Fatally Injured Guard On Stretcher

One of three White House guards wounded in a gun battle in front of Blair House, President Truman's residence, is moved from the shooting scene on an ambulance stretcher as spectators watch, in Washington. He is Pvt. Leslie Coefelt, who died later of wounds received in the attack on the presidential residence.

Extra Precautions For Truman's Safety Taken

By STERLING F. GREEN
(Associated Pres Staff)

WASHINGTON, Nov. 2 (AP)—President Truman's guard was increased and extraordinary precautions taken for his safety today while the Secret Service dug into whether others were involved in the attempt by two fanatics for Puerto Rican independence to kill him.

The investigation here centered on questioning of Oscar Collazo, 37, one of the two men who tried yesterday to blast their way with pistol shots into Mr. Truman's official home, but were cut down by the bullets of guards.

Collazo fell on the steps of Blair House, Mr. Truman's temporary residence. He was shot in the chest but was reported today to be "in fine shape." His companion, Griselio Torresola, was killed by a bullet through the head.

POLICE DIES

Three police were wounded in the battle. One, Pvt. Leslie Coefelt, 40, died last night. Collazo was formally charged with Coefelt's murder.

The investigation was being pushed also in New York, which has a large population of Puerto Rican natives, and in Puerto Rico itself. Collazo and Torresola came here from New York.

U. S. Commissioner Edward W. McDonald said conspiracy warrants also were being prepared for two persons he did not identify and for Collazo. At least 13 persons —most of them relatives of Collazo —were questioned.

MORE GUARDS

At Blair House, the number of guards for Mr. Truman was increased and police roped off part of Pennsylvania Ave. Blair House fronts on the famous avenue. Until yesterday's assassination attempt, pedestrians were permitted to walk right by the steps of the residence.

The White House clamped secrecy on the details of the extra precautions taken for Mr. Truman's safety.

Presidential Secretary Charles G. Ross, asked if any thought was being given to moving the presidential family from the Blair House "to a more defensible place," declared:

"No, not to my knowledge."

As to the new precautions, Ross said he did not consider it proper to discuss them.

Mr. Truman, who had taken yesterday's events with unshaken nerves, did not permit them—or the Secret Service—to upset his way of life.

Two forenoon White House callers—Adm. William D. Leahy, former presidential chief of staff, and George Allen, former White House adviser—said Mr. Truman seemed to be entirely unconcerned by any threat to his safety.

Secretary Ross said that Mr. Truman's "concern now is chiefly for the wounded policemen and the family of the policeman who was killed."

MORE BENEFITS

The President instructed Charles S. Murphy, his special counsel, to see what additional benefits can be provided for Coefelt's widow.

The President sent a letter of sympathy to Mrs. Coefelt in which he said her husband died in the line of duty.

Ross was told that the total benefits to the widow would amount to $125 a month plus the officer's police insurance. The letter, Ross said, expressed Mr. Truman's "deepest sympathy."

Mr. Truman also sent flowers to the two wounded officers—Police Pvts. Joseph H. Downs, 44, and Donald T. Birdzell, 41.

Ross said he had no knowledge of any plans for the President to cut down on his public appearances.

A great flow of messages was coming to the White House from all over the world, condemning the attempt on the President's life and congratulating him on its failure.

NO INFORMATION

There was no word what information was being secured from Collazo. Police had been questioning him intermittently since shortly after the shooting.

The wounded man was moved this morning from emergency hospital, a private institution, to Gallinger Hospital which is operated by the District of Columbia government. A major reason for the move is that Gallinger has facilities for handling prisoners.

At Gallinger, Collazo will be under 24-hour guard by metropolitan police. In addition there will be two Secret Service men by his bedside around the clock.

Kent Wildcat Flows 12 Bbls. Hour at 6,892

General American Oil Co. No. 1 R. L. Spires, Southwest Kent County wildcat one and one-half miles northwest of the opener of the Spires-Strawn field, was flowing at the rate of 12 barrels of oil per hour and no water from perforated sections at 6,892-6,904 feet, where a 1,500 gallon acid injection had been used.

The flow was through a 3-4 inch tubing choke.

Operator was to continue to flow until the well was cleaned out. After that had been accomplished, the project was due to take potential tests and complete.

Location is 660 feet from south and west lines of the northwest quarter of section 10, block 4, H&GN survey.

M. V. A. SMITH

Standard Oil Co. of Texas No. 1 M. V. A. Smith, Central North Dawson County wildcat, four miles southwest of O'Donnell and 660 feet from north and 1,980 feet from east lines of section 34, block 41, psl survey, developed salt water and no shows of oil or gas in a drillstem test at the top of the Pennsylvanian lime reef.

The test was for four hours on the zone at 9,245-80 feet. Recovery was 1,230 feet of salt water cut drilling mud and 480 feet of muddy salt water. There were no shows of petroleum.

The project is to drill deeper. It has already shown for a profitable discovery from the lower Spraberry sand at 7,928-72 feet. A considerable amount of free oil was recovered during the five and one-half hour drillstem test of that section.

Top of the Pennsylvanian lime was at 9,250 feet, which is on a datum of 6,124 feet.

SALT WATER

Stanolind Oil & Gas Co. No. 1 C. M. Burton, Northwest Howard County wildcat, 10 miles northwest of Big Spring, at 660 feet from north and west lines of the southeast quarter of section 27, block 33, T&P survey, T-2-N, made salt water with a slight show of gas and oil in a drillstem test in the Pennsylvanian lime at 9,137-9,212 feet.

Tool was open one hour. Recovery was the 1,000 foot blanket, 500 feet of gas-cut drilling mud, with a trace of oil at 2,080 feet of salt water.

The prospector is to make more hole. This project has not yet log-

C.I.O. Official Predicts Win For Fair Deal

(By The Associated Press)

Jack Kroll, director of the CIO Political Action Committee, predicted today that 45 million votes will be cast in Tuesday's elections. That would be a record for a non-presidential year.

Kroll also told reporters in Washington he expects the Democrats to pick up three or four additional seats in the Senate and 15 to 30 in the House.

If that happens, he said, it will "mark a historic change" because the party in power would be improving its position in an off-year.

He foresaw a record vote on the basis of "terrific interest" in the campaigns, which in some states he said are "the most vicious ever conducted" in his memory.

VARIABLES

Kroll's appraisal of the situation was at variance with that expressed by Leslie L. Biffle, Democratic secretary of the Senate. He told a reporter that a personal tour he made through Illinois, Indiana, Ohio and New York convinced him most voters are apathetic.

Biffle said he expects many congressional contests to be decided on the basis of strictly local issues.

Biffle contended the Democrats will pick up one or two seats in the Senate, where they now outnumber the Republicans 54 to 42.

GOP VIEW

But Republican Sen. Brewster of Maine, who heads the GOP Senatorial Campaign Committee, said he is more confident than ever that the Republicans will win at least four seats and probably as many as eight. He expressed confidence, too, that the GOP will win a majority in the House.

In Ohio, Democratic Sen. Byrd of Virginia praised Sen. Taft, a Republican seeking re-election, as a "tower of strength."

Byrd, who heads the Democratic organization in his state but who often votes with the Republicans, gave Taft a pat on the back in an address to the Ohio Chamber of Commerce at Columbus.

Rebel Leader In Puerto Rico Gives Self Up

SAN JUAN, Puerto Rico, Nov. 2 (AP) — Pedro Albizu Campos, leader of the Rebel Nationalist Party, surrendered early today to island police.

A police tear gas attack here on the home of Albizu Campos flushed the Harvard-educated rebel leader from the refuge he had held to throughout the rebellion which waged briefly on Puerto Rico since Monday. Police had maintained a cordon around the house since the outbreak of the revolt.

TWO LETTERS

Two letters signed with the name of the Nationalist chieftain were found on the body of one of the revolutionary Puerto Rican gunman who tried to assassinate President Truman in Washington yesterday.

Albizu and his bodyguard, Alvaro Rivera Walker, came out of the former's home waving a white handerkerchief after the police hurled several tear gas bombs into the house. No shots were fired.

More than 30 persons were killed in the unsuccessful Nationalist revolt.

A leading Puerto Rican newspaper, El Mundo, today joined the island's governor, Luis Munoz Marin, in condemning the attempt on Mr. Truman's life.

TARGET, TOO

Munoz Marin—himself the target of an unsuccessful assassination attempt last Tuesday—said Puerto Ricans "are profoundly indignant at this criminal attempt."

Already about 120 Nationalists have been arrested. Government troops today continued to hunt down the rebel remnants, but comparative calm had descended on the island.

UN Seeking To Widen Powers

(By The Associated Press)

NEW YORK, Nov. 2. — The United Nations General Assembly moved today toward arming itself with broad powers to discover and combat aggression when the veto hamstrings the Security Council.

It is scheduled to ratify formally an American-backed plan for collective security on a world wide basis and to approve a request that the five major powers try again to settle their differences.

READY TO TALK

U. S. Delegate John Foster Dulles repeated yesterday that America is ready to talk peace with Russia at any time. He warned, however, that the possibilities of success are limited because the United States will not be a party to the Russian program of violently coercing people to submit to "the Soviet brand of imperialist comunism." He said:

"The issue on which we part is the issue of whether freedom and diversity shall be systematically replaced by enforced conformity with the pattern of Soviet totalitarianism.

SMALL FIRST

"That basic issue does not concern merely, or even primarily, the United States, if the United States gave way, the smaller nations would first pay the price, for they cannot survive unless there is collective support of a system of tolerance."

Bridge Being Widened On 28th, Near School

Work of widening of the bridge across a creek on Twenty-eighth Street, near the high school, is under way, according to Jay Ramsey, city superintendent.

Good progress is being made on the widening of the bridge on Twenty-seventh Street, near the Chamber of Commerce building, he said.

The two projects are part of the city's bridge program, calling for widening two existing structures and building three new ones.

Trapped First Cavalry Regiment Is Abandoned

Farmers Asked To Grow More Corn In 1951

WASHINGTON, Nov. 2. (AP)—The government today asked farmers to produce more corn next year to assure plenty of feed for "abundant" production of livestock.

Secretary of Agriculture Brannan, in making the call, said that all indications point to an even greater demand for meat next year than this year.

The secretary said there will be no controls on corn production except on voluntary acreage planting allotments. The allotments will be larger than this year, but how much will be determined later.

Farm law permits use of rigid marketing quotas when supplies are excessive. But quotas have never been applied to corn. Growers must comply with planting allotments in order to be eligible for government price supports. However, they may plant more than their allotments if they to not need or desire price support aid.

Today's announcement had been anticipated for several months, because corn supplies, while large, are being used at a heavy rate under a livestock expansion program. Several weeks ago, Brannan suspended all controls on cotton next year because of a very short crop. Peanuts and tobacco are likely to be the only crops subject to marketing quotas next year.

$866.36 In Donations For Snyder Girl Scouts

Girl Scout fund drive workers reported donations totaling $866.36 for the fund campaign this morning at a breakfast meeting.

About 18 Girl Scout leaders, council members and voluntary workers were present for the meeting. Reports are not complete from all workers, Nolan von Roeder, council member, pointed out, and more funds are expected to be turned in before the campaign is closed.

Miss Virginia Burgess, area executive from Abilene, met with the group to discuss plans for troop activities following the breakfast. She also acted as temporary chairman for an election of officers for a leaders club. Mrs. Lee Akin was elected to serve as president of the club, with Mrs. Sam Wood, vice-president, and Mrs. Kathryn Humphrey, secretary.

The club will meet on the second Thursday of each full week in the month to discuss the problems of leaders from Brownie, Intermediate and Senior Girl Scouts, and to plan phases of activity.

Miss Burgess will meet with troop leaders this afternoon and tomorrow to give instructions in direction of scout activities. She is to discuss songs and games with them in another meeting tomorrow morning and arts and crafts tomorrow afternoon.

Murder Charge Issued Against Surviving Blair House Gunman

By STERLING F. GREEN
(Associated Press Staff)

WASHINGTON, Nov. 2.—A murder charge stood today against the wounded survivor of the pair of Puerto Rican revolutionaries who fell in a blaze of gunfire yesterday trying to assassinate President Truman.

Spared by the heroism and smoking guns of White House police, the President was grave but calm. He planned to hold his weekly news conference today, facing a barrage of questions about his reaction.

ONE DEAD

One of the would-be assassins was shot dead by police fire. The other was dropped, wounded, on the Blair House steps and is expected to recover to face a murder charge.

The Secret Service reinforced its guard around Mr. Truman, and roped off part of the busy block on Pennsylvania Ave. which briefly had become a bullet-spattered battle zone.

Three police were brought down in the fusillade before the would-be assassins were stopped. One of them, Pvt. Leslie Coffelt, 40, died last night.

MURDER CHARGE

For this, police filed a murder charge against Oscar Collazo, 37, of New York, who blasted his way to the very doorstep of Blair House before he was dropped, his chest riddled with bullets. Maximum penalty for murder in the District of Columbia is electrocution.

The other gunman, Griselio Torresola, was killed almost instantly. Shot through the head, he died close under the second story window where the President lay napping in the temporary executive mansion.

In the youthful Torresola's pocket were two letters, signed with the name of Pedro Albizu Campos, head of the Puerto Rican Nationalist Party—violently anti-U. S.—which attempted a revolution in the island possession this week.

LETTER CONTENT

One of the letters, dated Sept. 21 from San Juan, told Torresola that "the delegate" — who was not identified by police—"will accord you all the necessary co-operation so that your mission may be a triumph."

The Nationalist Party, a tiny group numerically, seeks complete independence for Puerto Rico. It has been on the attorney general's subversive list as advocating unconstitutional overthrow of the U. S. government since last year.

Island officials have declared the party gets support from Communists, but there was no hint of Communist participation in the assassination plot.

Puerto Rican's Wife Charged In Conspiracy

NEW YORK, Nov. 2. (AP) — Mrs. Rosa Collazo, Bronx housewife whose husband tried to kill President Truman yesterday, was held in $50,000 bail today on a charge of conspiracy in the assassination attempt.

The plump, 42-year-old Puerto Rican-born woman was arraigned before U. S. Commissioner Edward W. McDonald after questioning by Secret Service agents. Lacking the bail money, she was placed in a cell.

Her husband, 37-year-old Oscar Collazo, whom she described as a Puerto Rican revolutionist with a burning zeal to gain the island's independence, was wounded in the gun battle outside the President's home.

Mrs. Collazo was accused of conspiring with her husband, to injure the President of the United States.

Mrs. Collazo's arraignment came after 13 persons were detained here for questioning by Secret Service men. McDonald said warrants were being prepared here for Oscar Collazo and for two unidentified persons. The others, reported to be relatives and friends of Collazo, were released.

Mercury to 36 Degrees, Lowest Reading of Fall

Snyder residents reached for their coats early this morning as the mercury took a long downward glide to reach a chilly 36 degrees before dawn.

This reading is the lowest recorded thus far this fall, Mrs. D. P. Strayhorn, weather observer, said. The cold snap was accompanied by an equally chilling wind which kept temperatures down despite clear skies.

Encircled Men To Break Out If Possible

Red Counterattacks On Northwest Front Are Gaining in Strength

(By The Associated Press)

SEOUL, Korea, Friday, Nov. 3.—The U. S. First Cavalry Division last night abandoned attempts to rescue the remainder of one of its regiments surrounded in Northwest Korea by Communists including Chinese Reds.

The trapped men were ordered to try to break out on their own. Some already had done so.

Normally a regiment totals about 5,000 men, but the undisclosed number trapped was obviously less than this. Escapes and heavy casualties had reduced the number.

Earlier a U. S. First Corps spokesman referred to two battalions of the regiment as being surrounded and said they were believed to total the equivalent of one battalion. This would be about 1,000 men.

Later front line reports spoke of the full regiment being cut off Wednesday night near a dry river bed four miles southwest of Unsan, and still later said the trapped unit represented "a considerable portion" of the regiment.

The encircling forces, including Chinese Reds in strength, turned American weapons on the isolated Americans. (Origin of these weapons was not clear. They may have been taken long ago from Chinese Nationalists.)

Unsan is 66 air miles north of Pyongyang, former Red Korean capital.

Maj. Gen. Hobart R. Gay, division commander, said the regiment had been "very badly hurt."

A spokesman told AP Correspondent Tom Lambert the rescue team ran into a "stonewall" of resistance.

A Chinese prisoner said the force included 3,000 Chinese Red soldiers.

Correspondent Lambert, with the division quoted an American platoon sergeant as saying the Chinese soldiers were "crazy." The sergeant added:

"They would stand right up in front of you, laughing to beat hell. We killed them by the hundreds. Still they kept coming."

That was a grim flashback to World War II banzai attacks by drink-crazed Japanese.

Texan Rescued From North Koreans By An Army Helicopter

WITH THE U. S. FIRST CORPS, North Korea, Nov. 2. (AP) — Capt. Robert W. Terry, of Texarkana, Tex., was rescued by helicopter yesterday from a South Korean regiment surrounded by enemy Red troops.

Terry and another flier, Lt. William Dobson, of Long Island, N. Y., crashed their light plane into a mountain while searching for the South Koreans who had been cut off from friendly lines. Neither was injured seriously.

The South Koreans rescued them after the crash, but the airmen spent 18 hours dodging bullets with the republican outfit before the helicopter picked them up.

Russia Ready To Draw Up Japan Peace Treaty

LONDON, Nov. 2. (AP) — Diplomatic officials said today Russia has told the United States she is ready to join in a general conference to write a peace treaty for Japan.

Some East-West procedural differnces still must be settled before such a conference can be called, however.

Error in Reporting Accident Involving Waymon Lee of Dunn

An account in the Daily News Sunday stating that police were chasing a 1940 Ford driven by Waymon D. Lee, 18, of Dunn, when the car was involved in a collision with a car driven by Hanson Hart, 32, a pilot of Dallas, was in error, E. W. Green, investigating highway patrolman, said today.

The Daily News regrets the error.

Green said that he was in pursuit of a 1949 Mercury coach driven by Hart early Friday night, which collided headon with the Ford as Lee was passing another car, according to Green.

The accident occurred on the Roby highway, 20 miles east of Snyder.

Scene of Gun Battle in Washington

A gun battle raged in front of Blair House, light building at right, in Washington when two men rushed President Truman's temporary residence with blazing pistols. The Lee House adjoins Blair House on the left. Next to it is the Court of Claims. One gunman reportedly approached from across Pennsylvania Avenue, foreground, and the second from the left by the court building. One of the attackers was killed, and one White House guard fatally injured.

Howard County Turns Out Big Vote To Give Drys Victory

BIG SPRING, Spl., — Nov. 2.—A record turnout at the polls Wednesday gave Howard County drys a heavy advantage in rural precincts which was sufficient to put over their prohibition proposal by a margin of 132 votes, according to complete, unofficial returns.

The unofficial count gave the drys 2,992, the wets 2,860.

The mandate of the voters will go into effect 30 days after the returns are canvassed and declared official by the county commissioners court. Commissioners probably will canvass the returns at their regular meeting here Monday.

The wets triumphed in three of five Big Spring boxes, but trailed by a wide margin in 10 rural boxes.

The wets' margin in the city boxes was 2,612 to 2,230. The drys had and advantage of 762 to 248 in the rural areas.

Big Spring had been wet for nearly 12 years, the county having voted for the legalized sale of all alcoholic beverages on Dec. 17, 1938. Two precincts in the county voted dry after that, one in 1944 and the other in 1949.

The turn-out at the polls for the special election Wednesday was the largest in the county's history for any type of election. Votes counted totalled 5,852. There were 2,000 ballots issued, but 47 were mutilated.

The previous record vote in Howard County was approximately 5,600 for the first Democratic primary in 1948.

The election climaxed an active campaign by both wet and dry forces in the county.

At present Howard County has 104 business establishments licensed to sell alcoholic beverages, 40 of them package stores. The others licensed to sell beer.

Weather

WEST TEXAS: Partly cloudy and cooler except Panhandle, South Plains and El Paso area this afternoon and tonight. Friday partly cloudy and warmer.

EAST TEXAS: Partly cloudy and cooler in north and west central portions this afternoon and tonight. Friday, cloudy and warmer in northwest portion. Gentle to moderate southerly winds on the coast.

Konstanty Selected As Most Valuable Player Of The Year

By JOE REICHLER
(Associated Press Staff)

NEW YORK, Nov. 2. — Casimer James (Big Jim) Konstanty won the National League's most valuable player award today to become the first relief pitcher ever so honored.

The bespectacled, rubber-armed righthander, whose great hurling in the clutch won the first flag in 35 years for the Philadelphia Phils in 1950, made a runaway of the one-sided race. There was virtually no opposition.

The 33-year-old native of Worcester, N. Y., received 18 of the 24 first place votes of a committee of the Baseball Writers' Association of America. The only surprise was that two writers failed to name him in their 10-player ballot.

HAMNER GETS VOTES

Gran Hamner, a teammate of Konstanty, and New York's Eddie Stanky each received two first place votes. The other two went to Stan Musial of St. Louis and Ralph Kiner of Pittsburgh.

Musial, three-time MVP award winner, and last season's batting king, finished a poor second to Konstanty in the point total. Big Jim collected 286 points to 158 for the Cardinal slugger. Stanky, second base spark plug of the Giants, was third with 144 points.

Philadelphia's Del Ennis, in fourth spot, was the only other to top the century figure. The league's runs batted in leader had 104 points. Kiner, who paced the home run hitters for the fifth straight season, was fifth with 91.

Shortstop Hamner and pitcher Robin Roberts of the Phils took sixth and seventh, respectively. Then came Gil Hodges and Duke Snider of Brooklyn and Sal Maglie of the Giants.

Jackie Robinson of the Dodgers last year's winner, finished 15th, collecting only 23 points.

NEARLY QUIT

It was a real Cinderella story for the veteran Konstanty, who had been knocking around professional baseball for 10 years with only moderate success. It was just a few years ago that Big Jim was on the verge of quitting the game for good after his release by the Boston Braves. Prior to that he had failed to make it with the Cincinnati Reds.

Konstanty caught on with Toronto where he first began to work for his current boss, Eddie Sawyer. When Sawyer moved up to manage the Phils in the summer of 1948, he wasted little time bringing up Konstanty. It turned out to be the best move Sawyer ever made.

The former Syracuse University all-around athlete appeared in 53 games in 1949 and won nine while losing five. Those marks were shunted into the background last season when Jim toiled in 74 games, a National League record, all in relief. He wound up with a won and lost mark of 16-7, third high in the league.

In addition, Konstanty was credited with saving at least 25 games for the Phils who won the pennant on the final day of the campaign from Brooklyn.

Palmer Holds Tourney Lead

PINEHURST, N. C., Nov. 2 (AP) — Slamming Sam Snead has his work cut out for him if he is to retain his North and South Open title and add to the biggest bankroll professional golf for the last two years.

Some tough cookies were ahead of the White Sulphur Springs, W. Va., hot rock as he started today's third round four strokes off the pace in a four-way tie for fourth place.

Johnny Palmer, the steady 32-year-old from Badin, N. C., was hanging on gamely in the driver's seat.

His fine 70 gave him 135, nine under par for the 6,952-yard No. 2 country club course, and a one-stroke lead.

On his heels with a 69 after an opening 67 was Jim Ferrier, from San Francisco.

Alone with 137 for third place was veteran Mike Turnesa, White Plains, N. Y. His 67 was the best second round score. Then came Snead at 139, joined by Chuck Klein, San Antonio, Tex.; George Fazio, Washington, and Frank Stranahan, Toledo, Ohio, amateur.

(By The Associated Press)

Today a Year Ago — Vito Ragazzo, William and Mary end, caught 11 passes for new college football record.

Five Years Go — Gus (Pell) Mell outpointed Maxie Shapiro in a 10-round bout at Montreal.

Ten Years Ago — Notre Dame edged Army, 7 to 0, before 80,000.

Fifteen Years Ago—Notre Dame scored three touchdowns in final period to stun Ohio State's famed "Scarlet Scourge," 18-13.

Cotton Bowl Is Sure of Sellout

DALLAS, Nov. 2. (AP) — The Cotton Bowl's going to be a sell-out again this New Year's day. Enough ticket applications have been received already to insure this.

The public sale opened yesterday. The first mail brought around 10,000 letters, meaning between 37,000 and 38,000 tickets are being sought. Each applicant is limited to four tickets.

P. C. Cobb, ticket manager, expects applications for about 125,000 tickets during the four days they will be accepted. He's only got 25,000 for sale. The two schools—and as yet the opponents are not known—get 30,000 tickets and 20,000 go to stadium bond holders.

Just who will get the tickets from those applying? Shucks, Cobb doesn't know. They hold a public drawing and it is strictly up to luck.

Extra Point Still Has Some Significance In Decisions

By HAROLD V. RATLIFF
(Associated Press Staff)

In these days of all-out offensive football when touchdowns are cheaper than hot dogs, there would appear little reason to worry about the extra point.

The point after touchdown has had less significance than ever before in the southwest Conference. But here are a couple of facts quite important to Texas and Arkansas.

A missed extra point means that the game at Austin Saturday, when Southern Methodist and Texas battle for the conference leadership, will not have two undefeated teams.

Texas lost to Oklahoma 14-13—its only defeat of the season—because the kick for a conversion was wide.

UPHILL FIGHT

Arkansas last Saturday was beaten by Vanderbilt 14-13. It lost after putting on a thrilling uphill fight that evened the thing as to touchdowns. But an extra point was missed and Arkansas has lost four games—a poor season.

The best record in the conference in booting the extra point is held by Billy Wright of Rice, who has made 13 out of 14 tries. Wright wasn't even considered the man for the job this year when practice started. Imagine the embarrassment of the publicity director when he found that he had a picture made of Billy Burkhalter and Lee Stonestreet doing the kicking but that neither kicked a lick during the season. Wright, who wasn't photographed, booted them all. Wright has played only one down aside from kicking extra points.

18 IN ROW

Bill Sullivan, the extra point specialist of Southern Methodist, has a record for accuracy that is sensational. He has kicked 18 extra points in a row. For the season to date, in which he has gotten in 32 minutes actual playing time, Bill has 22 out of 27.

Hank Dickerson of Baylor has been kicking the extra points for three years and this season to date. He played very little otherwise but his record is 65 out of 85 tries and he has kicked three field goals. That's more points than most halfbacks make in going after touchdowns. This season he has 11 out of 14.

Darrow Hooper at Texas A&M, playing his first varsity season, is in seventh place in conference scoring through his extra point kicking. He has booted 26. And the Aggies have made 33 touchdowns. But Hooper doesn't confine his activity only to kicking extra points. He's also a quarterback and gets in considerable actual playing time.

The life of the extra point specialist may be the easiest on a football squad but there's none that carry more tension when the chips are down. He can get plenty of blame when a game is lost, but did you ever see one get much credit when a game is won by the extra point?

Texas and S.M.U. Work Hard On Plays For Saturday Game

By WILBUR MARTIN
(Associated Press Staff)

Confidence oozed from the camps of Southern Methodist University and the University of Texas today as supporters of both whipped themselves into a frenzy over the "big game" Saturday.

A lineman at Southern Methodist yesterday asked head coach H. N. (Rusty) Russell to let him scrimmage some more against a certain Texas play.

Senior linemen at Texas took charge of the big men up front and held a series of springs—designed probably to improve wind and speed.

While both coaches worked at offense and defense, Russell yesterday took the wraps off his legion of deadly passers and Texas' Blair Cherry emphasized defense against the wild assortment of SMU plays.

PASSINGEST TEAM

Fred Benners, Rusty Russell, Jr., Kyle Rote, Johnny Champion, Benton Musslewhite and others were throwing them long, short and medium in SMU's practice session. Latest NCAB statistics show the Mustangs still the passingest team in the counry, having gained an average of 234.2 yards in each of their five games this way.

Other Southwest Conference coaches sent squads tripping through mid-week workouts. Most seemed pleased.

Rice lost its regular left end, Frank Allen, when he fractured a bone in his left leg in practice.

Arkansas, which meets A&M Saturday, scrimmaged heavily against its freshmen team, while A&M romped through another long workout, polishing running and defensive plays.

Texas Christian, Baylor's opponent Saturday, got good news when Gilbert Bartosh was able to rejoin the squad. He hurt his leg in the Aggie game of Oct. 28.

BEARS CONDITION GOOD

Baylor stressed defense in practice yesterday and head coach George Sauer reported the physical condition of his squad was good.

Baylor may be the underdog when it goes against the pass-happy TCU eleven, but it packs into the game the fourth best record on pass defense in major college football. The Bears have yielded just 358 yards in six games, an average of 59.8 per game.

Baylor is also sixth in punting with an average of 41.8 yards per kick. Larry Isbell, who does most of the Bears' kicking, is eighth in punting in the nation with an average of 42 yards for 37 kicks.

HIGH AVERAGE

Southern Methodist rates third in total offense with 2,236 yards—an average of 447.2—while A&M is 12th, with an average of 388.5 yards per game. A&M is also seventh in rushing offense with 1,716 yards.

Bob Smith of A&M is fifth in rushing with his 694 yards on 106 carries, while Texas' Byron Townsend is No. 18 on 504 yards in 81 carries.

Fred Benners of SMU is 19th in forward passing. He's connected on 50 of 84 attempts for 662 yards and six touchdowns.

"B" Squad To Play Fluvanna Gridders

Coach Hal Battle will take a rugged "B" Tiger football team to Fluvanna this afternoon for a game with Lacy Turner's eleven at 3 o'clock.

This is the first tilt with Fluvanna since 1943, when a hardy crew of Tigers took Fluvanna for a score of 89-0.

Turner, formerly coach of one of the state's best Class A teams at Wink, offers a good club and a rough game this year.

Junior High Kittens To Hamlin Tonight

Another ready Snyder team is the Junior High Kittens, coached by Earnest Kinney, who will journey to Hamlin tonight to avenge the defeat of 13-6 they took from the Mighty Mice on the practice field here.

Kinney has a good all around crew of youngsters in both the line and backfield. For their season record other than the Hamlin game, they have defeated Rotan in one game 21-0 and tied them in another 6-6.

Houston Architects Win Design Awards

DALLAS, Nov. 2. (AP) — Houston architects took the major share of meritorious design awards chosen at the eleventh annual convention of the Texas Society of Architects which began sessions here today.

Plaques will be awarded the winners Friday night.

Awards include:

Memorial Grand Lodge Temple, Waco, Robert L. White, Thomas D. Broad & Donald S. Nelson, Architects, Walter Cocke, Jr., resident architect.

Planes Use Slide Fasteners

AKRON, O. & (AP) — The slide fastener has taken to the sky. According to the B. F. Goodrich Company, its pressure sealing fasteners are used on the B-47, the heavy B-36 bomber and the Navy's P2V patrol bomber to reduce the time formerly needed for replacement or repair of aileron or tail surfaces.

It's almost as easy to zip on a new aileron or tail cover as it is to put on a raincoat, explained aeronautical engineers. Mechanics previously had to remove, then replace a row of screws to repair or replace the covers.

Today's phone once was called "the speaking telephone."

New 4-A Class Considered For Coast Leaguers

CINCINNATI, Nov. 2. (AP) — It has been almost five years since the Pacific Coast League made its first big demand to be recognized as a major league. Now it looks as if the Coast leaguers are making some progress.

Yesterday Baseball Commissioner A. B. Chandler said it had been decided to give relief to the coast league as the facts justify." He explained that might mean placing the league in a new 4-A classification among the minors.

REQUEST TEMPERED

Five years ago the Pacific Coast League asked flatly to be recognized as a major league. Since then the request has been tempered to a plea that its players be exempt from the major league draft.

That request was considered yesterday by the major-minor league committee.

[illegible] to be done probably [illegible] decided until the major-minor meeting at St. Petersburg, Fla., in December.

There was [illegible] meeting about the major league game [illegible] league territory or any [illegible] the disposition of $975,000 received from the radio and television rights for the last world series.

PLAYERS WANT SHARE

Some of the players have been asking that a part of that money be dumped into the fund in which first division clubs of the two major leagues share.

Originally, it was intended that most or all of the money go into the players pension fund.

The meeting also brought no decision as to the status of jobless Branch Rickey.

The manatee, or sea cow, is essentially a vegetarian.

Out For The Season

COMMERCE, Tex., Nov. 2. (AP)—Jack Hetherington, East Texas State tackle, will miss the remainder of the grid season because of the broken leg he received in last week's game with Sam Houston State.

TALK OF THE TOWN

BY FRANCES BIOW

There were no sad taps for MRS. BETTY WENDELL SNYDER who slipped quietly out of Snyder in the earliest hours yesterday morning, the streamlined green trailer truddling smoothly along Highway 80 behind her dependable Chevie. She left just as she came some six months ago, with a hearty and intense interest in the world about her, a world from which she somehow manages to plumb more adventure and zest than most of us.

* * *

In her brief stay with us, she broadcast gay and sometimes wise women's chatter over the radio; learned the floral business and talked a lot of people into pinning corsages on a lot of lapels; did a stint as night manager of the Canyon Courts motel; dabbled energetically in every known and some brand-new civic endeavors; and stayed up nights conjuring more to do. Headed airily "west," she takes with her the very warm good wishes from the town she took by storm. We could do with more "Bettys."

* * *

MRS. K. P. CUNNINGHAM still had the humming of plane motors in her ears when she told me about the week end's jaunt through the clouds. Flying is "old hat" to this family; Mr. Cunningham, who manages the Weatherford Oil Tool Co., escapes the press of oil industry problems at regular intervals by hopping with his wife into their plucky Cessna 170, a silver and red streak that turns up over the most remarkable places. For instance, last Firday they casually let down at Amarillo, returning Saturday. A few hours with the business; then off to Artesia, N. M., where they let down in the Hazel airport there, sister to our Hazel flying service here. "It's a four-passenger. Come along sometime," invited Mrs. Cunningham, who maintains they have many friends around here who think nothing of such cloud-borne runs.

* * *

WALLACE JONES, JR., a rancher from Fluvanna, was wreathed in grins. Seems he attended the Homecoming game in San Antonio when his school, Trinity University, roundly whipped West Texas State Teachers College. "The experts had said that West Texas Teachers was a squad to beat Notre Dame this year, and look what we did to them!" crowed Jones. He had seen the game with his brother, BILLY JONES, attending Trinity.

* * *

The green velvet cloth richly enveloping the tea table at the Country Club yesterday afternoon is the talk of all who donned their very smartest costumes and attended the Twentieth Century celebration given by the Altrurian Daughters Study Club. . . Flowers also played a big part toward making the affair pleasant and successful. . . A chartreuse arrangement of feathers and flowers was chosen by MRS. CHARLES COOPER for her hair. She wore an ecru brocaded skirt imported from Europe, its heavy folds brightened by chartreuse and dubonnet figures, a plum jersey blouse. . . It was a white gardenia corsage with green feathers tied prettily with a cream ribbon for MRS. P. W. CLOUD in a gold brocaded gown on coral. . .

MRS. B. L. McKINLEY's gardenia corsage was fashioned with gold leaves. . . Overall, hung the fragrant air of oversize yellow and white pom pon chrysanthemums, used in centerpieces and gigantic sprays.

* * *

You want to keep your eye on Number 94 of the Hamlin squad Friday night when you take your seat at Tiger Stadium for the important game of the school season. No. 94 is, menacingly, Asa Goodgame, in the left end position, weighing 168 pounds.

Still in a petulant humor about having my trash can carried off by spooks Hallowe'en, I find I can blame it all on the Dutch. MRS. JOHN R. WILLIAMS., who has made a specialized study of word beginnings, comes up with the fact that the word "spook" began in Holland. Seems they got them there first. We borrowed the word. As we also did "dope," "snoops," "Santa Claus" and "waffle," all of Dutch origin. Mrs. Williams says few honest-to-goodness American words are used. We DID thing up "honky-tonk," "jeep," and "rambunctious."

Lindstrom Suit Reveals Little

LOS ANGELES, Nov. 2. (AP) — Intimate details of the Ingrid Bergman love triangle, some of them never before disclosed, have been made a matter of public record.

Dr. Peter Lindstrom, silent for months during the turbulent affair, told his story yesterday in obtaining a California divorce decree from the actress who is now married to Italian Film Director Roberto Rossellini.

The slender physician, neatly attired in a striped dark grey suit, said he and Miss Bergman were planning to have a second child before she left for Italy March 14, 1949 to make a picture.

"Your relationship with your wife was one of affection and matrimonial bliss when she left?" his attorney asked.

"I would say so. The last thing she did before leaving was to select the wall paper for the new nursery."

Dr. Lindstrom, who never referred to Rossellini by name but only as "that Italian motion picture director," said the first he knew of anything being amiss was when he read in the newspaper that she had "taken up a certain relationship."

Miss Bergman gave birth to a baby boy by Rossellini last Feb. 2 and later that month obtained a Mexican divorce by proxy from Dr. Lindstrom and was married — by proxy in Mexico—to Rossellini.

Lindstrom obtained the decree on allegations of cruelty and desertion. It will be one year before the divorce becomes final. Under California law they are still considered to be man and wife. He and the Swedish actress had been married 13 years.

Miss Bergman did not contest the divorce but had previously filed an answer denying Lindstrom's charges of cruelty and desertion.

October Postal Receipts Pass Previous Month

Receipts at the Snyder post office continue to show an increase, according to H. D. Moreland, acting postmaster.

Total receipts for October reached $10,343.33 as compared to $9,612.63 for September, Moreland said.

An exceedingly large volume of money orders were issued in October, totalling $199,255.73 as compared to $164,811.88 in September.

The additional 385 post office boxes slated for the new post office have not arrived yet, but are expected in the near future. Many persons are clamoring for boxes, but those who filed applications will be served first, he said.

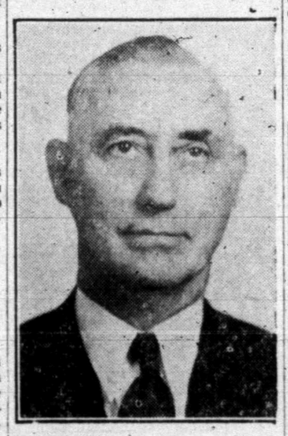

Resignation Of Baptist Pastor In Hermleigh

The Rev. W. D. Green, pastor of the Central Baptist Church in Hermleigh for the past three years, has announced his resignation from ministry after more than 37 years of preaching in Texas churches.

Mr. Green will continue to serve as a supply pastor and to do evangelistic work. Mr. and Mrs. Green will live in Loraine, where they own a home.

Mr. Green preached his last sermons as pastor of the Hermleigh congregation Sunday morning and night. He and Mrs. Green were presented gifts from the congregation by T. E. Shelburne, Sunday school superintendent, and a Women's Missionary Service representative.

The 72-year-old minister began his career near Loraine, where he helped organize the Bethel Baptist

Resigns as Baptist pastor in Hermleigh — W. D. Green.

Church south of Loraine 35 years ago. He became its first pastor, pastor, and later helped organize five other churches.

He has served as pastor of churches in Big Spring, Silvester, Knox City, San Angelo, and Houston, and an associational missionary of the Big Spring Association and of the Mitchell-Scurry Association.

Mr. and Mrs. Green celebrated their fifty-first wedding anniversary on Oct. 22. "We have worked together heart and hand. . . in the Lord's work," Mr. Green said.

The couple have two children, J. D. Green of Amarillo and Mrs. J. D. Green of Houston. They also reared another girl whose husband is named Green. "We aree a 'Green family' ", they say.

Million Dollar Jewel Smuggling Case Is Brought To Light

LOS ANGELES, Nov. 2 (AP) — An affidavit charging that more than $1,000,000 worth of jewels were smuggled out of Europe to be added to the collection of Lady Elsie de Wolfe Mendl, international society figure, has been filed in superior court.

Lady Mendl died last July 12 at the age of 92 at her Versailles, France, chateau. She also maintained a home at Beverly Hills, California.

The smuggling charges were contained in an affidavit filed yesterday in support of a petition for county public administrator Ben H. Brown to take charge of Lady Mendl's property pending outcome of a contest of the will. Superior Judge J. F. Moroney agreed to appoint Brown. Edgar S. de Wolfe, a brother, and Jacques de Wolfe, a newphew, who were disinherited, are contesting the will. Lady Mendl's estate is reported to be worth $2,500,000.

Youth Center Board To Discuss Finances

Finances will be the main topic of discussion at the Youth Center Council meeting tonight, the Rev. Clifford Taylor, director of the council, said today.

Raising of a special fund to pay full-time employee of the Youth Center to direct its general program will also be discussed, Taylor said.

No estimate of the damages done to the uncompleted building Hallowe'en night has been made, but that will also be discussed at the meeting.

Work on the project will go right on, and necessary replacements and repairs will be made to put the building in shape.

Rotan Services For Leukemia Victim

Funeral services were held Tuesday in Rotan for 5-year-old Vondell Hogan, Fisher County's second victim of leukemia in the past month.

The child is survived by her parents, Mr. and Mrs. Tom Hogan of Royston, and grandparents, Mr. and Mrs. Coy Carriker of Royston and Mrs. H. C. Hogan of Roby.

Man Given 12 Years In Brownwood Murder

BROWNWOOD, Nov. 2. (AP)—Yates Harwell Wednesday was sentenced to 12 years imprisonment in the killing of Luther L. McConnell and his attorneys said today they would appeal the sentence.

Bond for the Andrews dirt contractor was set at $7,500.

The trial went to the jury at 11:40 o'clock yesterday morning. The verdict was returned at 5:10 o'clock.

Harwell claimed he shot McConnell, an Andrews farmer and oil operator, "because he broke up my home and because I love my wife and baby." He said he found McConnell and Mrs. Harwell in an intimate embrace.

Homecoming Starts Friday

Miss Jane Houston will be presented as Snyder High School's band sweetheart in ceremonies at the Homecoming football game tomorrow night.

Miss Barbara Lewis, football sweetheart, will also be presented at the half, after receiving her crown at the general assembly slated for 10 o'clock tomorrow morning.

The dual presentation will be preceded by band and pep squad students of the school. The band will play "Let Me Call You Sweetheart" as Miss Houston and Miss Lewis are escorted onto the field to receive recognition.

Homecoming activities for the day will start with the morning assembly at the high school auditorium. Miss Jo Ann Gee will give an address of welcome from present students to ex-students, and Jay Rogers is to give a reply on behalf of visiting exes.

The football queen will be presented preceding the pinning-on of colors for football team members, and choral groups are to present several vocal selections.

There are no activities planned for ex-students during the afternoon. However, they have been invited to visit the school. Snyder will play Hamlin in the Homecoming game, set to start at 8 p.m.

Mathison Rites Held Today, Burial Here

Funeral services for Ralph Mathison, 65, of 2006 Twenty-seventh Street, were conducted this morning by the Rev. E. R. Hubbard, pastor of the First Presbyterian Church, in the Bolger-Barnes Funeral chapel.

Mr. Mathison died early yesterday morning of a cerebral hemorrhage a few hours after collapsing at work late Tuesday afternoon. Burial was in the Snyder Cemetery.

Survivors include the widow, Mrs. Mary Clara Mathison, a son, Jack Mathison of Dallas, and a daughter, Miss Johnnie Mathison of Lubbock.

Postmaster From Big Spring Visits Here

Nat Schick, postmaster at Big Spring, who has been a patient in the Mayo Clinic, at Rochester, Minn., visited the Snyder post office this morning.

Schick, who was en route home, was shown through the building by H. D. Moreland, acting postmaster.

Accompanying Schick were his wife, and a daughter, Mrs Granville Dawson of El Paso.

Snyder Future Farmers Place in Dallas Fair

Six places in the hog entries at the State Fair of Texas were won by Snyder High School Future Farmers.

Snyder youths faced some stiff competition in the fair contest, but managed to bring away an impressive list of awards.

Bill Smith dominated local honors with two third places. Wayne and Waylon Glass were awarded one fifth place; Ellis Huddleston, a 13th place; and Richard Stoker an 11th and a 13th place.

Air Force Deserter Picked Up In Snyder

Donal LeRoy Chadic, 21, wanted as a deserter from the Sheppard Air Force Base, Wichita Falls, was apprehended in Snyder by the police late Wednesday, according to Ed Bassinger, assistant chief of police, today.

Chadic, who had been working as a truck driver for a local firm admitted that he was wanted as a deserter. He told police that he deserted on March 6, and had been working in Snyder since July.

A tip from the Federal Bureau of Investigation at Lubbock to the police here caused his arrest.

Chadic is being held for military authorities in the city jail.

Texans To Be Speakers

NEW ORLEANS, Nov. 2. (AP) — Two Texans, Dr. Arthur A. Smith of Dallas, and John S. Redditt of Lufkin, are among scheduled speakers at the Louisiana-Arkansas division of the Mid-Continent Oil and Gas Association meeting today.

Collision This Morning On Corner of Square

Dave Houston, 48, of 1611 Twenty-eighth Street, a volunteer fireman, en route to a fire at the Planters Gin at 6:45 o'clock htis morning was in a collision with a car driven by Marvis Handrex, 26, of 705 Twenty-eighth Street. The accident occurred at Avenue R and Twenty-sixth Street.

No one was injured, but damages to Houston's car were estimated at $125, while the vehicle driven by Handrex was damaged $125, according to a police report.

A bale of cotton was burned at the gin, but the blaze was quickly extinguished.

No arrests were made in connection with the collision.

High School Adds New Agriculture Teacher

An ex-amateur and professional boxer is a new vocational agriculture teacher at Snyder High School.

He is J. W. Henderson, graduate of Morton Valley High School in Eastland County, and Texas Technological College, Lubbock. Henderson will assist J. L. Browning, head of the agriculutre faculty at the High School.

While at Texas Tech, Henderson won two State Golden Gloves titles and one T. A. A. F. title. After graduation there he turned professional boxer for one and one-half years before coming to Snyder as agriculture teacher.

Oil News

(Continued from Page 1)

ged any possibility of production.

NO. 1 CONRAD

Operator is pulling tester after a sulphur water flow developed on a drillstem test on Magnolia Petroleum Co. No. 1 Conrad, Southeast Borden County wildcat.

The prospector was drillstem tested at 8,515-41 feet in the Ellenburger for one hour. A good flow of air was at the top when the test started.

Drilling mud and sulphur water started flowing at the surface in 34 minutes. The water flowed at the estimated rate of 10 barrels per hour for 26 minutes. Tool was then closed.

Operator is pulling the tester and will take electric log surveys and wait on orders.

No. 1 Conrad will probably be plugged and abandoned. It has had no possibilities of production in any of the upper sections.

It is 660 feet from north and west lines of section 79, block 20, Lanvaca navigation survey.

The Ellenburger was topped at 8,521 feet, elevation 2,317 feet.

NO. 1-B CANNING

The Vickers Petroleum Co., Inc., and Norwood Drilling Co., No. 1-B Canning step-out to the same out concern, No. 1-A Canning in Southeast Borden County, recently completed flowing discovery from the Wolfcamp discovery of the lower Permian, recovered 1,250 feet of gas and 150 feet of oil-and-gas-cut drilling mud on a two hour drillstem test.

The tested interval was from 8,076-8,129 in Mississippian chert and white lime.

A good blow surfaced when the tester was opened and lasted for 30 minutes. A fair blow surfaced during the remainder of the test.

Operator was to drill 20 feet deeper and run another drillstem test if drilling samples showed good signs of oil.

Location of the No. 1-B Canning is 1,960 feet from west and 2,002 feet from north lines of section 142, block 25, H&TC survey.

SUTTON WILDCAT

Drilling is to be started at once at Placid Oil Co. of Shreveport, La., No. 1 Mrs. E. Mayer, which is to be a 9,000-foot wildcat to explore to and through the Ellenburger in Northwest Sutton County.

Location is 660 feet from south and west lines of section 36, block D, GC&SF survey. That puts it ten miles west of Sonora.

The contract calls for the project to drill to 9,000 feet, unless it finds oil or water in the Ellenburger at a lesser depth.

It is being drilled on a spread of acreage which was assembled by John Darden and J. A. McRae, both of Midland.

They turned the deal to Placid to drill and retain some acreage in the spread.

The wildcat is being drilled on a farmout from Continental Oil Co. That concern contributed both acreage and cash. The Pure Oil Co. contributed acreage and The Superior Oil Co. made a cash contribution toward the drilling of the exploration.

TEST AT 7,420

Houston Oil Co. No. 1 Golladay, Spraberry wildcat in East-Central Midland County and 660 feet from south and east lines of section 3, A. P. Veasy survey, is preparing to drillstem test the interval from 7,420 to 7,468 feet.

Operator cored from 7,423 to 7,468 feet. Recovery was 45 feet of sandy shale and shaley sand with slight bleeding of gas and bleeding oil in the upper section of the core.

TAYLOR COUNTY

Kerr-McGee Oil Industries, Inc., of Oklahoma City, No. 1 Ovalo Smith, Southeast Taylor County wildcat, is drilling below 4,515 feet in Caddo lime after reporting a negative test in a sand section of the Caddo.

The project was drillstem tested for one hour from 4,473 to 4,488 feet. Recovery was 25 feet of drilling mud with no shows of oil, gas or water.

The sand tested was topped at 4,473 feet. The lime top was called at 4,488 feet minus a datum of 2,508 feet on that marker.

Location of the wildcat is in the southwest corner of the L. Smith 170-acre tract in the northwest quarter of section 403, R. William survey.

SALT WATER

Ohio Oil Co. No. 1 McCormick, wildcat in Northeast Terry County two and three-quarters miles northwest of the two-well Mound Lake field, is waiting on orders after recovering salt water cut with gas on a drillstem test from 6,380 to 6,504 feet in middle Permian lime.

That interval was tested for 30 minutes. A good blow of air was to the surface throughout the test. Recovery was 810 feet of muddy salt water cut with gas.

This prospector, 660 feet from north and west lines of section 87, block 4-X, C&M survey, is contracted to test the Pennsylvanian, producing formation in the Mound Lake field.

TERRY WILDCAT

Greenbrier Oil Co. and others have filed application with the Railroad Commission of Texas for permission to drill the No. 1 L. A. Brownfield and others as a wildcat in Southeast-Central Terry County.

Location of the 11,000-foot test will be 660 feet from east and north lines of section 5, block Y, EL&RR survey.

Rotary operations will begin as soon as location is cleared and drilling unit is moved in.

Drillsite will be eight and one-half miles southeast of Brownfield.

KELLEY-SNYDER

Two new locations have been staked in the Kelley-Snyder field of Scurry County. Drilling toward 7,000 feet will begin immediately with rotary tools.

Sunray Oil Corp. No. 2 A. E. Dennis is located 2,401.2 feet from north and 1,077.4 feet from west lines of section 237, block 97, H&TC survey and seven and one-half miles northwest of Snyder.

About eight miles northwest of Snyder, Skelly Oil Co. spotted No. 6-A Head, 1,667 feet from south and 1,200 feet from east lines of section 290, block 97, H&TC survey.

COGDELL POOL

The Texas Co. spotted four 7,000-foot projects in the Cogdell pool of Central-North Scurry County. Operations will begin immediately.

All these tests were staked on P. L. Fuller Land.

Texaco No. 104 Fuller is 662 feet from south and 1,992 feet from west lines of section 705, block 97, H&TC survey and 17 miles northeast of Snyder.

Drillsite for No. 105 P. L. Fuller is 15 miles north of Snyder and 626 feet from south ad 2,000 feet from north lines of section 614, block 97, H&TC survey.

No. 106 Fuller is located 1,980 feet from east and 467 feet from north lines of section 364, block 97, H&TC srvey. That makes it 14 miles north of Snyder.

Texaco spotted No. 107 P. L. Fuller 14 miles north of Snyder and 1,987 feet from north and 668 feet from east lines of section 564, block 97, H&TC survey.

Island Of Puerto Rico Has Come Long Way In 50 Years

NEW YORK, Nov. 2. (AP)—Puerto Rico was liberated from her feudal Spanish overlords by the United States in 1898. Yesterday two sons of that tiny Caribbean Isle tried to murder the American President.

Standing in a dim-lit New York tenement, the wife of one of the would-be assassins demanded in defiant tones:

"Why should I be sorry? We are both members of the Nationalist Party."

What is the Nationalist Party?

THE HISTORY

To answer these questions, it is necessary to delve back into the history of Puerto Rico, which was discovered by Christopher Columbus just 457 years ago — on Nov. 3, 1493.

The explorer found the island — which is 100 miles long and 35 miles wide — inhabited by Aboriginal Boriquen Indians, a primitive agricultural group.

Conquered in the name of Spain by Ponce de Leon in 1509, the island was settled in the 16th Century by Spanish overlords who destroyed the native tribal structure and exploited the people.

Under Spanish rule, chief crops of Puerto Rico were coffee and tobacco. More than 80 per cent of the people were illiterate, 92 per cent of the children were not in school and the annual death rate was 35 per 1,000 of the island's million population.

Following the Spanish American war, Puerto Rico was ceded to the United States by the Treaty of Paris Dec. 10, 1898.

FIRST JOB

The first job the United States did was to vaccinate every man, woman and child. The first year, deaths from smallpox dropped from 621 to 1.

American sanitation improvements reduced the death rate so remarkably that the population doubled in 50 years.

By 1940, illiteracy figures had dropped to 31.5 per cent.

Added to the tobacco and coffee crops was a newcomer — sugar.

Although sugar is a seasonal industry, it provided employment for 20 per cent of the population.

Puerto Rico had a governor, appointed by the President of the United States, but recently Puerto Ricans were empowered to elect this official. The island has its own legislature — a senate of 19 and a house of 39 members.

SEEDS SOWN

The seeds of nationalism, sown by the liberation from Spain, were growing, however, and Puerto Ricans were restless for independence.

An act of Congress in 1917 made them American citizens, but without the right to vote for President.

They had a representative in Congress, but he couldn't vote in Congress either.

Aggie Sweetheart Baptist Home Started

DENTON, Nov. 2. (AP) — Dorothy Mangum, 20, Texas State College for Women senior from Cotulla, will be Aggie Sweetheart for the Texas A&M-Southern Methodist University football game in Dallas Nov. 11.

Korean War In Brief

(By The Associated Press)

FIGHTING FRONT — North Koreans, bolstered by some Communist Chinese forces, step up counterattacks in Northwest Korea. One U. S. Cavalry battalion is cut off. A South Korean cut off several days ago is still trapped. U. S First Corps spokesman says situation is serious. However, one allied armored column gains four miles to within 15 miles of border.

AIR WAR — Reds again send Soviet-built jet planes into fighting. Two Russian-built

NEW LAND OPENED

MOSSAMEDES (Portuguese Angola) (AP)—The extension of the Mossamedes railway beyond Chibia to the town of Gambos or Chibemba is nearing completion. Within a month the first trains are expected to run between Chiba and Gambos, thus adding nearly 60 miles to the present track and opening up a new part of Southern Angola which is suited for European colonization and cattle raising.

Parrot Fever Said To Come From Turkeys

ST. LOUIS, Nov. 2. (AP) — A Texas health official says there is some evidence that turkeys can harbor the virus of parrot fever which is transmissible to man and can be fatal.

He explained, however, that proper cooking destroys all germs that may be present in poultry or meat and that the principal danger is to handlers of turkeys.

The official, Dr. J. V. Irons of the Texas State Department of Health, made his report yesterday to the American Public Health Assn. convention.

Definitely known to occur among parrots, love birds, pigeons, cats, chickens and even seagulls, this virus results in about 200 known human cases annually, with a few deaths, Irons told a reporter.

While the occurrence is relatively low, he said, the disease is a matter of public health significance. And now, he continued, the strong suspicion that turkeys are a previously overlooked source of virus calls for increased vigilance.

Irons said an outbreak of the disease occurred in Giddings, Tex., in the fall of 1948, with 20 cases, of whom three died. Most of those affected were Negro women who had been almost exclusively engaged in picking pin feathers from turkeys at a local poultry plant.

He urged housewives to insist on having entrails and heads removed from purchased birds or, if they brought them with those things intact, to wear rubber gloves when preparing the turkey for the oven.

Extra Security Is Planned For Truman's Visit To St. Louis

ST. LOUIS, Nov. 2. (AP) — Extra security measures are being planned to safeguard President Truman during his St. Louis visit this week end because of the assassination attempt in Washington.

The President is scheduled to give a major political speech here Saturday night.

"You can rest assured the police department will re-double its precautions," said Police Chief Jeremiah O'Connell.

O'Connell said he would confer today with a secret service planning team on police assignments.

A spokesman for the mayor's office said the city administration also had been informed stringent security measures would be enforced while Mr. Truman is here.

Texas Youths Given Sentence For Robbery

RED OAK, Ia., Nov. 2. (AP)—Two Texas teen-agers were convicted yesterday of robbery without aggrevation.

They are 16-year-old Frank Hamilton Merrill and Charles William Bales, 18, both of Abilene.

The youths twice made escape attempts after they were picked up for investigation. Last May they escaped from deputy Bill Gibson after holding a knife in his ribs, only to be captured within an hour.

Later they failed in an attempt to break out of jail here.

President Truman Takes His Usual Early Morning Stroll

By JOSEPH C. GOODWIN
(Associated Press Staff)

WASHINGTON, Nov. 2.—President Truman took his usual early morning walk today through streets which 17 hours earlier echoed with the blasts of would-be assassins' guns.

Apparently unperturbed by yesterday's attack on the temporary presidential residence by two Puerto Rican revolutionists, Mr. Truman stepped briskly down the canopied Blair House walk at exactly 7 o'clock.

WELL GUARDED

Six secret servicemen fell in around him as he reached the sidewalk on Pennsylvania Ave., passing over the spot where police bullets had dropped one gunman yesterday.

Mr. Truman waved and smiled to newsmen and photographers and stepped briskly along the street to the east end of the White House grounds. There he turned and headed toward the Washington Monument, about a half mile distant.

It was a perfect morning for a walk, cloudiness with just a bit of chill in the air.

Mr. Truman wore a plain blue suit and a gray hat. He swung a cane and occasionally spoke to Secret Service agents, photographers and newsmen. But neither he nor any one else during the 30-minute walk mentioned yesterday's attempted assassination.

JOVIAL

At one point, the President greeted Associated Press Photographer Henry L. Griffin with a broad smile and the remark that Griffin wouldn't have to worry about falling off a plane on this trip. Griffin was injured when he fell from the open door of a plane at the Kansas City airport last year while accompanying the President on one of his frequent trips.

Final Figures On Population

WASHINGTON, Nov. 2. (AP) — Final, official figures today put the 1950 United States population at 150,697,361.

This census tally, taken every 10 years, reflected a shift in the population that will cause seven states to gain and nine to lose seats in the 435-member House of Representatives scheduled to be elected two years from now.

AS OF APRIL 1

The total population figure, announced at the White House, was calculated as of April 1. It showed an increase of 19,028,086 since the 1940 census—the greatest gain for a 10-year period in the nation's history. The increase was 14.5 per cent.

House seat gains will be seven for California, two for Florida, and one each for Maryland, Michigan, Texas, Virginia and Washington. Losses will be three for Pennsylvania, two each for Missouri, New York and Oklahoma, and one each for Arkansas, Illinois, Kentucky, Mississippi and Tennessee.

CHANGES

The census bureau's calculations on the reapportionment of seats were the mathematical answer to what changes will be made if the 1953 House membership total remains 435, as at present.

Congress conceivably could make a different matter of it by voting to enlarge the size of the House.

The final 1950 census figures were provided a refinment of the preliminary census count of 150,520,000 announced last July 22.

Vishinsky's Answer Is Stranger Yet

NEW YORK, Nov. 2. (AP) — Soviet Foreign Minister Andrei Y. Vishinsky was asked today if he had any comment on the attempted assassination of the President Truman.

Vishinsky looked at the newsmen, spread his hands in a gesture and said: "A strange question." Then he walked on into the assembly hall.

Texas Gas Company To Supply Phoenix

WAHINGTON, No. 2 (AP)—El Paso Natural Gas Company was given a "go-ahead" by the Power Commission yesterday to build pipe line facilities to Phoenix, Ariz., valued at $1,038,404.

El Paso said the construction will increase its capacity in the area to about 143 million cubic feet daily.

Makes Attack Blair House

A man, identified by U. E. Baugh, chief of the Secret Service, as Oscar Collazo, lies wounded at the bottom of steps leading to Blair House, President Truman's temporary residence in Washington. Three members of the president's police guard and at least two other men were shot in a furious gun battle in front of the house.

Housewives Will Have To Pay Around 70 Cents For Turkeys

By WILLIAM C. BARNARD
(Associated Press Staff)

Thanksgiving turkeys are on their way to Texas markets and you'll probably pay no more for yours than last year. The state's turkey crop this year will be almost as big as the 1945 record year.

Texas housewives will pay 60 to 80 cents per pound for small dressed hens, an official of the southwestern branch of the Department of Agriculture estimated. "Big chain stores will set the actual price-pace," he added. "They always do."

HALVES POPULAR

Larger turkeys will be 10 cents per pound cheaper than the hens and will go mainly to hotels and restaurants. Comparatively few housewives want 20 to 25-pound birds. Matter of fact, half-turkeys and cut-up pieces of turkey are getting increasingly popular.

The estimated turkey crop this year: 4,478,000. The national estimate is a record: 44,550,000 birds. Last year's Texas production was 4,225,000 turkeys and average yearly production (1937-1946) was 4,031,000. In 1945 Texas established a record with 4,701,000.

PODUCTION BIG

Every Texas county raises turkeys. Production is really big in Southwest Texas; Central Texas, Northeast Texas; and West Texas as far north as the Lubbock and Plainview areas.

At big turkey markets, Dallas and Fort Worth, prices to raisers are now quoted at from 25 to 27 cents per pound for young toms and from 35 to 37 cents per pound for young hens.

C. M. Evans, southwestern marketing specialist for the commodity Credit Corporation and a big turkey raiser himself, told us: "These prices don't always hold when a farmer delivers his birds. Farmers are too inclined to bring their turkeys to market and say: 'I've got some turkeys here—What'll you give for 'em,' So he sometimes loses by taking that attitude instead of coming right out and stating the price he will take for them.

"On the other hand, you have the farmer who'll bring under-developed turkeys with pinfeathers to market and expect to get full price for them."

SHOULD WATCH QUOTATIONS

Evans also feels that too few farmers keep up with actual turkey quotations. "They go to the nearest processor who sometimes says: 'I already have more turkeys than I can handle but I'll do you the favor of taking them off your hands for 18 cents a pound.' "

Your Thanksgiving turkey, which'll reach processors this month probably was hatched in May. Your Christmas turkey came along in June. No major outbreak of turkey diseases have plagued Texas growers this year, Evans said. Weather has been fine, too. Happy eating.

Flynn Charged In Rape Again

MONACO, Nov. 2. (AP) — An investigation is under way into a complaint by the parents of a 19-year-old girl that she was raped by Movie Actor Errol Flynn when she was not yet 16.

The girl's name was given only as Danielle D. The complaint said the attack took place in August, 1947.

A local judge, who has opened the investigation into the charge, was told that Danielle was bathing near Flynn's yacht, then anchored in the Monaco Harbor. She was invited aboard for a drink. The alleged attack followed, the complaint charged.

The parents are asking one million francs (about $3,500) damages which they said they would give to charity. They filed their charge at Nice last August.

A summons to appear before the investigating judge was handed

Oil News

(Continued from Page 1)

ged any possibility of production.

NO. 1 CONRAD

Operator is pulling tester after a sulphur water flow developed on a drillstem test on Magnolia Petroleum Co. No. 1 Conrad, Southeast Borden County wildcat.

The prospector was drillstem tested at 8,515-41 feet in the Ellenburger for one hour. A good flow of air was at the top when the test started.

Drilling mud and sulphur water started flowing at the surface in 34 minutes. The water flowed at the estimated rate of 10 barrels per hour for 26 minutes. Tool was then closed.

Operator is pulling the tester and will take electric log surveys and wait on orders.

No. 1 Conrad will probably be plugged and abandoned. It has had no possibilities of production in any of the upper sections.

It is 660 feet from north and west lines of section 79, block 20, Lavaca navigation survey.

The Ellenburger was topped at 8,521 feet, elevation 2,317 feet.

NO. 1-B CANNING

The Vickers Petroleum Co., Inc., and Norwood Drilling Co., No. 1-B Canning step-out to the same out concern, No. 1-A Canning in Southeast Borden County, recently completed flowing discovery from the Wolfcamp discovery of the lower Permian, recovered 1,250 feet of gas and 150 feet of oil-and-gas-cut drilling mud on a two hour drillstem test.

The tested interval was from 8,076-8,129 in Mississippian chert and white lime.

A good blow surfaced when the tester was opened and lasted for 30 minutes. A fair blow surfaced during the remainder of the test.

Operator was to drill 20 feet deeper and run another drillstem test if drilling samples showed good signs of oil.

Location of the No. 1-B Canning is 1,960 feet from west and 2,002 feet from north lines of section 142, block 25, H&TC survey.

SUTTON WILDCAT

Drilling is to be started at once at Placid Oil Co. of Shreveport, La., No. 1 Mrs. E. Mayer, which is to be a 9,000-foot wildcat to explore to and through the Ellenburger in Northwest Sutton County.

Location is 660 feet from south and west lines of section 36, block D, GC&SF survey. That puts it ten miles west of Sonora.

The contract calls for the project to drill to 9,000 feet, unless it finds oil or water in the Ellenburger at a lesser depth.

It is being drilled on a spread of acreage which was assembled by John Darden and J. A. McRae, both of Midland.

They turned the deal to Placid to drill and retain some acreage in the spread.

The wildcat is being drilled on a farmout from Continental Oil Co. That concern contributed both acreage and cash. The Pure Oil Co. contributed acreage and The Superior Oil Co. made a cash contribution toward the drilling of the exploration.

TEST AT 7,420

Houston Oil Co. No. 1 Golladay, Spraberry wildcat in East-Central Midland County and 660 feet from south and east lines of section 3, A. P. Veasy survey, is preparing to drillstem test the interval from 7,420 to 7,468 feet.

Operator cored from 7,423 to 7,468 feet. Recovery was 43 feet of sandy shale and shaley sand with slight bleeding of gas and bleeding oil in the upper section of the core.

TAYLOR COUNTY

Kerr-McGee Oil Industries, Inc., of Oklahoma City, No. 1 Ovalo Smith, Southeast Taylor County wildcat, is drilling below 4,515 feet in Caddo lime after reporting a negative test in a sand section of the Caddo.

The project was drillstem tested for one hour from 4,473 to 4,488 feet. Recovery was 25 feet of drilling mud with no shows of oil, gas or water.

The sand tested was topped at 4,473 feet. The lime top was found at 4,488 feet minus a datum of 2,508 feet on that marker.

Location of the wildcat is in the southwest corner of the L. Smith 170-acre tract in the northwest quarter of section 403, R. William survey.

SALT WATER

Ohio Oil Co. No. 1 McCormick, wildcat in Northeast Terry County two and three-quarters miles northwest of the two-well Mound Lake field, is waiting on orders after recovering salt water cut with gas on a drillstem test from 6,380 to 6,504 feet in middle Permian lime.

That interval was tested for 30 minutes. A good blow of air was to the surface throughout the test. Recovery was 810 feet of muddy salt water cut with gas.

This prospector, 660 feet from north and west lines of section 87, block 4-X, C&M survey, is contracted to test the Pennsylvanian, producing formation in the Mound Lake field.

TERRY WILDCAT

Greenbrier Oil Co. and others have filed application with the Railroad Commission of Texas for permission to drill the No. 1 L. A. Brownfield and others as a wildcat in Southeast-Central Terry County.

Location of the 11,000-foot test will be 660 feet from east and north lines of section 5, block Y, EL&RR survey.

Rotary operations will begin as soon as location is cleared and drilling unit is moved in.

Drillsite will be eight and one-half miles southeast of Brownfield.

KELLEY-SNYDER

Two new locations have been staked in the Kelley-Snyder field of Scurry County. Drilling toward 7,000 feet will begin immediately with rotary tools.

Sunray Oil Corp. No. 2 A. E. Dennis is located 2,401.2 feet from north and 1,077.4 feet from west lines of section 237, block 97, H&TC survey and seven and one-half miles northwest of Snyder.

About eight miles northwest of Snyder, Skelly Oil Co. spotted No. 6-A Head, 1,667 feet from south and 1,200 feet from east lines of section 290, block 97, H&TC survey.

COGDELL POOL

The Texas Co. spotted four 7,000-foot projects in the Cogdell pool of Central-North Scurry County. Operations will begin immediately.

All these tests were staked on P. L. Fuller Land.

Texaco No. 104 Fuller is 662 feet from south and 1,992 feet from west lines of section 705, block 97, H&TC survey and 17 miles northeast of Snyder.

Drillsite for No. 105 P. L. Fuller is 15 miles north of Snyder and 626 feet from south ad 2,000 feet from north lines of section 614, block 97, H&TC survey.

No. 106, Fuller is located 1,980 feet from east and 467 feet from north lines of section 364, block 97, H&TC srvey. That makes it 14 miles north of Snyder.

Texaco spotted No. 107 P. L. Fuller 14 miles north of Snyder and 1,987 feet from north and 668 feet from east lines of section 564, block 97, H&TC survey.

Island Of Puerto Rico Has Come Long Way In 50 Years

NEW YORK, Nov. 2. (AP)—Puerto Rico was liberated from her feudal Spanish overlords by the United States in 1898. Yesterday two sons of that tiny Caribbean Isle tried to murder the American President.

Standing in a dim-lit New York tenement, the wife of one of the would-be assassins demanded in defiant tones:

"Why should I be sorry? We are both members of the Nationalist Party."

What is the Nationalist Party?

THE HISTORY

To answer these questions, it is necessary to delve back into the history of Puerto Rico, which was discovered by Christopher Columbus just 457 years ago — on Nov. 3, 1493.

The explorer found the island — which is 100 miles long and 35 miles wide — inhabited by Aboriginal Boriquen Indians, a primitive agricultural group.

Conquered in the name of Spain by Ponce de Leon in 1509, the island was settled in the 16th Century by Spanish overlords who destroyed the native tribal structure and exploited the people.

Under Spanish rule, chief crops of Puerto Rico were coffee and tobacco. More than 80 per cent of the people were illiterate, 92 per cent of the children were not in school and the annual death rate was 35 per 1,000 of the island's million population.

Following the Spanish American war, Puerto Rico was ceded to the United States by the Treaty of Paris Dec. 10, 1898.

FIRST JOB

The first job the United States did was to vaccinate every man, woman and child. The first year, deaths from smallpox dropped from 621 to 1.

American sanitation improvements reduced the death rate so remarkably that the population doubled in 50 years.

By 1940, illiteracy figures had dropped to 31.5 per cent.

Added to the tobacco and coffee crops was a newcomer — sugar.

Although sugar is a seasonal industry, it provided employment for 20 per cent of the population.

Puerto Rico had a governor, appointed by the President of the United States, but recently Puerto Ricans were empowered to elect this official. The island has its own legislature — a Senate of 19 and a house of 39 members.

SEEDS SOWN

The seeds of nationalism, sown by the liberation from Spain, were growing, however, and Puerto Ricans were restless for independence.

An act of Congress in 1917 made them American citizens, but without the right to vote for President.

They had a representative in Congress, but he couldn't vote in Congress either.

Aggie Sweetheart Baptist Home Started

DENTON, Nov. 2. (AP) — Dorothy Mangum, 20, Texas State College for Women senior from Cotulla, will be Aggie Sweetheart for the Texas A&M-Southern Methodist University football game in Dallas Nov. 11.

Korean War In Brief

(By The Associated Press)

FIGHTING FRONT — North Koreans, bolstered by some Communist Chinese forces, step up counterattacks in Northwest Korea. One U. S. Cavalry battalion is cut off. A South Korean cut off several days ago is still trapped. U. S First Corps spokesman says situation is serious. However, one allied armored column gains four miles to within 15 miles of border.

AIR WAR — Reds again send Soviet-built jet planes into fighting. Two Russian-built

NEW LAND OPENED

MOSSAMEDES (Portuguese Angola) (AP)—The extension of the Mossamedes railway beyond Chibia to the town of Gambos or Chibemba is nearing completion. Within a month the first trains are expected to run between Chiba and Gambos, thus adding nearly 60 miles to the present track and opening up a new part of Southern Angola which is suited for European colonization and cattle raising.

Parrot Fever Said To Come From Turkeys

ST. LOUIS, Nov. 2. (AP) — A Texas health official says there is some evidence that turkeys can harbor the virus of parrot fever which is transmissible to man and can be fatal.

He explained, however, that proper cooking destroys all germs that may be present in poultry or meat and that the principal danger is to handlers of turkeys.

The official, Dr. J. V. Irons of the Texas State Department of Health, made his report yesterday to the American Public Health Assn. convention.

Definitely known to occur among parrots, love birds, pigeons, cats, chickens and even seagulls, this virus results in about 200 known human cases annually, with a few deaths, Irons told a reporter.

While the occurrence is relatively low, he said, the disease is a matter of public health significance. And now, he continued, the strong suspicion that turkeys are a previously overlooked source of virus calls for increased vigilance.

Irons said an outbreak of the disease occurred in Giddings, Tex., in the fall of 1948, with 20 cases, of whom three died. Most of those affected were Negro women who had been almost exclusively engaged in picking pin feathers from turkeys at a local poultry plant.

He urged housewives to insist on having entrails and heads removed from purchased birds or, if they brought them with those things intact, to wear rubber gloves when preparing the turkey for the oven.

Extra Security Is Planned For Truman's Visit To St. Louis

ST. LOUIS, Nov. 2. (AP) — Extra security measures are being planned to safeguard President Truman during his St. Louis visit this week end because of the assassination attempt in Washington.

The President is scheduled to give a major political speech here Saturday night.

"You can rest assured the police department will re-double its precautions," said Police Chief Jeremiah O'Connell.

O'Connell said he would confer today with a secret service planning team on police assignments.

A spokesman for the mayor's office said the city administration also had been informed stringent security measures would be enforced while Mr. Truman is here.

Texas Youths Given Sentence For Robbery

RED OAK, Ia., Nov. 2. (AP)—Two Texas teen-agers were convicted yesterday of robbery without aggrevation.

They are 16-year-old Frank Hamilton Merrill and Charles William Bales, 18, both of Abilene.

The youths twice made escape attempts after they were picked up for investigation. Last May they escaped from deputy Bill Gibson after holding a knife in his ribs, only to be captured within an hour.

Later they failed in an attempt to break out of jail here.

President Truman Takes His Usual Early Morning Stroll

By JOSEPH C. GOODWIN
(Associated Press Staff)

WASHINGTON, Nov. 2.—President Truman took his usual early morning walk today through streets which 17 hours earlier echoed with the blasts of would-be assassins' guns.

Apparently unperturbed by yesterday' attack on the temporary presidential residence by two Puerto Rican revolutionists, Mr. Truman stepped briskly down the canopied Blair House walk at exactly 7 o'clock.

WELL-GUARDED

Six secret servicemen fell in around him as he reached the sidewalk on Pennsylvania Ave., passing over the spot where police bullets had dropped one gunman yesterday.

Mr. Truman waved and smiled to newsmen and photographers and stepped briskly along the street to the east end of the White House grounds. There he turned and headed toward the Washington Monument, about a half mile distant.

It was a perfect morning for a walk, cloudiness with just a bit of chill in the air.

Mr. Truman wore a plain blue suit and a gray hat. He swung a cane and occasionally spoke to Secret Service agents, photographers and newsmen. But neither he nor any one else during the 30-minute walk mentioned yesterday's attempted assassination.

JOVIAL

At one point, the President greeted Associated Press Photographer Henry L. Griffin with a broad smile and the remark that Griffin wouldn't have to worry about falling off a plane on this trip. Griffin was injured when he fell from the open door of a plane at the Kansas City airport last year while accompanying the President on one of his frequent trips.

Final Figures On Population

WASHINGTON, Nov. 2. (AP) — Final, official figures today put the 1950 United States population at 150,697,361.

This census tally, taken every 10 years, reflected a shift in the population that will cause seven states to gain and nine to lose seats in the 435-member House of Representatives scheduled to be elected two years from now.

AS OF APRIL 1

The total population figure, announced at the White House, was calculated as of April 1. It showed an increase of 19,028,086 since the 1940 census—the greatest gain for a 10-year period in the nation's history. The increase was 14.5 per cent.

House seat gains will be seven for California, two for Florida, and one each for Maryland, Michigan, Texas, Virginia and Washington. Losses will be three for Pennsylvania, two each for Missouri, New York and Oklahoma, and one each for Arkansas, Illinois, Kentucky, Mississippi and Tennessee.

CHANGES

The census bureau's calculations on the reapportionment of seats were the mathematical answer to what changes will be made if the 1953 House membership total remains 435, as at present.

Congress conceivably could make a different matter of it by voting to enlarge the size of the House.

The final 1950 census figures were provided a refinment of the preliminary census count of 150,520,000 announced last July 22.

Vishinsky's Answer Is Stranger Yet

NEW YORK, Nov. 2. (AP) — Soviet Foreign Minister Andrei Y. Vishinsky was asked today if he had any comment on the attempted assassination of the President Truman.

Vishinsky looked at the newsmen, spread his hands in a gesture and said: "A strange question." Then he walked on into the assembly hall.

Texas Gas Company To Supply Phoenix

WAHINGTON, Nov. 2 (AP)—El Paso Natural Gas Company was given a "go-ahead" by the Power Commission yesterday to build pipe line facilities to Phoenix, Ariz., valued at $1,038,404.

El Paso said the construction will increase its capacity in the area to about 143 million cubic feet daily.

Makes Attack on Blair House

A man, identified by U. E. Baughman, chief of the Secret Service, as Oscar Collazo, lies wounded at the bottom of steps leading to Blair House, President Truman's temporary residence in Washington. Three members of the president's police guard and at least two other men were shot in a furious gun battle in front of the house.

Marlin V. A. Hospital Get First Patient

MARLIN, Nov. 2. (AP) — A World War II veteran of the Merchant Marine Navy and Army, Calvin Emmett Monroe, 28, a native of Longview, was the first patient to be admitted to Marlin's six-million dollar, 200-bed Veterans Administration hospital.

Six other patients were also admitted yesterday.

Housewives Will Have To Pay Around 70 Cents For Turkeys

By WILLIAM C. BARNARD
(Associated Press Staff)

Thanksgiving turkeys are on their way to Texas markets and you'll probably pay no more for yours than last year. The state's turkey crop this year will be almost as big as the 1945 record year.

Texas housewives will pay 60 to 80 cents per pound for small dressed hens, an official of the southwestern branch of the Department of Agriculture estimated. "Big chain stores will set the actual price-pace," he added, "They always do."

HALVES POPULAR

Larger turkeys will be 10 cents per pound cheaper than the hens and will go mainly to hotels and restaurants. Comparatively few housewives want 20 to 25-pound birds. Matter of fact, half-turkeys and cut-up pieces of turkey are getting increasingly popular.

The estimated turkey crop this year: 4,478,000. The national estimate is a record: 44,550,000 birds. Last year's Texas production was 4,225,000 turkeys and average yearly production (1937-1946) was 4,031,000. In 1945 Texas established a record with 4,701,000.

PODUCTION BIG

Every Texas county raises turkeys. Production is really big in Southwest Texas; Central Texas, Northeast Texas; and West Texas as far north as the Lubbock and Plainview areas.

At big turkey markets, Dallas and Fort Worth, prices to raisers are now quoted at from 25 to 27 cents per pound for young toms and from 35 to 37 cents per pound for young hens.

C. M. Evans, southwestern marketing specialist for the commodity Credit Corporation and a big turkey raiser himself, told us: "These prices don't always hold when a farmer delivers his birds. Farmers are too inclined to bring their turkeys to market and say: 'I've got some turkeys here—What'll you give for 'em.' So he sometimes loses by taking that attitude instead of coming right out and stating the price he will take for them.

"On the other hand, you have the farmer who'll bring under-developed turkeys with pinfeathers to market and expect to get full price for them."

SHOULD WATCH QUOTATIONS

Evans also feels that too few farmers keep up with actual turkey quotations. "They go to the nearest processor who sometimes says: 'I already have more turkeys than I can handle but I'll do you the favor of taking them off your hands for 18 cents a pound.'"

Your Thanksgiving turkey, which'll reach processors this month probobly was hatched in May. Your Christmas turkey came along in June. No major outbreak of turkey diseases have plagued Texas growers this year, Evans said. Weather has been fine, too. Happy eating.

Flynn Charged In Rape Again

MONACO, Nov. 2. (AP) — An investigation is under way into a complaint by the parents of a 19-year-old girl that she was raped by Movie Actor Errol Flynn when she was not yet 16.

The girl's name was given only as Danielle D. The complaint said the attack took place in August, 1947.

A local judge, who has opened the investigation into the charge, was told that Danielle was bathing near Flynn's yacht, then anchored in the Monaco Harbor. She was invited aboard for a drink. The alleged attack followed, the complaint charged.

The parents are asking one million francs (about $3,500) damages which they said they would give to cnarity. They filed their charge at Nice last August.

A summons to appear before the investigating judge was handed Flynn by two policemen at Monte Carlo, during the reception after his recent wedding to Patrice Wymore.

Flynn subsequently hurt his back when he fell aboard his yacht. He obtained a doctor's certificate that he could not appear because of his injury.

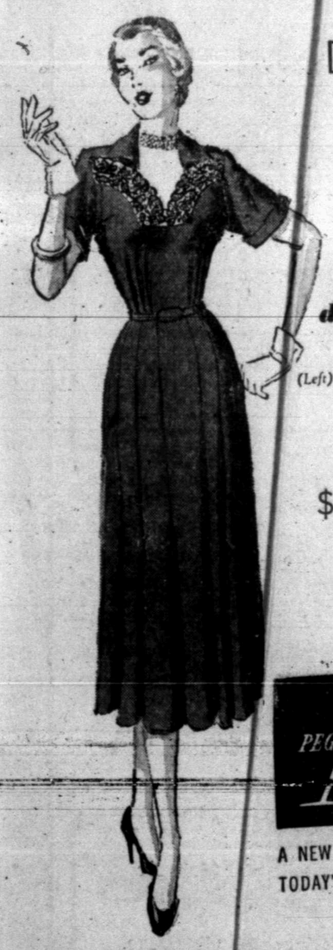

If there are a few slices of canned pineapple left over, team them with ripe bananas for a delicious salad. Serve on salad greens with mayonnaise or French dressing.

Korea Has Big Money Trouble

SEOUL, Nov. 2. (AP) — South Korea has war-born money troubles.

Two kinds of currency are in circulation with a difference in realistic values. By mid-month there will be only one legal currency but its value may still vary.

The Republic of Korea lost its master plates for its currency when Seoul was overrun by the Communist June 28. To forestall wholesale printing of bank notes by the Reds a new 100-won note was designed and a 1,000-won note was issued. Previously the century note had been tops.

TWO VALUES

The new notes themselves have two values because of lack of agreement between the U. S. Army and the Korean government. The dollar exchange rate was set by the U. S. Army at 2,500 won to $1 while the Korean rate remains at 1,800 to $1.

Liberation of Seoul had created the problem of the two currencies competing. The government arranged a program of conversion of old notes. This expires tomorrow in Seoul and in other areas Nov. 15.

Under this arrangement all old style banknotes must be deposited in banks or exchanged for new Bank of Korea notes. Each household received a certificate entitling its members to make one single deposit or exchange. If the amount is less than 20,000 won, payment may be made in cash. Otherwise the amount above 20,000 won must be deposited and be subject to a withdrawal limitation of 50,000 won monthly per household.

EXCEPTIONS

Exceptions include notes held by the army and civil government.

There has been a rush of spending of old notes. Some merchants, however, have no use for old notes since they already have made their single premissible deposit. As a result, new Bank of Korea notes bring a premium of up to 25 per cent over the old notes.

National Vice King May Exist

OAK RIDGE, Tenn., Nov. 2. (AP) —The Senate Crime Investigating Committee is gunning for a possible national vice overlord, says Sen. Kefauver (D-Tenn).

Kefauver said the committee doesn't know whether such a vice chief actually exists, but that it has been determined that efficient, closely organized criminal gangs operate with interlocking interests and directorates.

Kefauver is chairman of the committee. He cited crime syndicates in Chicago, New York, Philadelphia, Los Angeles and new Orleans as examples.

These groups, he said in an interview yesterday, meet each year in Miami and Hot Springs, Ark., "to discuss matters of mutual interest, work out arrangements between themselves and divide territories."

With such a setup, he added, organized crime might have a single overlord, though the committee yet has turned up no proof.

Attlee Congratulates Truman On His Escape

LONDON, Nov. 2. (AP)—Prime Minister Attlee messaged President Truman last night that he was "deeply shocked" to hear of the attempt on the President's life.

"Please accept my congratulations on your escape," Attlee's telegram said.

Shaw, Who Gained Immortality By Needling The World, Dies

(By The Associated Press)

AYOT ST. LAWRENCE, Eng., Nov. 2. — George Bernard Shaw, the century's most famous playwright, died today at the age of 94.

The life of the frail old Irish-born wit who massed a fortune by poking fun at the shortcomings of this civilized age, flicked out at last at 4:59 a.m. (11:59 p.m., Eastern Standard Time, Wednesday).

A tumble in his garden on Sept. 10 while pruning a tree proved the undoing of the self-styled Napoleon of drama. He broke his left thigh bone and was taken to Luton Hospital to have the bones pinned together. A bladder ailment complicated his condition. A minor operation eased the trouble and he was brought home Oct. 4, but suffered a relapse Sunday.

ANNOUNCE DEATH

Mrs. Alice Laden, his housekeeper at the brick cottage, "Shaws Corner," announced the death to reporters. He had lapsed into a coma at 3 o'clock yesterday morning.

No announcement has been made of funeral plans, but friends expected the body will be cremated, the ashes mixed with his wife's and scattered over the Shaw garden.

Only two nurses were with the elderly man at his death. Dr. Thomas Probyn. Shaw's physician, hurried into the house 20 minutes later. F. E. Loewenstein, the playwright's longtime biographer, told reporters Shaw died peacefully without regaining consciousness.

The author of 55 plays, five novels and countless essays—the best of which were turned out after he was 40—Shaw was credited by many critics with reviving British drama after its golden age of Goldsmith and Sheridan. No stickler as to modesty, Shaw considered himself the successor to Shakespeare and even an improvement on the bard of Avon.

FABIAN SOCIALIST

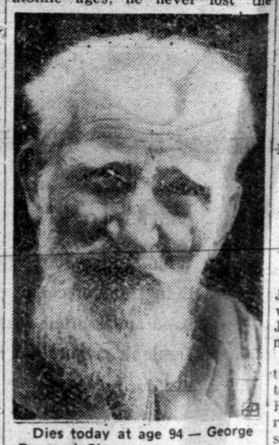

As a political propagandist he espoused the cause of the Fabian Socialists and helped lay the foundation of the present Labor Party.

He claimed to be a Communist and an atheist. But if he was a Communist, the brand was not orthodox. Some of his comments, if made in Russia, would have landed him in Siberia. He attacked Karl Marx, the writer of Communism's "Bible," as an out-of-date fuddy-duddy, and said most Communists were talking through their hats.

His aheism also was questioned. He himself once declared, "religion is always right. Science always is wrong."

The quizzical sage, whose bushy, once-red eyebrows and beard and unruly white mane were known to millions, kept the ear of the world for 50 years by his mastery of the studied insult.

Though his career spanned the years from the Victorian to the atomic ages, he never lost the knock of getting attention by needling the pretentious or questioning the world's most cherished notions.

Dies today at age 94 — George Bernard Shaw.

TOP TARGET

Americans were among his chief targets. He said he made it a point never to say a "civil word" about the United States and as a result "they adore me."

Shaw made criticism pay. He may have amassed more wealth than any playwright in history. Estimates of his worth range from $250,000 to $1,000,000 and up.

A tee-totaling, non-smoking vegetarian who lived on quantities of soup, fruit and juices, Shaw said a man could not hope to reach a state of intellectual maturity in less than 150 years.

Born in Dublin on July 26, 1856, of an impecunious Protestant family, Shaw went to London when he was 20. He took up journalism and became a music critic. Even in late years he liked to play the piano and sing in his squeaky but lusty voice.

For years, his writings brought him no recognition. Most of his outstanding plays poured out after he was 40. These included "Candida," "Arms and the Man," "Caesar and Cleopatra," and "Pygmalion."

He was over 60 when he produced three generally regarded by the British as his best—"Heartbreak House," "Back to Methuselah" and "St. Joan."

He was 69 when he won the Nobel Prize for literature in 1925.

Eric Johnston Gives His Opinion On The Situation Of World

HOUSTON, Nov. 2. (AP) — Eric Johnston said "old men don't start wars they can't finish" and that Josef Stalin knows his days are numbered.

The president of the Motion Picture Assn. of America, Inc., said too last night that the U. S. and Russia are in a tremendous arms race, though he is convinced Russia will not start a war now.

Johnston and W. Stuart Symington, Chairman of the National Security Resources Board, speak today to the fourth annual convention of Theater Owners of America, Inc.

Next time you make a cake with a packaged mix frost it with an orange - cocoanut confection. Just cream three tablespoons of butter or margarine with two cups of confectioners sugar and then with a quarter cup of orange juice until it is smooth. Beat in a quarter cup of shredded coconut before spreading on the cake. This makes about one-and-one-half cups of frosting.

Good Neighbor Duties Divided

AUSTIN, Nov. 2. (AP) — The Council on Human Relations and the Good Neighbor Commission yesterday split up the job of improving understanding between Latin and Anglo-Americans.

Division of activities was agreed on informally at a meeting of the council, created by Gov. Allan Shivers last May.

Commission Chairman Neville Penrose of Fort Worth paved the way in a letter to Council Chairman R. E. Smith of Houston, former head of the Good Neighbor group.

Penrose wrote he was confident the commission would approve at its Dec. 3 meeting in Corpus Christi "the advisability of requesting the council to take over the intrastate problems of the commission as separate and apart from the interstate problems."

This indicates that the council will deal most strictly with problems arising within Texas while the commission works on the international good neighbor angle.

More study into the causes—rather than the results—of racial misunderstanding was agreed on by council members. The group will meet again Dec. 18.

THE SNYDER DAILY NEWS

VOL. I—No. 151 SNYDER, TEXAS, THURSDAY, NOVEMBER 2, 1950 SECTION 2

NEWS FROM IRA

By MRS. MABEL WEBB

Mr. and Mrs. L. C. Rinefro of Fort Worth accompanied by Mrs. E. B. Kelley and daughter, Laura, from Decatur visited over the week end with Mrs. Nettie Webb and other friends.

Robert Cooper left Sunday for Birmingham, Ala., where he is to be stationed with the army.

The Rev. and Mrs. Allen were in East Texas last week making arrangements for moving here. Mr. Allen is the new pastor of the Church of God.

Mr. and Mrs. Jessie Loper and daughter spent the week end with her parents, Mr. and Mrs. Hamp Dye, of Roaring Springs.

Mrs. W. O. Webb spent Thursday night with her daughter, Mrs. B. F. Eades, and children. They visited Mr. Eades in Hendricks Memorial Hospital in Abilene and he returned home with them Friday.

Mrs. J. Z. Carruthers visited Thursday with Mr. and Mrs. J. C. Carruthers of Snyder.

Mr. and Mrs. C. C. Vinson were visited by his mother, Mrs. Vinson of Big Spring last week.

Mr. and Mrs. Henry Flournoy and son, Silas Ray, of Fluvanna visited T. C. Devenport and Mr. and Mrs. Layne Roddy Saturday.

J. H. Allen returned this week from a visit in Rising Star.

Bill Webb made a business trip to Odessa Thursday.

Mrs. Woodie Harbuck and daughter of Lawn spent a few days with her mother, Mrs. J. A. Williams, this week.

Mr. and Mrs. Evans Millhollan and children attended the funeral of her brother-in-law, John Day, in Odessa Wednesday.

Mr. and Mrs. James Pennhouse have moved back to Ira from Ballinger where they have been making their home recently.

Mr. and Mrs. Jesse Grizzle and son, Wayne, San Angelo, Mr. and Mrs. Ernest Wiggins of Snyder and Mr. and Mrs. Frank Bryant and children of Ira spent Sunday in the E. E. Carlile home.

J. J. Eades and son Arnold, accompanied Mrs. B. F. Eades to Abilene Thursday. They visited B. F. Eades in the Hendrick Memorial Hospital.

Mrs. O. W. Holladay and children, Joan and Larry, from Cuthbert spent Sunday with her mother, Mrs. J. H. Allen.

Sara Kruse of Snyder spent Saturday night and Sunday with her mother, Mrs. Marie Kruse.

Mrs. C. C. Vinson and Mrs. Miller were shopping in Big Spring Friday.

Mr. and Mrs. Pete Rasco of Colorado City visited Mr. and Mrs. W. M. Howard and Mr. and Mrs. Emmitt Rasco.

Mr. and Mrs. Essie Taylor and children, John and Sue, spent Sunday with her mother, Mrs. John Lee of Colorado City.

Sunday visitors in the home of Mr. and Mrs. Rea Falls were Mr. and Mrs. Edgar Taylor, Mr. and Mrs. Jess Green and Mr. and Mrs. Oscar Miller and children of Pyote, Mr. and Mrs. Owen Miller of Union and Patsy West of Shallowater.

Mr. and Mrs. Joe Byrne and children, Jackie and Genie, and Mr. and Mrs. Jack Herd were visiting in Sweetwater Saturday night and Sunday.

Patsy West and Peggy West of Shallowater spent the week end with Ann Falls, Sara Millhollen and Barbara Holladay.

Bill Moore of Big Spring visited relatives and friends here last week.

Sherry Loper spent the week end with relatives in Lubbock.

Mrs. Wilburn Goatcher of San Angelo, Mrs. Leonard Keller of Snyder spent Sunday with their parents, Mr. and Mrs. J. J. Eades. Mrs. Goatcher remained for a week's visit.

Guests in the home of Mr. and Mrs. Pete Wishert and children over the week end were Mr. and Mrs. Dave Wishert of Lamesa and Mr. and Mrs. Walter Bishop of Snyder.

Mr. and Mrs. Johnny Davis have been in Snyder to be with their granddaughter, Linda King, who has been ill in Snyder General Hospital.

Mr. and Mrs. Garnett Killig visited in the Marvin Key home in Bison Sunday afternoon.

Mr. and Mrs. T. P. Allen and children, of Cuthbert visited Thursday night with his mother, Mrs. J. H. Allen.

Mr. and Mrs. Curley Cohee and daughter from Levelland spent Wednesday night and Thursday with her parents, Mr. and Mrs. Garnett Kelley.

Mr. and Mrs. Ralph Bryant of San Antonio visited his parents, Mr. and Mrs. Frank Bryant, last week.

Miss Eula Pearl Taylor is visiting friends in Fluvanna this week.

Cill Hasty of Houston is visiting his sister, Mrs. J. A. Williams.

Mr. and Mrs. E. E. Grant of Dunn spent Sunday afternoon with their daughter, Mrs. J. L. Byars, and family.

Mr. and Mrs. J. H. Suiter accompanied J. G. Suiter to East Texas to visit relatives.

PERSONALS

Travis Moreland, the superintendent of the Rumbaugh Rig Co., Clairemont Road, is in town on business connected with the firm. Mr. Moreland is from Odessa where the oil well supply company has its headquarters.

Dr. and Mrs. A. O. Scarborough, 2712 Avenue S, are home again after a month spent in Mineral Wells, Tex.

Mr. and Mrs. K. P. Cunningham spent the week end in Artesia, N. M., where they visited friends. The Cunninghams flew there in their plane.

Mr. and Mrs. C. W. Bradley returned Tuesday from San Francisco, Calif., where they have been with their daughter, Mrs. Frank Kelly, who is ill. The Bradleys were away two months. Mr. Bradley has returned to his job as reporter on the Snyder Daily News.

Mrs. Bob Sides, 314 Twenty-eighth Street, returned yesterday from the Hendrick Memorial Hospital, Abilene, where she has been for a medical check-up.

Robbie Neal Floyd of Snyder has been added to membership in the Abilene Christian College Wildcat Band for the 1950 fall semester. He is a freshman student, majoring in chemistry.

Mr. and Mrs. G. D. Gibson had as visitors over the week end their daughter and family, Mr. and Mrs. Wortham Crow from Anson, Tex. Also, Marshall Gibson, their son from Post, dropped in for a Sunday visit. Mr. Marshall Gibson also spent this week end with his parents and will attend the homecoming football game at the high school, where he graduated.

Borden Gas Explosion

HOUSTON, Nov. 2. (AP) — Mrs. Berne Bristow, the widow of a geologist killed in a Borden County oil field explosion, is asking $201,000 from the Pan American Production Co. for the death of her husband.

Jack Bristow, 26, was fatally injured June 10. The suit filed here Tuesday says he was driving along a country road about an hour after an oil well had blown out and covered the road with a pocket of gas. There was an explosion as Bristow's car entered the gas pocket. Bristow died four hours later.

Mr. and Mrs. E. W. Babb, 3100 Avenue T, returned yesterday from a short business trip to Lubbock.

Mrs. P. M. Barrow of Kilgore returned home yesterday after a brief visit with her duaghter, Mrs. J. D. Oliver, and Mr. Oliver here.

Lederhosen Irk Vienna Woman Editorialist

VIENNA, (AP)—The pride and joy of most Austrian males is a pair of short, thigh-length leather pants which, through daily use and years of wear, are so stiff they will stand upright if you let htem on the floor. These are "Lederhosen". For hundreds of years, they were a national peasant costume. In recent years, they have made their way to the cities as a summer outfit. Even the Austrian Chancellor wears them.

Much to the shock of Austrian men, a woman editorial writer in a Vienna socialist newspaper now has bitterly denounced them as a national evil.

"With a people in Lederhosen, anything can be done, provided it is primitive and lacks spirit and culture. Austrians in Lederhosen supported Hitler in 1938," she said. "One day, perhaps, Austrians in Lederhosen will do their national dance in front of the Kremlin."

A Viennese in a particularly black pair of Lederhosen replied bitterly:

"She doesn't know what she is talking about."

WOA THERE!

LOS ANGELES, (AP) — A fast man is truck driver John C. Fahy.

He was hurled to the street when a car struck his vehicle at the top of a hill. Somersaulting to his feet, he saw the truck heading driverless into traffic.

Fahy sprinted after it, leaped on the running board and turned it into the curb. Then he sat on the curb to figure out what had happened.

Oldsters Getting A Break In Developing Labor Shortage

NEW YORK, Nov. 1 (AP)—The oldster is getting a break. It seems there's a labor shortage developing, and younger workers are going into the armed forces or defense production jobs.

Companies who thought a man was washed up at 60—some said he was unhirable after 40—are suddenly discovering that the oldster has virtues of skill, experience and executive talent.

"Don't apologize for growing old—many persons are denied this privilege," the Controllers Institute today reminds its members who are looking for a job once more.

ARMY TAKES YOUNGSTERS

The 40plus club of Connecticut engaged in finding its members news jobs, says that since the Korean war many companies are turning to hiring older men, since they fear loss of younger key personnel to the armed forces or to defense jobs.

A government arsenal at Frankford, Pa., which had a 62 age limit for machinists, tool, die and gauge makers, has raised it to 70.

SKILLS NEEDED

The Office of Defense Manpower says a labor shortage is developing and the labor department is planning a training program for industrial plants to get the skill needed for arms production.

The older age brackets, however, offer a large reservoir of already trained ability. The Census Bureau reports that 12.3 per cent of the men and 13 per cent of the women in the country are over 55. There are 11.5 million persons over 65—one out of every 13 in the country—and both the number and the percentage is growing. There may be 20 million in that age group by 1980.

REPLACEMENTS SHORT

A bumper crop of the very young is coming along. But the age groups on which the military draw, and to which industry normally looks for replacements—the 15 to 35 range—have been growing very little, if at all. In fact, there are two million less in the 15 to 19 group than 10 years ago (That was the depression's short crop of babies).

NEWS FROM UNION

Mrs. Burton Kelley and daughters of Fort Worth visited over the week end with Mr. and Mrs. Owen Miller.

The youth revival at the Baptist Church, with the Rev. Travis La Duke in charge, is to continue through the week. Everyone is invited to attend the night services.

Earl Woolever was honored Tuesday night with a birthday supper. Those attending the supper were Mrs. Hattie Woolever of Levelland, Tex., Mrs. Elsie Collins of Roswell, N. M., Mr. and Mrs. Buster Woolever of Abilene, Mrs. Jack Davis and family, Mrs. Weldon Bills and family, Mr. and Mrs. Truman Davis and children, Mr. and Mrs. Paul Davis, Mr. and Mrs. Thurman Floyd, Mr. and Mrs. Jewhill L. Babcock and children, Mr. and Mrs. O. C. Woolever and children, Patsy Woolever, Avanell Kemp, and Junior Corbell.

A group of girls attended a slumber party in the home of Patsy Woolever after the Snyder-Robert Lee football game. Refreshments of hot dogs and cokes were served to the following: Janet Suffel, Shirley Teague, Janie Stahl, Sandra Blackard, Lanell Green, Joan McDowell, Jenell Smith, Barbara Lewis, Clay Lynn Lavender and Peggy Lundy of Post.

Mr. and Mrs. R. L. Jones of Ira visited Tuesday with Mr. and Mrs. Virgil Jones.

NEWS FROM MURPHY

Mr. and Mrs. Ed Murphy spent Monday night with Mr. and Mrs. Owen Miller near Union.

M. H. Barrett and son, Clint Barrett, spent the week end in Young County.

Mr. and Mrs. Edd Franklin were business visitors in Abilene Monday.

James Edward Weathers, Alfred W. Weathers, Jr., Mr. Zimmerman and Ben Weathers left Wednesday on a deer hunt near Springerville, Ariz.

Mr. and Mrs. Jess Lee and family returned Friday from visiting in Matador.

Mrs. H. A. Smith and Mrs. H. A. Smith, Jr., and daughter Jo Anne visited with Snyder relatives Thursday.

The Rev. J. W. McGahey of Canyon is visiting with his daughter, Mrs. Charles Marr, and husband.

Nell Murphy spent Thursday night with Sherry Yvonne Minton in Snyder.

The Rev. and Mrs. L. Molane were dinner guests Sunday in the Harley Smith home.

Rosa Lee and E. L. Franklin, Brent and Nell Murphy, Freddie Lee and Mrs. Ben Weathers attended the Hallowe'en Carnival at Gail Friday night. Both Mr. Franklin and Mrs. Weathers won prizes on their costumes.

Mr. and Mrs. Ed Murphy are on a three weeks visit to New Mexico.

Mr. and Mrs. H. A. Smith, Jr., and daughter were Sweetwater visitors Saturday.

Mr. and Mrs. George Joyce visited Sunday afternoon with Mrs. Ben Weathers.

Mr. and Mrs. Howard Sterling and daughter attended the church services at Knapp Sunday and were guests in the home of Mr. and Mrs. Loyd Murphy and daughters.

Jimmy Joe Key spent Saturday night with Leon Huddleston.

Mr. and Mrs. Wright Huddleston and family were week end visitors near San Antonio.

The night church services of Knapp for the next few months will begin at 7:00. Sunday school will be at 10 o'clock.

Mr. and Mrs. H. A. Smith, Jr., and Jo Anne spent Sunday visiting with Mr. and Mrs. Robert Green and daughter.

Mr. and Mrs. Billy Jack Dobson and Mr. and Mrs. Raphael Buckhannon visited in the M. G. Davis home during the week end.

Mr. and Mrs. Jake Young and two daughters of Union attended Knapp Church services Sunday night.

Mrs. Howard Brooks and children and Mrs. Pearl Bryant and family, all of San Angelo, spent Sunday in the J. G. Davis home.

Mr. and Mrs. Claude Warren and son Tommy of Merkel and Mrs. Cora Weathers, of Snyder visited relatives here Sunday afternoon and attended the evening church services.

Scavenger Party For High School Group

Mr. and Mrs. O. B. Jordan entertained a group of 40 high school students at a Hallowe'en scavenger hunt Tuesday night. The Jordans live at the Magnolia Camp.

Most guests were members of a Sunday School class of the First Methodist Church.

Sponsors of the party who assisted Mr. and Mrs. Jordan were Miss Katherine Elliott, Mr. and Mrs. Lyman Yoder, and Rosa Hemphill.

About 20,000,000 persons live in the Ohio Valley.

Singapore Fights TB

SINGAPORE, (AP)—The Singapore Anti-Tuberculosis Association plans to build a $500,000 modern, well-equipped treatment center to combat the disease.

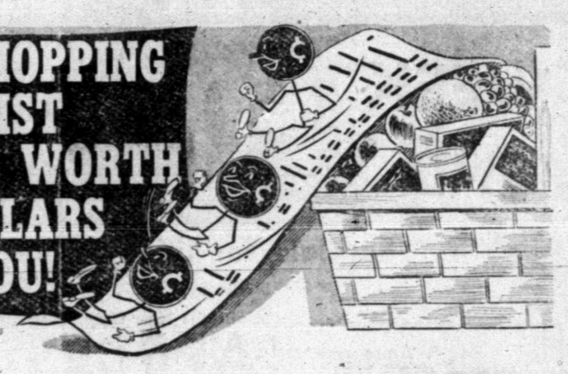

The two-story building will be designed on the lines of the world-famous TB center in Copenhagen with alterations to suit local conditions.

The new clinic will treat 1,500 out-patients a day, five times as many as are being attended now.

For a quick and simple but really delicious French dressing, use one tablespoon of wine vinegar to two tablespoons of olive oil and season with salt, freshly-ground pepper, and "made" mustard.

Collapsible rubber decoy is latest hunting gadget.

Collapsible Rubber Decoy Is Latest Aid in Luring Ducks

CURRITUCK SOUND, N. C.—Wildfowlers everywhere can take duck and goose hunting tips from the canny, game-wise hunters down around Chesapeake Bay.

Wildfowling has been a major sport around here for over 100 years, longer than any other section of the country. And since there are fewer ducks and geese compared to the Midwest states, for example, hunters have been forced to work harder and be much cleverer to get their bag limits.

One trick they've learned is setting out three or four Canada goose decoys with their rigs of duck decoys. This has several advantages—the larger size, and black and white coloring of the Canada goose decoys make the whole rig more conspicuous to game flying overhead. These hunters have also learned that when ducks see, or think they see, Canada geese on the water, they're more easily convinced that the area is safe, since they seem to know that the Canada goose is one of the wariest of all birds.

However, despite the great worth of goose decoys, many hunters are reluctant to use them because they're heavy and bulky to carry. One innovation that solves this problem is the new Duragoose, an all-rubber, inflatable Canada goose decoy. It's made by the Dewey and Almy Chemical Co., and, since it rolls up and fits in a pocket, a hunter can easily carry as many as he needs.

Another aspect of wildfowling lore deals with placing decoys. A general rule to follow might be to work carefully to get a semblance of naturalness. Old Chesapeake hunters long ago discovered the profit in paying close attention to such details as these:

While patterns for decoy rigs may vary, the individual decoys should always ride headed into the wind. Group together the various "species" of decoys in the rig; keep the mallards together, close to the Canada geese, and particularly keep the diving ducks separate from the puddle ducks. The two species do not mix.

Place the rig conspicuously, but not in an unnatural situation. Decoys should be placed in sheltered water, behind a point, for example, not in rough water. They should never be placed in shadow, which simply makes them harder for high flying ducks to see. For example, when gunning along shore, don't place decoys too close to cattails or foliage. They'll be hard to spot there, and it will make the ducks suspicious, since wild ducks normally stay well off shore.

Gas Gangrene Vaccine Hoped For In Future

ST. LOUIS, Nov. 2. (AP)—Hope was offered today for the development of a protective vaccine against gas gangrene, an always-feared complication of war wounds.

Gas gangrene is a wound infection caused by germs that live in soil. Armies fear it because of the possibility of the wounded being contaminated where they fall.

LITTLE PROGRESS

A Canadian doctor told the American Public Health Assn. that statistics for World War II "show that no marked progress has been achieved since 1918 in the specific treatment of gas gangrene in war wounds" despite the use of such drugs as the sulfas and penicillin.

And, said Dr. Victorien Fredette of the University of Montreal, "still less has been accomplished in the way of preventive immunization."

But he declared "new hope" for a vaccine is offered by a substance recently found in cultures of "clostridium perfringens"—the principal germ involved in gas gangrene.

TOP AGENT

He calls it the "bursting factor" because he believes it to be the activating agent that causes toxin, or poison, from the germ to produce infection.

And yet, said the doctor, this separate factor in itself does not have the poisonous properties of toxin. Also, it appears to set up immunity to the germ's action when it is injected into experimental animals.

In tests with guinea pigs, he related, vaccinated animals all survived "challenge" doses of gas gangrene germs.

In contrast, 80 per cent of one group of unvaccinated animals were killed, and 58 per cent of another group.

John W. Leftwich from Abilene visited his mother, Mrs. John W. Leftwich, 2411 Thirty-first Street, while here on business last week.

Crime Backing Los Angeles Mayor Charged

LOS ANGELES, Nov. 2. (AP) — Chief of Police William H. Parker claims the underworld is behind attempts to recall Mayor Fletcher Bowron and that already "gangsters have assigned out various parts of the city and Hollywood is all sold out."

Parker, in speaking at a lawyers club meeting yesterday, said the recall movement against Bowron is the "greatest attempt by the underworld in its history."

The recall election is next Tuesday. There are seven candidates to succeed Bowron in case of his recall.

Chief Parker said an investigation he made showed that "the tentacles of the underworld extend so far that one of the major stockholders of a local downtown building is the former financial wizard of the Capone mob."

The police chief said he discovered this situation in making an invsetigation of a "recall contest" conducted by opponents of Mayor Bowron. Participants in the contest are asked to give their estimate of the number of votes by which Bowron will be recalled. But there will only be a winner, and prises given if he is recalled.

Says Hospitals Grow Better

ATLANTIC CITY, (AP) — Hospitals will be more hospitable in the future if the nation's hospital administrators have their say in planning new hospital buildings.

Of functional modern design with park-like landscaping, the "hospital of tomorrow" will feature private and two-bed rooms, eye appealing color schemes and indoor climate control, according to Bern Benson, director of the hospital division for the Minneapolis-Honeywell Regulator Company. His opinion is based on a survey his company conducted during a convention of the American Hospital Association here.

Margaret Truman Goes On With Show In Spite Assassination Attempt

PORTLAND, Me., Nov. 2. (AP) — Margaret Truman concealed her concern over an attempt on her father's life in her song recital here last night.

Admittedly "upset," the President's daughter showed no sign of it to more than 2,600 Portlanders who received her warmly.

Afterwards she told a backstage interviewer that her mother had telephoned the news of yesterday's gun battle outside Blair House in Washington.

"Naturally I was upset," she said, "but the whole thing was over by then.

"Actually, I was more concerned over the families of the White House guards who were shot."

The 26-year-old soprano hadn't been told, at the time, that one of the guards had died.

Miss Truman got several curtain calls, sang three encores and said she had "a wonderful audience."

Seventeen Portland policemen and a secret service detail guarded the singer.

American Airlines Ends Big Spring Service

BIG SPRING, Nov. 2 — Twenty-one years of air service to Big Spring ended Monday night when an American Airline Convair took off for Midland.

It was the final flight of a service which began March 16, 1929, when the Texas Air Transport made its first run to Big Spring.

Texas Air Transport passed to Southern Air Fast Express, and that in turn merged with American Airways, which eventually became American Airlines.

Adds to Dam Cost

PINE FALLS, Man. (AP)—A swollen river is increasing the cost of Manitoba's huge new power plant here.

Engineers say that as a result the Pine Falls project—last big development possible on the Winnegep River—is likely to cost $21,750,000 instead of the estimated $20,000,000.

First ski club in the United States was organized in 1882 at Berlin, N. H., by a group of Scandinavians.
