools, and Mrs. E. A. Von Den Brock will give a report on the work done by the D. A. R. of the United States in the world war. The hostesses for the afternoon will be Mesdames W. M. McGregor, vice regent; S. Y. Ferguson, registrar; C. W. Beavers, treasurer; Ben Bell, secretary; McKinney, corresponding secretary; O. A. Scharff, D. G. Whitney, E. A. Von Den Brock, Golding, V. W. Cain, James J. Waggoner and Miss Bessie Lee Bartlett.

All members are requested to notify Mrs. J. R. Hyatt, phone 6543, about acceptances.

ROYAL NEIGHBORS TO ELECT OFFICERS TODAY

An election of officers and important business meeting will be held today at 2:30 o'clock by the Royal Neighbors at their hall.

FANNIN SCHOOL MOTHERS WILL GIVE BOX SUPPER

A box supper will be held Friday, December 3, at a church opposite the Fannin school building for the benefit of the Mothers' club of the Fannin school.

OLYMPIC OFFERS FAIRBANKS FILM

Never before has Douglas Fairbanks waxed so enthusiastic over the success and admiration of a picture as he has over "The Mark of Zorro," his fourth United Artists' production, which will be the feature attraction at the Olympic theater three days, beginning today.

The story is an adaptation of Johnston McCulley's novel, "The Curse of Capistrano," which appeared in the All Story Weekly magazine.

Those critics who have viewed "The Mark of Zorro" have proclaimed that Fairbanks has excelled any of his previous performances. This is due to some extent to the ingenious story and to the opportunities afforded "Doug" to make the greatest use of his athletic ability.

The background of the story is centered around early Southern California of nearly a century ago, when its destinies were zealously guarded by the Spanish settlers.

Attached to measuring spoons patented by a New York inventor is a pivoted scraper to level off their contents.

A tri-weekly passenger, mail and freight air service has been established between Paris, Strassburg and Prague.

RECIPES FOR A DAY

Stuffed Eggplant—Cut the eggplant crosswise without peeling, parboil fifteen minutes, hollow out the center of each half, combining the removal portions with leftover ground meat seasoned with onion. Stuff, cover with bread crumbs and grated cheese and bake for thirty-five minutes.

Savory Sandwiches—Combine peanut butter with chili sauce and mayonnaise. Spread on thin slices of bread, pressing crips leaves of lettuce between.

Pear Salad—Halve ripe pears, hollow out the centers, roll lightly in powdered sugar, then in finely crushed shredded wheat crumbs or ground nuts. Fill the centers with diced marshmallows, arrange on crisp hearts of lettuce and serve with any good mayonnaise. When this salad is served you may omit the dessert entirely, since it satisfactorily takes its place.

WAYS TO USE APPLES

Glace Baked Apples—Wash and core large, red, firm, apples. Peel them about one-third of the way down from the stem end; then place them in a casserole which has cover. Make a syrup, using one cup of sugar to one and one-half cups of water for six apples, and boil six minutes. Pour syrup over the apples, cover them and place in a medium hot oven. Baste the apples occasionally with the syrup until they are tender, but still whole and perfect.

Remove the cover, put a teaspoon of sugar in the center of each apple, and sprinkle sugar over the peeled surface. Put under the flame in the broiler or at the top of a oven, until the sugar has melted and the peeled section is a light shade of brown. Basting once or twice during this process makes them look as if they had been varnished with clear melted sugar.

If the apples are to be used as the main breakfast or luncheon dish, instead of cooking with sugar, the cavities may be stuffed with sausage and baked, in the usual manner, or they may be made into an omelet.

Apple Omelet—Eight large apples, one cup sugar, one teaspoon cinnamon, sprinkling of nutmeg, three eggs one tablespoon cornstarch, two tablespoons milk.

Stew the apples until soft, then mash with them the sugar, cinnamon and nutmeg, and set aside to cool. When cold, add the beaten eggs and the cornstarch, which has been dissolved in the milk. Mix thoroughly, then pour in a buttered baking dish and bake slowly for twenty minutes. Serve at once.

Eggless Apple Sauce Cake—One cup of unsweetened apple sauce, one-half cup of melted shortening, one cup sugar, two cups of flour, one cup of seeded and chopped raisins, one teaspoon of soda, one-quarter teaspoon of salt, one teaspoon of cinnamon, one-half teaspoon of nutmeg, one-quarter teaspoon of cloves.

Sift together the dry ingredients, then add the apple sauce and melted shortening. Pour all into a deep, greased pan, and bake in a slow oven for one hour.

MADGE KENNEDY PLAYS AT BEST

Madge Kennedy, featured by Goldwyn, has never appeared to better advantage than in her latest picture, "The Girl With the Jazz Heart," from the story by Robert Shannon, which is running at the Empress theater today.

The story of "The Girl With the Jazz Heart" isn't intended evidently to teach a moral. Neither is it a defense of "jazz." So those who don't care for the tom-toms and ragtime needn't be alarmed. It appeals because it is strictly alive from the beginning to the end, and because it is so thoroughly American, and up-to-date American, at that. Incidentally, those who haven't as yet had a chance to see the shimmy as it is done by an expert, get that chance when they see "The Girl With the Jazz Heart." The Goldwyns have supplied this element by hiring the best in that line in the person of a former New York show girl, acknowledged the best shimmier on Broadway.

FOX TAKES RISK FOR MOVIE GOAL

It is impossible to gain a really worth while objective without taking a risk. William Fox appears to have taken a decided risk in using in his latest production for Gladys Brockwell a theme never exceeded in daring on the screen. It is hinted that in "A Sister to Salome" Mr. Fox has accomplished what other producers have deemed the impossible—a sensational drama with a theme never before attempted in the photoplay. It will be presented at the Plaza theater today.

Miss Brockwell heads a small but very strong cast with William Scott as leading man, Ben Deely as heavy, and Edwin Booth Tilton, well known portrayer of character parts.

The story and scenario both were written by Julius G. Furthman, one of the ablest writers of the screen.

Electrically driven, a new washing machine, with wringer attachment, can be installed in any stationary laundry tub.

The Season's Greatest Values in Coat Suits Are Offered Today

It has ever been the effort of this firm to refrain from the use of extravagant phrases in our advertising. We have never resorted to exaggeration in the question of values. The headlines of this message is no departure from this rule we have laid down for ourselves. We honestly believe these values to be the supreme values of the season and we are certain that an examination of these beautiful garments will lead you to the same decision.

They are the final achievement of the recognized leaders in the garment-manufacturing world. Each single garment stands out apart because of the refinements it embodies—each is a work of art.

Veldine, Tricotine, Velour and Duvet de Laine are the materials from which these chic garments have been fashioned. Navy, Brown and Copen are the prevailing colors and braid and embroidery have been generously used in their make-up.

Beautiful trimmings of Opossum and Nutria have been used in trimming the more expensive garments—and even some of the less expensive employ fur trimmings.

We have not any great quantity of these Coat Suits, so advise an early selection on your part. Come in the morning.

Values up to $75.00—now $25.00
Values from $89.50 to $105.00—now $39.50
Values from $115.00 to $150.00—now $50.00
Values from $162.50 to $197.50—now $69.50

We urge that you give us the pleasure of showing you these suits today

JAILBREAKER KILLED WHEN HE IS CAUGHT

By Associated Press.

WINONA, Miss., Dec. 1.—Clyde Hamilton, leader of a band of alleged highwaymen, who escaped from the Shelby county jail at Memphis yesterday after a pistol fight in which George Reeves, a jailer, was killed, was shot and killed when he resisted arrest here today. Hamilton's two companions, Alden Shaw and E. B. Kelly, who escaped from the Memphis jail with him, were captured.

Apprehension of the men here was due to the quick wit and prompt action of Miss Mary Dodds, an 18-year-old girl, who, when they came to her home for a drink of water after alighting from a freight train, recognized them from pictures printed in a Memphis newspaper. The girl notified Sheriff Smith who, with City Marshal Glenn overtook the men.

Hamilton, realizing capture was imminent, is said to have drawn his pistol and was leveling it at the officers when Smith fired. Hamilton fell but attempted again to bring his pistol into action, it is declared, when Glenn fired. Hamilton died within a few minutes. The other two men surrendered and were placed in jail.

Will Charge Murder

MEMPHIS, Tenn., Dec. 1.—Alden Shaw and E. B. Kelly, who escaped from the Shelby county jail here yesterday with Clyde Hamilton, alleged leader of a band of highwaymen, who were captured at Winona, Miss., today, after Hamilton had been killed while resisting arrest, will be charged with murder in the first degree in connection with the killing of George Reeves, a jailer, who was shot and killed in a pistol fight in the jail rotunda at the time the men escaped, according to an announcement today by Sam O. Bates, county attorney general.

T. E. McLondon, a youth of Senatobia, Miss., who is alleged to have furnished one of the men with a pistol at the time of their flight, also is being held here on a charge of murder in connection with the killing of Reeves.

Hamilton, Shaw and Kelly were arrested here several weeks ago and since were charged with robbing a suburban store, indicted on charges of robbery. They also were said to be wanted in Saginaw, Mich., on charges of robbery. Another man who still is in jail here and two women were arrested with them. The women have been released.

In their flight from this city and through Mississippi, the men are said to have commandeered three automobiles, each of which they abandoned after riding in it a short distance.

Ocean Rate on Cotton Sliced

By Associated Press.

GALVESTON, Tex., Dec. 1 — The rate on high density cotton from this port to Liverpool has been reduced from $1.40 to $1.10 a hundred weight, steamship agents here announced today. The cut on cotton to Liverpool follows recent reductions to Havre, Bremen, Rotterdam and Hamburg. Both American and foreign lines are affected by the reduction.

TIGHT-WAD GETS THIEF-PROOF REP

A man so "tight" he was dubbed "Burglar Proof" by acquaintances gave laughs by the score to those who patronized the Majestic theater last evening. Bryant Washburn, the star, makes a clever distinction between a "tightwad" and a man who is sensibly thrifty. And "Burglar Proof is one country-boy-goes-to-the-city-story in which the hero doesn't marry the rural sweetheart!

There are two heroines in the piece. One is Jenny, the country girl, spoiled by the city into a gum-chewing, slang-using teacher in a dance hall. She is well done by Grace Morse. Laura, on the other hand, is a city beauty who has remained sweet and pure despite the temptation of the lighted boulevards. Lois Wilson plays this role.

The country boy, shamed because he is broke, becomes a "tightwad." Then we see a change when "Burglar Proof" meets a girl he loves, ending with the moral that the world hates a tightwad.

The picture will be shown again today.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It

In the Spring of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a treatment that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 and 80 years old, and results were the same as in my own case.

I want every sufferer from such forms of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

Mark H. Jackson, No. 1122 G., Durston Bldg., Syracuse, N. Y.

Mr. Jackson is responsible. Above statement true.

France Sends Agent to Rome

PARIS, Dec. 1.—The bill for the re-establishment of an embassy to the Vatican was adopted by the chamber 397 to 209.

Premier Leygues stated in the chamber of deputies today that the government's decision to ask authority from parliament to send a French ambassador to the Vatican was simply a question of foreign policy, and said it was in the interest of France.

"The Vatican is a moral force. It will really in no respect change the internal policy of France," he added.

Will Prohibit Sale of Beer 'N Everything

By Associated Press

WASHINGTON, Dec. 1.—To alleviate the financial situation, the government of Salvador will prohibit, after next January 1, a number of luxuries and essentials, said advices received today by the department of commerce. The prohibited articles include passsenger automobiles, trimmed hats, silk manufactures, tobacco, beer and champagne.

Recommend

Resinol

to that friend with skin trouble

If you have a friend suffering with eczema or other itching, burning eruption, what greater kindness could you do him than to say:

"Why don't you try Resinol? I know you have experimented with a dozen treatments, but I believe Resinol is *different*. It does not claim to be a 'cure-all' —simply a soothing, healing ointment, free from all harsh drugs, that physicians prescribe widely in just such cases as yours. *Do* get a jar today!"

Resinol Ointment is sold by all druggists.

KING ALFONSO IS HONORED BY PACT MEMBERS

By Associated Press.

GENEVA, Dec. 1.—The Argentine delegates to the League of Nations assembly today, gave a dinner to the Spanish delegates. All the South American representatives were present. The following telegram was sent to King Alfonso of Spain:

"The delegates of the South American countries to the assembly of the league, gathered in order to prove their affection toward the Spanish delegation, desires to express to your majesty their warm sympathy and best wishes for the happiness of Spain and the personal welfare of your majesty and your august family."

King Alfonso replied:

"I am deeply grateful for your touching message, which I received with the liveliest pleasure. I sent the delegates of the American nations represented in the assembly my most affectionate greetings and fervent wishes for the prosperity and happiness of the countries they represent. I find cause for congratulation in being identified with the aspirations of my country in the work of peace participated in the nations to which we are united by ties of traditional and fraternal affection that I hope will become still closer.

"(Signed) "ALFONSO."

Plymouth Rock To Be Lowered

By Associated Press.

BOSTON, Mass., Dec. 1. — Lowering of Plymouth rock to shore level and removal of the canopy over it were provided for in a contract awarded by the Pilgrim Tercentenary commission today. It is stipulated that the rock be handled with the greatest care.

Fear Crew of Schooner Lost

By Associated Press.

ATLANTIC CITY, N. J., Dec. 1. —Fears were being expressed here today for the safety of the crew of three of the schooner yacht Endeavor, out of this port, and bound for Florida, which was picked up abandoned at sea off Swansboro, N. C., November 21.

The schooner's overturned dory was found dangling from its davits.

To relieve rheumatism, sprains, lame back, lumbago or pleurisy, Ballard's Snow Liniment is a remedy of proven merit. It is very powerful and penetrating. Three sizes, 30c, 60c and $1.20 per bottle. Sold by your druggist.—Adv.

Only two suits to the customer—but you can buy them both for the price of one Friday morning, Dec. 3, at W. B. McClurkan & Co.—Adv.

The biggest men's and boys' clothing event of the season commences Friday morning, Dec. 3, at W. B. McClurkan & Co.—Adv.

DAILY FINANCIAL, OIL AND MARKET NEWS

GRAIN COTTON

PREMIUMS PAID ON CRUDE HERE VARYINGLY CUT

With the market for refined oil going lower daily the first definite steps toward a lower crude price are now being taken by practically all the refiners of this section. Within the last ten days, measures have been under way which have resulted in lowering the present premiums over quoted price and in some cases refiners are now buying the crude product at the quoted price of $3.50.

The reduction is being made by the refiners and other independent buyers without any united agreement between the buyers concerned. As one official of a leading refinery which also has pipe line facilities and production, expressed it, each refiner is trying to adjust the price of crude to his particular problem in selling the refined product. In some cases existing contracts with producers will prevent any immediate reduction as the buyer has contract to purchase the crude at a stated premium for a long period.

In many and perhaps most cases the contract has a clause which allows either the buyer or seller to annull the contract when certain notice has been given. This required notice has or is being given. In giving notice to operators with whom they are under contract to purchase crude, one local refinery has notified them they are willing to sign another contract to purchase the crude at a less premium.

It is said that in this case, a large number of the operators, realizing the situation the refiner is facing in the market of refined product has accepted the lower price.

Reductions Vary

The reductions asked are at such variance that it would be difficult to state now just what is now the prevailing premium. But from information available it is evident that it does not exceed 25 cents with a comparatively large amount of spot oil offered at posted price or a small premium.

According to one local refinery head the present situation is temporary. Refiners are simply endeavoring to protect themselves until the markets become settled and it is known that a normal situation is approaching. The unsettled condition in all other industries has affected the petroleum industry and few are willing to predict just what will be the result although it is commonly conceded that the oil business has more to look forward to than any industry that has been forced to respond to a general business readjustment with lower prices, at least for the present.

Although reports from all sections of the United States indicate that the crude oil market situation is unsettled, the local oil fraternity is making few predictions as to a drop in the present Mid-Continent price. Rules in the past which have indicated what is to be expected have apparently never run twice the same. After a comparatively long period in which the independent has not felt the presence of the Standard Oil it is now conceded that the price of oil will be determined as they see fit and locally there will be no knowledge of a change in price until it actually occurs.

In the face of the fact that a reduction is needed in order that 50 per cent of the refining industry can meet the present refined market situation the conclusion is that the price will drop. But this situation has existed before and no drop was made.

In the meanwhile, the refiners are changing the prevalent premiums for which they and independent operators were responsible and which they alone can adjust.

SUGAR STRONGER WITH CUBA NEWS

NEW YORK, Dec. 1.—The extension of the moratorium in Cuba for the remainder of the month seemed to impart a little steadier feeling in the raw sugar market and prices were unchanged at 4 3-4 cents for Cuban, cost and freight. There were no sales.

Refined continues quiet and prices unchanged.

The market for sugar futures was easy under early selling of December by a leading Wall street operator with Cuban connections but the market rallied later on covering. Final quotations showed net gains of 10 to 18 points.

RAILS FEATURE TRADING WITH MARKET STRONG

NEW YORK, Dec. 1.—The stock market manifested a reactionary trend during the early and intermediate period of today's lively session, but recoiled vigorously in the final hour, closing with a firm to almost strong tone. Reversals were most sweeping when it became known that the Southern Pacific company later would announce the terms of its plan to separate its holdings from the railway system, the stock breaking 3½ points.

Other dividend-paying rails lost 1 to 3 points and the less important shares 1 to 6 points. Heaviness among steels was attributed to additional cutting of prices by important produeers, and the break in coppers was associated with the financial embarrassment of prominent Canadian metal interests.

Shippings were among the first issues to recover with popular industrials, and the entire market felt the influence of the rally in Southern Pacific, which replaced its loss with a net gain of 1 point.

Call loans ruled at 7 per cent all day, and time money was less liberally offered.

NEW OFFICERS ASSUME DUTIES AFTER MEETING

After reorganization of the county commissioners court had been effected Wednesday morning when two new members of the court, J. J. Jackson and L. L. Kuntz assumed their duties of office, bonds for every county officer, whether newly elected or beginning a second term, were examined, found qualified, and approved, the annual report of the outgoing sheriff, Bob McFall, was received and Fred K. Smith, newly elected sheriff was administered the oath of office and officially assumed the duties of chief peace officer of Wichita county.

Upon examination of the report for the fiscal year ending December 1, 1920 from the sheriff, it was found that Bob McFall had not only served the county during this period of time without a cent of salary but that he had paid $270.61 out of his own pocket to keep up the work of his office. In addition to his financial loss, he became completely broken down in health during his last three months of service as the result of the hard struggle in the fight against lawlessness in the county and the long hours of work which were necessary to keep up the various criminal and civil duties.

In recognition of this fact, the county commissioners ordered $800 paid to him as an ex-officio salary for the year, which is the maximum amount provided for in the state statutes. With the payment of this remuneration, after deducting the amount of personal funds which he paid out, the ex-sheriff will have received $529.39 for his services to the county during the year.

The complete report from the sheriff of collections and expenditures, is:

Civil fees	$ 1,310.35
Criminal fees from county and justice of the peace courts	4,660.86
Criminal fees from district courts	4,638.70
Fees on executions	1,051.17
Fees on foreign processes	865.15
Total	$12,526.23
Refunds by county on expense account	$ 3,850.11
Total collections	$16,376.34
Salaries of deputies	$12,898.40
General expenses	2,044.36
Auto expenses	529.78
Railroad expenses	1,174.41
Total expenditures	$16,646.95
Deficit	270.61
Fees allowed by law	5,000.00
Total loss	$ 5,270.61

OIL MEN HERE IN DOUBT AS TO FOREIGN MONOPOLY FEAR AND U. S. CONTROL AS SHIELD

By BOB CURRAN.

The Record News asked a banker, a representative of one of the Big Five oil companies, and several of the biggest independent oil operators here Wednesday what they thought of the suggested ultimate entry of the American goverument as a sort of paternal director and link among American operators in competition with foreign governmental monopoly.

They all said that they had not given the matter much thought. They regarded the possible necessity of it with both doubt and apprehension.

The big five representative as an offhand expression of opinion was inclined to believe that the independent American operator and company didn't need any help from Washington even if Great Britain and France do amalgamate their efforts to control the rapidly diminishing oil supply of the world and to corner the world market for petroleum.

Subject Nationally Argued.

The subject was brought into national discussion a few days ago with the meeting of the American Petroleum Institute, when many addresses were made on the subject. In view of the widespread doubt which the oil man has in the government's ability to manage the oil industry—a doubt accentuated by what they term the recent failure in federal direction of the railroads—the statement of President Teagle of the Standard Oil company of New Jersey at the Petroleum Institute meeting was significant.

This dominant figure in the oil game, while speaking with reluctance of government control, admitted that it was possible that British and French governmental monopolies might force American operators into consolidation under Washington's guidance. And the Standard Oil company is the biggest and best situated financially of any individual American company to fight foreign competition.

The local spokesman of the Big Five company didn't believe any foreign combine likely to injure the American operator. He said:

U. S. Has Brains, Money.

"The oil game is hazardous. It takes brains and money. We Americans have both. I believe, too, that we are quicker and more nimble-witted than any offering which John Bull can pitt against us.

"So far the British government is getting lots of concessions. But they are wildcat concessions. In Mexico there are as many or more big American companies in the proven territory than there are in England. South America is a great field for oil. Britain is getting concessions there, but so far that too is wildcatting.

"The English have large control in the great Russian oil fields."

Doubts Foreign Bankroll.

The local banker interviewed wanted to know where any war-impoverished European nation like England and France could get the money to finance a national combine and campaign for oil monopoly. He pointed out the vast debts that they owe America. He felt safe that American bankers could check a monopolistic enemy abroad by cutting foreign credit down, "especially when so many Americans of good credit can't borrow money themselves," he added.

The independent operators were least inclined to express an opinion about the matter. They regarded it as "deep stuff" and afar off from any probable immediate application locally. But all of them agreed in their fear of governmental direction of the oil game. Whether or not the fierce competition of a solidified foreign country could bring a danger great enough to offset their reluctance to governmental control at home, is a question that they were not prepared to go into.

SPOT COTTON ADVANCES ON GOOD MARKET

NEW ORLEANS, Dec. 1, — Advances in the price of cotton today were due mainly to reports of improvement in the spot situation, although the very large export movement stimulated considerable demand. Highest prices came toward the end of the session following telegrams from the eastern belt telling of sales of large lots of low grade cotton to Carolina mills, and telegrams from Texas telling of larger business.

Heavy short covering followed the report that one Houston firm had sold $10,000 bales for export. The market closed at net gains for the day of 63 to 84 points.

In the middle of the day the weakness in the stock market and talk of continued heavy ginning caused enough selling to reduce the gains. This soft spot seemed to bring in more buyers than ever.

NEW ORLEANS COTTON.

NEW YORK, Dec. 1.—The cotton market was very irregular today, early advances being followed by sharp reactions, but the best prices were made in the late trading.

The market opened firm. Liverpool buying followed a sharp advance in the English market and was accompanied by reports of an improvement in the tone of financial matters. The market firmed up again in the last hour owing to the continued absence of any important selling pressure from the south, claims of a firmer spot situation, renewed Liverpool buying and covering.

Active months showed net advances of 67 to 81 points in the late trading. The early advance seemed to be encouraged by reiterated exports of improving central European conditions and the big exports for the day were a factor in the late trading. Liverpool buying here was attributed to covering straddle accounts.

Buick roadster for sale by C. E. Peasley, 720 Tenth St. Phone 5041. This car a real buy.

WHEAT PRICES HIGHER WITH DEMAND GOOD

CHICAGO, Dec. 1.—Brisk export demand, together with crop damage advices from Argentina, had a decided bullish influence today on the wheat market. Prices closed strong, 5c to 6¼c net higher, with December $1.62 to $1.62 and March $1.55½ to $1.56. Corn gained 1c to 2⅝c; oats ¼@⅜c to 1c, and provisions 32c to 50c.

Corn and oats were helped upward by entire absence of any deliveries here today on December contracts for corn.

Scores Injured In Train Wreck

By Associated Press.

ROANOKE, Va., Dec. 1. — The Memphis Special, northbound on the Norfolk and Western railroad, which runs between Memphis and Washington, jumped the track late today at Chilhowis, Va., and many persons were injured, according to a message received here tonight.

The injured persons will be brought to Roanoke. Cause of the accident was not given.

LIBERTY BONDS.

NEW YORK, Dec. 1.—Liberty bonds closed: 3½s, 90.80; first 4s, 86.00 bid; second 4s, 85.00; first 4¼s, 86.10; second 4¼s, 85.46; third 4¼s, 88.02; fourth 4¼s, 85.90; victory 3¾s, 95.60; victory 4¾s, 95.50.

NO. 1 HARDEMAN IS DRILLING IN SHALE

The No. 1 Norton of the Frizzell Oil company, in the northwestern part of Hardeman county, is reported drilling in blue shale and limestone, with a heavy showing of gas. The operators are in hopes of picking up the sand which made a show of oil in the Wheat well, several miles to the south, around 2,550-2,560 feet.

KANSAS CITY LIVE STOCK.

KANSAS CITY, Dec. 1.—Cattle—Receipts, 5,500; market on beef steers, dull; early sales, $7.00@11.00; good fat cows, $5.50@6.40; canners steady; bulk mostly $3.50@3.75; calves steady to 50c lower; best vealers, $13.00; bulk, $12.00@12.50; all other classes about steady; stockers and feeders mostly $5.00@8.00.

LARGER PROFITS FROM P-O-U-L-T-R-Y

Poultry Raising Has Never Been More Profitable Than It is Today. The Increased Prices That Eggs and Market Fowls Are Bringing Much More Than Offset the Increase in Cost of Feed.

Feeding a balanced ration to well bred and carefully selected hens insures winter eggs. It costs less to feed right than to feed wrong. A hen only eats 70 pounds of feed per year.

The average hen in the United States lays 72 eggs per year. The average Purina fed hen lays 148 eggs per year. The economy of a ration depends not on its price but on its egg-producing power.

44 LEGAL NOTICES

CITATION BY PUBLICATION
The State of Texas
To the Sheriff or any Constable of Wichita County, Greeting: You are hereby commanded to summon Dale G. Atherton by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Thirtieth Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said Thirtieth Judicial District, to appear at the next regular term of the Thirtieth Court of Wichita County, to be holden at the courthouse thereof in Wichita Falls on the third Monday in December A. D., 1920, the same being the twentieth day of December A. D., 1920. Then and there to answer a petition filed in said Court on the eighth day of October A. D., 1920, in a suit numbered on the docket of said Court No. 7201-A wherein Estelle Atherton is plaintiff and Dale G. Atherton is defendant and said petition alleging plaintiff and defendant were married on June 22, 1920 and lived together until July 6, 1920; that immediately after their marriage defendant disregardful of his marriage vows commenced a course of dishonorable conduct towards plaintiff, refusing to support her, and endeavoring to induce plaintiff to commit acts of adultery for pecuniary considerations. Upon her refusal he cursed and abused her; that said acts of defendant render their further living together insupportable. Wherefore plaintiff prays for divorce for restoration of her maiden name of Estell Gatewood, cost of suit, etc. Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereto showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the twentieth day of October A. D., 1920. A. F. KERR, Clerk, District Court, Wichita County, Texas. By Bonnie Zetzsche, Deputy.

NOTICE OF LIMITED PARTNERSHIP
We, the undersigned, have this day entered into a limited partnership agreeably to provisions of Revised Statute Title 102, Chap. 1, to be conducted under the name of "Acme Planing Mill." That said partnership is to do a general mill business with principal office in Wichita Falls, Texas; that C. T. Taylor is a general partner and D. H. Whitehill is a special partner to said firm, each having contributed $4,000 in cash toward the capital stock thereof. That the Address of each of said partners is Wichita Falls, Texas; that the partnership is to commence on November 1, 1920 and to terminate on November 1, 1925.
C. T. TAYLOR, General Partner.
D. H. WHITEHILL, Special Partner.

Paroled Youth Held in Probe Of Theft Here

Marian Fetters in whose home a large part of the goods stolen from the Seal's store Monday night was recovered by Detectives Bullard and Johnson was paroled from the Oklahoma State Reformatory at Granite, Okla., last June, according to information that became known to the police Wednesday.

Papers found on the person of Fetters show that he was sent to the reformatory in Oklahoma in May, 1919 for burglary. He was sentenced for four years. He was paroled a year after this sentence became effective.

Included in the parole papers was a letter from Governor Robertson of Oklahoma to Fetters. In the letter the governor explains the reason for the parole. His aged mother was the primary incentive for granting of the parole, according to the letter. The mother was living with Fetters in the house at 108 Missouri street where the goods were recovered. The letter at length exhorts Fetters to lead a straight life and expresses confidence that he will do so. By the terms of the parole Fetters was required to report monthly to the parole board.

In connection with the raid four others have been arrested and are being held for investigation by the police, who believe that they were accomplices in the robberies.

Goods valued at several hundred dollars were recovered in the house, including five dozen shirts, other clothing, tobacco and a quantity of groceries.

A Wisconsin engineer is the inventor of a hydraulic oil gear shift for automobiles, controlled by a quadrant mounted on the steering column.

As but few kinds of grass and clover are native to New Zealand, the government is experimenting with a number of others for introduction there.

S. P. RAILROAD TO ORGANIZE OIL COMPANY

By Associated Press.

NEW YORK, Dec. 1.—Organization of a new company, to be known as the Pacific Oil company, was announced here tonight by the Southern Pacific company as the chief feature of its plan providing for the separation of its oil and railroad properties.

The new company will be organized under the laws of the state of Delaware with a capital stock of 3,500,000 shares of no par value, for which the Southern Pacific company will subscribe $15 per share, or $52,500,000.

From this amount the new company will purchase from the Southern Pacific Land company, as of January 1, 1921, for about $43,750,000, about 259,000 acres of land now owned by the Southern Pacific Land company, and 209,890 shares, having a par value of $20,069,000, of the outstanding capital stocks of the Associated Oil company.

The land to be purchased is situated in California. About 25,000 of the 259,000 acres are proven oil lands and the remainder of the lands were heretofore withdrawn from sale as possible oil lands.

Holders of Southern Pacific shares will be given the right to purchase, at $15 per share, one share of the stock of the new company for each share of Southern Pacific stock.

The segregation also involves the stock holdings of the Southern Pacific company in the Associated Oil company, of which it owned slightly more than 50 per cent.

Associated Oil is at present receiving dividends at the rate of 6 per cent annually. Net earnings of the Southern Pacific oil properties for the year 1920 will approximate $12,000,000, according to tonight's statement of the directors, and earnings for 1921, based on present production and prices, are expected to exceed this year's earnings.

SEIZED LIQUOR FILLS SEVERAL LARGE OFFICES

By Associated Press.

NEW YORK, Dec. 1.—So many liquor seizures have been made in New York city, where observance of the prohibition laws is said by government agents to be almost nil, that the storage of confiscated liquor presents a serious problem, Knox B. Pagan, temporary enforcement agent, announced today. One huge warehouse and many government offices already are filled with contraband stock.

The government cache represents everything from registered and moonshine whiskey to the most deadly of home brews, Mr. Pagan added, and is packed in every conceivable sort of carrier, from hot water bottles to water carafes.

"Sheriff Bob" And Deputies Gone to Hunt

Ex-Sheriff Bob McFall and ex-Deputies Charles Dodgen, Lee McDonald and John Canada, whose commissions as county peace officers expired Wednesday morning with the swearing in of Fred K. Smith, newly elected sheriff, will leave here today on a four-day hunting trip through Archer, Baylor and Knox counties.

On this expedition, the four men are prepared to enjoy to the fullest, the rest and recreation which the sport affords and which has been denied them during their two years of service. All are expected to return here Sunday evening.

Dodgen, the defeated Independent candidate for sheriff, according to a statement from him Wednesday, will return here Sunday and leave the first of next week on a visit to his family in southeast Texas. He expects to be gone a month unless the position which he now has in view demands his services sooner.

Ex-Deputy Dick Morris, who has been Sheriff Bob's right hand man and who was placed in command of activities of the department during the several absences of McFall which were caused by illness, has been engaged by J. P. Jackson, commissioner of precinct No. 1 as officer in charge of road camp No. 1 and will assume his duties today.

WEST TEXAS BANKS FAVOR CORPORATION

By Associated Press.

SWEETWATER, Texas, Dec. 1.—Hearty endorsement of the movement to finance crops in twelve southern states through the proposed federal international banking corporation was given here today at a meeting of thirty bank presidents of this section of West Texas. Plans of co-operation were discussed by the bankers.

BUFFALO BUSINESS MEN AND BANKERS VISIT HERE

The F. A. Hofhams party from Buffalo, consisting of 25 business men and prominent bankers of that city, spent several hours in this city on Wednesday. The party arrived here at noon from Fort Worth in a special car. They left for Oklahoma City Wednesday night.

City Clean-Up Campaign Clogs Sanitary Sewer

The clean-up campaign throughout the city during the last few weeks has added to the beauty of the city above ground, but is clogging the sewers, according to City Engineer Montgomery.

Warning was issued by the department Wednesday that persons who have been accustomed to throw everything from potato peelings to lumber in the city's sewer mains will be prosecuted in the future under a city ordinance regulating the use of sewers.

According to Mr. Montgomery, it is evident that many local residents, in their haste to clean up their back yards, have opened up manholes and threw everything into the sewer line that could be forced into the lines.

Complaints concerning clogged sewers have been gradually increasing during the last few months, Mr. Montgomery stated, until it was now costing the city a large sum to keep the lines operating. The city engineer's department during November cleaned out 27 clogged mains at a heavy expense to the city.

In all cases, according to Mr. Montgomery, the trouble has been due to materials collecting in the line which the city ordinance forbids. In one clog employes of the department removed a two by four piece of lumber ten feet in length. In another case a tire rim was removed. Rags, potato peelings and the like are ordinary causes of trouble.

The city engineer asks that cases of known violation of the city ordinance be reported to the police, in order that parties may be prosecuted.

City Signs Okeh On $925,000 of Municipal Bonds

Mayor Cline, City Clerk Thorburn and City Treasurer Fred Barron spent Wednesday in signing 925 $1,000 bond issues authorized by the voters on October 12.

City Attorney Mann will leave today for Austin where the final approval of the attorney general will be obtained. The city will then have completed the sale of the bonds and the money for improvements for which they were voted will be available as needed.

The bonds which were signed Wednesday comprise six issues providing for street paving, storm sewers, water works, city hospital, incinerator and parks, play grounds and cemeteries. Seven hundred $1,000 bonds for the sanitary improvement were signed last week by city officials and sent to Chicago the first of the week to the bond house that purchased the issue.

The $25,000 bond issue for play grounds, parks and cemetery improvement, the approval for which was temporarily withheld by the attorney general two weeks ago when the bond issue was submitted was among those signed Wednesday. The attorney general's objection was based on the fact that the issue for park and play ground improvements was linked with a cemetery improvement fund. The objection was waived last week.

City Lays 4264 Feet of Sewers During November

The city in the installation of its new sanitary sewer system during the month of November layed 4,264 feet of 24-inch line, 130 feet of 18-inch and 340 feet of 39-inch, according to the monthly report of City Engineer Montgomery. The month established a record for the laying of sewer line in the city. Of the total layed 3,525 feet of the 24-inch was on the north side where a main is being constructed for the new sewer system. The new 39-inch main for the south side was started at the end of the month.

The report of the city engineers' department shows that 28 plumbing inspections were made for which a fee of $73 was collected; 21 sewer inspections were made with a fee of $21; 176 gas inspections were made during the month for which $271 was collected.

In sewer maintenance nine lines were installed, 27 sewer lines cleaned, 10 manholes repaired and two manholes cleaned. A 100-foot of 6-inch line was added to the old sewer system on Fillmore street.

Installation of Kemp City Phone Asked of Sheriff

Recommendations that a telephone line be established between Wichita Falls and Kemp City have been made to Sheriff Fred Smith, and negotiations toward this end are expected to begin within a few days, according to a statement Wednesday from Deputy Sheriff Bert T. Shouse, who was recommissioned Wednesday afternoon under the new administration as deputy in charge of the K-M-A district.

Commenting upon the proposed project, Deputy Shouse declared that a means of communication by telephone to Wichita Falls will prove of invaluable assistance to the department in the control of crime in that area. He cited many instances, notably that of the slaying of two local men there several weeks ago in a gaming house, where apprehension of criminals responsible for the various alleged outrages was materially delayed on account of the absence of modern methods of communication.

The nearest telephone to Kemp City is one owned by a man living several miles south of the small oil town in the direction of Wichita Falls. Use of this phone by people of Kemp City in emergencies has proved decidedly inconvenient to its owner, and recently it has become necessary to make a 12-mile trip to Iowa Park for the use of an instrument, often in cases where a life is at stake.

Although no statement came from the sheriff as to his attitude in the matter, it was rumored that he looked favorably on the project and will use every means at his command to foster it.

Sheriff Smith Thanks Friends For Assistance

"I wish to extend my heartfelt thanks and appreciation to my friends who contributed to my support at the election and wish them to know that I will do all in my power to carry out the duties of the office with which they have entrusted me in a way which will make them feel that they made no mistake in choosing me as their sheriff," said Fred K. Smith, newly elected sheriff, soon after he had taken the oath of office and was officially placed in charge of the sheriff's department.

Immediately after the formalities were over, Police Desk Sergeant Jules Ehlers and ex-Deputy Constable J. M. Arrington, as a representative committee of his many friends and supporters, presented Sheriff Smith with a beautiful gold badge as an expression of their good will and confidence in his ability.

The badge, which is now being proudly worn by Sheriff Smith on the outside of his coat, is a perfect five-pointed star, symbolic of the Lone Star state and of justice and equality. In the immediate center of the badge is raised the American eagle and circling this is a thin strip of blue which bears the legend in gold letters, "Sheriff, Wichita County, Texas." On the top side of the circle and touching one of the three gold stars is written on a smaller strip of blue, "Fred Smith."

Thirty-five prisoners ,including several alleged federal offenders, were delivered into the sheriff's keeping by Charlie Bebout, jailer, when the jail, with its equipment and furnishings, were formally turned over to the new administration. The sheriff was busily engaged all during the day in familiarizing himself with detail work of his office and preparing for a rigid campaign against law breakers and offenders of the county.

Although the full complement of deputies has not yet been acquired, Sheriff Smith stated that he expected to have a complete staff within the next few days. With the exception of J. E. Miller and Bert T. Shouse, who were reappointed Wednesday, those who have been chosen so far are new to the department. The new deputies who received their commissions Wednesday are C. M. Weaver, R. W. Windham, W. B. Scott, J. W. McCommick and W. H. Lay.

The two last named men are Texas Rangers and will continue to act in this capacity, in conjunction with their work in the sheriff's department, until the Ranger force is withdrawn from this county.

MORGAN ADMINISTERED OATH AS CONSTABLE

B. F. Morgan, succeeding J. B. Nail as constable of Precinct No. 1, was administered the oath of office Wednesday morning by County Judge J. B. Jones and immediately entered upon his new duties.

Deputies which he appointed and who received their commissions during the day Wednesday are: W. J. Butler, L. M. Estes and T. B. Landers.
