Farm Relief-Inflation Program Passed By Senate

Local Option Beer Elections Get Senate Approval

Texans Would Receive Vote After July 1

Legal Sale Of Beer Would Be Prohibited Unless Approval Is Given At State Election On August 26

Opposition Shown

Purpose Of Senate Action Is To Provide Sub-Divisions A Means Of Changing Wet Or Dry Status

(By The Associated Press)

AUSTIN, April 28. — The Texas senate voted today to permit the holding of local option elections on 3.2 per cent beer any time after July 1. The legal sale of beer, however, would be prohibited until and unless the voters approve it at a special statewide election, tentatively set for August 26.

The purpose of the senate's action was to provide a means whereby political sub-divisions could change their "wet" or "dry" status before beer is legalized, if that is done.

Would Remain Dry

Under the proposed constitutional amendment to legalize the brew, communities dry before state prohibition would remain without beer unless citizens voted for a change. Under the beer bill passed yesterday by the senate no local option election could have been held before September 15.

The senate reconsidered the vote by which the bill was passed in order to insert the amendment speeding up the local elections. The amendment would provide that commissioners' courts might call an election any time after July 1. Senators Frank Rawlings and W. R. Poage of Waco, co-authors, said the amendment would force the commissioners to hold a local election on August 26 if ten per cent of the qualified voters demanded it and if the election had not been held earlier.

Bill Given House

The amendment was adopted, 21 to 6, and the bill sent to the house. Opponents insisted it was folly to provide for local elections before it was known whether the voters of the state would approve the manufacture and sale of 3.2 beer.

The regulatory bill and the proposed constitutional amendment awaited house action on senate changes. Proponents of the legislation said they would ask the house to concur.

Jap War Machine Smashes Defenses

PEIPING, China, April 28. (AP) — The Japanese war machine was reported today to have smashed tenacious Chinese defenses south of the great Chinese wall after bitter fighting in which 4,000 on each side were killed or wounded.

That the Japanese intended to drive the Chinese beyond artillery range in the sector but that they do not plan to advance on Peiping were advanced by foreign military attaches as possible reasons for the Japanese onslaught.

The Japanese legation announced tonight the Japanese forces had taken Nantienmen, between Peiping and Kupei pass through the wall, after a terrific advance on three sides and a withering bombing from airplanes and artillery. Chinese fortifications, which withstood eight days of fighting, were said to have been demolished, and the Japanese mastery of the Peiping gateway to Jehol province was believed assured.

Man Who Defended Himself In Trial Given 60 Years

CENTER, Tex., April 28 (AP) — Jack Peddy, 38, who defended himself on a charge of robbery with firearms for the holdup and wounding of a nightwatchman at Tenana, lost his case late today when a jury gave him a sixty-year sentence.

Peddy was one of a group of prisoners who escaped from the Texas penitentiary last November 11 on parole papers prison officials discovered later were forged.

The self-designated lawyer for the defense announced he would offer a motion for a new trial tomorrow and if that was refused, he would appeal.

CONFIRM NOMINATION

WASHINGTON, April 28. (AP) — The nomination of former Governor Nellie Tayloe Ross of Wyoming as director of the mint was confirmed today by the senate.

Guardsmen Rule Town As Farmers Go On Rampages

Martial Law Established In One Area As A Result Of Clashes Over Foreclosures

(By The Associated Press)

LE MARS, Iowa, April 28.— Four companies of national guardsmen with full field equipment ruled this northwestern Iowa town tonight as an aftermath to an attack Thursday by disgrunted farmers upon 54-year-old Judge Charles C. Bradley because he refused to promise postponement of pending mortgage foreclosures.

Four companies of militiamen from Sioux City and Sheldon arrived at noon and established headquarters in the local armory. A medical detachment from Des Moines was en route by motor truck. Colonel Glenn C. Haynes of Des Moines declared the town would be patroled by a military guard with customary peace officers superseded, except in cases which would be placed specially under their jurisdiction.

A second contingent of guardsmen was ordered during the day to Denison, in nearby Crawford county, to establish martial law throughout that area in response to a proclamation of Gov. Clyde L. Herring. The action resulted from a riot this afternoon at the J. F. Shields farm when four state agents and 30 deputy sheriffs attempted to carry out a foreclosure sale on a chattel mortgage.

Between 300 and 500 farmers who had gathered at the farm engaged the officials in battle and fists and clubs flew wildly for several minutes. William H. Zelinsky, state agent, received a slight head injury and about 10 other officers were treated for hurts.

Gov. Herring called out the third battalion of the 168th infantry, which embarked immediately for Denison.

Four-Power Campaign For New Economic Order And Reduction In Arms Is Organized By FDR

France And Canada Take Their Places Beside England And United States; Talk On War Debts Is Held

(By The Associated Press)

WASHINGTON, April 28.—A four-power campaign for a new economic order and for disarmament was organized tonight by President Roosevelt as he concluded the first phase of his international negotiations.

France and Canada took their places beside Great Britain and the United States during the day in the effort for economic stability and arms reduction to be made at the London economic conference and the Geneva arms reduction parley.

War Debts Talked

War debts—the thorn in relations between the United States and European debtors—also came up in a "most frank and friendly" talk today between President Roosevelt and Edouard Herriot, special envoy of France.

As in the case of Great Britain no agreement or plan was proposed but a joint statement from the president and M. Herriot said the exchange of views "will undoubtedly help in determining the steps to be taken hereafter." Future negotiations were hoped for.

Installment Still Due

France still owes her last December 15 installment of $19,000,000. It is known President Roosevelt expects that payment to be made, as well as the installment due on June 15. After the world economic conference he will consider a revision of the debt agreements.

The most friendly spirit prevailed during the busy day at the White House as the happy, confident president held his final meetings with M. Herriot and later with Prime Minister Bennett of Canada and bade them both farewell. Mr. Ben-

Dickey Is Chosen A.B.C. President

Ray Dickey, local automobile dealer, was elected president of the Lubbock American Business club in semi-annual election of officers at the Hilton Friday noon. Dickey will take office in June succeeding Jimmie Kennedy.

Bill Drum was named vice president; R. E. Dick, secretary; Lennis Baker, editor of "The Windmill" and Randolph Rampy, serveant at arms.

Bruce Craig, Lorenz Ellis, Clinton Lackey, J. A. Fortenberry, Fritz Carter, Jimmie Kennedy and B. G. Williamson were named members of the board of governors.

State Legion Chief Speaks

More Than 200 Ex-Service Men Of South Plains Gather In City; Warning Is Sounded By State Commander

More than 200 South Plains ex-service men heard State Commander Carl Nesbitt of the American Legion, of Mineola, and District Committeeman G. Ward Moody of Wellington at a rally at Allen Bros. post home last night.

An entertainment program, featuring the Lewis Walker dance school, the Lone Star band, and other entertainers, was presented. Coffee and doughnuts were served. The visitors came from Muleshoe, Portales, N. M., Slaton, Brownfield, Crosbyton, Bailey, Petersburg, Idalou, Ima, N. M., Amarillo, Fort Worth, Morton, Plainview, Wharton, Tahoka, Abernathy, O'Donnell, Levelland, Silverton, Perryton, San Angelo, and other cities.

Predicts Critical Times

"Let's keep our feet on the ground and think clearly," Commander Nesbitt cautioned. "There will be critical times in this country after 700,000 veterans are cut off."

Nesbitt read a letter from Congressman Wright Patman of Texas outlining what has been done in Washington for ex-service men and declaring that "a watchful, waiting policy" has been assumed. The letter set out that friends of the veterans now have no intention to at-

Flier's Body Is Found In Italy

FLORENCE, Italy, April 28 (AP)—The charred body of Bert Hinkler, Australian airman lost last January in a projected England to Australia flight, was found today in the woods near Pratomagno near the charred wreckage of his airplane.

The airman's passport was found on the body, thus removing the last trace of doubt about the identification.

Efficient And Effective Governing Of City Promised By Boy Officials

LUBBOCK'S boyhood will rule the city today. Mayor Richard Godeke will replace Mayor J. J. Clements, and other replacements will include municipal employes throughout the police department.

Police Chief Rufus Ryan, filling the office of Police Chief Wiley L. Metcalfe for the day, will name 20 patrolmen to guard the city's peace and behavior.

In fact, the police court is expected to be the principal feature of the show, which will begin the local observance of National Boys' Week here. Last year, the boys made the corporation court—or rather its victims—pay dearly. Fines were in candies and drinks, from the city's best known men.

Robert Hale will be corporation court judge; Tol Terrell city manager, and Ralph Brock city secretary.

Godeke last night promised an efficient and effective governing of the city today.

Boys' week programs will be climaxed next Saturday with a large downtown parade, directed by Dr. G. H. Ater.

Federal Funds For Highways In Area Asked

Sixteen Counties Represented At Region-Wide Meeting Of Road Boosters Held In City Friday Afternoon

Adopt Resolutions

Roosevelt, Congressmen And Texas Legislators Will Be Urged To Throw Support To West Texas Plan

RESOLUTIONS urging support of the state legislature, congress, the West Texas Chamber of Commerce and the Texas Good Roads association in an effort to secure appropriations by the federal government for more road construction on the great plains of Texas, were adopted unanimously Friday afternoon by a meeting of the South Plains Good Roads association. Session was held in the Hilton hotel and was presided over by P. B. Ralls, president.

The resolutions, prepared by a committee headed by Jess Mitchell, Muleshoe editor, were adotped in three sections, without debate. As soon as a second was heard, a call for "question" was heard and Chairman Ralls put the motion for prompt action.

To Send Telegram

At the same time it was suggested that a telegram setting forth the local situation be sent to President Franklin D. Roosevelt and this was included in the adoption motion.

On the suggestion of Dr. A. R. Matthews, Muleshoe, each county judge was named a committee of one to see that each county and town in the area send a barrage of telegrams to the members of the Texas delegation in both houses of congress, the president and the state legislature, urging needs and claims of the South Plains for federal roads. It was also suggested that the chamber of commerce and members of work relief committees in each county similarly campaign for the appropriation for road building.

Committee Members

Members of the resolutions committee were: Jess Mitchell, Muleshoe, chairman; Jay B. Slaughter, Post; V. O. Key, Lamesa; G. W. Whitfield, Plainview; Darrell Martin, Crosbyton and A. L. Duff, Seminole.

Guy R. Johnston, district resident engineer of the state highway department; Marshall Diggs, Dallas, financial secretary of the Texas Good Roads association and A. B. Davis, Lubbock, were the principal speakers. Lamesa had a delegation of 26 and Spur one of 10 at the meeting.

During the time the committee was in another room preparing its resolutions report, Chairman Ralls called on those present who had a word to say, to speak. Among those speaking were: H. F. Pipkin, Matador; G. E. Middleton, Crosbyton contractor; Z. E. "Zeke" Fowler, Dickens; W. P. Florence, Slaton; R. L. Brown, Muleshoe; J. Floyd Clause, Jayton; J. H. Hankins, Lubbock;

Threat Letter Is Received By Buyer; Feeling Is Tense

HARLINGEN, April 28. (AP)—Tense feeling among produce growers and buyers in the lower Rio Grande valley increased tonight when officers learned that Buck Barry, Weslaco buyer, had received a threat letter ordering him to leave the state.

Charles Taxin and Louis Haymon, two other buyers who were kidnaped from Weslaco last Monday night, and flogged, left the valley afterward and authorities were unable to find the men who flogged them.

Special Guards Patrolling Oil Area After Dynamiting

KILGORE, April 28. (AP)—Special guards were patrolling lines of the Atlas Pipeline company in the East Texas oil field tonight, after a dynamite explosion today wrecked a section of the company's line near Kilgore, and another explosion damaged the Overton Pipeline company's line southwest of Gladewater.

A large amount of oil wasted was ignited to avoid the creation of a fire hazard.

LINDBERGHS LAND

LOS ANGELES, April 28 (AP) — Colonel and Mrs. Charles A. Lindbergh, completing their casual, cross-country jaunt of inspection for Transcontinental-Western Air, landed at grand central airport in Glendale this afternoon on a short hop from a field a few miles from San Bernardino.

Knights Of Pythias Will Gather For Session Here

State Leaders Will Attend; Program Lasts Two Days

* * *

MORE than 100 Knights of Pythias of the 32nd Texas district are expected here tonight and Sunday for a district meeting. John Lee Smith, grand chancellor of the Knights of Pythias of Texas, of Throckmorton, and other state and district officers are expected.

The program will begin at 7 o'clock tonight, with a barbecue supper for all knights and their ladies. At 8 o'clock, there will be a meeting for knights at the lodge hall and for the women at Hotel Lubbock. There will be a dance beginning at 10:30 o'clock at Hotel Lubbock.

Breakfast On Sunday

Chief event of Sunday's program will be a breakfast at the Lubbock beginning at 7 o'clock. Dr. G. H. Ater, deputy district grand chancellor, will be toastmaster. Mr. Smith will speak. The invocation will be given by the Rev. J. B. McCarley of Turkey; there will be special music by H. W. Moore, accompanied by Mrs. Moore. Mrs. Elizabeth Tipps, grand chief of Pythian sisters of Texas, will discuss "The Pythian Sisters of Texas."

Royal G. Phillips, past grand chancellor, of Tyler; Theodore Yarbrough, grand keeper of the records and seals, of Weatherford, and Claude Christian of Paducah will be other speakers.

Chase Will Speak

The address of welcome at the lodge meeting tonight will be delivered by Glenn C. Chase, commander of the Lubbock lodge. The rank of page will be exemplified by the Big Spring lodge.

"Getting New Members" will be

Widow And Children Named In Will Of J. Perry Burrus

DALLAS, April 28 (AP)—A report of appraisers revealed today that J. Perry Burrus, milling magnate who died Jan. 26, left a community estate valued at $1,466,208.24, net. His interest in the community estate was estimated at $440,039.12. The Mercantile Bank and Trust company was named executor, to hold the entire estate in trust for the benefit of his widow, Mrs. Edna E. Burrus; his daughter, Mrs. Katheryn Burns Caldwell, and his son, Jack P. Burrus.

The trust was ordered to provide an annual income of $15,000 for the widow and $5,000 for each child.

Pauline Phillips Is Crowned Queen

Surrounded by her royal court, Pauline of the house of Phillips was crowned Queen of May in a colorful May day fete held in the Lubbock High school auditorium Friday night. Tol Terrell, king, placed the crown, a circle of sweet peas, upon Miss Phillips' head.

Miss Phillips is the daughter of Mr. and Mrs. H. D. Phillips, 1626 Sixteenth street. She was gowned in white organdie.

Mary Ross Edwards and H. A Watson were duchess and duke of the royal court which consisted of approximately sixty high school students.

During the fete, the high school orchestra played and members of the Glee club sang folk songs of the various countries represented in the court.

Several hundred patrons of the school attended the fete.

Oil Men Are Cited By House For Contempt; Trial Slated

AUSTIN, April 28. (AP)—Charles F. Roeser of Fort Worth, Bryan Payne of Tyler and W. C. Stroube of Corsicana, all oil men, were cited by the Texas house of representatives today to show reason why they should not be held in contempt of it. The charges were in connection with a fight that resulted in injury to Representative Gordon Burns of Huntsville.

The house adopted charges preferred by a special committee that inquired into incidents surrounding a melee in a hotel lobby last Monday night, Burns spent several days in a hospital after the fight.

Man Dies In A Hospital As Result Of A Gas Explosion

FORT WORTH, April 28. (AP)—A gas explosion in his room early yesterday caused burns which resulted in the death today in a hospital here of Ed Deason, 49.

Deason is survived by a son, E. J. Deason, and four brothers, Pat of Oklahoma City, Charles of Temple, Oscar of Wichita Falls and Witt of Canadian.

Measure Is Most Sweeping In History Of Congress; Payment Of Soldier Bonus Is Rejected

Vote Comes After Three Weeks Of Scorching Debates; Final Two Hours Furnish Climax Never Before Seen; Extensive Powers Furnished To Expand Currency, Boost Prices

By D. HAROLD OLIVER
Associated Press Staff Writer

WASHINGTON, April 28.—The administration's momentous farm relief-inflation program was passed by the senate tonight and sent to the house on a surging wave of Democratic and western Republican votes.

The vote, 64 to 20, came after three weeks of the most comprehensive and scorching debates in senate history and climaxed a final two hours of swift-moving events and roll calls that oldest members could not recall ever having been equalled.

Included in these was rejections of the soldiers' bonus amendment, 60 to 28, and a favorable vote of 53 to 32 for an amendment to the inflation plan to increase from $100,000,000 to $200,000,000 the amount the president may accept in silver at 50 cents an ounce in the next six months on the war debts.

Most Sweeping Ever Introduced In Congress

The omnibus legislation, vastly changed since the original Roosevelt farm bill passed the house, is the most sweeping in character ever to go through the congress, although action under nearly all of its provisions is discretionary with the administration.

It vests extensive permissive powers in the president to expand credit and currency by at least $6,000,000,000 and places equally as broad authority in Secretary Wallace to raise further the prices of basic farm commodities through the levying of processing taxes and licensing fees, and through marketing agreements and controlled production.

Three Demos Opposed

The inflation section, offered by Senator Thomas (D-Okla.) with administration approval a week ago, was approved 64 to 21, with only three Democrats voting against it. They were the veteran Carter Glass of Virginia, former secretary of the treasury; Bailey, North Carolina, and Bulkley, Ohio. Another former Democratic secretary of the treasury—McAdoo of California—voted for inflation.

Eighteen Republicans also joined the opposition, while 50 Democrats, 13 Republicans and the Farmer-Laborite, Shipstead, voted for the Thomas amendment.

On final passage of the farm bill, with inflation included, only four Democrats were in the opposition, with Clark, of Missouri, added to the three who opposed inflation. Sixteen Republicans also voted "no", while 48 Democrats, 15 Republicans and Shipstead swept the long pending measure to victory.

FDR Opposes Bonus

Pronounced opposition from President Roosevelt, which Senator Robinson of Arkansas the Democratic leader, relayed to the senate membership, had a decided bearing on defeating the bonus amendment of Senator Robinson (R-Ind.)

The Democratic leader, Robinson, said the president did not want the additional discretionary power to pay the estimated $2,400,000,000 bonus out of the proposed $3,000,000,000 in new currency and would not have exercised it if granted.

He said the bonus certificates were not due until 1945 and the government was trying to wipe out a huge deficit and still had to meet hundreds of millions of short-term obligations which the inflation proposal would help take care of.

To Expand Credit

The controlled inflation contemplates first an expansion up to $3,000,000,000 of credit through open market purchases of government securities by federal reserve banks, and if this is not adequate in getting money into circulation and lifting prices, the president would have the option of:

Directing the issuance of $3,000,000,000 in treasury notes or new currency to purchase outstanding government obligations and provide for appropriations to redeem four per cent of the notes annually for 25 years.

Lowering the gold content of the dollar by not more than 50 per cent, either by proclamation or by international agreement looking to a

Large Liquor Haul Is Made

F. M. Roberts Farm Is Raided And 60 Gallons Of Whisky Is Seized; Charges Filed In Federal Court

Ten cases of liquor were found on the F. M. Roberts farm about three miles east of Lubbock by county and federal officers Friday afternoon. It was one of the largest liquor hauls made here in recent months.

Roberts was charged in federal court with possession of 60 gallons of whisky, and his bond was fixed at $500 by United States Commissioner Victor H. Lindsey.

In Half Gallon Jars

Deputy Sheriff Baxter Honey and two federal prohibition agents made the raid. The liquor, which it was said apparently had been unloaded back of the barn only a short time before, was in half-gallon jars—120 of them.

At prevailing prices for bootleg liquor, from $5 to $6 a gallon, the cache was valued at between $300 and $360.

Roberts was held in county jail late yesterday, in lieu of bond.

Prisoner Held For Amarillo Authorities Given Release

CLOVIS, N. M., April 28 (AP) — Harry Harmons, who has been held here nearly two weeks for return to Amarillo, Tex., to answer an assault charge, was released today from the county jail here. Sheriff E. B. Eastman said Amarillo authorities had not forwarded a warrant for Harmons and they were unable to hold him any longer.

Senate Group Favors Ouster Of Oil Agency

Administration Of Proration Laws In East Texas Field Attacked; Increased Tax On Production Cut

(By The Associated Press)

AUSTIN, April 28. — The senate state affairs committee late today voted eight to six to recommend passage of a house bill to relieve the Texas railroad commission as the oil and gas conservation agency and replace it with an appointive natural resources commission. The bill had already passed the house.

The house passed the bill last Monday by a six vote margin.

Proponents attacked the railroad commission's administration of oil and gas proration laws, particularly in the East Texas field. Opponents insisted the railroad commission had done as well as any agency could have done.

Increased Tax Defeated

Before the bill was reported, the provisions calling for an increased production tax were stricken out. The committee had recommended a tax increase in a separate bill.

The state affairs committee voted, 7-3, to recommend a bill by Senator Moore to repeal the law permitting the railroad commission to limit oil production to reasonable market demand.

Charges Are Hurled

Senator Purl charged that the new commission bill was "a child of the Texas company, the Humble company and the Sinclair company, who are using some so-called independents for mouthpieces."

He stated the major oil companies were willing to pay ten million dollars in taxes "in order to get this commission." He said he wanted to know "why."

"Why swap three men elected by the people for three men you know not whom, to be appointed by Mr. Ferguson?" Purl inquired.

Labor Strife In Illinois Renewed

SPRINGFIELD, Ill., April 28 (AP) Five hundred mine pickets clashed with a detachment of national guardsmen, police and sheriff's deputies at the entrance to Brookside mine here late today in a renewal of violence in the central Illinois labor strife.

John Palber of Springfield, identified by police with the progressive miners union and picket at the tipple, was burned by a blast of tear gas used by the guardsmen in quelling the riot.

Two men, both pickets, were arrested and lodged in jail.

Forty guardsmen from Company K, stationed at Taylorville 30 miles away, fixed bayonets and laid down the gas barrage before order was restored.

Local Man Found Dead In Arkansas Jail Cell; Acted Queerly On Arrest

(By The Associated Press)

HOT SPRINGS, Ark., April 28.—Coroner J. P. Randolph tonight declared after an investigation that Thomas S. Davis, 31, of Lubbock, Texas, found dead in a cell at the city jail here early today, died from natural causes.

Davis had been arrested for creating a disturbance on a downtown street. Officers said he was "acting queerly." City Physician J. F. Merritt said after and examination that Davis might have been poinsoned.

A deep gash on Davis' forehead was said by the coroner to have been inflicted apparently when he fell from a bunk in his cell shortly before his death.

Officers were unable to question Davis at the time of the arrest, and his identity was determined from letters found in

Annual Events Are To Be Of Interest Here Today; Federation Meets

The Woman's Angle

* * *

BY BLANCHE BEAN WILSON
Avalanche Woman's Editor

NOT infrequently, the statement is made to us that "I'll consider it a personal favor if you will give this story your main headlines." Perhaps the story is worth that and perhaps not. The request makes no difference in what actually happens.

• • •

In a newspaper the news is recorded. The position a story receives is based on the interest that readers have in that particular happening, not on the requests of individuals.

• • •

This request comes to the society desk usually from a church society.

• • •

Many Baptists think that Baptist happenings are the biggest things that occur during the week. There are Methodists holding similar views—Methodists, Presbyterians, Christians, Catholics and all the rest. There are women, too, who tell us almost every day that the newspaper should feature Sunday school class parties above dances, bridge parties or such affairs. They tell us we should attempt to reform the world.

• • •

We listen to these things and then do the thing we are paid to do, record the news. An editor is paid to judge the value of news stories. He doesn't always guess right because he is human but there is one measure of value. That is reader interest.

• • •

You subscribe for a daily paper in order to learn what is happening. If someone is murdered you want to know about it. That is what the paper prints. If your Sunday school class has a party you want to know about it. That is what the paper prints. The opinions and views of the editor are expressed in his editorials. He may not like the sordid details of a story any more than you do, but if your neighbors must be sordid all he can do is print the story. If he thinks you should attend the church, and he probably does, he will say so on his editorial page. But he won't do it every day. If he did you would quit reading his writings after the third day.

• • •

This page of this newspaper is a woman's page. When women go to church or have a missionary meeting, we say so. If they have a dance, we say so. We are not attempting to reform anyone, we merely record what happens. If there are 250 people at a dance and 30 at a class meeting, we judge that there are more people interested in the dance and make it a larger story than the one dealing with the Sunday school party.

• • •

Our Tuesday papers are devoted almost exclusively to church news because it happens that most church societies meet on Monday. There are days when needle clubs meet, days when study clubs meet. We may not care for the thing that the women are doing but we write the stories, anyway, because that is what happens.

• • •

Actually, the judging is not always fair. For if this page ran a story telling the thing that women do most every day in the week, it is probable that the leading story every day would concern bridge. For, whatever else may happen, there are bridge games in progress all of the time—parties of four or more who have gathered to enjoy the game. But if we said so every day in the year you would soon quit reading the page at all.

• • •

The church women who think that we should run church news, only, on this page do not understand that it is a woman's page, that we merely record what happens and that our personal opinions and likes do not enter in.

• • •

If I think you should lead a spiritual life, I can say so in this column. It happens that I believe there are many phases to spiritual life and I frequently advocate these things here. You should attend church and Sunday school. Also, you should feed your family a balanced meal. You should see that your children receive the medical care they need, that they eat the right foods at the proper times. You should play when it is time to play and pray when it is time to pray, but if you play when you should pray all we can do is say so.

• • •

As to reforming people, that isn't our business any more than it is the business of the merchants or grocers in the city. We believe that you know as much about right and wrong as we do. You won't appreciate having us tell you how to run your lives any more than we like to have you tell us these things. And, as to what we print, that depends upon what you do.

Marian Martin Pattern

WEAR THIS FOR CHIC!
PATTERN 9543

Gay, romantic, colorful, and with such charm . . . this afternoon frock is definitely spring 1933. You'll love every moment you spend making it . . . scalloped surplice bodice outlined by dainty ruffling or lace, the clever moulded waistline, and sash tying crisply in back, puffed sleeves tucked for added fullness, and slender skirt seaming. Make it in the most ravishing print you can find . . . be the smartest member of your set at the next meeting.

Pattern 9543 is cut only in sizes 12, 14, 16, 18 and 20. Size 16 requires 3 1-4 yards 39-inch fabric and 1 1-4 yards ruffling. Clear, diagrammed cutting and sewing instructions included with pattern.

To get a pattern of this model, send Fifteen Cents (15c) in coins or stamps (coins preferred.) Please write very plainly your Name, Address, Style Number and Size of each pattern ordered.

Order your copy of the Marian Martin Pattern Book. This big book is full of fascinating fashion ideas. New fabrics and accessories are illustrated along with a complete collection of stunning styles designed to help you achieve a well-planned wardrobe. Slenderizing models are here, and gay, chic styles for youngsters—all simple and inexpensive to make. Price of catalog, fifteen cents. Catalog and pattern together, twenty-five cents.

Address all orders to The Lubbock Morning Avalanche Pattern Department, 232 West 18th Street, New York City.

1932 Club, Guests At Evening Affair

The home of Mr. and Mrs. Raymond Painter was the scene of a party given by members of the 1932 Bridge club for their husbands Thursday evening. Bridge games were played.

Those who attended were Messrs. and Mesdames Ernest Wisdom, Herbert E. Hargis, C. D. McGehee, Dennis Patton, W. E. Kelley, Aubrey Woodfin, Jimmy Alls, Mrs. Clyde Williams. High and second high favors were presented to Mr. and Mrs. Hargis, Mrs. Williams and Mr. Painter.

A. J. Payne came up from Slaton yesterday on business.

Pupils To Appear In Program Today

Home economics pupils of Lubbock High school are to participate in a public program in the Lubbock High school auditorium at 10 o'clock this morning. This will culminate a week of contests, following the program of the state home making rally.

Awards to winners in the contests will be made by Miss Sibyl Thomas, district supervisor of home economics education. The results of contests are being kept secret until that time, according to an announcement made this morning by Miss Gertrude Daniel.

The program is to be as follows: Ukulele selection, Corinne Ater, Frances Ivey and Erlene Abbott; reading, Louise Fortenberry; violin solo, Charlotte Ratliff, accompanied by Mrs. John L. Ratliff; English and Early American folk dances; dress review, tailored and special occasion frocks; awards.

Mrs. Park Honored At Evening Party

Mrs. C. H. Park, worthy matron of the Eastern Star, was complimented on her birthday when officers in the chapter entertained Thursday evening in the home of Mr. and Mrs. J. P. Middleton at 1804 Avenue Y.

Mrs. T. H. Barnard was a special guest.

The officers are Mesdames A. G. Odom, Mary F. Hinton, Willie D. Watson, Luther Bynum, Millard F. Swart, Bill Watson, J. E. Maisen, Ray Allen, Russell Hardin, M. A. Pierce, W. S. McDonald, R. S. Nabors, A. T. Cocanougher, E. D. Farris, C. H. Largent, Miss Estelle Smiley, Mr. and Mrs. Ernest Nelson and Tom Garrard.

Tech Prom Is To Be Tonight

Miss Melba Watson Is To Be Crowned Queen; Members Of City Federation Are To Be Hostesses Here

Annual events will be of interest to several hundred people in Lubbock today. The Junior Prom at Texas Technological college is scheduled for this evening at Hotel Hilton, beginning at 9 p. m. Beginning at 10 o'clock this morning, the spring meeting of the County Federation of Women's clubs will be held in the chapel of the First Methodist church.

Anyone may attend this meeting, it was announced.

The Lubbock City Federation is to be hostess. There will be a covered dish luncheon at noon.

Club reports and other features of the business session will fill the morning session. Mrs. William Dingus, Don Jones and Judge E. L. Pitts are to talk at the afternoon session, which begins at 1:30 p. m. County beautification is to be a topic during the day, according to Mrs. George N. Atkinson, president.

The coronation of Miss Melba Watson as queen of the Junior Prom is to take place at 10 o'clock. Sixteen students of Texas Technological college will be in the court.

A meeting of the Lubbock Music club has been called for 4 o'clock this afternoon in the choir room at the First Methodist church, the president, Mrs. Harry E. Blocker, has announced.

There is to be a meeting of executives of the First Christian Woman's class at 3 o'clock this afternoon at the church.

Members of the D. F. D. social club at Texas Technological college, are entertaining from 7:30 until 9 o'clock this evening with an annual open house at the club house, 2221 Thirteenth street.

Members of Las Chaparritas Alumnae society are to attend a party in Slaton at 3:30 o'clock this afternoon at the home of Mrs. Marvin Abernathy.

There is to be a meeting of the Delta Kappa Gamma, national honorary fraternity, at 3 o'clock this afternoon in Seaman hall. An executive meeting has been called for 2:30 o'clock by the president, Mrs. T. L. Shepard.

Lodge Celebration Observes Birthday

Members of the Rebekah lodge celebrated their 114th anniversary Thursday evening at the I. O. O. F. hall. There were about 125 present, including a number from towns over this section.

Lodge members, in robes, participated in much of the program that was given during the evening. N. M. Gosdin, presided at the program and gave a history of the order.

An orchestra played. This was composed of Misses Kate Vaughn, Maxine Pereau and Peggy Kelly and Gail Green, Elmer Adams, jr., and Warren Pereau. A song was sung by Mesdames I. B. Ishmael, Gosdin, H. B. Williams and Tobe Burdett. Several readings were given and songs were sung by Karlene Watts, Maxine Pereau and Elmer Adams.

C. H. Doak, farmer at O'Donnell, was here on business yesterday.

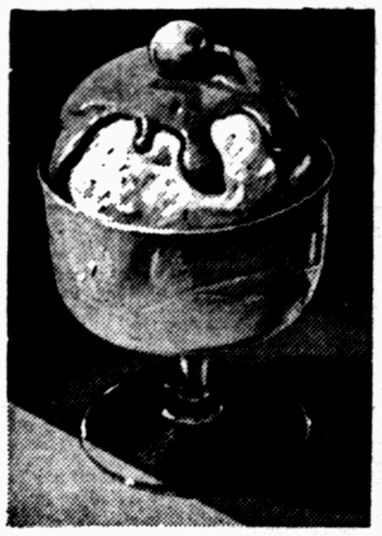
ICE CREAM
NOW ONLY
23c per qt.
Saturday And Sunday
at Mark Halsey's



Again, Mark Halsey Drug Store lives up to its policy of bringing you the lowest price, first! IT'S ICE CREAM THIS TIME!

You recall that in 1931 Ice Cream was retailing in Lubbock for 50c per quart. It was not until 1932 that it was retailed generally at 35c per quart. With the decline in the price of the raw ingredients which go to make Ice Cream, it is now possible to sell it regularly at 29c per quart. We are offering it at a special price Saturday and Sunday of 23c per quart.

Tech Climaxes Spring Training With 21-0 Win Over West Texas Buffs

Cawthon Sends Whole Matador Squad In Game

Three Thousand Fans Get First Glimpse Of 1933 Outfit As Buffaloes Fall Before Varied Assortment Of Plays

The 1933 football season, although a trifle early, was ushered in here last night when the Texas Tech Matadors defeated the West Texas Teachers college Buffaloes, 21 to 0, in climax spring football training for both schools.

Coach Pete Cawthon of Tech kept a continuous stream of players parading from the bench to the line of scrimmage, setting a new high with more than 50 substitutions in an effort to give all his candidates a shot of competition.

Just A Spring Game

The result was not a football game such as you would expect to see in November, although it was somewhat better than some critics might have expected. Both teams played freshman football, which is a shade better than high school football in its mediocre form.

The Matadors, handicapped by 100 yards worth of penalties, started scoring in the first quarter when Demp Cannon lobbed a pass to Marian Harris, who scampered 12 yards for the counter. Gaines Davis, freshman from Abilene, kicked the extra point.

McElroy Gets Gone

The second marker came in the second quarter when D. M. McElroy, a standout backfield performer last night, scooted through the line after a spinner and romped 27 yards for a touchdown. The run followed a short gain by Dowell, a 17-yard pass by McElroy and a 26-yard dash by McElroy. The drive started on the 20-yard line and the next four plays netted a counter. McElroy booted the point after his touchdown.

There was no scoring in the third period. Woodrow Wilson blocked Martindale's punt late in the quarter and Butts recovered on the Buffs' 15-yard line. Two plunges at the line terminated when the plungers contacted Captain "Cow" Williams of the Buffs, the best-looking player on the field last night. A pass was incomplete over the goal line.

Dowell Goes Over

Early in the fourth period, big Gwynn Dowell, fullback, pushed over for a touchdown after a series of gains by Lefty Sollis and McElroy. Elmer Fortner, center, intercepted Walker's pass in mid-field to start the drive. McElroy was off for a 22-yard jaunt that ended when Williams bounced him out of bounds on the 18. Sollis and Dowell did the rest of the ball toting.

So frequent were the interruptions from the bench, that no Tech player stayed in long enough to get warmed up, therefore there were few individual standouts for the Matadors. Adrian Clark warmed to his kicking toe with pleasant results, getting off two neat quick kicks. McElroy perhaps was the most consistent ground gainer for Tech, while Brotherton and Williams did most of the lugging for the visitors.

Gaines Davis performed nobly in the Tech line during his brief tenure. He went in for a second time, but tangled with big Joe "College" Fortenberry of the Teachers in a fisticuff that resulted in the ousting of both players.

Fight Breaks Out

The brief hand-to-hand encounter flamed anew after the final gun in a near-fracas that involved officials and players on both sides. Coaches and other officials separated the contestants, however, before serious damage could be done. A crowd of fans flocked on the field and threatened to take part in the affair, but a riot never developed.

A large crowd of nearly 3,500 spectators witnessed the game, first regulation spring game played in Lubbock between rival schools.

Tech's ground-gaining ability and defense structure was never seriously threatened. The Buffs approached the 11-yard line on the Tech end of the field in the second quarter after a couple of penalties had given them the ball on the 35. Morgan passed to Fortenberry for a 7-yard gain, then Morgan heaved to Martindale, former Pampa High school star for a similar gain. Brotherton and Williams were stopped for short gains and a pass was incomplete over the goal line from the 11-yard line.

Otherwise the Buffs were held to six first downs, most of which were made near midfield.

S. M. U. GOLFERS WIN

DALLAS, April 28. (AP) — University of Texas and Southern Methodist university golf teams battled to a 3-3 tie today, for the second time this season. The previous match was played recently at Austin.

In the feature match, Dennis Lavender, Dallas city champion, eeked out a 22-hole victory over Ed White, ace of the Longhorn squad.

LLANO IN LEAGUE

LLANO, Tex., April 28. (AP)—Llano has re-entered the Hill County baseball league after a controversy concerning use of ineligible players.

Lineups And Summaries Of Tech-Buff Game

Starting lineups:

Tech (21)	Pos.	WTTC (0)
W. Gilmore	LE	Colvin

Blocked punts, West Texas 1 (by Wilson).

Substitutions: West Texas—Davis for Morgan, Martindale for Davis, Stowe for Kendrick, Tipps for Duncan, Fowler for Stowe, Davis for Martindale, Rutherford for Rankin, Higgins for Fortenberry, Moore for Colvin, Kendricks for Fowler and Thompson for Morgan.

Texas Tech—Martin for Gilmore, Turner for Owen, Fortner for Barton, Young for Baker, Hitchcock for Jones, Sollis for Harris, Dowell for T. Wilson, McWilliams for W. Wilson, Greer for Davis, Clark for McKeever, McElroy for Cannon, West for Martin, Barlow for McWilliams, Priddy for Fortner, E. Harris for Greer, St. John for Dowell, Gaylor for McElroy, J. Walker for Sollis, B. Williams for Young, Griggs for Nichols, Beauchamp for McKeever, Curfman for St. John, Fuqua for Gaylor, Fortner for Barton, Greer for Davis, McLain for Martin, Marr for Dowell, Pool for McElroy, Hoyle for Greer, Cross for Priddy, Ayers for May and B. Gilmore for Jones and repeat.

Officials: Referee—DeFord (East Texas Teachers); umpire, Huffman (Trinity U.); headlinesman, Chapman (Austin college); field judge, Cranfill (Simmons).

Touchdowns: Harris, McElroy and Dowell; points after touchdowns, Davis, McElroy 2.

Cats Fall Before Santone; Oilers Defeat Beaumont

(By The Associated Press)

SAN ANTONIO, April 28. — The San Antonio Missions won their third straight game and fourth of the last five by trimming the Fort Worth Cats here today 12-6. Holke used up five pitchers in an attempt to halt the stampede but every man but House hit safely at least once and every man on the home club scored once or more except Sturdy.

Fort Worth	..	100	004	001—	6	13	1
San Antonio	..	010	401	60x—12	16	1

Butzberger, Biggs, Chambers, Bryam, Wolff and Warren; House, Miller and Severied.

Runs batted in, Engle, Bejma, Purdy 3, Crossley 3, Dickshot 3, Norris, Lowell, Biggs, Clift, Miller, Sturdy. Stolen bases, Engle 2. Two-base hits, Crawford, Engle 2, Purdy 2, Dickshot, Warren, Crossley, Lowell, McHenry. Double plays, Clift to Bejma to Sturdy; Tavener to Norris to Lowell; Norris to Tavener to Lowell; Clift to Bejma to Sturdy; Norris to Tavener to Lowell. Hits and runs, off Butzberger 6 and 5 in 3 1-3 inning; Biggs 5 and 4 in 3; Chambers 2 and 2 in 0; Byram 3 and 1 in 2-3; House 9 and 5 in 5 1-3. Bases on balls, off House 1; Miller 2; Butzberger 5; Biggs 3; Byram 1. Struck out, Butzberger 1; House 1. Winning pitcher, Miller. Losing pitcher, Biggs. Time, 2:11. Umpires, Coe and Galloway.

TWO STRAIGHT FOR TULSA

BEAUMONT, Apr. 28. (AP)—Bill Posedel's fine pitching enabled the Tulsa Oilers to make it two straight over the Exporters today when his mates bunched five hits in the fourth inning for a 3-2 victory. Elden Auker, the submarine right hander, was extremely wobbly for four innings but suddenly settled down and pitched some jam-up ball himself.

Tulsa	..	000	300	000—	3	9	2
Beaumont	..	000	000	101—	2	5	1

Posedel and Rego; Auker, Passeau and Susce.

Runs batted in, Hostetler, Nonnenkamp, Posedel, Patchett 2. Two-base hits, Eggert, Nonnenkamp. Three-base hit, Hughes. Double plays, Hale to Eggert to Hooks; Baker to Eggert to Hooks. Bases on balls, off Posedel 3; Auker 1. Struck out, by Posedel 4; Auker 2. Hits and runs, off Auker 8 and 3 in 8. Left on bases, Tulsa 8; Beaumont 6. Umpires, Basil and Ballanfant. Time, 1:55.

Crowds Jam To See Fight But Game Is Mild

Senators Nose Out Yankees In Overtime Game And Make Big Efforts To Treat Opponents Like Nice Visitors

(By The Associated Press)

NEW YORK, April 28—While 25,000 eager fans waited for war to break out any minute, the Washington Senators nosed out the Yankees today, 4-3, in ten innings of a mild and decorous ball game that was like anything but the riotous proceedings that featured their last clash in Washington Tuesday.

With Ben Chapman on the side lines for the Yankees, Buddy Myer and Earl Whitehill banished from the Washington array by the American League president, William Harridge, for their part in Tuesday's fisticuffs, both the Yanks and Senators leaned over backwards being polite to each other.

Babe Ruth hit his fourth home run of the season and Bill Dickey his first in a losing cause.

Except for these two outbursts, Southpaw Wally Stewart held the Yankees safe, allowing but six hits while the Senators, led by Manager Joe Cronin pounded George Pipgras for eleven hits.

Washington	210	000	000	1—4	11	0
New York	000	002	100	0—3	6	0

Stewart and L. Sewell; Pipgras and Dickey.

Runs batted in—Cronin 2, Goslin, Ruth 2, Dickey, Kuhel. Two base hits—Manush, Combs. Home runs—Ruth, Dickey. Stolen bases—L. Sewell, Bluege. Sacrifices—Goslin, Stewart, Schulte. Double plays—Pipgras, Crosetti and Gehrig, Stewart, Cronin and Kuhel. Left on bases—New York 5, Washington 11. Base on balls—off: Pipgras 6, Stewart 3. Struck out—by: Pipgras 3, Stewart 5. Umpires—Dineen, Hildebrand and Kolls. Time 1:59.

BROWNS BOOT ONE

ST. LOUIS, April 28 (AP)—The St. Louis Browns literally threw away a ball game this afternoon, the Detroit Tigers winning an underserved victory, 5-3. With the score tied in the ninth and one out, Hayworth bunted safely. Bridges also bunted and Scharein threw high over first. Campbell recovered the ball and made a wild heave over third, letting in two runs. The Browns stole seven bases, four of which were in the first inning.

Detroit	..	030	000	002—	5	10	1
St. Louis	..	201	000	000—	3	11	2

Bridges, Hogsett and Reiber, Hayworth; Coffman, Wells and Ferrell.

TRIBE FINALLY BEATS SOX

CLEVELAND, April 28 (AP)—The Cleveland Indians got their hitting eye against the White Sox today, winning their first start in four against the Chicago club, 5-1.

George Connally kept the Sox seven hits well scattered, while the Indians collected eight blows off Gaston and Murray.

Chicago	..	100	000	000—	1	7	2
Cleveland	..	012	000	20x—	5	8	0

Gaston, Murray and Berry, Grube; Connally and Spencer.

A'S NOSE OUT RED SOX

PHILADELPHIA, April 28 (AP)—The Athletics took a free scoring game from the Boston Red Sox in the opener of a two day series today, 9-8. The Mackmen concentrated the bulk of their hitting while scoring six runs in the third inning.

The Red Sox used three pitchers and the Athletics four before the affair was over. Roy Johnson and Smead Jolley both hit for the circuit. The latter batted for Shea in the eighth.

Boston	..	121	020	020—	8	8	1
Philadelphia	..	106	002	00x—	9	8	1

Welch, McLaughlin and Shea, Gooch; Freitas, MacDonald, Dietrich, Walberg and Cochrane.

Ralph Metcalfe Opens Season At Drake; A. C. C. Man Stars

DRAKE STADIUM DES MOINES April 28 (AP)—America's fastest inter-collegiate sprinter, Ralph Metcalfe, 22-year old negro flyer from Marquette university, Milwaukee, today opened a campaign that he hopes will be climaxed by reducing the world's record for the 100-yard dash to the amazing time of 9.2 seconds.

Streaking over the cinder path in the opening of the 24th renewal of the Drake Relay carnival, Metcalfe dashed to an easy victory in winning his preliminary heat in 9.9 seconds.

The college and university mile relay preliminaries failed to produce the thrills expected as the favorites came home in times well above the meet records. The most notable performance was turned in by Green, anchor man for Abilene Christian College of Abilene, Texas, in the college section. Green dropped the baton in the final exchange and started out apparently hopelessly beaten by the Oklahoma Baptist anchor runner, Green, however, cut loose with an amazing burst of speed to finish well in front of his nearest rival.

Golf Teams Of SP Loop Clash

Country Club At Home Sunday To Littlefield; Games Are Scheduled At Brownfield And Plainview Also

The third round of play in the South Plains Golf league is scheduled for Sunday with matches at Lubbock, Plainview and Brownfield.

The Lubbock Country club will defend its lead in the league race when it meets the Littlefield club, at Lubbock Country club. It will mark the first meeting of the teams this season. Littlefield at present stands at the bottom of the win column, having lost to Slaton and Brownfield in two previous matches.

The Meadowbrook Golf club team of Lubbock invades Brownfield for the third game. Meadowbrook holds third place in the standings, with Brownfield second. The latter's victory over Littlefield April 16 was big enough to assure second.

Slaton and Plainview play at Plainview. The Plainview team holds fourth place while Slaton is fifth in the standings.

Averages are based on the number of individual matches won or lost in a series of matches. According to that, the standings, as announced by President Charles Taylor of Slaton, are as follows:

Clubs—	W	L	Pct.
Lubbock C. C.	34	15	.694
Brownfield	15	12	.555
Meadowbrook	26	23	.531
Plainview	18	21	.462
Slaton	16	21	.432
Littlefield	4	20	.167

Pirates Start Toward Top As Cards Go Down

Cubs Suffer Bad Beating From Reds; Boston Braves Strike Hard At Phillies And Take 5 To 2 Victory

(By The Associated Press)

PITTSBURGH, April 28—A combination of timely hitting and flashy fielding behind Larry French, who bore down expertly in the pinches, enabled the Pirates to turn back the St. Louis Cardinals, 2-0 in the series opener today.

Each run came from a single hit, behind a walk, plus an outfield fly in one case and a sacrifice in another, but it was a fielding feat that finally settled the game. The Cards had runners on first and third with one out in the eighth inning. Frank Frisch lashed a drive toward right and Tony Piet made a beautiful stop and converted a near hit into a double play which ended the St. Louis threat.

St. Louis	..	000	000	000—0	6	0
Pittsburgh	..	010	000	10x—2	4	0

Mooney, Johnson and J. Wilson; French and Finney.

Runs batted in—Finney, L. Waner. Two base hits—Piet, P. Waner, Allen. Stolen base—Wilson. Sacrifice—Finney. Double play—Piet, Vaughan to Suhr. Left on bases—St. Louis 6, Pittsburgh 5. Base on ball—off: Mooney 5, French 1. Struck out—by: French 3. Hitts—off: Mooney 4 in 5, innings; Johnson 0 in 1. Losing pitcher—Mooney. Umpires—Rigler and Magerkurth. Time of game 1:30.

REDS DOWN CUBS

CHICAGO, April 28 (AP)—After being held for seven innings by Lon Warneke, the Cincinnati Reds battered the young righthander out of action in the eighth and scored enough runs for a 6-1 victory over the Chicago Cubs today.

A double by Jim Bottomley, singles by Lombardi and Rice, mixed with two walks and two errors, accounted for Warneke and his successor, Roy Henshaw. Bud Tinning finished. Red Lucas, the Cubs' most persistent jinx, kept nine hits well scattered.

Cincinnati	..	000	000	060—6	9	1
Chicago	..	000	010	000—1	9	3

Lucas and Lombardi; Warneke, Henshaw, Tinning and Hartnett.

SHANTY HOGAN STARS

BOSTON, April 28 (AP)—Led by Frank "Shanty" Hogan, the Boston Braves fell upon right-hander John Berly today to defeat the Phillies, 5-2 in their homecoming game.

The Tribe scored all of their runs before driving Berly off the mound in the third inning to avenge themselves for his two-hit game against them in their opening game of the season. Hogan slammed a homer into the left field bleachers in the third, after Bob Worthington doubled and Wally Berger drove out a three-bagger.

Philadelphia	..	000	100	010—2	6	0
Boston	..	203	000	00x—5	10	0

Berly, Grabowski, Moore, Liska and V. Davis; Cantwell and Hogan.

Farmers Of Six Counties Are Granted An Extra Day

DALLAS, April 28. (AP) — Owen Sherrill, manager of the Southwest crop production loan office, today granted an extra day in which farmers of six North Texas counties might apply for government loans.

Sherrill said that farmers in Dallas, Tarrant, Hunt, Collin, Rockwall and Denton counties would have until midnight Monday to make formal requests to this office. The action was taken after hundreds of requests had been received from farmers and business men who said their crops were destroyed by the hail of Tuesday.

Three hundred species of mushrooms were shown at a recent exhibition. A North African variety stood two feet high. Some of the others were so large that one mushroom would be more than a meal for a man.

Ducky-Wucky Medwick Making Cards Forget Chick Hafey; Former Texas League Ace Fits In With Schemes

BY HAROLD K. GEORGE

ST. LOUIS, April 28 (AP)—The Cardinals were a much criticized organization when they shunted Chick Hafey to Cincinnati following a salary dispute, but it becomes increasingly apparent that Branch Rickey and Sam Breadon knew just what they were up to.

Their farms were crowded with good prospects and they were aware, although fans and scribes were not, that it wouldn't be long until some young outfielder from their minor league holdings would be making St. Louisans for get the bespectacled Hafey ever was a Cardinal.

Joe Medwick proved to be the youngster called to the parent club to fill the vacancy, and a .349 average in 26 games at the end of the 1932 season with the Cards has drawn considerable attention to him.

• • •

Down in Houston, where Joe played for two seasons, he isn't known as Joe or as Medwick. It's just "Ducky Wucky"—so-called because he has a "duck walk." The name stuck to Medwick and he proved so popular all over the Texas league that a candy bar was named after him.

Joe was second in Texas league batting, with a .354 average for 139 games, second in total bases, and third in two-base hits, home runs and runs batted in.

Medwick's homer total was 26, a goodly number, considering that most of the games were played in Houston's spacious park.

His efforts in spring training camp stamped him as a boy with great possibilities.

• • •

Medwick's first professional game was with Scottdale, Pa., of the Middle Atlantic league, after he had been signed by Scout Charley Kelchner, who watched him perform in Carteret, N. J. Medwick stepped right out and hit .419 for 75 games, to lead the Middle Atlantic league. He batted in 100 runs and hit 22 home runs in those 75 contests.

In 1931 he was shifted to Houston, where his batting average shrunk to .309, which was good for a 19-year-old kid in a league famous for being tough on hitters.

Medwick is 5 feet 10 inches in height and weighs about 180 pounds. He bats and throws from the right side.

Large Field Expected To Play In Lubbock County Tournament

All Baseball Clubs Of County Invited Here Wednesday For First Tournament Of Season; Entry Blanks Requested

Every amateur and independent baseball club in Lubbock county is invited to participate in the Lubbock county baseball tournament which begins at City Park here next Wednesday afternoon.

Club managers are requested to file notice of acceptance of invitations immediately with Ed Hambright, tournament manager. Formal invitations have been or will be mailed to twenty baseball clubs of the county. It is expected that at least fourteen of these will accept the invitations.

No Entrance Fee

No entry fees will be required, clubs being asked to furnish their own transportation, personal equipment and bats. Balls will be provided by the tournament management.

A low admission rate will prevail during the tournament, with special rates offered to fans whose favorites take part in the tournament. All games will be played at City Park, north of Lubbock, and the tournament will extend over as long a period as necessary. Two games will be played daily unless the number of entries makes it necessary to play three games.

May File Entry Blank

Baseball club managers are asked to clip the entry blank found on this page and mail it at once to Ed Hambright, at the J. and J. Sporting Goods company store, or to the sports department of this newspaper.

Entries will not be accepted after Tuesday noon, May 2. First round pairings will be announced Tuesday afternoon and Wednesday morning.

FROGS DOWN PONIES

FORT WORTH, April 28. (AP)—For the third time this season, the T. C. U. Horned Frogs defeated the Southern Methodist univesity Mustangs, 5-3 at baseball here today.

Records Fall In Penn's Carnival

FRANKLIN FIELD, PHILADELPHIA, April 28. (AP) — Sensational performances by three long-limbed college track stars, Jack Keller of Ohio State, Joe McCluskey of Fordham and Bill Bonthron of Princeton, today featured a record-smashing start to the thirty-ninth annual Pennsylvania Relay carnival before a crowd of 10,000 onlookers.

Four major carnival records fell and Keller and McCluskey contributed two of them as they dominated their specialties for the third successive year.

Keller, in the 120-yard high hurdles, shattered his own carnival record of 14.7 seconds, made two years ago. The Ohio State flier fairly flew over the hurdles as he was timed in 14.3 seconds, only a tenth second short of the world record.

McCluskey, in the 3000 meter steeplechase, lowered his own carnival mark for the third straight year and was clocked in 9 minutes, 28.5 seconds.

Manhattan college celebrated its first major Penn relay victory in spectacular style in the distance medley relay and shattered an 18-year old carnival record. Manhattan's time of 10 minutes, 14 seconds, for the aggregate distance of 2 1-2 miles, wiped out Yale's mark of 10:20, made in 1915, and also surpassed the listed American record of 10:15 4-5, which has stood to Penn State's credit since 1922.

Hubbers Start League Season With Tahoka

South Plains League To Open Sunday; Levelland Plays At Morton; Slaton At Abernathy And Enochs At Amherst

The Lubbock Hubbers will open their South Plains League season here Sunday afternoon when they meet Frank Larkin's Tahoka nine at City Baseball park.

The game will start at 3 o'clock tomorrow afternoon.

At the same time, league season openers will start in three other South Plains towns. Slaton will play at Abernathy, Levelland will open at Morton and Enochs will start the season at Amherst.

Old rivalry between Tahoka and Lubbock baseball clubs is expected to blossom out anew Sunday when the teams clash at the new park here.

Tahoka Reported Strong

Tahoka bids fair to being one of the most dangerous clubs of the league, while Lubbock, although facing a more or less bright distant future, does not stack up at present with the local representative in the league of 1931. The South Plains league did not operate last year.

The other six clubs, strengthened by players who formerly starred with South Plains teams which did not reorganize this season, are strong enough to provide an interesting race.

The Amherst club is fortified by player or two from Littlefield. Enochs, a newcomer to South Plains baseball circles, has drawn in a number of promising men. Levelland and Morton both are said to have strong teams.

While little is known of the Abernathy and Slaton prospects at this present, Manager "Honest John" Smith of Slaton is reputed to have quite a large following of promising candidates, and Skipper Dansfield of Abernathy insists that his club will be in the running.

TEXAS NINE WINS

AUSTIN, April 28 (AP)—The University of Texas Longhorns defeated the Texas A. & M. Aggies here today, 13-7.

San Angelo Man Raises Silver Foxes And Reports Success With Experiment

SAN ANGELO, April 28 (AP)—Believing that silver fox farming might be made profitable in West Texas, Dr. R. E. Windham, San Angelo, purchased a pair of registered black silver foxes in November of 1930. Today he has more than 40 silver foxes from the original start. These include nine grown and mated pairs and puppies of pairs from different family groups which were secured by trading puppies of the original pair back to a Spokane, Wash., farm. Only one animal has died in the two and a half years.

Dr. Windham has sold no pelts or animals yet but soon will have his breeding stock to 40 or 45 mated pairs where he will keep it and start selling pelts of the offspring. Silver foxes live from 10 to 12 years.

Feeding Is Important

Scientific study and feeding are most important, Dr. Windham said. Climatic difference must be overcome by proper feeding. His foxes get horse meat, a special fox chow, fish meal, cod liver oil and minerals. Plenty of fresh water also is necessary.

The black silver fox is gentle, but seldom will become a pet unless "hand raised" or adopted by a dog or mother cat. A female can accommodate only six puppies, therefore, when more than six are born, a cat or dog must be secured for the extra babies.

Once mated a pair remains together until one dies; there are no divorces. Mates do not fight.

Troop Two Is Given Banner

Fifteenth Monthly Attendance Banner Is Won By Scouts Of Troop Two Friday Night At Court Of Honor

Boy Scouts of troop No. 2 last night won their fifteenth monthly attendance banner in 16 months at a court of honor in the courthouse. George W. Dupree was honor court judge.

The mothers' attendance honor went to troop No. 10, the fourth organization to take this award in the four months since it was started. No. 2 was second and No. 3 third in mothers attending. No. 10 was second and No. 7 third in attendance.

Troop 2 Tops Ladder

Scouts of troop No. 2 topped the honor court ladder with total points won, No. 5 was second, No. 8 third, No. 6 fourth, and No. 2 fifth, Scout Executive D. T. Jennings said.

Mr. Dupree announced that troops reporting at the May court with 100 per cent attendance either of scouts or mothers would receive a treat at the summer camp. The program last night was rushed so that persons attending could see a part of the Texas Tech-West Texas State Teachers college football game.

Awards Announced

Recognition was as follows: Tenderfoot—Robert Allen, Sammie Bryant, troop No. 2; Robert Akers, No. 3; Bill Wilson, No. 7; H. C. Burrus, James Nelson, No. 10.

Second class—Cope Wright, No. 2; Ralph Cocanougher, John Marshall, Junior Peninger, Scoutmaster T. C. Lamb, No. 3; Alton Barker, Dick Grady, Junior Flanagan, Eldridge Rayburn, Nick Winfrey, No. 5; Ralph Havis, No. 6; Prentice Sylvester, No. 8.

First class—Morgan Duval, No. 6; Nathan Douthit, No. 8.

Merit badges—No. 3: John S. Ball, assistant scoutmaster, metal work; James Litton, metalwork; civics; No. 4: John G. Thompson, zoology; Jack Moxley, zoology; James Baker, zoology; John Pierce, pioneering; No. 5: Leo Nugent, handicraft; Neal McCaskill, first aid; No. 6: Wallace Hawkins, scholarship; Milton Adams, firemanship; Morgan Duval, swimming, life saving; Waggoner Carr, firemanship, personal health; No. 8: Norman Wilson, zoology; Bobby Robertson, scholarship; Eugene Anderson, civics; Edward Leidigh, zoology; Joe Davidson, music; Nathan Douthit, handicraft, firemanship; No. 10: Clarence Woods, assistant scoutmaster, first aid.

Star—James Litton, No. 3.

Paris Named Host City By East Texas County Heads

BRYAN, April 28. (AP)—Paris was selected by the East Texas County Judges and Commissioners' association today for the 1934 meeting.

The convention went on record favoring a request to the legislature for 12 forestry camps in East Texas forestry service to provide required equipment and supervise the work.

Addresses were made by H. B London of Austin, member of the Texas relief commission; Dr. L. P. Gabbard of Texas A. and M. college and E. O. Siecke, state forester.

Highest Posts Are Affected

Changes Are To Take Place In Course Of This Year; Captains Chosen For Promotion To Rear Admirals

WASHINGTON, April 28. (AP) — Changes in 24 of the navy's highest commands afloat and ashore were ordered today by Secretary Swanson, supplementing assignments announced earlier which included designation of Vice Admiral William H. Standley to succeed Admiral William V. Pratt as chief of naval operations.

Admiral Richard H. Leigh, of Grenada, Miss., commander-in-chief of the United States fleet, will revert to rear admiral and become a member of the navy general board.

Goes To War College

Admiral Luke McNamee, of Jamestown, R. I., now commander of the battle force, will become president of the naval war college, Newport, R. I., succeeding Rear Admiral Harris Laning of Petersburg, Ill., who is ordered to command cruisers of the scouting force. McNamee also will revert to his permanent rank of rear admiral.

Vice Admiral Frank H. Clark, of Washington, commander of the scouting force, will revert to rear admiral and join the general board.

Rear Admiral Thomas J. Senn of Greenville, Miss., commandant of the eleventh naval district at San Diego, will command the fleet base force, succeeding Rear Admiral H. H. Hough, New York City, who becomes commandant of the Boston navy yard.

Rear Admiral Ridley McLean of Washington, budget officer of the navy will command battleship division 3, flagship U. S. S. Arizona, succeeding Rear Admiral Walter S. Crosley of Washington, assigned, commandant at San Diego.

Sexton Steps Up

Rear Admiral Walton R. Sexton of Monmouth, Ill., now assistant to the chief of naval operations will command battleship division 3, flagship U. S. S. Texas, relieving Rear Admiral F. H. Brumby of Athens, Ga., who becomes commander of the scouting force. Admiral Sexton will step up to command of all battleships when Standley becomes chief of naval operations.

Rear Admiral Joseph K. Taussig, of Norfolk, Va., now chief of staff to the commander-in-chief of the U. S. fleet will succeed Sexton in the operations bureau.

Rear Admiral Frederick J. Horne, of Jamestown, R. I., chief of staff 14th naval district, Pearl Harbor will command train squadron 1, base force, succeeding Rear Admiral Albert Ware Marshall of Greenville, Texas, ordered to duty Pacific coast section, board of inspection and survey.

Texan Is Changed

Capt. Sinclair Gannon of Abilene, Texas, commanding the naval training station, San Diego, will command the special service squadron operating in Central American waters, succeeding Rear Admiral Clark Howell Woodward of Atlanta, ordered to the general board.

Captain John D. Wainwright of Philadelphia, now at the army war college, Washington, will become commander of the Yangtse patrol of the Asiatic fleet, succeeding Rear Admiral Yancey S. Williams of Washington, who will command the Mare Island, Cal., navy yard.

The changes will take place during the course of this year, not all immediately. Captains named in the changes already have been selected for promotion to rear admirals.

The United Kingdom drings six times as much tea as it does coffee.

Monument To Pythian Order In Texas

The Pythian home at Weatherford is pictured above. The quarter of a million dollar plant is owned without debt by the Knights of Pythias of Texas. Through this home, hundreds of children, orphaned by the death of their parents, have been educated and made into useful citizens.

NEWS BRIEFS

Mr. and Mrs. Guy Wheatley left early Friday for Anson to attend the funeral of Mr. Wheatley's father. The elder Wheatley died at 6 a. m. Friday. Guy Wheatley is employed at the Kuykendall Chevrolet company's house here.

Three negroes, one of them a woman, were arrested by police in a servant house in the 1200-block of Avenue N Friday afternoon. They are to be charged with disturbance and drunkenness. The arrests were made by H. B. Brown and Bill Mabray.

A Lockheed airplane, piloted by Dick Knox and carrying representatives of the Presto Light company, visited Municipal airport Friday. The ship arrived at 10:50 a. m. from Dallas and took off at 2:40 p. m. for El Paso. Ben Atcheson, flying an Eaglerock arrived at 6 o'clock last night from Floydada. He will remain here the week-end.

Mr. and Mrs. Russell Denison of Barton are the parents of a girl born at 9:45 Friday night at West Texas hospital.

Aubrey Butts and Will Gilmore, Texas Tech football players, were received at West Texas hospital last night with lacerations of the upper lip. Four stitches were taken in each boy's lip. They received the injuries at the football game between Tech and the West Texas Teachers.

A boy was born Friday night to Mr. and Mrs. H. O. Durham at West Texas hospital. The child has been named Billy. Durham is a student in Texas Technological college.

Red & White Stores Observe Anniversary With Big Sale

Thirteen Lubbock Red and White stores and about 20 more on the South Plains are observing their second anniversary in this section.

In connection with the anniversary observance, the stores are conducting an eight-day sale, which began Friday. Stores have been decorated for the occasion.

H. O. Wooten Wholesale grocery company supplies Red and White stores.

Singing Convention To Be Conducted At Shallowater

A semi-annual singing convention of the Lubbock county division of the Plateau Singing convention will be conducted tonight and Sunday in the county auditorium at Shallowater.

R. N. Shelton, president of the Plateau convention, of Clovis, N. M., is expected to attend. R. N. Shelton is president of the Lubbock division and D. W. Fortenberry vice president.

The program will begin at 8 o'clock tonight and will continue at 10 a. m. Sunday. A large number of out-of-county singers are expected. The public is invited to attend.

High Points In Three Resolutions Adopted By Roads Boosters In City

High points in the three resolutions adopted by the South Plains Good Roads association Friday afternoon were:

1. Addressed to Pres. Roosevelt, the state legislature and congress:

"That we call upon Pres. Roosevelt, the members of the Texas legislature and upon the Texas members of congress to recognize the need that exists in Texas and particularly in West Texas for more highways, and that they do their utmost to see that at least half of Texas' part of the public works program funds are allocated for emergency highway construction and without requirement for the state having to provide a like amount, and

"That we also earnestly request our state legislators, congressmen and other officials who have influence to see that the regular federal aid highway appropriations for Texas for the current year which should amount to around $7,500,000 is made immediately available."

2. Address to the West Texas Chamber of Commerce:

"That we call on the West Texas Chamber of Commerce to immediately turn its attention to supporting the effort for securing allotments of funds from the federal public works program for highway construction in this area, and

"That we call upon the West Texas Chamber of Commerce to use its efforts towards securing the immediate allotment of the regular federal highway aid appropriation for Texas for the current year."

3. Addressed to the Texas Good Roads association:

"That we pledge ourselves to support the Texas Good Roads association and its district unit, the South Plains Good Roads association in opposing diversion of the gasoline tax, in attempting to secure both emergency and regular aid for the highway construction in Texas and in any other project for the carrying out of our highway program, that is consistent with good judgment and sound business."

The nests of bald or golden eagles weigh from 10 to 12 pounds.

Are You Weak, Nervous?

THOSE women who suffer every month — who may have weakening drains, side ache or nervous headache, will find Dr. Pierce's Favorite Prescription just what they need. Mrs. W. D. Smiley of Route 1, Kirkland, Texas, tells her experience: "I was very near death's door with nervous prostration. After the doctor treated me for three months to no avail, my husband bought me a few bottles of Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery.' In three weeks I could sit up a little and in one month and a half was doing my work. I feel that these medicines saved my life."

Write to Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice.

Identify Two Auto Robbers

Two Abductors Are Identified By Pictures As Texas Desperadoes; Victims Are Freed After Long Ride

RUSTON, La., April 28. (AP)—Two men who, with two women companions, abducted H. D. Barry, Ruston business man, and Miss Sophie Stone, Lincoln parish home demonstration agent, near Hico, La., yesterday, were identified by Barry and Miss Stone from police photographs today as Clyde Champion Barrow, 23, and Melvin Ivan Barrow, 31, of West Dallas, Texas, described by Chief W. D. Resinger here as desperadoes.

Barry and Miss Stone were released near Waldo, Ark., several hours after their abduction and made the identification after returning here and looking through police files. The bandits furnished them with $3 for transportation after stealing Barry's car.

Rick Ferrell, star catcher and brother of Pitcher Wesley Ferrell, received $37,500 for his first season's work with the St. Louis Browns in 1929.

Bright, Fresher After Taking Black-Draught

"Seven years ago, I was troubled with constipation," writes Mrs. L. E. Williams, of Jackson, Miss. "My mother told me she thought it would help me to take Black-Draught. She had used it herself and it had helped her. I found it relieved me of this troublesome complaint. I suffered from sick headache and biliousness which made me feel dull and lifeless. I had no ambition to do anything. I felt bright and fresh after I took Thedford's Black-Draught. It is a splendid medicine for constipation. I take it dry, at night, followed by a generous glass of water."

It's delicious

POPPED

YOU'VE eaten whole wheat in many forms—and you know what a splendid food it is. But you've never tasted whole wheat that had a *real pop-corn flavor!*

Just try Kellogg's Wheat Krispies. It will surprise you! The entire wheat flake is actually *popped* into a new form and flavor.

Extra oven-fresh. Sealed in the *double* WAXTITE bag. At your grocer's. Made by Kellogg in Battle Creek.

All of the wheat

popped

ready to eat!

A WORD to the WISE is sufficient...

BUY YOUR TIRES NOW!

The World's Standard of Value!

The greatest authority on tires is the public — and the public buys more Goodyear All-Weathers than any other tire in the world. You can buy these top-quality tires now for no more than you may have to pay for an inferior tire later on. Prices start at **$5.65**

IF YOU read the headlines, you know what's ahead just as well as we do.

Wise motorists certainly will protect their *safety* — and protect their *pocketbooks* — by getting new Goodyear Tires now.

Just glance at the present low prices of the tires that rank first in public opinion and first in sales — *Goodyears! Anyone can afford the best tires today!*

And at these prices, Goodyear Tires are *the best they have ever been.* Goodyear has steadily built more quality, more safety, longer wear into every Goodyear Tire. That's why present prices make them tremendous values.

No other tire in the world can give you the extra safety of the All-Weather Tread — the extra grip of center traction — and the extra endurance of Supertwist cord.

You'll certainly need new tires soon, with summer just ahead. Make sure of getting the lowest prices in history — and the finest tires — by heading straight for a Goodyear dealer now.

The Quality Tire within the reach of all!

Here is the newest and latest edition of this famous thrift tire — better than the highest priced tires of many makes — better than 17,000,000 former Pathfinders which made a name for economy. Goodyear's greater volume makes these values possible. Priced as low as **$4.50**

The Need Of Us All

THE Liverpool Chamber of Commerce attaches no exaggerated importance to the coming world economic conference when it declares that it must succeed at whatever sacrifice by any of the participating nations, if it means common sacrifices.

No one nation, of course, could be expected to give up important rights without compensating yielding by others. A common purpose is to be served. To do this a common effort must be put forth.

"Almost every nation totters on the brink of the chasm of insolvency," says the chamber in its annual report, "with budgets heaping ever-increasing burdens on the shoulders of the taxpayers, depleting capital resources and stifling initiative and enterprise.

This is a gloomy picture but it is a true one. Responsibility for improvement rests upon the governments of the world. It is their duty to seek a way out of the maze of causes that have plunged the world into its present situation. There is a great potential demand for goods. How to stimulate this to activity will be one of the questions confronting the conference.

"The people's need and demand is greater than ever," says the chamber, "which is one of the fundamentals of trade recovery. But no matter whatever the need or anxiety of the individual may be, it is ruthlessly beset by limitations coming from the rigorous restrictions imposed by the policies of governments. The negation of trading has already brought the world to a condition of distraction which, if pursued, must eventually bring consequences of the direct severity."

That the nations of the world recognize that some common action is needed is a promising sign. The possibility of helpful measures coming out of the conference is strengthened by the preparations being made for it and the seriousness with which the undertaking is viewed by the governments which will participate in it.

LIGHTNING

Supplementing the forecasts of the goose-bone prophets and almanac weather readings, some long-distance meteorological readings have appeared this year from a source new to the weather-conscious. These new seers of the storm are electrical engineers.

Because they are primarily interested in electrical disturbances and their effects, these engineers devote their forecast to the country's thunder and lightning prospects for the summer of 1933. . .

Nor are these prospects, as they see them, bright, except that the lightning will brighten things up pretty much of the time. The prediction is for a season of heavy thunderstorms and intense lightning.

Charts and records maintained for a number of years are the basis of this horrendous augury. They seem to reveal a definite cycle in three-year periods, during which thunderstorms attain a maximum and minimum of intensity. The first year of the three is said to be "very bad," the second is average and the third is nearly free from serious electrical storm. In the fourth the cycle begins again with a summer of severe disturbances. And this, it seems, is the unpleasant beginning of another cycle.

Though all the charts and the law of averages may call for a dunder-und-blitzen summer of abnormal proportions, this is no guarantee of trouble for electrical engineers and disappointment for picnickers. The charts may show three degrees, but to the lightning-awed one summer seems little different from the rest in this particular.

Archaeologists were astounded at the state of preservation of towels found in an Egyptian tomb. Perhaps there were no traveling salesmen, tourists and college boys in those days.

Hollywood says the vogue of the horror film is but a transient phase. And yet since the first film a large percentage have been horrible.

Although Bandleader Whiteman lost 100 pounds in weight, he isn't so poorly. Each of his suits ought to make over into two now.

China is a land of contention. If it isn't a river it is a neighbor getting out of the wrong side of the bed.

Three balls may not be the mark of a pawnbroker. For example there are Uncle Sam's three balls—baseball, golf ball and football.

An old-timer is one who can remember when that kind of stories were told in smoking cars instead of magazines.

A scientist says man is a mistake of Nature. Everything is blamed on Nature.

Today's One-Minute Sermon

He that covereth his sins shall not prosper: but whoso confesseth and forsaketh them shall have mercy.—Proverbs 28:13.

Two Measures Are Distinct

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, April 28.—"President Roosevelt's gold export embargo and the new inflation plan," says Congressman Louis T. McFadden, former chairman of the house of representatives' banking committee and still rated among Capitol Hill's ablest currency experts, "are wholly distinct propositions.

Louis T. McFadden

"They do overlap, but only slightly.

"The gold embargo was a necessity. Inflation is an experiment.

"Counting all demand and early-maturing securities, Europe has about $2,700,000,000 gold claims against the United States, ready for presentation.

"Prime Minister Ramsey MacDonald of England unquestionably embarked for America, prepared to submit to President Roosevelt an alternative between immediate gold payment of these claims and acceptance of a program including war debt cancellation, American entrance into the League of Nations, and the Bank of International Settlements' transfer from Basle to London, making London the world's financial capital.

Sought Hard Bargain

"Mr. MacDonald knew that so huge a payment would create chaos and unmistakably felt sure of driving a desperately hard bargain.

"This embarga sank this scheme while he was in mid-ocean.

Suspension of the gold standard has its inflationary aspect, but is not, in itself, inflation.

"Its collateral policy is unqualified inflation, and plainly is so intended.

"True, it is described as 'controlled inflation'. Apparently the administration proposes to hold it to 50 per cent, that being the limit fixed for reduction in the dollar's gold content. If, however, it can be stopped at that or any other figure, it will be history's first example of a 'controlled inflation' that has stayed long under control. Hitherto, once inflation has started, pressure for a continued increase invariably has proved irresistable.

"Inflation naturally stimulates buying, since each individual foresees that, if he keeps his money, it will buy less and less. The rush to buy gives an appearance of prosperity, but let the brakes be applied and a slump instantly threatens, whereupon there is a cry for more money. With its issuance a boom develops, and it is manifest that an attempt to restrain it will precipitate a crash.

City Workers Suffer

"Prices rise and rise. Finally money ceases to have an appreciable value—and nothing remains but to abandon it and adopt a new currency, as Germany did.

"Folk who have acquired tangible property in the meantime are left comfortably situated, but bank accounts and cash savings have vanished. The farmer, if he has kept his land, has paid his debts easily, thus is in greatly improved circumstances, but the city worker, whose wages will not have kept pace with his rising expenses, finds himself destitute. The middle class is extinguished.

"It is a process which gives a fresh start to the coming generation—by dispossessing the parents in their children's favor.

"I don't say that this will follow an experiment with 'controlled inflation' in the United States. I say only that it has been the history of all inflationary experiments in the past. None ever was undertaken except, supposedly, under strict control."

• • •

WHO "SPRUNG" INFLATION?

Whether President Roosevelt "sprung" controlled inflation on congress or congress forced it on President Roosevelt is hotly disputed on Capitol Hill.

It has all the effect of having been wholly a presidential idea.

Nevertheless, there are dozens of lawmakers who insist that the White House seemed decidedly lukewarm toward it until it became evident that something of the sort inevitably would be legislated anyway.

No one disputes, however, that "F. D." gave the program a send-off that congress never could have equaled.

• • •

UNPAID TEACHERS

National Education association reports show a total of 1,000,000 pupils who would be turned out of their classrooms, if all schools were closed where teachers are unpaid.

• • •

COMMUNISM IN USA

The D. A. R. not only hates Communism. It resents being told that there is not much of it in America. The daughters hissed a speaker who said so, at their recent congress in Washington.

• • •

DRY CZAR IN BAD

Dry Czar A. V. Dalrymple was not long in getting on the Washington correspondents' bad books. "How I enforce prohibition is none of the public's business," was his answer to the question they asked him. The administration quickly informed him to be more considerate of newspapermen.

• • •

EMPLOYMENT CLAIMS

Wets point to a 17.5 per cent increase in employment in the beverage industry in March. Drys point to a 4.2 per cent decrease in general employment in the same month. Wets lay this to the bank moratorium. Drys counter with an 8.2 per cent wake slump.

• • •

OLD BUILDINGS WILL DO

Although Assistant Secretary of the Treasury Robert says the present administration will finish the public buildings started in Washington under the Hoover regime, it is understood that perfectly good old ones, like the postoffice department's, will not be torn down, as planned, to provide work on new ones.

What Other People Think

We cannot possibly go back to a gold coin standard unless vast new supplies of gold are discovered.—Prof. Harvey A. Wooster of Oberlin College.

• • •

I am tired of all this mystery about wrestling. I am for honest championships, openly arrived at.—Joe Savoldi, wrestler.

• • •

We want a new deal. We feel we are entitled to it. —Diego Abeito, secretary, pueblo of Isleta.

• • •

We all realize that at the moment the government's great object is not only to see that people are not hungry and are not without shelter, but to see that wherever possible people are given work and the feeling that they are actually doing something in return for what they are being paid.—Mrs. Franklin D. Roosevelt.

EXPLANATION OF YESTERDAY'S CARTOON

THE BUGABOO OF TECHNOCRACY:

The Pretzel came into being as the work of Emperor Charlemagne, who forced the subjected heathen Saxons to bake a cross into their dough, in sign of their conversion. According to Mr. Charles Betz, pretzel executive of St. Louis, no machine has ever been invented to match the human hand in its ability to properly twist the pretzel dough. Dough has life—according to Mr. Betz—and it takes a human being to bend it to his will.

Jesus Sets New Living Standards

★ ★ ★ ★

Text: Mark 10:13-27

International Uniform Sunday School Lesson For April 30

By Wm. E. Gilroy, D. D., Editor Of The Congregationalist

IT would seem that the world is constantly needing either new standards of living or a new emphasis upon old standards. In the crisis of our nation's life during recent weeks and months, we have had vitally emphasized the fact that a nation cannot exist without standards. When men in industry, or in business, even in the realm of banking which is supposed to represent the highest honesty, fail to recognize elemental moral responsibilities and regard for honest values, humanity invariably pays the price.

There is not in life a separate department for religion and morality apart from the rest of life. We cannot say of some department of life, "This is business," or "This is politics, and religion has nothing to do with it." The very economic life of our country, and its political life as well, are found to depend upon honesty and consideration for others.

• • •

WHEN we seek standards of living where can we find a higher standard or one more directly applicable to life, than the standard of living defined by Jesus?

Note some elements in this standard in the present lesson:

First of all, Jesus' standard of living had regard for little children. How sensible that is! What can we hope for in the life of a nation that does not properly nurture its children? The young of today will represent the life of the nation tomorrow. Our building for tomorrow is upon the foundation of our value of the little child. So when Jesus took the little children up in his arms and blessed them he was not only setting us a worthy example, but he was establishing standards of right living.

So, also, in his teaching concerning the thing that is most worth while in life. It is not wealth, even though one may have great possessions; nor is it even a formal fulfilling of commandments, though that may be very important. The thing that ultimately determines a man's life and character is that upon which he will stake his all.

• • •

IS there something that a man loves more than life? Is there something that he loves more than wealth? That is the thing that is deepest in his eternal character. The rich young man of the lesson, who had been faithful in the observance of the Commandments, failed in this supreme test. His heart, after all, was centered more upon his great possessions than upon the highest way of life.

The disciples could not quite understand that the privileges of wealth and riches could not pave one's place into the Kingdom of Heaven. They were amazed when Jesus showed that the standard was much stricter than that. If a moral young man should fail because his heart was too much set upon his wealth, who then could be saved?

To this the reply of Jesus was that all things are possible with God. Probably what Jesus meant by this was that in the providence of God the wealthy may have as much a part and place in the Kingdom as the poor, if they do not make their wealth a barier. But if a man worships his wealth rather than his God, how can he be truly godly or have any real place and part in God's Kingdom?

WALKER TO RETURN

NEW YORK, April 28. (AP) — The Queens Evening News of Jamaica, Long Island, published today a copyrighted story saying former Mayor James J. Walker will return to New York next fall and participate as a candidate in the mayoralty election.

Hunt Begun 13 Years Ago For Group Of Hottest Stars Proves Successful

PASADENA, Calif., April 28 (AP) —Dr. Paul W. Merrill, astronomer of the Carnegie institution's Mount Wilson observatory, told today of a successful hunt begun 13 years ago for members of the hottest group of stars known.

The be or bright line stars for which we were looking are unusual because of their enormous atmospheres of glowing hydrogen gas," said Dr. Merrill. "The atmosphere of most stars is comparatively thin, but the be stars are surrounded by layers of hydrogen gas from a few million to 100 million miles thick.

"They are members of the general B group of white-hot gaseous stars which are five to ten times the size of the sun and which have surface temperatures of 10,000 to 20,000 degrees centigrade. The sun's surface temperature is about 6,000."

Dr. Merrill, aided by Milton Humason, Miss Cora Burwell and others, set out in 1919 to discover and catalogue the be white stars. They have found more than 200 and Dr. Merrill is preparing a catalogue of 410, which includes those found by all observers.

"In exploring the skies for the be stars we used a 10-inch telescope with a prism placed over it which gave us their spectra or color bands," said Dr. Merrill.

"The spectra of thousands of stars would appear on a single photographic plate. Miss Burwell would go over the plates searching tediously for all spectra with bright hydrogen lines. These marked the stars for which we were looking.

"Some of the hundreds of plates yielded not a single brightline star. But one day we made an unusually large 'haul.' A plate exposed by N. U. Mayall showed 48 brightline stars, 27 of which had not previously been discovered.

"When Miss Burwell had marked the stars for us on the plates, Mr. Humason or I would find them in the skies with the 60 or 100-inch telescopes, study them individually and note their peculiarities."

Thomas Edison produced a talking picture from the play "The Master Mind" in 1913.

Relief Bill For Distressed Property Owners Passed By Texas Legislature

...ction Up To Mrs. Ferguson

...istrict Courts Are Empowered To Postpone Execution Of Foreclosures; Sales To Be Halted Next Tuesday

AUSTIN, April 28 (AP)—The Texas ...islature today passed to the gov...nor a bill to give relief to finan...al disabled property owners in ...anger of being dispossessed through ...ortgage foreclosure proceedings.

Both the house and senate adopted a conference report on a com...promise mortgage moratorium fore...osure bill by enough votes to make ...effective immediately when sign...d by Governor Miriam A. Fer...uson. The bill was sponsored by ...epresentative Joe Greathouse of ...ort Worth and Senator Walter C. ...oodward of Coleman.

Postpones Execution

District courts would be empow...ed under the bill to postpone exe...ution of mortgage foreclosures on ...ffidavit of property owners that ...le of the property at this time ...ould not bring its fair market ...alue. The judge could grant an ...xtension of six months, which could ...e extended for a like period on a ...imilar showing.

Greathouse said he believed the ...overnor would sign the bill without ...elay and that the bill could be ...ade operative in time to prevent ...ales scheduled in Texas counties ...y next Tuesday. The sales can be ...revented, Greathouse said, by the ...roperty owner asking the district ...ourt for a temporary injunction ...ased on the new law.

Persons whose taxes were in ar...ears more than four years could ...ot take advantage of the law. ...roperty owners would be required ...o plead that the property would ...ell for less than its reasonable ...alue; that no fraud was involved ...n the transaction; that foreclosure ...ould result in unjust financial in...ury and that the property was not ...eing mismanaged or wasted.

Lubbock Man

(Continued from Page One)

...his pockets. His mother, Mrs. E. ...L. Davis of Lubbock, is expect...ed here sometime tomorrow to ...identify the body.

...erificaton Of Death ...Sought By Mother

Mrs. E. L. Davis, 1919, Avenue Q, last night was seeking verifi...cation that Thomas S. Davis, 31, who died in Hot Springs is her son, Thomas Paul Davis, 41.

Mrs. Davis said she hoped to leave today for Hot Springs. She said she had not seen her son since October, 1931, and that she had received a letter from him in February, this year. W. W. Davis, his brother, said Thomas had written him he was going to Hot Springs. Mrs. Davis received word of the death by telegram.

Other survivors are his father, T. D. Davis, of Lubbock, three sisters, Misses Pearl Davis of Lehman and Blanche Davis of Hollene, N. M., and Mrs. Clara Gilbreath of Hollene; and five brothers, W. W. Davis of Lubbock; A. E. Davis of Long Beach, Calif.; Jim Davis of Raymondville; Elmo D. Davis, of New Mexico, and Arthur Frank Davis of Plains.

Legion Chief

(Continued From Page One)

...mpt to regain benefits lost, but ...at the plan was to recollect the ...rganization's forces. Nesbitt asked ...r no other bonus marches to ...Washington, declaring that they ...ould endanger the legion's cause.

Touches On Economy

Moody urged the organization to ...crease its membership. He also ...uched on the economy bill.

"Now that we've had our economy, ...e're going to see that the others ...t theirs," he said. "Compensa...on for the disabled veteran is what ...e legion stands for, and we'll have ...sooner or later."

Arrangements for the rally were ...ade by R. F. Hinchey, C. A. Shef...ld, Hubert Allen, H. D. Woods, ...y McKinney. Dr. W. A. Jackson, ...st commander, presided.

Nesbitt and Moody are enroute to ...lhart where they will attend an ...th congressional district meeting. ...veral Lubbock legionnaires also ...ll make the trip. The district ...ssion will be conducted tonight ...d Sunday.

The first known geographical ...ctionary is that of Stephen of ...yzantium, who lived in the sixth ...ntury.

MARKET REPORTS

Stocks

WALL STREET REPORT
BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, April 28. (AP)—Stocks were reluctant to decline today and after losing fractions to a couple of points on a slow sag recovered smartly in the late trading.

Generally speaking, the rally accomplished little more than the recovery of what had been lost, though motor and steel shares pushed up more aggressively than did most other industrials, the utilities or rails. The market looked rather professional all day, its final spurt coinciding with the defeat of bonus legislation by the senate.

Expanding steel mill activity and favorable reports on automobile production gave comfort to those who are impressed by the tenor of current business trend.

Sales totaled 2,163,630 shares.

Bogginess of the dollar exchange attracted little attention marketing being attributed largely to technical adjustments.

Closing strength seemed to have been provided in liberal measure by covering.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, April 28. (AP)—Cotton was somewhat more active today as prices declined 17 points on rather general liquidation by tired longs and then recovered briskly in an afternoon rally. There was a second slight reaction on realizing and the close was steady 6 points net lower.

The opening was easier owing to lower Liverpool cables than due. First trades showed losses of 2 to 4 points due to the lower cables and prices eased further after the start on hedge selling and long liquidation.

With only short-lived rallies, the trend was downward all morning and before noon July had dropped to 7.36, and October to 7.97, down 17 points from yesterday's close. The easier tone was attributed to rather disappointing mill takings for the week, delays on inflation and hedge-selling.

The market gradually improved in the early afternoon on covering and later advanced sharply in sympathy with stocks. July advanced to 7.53, and October to 7.75 up 16 points from the lows of the morning to new highs for the day and within a single point of yesterday's close. Prices eased off 5 to 6 points at the end on realising and July closed at 7.47 and October at 7.73, down 6 points net for both months.

Liverpool is due on New Orleans tomorrow 1 penny point down to 1 up.

Port receipts 35,286, for week 53,944, for season 7,825,375, last season 8,565,052. Exports 35,088, for week 70,315, for season 5,443,600, last season 7,283,353. Port stock 4,199,803, last year 4,145,879. Combined shipboard stock at New Orleans, Galveston and Houston 123,437, last year 121,814. Spot sales at southern markets 10,786, last year 8,224.

NEW YORK REPORT

NEW YORK, April 28. (AP) — Further liquidation in cotton was absorbed by covering and trade buying today and after showing losses of 13 to 17 points the market rallied, closing steady at net declines off 6 to 9 points.

The opening was 4 to 9 points lower in response to relatively easy Liverpool cables, southern selling and liquidation. Offerings were absorbed by trade buying, and prices steadied early. There was some commission house buying and some through houses with Liverpool connections. Later liquidation appeared and May sold off to 7.36 and October to 7.58, or about 13 to 18 points net lower. Neither sharp rallies followed on covering and local buying encouraged by the firmer tone of the late stock market. Final prices were about 8 to 10 points above the lowest.

Local Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—A. B. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers: Cotton—Bledsoe Cotton company. All prices subject to change during day.

Markets At A Glance

NEW YORK, April 28. (AP)—
STOCKS heavy; rails lead quiet decline.
BONDS irregular; rails ease.
CURB irregular; trading dull.
FOREIGN exchanges firm; sterling rallies.
COTTON lower; Wall street and southern selling; lower cables.
SUGAR barely steady; disappointing spot demand.
COFFEE lower; commission house selling.
CHICAGO
WHEAT lower; heavy eastern selling.
CORN weak; sympathy with wheat.
CATTLE steady to firm, spots 10-15 higher.
HOGS steady to 10 lower; top $4.

Livestock

KANSAS CITY REPORT

KANSAS CITY, April 28. (AP)—Trading in livestock this week fell in line with general price advances on grains, securities, provisions and other commodities to bring values on cattle, hogs and sheep to an unevenly higher basis as compared with last Friday. During the first four days of the period fed steers and yearlings sold at 25 or more higher prices. Hogs advanced around 10 to 20 while lambs registered steady to $1 or 50 higher rates. However, in today's business slight declines prevailed on hogs and lambs while cattle were little changed.

Limited supplies of fed steers and yearlings in today's trade sold at steady to strong prices, a few sales coming in around 6.50@6.60. Several markets around the circuit reported a shortage of finished light and long yearling steers on hand this week while supplies of weighty steers were moderate to liberal. Weighty beeves generally sold to better advantage this week than for some time past, some outstanding 1510 lb. and 1650 lb. bullocks bringing 5.75@6.15, respectively. Majority of better grade light steers and long yearlings cleared around 5.50@6.35 with a few up to 7.10 while medium weight and heavy steers bulked around 4.25@6.00. Stocker and feeder steers carried a firmer tone in sympathy with killing steers, most of them selling around 4.00@5.50 with a few loads of light stockers and fleshy feeders up to 5.75 or above.

Hogs cleared at mostly 5 to 10 lower figures with spots 20 off in the day's business. Chicago scoring a 4.00 top paid sparingly.

Lambs were listed as steady to 15 lower in most cases, fed kinds bulking at 5.00 @5.75 with a few at 6.00 while springers made 6.25@7.00.

FORT WORTH REPORT

FORT WORTH, April 28. (AP)—Hogs 2,000; top 3.65; packing sows 3.50@3.75 or steady.

Cattle 1,100 calves 300; plain heavy fed steers 4.25; better fed yearlings 4.75@5.50; plainer grades 4.00 down; butcher cows 2.00; low cutters 1.25; other classes cattle nominal.

Sheep 3,500; shorn lambs, yearlings and wethers steady; good shorn fed lambs 4.25@4.60; shorn fat yearlings and 2-year-old wethers 3.25; aged fat wethers 2.25@2.50.

Grains

FORT WORTH REPORT

FORT WORTH, April 28. (AP)—Demand was reported somewhat slower on the Fort Worth cash grain market today, due largely to the decline in contract values. Estimated receipts included: Wheat 16 cars; corn 13; oats 1; barley 3; sorghums 7, and cane seed 1.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports, export rate, or Texas common points: Wheat, No. 1 hard 70 1-2@77 1-2. Barley No. 2 nominally 43 1-2@44 1-2; No. 3 nominally 42 1-2 @43 1-2. Sorghums No. 2 milo per 100 pounds 87@90; No. 3 milo 83@86. No. 2 kafir 74@76.

Delivered Texas common points or group three: Corn, No. 2 mixed 31 1-2@32 1-2; No. 3 white 33 1-2@34 1-2; No. 2 yellow 32@33.

Delivered Texas common points: Oats, No. 2 red 33@34; No. 3 red 32 1-2@33.

CHICAGO REPORT

CHICAGO, April 28. (AP) — Wheat and corn prices collapsed today, wheat 2 1-4 cents maximum and corn almost 2 cents.

Senate approval of plans to lower the gold content of the dollar failed to bring about an expected fresh wave of public speculative buying, and instead many traders gave special attention to assertions that the farm commodity bill as at present amended would be deflationary in effect. Heavy selling ascribed to eastern sources found all grains were devoid of adequate support from buyers.

Wheat closed unsteady near the day's bottom figures, 1 1-2 to 2 1-8 lower than yesterday's finish, corn 1 1-4 to 1 3-4 down, oats 5-8 to 1 1-8 off, and provisions showing 10 to 15 cents setback.

Corn and oats sympathized with wheat weakness.

Provisions were responsive o downturns of hog values and of grains.

Closing indemnities: Wheat, May 64 1-4, 69 3-8@1-2; July 65 1-8@1-4, 68 1-2@3-4; Sept. 65 7-8@66, 69 1-2@5-8; Dec. 67 7-8, 71. Corn, May 31 3-4, 34 3-8; July 34 3-4, 36 7-8@37; Sept. 36 1-2, 38@38 1-2.

Port Arthur Woman Chosen Head Of Women's Federation

GALVESTON, April 28. (AP)—Election of Mrs. Fred A. White of Port Arthur as president of the fourth district, Texas Federation of Women's Clubs was announced at the close of the annual convention today.

Other officers chosen were Mrs. R. W. Jenkins of Houston, first vice president, and Mrs. O. B. Martin of College Station, second vice president.

Selection of the next meeting place was left for determination by the executive committee.

Mrs. Carl White of Port Arthur was appointed secretary-treasurer.

Pastor Denies That He Ever Kissed Defendant In Suit Brought By Wife

OMAHA, Neb., April 28. (AP)—From the witness stand in district court, Rev. Oliver D. Baltzly today denied emphatically he had ever embraced or kissed Miss Gertrude Gruenig, defendant in a $50,000 alienation of affections suit brought by the former pastor's divorced wife.

The 61-year-old minister, former pastor of a large church here, appearing as a witness for Miss Gruenig, a former parishioner, picked up his intimate story where he left off yesterday. The Baltzlys were divorced at Hot Springs, Ark., in 1931.

"Has Miss Gruenig in any way influenced your actions toward your wife?" Miss Gruenig's attorney asked him.

"Not in the slightest," he replied.

"Why are you here now?"

The doctor said he had intended to be in Hot Springs, but came here "in the interest of righteousness truth and fairness."

Highway Meet

(Continued From Page One)

Dyrel Kirk, Lamesa; J. Edd Brown, Floydada; D. L. Granberry, Spur.

Presents State Situation

District Engineer Johnston was the opening speaker, presenting the state situation on further road construction. Older states, he pointed out, were opposed to federal appropriations for building roads because, for the most part, their systems were completed. They were "diverting state highway funds to other purposes," he said. "The people have decided that highway construction is a good way to relieve unemployment," the speaker added.

"You do not have a single connected highway out of here." Mr. Johnston pointed out in speaking of the South Plains system. "We were just ready to give you a connected system."

Figures on the work of road construction the past two years were given as: 214.11 miles of highways built; 100 miles of highways ready for surfacing; plans completed for construction of 332 miles more. "With $3,000,000 we could finish these 332 miles, but at that we would have only about half completed the roads of the district," Mr. Johnston added." We would then have 1,000 miles more to pave. This includes 102 miles recently designated. All of the allotments from the federal government due the state, have been put under contract."

Would Employ 5,000

"If the South Plains got its share of what the federal appropriation should be, this district would have enough construction to employ 5,000 men," the engineer added.

A. B. Davis said he was "pinch hitting" for E. L. Pitts, county judge, unable to be present. He outlined the handling of R.F.C. plans in meeting the unemployment situation the past winter and this spring. Lubbock county's experiences in receiving funds were cited as typical of the situation during March and April. So far in April, he added, but $4,000 of the $8,000 promised, was paid.

"We need something of a more permanent value for this section out here," he said in speaking of the proposals for reforestation and flood relief.

Prospects Are Bright

Mr. Diggs said before leaving Abilene at 11:30 Friday morning, Chairman W. R. Ely of the state highway commission had received a wire from Colonel Markham, at Washington, concerning a federal appropriation for construction work in Texas. "Prospects brightest for federal appropriation, wires to White House will help."

A proposal for an appropriation of $100,000,000 for primary roads to be built in cities and towns, is expected. In addition a $50,000,000 appropriation for secondary roads and an additional $100,000,000 for grade crossings and underpass work was mentioned, giving $250,000,000 for work in 1933 and in 1934, for all the states for road construction programs.

Can Get Ready

Texas can "get ready within two weeks, because it takes two weeks to advertise for bids on contracts," Mr. Diggs quoted Chairman Ely as saying. In the tree planting program along Texas highways, only 212 men will be used if the federal plan is followed.

In 1931, federal road expenditures were $80,000,000 and with this 115,146 men were employed. Counting two men necessary to keep one man at work on roads, only 345,000 men were used in road work. This is only a fraction of the unemployment army, he pointed out.

An attendance of 142 men from 16 counties was recorded. These included eight county judges; 25 county commissioners; three mayors and seven chamber of commerce secretaries. Counties represented were: Dawson, Lamb, Dickens, Floyd, Lynn, Garza, Gaines, Kent, Hale, Hockley, Crosby, Matador, Terry, Cochran, Bailey and Lubbock.

Vice Commander Of BEF Is Evicted From The Senate

WASHINGTON, April 28. (AP) — Harold B. Foulkrod, vice commander of the bonus expeditionary force, was evicted from the senate gallery today for applauding during debate on the pending amendment to pay the soldiers' bonus.

He quickly apologized to senate doorkeepers and agreed not to do it again but could not get back into the crowded gallery immediately.

FDR Organizes

(Continued from Page One)

nett decided to remain in the capital another day.

There was a definite intimation of a consultative pact in the last joint statement of Mr. Roosevelt and Mr. Herriot as well as an understanding between them on the economic and arms problems.

The day also brought an acceptance from this government of an invitation to participate in a four-power wheat conference under auspices of the League of Nations to be held in May. Canada, Argentina and Australia—other great producers of wheat—also have been invited.

Escaped Convict Fatally Wounded By Wewoka Officer

WEWOKA, Okla., April 28. (AP)—Coleman Rickerson, 32, escaped life-term convict, wanted for the Depew state national bank robbery last January 16, was fatally wounded late today by Constable Bill Gross. He died a few hours later.

Lonnie Poe, uncle of Charles "Pretty Boy" Floyd, and Joe Milam, others accused in the Depew robbers, were captured in Kansas in February after all three had escaped capture in a gun fight with officers near Bristow, Jan. 31.

Gross reported he shot Rickerson when the latter attempted to seize a rifle after Gross had taken his pistol. The shooting occurred at the home of Blackie Smalley, five miles west of here, which Gross was searching when Rickerson appeared.

Demands Made In Spanish Flare-Up

ALBUQUERQUE, N. M., April 28. (AP)—A mass meeting of Spanish-Americans here last night demanded dismissal of Prof. R. M. Page of the University of New Mexico and the board of regents of the university for alleged insults to Spanish-speaking people in the state.

The demands came after a series of questions calculated to obtain information regarding the attitude of Anglo high school students toward their Spanish-speaking classmates were made public. The questionnaire was drawn up and prepared by Page, phychology professor, and George I. Sanches, head of the department of information and statistics in New Mexico for the Rockefeller foundation.

Spanish-speaking people in the state charged the questionnaire was insulting and instead of accomplishing a better understanding between the two groups, tended to cause more bitterness and prejudice. Sanchez was quoted in Santa Fe as saying he assumed full responsibility for the affair.

Farm Relief

(Continued from Page One)

stabilization of world currencies and exchanges.

Will Accept Silver

Accepting up to $200,000,000 in silver at not more than 40 cents an ounce as payments on war debts due this country in the next six months; to issue silver certificates against the silver and coin the metal to meet any demand for redemption of the certificates.

Remonetizing silver at a ratio with gold fixed by the president and free coinage of both gold and silver at such ratio.

The latter feature was not in the original administration project, but was accepted by Democratic leaders after being offered by Senators Wheeler (D-Mont.) and King (D-Utah.)

Safeguards Are Provided

Several safeguards are thrown around the inflation plan and Democratic chieftains have announced it would be used "prudently." They do not expect the gold content clause to be resorted to, and have announced the $3,000,000,000 credit section would be the first employed to increase circulation.

Under the credit clause the federal reserve board, with the approval of the treasury secretary, may require the reserve banks to take such action as may be necessary to "prevent undue credit expansion."

Further, the board could regulate the expansion by directing the increase or decrease of reserve balances against deposits as the situation warranted.

Provisions Announced

Liberalization features of this section provide exemption from the present graduated tax on reserve deficiencies and from the requirement of automatic increase in discount rates charged by reserve banks.

Besides aiming to raise prices of basic farm commodities, the farm sections provide for refinancing the farm mortgage indebtedness, estimated at $8,500,000,000. This section provides for a $2,000,000,000 federal land bank bond issue, with a four per cent interest rate to be guaranteed by the government.

Mortgages would be refinanced at 4 1-2 per cent through the land bank system, with the one per cent annual amortization requirement of the land banks suspended for five years.

Nine Are Included

The nine commodities included for price-lifting benefits are wheat, cotton, corn, hogs, rice, tobacco, sugar cane, sugar beets and dairy products.

An initial appropriation of $100,000,000 is provided to start the farm machinery, to be repaid the government from collections from the processing tax.

King Kong Clip-Out

"King Kong" Klip Out Puzzle Unit K

This is something more than a puzzle! Its a puzzle about a puzzle, for those scientific chaps who make a life study of prehistoric animals find it far mare puzzling to identify those great creatures of a lost world than you will.

This is the 11th unit of the "King Kong" Puzzle, to appear, there will be one more tomorrow, making the complete 12 unit puzzle. Watch tomorrow's paper for the final unit, and instructions.

Watch each day for a new UNIT, and when the entire series has appeared, and you have completed your puzzle, bring it to the Avalanche-Journal. The 5 persons who submit the best complete "King Kong" Puzzle will each receive one pair of guest tickets to see "King Kong" at the Lindsey Theater. Preview Saturday night, April 29th, 11:30. April 30th, May 1st, 2nd and 3rd.

LEGAL NOTICES

39—Legal Notices

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS
AT LUBBOCK

In the Matter of Lubbock Grain and Coal Company, Inc., Bankruptcy. No. 25 in Bankruptcy.

To the creditors of said estate: This is to advise you that the Trustee of said estate, W. D. Girand, jr., has recovered from the railway companies the sum of $2,728.29 excess charges in freight shipments made by the corporation prior to the time of the filing of the petition in bankruptcy, and that said fund is now in the possession of the Trustee in the depository at Lubbock, Texas.

That there was filed by Bettie C. Dickinson, as executrix of the estate of W. K. Dickinson, sr., deceased, B. C. Dickinson, and J. D. Quick, a claim to said funds alleging that the claim against the railway companies was not a part of the assets of the Lubbock Grain and Coal Company, but was the individual property of the said W. K. Dickinson, deceased, B. C. Dickinson and J. D. Quick, and praying that an order be entered directing the Trustee of said estate to pay said sum over to them. Contest to this claim was filed by the Trustee and the matter set for hearing.

The Trustee and his attorneys, Bledsoe, Crenshaw and Dupree, of Lubbock, Texas, have filed in this Court a compromise settlement of said controversy, whereby the Trustee is to pay to the said claimants the sum of $700.00, and to retain for the benefit of said estate $2,028.29, and requesting the Court to approve said compromise settlement and agreement. And it appearing to the Court that there is a real controversy existing between the claimants and the Trustee in Bankruptcy to said fund, and that it is necessary that all creditors be notified of the time and place of a hearing on said offer of compromise.

Now, therefore, you will take notice that on the 16th day of May, 1933, at ten o'clock a. m., in the office of the Referee, at Lubbock, Texas, will hear any objection to the confirmation of said compromise, and if no objections are filed on or before said time of hearing, the offer of compromise as agreed to by claimants and the Trustee will be approved.

This, the 27th day of April, A. D., 1933.
W. D. GIRAND, Referee.

Senate Probe Opens Friday

Senator Costigan Says Affair Appears Tainted With Official Dilatoriness; Witnesses Are Heard

WASHINGTON, April 28. (AP) — Opening the senate inquiry into delay in prosecution of Joseph W. Harriman, New York banker, Senator Costigan (D., Colo.), said today "the whole episode appears to be tainted with official dilatoriness."

Costigan, said as a consequence of delay in prosecuting Harriman and other officers of the Harriman National Bank and Trust company, it appeared "substantial losses have been suffered by depositors."

Reported In December

W. H. Ramsey, justice department attorney, said the Harriman case was reported to the department for the first time December 27, 1932, in a letter from the comptroller of currency.

The letter was accompanied by a banker examiner's report dated July 9 of that year, Ramsey said.

"On December 30, three gentlemen from New York, Messrs. Cooper Wright and Bisbee, came to Washington and asked delay in the case," Ramsey said.

One of them was an officer of the bank and another a representative of the clearing house, the witness added.

Reorganization Sought

"They said they held no brief for Harriman, but that they were undertaking to effect a reorganization and save the bank," he testified.

"They told us that Harriman was sick in bed, seriously ill and might never recover."

The witness said he conferred by telephone with acting comptroller of the currency, Awalt, who, while not asking for delay, indicated he would be glad if it were arranged to permit straightening out the bank's affairs.

Application For Loans On Crops Will Close Tonight

Today is the last day for applications for crop production loans to be made, as all applications must be in the mails before midnight, P. F. Murray, local supervisor, stated yesterday.

Approximately 175 applications have been made so far, Mr. Murray said.

Mr. Murray called attention to the card to be signed by recipients of loans, enclosed with the first check. "Some people are not signing and stamping these return cards," he said. "Each card must be signed by the borrower, stamped and mailed. They must also be dated. This is necessary before the second check will be forwarded. If people are having trouble receiving their second check, this is probably the reason."

Three Persons Are Slightly Injured In Wreck At Austin

AUSTIN, April 28. (AP)—Three persons of a party of fourteen bumming their way on a freight train were slightly injured in a wreck six miles north of Austin today.

Thirteen freight cars were demolished and the track was torn up for a distance of one hundred yards. It was a Missouri Pacific train.

The name Texas is derived from the Indian word "Tejas" meaning friends.

Hemphill-Wells Co.

Many Novelties Are Being Shown At School Display; Will Be Open Today

Lubbock public school patrons, who thronged the high school gymnasium where work of the students is displayed yesterday realized that "readin', 'ritin and 'rithmetic" are not the only subjects taught here. The exhibit will be open until 9 p. m. today.

From primary work to the graduating class, visible results of laboratory and study hour instructions offer ample proof of the "learn to do by doing" practice in the schools. The city's five grade schools, junior high and senior high have displays in the exhibit which completely lines the walls of the gymnasium clear to the ceiling. Hundreds of other articles are on the floor.

Supt. M. H. Duncan has issued a blanket invitation to all patrons of the schools and citizens of Lubbock to view the exhibit. Teachers and students will be on hand during all hours to explain various displays. Entrance to the gymnasium will be from Eighteenth street.

Featuring the exhibits, perhaps, is the expert workmanship of the high school manual training and home economics departments but even the grades' array of cutouts, posters, drawings, notebooks, art work, etc. show signs of much diligent and apt work.

Visitors will see a block cake or sandwich server made by E. E. Key, head of the manual training department, which contains 300 pieces of block wood glued together. Mr. Key also has a beautiful cedar chest along with articles of furniture made by boys of his class. Cedar chests are displayed by Bill Davidson, Olan Crump, G. W. Cleveland, and Hugh Newton while walnut inlaid work and upholstered work is exceptional by Ben Thompson and Franklin Mast.

Dress making, embroidering, hooked rugs, canning and other household work is featured by the home economics department.

Posters, examples of writing, drawing, pottery work, carvings in wood and soap, lettering, typing, history, English and Latin notebooks, mechanical drawing, crayon sketches, map work, biology displays, and scores of other types of handiwork are included in the exhibit which is declared to be the most complete the schools have ever shown.

NEGROES RETURN

BIRMINGHAM, Ala., April 28. (AP) The nine negro defendants in the "Scottsboro case" were returned to their cells at 11 a. m. today after a promise to Warden F. L. Erwin that they would cause no more trouble and would pay for any damage caused.

There are at least 10,000 earthquakes a year in the world, according to scientists.

Charge Filed In Car Crash

W. R. Patterson Of Near Plains Charged With Murder After Death Of Girl; Is Released On Bond

As a result of a vehicular fatality, W. R. Paterson of near Plains has been charged with murder in justice court in Plains, Yoakum county, John Keller, state highway patrolman here, said yesterday. Patterson was freed on bond.

Sheriff Joe Ellison of Yoakum county, who with Keller investigated a collision which resulted in the death of Miss Jean Proctor, 15, of near Tokio, Terry county, filed the charge. The sheriff and highway patrolman arrested Patterson.

Car Struck Wagon

A group late Monday was in a wagon on state highway No. 84 on the eastern edge of Yoakum county, en route to revival services at Tokio, when an automobile driven by Patterson struck about the front of the wagon, Keller said. The girl's feet flew upward, she fell backward, and struck her head in the wagon. She died of a fracture at the base of the skull, without regaining consciousness, early Tuesday in Brownfield, Keller said. The automobile was going westward and the wagon eastward when the crash occurred.

Suit For $8,020 Is Filed Friday

Hal W. McSpadden, jr., of Terry county, yesterday filed suit in 99th district court for $8,020 compensation and $390.20 for hospital, doctors, medicine and nursing expenses against Texas Reciprocal Insurance association. The suit is an aftermath of an automobile collision near here in December.

The petition stated McSpadden, as an employe of a Brownfield ginning firm traveling in furtherance of its business when injured, was entitled to benefits of the state workmen's compensation act. An automobile in which McSpadden was riding, en route from Lubbock to Brownfield, and one driven by J. T. Beadle of Tatum, N. M., were in collision December 3 on state highway No. 137 about eight miles from Lubbock.

McSpadden, the petition stated, was disabled permanently, as a result of suffering five fractures of the pelvis, torn ligaments, and other severe injuries.

Payment of compensation in a lump sum, less 6 per cent if so paid, was asked. Durwood H. Bradley of Lubbock and R. L. Graves of Brownfield represent McSpadden.

Press Gathering Slated On May 6

BROWNWOOD, April 28 (AP)—The spring meeting of the Heart of Texas Press association will be held Saturday, May 6, at Ballinger, it has been decided by the program committee. The meeting will be called to order at 10 a. m., by Edgar McLendon, of the Junction Eagle, president.

Three major topics are to be discussed at the morning session "The Value of Careful Newspaper Editing," by James C. White, editor of the Broonwood Bulletin; "The Development of Classified Advertising," by a representative of the Abilene-Reporter News, and "Fake Advertising and Promoting Schemes," by R. L. Halford of the Hico News-Review.

Rufus Higgs, editor of the Stephenville Empire-Tribune, will be elevated from the vice presidency to the presidency. Higgs also is vice president of the Texas Press association.

A barbecue dinner will be served at noon. In the afternoon the usual golf tournament will be held, the winner of which receives a loving cup. M. S. Sellers, editor of the Rising Star Record, won the cup at the Brownwood meeting last spring.

WOMAN IS FREED

CLEBURN, April 28, (AP) — Mrs. Lula V. Gate, 52, was at Liberty under $2,500 bond today on a charge of murder in connection with the fatal shooting of her husband, Lee Gage, at their home last night.

Farmer Is Believer In Signs; Plans To Plant Cotton On The "Twin Days"

B. F. Clemmer, a farmer of Shallowater, is a believer in signs and Saturday he plans to start planting his cotton, because it is "twin day" for planting cotton. But his problem is, what about Sunday.

"The almanac shows three twin days and twin days are the days to plant cotton," Mr. Clemmer said Friday. "I am going to start planting on Saturday, but I don't know about Sunday."

Mr. Clemmer explained that the proper way was to plant cotton on "twin days" the same as potatoes are planted in the dark of the moon. Planting should only be on the two days together.

Corn planted a short time ago is now an inch or two high the farmer reported. Maize also has been planted for the 1933 crop.

Klett Is Chosen Texas Exes Head

Lubbock Texas Exes association has elected E. L. Kletf, local attorney, president, through a mail election, Clark M. Mullican, retiring president, announced yesterday.

Mrs. H. D. Woods was elected secretary and Mrs. Geo. Dupree treasurer. Election of officers usually is held each March 2 at an annual banquet. No election was held last March 2, as Judge Mulican set out in a letter accompanying the ballots because "violent seismographic disturbances in the meeting prevented the usual regular and orderly election of officers. A B Hall gang of roughnecks led by Senator W. H. Bledsoe and George Dupree bolted the convention, spoiled my perfectly good farewell address, took charge of the meeting and shanghaied me into the president's office for another year."

Pardons Granted By Mrs. Ferguson

AUSTIN, April 28. (AP)—Governor Miriam A. Ferguson today ordered nine inmates of the Texas penitentiary set free, two with full pardons, one with a conditional pardon and six under general paroles.

Full pardons were given Bud Jones, sentenced to five years from Lamar and Delta counties for violating the prohibition law, in March, 1930, and Thelma Hardy, convicted in Harris county in October, 1932, for cattle theft and given two years.

Sam Pate, convicted in Tyler county for cattle theft and sentenced to two years in October, 1932, received the conditional pardon.

General paroles were issued to Bishop Taylor, Travis county, forgery five years; Bud Sharp, McCulloch county, violating prohibition law, two years, convicted in June, 1932; Millard Wood, Van Zandt county, burglary six years, convicted in May, 1931; D. A. Simmons, Harris county, burglary, and theft, ten years, convicted in August, 1928; Russell Welch, Van Zandt county, burglary and theft three years, convicted in January, 1932, and Bert Willis, Dallas county, arson, two years, convicted in September, 1932.

CALICHE SIX BLOCKS

FLOYDADA, (Special) — Six blocks of streets have been given caliche surfacing, with R. F. C. funds paying labor costs. Three blocks on Fifth street, one on Mississippi, a block on West Virginia street and one in front of the high school.

COURTS ON SHORTER HOURS

PARIS, (AP)—French judges are not overworked, says a chamber of deputies report on the budget of the ministry of justice. The report shows that two provincial courts average only one sitting a month and a dozen others only two a month.

Blue Star Kills The Itch Germs

To get rid of itch, rash, tetter, foot itch, ringworm or eczema, cover with soothing Blue Star Ointment which contains tested medicines that melt and soak in quickly and kill every germ. Money back if it fails.—Adv.
