

Solomon Struggle See-Saws House Speeds Action On Draft Bill

Consider Amendment Deferring Students; Revise Quota Methods

By William F. Arbogast
WASHINGTON (AP)—Citing its speed as the answers of a democracy to totalitarian threats, the House Military Committee laid before the full membership Friday a bill to lower the draft age from 20 to 18 years and to prevent married men from being inducted ahead of single men.

Unanimously approved by the committee late Thursday, just three days after President Roosevelt requested it, the legislation was slated by the House leadership for a vote and virtually certain passage Saturday.

Driving ahead with a similar bill, the Senate Military Committee neared an end of hearings amid indications of a final vote early next week.

Student Deferment

As approved by the House committee, the legislation assured high school and college students of deferment long enough to complete their current academic year, provided it does not run beyond June 30, 1943, and revised the set-up under which local draft boards have been meeting monthly quotas.

The student deferment provision, written into the bill at the suggestion of Representative Kilday (D-Tex.), grants a delay only to students requesting it. Kilday conceded it could result in the wholesale deferment of every 18 or 19-year-old student until next July 1.

The great majority of the estimated 450,000 men to be inducted in December of this year, Selective Service Director Lewis B. Hershey had explained, would come from the teenage group if the law were passed. The rest, he said, probably would be used up by April, at which time it would be necessary to call married men without children and single men with dependents.

Consider Dependency

How the scholastic deferment amendment would affect his plans could not be determined. To make certain that Selective Service boards carried out Hershey's announced intention to draft no married man while single men were available, the committee adopted another Kilday amendment to make drafting follow lines based on the degree of dependency.

Under the amendment, no married man would be inducted while there were single men available in his state; no married men with children would be put into uniform while there were available married men without children.

Also approved were amendments to permit the enlistment of youths over 17 with parental consent.

More Men Enlist For Service Here

Upwards of 50 mechanics and technicians from this area have volunteered for service in the Army Air Forces during the first three days of the Midland AAF Bombardier School's recruiting drive, it was announced Friday.

With a Midland recruiting team touring Iowa for the same purpose and almost 100 West Texans who had volunteered previously now back from reception centers, almost 300 new "Keep 'em Flying" men have been added to the AAF rosters by the big bombardier base.

Men Depart for Induction
The first contingent of the new volunteers departed from Odessa Thursday bound for Lubbock and Fort Sill where they will be issued equipment, given physical examinations and initiated into military life.

Military regulations prevent the listing of their names until they have passed the final physical examinations, but among the volunteers were many men who have been prominent in civilian life in West Texas.

The drive, which is featured by the display of bombing trainer planes on the Midland and Ector County courthouses lawns, will continue through next week, it was stated.

The Midland AAF band will tour towns in the area during the week, and officers and men will explain the requirements of the campaign to residents of those cities who are interested.

Applicant Desires Sympathetic Rubber
A request for "sympathetic rubber" was received Friday by the Midland County rationing offices. That was a new one to employees of the office. They informed the applicant that they didn't even have synthetic rubber available yet.

'All We Want Is Another Fortress'

By Wes Gallagher
WITH THE U. S. AIR FORCE BOMBER COMMAND SOMEWHERE IN ENGLAND. (AP)—The crew of a flying fortress which was riddled with bullets in a desperate fight with Reichsmarschal Goering's famed Yellow Nose squadron during the big raid on the Lille area a week ago and crashed at more than 100 miles an hour in the English Channel joined in this declaration Friday:

"All we want is another plane . . . We've got a score to settle with those guys . . ."

The ten men had only one good dinghy and they spent 45 minutes in the icy waters before being rescued.

The crewmen were Lts. Donald H. Swenson of Garpio, N. D., pilot; Fred H. Biedelbach, Waco, Texas, co-pilot; Morton K. Horster of Kendall, Texas, navigator; Alexander G. Cockersole of Belzoni, Miss., bombardier; Sgt. Joseph F. Schwaier of Jefferson City, Mo., top turret gunner; Sgt. Charles L. Irwin, Jr., (Continued on page five)

Producers Will Meet To Study Oil Production

By Brack Curry
AUSTIN (AP)—Texas oil producers, convening Monday to submit nominations for the November oil allowance, will be primed to attack the twin problems of manpower and equipment shortages and to discuss proposals to maintain the flow of essential petroleum products to the armed forces and war factories.

Proposed lease allowances, shortages of pumping equipment and manpower, congested transportation outlets, mushrooming demands of the United Nations for oil liquids, and the possibility of closing down wells making considerable water are catalogued by the Railroad Commission for discussion.

Save Vital Materials
The regular morning statewide hearing will be supplemented by an afternoon meeting "for the express purpose of listening to and considering oil plans which will save vital materials, such as pumping equipment and manpower." Chairman Ernest O. Thompson of the State Oil Regulatory Agency stated Friday.

Informed by Thompson that the plan would simplify operations and help solve problems of manpower and rising production costs, operators will testify on the desirability of the commission establishing lease allowances in its orders instead of (Continued On Page Six)

Jury Convicts Watson; Orders 12-Year Sentence

I. W. Watson, negro hotel operator, was convicted Thursday afternoon on an indictment charging assault with intent to murder, in connection with the wounding of two policemen last May 17, and his sentence was fixed at 12 years in the state penitentiary by a district court jury.

The jurors deliberated about 35 minutes. Taylor Cole was foreman of the jury in Seventieth District Court.

Attorneys for the negro promptly gave notice of appeal and Judge Cecil Collins set bond at \$4,000. Policemen Glenn Hudson and Joe Pierce were injured by gunshot when shots were fired at a police car in the negro section. Officers had received a call to go to that part of the city. Police Chief Lon Tyson and Sergeant Charles Adams, also riding in the car, escaped injury. The officers returned the fire.

Clyde Allen, negro indicted on a similar charge, pleaded guilty recently, but his sentence has not been determined by the judge. Allen waived a jury.

Rescue Torpedoed Merchantmen

In a picture taken from a rescue ship, crewmen are shown rigging a ladder over the side of their ship as they approach a torpedoed and burning tanker, the latest victim of Jap sub warfare off the Pacific Coast. (NEA Telephoto)

Air Power Will Be Key To Success In Pacific

By Walter B. Clausen
PEARL HARBOR (AP)—Air power is playing a leading role in the war in the Pacific—a statement amply supported by the record of action in the Coral Sea battle, at Midway and in the Solomons.

Those directing American military operations agree that sky forces have been Japan's key to success, and that her chief failures have been recorded when she encountered superior American air power.

Captain Commission For Dr. L. A. Absher

Dr. L. Alton Absher Friday received a commission as a captain in the Army Medical Corps and was ordered to report for duty at the Abilene Medical Replacement Center Oct. 29.

Mrs. Absher will accompany him to Abilene and they plan to return to Midland at the end of the war.

Dr. Walden Leggett will continue to operate the Western Clinic Hospital which he and Dr. Absher have operated here.

For more than four years, Dr. Absher has practiced medicine in Midland.

Frank Aldrich To Be Captain In Army

Frank Aldrich, Midland independent oil operator and geologist, Friday was called to active duty with the Army with a commission of captain. He has been in the Army Officer Reserve Corps 15 years.

Captain Aldrich will leave Sunday for Fort Sam Houston. For nine years he has been a resident of Midland. Mrs. Aldrich and their two sons will join him later. They plan to return to Midland at the end of the war.

These leaders, however, emphasized that air power is not the whole story—that aviation must have the support of other branches of the armed forces to prove effective.

All Services Help

The current operations in the Solomons, centering around American efforts to hold and consolidate an air base at Guadalcanal, present a clear illustration of the point in question. American Army and Navy air forces there are receiving the active cooperation of all the services—the fighting ships and transports of the Navy, the Marines, the Army and crews trained in the work of construction and repair.

In these operations the most difficult problem is one of supply—(Continued on Page 6)

Need More Trucks For Scrap Metal Drive

More trucks and pickups are needed for Tuesday afternoon's all-out scrap campaign. Clint Danagan, Midland County salvage chairman, said Friday.

Only about 25 trucks and pickups were listed by committee workers Thursday. More than 100 will be needed for the scrap campaign. More large trucks and cattle trucks are needed.

Truck owners who will make their trucks available for the big drive are requested to telephone the chamber of commerce, 55.

Nazi Siege Army Renews Volga Fight

By The Associated Press
Hitler's siege armies, suddenly renewing the fury of their 53-day-old assault on Stalingrad, reported Friday they had broken through to the Volga in a violent night attack, occupied half of the city and captured the big Dzerzhinsky tractor factory in the northwest section.

Once again, a grave crisis appeared to be developing in the struggle for the ruined Volga metropolis as the Russians acknowledged that German tanks and infantry had knifed dangerously into Soviet defense lines.

Reds Retreat to Volga
Nevertheless, German military quarters admitted that the Red army was "continuing to fight as if nothing had happened."

Nazi troops, perhaps 30,000 strong, led by 100 tanks and supported by 500 planes, were reported spearheading the attack.

Soviet dispatches conceded that the Red army defenders were now fighting with their backs perilously close to the Volga after retreating (Continued on page six)

Mrs. Koonce Dies At Home Of Daughter

Mrs. Rebecca Jane Koonce, 62, a Midland resident for seventeen years, died at the home of her daughter, Mrs. D. Branch, 604 South Mineola, at 8 a. m. Friday.

Survivors include seven sons, Holbert Koonce of Oklahoma, Frank Koonce of Lenora, Texas, N. E. Koonce of Oklahoma, Will G. Koonce, Mt. Vernon, Texas, M. L. Koonce, Lenora, C. A. Koonce, Lenora, and A. D. Koonce, Houston; two daughters, Mrs. Branch, and Mrs. Mae Burris, both of Midland; a sister, Mrs. Nannie Sparks, Hopkins County, Texas; thirty-four grandchildren, and twenty-four great grandchildren.

Funeral services will be held at 3 p. m. Saturday at the Ellis Funeral Home, with the Rev. J. D. Jackson, pastor of the Gospel Hall Church, officiating. Interment will be in Fairview Cemetery.

Palbearers will include Plessie Richers, Frank King, Charles Adams, Pete Porter, Roy Jones, and M. A. Riggs.

Only One Absentee Ballot Cast Here

Only one absentee ballot for the general election had been cast in Midland County at noon Friday, officials in the county clerk's office reported.

Absentee voting started Wednesday at the clerk's office.

West Texas: Rain and cooler.

Tremendous Spurts Of Air, Sea, Land Power In Grim Solomon Fight

By Roger D. Greene
Associated Press War Editor

American and Japanese forces were believed locked in a series of deadly hide-and-seek battles on land, at sea and in the air in the lower Solomon Islands Friday, with the fate of perhaps the whole Southwest Pacific hanging in the balance.

A powerful armada of Japanese battleships, cruisers and destroyers—the first capital ships risked by Japan in its struggle for the 900-mile-long archipelago—was reported maneuvering near Savo Island, immediately north of Guadalcanal Island, while Japanese bombers furiously attempted to knock out the key Guadalcanal air base.

The Navy in Washington announced that 27 enemy bombers attacked the flying field within the last 24 hours, following up an earlier bombardment by Japanese naval guns.

Japs Paying Price
But the invaders were paying a heavy toll in ships and lives, as indicated by a Navy report that three enemy transports, previously damaged by bombs had been beached by the Japanese and still were burning.

In addition, Gen. Douglas MacArthur's headquarters reported that Allied bombers attacking the enemy's far-drawn communication lines in the Northern Solomons had reported Friday noon.

WASHINGTON, (AP)—The Japanese have landed large reinforcements with equipment, including artillery, on Guadalcanal Island and are now shelling American positions on the island, the Navy reported Friday noon.

A large concentration of enemy ships also has been discovered near Shortland Island about 25 miles northwest of Guadalcanal.

seriously damaged a Japanese light cruiser off the southern tip of Bougainville Island.

While Emperor Hirohito worshipped at the innermost sanctuary of the Yasukuni Shrine in Tokyo, seeking the "peaceful repose of 15,021 newly defied heroes," the Mikado's warriors on Guadalcanal faced the guns of U. S. Marines reinforced by regular American army troops and planes.

U. S. Moves To Attack
Strong United States Naval forces were ably backed up the defenders and striking at the enemy fleet in the maze of islands.

With a battlefield about the size of New York's Long Island, blanketed with dense jungles and studied with hills, the reinforced Japanese were reported holding strong positions on the island while American troops apparently moved up to the attack.

The Navy indicated earlier that U. S. ground forces had taken the initiative, inflicting heavy casualties. (Continued on Page 5)

RETAIN VICTORY TAX

WASHINGTON, (AP)—A joint Senate-House conference committee agreed Friday to retain in the new revenue bill the 5 per cent victory tax on all income of individuals over \$624 yearly.

Patriotic Firms Will Close For Scrap Drive Tuesday

Posters announcing they will be closed for Midland's big scrap drive Tuesday afternoon are being placed on doors and windows of patriotic business firms as committee workers complete their canvass to get every business firm to close from 1 p. m. to 6:30 p. m. Tuesday.

It is Midland's major push for the war effort and sponsors expect every patriotic citizen to take part. Employers and employees will donate old clothes and report at the central scrap pile on West Missouri Street, across the street from The Reporter-Telegram, at 1:30 p. m.

Man trucks which will be sent into every section of the city and county. All types of business firms including cafes, drug stores, theatres, filling stations and barber shops will be closed.

Every business firm contacted Thursday agreed to close shop and to participate in the drive.

Scrap In Streets
Firms not contacted may obtain

the patriotic closing posters, which were donated by The Reporter-Telegram, at the chamber of commerce office.

The shortage of scrap metal is the most serious problem facing the United States today and Midland is determined to do its bit by making every piece of scrap metal available to Uncle Sam. The full cooperation of every individual is urgently requested by members of the central scrap committee.

Salvage trucks will traverse every street in Midland and citizens are urged to stack their scrap metal on the street where it may be picked up by the scrap scoopers. Those having scrap hidden from view are asked to telephone the chamber of commerce, No. 55.

Persons residing outside the city limits who have scrap materials to donate should call County Agent I. O. Sturkie before Monday noon.

It is the job of every patriotic American to assist in the scrap campaign.

WAR BULLETINS

WASHINGTON (AP)—An air attack on the Japanese camp at Kiska in the Aleutian Islands started many large fires and destroyed three enemy seaplanes on the water, the Navy reported Friday.

HEADQUARTERS ALASKA DEFENSE COMMAND, (AP)—The Alaska Defense Command disclosed Friday that American troops had taken over another island in the Andreanoff group of the Aleutians.

LONDON (AP)—A Moscow broadcast, heard here by Reuters, said Friday that a big fire put the Nazi submarine-building yards at Trondheim, on Norway's Atlantic coast, out of operation for a long time.

LONDON (AP)—Two British submarines have sunk three Axis supply ships and damaged four others in the Mediterranean, the Admiralty announced Friday.

LONDON (AP)—Henry Morgenthau, Jr., Secretary of the Treasury, was disclosed Friday to have arrived by plane in Britain Thursday.

MOSCOW (AP)—The Soviet Information Bureau reported Friday that numerically superior forces of German tanks and infantry had forced Red Army troops from some streets in a Stalingrad workers' settlement.

Fighting Words for Fighting Men

A British woman war worker chalks a warlike message on the gun of a Covenanter tank, brought to the factory where she works to show workers how the equipment they make is used in fighting machines. (Passed by British censor.)

Cash Basis Plan For Texas

At the general election next month, Texans will vote on several constitutional amendments including House Joint Resolution No. 1. Briefly stated, this resolution if adopted, will authorize the legislature to issue serial bonds to take up the deficit which has occurred in the state's general fund. This deficit now amounts to approximately \$30,000,000.

At the same time, it provides that hereafter no legislative appropriations can be made unless the revenue is available from taxes already levied to pay the appropriations when they are due.

In other words, the purpose of the resolution is to pay off the present debt in the general fund and then run the state on a cash basis.

We never will have economy in state government until the legislature is required to face the undesirable task of levying taxes at the same time it accedes to public demand for appropriations. This amendment written into the constitution of the state will accomplish that purpose.

As the constitution now stands, the legislature may make very liberal appropriations far in excess of available revenue. By this course, legislators may satisfy the group which wants large appropriations and at the same time they do not antagonize the taxpaying element because they don't levy any taxes.

But year by year, they ultimately pile up a debt which the taxpayers must pay. Adoption of the proposed amendment will stop this unsound method of handling state finances because we will first pay the debts we have accumulated and then we are protected from accumulating another debt because if the legislature passes an appropriation it must find the money to pay it.

Texans who believe in sound economy in the operation of the state government, who want the state to pay its bills as they become due and save as much money as possible favor adoption of the amendment.

—Buy War Bonds And Savings Stamps—

Birth Control

In Poland, women are forbidden to bear children without express, written permission of Herr Hitler, granted—or more often withheld—by his authorized deputies. This is true of course only of those not selected to share in the expansion of the "Master Race."

Livestock is more favored in German-occupied Poland. Cows and sows are permitted to bring forth young, provided the offspring are registered after birth and marked with ear tags.

If an animal dies, an official death certificate from a veterinarian is required. Only the Poles are interested if a native man or woman or child dies.

From which it might be argued that the Nazis themselves recognize a kinship closer to beasts than to human beings.

The Pity Of It All

The full impact of the trying days in which we are living never hit us until, quite accidentally, we stumbled on a news item reporting Anne Shirley's \$100,000 suit against the Charles B. Rogers Productions.

It appears that, in a picture, Miss Shirley was shown raising her skirt. Then came a cut. In the next scene nothing showed but legs. And what legs! What legs?

Defendants used a double for Miss Shirley and said double's legs were of unflattering dimensions, belonging to a former burlesque actress, and were more muscular and half again as large as plaintiff's legs.

Truly, these be parlous times. Nothing, apparently, is sacred.

—Buy War Bonds And Savings Stamps—

Coffee Shortage

If there really is a coffee shortage, then all of us will gladly accept rationing. There does seem to be some question, however, how genuine the scarcity of coffee is.

Because of the quantity of war goods we have been shipping to Brazil, cargo space northbound has been relatively ample. The best available figures indicate that we have received around 85 per cent of the usual amount of coffee. Prospects are for an increase during the next few months.

Perhaps much of this has to go to our allies. There may be other explanation for the apparent shortage? Can and will somebody explain authoritatively?

—Buy War Bonds And Savings Stamps—

We Need Scrap

In a single week, shortage of scrap prevented the making of enough steel for three cruisers, or sixty destroyers, or more than 21,000 medium tanks.

Suppose you don't believe all available scrap is being utilized to the best advantage. Are you going to hold back and sulk? Or are you going to dig in and help provide so much scrap that there can't possibly be any future shortage?

—Buy War Bonds And Savings Stamps—

A scientist says the average man speaks about 12,000,000 words a year. Must be more bachelors than we thought.

The Germans are preparing to spend another winter in Russia. Just a slight change in plans.

Every mother should bring up her children except when she's out in company.

Many college students will take a course in pharmacy in order to sell goose liver sandwiches.

The Precious Metal

U. S. Fighting Men Are Well Cared For In Post War Economic Security

By Jack Stinnett

WASHINGTON.—Life for the fighting man of World War II is no downy couch. He has to be rough, tough and a smart jack of more trades than one. But he can go off to the wars knowing that never in history has Congress taken so many precautions to see that service men (and women) get so much pay, legal protection, benefits for dependents and assurance of economic security when they come marching home.

Probably everybody knows that the service men's base pay now starts at \$50 a month; that with the exception of a few grades in the Australian army, the U. S. soldier is the best paid in the world, receiving more than four times as much as a British soldier; 12 times as much as a Russian; and in the case of a private, 160 times as much as a Jap.

It hasn't been so widely publicized that noncommissioned officers and privates get a 20 per cent (and commissioned officers a 10 per cent) bonus for service overseas; that the gets an automatic 5 per cent raise every three years; that if he is a paratrooper, he gets \$50 a month bonus; that there are also bonuses for flying soldiers and men in other hazardous branches; that the lowest private is reckoned by the Army to be earning the civilian equivalent of \$1,700 a year.

The Soldiers' and Sailors' Relief Act of 1940 covers a lot. It authorizes the courts to stay execution of judgment and stay (or even vacate) attachments and garnishments against men in the service. It protects against the lapse of certain life insurance policies; against forced payment while in the service of too burdensome income taxes owed at the time of induction.

By extending the statute of limitations on his debts by that length of time which he is in service, it relieves the creditors of being forced to take action on such debts while a man is in service.

In addition to all of that, Congress has provided that men in the service may take out insurance policies from \$1,000 to \$10,000, in multiples of \$500. There is nothing compulsory about it. After a year they may be converted to 20-pay, 30-pay, or ordinary life policies.

Victory Concert Here Nets \$327 For Uncle Sam

More than 300 Midland citizens enjoyed the first Victory Concert staged in the Midland High School auditorium Thursday night.

The program, the first of a series, was staged by the high school band and music departments and War Bonds and Stamps sold totalled \$327.25.

No admission was charged but all persons who attend the concerts, which are being staged throughout Texas, are expected to purchase War Bonds or Stamps. The concert opened with the singing of "Marching Along with Our Song of Victory," the official state Victory Concert song, by the Girls Choral Club, and closed with the singing of the "Star Spangled Banner."

Jaycees had charge of the War Bond and Stamp sale.

Soldier Can Sell Bonds — And Himself As Well

FORT RILEY, Kas. (AP)—A private from Fort Riley watched while several girls, with indifferent success, tried to sell war stamps to people lined up at a theater box office.

"Look," said the private. "Why not just tell them if they can't afford to buy stamps they can't afford the movies?"

In 10 more minutes the girls sold \$20 worth of stamps. And the prettiest of the girls wound up as the soldier's date for the evening.

WAR QUIZ

1. This Marine insignia was conspicuous in the Solomon Islands operations. The Japs probably know what it represents. Do you?

2. According to Maj. Gen. Lewis B. Hershey, the final manpower goal of selective service is now 8 million, 10 million, 13 million?

3. What does it mean to "open the sea cocks?"

Roundworms can cause real trouble inside you or your child! Watch for warning signs: nagging, "icky" appetite, itchy nose or seat. If you even suspect roundworms, get JAYNE'S Vermifuge today! JAYNE'S is America's leading proprietary worm medicine; used by millions for over a century. Acts gently, yet drives out roundworms. Be sure you get JAYNE'S VERMIFUGE!

From where I sit...

by Joe Marsh

HAPPENED to me only yesterday. I step on the starter of my car. The engine turns over O. K. but she won't start.

So I look under the hood just as if I know what's the matter. Tap a few things with a wrench. While I'm standin' there, wondering what to do next, a young soldier stops alongside.

"Need some help?" he asks.

"Got her almost fixed," I say. "But still she won't start."

"Looks like your carburetor's flooded," he says. "Got a screw driver handy?"

That young soldier knew what he was doin' all right. Went to work just like a professional.

"She'll be O.K. now," he says, straightenin' up and smilin'.

Boy's face looked sort of familiar. And darned if that soldier wasn't young Charlie Jenkins from Elm Street. Used to be a round-shouldered kid—one of those jitter bugs you hear about. Say! You wouldn't know him after six months in the Army. Fifteen

pounds heavier—straight and tan and real sure of himself. The Army's done a lot for Charlie. Made a man out of him—and I guess that goes for lots of other young fellows, too.

The other day I read how some folks worry about the soldiers havin' a glass of beer now and then. Well, after seein' Charlie, I don't think there's much cause for people to fret.

Just like Charlie says—"If you can trust us with guns and ships and tanks, I guess you can trust us with a glass of beer once in a while, if we happen to want one."

And I know the beer industry is co-operating with the Army and the law-enforcement officers to see that beer is sold in good, clean, decent places.

From where I sit, this country's never seen a finer, cleaner, better-behaved lot of men than the ones in uniform today... I'm not worryin' about 'em!

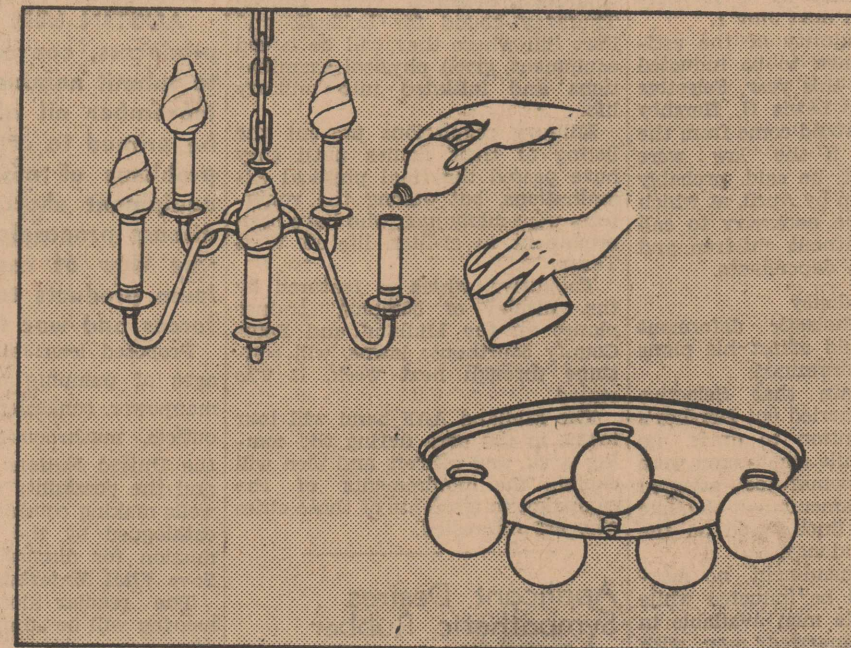

Joe Marsh

Tips on How to—

Improve Your Lighting

Eliminate Colored Globes

Amber-orange and flamelint bulbs in round or flame shape give a mellow amber lighting effect, but give out less light than white bulbs. Replace the colored bulbs in lighting fixtures with inside-frost bulbs of the same wattage if you want more light from these fixtures without using any more current.

YOUR ELECTRIC TRAFFIC OFFICER

FUSES are like a traffic officer on your electric wiring, and when a fuse burns out and stops the current, it's a signal that something is wrong. Keep spare fuses handy and disconnect the appliance that caused the trouble before screwing in a new fuse.

TEXAS ELECTRIC SERVICE COMPANY

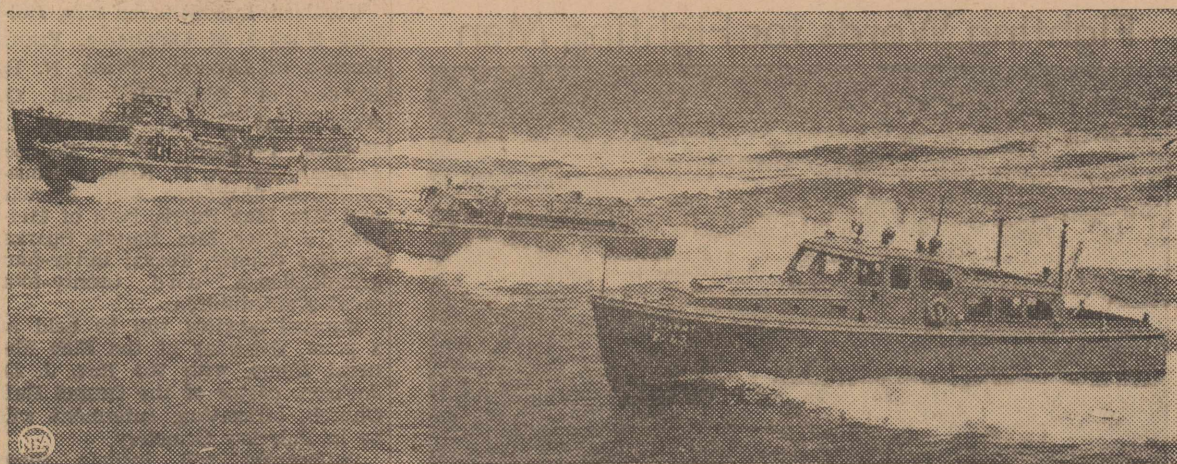

R. L. MILLER, Manager

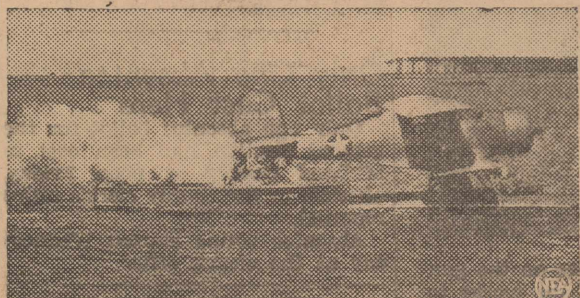

A plane in trouble, streaming smoke, has been sighted attempting to make a landing on the water. The alarm is flashed to the Army's crash boat "navy" and the rescue crews dash out of their quarters where they are on 24-hour alert duty.

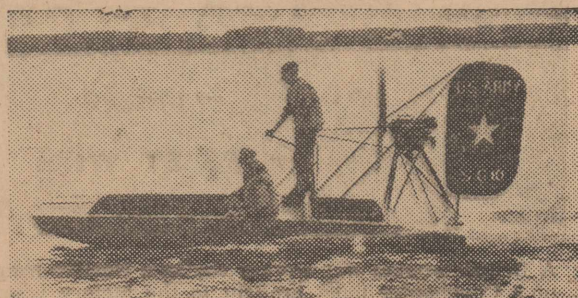

The boathouse is a bedlam of roaring motors as the high-powered speedboats get under way. Each boat is fully equipped with wrecking tools and surprisingly complete facilities for handling injured flyers. Note special "cradle" bunk inside cabin.

To the rescue! Great oversize motors pounding, the crash boat fleet speeds toward disabled plane.

One of the smaller speedboats dart alongside the still smoking plane and has an extinguisher squirting on the fire in jig time.

Queerest craft in the Army crash boat fleet is this "swamp glider." Drawing only six inches of water, it is especially designed for marshy areas.

SOCIETY

Miss Lansdale And Lt. Creson Are Married Here

Before an altar decorated with white chrysanthemums, Miss Sally M. Lansdale, daughter of Col. and Mrs. John Lansdale of Houston, and Second Lieutenant Walter F. Creson, son of the late Rev. and Mrs. W. F. Creson of Maryland, were married at the Trinity Episcopal Church Thursday afternoon with Bishop E. C. Seaman of Amarillo reading the marriage lines.

The bride wore a white wedding gown. She carried a prayer book topped with a spray.

Mrs. Creson attended Hollins College, Virginia. The bridegroom attended the Richmond County Military Academy in Georgia.

Miss Margaret Forristall and Lt. A. J. Connell were the couple's attendants.

Lt. and Mrs. Creson will reside in Pampa where he will be stationed.

Thousands Say TAKE SWAMP ROOT TO AVOID GETTING UP AT NIGHT
Kidney suffers first fast relief with famous Doctor's tonic that helps wash away painful acid sediment. Feel better... sleep like a top!

Thousands get fast, wonderful relief from backache or getting up nights due to sluggish kidneys with the remarkable stomachic and intestinal fluid tonic called Swamp Root. For Swamp Root acts to flush out acid sediment from your kidneys. Thus soothing irritated bladder membranes. Originally created by a well-known practicing physician, Dr. Kilmer, Swamp Root is a combination of 16 herbs, roots, vegetable, balsams and other natural ingredients. No harsh chemicals or habit-forming drugs. Just good ingredients that quickly relieve bladder pain, backache, run-down feeling due to tired kidneys. And you can't miss its marvelous tonic effect!

Try Swamp Root free! Thousands have found relief with only a sample bottle. So send your name and address to Kilmer & Co., Inc., Department 989, Stamford, Conn., for a sample bottle free and postpaid. Take as directed. Offer limited. Send at once! All druggists sell Dr. Kilmer's Swamp Root.

Officers Honored At Dinner Party

Honoring their son, Lt. Le Roy Train, and Lts. Jim Thorpe and Joe Terry, who were members of the graduating class Thursday at the Midland AAF Bombardier College, Mr. and Mrs. L. C. Train of Chattanooga, Tenn., entertained with a dinner party at the Log Cabin Thursday evening.

Those attending included the honorees, Misses Sara Louise Brewer, Marcella McClure, Mmes. Brewer, J. D. McClure, and the host and hostess.

Sgt. D. Killgore Weds Miss Chavous In Church Ceremony

Miss Audrey Chavous, daughter of R. G. Chavous of Augusta, Ga., and Sergeant Doyle Killgore, son of J. B. Killgore, were married Thursday evening in the First Methodist Church with the Rev. Carl Clement reading the vows.

Killgore, who is stationed at the Dalhart Army Airbase at Dalhart, Texas, formerly lived in Midland. He is the brother of Mrs. Frank Brandt of Midland.

The bride wore a navy and white dress with navy accessories to match. Her corsage was white gardenias.

Mr. and Mrs. Frank Brandt were the couple's hosts.

Following the wedding a reception was held at the home of Mr. and Mrs. Brandt, 1010 West Illinois.

The couple will reside in Dalhart.

Country Club Members Will Have Dinner

A dinner will be held at the Country Club at 7 o'clock Saturday night for all members. Bingo and other games will be played.

Members are urged to call the Country Club for reservations.

Midland Girls Are Urged To Register At Cadet Date Bureau

More girls are urged to register at the Cadet Date Bureau on the mezzanine floor of the Hotel Scharbauer by Mrs. C. M. Ellis and Mrs. C. W. Spencer, sponsors of the plan.

Registration hours have been changed to the following schedule: from 11 a. m. to 1 p. m., Mondays through Fridays; from 5 to 7:30 p. m., Mondays, Wednesdays and Fridays, and from 3 to 6 p. m. on Saturdays.

All girls between the ages of 17 and 25 years may register and discuss their interests. Cadets desiring dates will communicate with the bureau and it will supply them with the names of girls with similar interests.

The organization has been described as a "moral boosting" plan by Mrs. Spencer, whereby cadets can meet more Midland girls.

Mrs. J. W. Campbell Is Hostess To Meet

The As You Like It Club met at the home of Mrs. J. Wray Campbell at her home south of Midland Thursday afternoon.

Members sewed during the meeting. Dahlias decorated the home.

Refreshments were served to Mmes. John Allen Sewell, James Adamson, Frank Curtis and the hostess.

Miss Richey And Sgt. Neeper Wed

Miss Elizabeth Jane Richey, daughter of Mrs. Lila Scott of Terrell, Texas, and Staff Sergeant James O. Neeper, son of E. R. Neeper of San Saba, Texas, were married Thursday in Odessa. The Rev. B. A. Rogers performed the ceremony.

The bride was graduated from Gerstmeier Tech High School in Indiana.

Sgt. Neeper is a graduate of W. H. Gibbons High School at Richland Springs, Texas. He is stationed at the Midland Army Air Forces Bombardier College.

Coffee Honors Two Midland Visitors

Honoring Mrs. L. C. Train of Chattanooga, Tenn., and Mrs. O. C. Ryan of Wichita Falls, who came to Midland to attend the graduation exercises Thursday of their sons at the Midland Army Air Forces Bombardier College, Mrs. J. D. McClure entertained with a coffee Wednesday morning at her home at 1707 West Holloway.

Mrs. P. A. Schlosser poured. The guest list included the honorees and Mmes. E. A. Walstrom, W. R. Knight, Tom C. Bobo, J. Guy Millian, Selman J. Lones, and H. H. Watson.

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority
The Southern Appalachian Tournament is promoted by the Junior Chamber of Commerce of Asheville, N. C. Chester Brown, Jr., who is chairman of the committee, was keenly interested in the League's War Orphans Scholarships plan, and during the tournament he announced that Asheville was well on its way to its first scholarship for war orphans.

Brown plays bridge purely for the fun of it, and he certainly enjoyed the sand shown today, which I kibitzed during the tournament.

♠ KJ95	♥ A52	♦ QJ3	♣ J10
♠ 10872	♥ 976	♦ 84	♣ Q742
♠ 63	♥ K83	♦ AK75	♣ K865
Duplicate—None vul.			
South	West	North	East
1♦	Pass	1♥	Pass
1NT	Pass	3NT	Pass
Opening—2. 16			

Sitting East, he let dummy win the first club trick, a mysterious but inspired play. Declarer cashed the four diamonds, West discarding a heart and a spade, and dummy a spade. Then South cashed the heart king and led to the jack, Brown taking his queen.

Brown led the nine of clubs, South played low and West won. West returned the seven of spades, and declarer made a bad guess by playing the jack. After taking his queen, Brown cashed the club ace. Dummy had to let go the low heart to save two spades, but then Brown put dummy in with the heart and the defenders won the last two tricks, setting the contract two.

Sweden To Produce Albumin From Yeast

STOCKHOLM (AP)—Large scale production of albumin from yeast cultures is to be started by the Swedish Yeast Company, according to S. O. Rasmussen, chief engineer of the company.

His company plans to build two factories for the production of between 10,000 and 20,000 tons of dry yeast annually. While less nourishing than meat, Mr. Rasmussen said, yeast albumin is superior to vegetable albumin. He said experiments showed yeast albumin could be advantageously added to soups, flour and butter.

The history of Switzerland as a federated government began Aug. 1, 1291, with a defensive league.

Buttoned Bodice

8129
32-46

Seldom do you find a dress so utterly simple — yet so charming, too. The low neck, with its unusual one button closing, makes the style flattering to one and all, the panel down the front contributes a slowness which enhances every figure.

Pattern No. 8129 is in sizes 32, 34, 36, 38, 40, 42, 44 and 46. Size 34, short sleeves, takes 4 3/4 yards 35 or 39-inch material.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 Wacker Drive, Chicago.

Every family which sews at home should have the Fall Fashion Book, our complete catalogue of latest pattern styles. The price is 15c per copy. Or the Fashion Book may be ordered with a 15c pattern for 25c plus 1c for postage.

Gasoline Will Be Rationed In Texas According To Need

AUSTIN (AP)—Ample gasoline will be made available "for all essential needs in the Southwest and West," Highway Commissioner Robert Lee Bobbitt said Thursday upon return from Washington where he conferred with officials on rationing plans.

Bobbitt, president of the Western Association of Highway Officials, said that Rubber Director William Jeffers assured him that gasoline rationing in Texas and other Western states would be handled "on a local need basis" by local boards. Jeffers plans to make a trip to Texas and other Western states soon "to personally observe conditions and rationing plans in this region," Bobbitt announced in a statement released here.

A Name's A Name — And A Headache

PINE BLUFF, Ark. (AP)—Three Pine Bluffians are having a confusing time these days. They are C. A. Rogers—every one of them. First, there is one C. A. Rogers who is a Presbyterian pastor, another is a carpenter, and the other advertising solicitor for the Pine Bluff Commercial newspaper.

But it could be worse if the son of one of the three, also named C. A., were not away at college. From 1784 to 1788, a state of Franklin was established to govern citizens of what is now the state of Tennessee. The area had been ceded to the United States by North Carolina, and residents feared the national government would not make provisions for their government.

Pensacola Dam on Grand River, northeast Oklahoma, is the largest multiple-arch dam in the world.

Plenty Of Exercise For Everyone At Big Bombardier College

The colonels—both of the spread-eagle and the silver leaf variety—the majors, whether over or underweight, and the captains and innumerable lieutenants were huffing and puffing Thursday at Midland AAF Bombardier School.

There was even the briefest suggestion of the twinkle of a star amid all the arm-flinging, duck-walking and belly-rolling.

The reason for all the commotion was a new AAF regulation which prescribes five hours of exercise each week for every man in the air arm, regardless of rank or previous condition of servitude.

Capt. Brown is Director The measure, regarded by officers and men at the bombardier school as being a wise one, is designed to toughen and strengthen the men in the AAF for whatever strenuous days may lie ahead.

Pending the arrival of a qualified physical officer, Capt. Russell B. Brown, special services officer, is directing the mass exercises. He already has organized countless softball, bowling and other teams and has a full-fledged sports program in the making.

Reduction In Texas' Rates Is Urged By T.E.I.A. President

Employers of Texas have been requested to contact by telegram or letter the Texas Board of Insurance Commissioners at Austin promptly in connection with the public hearing Monday in an effort to have compensation insurance rates reduced further.

A proposed reduction in compensation insurance rates will be discussed at the hearing.

ties on the Japanese in a two-day offensive.

As the south seas campaign erupted to peak violence, word came from New Delhi, India, that Gen. Sir Archibald P. Wavell, British commander-in-chief in India, had returned from an inspection of the northwest frontier under circumstances indicating a possible Allied drive to retake Burma from the Japanese.

"During the visit, General Wavell crossed the Burma frontier," a communique announced, perhaps significantly.

Previously, all British forces were reported to have withdrawn into India after the disastrous Burma campaign last year.

Reliable but unofficial sources in New Delhi said Gen. Wavell gave a "suggestion" that an attack on Burma could be expected.

In this connection, observers pointed out that American and Allied bombers in recent weeks have stepped up their assaults on the Japanese base at Akyab, on the Bay of Bengal just below the Indian frontier, and other targets in Burma.

Lieut. Gen. Joseph W. Stilwell's headquarters announced this morning that U. S. bombers and fighters again pounded the enemy base at Lashio, Northern Burma, Thursday, starting fires visible 40 miles.

Meet Jap Resistance
Jap developments in the Far Pacific scatter.

Madagascar—British troops pressing their occupation of 1,000-mile-long French Madagascar Island off the coast of Southeast Africa, were officially reported to have captured Ambohitra, 142 miles below the fallen capital city of Tananarive.

A British communique said the Vichy French defenders offered stiff opposition four miles north of the town but were overwhelmed.

New Guinea Front—Australian troops driving toward the Japanese base at Kokoda were reported exerting strong pressure on the enemy on the summit of the mile-high Owen Stanley mountains, while American Havocs and Aircobras bombed and machine-gunned enemy troop columns.

Front line dispatches said the Allied advance was being "delayed more than halted" by the suddenly encountered Japanese resistance after 10 days of steady retreat by the enemy.

Eighty per cent of all trips made by trucks are less than 20 miles.

SERIAL STORY

PLAY BY PLAY

BY PAUL DAVID PRESTON

COPYRIGHT, 1942, NEA SERVICE, INC.

THE STORY: Blythe Miller, 19, is in love with Duane Hogan, big, girl-aty star of the Lincoln Field Cadet pilot football team, which her dad coaches. But Duane doesn't know it. Neither does Nancy Hale. Nancy is a young widow of a soldier, and has been given work and a place to live at the field after she and her son have been rescued from an auto wreck by Duane. Now the grateful, adoring Nancy wants Blythe to help her win Duane's love. Instead, Blythe decides pity and friendship can go just so far, and decides to give Nancy a fight for Duane's affection.

NANCY PROGRESSES

CHAPTER VI
ELMER SUMMERS, sports editor of the Journal, first told the facts of the matter publicly, and they didn't make Blythe any happier when she read them. In his column he wrote:

"Out at the Lincoln Field gym, cadet gridders have a New Interest in life. Coach Pop Miller says that he has never seen a team center its emotional attention around a mascot such as these boys have.

"But the Interest there is more than a mascot, it is an inspiration. More than that, it is a dual inspiration, a widow's tears and the mama, mama, ya, ya, ya, only 21, and in appearance is a magazine cover come to life."

Reading it now in Pop's office, Blythe had to admit that all of it was certainly true. Nancy Hale and baby Scooter had everything of personal charm. She read on down the column:

"Mrs. Hale, it seems, is not only a good sport but a good sports-woman. Her late husband, a casualty at Pearl Harbor, had taught her the finer points of tennis, for instance. And since a dramatic accident tossed her literally into the Lincoln team's lap, the players have almost forsaken football for racquets! Pop Miller himself plays tennis, which makes it even harder for him to bowl out his 'lads'.

"Officially, it isn't any of our business; but we in the grandstands aren't officials! We can speculate and gossip in genteel way as much as we please! And so, as the Broadway columnists might hint it—what charming young widow from what upstairs apartment over what gymnasium is being seen more and more with what All-America fullback?"

"That could mean only one thing, Blythe knew; Duane Hogan had come from fullback honors at A. and M., every judge last year had given him All-America rating. But it stung Blythe to know that even the newspapers were seeing what she had seen. Big Duane, rushing Nancy Hale.

SOMEbody tapped on Pop's office door, then opened it. "Hi, Bly!"

"Oh, Hello, Norman." Her tone was flat, lifeless. "Get away from the typewriter and let's talk stuff and things."

"No." "You got the Journal, I see." Norman was obviously pleased about life in general, this noon. "See what Summers wrote?"

"I read it." "Great stuff, huh? For Nancy and Hogan. Good old Hogan!" Bly

Passing Defense Gets A Workout At Bulldog Camp

It was passing and more passing that played the leading role Thursday night as the Bulldogs rushed through their workout sessions. In fact, Coach Gene McCollum must have decided that it was time for a workout himself as he lined up with the second team and took part in a general passing offensive.

The Bulldogs are idle this week before meeting Big Spring here October 23. Chief interest in District 3-AA competition this week centers in the Abilene-Odessa grid tilt at Odessa Friday night. Both teams have been favorites in certain quarters and the game is expected to clear up several points on the relative strength on 3-AA teams.

Other Games
In other district games Friday night, Big Spring meets Lamesa at Lamesa. Sweetwater is host to a luckless Colorado City eleven, and San Angelo meets a non-conference foe in Kerrville.

Since the Bulldogs have had a week of practice for the Big Spring game, Coach McCollum has coached his second team in Big Spring plays. Passing has received major attention as Big Spring has been particularly successful in this department in games this season. The Bulldog second team was making large gains in the first team pass defense Thursday and this department of play will get additional attention next week.

Yankee Got Trimmed By Southern Woman

ATLANTA. (AP)—In domestic relations court it was listed as the case of Jennings vs. Jennings, but the plaintiff who accused his wife of cruelty and running him into debt, confessed it really was a case of the North vs. the South.

Said C. J. Jennings to Judge A. L. Ethridge: "I was considered a Northern man and she was considered a Southern woman, and next to the Union soldier who had both legs and arms shot off by Rebel soldiers, I was the best-trimmed Yankee ever married to a Southern woman."

Divorce was granted.

Barker Picks Iowa Seahawks To Trip Notre Dame; Plenty Other Pickings

By Herb Barker
NEW YORK. (AP). — Taking the weekly buggy ride along the football guessing trail:
Iowa Naval-Notre Dame: Maybe there's some place along their tough schedule that Bernie Bierman's pre-flighters are going to tumble. This corner declines to even try to figure out when that's going to be. These Naval outfits, with their wealth of manpower, apparently are not so susceptible to shams as are ordinary college teams. Iowa Naval.

Army-Columbia: With due respect for the passing prowess of Columbia's Paul Gornall, this vote goes to Army.

Tennessee-Alabama: As usual this is a crucial Southeastern Conference clash. Two bitter rivals, each with plenty of football talent. After due consideration and with not a little trepidation, Alabama.

Texas Christian-Texas A. and M.: The cadets seem to have fallen upon evil football days. T.C.U.

Washington State-Southern California: State has won three in a row; the Trojans haven't beaten anybody. Which makes it hard to justify this hunch that Southern California is due to start maving. U.S.C.

U.C.L.A.-California: This corner herewith gets off the tottering California band-wagon, probably at precisely the wrong moment. U. C. L. A.

Yale-Navy: Might develop into one of the day's most interesting duels. Out of the hat, Navy.

Indiana-Pitt: Since that opening disaster at Minneapolis, the Panthers have been tough. They'll be tough again but this guesser takes Indiana.

Northwestern-Michigan: Plenty of fireworks here, Michigan.

Purdue-Ohio State: The Boiler-makers knocked off Northwestern last week and are ripe for mischief. Still, Ohio State.

Minnesota-Nebraska: Both twice-beaten which, in itself, must be something of a record for these two. Minnesota.

Illinois-Iowa: On the strength of its unexpected victory over Minnesota, Illinois must be picked but beware of the Hawkeyes on a dry field when Tommy Farmer starts passing.

Southern Methodist-Temple: The long trip won't do the Owls any good. S.M.U.

Mississippi State-Vanderbilt: This looks extremely even, Maybe Jack

Boxing Officials Ask NBA Freeze Champions Titles

LOS ANGELES. (P)—Jerry Giesler, as chairman of the California Boxing Commission, has established something of a reputation for espousing the cause of the underdog, but Friday he finds himself going to bat for the champions.

Giesler, in private life a prominent trial lawyer, sees no reason why a fighting man, when he swaps the padded mitts for a rifle and goes soft to the wars, should find himself in danger of being deprived of whatever championship baubles he may have picked up along the way.

So Giesler has proposed to Abe J. Green, president of the National Boxing Association, that the titles of any champions now in the armed services or who enters them subsequently, be "frozen" for the duration.

Giesler is fearful of promotional skulduggeries to take advantage of the boxing champs who enter the services and so are unable to defend their crowns.

Capt. C. E. Bissell Addresses Jaycees

Capt. C. E. Bissell of the Midland AAF Bombardier School addressed Midland Jaycees at their luncheon at the Crawford Hotel Friday. "Archaeology as a Hobby" was the subject of the talk.

"To collect Indian relics for the value of the relics alone is worth nothing," he said. "By so skimming out of the grass... His second shot had landed exactly on top of the first... We don't doubt Ken's word, but it seems that those slices could be used for sandwich filling."

He explained arrowheads used in warfare were so constructed that the shaft would slip off the head, leaving it in the wound. Arrows used in hunting were made to allow the heads to come out with the shaft so they might be used again.

Dick Hammond was named state Jaycee director, replacing Taylor Cole, recently appointed a state vice-president.

Clint Dunagan, president, announced a special entertainment would be held next weekend, with the losing side in the recent membership contest as host.

Guests and new members introduced included C. O. Smith, Dallas, the Rev. George Sullivan, Pecos, and the Rev. Vernon Yearby, the Rev. H. H. Hopp, the Rev. A. Smith, John Matthews, Al Boring, Morris Pruett, Ray McAshen and Grady Brown.

Draft Board Observes Second Anniversary

Midland's draft board will observe its second anniversary Saturday. Two years ago Friday was registration day and the office was opened the next day.

W. L. Simmons has been a member of the Midland Selective Service since it started. He now is chairman. Other members now are H. G. Bedford who has served almost two years on the board and Daniel H. Griffith, recently appointed.

Mrs. Velma Flannery has been connected with the board's office since it first opened. Mrs. Alma Jean Sloan has been in the office since March 1.

C. C. Keith, secretary of the board for almost two years, now is in the Army Air Forces at the Midland Bombardier College. Griffith now is board secretary.

Gile Appointed Head Of Bay Petroleum Here

The Bay Petroleum Corporation has opened offices in the fourth floor of the Petroleum Building, with Richard E. Gile as geologist in charge of its West Texas-New Mexico division.

Gile has resided in Midland more than eight years, having come here from San Angelo as geologist for the Tide Water. He later was district geologist for British American and for the last year has been engaged in consulting work.

Here to supervise opening of the new offices are C. U. Bay of New York City, president; Roland V. Rodman of Denver, Colo., vice president and general manager; Hal Craig of Wichita, Kas., production superintendent, and B. W. Beebe, also of Wichita, chief geologist.

Livestock

FORT WORTH. (P)—Light supplies of cattle and calves steady. Hogs mostly steady; closing prices 10-lb. lower. Day's top 14.00, packers paying up to 14.50, late top 14.35. All classes sheep and lambs fully steady.

Sports Roundup

By Hugh Fullerton, Jr.
Wide World Sports Columnist
NEW YORK.—One reason why Ohio State is rated the No. 1 football team so far is that Paul Brown tells his boys to take a chance with running the ball instead of kicking when they have a foot or two to go on fourth down... And so far they've been getting away with it.

And Bernie Bierman, whose Minnesota teams seldom passed, has become air-minded since he shifted to the Navy's Iowa pre-flight school... The Seahawks have thrown 50 passes and completed 28 in four games.

Friday's Guest Star

Ed Ray, Tampa (Fla) Times: "The war has done one good thing for sports—eliminated the 'let's fire the coach' clubs throughout the nation."

Monday conversation among the quarterbacks sounds about like this: "Gee, I hope we don't lose our coach before the end of the season. I don't know where we'd get another."

Par-A-Graph

Ken Alta of the Waterbury (Conn) Republican tells one about a golfer who sliced his tee shot into newly-mown rough. He played a provisional ball and decided to go on with it when he found it nicely set up on the cut grass while the first ball couldn't be located.

When he swung, two balls popped out of the grass... His second shot had landed exactly on top of the first... We don't doubt Ken's word, but it seems that those slices could be used for sandwich filling.

Nazi Siege-

(Continued from page 1)
to new positions under cover of darkness before dawn Friday.

At noon, the Russian command said the Germans had seized several streets and indicated that Soviet troops had little room left for maneuvers in one section on the west bank of the Volga.

Maintain Flank Positions
At the same time, the Russians were officially reported to have gained fresh ground in local attacks against the German flanks north and south of Stalingrad, and maintained their defenses in the mountain passes deep in the Caucasus, where the Nazis are driving toward the Grozny oil fields.

Other major developments:
Europe in Revolt: A wave of violent disorders, marked by bomb throwing and bloodshed, was reported sweeping Unoccupied France Friday as French workers rebelled against increased Nazi pressure for labor to bolster the Hitler war machine.

Reports reaching London said German firing squads had executed 500 Serbs charged with fomenting a new insurrection against the Nazi conquerors of Yugoslavia.

Malta Downs 14

Western Air War: Hundreds of Britain's biggest four-motored bombers returned to the attack Thursday night on the battered Rhineland city of Cologne, target of history's 1,000-plane raid last May 30, striking in one of the biggest attacks against Hitler's war foundries in weeks.

Battle of Malta—British defenders of Malta were officially credited with shooting down 14 more Axis planes over the Mediterranean island citadel Thursday, making a five-day total of 95 enemy planes destroyed since the Germans and Italians began their intensive pounding of the stronghold Sunday.

Two Games Will Be Broadcast Saturday

Two conference games are on the Saturday afternoon program of broadcasts.

Up in Little Rock, the Texas Longhorns meet the Arkansas Razorbacks in Texas University's first conference game of the season. Broadcast time is 2:20 and stations carrying this game will include KGKO, Fort Worth, and KTSA, San Antonio.

The other conference game finds Texas A&M meeting TCU at College Station. This game will come in over stations WFAA, Dallas-Fort Worth, and WOAI, San Antonio.

Arthur Carmody, president of the North Central Texas Oil Company, is in Midland on business. His headquarters are at Shreveport.

SPECIAL SUITS and DRESSES

Producers Will-

(Continued from page 1)
per well allowable where lease allowables are practicable.
Opposite Views
Predicting that the proposed change would cause drainage from one lease to another, Culberson expressed "grave fears" that conditions which marked early development in East Texas would return and that the prevailing practice would be for operators to produce their entire allowable from wells offsetting the adjoining lease.

Culberson suggested that the commission, instead of setting specific shut-down days, provide only the total number of producing days during the month, leaving selection of the producing days to the convenience of the operator who could accommodate production of the lease to fit his manpower.

Thompson advanced lease allowables as the answer to the shortage of steel for pumping equipment, proposing that the allowable of the well for which no pumping equipment can be obtained be assigned to the equipped well.

MATTY BELL HEADS GEORGIA NAVY PRE-FLIGHT PROGRAM

Lt. Comdr. Madison (Matty) Bell, until this year coach at Southern Methodist University, now is directing the physical program of the U. S. Navy Pre-Flight school at Athens, Georgia.

Lt. and Mrs. W. C. Dragsic left for Big Spring Thursday night where they will make their home and where he will be a bombardier instructor in the Air Corps school there.
