## Dutch Again Offer Indonesians Partnership In Peace Proposal

**BATAVIA—(P)**—The government of the Netherlands East Indies, trying to restore order in this land wracked by a struggle for independence, made public Tuesday a plan for "rapid development of Indonesia as a partner in a kingdom which will be constructed to guarantee the self-respect of all member-peoples."

H. J. van Mook, acting governor general of the Indies, who released the program, disclosed that it had been presented more than a week ago to Indonesian nationalist leaders as a basis for settlement of their demands. He expressed his hope for a speedy return of order to Java so that a round table conference might be convened to discuss all aspects of his proposals.

His statement was issued in an atmosphere of growing tension, emphasized by a new outbreak of street fighting in Batavia between Indonesian extremist and Dutch troops.

**May Increase Hatred**

Indonesian leaders were reported to have urged Van Mook not to release the document, fearing that his proposals—which are far short of their demands—would only increase the rift between their people and the Dutch.

In essence, Van Mook's statement was a reiteration of previous Dutch offers to grant the Indonesians self government and independence within the limits of Dutch commonwealth, but it was reinforced by assurances of racial equality and full partnership with the Netherlands.

Dr. Soekarno, above, engineering graduate and founder of nationalist party, is President of the Indonesian Republic and leads insurgent nationalists in fight against British and Dutch forces in Java.

## Midland Wildcat Discovery Taking Completion Gauge

**By JAMES C. WATSON**  
**Oil Editor**

Humble Oil & Refining Company No. 1 Buchanan, East Midland County wildcat discovery, in Baldridge survey No. 32-092, produced an average of 12.5 barrels of oil per hour during first 18 hours and 40 minutes of a 24-hour potential test.

Total flowing recovery during that period was 268.2 barrels of fluid, through an 11/32-inch tubing choke. Average shut-in was 8.9 per cent water.

Operator estimated total net oil recovery at 244.3 barrels. Tubing pressure varied from 2,950 pounds to 350 pounds, and casing pressure was 2,950 pounds. The completion test was to be finished at 10:50 a.m. Tuesday.

**Flowed And Died**

Humble No. 1 Parker, South Andrews County possible discovery, in north-east quarter of section 24, block A-41, 1st survey, was swabbing on perforations at 8,700-50 feet.

Fluid was within 1,000 feet of the surface. Recovery was oil and basic sediment and drilling water. No gauge had been reported, but it was said the fluid was 66 per cent oil and 34 per cent basic sediment and water.

The well made a slight flow around midnight Monday and then died. It was shut in at daylight Tuesday, at which time the swabbing was resumed.

**Slight Indications**

The Texas Company No. 1 Thomas, West Elmer County prospector to the Ellenburger, in northeast quarter of section 8, block 45, TP survey, T-1-S, one-half mile east of the discovery well for lower Ordovician production, was swabbing on perforations at 0.168 feet in Simpson sand and shale.

A drillstem test at 9,073-9,138 feet, for one hour and 45 minutes, recovered 205 feet of slightly gas cut drilling mud, with a slight show of oil.

**A Good Pumper**

L. C. Harrison, et al, No. 4 Percy Jones, 990 feet from south and 330 feet from west lines of lease in section 9, block 30, TP survey, on west side of the Iatan-East Howard field in East Howard County, reported a 24-hour pumping potential gauge of 538 barrels of oil after treating at 2,733-2,838 feet with 4,000 gallons of acid. Gas-oil ratio was 465-1, and the oil was 30.1 gravity. This is one of the best wells completed in that area in a considerable time.

Definite location of DeKalb Agricultural Association, Inc., No. 1 Jones, West-Central Andrews County wildcat to test the lower Permian, two miles east of closest oil well from that formation on the south side of the Drinkard field, in Southeast Lea County, New Mexico, is 660 feet from north and 638 feet from west lines of section 15, block A-40, 1st survey.

This project was reported Sunday as having been staked at the center of northwest quarter of the section. Application to drill, filed Monday afternoon with the Railroad

## Gen. DeGaulle Resigns But As Formality

**PARIS—(P)**—General De Gaulle submitted his resignation as provisional president Tuesday to the constituent assembly, returning the reigns of government to France's first elected legislative body in five years.

The assembly, charged by the electorate with writing a new constitution for a Fourth Republic, was expected to ask De Gaulle to continue a caretaker government until later in the week. Then the delegates will name a new provisional president to serve during the seven months assigned the assembly for its task. There seemed little doubt that De Gaulle would be returned to office as provisional president for that period also.

At its opening session Tuesday the assembly heard its first chairman, 81-year-old Paul Cotruoi, call for "not only a political, but also an economic and daringly social democracy."

## Overstreet Heads West Texas C Of C

**ABILENE—(P)**—Hamm Y. Overstreet of Farwell, Texas, was elected president of the West Texas Chamber of Commerce at the closing session of its 28th annual meeting here Monday.

Overstreet, elevated from a vice president, succeeds E. W. Hardin of Amarillo.

Other officers named were H. C. Custard of Cleburne, Grady Mitchell, San Angelo, and C. P. Dodson, Decatur, vice presidents; Malcolm M. Meek, Abilene, treasurer; D. A. Bandoen, general manager since 1928, was re-elected.

John Mitchell of Odessa was re-elected director for this district.

## Retired Texas Oil Man Dies In Tulsa

**TULSA, OKLA.—(P)**—George W. Whitman, 93, a retired oil operator often termed "the man who was born with petroleum," died Monday night at the home of a daughter, Mrs. M. M. Triplehorn.

Whitman, once an outstanding independent producer in Ohio and Texas oil fields, was born near Tinsville, Pa., only a short distance from the first commercial oil well.

Until retirement 10 years ago Whitman remained active in the Burk Burnett Field in Texas and in Oklahoma operations.

Survivors include two daughters who live in Fort Worth, Mrs. D. R. Triplehorn, and Goldie Whitman.

### Wage Liberalizer

Judge John C. Collett, above, stabilization administrator, has been authorized by President Truman to put liberalized government wage policies into effect. The new policy is intended to simplify pay boosts which formerly required federal approval.

## Women, Children Ate Grass To Keep Alive In Manila

**MANILA—(P)**—A Spanish priest and a Filipino laborer, testifying at the war criminal trial of Lt. Gen. Tomoyuki Yamashita, recounted Tuesday the starvation, torture and massacre of 6,000 Filipino and Chinese civilians by Japanese troops before the fall of Manila last spring.

Men were thrown into the old dungeons which served the Spanish 400 years ago. Women and children, he said, were kept without food in the church compound until they were so hungry they ate the grass and roots of the patio gardens.

Earlier, an 11-year-old girl, Rosalinda Andoy, showed the military commission conducting the trial the scars of 38 bayonet wounds.

Her father was taken away to be murdered, and her mother and her aunts were bayoneted before her eyes. Even while her mother told her to "be a good girl, dearest," a Japanese used the woman for a live bayonet target, the frail girl testified.

## Body Of Texas Girl Recovered From River

**NICHOLS, N. Y.—(P)**—The body of Faye Armstrong, 21, of Denison, Texas, who rode to death with her army officer fiancé when their automobile plunged into the Susquehanna River Sunday, was recovered Tuesday.

The body was found slumped over a door of the car, about a half mile from the point where it left the Nichols-Sayre, Pa., road on a bridge approach.

Sheriff's deputies and state police continued searching for the body of Miss Armstrong's fiancé, 2d Lt. John Coleman, 21, of Waverly.

## Two Army Airmen Die In Perrin Field Crash

**SHERMAN—(P)**—Two Army airmen, one from nearby Perrin Field, were killed Monday in the crash of their training plane nine miles west of the field, it was announced Tuesday.

Sheriff's deputies and state police continued searching for the body of Miss Armstrong's fiancé, 2d Lt. John Coleman, 21, of Waverly.

Herd was a geologist in Midland before entering the armed forces.

## HUNDREDS QUIT JOBS AT ATOM BOMB PLANTS

**WASHINGTON—(P)**—Maj. Gen. Leslie E. Groves said Tuesday hundreds of workers, key men and scientists are quitting the atomic bomb project because of uncertainty over the future of their jobs.

## Conferees To Shy From Pay Issue Fight

**By STERLING F. GREEN**  
**WASHINGTON—(P)**—CIO's fight to get the wage-increase issue before the national labor-management conference seemed foredoomed Tuesday to failure.

As President Truman's industrial peace parley buckled into its first working day, the AFL joined management delegates in opposing discussion of the wage question.

The decision will be made by the conference executive committee, to be created Tuesday.

The committee will be made up of two members each from the "big four" of the conference—AFL, CIO, National Association of Manufacturers and United States Chamber of Commerce—with Conference Chairman Walter P. Stacy presiding.

With AFL's two votes added to the four for management, the CIO apparently was to be outvoted. Spokesmen for both industry groups have declared either publicly or privately against a discussion of wage levels.

**Aim: To Stop Strikes**

This would restrict the business of the conference to the seven-point agenda already prepared; that is, to a search for specific ways and means of settling labor disputes without a rash of reconversion-obstructing work stoppages.

President Truman, in opening the meeting Monday, declared that "the whole system of private enterprise" depended on the finding of such methods. He did not mention wages.

Chief items on Tuesday's program were the appointment of several committees to do the spadework on each topic of the conference agenda, and two and one-half hours of "general discussion."

John L. Lewis, who sat silent Monday as the lone delegate of the unaffiliated United Mine Workers, would not tell reporters he stood on the wage question. He has not been invited to a place on the powerful executive committee, and he said he was undecided whether to speak on the conference floor Tuesday.

CIO President Philip Murray Monday declared that the country faces a "major collapse in labor-management relations" because of industry's reluctance to negotiate on labor's demand for restoration of the loss in wartime take-home pay.

Wallace Hammers, executive secretary of Commerce, said he had reported there were clear indications that basic wage rates could be raised substantially in many industries without increasing prices generally and without impairing industry's profit position.

William Green, AFL president who spoke late Monday, said that

## Lewis And Murray Exchange Hot Words

**WASHINGTON—(P)**—A hot exchange between mine union leader John L. Lewis and CIO President Philip Murray Tuesday threw the labor-management conference into dispute over Lewis' demand for a bigger role.

Lewis came out of the scrap with a temporary victory by obtaining delay in conference action on creation of an important executive committee pending settlement of a controversy over union representation.

A proposed agenda for the conference called for an eight-member committee, with four places each for labor and management. Labor's votes were to be divided equally between the AFL and CIO. Lewis demanded places on the committee for his United Mine Workers and for the Railroad Brotherhoods.

Murray, one-time ally of Lewis before the UMW leader broke away from the CIO, protested any changes in the committee makeup. Murray declared he had heard reports of a "veritable blitz" by Lewis to get on the conference executive committee.

Lewis jumped up and shouted that Murray's words constituted "despicable and unique German terminology."

Gripping a conference table, Lewis roared that "Mr. Lewis doesn't care a tinker's malediction whether he is a member of any committee" personally. But the UMW chief made clear he wanted his mine workers represented.

Lewis retorted that Lewis, from past acquaintance, knew he never employed "Hitler-like tactics." He added that he was prepared to support all recommendations of the conference rules committee and to give consideration to Lewis' position.

### Top West Texan

M. C. Ulmer

## Ulmer Is Named 'Top West Texan' By WTCC Meeting

M. C. Ulmer, president of the First National Bank, was named "Top West Texan" of 1943 and 1944 and awarded a beautiful plaque at the annual convention of the West Texas Chamber of Commerce in Abilene Monday.

Joe Bridwell of Wichita Falls, in presenting the plaque, described Ulmer as a "top hand."

"No one man has worked more consistently and more unselfishly for West Texas and the West Texas Chamber of Commerce," he said.

Ulmer served two years as president of the organization.

In accepting the award, Ulmer said that only through cooperation can we seek and find our goal. He urged members of the organization to work unselfishly for the advancement and progress of the vast West Texas area, predicting the future will be rich with rewards.

## SECRET FILES SHOW: Germans Pacify British As Army Prepares To Occupy Sudetenland

**By DANIEL DE LUCE**  
**Copyright, 1945, by The Associated Press**

**BERLIN—(P)**—Even as Germany prepared to consolidate her Austrian conquest in 1938, Reichsmarschal Hermann Goering and Foreign Minister Joachim von Ribbentrop were conspiring to allay British fears and clear the way for further aggression—the seizure of Czechoslovakia.

The pattern of lies which passed for Nazi diplomacy had one chief purpose: to lull Britain into inactivity with vague promises of a German-British understanding.

Transcripts of international telephone calls between Nazi leaders, salvaged from a Berlin rubble pile by the merest chance, record these conversations which took place between von Ribbentrop in London and Goering in Berlin immediately after German troops marched into Austria in response to a trumped-up request for intervention:

"Austrians Our People"

Goering: "The sympathy for National Socialism in Austria is complete and to us, surprising, x x x. Actually these were all our people, x x x."

Ribbentrop: "The situation here is—for the moment they have had a great surprise. But generally they are looking at things with common sense."

Goering: "x x x The Czech minister who was with me yesterday explained the rumors that Czechoslovakia had mobilized were made completely out of thin air and they would be satisfied with my word I would not undertake the slightest gain against Czechoslovakia."

Goering: "I solicit most warm German-English understanding. If the English want a really honorable understanding and if the English recognize reciprocally that we also are a proud, free people, then nobody could be more glad than I. For at least we are two brother people."

Chamberlain Wants Peace

Ribbentrop: "I got the impression Chamberlain also has the will for an understanding, x x x Lord Halifax (then foreign secretary) remarked that he was only worried for the Czechoslovakian reaction, and no purpose to do anything there. On the contrary, if we Germans are treated reasonably there, we will also come to an understanding there."

Goering: "It seems as if all is wonderful peace."

Little more than six months later, Nazi soldiers violated Czechoslovakian soil and occupied the Sudetenland.

## Provisions Stern But Modified In Practice; Secrecy Left Puzzling

**WASHINGTON—(P)**—The Allies made public the much-discussed Italian armistice Tuesday, spiking some old rumors but failing to clear up entirely why the terms were kept secret for 26 months.

Released simultaneously in Washington, London and Rome, the armistice and related documents—totaling some 10,000 words—disclosed that:

1. Exhaustive unconditional surrender terms—officially still in effect—were imposed on Italy.
2. In practice, however, the Allies never invoked some provisions and modified others substantially at frequent intervals.
3. The terms provided for no final dispositions of Italian territory or property.

## Molotov Urges Sharing Of Atom Energy Secrets

**LONDON—(P)**—Foreign Minister V. M. Molotov called for an Allied control of Japan in a Moscow address Tuesday and declared "there ought to be no secrecy about the subject of atomic energy."

In a broadcast address opening Russia's observance of the 28th anniversary of the Soviet revolution, Molotov asserted:

"In the treatment of the defeated we should not let ourselves be guided by our feelings, but only by the necessity to prevent a new aggression. This applies to all countries which bear the responsibility for securing peace."

"We must then mention here the force of atomic energy which was experienced in the war with Japan. Nowadays there ought to be no secrecy about this subject."

This was the first time a high Soviet official had suggested that the United States and Great Britain share their practical knowledge of atomic energy as a means of warfare.

Molotov apparently was designated to make the traditional anniversary address in place of Generalissimo Stalin, who has just returned from vacation.

**China Liberation Important**

## Only \$2,164 Needed For War Chest Quotas

Only \$2,164.59 is needed to reach the quota in Midland County's War Chest Drive, it was learned Tuesday.

Campaign officials said a total of \$20,912.41 had been contributed toward a quota of \$23,077.

Citizens were reminded that Midland Boy and Girl Scout organizations would suffer unless the quota was reached, since the national fund has priority for the funds.

## 'E' Bond Purchasers May Increase Quota

With more "E" series Victory Bond sales needed, Midland citizens were told Tuesday how they might buy more than the \$5,000 annual limit on "E" Bonds.

"Any individual is privileged to purchase an additional \$5,000 in E Bonds for each co-owner named in the Bonds. For example, in a family of five the husband may purchase \$25,000 maturity value by having the bonds issued as follows:

"\$5,000 in the name of the husband with wife as co-owner."

"\$5,000 in the name of the father with his first child as co-owner."

"\$5,000 in the name of the father with his second child as co-owner."

"\$5,000 in the name of the father with his third child as co-owner."

"Issuance of bonds in this form is not confined to members of a family and may be extended indefinitely as long as a different co-owner who does not already hold such bonds is named on each \$5,000." John P. Butler, chairman of Midland's drive, pointed out.

"E" sales Monday amounted to \$4,400.24, bringing the total to \$46,293.75 in that series. Overall sales total \$181,673.75.

## MackENZIE'S COLUMN

By DEWITT MacKENZIE  
AP Foreign Affairs Analyst

Fate certainly is making poor old China run the gauntlet.

Thus far the efforts at reconciliation between the Chinese Communists and the national government have failed to disclose any avenue of escape from the horror of a civil war which in fact is already under way although there has been no formal declaration of hostilities. Hard fighting has developed along the vital rail communications of North China.

This column a week ago said that it looked as though the Chinese Communists were figuring on the conquest of Northern China—where they are in greatest strength—and Manchuria. Developments strengthen that belief.

Indications are that the Red strategy contemplates the seizure of Manchuria, with its well developed war industries and other resources, for a powerful base from which to strike at the national forces. The Communists already hold large industrial and agricultural areas in the Northern Chinese provinces of Shansi, Shensi, Shantung, Anhwei, Kiangsu and Hopei.

Were the Red armies able to consolidate this great and rich territory, the natural development would be the establishment of a Chinese Soviet state, thus splitting China in two. And one wonders whether the war would halt with this partition of the once huge China, or whether it might continue to the bloody finality which would see one side completely crushed. A fight to a finish might mean years of torture for China's 500,000,000.

Manchuria is the key to the immediate future, because of its vast resources. This country possesses one of the richest soils in the world and it is heavily cultivated. There is great mineral wealth—coal, iron, gold and manganese. There is petroleum, and lumber is an important product.

For this reason the armies of both sides are racing to gain control of the railroads running from Northern China into Manchuria.

### Tech May Buy Pantex Plant Near Amarillo

LUBBOCK—(P)—The board of Directors of Texas Technological College here have voted to ask the Reconstruction Finance Corporation to sell the college the \$5,000,000 Pantex Ordnance Plant, 17 miles northeast of Amarillo.

School officials said Monday night if the RFC sells the giant plant, Texas Tech could use it as an adjunct facility for vocational short course training of veterans and as a "proving ground" for agricultural and research projects on a long-range basis.

Covering 16,000 acres, the plant has been closed since the war's end. The Amarillo Chamber of Commerce proposed that Texas Tech take over the unit.

Members of the board, Dr. W. M. Whyburn, president of Texas Tech, and college officials, made an inspection of the plant Saturday.

### Lamp Bulb Chart

60-watt bulbs are used in wall bracket fixtures, two-light table lamps and ceiling fixtures, and small table lamps.

100-watt bulbs are used in most table lamps, pin-up lamps and the smaller type of bridge or floor lamps. It is the all-purpose bulb where a good light is needed.

150-watt bulbs provide the amount of light needed for easy reading or studying, and are used in table or floor study lamps. This size bulb also is used in enclosed ceiling fixtures in kitchens and bathrooms.

100-200-300-watt bulbs are made specially for use in floor reading lamps, to provide enough light for easy reading.

● You buy shoes that fit your feet; clothes that fit your figure. Why not be sure that lamp bulbs fit the lighting needs in your home?

Look at the end of the next lamp you buy. Note the "60 watt", "100 watt" or other wattage figures which indicate the size of the bulb. Then buy bulbs of large enough wattage to provide the amount of light you need for easier seeing, to safeguard the eyesight of those who read or study.

See the Lamp Bulb Chart at the left. It will help you select the proper size bulb to provide Better Light.

Nearly all stores sell bulbs—buy 'em when you shop.

## MEET OF ST. ANNE ALTAR SOCIETY HELD AT PARISH HALL

Mrs. J. W. McMillen and Mrs. Fred Wright were hostesses for a meeting of the St. Anne Altar Society of St. George Catholic Church Monday afternoon at the Parish Hall.

Mrs. J. A. Morehouse opened the session with a prayer and Mrs. J. E. Beakey presided during the business period.

Refreshments were served by the hostesses to Mrs. K. B. Coughlin, Mrs. W. E. Fox, B. A. Kelly, Sarah Kelly, J. J. Kelly, James H. Chapple, Walter Curran, Gene Sweeney, Joe Canon, Earl J. Moran, C. P. Yaden, Ben Dansby, Henry D. Murphy, L. A. Monroe and Allen Tolbert.

## New Officers Named For Auxiliary Of Episcopal Church

New officers for the Woman's Auxiliary of the Trinity Episcopal Church were elected Monday afternoon at a meeting held at the home of Mrs. Chappell Davis. A slate of officers presented for vote was selected by the nominating committee composed of Mrs. Roy Kimsey, James N. Allison and Bob Hamilton.

The prayers and benediction were offered by Mrs. D. C. Sivalis.

Mrs. S. J. Jones was named president; Mrs. Hal Peck, vice president; Mrs. Taylor Cole, secretary; and Mrs. E. F. Alstrin, treasurer.

Mrs. Davis announced that the Auxiliary would attend the meetings to be conducted by Miss Dora Armstrong, missionary to Africa, under the supervision of the United Council of Church Women. These sessions will be held next week at the First Methodist Church. The Auxiliary for next Monday will not be held due to the mission meeting.

Announcement was made that the nursery will be maintained in the Parish Hall Tuesday evening during the dinner meeting at the Schabauer Educational Building of the First Methodist Church for members of the Trinity Episcopal Church.

A rummage sale will be sponsored by the Auxiliary Saturday in the building formerly occupied by Virtues.

Those present were Mrs. Felix Ankley, Jack Bliss, Eric Bucher, John P. Butler, Taylor Cole, Davis, C. L. Griffin, William L. Kerr, Kimsey, Paul Kolm, N. B. Larsh, Jack Lively, J. P. Ruckman, Eugene Russell, W. H. Schaefer, E. H. Shaw, Sivalis, K. C. Slough, E. H. Thompson and Morgan.

## What is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives.

That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved.

In his own case, he was brought back to splendid health. He acquired wealth, too, as well as worldwide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the

greatest mystic he ever encountered during his twenty years in Tibet. Far East. He wants everyone to experience the greater health and the Power, which there came to him.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. U-285, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free books have been printed.—(Adv.)

'THIS IS YOUR WORLD' THEME FOR BAPTIST YWA MEET MONDAY

A program on "This Is Your World," in keeping with the theme "Foreign Missions," was presented at the Margie Schumate YWA of the First Baptist Church Monday evening. Miss Lurline Ponder was hostess for the meeting at her home, 410 North Main.

The meeting was opened with the group singing "Zion Haste," followed with a prayer by Corinne Atkins. Taking part on the program were Misses Atkins, Faye Shelburne, Clara Belle Kelson, Alma Ruth Streeter, Nellie Clark, Ruby Hale and Ponder. Members were told that a sum of \$250.00 of the 2,169,000,000 people on the earth profess Christianity as their religion.

During the business period members voted to change the regular meetings from Monday to Tuesday evenings with plans for the next meeting to be held Tuesday, Nov. 27. Plans were made for the annual contribution to the "Lottie Moon Foreign Mission" Christmas offering. Betty Wood closed the meeting with a prayer.

Other members present were Wilda Drake, Roscoe Green, Wilene Pace, Ruth Wood, the counselor, Mrs. J. S. Griffith, and one visitor, Mrs. Raymond Hall.

## Mrs. W. H. Gilmore Presents Devotional At Woman's Auxiliary

Mrs. W. H. Gilmore presented the devotional at business meeting of the Woman's Auxiliary of the First Presbyterian Church Monday afternoon at the church.

Plans were made to serve coffee one morning at the meeting to be directed by Miss Dora Armstrong, missionary to Africa, next week at the First Methodist Church under the sponsorship of the United Council of Church Women. Upon the recommendation of the executive board, the Auxiliary voted to send Mrs. Gilmore to the Faith and Action Conference to be held in Abilene Nov. 8 and 9.

The group voted to combine the business session with the fourth Monday inspirational meeting. The first Monday of each month was designated as visiting day. Also executive board meetings will be held on the same day and will meet in the homes of members.

Miss Luanna Roach, director of religious education, made a report on the district conference held recently in Big Spring. Reports were also given by Mrs. R. L. Foulkes, foreign mission secretary, and circle chairmen. Mrs. N. B. Winter announced that a social for the two adult Sunday School classes will be held at 8 p. m. Thursday at the church.

The meeting was adjourned with the benediction.

## FAIR WARNING!

The jewelry and gift shows, at which retail jewelers usually buy their Christmas merchandise, were not held this Fall because manufacturers and wholesalers did not have sufficient merchandise to sell that would justify the expense of holding a show.

Anticipating just such a condition, we have been buying heavily in all markets during the summer months and now have one of the most complete stocks of precious metal jewelry in West Texas.

This merchandise will not be here or elsewhere at Christmas time. Therefore we urge you to take advantage of our convenient lay-away plan to supply your Christmas needs now.

Be sure to see our complete line of ladies' diamond watches, the ideal gift for her.

## Van Cummings Directs Program For Christian Youth Fellowship Meet

"Right Here at Home" was the theme of the program presented at a meeting of the Christian Youth Fellowship of the First Christian Church Sunday at the church. Van Cummings was leader of the program and Patsy Arrington had charge of the worship period.

Others having a part on the program were Shirley Brunson, Edwina Hood, Howard Mickey and Bernice Pemberton.

During the business period, plans were made for the district mass meeting for the Youth Fellowship November 23 and 24 at the church in Midland.

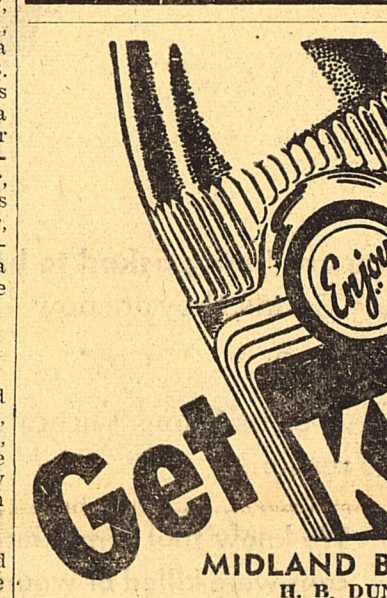

Those present in addition to the members appearing on the program were: Patsy Bray, Sandy Brown, Joe Tom Hood, Don Downing, Norman Cornelius and Mrs. Delbert C. Downing.

# Straight Talk

## about the

# Victory Loan

**You are being asked to buy War Bonds**—Victory Bonds, they are now—after the War is over.

Why?

All of us know, without being told, some of the reasons.

We know that a million and a quarter Americans were killed or wounded and that we must take care of the injured men and the families of the dead.

We know that there are still millions of Americans overseas and that we must bring them home as soon as we can and maintain them till they get here.

We know that the G. I. Bill of Rights gives these men—and rightly—mustering-out pay, loans, education—a chance to make up for the years they have lost—a chance to get a start in the free and peaceful world they won for all of us.

These facts are obvious—just as obvious as the fact that it will take a lot of money to handle the problems they present.

It's also obvious, when you come to think of it, that winding up a war as big as this one is expensive business in other ways. For instance,

huge sums are still required to pay for war materials which were ordered, produced, and delivered some time ago.

These reasons for buying extra Bonds in the Victory Loan are clear and easily understood.

But there is another reason for making the Victory Loan a success which, perhaps, doesn't come so easily and clearly to mind:

In these years of war, the American people have displayed mighty sound judgment.

Man by man, family by family, group by group they have come to accept Bond buying as a way to obtain financial and economic security for themselves as individuals and for their country.

Whole communities have thus changed, in the last few years, from debt-ridden, hand-to-mouth groups to communities of solid citizens with a financial reserve, a financial stake in the American system, and a newly formed habit of regular saving.

As a result of this good judgment, we have been able to hold off a disastrous inflation, finance a good part of the costs of war, and save the incredible sum of 100 billion dollar

And as a result of *these* accomplishments, we, as a nation, stand ready now to win our final battle in the fight to throw off the effects of war and get this country back, as fast as we can, on a solid, prosperous, peacetime economic basis.

To win this final battle, we need only keep on doing, for a little longer, the same things we did so well during 3½ years of war. We need to keep on saving until reconversion is complete.

The next few months will tell the story. And during this critical period, we will only use the brains, the will power, the energy, the enterprise, the materials and resources with which we won our war, we can't fail to win the peace and make this the richest, happiest land the world has known.

Making the Victory Loan a smashing success will be a clear notice of our intentions.

\* Following the Victory Loan, the sale of E, F, and G U. S. Savings Bonds will continue through regular authorized agencies and through the Payroll Savings Plan.

## DIDN'T HIS PALS TELL HIM TO CLEAN THE FISH?

MILWAUKEE—(AP)—Bill Blocker volunteered to fry the string of fish he and his pals caught on their last fishing trip.

He put the cleaned fish into a big paper bag into which he had poured a covering mixture and shook the bag so the fish would be nicely coated.

Then the fryer pan he tossed the fish and bubbles oozed up from the skillet. Blocker investigated, then explained to his hungry pals he had put soap chips instead of corn meal in the bag.

negotiation of control of all the Allies over Japan," he said. "In this question no satisfactory results have yet emerged, but the importance of satisfactory results is clear to all."

Molotov told a cheering crowd that, with victory in war, "now we can return to peacetime labor."

The foreign commissar, deputy chairman of the Council of Peoples' Commissars, said the main strong-points of aggression in west and east had been liquidated. The radio said the celebration opened amid scenes of great rejoicing.

Generalissimo Stalin was proposed as honorary chairman of the proceedings, the broadcast reported. Commenting on the defeat of Germany, Molotov said:

"The Anglo-Soviet-American coalition was successful. The second front in Western Europe, with Germany in a vice, made Germany's position impossible."

**Avoid New Aggression**  
"Now that peace has come, every effort must be made not to permit a new aggression," Molotov said. "Formation of blocs in Western Europe will not create a peaceful Europe."

The foreign commissar was quoted by the Soviet monitor as stating that the war-born British-Soviet-American coalition was being tested in peace and that the failure of the recent London Conference of Foreign Ministers was a warning of pitfalls ahead.

"But difficulties arose before, too," he added. "The coalition, however, always found a solution in the interests of all."

## Conference -

inclusion of wages, full employment and legislative matters on the agenda "would make failure of the conference a foregone conclusion."

NAM President Tra Mosher told the conference that industry's delegates came completely committed to "the principle of free collective bargaining despite our serious misgivings as to the manner in which it is being practiced."

Secretary of Labor Schwelienbach scolded both labor and management for practices he said contributed to bad labor relations.

fields and naval ports in Italian territory, regardless of the rate of evacuation of the Italian territory by the German forces. These ports and fields to be protected by Italian armed forces until this function is taken over by the Allies.

8. Immediate withdrawal to Italy of Italian armed forces from all participation in the current war from whatever areas in which they may now be engaged.

9. Guarantee by the Italian government that if necessary it will employ all its available armed forces to insure prompt and exact compliance with all the provisions of this armistice.

**Any Measure Necessary**  
10. The commander-in-chief of the Allied forces reserves to himself the right to take any measure which in his opinion may be necessary for the protection of the interests of the Allied forces for the prosecution of the war, and the Italian government binds itself to take such administrative or other action as the commander-in-chief may require, and in particular the commander-in-chief will establish Allied military government over such parts of Italian territory as he may deem necessary in the military interests of the Allied nations.

11. The commander-in-chief of the Allied forces will have a full right to impose measures of disarmament, demobilization and demilitarization.

12. Other conditions of a political, economic and financial nature with which Italy will be bound to comply will be transmitted at later date.

MOTHER'S HEALTH FAILS

XXVIII  
I OFTEN took mother with me while rehearsing my tableau for the revue at the Palace—I knew she loved this. The Wonder Bar presentation, a spectacle which I originated, did rather well, and I received an offer from Henri Hallais and the famous cartoonist, Rip, to produce and dance two more tableaux for a revue they were presenting at the Theatre de l'Avenue early in May.

I accepted this offer, and there ensued a stormy scene with Henri Varna when I gave him my notice: he resented my leaving the Palace for another house, but it was an opportunity I couldn't pass up.

Mother spent a week or so in Spain, then went to England and wrote she was sharing a house at Marlow on the Thames—about an hour and a half by train from London—with the Australian singer, Nellie Melba. I gathered from the tone of her letters that she was feeling perfectly well and intended singing again in opera, for she spoke of studying two or three times a week in London. One night, just as I was going on at the Theatre de l'Avenue, Marie handed me a telegram. It said: "Mother has suffered a stroke. Please come at once"—signed by a Dr. Maclean, and there was the address of a nursing home in Marlow.

I read it twice before the full horror of that short message became clear to me. Then I automatically went on and did the best I could with my dance. It was impossible to let the performers down because of a personal sorrow. When I came off, Hallais was standing in the wings waiting for me, Marie having already told

in helpless inertia, to drag out her remaining days in a way that would have revolted and horrified her.

During the third week of her illness, she improved enough to speak a few words, recognized my father, and even smiled at the flowers he brought her every day.

FATHER'S finances were in no condition to stand the terrific expenses involved in a long illness, so I did what I could to help by making a quick trip to Paris to break my lease, if possible, and send Marie and the animals to Violette, whose sympathy and kindness, like that of many such friends, were beyond expression. I was trying to do some packing when I received a long-distance call from father. I could hear the anguish in his voice vibrate over the wire as he told me that Dr. Maclean had noticed a change in mother that morning and thought I should come back at once. Violette drove me to Le Bourget where I caught the afternoon plane.

When I arrived in Marlow at 6 o'clock that evening my mother was dead. The doctor cautioned me to get father back to the hotel as soon as possible, for there was a possibility of his having a complete nervous collapse. All sorts of sad details had to be attended to, so I begged him to stay with Bunnie at the hotel and let me do everything. I could not stand the look of utter misery in his tired gray eyes, and the thought of saving him a moment's sorrow that could be avoided strengthened me to spend the night in vigil beside my mother's body. As the nursing home was a Protestant one, father had encountered all sorts of obstacles in obtaining their permission for a priest or nun to remain with mother as he wished.

Perhaps the only consolation to the whole tragedy was that she died in a coma, without fear or pain or ever realizing what happened. Her beautiful face was peaceful as it rested in the pillows of flowers father had arranged. She had died in the old Marlow cemetery, whose dead sleep beside the River Thames.

## Texas Leads In Daily Oil Production Boost

TULSA, OKLA. —(AP)—Daily average crude oil production ran up to 4,313,950 in the week ending Nov. 3, an increase of 43,950 over figures for the previous period, the Oil and Gas Journal reported Tuesday.

Texas led the parade with a 78,300-barrel jump to 1,790,000, and Louisiana gained 9,150 to 502,150, while Kansas slumped 23,000 to 241,850 and Illinois dropped 7,750 to 204,600. California decreased 6,000 to 839,750, and the Eastern area inched up 450 to 62,850. Oklahoma dropped 4,700 barrels to 263,800.

The Rocky Mountain area of Colorado, Montana and Wyoming was off 5,750 to 128,650. Mississippi output increased 1,400 barrels to 53,950.

## Attorney Indicted For Income Tax Evasion

DALLAS —(AP)—A federal grand jury Monday indicted former U. S. District Attorney Joe H. Jones for income tax evasion in the years 1942 and 1943.

The indictment said income for both years was composed of salary as assistant United States attorney and of fees in civil cases.

A special report by the grand jury also criticized U. S. attorneys for engaging in private practice of law while serving as government attorneys.

The grand jury report said they had made a thorough 12-day investigation of the U. S. attorney's office during the term of service of District Attorney Clyde Eastus and Jones.

now is the time to stop and count. If North wins the ace of hearts, ace of diamonds, ruffs five spades and three diamonds, and wins the last trick with the queen of clubs, that adds up to 11; and that is the contract. In trumping the spades out, however, the king becomes good, but if declarer is tempted to discard a losing heart on that king, East will trump and return a trump.

North must trump the good king of spades with the ace of clubs. He will then win the last trick with the queen of clubs and lose only two heart tricks.

**Newsreel Shows Irish Didn't Score On Pass**

NEW YORK—(AP)—Newsreel pictures of the windup of last Saturday's Notre Dame-Navy game have convinced Notre Dame Publicity Man Walter Kennedy and New York sports writers that the Irish failed to score on the now famous pass play from Frank Dancewicz to Phil Colella.

In addition, the films taken by two newsreel companies and shown to football writers at their weekly football luncheon Monday, showed clearly that Dancewicz and Terry Brennan were stopped short of the goal line in their final two plunges from the one foot line following the disputed pass.

The first run of the pictures resulted in a 34-5 vote by those present in favor of "no score." The play was then shown in slow motion and most of the dissenters, including tub thumper Kennedy, agreed that Navy Back Tony Minisi's tackle pinned Colella with his legs across the stripe but with his body and the ball on the field.

In 1943 there were 30,888,134 motor vehicles of all types in the United States.

**A&M's Smith, TCU's Joslin Continue To Pace Grid Offensive**

By The Associated Press  
Freshman Preston Smith of Texas A. & M. made 48 yards against Arkansas last week to keep well in front of the pack in Southwest Conference football ground gaining.

Smith now has 550 yards net on 113 carries—52 yards ahead of Sammit Pierce of Baylor who has made 498 on 67 carries.

Rob Goode, Smith's backfield mate, and John Hoffman of Arkansas are tied for third with 401 yards each.

Leon Joslin, Texas Christian's freshman passing star, went farther ahead last week as he whipped up 105 yards on seven completions against Oklahoma. Joslin now has 604 yards on 38 connections out of 71 attempts.

Jack Price of Baylor is second with 407 yards on 35 completions in 63 throws and Dave Moon of Southern Methodist is third with 300 on 16 completions in 48 attempts.

Texas continues to pace the teams on offense. The Longhorns have 1922 yards in seven games with 1163 rushing and 819 passing. Baylor is second with 1780 yards—1235 running and 545 in the air. Texas A. and M. is third with 1310 and 377 for a total of 1687.

Defensively Baylor is tops, having allowed only 893 yards in seven games—an average of 127.5. The Bears lead in defense against rushing, giving up only 81.9 yards per game. Texas A. and M. has the best defensive record against passing, allowing only 14 completions out of 61 attempts for 224 yards.

The A. and M.-Arkansas game last week set some sort of ground-gaining record. A. and M. made 293 rushing and Arkansas 190—and there was just one pass completed—Arkansas getting it for 18 yards.

Howard Maley of Southern Methodist continues to lead the punters with an average of 40 yards.

**Army, Irish Lead Poll And Alabama Is Rated Third Over Middies**

By MURRAY ROSE  
NEW YORK—(AP)—Alabama's big red elephants and St. Mary's fleet teen-agers have zoomed into higher positions in the ratings of the first 10 college football eleven's as the results of their latest impressive triumphs.

Alabama, fourth a week ago and almost a cinch to maintain their unbeaten and untied record, jumped into third ahead of Navy following the Crimson Tide's 60-19 massacre of Kentucky and the Tars' second narrow squeak in a row, a 6-5 tie with Notre Dame.

The Gaels from California proved their class Saturday in walloping Southern California 26-0 and sports writers the country over, voting in The Associated Press' weekly poll, showered enough ballots on Jimmy Phelan's gridders to boost them into fifth place. The all-conquering Gaels were rated eighth last week.

Army and Notre Dame still ran one-two in the balloting but the Irish had a narrow edge over Alabama.

Of the 101 votes cast, Army received 86 first place nominations and 982 points, based on ten for first, nine for second, etc. Notre Dame collected three top votes and 904 points while Alabama garnered four first placers and 799 points. Navy got three first place votes and 702 points. St. Mary's was honored with two top bids and 486 points and sixth place Indiana was the recipient of the three other No. 1 votes and 445 points. The rest of the top ten was made up of Michigan, Ohio State, Pennsylvania and Columbia in order.

It was Columbia's first trip into the first ten and Oklahoma's Aggies, idle last Saturday, made room for the Lions by dropping from ninth to eleventh.

Three of the big contests next Saturday match members of football's aristocracy. Army plays Notre Dame at the Yankee Stadium, Navy opposes Michigan in Baltimore and Columbia and Pennsylvania will battle it out for ivy league honors in Philadelphia.

The Leading Teams:  
Army (86).....982  
Notre Dame (3).....904  
Alabama (4).....799  
Navy (3).....702  
St. Mary's (2).....486  
Indiana (3).....445  
Michigan.....346  
Ohio State.....280  
Pennsylvania.....218  
Columbia.....167

Second 10: 11, Oklahoma A. & M. 109; 12, Purdue 99; 13, Holy Cross 62; 14, Louisiana State 42; 15, Virginia 24; 16, Duke 18; 17, Texas 15; 18, Washington 7; 19, Tulsa 6; 20, Minnesota 5.  
Honorable mention: Penn State 3; Mississippi State, North Carolina State, Wake Forest, and Southern California all 2 each; Tulane, Georgia, North Carolina, Temple all 1 each.

**Ratliiff Rates Odessa 4th But Says Broncs May Be State's Best**

By HAROLD V. RATLIFF  
Associated Press Sports Editor

DALLAS—(AP)—There have been some changes made in schoolboy rankings. They may not be for the best but then, who knows what is the best the way things are going?

Lufkin, our No. 1 of last week, beat Goose Creek 7-6. Goose Creek, consistently in everyone's first 10 all season, then proceeded to fall before Port Arthur, rated twenty-second, 6-2. Galveston, ranked twentieth, beat Port Arthur. Cleburne, rated sixteenth, lost to unranked Temple by a touchdown. And so on—

Anybody want to buy a slighting used rating system cheap?

Well, nothing to do but go back to our old standbys out at Highland Park (Dallas). Here's the first 10 this week—repeat, this week:

1. Highland Park.
2. Wichita Falls.
3. Waco.
4. Odessa.
5. Lufkin.
6. Amarillo.
7. Paris.
8. Brownsville.
9. Pampa.
10. Galveston.

The second 10: Plainview, Milby (Houston), Marshall, Brownwood, Breckenridge, Crozier Tech (Dallas), Austin, Port Arthur, Goose Creek, Jefferson (San Antonio).

The third 10: San Jacinto (Houston), San Angelo, Breckenridge (San Antonio), Austin (El Paso), Paschal (Fort Worth), Sweetwater, Vernon, Sunset (Dallas), Temple, Cleburne.

We hear Goose Creek was pretty badly crippled for its game with Port Arthur. However, a prominent coach told us several weeks ago the Ganders were overrated anyway. He declared they were big and had plenty of experience but were slow. Trouble is you don't remember those things until they're demonstrated on the field.

Another coach tells us Lufkin has a good team but the boys are too small.

We know Highland Park, Wichita Falls and Waco are big enough and also fast enough.

But it wouldn't be surprising if Odessa turned out to have the best team of them all. Or maybe Paris, and Brownsville must have a good club. It's been a long time since a strong team came out of the Valley. This may be it.

Until the latter part of the 19th century, Brazil was the world's greatest producer of tobacco.

"What's your name, Sonny?"

A POLICEMAN will tell you there's not much you can do to help a child, if he can't remember his name. Or who his father is. Or where he lives.

For a child without a name is a lost child indeed. That's why one of the first things most parents teach a child is his own name.

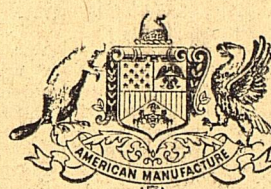

Yes, names are important.

One of the first things people look for on a piece of merchandise is the name of the maker. They want to know its background. Where

came from. Who stands behind it.

A familiar, nationally known trade name identifies the background of a product, assigns the responsibility for it, secures your immediate acceptance. And because this is true, trade names are among the most important guides you have in shopping.

They make buying easier, quicker and a lot more certain. So put your trust in well-known trade names—they speak well for the product.
