Water Officials To Meet Here On Tuesday, July 17

Mayor Sam Richardson of this city has announced that the Permian Basin Water Association will have a meeting in Lamesa, Tuesday, July 17. All water works men, mayors, and city officials included in the Permian Basin district and other interested parties are cordially invited to attend the session which will be held at the city park here.

A program for the affair has been arranged and will begin at 7:15 p. m., with a big watermelon feast.

Succeeding this W. E. Griffin, Southwest manager of the Peerless Pump Company of Plainview will present a study program on "Well Construction and Testing Wells."

The association recently met in Midland and a group of local residents attended the session. At that time it was planned that the association would have their next meeting in Lamesa.

Agent Suggests Planting Of Soy Beans and Peas

T. A. Barfield, county agent, has suggested and recommended the planting of soy beans by farmers whose feed crop have been ruined by rain, and who will be forced to replant.

He states that planting soy beans will help relieve the protein supplement shortage.

Barfield states, "Soy beans will make good crops occasionally, and some of the seed concerns have

James Lynn Futch, 20 year old son of Mr. and Mrs. J. C. Futch who reside near Munger Community, is presently stationed in Enid, Oklahoma, where he is training to be a pilot. Entering service in October of 1943, he was first stationed in Wichita Falls, and thereafter went to stations in Arkadelphia, Arkansas; Indianapolis, Indiana; Victoria, San Antonio and Sherman, Texas. He expects to receive his wings and commission as a second lieutenant August 4. Futch is training to fly a two motored bomber. In civilian life he farmed and was employed at a filling station.

seed on hand." He continues, "Shortage of cottonseed meal will provide a good market for soy beans."

He points out that the beans should produce from 500 to 2000 pounds per acre and they should sell from approximately \$2.50 to \$3.00 per hundred weight. The county agent says, "Their growth is good for the soil."

He states, "If farmers need to plant over and don't intend to use grain sorghum, either soy beans or blackeyed peas may make good crops. Besides producing a crop, they will bring them in a fair return, and should help to relieve the protein

Carl Rountree Spoke At Friday Rotary Meeting

Carl Rountree was the principal speaker at the Rotary Club in its regular meeting at the Plaza Hotel last Friday, July 13. He talked on the subject of "Wills" and asserted that in most cases it was to the advantage of individuals to have wills made. This was especially true, he pointed out, for property owners and in cases of changed marital status.

Mrs. Tom Conner favored the club with a vocal solo, accompanied at the piano by Mrs. Matt McCall.

President Sam Jenkins gave a short report on the District Assembly which was held in Lubbock last week and which was attended by himself and Secretary G. M. Roberts.

Visitors at the Friday session included Cpl. Henry Marshall Bennett, Lt. Robert Dixie Kilgore, Cecil Key, and Rotarians Frank Liddell from O'Donnell and Ralph Ranson from Post.

GUS WHITE FAMILY TO SPEND REMAINDER OF SUMMER AT RANCH IN COLORADO

The Gus White family plans to leave Friday for Walsenberg, Colorado, where they will spend the remainder of the summer at their ranch located there.

Mr. and Mrs. White and Juanita and Biddy White will leave Friday, July 20, for the ranch.

—: BUY MORE WAR BONDS :—

shortage which would benefit stock raisers."

Barfield concluded, "Soy beans and peas will make a crop in a period of from 90 to 100 days, whereas late planting of grain sorghums require from 115 to 125 days."

S-Sgt. Victor G. Crowell, son of Mr. and Mrs. L. C. Crowell of 212 South Wasson Street, is currently stationed on Guam, where he serves as a nose gunner on a plane. In service for one year and six months, he has been overseas for the past 9 months, and has completed 26 missions. He possesses the Air Medal with 3 Oak Leaf Clusters. Sgt. Crowell received his military training at Sheppard Field, and at March Field, California. He attended the Lamesa High School, and prior to entering service was employed at Vaughn Chevrolet Company here. His wife resides in this city at 1710 South Second Street.

Local Officials To Attend Marketing School On Tuesday

Mrs. C. F. Gowen, chairman of the council marketing committee; Mrs. Lance Furlow, member of the committee; and Mrs. Myrtle Negy, county home demonstration agent, will attend a training school on marketing in Tahoka Tuesday, July 17, at 2:30 p. m.

This school will be conducted by Mrs. Myrtle Murry, home industry specialist of the Extension Service of A.&M. College in College Station.

Rains Blanketed Most Of This Area Last Week

The rains falling in this area last week caused some damage to crops in this county, washing out some feed crops, and forcing replanting. C. E. Tarter of the local AAA office estimated that crop damage ranged from 10 per cent to 100 per cent in the county.

Lamesa received 3.08 inches of moisture over a 48 hour period last week, when a .88 of an inch rain fell Thursday night, followed by 2.20 inches of rain which fell Friday night.

Thursday night the rain was fairly general over the county, ranging from light showers to 2 inches of precipitation.

The Friday night rains were heavier, ranging to an estimated 5 inches of moisture. The area from Midway Community south to Big Spring received the heaviest fall. W. K. Crawley reported that farmers he had talked with from that area, indicated that 75 per cent of their crops were washed out.

The middle portion of the county including Lamesa and covering a 10 to 12 mile stretch also received heavy rains.

Key, Midway, Munger and Welch communities were reported to have had approximately 1 1-2 inch fall. Welch was said to have had 2 inches of precipitation.

Lions Viewed A Movie About Alaska July 12

Members of the Lions Club enjoyed a movie about Alaska at their last meeting which was held Thursday, July 12. J. R. Flaniken was responsible for the showing of the reel which included fishing and hunting scenes in Alaska. Frank B. Sherban and Tom Flack of the Gulf Company helped present the film.

The movie showed three men on a trip in Alaska, including Gene Howe, editor of an Amarillo paper, Mr. Lamb, and a doctor from Independence, Kansas. The film was in full color, and revealed how plentiful the game and fish were in the district.

All reported that the movie was very interesting and informative.

Guests at the meeting were Captain Marion Key and S-Sgt. Malcolm Harp.

New Shoe Stamp To Become Valid Aug. 1

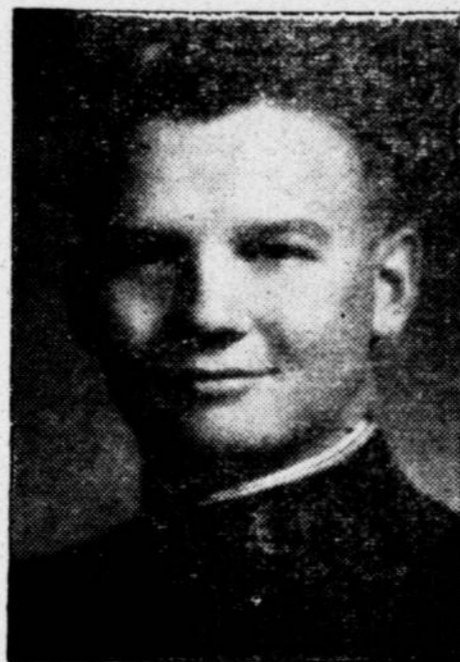

The new shoe ration stamp to become valid August 1, 1945, will be Airplane Stamp No. 4 in War Ration Book No. 3, the District Office of Price Administration announced today. Airplane Stamps Nos. 1, 2, and 3 are good indefinitely, OPA added.

The last stamp was validated November 1, 1944. OPA pointed out that the intervals between validation of stamps depend on the available supply of shoes.

ENS. BOB CRAWLEY, son of Mr. and Mrs. W. K. Crawley of this city was aboard the destroyer Halsey Powell which is pictured above, when it was hit by a Jap suicide plane. The picture shows the Japanese suicide plane as it attempted to hit the American carrier off Kyushu March 20, and crashed through the deck of the destroyer which was fueling at the time of the attack. Nine crewmen were killed. Three are missing and 29 injured. Although nearly sunk, the destroyer was saved, and arrived in the States around May 1 for repairs. Ens. Crawley, a graduate of the United States Naval Academy in Annapolis, left in August of 1944 for overseas duty and traveled until November, before he went on board the destroyer, Halsey Powell. This ship went within 80 miles of Tokyo and within 40 miles of the Japan border while in the Pacific. It survived the typhoon which was so destructive when it hit the Pacific Area in December of 1944. After his ship docked for repairs, Ens. Crawley was given a 26 day leave, and he arrived in this city May 30, for a visit with his parents. He was accompanied by his wife, Mrs. Peggy Crawley, who had gone to California to meet him.

Pfc. W. E. Suggs Wounded In The Pacific Theatre

Pfc. William (Bill) E. Suggs, the son of Mr. and Mrs. Ernest Suggs of Welch and a member of the Infantry was wounded in action in the Pacific, according to the war casualty list which appeared in Friday's issue of the Lubbock Avalanche-Journal.

At the time he was wounded Pfc. Suggs had been overseas 17 months. He was stationed in Hawaii at one time, as well as on New Guinea and Bataan.

The twenty year old Infantryman entered service 21 months ago.

Prior to that time he has worked at Joe Barron's Hatchery in this city and also at the Glider Field here. At one time he farmed in this county.

A brother, Pvt. James A. Suggs, also, a member of the Infantry died of wounds on Cebu Island in the Philippines March 28. He left for overseas duty on December 20, 1944, after entering service July 10, 1944.

Theodore Mayben Killed In Germany

Mrs. W. M. Edwards of this city has received word of the death of Theodore Mayben, son of Mr. and Mrs. L. E. Mayben of Lometa. Mayben, a member of the military service, was reported to have been killed in Germany June 9.

The Mayben family are former residents of this city, and some of their relatives also reside here.

The Windup

LONDON (AP) — A tall case clock made by Edward Stanton of London, master of the clockmakers company in 1696, has sold at auction for \$1,170.

Beehive houses, primitive dwellings in Scotland and Ireland, were conical and constructed of stone without mortar.

Lamesa Team Is Runner-Up In District Tourney

The Lamesa Junior Legion baseball team was runner-up at the American Legion's District 3 tourney Thursday, July 12, on the Goodfellow Field diamond in San Angelo. San Angelo's team won the tourney by defeating Ballinger and Lamesa.

The tourney was a round robin play which opened Thursday morning with San Angelo playing Ballinger. San Angelo won with the score standing at 15 to 7. In the afternoon games San Angelo defeated Lamesa 7 to 3; then Lamesa beat Ballinger 21 to 6 for the runner-up slot.

In the Lamesa-San Angelo game, George Hart did the pitching. Hiller of the opposing team struck out 13 and Hart fanned 11. Averyt of San Angelo sizzled in the first couplet and Johnny Martin followed, after one out, with a home run that started San Angelo on its way to repulse Lamesa. Lamesa tied it up in the second, but from there on didn't get close.

Top hitter of the game was White of Lamesa with two singles and a double. Patterson and Rippy of Lamesa each larruped a brace of singles.

Martin of San Angelo paired a single with his homer and Billy Wells socked two singles.

White of Lamesa went crazy at bat in the game with Ballinger, sizzling three singles and a home run.

Cpl. Burk Gets Bronze Star And The Purple Heart

Mr. and Mrs. G. C. Burk Sr., who reside southwest of this city, have had word that their son, Cpl. G. C. Burk Jr., was presented the Bronze Star and the Purple Heart by his General after a troop parade held at his base in the Pacific Theatre recently.

Cpl. Burk who is 22 years of age is a member of the Fifth Marine Division. He was wounded in action March 22, on Iwo Jima, having suffered from shrapnel wounds in his stomach, but has recovered from his injuries and has been returned to his unit.

He has served overseas on two occasions. He first went overseas in September of 1943, during which time he served in the Pacific Theatre and obtained two stars for battle participation. He was returned to the States in February of 1944, and at that time was transferred from a paratrooper unit, and was placed with the Fifth Marine Division which was under formation at that time. He left for his second tour of duty in the Pacific in September of 1944.

Cpl. Burk entered service approximately 2 years ago.

He is a former student of Klondike School and prior to joining service was employed at Consolidated Airplane Plant in San Diego, California.

Brazil Moves A Mountain

AP Newsfeatures WASHINGTON — With American technical cooperation, Brazil is moving a mountain of iron ore from the interior to the seacoast for shipment to the steel furnaces of Great Britain's war industry, says the Office of Inter-American Affairs.

The scene of the effort is the Rio Doce Valley, a region with an incredibly rich and almost inexhaustible deposit of iron ore at one end, a small but adequate port at the other, and a 330-mile railroad connecting the two.

The ore is important to the United Nations' war effort for its amazingly high quality and its abundance.

The highest possible yield of metallic iron from haematite ore is 70.4 per cent, and a considerable part of this Brazilian deposit has a content of 69.7 per cent. By comparison, the best-known U. S. ore from the Lake Superior region—contains about 51 per cent. The Brazilian ore also has a phosphorous content averaging not more than one per cent—phenomenally low, says the OIA.

The source of this ore extends over an area five miles long and one mile wide. It includes four mountain peaks, which are roughly estimated to contain a total of 300,000,000 tons of high grade, low phosphorous ore, plus almost limitless reserves of lower grades. The part now being worked is Caue, about 4,600 feet high — surface mining which extends down the mountainside to about 3,500 feet.

The region, called Rio Doce (Sweet River) for its main stream, contains about 25,000 square miles. Other assets there in addition to iron are gold, manganese, bauxite, nickel, mica, rock crystal and semi-precious stones. Scores of waterfalls on the larger river have been surveyed to determine their adaptability for a development on the model of United States' TVA.

Itabira, the site of the mine, and Vitoria, the outlet on the coast, are on virtually the same latitude about 300 miles north of Rio de Janeiro.

The job of harnessing this out-of-the-way component to the Allied war machine has devolved almost entirely on Brazilian and American officials and technicians, with the British furnishing the shipping and the market for the ore.

Arabia has 1,000,000 square miles and 10,000,000 people.

Now What The Hail Is Going On Here?

PRINCE FREDERICK, Md. — (AP) — Drilling holes in the bottom of a leaking rowboat to let water out has a parallel among Prince Frederick's victims of a hailstorm. W. W. Duke, editor of the Calvert County Independent, reported that when folks in that Eastern Shore area were bombarded with hailstones which pierced the roofs of their homes, they just drilled holes in their floors to permit drainage.

AIR MEDALS TO B-29 CREWMEN—These Texas combat crewmen of the 21st Bomber Command were decorated with air medals by Lt. Col. Joseph G. Perry, squadron commander, for outstanding achievement in missions against the Japs, in ceremonies at their Guam base. Left to right: 2nd Lt. Orba L. Malone, Plainview; 2nd Lt. Thomas A. Henry, El Paso; Sgt. Samuel F. Moses, Lufkin; Sgt. Homer C. Stice, Jr., Brownwood, and Lt. Col. Perry. (AP Photo).

Final Rites Held Saturday For V. Haggerton Sr.

Virgie Perry Haggerton, Sr., a resident in this county for the past 8 years, succumbed Thursday, July 12, at the age of 60.

Final rites were read at the Higginbotham Chapel Saturday, July 14, 2 p. m. The Rev. E. L. Jones officiated at the services, and burial was made in the Lamesa Cemetery. Mr. Haggerton was born in Cle-

burne, October 28.

He is survived by 6 children, including Robert C., Tex Ann, and Miriam A., of this city; also, Mrs. Lula Mae Pavey, of San Saba, V. P. of Oil Center, New Mexico, and Henry G., of the United States Navy. Other survivors include three grandchildren.

The novelist Somerset Maugham became a physician at his family's insistence but never practiced.

New York City awarded its first contract for subway construction in 1900.

J. R. Leuenberger Is Official Of State War Chest

Dawson County, which contributes generously to the National War Fund each year, is represented in the official family of the United War Chest of Texas, which directs the annual campaigns "for our own and for our allies."

The local civic leader who serves on the board of directors of the state war chest and helps set policies governing the war fund program in Texas is J. R. (Dutch) Leuenberger of this city.

Board members, who meet annually in Austin, are the guiding directors of all phases of the Texas drive. The board, composed of members representing every county and every strata of Texas citizenship, establishes general policies, acts on acceptance of the state's war fund quota and goal, sets the sum to be budgeted for expenses of the campaign, employs the general manager of the state war chest, passes upon all financial matters through the executive committee and several specialized committees, assigns local quotas and directs all other phases of the vast program.

Pigs Saved From Farrowing Is Topic Of Report

Pigs saved from farrowing in Texas during the spring period, December 1, 1944 to June 1, 1945, were 19 per cent fewer than during the same period last year, according to a report from the U. S. Department of Agriculture.

Quoting this report, the Bureau of Agricultural Economics, Austin, said that the Texas spring pig crop was estimated at 1,122,000 head. The number represented a 48 per cent reduction from the record number of 2,148,000 pigs saved in the spring of 1943, and was about nine per cent smaller than the 10-year (1934-43) average of 1,230,000. However, it was about five per cent greater than the prewar spring crop of 1941.

According to the USDA report received by the A. and M. College Extension Service, the estimated 187,000 sows farrowed on Texas farms in the spring season represented a 22 per cent decline from the 240,000 farrowed in the corresponding period of 1944. An average of six pigs per litter was saved this spring, compared with 5.8 pigs last spring and the 1934-43 average of 5.7 pigs.

The number of sows to farrow in Texas during the fall period of this year (June 1, to December 1) was indicated by breeding intentions reports at 181,000 head, or the same number as in the fall of 1944. Comparatively, this will be eight per cent below the 10-year (1934-43) average.

Indicating the national trend toward reduced production, the U. S. D. A. reported the number of hogs more than six months old, including sows, on farms throughout the United States on June 1, was 25,566,000 head. This was a decrease of 8,934,000 head, or about 26 per cent, from the number on June 1 last year, and a decrease of 10,691,000 head, or 29 per cent from 1943. It also was 2,131,000 head, or eight per cent below the 1935-43 average.

In view of the growing shortage of meat for civilian use, the current high prices for stock hogs and other favorable circumstances, the U. S. D. A. said, "it might well turn out that fall farrowings will exceed the number indicated in this re-

port. However, corn production prospects in July and August will be an important factor in determining final decisions of hog farmers."

Before 1001, Swedish rulers were known as Kings of Upsala.

Ben Allen Put On Inactive Status With Air Corps

Ben Allen, veteran of 19 months of service in the Pacific Theatre of War, is here on terminal leave for a period of 47 days, at the end of which time he will revert to an inactive status in reserve service with the Air Corps.

He is credited with 101 points, and it was through the Army's demobilization plan, that he was placed on an inactive status.

He received 37 points for the 3 years and 1 month he was in service, 19 points for his overseas service, 10 points for the Distinguished Flying Cross with one Oak Leaf Cluster which he possesses, 20 points for the Air Medal and 3 clusters which he earned while overseas, and 15 points for 3 battle stars which he possesses.

Allen was released at the Separation Center at Ft. Bliss and arrived in this city July 6, and has assumed management of the Allen Hardware Company.

He left for overseas duty in July of 1943 and served as a pilot of a troop carrier squadron, holding the rating of a 1st lieutenant. He returned to the States in February of 1945.

Mr. Allen and his wife, Mrs. Helen Elizabeth Allen make their home here at 706 North Sixth Street. He is the son of John T. Allen Sr., also of this city.

Local Draft Board To Be Closed On Saturday Afternoons

L. E. Eager has announced that the Selective Service Board located in this city will be closed on Saturday afternoon henceforth.

Eager reports that this action was taken by order of the President of the United States.

The local Draft Board is open each day from 8:30 a. m., to 5:30 p. m., and from now on out will be closed on Saturday afternoon. You are asked to transact your business with the board to conform with the new ruling.

Most of the farm machinery which has revolutionized the world's agriculture originated in the United States.

T-4 Ike Coats Of The Timberwolf Division Here

T-4 Ike Coats whose parents, Mr. and Mrs. J. M. Coats live on Route B, in this county, is now home on furlough.

While overseas he fought with the Timberwolf Division and participated in the France, Belgium, Holland, and Germany campaigns and was awarded the Combat Infantry Badge and 3 Bronze Battle Stars.

The 104th Infantry (Timberwolf) Division was the first to travel directly from the States to France. Little more than a month after landing, the Timberwolves went into the line and remained in continuous combat for over six months. After fighting with the First Canadian Army in the successful Holland campaign which opened the port of Antwerp to Allied shipping, the Timberwolves took their place in the First Army line at Aachen. In a slashing campaign that was featured by night attacks the Division drove through the industrial Eschweiler area, then assault-boated the Roer, pushing ahead to take Cologne.

Once across the Rhine at the Remagen bridgehead, the Division stabbed furiously into the heartland of the Reich, taking part in the Ruhr pocket encirclement.

The final phase of Timberwolf, combat in Nazi-land saw the men of the 104th racing to the Mulde River where the last remnants of the Wehrmacht were crushed between the Russians and the American First Army making that sector the first in Germany to be cleared and completely conquered.

Sgt. C. Phillips Serves As Cook At Base On Luzon

WITH THE 863RD ENGINEER AVIATION BATTALION IN LUZON

—Sgt. Calvin G. Phillips, whose parents reside in Lamesa, and who was a former section worker with the WF&S Railroad, New Castle, Texas, provides a good example of how versatile a man may become, in the service of Uncle Sam. As befits a railroad worker, Calvin is assigned to his original unit, and Engineer organization, now in Luzon, P. I., but not in the capacity of laying rails, ties, or constructing trusses. He is First Cook in Company B, 862nd Engineer Aviation Battalion, and a good one, too.

Entering the Army on November 17, 1942, he took his basic training at Jefferson Barracks, Mo., and moved directly to Geiger Field, Washington, joining the 863rd on the 6th of January, 1943. On May 6, he left for overseas where his travels have taken him to Australia, New Guinea, the Netherlands East Indies and eventually to several localities in the Philippines.

An Army travels on its stomach,

and great credit is due the mess personnel of the hustling Aviation Engineer, for preparing suitable meals.

Sgt. Phillips has earned the Asiatic-Pacific and Philippine Liberation Ribbons, with 4 Battle Stars, and the Good Conduct Medal.

An unusual event occurred when he located his brother, James, who had recently arrived in Luzon. He is with a replacement group, awaiting assignment.

Calvin's wife, Etta, maintains her residence in New Guinea.

ANDERSON BROTHERS TO BE LOCATED IN THIS CITY

Anderson Brothers of Houston is moving to this city, and will probably be located here about two months.

The concern is a pipe line construction business, and will repair main lines in Dawson County for Shell Oil Company.

Bottles were used for the first time in England during the eighteenth century for the purpose of maturing wine.

Cool cakes thoroughly before frosting.

Pvt. George Martin Aids Transportation Program In Europe

A NINTH AIR FORCE SERVICE COMMAND UNIT, England — C-47 transport planes, the "workhorses" of World War II, are operating the supply and passenger airlines for continental Europe. With rail and motor transport temporarily at a stand-still due to Ninth Air Force bombings of strategic rail and road centers, the importance of the C-47's for overland transportation is accentuated.

One of the men helping in the transportation program of the 31st Air Transport Group, 302 Wing is Pvt. George Martin of Lamesa.

Pvt. Martin, graduate of Lamesa High School, has helped to pioneer European air travel since the invasion more than a year passed. Today, as a loading specialist, he is responsible for loading cargo into the C-47 transport aircraft maintaining cross channel supply runs to continental Europe.

Son of Mrs. William H. Martin, 910 South Fifth Street, he entered the Army in August, 1942 and went to England in March, 1944.

Dress Making Demonstrations Are To Be Given

Various home demonstration clubs in the county have meetings scheduled this week, according to an announcement received from a local official.

Bartlett Club met today (Monday) in the home of Mrs. Lillard Thomas at 2 p. m. Midway Club will meet in the home of Mrs. J. Bartlett Wednesday, July 18; Sparenberg will meet at Mrs. S. C. Motley's home on Thursday, July 19; and Central Club will have their session in the basement of the First Methodist Church on Friday, July 20.

Each of the meetings have been announced for 2 p. m.

At all sessions dresses will be cut and made for women who have completed their dress forms. The demonstrations will concern the use of dress forms, and there will be a good many short cuts in dress making shown. One short cut which will be studied will be the cutting of 2 dresses at one-time.

Non-club members interested in seeing the dress forms in use are cordially invited to attend the demonstration most convenient for them.

Council Meeting to Be Held July 21

The Dawson County Home Demonstration Council will meet in the council room at the agents office Saturday, July 21 at 2:30 p. m.

The nominating committee will present a name for chairman of the council, as Mrs. Luther Peterson has resigned in the capacity of council chairman. The paper collection committee will give detailed plans for the collection of a carload of waste paper in this county.

In addition, there will be reports given from the club women who attended the short course which was held in Lubbock recently.

Oil Developments In County Given

Oil activities in Dawson County were described in an article which appeared in Sunday's issue of the Lubbock Avalanche-Journal. The article follows:

Magnolia Petroleum company No. 1 Cole, in southeast quarter of section 49, block M, EL survey in the Welch-Nelson area in northwest Dawson County, has been completed after making a 24-hour pumping potential gauge of 170 barrels of oil, and no water from pay section which had been drilled to 4,893 feet.

Magnolia No. 1 F. A. Youngblood, wildcat, in southwest corner of northwest quarter of section 29, block M, EL survey, and one and one-half miles northeast of the nearest oil well in the Welch-Nelson field, had spudded, and was drilling ahead below 1,485 feet, in redrock.

W. T. Black No. 1 Flenniken south-central Dawson exploration, in section 11, block 36 TP survey, T-4-6, was on total depth of 5,803 feet in lime, and was fishing for tools.

Local Gas Company Employees Are Given Service Pins

Two Lamesa employees of West Texas Gas Company have been honored by their company through the presentation of handsome Service Pins. A. G. Barnard, manager of the Lamesa District, received a 15-year pin, and Mary Irma Sprawls, General Clerk in the Lamesa office, received a 5-year pin.

The emblem, of blue and gold, bear in the center the "Blue Flame" symbolizing Natural Gas Service, encircled by the name of the company and number of years served. With each pin came a letter of appreciation thanking the employee for his or her loyalty and interest in the progress of the company.

Throughout the area it serves, West Texas Gas Company presented the Service Pins to 66 employees having a total combined service record of 945 years.

To do away with needless stooping and stretching when you reach down to open cupboard doors, rearrange the knobs. Move the knobs on the upper cabinet doors close to the bottom so you will not have to stretch and move those on the lower cabinet door close to the top to eliminate stooping.

Amethyst is quartz, colored with a purplish hue.

Ensign Charles E. Jacobs, son of
Mr. and Mrs. Alva Earl Jacobs
of 710 South First Street in this
city, graduated as top man in a
class at the Navy's renowned
school for Primary Flight Instruc-
tion in New Orleans recently. He
was presented a certificate as a
qualified flight instructor by Com-
mander Fitzgerald who stated,
"Ens. Jacobs was an exemplary
student, and his airmanship and
instructional ability were all that
could be desired." The young of-
ficer is now assigned to train
aviation cadets at the Naval Air
Station in Ottumwa, Iowa. He is
a graduate of Lamesa High School
and is a former student of Texas
University.

**ROME GORGES ITSELF ON
NEW PRESS FREEDOM**

ROME (AP) — Freedom of the
press came to Rome last year with
the Eternal City's liberation and
perhaps no place in the world
takes this cherished right more
literally.

Journalistic Rome today resem-
bles pamphleteering colonial Amer-
ica and the florid "ought to be
horsewhipped" type of editorializing
common in America through the
Civil War.

The emphasis is on hot local
politics and crimes of passion.

For 21 years no one could be
murdered under Fascism, nor
could a man's death be suicide in
the public prints. Under Il Duce

one either died naturally so far
as the newspapers were concerned,
or one didn't die.

In feudal warfare, ransoms form-
ed a large part of a soldier's gains.

The art of painting is said to
have been introduced in Rome
from Etruria by Quintus Fabius
291 years before Christ.

Capt. Perry Cox Veteran Airman, Returns To States

Word has been received here that Captain Perry S. Cox, veteran airman, has arrived in the United States. He served overseas for approximately 20 months during which time he was located in India. While on foreign duty he was a pilot of a P-38 Fighter.

Captain Cox arrived in Miami, Florida, last week and will be sent to San Antonio, where he will be given his furlough to visit home.

The young captain entered service 3 years and 9 months ago, and received his wings and commission at Luke Field in Arizona.

He is a Lamesa High School graduate and was a student at A&M College when he volunteered for the service. His wife, the former Miss Francis Robertson, has been making her home in this city, and he is the nephew of Mr. and Mrs. Audrey Cox, also, of this city.

Mrs. Francis Cox left Sunday for San Antonio where she will meet her husband.

C. King With Navy Unit On Midway

MIDWAY ISLANDS — Since the Battle of Midway these islands in the Pacific have been transformed into one of the most impregnable bastions assisting the Fleet in its air and sea war against the Japanese.

Commie M. King, Storekeeper Third Class, USNR, son of Mr. and Mrs. Ben C. King, 208 North Travis St., Lamesa, is stationed on the islands. His wife, Mrs. Olive King, lives at 1505 Sherwin Ave., Eau Claire, Wisconsin.

Before entering the Naval service in March, 1944, King was employed as a truck driver for the Consolidated Freightways, Sacramento, California. He has been overseas for 14 months.

FISHERMAN SCHOOL

RIO DE JANEIRO (AP)—Eleven thousand children of Brazilian fishermen, to whom most schools are inaccessible, are being educated by special schools maintained by the Ministry of Agriculture.

Report On Vets Hospitals Given By Local Officer

Editor's Note: The following article was submitted by R. L. Price, local service officer, and discloses facts about the Veterans Administration Hospital Survey conducted by the American Legion and other Veterans organizations:

The National Commander of the American Legion, Edward N. Scheiberling was asked by General Frank Hines, Director of Veterans Administration to investigate Veterans Hospitals over the country.

These investigations were the result of charges hurled at the Veterans Administration. General Hines welcomed the investigations and asked for them. Other Veterans organizations were asked in addition to the American Legion to make the same investigations. The results of these are viewed with interest. If reforms were needed they should be made. If they are not needed and the Veterans Administration is given a clean bill of health, then certain individuals and publishers will have some tall explaining to do. Regardless of the outcome, it will be to the benefit of all veterans. They will be given a better picture of the facilities available to each veteran. They will know that they are being given every consideration and that their welfare and treatment concerns the people of the nation.

Making this investigation in Texas was Sid Lowery, State Service Officer of the Department of Texas, who called on each Veterans Hospital in Texas and the hospitals which have bed contracts with the Veterans Administration. At every facility Mr. Lowery was welcomed graciously; and was given full leeway and 100 per cent co-operation. Texas is indeed fortunate in the type of hospitals and in the management and personnel of each facility within its borders.

The State of Texas has four Veterans Administration Facilities. The one in Legion treats Veterans with tuberculosis. The one in Dallas and Amarillo take care of general medical and surgical cases. The facility in Waco takes care of mental and nervous cases and absolute emergencies in the neighborhood of Waco.

In addition to the facility in Waco for treating mental and nervous cases they have contract beds at the Brooke General Hospital in San Antonio, the Marine Hospital in Galveston, and the Naval Hospital in Corpus Christi.

The Waco facility cannot authorize admission to Legion, Dallas, or

Amarillo. The facility in Waco controls the authorization for Waco and three contract hospitals.

The main questionnaire on this Veterans Administration survey of its hospital reads as follows: What is your opinion of the relative standards of treatment in Veterans Hospitals as compared to State, County and Municipal Hospitals in the same area?

A summary of the answers to this question received from Department Commanders of all Veterans Organizations over the country where each state covered 76 Veterans Administration Hospitals shows that 31 hospitals with 26,105 beds had a very good or excellent rating; that 22 hospitals with a total of 19,954 beds had a rating above average of the state, county and city hospitals; that 21 hospitals with 15,356 beds

had ratings about the the same as state, county and city hospitals; and that 2 hospitals with a total of 843 beds had ratings below standards of state, county and city hospitals. Visits were made to all 76 of the hospitals mentioned.

Veterans Hospitals are giving the best medical care you can find anywhere in any hospital and the public must know these facts to offset the reports that the veterans are not getting the best of treatment. Ask a veteran what kind of treatment he gets at his Veterans Hospital. It is the best.

Some people over the country as a whole are worried about veterans organizations getting too large and are afraid they will run the country after the war. The present substantial growth of all Veterans Organizations is at once

an inspiration and a challenge. Every potent force for good government and good citizenship with added strength and influence, requires new responsibilities. With ranks of all Veterans Organizations augmented by veterans of World War No. 2, these younger men who, too, have evidenced their love of country, wider opportunities for public service are presented. They will be met with patriotism and continued devotion after getting out of the Armed Forces to the preservation of the nations exalted ideas.

Mrs. Robert H. Smith, of Edinburg arrived in Lamesa Sunday to spend the summer with her mother, Mrs. Z. T. Davis.

Never dry your fur coat over a radiator.
