Bob Stroot to Bring Chinese Junk Here From St. Louis

Soon Rockport will be home port for a genuine Chinese junk.

The ship, built in Hong Kong in 1968 and named Yu Wong Too, has been bought by Bob Stroot, local realtor and retired Air Force lieutenant colonel. It is now docked in St. Louis, Mo., and will be sailed to Rockport by way of the Mississippi River and the Intracoastal Waterway this month.

The Yu Wong Too is scheduled to leave St. Louis May 15 and it is expected to take about a month to bring her to Rockport, cruising 80 to 90 miles a day, aided by a three-mile an hour river current, according to Stroot.

The junk will be tied up at night at river and Gulf ports. Throughout the cruise, the attractions of the Texas Gulf Coast and especially Rockport will be advertised with printed material and discussions. It is expected that members of the junk's crew will be entertained at a number of yacht clubs on the way south.

In addition to Stroot, crew members will be Charles Jones, Enterprise, Oklahoma, and three others who were associates of Stroot while he was in the Air Force. They are Col. David Langdon, medical officer at Lackland Air Force Base; Col. Zeb Vance, who is stationed in Washington, and Harold Benson of Sioux City, Iowa. Langdon and Vance served with Stroot in Moscow. Benson and Stroot were together in the South Pacific.

Although most of the Mississippi River part of the cruise will be with the 72-horse power diesel auxiliary motor providing power, it is planned to use the junk's three sails when possible, especially on the Intracoastal Waterway leg of the trip, Stroot said.

The Yu Wong Too, which is virtually new, having logged less than 40 hours of cruising time is 38 feet, six inches in length, and 12 feet, six inches wide. Its draft is two feet, 10 inches. The hull is teak wood to the water line and hard wood yacal below. There are three masts rigged with red nylon sails.

Dimensions of the main cabin are 10 by 11 feet with seven-foot headroom. Four of the ship's six bunks are in the main cabin. The other two are under the forward hatch. The head contains a toilet, shower and wash basin. The galley has a stainless steel sink, icebox and food storage locker. In the main cabin, in addition to the bunks, there is a dining table with cushioned seats and nine lockers.

The Yu Wong Too is decorated with hand carvings of Chinese dragons. Its figurehead on the prow is a hand-carved head of a lion. Throughout the voyage to Rockport, the Texas State Flag will be flown.

The Yu Wong Too was shipped from Hong Kong to San Francisco on the deck of a freighter. Another cargo ship carried her down the Pacific Coast, through the Panama Canal and up the Gulf Coast to New Orleans where she was transferred to a river barge for the trip to St. Louis.

The Western world first learned about Chinese junks from Marco Polo, the famed traveler from Venice, when he returned home in the twelfth century after spending 25 years in the Orient. He sailed part of the way home on Kublai Khan's 180-foot royal Chinese junk.

Richard Halburton, modern adventurer and writer, had his last and greatest adventure aboard a Chinese junk. It was lost at sea with all hands during an attempt to cross the Pacific from Hong Kong to the United States.

The Chinese junk was the first ship to be built with compartments in its hold to reduce the hazard of sinking. Also, it was the first to use a single rudder in the stern instead of

Derelict Oil Rig Removed

After almost a year of effort on the part of the Palm Harbor Property Owners Association, the third and last of three derelict oil drilling rigs was removed from Red Fish Bay last week. The other two rigs were moved last fall following orders from the Texas Attorney General's office which threatened court action.

The rigs were moored on state property about a quarter of a mile east of the Intracoastal Waterway midway between Palm Harbor and City by the Sea. One had been in this location for approximately two years, the others for a year or more, apparently to avoid paying dockage fees.

Residents of the area who resented having their view of the bay marred by a collection of unsightly junk, made repeated efforts to have the rigs removed. Contacts were made with the U. S. Corps of Engineers, the U. S. Coast Guard and Texas Parks and Wildlife Department. Apparently none of these organizations had authority to act.

Finally, early last fall a representative of the Palm Harbor Property Owners Association wrote Bob Armstrong, commissioner, General Land Office, in Austin explaining the situation and asking his help in solving the problem. He immediately called on the attorney general to have the drilling rigs removed.

The case was put in the hands of J. Arthur Sandlin, assistant attorney general, who served notice on each of the three rig owners to have the derelicts removed not later than November 25, 1971. Owners of two of the rigs met the deadline, but the third asked for more time. This was granted, but months passed without action. Then it was learned that the rig had been sold, so it was necessary for Sandlin to start the procedure all over.

About a month ago the new owner agreed to have the rig cut up on the site for salvage. After a few days salvage work ceased and there was no action until last week when the wreck was patched, pumped out and towed away. It is understood that high water which has prevailed lately enabled removal of the wreckage by floating.

Members of the Palm Harbor Property Owners Association have expressed their appreciation to Assistant Attorney General Sandlin for his persistent and finally successful efforts to keep state property from being used as a junk yard.

Junior High Field Trip

One hundred and thirty-six seventh grade students, four parents, and four teachers traveled to Kingsville Saturday. The purpose of this trip was for the students to visit the Wildlife Show which was presented by the Biology Department of Texas A&I University.

At the show the students were able to observe many types of snakes, mammals, and birds, most of which were captured in the South Texas area.

After attending the Wildlife Show the group went to the city park to eat lunch and then went to the Kingsville Naval Air Station for an open house and air show. The air show was climaxed by an appearance of the Blue Angels.

Parents and teachers who made the trip were: Mr. and Mrs. Pete Ramirez, Mrs. John Clark, Mrs. J. C. Gurley, Miss Cecila Hoermann, Robert Puster, Carl Stracever and Pat Smith.

V.F.W. To Install Officers

Stewart-Wendell Post 3904, V.F.W. and the Ladies Auxiliary will hold joint installation of officers in the Post home on Market Street Wednesday, May 17 at 7:30 p.m. Installing officers are Mrs. Elroy Peters and Mr. Charlie Garrett.

Elective officers for the post are commander, Jimmie Hunt; sr. vice commander, Eddie Johnson; jr. vice commander, Pete Ramirez; quartermaster, H. C. Mullinax; judge advocate, Robert Hewes; chaplain, Green McGehee; surgeon, Herman Johnson; 3 year trustee, Charlie Garrett. Everyone is invited to attend.

School Board Holds Meeting

The School Board met Monday and took the following actions:

1. Approved minutes of the regular April meeting.
2. Approved regular bills for the prior month.
3. Heard a report from a group of interested school patrons who made suggestions for school improvement.
4. Heard a report from the school Superintendent who explained the four quarter or year around school program as it is being developed by the Texas Education Agency. The year around school program will consist of four quarters of sixty days each. Unless the next Legislature changes the law which was enacted at the last legislative session, all schools in Texas will operate on the four quarter system. This program will become effective beginning in the school year 1973-74. School districts will have the option of continuing the present nine month school program but it will be divided into three quarters rather than two semesters. If approximately 75% of the entire school membership expresses a desire to attend a summer quarter, then the school will operate year around. Much work remains to be done by the Texas Education Agency and local schools in implementing this program. The purpose of such a program would make use of school facilities the entire year, but would make air-conditioning all schools almost necessary.
5. Received resignations from various coaches and coaches' wives presently employed by the school system; namely, Mr. and Mrs. Bloomer, Mr. and Mrs. Johnson and Mr. May, who have accepted positions in the La Grange School System; Mr. Condrey, who has accepted a coaching position in the White Oak School System; Mr. and Mrs. Harper who have accepted positions in the Madisonville School System; Mr. Harralson, who has accepted a position in the Woodsboro School System and Mr. and Mrs. Narrell who have accepted positions in the Alamogodo, New Mexico, School System. Also tendering his resignation was Mr. Paul Zamora who has accepted a position in the Kenedy School System.
6. Employed Mr. Ralph H. Pyle as teacher in the Junior High School.
7. Approved a request by the Parent Teacher League to install two 220 Volt 2-Ton Air Conditioners in the Rockport Elementary School Library.

Fulton School Pre-Registration

Pre-registration for beginning students for the 1972-1973 school year is in progress at the George W. Fulton Elementary school. This will continue through May 19.

Included in the group needing to register are those who will be in kindergarden, first grade next year and those who will be in Head Start this summer.

Those wishing to register should come by the principal's office during school hours and bring a birth certificate and shot record with all required shots listed. It is most important that all who will be in either of the above named programs register as soon as possible.

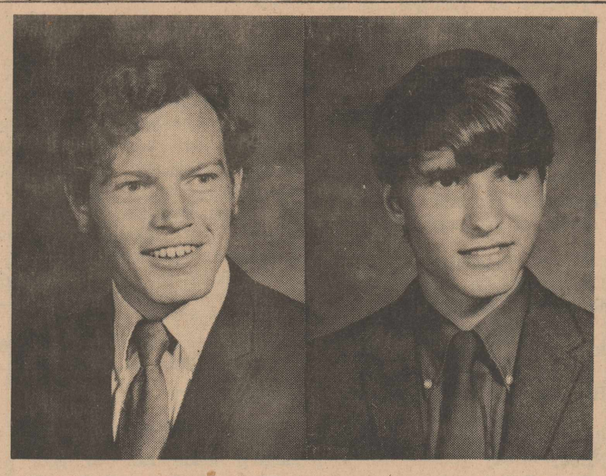

Sixth Grade Students Have Field Day

On Friday afternoon all sixth grade students and teachers at Rockport-Fulton Junior High School reported to the track, rather than the classroom for an intermural track and field meet.

The meet was under the direction of the two sixth grade physical education teachers, Roger Harralson and Mrs. Denise Narvell.

The meet had both a boys and girls division and ribbons were given for the first six places in each event.

Not only did the students enjoy the meet, the teachers enjoyed very much acting as timers, finish judges and tabulators.

DAVID GREGORY FAKE — ALFRED WALTER HEINSOHN

TOP STUDENTS — The Rockport - Fulton' High School named David Gregory Fake as the Valedictorian of the graduating class of 1972. David is the son of the Reverend and Mrs. Charles F. Fake, 705 Pine Street, Rockport.

Alfred Walter Heinsohn was named the Salutatorian of the graduating class of 1972. Alfred is the son of Mr. and Mrs. Fred H. Heinsohn, 110 Pintail Lane, Rockport.

Summer Reading Program Announced

Sail through summer at your public library. Upon reading two books each child will receive a "Sailing Regatta" chart. He will receive a sailboat sticker for each of the first twenty books read, and a fish or seagull sticker for each additional book. Any child reading ten or more books by August 31, will receive a reading certificate to be awarded at the Aransas County Public Library.

This program starts June 1, and is sponsored by the Aransas County Public Library. Prizes will be awarded each child who completes the program, with a special prize for the boy and girl who read the largest number of required books.

There will be a registration "Coke" party at the Aransas County Public Library from 8:30 a.m. until 11:00 a.m., June 2. The Library will need volunteers to help with the summer reading program and extends a special invitation to high school students to participate as volunteers. The telephone number at the library is 729-2390, you may either call or come in person to volunteer.

Decisions Made On Rezoning Requests

The City Planning and Zoning Commission on May 2 approved four rezoning requests. The City Council concurred in three of the decisions but overruled the fourth.

The Council disapproved an application of William Rayburn III, in behalf of the Windjammer Restaurant for the rezoning of two lots from residential to business for parking facilities.

The requests approved by the City Council, in accordance with the recommendations of the Planning and Zoning Commission, included:

Application of Five Star Investment Corporation to rezone some lots in the Smith and Wood Division from residential to business. It was stated that Dennis Jenkins intends to erect a steel warehouse on this property.

Application of Connie Castillo to rezone three lots in Smith and Wood Division from residential to business. An auto sales business is planned for this location.

Application of Itschner Realty acting agent for Raymond L. Zirkel, for rezoning lots in Smith and Wood Division from residential to business. A small office building is planned for this location.

Other actions by the City Council included:

--Accepted a grant agreement from the Texas Water Quality Board for $129,300 to help pay the cost of doubling the sewer plant capacity by increasing it from 500,000 to 1,000,000 gallons per day.

--Awarded to H. D. Heasley a contract for $1,940 for bleachers at the Little League ball park. Other bids received were: Hills Homes Maintenance Service, $2,507.35; and Allen R. Wilkerson, $2,580.

--Agreed to install a street light at Sabinal and N. Church St.

--Set a fee of $100 for petitioners seeking voluntary annexation of property by the city.

Navigation District Holds Meeting

The Board of Navigation and Canal Commissioners met May 2, with Chairman Richard J. Fox presiding. Present were Commissioners David Maguglin, R. W. Landrum, Wm. M. Brown, Jr., and F. M. Rouquette; Attorney Ellis L. Clark and Harbormaster B. C. DeForest.

Minutes of the April 4 regular meeting were read and approved. Treasurer's report was reviewed and placed on file. Monthly bills were approved and checks signed. Statement from Lockwood, Andrews & Newnam, Inc., in amount of $1,284.04 for engineering services through March 31, 1972, in connection with USCED permit, was approved for payment. Motion was made by Commissioner Maguglin, seconded by Commissioner Rouquette and vote carried.

There was discussion of summer water safety program for Rockport and Fulton beaches. It was agreed that emergency telephones will be installed at lifeguard station, Fulton; salt water pool and observation tower, Rockport. Three lifeguards will be employed, plus one relief guard, at wage rate of $1.60 per hour. Lifeguards will go on duty Saturday, May 27, Memorial Day week-end. Powered bullhorns will be purchased for use of guards.

Harbormaster reported that prices of $350.00 and $250.00 respectively had been quoted by Ted R. Little & Sons, Inc., and Wm. Bill Johnson, for deepening salt water pool in areas of diving boards and swings. Commissioner Landrum made motion, seconded by Commissioner Maguglin, that Mr. Johnson, low bidder at $250.00 be employed to dig out pool as soon as tide recedes. Vote carried.

Filing Dates For Campaign Expenses

Following are filing dates for campaign contributions and expenses, according to information issued by Secretary of State Bob Bullock:

May 16: Last day for opposed candidates to file supplemental campaign statements for May 6 Primary Election.

For the June 3 runoff election, the following dates apply:

May 24 through 26: Period for filing of campaign contribution and expenditure statement by candidates.

June 13: Last day for candidate to file supplemental campaign statement.

Woman Posts New Flounder Record

Austin--A Missouri woman has broken the official state record for flounder, landing a 10-pound, 5-ounce whopper at Aransas Pass on Jan. 17, 1972.

The fish, caught by Mrs. Anna Faye Highfill of St. Charles, was 29 1/2 inches long. It ids-places a 9-pound, 4-ounche fish in the record book.

Texas fish records are maintained by the Texas Parks and Wildlife Department's Game Fish Records Committee in Austin.

Democratic Primary Election Draws 2,785 of 4,300 Voters

Of the 4,300 eligible voters in Aransas County, a total of 2,785 cast ballots in the Democratic primary election last Saturday.

One of the most interesting races was for County Commissioner, Precinct 1, in which Erie T. Eller and Raulie Irwin were the top vote getters and will face each other in runoff election Jun 3.

Eller received 212 votes and Irwin 145.

Other candidates and their totals were Dr. H. F. Elliot 139, Mickey Casterline 120, Milton Mundine 75, Manuel Betancourt 56 and William Gaskin 35.

In the contest for County Commissioner, Precinct 3, Raymond Owens received 523 votes and defeated Robert M. Hill who got 260 votes.

Incumbent Bob Hewes scored a decisive victory in his quest for reelection and received 2,085 votes, far outdistancing Joe Earl Hunt who got 372 and Charles Cosby who received 241.

In the race for County Attorney, incumbent Ellis L. Clark won reelection with 1,555 votes to David McCarthy's 1,029.

Results of the contest for Constable, Precinct 1 were: Kenneth McGary 265, Dowell King 217 and Donald Beard 188. McGary and King will oppose each other in the June 3 runoff.

For Constable, Precinct 2, John H. Ray, Jr., defeated Loyl R. Towler 408 to 154.

In uncontested races for county offices, results were as follows:

John H. Flinn, District Attorney, 1,703.

Agnes "Tony" Harden, District Clerk, 2,093.

Ruby Hart, County Clerk, 2,162.

Margaret Weber, County Tax Assessor-Collector, 2,309.

Roy Hinton, Justice of Peace, Precinct 2, 502.

Buddy McLester, Constable, Precinct 3, 648.

John Stockbridge, Constable, Precinct 4, 250.

Precinct 3 Chairman, Freddie A. Lingner, 587.

Precinct 4 Chairman, L. E. Casterline, 159.

Precinct 4-A Chairman, Louise A. Wilken, 123.

In the busing referendum, 1,537 voters expressed their opposition to busing and 469 expressed approval of busing.

In district and state contests, Aransas County residents voted in favor of the following:

For U. S. Senator, Ralph W. Yarborough.

U. S. Rep., 14th District, John Young.

Governor, Dolph Briscoe.

Lieutenant Governor, Wayne Connally.

Attorney General, John Hill.

Comptroller of Public Accounts, Robert S. Calvert.

State Treasurer, Jesse James.

Commissioner of Agriculture, John C. White.

Railroad Commissioner, Byron Tunnell.

A. R. "Babe" Schwartz who got 1,303 while Dean Nugent got 947.

State Rep., 41st District, Place 1, Leroy J. Wieting who got 1,370 compared to 1,159 for Richard Mason.

Associate Justice, Courts of Civil Appeals, 13th District, Horace S. Young.

The computer print-out, showing the detailed election returns, is available in the County Clerk's office.

Aransas Pass-Rockport Fifth Leading Fishing Port In United States

Aransas Pass-Rockport ranked fifth of all fishing ports in the nation in 1971 in terms of value of catch, according to U. S. Department of Commerce statistics.

The Aransas Pass-Rockport area brought in $16.1 million worth of fish during the year, the report showed.

Commercial fishermen in the San Pedro, California area were credited with $58.4 million, tops in the nation.

The Port Isabel-Brownsville area, with $22.8 million, was listed as second.

Freeport was eighth with $12.8 million.

Rotarians Hear Du Pont Executive

Employment of 300 to 320 persons with an annual payroll of approximately five million dollars plus local purchases amounting to several million dollars were predicted for the Ingleside du Pont Chemical plant by Bob Franz, plant general manager speaking at a luncheon meeting of Rotary Club May 3 at Corky's restaurant.

The first phase of the plant will be in operation by the summer or early fall of 1973, according to Franz, who added that the plant will be expanded later to embrace additional manufacturing operations. Basic purpose of the facility is to produce chemicals from which the refrigeration gas freon is made. Freon also is used in aerosol sprays. Raw material used in the process will be Texas natural gas.

Construction of the plant already is under way on 200 acres of the 1,500-acre tract purchased by duPont adjacent to the Corpus Christi ship channel. Products will be shipped from the plant by water, rail and highway, according to Franz. He said between 200 and 225 of the plant's employees will be from this area. Approximately 90 families from other duPont facilities will be transferred here, Franz said.

Important consideration involved in selection of the Ingleside location for the plant included availability of raw material, ability to ship by water, rail and highway, cost of building the plant, availability of an adequate labor force and good quality of communities in the vicinity of the plant, according to Franz.

Franz said that once the duPont plant is in operation, there will be a distinct possibility that it might attract satellite industries which will use some of the plant's products.

Referring to the recent controversy over the plant's possible effect on the environment, Franz said extensive studies indicated there would be no adverse effects on the quality of air and water. However, because of objections from conservationists, duPont decided to set even higher standards. These recently were approved and construction of the plant is proceeding.

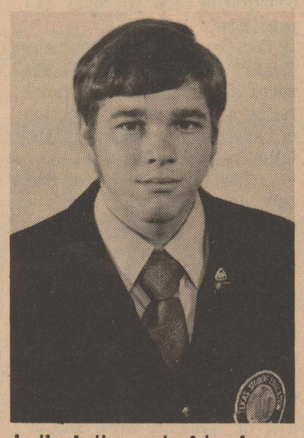

"Even though we were certain our original standards were adequate, we wanted to be sure that all possible objections were met. It is the policy of duPont to be regarded as a good 'citizen' of the community."

FIRST GRADERS

Registration of first grade pupils will continue at the Rockport Elementary School office through May 19. To enroll, a child must be six on or before the first day of September, 1972. Registration for Head Start and Kindergarten will take place at the same time.

Steve Shaver Is Honored

Steve Shaver, son of Carl and Faye Shaver, recently was elected associate vice president of the Student Education Association. TSEA is a statewide association affiliated with the National Education Association and the Texas State Teachers Association. One of the main objectives of TSEA

is the betterment of teachers, classrooms and education in public schools.

Shaver graduated from Rockport-Fulton High School in 1969. There, under the guidance of his Future Teachers of America sponsor, Mrs. Dee Mitchell, he developed an interest in teaching. While in high school he attended the FTA convention his junior year and was elected historian of the local chapter his senior year.

In September of 1969 he entered Del Mar College, joined TSEA chapter and was elected reporter his freshman year and also helped host the TSEA state convention.

While a sophomore he was elected president of the Del Mar chapter, attended the state convention and was elected state committeeman for membership and area treasurer. During his junior year he was elected treasurer for the TSEA chapter at Texas A&I at Kingsville.

On March 5, 1972, Shaver was elected state associate vice president of TSEA. His duties include serving on the state executive committee and being president of District 4 (Austin to Brownsville). He will officially take office June 1. He was in Abilene May 4-6 for his first state executive meeting to help plan the TSEA program for the year, 1972-73. On April 20 he was elected (and installed on May 2) as parliamentarian of the Texas A&I chapter.

Horse Show On May 21

The South Texas Mounted Squares will host an open horse show and playday May 21 beginning at 10 a.m. at the Hanging Tree Arena on Highway 35 between Rockport and Aransas Pass. two rudders slung over the sides.

Junks have been described as "perpetually sailing downhill" because of their high stern and low bow. Junk builders consider the rudder the most important single feature of the ship. Its design has been unchanged for centuries, and it has been described as resembling a slab of squared-off Swiss cheese with diamond shaped holes.

"It is most important," declared one veteran junk builder. "The rudder must be built just so. It tells the ship where to go, and guides it safely into harbor."

Junks as long as 400 feet are known to have been built in the past. Those built today are on a more moderate scale, but all follow a fixed design which has been used for centuries. Most of them are built in one of Hong Kong's dozens of shipyards, many of which build only junks.

It is estimated that more than 8,000 Chinese junks call Hong Kong home port. They are used to carry merchandise and passengers, for commercial fishing and as floating homes for thousands. There are believed to be more than 100 Hong Kong-built junks in the United States, most of them equipped with auxiliary motors and other refinements.

Some modern equipment such as electric drills and saws are used by today's junk builders, but otherwise they are hand crafted by workmen who follow the same methods as did their fathers and fathers' fathers in generations past.

Pleasure junks, many of which are built for export, range in length from 30 to 65 feet and are priced from $6,000 to $40,000 and more depending on engines and interior decorations and equipment.

Chinese junks are supposed to last from 60 to 80 years, and some have been known to remain seaworthy for a century. Stroot's junk is about five years old so it is expected to be around for a long time.

Statement on Late Filing of Expenses By Candidates

As was pointed out in a recent issue of the Rockport Pilot, Article 14.08 (h) provides that "Any candidate failing to file sworn statement (of contributions and expenditures) at the time provided **** shall forfeit his right to have his name placed upon the ballot at any subsequent primary, special or general election." Article 14.09 provides that "Any candidate who shall knowingly permit or assent to the violation of any provision of this Chapter***** shall thereby forfeit his right to have his named placed upon the primary ballot, or if nominated in the primary election, to have his name placed on the official ballot at the general election."

The above provisions have been most recently construed by the Fort Worth Court of Civil Appeals in its 1966 decision in Gray vs. State. In that case, a candidate for the office of Justice of the Peace in Tarrant County, through his own ignorance, did not file his sworn statement until the sixth day following the primary election, such statement reflecting that $205.60 had been spent by the candidate, including the filing fee, all of said amount constituting the personal expenditure.

The Court held that the candidate was entitled to have his name placed on the official ballot at the general election of November, 1966, with the following reasoning:

..."We are convinced that only in an instance where a candidate would intentionally and culpably delay filing the required statement (in other word when he would do so with actual or implied knowledge that the electorate would be deceived concerning the identity of those who were aiding him in his efforts to win a nomination or elective office and/or the amount of aid being received therefrom) that such 'sin of omission' should justify judicial deprivation of any victory won in the subsequent election...."

The Court further stated:.... "In the absence of any culpability connected with appelant's delay in filing the required statement---and absence thereof is established---it is our conclusition and holding that to declare forfeiture of his right to be named on the ballot at the succeeding general election as the candidate for....the office Justice of the Peace....would be in conflict with and to defeat the legislative purpose declared in the Election Code.

LOUISA'S LETTER

Dear Louisa,

I am planning to be married in June and the wedding will take place in the church at 12 o'clock noon. A brunch will be served later to the guests at the country club.

Now my problem is that I have just so much money to spend for my wedding and as the food at the club is charged per person I cannot afford to have all the children in our two families there. My fiance seems to be disturbed over this as he is very fond of his little nieces and nephews. Would it be proper to ask the adults. to the club and include the children for the church? Some of the children are preschool age. What should I do in a case like this?

Confused--Va.

Answer:

If there are a great many children in the family and you plan to have an elaborate sit down brunch, you could send the invitations to Mr. and Mrs. and later on tell the mothers of the children that you would like to have the children for the ceremony in the church but haven't the places for so many at the club.

Or, you might confine club invitations to the bridal party and close relatives.

However it may be a better plan to have simple refreshments, served buffet style, and invite grown ups and children.

I think a great deal depends on how close the families are and whether they prefer simple things that include the youngsters or whether they expect something more elaborate.

Louisa.

Shrimp Landings Show Increase

Shrimp landings in Texas in March amounted to 2.3 million pounds valued at $3.9 million. This was 600,000 pounds above the volume and $1.8 million above the value of landings in March 1971. The Brownsville-Port Isabel area accounted for 51 percent of the State's volume followed by Aransas Pass-Rockport with 22 percent and Freeport with 11 percent. The following table represents landings of headless shrimp for specified areas and periods:

Area	March 1972/1	January/ March 1971	January March 1972/1
Port Arthur-Sabine	84,100	205,100	282,800
Galveston-Seabrook	191,700	455,100	617,300
Freeport	249,500	677,800	771,900
Matagorda-Palacios	22,100	108,000	95,600
Port Lavaca-Port O'Connor-Seadrift	62,100	139,900	175,800
Aransas Pass-Rockport	495,400	1,038,000	1,433,700
Brownsville-Port Isabel-Port Mansfield	1,161,800	2,780,700	2, 20,000
Total	2,266,700	5,404,600	6,607,100

1/ Preliminary

Trawlers working brown shrimp made fair to poor catches of large shrimp in waters beyond 25 fathoms from the high seas off Tampico to south of Morgan City, La. Trip averages of 150-200 pounds per night were reported from all major ports. Vessels made short broken trips throughout March as high winds and rough seas prevailed along the entire western Gulf coast. Vessels working pink shrimp in the Gulf of Campeche made trip catches of 200-300 pounds per night or slightly better than during March of the past 3 years. Units working white shrimp adjacent to major passes caught 100-300 pounds per day of medium to small shrimp.

Oyster landings totaled 21,000 barrels in March yielding 367,000 pounds of good quality meats. Hot dry weather reduced the yield per barrel to about 2 gallons in all areas. Fishermen received from $9.00 - $14.00 per barrel depending upon degree of culling. Current landings were down 44 percent below landings in March 1971.

Blue crab landings amounted to 350,000 pounds in March compared with 273,000 pounds in March 1971. The increase in production resulted largely from unseasonably warm waters. Fishermen received 10-12 cents per pound for live crabs.

Five new large vessels and four smaller documented units were launched in March and will fish from Texas ports. One vessel was lost at sea.

Sports fishing activity along the Texas coast increased sharply over the previous month due to warm water temperatures and an abundance of live bait in most major systems. Offshore party boats were restricted to port most of the month, however, because of high winds and rough seas.

Library News

Mrs. J. H. Harrison, Librarian, Aransas County Public Library, and Mrs. A. C. Hamon, Assistant Librarian, attended a meeting of the Coastal Bend Library Association at Key Allegro Island Restaurant on Saturday, May 6, 1972.

Peter Percival, the Applied Programs Director of the University of Texas Marine Science Institute at Port Aransas, gave an extemporaneous talk on the necessity of the Public Library to meet the needs of retired people and senior citizens.

The Aransas County Public Library is planning a weekly story hour for pre-schoolers, to be held on Friday mornings from 10:30 until 11:00, the date will be announced later. A number of people have volunteered to conduct one story hour each, there is still a need for more "story tellers," if you have any experience in this field and are willing to work in this program, please contact the library by telephone, 729-2390, or in person.

The following people have donated books to the Library:

Bonnie Cloverdale, Mrs. Geo. M. Hogan, Mrs. Hugh Thompson, Tom Moore (History of Uvalde), Mr. Pollard, Mrs. Alicia Anderson, Mrs. Louise Zeisler, Grace Hawes, Mrs. Marion McArdle, Mrs. John A. Anderson; Mrs. Connie Hagar and Mrs. Dorothy Morrison donated National Geographics in response to the Library's request for specific issues.

Fred Kleine Plans Bay Improvements

Fred C. Kleine, Jr., has filed the following application with the Corps of Engineers for improvements in Copano Bay:

To dredge and fill an area and construct a bulkhead, breakwater, boat ramp and place a riprap revetment at the above location. A channel 50 by 340 feet would be dredged to a depth of 5 feet below mean low tide from the bay shoreward terminating in a basin approximately 200 by 360 feet with a depth of 4 to 5 feet below mean low tide adjacent to shore.

A concrete block and fill breakwater and timber and pile bulkhead would be placed around the basin and a boat ramp would extend into the basin from shore. Riprap would be placed approximately 40 feet bayward from and parallel to the 4,630 feet of shoreline to the east of the basin to prevent further erosion.

Approximately 16,000 cubic yards of excavated material would be removed from the channel and basin and placed behind the structures. Approximately 9,260 cubic yards of additional material would be excavated from the bay in front of the riprap along the shoreline east of the basin and placed behind the riprap.

GIRL SCOUTS NEWS

The local Girl Scouts held their annual Fly-Up ceremony May 8 at the Paws & Taws building in Fulton. Mrs. Willie Rice, Jr., G.S. leader from Troop 469, was mistress of ceremonies.

The evening began with a flag ceremony performed by 3 cadettes, 3 juniors and 3 brownies. The brownie and girl scout promise was then recited by all the scouts.

To finish the opening ceremony, the non-fly-up girls from Brownie Troop 411 lead the audience in singing "America."

A very impressive candlelight ceremony was held to demonstrate the 3 parts of the promise and the 10 Girl Scout laws.

The girls flying-up from Mrs. Marge Woody's Brownie Troop 411, with Mrs. June Gregory assisting, are as follows: Nancy Adams, Terry & Tommy Huff, Jamie Meeker, Barbara Mosier, Genevieve Mundine, Elizabeth Parr, Barbara Pash, Beth Randow, and Sara Solis.

Brownie Troop 431, with Mrs. Gladys Tillison as leader, and Mrs. Barbara Maley and Mrs. Linda Underwood as assistants, had the following girls to fly-up: Connie Flores, Jamie Friar, Stephanie Hattenbach, Gwendolyn James, Ruby Jordon, Sherry Miley, Kathleen Tillison and Cheryl and Carol Witt.

Mrs. Rice's Junior Troop 469, with Mrs. Barbara Armstrong assistant, had 7 girls to bridge into Cadettes. They are as follows: Wynne Armstrong, Veronica Gonzales, Kathe Heffernan, Linda Holland, Tracy Huff, Marcella Jackson and Vicky Rice.

Kay Bell bridged into Senior Scouts, with Miss Elizabeth Whitney, present cadette leader from Troop 361, greeting her as the Senior leader this fall.

It was announced that Mrs. Lois Gurley is the new service team director.

As a closing, the non-fly-ups from Brownie Troop 431 lead in "Girl Scouts Together" and "Taps."

CARD OF THANKS

The recent bereavement which visited our home has brought to us a greater appreciation of our friends. For the beautiful service, floral offerings, food and other kindnesses, we are deeply grateful. Such kindnesses and neighborly thoughtfulness can never be forgotten.

The family of John L. Brundrett p8

CARD OF THANKS

I would like to thank everyone for the flowers, cards, visits and other acts of kindness shown me during my stay in the hospital.

MENTAL HEALTH MATTERS

National Institute of Mental Health

VIOLENT BEHAVIOR

The term, violence, is generally used to describe behavior which leads to the physical injury of other persons by a violent individual.

The study of violence, moreover, is a prime concern in the field of crime and delinquency. Within recent years, the increasing rates of violent crime, civil disorders, and the assassinations of national leaders have created widespread alarm and apprehension.

Scientific scrutiny and the development of understanding of the mechanisms of violence are clearly vital. This is why the National Institute of Mental Health's Center for Studies of Crime and Delinquency is deeply involved in studying individual violence--as part of its larger mission in prevention, control, and treatment of behavior which violates laws or comes to be viewed and handled as a kind of mental illness.

The program is focused on developing knowledge about aggressive, violent, and destructive behavior which affects large numbers of the population.

Studies of aggression in children, for example, are adding significant new pieces of information. One investigation compared aggressive and inhibited boys and their parents to determine the development of aggressive ways of behavior.

Results of the study indicate that how the parents punished or rewarded the children were important in determining the boys' aggressive reactions and the nature of aggression they displayed.

Another study included the entire third grade of a county, their teachers, and their parents. Findings of this study show that physical punishment does not foster the kind of parental identification that is conducive to conscience development. By contrast, methods of punishment which temporarily withheld parental attention and approval seemed to work favorably for conscience development.

Studies of crime and violence in various age groups are also among the wide-ranging scientific inquiries being carried on or supported by the Center. Research like this is the key to unlock new doors and provide solutions for the serious, massive, and complex problems of violence; and we anticipate expanding of such research and other program areas that will lead to the prevention and control of violence.

Questions and Answers

SOCIAL SECURITY 987-65-4320

Q. I am 62 years old and get social security benefits as a widow. Will Medicare help pay any of my medical expenses?

A. No. Medicare only helps to pay hospital and medical bills for people 65 or older. If you can't pay your medical expenses, you may be eligible for Medicaid. Medicaid helps pay the medical bills of individuals at any age based on their need. Call your local welfare office for more information about the Medicaid program.

Q. My mother who was 68 died last month. Since I paid some of her doctor bills, could I receive any payment from Medicare for these bills?

A. You could receive partial reimbursement. You should ask the doctor for a receipt showing you paid the bills in full and the date, place, charge for, and description of each service. Call any social security office for help in completing a claim for payment.

Q. I'm enrolled in both parts of Medicare and I need new dentures. Will Medicare pay for them?

A. No, Medicare does not cover such items as dentures, hearing aids, or eye glasses.

Economic Stabilization Questions and Answers

Internal Revenue Service

Q: For competitive reasons, I don't want to increase rent 2 1/2 percent for my tenants this year. If I don't raise rent by that amount this year, do I lose the right to make that increase next year?

A: No. A recent amendment to the rent regulations makes it clear that the 2 1/2 percent annual permissible increase may be carried over to the next year if it is not used in the current year.

Q: If a firm is classed as a prenotifier as far as price controls are concerned, must it also prenotify wage increases?

A: A firm may be classed in one category for price adjustments and make pay adjustments that are classed in another category. For more information on how economic units are classified as either prenotifiers, reporting or nonreporting firms, see IRS Publication S-5, "Price and Wage Classification." It's available free at your local IRS office.

Q: Does a new retail firm have to wait one year to determine if its annual sales total $100,000 before qualifying for the exemption from all price controls?

A: No. If at the end of its first three months of operation, a retail firm has sales of less than $25,000 and does not anticipate its volume to exceed that rate, it will be exempt from further regulation. However, if in any succeeding quarter, the retailer's sales surpass the annual rate of $100,000, the firm will again be subject to regulation and will be limited to its base prices plus allowable increases. In no event will the firm be permitted to establish new base prices, and after the firm has completed one year of business, the total sales or revenues will determine the exemption status for the next year.

The same procedure may be employed to determine if a retailer must "prominently" post his base prices, a requirement which is not demanded of retailers with annual sales or revenues of less than $200,000.

Q: I'd like to raise the wages of some employees at my drive-in from $1.60 per hour to $1.80. Would this increase count towards the Pay Board's 5.5 percent standard?

Book Tea Is Success

The Fellowship Hall of the First United Methodist Church was the scene of a Book Tea on the afternoon of Sunday, May 7. At the tea, guests were given the opportunity to donate books or money to the Church library.

The Wesleyan Service Guild cooperated with the Library Committee in planning the tea. The chairman of the Library Committee is Mrs. Jack Horton, and president of the Wesleyan Service Guild is Mrs. B. W. Hamblin.

Others who assisted with the arrangements and in planning the program were Mrs. Lee Roy Young, Mrs. E. N. Adams, Mrs. Barbara Rogers, Mrs. Tom Jessee, Mrs. John Haynes and Mrs. Joe Randow.

Those who assisted in serving refreshments were Mrs. Roberta Hensley, Mrs. D. J. Adams, Mrs. J. D. Gray, Mrs. Tom Moore, Mrs. W. W. Stubbs, Mrs. C. L. Thomas, Mrs. Charles Garrett and Mrs. A. S. Harris.

Guests had the pleasure of hearing several students play the piano. Those who played were Greta Adams, Susan Stafford, De Lois Young, Beth Randow, and Mark McGlathery.

Several high school students also presented a skit which was enjoyed by all those present. Students who participated in the skit were Mary Harrist, Karen Bracht, Kaye Lauer, Al Griffis, Jim McBride, and Rusty Morrison. Approximately 40 persons attended the tea.

Anne Smith Is Honored

Miss Anne Smith, bride elect of Mark Johnson, was honored with a sherry party Saturday at the home of her aunt, Mrs. John Womack, in Kingsville.

Other hostesses were Mrs. O. D. Rosse, Mrs. Bill Coleman and Mrs. Richard Castillo.

Attending the party from Rockport were Mrs. T. J. Johnson and Stacey, Mrs. Wanda Sparks and Mrs. Elaine Smith.

The Kinsey Report

One of my undercover agents has been doing some checking at the Aransas County Public Library.

He made a startling discover. He found that the library is much more than just a place to borrow books and periodicals to improve your mind.

He discovered that the Library also is a place where romance blossoms.

First, Cupid took aim and found the target in Corinne Crabb, the Librarian, and Col. J. H. Harrison, Chairman of the Library Board. They were married recently, and ever since that important occasion the Library has taken on a new sparkle.

Even the Library Board meetings, with Corinne and the colonel in attendance, has become less bookish and you occasionally hear "Yes, dear" instead of "I second the motion."

Now, Cupid's arrow has singled out a Library Volunteer for romance. This time it is Dorothy Morrison who will become the bride of "Uncle John" Leslie later this month.

As we said, our Library no longer is just a place for books, it's also a place where romance blossoms.

I want to take this means to thank everyone who supported me in the May 6 Primary.

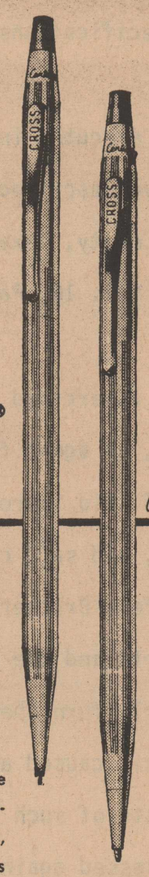

Thank You,

Milton (Cotton) Mundine

ORDINANCE NO. 303

AN ORDINANCE CLOSING THE HEARING GIVEN TO THE REAL AND TRUE OWNERS OF PROPERTY ABUTTING UPON SUNDRY STREETS IN THE CITY OF ROCKPORT, TEXAS, WITHIN THE LIMITS HEREINAFTER DEFINED, AS TO SPECIAL BENEFITS TO ACCRUE TO SAID PROPERTY AND THE REAL AND TRUE OWNERS THEREOF BY VIRTUE OF THE IMPROVEMENTS OF SAID STREETS WITHIN SAID LIMITS, AND AS TO ANY ERRORS, INVALIDITIES OR IRREGULARITIES IN ANY OF THE PROCEEDINGS OR CONTRACT THEREFOR; OVERRULING AND DENYING ALL PROTESTS AND OBJECTIONS OFFERED; FINDING AND DETERMINING THAT EACH AND EVERY PARCEL OF PROPERTY ABUTTING UPON SAID STREETS WITHIN THE LIMITS DEFINED WILL BE SPECIALLY BENEFITED AND ENHANCED IN VALUE IN EXCESS OF THE AMOUNT OF THE COST OF SAID IMPROVEMENTS PROPOSED TO BE, AND AS, ASSESSED AGAINST SAID PROPERTY, AND THE REAL AND TRUE OWNERS THEREOF, AND LEVYING AN ASSESSMENT FOR THE PAYMENT OF A PORTION OF THE COST OF IMPROVING SAID STREET WITHIN SAID LIMITS DEFINED, FIXING A CHARGE AND LIEN AGAINST SAID PROPERTIES, AND THE REAL AND TRUE OWNERS THEREOF, THE MANNER AND TIME OF PAYMENT THEREOF, AND PROVIDING FOR THE MANNER AND METHOD OF COLLECTION OF SAID ASSESSMENTS; AND PROVIDING THAT THIS ORDINANCE SHALL BECOME EFFECTIVE IMMEDIATELY UPON ITS PASSAGE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

SECTION 1. The City Council of the City of Rockport, Texas, finds:

(a) That the City Council of the City of Rockport, Texas, has heretofore by ordinance duly enacted, determined the necessity for, and ordered the improvement of portions of Market Street in the City of Rockport, Texas, within the limits therein defined, and in the manner and according to the plans and specifications therefor, which plans and specifications have heretofore been approved and adopted by said City Council.

(b) That a notice duly executed in the name of the City of Rockport, Texas, of the enactment of said above described ordinance has heretofore been filed with the County Clerk of Aransas County, Texas, the County in which said City of Rockport is situated, and recorded in Vol. 16, Page 74 of the Mechanic Lien Records on the 8th day of March, 1972.

(c) That, after having advertised for bids in the manner as required by law, the State Highway Department, as agent for the City of Rockport, did award the contract for the construction of said improvements to Heldenfels Brothers, upon its lowest and best bid therefor, and said contract, which is dated March 13, 1972, has been executed by said Heldenfels Brothers and by the State Highway Department, as agent for the City of Rockport; and the performance bond required by law and by said contract has been properly furnished by the said Heldenfels Brothers.

(d) That the City Council caused an employee of the City of Rockport to prepare and file estimates of the costs of such improvements and estimates of the amount per front foot proposed to be assessed against the property abutting each of said streets within the limits defined, and against the real and true owners thereof.

(e) That upon the filing of said estimates the City Council did by ordinance duly enacted on March 21, 1972, provide for and order a hearing to be held at 7:00 p. m. on the 18th day of April, 1972, in the Council Chamber of the City of Rockport, Texas, at which time and place all persons, firms, corporations and estates owning or claiming any such abutting property, or any interest therein, and their agents and attorneys, and all other persons interested therein, were to appear and be heard in person or by counsel; and such ordinance directed the Mayor to give due notice of such hearing in the manner required by law.

(f) That after due publication of notice as required by law, and on the 18th day of April, 1972, at 7:00 p.m., said hearing was opened and held in accordance with said ordinance and notice, at which time and place an opportunity was given to all of the above mentioned parties and agents and attorneys to be heard and to offer evidence as to all matters in accordance with said ordinance and notice, at which time the following appeared and testified as follows:

Emory M. Spencer then testified that he is well acquainted with property values, having been in the real estate business for the past 30 years; and that he has, within the past 30 days, inspected each parcel of property abutting upon Market Street from Highway 35 East to Church Street. In his opinion the abutting property would, if such improvements were made, enhance in value equal to the amount assessed and, in some instances, would enhance in value greater than the proposed assessment against such properties.

William H. Bloch then testified that he has experience in appraising land values having legally represented developers of urban subdivisions, and he himself is owner and developer of Peninsula Park in Rockport. He has, within the past 30 days, inspected each parcel of property abutting upon Market Street between Highway 35 and Church Street. In his judgement, improvements proposed for this portion of Market Street would enhance the values of properties abutting Market Street, equalling the assessment against the properties or, in some cases, enhancement of values would exceed the proposed assessment.

The Mayor then asked if there were any other parties present who desired to be heard on any matter in connection with the improvements under consideration, but there being no other persons present who wished to be heard at such hearing; the Mayor announced that the hearing was closed and directed the attorney for the city to prepare an Ordinance incorporating the findings of the City Council when made.

(g) That at said hearing no protests, objections or testimony were offered as to said improvements, the contracts or assessments therefor, or as to any of the proceedings in reference thereto except as hereinabove set out; that the City Council has heard all parties who appeared and desired to testify, object or protest as to the special benefits in enhanced value to accrue to said abutting property and the real and true owners thereof as compared with the portion of the cost of constructing said improvements proposed to be assessed against said abutting property, and has heard all parties appearing and offering testimony, together with all objections and protests relative to such matters and relative to any errors, invalidities or irregularities in any of the proceedings and contract for said improvements, and has given a full and fair hearing to all parties making or desiring to make any such protest or objection or to offer testimony, and has fully examined and considered all of said evidence, matters, testimony and objections offered.

(h) That said City Council did consider and correct all errors, invalidities or deficiencies called to its attention and did find that all proceedings and contracts were proper and in accordance with the laws under which same are being had and with the directives of said City Council in reference to such improvements, and that all of same are in all respects valid and regular.

(i) That based on the evidence, matters, testimony and objections considered at such hearing the said City Council has determined that the properties, and each and every parcel of such property abutting upon the streets and Units as hereinafter set out, will be enhanced in value and specially benefited by the construction of such improvements in an amount in excess of the amount of the cost of such improvements proposed to be, and as hereinafter, assessed against each of said parcels of property, abutting upon said streets, and the real and true owners thereof.

(j) That said City Council is of the opinion, and finds, that the Front Foot Plan or Rule is just and equitable, and the City Council has determined to apportion and assess the cost on the Front Foot Plan or Rule, having in view the special benefits in enhanced value of the properties and the equities of the owners; and the City Council has found upon the evidence considered that the assessments hereinafter made and the charges hereby declared against said abutting properties and the real and true owners thereof are just and equitable, and all objections and protests should be overruled and denied.

That said City Council has adopted the rule of apportionment and division of the costs of said improvements between said abutting properties and the real and true owners thereof herein set forth and has found the same to be just and equitable and to produce substantial equality considering the benefits to be received and the burdens imposed thereby; and said City Council has further found upon the evidence considered that the assessments hereinafter made and the charges hereby declared against said abutting properties and the real and true owners thereof are just and equitable, and that all objections and protests should be overruled and denied.

SECTION 2. There being no further protests or testimony for or against or in reference to said improvements, benefits or proceedings, said hearing granted to the real and true owners of properties abutting upon said streets or Units within the limits herein defined, and to all persons, firms, corporations and estates, owning or claiming same or any interest therein, shall be, and the same is hereby closed, and all protests and objections whether specifically mentioned or not, shall be, and the same are hereby overruled and denied.

SECTION 3. The City Council hereby finds and determines upon the evidence heard in reference to each and every parcel of property abutting upon the streets and Units hereinafter set out that the enhancement in value to accrue to said property and the real and true owners thereof by virtue of the construction of said improvements in said portions of said streets, will be in excess of the amount of the costs of said improvements proposed to be, and as herein assessed against said abutting properties and the real and true owners thereof; and finds that the appor-

tionment of the costs of said improvements and the assessments hereinbelow made are just and equitable and produce substantial equality, considering the benefits received and the burdens imposed thereby, and are in accordance with the laws of the State of Texas; and further finds that all proceedings and contracts heretofore had with reference to said improvements are in all respects regular, proper and valid, and that all prerequisites to the fixing of the assessment liens against such abutting properties, as hereinafter described, and the personal liability of the real and true owners thereof, whether named or correctly named herein or not, have been in all things regularly had and performed in compliance with the law and the proceedings of said City Council.

SECTION 4. In pursuance of said Ordinance duly enacted by said City Council authorizing and ordering the improvement of said streets and units, including the said portions of streets and Units hereinbelow set out, and in pursuance of said proceedings heretofore had and enacted by said City Council in reference to said improvements and by virtue of the powers vested in said City with respect to said street improvements by the laws of the State of Texas, with particular reference to Chapter 106 of the Acts of the First Called Session of the 40th Legislature of the State of Texas, known and shown as Article 1105-b, Vernon's Annotated Civil Statutes of Texas, as amended, there shall be, and is hereby levied, assessed and taxed against the respective parcels of property hereinafter described and abutting upon the said streets and Units hereinafter set out and within the limits below defined and against the real and true owners of such property whether such real and true owners be named, or correctly named, or said properties be correctly described herein or not, the several sums of money hereinbelow mentioned and itemized opposite the description of the respective parcels of said property, the description of such property, the number of front feet of each, and the several amounts assessed against the same and the real and true owners thereof, and the names of the apparent owners thereof, all as corrected and adjusted by said City Council, being as follows, to-wit:

SECTION 5. The assessments levied in Section 4 above are for a portion of the costs of said improvements in the streets and Units therein set out which are included in said ordinance at the rate of $3.75 per front foot. The omission of the improvements in any of said streets or Units as a whole shall in nowise affect nor impair the validity of the assessments in any other of said Units and the omission of the improvements in any particular street or Unit in front of any parcel of property exempt from the lien of such assessments; or against which a valid property assessment cannot be levied, shall in nowise affect nor impair the validity of the assessments against the other properties to such Unit.

SECTION 6. The several sums mentioned above in Section 4 hereof, assessed against said parcels of abutting property and the real and true owners thereof, whether said owners be named or correctly named, or said properties be correctly described herein or not, together with interest thereon at the rate of seven per cent (7%) per annum and with reasonable attorney's fees and all costs and expense of collection, if incurred, are hereby declared to be and made a first and prior lien upon the respective parcels of property against which same are assessed from and after the date of said improvements were ordered by said City Council, and a personal liability and charge against the real and true owner or owners thereof, whether or not such owner or owners be named or correctly named herein, paramount and superior to all other liens, claims or titles except for lawful ad valorem taxes; and that the sums so assessed shall be payable to the City of Rockport, Texas, or its assigns, as follows, to-wit: in two (2) equal annual installments, the first of which shall become due and payable on or before thirty (30) days after the completion and acceptance by said City Council of said improvements; and the second installment of which shall become due and payable on or before thirty (30) days after one year following the date of completion and acceptance of said improvements by said City Council; together with interest at the rate of seven per cent (7%) per annum; past due installments of principal and interest at the same rate per annum until paid, so that upon the completion and acceptance by said City Council of the improvements in any Unit or portion of street above defined, the assessments against the property abutting upon such completed and accepted Unit shall be and become due and payable in installments and with interest as above provided; however, any owner of such property shall have the right to pay off the entire amount of any such assessment, or any installment thereof before maturity by paying principal and accrued interest to date of said payment; and provided further, that if default shall be made in the payment of any installment of principal or interest when due, then the entire amount of said assessment upon which such default is made, at the option of said City of Rockport, Texas, or its assigns, shall be and become immediately due and payable and shall be collectible, together with reasonable attorney's fees and all costs and expenses of collection, if incurred.

SECTION 7. All such assessments levied are, and shall be, a personal liability and charge against the respective real and true owner or owners of said abutting properties, notwithstanding such owner or owners may not be named or correctly named, and any irregularity in the name of the property owner, or the description of any property or the amount of any assessment, or in any other matter or thing shall not in anywise invalidate or impair any assessment levied hereby and any such mistake, or error, invalidity or irregularity may be, but is not required to be, in order to be enforceable, corrected at any time by the City Council of the City of Rockport, Texas.

The total amounts assessed against the respective parcels of property abutting upon the Units or portions of streets above set out, and the real and true owner or owners thereof, are the same, or less than, the estimates of said assessments prepared

Lamar Firemen's Auxiliary Meets

The Lamar Volunteer Firemen's Auxiliary held their monthly meeting May 1 at the Fire House.

Odessa Brown, president, presided at the business meeting.

A discussion on the instructions Mr. Pittman had given the Auxiliary about the resuscitator was held.

Pat Heldenfels and Jennie Heldenfels were appointed to a Study Committee to obtain information on equipment the Auxiliary wishes to add to the Fire House.

Plans in connection with the fund campaign were taken under consideration and the first event will be held in September - An old fashion box supper.

The meeting adjourned with the hostesses, Billie Blackshare and Odessa Brown, serving refreshments.

The members present were Odessa Brown, Billie Blackshare, Mary Clark, Pat Heldenfels, Lillian Koch, Marie Maxwell, Polly Moss, Betty Latham.

Apply Early For Retirement Insurance

Retiring workers are advised to call on the Social Security Administration two or three months before retirement and thus avoid a delay in the payment of benefits, says H. M. Cleveland, District Manager in Corpus Christi.

"Early application for social security benefits will enable us to attend to details necessary in the processing of a claim," he said.

"Everyone should apply for Medicare two or three months before age 65 to have the health insurance protection at the earliest possible time," according to Cleveland.

Each applicant must furnish a copy of his latest income tax return.

An application may be filed in person or by telephone. Interested persons should get in touch with the Social Security office.

GETS DEGREE

Don Miller, son of Mr. and Mrs. G. S. Miller, Sr., received a bachelor of arts degree in bible from Abilene Christian College on May 7.

When filled with hot water, a thick glass will crack more quickly than a thin one.

Rebekah Lodge News

The Rockport Rebekah Lodge opened at 8 p.m., Thursday, May 4 with Bonnie Cloberdants, noble grand presiding.

Zoe Heath is not too well, J. V. Ferguson is in Spohn Hospital and Pearl Beckham is very ill in a hospital in Comfort.

Mr. McMann won the flower fund gift.

The hostesses, Lorene King and Della Scott, served delicious refreshments after lodge. They had a "Pig in a Poke" which they asked 10¢ donations for, Pearl Wright won it.

SOCIAL SECURITY REPRESENTATIVE TO VISIT ROCKPORT

A representative of the Social Security Administration will be at the Courthouse in Rockport on Tuesday, May 16, 1972, at 9:00 a.m.

You may obtain information about your rights and duties under the Social Security Act. Eligible persons can secure assistance in applying for old-age, survivors, or disability insurance payments, and for Medicare benefits, from the representative at that time.

DUCHESS SHERI SANDERS—Miss Sheri Sanders, daughter of Mr. and Mrs. Jack Sanders, represented Rockport as Duchess of Virgo at the Buccaneer Ball in Corpus Christi. Her escort was Joseph Louis Gallini, son of Mr. and Mrs. Gallini of Dallas.

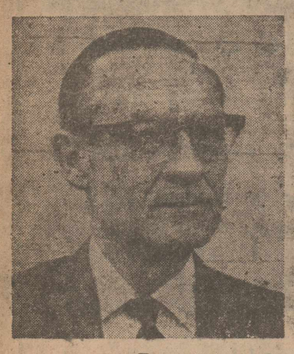

Miss Sanders wore a scarlet red velvet gown jeweled entirely in a wheat and grain pattern in colors of pink, topaz and crystal; the stems of each spray were of rhinestones. The hemline and long trumpet sleeves were treated in the same manner.

The train which pictured Virgo holding a sheaf of grain was bordered with a metal chain banding of rhinestones; in addition the symbol of the zodiac was encrusted with brilliants.

Her carry was a sheaf of grain and the headpiece was a jeweled tiara.

TEXAS' NEW IMMUNIZATION LAWS
INSTRUCTIONS FOR PARENTS AND STUDENTS

Texas now has new laws that require immunizations for all students enrolled in child caring facilities and institutions, schools and institutions of higher learning. The required immunizations are shown below by age groups:

MINIMUM IMMUNIZATION REQUIREMENTS FOR CHILDREN
ADMITTED TO CHILD CARING FACILITIES AND INSTITUTIONS,
SCHOOLS AND INSTITUTIONS OF HIGHER LEARNING

DOSES OF VACCINE REQUIRED FOR FOUR DIFFERENT AGE GROUPS				
VACCINE	Under 1 year	1–4 years	5–11 years	12 yrs. & older
ORAL POLIO	3	3	3*	3*(Thru Age 18)
DTP and/or Td	3	3	3*	3**
MEASLES	NONE	1	1	NONE
RUBELLA	NONE	1	1	NONE
SMALLPOX	NONE	1	1**	1**

NOTE: *At least one of these doses must have been received since the 4th birthday.
**At least one dose must have been received within the past 10 years.
If a child has had measles illness, measles vaccine is not required.
Requirements for Kindergarten (five-year-old children only) and grades 1 thru 5 are the same as those for ages 5–11 years shown above.
Requirements for grades 6 and above are the same as those for ages 12 years and older as shown above.

All Immunizations should be completed by the time of enrollment this September 1972.

Since many types of personal immunization records are in current use, any document listing each immunization received by year will be acceptable with the signature or rubber-stamp validation of personal records by physicians or public health clinics is required.

If you have any questions, contact your family physician, or local health department. We suggest that you take this form with you to your doctor or The Ingleside Health Clinic in Ingleside, Texas. Free Immunizations are given at the Ingleside Health Clinics on any Thursday from 9 a.m. to 2 p.m.

The Immunization Record and The Birth Certificate are absolutely necessary before a student can be enrolled in school. Bring both with you to the school the day you enroll your child.

We will appreciate your cooperation in this matter.

Editorial

Mother's Day

Mother's Day, this year on the 14th, is a peculiarly American observance, begun in Philadelphia in 1907. After Miss Anna Jarvis sold her idea to one of Philadelphia's churches the custom caught on all over the country so rapidly that by 1911 it was observed in every state.

The custom has now spread to many other countries of the world, as has the tradition of wearing a red flower if one's mother is living and a white if she is deceased.

The traditional role of the mother has unfortunately been somewhat forgotten in the mad rush for material gain in American society in recent decades.

No other calling on earth is a greater challenge, or a greater privilege, than that of being a good mother, homemaker and wife. And the most respected and admired women the world over are the mothers of successful, loving families—who have produced in many the great qualities and humanitarian gifts which benefit the world and which hold together the family, the fundamental unit of society and morality.

Party Attended By Over 375

One of the biggest parties in recent years was staged Friday night May 5, at the Key Allegro Community building and pool by Frances and Conwell Smith and Martha and Bill Christian, representing the Bayshore Construction Company. Approximately 375 friends and clients attended the gala which was titled Fiesta del Cinco de Mayo.

The Mexican theme predominated in decorations, food and other refreshments. Six gaily decorated booths were set up around the pool to serve such Mexican specialties as carnitas, tamales and boiled corn. Inside the community building various kinds of dips and other snacks were available. The booths were manned by friends and associates of the hosts.

Throughout the festivities, a marichia band provided music, first from a decorated pavilion built over the pool. Later the musicians became a strolling band, visiting other areas.

Mrs. Louise Hicks of Denver, Colo., spent a few days with her aunt, Mrs. Rae Glass Smith, and Mr. and Mrs. A. C. Glass.

CHURCH SOFTBALL

Much enthusiasm has been shown concerning the formation of a summer church softball league for teenage boys. All churches that might be interested in participating should have a representative present at an organizational meeting to be held at the First Presbyterian Church on Tuesday, May 16 at 7:30 p.m.

J. V. Ferguson is a patient in Spohn Hospital undergoing a series of medical tests.

Rockport Fire Departments Meets

The Rockport Volunteer Fire Department held its monthly business meeting last Thursday night which was called to order by President Gilbert Hill, Sr. Twenty members were present.

Following roll call and dues, Jimmy Hill was elected into the department after passing qualifications. Last month Keith Aery and E. C. Redden were made members.

All members and officers of the fire department wish to thank Central Power and Light for their donation of the pole along with the time and equipment to install the pole for the radio antenna at the fire station.

Other business discussed throughout the meeting was to purchase a new pump which will be used for brush fires. Members also voted to buy a shop vacuum in order to keep the new fire station clean.

The Rockport Volunteer Fire Department wishes to announce that they will be hosting a barbecue on Saturday, June 10, at the Lion's Club pits downtown.

The department would like to remind all members of tonight's meeting which will be held at 8 p.m. Members are urged to attend.

The Chamber of Commerce welcomes as a new member Appel's Woodworking Shop, located at the corner of Market and Church and owned by James R. Appel.

Clearance Sale

The weekly sponsored sale by the Concerned Women of Aransas County, at 114 N. Church, will be a 1/2 price clearance sale, Saturday, May 13, 9 a.m. to 12 noon. This will not include the upstairs next to new corner items.

This day has been selected in hopes that those who work on Friday mornings, when the sales are normally held, will come get acquainted with the service these women are trying to provide.

There will be a special offering of items on the porch for two cents each.

If you're old enough to want your own telephone, you're old enough to want your own typewriter.

There comes a time in your life when all of a sudden privacy really counts.
You need to be alone. In your own place.
With your own things.
You want your conversations with your friends to be just that—not a family gathering.
We understand.
Which brings us to your own typewriter.
Your own typewriter says you're getting serious (and better be left alone).
After all, when people hear the tappety-tap of a typewriter they figure you're into something important and automatically steer away from you.
Besides, when your own typewriter is sitting there, it has a way (a neater way than anyone else) of reminding you of the work you have to do.
And somehow you'll find yourself doing it.
And doing it faster—because with say, an electric portable, even a beginner can get to type twice as fast as writing by hand.
Other things can happen too. Like spelling can improve. Because a typed word that's misspelled *looks* misspelled, and just asks to be corrected.
You'll find your creative thoughts won't slip away from you, because a typewriter really listens to you—actually accepts every idea as fast as it comes up.
And then a little miracle called Organization can occur. When that happens, you can get a feeling of confidence you won't believe.
So drop a hint or two about wanting your own typewriter.
The mere act of asking says something about where your head's at.
Which could even go a long way toward getting you that telephone.
At the very least, your own extension.
Just remember when you're asking, who reminded you to ask.

ACCENT ON HEALTH

Your heart is the sturdiest, toughest muscle of your body. The work it does is almost miraculous. Yet too many Texans are neglecting the health and conditioning of that heart muscle. In this computerized age exercise has become the uncommon thing, and our urbanized society and the fast pace of living that society demands adds tensions and stresses to that tough heart muscle that it cannot tolerate indefinitely.

State health officials are increasingly concerned over the large incidence of heart disease in Texas and across the nation. "Each day, on the average, heart disease kills some 1,400 Americans, and cerebral brain strokes take another 500 lives," said Dr. James E. Peavy, Texas Commissioner of Health. "In total, the toll is more than one life a minute. Uncounted hundreds of thousands are crippled every year."

Many of these people actually lived their way into a premature heart attack, by habit or choice running certain risks that raised their chances of being stricken. Their seemingly sudden heart attack had been building up to crisis for years.

Many heart attacks could have been prevented. By simple knowledge and action, most heart attack victims could have reduced any of nine risk factors which make a man more susceptible to a heart attack far too early in life.

After many years of medical research we know heart disease is due to a conspiracy of factors. There is no single cause, but a combination of causes.

These are the chief suspects: High blood pressure. High levels of cholesterol, a particularly dangerous fatty material, in the bloodstream. Overweight. Excessive eating, especially of certain types of fats and cholesterol. Too little exercise and physical activity. Diabetes. Excessive cigarette smoking. Tensions and stresses. Heredity. Those are the nine risk factors of heart disease.

"A man's chances of having a heart attack before age 65 are only about one in 20 to one in 50 if he is normal in these nine risk factors," said Dr. Peavy. "If he is shadowed by two or three of these risk factors, such as high blood cholesterol, high blood pressure, or heavy smoking, his chances rise to one in two--or 50 percent."

"We're starting our own indoor roller derby!"

Nancy Smith, freshman at A&I University, has been elected cheerleader for the coming year. The A&I cheerleaders will attend camp at Southern Methodist University. Their first football game will be at the Astrodome against Texas Southern University.

C OF C BILLBOARD PROGRAM STARTS

At a meeting of the advertising and membership committee of the Chamber of Commerce headed by Jack Sanders and Seth Steele, it was announced that new members and increased dues had made it possible to start on the first phase of a billboard program.

Steele and Sanders said new memberships and increased dues had already added more than $1,000 per year to the Chamber's income.

The sign board plan calls for three big sign boards at strategic points on highways leading to this area including two locations near Victoria and a third to be determined later.

First Brown Trout Put In Guadalupe

Austin -- Biologists of the Texas Parks and Wildlife Department are assisting Trout Unlimited officials in a project for stocking brown and golden rainbow trout in the Guadalupe River below Canyon Dam.

About 17,200 fingerlings measuring from 2 to 3 inches in length have been released at 11 sites between Horseshoe Falls and Kanz Store. Most of the fingerlings were browns, officials said.

The fish were brought in by Trout Unlimited from Silver Springs, Colo.

The release was made in the same area which has proved to be a successful rainbow trout fishery. The department has participated in put-and-take stocking operations over the past seven years in which more than 65,000 rainbow trout from federal hatcheries or the Lone Star Brewing Co. of San Antonio have been freed in the river.

RETIRES

MG4/Sgt. W. M. Coleman retired from the Marine Corps at El Torro, California after 23 years service. With Mrs. Coleman and daughter, Cathy, they reside at 820 N. Pearl St.

They are former residents of Rockport and have two sons, Bill and wife, who live in Houston, L/Cp. John, in the Marine Corps in North Carolina at Camp LeJune.

Mrs. Coleman is the former Mary K. Powell and daughter of Mrs. Daniel Hodgin in West Terrace.

W. M. S. MEETS

The Woman's Missionary Society of the First Baptist Church met at the church Tuesday at 1 o'clock for their general meeting.

Mrs. Larry Stewart, the president, was in charge of the meeting.

The meeting opened with prayer and the song "We've a Story to Tell."

Mrs. Roach named missionaries whose birthdays appeared on the Calendar of Prayer. Minutes of the last meeting were read by Mrs. Eva Litz.

A letter of appreciation was read from Kathy Helm, one of the girls from South Texas Children's Home, thanking the Society for birthday gifts. There were 12 members present.

The next meeting will be May 16 in the lovely new home "Sportsmans Manor" of Mrs. Larry Stewart, Sr.

After the meeting cake and and coffee were enjoyed by all.

No Age Limit For Social Security Tax

There is no age limit for the payment of social security taxes, but all workers, regardless of age, pay the tax on their covered earnings. This reminder comes from Art Finck, Assistant District Manager of the Corpus Christi district office of the Social Security Administration.

"It makes no difference that a worker may be over age 65, or over 72, or receiving social security insurance payments," Finck explained. "Social Security taxes are payable if a worker is paid covered wages of any amount, or has covered income of $400 or more from his own business in a year."

Wages paid to the spouse, or child under age 21, by an individual employer, are not covered by social security, and should not be reported, Finck pointed out; however, the wages of a parent who works in the business of his son or daughter are covered but not if the parent works in his child's home.

Copanoakers Ladies Club

The Copanoakers Ladies Club met May 2 at 7:30 p.m. at the Holiday House with president Velora Deason presiding. Minutes were read, treasurer's report given, followed by roll call. Regular business was conducted and reports given from all committees.

The club will have Yard of the Month. This includes clean yards as well as flowers and gardens. Billie Stephens is chairman of this project.

The social director Louise Smith entertained 18 ladies with games followed by refreshment of lemonade. The next meeting will be May 16 at 2 p.m.

Beulah Massey, reporter

The American Flag was first used at Cooth's Bridge during the Revolutionary War.

Alumni Association Holds Meeting

The Alumni Association held its regular business meeting at the Commissioners Court Room in Aransas County Courthouse May 2, with president Mrs. Becky Rouquette Livingston presiding. The following members were present: Ettoil Harrist Eller, Mary Lou McLester Ashley, Lois Mae Shults Landrum, Molly Sparks Harwick, Margaret Court Weber and Ruby Bissett Hart.

The secretary, Ruby Bissett Hart, read the minutes of the previous meeting which were approved. Mrs. Ettoil Harrist Eller, treasurer, gave the treasurer's report which was approved.

President Becky Rouquette Livingston appointed the following chairmen for the reception honoring the 1972 Seniors, to be held in the Junior High cafeteria May 30 immediately after Commencement exercises:

Refreshments, Betsy Fields Kinsel; decoration, Jane Faye McLead; invitations, Mary Lou McLester Ashley; program, Ruby Bissett Hart; nomination committee, Diane Shults McMakin, Mary Lou Little Tiner and Berta Gene Shults Little.

It was announced that the members should pay dues of 50¢ to the following committee: Roe's Food Store (Chas. Roe, Jr.), First National Bank (Mellinee Atwood Shults and Elsie Hawes), Courthouse (Mrs. Ruby Bissett Hart and Mrs. Ettoil Harrist Eller).

Mrs. H. E. White returned Friday after spending two weeks visiting her daughter and son-in-law, Mr. and Mrs. John Cummings, and also her new granddaughter, Heather Michelle.

THANK YOU

For your vote in the May 6 Democratic Primary Election. I shall continue to conduct the office of County Attorney in a manner to merit your confidence and support.
