theft was discovered by Vir- tle, owner of the store, who morning.

"It looked like a cyclone had hit the inside of the store," said Castle. "It took us over three hours to straighten out the mess."

The burglars outfitted themselves with complete sets of clothing, including jackets, trousers, hats, shoes, and left two sets of old clothes behind. Included in the clothes left behind was a Navy "pea jacket."

Audacity of the burglars was emphasized by the fact that they selected a pair of boots from one of the front show windows.

Castle stated that the store safe was not tampered with, and that the cash consisted of silver and small bills located in the various cash registers in the store.

Sheriff W. H. Lance connected the burglarly with the theft of a 1946 Ford automobile from Dr. Roy Sanford, which occurred at 2 o'clock Wednesday morning. The car was taken from in front of Sanford's home. He awoke when the car started, but reached the front door just in time to see the automobile round the corner west of his home. He promptly notified the sheriff's office, but the thieves made their getaway.

Many More Homes Are Eligible for Contest

Many more homes have been decorated recently for the $50 in cash prizes which the Jaycees are giving for the best decorated home in Perryton. The contest is open to every home, and all that is necessary is for the home to be decorated in keeping with the Christmas season. A Jaycee committee will drive over the city on Christmas Eve and select those homes considered to be the best decorated on the basis of distinctive, unusual and pleasing appearance. First prize is $15, second prize $12.50, third prize $10, fourth prize $7.50 and fifth prize, $5.

Two-Day Turkey Shoot Sponsored By Legionnaires

The American Legion will sponsor a turkey shoot on Saturday and Sunday, December 21-22 and will give away a number of big turkeys to the best marksman in the contest. Winners will have a choice of a turkey or merchandise prizes worth $5 each.

The shoot will begin at 1 o'clock each afternoon of the contest and will be held just north of the city limits across highway 83 from the new Foote building.

Gas Fumes Cause Fire In Tourist Court

A fire which broke out in the North Side tourist court Friday afternoon caused approximately $100 damage before being checked by members of the Perryton fire department.

Gasoline fumes which became ignited by a small gas heater burning in the cabin caused the fire, stated Fire Chief Tom Waugh.

Adolph Kennedy, resident of the north cabin of the courts, stated that he was washing some clothes in a pail of gasoline and that he had opened the door to the cabin and one window in order to allow the gasoline fumes to escape. The small heater, which was burning, ignited the fumes.

"I was busy washing clothes," stated Kennedy.

New Year's Eve Dance Features Benny Strong's Versatile Band

Benny Strong, who brings his "Band of the Moment" to Perryton for the New Year's Eve Dance on December 31, is no ordinary bandleader, but a versatile, singing, dancing master of ceremonies. As a result, he knows more about public tastes in entertainment than most bandleaders.

His orchestra features hotel-styled sweet music with a light swing and society tempo. However, his musicians and his library are, like himself, versatile, and flexible enough for other types of engagements. Although his music is sweet and soft, he insists on danceable tempos. However, unlike many other hotel-styled orchestras, he knows the value of entertainment features such as comedy, trio, ensemble singing, and novelty numbers.

It was Kay Kyser who encouraged Strong to become a bandleader in his own right when Benny was master of ceremonies for Kay's orchestra.

He and his orchestra are capable of presenting an entire floor show by themselves. Benny has specially written material for himself to sing and dance. Songs and comedy numbers are also controlled by his girl singer and other members of the organization.

The New Year's Eve dance is sponsored by the Jaycees. The proceeds will be divided between local civic improvements and the national infantile paralysis fund.

Nazarene Church Gives Christmas Program Friday

The Sunday School of the Church of the Nazarene will present a special Christmas program Friday night, December 20, at 7:30 o'clock, Rev. Henry P. Thomas, pastor of the church, announced this week.

Gifts will be exchanged from the church's Christmas tree and treats will be given to the children, stated Rev. Thomas.

A pantomine portraying the traditional "Manger Scene" of Christmas will be presented by members of the church, accompanied by appropriate Christmas music.

Ray Schweitzer, superintendent of the Sunday School, cordially invites the public to join with the church congregation in this Christmas observance.

J. R. Cheatham Injured in Car Accident

J. R. Cheartham, owner of Cheatham Motor Freight, was injured Friday morning in an automobile accident which occured one mile west of McLean.

Cheatham and his secretary, Mrs. Mattie Lenmon, were going towards Amarillo in Cheatham's automobile, a 1939 Chevrolet coupe. There was a thick ofg and the road was slippery, according to reports of the investigating officers.

Mrs. Lenmon was driving the car, and as she attempted to pass another automobile on the road, she ran head-on into a 1946 Oldsmobile. Both cars were heavily damaged, and Cheatham suffered a fractured hip, a gash above his right eye, and his back was injured. Mrs. Lenmon was slightly injured, as was the driver of the other automobile.

Cheatham was taken to Baylor Hospital in Dallas Monday night, where he will be confined for some time. Mrs. Cheatham, a registered nurse, accompanied him to the hospital and will remain with him.

JUST HERE and THERE

Mrs. Harold Hoy writes the Herald from Kansas City that Harold underwent an eye operation on Dec. 12 and that the bandages will be removed in a few days. He is at Saint Joseph's Hospital, Linwood Blvd., Kansas City, Mo. Harold, veteran employee of the J. H. Shearer ice plant was stricken with an eye affliction about two months ago and it was feared that he would be totally blind. His many friends are hoping that the operation will restore his eyesight.

J. R. Thomas of the Perryton Sales Co. staff reports that a new top was set at the last Friday sale when Harold Hawk sold a 1150 lb. steer for $21.30 per hundred pounds. Hundreds of high priced cattle and hogs went thru the sales hing, total volume being more than $75,000.

Kenneth Munger has really built the Perryton Sales Co. into one of the highest ranking cattle markets of the Southwest. The sale company is an asset to not only Perryton but to all the farmers and stockmen of the Perryton area.

We've always been pretty proud of the type of people that make up the citizenship of Perryton but during the past few days we've discovered that we were wrong and that we have some citizens that we would compliment if we called them a polecat. To us they are just about the lowest down, slinking, stinking type of a specimen of depraved humanity, and this description goes, be they man or woman, boy or girl.

We are referring to the theiving culprits who have been stealing from the "Gifts for the Yanks Who Gave" boxes in Perryton stores.

These boxes were placed by the American Legion Auxiliary in the campaign to secure gifts to make a Christmas for sick and disabled veterans in the Veterans Hospital at Amarillo. A check on the boxes brought out the fact that many valuable and useful gifts for the sick, maimed and disabled soldier and sailor boys have been stolen.

We bow our head in shame!

Perryton Motor Shop Closes for One Week

The repair shop and parts department of the Perryton Motor Co. will close for one week, beginning Christmas Day, Dec. 25 and will remain closed until Thursday morning, January 2, A. J. Kelly, owner of the company announced this week.

The shop and parts department is located in the Perryton Equipment Co. building, on S. E. 1st St., while the new Perryton Motor Co. building is being constructed.

Santa Claus Will Give Candy And Treats to All Children Attending Saturday's Show

Climax to the Christmas shopping season in Perryton will come on Saturday, December 21, with a free picture show for children and Santa Claus will make his last appearance in the city before Christmas Eve. Santa Claus will be on hand to give each child attending the show free candy and other treats.

The picture show starts at 10:30 o'clock Saturday morning and will be strictly for children.

Assisting Santa Claus in distributing the treats will be a number of Jaycee members. The show is being given by the Ellis Theatre and is co-sponsored by the Junior and Senior Chambers of Commerce. Name of the picture is "Blondie's Big Moment" starring Arthur Lake and Penny Singleton. This show will take the place of the free show customarily presented on Christmas Day.

The Junior and Senior Chambers of Commerce have assisted Santa Claus in getting the free treats ready, and members of the two organizations have stated that there is plenty of candy for all children who attend the show.

New Ordained Minister Fills Pulpit Sunday

Services at the First Baptist Church will be conducted on Sunday, December 22, by W. F. Vanderburg, local man who is studying for the ministry at Southwestern Seminary of Fort Worth.

Vanderburg, former Texaco agent in Perryton, was ordained in a ceremony held at the local Baptist church this fall.

Rev. O. C. Curtis, pastor of the Baptist church, announced this week that plans have been completed for the Baptist spring revival to be held here beginning April 6 through April 20. All Baptist churches in the Southern Association are holding a simultaneous revival, stated Curtis.

Rev. J. M. Sibley, former pastor of the local Baptist church, will conduct the spring revival. Rev. Sibley is at present pastor of the First Baptist Church of Beaumont, Texas.

Mr. W. A. Lawson will conduct the singing for this revival. Lawson has been recently hired by the Baptist church as educational director, and will assume his duties in January. Both Mr. and Mrs. Lawson are experienced educational directors, and served in that capacity at the Baptist church in Breckenridge for ten years.

Christian Church To Have Rally Day And Xmas Party

Sunday, December 22, is the regular Christmas Rally Day observed by the members of the Christian Bible School, Ward H. N. Gregg, pastor of the Christian Church, announced this week. Attendance quotas have been set for each class and it is hoped that the total attendance will be above the quotas set.

A special offering will be taken which will be sent to the Juliette-Fowler Home at Dallas.

The traditional Christmas story will be presented by the choir of the Christian church Sunday night at 7:30 o'clock. Everyone is invited to attend this service, stated Gregg.

On Monday night at 7:15 o'clock, the Christian church will have the annual Christmas program. The program will be presented by the units of the Christian Bible School in the church sanctuary, after which everyone will retire to the church basement for a social hour with "Tree and Treats" for the children.

Three Boxes Of Xmas Gifts Given to Vets

Three boxes of Christmas gifts which were given by the people of Perryton were sent this week to the Veterans Hospital of Amarillo. These gifts will be given to the sick and disabled veterans of the hospital at their big Christmas party to be held Saturday night, December 21.

This "Gifts for Yanks Who Gave" program is being carried on all over the nation in order that not a single sick or disabled veteran will be without a Christmas gift this year.

Local merchants reported numerous thefts of gifts from the gift boxes, and for this reason the number of gifts to be sent to the veterans in the Amarillo hospital is not nearly so large as it would have been.

First Basketball Win Scored by Junior Team

First victory of the season for any Perryton basketball team was chalked up Tuesday night at Darrouzett, when coach D. V. Biggers' junior high basketball team won over the Darrouzett juniors by a score of 17-11.

The Perryton B team lost to the Darrouzett B team by a score of 17-12 and the Perryton A team lost to Darrouzett 43-20.

Ochiltree Farmers Use Progressive Methods As Shown by Yearly Report of County Agent

The yearly report of county agent Hood Wills shows that Ochiltree county farmers are progressive in their methods and that they have taken advantage of the aids offered by the extension service.

Over 1000 head of dairy cattle were tested for bangs disease during the year. Most farmers use the test and slaughter method in bangs eradication in their dairy tests.

Over 4,000 head of beef cattle were sprayed with DDT for horn fly control. In most cases these sprayings have controlled lice and mange. More than 400 head have been sprayed with rotenone for grub control. Other ranchers have dipped for the control of these parasites.

A "Dairy Day" was held in May, stressing quality in dairy cattle and dairy products. The Perryton Chamber of Commerce cooperated in this program by assisting with the general arrangements and furnishing prizes for the winning entries.

New varieties of wheat have been sown and have been successful. Wichita, Commanche, Pawnee, and Triumph are the new varieties planted along with proven varieties such as Tenmarq, Turkey, Blackhull, Cheyenne and others. Most of these varieties are being kept pure by using registered or certified seeds from experiment stations or recognized growers. Twelve farmers have sown either registered or certified seed for 1947 and plan to have these certified.

Several new varieties of grain sorghum were used, including Midland, Milo, Norkan, and a new variety 43-27, just released from th Hays experiment Station, Hays Kansas, for 1947 plantings. This variety is a cross between atlas sargo and the waxy type used i tapioca explained Wills.

Other forage plants introduce were Sand Love grass, Austria Winter peas, a legume that is also a good soil builder.

Eighty-eight farmers used various forms of 2-4-D products on bindweed for its control. Results were good to very poor. However, in most cases the general opinion i that 2-4-D is effective where there is sufficient moisture and the plants are growing. It is also the general opinion of the users of the spray that several sprayings will be nec-

Horse is Hero In Famous Tale Of Equine Life

Flooded with the great, heart-warming quality and rich excitement of the novel that has become the best-loved best-seller of all time, the screen version of Anna Sewell's classic "Black Beauty," plays Thursday and Friday, Dec. 26-27 at the Ellis Theatre with an outstanding cast headed by Mona Freeman, Richard Denning and Evelyn Ankers. The novel so beloved by millions of readers of all ages comes to perfect and thrilling screen life under the skillful direction of Max Nosseck, telling its absorbing story of a high-spirited girl and a thoroughbred with increasingly mounting interest and dramatic suspense.

Dectectives Break Up Bandit Gang

The efforts of two express company detectives to break up a bandit gang in Arizona during the Eighties is the theme of "Sunset Pass," which shows at the Ellis Saturday, Dec. 21.

James Warren in the leading role and John Laurenz are express agents sent to the town of Wagontongue to ferret out a group of outlaws. Their train is held up by the gang, but the bandits escape, leaving behind evidence the detectives use to identify a young rancher as a member of the gang.

Warren attempts to bring the young suspect into town but is badly wounded in an ambush. His prisoner saves his life and the ensuing friendship between captor and captive leads to a stirring climax.

Nan Leslie has the feminine lead in the picture, and Jane Gr... Robert Barrat, Harry Woods, Robert Clarke are also featured. William Berke directed.

"Precocial" birds are those which are able to run about shortly after being hatched from the shell and are not cared for in the nest by their parents. Examples are the bobwhite, quail, ring-necked pheasant, Hungarian partridge, ruffed grouse, prairie chicken, woodcock, jacksnipe and killdeer.

"Nobody Lives Forever," a Warner Bros. drama starring John Garfield and Geraldine Fitzgerald and featuring an able supporting cast that includes Walter Brennan, Faye Emerson, George Coulouris and George Tobias, plays Sunday and Monday, Dec. 22-23 at the Ellis. The film story, produced by Robert Buckner, deals with a discharged veteran who runs into an unexpected snag when he attempts to reassert himself in his chosen profession—the rackets.

"Nobody Lives Forever" is an original screen play written by W. R. Burnett, remembered for his "Little Ceasar" and "Scarface."

Christmas Observance in Other Lands Studied at Christian W. M. S. Meeting

"How Christmas is Observed in other Countries" was the topic for discussion last Thursday at the meeting of the Women's Missionary Society of the Christian church. Mrs. W. J. Miller was leader for the afternoon's program, and Mrs. Claud Allen and Mrs. O. O. Cox shared the hostess duties in the Allen home.

To introduce the program, Mrs. Miller brought the first topic, "Thoughts at Christmas;" Mrs. Alfred Pittman told of the Jewish Christmas. Christmas in Old Mexico was discused by Mrs. Lee Halpain, while Mrs. Leon Shrader spoke of Christmas Contrasts of China and America.

Mrs. Debs Riley led the devotional period; its theme was "Making God's New World Through Consecration."

The Allen home was decorated in seasonal motif, and during the social hour following the program, a gift exchange was enjoyed by those present.

The hostesses served the refreshment plate to Mesdames W. J. Miller, Lee Halpain, Andrew Miller, A. C. Partridge, Roy Miller, W. M. Shrader, S. P. Whippo, Leon Shrader, Debs Riley, and a guest Mrs. T. J. Morgan of Austin.

Busy Ladies Class Entertained in Neufeld Home

The Busy Ladies class of the Methodist Sunday school were entertained with a Christmas program in the home of Mrs. J. H. Neufeld last Friday afternoon, December 13. Regular business was transacted during the afternoon and a box was packed with gifts brought by each class member to be sent to their "adopted boy" at the Methodist home in Waco.

Mrs. J. H. Neufeld, vice president presided for the afternoon; the opening song was "Come All Ye Faithful." Mrs. C. A. Zirkle reported $1.075 in the organ fund.

Introducing the Christmas program Miss Carol Sparkman gave two readings, "Grandma Has Her Hair Bobbed," and "Santa Claus Is On His Way." The Christmas story was told by Mrs. Anna F. Wilson with songs of the Christmas season sung by Mrs. Alfred James at appropriate intervals during the reiteration. Mrs. A. P. McCelvey was at the piano. Prayer was by Mrs. T. V. Ellzey.

During the social hour, gifts were exchanged and the refreshments, which further accented the Christmas theme, were served.

Guests present were Mrs. M. L. Woodward, St. Joseph, Mo., Mrs. Alfred James, Judibeth and Terry, Mrs. A. P. McCelvey and Betty Ann and Carol Sparkman.

Class members in attendance were Mesdames D. A. Caldwell, Mary Kile, Anna Budock, John Beck, W. H. Ragan, W. C. Bryan, John Sell, T. V. Ellzey, R. S. Roberts, Littau, Anna F. Wilson, W. E. Garrison, Onnie Hines, Annie E. Rogers, H. C. Barlow, Sr., R. D. Stephenson, W. D. Thompson, Joe Dorrance, Kathryn Mounts, W. E. McMillen, C. A. Zirkle, Miss Nellie Perry and the hostess, Mrs. J. H. Neufeld.

Waka H. D. Club Annual Christmas Party December 17

The holiday spirit prevailed throughout the entire program which was presented at the annual Christmas party of the Waka Home Demonstration club on Tuesday, December 17. Mrs. J. R. Stump's home was the scene for the festivities with Mrs. H. N. Elledge and Mrs. Jim Davis sharing hostess duties with Mrs. Stump.

Yuletide decorations were featured throughout the entertaining rooms, and the large tree with its colorful decorations, was the center of attraction. Gifts were exchanged and each member discovered the identity of her "pal" in the club during the past year. The agent, Mrs. Virdie P. Wheeler, was showered with gifts of home grown and home canned foods.

Many hidden talents were discovered among the members during the program hour, for each one presented some part of the entertainment. Mrs. Walt Preston, the club poet, gave in rhyme her conception of the characteristics of each member.

The refreshment plate, also denoting the Christmas motif, was decorated with a red lighted candle in a miniature holly wreath.

Those present were Mesdames L. R. Connor, Dan Teater, Allen Dennison, Marvin Groves, P. W. Wernske, O. C. Rogers, Omar Truax, Mart Wagner, P. E. Rhine, Herman Wiebe, Dan Manning, Carl Scroggs, Walt Preston and Miss Maude Stump.

The 1947 club year will begin with the meeting on January 7 in the home of Mrs. L. R. Conner.

Lutheran Ladies Plan to Adopt Family in Europe

At the meeting of the Lutheran Ladies Aid Saturday afternoon, Dec. 14, in the home of Mrs. W. B. Gummelt, members voted to "adopt a family" in war torn Europe, sending a check monthly to provide food for this family. They also volunteered to send renovated clothing in addition to the supply of food.

The meeting was opened with the repeating of the Lord's prayer in unison, and letters of acknowledgment and appreciation were read from Mrs. L. H. Heidrich and Mrs. Harold Sharpe for gifts sent them.

To observe the Christmas season the social hour was spent playing games and exchanging gifts.

Cocoa, coffee and cake were served to guests, Mesdames Oscar Schroeder, P. F. McDanile and L. H. Heidrich, and members, Mesdames Dan Kunkle, Crist Pshigoda, Sam Nitschke, Albert Hinkle, W. B. Gummelt, Autra Ward, Wade Tackitt, W. H. Jennrich and Miss Hilda Seedig.

The January meeting will be in the home of Mrs. Albert Hinkle on Tuesday, January 7, 1947 at 2:30 p. m.

C. of C. Banquet Date is Chosen

Date for the annual Chamber of Commerce banquet has been set for Friday, January 10, Lee Little, secretary of the Chamber of Commerce, announced Tuesday.

The four newly elected directors and the new officers of the Chamber will take office at this time. A review of the past year's accomplishments will be given, together with a statement of the 1947 aims of the Chamber of Commerce.

It is planned to have a principal speaker for the banquet, and a number of guests from neighboring towns and cities will be invited.

In charge of the arrangements for the banquet are J. A. Anderson, O. E. Burk and O. L. Doane.

Committee in charge of ticket sales includes Giltner LeMaster, L. D. Stinson and Sam Hersert.

The program will be arranged by a committee composed of Raymond Powell, Jerome Woods and J. D. Davis.

The banana is one of the largest plants on earth not having a woody stem above the ground.

Teen Town Members Have Christmas Party

Members of Teen Town will have a Christmas party on Saturday night, December 21, Donnie Bell, president of the organization, announced this week.

The adult council of Teen Town is sponsoring the party, and refreshments will be furnished by the Rotary Club stated Bell.

New officers for the coming year will be elected at this time.

The name drawing room is a construction of withdrawing room.

Veteran Forum

Q. What is the difference between compensation and pension?

A. Compensation is a term used to describe monetary benefits payable for service-connected death or disability under laws administered by Veterans Administration. The term "pension" is used to describe nonservice-connected monetary benefits.

Q. Is a widower of a World War II veteran eligible to receive compensation or pension?

A. No; the term "widow" does not include a widower with reference to payment of compensation or pension based on the death of a World War II veteran. However, a widower is eligible to receive unpaid disability compensation or pension which accrued prior to the death of a woman who had served in the armed forces in World War II.

Q. How do I go about filing a claim for pension on the death of a veteran who was my sole support?

A. You should file your claim for pension with the Veterans Administration on its Form 535.

Q. Will various monetary benefits received by veterans under the G. I. Bill be deducted from future bonus?

A. No, that portion of the Servicemen's Readjustment Act (GI Bills) which formerly provided that any benefits received under the Act would be deducted from any future bonus authorized, has been repealed.

Q. Is it possible for a veteran to complete his elementary school under the Servicemen's Readjustment Act?

A. Yes.

Q. I am receiving retirement pay and wish to take up training under the Servicemen's Readjustment Act (GI Bill). Is it possible for me to receive subsistence allowance while receiving retirement pay?

A. Yes.

The first public junior college in the nation was started in Joliet, Ill., in 1901.

WINNER — Frank E. Burkhalter (above), former chairman of the Journalism department of Baylo University, Waco, Tex., was announced first prize winner in a contest sponsored by the Palmer Foundation, philanthropic organization dedicated to the promotion of the Golden Rule and World Peace. A plan for fostering the principle of the golden rule, worked out by Burkhalter while he was still in the armed service at Biarritz American University in France last January, netted him $1,000. Veterans' News

More than 13,800 veterans training in Texas, Louisiana and Mississippi are currently suspended from Veterans Administration subsistence rolls for failure to report their earnings.

Subsistence checks, ordinarily mailed to these veterans the first of every month will be held up until the required report is submitted to the proper VA regional office, VA officials said.

Both veterans in training and educational status must report their earnings from productive labor for the months of August, September and October.

Forms have been mailed to all veterans on the suspended list, but if these have been misplaced, the report on earnings can be made in a letter over the veteran's signature.

Under legislation passed last summer, veterans' payments and earnings are limited to a total of $175 monthly for those without dependents and to $200 monthly for those with dependents. In the event those figures are exceeded, the subsistence allowance must be reduced accordingly.

VA officials believe most of the reductions will be made in allowances to veterans taking on-the-job training. It is believed that only a few veterans in educational status will be affected.

The Veterans Administration has obtained an additional 1,600,000 books from the United States Armed Forces Institute to add to the 650,000 other surplus books still available to schools and colleges for their veteran-students, VA announced this week.

The USAFI list contains 196 different titles and includes standard cloth-bound text, paper-bound volumes, and self-teaching texts. Mathematics, literature, foreign languages, science, history and business are among the many subjects included.

Library of Congress is distributing the books. VA pays the library for its handling and pays the school for handling costs for books distributed. Only veteran students can obtain the surplus volumes.

The Library of Congress cannot send books direct to veterans. VA requests that veterans inquire only through school officials, or, in the case of job trainees, through VA training officers.

Marriage Licenses

Four marriage licenses were issued this week by county clerk Beulah K. LeMaster.

Darrell Lynn Hill of Perryton and Miss Betty Yvonne Hall of Booker were issued a license on December 17.

O'Dell M. Ford of Perryton and Miss Ione Leeper of Lipscomb were issued a license on December 17.

Raymond W. DeRouchay of San Diego, California and Miss Buelah Rea Eston of Perryton were issued a license on December 16.

Edward L. Puls and Miss Leona Stabel, both of Booker, were issued a license on December 12.

Farmer Income Tax Time Near

COLLEGE STATION, Dec. 17—Thousands of Texas farm and ranch operators must soon bring out their pencils and record books and start figuring income tax reports.

All farmers with a gross income of $500 or more are required to file a return, C. H. Bates, farm management specialist of the Texas A. and M. College Extension Service, reminds the farmer that he has this choice in paying income tax: he can file a declaration of his estimated 1946 net income by January 15, followed by a final return by Marh 15, or, he can make a final return by January 15, in which case he does not have to file a declaration.

While a record number of farmers will pay income taxes for 1946, the average tax bill will be less than in 1945, due to a reduction in rate and the combination of the normal tax and surtax levies, Bates says. Farm income taxes should average about 17 per cent less than in 1945 predicts the farm management specialist.

A change in the tax law permits deduction, as a business expense, on reasonable wages paid by a father to a minor dependent actually employed on the farm or ranch.

Under certain conditions, only 50 per cent of receipts from sale of breeding cattle may be taxable. Bates advises farm operators to consult their county agricultural agents for information on this point or contact an Internal Revenue deputy.

The tax reporting job will be greatly simplified for operators who have kept record books through the past year, Bates says. The Texas Farm Record Book, which is available at Texas A. and M. College for a small cost, is a complete and simple form with spaces for recording all necessary items for income tax reports.

Hereford Sale and Fat Calf Show Set for February 19-20

At a meeting of the directors of the North-Plains Hereford Breeders Association and the Perryton Chamber of Commerce held Monday, it was decided to hold the annual Fat Calf Show and the Registered Hereford sale on the same days this year. Date for the combined events was set for February 19-20. Site of the show and sale has not been definitely determined.

Over 40 calves have been entered in the Fat Calf Show stated Hood Wills, county agent. These calves are being prepared for the show by feeding members of the Future Farmers of America and members of local 4-H clubs. Prize money for winning entries is given by the Chamber of Commerce, sponsors of the show.

At the present time, more than 40 registered Herefords have been entered in the sale. There are 25 registered bulls and 15 cows included in this number, with many more entries yet to come.

The North Plains Hereford Breeders Association was formed in March, 1946, and its members are taken from the top six counties in the Panhandle and the three counties in the Oklahoma Panhandle. Purpose of the association is to build up the quality of cattle herds in this section through the use of registered Hereford cattle.

C. A. Hoover of Perryton is president of the association; Lee Little is vice president; Hood Wills is secretary and Lawrence Elzey is on the board of directors.

essary or 2-4-D used with other methods such as intensive cultivation, smother crops or other chemicals.

Other methods used in bindweed control were cultivation and cropping, salt, sodium chlorate, and carbon bisulphide.

Twenty-two different forms of 2-4-D products were used in a uniform experiment with the Northern States Weed Control conference. The purpose of this plan was to make available results over a wide area and under as near the same conditions as possible, in order to determine stage of growth, temperature, time of year, humidity, moisture, rate of application, etc.

Blueprints or other information were furnished on 5 poultry houses, 9 septic tanks, 2 dairy barns, 1 shop 1 dipping vat, 2 trench silos. A contouring and a welding school was conducted by the Big Three Welding company.

Sixty-eight farmers used 4473 pounds of poison grain for rodent control. Other methods used were cyanide and carbon bisulphide.

Fifty-four "coyote getters" were used for coyote control. The "coyote getter" is a cyanide loaded shell used in a baited gun.

Fifty-six boys enrolled in 4-H club completed 39 demonstrations. Most of these projects were beef cattle. The local Junior Calf Show, composed of FFA and 4-H club boys was the main event of the year for most 4-H'ers. A total of 36 calves were shown between the two organizations for over $500 in prizes. The Perryton Chamber of Commerce sponsored this show and a sale.

Max Pearson showed a 1040 lb. Angus steer at the Houston Fat Stock Show, placing 5th, and an 820 pound Angus steer of his placed second in the light weight Angus division of the Dallas State Fair.

Nine boys and one leader attended the District 4-H club encampment at Lake McClellan, and one boy and one leader attended the state 4-H round-up at College Station.

J. W. Buckley, in charge of recruiting labor during the 1946 harvest season, made 1026 placements in the county. These included trucks combines and single hands.

Sheriff Lance stated that he had a description of two boys who abandoned a stolen automobile eight miles north of Perryton Tuesday afternoon. The car was abandoned near the home of Carl Jamison, who had loaned two boys a water tor Tuesday afternoon. Jamison stated that the two boys told him that they were from Rapid City, S. D. The car, a 1941 Chevrolet club sedan, had a license plate stolen from a pickup of Rapid City. The right license plate was in the automobile, stated Sheriff Lance.

Jamison described one boy as about 5 feet 4 inches in height, wt. 135 pounds, dark hair and dark complexion. The other, Jamison said, was about 5 feet 8 inches in height, weighed about 160 pounds and had light hair and a light complexion.

The two boys told Jamison that they needed water for their car, and he loaned them a water can. Some time later, he said, he noticed the car still parked near his home, and upon investigation, he found that it was empty.

Sheriff Lance received word from Rapid City that the car had been stolen Sunday night from Charles D. Rounds of that city.

Officers in all cities in this section have been given a description of the two youths and the stolen automobile, Lance stated. He added that he believed the boys and the car would be located soon.

Kennedy said, "When all of a sudden the room was filled with flames and I ran out the door." He suffered minor burns on the arm, and his hair was slightly singed.

Jack Hendershot, who shared the cabin with Kennedy, was taking a shower when the fire broke out. "I was in pretty much of a hurry to get out of there," said Hendershot. "But I found time to grab up my portable radio and some clothes."

Damage to the cabin was confined mainly to destruction of the walls and ceiling. Little damage was done to the furniture.

The tourist court is owned by W. M. Clark of Perryton.

Claude Shearer has been selected to sing the baritone solo in the cantata anthem "Arise, Shine for the Light is Come." Mrs. Joe Guy will man of the sponsoring committee, sing the alto solo "The Song of Mother Love" and the soprano solo, "He is coming some Day" will be sung by Mrs. Cecil Olinger.

A specially organized male quartet consisting of Rev. J. A. Land, Claude Shearer, Delbert Howard, and Jimmy Pitts will sing the song of the Wise Men, "We Seek the Newborn King."

The text of "Come Ye to Bethlehem" suggested by the Bible account of the birth of Christ was written by H. Berge and the music was written by E. S. Lorenz, well-known composer of religious music.

The 36 voice choir is a combined effort of all of the local churches of Booker and is the first venture of its kind in the community. Plans are being considered for similar programs in the future.

The cantata will start at 7:30 o'clock Friday night. There will be no admission charge, but a free will offering will be received.

During the first four years of World War II, there were about 17,000 amputations in the Army, and about 120,000 from disease and accident in the civilian population.

The trolley coaches, street cars, and buses of the United States can seat a total of 7,640,000 passengers, an increase of 80,000 over 1944.

Ellzey Child Taken To Oklahoma City

John Charles Ellzey, 21-month-old son of Mr. and Mrs. Lawrence Ellzey, was taken to an Oklahoma City hospital Monday night for examination by a specialist.

The child has been ill for several days, and was stricken with convulsions Monday.

Oklahoma highway patrolmen met the ambulance at the Texas-Oklahoma border and cleared the way for the trip to Oklahoma City.

Information received Tuesday from the Oklahoma City hospital indicated that the child was improving.

A total of 4,962 new transit vehicles were delivered last year—4,441 buses, 332 street cars and 189 trolley coaches, — making a total of 90,141 vehicles in operation.

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 22.

The Golden Text is: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is" (Deuteronomy 10:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God hath spoken once; twice have I heard this; that power belongeth unto God" (Psalms 62:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritual evolution alone is worthy of the exercise of divine power" (page 135).

Players Should Place Learning Before Athletics, Says Curtice

"An athlete should always remember that he is going to gain an education, and that athletics are secondary to learning," said Jack Curtice, head coach of the Texas School of Mines, at the annual football banquet held Thursday night by the Ranger Club for members of the Ranger football and basketball teams.

"An education is something no one can take away from a person," continued Curtice. "Fame on the playing fields is a fleeting thing, and can disapear overnight but the knowledge one acquires is his to keep."

Curtice was introduced by O. E. Burk former coach of Perryton high school, who called attention to the fact that Curtice came a long way from El Paso to speak at the banquet and that the members of the Ranger Club appreciated it. Ross Moore, assistant coach at the School of Mines, was also introduced by Burk. Moore said that he went on banquet tours with Curtice because of his capacity to eat—therefore he was called 'the eating coach."

Preceding the main address of the evening Charley Kent, president of the club, read a letter signed by the members of the football squad, expressing appreciation for the work the Ranger Club has done this year towards supporting school athletics.

Coach Floyd Murry was presented $50 by co-captain Vernon Flowers as a token of esteem from the Ranger backfield, while Coach Lewis Emerick was given $50 by co-captain Don Stephenson, representing the Ranger linemen. Coaches Murry and Emerick were given a large reading lamp each as a gift from the Ranger Club.

Coaches Melvin Crawford and D. V. Biggers were given billfolds by the Ranger Club in appreciation of their work with the younger boys this year.

Harry Nail was presented a special award, a framed letter certificate, by the football squad, in honor of his being the most loyal fan during the past football season.

At the annual election of officers for the Ranger Club, held immediately preceding the main address of the evening, Harry Nail was elected president of the club for 1947. Raymond Powell, Sr., was elected secretary-treasurer.

Delicious food for the banquet was prepared by the high school cafeteria staff and was served by members of the home economics department of high school.

Whose Mother-in-Law Is the Worst?

NEW YORK (AP)—It is the husband's mother, rather than his wife's who is the greatest potential troublemaker in a young couple's home, says Dr. Clifford R. Adams, authority on marital problems. He lists mothers-in-law and money as the two main causes of domestic bickering.

"A wife can usually get on with her own mother," writes Dr. Adams in the American Magazine. However, trouble is likely to start if the mother is her husband's and "the two women are cooped up all day together in the house."

Dr. Adams is director of Pennsylvania State's marriage counseling service.

Puts on the Dog To Hound Neighbor

PORTLAND, Ore. (AP) — "Some crazy guy," the voice over the phone told the desk sergeant, "is out in my back yard barking at me." And that's what Patrolman V. L. Cavagnaro found when he responded: a man on all fours making with the vocal cords like a Great Dane. "This bird," said the barker, indicating the barkee, "has a pooch that barks all hours of the night. Complaints to the police haven't done any good, I thought mebbe this would." And, the barker assured the patrolman and the barker—it did some good. After this he promised, he'd keep his pooch in the basement at night.

CECIL DODD

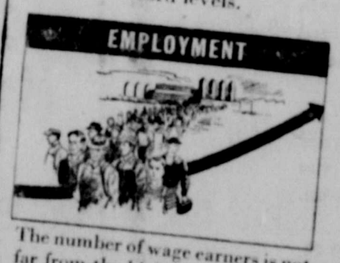

Do you think steel profits are *big*?

Recently in a nation-wide poll most people guessed that steel profits were about 20 cents on each dollar of sales. They said 10 cents would be about right.

Actually; for the past ten years steel company profits have averaged less than 5 cents on each dollar of sales.

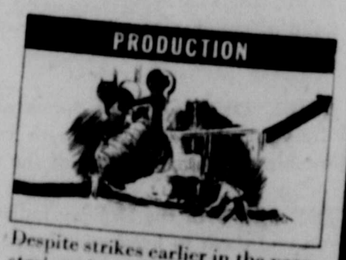

Although profits continue low, wages, employment and production are near record levels.

EMPLOYMENT

The number of wage earners is not far from the highest in peacetime steel history—20 per cent above the 1929 level.

PRODUCTION

Despite strikes earlier in the year, steel production in 1946 was headed toward a new peacetime record until the November coal strike.

WEEKLY WAGES

Weekly wages in steel industry in the third quarter of 1946 were 63% higher than in 1939.

STEEL COMPANY PROFITS

Average profit per dollar of sales in 1946 is lower than it was in most good prewar years.

Veterans' NEWS

Transfer of the U. S. Naval Hospital at New Orleans to the Veterans Administration for temporary use has been approved by President Truman and the Federal Board of Hospitalization.

The Naval hospital, which has a 600-bed capacity, will be opened to veterans as quickly as a suitable staff can be assembled, Dr. Lee D. Cady, VA's Medical Director for Texas, Louisiana and Mississippi, said.

In addition to the temporary facilities at New Orleans, VA's medical service now has 7,260 beds available for veterans in hospitals in the tri-state area administered by the VA Dallas Branch Office.

A total of 144 American veterans were studying in educational institutions of 16 foreign countries under the GI Bill on October 1, the Veterans Administration disclosed.

Two hundred and twenty-three others also had attended foreign schools up to the same date, but 143 had concluded short summer courses chiefly in Mexico and Canada, and the remaining 80 had discontinued their studies for a variety of reasons.

Of the grand total of 367 who had enrolled in foreign schools under the GI Bill up to October 1, 164 had attended schools in Mexico and 111 in Canada.

About 40 per cent of all veterans studying abroad were enrolled in English-speaking countries.

The average age of veterans studying outside the United States was 28.5 years, compared with the average age of 26 for students at entrance into U. S. Schools.

Liberal arts was the most popular course; Latin-American courses were second, and medicine ranked third.

The Veterans Administration had certified more than 10,000 disabled veterans of World War II for vehicles by Oct. 31 in the "Automobiles for disabled veterans program."

Banker Taken for Ride, His Undies Are Gone

ELDORADO, Okla. (AP) — Bank President G. W. Littlefield is still hunting some long-handled undies. After searching far and wide, he finally found three suits in an Altus, Okla., store. Hurrying to complete some other business, he tossed the underwear into a car he believed was his. When he returned, the car was gone—with his long-handles.

Audie Murphy Floors Would-be Automobile Thief

Audie Murphy, most decorated soldier of World War II, proved last week that he has lost little of his fighting ability.

When John T. Daniels, 190-pound assailant, attempted to steal Murphy's automobile at a rural filling station near Dallas, the 130-pound Murphy engaged him in a battle which left both men bloody and Daniels unconscious after 10 minutes of furious fighting.

Daniels is being held in Dallas on charges of attempted robbery. Asst. District Attorney B. C. Tatum of Dallas said no bond would be set immediately for Daniel's release.

Murphy visited in Perryton this year with Mr. and Mrs. Lake Patton and is widely known in this area.

Mr. and Mrs. Art Penner, Jerry and Leland of Balko, Okla. were guests in the Gerald Murray home Sunday evening.

Mr. and Mrs. J. H. Neufeld were in Amarillo Monday to visit with Mr. and Mrs. B. B. Kent.

$100 a Week for Everybody

Don Herrold says . . . I would like to see every man, woman and child in the United States guaranteed $100 per week for life.

This is a fine, noble, generous, humane impulse.

It makes me a great man to have such an impulse . . . a great humanitarian . . . a great friend of the common man.

And the funny thing is, I could run for President on this platform and get millions of votes.

It would cost only 728 billion dollars a year to carry out my plan, but few people would stop to wonder where the 728 billion were coming from.

You can get a lot of followers in America if you'll just promise to give enough away. Few people will bother to ask 'How?'

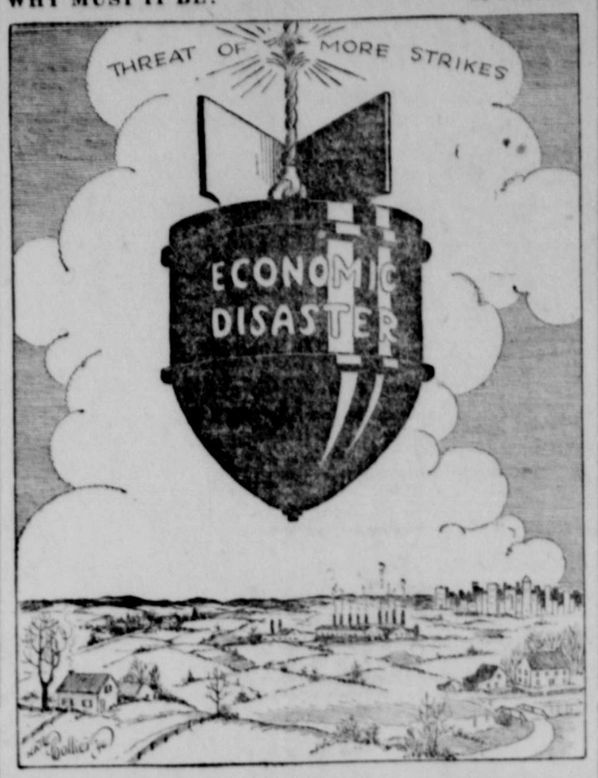

Under Islamic law, slaves have certain rights: to be clothed and fed, every male to be provided with a wife and have their offspring maintained by the master.

Truck Caravan Takes Italian Opera Abroad

(U) Newsfeatures

ROME — A Fascist innovation which drew no criticism from the sternest Anti-Fascists has been taken over by the new Italian Republic to help restore Italy's tarnished prestige abroad.

It is the "Carro Di Tespi Lirico," a caravan of giant trucks which in pre-war days took popular-priced opera, with all the trimmings, to towns and villages lacking opera houses.

With some of the nation's brightest singing stars going along to tread its boards, the elaborate traveling theater—sole survivor of five which used to cruise Italian highways—was shipped out of Genoa recently for an extended tour of Brazil, Uruguay and Argentina.

If current negotiations succeed, the west coast of South America, Cuba, Mexico and California may be added to the tour.

Under the baton of Oliviero De Fabritiis, with occasional assistance from Nino Stucco and Ottavio Ziino, some of Italy's best-loved operas will be presented.

The repertoire includes Tosca, La Traviata La Boheme, Madame Butterfly, Cavalleria Rusticana, I Pagliacci, the Barber of Seville, Aida and La Gioconda.

The mobile theater will have virtually everything modern opera houses provide — a demountable stage, dressing rooms, elaborate scenery and props, a generator to light stage and theater, and thousands of seats for the audience.

centralization of industry is the trend of the times while at the same time large cities will continue to grow and prosper.

During the 1720's, the first preventive medicine was imported from England into the United States in the form of smallpox inoculation.

Babson Discusses Decentralization

ROGER W. BABSON, Editor-in-Chief

NEW YORK CITY, Dec. 13—We find ourselves today at a point where the more we expand an industry the greater become our difficulties. A small industry, if expanded, will probably run into labor supply difficulties. A larger industry, already beset by a shortage of skilled workers, bottlenecks and lack of materials, finds these odds nearly insurmountable when endeavoring to expand. The trend is turning toward a very workable and perhaps the only solution—decentralization!

When we think of decentralization of industry we visualize small cities which have as prerequisites a good source of industrial power, low living costs and healthier living conditions for the worker. The majority of the residents probably would be homeowners. Good shipping facilities, suitable factory buildings or sites, low taxes, a population of sufficient size and ability to supply labor demands along with reasonable access to raw materials combine to make thousands of small communities ideal factory locations.

Lower Costs for Business

The large or small industry which locates some of its plants in small places is almost sure to be rewarded by lower costs. Such businesses as the clothing industries traditionally employ women for expert needlework. There are countless small towns whose women are willing to work. But they are often unwilling to move from their home towns or even to commute. Firms which have gone into these towns have found in many cases not only a new labor supply but new plant facilities for rent—something more than scarce in big cities today. Lower costs of upkeep and repairs have been an added inducement. Easy access to raw materials can be inviting factors. Some of the biggest packers in the country have located poultry dressing plants in the broiler areas thus causing savings in time and transportation costs. Another example of the wise use of small towns is seen in the building of canning factories, freezing plants and now dehydrators.

Accessibility to sources of cheap power and food make rural sections especially inviting to industry. Small cities in Kansas, Missouri, Texas, Louisiana, Oklahoma, Kentucky, Montana and West Virginia are near large sources of natural gas. This can be used for cheap fuel and as the raw materials for chemicals and other synthtic products. Towns near such sources of hydroelectric power, as that of the Tennessee Valley Project, the Boulder Dam in Colorado, and the Bonneville and Grand Coulee dams in Oregon, offer industry a low-cost and nearly unlimited power supply. A possibility for the future, now in the experimental stage, of comparatively strike-free power in rural districts is the production of gas by burning unmined coal. Numerous small towns lie strategically near great intent coal supplies.

Living Conditions

A healthy environment can have a tremendous effect on the morale of workers. Although wages today are being pretty much standardized everywhere, some employees are willing to work for less where they can work in the same small town in which they live. Thus, they cut commuting costs, cost of lunches and are able to shop where prices are cheaper. They surely do more and better work for the same wages.

Added to the financial advantages of the rural worker are the advantages of extra leisure. He may walk to and from his job, work in a healthy environment, for, and with, men who are his neighbors and church friends. He knows that with honest effort he may be outstanding in his small community, rather than lost in an enromous one. The lack of feeling of personal importance often causes slip-shod, don't-care attitudes among big city workers. This increase in morale may be one of the reasons for greater productivity in the small community for the same money paid in the city.

Think of Management

Small cities also offer attractions for management and their families. Their women and children like the friendly conditions. The unit manager has an opportunity to develop independence of thought and action, solving industrial problems with a minimum of red tape and cost. De-

HOMES FOR AMERICANS

A SOUTHWESTERN ranch style home designed by W. H. Schumacker, Oklahoma City architect, as his plan No. A-501. He estimates the building cost between $12,000 and $15,000, exclusive of the land and depending upon local conditions. There are three bedrooms and two baths, large living room with fireplace, dining room, breakfast room and kitchen. All major rooms have two exposures.

BEST NETMAN—Jack Kramer, 25-year-old ex-Coast Guard lieutenant of Los Angeles, is rated the best tennis player in the nation today. He won the national singles crown and also won two singles matches for the U. S. Davis Cup team in a 5-0 sweep over Sweden.

Funny Conclusion

MOULTRIE, Ga. (AP) — Albert Linden has been collecting jokes for 20 years but has never run across a single "new one." But, he adds, "they seem to be funny as ever."

New Fence a Defense Against Offense

WALLA WALLA, Wash. (AP) — Marion Miller of Spokane lost control of his car when he tried to avoid a truck skidding in front of him and his auto crashed into a farmer's fence wrecking the larger part of it.

The driver of the truck brought Miller into Walla Walla where they purchased new fence posts. Then they returned to the scene of the accident, repaired the fence, shook hands and went on their way.

Mr. and Mrs. John Bolin are leaving this week-end for Los Angeles, Calif. where they will spend a month vacationing and visiting relatives.

Worth its wait in Golden Moments

THE first big moment comes, of course, when you step out of your door, and there's your very own Buick, all ready and waiting.

The next one comes when you roll down the street in this handsome creation—and practically feel the eyes of the passers-by following.

You get another lift the first time you meet a hill, and the voice of your Fireball straight-eight engine drops from baritone to bass as it meets the challenge — and tramps the grade down into easy levelness.

Then some night you'll find yourself alone on a quiet moonlit country road—and the whisper of your engine, the soft tread of your coil-sprung wheels, your gentle, cradled, easy stride, will fill your soul with a peace you wouldn't trade for worlds.

The simple truth is that it's not only an automobile you wait for when you wait for a Buick — it's an endless series of sweet satisfactions.

It's not just a matter of size and room and Fireball power and all-coil springing, as any Buick owner will tell you — it's the wonderful way all these add up to make a constant flow of golden moments.

You'd like those moments to start coming soon. So would the whole, hard-hitting crew that's waging relentless war against delays and shortages to produce Buicks for you — and fast.

But the most important thing — when you think it out — is *what* you get rather than *when* you get it — and what you really want is found nowhere else but in Buick.

Why not settle your mind on that and be done with it? You can place your order now for future delivery, with or without a car to turn in — though we like to get trade-ins for our used-car buyers.

What Other Car Has So Much That Clicks For Forty-Six!

AUSTIN, Tex., Dec. 17 (AP)—Ever try to find a needle in a crowded football stadium or a state fair?

Multiply [illegible] ing friend by 4,631 and up [illegible] fair over five states and [illegible] clear conception [illegible] confronting the enforcement [illegible] Bureau of Public Safety for the [illegible]

That [illegible] number of persons [illegible] ing to the Bureau since [illegible] ed in 1938. Of the total [illegible] male and 1,5[illegible] were [illegible] of them [illegible] run-away boys [illegible] ith between 14 and 15.

"The [illegible] missing persons cases [illegible] teen-age group than [illegible] age groups combined," Col. [illegible] Garrison, public safety [illegible] director, said. "Such [illegible] drawn a mark[illegible] increase [illegible] them."

"Only [illegible] cases [illegible] reported of [illegible] boy sending his uniforms [illegible] from military school and informing [illegible] parents by letter that he would be away for several years."

Such cases the bureau reports by weekly bulletins to 2,500 law enforcement agencies in Texas, surrounding states and Mexico, giving the person's name, description and picture. Copies are also sent to the Federal Bureau of Investigation in Washington.

Seldom are appeals for missing persons put on the radio.

"It is extremely difficult to give a radio description that is effective in identifying a missing person. A picture is almost essential. Also police radio channels are usually crowded to handle reports of missing persons unless there is reason to suspect foul play or unless other circumstances make it particularly expedient," Garrison explained.

Foul play is suspected in only about five per cent of the cases, proves to be so only in about 20 per cent, bureau files indicate.

"Sometimes foul play is reported because the person reporting the incident seems to think we will exhibit a more diligent search in such cases.

"They'll tell us that father disappeared early this morning and hasn't been heard from since. He had a little money and they think somebody may have hit him over the head and robbed him," Garrison said.

"And that may be. But chances are far more likely that pop will turn up drunk at the local tavern."

People are more eager to report persons missing than they are to report finding them. As a result, the bureau can only roughly estimate that about 50 or 60 per cent of all missing persons turn up of their own free will within 30 days.

"It is about that time that most young fortune seekers give out of money and wire the folks they want to come home."

Some missing persons, however, never turn up and remain an unanswered riddle in bureau files.

A number of those riddles have little hope of being solved in the first place, Garrison noted a letter he had just received:

"My brother ran away from home 30 years ago—he was last heard from 20 years ago on a ranch in Arizona—he is tall, dark, has wavy hair and likes to live outdoors—can you help me locate him?"

Dombey, Okla.

About sixty people gathered at the home of Mr. and Mrs. Frank Hightower Sunday with well-filled baskets to help them celebrate their golden wedding anniversary. A bountiful feast was spread. Mrs. [illegible] delighted about sixty guests who were present for dinner, and many friends called in the afternoon to wish this good [illegible] many years together.

Five of the Hightower's six children were present. The children present were: Mr. and Mrs. Harry Hightower and son of Houston, Mr. and Mrs. Luther Rice and family of Holly, Colorado, Mr. and Mrs. Weldon Mitts and son of Liberal, Mr. and Mrs. Ward McAlester and daughter of Dombey. Mrs. Troy Miller, the couple's daughter, was unable to attend. The children presented their parents each with a lovely gold watch, and the community presented them with a lovely bedspread. Many lovely gifts and cards of congratulations were received. We wish for them many more happy years together.

1280 Acres Wheat Land
We have for sale 1280 acres good wheat land located in Ochiltree county. All in one tract and all in cultivation. About 1200 acres in wheat and 1/3 goes with the land. Good well and fair improvements. We only have a few days to sell the land or it will be taken off the market. Priced at $65.00 per acre. Considering the quality of soil, location, size of tract and the fact that 1/3 of the wheat goes with the land, we think it is worth the money but sale must be made within the next few days.

XANS IN WASHINGTON

BY TEX EASLEY

(AP) Special Washington Service

INGTON, Dec. 16 (AP)—An xas girl who chanced into a secretary to a Chicago man knows something now city politics.

Miss Obanetta Cole, who n Frankston.

you neve heard of it," d, "but it's right close to ilie."

ole came to Washington a years ago to work for a nt agency which subse- folded up. She looked for job and wound up behind a r in the office of Rep. Wil- (D-Ill).

s lost out with the Repub- dslide, and the Texas girl, had anything to do with politics or politicians before she came to Washington, is joyfully leaving Washington for Texas on January 1.

Miss Cole's employer represented a large segment of foreign-born population.

"It was a strange experience to me when I took over this job," she recalled. "I couldn't pronounce all those names. I had a time writing letters and addressing people who came into the office.

"But I'll admit I was something strange and unique to them.

"My boss marveled when I told him I was a fourth-generation American, just like most folks in Texas. He got a thrill out of the fact that my first name is American Indian—my dad picked it up in Oklahoma Indian Territory days.

Around the Capital:

Texans will be expected to continue their home gardens next year. That's the word Miss Sadie Hatfield of College Station got in a national conference here in the Agriculture Department.

Miss Hatfield is landscape gardening specialist of the Extension Service at A. and M. College and a member of the Texas State Gardening Board.

"There is still a world-wide food shortage," she said, "and we must all help out as much as possible."

Home gardening programs will have a good effect on commercial food processing and distribution, she added. People have tasted fresh grown and home-canned vegetables and will demand higher standards in those they buy in the future.

R. B. Creager of Brownsville, Republican National Committeemen for Texas, was in high spirits as he attended a meeting here of GOP leaders. He said his party has "downhill pull" in its bid for the presidency in 1948.

"But any Republican would be very foolish who would attempt at this stage to forecast who the man will be," he added.

"It is 18 months before a man is selected, and no one can foresee what conditions lie ahead nor the effects they will have in the choosing of a president. But I don't hesitate to say I will back a man who won't pussyfoot on facing labor questions and other vital issues."

Mrs. Mary Elliott, secretary to Rep. J. M. Combs of Beaumont, recently took her first trip to New York. She stayed with an old friend, Fern Helscher of Corpus Christi, who now does public relations work in the big city. She also saw another Texan friend who now lives there, Noman P. Heine of Austin, a former secretary of Rep. Lyndon B. Johnson.

WHIZ KID RETURNS — Andy Phillip, member of Illinois' famous "Whiz Kid" basketball team of 1943, is returning to the hardwood this year, along with three more of that famous team. Handy Andy holds the conference record for points scored in one season, 255, and scored 40 points against Chicago for a single game record scoring performance.

Nuns Undertake Long-Term Study Of Cancer Tissue

(AP) Newsfeatures

DULUTH, Minn.—Two, white-robed young Catholic nuns, Sister Petra Lenta and Sister Agatha Riehl, of the Order of Saint Benedict, are at work on a long-term cancer study.

They teach school for half days from Monday to Friday, inclusive, at the College of Saint Scholastica and then spend the rest of each day, and all day Saturdays, in a new cancer laboratory fitted out by the college.

They work with living cancer tissues, both human and mouse. With these malignant tissues, in test tubes, the sisters study a little-known phase of cancer metabolism. This is the production of hydrogen by the tissues. Hydrogen release, in small amounts, is a normal event in all living tissues. It is one of the steps by which living things absorb part of their energy from food.

Malignant growths in some cases may differ from normal in hydrogen release. But whether the hydrogen production is the same or different, the facts are important for those who seek to understand and cure the disease.

This study is part of a cooperative work directed by the Institutum Divi Thomae, in Cincinnati, under Dr. George Sperti. The work is of the sort that cancer experts have been urging for years. No time is set for the finish.

HOMES FOR AMERICANS

ADAPTATION of the ranch style house produces this design, 704, by Architect Walter T. Anicka of Ann Arbor, Michigan, estimated to cost between $8,000 and $10,000 without land. It calls for a 75-foot front lot. Exterior as shown here may be wide clapboard siding, whitewashed brick, or cinder block. Spacious living and dining area through center of house is a feature.

Good Health Will id Xmas Cheer And Happiness

AUSTIN Tex., Dec. 16—"Despite the fact that America has her share of post war troubles, this Nation as a whole should not forget the true Christmas spirit of Happiness and Good Will, but we can do that much better if we are well and strong," asserts Doctor Geo. W. Cox, State Health Officer.

"Many people are prone to throw caution to the wind and violate every principal of healthful living during the Christmas season. As a result, their health is jeopardized and sometimes serious damage is done, he said.

Doctor Cox pointed out the danger of using lighted candles on Christmas trees or in windows, as a possible source of disastrous fires. Excess eating, crowded home conditions, lack of exercise, and overheated rooms often endanger health during the holiday season, according to Doctor Cox, and he warned parents against too much excitement and too late hours for small children.

"Intemperance during Christmas week, whether in food or holiday activities is not excusable from the standpoint of good health practice," he asserted, "and the maximum of pleasure will be gained by those individuals who practice precaution along these lines."

Emphasizing the fact that it is the duty of every individual to conserve his health as well as that of his neighbor, Doctor Cox said that from a standpoint of good citizenship alone every Texan should cooperate in promoting good health at Christmas time as he would at any other season of the year.

Occasionally a banana plant produces a bunch with more than 300 individual bananas, but 150 is more common.

POSTMISTRESS of Christmas, Florida, is Mrs. Juanita Tucker, who works long hours each year at Yuletide postmarking letters with the "Christmas" postmark and remailing them. She expects to stamp 150,000 pieces of mail this year, including letters from all 48 states and some foreign countries.

How to Select Dress Patterns

COLLEGE STATION, November —Good lines and interesting detail along with becomingness to the individual are main points of consideration in selecting a pattern that will make a good-looking dress according to Mrs. Dora R. Barnes, specialist in clothing for the Texas A. and M. College Extension Service.

Purchase the right size, women's size instead of junior miss for the avearge person, says Mrs. Barnes. Measurements should be taken before buying a pattern as patterns are purchased by bust and hip measuremnt. She also advises studying the envelope for details before buying and selecting standard makes that have clearly marked directions.

Before cutting out a dress pattern measurements should be checked to see where they differ from individual measurements. Allow one and one-half to two inches more than personal hip measurements when cutting. Back shoulder seams should be one-half inch longer than front seams to allow for rounding of shoulders and an easy fit.

Length of the blouse should be checked in the center back, underarm and in front, allowing one inch for blousing. In an ordinary sleeve, the measurement around the arm over the largest part above the elbow should be one to two inches larger than the arm.

All changes should be made on the paper pattern and new seam lines marked before cutting the dress. Pin the pattern on the true grain of the material and cut very carefully with well-sharpened scissors.

For further information on altering patterns, write to the Extension Service, College Station, Texas for Farmers' Bulletin No. 1968.

Veteran Forum

Q. How many offices does the Veterans Administration have and where are they located?

A. The Veterans Administration has a central office in Washington, D. C., and 13 branches either located in strategic centers of population. In addition, it has 49 or more regional office field stations or subregional offices in each state. Some of these are larger and have wider activities than others but all are charged with the duty of assisting veterans and their dependents.

Q. Are persons who assist in the presentation of pension or compensation claims to Veterans Administration permitted to charge for their services?

A. It is unlawful for any person, whether he be an attorney or agent admitted to practice before the Veterans Administration or not to charge or collect any fee for services in respect to a claim. However, the law provides that the Administrator of Veterans Affairs may by regulation authorize payment of fees in an allowed case to an admitted attorney or agent who has filed a valid power of attorney in that case. Such fees are deducted from the monetary benefits allowed.

Q. What identification data should I give in writing about my claim for benefits administered by the Veterans Administration?

If you are making application you should give your full name, grade organization, serial number, date of entrance into service, date of discharge, and date and place of birth. After the claim is filed it will be assigned a claim number which should be mentioned in all subsequent communications.

Q. Does the name "United States Government Life (converted) Insurance" include "National Service Life Insurance?"

A. No. "United States Government Life Insurance" is insurance issued to World War I veterans or to persons who applied for same while in active service before Oct. 8, 1940. "National Service Life Insurance" is insurance provided for World War II veterans. Each is sometimes referred to as "Government Insurance" and each is administered by Veterans Administration under authority granted by Acts of Congress.
