

NEW JERSEY IS CLAIMED FOR BOTH PARTIES

INDUSTRIAL STATE IS REMINDER THAT WAR IS ON WIDE FRONT

BY BYRON PRICE
Associated Press Staff Writer
NEWARK, N. J., Oct. 29 (AP)—Fitting its politics to a pattern distinctly its own, New Jersey has furnished a presidential campaign year that is forty-eight separate state campaigns, more or less loosely rolled into one.

Much as it has in common with its wet, industrial eastern neighbors, local considerations have set this state apart in the contest between Smith and Hoover. The national issues have become tangled and obscured, and in these final days politicians are speculating on the possible weight of certain local aspects of the situation. One of these is a legislative inquiry into the operations of the democratic organization headed by Mayor Frank Hague of Jersey City. Another is a row over registration. A third is the possible reaction of North Jersey's strange mixture of racial and religious groups to Governor Smith's personal appeal in the closing days of the battle.

Republicans Confident
With only a week to go the republicans set the state distinctly apart in their election claims. Listing it as one of the least doubtful of all the debated states in the normally republican East, the democrats, however, are making no concessions, holding to their prediction that Smith will carry the state, and placing great faith in what the nominee may be able to do for himself here in his final intensive drive for the North Atlantic seaboard.

From the beginning the New Jersey campaign has followed a devious pathway. Taking into account the known wet sentiment, the fact that for nearly a decade the state has been electing democratic governors, while going republican nationally, the presence of large foreign elements, and the proximity to New York, the democratic national organization was inclined even while the Houston convention still was in session to list New Jersey as safe for Smith. The nominee himself came into the state and made a short speech just before his formal notification. It was followed by a democratic proclamation that it was all over except a considerable amount of shouting, and by a request by republican leaders that Mr. Hoover show himself to the Jerseyites.

Hoover Speaks At Newark
Mr. Hoover obliged them. He selected Newark for delivery of his "prosperity" speech. All over the state, republican leaders went to work with the tariff and prosperity as their principal issues. They ap-

pealed in particular to the million and a half employees in the Jersey factories. They dismissed the wet and dry issue as insupportable here where such republican leaders as Senator Edge are as openly opposed to the present dry laws as is Governor Smith himself. The republicans were argued that the Smith modification plan was not feasible, anyway.

The democrats, in turn, insisted that New Jersey's many industries would have nothing to fear under the democratic tariff plank of 1928. Thus the parties have reached a stage where the republicans deny that prohibition is an issue, and the democrats deny that the tariff is an issue while the voters are showing increasing signs of making an issue of their own out of religion. There are many Catholics in New Jersey, including thousands of foreign descent, who are as great pillars of Smith strength in the industrial centers, while the Ku Klux Klan has been a factor in the dry, Protestant sections outside.

Inquiry Echoed Legislation
While all of this was taking place, some of the principal leaders of Mayor Hague's Jersey City organization, counted on as a great pillar of Smith strength in the state, were kept busy answering subpoenas and replying to various charges before an investigating committee appointed by the republican legislature. The mayor himself, who also is the democratic national committeeman, was summoned before the investigators today at Trenton.

Nor did this legislative thrust at Hague's dominance in state politics come singly. Under a law just passed over the veto of the democratic governor, thousands of names have been erased from the polling lists in Hudson and Essex counties, which contain, respectively, the democratic strongholds of Jersey City and Newark. The republicans charge that these rolls were heavily padded. The democrats deny it, and charge a republican attempt to disfranchise democratic voters. Whether many of the deleted names will be reinstated by election day is problematical.

College Boys
(Continued from Page 1)
When they resumed two devious bandits. Both of the killings occurred this month during a series of daring crimes of similar nature, which police had attributed to Roy Dickerson, nationally notorious bank robber, who escaped recently from prison in Alabama.

Youths Are Polite
To newspapermen whom they greeted in their cells exactly as they would welcome guests in their luxurious homes, the youths apparently recognized the serious aspect of their predicament.

"I am deeply sorry," Harsh told a reporter in the privacy of a solitary cell as a guard stood nearby. "I know that by my actions I have brought upon myself a great calamity but I have no one to blame but myself. I know that a confession will not do any good to those whose homes have been darkened by our acts, but I have made a complete confession and I will stand by it for better or for worse."

And this from Gallogly in another

SMITH LEADS ON THE RADIO
LONG LIST OF NOTED SPEAKERS TO MAKE TALKS TONIGHT

NEW YORK, Oct. 29 (AP)—Political speakers on the radio today and tomorrow include:

Today:
Democratic—Governor Smith from Baltimore over WJZ and national hookup of 32 stations at 9 p. m.
United States Senator Robert F. Wagner of New York, over WOR and Columbia chain at 10 p. m.
Edward Milton Royce, author, over WJZ and network at 10:30 a. m.
Rabbi Stephen S. Wise over WEAF, WHAM of Rochester, and WGR of Buffalo at 8 p. m.
Republican—Dr. Hubert Work and Andrew Mellon over WEAF and network at 8 p. m.
Attorney General Albert Ottinger, of New York, candidate for Governor, over WJZ network at 8 p. m.
Tomorrow:
Republican—Secretary of State Kellogg from Washington over WMAL and coast to coast hookup at 8:30 p. m.
Alanson B. Houghton, candidate for U. S. Senator from New York, over WRNY and network at 9 p. m.
William J. Flynn of Buffalo and G. O. P. choiristers over WEAF at 6 p. m.
Democratic—An unannounced speaker from Democratic National committee over WJZ and National Broadcasting company network to Rochester at 7 p. m.
W. Bernard Vause over WSGH, Brooklyn at 8 p. m.

CAUGHT FOR SHOOTING

AMARILLO, Oct. 29 (AP)—Brought in connection with the shooting of John Goldston, farmer who lives north of Clarendon, John Pinkerton, cotton picker, was captured in the railroad station at Jericho last night by Preach Goldston, brother of the wounded man.

part of the jail.

Will Aid Officers.
"I have not made a statement and right now do not know if I ever will. But I do want to say and want to know that I am not standing in the way of police in their investigation of the case. I will not do anything to hurt their case and will do everything to help them that I can without doing anything to hurt myself."

"Junie" Harsh is a well turned out young man of medium height and pleasing countenance, while "Dick" Gallogly is a tall youth of lowering brow and the aggressive swing of a football lineman. Both are in their late teens and members of socially prominent families. Gallogly the son of Mrs. Worth E. Yankov, prominent Atlanta physician wife, and Harsh a scion of a Milwaukee family whose fortune was accumulated in the shoe industry.

Mrs. J. S. Disisway, sister of Harsh and wife on an Atlanta attorney, who visited her brother in jail was grief stricken.

"Whatever he lacked to enjoy his youthful pleasures, I would have been giving him. If he needed money, he only had to come and ask for it and he would have received it. Why he should do all the things they say he has admitted doing, I cannot and will never understand."

James A. Gallogly, father of Dick, so was divorced from his wife several years ago, offered from his home in Miami, Fla., to do what he could for his son.

'HOT CHECK' THIEF PASSES 'EM OFF

ONE OF PURLOINED CHECKS IS CASHED BY MAN WHO TOOK BATCH FROM LOCAL DRUGSTORE

Although between \$400 and \$600 worth of "cold" checks were stolen from the City Drug store Saturday night, according to E. L. Robertson, proprietor, only one successful attempt to pass these checks had been reported Monday morning. This successful attempt was made Saturday night, when a filling station operator telephoned Mr. Robertson to ask if he had endorsed a check signed by a man serving a term in the state penitentiary for passing "cold" checks.

This was the first information Mr. Robertson had that his assortment of cold checks had been stolen. He had been keeping them in a cigar box on a desk in the back of his store and it is thought that while the early Saturday night crowd of shoppers kept all hands busy in the store, the box was stolen.

Mr. Robertson at once notified the sheriff's department and a warning was broadcast to every place possible to be reached, for merchants to be on the lookout for possible attempts to cash some of these worthless checks.

Late Saturday night, when Mr. Robertson started to go home from the long day's labor, he discovered that some one had taken his automobile. He reported this morning, however, that after driving all over town in searching for it, he found

CUPID BUSY ON SATURDAY

NINE COUPLES SECURE LICENSES FOR THE WEEK-END

Dan Cund had no time to loaf on the job Saturday as the day proved one of the busiest for him in several months.

Nine marriage licenses were issued Saturday from the county clerk's office.

The marriage license total of the month were boosted to the new high mark of fifty-five, a record of any month this year. The average number of licenses issued during a month is from between thirty-five and forty.

With two more days after today to go in this month, the total promise unparalleled heights.

Saturday's licenses were to Don Stevens and Jewell Spurlock; V. C. Crump and Jewell Alford; Walter L. Smoal and Clesly Yoney; David Wynn and Rose Allen; Lee Roy Sudd and Lucille Ford; Raymond Anderson and Berle Offis; Wesley Waldrop and Lavada Robertson;

HOOPER RECEIVES MAMMOTH POSTCARD

WASHINGTON, Oct. 29 (AP)—Herbert Hoover today received one of the largest postcards of record, a penal eight feet and four feet wide, cut from an enormous Washington Douglas fir tree, and bearing greetings from the Hoover-Curtis club of Washington University at Seattle.

More than 2,000 members of the club signed the "card" with special waterproof ink. The board was sent by first class mail and was insured for \$10,000, the postage alone totalling \$16.

POLITICS

(Continued from Page 1)
this week at the Hoover headquarters, 913 Broadway, at which local speakers will tell voters about the republican party candidate's claims for their ballot on November 6.

Wednesday night Dr. J. W. Runk of Abilene, president of McMurry college, will speak in the district court room at the Lubbock county courthouse in behalf of the candidacy of Herbert Hoover, to a rally of Hooverites. The speaking will begin at 7:30 and a big crowd is anticipated.

Charles F. O'Neill, chairman of this district's anti-Smith organization, announces that the organization will circulate the 5,000 or so sample ballots over this district between now and election day, and that voters will be taught how to cast their ballots for the republican party, as to their electors, and to vote the remainder of their ballot

JOHN GILBERT
4 in WALLS
A Metro-Goldwyn-Mayer Picture
Funeral services will be held at 3 o'clock tomorrow afternoon at Memphis, Texas, for J. F. Goodwin, 52-year-old Yuma, Ariz. rancher, who Friday afternoon met death at his own hands five miles east of here as a result of a self-inflicted gun shot.
The body is being held in state at Bynum Brothers Funeral chapel pending the arrival of Marshall Goodwin, Westwood, Cal., son of the deceased.
Ill health, despondency and the fact that his family of eight had each moved and left him were cited as reasons for Mr. Goodwin's action. His son, Jodie Goodwin, of Las Cruces, N. M., was fixing a flat tire on the car in which they were riding when Mr. Goodwin fired the fatal shot. The son had that morning thrown away a bottle of carbolic acid which his father had purchased at Yuma as an apparent means of ending his life.
One of the longest canals in the world runs from Leningrad to the frontier of China, a distance of 4,500 miles.

STEER-MUSTANG VICTOR WILL BE CONFERENCE FAVORITE

WESTERNERS FACE VAUNTED SANDIES THIS WEEK-END

AUSTIN CLASH WILL FEATURE LOOP FOR WEEK

BEWILDERING OFFENSE OF PONIES FAVORED OVER TEXAS LINE

(By Associated Press)

DALLAS, Oct. 28.—Eyes of football fandom will be focused this week on the training camp of the Texas Longhorns at Austin, where Coach Clyde Littlefield is trying to correlate an array of superb football material into a smooth working project capable of halting the galloping ponies of Southern Methodist University in Saturday's conference classic at Memorial Stadium.

Littlefield's chances of success will occupy columns of newspaper space this week. It is the first chance this year the experts have had real-ly to get steamed up about a conference clash. It might very well be the last.

Barring the unforeseen, the winner of Saturday's battle at Austin should romp on through to the league title. There still are the Baylor Bears and Texas Christian Horned Frogs to be reckoned with, but critics scarcely are inclined to rate either team on a par with the mighty elements that tip at Austin.

Depe Points to Ponies.

While neither the Mustangs nor Longhorns have yet encountered a set-back in their dealings with other members of the circuit, comparative scoring in recent contests accord the Methodists an edge in their meeting. As a sharp example, the Steers had a tough time licking the Rice Owls Saturday at Houston, 13 to 7, whereas a week previous Coach Morrison's flash team smothered the Owls, 33 to 13.

Where the Mustangs have played smart, championship football from their first game, displaying a bewildering offense and a fairish defense against all opposition, the Longhorns have appeared to lack that vital spark when in winning that vital spark when in winning.

Hume Ace of Attack.

The Mustangs are expected to place much of their faith in the twinkling legs of Redman Hume, the "Galloping Gazelle" and the bullet passer of Sammy Reed. When Reed isn't passing Hume will be tasing the leather. Morrison has equipped his team with a dozen new plays to spring on the steers.

Texas, on the other hand, is expected to employ the power in its line and backfield in a brutish, steady assault on the somewhat flexible S. M. U. line. Unless Rufus King, Dexter Shelley, Frank Baldwin, Eddie Beular and other Longhorn ball jugglers, their way through Austin eleven will have to turn to the air, where it probably would be at a disadvantage against the Mustang overhead experts. The Ponies looked like the berries in their 60 to 7 victory over Trinity University Saturday.

Bear-Frog Tilt Features.

If it were not for the conflict at Austin, the tilt between the Baylor Bruins and T. C. U. Horned Frogs at Fort Worth would suffice to get the bugs excited. As a result of their 48 to 7 win over St. Edwards University Saints Saturday the Golden Bears command renewed respect. They are given an excellent chance of kicking the undefeated Frogs down the ladder. The Frogs checked up their sixth straight over the Texas Tech Matadors, 28 to 6. Captain Walker of the West Texans crossed the Christians' goal line for the first time this season with a sprint from midfield.

Porkers Meet Tigers.

A third conference tilt for the week is scheduled at Shreveport, where the Arkansas Porkers engage Louisiana State. While the Louisianians are not in the Southwest Conference, their annual game with the Porkers is allowed to count in the standing of the Schmidtmens. The Razorbacks increased their conference rating to two victories and one loss by downing the Texas Aggies, 21 to 12, Saturday at Fayetteville. The loss apparently smears the last hope of the Farmers to repeat for the Conference flag.

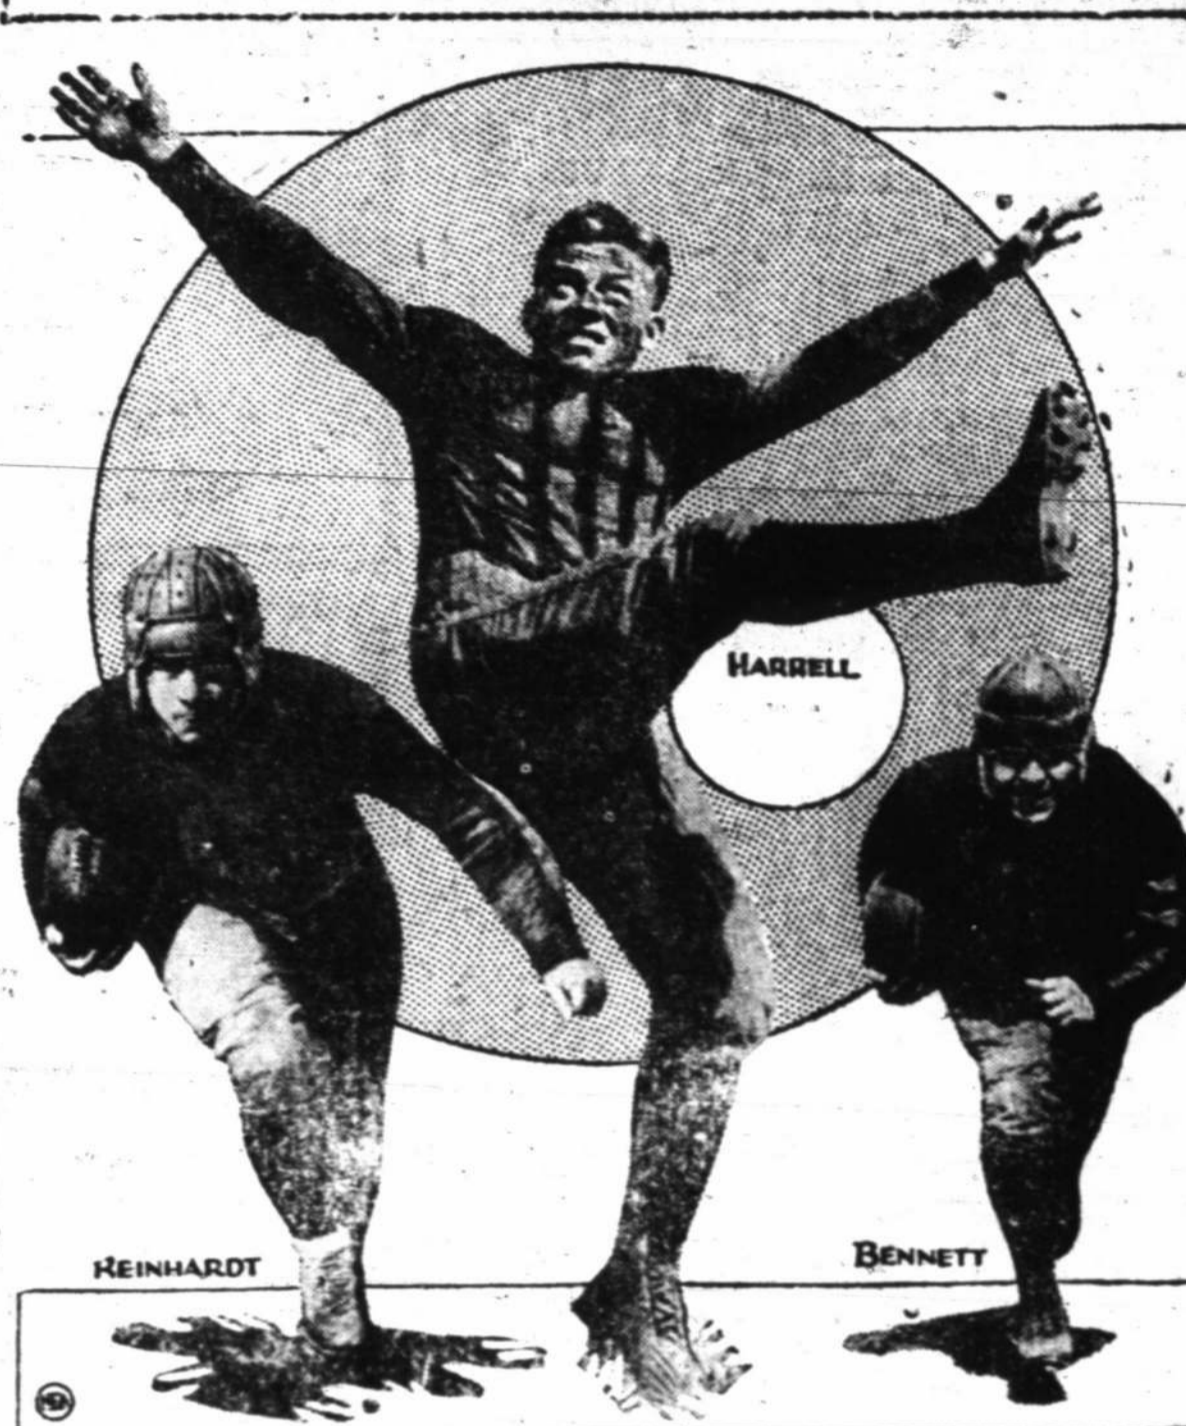

This week Coach Bible's team meets the North Texas Teachers from Denton at College Station and should not be pushed to win. The Elks Owls, who ruffled their feathers and gave the Longhorns such a 51, encounter the Southwestern University Pirates at Houston.

Wayland Prepares For Homecoming

PLAINVIEW, Oct. 28.—The cry for victory and "crush those Bull Dogs" is already heard from many corners as the time of the Annual Home Coming of Wayland Baptist college draws near. November 11th has been designated as "Home Coming" day at Wayland, but due to the fact that it falls on Sunday this year, Saturday, Nov. 10th will be the day that ex-students will gather at Wayland to see the Jack Rabbits repeat the victory of a year ago by holding their old rivals, the Clarendon Bull Dogs to a scoreless game. These teams have already clashed at Clarendon this year and after a strenuous battle Wayland returned with a 12 to 6 victory.

President McDonald is expecting one of the largest gatherings of ex-students on November 10th that has ever been assembled in the halls of the institution. A reception will be given all present in the evening at

THREE HOOSIER ACES!

Here are three of Pat Page's Indiana backfield aces, who recently proved their ability by defeating Michigan. Bennett, offensive captain, and Reinhardt have shown consistent ground-gaining ability, and Harrell is a splendid punter.

Speaking of Football

Most Coaches Do Not Have Long Practice Hours

The cry that football takes up too much of the players' time is, in some cases, out of ten, unwarranted. Some coaches may overwork their players but the majority of them understand the problems of their men and deal with them accordingly.

In planning his practice schedule a coach should consider among other things the experience of his candidates and the spirit of enthusiasm of the squad.

If the schedule permits the squad to develop slowly, the coach has an opportunity to work with "green" material and is not forced to "crum" instructions into his players.

The makeup of the squad—that is, the physical and mental ability, and scholastic aptitude—must be taken into consideration.

It is more important to have spirit and enthusiasm than long hours of practice. An hour of pep drill is worth more than an afternoon of listless practice.

Long drawn-out practices send a boy home weary and dull. He forgets what he has been told. It is just as bad to have an over-coached team as an under-coached team.

The average student should be able to give one and one-half to two hours to football practice every afternoon without his studies suffering in the least. The majority of students waste the time between their last classes in the afternoon and dinner hours, anyway.

Some coaches believe that long hours of practice and intensive preparation for an important game put the squad on edge, but I am convinced that it is more important to keep up the spirit of the players.

I usually have an hour and a quarter of snappy practice daily.

If a boy wants to put in additional time, I have no objection. One of the best halfbacks I ever had was an apparently hopeless prospect when he came out for football his sophomore year. He was out on the field an hour before practice began in the afternoon. He took a ball home with him at night and practiced carrying it under either arm. He practiced punting in the street in front of his fraternity house.

The boy developed fast. He played in a few games his sophomore year, was a regular the next season and a star his senior year.

Jimmy Hagan, who shared honors with Captain Gibby Welch, Pitt's all-American halfback last season, was a mediocre player when he came to Pitt but he was determined to make the team. He worked diligently, practiced in his spare moments on passing and punting, and soon became a regular. He is the boy who scooped up a fumble in the Tournament of Roses game with Stanford and raced 19 yards for a touchdown.

Hooks and Slides

Two Cheers for Miller

Miller Huggins, it is the belief of a spectator at the late massacre, should get a lot of credit for the victory of the Yankees in straight heats.

It would seem that the expert manner in which the little fellow fiddled around with his pitching staff had almost as much to do with the ultimate result as the hitting of Babe and Lou.

If the Yankee pitching had not held off the feebly Cardinal attack the hitting of the busters would not have been enough and they couldn't have hit more if they had to.

LOCAL NEGRO DRINKS ACID, NO REASON IS FOUND FOR SUICIDE OF ANDY GORE

ANDY GORE (colored), 33, died as a result of drinking carbolic acid last night in northern Lubbock. No reason was given for the suicide.

The body was brought to the Elynum Brothers Undertaking establishment at 3 o'clock last night following an inquest in which death by suicide was announced. Authorities have been unable to locate relatives of the deceased.

The body will be shipped to Valley Mills, Texas, tonight for burial.

Not Needed at Michigan

There was something singularly amusing in the recent announcement that Pop Yost had abandoned his Michigan football team and had gone to help his brother-in-law fight the Vanderbilt team. After Michigan had started the season with two rousing defeats, however, it was learned that Pop wasn't coaching the team.

Another Year in Jail

When he engineered the deal with St. Louis by which the Phillies got Tommy Thevenow for Hinkle Sand and \$50,000, Burt Shotton, manager of the Phillies, gave evidence that he feels secure of his job for another year. There was a personal friendship factor in the transfer of Thevenow, as Shotton is a great ad-

AMARILLO HAS CRUSHED ALL FOES TO DATE

LUBBOCK HAS CHANCE TO WIN, ALTHOUGH IT'S MEAGER ONE

The Lubbock high school Westerners are facing their most severe test of the season this week when they meet the Golden Sandstorms of Amarillo on the Tech gridiron Friday afternoon. With Lubbock, Amarillo is the only undefeated team left in the district race, the game here Friday promises to be the outstanding high school contest in this section.

Coaches Frinks and Morgan face the knotty problem of filling the shoes of two mainstays in the high school line who were injured last Friday in the clash with Electra Tigers. Captain Raymond Barton, tackle, was taken from the Tiger fray with an injured shoulder which is likely to keep him out of the lineup when the Westerners engage the Sandies in their annual clash here this week.

Two other members of the Westerner forward wall are suffering from injuries which may further weaken Lubbock's hopes for district honors. These are Elmer Caldwell and Charley Wilson, guards. Wilson was the thick of the Electra fray and was badly battered by the Tiger attack.

In spite of the holes in their line, the Westerners are prepared to flash their most aggressive offensive of the season. The Electra game revealed the best team coordination that the locals have shown this season. Coach Stamford's hard hitting Tigers were unable to cope with the smashing attack exhibited by the Frinks-Morgan aggregation in the early periods.

Four days of strenuous training is in store for the local eleven prior to its meeting with the highly touted Sandies Friday. By trouncing the Quannah high school Indians by

JAPANESE FRESHMEN AT OLD MIZZOU SHOWS CLASS IN TWO MAJOR SPORTS

AGGIE GRIDIRON NEWS FLASHES

COLUMBIA, Mo., Oct. 28.—Football coaches of the University of Missouri are looking ahead a year to the time when Nobu Kawai, Japanese, may be one of the star halfbacks of that institution's football team.

Kawai, for several years a leading athlete in preparatory schools on the Pacific coast, has enrolled in the University of Missouri School of Journalism and this fall is an outstanding member of the freshman football squad. He also was a guard of the school's basketball team.

Kawai in the Pasadena Junior College football team last year, was a tower of strength and a great ground gainer. He was a member of the team which traveled to Honolulu to win the Pacific coast championship in the junior college division. He also was a leader in student activities and was an editor of the college annual and of the school's weekly paper.

He plans to do newspaper work in California after he is graduated from the Missouri school. But before he graduates, he hopes to get his name in the papers many times.

Pool 'Sharks' Lead To Closing Halls

LOCKHART, Tex., Oct. 29 (AP)—Pool "sharks" who led less skillful players into games and then won their money are responsible for the indictment of five proprietors of pool halls here. Injunctions seeking to close the places have been requested.

The impressive score of 102 to 0, the Amarillo aggregation has assumed an even more menacing position in the district one race.

MATADORS SEE RUGGED FOE IN DANIEL BAKER

HILL BILLIES LOOM AS UNUSUALLY STRONG THIS SEASON

The Daniel Baker Hill Billies of Brownwood are next on the program for the Tech Matadors. Emerging from their fray with the T. C. U. Horned Frogs none the worse off except for a few bruises, the Matadors resume training today for their tilt with the powerful Hill Billies who last Saturday battled the Simmons Cowboys to a 6-6 tie. The game is to be played in Brownwood.

Comparative scores give the Brownwood eleven a decided advantage over the Tech aggregation. While the Matadors eked out a 3 to 0 win over the McMurry Indians, Daniel Baker defeated the Abilene team 13 to 0 the previous week. In holding the Simmons hard hitting crew to one touchdown, the Hill Billies displayed a powerful defense which marks them as dangerous contenders in the T. I. A. A. race.

While the Matadors were forced to give way to the superior man power of Matty Bell's aggregation, the team had the satisfaction of being the first football eleven to cross the Frog goal line this year. Simmons had previously scored on the Fort Worth conference member with a field goal.

Griffith's Out For 50th Straight Win

CHICAGO, Oct. 29 (AP)—Jerry "Tuffy" Griffith, Sioux City, Iowa, light heavyweight sensation, will go gunning for his fiftieth consecutive victory tonight when he tangles with Harry Dillon, former Canadian champion, in the principal 10-round match at White City.

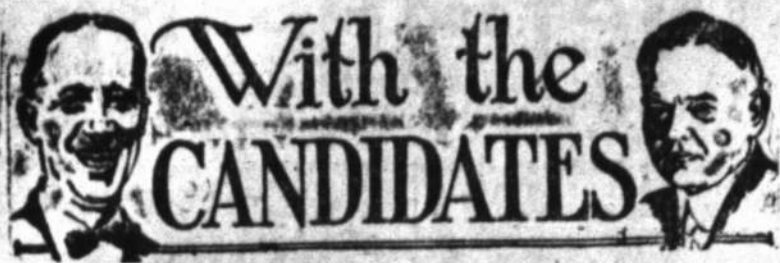

"I'm solid for Chesterfield"

Mild enough for anybody... and yet they Satisfy*

*A PLAIN, unvarnished statement of fact: "Mild enough for anybody and yet they satisfy" If you will light a Chesterfield and smoke it certainly you will find no hint of harshness, but a certain mildness, with a rich, wholesome flavor. Chesterfields satisfy without being harsh. They're mild without being insipid or tasteless.

SMITH PREPARES FINAL DRIVE IN FOUR ADDRESSES

BY H. DAROLD OLIVER
Associated Press Staff Writer
WILMINGTON, Del., Oct. 29 (AP)—With four speeches ahead of him in the last week before election, Governor Smith today reached the stage of the presidential race which he predicted soon after his nomination would be the turning point of the campaign.

The democratic presidential race is a firm believer in campaign finishes, having practical in his gubernatorial battles on the theory that thousands wait until the final week to make up their minds which way to vote.

In Baltimore Tonight
So tonight in Baltimore he will start down the home stretch of his Atlantic seaboard offensive confident that his last four efforts to present the issues in "plain, everyday" language will swing to the democratic party the votes necessary to place him in the White House.

Rested after a week-end stay at the nearby home of John J. Raskob, chairman of the democratic national committee. At Claymont, the governor planned to motor to Wilmington to board his special train at 1:30 p. m. His arrival at the Mt. Royal station in Baltimore was set for 3 o'clock and a parade of an hour through the industrial and business centers was to follow, terminating at the Hotel Belvedere.

May Romp on Hoover
Others thought he would take another oral fling at Herbert Hoover probably in connection with his extra session statement on farm relief.

After an overnight stay in Baltimore, Governor Smith will return to New York to prepare for his second speech of the week at Newark, N. J., Wednesday night. On Friday, in the Academy of Music at Brooklyn, he will deliver an address on state issues, and on Saturday night wind up his speaking campaign with a general appeal to the national electorate from Madison Square Garden.

With his Saturday night address, he will have delivered seventeen formal campaign speeches in fifteen states extending from Massachusetts to Montana and Oklahoma to Maryland.

The speech tonight to be delivered in the Fifth Regiment armory, where Woodrow Wilson was nominated in 1912, will be broadcast over the nation beginning at nine o'clock eastern time.

New Managers For Training School

SAN ANTONIO, Oct. 29 (AP)—Disagreement over the advisability of placing women on the board of managers of the Mission Home and Training school of San Antonio, a Methodist institution, resulted in the school having an entirely new board today. It was appointed yesterday after the old board, which consisted of five men had resigned. The Rev. M. Sessions, presiding elder for the San Antonio district, objected to a proposal to place five women on the board, to work with the five men already on the body on the grounds that it would make the board unwieldy and that the presence of women would interfere with meetings. When the policy was endorsed by the annual Texas conference of the Methodist Episcopal church, which controls the school the old board resigned and a board consisting of three men, an dthree women was appointed.

The new board consists of Claude J. Carter, P. M. Coleman, O. P. Cree, Mrs. S. W. Scott, Mrs. Seth O. Craig and Mrs. T. J. Simpson.

HOOVER TO MAKE FIVE MORE TALKS BEFORE ELECTION

BY JAMES L. WEST
WASHINGTON, Oct. 29 (AP)—Herbert Hoover is to make five

more set addresses before his cause is submitted to the voters of the country one week from tomorrow.

Four of them will be crowded into a space of forty-eight hours during his flying trip back to his California home to vote, the fourth of these to be delivered at Pueblo, Colorado. This city was added last night to his itinerary, necessitating a complete shift of schedule between St. Louis and Palo Alto.

Instead of striking northward from St. Louis Friday night for Nebraska and Wyoming, the republican presidential candidate will cross Missouri overnight, then pass through Kansas from east to west, and then across Colorado and go diagonally across Utah to Ogden.

Public Speech Early
The Pueblo speech will be delivered at 7 p. m. Saturday night from a platform in the public square just outside the railroad station and will

be broadcast to the mountain states as it will be the only address Hoover has delivered in those states since the opening of the campaign.

The first address in the final drive of the campaign will be made in the public square at Cumberland, Maryland, at 8:25 p. m. Thursday night, three and a half hours after the republican standard bearer leaves Washington. It will be limited to a quarter of an hour and will be the only one made in Maryland during the campaign.

The next will be made at Louisville, where the nominee will spend an hour and a half Friday, from 10:10 a. m. until 11:40 a. m. and will participate in an "extensive street procession before speaking in front of the Jefferson county courthouse.

Thursday night his special train will stop at Keyser, West Virginia, Walter S. Hallahan, national com-

mitteeman, and other leaders of that state, greeting the nominee during a five minutes' stop.

After leaving Louisville, the nominee will cross over into Indiana, his special stopping for five minutes at North Vernon, Washington and Vincennes. The next halt will be at 5:30 p. m. at Salem, Illinois, birthplace of William Jennings Bryan.

The train will reach St. Louis about 7:30 p. m., and remain until 11 p. m., with Hoover speaking for one hour, from 8:30 p. m. to 9:30 p. m.

HAVANA, Oct. 29 (AP)—Special dispatches to the newspaper El Mundo report several earthquake shocks of slight intensity at Santiago De Cuba during the night. Much excitement was caused but no damage or casualties were reported.

GREEK PRINCE PLANS TO WED

WIDOWER OF AMERICAN WOMAN TO MARRY ROYALTY

(By Associated Press)
ROME, Oct. 29.—Prince Christopher of Greece, widower of the late Mrs. W. B. Leeds of Cleveland, Ohio, is engaged to Princess Francoise, second daughter of the Duke of Guise, pretender to the French throne. The marriage will take place at the Orleans family estate at Palermo next January. Formal announcement of the en-

agement is to be made at Brussels by the Duke of Guise.

The Villa in Rome of the Dowager Queen Olga of Greece is being fitted up for the occupancy of the newlyweds upon their return from their wedding trip.

Princess Francoise visited Rome a few days ago with her aunt, the Duchess of Aosta, and stayed quietly at the Hotel Flora. The engagement was concluded there but Prince Christopher did not wish to announce it formally until he had seen the Duke of Guise.

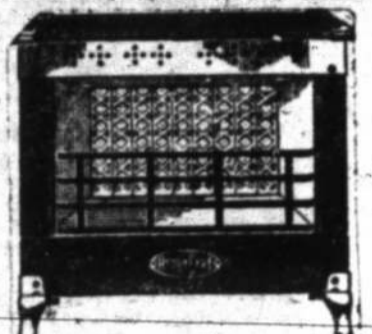

Prince Christopher is a brother of the late King Constantine of Greece and was born at St. Petersburg (now Leningrad) on July 29, 1888. He married Mrs. W. B. Leeds, widow of the tin plate manufacturer in February, 1920. She died in London in August, 1923. William Leeds, her son by her first marriage, married

Princess Xenia of Russia in October, 1921.

Princess Francoise is the second daughter of the Duke of Guise and was born at Paris on Christmas Day, 1902.

WASHINGTON, Oct. 29 (AP)—A robber today walked into the box office of the Earle Theatre in downtown Washington, held up the manager and assistant manager and walked out into the crowded street with \$4,000.

Home Builders

A home built the way you want it—that's the way to get more pleasure out of home life. In addition to the satisfaction of owning your own home, real estate in Lubbock is an investment that will surely and steadily increase in value.

On this page you'll find helpful hints to home-builders-ideas-plans-contractors etc., that make it easier to build a home than pay rent.

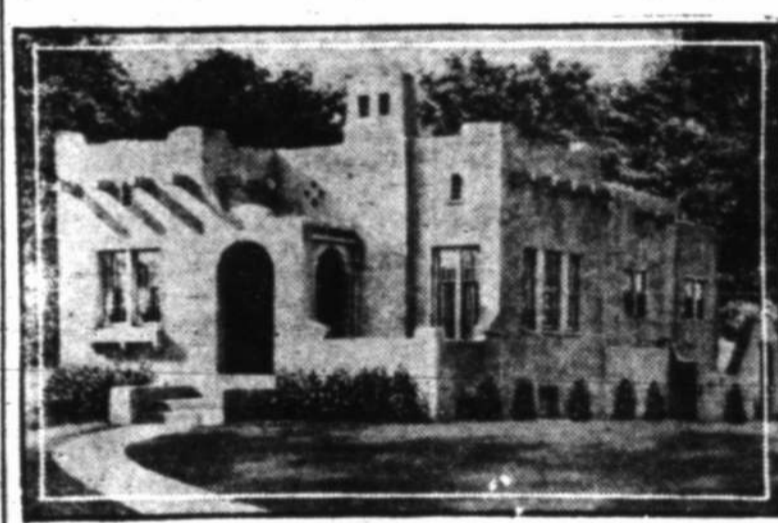

Electricity

Slave to the Modern Housewife

WEEKLY HOUSE PLAN "Ponce De Leon" Boasts A Patio

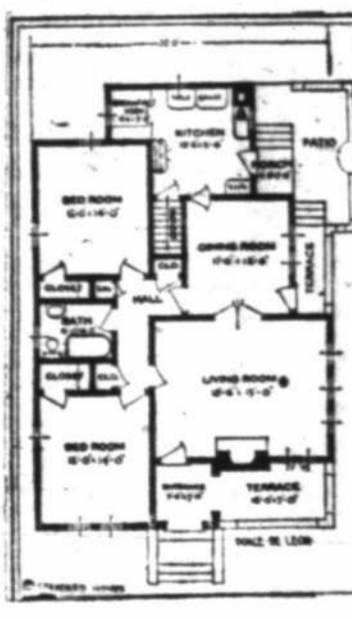

THE Ponce de Leon may not have a foundation of youth hidden inside its stuccoed walls, but it does have a patio, which is almost as good.

Like all Spanish homes, this little bungalow appreciates the love of privacy. So it extends its side wall to form an enclosed yard in the rear where one can get sunshine and fresh air and still be apart from the world.

This bungalow can be white, or if you have the romantic vein in you that Spanish folk have, it can be blue, pink, yellow, green or any other color.

It has an exceptionally good room arrangement. A large living room, with fireplace and French windows onto the terrace, opens onto the dining room. Privacy is assured the bedrooms by setting them apart from the other rooms by a hall of their own.

The kitchen porch is almost the prize of the house, for it gives onto the patio. There is a charming breakfast nook and all kinds of conveniences, such as double closets, and built-in kitchen equipment. A window over the kitchen table promises a pleasant work

place for the home-maker. The Ponce de Leon costs from \$5,000 to \$6,000. For further information, write the Standard Homes Bureau, Colorado Building, Washington, D. C.

SUN-PROOF LIQUID PAINT

The life of a building is indefinite if it is properly protected with an armor of paint. Much depends on the choice of paint. A few people may be able to judge the value of paint by its composition, but to the average user the formula on the can means nothing. Paint should be bought on the basis of service. How many square feet will it cover? How many years will it last?

Build A Home in University Place

Answers to your questions YES, University Place is an ideal location for that new home you are planning. Located in the growing part of the city where only the best homes are located. The district has been equipped with all modern conveniences, including lights, water and sewer and gas connections.

Every home in this new and modern addition is built along up-to-date lines and your surroundings will be very desirable. Here is an opportunity that Home builders and investors are not overlooking. A drive out 19th Street to University Place, just south of Texas Tech, will convince you of the desirability of the location.

THE DUCKS are flying

A THRILL to every hunter's heart—that cry! Up to his knees in dank marsh water he waits for a flutter of wings and a scream in the dawn. Cold? Yes, but sustained by the thrill of the sport and the thought of those ducks, cooked to a turn just waiting to be carved.

But don't forget that no matter how good a cook your wife may be she can't do them justice without a modern gas range. Its steady, even heat controlled at exactly the right temperature by an oven heat regular that makes fowls so deliciously juicy and brown. It's no trick for her to prepare the most elaborate dinner when she can give her time to other things and let the oven take care of itself. The pleasure of hunting is yours—make hers the pleasure of cooking.

Hope For Lower Rates On Public Utilities Seems Very Slight On Face Of Ballot Contests, Is Dutcher's View

BY RODNEY DUTCHER NEA Service Writer WASHINGTON, Oct. 29.—From the standpoint of progressiveness and of consumers who hope for lower public utility rates through political aid, the results of ballot contests to date have not been altogether encouraging...

The Smith Democrats are very strong in their denunciation of preachers who are supporting Hoover. One wonders why the same forces allows preachers to speak for Smith?

Last night, a Baptist minister of Hot Springs, broadcasted by radio asking people to vote for Al Smith. Let's have enough preachers. Hoover and others speak for Hoover.

The writer is certain of one fact—that if the ministers were supporting Smith instead of Hoover, you would not hear this cry of agony about preachers taking part. It is because they, the Smithites, do not have enough preachers. However Mr. Smith might invite the Priests, none of these have as yet declared for Hoover.

In Wisconsin, where the "power trust" fight was perhaps more predominant than anywhere else, the progressives renominated Senator LaFollette but failed to nominate Congressman Beck, their candidate for governor. The issue now figures in the election and it is assumed that LaFollette and Walter Kohler, the conservative candidate for governor, will be elected.

Critics of the utilities, however, point to some of their own victories. "past and prospective. Senator McKellar and Congressman Garrett took issue on the power question in Tennessee, where Musiee Shouse is the big problem, and Garrett was licked despite supposed support from the power companies which is now said to have been transferred to the republican candidate against McKellar."

Senator Howell of Nebraska won renomination while criticizing the utilities and is now running the same issue in his election campaign. The same goes for Senator Frazier in North Dakota, another republican. Senator Dill received renomination from the democrats and is now putting the power question forward in the campaign, while his republican opposition has taken the side of the utilities.

Senators Wheeler and Walsh are assailing the "trust" in Montana, where Wheeler is a candidate for re-election and the Montana Power company is understood to be supporting his republican opponent, Joseph M. Dixon.

In Minnesota the utilities are lined up against Senator Shipstead, the farmer-labor candidate, who is making power one of his main campaign points. The power issue cut party lines, as may already have been observed. Republicans and democrats are likely to be found on either side of the fence and generally the issue is not raised. It is generally because both candidates are sympathetic with the utilities.

There has been a power fight on in New York for some time over Governor Smith's program and this has been considerably accentuated by selection of H. Edmund Machold as republican state chairman and of Albert Ottinger as republican candidate for governor. Machold is a power magnate and Ottinger is a...

In New York By Gilbert Swan

NEW YORK, Oct. 29.—The latest contribution to the gaiety of Gotham is a Turkish bath emporium which serves a vaudeville show to its overnight guests. Insofar as I know, it's the only continuous all-night show to be found anywhere in the world.

Because of the mixture of nations that gather in the steam rooms during the night, the program is produced in several languages—a typically Manhattan idea. Songs and chatter are done in German, Russian and Yiddish, as well as English.

A few years ago "Hallelujah, I'm a Bum" was frowned upon as the marching song of the "bobbies," or I. W. W. Today it's chanted on every corner and avenue of New York. A few years ago one might have flitted with those authorities who saw radicalism seizing the nation by the throat. Today they sell extra verses at 20 for five cents in Times Square. Phonograph shops in the Broadway belt grind out the "swabbie" hymn by the hour. Radios broadcast it and every archaic chantant it from his bootblack stand.

Talking about those "radical" drives of yesterday, I happened to meet several of the individuals who are going to send this land to the stars and back. They are the ones who believed the alarmists and hysterics. Three of the so-called "bolsheviks" have become eminently successful and respected figures in the world of art and business. Two others, who then edited a magazine considered to be ultra-violent, have retired to the quiet hillsides of the Croton belt, where they write successful plays, merry stories for the magazines and lead a peaceful suburban life.

A woman whose name was on thousands of front pages devotes her energies to child welfare. And an artist who was expected to stick bombs under the Woolworth building recently completed the decorations for the mansion of a very conservative Wall Street magnate.

So it goes. And, meanwhile, of course, the little hysterical coterie discover other individuals who will plunge the nation in to the abyss.

Two hoboes recently arrived from Arizona, Wyoming and way eastern points—via the box car route—when taken to the police station were found to have brought with them a box of assorted cards. When the judge wrinkled his brow in perplexity, demanding an explanation, one of the "bobs" said:

"Wal, ya see, judge, we like to have something to hook in case we go broke. If we had a watch or some jewelry or something, they'd say we stole it and we'd go over. An' the last time we were out this way we found out that a lot of folks would pay fancy prices for fancy cactus. So we just laid in a supply to peddle in case times got hard."

Which establishes some kind of a record for innovation.

The fact is that cactus has been in growing demand as a "ritzy" decoration. A place which handles hundreds of specimens flourishes on Park avenue. Some species bring a hundred dollars or better.

NEVER TREAT MOLES AT HOME CONSULT A SKIN SPECIALIST Removal of Moles

You will find you won't be of such a nervous temperament, Mrs. A., when you get your weight reduced and your muscles toned up.

Positions for Best Sleep "I am Peterizing, and in two and one-half weeks have lost four pounds I have so much benefit from the Tummy Ten that I don't know the abdominal exercises which you recommend, that I shall do them for the rest of my life. They are certainly wonderful regulators of the intestines."

We are getting a lot of good reports from the use of the Tummy Ten. Your resolution to keep them up for the rest of your life is an excellent one. Most of our muscles get some exercise every day, except the trunk muscles, the most important. They are too often neglected.

In general, the best position for sleep is the one that is most comfortable. If you do get cramped, you will wake up, and then you can change the position. It is probably a good idea to try to go to sleep one night on one side and on the other side the next night.

Bunions A.—Bunions are caused by too pointed and narrow shoes, sometimes coupled with improper gait. The large toe turns outward, and the inner side, being pressed on, develops the bunion, or bursa and, to add insult to injury, a corn is apt to form on this. Once the corn has started, it is apt to become a nuisance and grow worse by muscle spasms, unless preventive measures are taken.

The milder cases may be corrected by the wearing of shoes that have a straight inner edge, and wide enough to give sufficient room. Exercise pads may help in the offending toe, at night, the application of a splint along the inner side of the foot with the toe strapped onto it, and walking with toes straight ahead instead of toeing out, should be practiced. Bunions pads may help in the offending toe, at night, the application of a splint along the inner side of the foot with the toe strapped onto it, and walking with toes straight ahead instead of toeing out, should be practiced.

Editor's Note—Dr. Peters can not diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the columns. In turn, Requests for articles must be accompanied by a fully self-addressed, stamped envelope and 2 cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining, 10 cents in coin, with self-addressed, stamped envelope, must be enclosed. Address Dr. Peters, in care of this paper.

Tomorrow: Normal Temperature Variation.

The World And All

IN NEW YORK Now they have begun putting radio into the taxicabs. I have no idea how far the custom will proceed, but I saw a fine, large, new cab the other day, and it was singing right lustily as it poked along Broadway in the noon-time traffic. Drivers of other taxis looked some what concerned when they observed the latest form of competition. I find Broadway and Sixth Avenue quite noisy enough as they are. I tremble at the thought of twenty-five thousand taxicabs suddenly bursting into song or speech in the rush of the mid-town traffic.

Then, too, I have not forgotten the fright I received when a talking and singing airplane hovered over Times Square one day, shouting advice about coughless cigarettes. Voice and music are good in their own sweet ways, but does any body know what were coming to? At Broadway and Forty-third street, on a recent windy noon, I saw a sign fall from a building to the sidewalk without hitting anybody. I did not see where the sign was dislodged, but glimpsed it only as it did the rest of the rushing crowd, as it hurtled to the side walk, with a destructive crash. I presume dozens of persons told stories of narrow escape that night. To the great edification of their families. But there was one elderly woman who really had a story to tell. The edge of the sign seemed almost to touch the edge of her hat and the wreckage mushroomed out right at her feet. She seemed greatly surprised, but hurried on without much pause.

Some of the most delightful excursions I have ever made have been to the home of Albert Payson Terhune, at Pompton Lakes, New Jersey. It's only an hour and a half or two hours from Manhattan, but as thoroughly rural and secluded as any wild spot in the heart of the Alps. I was out there the other day, basking in the whole-hearted hospitality of Terhune and his talented wife, Mrs. Terhune writes, 'top, and is a musical authority as well as a novelist.

In Ancient Art Of Weaving Is Cure For Jaded Nerves, Authority On Norse Culture Teaches Her Tired Pupils

Mrs. Bertha Aske Bergh and one of her many tapestries. This piece illustrates the story of "Aase, the Goose Girl, and the King's Son."

BY JULIA BLANSHARD
NEA Service Writer

NEW YORK, Oct. 29.—"Don't be psychoanalyzed. Take up the weaving of old Norse tapestries. Instead, in working out some humorous picture from your own life your mind will be so thrilled and your hands so busy that nervous tangles will just unwind themselves."

Mrs. Bertha Aske Bergh, authority on Norse culture, gives this sage advice from 30 years' observation of just what a panacea for tense minds weaving can be.

"More women than I can name have found solace in tapestry weaving, women of middle years whose children are now gone from home, women who have met grief, women to whom life is utterly empty," this little grandmother recounted. She seemed unconscious of the fine recommendation her own happy blue eyes, twinkling dimples and natural verve gave her theory.

Aided Two Men

"My first and second patients," she called my pupils sometimes, were two women, however," Mrs. Bergh smiled. "One of the new ones' great-

Hansen, Norway's famed tapestry weaver, who revived the ancient art and reclaimed and rewove some of the oldest tapestries in the world. Frido Hansen helped Mrs. Bergh gather a collection to bring to America, including one from King Oscar, then ruler of Norway-Sweden, and one from the Crown prince.

That original collection was exhibited all over America, with Mrs. Bergh lecturing on tapestries and other branches of Norse culture, for she is an artist and musician as well as a tapestry weaver.

"My first class in weaving was

five society women from Boston, who gave up nine hours daily for 12 weeks to learn. That was 20 years ago. I still hear from them. Every one of them still weaves. Isn't that proof of its fascination?" Mrs. Bergh asked.

Has Fine Collection

Her home is proof that she still weaves, too. Everywhere are lovely tapestries. One stunning piece, "Aase, the Goose Girl, and the King's Son," is of such fine, sheer texture, that, held to the light, looks like a gorgeously colored stained glass window.

"Women, I believe, get more pleasure from finger accomplishment than from thinking out theories," Mrs. Bergh philosophized. "That is why I recommend weaving to restless women. In planning their own patterns they just forget everything, too."

"And, personally, through a long-

buy happy life with a husband who always thought I could do everything, and two sons like him, my weaving has meant a tremendous lot to me."

Davidson Favors State Enforcement

HOUSTON, Oct. 29 (AP)—Alteration of the prohibition laws to return the administration of the measures to the states, without in any way impairing them, was suggested in the first formal statement on the national political campaign issued by Lynch Davidson, former lieutenant governor last night.

Mr. Davidson declared his intention of voting for Governor Smith and urged all democrats to support the complete party ticket.

He admitted that he did not agree

with all of Governor Smith's prohibition projects.

BUILDING INCREASES

SNYDER, Oct. 27.—Building permits here have exceeded the quarter million dollar mark since the first of the year. Extensive new buildings and improvements now under way will bring the total permit for the year close to the half million dollar mark, according to Building Inspector P. M. Bolin.

Trained rat-catchers who work on ships in the London docks must estimate the number of rats in a ship before beginning their work of extermination.

It is estimated that sleeping-car porters of whom there are 7000 employed by the Pullman company in the United States, receive about \$7,000,000 in tips during the year.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Detroit JEWEL Gas Ranges

"One of the Best I Have Ever Used"

---Mrs. Myra Oliver Dougan

From her keynote address to the final detail of the current Cooking School, Mrs. Dougan will stress the importance of a good stove in the preparation of good foods. She really does believe that for a biscuit to be good it must be cooked in a good stove. In the selection of the Detroit Jewel Gas Range to be used for her demonstration, she declares a happy satisfaction in the arrangement. It is not her first experience with this wonderful stove and further states her hopes that it is not the last.

Every woman and child of cookable age should come to hear these educational culinary lectures every day. Matters of vital importance pertaining to the proper preparation of foods will be gone in to and many new dishes will be shown in the making. The cost is absolutely free and the location of the beautiful new UP Town Dance Palace is so accessible and convenient that it will be easy to spend three happy hours each day.

ATTEND THIS SCHOOL AND SEE THESE REMARKABLE ALL WHITE STOVES ON DISPLAY!

NEW HIGHWAY TO CARLSBAD

ENGINEER LOOKS OVER PROPOSED FEDERAL ROUTE TO CAVE

CARLSBAD, N. M., Oct. 28.—W. Davidson, state highway engineer, spent Thursday and Friday on inspection of the new federal highway 135-B from Carlsbad northward and also conferred with R. B. Horne, engineer, on the location of the proposed new road to Carlsbad cavern.

Thirteen thousand three hundred and eighty automobiles were parked at Carlsbad cavern between January 1 and September 30 of the current year or an equivalent of 36,000 cars that made the round trip. The count does not include through travel over the Dal-Paso cavern highway from Dallas and Fort Worth to El Paso via Carlsbad.

The original unimproved and unimproved dirt wagon road to the cavern has been repaired from time to time and is under constant maintenance. The enormous car-traffic, however, has rendered the present road entirely inadequate to handle the present conditions and it is realized that the best travel is only in its infancy. It is the intention of the highway commission, following their visit with the governors party on August 7, to provide a new gravel surfaced road that can be used in all kinds of weather.

Interest in the Van Horn section of the cavern highway was made manifest during the past ten days by an appropriation by the Texas highway commission, who also visited the cavern on August 7, of \$25,000 for the immediate road improvement and a maintenance allowance of \$200 per mile for 64 miles between Van Horn and Pecos, a total of \$56,800.

The new short cut road between Pecos and Carlsbad has one mile concrete roadbed completed out El Paso; contract recently was awarded for the first 20 mile section.

HELD IN DEATH OF BEAUTY EXPERT

Mr. and Mrs. Charles Reyher, of South Bend, Ind., snapped at police headquarters at Elkhart, Ind., where they have been charged with first degree murder in the death of Genevieve Stultz, South Bend beauty parlor proprietor, whose body has been found near Elkhart. According to police Mrs. Reyher is said to have paid a detective \$50 to get Mrs. Stultz out of town, because she believed her husband and Mrs. Stultz were infatuated.

Interest in the Van Horn section of the cavern highway was made manifest during the past ten days by an appropriation by the Texas highway commission, who also visited the cavern on August 7, of \$25,000 for the immediate road improvement and a maintenance allowance of \$200 per mile for 64 miles between Van Horn and Pecos, a total of \$56,800.

The consumption of tin has increased enormously with the popularity of silk and artificial silk.

DAIRYING AID TO PROGRESS

BANK DEPOSITS CLIMB HIGH ON CASH FROM MILK PRODUCTS

(Special To The Journal) SNYDER, Oct. 28.—County county's campaign for more dairy farming has brought out some interesting statistics which concern the bank deposits in a farm dairying region.

Here is given an eye opener of what dairy farming has done for seven counties in other states as compared to the seven best counties in Texas. These towns are all county seat towns of almost the same population. The towns in other states are in counties not so rich by far in natural resources as the towns noted here. The Bankers Blue Book for the past four years shows that in these Texas towns in cotton growing sections bank deposits in the seven towns of other states, in dairy farming sections have rapidly risen. The figures given below are taken from the August 1928 Bankers Blue Book. The bank deposits in the farm dairying town in another state is given first, then those of the Texas town its size follows next.

Brookhaven, Miss., bank deposits \$3,519,140, population 4,700; Belton, Texas, \$69,700, 5,000.
Kosciusko, Miss., \$2,967,660, 2,223; Kaufman, Texas, \$778,660, 2,501.
Sarkville, Miss., \$2,206,210, 2,500; Georgetown, Texas, \$1,668,410, 2,871.
Tupelo, Miss., \$5,728,190, 5,665; Waxahatchie, Texas, \$3,212,910, 7,568.
Lewisburg, Tenn., \$1,198,400, 2,711; Rockwall, Texas, \$875,000, 1,268.
Payetteville, Tenn., \$1,827,890, 3,023; Hillsboro, Texas, \$1,672,710, 3,282.
Murphreesboro, Tenn., \$3,023,650, 5,267; McKinney, Texas, \$3,810,640, 6,677.

Greater London has increased in population by more than two million since 1889, when the London County Council came into being.

Baggett Is Guilty Given 35 Year Term

CAMERON, Tex., Oct. 28 (AP)—W. N. Baggett, tried for murder in the fatal stabbing of his step son-in-law, A. A. Beatty, last August at the Sand Grove church near here, was found guilty by a jury in district court here Saturday night and sentenced to 35 years.

The Maharajah of Kashmir, India, has an annual income from his personal estate of \$10,000,000.

TAFT HERD GOES HOME WITH MANY FAIR MEMENTOS

TAFT, Tex., Oct. 28 (Special)—The 1928 Taft ranch persey show has just returned from the fall circuit having attained creditable honors not only for the Taft herd but for the state of Texas as well.

Showing in the Panhandle South Plains exposition at Lubbock Taft won 13 first places, three seconds, and five championships including both grand championships. At the Tri-State exposition in Amarillo the Taft herd won seven firsts, seven seconds and three championships. Entering at Childrens State fair in eleven individual classes, five groups and six championships were won without a single defeat.

As the Southwestern Dairy Exposition, Dallas state fair, the Taft herd was shown in eight female classes, winning six firsts and took second place in the other two classes, also senior and grand champion female. In four bull classes won two firsts, standing second and third in the other two classes, also taking junior championship with a son of Imp. Masterman of Oaklands. Entering four groups won

two firsts, standing second in the other two.
A huge buffalo head valued at \$1000 which came from the herd formerly owned by Colonel Goodnight is probably the most striking of recent gifts. A buffalo robe came from the same herd. Two blankets, one of which is a saddle blanket, and both of which were woven from buffalo wool are five per cent lighter and warmer than sheep wool. The American Bison Society of New York purchased a similar blanket from Colonel Goodnight at a cost of \$100.
War pensioners in England number about one million.

RELICS ADDED TO HISTORIC SOCIETY BY RANCH OWNER

CANYON, Oct. 28.—The Panhandle-Plains Historical society with headquarters at the West Texas State Teachers College, has recently added a number of interesting relics to its invaluable collection through the kindness of Colonel Charles Goodnight, of Glendon. A huge buffalo head valued at \$1000 which came from the herd formerly owned by Colonel Goodnight is probably the most striking of recent gifts. A buffalo robe came from the same herd. Two blankets, one of which is a saddle

blanket, and both of which were woven from buffalo wool are five per cent lighter and warmer than sheep wool. The American Bison Society of New York purchased a similar blanket from Colonel Goodnight at a cost of \$100.
War pensioners in England number about one million.

The best style in shoes for every occasion will be found in our shoe department. Shoes for dress, shoes for comfort, and at Ward's lower prices—

\$1.85 TO \$5.00

Be sure and see our Fashion display all next week at the cooking school.

Mrs. Dougan has this gift for you at the Cooking School

free

For every woman attending the cooking school Mrs. Dougan has Gebhardt's valuable recipe booklets—FREE. "Salads Alluring and New," by Alice Bradley, principal of Miss Farmer's School of Cookery, Boston, is a beautiful booklet in full colors devoted entirely to salad making and decoration. "Mexican Cookery for American Homes" contains valued secrets for the preparation of unusual Mexican dishes and American dishes with Mexican flavor—also in color. Don't fail to ask for these booklets; they are worth 11c each.

ORIGINAL MEXICAN DINNER PACKAGE

Every day at the cooking school there will be given away one of Gebhardt's famous Original Mexican Dinner Packages, consisting of:

- 1 bottle Gebhardt's Eagle Powder
- 1 can Gebhardt's Tomatoes
- 1 can Gebhardt's Chili con Carne
- 1 can Gebhardt's Mexican Style Beans
- 2 cans Gebhardt's Deviled Sandwich Spread

all contained in a beautiful lithographed box. With this complete Mexican dinner is also a menu showing how to prepare and serve for five persons, and three attractive recipe booklets.

Gebhardt's EAGLE CHILI POWDER

Gebhardt's Eagle Chili Powder is the Original chili powder and in all the years that it has been the favored by American women it has never deviated from its original high quality. Made from only select, genuine Ancho peppers in one of America's finest and cleanest kitchens, it still remains the outstanding condiment

of its kind. At the cooking school, Mrs. Dougan is showing how to use Gebhardt's Eagle Chili Powder in American as well as Mexican cookery; how to employ it in the making and decorating of salads and especially recommending that it be kept on the dining table as well as in the kitchen.

erty and the owners thereof
against railways and street rail-
ways for work between rails and
tracks and two feet on each side
thereof have been filed with the
City, such rolls or statements show-
ing other matters and things, and
have been approved, and the City
Commission of said City has fixed
a time and place for hearing to the
owners of property abutting upon
said portions of streets, alleys and
avenues, to the owners of railway
and street railways, and to others
affected, a which hearing the
amounts to be assessed against the
respective parcels of abutting prop-
erty and the owners thereof for im-
provements in the units upon which
the particular parcels of property
abuts the respective parcel of prop-
erty by means of the improve-
ments in the unit upon which the par-
ticular property abuts, the amounts to be
assessed against the railways and
street railways for work between
rails and tracks and two feet on
each side thereof, the regularity of
the proceedings with reference to
such improvements, the apporportion-
ment of the cost of such improve-
ments, and other matters and
things, will be determined, and af-
ter such hearing assessments will
by ordinance be made and levied,
and such hearing will be held and
held by and before the City Com-
mission of the City of Lubbock,
Texas, in the regular, Commission
meeting room in the City Hall in
the City of Lubbock, Texas, on the
9th day of November, A. D. 1928, at
1:00 o'clock p. m. The rolls or
statements showing the proposed
amounts of such assessments are

Copy up on deck. Then, one by
one he pulled the rest. "With
luck," cried Clowdy, "we are bless-
ed. Just look at me. I'm drench-
ed all through, away up to my
neck."
The captain laughed. "Now, don't
you fret," said he, "although you're
good and wet, no harm will come to
you. I'm sure. We'll dry your
clothes real quick. Just follow me
down in the hold, before you catch
a nasty cold. To dry your clothes
before a fire will really be no trick."
So down into the hold they went,
and about a half an hour was spent
in lounging round in blankets
while their clothes hung to dry.
The Tinnies then told the tale
of how they'd traveled on the
whale and how they'd dropped into
the sea just as the ship went by.
"The whale that's captured, on
your ship, was giving us a dandy
trip," said Scouty, "and we wish
that you would kindly turn him
free. Although we all know how to
swim, we really owe a lot to him.
He saved us when our airplane dis-
appeared within the sea."
"All right," the friendly captain

cried. "We'll toss him right back
o'er the side. He sure deserves nice
treatment, since he treated you so
fair." With ropes the whale was
lifted high. The Tinnies all yell-
ed, "Goodbye," and as the whale
dropped in the sea, big splashes
rose in air.
(The Tinnies plan on some
Halloween tricks in the next
story.)
BUY REYNOLDS RANCH
SNYDER, Oct. 29.—Robert Estes
and Ode Berry of Baird have pur-
chased the P. W. (Phinn) Rey-
nolds ranch of six and a half sec-
tions north of Snyder and already
have taken possession. Both are
practical cow men and will stock
the ranch with cattle in the spring.

Good horsemen usually make
good air pilots, but expert racing
motorists do not excel as airmen.

AND KITCHEN UTENSILS FROM MOORE BROTHERS
We are happy to announce that Mrs. Dougan will use all of the pans, roasters and kitchen utensils that she will use during the cooking school from our complete stock. She states that she can readily see why South Plains and Lubbock women make this store so popular because of its completeness of stock and reasonableness of price. Inspect the utensils she uses at the school and come to Moore's next time you need this hardware.

DAMP, CHILLY FALL DAYS-- WARM FUR-TRIMMED COATS ARE INDICATED

Warmth as well as style—these two things are a necessity in coats for wear at this season. These qualities are present in the coats we are featuring just now—present to a very marked degree. While assortments are entirely complete, you should choose your new garment and begin to enjoy it while Fall is still young.

Dress Or Sport Styles In Varied Colorings

Fine solid colored cloths with fur trimming of either matched colors or in contrasting shades. Pretty novelty weaves in sport styles that are decidedly smart for wear this season—an assortment of coats that overlooks nothing either in style features or price ranges. Fine desirable garments are priced—

\$29.85—\$34.85—\$49.85

The fine price ranges include exclusive garments in both dress and sport models.

\$69.85—\$97.45—\$114.85

Attractive Rain Coats, many with hats to match—shown in the new pebbled finishes and in bright shadings—smart and practical as well as entirely necessary for the outdoor woman—prices—

\$6.45—\$10.85

Hemphill-Wells Co

RAINS

(Continued from Page 1)

have happened. County Agent D. F. Eaton said this morning that most of the cotton in the county had already matured. He said that a killing frost would be more beneficial than harmful at this time, causing the cotton to turn over.

Frost Night Help
No serious damage will result from the present wet spell, he said. Mr. Eaton declared that the warm dry weather in this section for the past few weeks has been extremely favorable causing him to estimate the cotton yield of the county to appear slightly low. Mr. Eaton has estimated that Lubbock county will produce 35,000 bales of cotton, and this morning he estimated the yield at from 33,000 to 34,000. He stated there was little prospect of raining last year's yield of 38,000 bales.

Forecasts Promise Added Rainfall

DALLAS, Oct. 29.—Colder weather brought much-needed rain to Texas last night and today, and forecasts

promised added precipitation in the next 24 hours. The heaviest rainfall was in East and North Texas, where 1.92 inches fell at Paris and 1.94 inches at Sherman. Other points reporting more than half an inch of rain were Amarillo, Bridgeport, Cleburne, Henrietta, Memphis, Quanah, Canyon, Weatherford and Wichita Falls.

Today's forecast called for probable rain today and tomorrow in all portions of the state save West Texas and freezing temperatures in the Panhandle tonight were expected to be followed by partly cloudy skies tomorrow.

Snow And Rain Give First Wintery Touch

TOPEKA, Kas., Oct. 29 (AP)—The first touch of winter descended on Kansas yesterday, with snow and rain. Goodland and Concordia reported the first snow of the season. Goodland reporting a 2-inch fall and Concordia where snow was still falling this morning, reported nearly an inch. Dispatches reported a fall of four inches of snow at Norton, and two inches at Lebanon and Salina where snow was falling this morning.

Third Of Inch At Crosbyton

CROSBYTON, Oct. 29 (Special)—A slow rain, amounting to 31 of an inch, fell here last night, greatly aiding the wheat crop. The

moisture was the first that has fallen here since September 3 and was badly needed. Skies this morning remained gray and additional rain was expected.

Moisture Breaks Drouth At Wichita

WICHITA FALLS, Oct. 29 (AP)—A two-months' drouth in the Wichita Falls territory was broken during the week-end with 37 of an inch of rain, clouded skies threatening added precipitation today. Farmers said the moisture will enable them to plant small grains after having been delayed a month or more.

Mist And Cold Drizzle At Pampa

PAMPA, Tex., Oct. 29 (AP)—Mist and a cold drizzle settled over the North Plains of the Panhandle region today after an inch of rain over the week-end. The moisture is expected to be of material benefit to a large wheat acreage.

Temperature Drop Comes After Rain

CANYON, Oct. 29 (AP)—A drop of 10 degrees in temperature followed a one and five-tenths inch rain here this morning.

COOKING SCHOOL

(Continued from Page 1)

will be shown, the decoration of collations will be featured and the economic preparation of meals will be stressed by this expert.

Mrs. Dougan has announced that tomorrow's lectures will be devoted to vegetables and miscellaneous dishes, breads will be the subject for Wednesday with cakes—and

MILLIONS OF POUNDS USED BY OUR GOVERNMENT

TWO KILLED, TWO NEAR DEATH AS RESULT OF COLLISION OF CARS SOUTH OF CITY SUNDAY

(Continued from Page 1)

H. D. Davis, of Littlefield with the exception of Miss French, who resides in Ropes. The Butler boys and Clint Lewis were riding on the running board.

Girl Cut By Windshield
Shattered windshields slashed the throat of Miss Leslie Dyer and cut the faces of other victims of the crash. The body of Lewis was picked up, surrounded by a pool of blood, where it lay at the base of the telephone pole against which it had been flung.

Scenes of chaos, bringing football fans from Fort Worth had traversed the highway throughout yesterday and in addition to the regular run of traffic had served to cut the rain-dashed road into a slippery mess of slimy mud. Windshields of the two cars were coated with mist making visibility almost impossible.

News of the tragedy spread like wildfire, especially among the college students of the city last night, as scores gathered about the Bynum sanitarium seeking information. It was not until this morning, however, that the meagre facts in the case could be gathered and pieced together into a coherent story.

Believe Girls Will Recover
Attaches of the Lubbock Sanitarium reported as the Journal's home edition rolled on the press that Misses Laveta Davis and Jessie Dyer, most seriously injured of the wreck's survivors, were resting as well as could be expected and that hope was being held out for their ultimate recovery. Rumors of their having been heard on the streets throughout the day to the effect that one of both of the girls had succumbed but the report from the sanitarium spiked them as untrue.

Paul Brewer was the son of J. A. Brewer of Memphis. The body is to be shipped to Memphis today for burial. Relatives of Clint Lewis, of Wiley, are on the way to Lubbock today and the body will be held at Bynum's pending their arrival.

Dr. Paul W. Horn, president of the Technological College, immediately cancelled a speaking date at Colorado, on hearing of the accident.

One Faints In Store
Miss Eula Mae Brown, who has been employed by the J. C. Penney company here for more than a year, returned to work today, but her stay at the mercantile establishment was short.

Badly shaken by the accident, the young lady fainted shortly before 3 o'clock and after being given medical attention, summoned by Manager A. J. Parson of the Penney store, was taken to her home in a Bynum ambulance.

METHODISTS

(Continued from Page 1)

Officials of the church expressed themselves as well pleased with the offering. It is planned to raise the amount to \$5,000 in cash donations in connection with a wind-up campaign of the building committee.

It is hoped to occupy the new annex by next Sunday. The Rev. E. E. White, pastor, said this morning. Open house for the new building will be held November 9 and the formal opening will be held November 11. Plans will be made to finish up the financial drive by next Sunday.

GRAF ZEPPELIN

(Continued from Page 1)

Island and Moncomoy light on the Long Spur which juts out from the

meals following on Thursday and Friday.

While each lesson is complete, women will find that attendance each afternoon is beneficial and they are urged to bring pencils and note books in order that they may make notes on the lesson and record recipes which will be given.

First Time In Lubbock
Since this is Mrs. Dougan's first school in Lubbock, she is to tell Lubbock housewives many new recipes and give much valuable advice on home making problems that have not been told before.

In addition to the classes, attendance prizes are to be awarded each day at the school.

Lubbock business firms are co-operating in this school and furnishing products which will be used in cooking and there are to be a number of booths advertising merchandise in the hall where classes are conducted.

Although each of the five schools which has been conducted by the Avalanche and Journal has seen a growing attendance of women, this school is expected to draw more women from the city and surrounding territory than any in the past.

Constant study of home making and food preparation, conferences with thousands of women throughout the country about their home problems and intensive study keeps Mrs. Dougan abreast of the latest tendencies and makes her counsel valuable to the housewife who attends her schools.

southeastern tip of Cape Cod. Sixty Are Aboard

It was just four hours and eleven minutes from the time it cleared the naval air station. Aboard were three score men including three officers of the United States navy, one woman and a variegated cargo of freight.

After having hugged the coast line since it quit the air station, the Zeppelin struck boldly out to sea, heading southeast. A group of early hunters, who with the light ship, estimated it was making close to 80 miles an hour and that it was flying at an altitude of about 1,000 feet.

RYE, N. Y., Oct. 29 (AP)—Officials of the Rye Country club believe that the youthful stowaway aboard the Graf Zeppelin is Clarence Terhune, 19 year old caddy, known to his friends at the club as "St. Louis" because he came from the Missouri city.

"It's being away any day now," the caddy was telling his friends mysteriously last week, according to Paul Belluscio, one of the club's professional golfers. They thought he meant California.

"He was just the sort who'd do that," said Belluscio. "Here last Friday with about that he had saved from caddy here during the summer."

The youth was described as a blond.

Two Storm Areas Are Reported

HAMBURG, Germany, Oct. 29 (AP)—The weather bureau reported two storm centers driving south from Labrador today, but if the Graf Zeppelin stands below the third degree she will find good weather and tall winds.

Excellent weather was reported from the Azores, in case the southern route should be followed. On the northern route the huge air liner may rain but also a tail wind to help in making better speed.

Steam Trawler Sights Craft

NEW YORK, Oct. 29 (AP)—The Graf Zeppelin was sighted at 7:15 a. m. today by the steam trawler Widgorn, 73 miles northeast of Chatham, Mass., said a message received by the Radio Corporation of America. The dirigible, the trawler's message said, was flying low at an estimated speed of 75 knots.

NAVAL AIR STATION LAKEHURST, N. J., Oct. 29 (AP)—The German dirigible Graf Zeppelin, imprisoned for days by contrary winds, heaved off its bonds early today and headed back through the moonlight skies for its home port at Friedrichshafen, Germany.

When it came October 18, it left at 1:54 a. m. With three score men and one woman aboard, the greatest airship that ever flew the skies was dragged tall first from the hangar not long after midnight and tonight, but even then no one seemed really to believe that the ship would leave.

But midnight came and action followed with breathless swiftness. The passengers were bundled aboard, chatting feverishly and grinning with something of desperation of their smiles.

The ground crew, more than 300 sailors trained to such events by frequent handling of the Los Angeles, marched to their posts and grasped the air monster as unceremonious as a mother pushes a baby carriage.

Out of the hangar the sailors walked the big craft as though it were a little blimp such as the two that have huddled under the tail

Eat Everything without Fear of Indigestion

Are there lots of foods you can't eat—for fear of gas, bloating, pains in the stomach and bowels? Do you have to pass up favorite dishes—while the rest enjoy them?

That's a sign you need Tanlac! For more than 10 years Tanlac has restored to vigorous health thousands who denied themselves their favorite foods just as you have to.

Mrs. Albert B. Greer, 720 W. Markham St., Little Rock, Ark., says: "Since taking two bottles of Tanlac, I can eat anything without indigestion and put in a full day's work without a bit of trouble."

If you suffer from indigestion, gas, dizziness, headaches, constipation or torpid liver—give Tanlac a chance to help you! The first bottle often brings the needed relief.

Tanlac is a good, pure medicine made of roots, barks, and herbs that are recognized by the United States Pharmacopoeia. Get it from your druggist today. Your money back if it doesn't help you.

Important Announcement

In keeping with our policy in supplying a demand instead of creating one, beginning November 1, we are putting our business on strictly a cash basis.

The entire country is undergoing a very rapid change in the distribution of merchandise and it has always been our desire to give the people of Lubbock and the entire South Plains the things they want. We are going to sell merchandise at a considerable saving to consumers of Dry Goods in this section of the country.

We not only appreciate your charge accounts but the loyalty which you have demonstrated in turning your business to BARRIER BROTHERS all these years.

Watch this paper and the other means of advertising we use and we know we will prove to you that by cutting out various items of overhead that we can give to you a substantial saving on your purchases.

DEPENDABLE MERCHANDISE

of the Navy dirigible Los Angeles since the Graf Zeppelin came to crowd them into one corner of the hangar.

At 1:30 the Graf Zeppelin was clear of the hangar, and so had passed one of the most perilous moments of any flight. For one of the greatest dangers is the possibility of some errant gust of wind pushing the ship against the hangar walls and ripping its silver flanks against the steel bulkheads.

Big Black Monster

Out in the night the Zeppelin was a great black monster with a fin of silver down its back where the moon struck. It twisted toward the north and moved ponderously, under the sailors' expert guidance, to a hollow far enough from the hangar so that there would be no danger of being blown against the tower-

ing steel structure. And then: "Weigh ship," an officer bellowed. "The ground crew released its

many handed hold. The Graf Zeppelin, a giant waking from a deep sleep, lifted its head slowly as though sniffing the relish of the morning air.
