The former Dunnam Packing Plant in Colorado City will go on the auction block at 10 a.m. Tuesday. The locker plant building is located at 102 Oak in Colorado City. Two other locker plants that were owned by J.B. Dunnam of Winters when he declared bankruptcy will also be auctioned off this next week. The other two plants are located in Winters, to be auctioned off at 2 p.m. Tuesday, and at Cisco, to be auctioned off at 10 a.m. Wednesday.

Big Business

The roofing business has been big business in Colorado City this summer, following last spring's million dollar plus hail storm. Most roofs in town have been replaced by now. Local insurance agents estimate that the total loss due to the hail will far surpass the original $1 million estimate.

Tourney Successful

Large crowds were on hand Wednesday, Thursday and Friday night for what was termed a highly successful District 5 junior teenage baseball league tournament between teams from Kermit, Sweetwater, Snyder and Colorado City. In top picture is part of the Colorado City crowd on hand Thursday for the game between Kermit and Colorado City which was won by the local team. Bottom picture shows members of the Colorado City team, in the dugout.

County Agent Resigns

Lemons To Become Bank Vice President

Bobby Lemons, Mitchell County extension agent for the past seven years, has announced his resignation from that position to accept a position with the City National Bank of Colorado City.

Charles C. Thompson, chairman of the board and president of the City National, announced that the association of Lemons with the City National will become effective Sept. 1.

Lemons will be a bank vice president, Thompson said.

Thompson expressed his pleasure in obtaining a person with Lemons' background to provide a wider range of experience for service to the community.

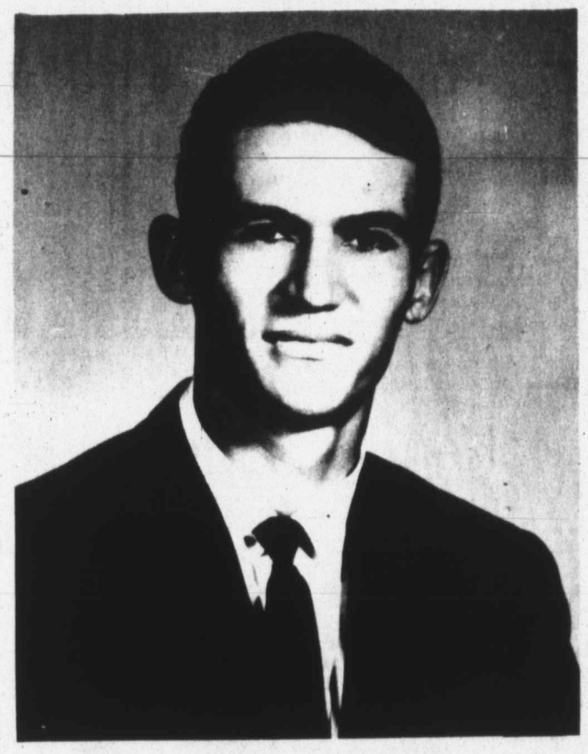

Lemons is a native of West Texas, born in Scurry County and graduated from Fluvanna High School. He received his bachelor of Science degree from Texas Tech in 1961 and his master of education degree from Texas A&M in August, 1973.

He has been with the extension service for 11 years, serving years in Hale County and the past 7 years as County Agent in Mitchell County.

His wife is the former Jan Helmers and they reside in the Shepherd Community with their children, Dawn 9, Robert 5, and Blaine 4.

Lemons' duties with the bank will deal with all phases of te Bank's services.

"Lemons' knowledge of our community and its economic base in Agriculture should prove an extremely valuable addition to the financial service offered by the City National Bank", Thompson said in making the announcement.

Snyder Wins Tourney

Strong Effort By Local Team

A strong Snyder team won three straight games to win the District 5 Junior Teenage baseball tourney held here Wednesday, Thursday and Friday.

The tourney was originally scheduled to begin Tuesday but was delayed because of a wet field.

Snyder defeated Kermit the first night, 8-2, Sweetwater 23-2 the second night and Colorado City 15-1 the final night to go undefeated and win the tourney.

Colorado City made a strong and determined effort to win the tourney behind the strong pitching and hitting of Larry Johnson Hobie Lee, and Steve Belvin.

In the first Colorado City game, the local team lost in the second extra inning in a game with Sweetwater by the score of 4-2.

In Thursday night's action, Colorado City came from behind in the last inning on a three-run homer by Larry Johnson to defeat Kermit 10-9. In the second game Thursday, Snyder downed Sweetwater 23-2.

Friday night, Colorado City went ahead of Sweetwater early in the game and then hung on to win 8-6.

In the final game of the tourney, Colorado City lost to the strong hitting team from Snyder 15-1. Snyder will represent this district in the state play-offs in Brownwood.

Unconscious Eddie Gregory Rescued By Lynch

A Lone Wolf Electric Co-Op lineman was knocked unconscious Tuesday when he came in contact with a 7,200 volts and was saved by a new fellow worker who although he did not have any formal safety training, climbed a pole and carried the injured man to the ground.

Eddie Gregory, a 10-year employee of Lone Wolf, and Alfred Lynch, who has been working for Lone Wolf for about seven months, were working four miles north of Vincent when the accident occurred.

Gregory was on a pole repairing a line that fell when it was struck by lighting. 7,200 volt line came in contact with his face (notice black marks on Gregory's face in picture) and knocked him unconscious.

Lynch who was on the ground saw the accident, radioed his office to send an ambulance and then climbed the pole and carried the unconscious Gregory to the ground.

After Lynch got to the ground, he said he was about to begin artifical respiration when Gregory regained consciousness. Gregory was then taken to the hospital where he was examined and doctors determined he was all right.

Lynch said it took him about 10 minutes to climb the pole and get Gregory to the ground.

Motorcycle Rodeo Set

A motorcycle rodeo will be held Thursday at the Western Riding Club Arena. It is open to anyone who would like to participate in safe motorcycling fun. All types of bikes are invited.

The purpose of the motorcycle rodeo is to promote, to the general public, motorcycling as an enjoyable pasttime.

Riders will be displaying their skills in various contests. These include a boot scramble, balloon battle, barrel race, backward push, slow riding, wheelie contest, and barrel roll.

The rodeo will begin at 7:30 p.m. with an admission charge of $1 for adults and 50¢ for children under 12. Proceeds from the rodeo will go to the Mitchell County Boys Club.

Persons interested in participating in the motorcycle rodeo should complete the form in this edition and return it by mail or in person, along with his entry fee of $1 to cover all seven events to Ken Burnam, 950 E. 13, Colorado City, Texas. Phone: 728-3967.

Van Garners Leave For Los Angeles, California

Miss Danna Gay Brown became the bride of Van Garner Saturday evening in the Methodist Methorial Chapel.

Rev. Davis Edens, pastor of the First United Methodist Church, officiated in the 7:30 p.m., double ring ceremony.

The bride is the daughter of Mr. and Mrs. Harold Hamer of Route 1, Colorado City, and the groom is the son of Mr. and Mrs. Val Garner of Brownfield, Texas.

The couple exchanged wedding vows before two seven branch candelabras with white tapers trimming the cross and Bible. Flanked on either side were two baskets of American beauty and pink gladiolas and baby's breath. A white prayer bench and flower arrangements, which marked the mother's pews completed the setting.

Wedding music was presented by Mrs. Jan Billings, organist, who played, "Love Story," "Speak Softly Love", Somewhere My Love" and the traditional march.

The bride given in marriage by her father, wore a gown of celanese taffeta overlaid with chantilly lace, which also covered the empire bodice and skirt which was accented by three rows of pearls. A high neckline and long sleeves completed the gown.

She wore a chapel length mantilla veil of bridal illusion trimmed in chantilly lace. Her bouquet was cascading white carnations, pink rose buds and baby's breath.

Mrs. Steve Shawn, sister of the bride from Sweetwater, was matron of honor. She wore an American beauty midriff gown which featured an A-line skirt, long sleeves, a V neckline, white collar and cuffs trimmed in lace. She carried a nosegay of pink and white carnations and baby's breath.

Mrs. Rocky Sheppard, sister of the bride from Lamesa, was bridesmaid. Her gown and bouquet were identical to that of the matron of honor.

Jan Tarter, daughter of Mr. and Mrs. Tarter, was flower girl. Ring bearers were Burke and Scott Thompson, nephews of the groom. They are sons of Mr. and Mrs. Cliff Thompson of Lubbock.

DeAnn Hamer and Mitch Hamer, sister and brother of the bride were candle lighters.

Lee Martin of Brownfield, served as best man and groomsman was Pat Green of Brownsfield.

Ushering guests were Billy Lasiter of Brownfield and Dayton Kennemer of Idolou.

Following the wedding, a reception honoring the couple was held at the Villa Inn Restaraunt.

The bride's table was laid with a pleated organza cloth accented by crystal and silver appointments.

Members of the houseparty were Robertanne Turner of San Angelo, Mrs. Tom Carlock of Lake Colorado City, Mrs. Brian Bassham of Sherman, Jan Garner, sister of the groom and Rejeana Bagwell of Colorado City.

For a honeymoon trip to Los Angeles, Calif., the bride chose a long sleeve dress of light blue.

The couple will make their home at Route 4, Brownfield, where the groom is engaged in farming.

Out-of-town guests were from Sweetwater, Lamesa, San Angelo, Los Angeles, Calif., San Antonio, Ira, Brownfield, Idalou and Lubbock.

Mr. and Mrs. Hays are parents of two daughters, Mrs. S.D. Faulkenberry of Big Spring and Mrs. J.D. McGuire of Seattle, Washington; and two sons, E.L. Hays of Lubbock and V.J. Hays of Lemoore, Calif. They have 13 grandchildren and seven great grandchildren.

Serving in the house party for the reception will be Mrs. C.B. O'Neal, Mrs. E.L. Hays, Mrs. V. J. Hays, Mrs. Johnny Baumann, Mrs. D.L. Faulkenberry, Teresa McGuire and Sue Faulkenberry.

Corsages will be worn by Mrs. Hays, her daughters and mem-gers of the house party, and a boutonniere will be presented to Mr. Hays. The refreshment table will be covered in a gold cloth and the gold color will be carried out in other decorations.

P.P. Hays was born in Darden, Tennessee, in September 1901, and Mrs. Hays, the former Winnie Crownover, was born in Cross Plains, Texas in 1903. The couple met in Wynniewood, Oklahoma, and were married there August 8, 1923. They have farmed near Loraine since 1928.

Couple Exchanges Nuptials In Evening Ceremony At Iraan

Phifda Darlene Smith became the bride of Thomas Gayle Morrison Saturday evening in a 7 p.m. ceremony in the First Methodist Church in Iraan.

Rev. Rodney Roberts read the double ring vows.

The bride is the daughter of Mr. and Mrs. Royce Smith of Iraan and the groom is the son of Mr. and Mrs. James O. Morrison of Crane. The bride is the granddaughter of Mrs. Leroy Smith of Colorado City.

Vows were exchanged before a green arch entwined with daises flanked on either side by candelabras holding yellow votive cups.

Wedding music of "Twelfth of Never" and "Wither Thou Goest" was presented by Mrs. Roy Armstrong, soloist and Mrs. J. W. Coles, organist.

The bride, given in marriage by her father, wore a floor length gown of organza which featured a high Victorian neckline and long fitted sleeves ending with a ruffle at the wrist. A fitted bodice was accented by a double ruffle ending at the waist and the A-line skirt. She carried a bouquet of carnations and Eclipse rosebuds.

Dee Ann Smith, sister of the bride, was maid of honor and Debra Smithson was matron of honor.

They wore yellow dotted swiss dresses trimmed in daises. They each carried a bouquet of marquerite daises with head pieces to match.

Mark Adkins of Crane was best man and Boyce Smithson of Iraan was groomsman.

Ushering guests were Denny Morrison and Ed Hicks.

A reception was held in the Fellowship Hall of the church which followed the ceremony.

Members of the houseparty were Sandy Hicks, registered guests; Dana Watson, Jody McKenzie and Linda Murr served guests.

For a honeymoon trip, the bride chose a blue and white dress complimented by yellow accessories.

The couple will live at 2813 Rio Grande in San Angelo after they return.

GOD'S FIVE MINUTES

MY ALBUM OF MEMORIES

"Today is the first day of the rest of your life."

Do you know what it means? Well, I know at least one thing it doesn't mean. It doesn't mean that the past can be forgotten and ignored. That's a part of your life also – and what a part!

I learned early in life that if I buttoned the first button on my coat wrong, all the rest of the buttons would be out of place. If I wished to make it right, I had to return to the first button and start all over.

Do you want to start this first day of the rest of your life right? Then go back and match the buttons. Go back to the greatest Commandment of them all: *"Thou shalt love the Lord thy God with all thy heart and all thy soul and all thy mind . . . and the second is like unto it, Thou shalt love thy neighbor as thyself."*

Get those two buttons fastened securely in your life and all the others will match perfectly. Otherwise, they never will!

CONVERSATION CORNER

KNOW WHAT? One of the most cherished rights of being an American citizen by birth or naturalization is the right to disagree.

The right to disagree with friend or foe, stranger or relative, author, playright, editorials, commentaries, the White House, preachers, lawyers, doctors, theories, and good advice on any subject.

The right to disagree verbally or in writing is a national heritage. But to abuse it by staging a cussin' contest, personal war, physical abuse, a riot- is a senseless American wrong. On the other hand, to disagree in utter silence and withdrawal is cowardly--and might make you sick. Still, you can always cry.

* * *

SCIENTIST of McGill University, incidentally, has come up with a study on the subject of weeping says Women's News Service out of Montreal, Canada.

Dr. Dalbir Bindra's new study holds that women cry more often than men and women cry longer. Agreed. Women have more reasons to cry. And men are told from early boyhood that it is not manly to cry no matter what. Flat disagreed with that precept of our culture.

* * *

WHERE the good doctor Bindra lost this reader was with his statement that crying is, "Actually, an excitation of the parasympathetic fibres that emerge from a bulbar-pontine region with the seventh and ninth cranial nerves."

Such educated nonsense! Crying is just crying, part of living just as laughter is. It is a privilege or a curse however you care to look at it and depending on the reason for an outburst of tears.

A baby cries when it's hungry, frightened, or sopping wet. Women cry sometimes for both gladness and sadness. They may cry from nerves, all right, or for reasons nobody else knows. That may be the real reason pink Kleenex was made.

The scientist admits that flowing tears may come from disappointments, touching experience, listening to music, stress, hormones upsets or "Even reunion with a loved one." Yeah.

* * *

BUT HE LEFT OUT some other commonly known reasons. Have known more than one very manly man to weep in righteous wrath...in the suffering of a beloved child or mate or friend... let's face it, defeat of his home team, or his political party.

A woman? Ah, nobody could ever count the whys! It is one of her human rights to cry if her progeny scorns, flaunts, and ignores careful parental guidance.

Also when the automatic dryer refuses to dry and the clothesline breaks down...when she locks herself out of her own house...when the car battery goes dead, right when she has three important appointments ...when her best and last pair of hose get runs just before church, or some other special event.

* * *

SOME WOMEN have a tendency to cry at weddings...Some cry when terribly embarrassed ...or mightly mad at somebody or something.

A woman can cry at sad endings in book, movie, or play... weep for tragedy in the life of a friend...cry like a child when she loses her wedding or engagement ring...breaks a fine china plate.

There are trillions of reasons which have nothing to do with her bulbar-pontine, whatever that may be.

* * *

LAUGHING is much more fun, more spontaneous, and a better weapon when anybody needs one. God bless Dallas Police Chief Frank Dyson who quite obviously and solemnly was holding back tears over the shooting death of a 12-year-old boy in Big D. The whole thing made ME want to cry.

ANYBODY over 30 must remember "Smiles that make you happy..." et cetera. Had a surprise smile and greeting from a handsome man named Bill Keel who travels as a manufactures's representative and lives in Denver, Colo. Son of Tex Keel, Bill grew up here and is an honor grad of MCK--Mrs. Coffey's Kindergarten when he played the drum in rhythm band. Teacher called him Billy Ross then--and still does. He was having coffee with Willie Landau and Bill Holbert.

Swapped smiles with E.M. Owen...Billie (Mrs. Jimmy) Harrison..."Happy" Howard... Betty Parker...Anne (Mrs. Bill) Cook...LTF, long time friend, Harold Maniss...Ruth (Mrs. Boyd) Dozier, FP, favorite person.

And glory be if this is not the hand that shook the hand of pioneer citizen Will Berry, one of the first Mitchell Countians met, along with his late wife Lucy, back in the late thirties! Mr. Berry was saying proudly the other morning that he is "Now 90 years old!"

BONNIE BURT was saying that C-City retired teacher, our Mrs. Jim Latham, wife of Assistant Chief of Police Jim Latham is hospitalized in West Texas Medical Center at Abilene.

All her friends and Jim's wish her well.

FAMILIAR FACES here and there places included Edwin (Bim) Carlock, husband of Ray Anne, nee Hamm. The Carlocks had their vacation at the New Mexico resort Red River. Son Jim and his friend Craig Merket went with them.

Kate and Irvin Wright of Lamesa have been guests of her sister Wilma (Mrs. Dave) Womack who also recently entertained her younger granddaughter Martha Harris of Odessa.

Found delight in a conversation with the nice B.H. Brunx Gregorys...and another with petite Nadine (Mrs. Gerald) Gorden, CHS journalism teacher searching for new library books to read, and wearing beautiful casual slacks.

Mrs. Stewart To Show Oil Paintings

The North Loraine Home Demonstration Club invites you to a reception and showing of oil paintings Saturday and Sunday, August 11 and 12, from 1 p.m. to 5 p.m. at the Mitchell County Public Library in the Hesperian Room, Colorado City.

Featured will be Mrs. Robert E. Stewart of Lubbock, the former Lucille Woodard of Buford and the niece of Mrs. T. L. Holman of Loraine.

Spending her teen years at Buford and graduating from Colorado City High School, she has spent the succeeding years in Lubbock.

Mrs. Stewart began painting lessons in 1967 and found a most enjoyable and fulfilling hobby in oil painting.

She has studied with Helen Van Wyk of Rockport, Mass., the late Ruth Tears of Fort Worth, artists, Mary Posey and Pat Krahn.

"Cherry" as she signs her paintings, will be showing some of 36 to 40 of her works as well as a collection of minatures, with subjects from still life, scenes and floral figures.

McCracken Visits With Relatives

LITTLE LETTERS
By Jill Davis

Dear Jill,

I write letters to very many people. The problem is that there's nothing to write. Can you help me?

WRITER

Dear Writer,

If you have a diary check back in it for items of interest and refresh your memory.

* * *

Dear Jill,

If I read at night I can sleep better, but I never get to bed early enough. What should I do?

READER

Dear Reader,

Make an effort to get to bed early once a week and the next week twice and the next three nights and so on until you slowly get into the habit of it.

* * *

Dear Jill,

I want to save money for my brother's birthday present, but I always find myself spending it. What can I do?

MONEY SPENDER

Dear Money Spender,

Try leaving your money at home the next time you go shopping.

* * *

Dear Jill,

I have a fish aquarium in my room, my mother wants me to get rid of it because it doesn't smell good. How can I get rid of the odor?

FISH LOVER

Dear Fish Lover,

Ask your mother if you can burn a candle every time it begins to smell bad.

* * *

Dear Jill,

I pop my knuckles. I try not to but I do it automatically when I'm nervous. Can you help me?

KNUCKLE POPPER

Dear Knuckle Popper,

Every time you get nervous take three deep breaths, and remember its not that bad.

Pasture Grasses Need Management

"Improved pasture grasses need intensified management to reach their production potential," states John L. Kazda of the Soil Conservation Service. Production usually varies greatly from the low levels to the high levels of management.

Weed control is a part of this management. This can be with either chemical or mechanical methods. This increases the available moisture for growth of the grasses.

Another part of pasture management is grazing control. Most grasses have an optimum height at which grazing should start and a minimum height requirement to insure maximum regrowth.

For instance, Coastal bermudagrass should reach 8 inches before grazing starts and not be grazed closer than 6 inches in height.

Kleingrass requirements are 16 inches and 8 inches, and switchgrass requirements are 16 inches and 10 inches.

One way to control the grazing is to divide the pasture into small grazing areas with temporary fences and rotate the animals from one area to another.

If an area is irrigated, fertilization becomes important. A current soils analysis should be used as a guide for the amount and kind of fertilizer to use. Even in many dryland cases, fertilizer may prove to be profitable.

Due to the varied requirement of different grasses and different situations of each farm the SCS will provide on-the-farm assistance to landowners and operators on request. The SCS office in Colorado City is at 138 E. 3rd Street and the phone number is 728-2541.

SOUND ADVICE

By HOMER SCOTT

If you have a hearing problem, and don't wear an aid, at least listen to reason.

With a hearing aid, the only embarrassing moment (possibly) is the first time you meet someone. Without an aid, you (and that someone) are embarrassed every time there's conversation.

Your "problem" surfaces again and again. It's a constant source of embarrassment. By contrast, a hearing aid is really a blessing in disguise. It can take a heavy and uncomfortable burden off your social and family life.

We would like to tell you more about it. And we would because we believe that you'll be a much more attractive person with an aid than without.

If you hear sounds but can't always understand the words--a classic symptom of nerve deafness, you owe it to yourself and those dear to you to come in for a free hearing test to see if we can help you. I will hold my regular monthly center at: Villa Inn, Colorado City, Thursday, August 9th at 9:30 - 10:30 a.m.

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Grain Stocks Down . . . Egg Production Down . . . Texas Lamb Crop Down . . . Wool Production Down . . . Sheep and Lambs on Feed Increases.

Phase Three and Phase Three and a Half can't be blamed for all of it, but nevertheless production of a number of Texas agricultural products shows declines. One of the exceptions is sheep and lamb feeding which shows an increase from a year ago but still a decline from a few months ago.

As for grains on hand, only stocks of oats are above levels of a year ago. Texas' stocks as of July 1 for the four feed grains--corn, oats, barley and sorghum--are estimated at 95,000,000 bushels, down 50,000,000 bushels from a year ago.

Grain sorghum was responsible for most of the decrease. Stocks of wheat, rye and soybeans are also below a year ago.

Old crop carryover of wheat is estimated at 20,200,000 bushels compared to 42,100,000 bushels a year ago.

Sorghum stocks stored in all positions are estimated at 79,000,000 bushels compared with 129,000,000 bushels a year ago.

Corn stocks are about the same as a year ago. Old crop oat stocks are 700,000 bushels higher than a year ago. Soybean stocks are estimated at 2,700,000 bushels compared to 3,600,000 bushels a year ago.

Nationwide, stocks of all grains are estimated 67,900,000 tons, which is 17 per cent less than a year ago. April-June grain disappearance totaled a record high of 51,300,000 tons, 14 per cent more than the same quarter in 1972.

All of the above figures relate to grains produced in 1972 and earlier. The 1973 crops are not a part of this report.

EGG production in Texas during June is four per cent below a year ago and five per cent below last month. Texas' layers totaled 11,100,000 during June, which is seven per cent below a year ago and two per cent under May's total.

The number of layers throughout the nation totaled 285,000,000; this is five per cent below last year and two per cent under last month.

LAMB crop in Texas (lambs born during the period Oct. 1, 1972 through June 30, 1973) is estimated at 1,964,000 head; this is down 15 per cent from the 2,302,000 head last year.

Nationwide, the 1973 lamb crop is estimated at 11,400,000 head. This is down nine per cent from the 1972 crop of 12,500,000 head.

The January 1,1973 number of breeding ewes one year old and older totaled 12,100,000. This is a decrease of six per cent from a year earlier while ewe lambs under one year were down four per cent.

SHEEP and lambs on feed in Texas as of July 1 is up 13 per cent from a year ago. This, however, is 28 per cent below March. Sheep and lambs on feed are those intended for slaughter being fed a ration of grain or other concentrates or on pastures and expected within the next three months to go to market.

Marketings of fed sheep during March through June at 229,000 head were 3,000 head below the same period a year ago.

Snyder Dominates Tourney

Snyder golfers dominated the first annual Colorado Country Club Ladies Invitational Partnership Golf Tournament.

There were 18 teams entered in the tornament which was held Saturday, July 28.

Here are the first, second and third place winners in each of the three flights:

--Championship Flight, Patterson Teague, 65 of Snyder; Christian Knipe, 66 of Snyder, and Guelker of Colorado City and Guelker of Andrews, 68.

--Second Flight, Hext-Waldron, El Dorado, 61; Brandon, Wood of Big Lake, 68; Ferguson, Smith, Hamlin, 68.

--Third Flight, Hester, Sterling, Snyder; Guelker, Colorado City and Mahon, Loraine; Hamilton, Loraine, Palmer, Colorado City.

High School age girls did not accept prizes due to rules of the University Interscholastic League, (UIL).

Baling Wire Shortage

Texas Farm Bureau President J.T. (Red) Woodson has said that a shortage of baling wire for hay could lead to a livestock feeding crisis this winter.

The farm leader said there are also shortages of fencing wire and cotton bale ties.

Woodson said Farm Bureau is encouraging steel mills to give high priorities to production and distribution of steel products necessary in the production of food and fiber.

4-H Camp Begins Monday

The Scurry-Mitchell Teen 4-H Camp will be held this week beginning at 2:30 p.m. Monday when campers begin arriving at the camp at the Col-Tex Club on Lake Colorado City.

Rules will be explained and opening ceremonies will be held at 3 p.m. Monday with a swimming party and weiner roast to be held from 3:30 p.m. to 7 p.m.

Also there will be a 4-H Citizenship & Heritage Tour 1972 Reports given by Jimmy Wemken, Charles Kuss, Bill Cockrey and Joyce McKenney.

Following that report, Bill Dockrey will give a report on the first Texas 4-H Congress.

Mourning Dove Season To Be Split Again

A second experimental split mourning dove season was set in a July 12 meeting of the Texas Parks and Wildlife Department Commission.

The commissioners acted on the recommendations of the department staff for a fall North Zone season of Sept. 1-Oct. 14, 1973; and a fall South Zone season of Sept. 22-Nov. 4, 1973.

The winter hunting season in both zones is slated to run Jan. 5-20, 1974, with the exception of the Trans-Pecos Regulatory District where the winter season will be Jan. 5-15, 1974.

In those counties of the South Zone which have white-winged dove hunting, the mourning dove season will be concurrent with the Sept. 1-2, Sept. 8-9 white-wing season with additional mourning dove hunting Sept. 22-Oct. 31, 1973.

Bag and possession limits on both mourning and whitewing doves remain the same as they were last year--10 and 20 respectively.

Hunting hours for both species of doves are noon to sunset.

Originally, the split mourning dove season was proposed as a one-year experiment to evaluate the effects of winter hunton dove populations and harvest.

The commission approved a second year for the experimental split season because inclement weather across most of Texas in the January segment curtailed hunting.

Some 91 percent of the 7.1 million doves harvested last year were taken during the fall portion of the season.

Seasons were also set on rails, woodcocks, Wilson's snipe or jacksnipe, gallinules and teal ducks of all species.

--Rails: Sept. 1-Nov. 9, 1973; exception is the Trans-Pecos Regulatory District where the season will close on Oct. 31.

Bag limit on king and clapper rails is 15 in the aggregate, possession limit on sora and Virginia rails is 25 in the aggregate.

--Woodcocks: Nov. 17, 1973-Jan. 20, 1974.

Bag limit on woodcocks if five birds, possession limit is 10.

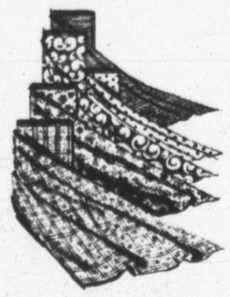

--Wilson's snipe or jacksnipe: Dec. 26, 1973-Feb. 28, 1974. Bag and possession limit of eight and 16 respectively.

--Gallinules: Sept. 1-Nov. 9, 1973, with the exception of the Trans-Pecos District where the season will end Oct. 31. Bag limit is 15, possession limit of 30.

--Teal ducks of all species: Sept. 15-23, bag limit of four in the aggregate, possession limit of eight in the aggregate.

Hunting hours on rails, woodcocks, Wilson's snipe or jacksnipe and gallinules are one-half hour before sunrise to sunset.

He is survived by his wife, Juanita of Bloonberg; two daughters, Mrs. LaRue Edgar of El Paso, Miss Kay Ballard of Dallas; four sisters, Mrs. Minnie Barrett of Atlanta, Texas, Mrs. Patsy Arnold of San Antonio, Mrs. Rheudean O'Brien of Cincinatti, Ohio, and Mrs. Ray Swann of Coahoma, Texas; two brothers, Garland (Red) Ballard of Colorado City and James Ballard of Dumas.

Breath Of Life Campaign Underway Here

The Evening Lions Club will conduct the Breath of Life Campaign to fight children's lung diseases, according to Frank Scott, president of the North Texas Chapter, National Cystic Fibrosis Research Foundation.

John Mikow, chairman of the campaign, will lead the Club in raising funds to support research and care programs for children affected by lung-damaging diseases like cystic fibrosis, severe ashtma, chronic bronchitis, bronchiectasis, and a conduction called "Childhood emphysema."

The campaign begins Monday with a house-to-house appeal which will continue through Saturday.

Cystic fibrosis, an incurable genetic disease, is inherited when both parents carry the recessive gene for C/F. It is believed that one in twenty persons or 10 million Americans may carry the C/F gene, usually without knowing it. Current research funded by the National Cystic Fibrosis Research Foundation is seeking a practical test to identify these carriers.

Because of improved therapy and constant research, many C/F patients are living beyond infancy to their teens and into young adulthood. That same kind of therapy is relieving and often curing children suffering from other respiratory afflications whose symptoms resemble those of C/F.

"Most people don't realize that there are six million children in the U.S. affected by pulmonary illness," said Mikow. "For some of these children, breathing is not the natural function we, who breathe normally, take for granted."

The Breath of Life Campaign supports not only research, but over 100 C/F centers for diagnosis and treatment across the country.

Contributions may be desposited into an account at City National Bank, Colorado City, and may also be sent directly to the chapter office, North Texas Chapter, NCFRF, 1819 Hemphill, Fort Worth, Texas 76110. Please make checks payable to North Texas Chapter NCFRF.

Land Use Meeting Set

Long-range land use planning is the subject of a day-long conference to be held in Abilene on Tuesday, August 7th, according to Don Hodges, District conservationist, with the soil conservation service.

City planners, state and local officials, conservationists, and others interested in sound land use are being urged to attend.

The conference is co-sponsored by the Texas Council of the Soil Conservation Society of America and the West Texas Chamber of Commerce. The meeting will be held in the McGlothlin Student Center on the campus of Abilene Christian College from 9:00 a.m. to 4:00 p.m.

Speakers will include Congressman Omar Burleson; Land Commissioner Bob Armstrong; Emil Rassman, president of the West Texas Chamber of Commerce; A.B. Linford, president of the Soil Conservation Society of America; Doyle Hutcheson, president of the Texas Association of Soil and Water Conservation Districts; and other officials.

Paul Larson of Abilene, president of the Texas Council of the Soil Conservation Society of America, will preside over the morning session. Bob Scott of Fort Worth, chairman of the Water Conservation Task Force, West Texas Chamber of Commerce, will preside in the afternoon.

tion of Colorado City in a four-page newspaper distributed during the Ft. Griffin Fandangle at Albany. The newspaper reprinted that appeared in "The Echo", an early newspaper of that area. One such article stated:

"Thursday, Feb. 3, 1881, by invitation of T.E. Chapin, the Echo man accompanied him on a trip to the southwest. On Sunday, Feb. 6th, in a cold rain we travelled west along the line of the new railroad to the new town of Colorado, the county seat of Mitchell County. The town is on the line of the railroad and lies between the Colorado River and Lone Wolf Creek.

"It contains four hotels and restaurants, one feed and wagon yard, one flour and feed store, one grocery, one general merchandise, one beef market, two law offices, one doctor, five saloons, several carpenters, one printing office and any quantity of bummers."

CARD OF THANKS

In the last few weeks we have truly understood what a blessing it is to be back in Colorado City where people really care.

The patience and understanding of the staff of Claxton Lodge, and the deep concern shown by the staff of Root Memorial Hospital toward our mother was deeply appreciated.

For those who cared for our children, fed our family, sent cards and flowers, and supported us with prayers and visits, we are grateful.

The devotion of our pastor, Glenn Roenfeldt, and the support of our doctor, John Chinn, made our Mother's last days very meaningful to us.

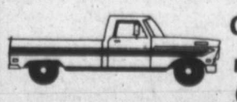

Sincerely,

Bill and Fredalyn Everett

Oil Activity On Increase

Oil and gas activity is picking up in and around Mitchell County as a number of announcements have been made this past week regarding oil play.

Several new wells have been set for Sterling County just outside the Mitchell County line, a wildcat has been set in Mitchell County and two wells in Westbrook have been gauged.

Majestic Petroleum Corp. completed two wells in the Westbrook (Clear Fork) Field in Mitchell County.

No. 2 Newby is two miles north of Westbrook, spotting 853 feet from the north and 467 feet from the west lines of Section 36, Block 28, T-1-N, T&P Survey.

Daily potential was 48 barrels of 26 gravity oil plus 15 barrels of water. It is pumping from perforations at 3,224 to 3,453 feet.

Operator set the 4 1/2 inch casing as 3,478 feet, total depth.

Other well is No. 1 Mona, spotting 2,173 feet from the south and 467 feet from the west line of Section 25, Block 28, T-1-N, T&P Survey. It is one mile north of Westbrook.

It had a daily potential of 52 barrels of 26 gravity oil, plus 10 barrels of water. The well is pumping from perforations at 3,118 to 3,442 feet.

The 4 1/2 inch casing is set on bottom at 3,457.

Drilling of a wildcat has been slated for Mitchell County some 15 miles southwest of Colorado City.

R.S. Brennand Jr., of Midland, will drill an 8,300-foot Ellenburger wildcat in the south west part of the county, an east offset to Burk Royalty Co.

No. 1 Neff is a scheduled 1,000 foot wildcat 1 and five-eighths miles northwest of the one-well A&S (Mississippian) field. It is the No. 1 T.L. Wright.

Location is 600 feet from the south and 1,980 feet from the east lines of 9-19-Lavaca Navigation Co.

It is also 2 1/4 miles north of an 8,125-foot failure, Shamrock Oil & Gas Co. No. 1 Ellwood, abandoned Feb. 9, 1944. It topped the Ellenburger at 7,960 feet on elevation of 2,227 feet.

The A&S field produces at 7,986 feet and the Ray Albaugh at 4,426 feet.

Palmer To Fire School

Mel Parmer, volunteer fireman of the Colorado City Volunteer Fire Department of Colorado City is attending the 44th Annual Texas Firemen's Training School July 23-27.

The school, attended by nearly 1,200 students representing about 480 cities from 20 states, is being held on the Texas A&M University campus this week.

Palmer is being sponsored by Mitchell County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward their cost of the school.

Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 82 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 102 firemen at the school.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President J.T. (Red) Woodson of Gober. "It is our hope in sponsoring this program that the fireman will help the Colorado City Volunteer Department to better serve the residents of Mitchell County."

PCA Sets Director Meeting

Directors of Sweetwater Production Credit Association will have the opportunity to hear one of the nation's top leaders in the field of director responsibility at a PCA Director-Manager Seminar in Amarillo Friday (August 10).

All participants include T.L. Finley, Loraine; W.J. Harvey, Jr., Roby; L.D. Echols, Lamesa; and Othell O'Kelly, Trent. F.C. Shillingburg of Sweetwater, PCA president, will accompany the group.

Dr. Vernon E. Schneider, past president of the American Institure of Cooperation, will outline director duties to the more than 60 participants. Schneider presently is the Roy B. Davis Distinguished Professor in Agricultural Cooperation at Texas A&M University.

The seminar is designed to specifically meet the needs of Association directors, with emphasis on roles, responsibilities, and decisions analysis, Shillingburg said.
