MRS. W. P. INMAN

Open House Honors Mrs. W. P. Inman On 80th Birthday

Mrs. W. P. Inman of Colorado City was honored Sunday with an open house in honor of her 80th birthday. The event was held in the home of her daughter, Mrs. Gerald Walton, 3713 Avenue U, Snyder.

The serving table was centered with a birthday cake which was topped with candles shaped in the number 80. Other decorations carried out the pink and green color of the table.

Granddaughters Ira Lee Inman of Muleshoe, Nancy Inman of Tahoka ladeled punch while Judy In-

man of Muleshoe and Arnetta Wood of Tahoka served cake. Kitha Walton registered guests.

Music was furnished throughout the afternoon by Wayla Ann Walton, Judy Inman and Keitha Walton.

Joining Mrs. Inman in the celebration were ten children, 35 grandchildren, and 16 great grandchildren.

Those attending were: Mr. and Mrs. Sherman Inman and Judy, Mr. and Mrs. John Inman and Ira Lee of Muleshoe; Mr. and Mrs. Travis Inman and family, Mrs.

Local Music Students Register For National Memberships

Thirty-five local piano pupils from the Class of Mrs. Lynn Reedy Bethel, 2773 Sunset, Snyder have registered as candidates for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers of which their teacher is a member.

This group of young piano hobbyists will play in the National Piano Playing Auditions, section 4A, for Pledge, Local, District, State, National, or even International honors which the Mother organization will confer according to the number of standard classic, romantic and modern pieces chosen from the Masters of piano-forte literature each student can creditably perform in the presence of an imported examiner of note from another state.

From coast to coast over 60,000 enthusiastic piano pupils of the nation will participate in this annual national piano-playing event being held in 600 music centers of the country and every entrant worth his salt will be certificated, given a gold or bronze embossed pin, a year's Membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World.

Begun at Hardin-Simmons University, Abilene, Texas, in 1929, national headquarters are still maintained in Texas, where Rules and Regulations are available on request free of charge by addressing Piano Guild, Box 1112, Austin, Texas.

Names of the local entrants are: Mary Ellen Ainsworth, daughter of Mr. and Mrs. Lloyd Ainsworth; Trista Angel, daughter of Mr. and Mrs. Lloyd Angel; Sharon Ayler, daughter of Mr. and Mrs. H. E. Ayler;

Terry Alexander, daughter of Mr. and Mrs. Lyle Alexander; Annette Bullard, daughter of Mr. and

Luther Wood and Arnetta of Tahoka; Mrs. Winston Davies, Mrs. Claude James and Wayland Lee of New Home; Mr. and Mrs. J. W. Nelson of Brownfield; Mr. and Mrs. M. M. Shaper, Colorado City; Mr. and Mrs. Jack Inman and Mr. and Mrs. Gerald Walton and family of Snyder.

Others were Mr. and Mrs. Norman Inman and daughter, Midland; Mr. and Mrs. Dan Cowan, Dallas; Mr. and Mrs. Charles Freeman and boys, Crosbyton; Mrs. Harold Crooks and children, Mead; Mrs. Sue Oliver and children, and Mr. and Mrs. Wayland Walton of Snyder.

Many friends called during the afternoon. One daughter Mrs. Maude Chandler of Terribord, Oregon was unable to attend.

Mrs. Ross L. Bullard, Anna Margaret Brice and Mary Francis Brice, daughters of Mr. and Mrs. Richard Brice;

Nancy Faye Campbell, daughter of Mr. and Mrs. Nathan Campbell; Theresa Ann Campbell, daughter of Mr. and Mrs. Fred Campbell; Pamela Cole, daughter of Mr. and Mrs. Kenneth Cole;

Barbara Crowell, daughter of Mr. and Mrs. Robert Crowell; Jill Dawson, daughter of Dr. and Mrs. Clyde Dawson; Cathie and Carolyn Eades, daughters of Mr. and Mrs. F. S. Eades;

Evelyn and Glenda Feather, daughters of Mr. and Mrs. Herbert Feather; Raymond Graves, Jr., son of Mr. and Mrs. Raymond Graves; Rita Margaret Hanback, daughter of Mr. and Mrs. Marvin Hanback;

Sue Hendrix, daughter of Mr. and Mrs. Marvis Hendrix; Linda Hicks, daughter of Mr. Mrs. Robert A. Hicks; Sherry Hicks, daughter of Mr. and Mrs. C. D. Hicks;

Sue Koonce, daughter of Mr. and Mrs. Henry Koonce; Beth and Rozanne McCloskey, daughters of Mr. and Mrs. Roy McCloskey; Dana McKinnon, daughter of Mr. and Mrs. J. Y. McKinnon;

Lanbeth Maxwell, daughter of Mr. and Mrs. James A. Maxwell; Shirley Kay Mitchell, daughter of Mr. and Mrs. Robert F. Mitchell; Shirley Kay Mitchell, daughter of Mr. and Mrs. Walter A. Mitchell;

Rebecca Patterson, daughter of Mr. and Mrs. J. B. Patterson; Cindy and Susan Spires, daughters of Mr. and Mrs. Leroy Spires; Caroline and Connie Stansell, daughters of Mr. and Mrs. C. W. Stansell;

Shannon Traugott, daughter of Mr. and Mrs. J. D. Traugott; Iris Turner, daughter of Mrs. Pauline Turner.

The auditions will be conducted in Abilene April 26 and May 3. Mrs. Bethel has prepared one hundred per cent of her piano students for the auditions and has received a certificate from National Headquarters as a member of the National Honor Roll of Guild Teacher.

Mrs. Bethel is a graduate of Baylor University, Waco, with a Bachelor of Music degree in piano and organ. She attended Blue Mountain College in Mississippi and studied with David Bigson, concert pianist. At Baylor she studied with William McKamey, a National Guild Judge and also a concert pianist.

Northwestern's Mike Stock was a workhorse against Notre Dame last season. He carried the football 25 times on rushes.

WOMEN'S CALENDAR

TUESDAY

Business and Professional Women's dinner meeting, 7:30 p. m. at Martha Ann Club.
Snyder Elementary 4-H Club, 4:15 at County Extension Office.
Travis Junior High School P. T. A. will present a play at 7:30 p. m. in school auditorium.

WEDNESDAY

Tri-community Home Demonstration Club, 3 p. m. at club home.

THURSDAY

"Twilight Garden-Glitz" Flower show at Martha Ann Woman's Club. Open to the public from 3 to 8 p. m.

County Line Home Demonstration Club meets at 2 p. m.
Fluvanna Home Demonstration Club meets at 2 p. m. at the community center.

St. John's Episcopal Church Women will hold a Spring Luncheon at the Country Club. All members urged to bring guests. Rev. Donald Hungerford of Big Spring will be guest speaker. Afternoon bridge to follow.

FRIDAY

Ladies Golf Association, 1 p. m. at Country Club.

Alturian Club meets at Martha Ann Woman's Club. Guest speakers: Miss Anna Smith and Miss Arrah Phillips. Mrs. Tom Boren, hostess.

Ira Home Demonstration Club meets at 1 p. m. at the community center with Mrs. Mack Kruse, hostess.

SATURDAY

Twentieth Century Club May Breakfast.
Story Book hours from 10 to 11 at Scurry County Library.

Rushes Honored With Tea Thursday Night

A Preferential Tea honored rushes of Gamma Upsilon Chapter of Epsilon Theta Chapter of the University of Texas at Austin, Thursday evening in the home of Dolores Minor, West Thirty-seventh Street. Joyce Williamson was co-hostess.

Highlight of the evening was a book review by Mrs. Margie McNair, who reviewed Art Linkletter's "Secret World of Kids." She told of Mr. Linkletter's practical philosophy of raising children, based on his own experiences and interspersed with his own delightful humor.

Refreshments of punch, sandwiches and cookies were served from a linen laid table, centered with a Spring floral arrangement.

Rushes honored were Bess Caloway and Billie Jo Parker. Members present were Wanda Ecker, Emma Lee Hill, Jamie Boren, Sharon Mearse, Adrianna Sparks, Betty Brown, Ida Stokes, Norma Thompson, Rosie Floyd, Charlie Robinson and the hostesses.

FLOWER SHOW PLANS—The final plans and poster making were an array of color Monday as members of the Twilight Garden Club finished up their posters that will depict the title of each class in the artistic division of their flower show to be presented Thursday at the Martha Ann Woman's Club. Pictured here adding the final touches are from left, Mrs. Bill Butler; Mrs. Wilton Jones and Mrs. Mollie Pinkerton.

forget it!

The way Falcon can stretch a gallon of gas is nothing short of remarkable! Witness Falcon's record-breaking performance in the recent Mobilgas Economy Run. There, a stock-model 1961 Falcon Tudor Sedan with standard transmission delivered more miles per gallon than any other 6- or 8-cylinder car in the 25-year history of the Run . . . averaging a phenomenal 32.6 miles per

gallon for the rugged 2,500-mile trip from Los Angeles to Chicago. And get this—you'll save up to \$505* when you buy Falcon because it's the lowest-priced 6-passenger car made in the U.S.A.

Any wonder why over 620,000 buyers have made Falcon the world's most popular new car? See your Ford Dealer for the best buy in town—a '61 Falcon!

Kennedy Asks Airport Act Extension

WASHINGTON (AP)—President Kennedy has recommended a five-year, \$375 million extension of the Federal Airport Act.

The proposal would authorize \$75 million for each of five years under the act which permits the federal government to assist in developing airports.

Kennedy said federal assistance to airports "is essential to our national security, passenger safety and economic growth."

Unless Congress acts, the law will expire June 30.

The national plans call for the building of 465 new airports and improving 2,334 existing ones in the nation.

FFA administrator N.E. Halaby emphasized that the listing does not mean that either the local community or the federal government agrees to or is committed to begin the improvements or take part in financing them.

The Texas recommendations include: (Symbols: AC, air carrier transport; one used or proposed for use by scheduled airlines; GA, general aviation airport; one used or proposed for use by other than scheduled airlines.) (Airports are city unless have another name.) (Last comment is type of improvements recommended):

Alice, Jim Wells County, GA, land, reconstruct and strengthen runways and taxiways.

Athens, Jones, private, may need new site, GA, land, construct runway, taxiway and apron; wind cone and segmented circle.

Bay City, new, GA, construct airport.

Baytown, new, GA, Construct airport.

Beaumont-Port Arthur, Jefferson County, AC, extend terminal apron, construct public use facilities.

Big Spring, Howard County, AC, build apron and holding; pad, lighting.

Burger, Hutchinson County, AC, land for development and clear zones, widen, extend and strengthen runways and taxiways; enlarge terminal apron, lighting.

Breckenridge, Stephens County, AC, none.

Brownwood, AC, reconstruct runways and taxiways, widen taxiways.

Bryan-College Station, Eastwood Field, AC, strengthen runway, widen and reconstruct taxiways.

Bryan, Quail Field, GA, land, extend strip, circle.

Cleburne, GA, widen and extend

Man Killed By Berserk Elephant

SAN ANGELO, Tex. (AP)—An elephant suddenly went berserk Monday and trampled to death an elderly man and injured his trainer as hundreds of bystanders stood by in helpless horror.

The 45-year-old elephant, named Henrietta, had spent the morning pulling children in a wagon around a shopping center parking lot. At the time of the accident she was tethered near a truck.

"I don't know what happened," said Earl Tillman, 30, from La Grange, Tex., the trainer.

Tillman said he saw James John Orr, 67, walking around the elephant and the animal suddenly swung at Orr.

Orr started to run. Before he got five feet the elephant knocked him down.

"I started to run over to him and before I got there she had her foot on him," he said. "I don't remember anything after that."

Orr died a few minutes after being trampled.

Witnesses said the elephant grabbed the trainer by the arm and tossed him over her back. Tillman suffered a broken arm and bruises.

After the accident the elephant was locked in the truck and placed under guard.

The elephant formerly was owned by the James Christy Circus and is now owned by Martin Plunkett of La Grange.

TV Show On Civil Defense Scheduled

Roy Dunlap, civil defense director here, said he had been advised that a special television program scheduled for Wednesday night will be of particular value in presenting information on civil defense.

The presentation is scheduled on the Armstrong Circle Theater over CBS Television.

"From the information I have received, I believe this program will be a good opportunity for citizens to familiarize themselves with civil defense," Dunlap said.

The Snyder (Texas) Daily News, April 2, 1961 5

Between You And Me

BY JERRY JACKSON

Bobby Brown was "right" Saturday during the regional meet at held in Odessa. The Tiger trackster applied the pressure and kept it at fever pitch during the pole vault competition, and his persistence paid off with a new record in the event.

Each contestant, of course, is given a standard three stabs at each height during the event, and only after the third miss is he eliminated. Brown proceeded to scale each new height with ease—on the first try each time—and didn't miss until all of his stabs had fallen by the wayside and he was merely attempting to hold the old record of 12'3 1/2".

The vaulting field had narrowed down to three, with a pair of Kermit boys—David McGuire and Ken

8-Year Olds In Tryouts

Little League coordinator Mutt Herold has announced that baseball tryouts for 8-year old boys will be held this afternoon beginning at 4:30.

All National League prospects (boys living in the area west of the Big Spring Highway and Clairmont Road) will hold their tryouts at West Elementary, while the American League (east of the Big Spring Highway and Clairmont Road) are to report to the old rodeo grounds at Avenue M and Seventeenth.

Little League team rosters are scheduled to be released Sunday.

NOW, DRIVE!—Tiger Joe Robinson (extreme right) puts a group of Travis grid aspirants through their paces as part of the spring training program now in progress at

Rinehart Stars In Mexico City Runnings

MEXICO CITY — Texas athletes dominated the women's division of the recent Mexico City International Invitational Track and Field Meet, as the Texas team—headed by Janice Rinehart of Snyder and Mary Rose of Lubbock, a pair of high school sophomore speedsters—made a near sweep of the running events.

Miss Rinehart won the 100- and 200-meter dashes, was a member of the winning 440-yard relay team along with Miss Rose, Pat Ellison of Abilene, and Cel Rutledge of Austin, and placed second in the high jump.

High point honors for the competition went to Miss Rose, however, as she scored "first" in the 220-yard dash, high jump, 80-meter hurdles and broad jump in addition to taking part on the 440-yard

relay quartet. Miss Rinehart, along with several other Snyder girls, will next compete in the Bluebonnet Relays Saturday in San Angelo.

Blocker Five Under
LUBBOCK, Tex. (AP)—Texas Tech beat Baylor 48-11 in South-west Conference golf Monday with Chris Blocker leading the way with a five-under-par.
Blocker beat Ray Stocker 3 and 1 in the No. 1 match.

Tigers Seek District Win In Sweetwater

Snyder's Tigers, smarting from a 9-5 district licking as handed them by Lamesa here Saturday, hit the road today for Sweetwater and a quest with the Mustangs of that city, with both combatants currently tied for second in the district standings with 1-1 records.

The Tigers opened with a stormy 17-13 win over Colorado City prior to Saturday's loss to Lamesa. They are now 17-9 for the entire campaign. On the other side of the fence the Red Horses got clipped in their district opener against Lamesa, 6-1 before rebounding to upend C-City by 7-4. For the season the Sweetwater nine is 2-4.

In other district firing of the day league-leading Lamesa, with two conference wins under its belt, entertains winless C-City, which has drawn a blank in two out-

ings. The Lamesans will be attempting to retain their stranglehold at the top of the heap, today's games marking the halfway point in the title chase.

Both of today's encounters have starting times of 4 p. m.

Coach Speedy Moffett will field a vastly revamped lineup today, with several radical changes keying the starting nine. The most unexpected switch will see Freddy Miller a first-line hurler and utility outfielder, taking over the second base slot in an attempt to make the most of the team's platter power.

He represents the fourth performer to man the position this season. It was formerly held by Bubba Fleming, who broke his hand the latter part of last month and is still sidelined as a result. Since that time Jerry Franks and Tim Marcum have alternated at the keystone position.

As it now stands, seven of the nine Tiger starters are stroking away at over .300, with third sacker Spencer Dyer leading the way with .424. A new starting face will be evident in right-field, which has been reserved for Frank Moore, who has only recently joined the team following a prolonged layoff due to illness. Moore, who saw limited action with the team last season, has had only one official at-bat during the current campaign.

Coach Moffett was still in doubt as to his mound choice as of this morning, but indications are that it

will be either lefty Bernie Greenfield (.43) or right-handed Charlie Gladson (.14). Both will be utilized somewhere in the lineup, however, to make use of their hitting prowess.

The batting order for the Tigers will thus read: Mike Moffett, center field (.308); Dyer, third base (.424); Steve Free, shortstop (.322); Weldon Ware, first base or left field (.383); Greenfield, pitcher or first base (.318); Gladson, pitcher or left field (.333); Miller, second base (.324); and Moore, right field (.000).

Following today's game the Tigers will come home Saturday for a clash with C-City, on which date Lamesa will be at Sweetwater.

Watch The Bird Dogs Flying Over

BY THE ASSOCIATED PRESS
Andrews failed to qualify a 440-yard relay team for the state Class AAA schoolboy track and field meet but still will be favored to win its fifth championship next week at Austin.

A dropped baton knocked the sprint relay team out of the running but Andrews doesn't need it anyway. It was Ted Nelson, who should set records in the 440- and 220-yard dashes, another fine mile relay team, a top weightman in Robert Sandlin and one of the leading high jumpers in Gary Overcash.

Nelson is the sensation. Only last week in the regional meet terrific Ted set a national interscholastic record for the 440-yard dash with 46.5 and he ran the 220 in 20.6. Both are under the state records of 48.7 in the quarter and 20.9 in the 220.

The quarter-mile time also betters the overall state record of 47.2 set by Eddie Southern of Dallas Sunset in 1956.

At least four records are due to be set in the AAA state meet including the two by Nelson. Ray Ragland of Kilbuck threw the discus 168 feet 8 1/2 inches in the regional meet and that's six feet better than the state record. Louis Poland of Channelview vaulted 13 feet 8 1/2 inches, which is 3 1/2 inches better than the state record.

There might be a record in the 100-yard dash, which has a 9.7 standard. Both Larry Castleberry of Vernon and John McMillan of Bay City did 9.8 in the regional.

Andrews appears capable of running up almost twice as many points as the strongest contender, Vernon.

Del Rio, Bay City and Snyder are other teams with good point potentials.

Glenn (Bud) Daniel is in his 10th season as baseball coach at the University of Wyoming. His team won three straight Skyline Conference titles between 1954 and 1956.

Volleyball In Final Fling Here Tonight

The sum total of three girls volleyball games will tend to cap off the season locally for that particular sport this evening, as Roscoe invades Lamar Gym for the season enders.

Lamar "B" will initiate the festivities at 4 p. m. against Roscoe "B", after which the "A" teams from the two schools are to clash at 5 o'clock and the Snyder Tigerette varsity girls against the Roscoe High girls at 6.

Hear About The Ones That Didn't Get Away?

You've no doubt heard of "peaches from heaven." But where those four little fishes came from still remains a mystery.

Dr. Robinson, 13, and his brother, Jim Bob, 16, (pardon the expression) "fished" them out of a gutter in south Snyder Sunday following a flash storm and rain, dumped the four of them in a toy canoe, and finally ended up by placing them in the family aquarium.

Mrs. Charlene Robinson of 2107 Fortieth Street, mother of the boys making the "catch," reports that they are definitely not minnows (the fish, that is), but that they are some type of clear-bodied little wigglers measuring about two inches in length.

Mrs. Robinson also commented that one of the four seemed to be quite "addled" from it all, and that he (or "she" or "it") has since succumbed. The remaining three are doing nicely, however, and seem to be enjoying the unprecedented luxury of their new aquarium home.

After all, an aquarium beats a gutter any old day!

BROWN

Pressured Performer

Bachelor—still in the running—a loss with Brown. Batchelor failed to clear 11'6" and teammate McGuire had some anxious moments before clearing the bar at that height on his third try.

Accepting the challenge, Brown cleared 12'—his first try, as per usual—then got back and watched while McGuire made three unsuccessful attempts at it, thus eliminating him from a share of the top spot in the event.

With no barrier left to clear except the existing record, Brown went on to top 12'4" for the new mark, the only record as put in the books by a Snyder competitor during the day's action.

What is not generally known is that Brown also set another record in the broad jump, but his effort was topped by Colorado City's splendid jumping jack, Jerry McKay, and thus was not written into the books. The old record was of '59 vintage, a 21'1 1/2" mark. McKay leaped 22'2 1/2", and Brown 21'9" to top it on both counts.

Curses! Foiled Again!
Snyder's Saturday baseball loss to Lamesa was unfortunate, and, I must say, unexpected. However, one defeat does not a season make, as the sages so sagely once said. (Or as they MIGHT-VE said.)

Dave Knapp, who covers the Toronado diamond fortunes made some statements in his write-up of the game that could tend to rile up an already aggravated Tiger.

Among his choice tidbits, "Lamesa made the Tigers look like anything but champions. The Toros took advantage of every Tiger mistake and when the Snyderites didn't make a bobbie, a Toronado would whack the offerings of the opposing pitchers and score anyway."

And last, but not least, was this barb: "About 300 fans, including a few Lamesans, turned out in fine baseball weather, obviously expecting their beloved and potent Tigers to obliterate the Toronados."

It hasn't been too long since Lamesa's beloved and potent basketball Toronados, the pride and joy of Dawson County, sighted in on another state championship, only to be beaten out in regional by Dumas, the only Class 3A team that went on NOT to win so much as a single game at Austin.

It's your move, Tigers. Take it from there.

ONE THEY CAN'T SEEM TO GET OFF THE PAD

Famous Financial District Plans To Improve Its Looks

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Wall Street is banking big these days—about how it should look as well as about how high is up for stock prices.
But planning how the famed financial district can be saved from decay, made more useful and more glamorous is one thing. Getting it done is another.
Men backing the big rejuvenation of Manhattan Island's lower tip say the plan is really moving now.
"We've made good progress in two years of trying," says David Rockefeller, chairman of the Downtown-Lower Manhattan Association. "It may take 10 years to get everything done. But the

chances look good now, both of getting official approval—and of raising the money."
The younger brother of New York's Gov. Nelson A. Rockefeller is president of the Chase Manhattan Bank, which is moving into the new 60-story building in the area it thinks should continue to be the world's financial capital.
"The association's plan for the area is to the interest of all concerned," David Rockefeller said in an interview. "Beating back encroaching decay will benefit those already here. The planned new buildings will bring together allied public and private groups now scattered."
"And the local government, which must approve the changes, will benefit from getting big tax returns from areas where decay has reduced receipts almost to nothing."

The association's plans have all the modern trappings—the latest in architecture, such as a circular building for the new home of the New York Stock Exchange; a \$335 million building cluster to bring together all the activities of the world trade center; a hotel for out-of-town tycoons and lesser lights having business in Wall Street; middle income housing in walking distance of Wall Street jobs.
The powerful Port of New York Authority, an agency of the states of New York and New Jersey, has come out as sponsor for the \$335-million world trade center. The New York Legislature has approved the plan. The authority now awaits similar action by the New Jersey lawmakers. Then it can draw up detailed plans and arrange financing.
The authority's record of financing bridges and tunnels and making them pay and pay and pay has given its security offerings top rating. Rockefeller foresees no financing difficulties if the authority gets the official go-ahead.
Still to be decided is whether the authority will sell some of its completed projects, or lease them. The New York Stock exchange, say might rent the proposed new trading quarters instead of owning them outright.
Housing developments, apart from the world trade center, require federal and city approval. But Rockefeller insists that this should be forthcoming and that real estate interests are ready to go ahead at once under Title I for "slum clearance."

Russians Renew Attacks On Dag

UNITED NATIONS (AP)—Soviet delegates Monday renewed attacks on Secretary-General Dag Hammarskjöld in the U.N. Economic and Social Council and its committee.
In the council Soviet delegate E. N. Makarov refused to vote for a program of listing national parks and reserves throughout the world because Hammarskjöld was supposed to draw it up.
The council however, approved the program, 13-0.
In the council's social committee, which reviewed reports on its long-term project on freedom of information, Soviet delegate T. I. Sapozhnikov attacked a U.S. French draft resolution because it called on Hammarskjöld to circulate the reports to members.

Effort To Block Distribution Fails

LOS ANGELES (AP)—L. Ewing Scott, serving a life sentence for the murder of his wife Evelyn, has failed to block distribution of her \$600,000 estate.
Scott's petition to suspend distribution proceedings pending a new appeal was turned down in Superior Court Monday. Scott had sent the request by registered mail from his cell in San Quentin Prison.
Mrs. Scott vanished in 1965. She was convicted of her slaying in 1968, although the body was never found. Her will made Scott principal beneficiary, but his conviction presumably made him ineligible to inherit.

Celebrities Talk Little Of Epitaphs

By HAL BOYLE
NEW YORK (AP)—It has been one of my lucky fortunes to meet and interview many of the celebrities of our time.
The question I've asked them they disliked most was, "If something happened to you, what would be your own choice of your epitaph?"
Most of the celebrities I've presented this question to have politely ducked it.
Girls in particular are reluctant to be committed by an answer. A girl at her best picks her own idea of her renown and the last thing she would like to have to state would be her choice of the words on her tomb.
In this respect famous men are like famous women. They hesitate to face their disappearance from a world they have enjoyed to meet a reward they undoubtedly have earned but have no appetite to pursue alone.
And so they stumble and cavil about the epitaphs they would choose. But here are a few honest answers I remember.
Comedian Morey Amsterdam—"He was a nice guy."
One of the wealthy Whitney scions—"He loved his country."
Add Bob Mitchum of Hollywood—"I was interrupted."
When I told Bob Hope, about Mitchum's choice of an epitaph he laughed and declined to give one of his own.
The other question which I have asked many celebrities and found it does interest them and they are quite willing to answer is this: "If you had to summarize the meaning of life in one word that expressed your own attitude to living, what would it be?"
While this may be a sophomoric query—and it is—there is no other question I have asked of people that is more spontaneously answered.
Gary Cooper said "Sincerity," and Myrna Loy said "Love." Bob Hope said "Appreciate," and for that I respected him utterly, because he is a professional.
One thing you do discover about our country when you ask a person, whether he is a celebrity or not, what his synonym for life is—most people are optimistic.
They believe in this world.
The words that to most people most meaningfully stand for life are love, happiness, and hope.
My personal choice would be "hunger." The one I like best, however, was volunteered by a news friend of 30 years. Life, he said is "sweet-sorrow."

Philip Crosby Are Reconciled

LOS ANGELES (AP)—Former Las Vegas showgirl Sandra Drummond says she and her husband, Philip Crosby, have reconciled.
She petitioned Monday for withdrawal of her separate maintenance suit filed against the son of Bing Crosby March 24. She had charged mental cruelty and had sought \$2,500 monthly support for herself and their two children.
She said Crosby, part of the Crosby brothers singing team, earns \$75,000 yearly.
One cancer patient in three is now being saved. A few years ago only one in four was saved. The American Cancer Society asks you to help speed the progress against this disease. Support the Society's April Crusade.

More Hunted In Insurance Swindle

INDIANAPOLIS (AP) — The FBI hunted seven more persons today after arresting a score of civilians and service men on charges of perpetrating a \$14.5-million insurance swindle.

Twenty persons were arrested in six states Monday, and the FBI said about 1,700 fraudulent authorizations for insurance premium allotments had been discovered at the Army Finance Center here. The center processes payrolls for the entire Army.

Insurance companies apparently were the heavy losers, because of commissions paid to salesmen. Allan Gillies, FBI special agent said the forged authorizations were slipped past finance officers at Ft. Jackson, S.C., and Ft. Dix, N.J.

The fraud involved forging soldiers' names and serial numbers to an Army form authorizing deduction of allotments for families, insurance premiums and other purposes. It can be initiated at the company level or at the post finance office.

In most cases the insurance allotments were not deducted, but why they were not was not explained. The FBI said it "didn't want to give away our case but you can say these forms got into the channel to the finance center by illicit means."

Forty-five field offices took part in the investigation, which started after Brig. Gen. Frederick J. Kendall, finance center commander, reported last October the detection of fraudulent allotment authorizations.

Gillies said the government has recovered \$70,000 which had been paid to "seven or eight well-established insurance companies" as monthly premiums on insurance with a face value of \$14.5 million.

Don A. Talbot, U.S. attorney, said commissions obtained fraudulently by insurance salesmen "probably exceeded \$600,000."

Walter J. Schuchman, special assistant to the commanding general of the finance center, said, "I think a more realistic sum would be about \$250,000."

Collective Workers Threaten To Leave
MEXICO CITY (AP) — An estimated 800 collective farm workers are threatening to leave their farms and seek work in the United States as braves of the Las Bocas Collective near Culiacan, Sinaloa.

They said they could not obtain credit to work their own farms and wanted to make dollars in the United States.

Mexico Newspaper Stunned By Students

CHIHUAHUA, Mexico (AP) — About 300 students stoned and tried to set fire Monday night to the building of the newspaper "El Heraldo" known for its anti-Castro attitude.

Stones, gasoline-soaked rags and Molotov cocktails were hurled against the newspaper plant. Prompt action of firemen and police prevented serious damage. The students had held an anti-American and pro-Castro meeting just before the attack.

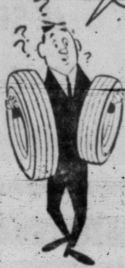

Havana-Bound Ship Docks In Mexico

VERACRUZ, Mexico (AP) — The German freighter "Spenburg" reportedly carrying a cargo of war material for Cuba docked here Monday after receiving orders in midweek to change its course from Havana.

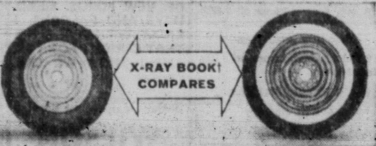

Several engineers also were reported to have been on board. Capt. Willi Flieger told officials he had been ordered to come to Mexico instead of Cuba, but he did not say who issued the orders.

New Moves Seen To Aid Economy

WASHINGTON (AP)—The Kennedy administration is planning additional aid for the economy even though some government experts now expect business to regain its pre-recession peak by early summer.

The new moves will be designed to help ensure a solid recovery and a broader attack on the persistent unemployment problem. They will grow out of a full-scale economic review now being directed by Dr. Walter Heller, chairman of President Kennedy's Council of Economic Advisers.

Kennedy told his Friday news conference that the results will be made public soon.

There is a widespread feeling among the officials involved that further steps will be required if the administration's economic goals are to be achieved. Although most agree that the recession reached a basic turning point last month, they are fearful the upturn will run out of steam unless given an additional boost.

The recovery after the 1953 recession was quite sharp at the start but, in the view of most experts, ended prematurely.

Initially at least the 1961 recovery also may be quite strong. Some economists now believe the gross national product (GNP)—the value of all goods and services produced—may advance to an annual rate of about \$365 billion in the current April-June quarter.

This would restore the GNP to the record rate achieved a year ago. In the January-March quarter, according to preliminary estimates, it dropped \$4 billion to a recession low of \$360.5 billion.

Secretary of the Treasury Douglas Dillon told a news conference Monday that a definite attack must be mounted against structural unemployment—joblessness caused by automation and the steady decline in such industries as coal mining.

He gave a broad hint that this would be one result of the Heller review.

Chairman William McChesney Martin of the Federal Reserve Board has repeatedly emphasized the seriousness of structural unemployment. Suggested remedies have included the retraining of displaced workers and subsidies to help them move to communities where they could get work.

Dillon, addressing the American Society of Newspaper Editors last week made these two major points about the economy:

1. "Unless we act energetically, recovery is likely to be sluggish and slow."
2. The unemployment situation shows no sign of improving as rapidly as the over-all economy.

Secretary of Commerce Luther H. Hodges told the National Press Club Monday that 4 percent of the labor force may be unemployed for another year or two because the economy isn't growing fast enough to absorb all the new workers plus those made jobless through technological advances.

When Kennedy in early February first promised a late April economic review, the question was whether it would indicate a need for an anti-recession tax cut. Kennedy, in sending Congress his 1961 tax program last week, made it clear this is a dead issue barring a sudden reversal of the economic portents.

Gunfight Is Linked To Play-For-Pay

DALLAS (AP)—Police say a gangland fux over the earnings of play-for-pay girls is linked in a gunfight in a plush North Dallas bowling alley Monday in which one man was killed and seven others were injured.

The participants, all from Dallas, refused to give police any explanation for the shootings. Officers said all eight have records either of prostitution, procuring or burglary.

Meanwhile police pushed a search for one man of the party a witness said ran from the scene with a gun.

Clyde Conlan, a bartender at a big bowling alley, said the group had been in the lounge an hour before the shooting started. He gave this account:

"These people came in the place and were sitting at a booth drinking beer and Coke."

"I heard shots begin."

"I ducked behind the bar, and the other customers beat it out of there."

"I went out the door to call police. When I came back one person was on the floor and another was lying on the ground outside."

Henry Callahan, 36, shot in the stomach, died two hours after being taken to a hospital.

Parkland Hospital listed other victims of the shooting and their injuries:

Charlotte Callahan, 24, wife of Henry, shot in the hand.

Charles Callahan, 34, brother of Henry, shot in the hand.

Virgil Etchison, 32, in serious condition with stomach wounds.

Elizabeth Etchison, 23, wife of Virgil, whose finger was pierced by a pistol hammer.

Tommy Hembree, 44, in critical condition with stomach wounds.

Althaus Hodges, 28, in serious condition with stomach wounds.

Jeanne Marie Charles, 19, minor wounds.

Four Animals Are Poisoned At Zoo

GRAND RAPIDS, Mich. (AP)—Four barbary sheep died of poisoning at the local zoo over the weekend. A camel, black bear and a guanaco became ill.

Seems a careless visitor fed leaves and branches from a poisonous bush to the animals in violation of the zoo's "no feeding" rule.

Ladies Night Event Held

HERMILEIGH — The Hermileigh Lions Club observed Ladies Night on Thursday, with 32 persons attending the session.

Mr. and Mrs. J. M. Kayser were guests at the event, and Kayser, who is assistant principal of Snyder High School, showed color slides taken in Alaska when he was teaching there.

Other entertainment featured three Hermileigh youths, J. B. Tate, Jr., Toddy Withers and Wallace Wall. They played guitars and sang several numbers, making their first appearance together before an audience.

The program was introduced by Curt Wise and Jim Brannon, introduced Mr. and Mrs. Ben Henderson. Henderson was inducted into the club to become its 39th member.

Four Animals Are Poisoned At Zoo

GRAND RAPIDS, Mich. (AP)—Four barbary sheep died of poisoning at the local zoo over the weekend. A camel, black bear and a guanaco became ill.

Seems a careless visitor fed leaves and branches from a poisonous bush to the animals in violation of the zoo's "no feeding" rule.

Halt Sought For Import By Trucks

WASHINGTON (AP)—The Interior Department is seeking to get Mexico to help stop the importation of foreign oil by trucks that shuttle back and forth on the border at Brownsville, Tex.

A conference with Mexican petroleum officials scheduled for Monday was expected for Wednesday because the Mexican representatives were delayed in reaching Washington.

Assistant Secretary John M. Kelly said four Mexican importers were asked last week to refrain from bringing in more Mexican oil by truck during the remainder of April.

He said all four had promised cooperation but he had not received word that the trucking of oil across the border had stopped.

The existing oil import regulations exempt overland imports from both Canada and Mexico.

The Interior Department is pursuing what it calls "the unusual procedure" being used at Brownsville.

The oil is brought into Brownsville by tanker and discharged under bond. It is trucked into Mexico, released from bond, and re-enters this country by truck as an overland exempt import.

There were no overland imports from Mexico under the program which was initiated March 11, 1959, until December, when they averaged 321 barrels a day. Such imports reached a level of 38,000 barrels daily early in April.

LEGION PROGRAM WEDNESDAY IS OPEN TO PUBLIC

The public is invited to a special program scheduled for 8 p. m. Wednesday at the Veterans Club here.

The public information program, which has been arranged by the American Legion, will feature Curtis O. Lyrum, special agent in charge of the Dallas FBI office, as speaker.

Lyrum will address the gathering on "The Jurisdiction of the FBI."

Legion officials said the program will be of general interest, and all Snyder area residents are being invited to attend. There will be no admission charge for the program.

FURR'S

BUT HE CAN SMILE—Eighteen-month-old Peter Lollar can't cough because his bones are so brittle that coughing would break them. But he can smile—and here he is grinning at sister Melissa, 4, while brother Mark, 3, watches. Peter's parents, Mr. and Mrs. Oris B. Lollar of Little Rock, Ark., have been deluged with mail since an Associated Press story about their son. "I've never seen so much love," Mrs. Lollar said. They also have learned there may be a way to help him. (AP Wirephoto)

Tourist Decline Cause Of Concern

AUSTIN.—The Texas tourist industry continued its headlong decline during 1960.

The Lone Star State lost a million out-of-state visitors last year, according to the 1960 Texas Tourist Industry Report released today by the Texas Highway Department.

The total number of tourists visiting Texas last year dwindled to 8.6 million, as compared with 9.6 million in 1959. Tourists spent a total of \$437 million in Texas during 1960, a figure well below the state's peak tourist year, 1957.

Herbert C. Petty Jr. of Carrizo Springs, Chairman of the Texas Highway Commission, said he is "deeply disturbed" at the consistently downward trend of the Texas tourist industry in recent years.

"Tourism is a vital factor in the economy of our state," Petty said.

Tourists pay \$17 million annually in direct state taxes. The decrease in our tourist trade means a loss of millions of new dollars to our economy and a drain on our tax resources," he said.

The sharp year-to-year decline in tourism since 1957 is the direct result of aggressive competition from other states.

"We are engaged in a 'war bet' between the states for the tourist dollar," he said.

However, Petty said he sees a "silver lining" to the tourist situation. He pointed out that the current session of the Texas Legislature is now studying a budget request for \$300,000 a year for the next biennium to be used for tourist advertising.

When approved by the Legislature, this money would be administered by the Highway Department, which is the state's official tourist agency.

"Texas needs this tourist advertising budget to get back in the competition for the tourist dollar," Petty said.

"When the Legislature approves a media advertising budget, for the first time in history we will be able to compete with other states by advertising Texas tourist resources."

"When Texas enters this field," Petty said, "the experience of other states indicates that a handsome profit could be reaped." He said New Mexico gets back \$34 in state taxes for each dollar spent for tourist advertising and that Arkansas gets back \$40 in taxes for each advertising dollar.

"Some other states get even larger returns," he said, "since tourists generally buy those items which carry the stiffest state taxes."

The Highway Commission Chairman said the Highway Department's Travel and Information Division is now doing all possible "within the limits fixed by law" to attract tourists.

The 1960 Tourist Industry Report reflects this activity, he said. "Although the number of visitors fell off a full million, the tourists who did come stayed longer and spent more—encouraged by the travel information services disseminated by Highway Department Tourist Bureaus plus the cooperative efforts of local organizations."

According to the report, the average visitor stayed six days in Texas, spending at the rate of \$5.91 per day and traveling more than eleven hundred miles. Two out of every three out-of-state visitors were on vacation—and the same proportion had been in Texas before. The Tourist Industry Report is an annual publication issued by the Highway Department.

HOSPITAL NOTES
COGDELL MEMORIAL
ADMISSIONS—Margaret King, 300 Thirty-fifth Street; Jack LeWellen, 414 Thirtieth Street; Annie Westbrook, Rule, Tex.; Ola Jean Whitley, Snyder; Sylvia Westbrook, 2705 Twenty-eighth Street.

DISMISSALS—Beatrice Hobbs; Virginia Calvin, Guy Allen, Mrs. Victor Fulford and baby, Jolynn Ryan, Audie Abercrombie, Earl Milhollon, and Harley Mitchell.

BIRTHS
Mr. and Mrs. Jim Cooper of Cortez, Colo., are parents of a daughter born April 25. Grandparents are Mr. and Mrs. Alfred Cooper of Snyder and Mr. and Mrs. W. G. Mayo of Hermleigh.

Jungle Drums Are Going To Church

By GEORGE W. CORNELL

Associated Press Religion Writer

NEW YORK (AP)—The eerie boom-boom of jungle "talking drums" will sound in 30,000 Methodist churches across the country this Sunday.

The "drums" of the drums, Africa's ancient and effective system for relaying news from village to village, is one of distress: "People of God! Give us help!"

This plea is part of a crash program to obtain doctors, food and funds to aid the troubled Congo.

To dramatize its "Bishop's Appeal For Africa," the Methodist Church has provided recordings to all its congregations, including the drumbeat signals and a narration by television commentator Walter Cronkite.

The earthquake that is shattering human values in Africa is a continuing society catastrophe which threatens all Africa," says Bishop Newell S. Booth, head of Methodist work in the Congo.

"We must help Africa's Christians deal with it."

The Congo, for 100 years a bastion of African missionary work, has 6 million Christians in a population of 13 million. But chaos attending independence has upset much of the order of church, medical care and sustenance.

"About 300,000 people have been displaced, driven from their homes in the central Congo and forced southward where they have neither homes, nor work nor food," said Bishop Booth. "Hundreds are dying of starvation."

Churches are airlifting food to these stricken groups, but supplies are short, and workers on the scene report starvation rampant. One estimate put deaths from this cause at 200 daily.

About 40 Protestant missionaries have joined in forming a cooperative "Congo Protestant Relief Agency," which has shipped large quantities of aid to the region.

It is recruiting 100 additional doctors and seeking a half-million dollars to bolster its aid program. Most of the Congo's 700 pre-independence doctors have left the country. Only about 250 are still there.

These are largely engaged in private practice—Program and Human Catholic missions coordinated have about 80 doctors now on the scene.

The World and National Councils of Churches, and the International Missionary Council are participating in the emergency relief effort, with special agency offices set up in London, New York and Leopoldville.

American Baptists, the Presbyterian Church, in the U.S. (Southern), and the Christian Churches—Disciples of Christ, with major missionary interests in the region, also are pushing aid programs.

FULL-SIZE DODGE DART

WHY YOU SHOULD BUY A DART INSTEAD OF A LANCER

... OR VICE-VERSA

COMPACT DODGE LANCER

In buying a new Dodge, there's only one big decision. What size, compact or standard? Dart (on top) is a full-size Dodge priced model for model with Ford and Chevrolet. Below is our new compact Dodge Lancer. There are three differences between them. Size. Dart is the bigger. Appearance: obvious. And price. We've already established Dart's Lancer's is about the same as Comet, Falcon and Corvair. Otherwise they're mechanical twins.

STANDARD OR COMPACT
YOU GET A GREAT DEAL WITH
DODGE

With a unitized, rust-proofed body. A superbly-controlled ride called Torsion-Air. A battery-saving alternator. And lots more. Pick the Dodge that fits you best. Get it at the lowest possible price. What could be fairer than that?

FREE THE-CLIP IGNITION KEY to fit your present car. A guaranteed 32.50 retail value. Get one absolutely free simply by taking a ride in a Dodge car or truck at any Dodge dealer displaying the big "Golden Key" banner. Offer expires midnight, April 30, 1961.

SEE THE MAN WITH THE GOLDEN KEYS—YOUR DEPENDABLE DODGE DEALER
