City Gets $10,000 For Employment

The City of Colorado City has received almost $10,000 under the emergency employment act recently passed by Congress and administered for this region by the West Central Texas Council of Governments.

James Campbell, city manager of Colorado City, said the funds, which are to be used between now and Jan. 10, will be used to hire three fulltime city employees.

These three employees will be placed in various departments, probably one in the street department and two in the water and sewer department, Campbell said.

Interviews for applicants under the program will be conducted at City Hall today (Thursday).

The county in February received $24,000 to hire eight men under the emergency employment act. These eight men are now working in the county's four precincts.

Bake Sale Saturday

Choir Boosters have scheduled a Bake Sale for Saturday at E-Z Way Superette in Colorado City and will have all sorts of baked goods, pies, cakes, cookies and candies for sale, beginning at 9 a.m.

Money raised by the project will go to help pay expenses for the Choir to attend the big Choir and Band Festival in Amarillo, April 24.

The CHS band has attended the festival in past years, but this will be the first time for the choir to go.

Medalist

Hobie Bolin, 15-year old Colorado High School Freshman, is shown in the two photos above. Playing partners from left, Keith Bumpass of Slaton, Gary Creason of Hamlin and Mark Carter of Ballinger, congratulate Bolin as he successfully sank a birdie putt on the 16th green. In the bottom photo, Bolin accepts the Medalist trophy from Golf Coach Mike Farda's hand as other golfers look on. Bolin was winner of the trophy with a one over par 71 in the Third Annual Colorado City Record Invitational Golf Tournament played at Colorado Country Club Tuesday.

Bolin Shoots Low 71, Gets Medalist Trophy

Hamlin's golf team took home the first place team trophy from the Third Annual Colorado City Record Invitational Golf Tournament Tuesday but Colorado City's home-town boy, Hobie Bolin, took the prestigiou Medalist Award.

Bolin was even par up to the next to the last hole, where he made a bogey six. He still had a crack at coming in at even par when his tee shot on the Eighteenth green came to rest within makeable range but the birdie putt would not go in and Bolin had to settle for an 18-hole total of 71, one over par.

Hamlin's Jerry Briscoe was second place medalist with a 74.

Colorado City's Team One shot a 342 for fourth place, with Team Two turning in a 345 effort, tying with Haskell for fifth place.

Individual scores of the Wolves are as follows:

TEAM ONE
--Hobie Bolin, 71.
--Bobby Rogers, 87.
--Jim Jordan, 90.
--Wayne McKee, 94.
--Steve Morris, 99.

TEAM TWO
--Dobie Williams, 84.
--Matt Sheppard, 84.
--Bill Jordan, 86.

Team scores were turned in as follows:

--Haskell, 345.
--Merkel Two, 347.
--Winters One, 350.
--Merkel One, 354.
--Winters Two, 372.

One of Winters players played with a real handicap, breaking his glasses in warm-up practice before teeing off, but gamely playing on and finishing with an unusually high score.

The 18-hole round concluded at Colorado Country Club about 3 p.m. Tuesday in fine weather following Monday evening's half-inch rain.

Suspicions Prove Correct

Two men were arrested early Sunday morning near Cattlemen's Restaurant on Interstate 20 for operating a vehicle without a proper tail light, found to be operating without a driver's license and jailed overnight when a large number of quarters were found in their possession.

Sheriff Bill McGuire and Deputy Randy Wilkinson made the arrest and after requesting information through the teletype, found that the red MG sports car they were driving was stolen from Pioneer Motor Co. of Odessa and that a vending machine had been broken into in that city and a large quantity of quarters were stolen.

The two youths were turned over to the Odessa Police Department Monday. One was a juvenile and the other gave his name as James Madision Reed, 19. Both youths gave their address as Oceanside, Calif.

Yo-Yo Champ ...Bunny Martin

Entertainer To Be Here For Banquet

First Baptist Church's Fellowship Banquet has been set for 7 p.m. Monday in the Civic Center.

It is held each spring for Junior High and High School students and their parents.

Principal speaker and entertainer for the banquet is Bunny Martin, billed as the "Reigning Yo-Yo Champion of the World."

A typical Martin production consists of juggling, magic, singing and 20 minutes of yo-yoing as the main attraction.

Walk the Dog, Monkey Climbing the Flag Pole, Eating Spaghetti, Skin the Cat and the Atomic Bomb are among his one-handed string sleights.

Martin uses his yo-yo and entertaining as part of his call to the youth ministry. He attended Howard Payne College in Brownwood, earning a B.S. degree in business in 1960.

Agency Endorses Bilingual Extension

Colorado City Superintendent Lloyd McKee received a letter this week from Texas Commissioner of Education M. L. Brockette concerning Colorado ISD's request for Bilingual Education funding for the 1975-76 school year.

Brockette informed McKee that the State Board of Education has recommended to the U.S. Commissioner of Education that the school district's proposal be accepted for funding next year.

"The proposal submitted for financial assistance under Title VII, Elementary and Secondary Education Act, Bilingual Education, has been reviewed by the staff of the Texas Education Agency," Brockette said, adding, "the proposal conforms to the Texas Statewide Design for Bilingual Education approved by the State Board of Education, June 5, 1971."

"Therefore, I am recommending to the U.S. Commissioner of Education that the proposal be considered for funding for the 1975-76 scholastic year," Brockette's letter concluded.

Colorado City's school system was the pioneer for Bilingual Education in this area but federal funding expires this year unless the recommendation by the State Board of Education is approved on the federal level for an additional year of funding.

4-H Benefit Game Friday

The benefit basketball game and auction for Lone Wolf 4-H Club will start at 8 p.m. Friday in Wolves Gym.

Parents of 4-H Clubbers will team up with their kids to take on school administrators and board members from Colorado City, Loraine and Westbrook in the Male Division. In the Female Division, Mamas and 4-H girls will take on the Business and Professional Women's team.

B&PW team members will be wearing old-timey uniforms once sported by girls basketball teams and their game will last one full quarter.

Cheerleaders in this game are expected to have lots of vitamins and bandages on hand, with the B&PW club team even going so far as to name an official team doctor.

The list of players is not complete, says county extension agent Bob Benson, but a partial list includes the following:

--Colorado City schoolmen, Lloyd McKee, Bill Everett, Tom Rees, Mac Morris and Arnold Parker.

--Loraine Schoolmen, L. R. Dunn, Ron Mayfield, George Martin, Ronald Bruce and Linton Ray Webb.

--B&PW Women's Team, Betty Rankin, Molly Phillips, La Rue Powell, Linda Perkins, Martha Bisnette, Trudy Bodine, with Shirley Delaney as Coach; Midge Ledbetter as Team Doctor and Ida Kirschbaum as Head Cheerleader.

--4-H Mamas Team, Jan Lemons, Laverne Moody, Louella Byrne, Margaret Bodine, Mary Hartsfield, Mrs. Rafael Martinez, Mary Martinez, Brenda Barker, Debra Calhoun, Rosa Ausbie, Marilyn Ausbie, Fern Bruce and Jo Ann Merket.

--4-H Daddies Team, Bob McClure, Jimmy Moody, Bobby Lemons, Travis Turner, Kenneth Merket, Bob Benson, Don Stewart, Warren Anderson, Shorty Boyd and David Stubblefield.

During half-time, a pie and cake auction will be held, with Announcer and Auctioneer Tommy Marricle in charge of the auction of baked goods.

"Everyone is invited to attend the game and play if they are qualified," says Benson. Boys and girls from the 7th grade and above are invited to play in the game with their parents, he said.

Cosden Employees Vote To Strike

Employees of Cosden Oil & Chemical Co. in Big Spring voted Monday night to strike today if the contract being offered by the company is not changed to include modifications.

The major stumbling block in negotiations over the new contract is staffing of various units of the plant.

Kenneth Howell, who represents Local 826, International Union of Operating Engineers at the bargaining table, said pickets would go up at the refinery this morning unless the problem is resolved before that time in late-night negotiating Wednesday.

Howell said the company wants to reduce the number of units from six to three, reducing the work force by 15 men. However, he said, the union feels such a move would jeopardize the safety of other workers at the plant.

"The main issue is on the staffing of units safety," Howell said. "They're proposing a combination of six units into three, with 15 less people. We feel this jeopardizes the safety of other workers."

He explained the move would leave three men outside the major units of the plant.

"In case of any emergency or power failure, they just couldn't handle it," Howell said.

Another bone of contention between the two factions, according to Howell, concerns the company's proposal to eliminate the 25-year service award which amounts to a month's pay.

"The company's pension plan has not been cut back," Howell said, "but it is not being improved."

He emphasized that 96 per cent of the firm's 485 employees involved in the local operation had voted to support the strike.

Other issues unresolved include a proposed cut in sick pay and a reduction in overtime pay after the sixth consecutive day of work.

Howell said the union had proposed continuous negotiations in efforts to iron out the problems. In the ten days the contracts have been extended, company officials have met with union delegates four times.

Paul Meek, president of Cosden, said if the strike does take place he will frame a statement giving the company's position in the matter.

"In the meantime," Meek stated, "anything we might say publicly would certainly not help resolve the issue."

If negotiations do fail, this will be the first strike of the Big Spring refinery. A number of Colorado City residents are employed by the plant.

Band Boosters Garage Sale

Wolves Band Boosters have scheduled a Garage Sale to benefit band projects all day Saturday in the old Record office at 136 Walnut.

A large number of items will be available for purchase "and everyone should be able to find something they've been looking for," said a Band Booster member.

The Band Boosters are also currently selling tee-shirts to band members enblazoned with a snarling Wolves head like the one which will be inlaid in the entrance foyer of the new high school.

The Band Boosters ordered the tee-shirts at a discount for sale to band members as a means of identification while on band trips and to save the dress uniform until parade time.

Wolves band members, members of the junior high and sixth grade bands who have not picked up their tee-shirts may do so at anytime at Dairy Frost, according to a Booster Club officer.

Money raised through these two projects, plus the fruit cake sale last fall will be used to send the band to contest in Amarillo April 22.

Last year the band won Sweepstakes Award at the Amarillo contest and festival.

The week before Easter was a very busy one. The eighth graders planned their schedule for high school next year.

We had some teachers from high school speak about the different electives we could take and their importance to certain careers. Mr. Brownfield spoke about agriculture and the FFA. Mrs. Dakan talked to the girls about P.E. and athletics. Mrs. Wilson told us what would be happening in Spanish next year. Mr. Woolsey filled us in on the other electives that were not represented by a teacher from high school.

Tuesday and Wednesday groups of eighth graders met with Mr. Woolsey in the cafeteria to plan their schedule. Mr. Woolsey explained the quarter-system, credits, electives and those subjects that were required.

Many did not finish the whole 4-year plan; however, we will do this every year in high school.

The Monticello choo-choo. A little train that's helping fight the rising cost of electricity.

You're looking at what may be the shortest railroad in Texas.

The Monticello choo-choo runs only 12 miles from start to finish, but it's doing a big job hauling lignite coal to Texas Electric's Monticello power plant near Mount Pleasant.

The diesel-electric locomotive pulls seven to 15 cars. And each car is loaded with 100 tons of lignite per trip.

After unloading at the plant, the train is "backed" the 12 miles to the mining area. This saves the expense of a turn-around facility. On the trip back the engineer drives the train using controls in a special caboose.

Monticello is our second lignite-fired generating plant. We're building these plants because new supplies of natural gas and oil — the primary fuels we use to generate electricity — are harder to get and more costly.

Lignite plants cost much more to build, which means electricity is going to have to cost you more. But the increase won't be as much, because lignite fuel is available and more economical than new supplies of natural gas and oil.

At Texas Electric we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

Over 20% of your electricity this year will be produced using lignite coal.

And the Monticello choo-choo is a mighty fine line that's helping do the job.

May 1 Deadline To Complete Transfers

Any student who is not a resident within the boundaries of the Colorado Independent School District may attend the Colorado City Public Schools if a legal transfer is accomplished.

The District, in considering the acceptance of pupil transfer applications for the 1975-76 school year, must comply with the ruling of the Federal District Court, Civil Action No. 5281. The staff of the Finance Division, Texas Education Agency, will examine all transfers reported to them.

If the number of transfers into or out of a district changes the percentage of the minority groups in relation to the total enrollment, these transfers will not be approved.

Transfers will be made by the parents, guardian, or person having lawful control of the child. Applications for transfer can be completed in the School Administration Office, 12th and Chestnut Streets.

Applications for transfer must be completed by May 1, 1975, in order for a student to be eligible to enroll in the Colorado City Public Schools for the 1975-76 school year.

Transfers must be made for students who plan to enroll in Kindergarten through Grade 12.

Transfers must be made and approved by receiving district each year a child attends school.

Two Loraine Youths Charged

Ricky Sanford, 19, and Joe Barrera, 19, both of Loraine, were charged with criminal mischief in Justice of the Peace Henry Doss's court Monday.

They were charged in connection with Saturday night's shooting and butchering of a Hereford calf belonging to Joe Weaver of Colorado City.

The calf was killed on a ranch adjacent to Texas Hwy. 208, 18 miles south of Colorado City, according to Mitchell County Sheriff Bill McGuire.

Two San Angelo cattle buyers, Cliff Reed and John Robert Hodge, were returning to San Angelo Saturday after attending the cattle auction in Colorado City and became suspicious when they saw a white 1964 Chevrolet take off at a high rate of speed from Weaver's pasture. They reported a young calf struggling on the ground and four young men in the area.

An investigation by the Sheriff Sunday afternoon was initiated after Weaver was told of the incident and also informed that a mother cow was looking for her calf in the pasture.

Evidence at the pasture gave signs of where the calf had been rolled over the fence.
