Sure enjoyed the Awards Banquet on Monday night, even though the crowd was rather small. Due to conflicts with ball games and other events the number of persons present was lower than usual, but that didn't dampen the spirit of the annual banquet to honor the athletes and academic achievements of our local students.

Bill Anderson of Tarleton State University, addressed the audience and gave some very timely thoughts for both the youth and the older folks as well. After stating "he worked cheap and therefore, all seemed to stay busy", he proceeded to give those in attendance plenty to think about. The athletes and students sure seemed to enjoy the event, and that's the most important thing.

—J—

We haven't gotten very many calls concerning the "Blood Drive" project. So if you are interested in trying to get a Blood Donor project started in Gorman so that a reserve blood supply would be on hand for the community, please call either 734-2294 (Bill Black); 734-2272 (Ray Daniels); or call the Progress at 734-2410. Lets make an extra effort to get this blood project lined up for our community's benefit.

The Lions Club is sponsoring this project.

Well everything seems to be coming right along for the Tradin Days event to be held in downtown Gorman on Saturday. The Gorman Business Alliance is working very hard to get the Tradin Days started here and is doing everything in its power to see that things will be ready for those folks who will be bringing their arts and crafts, and other items to be sold at the event. The Alliance will be making lots and lots of those great Hamburgers and other goodies that they sold at the last big sales day and musical here recently. Funds from the concession will be used for the continuing efforts of the Alliance to put the "Go" back in Gorman. So gather up all the folks and come to Gorman on Saturday. Booths will open at 8 a. m. A musical will begin at 2 p. m. and continue as long as the musicians hold out. So come and spend all day or whatever time you can spare at Gorman's Tradin Days.

—J—

We hope to have some information in the next couple of weeks about a new business opening here up on Highway 6. No details are complete at this time, but an announcement is expected real soon. If it comes about there will be a new building constructed on an empty lot on Hwy. 6 to house the new business. We will have more on this as soon as plans are finalized.

—J—

It seems as though our "Cheap" gasoline prices have come to an end as the price at the gas pump is beginning its way back up. But at least we did get a little break in the skyrocketing gas prices. I guess now we will have a shortage of gasoline so that the giant oil companies will have a good reason to "stick it to us" again. The way the oil situation looks in the USA it wont be long anyway before the USA will be buying ALL its oil from the so-called foreign countries. But guess who owns most of the oil in those foreign countries? The big shots, of course. Anyway, you had better get ready for some "high priced" gasoline.

—J—

We are still trying to get our mailing list on computer so we can replace our old antiquated addressing machine, which has really been causing us problems lately. It has been destroying several address plates each week and Estelle has to make new ones until we can get the computer set up and get the new labeling machine in operation. Then maybe we can get the mailing list straightened out. So be patient with us if we get your paper fowled up in the next couple of weeks. We should have the new system set up by then.

—J—

The Progress anticipates on publishing the Graduation Edition on May 29th congratulating our graduates in grade school and high school. The way the date falls we thought this would be the best date to publish the congratulations. We plan to have pictures of all the graduates and programs for the exercises in the paper.

SEASON OPENED FOR BASEBALL IN GORMAN

Monday night the season opened for the Gorman Baseball Association. The game featured the Gorman Pony League team vs. the Rising Star Pony League. The home team made a great showing with a final score of 15 to 3. Gorman's favor. The Pony League team is coached this year by Ron Childers, and it looks like they are on their way to another good season.

Anyone attending the game Monday night may have noticed that we have yet to find a sponsor for the team. This age group, with their advanced ability, require more advanced equipment than say, the regular little league teams. And, this of course, takes more money. An individual, or a group of individuals, as well as one or more businesses could get together and sponsor this team now, and receive recognition throughout the rest of the season. The Pony League team travels to many of the towns in the area, and your name, or the name of your business would be represented well. Not to mention exclusive coverage in **The Gorman Progress** each week.

In response to last week's article here in **The Progress**, the Gorman Baseball Commission has received enough entries to form a third little league team, the Blue team. A new business here in town, SAV-ON Food, has agreed to help these youngsters out and sponsor the team. In addition to this, Larry Montgomery and Barbara Morrison have made contributions to the Association. It is the

Downtown Gorman will be alive with a variety of activities Saturday, May 17, with a dash of the old time Trades Day when every one brought their wares to sell or trade.

The first of the Trades Day events sponsored by the Gorman Business Alliance will begin at 8 a.m., with booth spaces provided free, and located on the business section side walks. Persons who want to reserve a space may call Gerald Scitern at 734-3110.

At 2 p.m. area musicians and bands will provide entertainment. Those who wish to participate may call Larry Stewart at 734-2276.

The Business Alliance will be in charge of the food booth. Lana Sharp is Chairperson and there will be plenty of delicious grilled hamburgers, nachos and other goodies to eat.

Many people of the area have already made plans to bring new and used items to junk and treasures.

There will be something for everyone and everyone is welcome and urged to come spend the day, an hour or whatever time you choose.

Your participation will help put the GO Back In Gorman.

Let's make this the beginning of big Trades Day each month in Gorman a Special Event.

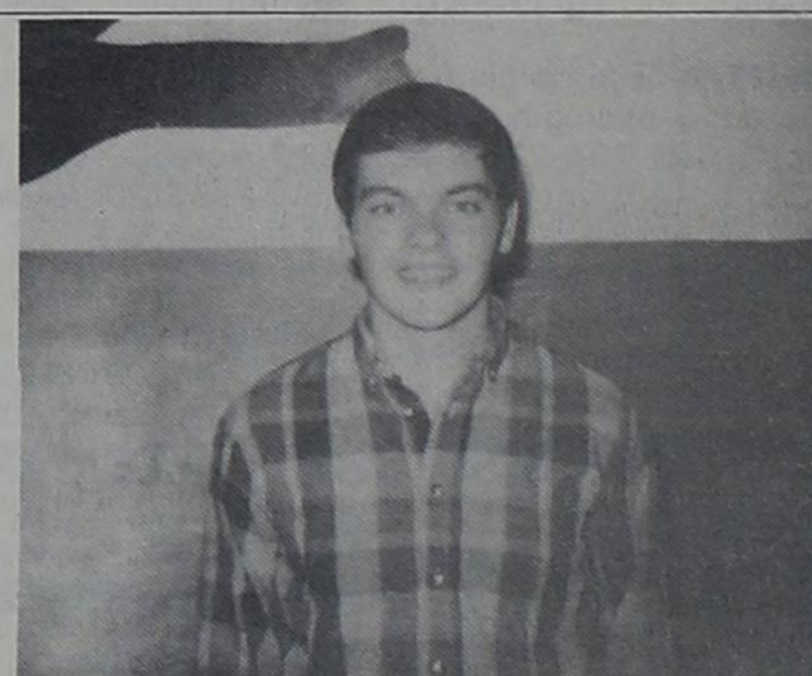

SOUTHEAST DROUGHT - PEANUT SHORTAGE?

Texas peanut growers should be aware that the drought in the Southeast has reached crisis proportions and is seriously affecting the peanut crop there. It has been reported to the Texas Peanut Producers Board that the crop to date is only 40 percent planted. If they do not get rain soon (& there is no appreciable rain in the immediate forecast) the crop could be seriously affected by as much as 40 percent.

The export prices have really strengthened the past week, increasing from .30 cents per pound to .50 cents per pound for jumbo runners. Mediums were .42 cents per pound.

Since the Southeast usually grows 65 percent of the U.S. peanut supply, such a shortage will put a big demand on peanuts from the Southwest.

The Texas Peanut Producers Board advises peanut growers in the Southwest to pay very close attention to the weather in the Southeast for the next 10 to 15 days. It could be profitable to plant the acres needed to fill the gap.

SECOND AT STATE IN SHORTHAND - Randy Anderson won 2nd Place at State U.I.L. in Shorthand with a 99.0 percentage rate. He had a total of 5 mistakes. First place winner had four mistakes.

Mrs. Rowena Wilson is Shorthand Coach. Randy qualified for State in Shorthand, Head Line Writing, and Accounting. This was the First year for Accounting so no contest was held. Randy is the son of Mrs. Jamie Broom of Gorman.

CHEERS TO RUTH HAGOOD AND HER 5TH GRADE STUDENTS - Admiring the finished product are Elizabeth and Ryan Hagood.

To commemorate the SesquiCentennial of Texas, Ruth Hagood's 5th Grade Class at Acton Elementary in Granbury took on the project of creating a Lone Star Flag quilt. Each student in the class took a red or white square and created their own design, (something pertaining to the state of Texas). When the squares were all finished and turned in to Miss Hagood, she brought them to Gorman, where they were pieced together and finished by Ruth's Grandmother, Neva Lee Robertson and her Great-Aunt, Orlena Perdue.

A tremendous project for the students. With a job well done, they have a lot to be proud of. Says a lot for their teacher, also.
