Foreign Aid Fight Waged By Leaders

WASHINGTON (AP) — Leaders waged a touch-and-go battle today to persuade reluctant House members to shore up President Eisenhower's heavily cut foreign aid program.

In advance of showdown voting, Speaker Rayburn of Texas and Republican Leader Joseph W. Martin Jr. of Massachusetts were outwardly optimistic about their joint move to restore more than half the foreign aid slash voted by the House Foreign Affairs Committee.

But supporters of Committee Chairman Richards (D-SC)—and there were many among rank-and-file members of both parties—seemed equally confident he could make the $1,109,000,000 comittee cut in Eisenhower's $4,900,000,000 program stick.

Eisenhower declared yesterday it would be tragic if Congress doesn't support his program designed to bolster free nations against communism.

House leaders faced a growing demand for a cutoff in U.S. aid to Yugosavia and other "neutralist" countries.

Rayburn and Richards both joined administration forces in opposing this move.

Eisenhower agreed that "where we stand" in relation to Yugoslavia "has to be re-evaluated."

The administration wants to be free to continue help to Yugoslavia if the restudy Eisenhower mentioned indicates President Tito remains neutral as between Moscow and the West.

Eisenhower had asked 30 million dollars in economic aid for Yugoslavia in the year starting next July 1, plus a secret amount of military assistance. The House committee voted to cut the 30 millions in half. Its billion-dollar cut in arms aid also presumaby would affect Yugoslavia.

Rayburn picked Rep. Brooks Hays (D-Ark) to spearhead the bipartisan funds restoration drive with an amendment which would put 600 million dollars of the committee cut back in the bill.

SIGN IGNORED—Catching many glances regardless of the sign she wears, Sue LaCroix parades along New Orleans' Canal Street in protest to an increase taxes by Gov. Earl K. Long.

Manhunt Is Started For Man Who Kidnaped Pair

Wooded Area Is Searched

ORANGE, Tex. (AP)—A manhunt was underway in this area today for a man who kidnaped two people, one of them an Orange County deputy sheriff who was forced into a car as he sought to arrest the man on child desertion and burglary charges.

Sheriff Chester A. Holts said the man sought was James Edward Johnson, 31, of Orange. The search was concentratd in the Sperger, Tex., and De Ridder, La.,: areas.

The deputy shzrjff, Tom Edleman, was pushed out of the officer's car near Sperger.

The second man kidnaped was Harvey Lee McCarty, 45, of Doucette, Tex. He was later released across the state line in Louisiana.

About 4:15 a.m. Eddleman was pushed out of the car near Sperger and telephoned Orange police from a farm house.

His car was recovered, out of gas, at 6 a.m. two miles east of Sperger.

Sheriff Holts said a kidnaping charge would be filed against Johnson.

During the hunt for Johnson, a report of the second kidnaping was received.

McCarty called officers from the service station of C. W. Neely of Maryville, La., saying he had been kidnaped and forced across the state line.

McCarty said he was en route to work at Jasper, Tex., when he was stopped by a man who pretended to be an officer. He said the man told him that his patrol car had run out of gas, and asked for a ride into Jasper.

"After he got in my car, the guy put a gun in my ribs and forced me to drive through Jasper and into Louisiana to a point halfway between Maryville and De Ridder," McCarthy said. "He forced me to drive into a pasture and I was put out of my car two miles from the highway. He told me that if I tried anything funny he would kill me."

McCarty said the man took $18 from his wallet.

McCarty's car was found about 9 a.m. on Louisiana Highway 171 between De Ridder and Leesville.

De Ridder Deputy Sheriff Fred Coolen said the man was believed hiding in a thick woods between the two towns. Packs of dogs were sent to trail the man. An airplane was dispatched from Houston. Walkie-talkie units were being used on the ground to maintain liaison with the plane.

Eddleman said the man boasted he "would never be taken alive."

Six Escape From Ector County Jail

ODESSA, Tex. (AP)—Six prisoners, one of the armed with a knife, broke out of the Ector County jail early today after overcoming four trustees.

One escapee, Emmett Washington Spencer, was captured north of Midland just before dawn.

Officers said the six managed to saw through bars on their cell. They held a knife on four jail trustees, bound them and walked out to freedom.

Officers identified the five prisoners still at large as James Wayne Richardson, 32, armed with a knife and considered dangerous; Thomas O. Colliers, 19, Billy Jo Sisk, 21; James Ray Parker, 19; and Richard Wayne White, 26.

Officers from a number of cities in this west Texas area joined in the manhunt.

Big Spring sent bloodhounds to aid in the search, which centered between Odessa and Andrews, about 30 miles to the north-northwest of here.

The five men were all under six feet in height, weighing 148 to 156 pounds.

Richardson, home address not given, and White, of Fort Worth, were being held on a burglary charge; Sisk, of Odessa, was charged with felony theft; Colliers, of Odessa, with car theft; and Parker, home address not given, with forgery.

Officers said the prisoners were on the top or third floor of the jail. After overcoming the trusties, they climbed down a lattice work outside the building.

Bulganin To Send Ike Note

WASHINGTON (AP)—Soviet Premier Nkolia Bulganin has written a new letter to President Eisenhower. Soviet Ambassador Georgi N. Zarubin arranged to deliver it at the State Department today.

A Soviet Embassy source, questioned about an afternoon date that Zarubin made with Secretary of State Dulles, told a reporter: "I understand he is going to deliver a letter from Mr. Bulganin for the President."

Since last summer Bulganin and Eisenhower have exchanged a series of letters mostly concerned with disarmament but also including a proposal made by Bulganin in January for a friendship treaty between Russia and the United States and other Western powers.

The spokesman declined to comment on the subject matter of the new message.

Zarubin had been scheduled to return to Moscow last Saturday for consultation, but canceled his flight. There was speculation today that he had received instructions to stay here and deliver the new note.

FRONTAL ATTACK—A little fellow with a man-sized job is this six-week-old Cocker Spaniel puppy who attacks a bone more than twice his size with more than curosity. The dog is part of a litter owned by Lt. Col. and Mrs. Joseph Buel of Falls Church, Va.

Union Leaders Patching Up Differences

WASHINGTON (AP) — George Meany, AFL-CIO president, and Walter Reuther, former CIO chief now an AFL-CIO vice president, today were reported to have made "considerable progress" in patching up their differences over conduct of AFL-CIO foreign policies.

They were reported not to have changed their separate views on the status of India in the non-Communist world, but they were said to have agreed to carry on AFL-CIO work abroad increasingly through the worldwide non-Communist labor organization, the International Confederation of Free Trade Unions.

The two men apparently are still sticking to their conflicting views on India. Meany has taken the position that neither India nor any other country may remain really fleutral.

Reuther, on the other hand, visited India this spring and has said India's neutral position must be assessed in the light of its low economic status and proximity to Russia.

Reuther has objected to channeling AFL-CIO help to non-Communist labor groups in Europe and Asia through the Free Trade Union Committee. The former AFL had worked closely with this informal committee, headed by Lovestone, a former Communist.

AFL-CIO sources said Meany and Reuther, together with other top AFL-CIO chiefs, held an informal session several nights ago and decided to channel AFL-CIO aid abroad increasingly through the ICFTU, to which the AFL-CIO belongs, and 'taper off" activities with the Free Trade Union Committee.

Best Dressed Stars

LOS ANGELES (AP)—Cyd Charisse and Jack Webb have been voted the best dressed stars in the entertainment world by the California Fashion Creators. Miniature golden scissors,symbols of the award, were presented to the stars last night by Emanuel H. Fineman, president of the organization.

Demos Weak, Hall Claims

WASHINGTON (AP)— Republican National Chairman Leonard W. Hall said today the now concluded presidential primaries showed the "internal weaknesses, the inconsistencies, the bickering and squabbles that beset the Democrat party."

He said no Republican "need say any more" about Adlai Stevenson, front runner in delegate strength for the Democratic presidential nomination, than has already been said "by his own colleague," Sen. Estes Kefauver.

Hall's remarks, prepared for a National Press Club luncheon, obviously referred to the Tennessee senator's attacks on Stevenson's stands on segregation, old age pensions, and monopoly, and Kefauver's contention that Stevenson could not win in November if nominated.

Hall said that while there was no real contest in the Republican primaries, the results were nevertheless "highly gratifying to us because millions of voters voluntarily turned out to express their approval of the Eisenhower Republican administration."

He added the primaries had these two other "important" results:

"1. The so-called farm revolt against the administration failed to materialize and President Eisenhower ran exceptionally well in the rural areas of Wisconsin, Illinois, Pennsylvania, Indiana, Nebraska and other states.

"2. The President ran much stronger than we expected in cities and industrial areas which gives us further evidence of the way labor is turning to the Republican party."

Hall said the Democratic primaries revealed "an apathetic indifference to the principal contenders." Kefauver's and Stevenson's efforts, he added, failed to "rouse any real enthusiasm within their own party."

He said the Democrats have tried to find a real issue against the Republicans but have failed.

"They started with the gloom and doom predictions of another general depression," he asserted. "That fizzled and they tried Dixon-Yates, and 'giveaways', the hydrogen bomb and a dozen others. They even tried to drag the newspapermen in with their silly charge of a one-party press."

He said the Democrats "can't find any issue to stand up against the Eisenhower Republican record which has brought peace, prosperity and progress to this great land of ours."

Dunn Resident Dies In Sweetwater Today

Richard G. McFarland of Dunn died this morning at the Young Medical Center in Sweetwater.

Funeral services are pending and will be announced later by Bell Funeral Home.

Brochure Is Being Made

A new brochure on Snyder is in the process of being made and should be complete in one and one-half to two month.

The tourist development committee of the Chamber of Commerce, headed by Tommy Davis, has the prochure as one of its projects A sub-committee made up of Davis, Harry Holbrook, and Bill Lee yesterday approved the draft for the brochure, and work is now underway to compile all information and pictures needed for the publishing.

The brochure will have 24 pages and will feature utilities, industry, recreation, churches, schools, agriculture, and other parts of Snyder and Scurry County.

The committee plans eventual publishing of 10,000 of the brochures for distribution to many points throughout Texas and the U. S.

Union Groups Face Censure

WASHINGTON (AP)—Two key union groups faced a possible crack down from AFL-CIO leaders today on charges of flouting rules of the merged labor federation.

One alleged rules violator is the Teamsters Union, biggest single AFL-CIO affiliate with about 1½ million members. The others is the 19-union building trades group, with more than three million members.

The complaint against the teamsters involves that union's continued alliance with the International Longshoremen's Assn., ousted from the former AFL for alleged criminal influences. Under AFL-CIO rules, member unions are barred from dealings with expelled unions.

At the urging of AFL-CIO President George Meany, the teamsters several months ago dropped plans to extend the ILA a $400,000 loan, but teamsters union chief Dave Beck says his union and the ILA will continue to remain friendly and work out common problems.

The council was expected to tell Beck the teamsters must cut off completely even their remaining ties with the ousted ILA.

The building trades member unions have decided as a group to try to block any further mergers of AFL and CIO organizations on state and local levels until their renewed jurisdictional war with former CIO unions can de settled.

Meany went before the building trades' executive board last week with a plea that their unions reverse this policy and support state mergers. They decided to maintain the policy anyway.

The teamsters also are advocating a "go slow" policy on further mergers.

Adenauer And Harry Confer

BONN (AP) — Former President Truman and Chancellor Konrad Adenauer appealed today for patience and firmness by the free nations in the quest for world peace.

The two statesmen conferred for 30 minutes in the federal chancellery. Truman said they spoke mainly of world peace.

He said his visit with the 80-year-old Chancellor "was one of the most pleasant since I left the White House." Adenauer leaves tomorrow for Washington to confer with President Eisenhower.

Adenauer voiced appreciation for the "energy with which President Truman put forward the idea of restoring Germany" when he was the American chief executive and said:

"I share his view that we will succeed in maintaining peace if we remain patient and continue to have confidence in our aims. We are both agreed in the hope that this day of world peace will soon come."

Yarborough Club To Be Organized Here

A meeting is scheduled tonight in the courthouse to organize a "Ralph Yarborough For Governor" club, it was reported today.

The meeting is set for 8 p.m. and it was understood that plans were being made to have an out-of-town speaker here for the meeting.

Officials Think Section Of Krushchev Attack Is Missing

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U.S. officials believe a big chunk is missing from the version of Nikita Khrushchev's attack on Joseph Stalin which the State Department released this week.

American diplomats and agents abroad have been ordered to hunt for any missing portion — which may run between 10,000 and 15,000 words—and get it to Washington at once if they find it. The search has been assigned the highest priority.

What is missing, authorities here feel, is a long section believed to have dealt with a denunciation of Stalin's conduct of foreign affairs.

It could be especially significant for the free nations to know what Communist party boss Khrushchev said about these matters because it woud indicate Khrushchzv's own thinking.

President Eisenhower told his news conference yesterday he thinks the Khrushchev speech was designed primarily for Soviet domestic purposes. If this appraisal is correct, whatever Khrushchev said on foeign policy would be written not for foreign but for Soviet ears. The speech was delivered in late February to a secret meeting of the Soviet Communist Party Congress.

Subjects not covered in the text given out Monday by the State Department include Stalin's handling of Russia's relations with Red China, the Korean War, Soviet pressures against Iran and Turkey, Western formation of the Atlantic Alliance, postwar treatment of Germany, the Marshall Plan for European recovery and the anti-NATO Warsaw Pact.

All these are matters which might logically be expected to appear in such a speech.

The State Department said its version of Khrushchev's denunciation of the dead dictator had been prepared for the guidance of communist party leaders in some country outside Russia.

It is understood this was one of the Eastern European satellites and not Yugoslavia. There have been reports that the speech reached Washington through the French government. It is possible also that it fell into non-Communist hands from the Communist party leadership of some country in Western Europe.

Services For Mrs. Hollingsworth Set

Last rites for Mrs. Margerite Hollingsworth of Roseville, Calif., sister of Melvin Newton, 2711 Avenue V will be held 3 p.m. Friday, in the Bell Funeral Home Chapel. The Rev. G. M. Cole, paston of the First Baptist Church, will officiate in the services.

Mrs. Hollingsworth died at 2 p.m. Monday in the Roseville Hospital at Roseville, Calif. She was born Feb. 8, 1882 in Fayetteville, Ala., and was the daughter of the late A. J. and Virginia Newton.

Burial will be in Snyder Cemetery under the direction of the Bell Funeral Home. Pallbearers will be Joe Graham, Aubrey Stokes, Joe Middleton, Collie Fish, Ivan Gatlin, and Claude McCormick.

Survivors include two brothers, J. M. Newton of Snyder and W. C. Newton of New Castle.

Weekend For Ike

WASHINGTON (AP) — President Eisenhower plans to spend the weekend at his country estate at Gettysburg, Pa., leaving around noon tomorrow, making the trip by plane if the weather is good.

Policemen Accused Of Stealing In Jail

MANILA (AP) — Authorities have arrested six policemen accused by a disgruntled jail inmate of stealing $300 from 49 slot machines impounded in a local hoosegow.

Police said the prisoner complained he had failed to get the share of the loot promised him.

The machines were picked up during a city campaign against gambling. Police records showed they contained about $300. But the machines were empty when investigators opened them.

Fire Kills Eleven

TAIPEI, Formosa (AP) — Eleven persons were killed in a fire in a rubber factory at Taichung, in central Formosa.

WEATHER

SNYDER TEMPERATUES: Yesterday's high 103, Low 66; today's 7:30 a.m. reading 74, precipitation .07.

Two Negroes Enter Dorms At NTSC

DENTON, Tex. (AP)—Two Negro students have moved into one of the women's dormitories at North Texas State College here for the summer session.

Mrs. Gwendolyn McDonald Jackson of Wichita Falls and Miss Rosa Lee Thomas of Dallas have been accepted into the routine of dormitory life without incident, Jim Neal, a reporter for the Denton Record-Chronicle said.

The dormitory is Terrill Hall which has a capacity of several hundred students. This was believed to be the first case in which white and Negro students have shared the same dormitory of a Texas state school.

Mrs. Jackson and Miss Thomas both are school teachers and both are working toward masters degrees.

During the summer session registration yesterday, between 50 and 75 Negroes enrolled for the summer term at North Texas State.

"There is no exact count," J. C. Matthews, president of the college, said. "No record is made of a student's race."

Most of the Negro students were graduate students, but it was estimated there were about six undergraduates.

Total enrollment for the summer session is expected to top 3,000, college officials estimated. During regular sessions, the college has an enrollment of around 6,000.

Small Child Takes Expensive Joy Ride

BRYAN, Tex. (AP)—Four-year-old Wanda Gilmore had a wonderful joy ride Tuesday.

She swiped the car keys from a table, got in the family car, started the motor and leaned back for a pleasant spin. The car went through some fences, a trailer court, rammed into the house next door and tore out the bathroom pipes.

The car was mangled and Wanda cut her lip.

Cypriot Official Shot

NICOSIA, Cyprus (AP) Andreas Serghiou, a Greek Cypriot government official, was shot dead today as he entered the commissioner's office in Limassol. A curfew was clamped on the town and security forces searched for the killer.

BEFORE NEGOTIATIONS START—David J. McDonald, left, president of the United Steelworkers of America and John A. Stephens, vice-president of the U. S. Steel Corp., meet before the start of negotiations for a new wage contract in the pivotal big steel industry. The steelworkers have asked a 22-point package of benefits from U. S. Steel, Bethlehem and Republic Steel Corporations.

Tito Says Red Visit Won't Affect Relations With U. S.

MOSCOW (AP) — President Tito says his visit to Russia will not affect Yugoslavia's friendly relations with the United States.

Talking with reporters at a Kremlin reception last night, the Yugoslav chief brushed aside as "not important" Sen. McCarthy's move in the Senate to cut off U.S. aid to Yugoslavia because of Tito's trip to Moscow.

"Our relations with the United States will not suffer," Tito said, when asked about the McCarthy resolution. "Our friendship with the United States will continue as before our trip here."

When an American remarked that he should journey to Washington to make sure there was no misunderstanding of his intentions, Tito replied: "If I am invited, why not? But first I must be invited."

Some 1,000 diplomats and Soviet leaders, including Communist party chief Nikita Khrushchev and Premier Bulganin, attended the gala reception in the Kremlin's gold and marble St. George's Hall.

During the exchange of toasts, Tito stressed Yugoslavia's independent foreign policy.

"We have had no difficulty finding a common point of view in the talks we have held so far," Tito told the Soviet leaders, "especially on the sovereignty and independence of our foreign policy.

"We have found a full understanding of Yugoslavia's position and I am convinced our coming here will play a great role in the cause of peace in general.

"W came to Moscow because it is a principle of our policy to cooperate with all countries."

Tito said Yugoslavia's ouster from the Moscow-dominated Cominform eight years ago was "artificial and against the will of both our people." He made no mention of Stalin, whom the Kremlin's present leadership now blames for the Cominform campaign against Tito.

AREA OIL ROUNDUP

SW Scurry Logs Flowing Find

Trice Production Co. of Midland has been assured a good flowing discovery in the Canyon reef lime in No. 1 R. E. Adams, Southwest Scurry County wildcat.

A drillstem test from 6,865 to 6,890 feet, open 40 minutes, surfaced gas in four minutes, mud in 34 and oil in 35. The wildcat flowed into pits five minutes at the estimated rate of 25 to 30 barrels of oil a hour. A full string of 44.5 gravity oil was recovered.

Gas-oil ratio was estimated at 1,000-1. Flowing pressure was from 905 to 1,200 pounds, and shut-in pressure in 45 minutes, 2,615 pounds.

The Canyon reef lime was topped at 6,860 feet, derrick floor elevation 2,319 feet.

Operator was running electrical logs, preparatory to running casing for completion at present total depth of 6,890 feet.

The wildcat was drilled as the result of a deal worked up by John Ruwwe, Trice manager. It is on a 240-acre lease out of a 700-acre block of leases.

Drillsite is 660 feet from north and east lines of section 156, block 97, H&TC survey, 10 miles southwest of Snyder.

Dawson, Ector and Ward Counties are sites for new wildcat projects.

Deepest of the tests will be drilled in Southeast Dawson County, four miles southwest of Spraenburg, by Humble Oil & Refining Co.

The project is No. 1 R. C. Kogan, 990 feet from south and east lines of section 32, block 35, T-4-N, T&P survey.

The Texas Co. scheduled a second 7,650-foot Fusselman wildcat in the south portion of the Penwell (multipay) field of South Ector County.

It is No. 27 Ida McDonald, 1,830 feet from north and 810 feet from east lines of section 27, block B-16, psl survey, 212 feet northwest of No. 18 McDonald, a dually completed Connell sand and Ellenburger producer, and one location east of No. 26 McDonald, recently staked project.

Earlier, location for No. 26 McDonald was reported as being 11-85 feet from east and 1,830 feet from north lines of section 27. That location was in error. Correct site is 1,995 feet from east and 1,830 feet from north lines of the section.

BBM Drilling Co. of Houston No. 1 J. C. Dunagan is to be drilled as a 5,200-foot Delaware sand wildcat 14 miles northeast of Barstow in North Ward County.

Drillsite is 660 feet from northeast and 1,980 feet from northwest lines of section 5, block 2, W&NW survey, 2 miles north of the Monroe (Delaware sand) field.

McCulloch Oil Exploration Co of California, Los Angeles, No. 1 L. D. Rogers, wildcat in Southwest Borden County, is being deepened below 7,912 feet after running two drillstem tests in the Canyon reef.

Three-hour and 22-minutes test at 7,879 to 7,894 feet surfaced gas in 67 minutes. Recovery was 450 feet of oil and gas cut mud. Another test was taken from 7,893 to 7,910 feet with tool open three hours. Recovery was 180 feet of oil, 18 0feet of oil and gas cut mud and 980 feet of salt water.

The reef was topped at 7,886 feet, minus datum point of 5,407 feet.

Location is 1,989 feet from south and 660 feet from west lines of section 28, block 31, T-3-N, T&P survey and three and one-half miles northeast of the east extension area to the Vealmoor (Canyon reef) field.

Ashmum & Hilliard No. 2, Ltd., Midland No. 1 J. M. Higginbotham, wildcat in Southwest Borden County, has been plugged and abandoned at total depth of 8,003 feet.

Location was 330 feet from south and 2,310 feet from east lines of section 24, block 32, T-3-N, T&P survey and four miles northeast of Vealmoor.

Sojourner Drilling Corp. of Abilene No. 1 Bennett is a dry wildcat in Fisher County, one-half mile southeast of Longworth. The test was drilled to 4,065 feet.

Drillsite was 330 feet from south and 1,263 feet from east lines of subdivision 60, league 319, Gillespie County School Land survey.

Fox & Ransdell of Abilene reenter and deepen from 2,975 to 5,000 feet for tests of the Goen sand in No. 1 Turner, one mile northwest of the recently opened Sylvester (Goen sand) field of Fisher County.

Location is 330 feet from south and east lines of north half of southwest 206 acres of Elijah Bell survey No. 328.

The project was drilled to present depth by Balken-Harcourt of Dallas and plugged in December, 1955.

Advance Exploration Co., of Dallas will drill No. 2-B F. N. McCrary as a one and one-quarter mile outpost to the Post field of East Garza County.

It will be drilled to 3,000 feet with rotary tools, beginning at once.

Drillsite is 660 feet from south and east lines of the southwest quarter of section 60, block 5, GH&H survey and 12 miles east of Post.

Ruling On TV Station Is Upheld

WASHINGTON (AP) — The U.S. Court of Appeals today upheld the Communication Commission's award of a permit for a new VHF (very high frequency) television station in Corpus Christi, Tex.

Operators of UHF (ultra high frequency) television stations had contested the award which went to Gulf Coast Broadcasting Co for a Channel 6 station.

The commission denied requests by UHF stations in the area that it hold up VHF grants pending a final decision on the policy of mixing UHF and VHF stations in the same area.

The court of appeals, in a unanimous decision written by Judge George T. Washington, said VHF operators did not seek to intervene before the commission until after it had completed proceedings on the VHF applications.

Earlier, the appellate court had refused to stay the commission's VHF grants pending a decision of the case on its merits.

The commission has ordered a general investigation to determine whether there should be a shfiting of channel assignments so that VHF and UHF stations would not operate in the same area. VHF channels, those from 2 to 13, inclusive, are regarded as more desirable than UHF channels, 14 through 83.

Thousands Protest French Reserve Move

LE HAVRE, France (AP) — Two thousand demonstrators rioted in the railway station here today, protesting the departure of 15 Le Havre army reservists for duty in revolt-torn Algeria.

Police finally were able to clear the station, and the train carrying the reservists left for Paris after several cars uncoupled by the rioters were reconnected.

The demonstration was similar to others which have erupted all over the country.

Moth Ball Gulped By Young Loretta

LOS ANGELES (AP) — Loretta Young swallowed a moth ball yesterday—but it wasn't the movie star.

This Loretta, 16 months old, is the daughter of Mr. and Mrs. Robert Young—but her father isn't that movie star, either.

Emergency hospital attendants pumped out her tummy, said she'd be all right.

Heavy Rains Fall

RANGOON, Burma (AP) — Heavy rain in upper Burma and the western coast of Arakan has caused disastrous floods, with serious damage to crops and communications.

DON RAMAGE

Rites Slated Saturday For Don Ramage

Funeral services for Leslie Don Ramage, 23, will be held Saturday at 3 p.m. in the North Side Baptist Church with the Rev. Earl Creswell, Baptist minister from Denison, officiating, asisted by Ted Norton, minister of the Twenty - fifth Church of Christ, and the Rev. Jack Dean, Baptist Church.

Ramage was killed accidently Sunday about 9 a.m. by electrical shock in Great Lake, Ill. where he was stationed with the U. S. Navy.

The body will arrive at 8:55 p.m. tonight on the Santa Fe Railroad and will lie in state in the home of his mother, Mrs. Bessie Leona Ramage, 1512 Avenue R, until services are held.

Survivors are his parents, Mrs. Ramage of Snyder; R. T. Ramage of Sundown; five sisters, Mrs. Ruth Crumley of San Marcus, Mrs. Ruby Sellers, of Hermleigh, Mrs. Maudie Randolph of Rotan, Mrs. Bessie Thrasher of Alexandria, La., and Mrs. Syble Wall of Fort Worth; two brothers, Rupert of Tuscaloosa, Ala., and George Ramage of Snyder.

Internment will be in the Snyder Cemetery under the direction of Bell Funeral Home. Pallbearers will be Bobbie Joe Cumby, Jackie Grimmitt, Raymond Grimmitt, Bill Grimmitt, Tommy Davidson and Bobbie Dexter.

British spy Is Revealed

LONDON (AP) — The Foreign Office disclosed today a British court in the World War II period sentenced Capt. John Herbert King to 10 years in prison for giving secrets to the Soviet Union in September 1937. He was freed after the war.

A spokesman said King had been convicted on evidence relayed from the United States.

King was a retired army officer working in the communications section of the Foreign Office.

The statement followed testimoney given to a U. S. Senate committee that Britain executed a Soviet spy in the Tower of London in 1939.

Questioned about King's present whereabouts, the spokesman said: "As far as I know he is still alive."

BIRTHS

Mr. and Mrs. Jimmy Lynch, 2106 Twenty-sixth Street, are the parents of a seven pound, 10 ounce daughter, born at 1:08 p.m. Wednesday in the Battenfeild - Jones Hospital Clinic.

Gypsum Plant

NEW YORK (AP) — Flintkote Co. plans to build a gypsum processing plant at Sweetwater, Tex., President I. J. Harvey Jr., said yesterday. He said work will begin in 60 to 90 days and the plant should be turning out materials for the building trade by 1957.

Action On Watershed Projects Completed

WASHINGTON (AP) — Congress has completed action on the Cummins Creek, Lower Brushy Creek and Upper Brushy Creek watershed projects in Texas.

The Senate Agriculture Committee approved the projects yesterday after their prior approval by the Houst committee. No further congressional action is necessary for the Soil Conservation Service to begin construction.

Bus Driver Drowns

DENISON, Tex. (AP) — A Dallas bus driver, R. O. Nowlin, 41, drowned yesterday in Lake Texoma after the boat from which he was fishing capsized.

Aviatrix Is Winner After Primary Vote

RIVERSIDE, Calif. (AP)—A famed aviatrix and a naturalized Hindu judge will contend in the November election for a seat in Congress.

Mrs. Jacqueline Cochran Odlum, wealthy cosmetics manufacturer, Eisenhower Republican and the first woman to fly faster than the speed of sound, won her party's nomination in the Tuesday primary.

Dalip S. Saund, judge of a township court, was the Democrats' overwhelming choice. He said that if elected in November, he will visit the Middle East and his native India and tell the people: "Look, here I am a living example of American democracy in practice."

"Jackie" Cochran and Judge Saund will compete for the 29th Dist. congressional seat held by Rep. John Phillips, Banning Republican, who is retiring.

Mrs. Odlum, about 47, had a poverty-stricken childhood in northern Florida. She is the wife of multimillionaire financier Floyd B. Odlum and, with him, a Coachella Valley rancher. They live on a 200-acre ranch near Indio.

Judge Saund, a 56-year-old native of Amritsar, India, decided while in college to visit the United States. He studied at the University of California and then became a lettuce farmer.

Naturalized in 1949, he became judge three years later, then sold his farm and bought a fertilizer plant. He is credited with cleaning up prostitution and gambling in Westmorland.

Rites Slated For Infant

Rebecca Kay Beall, infant daughter of Mr. and Mrs. C. B. Beall, Arah Route, died this morning at 8:45 in the Battenfield-Jones Hospital Clinic. She was born June 6, 1956.

Funeral services will be held at 10 a.m. Saturday in the home of the maternal granparents, Mr. and Mrs. W. J. Jeffress, Union Community, with the Rev. Jack Dean, pastor of the North Side Baptist Church, officiating.

Survivors are her parents, Mr. and Mrs. C. B. Beall, one brother, William Charles; maternal grandparents, Mr. and Mrs. W. J. Jeffress and her paternal grandmother, Mrs. Mary Francis Beall of Fort Worth.

Internment will be in the Snyder Cemetery under the direction of Bell Funeral Home.

Bids For Republican Convention Are Made

HOUSTON (AP)—Corpus Christi, El Paso, and Wichita Falls are seeking to be host to the Aug. 28 state Republican convention.

The convention site and the party's candidates for state offices will be selected when the Republican State Executive Committee meets in Austin Monday.

There was indication here that some state committee members favor the selection of El Paso because it would be a convenient stopover en route home from the Republican National Convention which opens Aug. 20 in San Francisco.

International Port Proposal Is Okayed

MCALLEN, Tex. (AP)—Approval has been given to make Miller Airport here an international port of entry, congressman Joe M. Kilgore of McAllen announced yesterday. Passengers then could fly directly to and from Mexico from McAllen.

The commissioner of customs and the secretary of the treasury have approved the recommendation and it will become effective 20 days after publication in the Federal Register, Kilgore said.

Fire From Wiring

MOUNT PLEASANT, Tex. (AP) — A fire believed to have started from faulty wiring caused an estimated damage of $100,000 to the Badt Building, a arge one-story structure located in the heart of the city, here last night.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Babe Zaharias Cancer Fund Month Declared

GALVESTON (AP)—Governors of six other states have followed the lead of Florida Gov. Leroy Collins in declaring June as Babe Zaharias Cancer Fund month.

Mrs. Zaharias, who is undergoing treatment for cancer in a Galveston hospital, yesterday proudly showed reporters proclamations sent to her from the governors of Maryland, Louisiana, Georgia, Missouri, Colorado and Massachusetts urging that golf tournaments and exhibition matches be played in those states to help raise money for the cancer fund.

British Shuting Down Its Scapa Flow Base

LONDON (AP) — Britain is shutting down its huge Scapa Flow naval base in the Orkneys, where the Kaiser's high seas fleet was scuttled after World War I.

A naval spokesman said the Admiralty could no longer foresee sufficient use for the installations either in peace or in war to justify the expense of retaining them.

Scapa Flow, big enough to harbor a whole navy, is 15 miles long and 8 miles across.

Hearing Set On Railway, Bus Firms

AUSTIN (AP)—The Railroad Commission will hold hearings next week to decide if railroads and bus lines should be allowed 5 and 6 per cent fare increases in Texas.

Monday the commission will hear the bus lines' application to increase rates 6 per cent, which is the hike granted last month for interstate travel in buses. The buses also ask a 10 per cent increase in charter bus fares.

The railroads will submit their request in hearings Tuesay. They ask a 5 per cent increase in all coach fares and excess baggage charges plus minimum of 25 cents for one-way and 50 cents for round trip fares.

The commission said it would hear Tuesday, June 19, an application to cut carload and truckload rates for beer shipped from the Falstaff Brewing Co. in El Paso to specific points.

Southern Pacific Lines asks a reduction of carload rates from El Paso to Del Rio at 36 cents per 100 pounds and from El Paso to Eagle Pass, 39 cents per 100 pounds. Present rate to Del Rio is 78 cents and to Eagle Pass 84 cents.

The Merchants Fast Motor Lines Inc. asks about 60 per cent rate reduction from El Paso to Big Spring, Monahans, Odessa and San Angelo.

Both the motor line and railroad asks the rate reductions because both have empty equipment running from El Paso to the named cities.

Harry Happy Over Election

BONN, Germany (AP) — Former President Truman said today he is "glad" that Adlai Stevenson defeated Sen. Estes Kefauver in the Democratic primary in California.

Arriving in Bonn for a one-day visit with West German leaders, Truman said Stevenson's victory was "good news."

He said he had "no comment" on a report from New York that Stevenson had picked up several delegates in New York state. There have been widespread rumors that Truman would like to see New York Gov. Averell Harriman get the nod.

In answer to a question, the ex-President said he doesn't believe the California win assures Stevenson the Democratic nomination.

"I won't know until the convention meets," he declared. "I have no candidate and no favorite."

Murder, Suicide

PALESTINE, Tex. (AP)—A justice of the peace verdict of murder and suicide were returned in the deaths of Andrew L. Bowers Jr., wealthy oil producer and real estate man, and his wife here yesterday. Police Chief Hal Barton said Bowers killed his wife, apparently as she slept, and then shot himself.

Gandy's is our family milk company

"There are many reasons why we chose Gandy's for our family milk company. Probably the most important is the milk. We think Gandy's Milk is the best we've ever tried. It's so much richer, smoother and better tasting.

"And take the service, too. Our Gandy Milkman is so friendly—he is a great favorite with the children. And I like him because he is so prompt and dependable. I know that my order will always be delivered—no matter what the weather.

"Yes, we like Gandy's . . . that's why it's going to stay our family milk company."

MENU
Eggs and Deviled Ham in Celery Sauce
Scalloped Tomatoes
Buttered Asparagus
Hot Rolls
Chilled Applesauce
Cookies

• • •

EGGS AND DEVILED HAM IN CELERY SAUCE
1,10½ ounce can cream of celery soup
½ cup milk
1 teaspoon Worcestershire sauce
1,4½ ounce can devlied ham
4 hard-cooked eggs, sliced
Paprika

Mix the celery soup, milk and Worcestershire sauce in a small saucepan. Gently stir in chunks of the deviled ham and the hard cooked eggs. Heat until very hot over a low heat. Stir frequently. To serve, spoon hot rice around a hot platter. Leave a hole in the center of the rice. Pour the hot deviled ham-egg mixture into the center of the rice. Sprinkle with paprika. Makes 6 servings.

• • •

SCALLOPED TOMATOES
4 cups stewed or canned tomatoes
Few drops onion juice
Sugar, white or brown
1 cup buttered bread crumbs or croutons

Drain off tomato juice and set aside. Season tomatoes with salt, pepper, onion juice and sugar if liked sweet. Put layer of crumbs in casserole and cover with tomatoes. Have a layer of whole-kernel corn as well, if you like. Pour in tomato so that you can just see it. Sprinkle top thickly with crumbs. Bake at 400 degrees F until crumbs are brown. Serves 6.

Type Of Meal Determines How You Set Your Table

By VIVIAN BROWN
... (P Newsfeatures Writer .....

THE TYPE OF MEAL you plan to serve or the occasion for your luncheon or dinner party determines how you set your table.

A luncheon party is the time to use dainty appliqued place mats or for less formal luncheons, sturdy or plastic simualted linen type mats.

The setting is simple — knife, fork and spoon (if soup is to be served) bread and butter plate and butter knife. Water glasses, salt and pepper shakers and a lovely centerpiece go to the table.

A similar table may be set for Sunday night supper. But most people like a dinner cloth on the Sunday luncheon or dinner table. Many families make the Sunday meal a buffet affair, however, particularly when guests are invited.

For formal dinner, the table setting calls for a good damask, lace or other pretty dinner cloth. Some people prefer place mats, however, even for formal dinner service.

When setting a formal table 4 inches of space should be reserved for each person at the table (It's a good idea to make sure you have that much space at your table before you invite too many people.)

Each place should be set with a service plate (or regular dinner-type plate if you have no service plates.) The silver should then be placed so that all forks are on the left, except the oyster fork if it is to be used, and that will go to the right. Knives go the the right. Ditto spoons. The silver piece that is to be used first is always on the outside, such as the soup spoon. On the left side, the salad fork would be inside the main fork.

If more than three forks or knives are required, the additional knife or fork should be brought in at service time as in the case of fruit, cheese.

Bread and butter plates are not used at a formal dinner as a rule.

If a wine glass is to be used it should be placed to the right of the water glass, customarily placed just above the tip of the knife. Three glasses on a table are usually placed to make a triangle.

The napkin may be placed to the left of the dinner plate or placed on the service plate.

Salt and pepper shakers are placed between two places or the smaller type used at each place setting. Small silver or china ash trays may be set at each plate. If coffee is to be served at the table it is usually customary to place a cigarette on the individual ash trays.

A large dinner table should have at least four candles in the middle of the table or two at each end.

The dessert service should be ready to bring in to the table from the kitchen or on the buffet right in the dining room. The tray should include dessert silver and finger bowls. A rose petal or green leaf may be put in the finger bowls.

An ordinary sit-down dinner is just a simplified version of a formal dinner. Place mats may be preferred to a dinner cloth.

Buffet type meals are popular now. The idea is to make the table pretty with a lovely centerpiece, gleaming casserole and dinner ware adding to the loveliness of the table. It is a good table for the young bride because it can sparkle even though her silver and china service is not complete.

The casual table setting is becoming so popular that one china company has created large salt and pepper grinder sets in a variety of patterns to match regular china.

Another type of informal service that is fun and easy is the outdoor barbecue. "Help yourself" is the order of the meal and sometimes guests cook their own hamburger, chicken or steak. A table off to the side is set with salt and pepper mill, salad and vegetables.

U. S. White Collar Girl Most Avid Globe-Trotter

By EDWARD S. KITCH

CHICAGO (AP) — Traveling Jane Doe, the white collar girl, is the nation's happiest tourist.

A tour expert says she makes up 90 per cent of escorted summer vacation trips. In her group are the nurse, the secretary and the clerk.

The president of a large domestic travel organization, J. Stuart Rotchford, says these Jane Does eagerly visit new places. They are among the many people who don't have anyone to travel with. A lot of them are timid.

"We weld them together into a group so they can get the most out of a trip," Rochford said.

The outdoor type usually schedules her first trip to Colorado and interested in theater and bright lights, her destinations are New York and cities along the Eastern seaboard.

The married Jane Does most often prefer Florida, Arizona, Mexico, California and such far away places as Hawaii. Hubby goes along, of course.

In any week from May to October, Rotchford aims to please by enlisting professores, college students and post-graduate students. He says the ideal tour guide is a mixture of philosopher, baggageman, counselor and magician. Above all, he must understand human nature.

Rotchford's tours handle some 20,000 vacationists a year. His services are packaged wholesale to some 2,200 travel agents throughout the United States. Trips include safaris to Africa, tours to Europe and jaunts around the world.

Hood Family Reunion To Be Held Sunday

The pavilion of Towle Memorial Park will be the scene of the Hood Family all-day reunion Sunday, June 10.

The reunion is being planned by Mrs. W. H. Akins of 1507 Twenty-first Street. Mrs. Akins is a descendant of the P. V. Hood family of Borden County.

Members of the family are expected to come from Fluvana, Big Springs, Abilene and many other West Texas cities. This is the Hood family's third reunion and all the friends of the family are invited to come.

WHAT'S GOING ON

Mr. and Mrs. W. H. Askins, 1507 Twenty-first Street, recently had as their guest, Mrs. Jack Maples of Fort Worth. Mrs. Maples is the niece of Mrs. Askins.

Mr. and Mrs. J. E. Autry, Ira, have as a vistor in their home Mr. Autry's mother of Wichita Falls.

Mrs. Betty King and daughter of El Paso are visiting in the home of her parents, Mr. and Mrs. S. B. Plumble, of Ira.

Mrs. S. E. Taylor of Ira is visiting her daughter and new granddaughter in Dallas.

Mr. and Mrs. Roy Howard and Gary of Brownwood recently spent the weekend in the home of Mr. and Mrs. Leonard Allgood, 30 Thirty-fifth Street.

Mr. and Mrs. T. A. Fever, 2005 Avenue M, and Mr. and Mrs. Earnest Lloyd, Eddie, and Neal, southwest of city, attended the annual Fauer Brazeal family reunion in Vernon over the weekend.

Mrs. R. L. McMullan and Zona, 2311 Avenue N, recently had as their guests, Mrs. Charles McMullan and Ronald of College Station. Mrs. Charles McMullan is the daughter-in-law of Mrs. McMullan.

Pink And Blue Shower Held In Prince Home

The home of Mrs. Billy Prince was the setting of a pink and blue shower for Mrs. Barbara Williamson, Thursday, May 30.

Table decorations were pink and blue. Pink punch and pink and blue cookies were served to the 31 guests. The favors were pink and blue napkins folded like diapers.

New Diet Worked Out For Those With Sweet-Tooth

By DOROTHY ROE
Associated Press Women's Editor

Next time you see a lady stuffing herself on bread, butter and strawberry jam, don't chide her, she may be trying out the latest reducing diet—one worked out by the Rockefeller Institute for Medical Research.

This delightful diet, which allows unlimited quantities of sugar, butter, jams, jellies and other goodies, is described happily by Roy de Groot in a new book, "How I Reduced With the New Rockefeller Diet." De Groot, worried about his increasing girth, tells how he managed to enroll at the institute, and how he lost 45 pounds in his first 90 days on the diet—all without feeling hungry.

This is a diet that should make life rosy for those sweet-tooth guys and gals who can't resist that gooey breakfast bun or that box of chocolates.

The idea, it seems, is that if you are allowed to eat your fill of all those starches and sweets, eventually you won't want them any more. Your appetite will dwindle, and with it your avoirdupois.

This last diet theory completes the full circle, I believe. I have been noting the successive diet fads that have swept the country in recent years, and we've had practically everything else but this.

There have been diets consisting principally of raw vegetables and diets consisting mainly of lean meats, and fruit diets and milk diets, but this is the first time, to my knowledge, anybody has stated you can get thin by eating starches, fats and sweets.

It's a wonderful world, after all, when there's a diet to suit every man's taste, and to give everybody something to talk about after the subject of the weather is exhausted.

Bible School Nears End At Hermleigh

Vacation Bible school will end at the Hermleigh Methodist ment and a program at 8 p.m. at Church tomorrow with commencethe church.

The program will be followed by a picnic supper in the church-

The school had good attendance and registered between 80 and 85 pupils. There were 16 teachers. 1-14 Useful TIME SOC Wanda

Liquid bleach is not only a good washing aid. It's also a good disinfectant for sanitizing shower tub, toilet, washbowl and sink. It may combat musty odors and freshen rooms by adding to scrubbing water for floors, walls and unpainted surfaces.

Good News For Sewers

If you can sew, you can really do wonders around the house for very little money. Veteran home sewers know, of course, that the important thing is to choose fabrics which are not only easy to cut and sew, but are also washable, colorfast and lost - wearing. There's just no percentage in putting your money into anything else.

The cotton fabrics, of course, are a joy-sailcloth that wears almost like iron and washes beautifully; denims that can be as severe or as gay as you like; corduroys that never need ironing if you let them drip dry. Glazed chintz has the advantage of seeming to shed dirt and soil and it washes beautifully too.

The secret of doing your own redecorating is to learn a few easy tricks. For instance, look for the heading with drawstrings that you can stitch onto a bed flounce or dressing table skits, and then just pull up to make fluffy ruffles. Before sudsing, just release the drawstrings and you can spread all the fabric flat on the ironing [illegible] are gadgets and headings to make pinch pleats, elasticized sewing thread to make things fit like the paper on the wall. Just be sure, when you sew, that everything you put into what you're making is safely washable. That's the only kind of economy that pays off.

Membrane-free sections of orange and strips of green pepper will give color to a meat, poultry or fish platter.

Baby's Rattle Not Quite So Harmless

NORMAN, Okla. (AP) — Who said a baby rattle was harmless?

Bob Anthony was playing with his nieces when one of them took a rattle with a big suction cup on one end and planted it firmly in the middle of his forehead.

The cup didn't hurt and the kids thought it was funny, so Anthony left it on his head.

Then when he tried to take it loose, it wouldn't budge. Finally, he gave a big yank and it broke loose. Left was a perfect circle, two inches in diameter, that turned into a bright blue bruise. He carried the mark for several days.

Florida's over-64 population has multiplied 17 times since 1900 and now totals about 240,000.

Plagued Day And Night with Bladder Discomfort?

Simple Irritations Quickly Soothed With Today's Help

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

GETS DEGREE—Mrs. Mayme Lou Stokes Porter, daughter of Mrs. S. O. Stokes, 901 Fourteenth Street and the late S. O. Stokes, received her bachelor's degree at TSCW in Denton at commencement exercises Monday, majoring in speech. Mrs. Porter resides at 1629 Canterbury Circle, Fort Worth, with her husband and daughters, Ann and Jane.

WOMEN'S CALENDAR

THURSDAY

St. Elizabeth's Altar Society meets at 8 p.m. at hte chuurch

Suburban Study Club meets at 7:30 p.m. at Sunray-Midcontinent recreation hall with Mrs. W. M. Tooley as hostess.

Opti-Mrs. Club meets at 12 noon at the Hilander.

Esther Circle of the North Side Baptist Church meets at 2:30 p.m. at the church.

Ladies Golf Association meets at the Country Club. Tee-off time 8:30 o'clock.

Friday Bridge Club meets at 2 p.m. at Mary Lynn's Tea Room with Mrs. Billy Iverson as hostess.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mr. and Mrs. Murry Jackson and children visited over the eekend in Houston.

Mr. and Mrs. Jack Shinn and baby of Fullerton spent the weekend with her parents, Mr. and Mrs. Everett Clarkson.

Mrs. H. G. Moore is home after visiting in Fort Worth and Cavett, Ark.

Mrs. Ruth Davis and Charlie Eastmn visited last week with relatives in Floydada.

Vacation Bible School is in progress at both the Union Baptist and Methodist Churches.

The Rev. and Mrs. Roy Womble and children were dinner guests in the J. A. Lanugford home Sunday.

Friday night a banquet was given at the Union Baptist Church in honor of all their seniors. The fellowship hall was decorated in a Halwaiian theme and the speaker for the evening was Stansel Clement, a lawyer from Lamesa.

Our community is happy to welcome the new Methodist pastor and his family.

Mr. and Mrs. Elza Ledbetter and boys are spending their vacation visiting friends and relatives at Mineral Wells.

Mrs. J. B. Adams left Monday for a visit at Fort Worth and Arlington. A sister will join her there for a visit with another sister in Okemah, Okla.

Mr. and Mrs. Virgil Jones Cherry, Judity and Anita of Bangs visited over the weekend with Mrs. J. B. Adams.

Home-Style Potatoes

Thickly sliced white potatoes simmered in condensed bouillion or consomme and flavored with bits of bacon and fried onions earns the French name "Pomme de terre bonne femme." Freely translated, we'd call them home-style potatoes, since "bonne femme," is french for "housewife"

Let not the foot of pride come against me, and let not the hand of the wicked remove me. Psalm 36: 11.

EDITORIALS

Hunt For Scientists

When a large U.S. radio company (Zenith) recently carried advertisements in British newspapers asking for applications for jobs from natural scientists—physicists, physical chemists and physical metallurgists—it got a rise out of Lord Chorley, secretary of the Association of University Teachers.

He said the American invasion threatened a serious drain on Britain's supply of scientific researchers, and said that if Britain isn't very careful "a large part of scientists will be skimmed off and deposited in America."

While American scientists quite often complain of low wages for their kind (in comparison with other pursuits), the spread between salary scales in the U.S. and Britain is really something. U.S. salaries run from $5,000 to $12,000 a year for the average scientific workers, but in Britain the comparable pay is $2,800 a year if engaged in industry and less than $2,000 if teaching.

The fact that an American corporation finds it necessary, or at least desirable, to advertise for British helpers points up the very real shortage of scientific workers in this country, not only in radio but in many other activities. The ad promised prospective employes the corporation's help toward eventual American citizenship.

Lumped under the somewhat catchall phrase "engineers," the U.S. is notoriously lagging behind Russia in turning out young men and women qualified in the sciences.

A scientist revolution is under way throughout the world comparable to the earlier revolution called the machine age. Its watchword is automation.

But it differs from the machine age in the unparalled swiftness of its development and the high stakes that hang in the balance—no less that national survival.

It isn't enough that the U.S. keep abreast of Russia; we must keep well ahead of her. To do so American education must be geared to turn out more and more trained scientists.

The Highway Future

On January 1, 1946, there were 31,035,000 cars, trucks and buses in the United States.

By January 1, 1956, ten years later, these figures had more than doubled—to 62,760,000.

Twenty-four of the 48 states had more than a million such vehicles on January 1 last, a "pictogram" in the U.S. News & World Report's current issue reveals. One state has more than 6 million; California. The second state in vehicle population, New York, has more than 4.6 million. The third state, Texas, has 3.8 million plus.

The percentage of increase in Texas was greater than either of the other two leading states —from 1,604,550 in 1946 to 3,868,982 in 1956.

The percentage of increase in the ten-year period was better than 2 to 1 for the country as a whole in the case of cars and trucks, less in the case of buses.

The $50 billion road building program set up by Congress, the magazine thinks, will not end the traffic jams. It will help in the country, but inside the cities it will be the same as now—bad. More and more superhighway will by-pass the cities, thus relieving urban traffic to that extent, but they will not have much effect in easing the familiar bumper-to-bumper jams now so familiar during the rush hours in cities great and small.

Granted a continuing high-level of prosperity, the completed system of superhighways should stimulate the acquisition of more and more cars, trucks and buses, until in time even the new trafficways will be submerged in one grand nation-wide traffic jam.

Meanwhile, small relief can be expected from the new program. It will take ten to fifteen years to complete and—again—counting on peace and prosperity continuing, it would be necessary at that time to rub out and start all over again.

Many of the superhighways will have eight lanes. Does the future hold a 12-to 16 lane highway system?

Putting Us In Our Place

Khrushchev Ends Romantic Speculation Over Stalin's Big Purge Of The Mid-30s

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Russians have settled a question which has puzzled Westerners ever since the mid-1930s when Stalin purged thousands of his Communist party comrades.

An astonishing parade of Old Bolsheviks confessed in open court crimes against the state, knowing it meant they were not only signing their own death sentences but giving the whole thing an air of justice.

What made it amazing was that these old-time revolutionists were picturing themselves as betrayers of the Revolution to which they had devoted their lives. Had they really done it? Were they guilty at all?

Had they perhaps been induced through some strange Communist reasoning, into confessing what they had never done even though it doomed them? Had they been hypnotized or drugged? Or what had happened?

Westerners wondered and had no way of knowing. Novelist Arthur Koestler wrote a book, "Darkness at Noon," which gave an explanation that sounded plausible to many people for whom the Communist mentality was strange anyway.

The Old Bolshevik in his story, subjected to endless questioning and suggestion by his inquisitors in the dungeons of Moscow, confessed even though he was innocent. Knowing his own life was ended, he thought it best to confess since the party wanted it and he wanted to do what was good for the party.

This kind of interpretation of what happened in the purges put the whole business on a kind of intellectual plane. It was unacceptable to a lot of realistic people who looked on Koestler as a romantic.

It was hard to believe these Old Bolsheviks hadn't been broken by simple police brutality. Then when the Korean War revealed the Red it seemed possible that was what happened in the purges.

But Communist party boss Khrushchev—in a speech to the party Congress last February — told what did happen to "many thousands of Communists" when Stalin had them arrested in the 1930s.

In that speech — a version of which was obtained by the U.S. State Department and made public this week—Khrushchev said they were beaten and tortured in the "most cruel and barbaric and inhuman way" into confessing.

He said "innocent" Communist broke under the police treatment and charged themselves at the order of their torturers, with "all kinds of grave and unlikely crimes."

Khrushchev gave an example: 98 of the 139 Communists elected to the Central Committee — the party's controlling body — were arrested and shot.

Worse still, Khrushchev said that in beating a confession out of one man, they forced him falsely to accuse others. Then the police grabbed those others, beat confessions out of them, forced them to implicate still others. It was an endless bloody chain.

Khrushchzv said Stalin gave instructions on how the arrested men should be treated. The instructions he gave, Khrushchev said, usually were: Beat, beat, and, once again, beat.

Khrushchev blew all the Western romantics' high-sound theories about the Moscow purges out the window. Stalin's police didn't waste any time on intellectuality when clubs were more persuasive.

LITERARY GUIDEPOST

RUSSIAN JOURNEY. By William O. Douglas Doubleday.

Supreme Court Justic Douglas made a five week journey to the Soviet Union in the summer of 1955. His book "Russian Journey" presents his findings on that trip. Rather than being a mere travelogue, "Russian Journey" is a survey of the enitre Soviet scene Some sections of the book were presented by Look magazine as articles.

The most valuable aspect of Douglas' book is that he approaches the Soviet Union from the viewpoint of Asia. Douglas has long been keenly is countries of Asia and travelled in them extensively. On this trip he entered the U.S.S.R. via Asia — from Iran. He travelled to Moscow through central Asia and Siberia. Though he is a westerner himself he continually attempts to look at things in the U. S. as he feels Asiatic peoples must look at them.

He writes:

"It is not our reaction (to the U.S.S.R.) but the Asians' that is the important one. For the contest for the hearts and minds of men will be won or lost in Asia."

The task which Douglas has taken upon himself is a big one. His five weeks visit, it needs to be said, was hardly long enough to enable him to probe the depths of Soviet affairs. As a result, though he acquired in his short stay a wealth of detail about Soviet life, it is not surprising that there are many inaccuracies in the book.

When he says, for example, that Khrushchev began to push his virgin land program vigorously only after he forced Georgi Malenkov to resign as premier in early 1955, that is a mistake. His statement that Soviet schools in central Asia are segregated is also an error. And there are others. Despite these, "Russian Journey" will give the American reader much valuable information.

Coal Industry Comeback Made In Own Back Yard

By SAM DAWSON

PITTSBURGH (AP)—The once ailing American coal industry first hit the comeback trail by meeting the needs of Western Europe. But today it is finding a new lease on life in its own back yard.

All along the Ohio River, starting here and running to the Mississippi, new industrial plants are rising at costs totaling billions of dollars. Almost all are big users of coal or of the electric output fuled by coal.

Coalmen now talk of a total production of 500 million tons this year compared with 450 million last year, and less than 400 million in 1954.

The U.S. Coal Exporters Assn. says exports of American coal last year was around 35 million tons, more than double the 1954 volume.

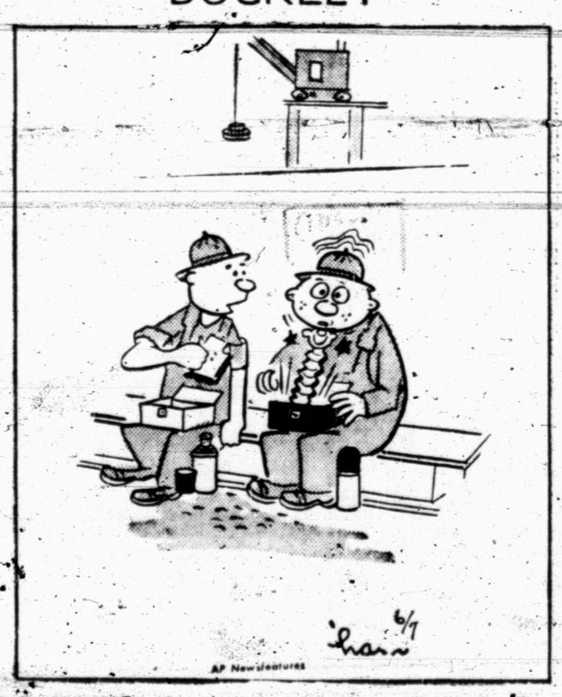

Domestic use is rising this year —sparked by the capacity output of the steel industry, the growing use of coal by the expanding electric power utilities, and by the fast industrial pace in the West.

A spokesman for Pittsburgh Consolidation Coal says the only big shadow over the coal industry at the moment is the threat of a steel strike. A strike lasting a month would hit the coal industry seriously. But barring that, coalmen see good times ahead for them in this Ohio Valley, enjoying a big industrial boom.

The Federal Reserve Bank of Cleveland says the trend is to "move the coal consuming plant to the coal—electric power companies are building new generating facilities practically on top of the coal beds."

New power stations are poping up all along the Upper Ohio and the aluminum and chemical industries also are moving there. The Atomic Energy Commission chose Portsmouth, Ohio, as the site of its huge atomic energy plant partly because of the nearby coal to supply its electric needs.

BUCKLEY

Soviet Challenge Causes Americans To To Take Stock Of Nation's Weaknesses

By WILLIAM L. RYAN
AP Foreign News Analysis

On the threshold of a long struggle, Americans are doing some soul searching.

Conscious of their great strength on the edge of an economic-political war, they're beginning to take stock of their weaknesses too.

Moscow has thrown out a fateful challenge. In 10 to 15 years, it says, Communists will prove their regimented way of life is superior. Russia says it intends to overtake and outstrip the West's economic power and pave the way for imposing the Soviet idea — peacefully where possible, by force when there is resistance. This is now Commuhist dogma.

Communism bases itself on a belief the capitalist world will decay from inner contradictions. They reckon without the American revolution of 1929. The United States economy today seems equal to the challenge.

This will be more than an economic war, however. The political, the cultural and the military all play a part. Are the United States and its partners ready on all fronts? The answer is No. There are many weaknesses to be corrected.

Where the strengths of the American and Soviet economies are concerned, there can hardly be any comparison. Since 1929— peak of the predepression boom— American economic strength has grown to fabulous proportions. There is growing confidence among American leaders that "boom and bust" cycles belong to the past.

The United States gross national product—meaning the dollar value of goods and services for a year— is about 400 billion dollars. As closely as it can be estimated in dollars, the Soviet equivalent would be about 140 billions.

American consumers spent 80 billions in 1929 and more than 50 billions on goods and services in 1955. For a population 50 million greater, the 1955 figure for Soviet consumer spending would be about 70 billion dollars.

No Soviet citizen has dared dream of sharing in his economy the way the American worker does in his. The share of American employes in the national income for 1955 was about 322 billion dollars. The corporate percentage share in the U.S. national income has dropped proportionately to the rise in employe shares since 1929, but corporate profits have quadrupled.

Moscow charges that American business must have war to make profits. But in the World War II years, corporate profits were held to an annual 10 billion dollars. In the postwar years net profits after taxes hit 40 billions.

That is the bright side. On the political, cultural and military fronts, there are obvious weaknesses.

The first objectives of the Communist side remain military. Before Red leaders will risk further adventuring, they are determined to destroy what they call the West's positions of strength. This calls for concerted attack on NATO and other Western defense arrangements which draw a ring around the Communist world.

The Communists have made some progress. Weariness with military tax burdens, hunger for expanded trade, longing for security against the threat of a new global war are factors useful to Communist propaganda.

The Red drive gradually is changing some American concepts. Many in Washington express belief the changes are for the better.

The concept of purely military coalitions is undergoing change. Nations of Europe remain fearful they will be overrun no matter how much of their national income they pour into military programs. More and more, emphasis is being given to economic and political integration of the free world—behind a shelf of implied United States protection from attack.

The American approach to underdeveloped nations is changing. President Eisenhower has indicated more effort will be made to show respect for the aspirations and traditions of such countries and to the right of any nation to consider itself neutral in the struggle between the two great blocs. This implies offers of aid with no strings attached.

The Communist trade lure is being recognized as an attempt to break the unity of the West. The Soviet Union and Red China aim at forcing an open break on the issue of the strategic goods embargo. The United States is cautiously countering with a review of its embargo policies.

Communist trade with the West must depend, however, upon mutual confidence in contracts. Western businessmen can still see many reasons why trade with Red nations could be hazardous. There is a proved lack of Communist ability to perform except where political considerations make performance a must. There remain obstacles in the way of communication, contacts and in the unrealistic exchange rates.

In the fields of science and education, there has been a tendency in the West to take Soviet claims at face value and thus over estimate Soviet gains. But this also has provided a spur for the West. There is evidence of more willingness to face up to Western weaknesses in the fields. President Eisenhower's recent call for free world cooperation in research and education is part of this picture.

The United States, leader in the free world's struggle to remain free, has a shortage of scientific and technical personnel, more in research and development than in production. A broad campaign to correct this is about to get under way. But educators warn this must not be done at the expense of liberal education which, they insist, gives flexibility and avoids the Soviet pitfall of channeling talents into narrow fields.

There is a glaring defect in the American educational picture which can put the nation at a disadvantage in a political contest. Some consider it more important than a shortage of engineers. The U.S.S.R. is far ahead in its pool of people trained in languages and cultures of many millions of people in underdeveloped areas. For example, fewer than two dozen people in the United States are trained to teach any of the entire group of Turkic languages which extend all the way through the Central Asian belt from Turkey to the Chinese and Indian frontiers.

The Soviet Union trains specialists in languages and cultures, setting up special sections for Soviet salesmen in trade missions with their offers in equipment and technicians. No area is considered unimportant.

Slogan Stimulates A Call For Embroidery Project

By INEZ ROBB

There are days when, despite the current do-it-yourself craze, I feel that mine was the last generation of young ladies taught to make buttonholes, darn socks and make an apple pie.

I don't want to baost much, but when I was in grade school in Caldwell, Idaho, my buttonholes darned socks and apple pies won a gratifying number of blue ribbsions at the annual Canyon County Fair.

In the grown-up division, Mama usually made a clean sweep of the blues in the cake department, and Aunt Kit in the salt-rising bread division. This is an art of which she, at 82, is still master. There will be a batch of it fresh out of the oven when I reach her house in Nampa, Idaho, late in August.

However, by the time Grandma Callaway sat me down to making buttonholes and darning socks, it was no longer incumbent upon a girl child to embroider a sampler, as it had been in her day. Grandma felt samplers old-fashioned, but buttonholes eternal. This Civil War child lived to applaud airplanes but not zippers.

The point of thils cred is that despite the fact it is later than I think, I am about to embark upon a sampler, whose central feature in the past was almost invariable a noble proverb or maxim for pious living.

At long last, I have found a sentiment worthy of being stitched into immortality and I owe it to Gordon Gray, Assistant Secretary of Defense for International Affairs.

A sloganeer, from way back, Gray's current effort, hung in his Pentagon office, reads, "If you could kick the person responsible for most of your troubles, you wouldn't be able to sit down for six months."

Around this excellent adage, I shall embroider a wreath of forget-me-nots entwined with slippers with sharp, pointed toes, and hang that whole artistic creation over my desk. It should be a salutary reminder that man usually booby-traps himself without any outside help, no mater how much he yells "foul!"

To me, the saddest words of tongue or pen have always been, "I have no one but myself to blame." There is nothing more scarifying than having to put the finger on one's self and assume the blame for some squirrel-headed action.

Man's impulse, which I share to the fullest, is to put the blame on the other feller "before he can pin it on me." This universal urge has made buck-passing the finest art practiced in the 20th century. The real crime of the age in which we live is not getting away with murder but being caught in the act. The man who lowers the boom on himself today is regarded as not quite bright, and maybe even subversive.

So I am going to embroider Gray's latest home-made slogan, not because I have any urge to reform and admit my errors. (What? A columnist admit errors!) but as a strong reminder not to paint myself into any more corners unless there is someone handy to whom I can pass the brush.

WASHINGTON LETTER

Wife Of Senator George Not Behind His Decision

By JANE EADS

WASHINGTON — Mrs. Walter F. George denies she was behind her husband's decision not to run again, despite stalwart popular opinion to the contrary.

"I didn't have one thinng to do with it," protested "Miss Lucy," as the senator's gay and chatty 5 foot 2 wife is popularly call in Washington and Georgia.

"But," she told me: "He knew what I wanted him to do. I'm glad he's getting out. He's been in the Senate long enough, and he's worked long enough."

George, 78, Democratic member of Congress from Georgia since 1922, is to become President Eisenhower's representative to the North Atlantic Treaty Organization.

Last February when I asked Miss Lucy what she thought about her husband's campaigning for re-election, when it was predicted he would receive opposition from the formidable former Gov. Herman Talmadge, the generally outspoken little woman tended to mind her ps and qs. Privately, however, she was of the opinion that for him to go out again for the office he has held so long was less called for than in any other campaign year in his career.

"Mr. George," as she always calls her husband, had done a lot of speaking last summer and fall while they were in Georgia. Apparently he had quite a hassle with himself as to whether he should retire from the race altogether.

"Making a decision is about the worst thing a person has to do," Miss Luey concedes. "There was a lot of dickering and teetering before he came to a firm conclusion. I didn't get into it. I just told him I'd be with him whatever."

Miss Lucy hopes they will be able to rest a spell at their home at Vienna, Ga. She's often expressed the desire to go abroad. She also likes to go camping. Whatever they do in the meantime, it will be Vienna where they will retire, according to Miss Lucy.

"I like Washington — I really do, she told me. "And naturally I've had a nice social time, but it's not like home. I'm just a small town person, and I know it." Miss Lucy, sitting in the Senate gallery while colleagues euologized her husband, admitted some of the things they said made her cry — "My make-up got all messed up."

I reminded Miss Lucy she would be sorely missed by the scores of friends she and her husband have made in Washington. "I know Washington," she said. After two weeks we'll be completely forgotten."

RADIO-TV REPORT

By BOB THOMAS

HOLLYWOOD (AP)—Fess Parker, a man of well-chosen words, says he was "very favorably impressed" with the foreign dolls he met on his recent European tour.

This may come as a blow to American girls, since Fess is one of the most eligible males in Hollywood, but the lanky Texan was high in his praise of women he met abroad.

"They say that American women are the best groomed in the world," said Fess, "and it's probably true. The European girls do not have the financial or educational advantages that girls in this country do. But they make up for it by doing the most with what they have. English women are supposed to be cold and distant. I didn't get that impression at all. I found them to be very friendly."

He said he plans to return to Europe "as soon as possible." He opined that he thought it better to satisfy his wanderlust before abandoning his bachelorhood.

When he'll be able to get back to Europe is a question. His boss, Walt Disney, has kept Fess working almost steadily for the 21 months he has been under contract. He leaves this week for the Atlanta, Ga., premiere of "The Great Locomotive Chase" and Walt expects to have another picture buzzing for his star this summer.

Fess remarked that his European tour exceeded his expectations, as far as public reaction is concerned.

"The reception I got in England compared very favorably with the enthusiasm I met in American cites during the height of the Davy Crockett period," he observed. "The picture had been playing only a few weeks over there, but the song had been out and was at the top of their hit parade.

"The department stores had Davy Crockett trading posts, just like the ones in this country."

Fess said the Crockett craze was rampant in Scandinavia and Belgium and was catching on in France and Italy.

AFTER PAINS IN OCCIPUT

Medical Terms Are Taught

OKLAHOMA CITY (AP)—There's quite a turnover these days among stenographers for doctors and hospitals and it's no wonder men they have to spell words like he - patocho - langio - cystoduo - duo - denos - tomy!

That is the reason the University of Oklahoma Medical Center is offering on-the-job classes in medical terminology, hoping to head off the rapid resignations.

"Medical terminology is quite foreign to most employes when they start to work here," said Mrs. Jessie Collier, administrative secretary in the Department of Surgery.

"The classes are aimed at helping the secretary who takes dictation from a man who figures anybody should know how to spell chole - cysto - duo - denosto - my and know what it means. Simply, it means the formation of a communication between the gall bladder and duodenum.

Mrs. Collier said that one stenographer typed a report on a patient on whom an "incision was made from the pointed chin to the Oxford."

She should have written that there was an incision from a point on the chin to the occiput, or back of the head, Mrs. Collier explained.

The course in medical spelling thus quite naturally grew out of a demand from some of the medical center workers who kept suffering pains in the occiput as the result of a deficiency of medical vocabulary.

Admiral Joy Dies At 61 In California

SAN DIEGO, Calif. (AP) — Retired Adm. Charles Turner Joy, who headed the United Nations truce team for 11 months of tedious armistice negotiations with the Communists in Korea, died yesterday. He was 61.

Joy died in the naval hospital here. His widow Martha Ann said he had leukemia the past four years.

The admiral was commander of U.N. naval forces in the Korean War and in 1951 was named senior delegate of the U.N. Command delegation to the Korean armistice conference.

He asked to be relieved as chief negotiator on May 22, 1952, expressing distrust of the Chinese Communists but agreeing the talks were the desired course for the United Nations.

Later Joy declared in his book "How Communists Negotiate," that the U.N. should not have accepted the Korean armistice. Instead, he said, the U.N. should have pursued victory in Korea.

His decorations included the Legion of Merit with three gold stars, the Army Distinguished Service Cross, the Navy and Army Distinguished Service Medals with Bronze Stars and Commander of the British Empire.

Funeral services with full military honors will be Wednesday at the U.S. Naval Academy which he headed for two years after returning from Korea. Burial will be in the Naval Academy cemetery at Annapolis.

Besides his widow, Joy is survived by two sons, Lt. Charles Turner Joy Jr., USN, and Army Capt. David Duncan Joy, and a daughter, Miss Mary Marthw Joy of San Francisco.

Born in St.Louis, Joy graduated from the Naval Academy in 1916. He retired in July 1954 after 40 years in the Navy, and made his home in nearby La Jolla.

During World War II he was commander of Cruiser Division 6, Amphibious Group 2 and Task Force 73.

Leader In ISrael May Quit Post

JERUSALEM, Israeli Sector (AP) —Israeli newspapers predicted today that Foreign Minister Moshe Sharett, former premie and one of the founders of the Jewish state, is on his way out.

The papers alleged a growing rift on foreign policy between Sharett and Prime Minister David Ben-Gurion, the senior statesmen who have been Israel's only premiers.

Well-informed unofficial political circles forecast that if Sharett leaves the Cabinet, Mrs. Golda Myerson, the present labor minister, is likely to succeed him as foreign minister.

The left-liberal Tel Aviv Daily Haaretz said that Ben-Gurion is trying to maneuver Sharett into the secretary generalship of their Mapai Social Democratic Labor party. Sharett was said to be unwilling to accept.

Haaretz commented: "Ben-Gurion's insistence on Sharett accepting the Mapai secretaryship arouses suspicion that in fact the Premier is trying to eliminate him from his government."

Sharett's opponents have strongly criticized his policy of caution in dealing with the Arabs. His opponents have demanded that he stress the so-called Ben-Gurion line of a "policy of active defense" against possible Arab aggression.

Even the usually cautious Tel Aviv labor daily Davar today noted the rumors that Sharett would shortly exit from the Israeli government.

Sharett, in dealing with the Arab problem, has had the advantage of an upbringing in an Arab Palestine village. He speaks Arabic fluently.

During World War II he helped form the Jewish brigade which fought with the Allies. After creation of the Israeli state, he became foreign minister under Ben-Gurion and then prime minister when the latter retired in January 1954.

When Ben-Guion returned to the premiership last November, Sharett continued as foreign minister.

A week ago well-informed political sources discounted the rumors that Sharett would switch from the Cabinet to the party post. They said Ben-Gurion and other Mapai leaders didn't think they could find another suitable foreign minister, and that Mrs. Myerson might be elected party secretary.

French Stage Rebel Cleanup In Mountains

ALGIERS, Algeria (AP)—France's highly mobile 7th Mechanized Division fanned out through a sector of Agleria's Grand Kabylie Mountains today in a drive to clean out nests of nationalist rebels. French spokesmen termed the operation's initial results "good."

The 7th Division, supported by eements of the 27th Alpine Division, sealed off a mountainous section in north central Algeria yesterday in a second big sweep against rebel bands.

French headquarters expressed hope that the new Operation Basque would be as effective as the "Iron Gates" offensive in the Riban Mountains farther east. In that operation the French claimed some 500 rebels killed or captured, the biggest bag of the 19-month-old rebellion.

Six thousand troops of the 7th Division were involved in the new push 55 miles east of Algiers. The region has long been subject to rebel raids, with most settlers withdrawing from their farms into barricaded towns at nightfall.

The Fench said their mobile columns swept the roads, knocking over about 100 roadblocks and taking some 200 prisoners.

Brief reports from the attacking units mentioned no heavy fighting so far, but said frequent small clashes had occurred.

Scattered action was reported from other parts of the big North figues were clouded.

Twelve natuonalists were reported killed in one clash near Marnia, near the Moroccan border, and a cleanup opeation was continuing there.

Fourteen American-made helicopters were flown from the deck of a French aircraft carrier in Algiers harbor to an interior base to join in the fight.

More Abortions In Japan Than Births

TOKYO (AP)—The Welfare Ministry calculated today that abortions exceeded births in Japan last year.

The ministry said 1,170,000 abortions were reported. It estimated that the figure would have topped two million if all such operations had been reported.

Births for 1955 totaled 1,727,040.

Abortion is considered the most common form of birth control in Japan The operation is legal if a physician certifies it is needed for the economic or physical welfare of the mother.

The Welfare Ministry expressed concern at the number of abortions—five times as many as in 1949. The ministry called for a stepped-up program of education in contraceptive birth control.

Professor To Study Habits Of The Flea

ALBANY, N.Y. (AP)—What makes a flea tick?

Dr. Allen H. Benton, assistant professor of biology at Albany State College for Teachers, has been given a three-year grant to study the standards of fleas.

A flea needs regular transfusions of blood to survive. Dr. Benton says some fleas are born on one animal and never leave that species during their entire life cycle. Other fleas are promiscuous.

Dr. Benton says he wants to find out what governs the flea's choice of victims—whim or wisdom.

There is a small blind spot in each of your eyes where the optic nerve enters.

INDICTED IN BRINK'S ROBBERY—Police Capt. Francis G. Wilson, left, walks with his prisoners, Edward (Wimpy) Bennett, wearing hat, and John F. Buccelli, right, who were indicted by the Suffolk County Grand Jury as accessories after the fact in the $1,219,000 Brink's robbery in Boston, Mass. The men were seized by police after raiding a rooming house and recovering what they described as nearly $90,000 of the Brink's loot hidden in a basement office.

WEDDING BUFFET CAN BE GLAZED BONELESS HAM WITH SLICED TURKEY
. . . strawberry flavored gelatin smoothly glazes chilled ham

TWIN HEARTS ARE RED FOR TRUE LOVE ON MOLD OF AVOCADO GELATIN
. . . served with chicken and fresh vegetble flowerpot sandwiches

Glazed Hams Can Star In Budget Wedding Buffets

A large wedding luncheon at home calls for careful planning and a written time table.

We asked Mrs. Beth Bailey McLean of Chicago, director of home economice department of Swift and Company, to tell us how she managed the buffet for 60 guests when her daughter Janet was married.

As to costs, Mrs. McLean says they will vary in different parts of the country and on the size of servings, also on time of year.

Done With Pictures

Here is her experienced advice:

Select foods that can be prepared a day or two in advance with only rolls and coffee needing last-minute heating. Select and arrange the serving platters on the buffet table a week or more ahead of time. Consider the right size and shape.

If color is used, keep the color scheme in mind for the dishes as well as the food.

Paste a label on each platter and write on it the name of the food. Sketch the platter arrangement so that the last-minute placing of the food can be done quickly and in the planned sequence.

Set up small tables with linen, silver and glasses the day before. Cover with plastic cloths to keep free of dust and in place.

Experienced Cutter

Roast on unstuffed 24 to 25 pound turkey one or two days before service. This size bird will require about 7 hours in a slow oven (325 degrees F.) Brush well with salad oil. Cool quickly. Cover with foil and keep in the refrigerator. At service time, have an experienced carver serve each guest.

Use a canned boneless ham. Cut a 12 or 13 - pound ham into uniform ¼ - inch slices, then cut through the center lengthwise to make 60 or 70 servings. Tie the ham into shape with string and place it on a rack set over foil or a cookie sheet.

To glaze: Make 1-quart of strawberry flavored gelatin according to package directions. Stir and cool until the gelatin is the thickness of coffee cream. Pour the gelatin over the cold ham to form a smooth glaze on top and on the sides.

Strawberry Glaze

Cut strawberries in half and arrange in a flower pattern on top of the ham. Pour half teaspoon of gelatin over each berry petal. Let set until glaze is firm, then keep cold until service time. Slide the ham onto an oblong platter and garnish with tender lettuce or watercress.

The feature of wedding refreshments is the glorious wedding cake. This may be placed on the cleared buffet table for the ceremonial cutting of the first cake by the bride and groom.

It is wise to have an experienced cake cutter finish the slicing.

AVOCADO MIXTURE USED FOR TWIN HEART MOLD
Yield: 16 to 20 Servings

Soften 6 envelopes unflavored gelatin in 1½ cups cold water. Add 3 cups hot water and stir until dissolved. Blend in 1 cup sugar, ½ teaspoon salt, 1½ cups fresh lemon juice, and 2 cups fresh orange juice. Mix ¼ cup of this mixture with a few drops of red heart indentations in bottom of 2 oiled, 6 - cup heart-shaped salad molds. (If your molds are plain on the bottom omit this step). Chill until firm, 45 to 60 minutes.

While the red hearts are chilling, beat 4 cups avocado puree into remaining gelatine mixture and leave at room temperature until the hearts have set. Spoon gelatin-avocado mixture over the hearts very gently, being careful not to disturb them. Chill until firm and ready to serve. Unmold onto serving platter.

Write names or initials of the bride and groom on the hearts with stiff mayonnaise forced through a decorator's tube. Garnish with chicory, fresh strawberries and avocado or cantaloupe balls. Note: Cost for 2 heart molds — $3.45.

CHICKEN AND VEGETABLE FLOWERPOT SANDWICHES
Yield: 36 to 40 sandwiches

Combine 2 cups finely chopped cooked chicken, ½ cup finely chopped celery, ½ cup finely shredded fresh carrots, 2 teaspoons fresh lemon juice, 1½ teaspoons salt, ¼ teaspoon ground black pepper, and 3 tablespoons mayonnaise. Mix well and chill while preparing the bread. Cut unsliced day old firm bread 1¼-inch thick. Cut in rounds with a 1½-inch cookie cutter. Then shape to resemble little round flower pots by pulling out centers of rounds and filling them with the chicken salad mixture. Stick a small sprig of fresh parsley in center of each to resemble a growing plant. Place on a tray, cover with a damp cloth, and store in refrigerator until ready to serve. Note: Total Cost—$1.75.

CUCUMBER MOUSSE IS HISTORIC FEAST FOOD

There is a beautiful authentic New England Inn at Sturbridge, Mass. It is called The Publick House and is noted for its wedding parties.

We asked Mrs. Louise Coggeshall, the innkeeper, to plan a wedding feast for our column similar to one at this famous 18th century Treadway Inn.

Her suggestion: strawberries, melon balls and fresh pineapple served in melon cups, roast tenderloin of beef in aspic, lobster Newburg in small patty shells, souffle, potatoes, chicken and cucumber mousse, ripe and green olives, tiny hot buttered rolls, chocolate cream roll, coffee.

Mrs. Coggeshall says this could be served at home for around $3.00 a person (at Boston prices).

CHICKEN AND CUCUMBER MOUSSE A LA TREADWAY
Serves 10

Cut 4 cucumbers in half lengthwise and discard the seeds. If the skins are tough, peel them. Blanch the cucumbers in 2 cups of boiling water with tablespoons of lemon juice for 5 minutes. Drain well and puree coarsely. Cool and add 2 teaspoons Worcestershire sauce, 1½ teaspoons salt, ¼ teaspoon whit pepper, 1 cup mayonnaise.

Soften 1 ounce gelatin in 4 tablespoons hot water. Add this to the cucumber mixture with 1 cup heavy cream (whipped stiff). Blend well and add 1 cup of chopped chicken and a few drops of green vegetable coloring. Turn the mousse into a chilled mold with very thin round cucumber slices around the inside of the mold. Chill and unmold the mousse on a chilled platter.

Garnish with watercress or parsley.

SIT - DOWN BREAKFAST IS CALIFORNIA GALA

A "sit-down" wedding breakfast in the California manner is a gala affair. We asked Lucien Heyraud to help you plan one. He is chef at the Place Hotel in San Francisco, one of that hospitable city's most famous landmarks.

His menu Pineapple palace royal or coupe de pineapple au champagne, consomme madrilene, breast of capon, fleurette, salada gordon rouge, strawberry melba, pettis fours, champagne punch or pineapple party punch, coffee. He says this can be served at home for about $7.50 a guest.

Combine equal parts of beef consomme, chicken consomme and tomato juice. Heat and serve with a slice of lemon.

SALADA GORDON ROUGE

Serve pickled beets, cut in thin strips, marinated in French dressing; also celery root, cut in thin strips, marinated in must ard dressing, all on a bed of lettuce and watercress.

STRAWBERRY MELBA

Soak fresh or frozen strawberries in brandy and Grand Marnier (half and half). Combine with ice cream. Cover with following Melba sauce: 2 tablespoons cornstarch, 2-3 cup sugar, 1¼ cups red raspberries, 1-3 cup currant jelly. Combine cornstarch and sugar, stir in crushed raspberries and currant jelly. Cook until mixture is thick and clear. Cool. Top with whipped cream.

Polio Shots Are Limited

DALLAS (AP)—Although there appeared to be a growing surplus of Salk polio vaccine in the Dallas area, an official of the State Health Department said yesterday there would be no change in the policy of limiting its use to young people under 20 and pregnant women.

The Dallas News said it asked the State Health Department in Austin whether it might recommend using the extra doses of vaccine on adults who wanted it, rather than have some of it go to waste. The vaccine has an expiration date.

Dr. J. E. Peavy, director of communicable disease control for the department, said:

"Despite apparent surpluses of polio vaccine in some parts of Texas, the State Department of Health can not recommend an extension of the priority age in view of the fact that well over one half of the state's eligible population (people under 20 and pregnant women) have not been vaccinated.

"The use of commercial vaccine (that is, by private physicians) is purely a voluntary thing. There probably will not be an extension for the time being. The use of public vaccine for people under 20 and pregnant women has been set by the National Polio Vaccine Act and can not be changed (at the state level)."

Moon Visit Suggested

PITTSBURGH (AP)—People who like to take vacations in unusual places might start giving thought to the moon.

John J. Crowley, a Defense Department guided missiles expert, last night told the Special Libraries Assn. conference that humans will be able to make a round trip to the moon within 25 years.

He said that by that time rockets could make the trip with the aid of a man-made satellite some 1,075 miles above the earth. Crowley said the best hope for powering space ships of the future is in nuclear energy.

Crowley estimated that such a rocket ship would have to be 1,250 feet tall, which is a bit higher than the Empire State Building, and would weigh about 800,000 tons, or 10 times the displacement of the liner Queen Mary.

He also estimated it would require 20 rocket-powered ships about 10 months to ferry enough fuel to the satellite to handle just one round trip flight to the moon.

Philosophy Gets Rough

LOS ANGELES (AP)—Mrs. Elin Griffiths Lattimer, 30-year-old senior at the University of California in Los Angeles, sued Dr. Donald A. Piatt for $10.00 yesterday, alleging the philosophy professor punched her in the nose in an argument over Socrates and Plato.

S. M. Irmas Jr., Mrs. Lattimer's attorney, said she and the professor disagreed over which of the two ancient Greeks was the true philosopher.

The suit accuses Dr. Piatt of "inflicting grievous bodily harm and mental agony."

The university's board of regents was named codefendant.

Dr. Piatt declined to comment on the suit. He was willing to talk about Socrates, however.

"He made the people so angry they forced him to drink poison," Dr. Piatt said. "Just shows what happens when you tell the truth."

Washington Furious, Satellites Report

VIENNA (AP) — The press and radio of Russia's East European satellites proclaimed exultantly today that "Washington is furious" over Yugoslav President Tito's visit to Moscow.

Broadcasts from the satellite states were echoed in the Communist party press of Austria.

The Austrian party organ, Volksstimme, said U. S. and British newspapers were angered over the "great success" of Tito's Moscow visit. It reported that campaigns were under way in the American Congress, led by Republican Sens. Knowland of California, and McCarthy of Wisconsin, to end financial aid to Yugoslavia.

Radio Prague also claimed that [illegible] to cut off aid to Yugoslavia.

The Communist organs claimed Tito was working for "world peace" in Moscow, especially for universal disarmament.

Polish Leaders Go To Top Level Meet

VIENNA, Austria (AP)—Premier Jozef Cyrankiewicz and other leaders of Poland's Communist government yesterday attended the first top-level press conference held in Poland since the Reds took control of the country after World War II, Radio Warsaw reported.

The broadcast said Cyrankiewicz told reporters that criticism by the press is necessary and must be extended.

Open House Is Held By Sears Store Here

Over 500 persons registered at the recent "open house" held in connection with the remodeling of the Sears store in Snyder.

Winners of prizes at the event included Jimmy Fritz of Hermleigh, first prize of $100; Mrs. J. T. Jones of Fluvanna, second prize of $50 and Mrs. J. F. Dowdy of Fluvanna, third prize of $25.

Tax Payments

DALLAS (AP)—North Texans are nearing a new record in tax payments, the Dallas district of the Internal Revenue Service announced yesterday. The 11-month total for receipts through May were $960,500,000 in all tax classes compared to $881,180,000 for the same period of 1955.

Adenauer Hit By Commies

BERLIN (AP) — The Soviet news agency Tass accused Chancellor Konrad Adenauer today of launching a new anti-Soviet campaign aimed at increasing world tension.

The West German leader last Tuesday called Communist party chief Nikita S. Khrushchev "brutal and arrogant." Adenauer's remark was prompted by a report from French Premier Guy Mollet that Khrushchev had said Russia will not accept German reunification at this time.

Tass claimed a new anti-Soviet campaign has begun in Bonn in the past few days which is "aimed at distorting the attitude of the U.S.S.R. on the German question and at shifting the responsibility for the division of Germany to the Soviet Union."

President Learns To Keep 'Calm Temper'

BOSTON (AP) — Dr. Paul Dudley White, who treated President Eisenhower after his heart attack last fall, says the President has "a great deal of equanimity."

"I asked him recently what he did when he made a bad golf shot and he said he'd learned to laugh —though it wasn't always very sincere yet," said Dr. White.

Equanimity, even among golfers, is defined as "calm temper."

Dr. White, a heart specialist of international repute, told the Boston Rotary Club yesterday relaxation is important for Eisenhower's health and "it helps him get on with the job."

Greenland is covered by 647 cubic miles of ice.

Entainers Stage Fight

WASHINGTON (AP)—Two muscular members of a night club troupe headed by Mae West got into a fight in her dressing room last night, police reported, and one of them received hospital treatment as a result.

Police said Mickey Hargitay, 26-year-old "Mr. Universe," filed an assault complaint against Charles Krause, 24-year-old "Mr. America." A hearing was set for today in the U.S. attorney's office.

The fight came during a news conference, police said. Miss West reportedly was discussing plans to replace "Mr. Universe" in her show. Officers quoted Krause as saying he hit Hargitay when "Mr. Universe" ignored Krause's suggestion that he "stop making remarks" about Miss West. She was said to have escaped injury in the row.

Police said Hargitay was treated at a hospital for facial contusions and a sprained knee, then released.

Both men are from Hollywood, Calif.

Widening Of Ship Channel Proposed

WASHINGTON (AP) — Deepening and widening the Houston Ship Channel at a cost of 15 to 25 million dollars was proposed yesterday by Rep. Albert Thomas (D-Tex).

Thomas, in his proposal to the House Public Works subcommittee, said his bill would call for a depth of 45 feet and a width of 500 feet.

Picket Lines Go Up At Brownsville Plant

BROWNSVILLE, Tex., 7. (AP)—Picket lines have been thrown around the Stanolind Oil and Gas Co. plant here while union and management discuss a dispute over job classification.

The talks were between the Building and Trades Council, representing the workers, and Arthur Brothers Contracting Co., which has a maintenance contract to last several months.

A company spokesman said it is willing to pay the standard rate for maintenance work. The union reportedly was asking that the work be calssified as new construction, which calls for a higher wage scale.

Federal Judgeship

WASHINGTON (AP)—A bill which would create a fourth federal judgeship in the Northern District of Texas was approved yesterday by a House Judiciary subcommittee.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE INVITATION EXTENDED to the Olympic swimming team out of Houston by the Snyder Chamber of Commerce for an appearance at the local swimming pool has been accepted.

This bit of news was confirmed Monday in a letter from James Wade Greene, general manager of this group of athletes, to Grady Elder, manager of the Snyder CC.

You'll recall that Greene pinned a letter about a month ago asking us if we would be interested in having the girls in to put on a show.

The CC Recreation Committee, headed by Rex Miller, quickly acknowledged the letter and assured Greene that we would be interested in having the girls to perform here.

Greene, a former Snyderite and who is now living in California, will come to Snyder around June 14th or 15th to make final arrangements.

The tentative date for the appearance of the girls here has been set for July 9.

Popular Demand For Swimming Show

Greene, in his letter to Elder this week, made the following statement:

"This show has had such popular demand, that is has been decided by the committee in charge, to add three more participants to the program.

"We anticipate a well rounded program for you, consisting of some of our Country's top swimmers and divers, which I am sure you will enjoy seeing."

In case you missed the earlier poop in this corner on the girls, they are going to attend the Olympic tryouts at Reno, Nev., the latter part of July.

These girls will leave Houston a couple of weeks prior to the tryout for the purpose of working out along the way. To conform with A.A.U. regulations, the girls must pay their own way. They can, however, accept free lodging and board.

The Snyder CC has offered free room and board to the girls during their stay in Snyder.

From all indications, the girls aren't having any trouble in getting booked up each night along the route to Reno. There'll be about 10 girls in the group.

It was earlier announced that A.A.U. would also bar the organizations that sponsor these girs from charging admission.

But Greene, in his letter this this week, said the A.A.U. has given the green light to anyone who wished to charge for the show.

Nohting, however, has been done here yet on the admission ticket deal.

Seating Arrangement Good At Local Pool

Hal Battle, manager of the Snyder swimming pool, believes that accomadations can be made for at least 500 fans, perhaps more, for the girls swimming show here.

The two bleacher sections at the pool will seat between 400-500 combined. Then there's plenty of room to set up chairs around the pool that should take care of at least another hundred or two.

It will possibly be the top swimming show ever unreeled here and unless we are fooled, a tremendous crowd will be on hand.

We'll have more info on the girls, of course, in due time but you better circle July 9 on your calendar if you don't want to miss this top-notch swimming show.

You've heard of baseball teams getting "maximum mileage" out of base hits.

The Kiwanis Braves of the National Little League Tuesday night certainly made use of its baseraps. The Braves were held to two hits but defeated the Rotary Cardinals by a 9-3 tally.

B. & B. WITH BOARD OF STRATEGY—Pittsburgh Pirates manager Bobby Bragan (left) and general manager Joe Brown (right) discuss strategy with the team's coaches in the dugout during a game with the Chicago Cubs. The 37-year-old pair of bosses, known as B. & B., hope to keep the high-flying Pirates near the top of the National League. Coaches (left to right) are Danny Murtaugh, Sam Narron, and Clyde Sukeforth.

BUCKY HARRIS SAYS

We'll Try To Get Mickey Out Honestly

NEW YORK (AP)—"Let Boudreau get the credit—we'll try to get Mantle out honestly."

That was Detroit Manager Bucky Harris' blunt retort to a query whether he intended to follow the lead of Kansas City Manager Lou Boudreau, who has come up with a stuning right-side shift against Mickey Mantle, the New York Yankees' center field star.

Boudreau tried the maneuver, an exaggerated version of the "Ted Williams shift" which he concocted in 1946 while managing Cleveland, for the first time against Mantle in Tuesday night's game between the Yankees and Athletics.

Twice he threw it at Mantle and twice the switch hitter struck out after failing to lay down a bunt. The shift apparently has the young slugger upset.

Boudreau tried it again yesterday on two occasions. Each time Mantle was retired, once on a fly to deep center field, the other time via a strikeout.

But other American League managers, along with Harris, were not quick to accept Boudreau's shift as the way to stop the Yankee slugger.

"He's not easy to shift on," said Al Lopez of the Cleveland Indians. "Unlike Ted Williams, Mantle hits all over. The Williams' shift was to try to get him to think about hitting to left field. But Mantle isn't a pull hitter."

Marty Marion of the Chicago White sox said he had no plans at present to shift against Mantle.

"I'm thinking about putting a fielder in the stands," he quipped.

Mike Higgins of Boston's Red Sox said:

"He hits a lot to left field against us bating left-handed. We wouldn't be interested in a shift of that kind at this time. How are you going to shift effectively against a guy who hits the ball out of the park?"

Brooklyn 9 Coming Alive

By ED WILKS

So the Pittsburgh Pirates win five of seven and Cincinnati wins five of six and St. Louis takes four of five. But how about those Brooklyns? They win four straight the hard way—with Roy Campanella in a slump.

Campy, three times the National League's most valuable player, is hitting .230, without a home run since May 3, no extra base hit since May 15 and no run batted in since May 22. This can't be what the world champions had in mind when they made him the highest paid Dodger yet with a $42,500 contract.

What's more, the big catcher isn't alone. Duke Snider, at .305, and Randy Jackson, at .351, are the only Brook regulars hitting over .300. And Jackson just made the first string six days ago, taking over third base from Jackie Robinson (.228).

What's the answer? Pitching.

The Dodgers made a sweep of a three-game set at Milwaukee last night with Don Newcombe's five-hitter beating the Braves 5-2. Milwaukee, losing six of seven, had only 10 hits in the series as the Dodgers got three complete games from their pitching staff.

Sal Maglie three-hit the Braves Monday 3-0. Roger Craig two-hit 'em Tuesday 6-1. And then came Newk, winning his eighth. The three right-handers gave up just one walk apiece, and struck out 14.

Brooklyn now is but 8 percentage points shy of the fourth-place Braves. Both are two games behind first-place Pittsburgh, which walloped the Chicago Cubs 8-2. Cincinnati, 4 points back, smacked Philadelphia 7-3, And St. Louis 4 points farther back, cracked New York 3-2 in 11 innings.

The American League got back to normal. Boston ended Detroit's winning streak at seven games 5-4 and the New York Yankees kept their 3½-gane lead by breaking their four-game losing string 10-5 against Kansas City. Cleveland remained in second, beating Baltimore 5-1. Chicago's White Sox lost at Washington 12-7.

Both Milwaukee runs were unearned, coming on Hank Aaron's seventh homer after a two-out error in the first. Snider hit his 10th homer in the top of the first, then the Dodgers added one in the third and scored the clincher in the fifth when Jackson walked with the bases loaded. Gene Conley (1-2) was the loser.

A three-run homer by Frank Robinson and a solo shot by Gus Bell, both in the seventh inning, brought the Redlegs from behind and gave unbeaten Brooks Lawrence his seventh victory. Stu Miller was the loser.

The Cards tied it 2-all with a run after two were out in the ninth, then nailed it on Jackie Brandt's double off reliefer Johnny Antonelli. Hoyt Wilhelm, third Giant pitcher, was the loser. Ellis Kinder won it.

Dale Long, Frank Thomas and Roberto Clemente homered for the Bucs as Ron Kline won his fifth and Paul Minner lost his fifth.

Three runs in the eighth cracked Detroit's string as Sammy White hit his second two-run single of the game to beat Paul Foytack. Tom Brewer won his eighth, with Ike Delock's help in a two-run Tiger ninth.

Yogi Berra's 15th homer and Bill Skowron's second helped the Yanks, who chased Tom LaSorda with an 8-0 edge by the third. Bob Grim won with Tommy Byrne's relief.

Cleveland bunched five of its seven hits in the fourth and fifth off Connie Johnson to score all its runs. Art Houtteman, leaving with a sore shoulder in the sixth, and Ray Narleski blanked the Birds for 8 2-3 innings.

Miss Faulk Takes Early Triangle Lead

VIRGINIA BEACH, Va. (AP) — Pace-setting Mary Lena Faulk of Thomasville, Ga., served notice today she's playing some of her finest golf and intends to win the $12,000 (Triangle) Round Robin Tournament.

Miss Faulk carried a 4-point advantage into today's second round of the 90-hole tourney being played over the 6,065-yard, par 71 Cavalier Yacht and Country Club course.

She was quick to add, however, that this "plus and minus" competition, in which a player picks up or loses points by comparing her medal round with that of each of the other three in her foursome, is "never a sure thing."

"This tournament is unpredictable," Miss Faulk said. "The picture can change rapidly."

Miss Faulk's chipping and putting are the strongest part of her game. She was hitting the ball "better than normally" yesterday and matched par for apace- setting score of plus 20. Four points behind was 21-year-old Mickey Wright of San Diego, Calif., who carved a two-under-par 69 that tied the competitive women's record for the course, set by Miss Faulk during the 1950 Southern Women's Amateur. Miss Wright had a plus 16.

Close at Miss Wright's heels were Marlene Bauer Hagge of Sarasota Fla., with 2 plus 15 and Joyce Ziske of Waterford, Wis., with a plus 14. The rest of the field lagged considerably with Beverly Hanson of Fargo, N.D., and Marilyn Smith of Wichita, Kan., tied for fifth, each with a plus 3.

4 Frogs Named All-District

AUSTIN (AP) — Texas Christian University, Southwest Conference baseball champs, placed four men on the 1956 National Collegiate District 6 team.

The selections were made by a committee of coaches headed by Dell Morgan of Rice Institute and released here today.

The team with batting or pitching records in parentheses: 1b—Harry Messick (Arizona .345); 2b—Don McGinnis, Arizona (.403); ss—Al Pasehal, TC (.424); 3b—Craig Sorenson, Arizona (.339); lf—Jack Davis, Baylor (.379); cf—Carl Warwick, TC U(.373); rf—Bob White, TCU (.305); c—Bryan Bush, SM U(.275); p—Don Lee, Arizona (13-0—0.92 era); p—Carl Thomas, Arizona (1-2—2.51 era); p—Bob McDaniel, TCU (8-1—.32 era).

Manager, Umpire Fined For Rhubarb

ABILENE (AP)—Beaumont baseball Manager Ford Garrison was fined $75 and Umpire Frank Walsh $25 as an "aftermath of a rhubarb at Lubbock sunday.

They got in an argument over a play at home plate and Garrison directed abusive language at the umpire and was ordered off the field, Big State League President Hal Sayles, said today.

A heated argument ensued and both the manager and the umpire admitted spitting on the other.

AFTER WHIPPING SAVAGE

Bob Boyd Points For Sugar Ray

CHICAGO (AP) — Gangly Bobby Boyd of Chicago has made a strong pitch for a chance at Sugar Ray Robinson's middleweight crown—but he is finding the line forms on the right.

Boyd, 22, won his ninth straight victory last night at Chicago Stadium.

He scored a 10th-round TKO over 30-year-old Milo Savage, who was the last fighter to defeat Boyd. That was on April 18, 1955.

But revenge lacked some of the sting. The squatty Savage, of Salt Lake City, was wrestled out of the ring and fell in a heap on the arena floor in the fourth round.

By the eighth, he seemed to be favoring his left leg. In the ninth he slipped once and then folded again for what passed as an official knockdown. In the 10th and final round, Boyd landed a sharp right to the head and Savage buckled to the canvas.

He was on his feet almost immediately, but the bout was stopped after 27 seconds. Later, Savage's manager Jack McCarthy said he had motioned to Referee Joey White to stop it.

"Savage seemed like he was getting paralyzed and was complaining of his back hurting," said McCarthy. "There was no use for him to continue and maybe get killed."

The downhearted Savage said he couldn't pivot with his left leg. The report by the Illinois Athletic Commission's physician, John Pribble, was that the Utah veteran either had bruised or fractured a floating rib in the fall from the ring apron.

Boyd's manager Bernie Glickman could talk only of getting a chance at Robinson.

"Boyd now is ready—and he is as strong as an ox," said Glickmar. "We want Robinson."

Robinson, however, looks as if he either will meet Art Aragon on the West Coast or Carmen Basilio, if Carmen regains his welterweight title from Johnny Saxton.

Boyd weighed 158½ to Savage's 159½.

Texas Amateur Medalist Ousted

DALLAS (AP)—David (Spec) Goldman, the defending champion from Dallas, faced tough Herb Durham of Dallas today in a Texas Amateur Golf Tournament shorn of its medalist in the very first round.

Don Schumacher, the Dallas veteran who twice won the title and who was medalist here with a 1-under-par 69, was on the sidelines. He took a 3 and 4 upset trimming from O'Hara Watts of Dallas in the opening round yesterday.

Goldman sailed through the first round with a 3 and 2 decision over Walter Benson of Austin, doing one under par. Durham, one of the favorites, took out Charles Hefner of Dallas, 2 and 1.

A flock of college stars were putting life into the tournament, John Garrett of Houston, Jim Hiskey of Houston, Bobby Goatz of Arlington, Mike York of Waxahachie and Arlyn Scott of Odessa were the collegians cutting capers as the tournament moved into its second round.

Garrett, who plays for Rice, beat Texas Tech's John Farquhar, 2 and 1. Hiskey, from the University of Houston, licked Bill Cook of Nacagdoches, 3 and 2. Gotez, who is an Oklahoma A&M golfer, thumped Ed Hilscher of Dallas, 8 and 7. York, who is on the Southern Methodist team, trimmed Ross Houston of Dallas, 5 and 4. Scott, who plays for Hardin-Simmons, beat Matt Roberts, former Southern Methodist golfer, 3 and 2.

One campus star, Bobby Maxwell of North Texas State, lost a tough 19-hole battle to Billy Bob Coffey of Weatherford, who was state champion in 1940.

There will be two rounds today as the field of 32 is cut to eight. Second round matches include Garrett vs. Christie Flanagan, Port Arthur; A. J. Trigg, Tyler, vs. Henry Richards, Jacksboro; Jack Munger, Dallas, vs. Billy Martindale, Troup; Tyrell Garth, Beaumont, vs. John P. Cain, Sweetwater, and Miller Barber, Sherman, vs. Tommy Cruse, Troup.

Jr. Net Title Match

WICHITA FALLS (AP) — Nancy Davis; Dallas; will face Nancy Richey of Houston today for the under-15 girls crown in the Texas Junior sectional tennis tournament.

Other divisions will stage semi-finals today and finals tomorrow.

THAT'S ENOUGH, ARCHIE—Referee Jack Hart tugs on the arm of Archie Moore as he stops the light heavyweight title bout in London's Harringay Arena after Moore had knocked down Yolande Pompey for the third time in the 10th round. Moore was credited with a 10th round technical knockout of the Trinidad challenger as he retained his world title.

PONY LOOP PLAY RESUMES

Indians-Yankees Feature LL Card

The Holder Construction Indians and Legion Yankees of the American Litle League will meet in the feature tilt of tonight's kid baseball card.

The Yankees lead the American League with a perfect 4-0 record while the Indians are a close second with a 2-1 record.

It will be the first meeting of the season between the Indians and Yanks. The lone defeat by the Indians was administered by the West Texas Bank Athletics.

The Indians and Yanks will meet in the second game of tonight's Little League card.

Meeting in the 7 p.m. opener will be the Rotary Cardinals and Quarterback Club Giants of the National League.

Two games are on tap in the Pony League at Towle Memorial Park tonight.

The top two Pony League teams wil be meeting the bottom two clubs.

Pace setter Court House Tigers, with a 6-0 record, will meet the winless Hermleigh Cardinals in the second game of tonight's Pony slate.

Clashing in the opener at 7 p. m. will be runnerup Scurry Butane Dodgers and fifth place Line & Line Yankees.

Four more games are on tap in the kid baseball ranks tomorrow night.

In the Pony, the Tigers will meet the Lions Club Phillies at 7 to be followed by Hermleigh and the Von Roeder Red Sox.

The undefeated Lions Club Cubs of the National LL will meet runnerup Kiwanis Braves in the openinggame of tomorrow night's Little League program.

The Trinity Methodist White Sox and the West Texas Bank Athletics of the American LL will meet in the second game tomorrow.

Following are the kid baseball standings:

SPORTS AGATE 2-36 Indians ..... Shirley

IN STATE TOURNEY

HP Hurler In No-Hitter

AUSTIN (AP)—Fort Worth Paschal meets Abilene and Dallas Highland Park tackles undefeated Port Arthur tonight in semi-finals of a Texas schoolboy baseball tournament whose opening round produced a no-hit, no-run game.

Mike Collins hurled the no-hitter in sending Highland Park to a 2-0 victory over favored Amarillo last night. Collins chipped in with a tripe to help his team to its triumph.

Paschal nosed out Lufkin 5-4 in another upset. Abilene clipped Edinburg 7-5 in a game that went an extra inning the same as the Paschal-Lufkin tilt and Port Arthur ran its victory string to 21 straight by edging Austin McCallum 2-1 on the 4-hit pitching of Bobby Copple, who was notching his eleventh hurling triumph of the season against no defeats.

Of the first four basketballers accepting Texas Tech scholarships for next fall, one has a 96 average in high school, another a 93, a third an 87, and the fourth a record of only one grade below an "A" in four years.

HEADIN' FOR TEXAS—Texas University, that is. Ronnie Smith, a junior who will be a senior in Snyder High School next year, is pictured above with two of his chief interests in life—test tube and chemicals to display his interest in science and a tennis racket to show his enthusiasm for sports. He leaves Saturday for Austin to take special courses this summer. (Lee Watson photograph)

TOP SCHOLAR

Local Boy Has Wide Interests

By SANDRA DEFORE

To rank scholastically in the upper ninety-eight per cent of the nation's high school students is a rare honor, and for that same student to be an active participant in sports and an all round student, also, it is even more rare Ronnie Smith, Snyder High School student, is just such a student.

Ronnie, who is seventeen years old, will enter the University of Texas, June 9, on a scholarship given by the Ford Foundation with the Atomic Energy Commission. This scholarship is given in an effort to encourage the education and the number of students who will be the future scientists and engineers of the nation. Ronnie will stay at the university until July 13.

This scholarship is going to a very deserving young man. Ronnie, in all the years he has been in high school has never received less than an A in all his studies, and the number of A pluses almost equaled the number of A's.

People usually think of a person with such a high scholastic ability as being a book worm or as having no outside activities, but Ronnie is definitely not that type student.

Ronnie says that ever since the second grade he has been interested in sports. In the seventh grade Ronnie went out for football and has continued playing the game ever since. He played quarterback in the seventh, eight, B squad, and the A squad which he has been a member of since his junior year.

Football is not the only sport that Ronnie is interested in and participates in. He has played on the Freshman, "B" and "A" basketball teams.

Tennis is also a sport that takes Ronnie's eye. He is top man on the high school tennis team. He was City Junior champ in '54 and '55 and he was regional Jaycee champ in '55. He plans to defend these titles this summer, if he is not at the University of Texas.

Ronnie's senior year will surely be a busy one, for he has been elected Student Council President by the student body. Ronnie was also the president of his Freshman class and secretary and reporter of the Student Council of the high school. Aside from the sports he is active in Ronnie will have a very difficult schedule of classes. Next year he will take physics, solid geometry, and tirgonometry, Senior English and Latin. When the valedictorian is decided upon, Ronnie will be a close contender and perhaps the winner, for he was valedictorian of his class in Junior High. When asked about his social life, Ronnie just smiled and said, "It's improving all the time."

He is the sone of Mr. and Mrs. Robert Smith who live at 3205 Fortieth Street.

Ronnie is undecided about what he will do after graduation from high school, but he plans to enter either the University of Texas or Rice Institute. Ronnie says that he leans toward being an electronic engineer. This is natural for Ronnie's favorite subjects are math and the sciennces.

Odd Fail To Defeat David

PORTLAND, Ore. (AP) — David Ingerson will graduate from Portland State College Sunday at the head of his class—quite an accomplishment when you consider:

He cannot write—except on a typewriter at a tedious four or five words a minute.

He cannot walk.

His speech is so impeded only his mother can understand him well.

Ingerson, 26, is a victim of cerebral palsy.

His four-year grade point average is 3.81, just a shade under 4.0 for straight As.

Ingerson attended classes in a wheel chair. He typed out all his papers. He dictated answers to his mother on examinations.

Vote On Ike Is Challenge To Democrats

SAN FRANCISCO (AP) — President Eisenhower's million-plus Republican vote in the California presidential primary raised a strong challenge today to Democratic hopes for carrying the state in November.

Adlai Stevenson went over the million mark too in trouncing Sen. Estes Kefauver of Tennessee on the Democratic ticket. But Eisenhower, unopposed, came out of Tuesday's strictly party balloting with a high tally.

Republican leaders got an extra glow fom two factors: registered Democrats outnumber Republicans by 782,000 and no campaign at all was waged in behalf of the 70-delegate slate pledged to Eisenhower for the GOP National Convention.

Democratic leaders interpreted their party's showing in congressional and legislative races — their best since New Deal days — as an upsurge in their direction. Legislative control won't be settled until November, however.

Stevenson's 5-3 victory over Kefauver for 68 national convention votes brought speculation that Kefauver might seek a tie-up with New York Gov. Averell Harriman in the scramble for the presidential nomination.

Stevenson himself said he now consides Harriman his strongest rival.

Nearly complete returns from California's 24,160 precincts gave:

Democratic, 21,746 precincts: Stevenson 1,041,303, Kefauver 626,030.

Republican, 20,877 precincts: Eisenhower 1,165,535.

The total vote was estimated as close to 60 per cent of the 5½ nillion registration, including 3,059,873 Democrats and 2,277,530 Republicans.

Burlington Looking For Head Of Aldermen

BURLINGTON, Vt. (AP) — The Burlington Board of Aldermen has taken 609 ballots and still is without a president.

The board tried 289 times Tuesday night and 320 times last night to reach a decision.

Every time the result was a deadlock—6-6.

The board is made up of six Republicans and six Democrats.

There were 24.9 live births per 1,000 U.S. people in 1955.

SPEAKING during a weekend revival meeting which started last night at the Morningside Baptist Church, Thirtieth and Avenue F, is the Rev. Jimmy Eastham, pastor of the Eleventh Street Missionary Baptist Church at Colorado City. Services will be held nightly through Sunday.

Board Turns Down Appeal

HUNTSVILLE (AP)—The Board of Pardons yesterday refused to grant a stay of execution for Marion A. Washington, 27, scheduled to die here in the electric chair early tomorrow morning.

The Bremond, Tex., Negro was convicted in Waco on April 2, 1955, of the murder of Airman Henry Poole of Connally Air Force Base near Waco.

The chairman of the board, Jack Ross, said after the hearing, that "unless something else comes in, we do not see any reason to postpone the execution."

Washington's attorney, Fred Finch Jr., of Dallas, repeated previous pleas claiming Poole's fiancee had identified other suspects in "lineups" prior to picking Washington as the Negro who forced her from the car and later shot Poole.

Asst. Dist. Atty. Burney Walker, of Waco, said he was present at all the lineups but one and that the girl did not pick anyone but Washington.

Global Crime Fight

VIENNA, Austria (AP) — More than 120 delegates to the international criminal police commission gathered here today for their annual conference on methods of fighting global crime.

Scare Charge In Duval Case Aired

FORT STOCKTON, Tex. (AP)—A charge that Duval County politics appears to have scared some witnesses was made by Dist. Atty. Sam Burris of Alice here yesterday during the embezzlement trial of D. C. Chapa, former tax assessor-collector of the Benavides School District.

"One witness told me he was afraid he would get a knife in his back when he returned home," Burris said at last night's session of the trial: "Others told me they still have to live in Duval County after this trial is over.

Much of yesterday's testimony was in answer to questions about Duval County politics and the accounting methods used in the school district.

Mrs. Dora Mae Canales, former office worker in the Benavides School District tax office, and now a resident of Corpus Christi, was the final witness yesterday.

Most of the questions put to Mrs. Canales were answered "I don't know" or "I don't remember."

Burris said that at a previous trial in Tyler she had related the tax office routine.

When defense attorney Percy Foreman of Houston attempted to develop lax methods of keeping tax offices records, his questions also drew from Mrs. Canales responses of "I don't know" or "I don't remember."

Chapa, a former tax assessor-collector in the district, is accused of embezzling a $6,525 check from an oil company.

R. E. Daniel, finance officer of Texas Eastern Transmission Co., in earlier testimony revealed the check was sent to the school district but the company later got a dun for the amount.

He said the matter was later cleared up but did not elaborate.

Two former members of the school board testified they had never heard of Chapa having a contract as tax assessor-collector for the district.

Foreman asked Richard Barton, Duval County deputy sheriff and former school board member, to discuss the Freedom Partyy which opposes South Texas political boss George Parr.

Barton denied being head of the Freedom Party, saying "There is no leader, we are all equal."

W. C. Kelly, president of the Benavides School Board and first witness yesterday, testified regarding an alleged contract with Chapa to draw a salary plus a four per cent commission on collected taxes.

Kelly said he did not know about this contract nor had it been discussed at any board meeting he attended. Barton, who joined the school board in 1948, said he did not know of any such financial agreement.

A Corpus Christi accountant, Ed Ponder, said when his firm took over as auditors of the school district, there were no general records in the tax office. The auditors built a set of books from October, 1953, based on bank statements and records they were able to find, Ponder said.

Foreman, quieter than court followers expected, raised numerous questions and objections because Ponder did not have all the tax records with him. This drew a quip from an attorney, who was a spectator, "It would take four vans to bring them to Fort Stockton."

Negro Freed Of Charges In Slaying

FAIRFIELD, Tex. (AP)—A jury acquitted Jimmy Barker of a murder charge last night after the 21-year-old Negro testified the victims widow offered him $100 to say he did it.

Barker said he was hunting rabbits on the Hubert Clanton farm three miles east of Athens, Tex., last Feb. 16 when Mrs. Clanton hrried toward him from the barn and said:

"I'll give you $100 to say you did it."

Barker said he didn't know what Mrs. Clanton was talking about. He testified she whipped out a pistol and fired at him several times. He was not hit.

Mrs. Clanton denied Barker's story. She said she believed Barker shot her husband, a 44-year-old farmer, with a .22 rifle.

Barker epudiated a signed confession attibuted to him while he was held in jail shortly after the slaying. He told the jury he can sign his name but cannot read. He said he did not know what he was signing and was frightened.

The jury was made up of eight men and four women, all white.

Officials did not make any immediate move to bring charges against Mrs. Clanton.

While Barker was held in an East Texas jail in the days following the killing, there were published accounts of possible mob action against the youth.

Barker worked for Clanton. Both Barker and Mrs. Clanton testified the Negro came to the farm home asking of Clanton had work for him and that Mrs. Clanton told him the farmer had gone to feed the cattle.

Barker said he then went rabbit hunting and in doing so passed near the barn where he saw Mrs. Clanton and she made the offer of $100. He said he then ran to his home and saw Clanton's body enroute.

Yugoslavia To Get More Russian Wheat

BELGRADE, Yugoslavia (AP)—Yugoslavia, whose wheat barrel has drawn on the United States in recent years, today announced plans to import the grain from Russia.

Belgrade radio made the disclosure in announcing that Yugoslavia and Russia had agreed to boost their trade volume by 20 million dollars this year.

The broadcast said the new agreement calls for wheat, crude oil, aluminum, machineries and industrial equipment from Russia. In exchange, Yugoslavia will export metallurgical products, agricultural articles, woodwork, shoes and textiles.

ADLAI THE WINNER IN CALIFORNIA—A happy Adlai Stevenson faces campaign workers at his headquarters in Los Angeles, Calif., as mounting returns made it clear he had won a smashing victory over Sen. Estes Kefauver in the California primary. He is flanked by his California campaign manager, Pat Brown(right), who is the state's Attorney General. Stevenson won all of the state's 68 convention delegates. He told his followers he was "delighted by the results."

Court Upholds Decision On Robeson Suit

WASHINGTON (AP)—The U. S. Circuit Court of Appeals today upheld the State Department's denial of a passport to singer Paul Robeson, who refused to say whether he is or has been a Communist.

The court unanimously upheld the ruling in which U. S. Dist. Judge Burnita S. Matthews dismissed Robeson's complaint against Secretary of State Dulles.

Writing for the court, Judge Edward Barrett Prettyman said Robeson made no reply to the State Department's request that he execute an affidavit concerning present or past membership in the Communist party.

Robeson then was told, Prettyman said, that he could have an informal hearing but would be expected to answer questions about past and present membership in the party. He made no reply to this, but instead filed suit contending the passport regulations violated his constitutional rights.

In upholding dismissal of Robeson's suit, the court said he "failed to exhaust his administrative remedies." In nonlegal language, this means he failed to comply with State Department procedures and thus was not in position to bring suit.

Judge Prettyman added:

"We think he was required to do so. He did not ask for a hearing but instead asserted the invalidity of the regulation providing for one. We cannot assume the invalidity of a hearing which has not been held or the illegality of questions which have not been asked."

Robeson, in refusing to answer questions about present and past party membership, contended that any American citizen is entitled to a passport.

Robeson wanted to visit Russia, among other places.

In his suit, Robeson described himself as a "loyal, native-born American citizen who at all times has acted in conformity with the laws of the United States."

Robeson applied for a passport July 28, 1953, and was told "it would appear" he was ineligible under department regulations by reason of alleged Communist affiliations and activities.

Robeson did not answer the letter, but again applied for a passport July 7, 1954. Again he was given the same information and again failed to reply.

Cool Front Pushng Way Into Texas

By The Associated Press

A June cool front pushed into the extreme northern portions of the Texas Panhandle Thursday and held a promise of some instability as it moved deeper into the state.

The U. S. Weather Bureau said the cooler air should set off scattered thunderstorms in Northwest Texas Thursday afternoon. Remnants of the rain storms may drift over into North Central Texas causing showers Thursday night and Friday morning.

The front was across the Oklahome Panhandle Thursday and was moving toward Gage, Okla. Winds from the northwest at 15 miles an hour blew at Dalhart.

Thunderheads in the west Texas area brought showers late Wednesday.

An unconformed tornado also was reported Wednesday in West Texas.

The unconfirmed twister was reported near Lamesa, where high winds accompanied by blowing dust struck. Lamesa had .18 inches of rain and Wink had a thundershower that brought .05 inches.

Early Thursday skies were clear over most of the state and temperatures were mild, ranging from 66 degrees at Lufkin to 77 at Dallas.

The forecast called for partly cloudy weather Thursday and Friday with continued mild weather and widely scattered afternoon and evening thundershowers.

SMILING SLAVS—It's a smiling carload as Yugoslav President Tito, his wife and Soviet leaders arrive to view the All-Union Agricultural and Industrial Exhibition's the Moscow area. From left are unidentified man; Vladimir Matskevich, deputy Soviet premier; Soviet Communist Party boss Nikita Khrushchev; Soviet President Klementi Voroshilv and the Titos.

U. S. Makes Reciprocal Tariff Cuts

WASHINGTON (AP)—The United States announced today a long list of reciprocal tariff cuts negotiated with 21 other countries at Geneva and said "free world trade in general will be better off" as a result.

Four months of give-and-take bargaining among the 22 nations lowered tariff barriers on trade items aggregating more than 2½ billion dollars a year among the nations concerned.

The United States gave direct tariff cuts or concessions on foreign imports valued at 677 million dollars in 1954. Other indirect cuts brought this total to 811 million dollars, the State Department said in an announcement on behalf of nine U.S. agencies.

In return, the United States obtained direct duty concessions on American exports valued at 400 million dollars in 1954. Indirect benefits were not estimated.

None of the U.S. tariff reductions apply to imports from Soviet bloc countries, but they do apply to all free world nations whether or not they participated in the Geneva meeting.

There was no estimate of the amount of tariff revenue that would be lost.

The first phase of U.S. reductions are due to go into effect June 30. The U.S. trade agreements team was authorized to cut tariffs up to 15 per cent of their level on Jan. 1, 1955, with the reductions divided equally over the next three years. Most cuts by other countries are to be made effective all at once.

Concessions obtained by the United States covered a wide range of agricultural and industrial products, ranging from iron and steel products to beer, shrimps and oysters.

Sixteen countries gave concessions on a variety of chemical products including plastic resins, antibiotics, photographic film and synthetic textile fibres. Seven countries including Japan, Britain and Germany dropped duties on U.S. iron and steel products; Canada lowered rates on beer, shrimp and oysters among other items.

Other cuts affect exports of heavy machinery, office equip- canned fruits and vegetables, airplanes and petroleum products.

Benefits for other U.S. exports the amount of which cannot now be estimated, will result from partners which apply to all countries, the announcement said. For example Canada gave Cuba a cut on cigar leaf tobacco which will benefit U.S. exports of cigar leaf to Canada.

Among concessions the United States granted other countries was a cut on duties for Scotch whisky, expected to help Britain earn more dollars.

Other U.S. tariff cuts were given on synthetic rubber, vermouth, smoked sardines, fish oils and fish liver oils; woven fabrics of silk; fine linen fabrics; copper, aluminum; carpets, rugs and mats; chemical elements; inedible molasses; silk handkerchiefs.

There were two increases in tariff rates—on liquid sugar from Cuba and the Dominican Republic and on fur-felt hats and hat bodies, mostly from Italy.

Long Flights Are Hobby

PRESTWICK, Scotland (AP)—Peter Gluckmann, 30-year-old San Francisco watchmaker, flew in here today in his single-engine plane after a two-stop solo flight from New York.

It is Gluckmann's third solo Atlantic flight.

Climbing out of his small yellow and brown plane, Gluckmann said the trip was uneventful except for bad weather on the 1,800-mile stretch between New York and Greenland. He left New York Monday and stopped at Greenland and Iceland.

"I'm not tired," he said. "And I don't get lonely. There's plenty to do."

Gluckmann plans to fly to London to visit his parents and then on to Switzerland, Greece, Israel, Egypt, across Africa to Natal, over the Atlantic to Argentina and home.

"It's my hobby," he explained.

New 'Sea Monster' Spoted In Atlantic

CHATHAM, Mass. (AP)—There's a new "sea monster" loose in the North Atlantic.

The Liberian freighter Rhapsody last night reported the presence of a 45-foot, white-spotted sea turtle in the ocean south of Nova Scotia.

The Coast Guard warned all navigation to be on the alert for the giant reptile which, said the Coast Guard, has 15-foot long flippers and can rise eight feet above the surface of the sea.

Two Workers Are Rescued

DALLAS (AP)—Two workmen, who dangled for 30 minutes on a broken scaffold 65 feet in the air above a concrete driveway, were rescued yesterday afternoon by firemen.

Three schoolboys saw the scaffold give way as the two men, cement finishers, were working on the eighth floor level of the Cliff Towers Hotel. The boys informed a desk clerk in the hotel who called firemen.

Lee DeSpain, 39, who kept from falling by tangling one leg in the cable, was brought down first by firemen who used a 100-foot aerial ladder.

Then firemen rescued his partner, J. K. Miller, 46, who had balanced himself in a metal triangle-shaped stirrup on the end of the cable.

DeSpain was hospitalized but attendants said his injuries did not appear serious.

"It's Coke...in 3 sizes!"

NOW—3 WONDERFUL WAYS TO BRING HOME THE QUALITY OF COCA-COLA!

Standard-Size
The world's most famous bottle!

NEW KING-SIZE!
Handy new way to serve America's favorite refresher!

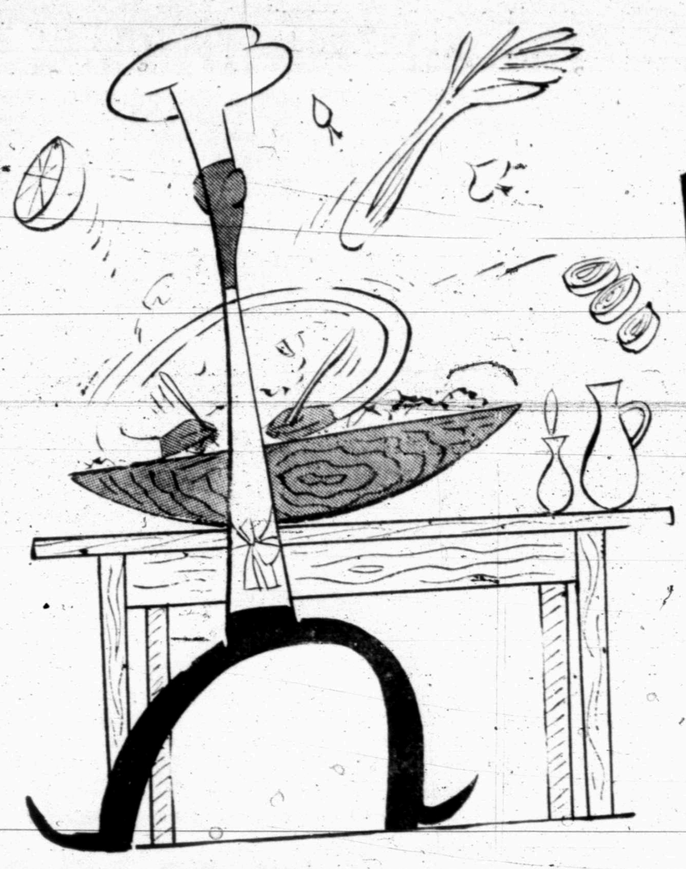

NEW FAMILY-SIZE!
More fun for your family! More Coke for your guests!

Coca-Cola

THREE HANDY SIZES TO SERVE ALL OCCASIONS . . . Here's that real great taste of Coke, the famous quality of Coca-Cola in three different sizes to satisfy every thirst . . . to meet every occasion. For parties, meals, family get-togethers, or when company calls, three sizes are now at your service.

FURR'S

Total Delegates For Demos Listed

WASHINGTON (AP)—Thirty-eight states, including all those selecting by primaries, have now chosen Democratic National Convention delegates. They will cast 1,103 votes.

With 686½ convention votes needed for a presidential nomination out of a total vote of 1,372, the latest Associated Press tabulation of pledged votes and first-ballot preferentes expressed in polls showed today:

Adlai Stevenson	266
Estes Kefauver	166
Others	306
Uncommitted	307
TOTAL	1,108

The "others" column covers 11 individuals, the five top men being Gov. Averell Harriman, 83, including 80 won in New York Tuesday; Sen. Lyndon Johnson of Texas, 56½; Gov. Frank Lausche of Ohio, 54; Sen. Stuart Symington of Missouri, 46; and Gov. G. Mennen Williams of Michigan, 44.

Ten states and three territories still must name delegates with 252 votes. New York also has delegates-at-large with 12 votes yet to select. Even if all the remaining 264 votes went to Stevenson he still would be far from a majority. His supporters, as well as Harriman backers, see prospects for picking up many more votes for their candidates in the now uncommitted column.

The 10 states still to name delegates are Arkansas, Arizona, Colrado, Connecticut, Kentucky, Mississippi, New Mexico, Tennessee, Virginia and Washington. Hawaii, Canal Zone and Virgin Islands also have not yet selected.

Forty states have named Republican delegates with 1,121 national convention votes out of a total of 1,323. President Eisenhower has 96 delegates favoring his renomination with only 662 needed. He also has 70 others being held for him by favorite sons in Ohio and Montana. One favors Gov. Christian Herter of Massachusetts, and 90 are uncommitted.

Woman Tells Of Quitting U.S. Commies

ST.LOUIS (AP)—Mrs. Ann Yasgur Kling told congressional investigators yesterday she quit the Communist party in 1947 because of "a young man with whom I feel in love."

"He strongly disapproved of the Communist party and its teachings," she explained. "I just stopped going to meetings."

The 34-year-old housewife was a witness before a subcommittee of the House Committee on Un-American Activities. The group, headed by Rep. Moulder (D-Mo), is holding hearings on the extent of Communist activities in the St. Louis area.

Mrs. Kling did not resort to the Fifth Amendment, as have most of those called to testify before the committee.

She said she was a member of the Young Communist League at the University of Missouri, where she was graduated in 1944.

She said she worked in the party's district office in St.Louis from the winter of 1945 to the winter of 1946.

She acknowledged she is a sister-in-law of Ralph Shaw, identified by an earlier witness as a former Communist party chairman for Missouri.

But she balked when asked to name some of her associates in the party.

"I have nothing to conceal," she said, "but I am not a tattle-tale. I don't want to snitch on anybody."

Rep. Moulder asked her what she thinks of the Communist party now.

"I think the Communist party in this country has become sort of a joke," she said.

Mrs. Kling, a short, dark-haired woman, is the wife of a professor at Washington University in St. Louis.

Private Beach To Be Posted

DELRAY BEACH, Fal. (AP)—The owner of a mile-long section of private beach five miles north of this resort city said he will post the property against Negro bathers.

Phil Phillips, owner of a sea food restaurant, said Negroes have been using the beach without permission on weekends for some time.

He said last night he was posting the property "because it's come to the point that I can't even get on my own beach."

North of Phillips' beach is a 150-foot section bought by the city for use by Negroes but Negro leaders say it is unacceptable.

The City Commission voted Tuesday to ask the Legislature to exclude the Negro district from Delray Beach city limits in the wake of racial tension that has lasted a month. About 2,000 Negroes now live here.

British Town Is Fighting For Life

GWAUN-CAE-CURWEN, Wales (AP)—Two hundred and seventy-nine tired miners dug deep for their goal this week, fighting for a reprieve for this little Welsh mining town and the 1,000 families who make their livelihood here.

This is the second half of a two-week test for survival ordered by Britain's National Coal Board. Annoyed by low production figures and a total of 249 strikes in the mine since 1947, the coal board last month washed its hands of this little town in the Amman Valley and ordered the mine shut down.

The miners appealed for another chance. The coal board, which had fired all 1,065 men in the mine, offered a two-week test. It said it would hire back 279 men and let them show if miners in the valley here could maintain "a proper standard of work."

The coal board, the government body which runs Britain's mines, said the miners here had been producing only 7.4 hundredweight of coal per man per day. This compared to an average for the rest of the area of 19 hundredweight.

The men of Gwaun-Cae-Curwen tried to call out miners of neighboring areas in a protest strike but were rebuffed. They agreed finally to the test, and the 279 men went to work on trial last week.

—An official of the National Union of Mineworkers says the men are exhausted but "there is definitely a big improvement." The 786 other miners and their anxious families meet nightly at the pithead to check the production figures.

"BARRACKS LAWYERS"

You don't have to be a lawyer in order to form an opinion on a legal subject. Howerer, it is bad business for a layman to pass such an opinion on to others to cause them to suffer substantial losses.

Because of the vast intricacies of the law, a simple set of facts often gives rise to difficult legal problems. In spite of this, there are many persons who persist in passing out legal advice on all problems, pounding the table, quoting rules, and loudly expounding opinions. Beware of those persons, because their free opinions are usually worth what they cost, and often can be th unintended cause of harm to those to those who rely on them.

For example, George Jones owned a small drug store. He agreed to sell the store to Harry White at a time when he still owed $1,000 to various creditors for merchandise he had bought for the store. George and Harry were in the back room one night discussing who would pay these debts. George suggested that they talk to a lawyer.

Just then Wilbur Knowall came into the room, and heard the discussion. He assured them that there was no necessity to see a lawyer. He told George to keep the debts, "to avoid complications." As to telling George's creditors of the sale Wilbur said that was unneccessary because George was still liable to pay them. George and Harry decided to follow Wilbur's adivce.

Several weeks later, after Harry had taken over the store, a representative of one of George's creditors came in and demanded that Harry pay the debt that George had incurred. Harry refused, but went to see a lawyer to make certain. Harry was surprised to learn that he had failed to comply with a Texas Statute in buying the store without giving notice of the sale to George's creditors. He further learned that the sale was void as to them, and that he was liable for George's debts.

This is a common place example of the trouble you can get into when toying with the law. Experienced lawyers often must spend many hours researching a problem before advising their clients as to the best course of action to follow. It is, therefore hazadous to rely on the legal advice of well-meaning friends. As in the case of Harry White, that is often the beginning of many headaches.

(This column, based on Texas law, is written to inform —not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Puppy Shows Up At Hospital For Help

HARLAN, Ky. (AP)—Even a little puppy knows where to go when he needs help.

Last week, the puppy appeared at the back door of Harlan Hospital. He was still there Sunday so an orderly examined him and found a broken leg.

Now the puppy, believed to have been hit by a car, is in the hospital with a splinted leg awaiting his master. His collar had a nameplate but no name on it. Nurses are caring for him until his master shows up.

Story Retold About Capture Of Santa Anna

SAN SABA, Tex. (AP)—Only a modest marker identifies the burial place of the man credited with capturing Gen. Santa Anna in the battle which gave Texas its independence from Mexico.

He was Sien Record Bostick, who operated the Bostick House, a hotel here for many years.

Oldtimers often related his story of the capture. He was helping mop up under orders of Sgt. James A. Sylvester. He had just re-enlisted in the Army of the Republic.

He can upon the Mexican general, leveled a .44 caliber pistol on him and took Santa Anna before Gen. Sam Houston.

The pistol, a cap-and-ball affair, remained one of his greatest prizes. For years it was kept in the vault of J. E. Hagan, insurance man who acquired it from Bostick's grandson. Later it was bought by Dud S. Barker, former Texas ranger, and added to his gun collection.

Bostick remained in the Army until the following May 15. Upon discharge, he was given 640 acres six miles northeast of San Angelo, now believed owned by the J. W. Johnson family. Records show Bostick sold the land for $170 to J. C. Fisk of Dimmit County.

WIN PRIMARY NOMINATIONS—Judge Dalip S. Saund, left, Sikh native of India, won the Democratic nomination for Congressman from California's 29th district in the primary elections and will be opposed by Mrs. Jacqueline Cochrane Odlum, famed aviatrix and wife of tycoon Floyd B. Odlum, who won the Republican nomination for the same district.

Leader Quits In Singapore

SINGAPORE (AP)—Chief Minister David Marshall handed in his resignation today to the British governor in Singapore.

The leader of the minority Labor Front government had said he would resign after an all-party delegation he held to London failed to secure independence for this strategic British island colony at the tip of the Malayan peninsula.

The British insisted that they retain the right to resume control of the Singapore police if an emergency developed. The colony's population is largely Chinese, and many of them are open supporters of Communist China.

After a 20-minute conference with the governor, Sir Robert Black, Marshall said Black had accepted his advice and would call on Lim Yew Hock, Labor minister in the present Cabinet, to head a new Labor Front coalition administration.

Under the constitution, the whole Cabinet will resign with Marshall, but observers believe all former ministers will serve under Lim.

Ready Reservists To Be Discharged

WASHINGTON (AP)—The Army announced today it will discharge 475 ready reservists and transfer 500,000 others to the standby reserve list.

It described the action as a wholesale effort to terminate the military service liability of World War II and Korean veterans and to weed out dead wood.

An Army announcement said this screening process will take place in the 12 months starting July 1. When completed, the Army said, it will leave in the ready reserve only those who are fit, who possess needed military qualifications and who will be available for immediate activ duty in time of war or national emergency.

The ready reserve is composed of individuals and organized units who would be called to active duty promptly in time of war or a national emergency declared by Congress or the President.

The standby reserve is liable for active service only in time of war or in an emergency declared by Congress.

The Army's ready reserve now has a nominal stength of 1,885,000, exclusive of the National Guard, which will number 407,000 by the end of this month. The present strength of the standby reserve is only 8,500.

The Army said most of the reservists who will be discharged from the ready category are those who saw active service prior to June 19, 1951. Most of this group aso served during the war in Korea.

Priority for transfer fom the ready to the standby reserve will be given to reservists who served in Korea at at any time between June 26, 1950, and July 27, 1953.

The Army said, however, that ready reservists who now are members of organized units and want to continue their military duty will be retained. Young men who have volunteered for the ready reserve and who have had no prior active service will not be incuded in the weeding out program, the Army said.

The screening program will be automatic, the Army explained, and reservists who do not object to discharge or transfer need not write to the Army.

Gunmen Get Jewel Loot

NEW YORK (AP) — Three identically costumed gunmen snatched two gem brokerage firm employes off a Greenwich Village street yesterday and fled with $211,000 worth of cut and uncut diamonds.

Albert C. Schmit, 32, and Eugene Epsky, 27, said each gunman wore dark goggles, white gloves, peaked hats and denim work clothes similar to those of subway motormen.

The bandits warned Schmitt, secretary of the Traders Service Corp., not to reach for "your right pocket. We know you have a gun there."

Schmitt and Epsky were hustled into an apartment house cellar, and bound with adhesive tape and their own belts. Adhesive also was used to tape their mouths.

After the gunmen fled with two briefcases, containing five packets of cut diamonds and four of uncut ones. Schmitt managed to partially free himself. His cries brought the building superintendent, who called police.

The diamonds were to be delivered to five midtown Manhattan firms. Police said the gems were insured.

If the ice on Greenland were melted, the level of the world's oceans would rise 24 or more feet.

Santa Cruz Is Not Banning Rock 'N Roll

SANTA CRUZ, Calif. (AP)—City officials intent on dispelling any notion that Santa Cruz is the lair of the square, want it known that rock and roll dancing is not banned in this Pacific Coast resort.

Rock and roll, "along with other harmless types of swing music, enjoyable to young and old," is welcomed, said City Manager Robert Klein last night.

"We have nothing against rock and roll music," chimed in Chief of Police Al Huntsman. "It's just what some people do while listening to it."

Huntsman had said Monday public dancing to the more energetic type of R&R "will not be tolerated in the future anywhere in Santa Cruz." His police had cracked down on a dance at Civic Auditorium Saturday night because, they said, the music incited some teen-agers to "obscene and highly suggestive dancing."

Teen-age fans had protested the reported ban.

Al Judah, manager of the auditorium, said rock and roll "may lead to excesses among adolescents."

He reported he had canceled an engagement for a one-night stand by another rock and roller "because his music attracts a certain type of crowd that would not be compatible to this particular community."
