Lewis Readies For Battle On Coal Contract

Electric Workers' Union Might Show Demands Tuesday

(By The Associated Press)

Three giant unions were expected to set a pattern for the nation's labor in showdown talks this week on wage boosts.

The 450,000 members of the powerful United Mine Workers union were idle as their president, John L. Lewis, and the Southern Coal Producers association prepared to resume dickering tomorrow on a new contract.

The miners' one-week work stoppage, effective today, was ordered by Lewis to impart what he called merely a necessary stabilizing influence to the coal industry's production.

New Proposals Slated

Also tomorrow, the CIO United Electrical Workers union, with 600,000 members, is scheduled to present its new contract proposals to General Electric and Westinghouse, and on Wednesday the CIO United Steel Workers will hand in their new contract terms.

All have made it known that they expect management to come across with something more substantial, either in direct wages, other benefits, or both.

Before the end of the week, Lewis is expected to advise the northern coal operators that he has new contract matters to talk over with them, too.

Walter M. Thurmond, secretary of the southern operators, called the miners' work stoppage a violation of terms on the ground that there is nothing in their current contract under which Lewis may order the men from the pits for a "stabilizing period of inaction."

Demands Are Secret

Lewis' demands to the southern operators have remained secret but there was fairly general speculation he has asked that the union's royalty on mined coal be hiked from 20 to possibly 40 cents a ton. The present wage scale is $14.05 a day. The royalty goes into a fund from which the union finances its health and welfare program and $100 a month pensions to members.

If the miners return to their jobs next Monday, as expected, they will work only five days then go on vacations for 10 days and the mines will be shut down again.

By the end of the vacation period, the nation's present coal supply above ground, estimated at from 52 to 80 days, is expected to be considerably reduced.

But the contract expires on

Official Warns Of Farmer-Led Economic Fall

Higher Return On Products Claimed Under Demo Plan

(By The Associated Press)

DES MOINES, June 13—Secretary of Agriculture Charles F. Brannan called today for public support of Truman administration farm policies to help prevent the "greatest economic crash in history."

America's farm productive power, he said, is like atomic energy—it can be used for either good or bad.

But the nation need not fear this power, the cabinet officer said, if it supports the Democratic party. That party, he added, has been the only one in history to support "effective farm programs" aimed at serving the whole country.

Plan For Campaigns

Brannan made these claims in a speech prepared for a two-day mid-western Democratic conference to lay plans for 1950 congressional campaigns.

He offered a new farm plan advanced by himself recently as the best means proposed yet for preventing a "farm-fed and farm-led" depression which, he added, could destroy democracy.

The secretary described as "inadequate" the so-called Aiken long-range farm law passed by the Republican 80th Congress and scheduled to go into effect in 1950. He said it would not offer enough income protection to prevent a farm depression.

In brief, the Brannan plan would guarantee farmers higher returns than would the Aiken law. It would depend more heavily, however, on government sub-

Prussian Princess Cecilie Is Planning To Marry A Texan

Royalty Coming To Amarillo

(By The Associated Press)

LANGEN, Germany, June 13.—A royal princess of Prussia will soon be at home "deep in the heart of Texas."

Princess Cecilie, 31, hazel-eyed granddaughter of Germany's late Kaiser Wilhelm, will trade her family's medieval castle for an apartment in Amarillo when she marries Texan Clyde Harris, 31. He is the son of Konawa, Okla., banker Bert Harris.

CECILIE

The princess numbers among her ancestors Queen Victoria of England, the emperors of Germany and innumerable reigning princes, grand dukes and margraves. Her father is the former Crown Prince Wilhelm.

She is a niece of Prince Louis Ferdinand of Prussia who worked for the Ford Motor company in Detroit between the two World wars and visited the United States last year.

The wedding plans, secret until yesterday, call for a marriage in the bleak Hohenzollern castle at Hechingen in the Bavarian Alps. The date has not been announced.

Then "we will settle down in Texas" says the blonde princess who is listed in the Almanach De Gotha—royalty's "social register"—as Cecilie Viktoria Anastasia Zita Thyra Adelheid. Last name Hohenzollern. There has been no announcement whether she will keep her title after the marriage or be known as "Mrs. Harris."

Harris said he met the princess in 1945—soon after V-E day—when a captain in the U. S. Army, he was tracing looted works of art. The Texan is an interior decorator in Amarillo.

In the course of his job he went to the Schloss Wolfsgarten, picturesque hunting lodge belonging to Prince Ludwig of Hesse, where Princess Cecilie had taken refuge when

Gainesville Is Latest Victim Sunday Night

Planes Wrecked In Blow; Rainfall In Lubbock Is .34

(By The Associated Press)

The latest in Texas' hit-and-run storms struck Gainesville on the Red river last night. Weather conditions favored more storms today. The only damage to Gainesville itself was from the 3.15-inch rain. But the North Texas city's airport was damaged by winds up to 65 miles an hour. Ten planes were wrecked; that loss alone was estimated at $25,000.

Ardmore, Okla., which is just across the Red river from Gainesville, had 3.68 inches of rain.

Elsewhere in Texas rains were lighter.

Showers Over Plains

Most of the South Plains received light showers Sunday night and early this morning, but no further damage was reported as farmers hopefully scanned clearing skies.

A narrow belt that included Morton, Brownfield, Meadow and Crosbyton reported the heaviest fall of one inch. Most other points on the South Plains reported showers of less than half an inch.

The weather bureau station at municipal airport in Lubbock recorded .34 inch during the night. There was some lightning, but winds did not exceed 16 miles an hour.

The fall brought the month's total to 3.99 inches, the year's official total to 18.77 inches.

Still Behind 1941

The total rainfall so far this year is still behind a corresponding period in 1941, when the year's total was 40.55 inches. However, the total to date is nearly as much as the total for a normal year, 19.15 inches.

Reports were received of rain as far South as Big Spring, which received .18 inch, Abilene, a trace, San Angelo, .10 and Amarillo, .07.

Winds this morning had shifted to the north-northwest.

In the Happy area, observers reported that "if we have one more sunshiny day, there'll be an awful lot of wheat coming in."

More Showers Due

Weather observers in the Lubbock area thought the week-long rains there were ending. But the U. S. weather bureau in Dallas predicted more thundershowers through tomorrow in much of the state—including the South Plains.

The South Plains and Panhandle rains have delayed the wheat harvest and may have damaged the South Plains cotton crop.

The cooler weather which prevailed over most of Texas today was expected to continue through tonight. Yesterday's high tem-

RUSSIAN HUDDLES WITH BEVIN

Vishinsky Agrees To German Plans

(By The Associated Press)

PARIS, June 13.—A qualified western diplomate said today Soviet Foreign Minister Andrei Y. Vishinsky agreed in a private weekend talk with British Foreign Secretary Ernest Bevin to seek limited agreement on a way of life for Germany.

Vishinsky agreed in his talk with Bevin, this informant said, to try to reach agreement on Berlin currency, trade between East and West Germany, and road and rail traffic.

When it appeared likely that the West had given up hope of reaching overall political accord on Germany now, these were believed to have been the main "limited" aims of the West.

Insists On Red Money

Vishinsky still insists on adoption of Soviet-sponsored currency for all Berlin, under four power control, and resumption of East-West German trade. Bevin, replying, told Vishinsky the West insists on a written pledge assuring the right of free access to western sectors of Berlin, the informant added.

The West is not going along with Vishinsky's single currency bid, this source said, but is ready to fix up some kind of arrangement which might embody pegging the two Berlin currencies at some exchange rate. The western mark now is worth about four times as much as the East mark.

At last night's meeting, U. S. Secy. of State Acheson abandoned customary diplomatic language for homely American talk to describe a Vishinsky proposal for a German peace treaty.

Vishinsky Told Off

It is, Acheson declared, "as full of propaganda as a dog is of fleas."

Lack Of Toe Prints Undoing Of Burglar

SAN ANTONIO, June 13 (AP)—Two missing toes proved the undoing of an ex-convict here today. Detectives Charles Berlanga and Polk Palmer, investigating the burglary of a home last night, were unable to lift finger prints. However, they did find the imprint of barefeet, indicating the two smaller toes missing from the right foot.

After a check of the records division, they arrested the ex-convict at his home.

Spy Report Is Drafted

Full History To Be Bared

WASHINGTON, June 13. (AP)—House spy investigators are working on what they call a "super" report on Russian espionage.

They say it will cover the complete history of Communist spying, contain a lot of information that has never been brought out before, and deal with military and industrial espionage in this country and abroad.

Probably it will be several weeks before the investigators — members and the staff of the House un-American activities committee—are ready to release the report. It still is after some of the information to go in it, information relating to atomic espionage, for instance, on which more hearings are planned this week.

To Trace Routes

Committee officials say they can back track on Red spying to at least 1922. They say they have information that the Russians appropriated some money that year and set up some sort of international organization.

They expect to trace the routes along which the espionage network spread. One of the first places it was pulled into the open, they say, was in a case that broke in England in 1927, a case now pretty well forgotten.

The committee still is trying to fill out its story of wartime efforts of Red Agents to steal the secret of the atom bomb.

To Question Scientists

Tomorrow or Wednesday it plans to question Frank Oppenheimer and his wife in hopes they can help build up the chapter about a Red cell which allegedly operated in the radiation laboratory at the University of California at Berkeley.

Committee authorities said Oppenheimer now is at the University of Minnesota but that he was a scientist for a while during the war at the atomic research center at Berkley. His brother, J. Robert Oppenheimer, one of the key figures in perfecting the bomb, also was stationed at Berkeley for a time. The committee questioned him last week.

MACARTHUR RAPS SOVIET TACTICS

Reds Charged With Disorder In Japan

(By The Associated Press)

TOKYO, June 13—General MacArthur told Russia today she was inciting "disorder and violence" in Japan. The supreme Allied occupation commander also accused the Soviets of "inconsistent demagoguery."

In a bristling reply to a letter from the Russian mission chief charging that Japanese labor was being suppressed, MacArthur said:

"The Soviet letter, replete with inaccuracies and misrepresentations of fact, could be disregarded as routine Soviet propaganda did it not so completely mark the Soviet role as an inciter of disorder and violence in an otherwise orderly Japanese society.

"Duplicity Shocking"

"The thorough duplicity of its apparent championship of fundamental human rights on the one hand and the Soviet callous indifference to the release for repatriation of Japanese prisoners of war on the other, its talk of greater liberality for Japanese workers and the Soviet practice of labor exploitation, is a shocking demonstration of inconsistent demagoguery."

The letter which drew MacArthur's fire was written by Lt. Gen. K. N. Derevyanko, chief of the Soviet mission here and member of the Allied council for Japan. It was delivered Saturday.

Derevyanko charged:

Charges Suppression

"Suppression of legal activities of trade union and of other Democratic organizations as well as the club law and mobbing of trade union leaders, progressively-minded persons and participants of various labor demonstrations and meetings."

The Russian accused MacArthur of not taking "any measures to prevent these actions that constitute violation of the Potsdam agreement and of the Far East commission's policy decisions pertaining to the democratization of

Texans Killed In Air Crash

MERIDIAN, Miss., June 13 (AP)—Two persons were killed last night or early today in the crash of a private plane at Topton airport, 10 miles northeast of here.

Deputy Sheriff Willie B. Francis of Meridian said the dead had been tentatively identified from papers found on the bodies as Dr. and Mrs. Marion Bailey Murdock of Eastland, Tex.

There were no witnesses to the crash, the deputy said, but a plane's engine was heard over Meridian about 6 p. m. yesterday during a wind and rain storm.

Wreckage Is Found

The wreckage was found by Barney Gunn, jr., of Topton, who saw the plane's tail assembly sticking up from the ground. The plane's engine had been driven back into the cockpit by the crash.

The woman's body was found partly clear of the wreckage. A daschund dog was thrown clear and killed.

The couple was traveling in a Luscombe single-engined plane bearing the license number NC 2526-K.

Six Children Killed In Flames Of Home

FIRTHCLIFFE, N. Y., June 13 (AP)—Six children died of burns and suffocation early yesterday when a flash fire swept their home while their parents were visiting nearby friends.

The victims—children of Mr. and Mrs. Alex Zagorski—were Bertha, 10; Albert, 6; Patricia, 5; Toni, 4; Jeanette, two and a half, and Catherine, six months.

The father raced home when informed of the fire, and had to be restrained from entering the flaming house.

Two firemen were injured. Origin of the fire was not determined

Four Kansans Killed In Airplane Crash

PERHAM, Minn., June 13. (AP)—Four Kansas men were killed when their small plane crashed in flames during a storm Sunday.

Officials tentatively identified the dead as:

C. D. Clark, about 40; Frank E. Hannigan, jr., the pilot, about 26; W. A. Morris, about 43, and Paul Stewart, about 38. All were from Great Bend, Kans.

Thieves Busy In This Area

Theft reports topped a comparatively quiet weekend, peace officers said this morning.

Ray Fowler, 44, was held in county jail in lieu of $1,000 bond binding him over to grand jury action on a car theft charge, the sheriff's department said this afternoon.

The complaint, prepared by E. G. Pharr, an assistant district attorney, accuses Fowler of theft Saturday of a car owned by J. M. Bowles. The bond was set by D. W. Robertson, justice of peace.

M. P. Pearson of Denver, Colo., said more than $100 worth of property was removed from his car parked three miles northwest of Amherst.

Pearson said he was forced to leave the machine untended after it had "thrown a rod." He caught a ride to Lubbock. When he returned, hours later, he saw that someone had broken in through a rear window and had taken a portable radio, a camera, three cartons of cigarets, a woman's purse, an overnight bag, two flashlights, a razor, a cigaret lighter, a clock, and a quantity of men's and women's clothing.

Proposal Halts Rent Decontrol

CORSICANA, June 13. (AP)—A Senate amendment that would allow cities to put rent controls back after they are removed has stymied the state-wide rent decontrol bill.

Governor Beauford Jester says he may not sign the bill at all since Housing Expediter Tighe E. Woods said the amendment probably makes the bill contrary to federal law.

The governor made his announcement here yesterday.

He said he had written a letter in which he told Arthur E. Bland, a San Antonio real estate man, he would sign the bill, when it came to his desk.

Baird Asks Decontrol

Baird had written Jester recommending that controls be taken off Texas rental housing.

The governor said he wrote the letter before the Senate put on the amendment but now he can't make a formal decision until he has a chance to study the bill as amended.

Woods and Jester conferred in Austin Friday and the former asked the governor to veto the bill. The housing expediter said later that if Jester doesn't block rent decontrol in Texas the federal government will try to. He added that some cities in other states had tried to reinstate their own controls and had been blocked in court.

Bobby Layne Traded To New York Eleven

NEW YORK, July 13 (AP)—The New York Bulldogs of the National professional football league announced today that they had obtained pass-throwing Bobby Layne from the Chicago Bears in "the biggest deal in the history of the National league."

Ted Collins, president of the Bulldogs, said he was given cash and two unnamed players for the former University of Texas star, who joined the Bears last season.

LAYNE DECLARES HE IS HAPPY AT MOVE

Bobby Layne, informed here this afternoon that he had been traded by the Chicago Bears to the New York Bulldogs, said that he had anticipated such a move and that he was "happy" about it.

"I was in New York three days last week, talking with Ted Collins, president of the New York team, about the possibility of playing with the Bulldogs next season," Layne said. "However, I was not told at that time that a trade definitely would be made.

"I like the idea of playing in New York," Layne continued, "particularly since the Bulldogs also will use the T formation."

Layne said that neither club had notified him of the trade, and that he did not know what two players would be sent from New York to Chicago in the exchange.

The ex-Texas ace doubtless will see more service at New York than at Chicago, where the Bears were overmanned at the quarterback post with Layne, Sid Luckman and Johnny Lujack, all top-flight performers.

The New York franchise recently was moved to the Polo Grounds from Boston, where it operated as the Boston Yanks last year.

Stock Market Drops To Four-Year Low

NEW YORK, June 13. (AP)—A sudden wave of selling rolled over the stock market today and prices sank to a four-year low.

The loss to the market value of all shares listed on the stock exchange exceeded $1,000,000,000.

In one of the worst setbacks of the year, leading stocks lost a few cents to more than $2 a share. Skelly Oil dropped $7.50 to $97.50 and Du Pont $4.75 to $173.75.

Plan For Club House Tabled

The Lubbock County Commissioners court today tabled any action on a request to construct a $50,000 community club house in precinct one.

A delegation from the precinct, the southwest section of the county, presented plans and sketches to the commissioners showing the design, floor-plan and construction details of the desired club house.

Funds Not Available

The commissioners pointed out that funds were not available in the permanent improvement fund at the present time and it was doubtful if an undertaking of this magnitude could be considered for some time. Members of the delegation suggested that they might submit plans calling for a smaller outlay in the hope that some early action might be taken.

The building proposed would be of concrete block and measure 90 by 67 feet. It would have 5,232 square feet of floor space, enough to accommodate about 250 persons. It would include a major social room, 38 by 48 feet; rest rooms, two clubrooms, a library, storage rooms and a kitchen. Eight community clubs from Slide, Hurlwood and other centers in that area would use the club house.

The delegation calling on the commission included Mrs. Robert L. Harper, Mrs. Garlin V. Cooper,

Tips Given On How To Stay Safe During Electrical Storm

Chances Are 422,108-To-1 That You Won't Be Struck By Lightning This Year, Bureau Claims

(By The United Press)

WASHINGTON, June 13. Chances are 422,108.76 to 1 that you won't be killed by lightning this year. You can cut the odds even further by following a few simple rules suggested by the National Bureau of Standards.

Latest government statistics show that 338 persons are killed each year by lightning. Another 1,000 are injured as a result of electrical charges during storms.

In an effort to cut down on these figures, the Bureau of Standards noted that no large object is entirely immune against being struck by lightning. That's why you should never stand under a lone tree or in an isolated shed to keep from getting wet during a rain and electrical storm. The damage to your dignity by getting wet is far less than the damage several thousand volts of electricity can do, the bureau notes.

The safest place to be during a thunderstorm, the bureau says, is in a room entirely surrounded by metal, or in steel-framed buildings. Better yet, a room underground.

But even people in such places as these should not stand under a ceiling electrical fixture or touch a telephone during a storm. There is danger of an electrical shock.

The next safest place is in a building well equipped with lightning rods to conduct bolts to the ground.

"The unrodded houses not containing pipes or other extensive metallic conductors an appreciable degree of danger exists," a bureau publication says. "It is essential to

Tea Honors Bride-Elect

Miss Bobbie Jean Rhodes, who is to marry James H. Valentine of Fort Worth June 17, was complimented at a tea and shower given Friday night by Mrs. D. E. Sellers, 1905 Twenty-seventh.

Thirty guests called or sent gifts.

Mrs. A. A. Reynolds was assistant hostess with Mrs. Sellers.

The tea table was laid with a lace cloth and centered with a reflector on which a miniature bridal couple stood in front of an arch of rainbow colored net. The reflector was bordered with fern and sweetpeas.

Larkspur and pink roses were placed at vantage points about the rooms.

Backyard Party Held For Engaged Couple

Miss Bobby Jean Rhodes, and her finance, James H. Valentine of Fort Worth, were honored at a backyard party given Saturday night at the home of Mrs. L. O. White, 2219 Thirteenth.

Guests were former classmates of the couple at Texas Tech college. Twenty-eighth called, including Mrs. Jimmy Robertson of Knoxville, Tenn., and John Ewing of Amarillo.

Miss Vicki Martin presided at the bride's book and Miss Nadyne Brewer served punch. They were assistant hostesses.

The refreshment table was centered with an oblong copper box filled with ivy and deep red roses. The table where guests registered also was centered with roses.

Guest Day Plans Are Made By Auxiliary

Guest day, which will be in the nature of a 12 o'clock luncheon served at IOOF hall, was planned for June 22 by the BRT auxiliary at a Saturday night meeting. Auxiliaries from Slaton and Clovis, N. M., will be guests.

A memorial hour was conducted.

—Mrs. Trenton McCurry was hostess.

Attending were Mesdames J. D. Mullins, D. R. Patterson, Clark Zachary, Rafe Nabors, T. K. Martin, J. A. Nunley, jr., R. J. Clark, Irvin Grady, W. D. Donald, Lloyd Berry, Arno Boyd and N. M. Dowery.

Miss Betty Mae Worrell and Floyd L. Boston who are to marry Tuesday night at 8 o'clock at First Methodist church, will be honored at a rehearsal dinner given tonight at 7:30 o'clock at Chicken Village.

Hosts will be the bride-elect's parents, Mr. and Mrs. Sid Worrell.

The list will be made up of Dr. and Mrs. H. I. Robinson, Henry and Frank Boston of Tulia, Tommy and Ed Boston of Lubbock, Misses Pearl Boston of Denver, Doris Prater, Dorothy Jean Elliott, Ima Joe Lewis of Lake Worth, Fla., Geraldine Frazier, Mrs. Joe Barron of Bryan and Mrs. Tom Hampton and Miss Lois Ann Hampton of Natchitoches, La.

Siamese To Battle Tuition Shakedown

BANGKOK, June 13. (AP)—Overcrowding of certain classes in Siamese schools has led to some of the institutions asking "tea money" from students desiring education.

High education officials decided to take steps to stop the shakedown. A study will be made of the number of seats available in government and private schools. All schools will be required to make public their facilities. Also, special measures will be taken to prevent corruption in admitting new pupils, especially where entrance examinations are required.

Bernadine Blair Is Bride In Saturday Ceremony

★ ★ ★

The marriage of Bernadine Blair and Ralph H. Cheney took place Saturday afternoon at 2 o'clock in the home of the bride's parents, Mr. and Mrs. Burney Hancock, with Rev. C. J. McCarty reading a double ring service.

The bridegroom is a son of Mrs. T. E. Mahan of Fowler, Kas.

The couple has gone on a wedding trip to Santa Fe and Red River, N. M., and will be at home in Lubbock after June 15.

The bride, who was given in marriage by her father, wore a navy blue, accordion pleated, ballerina length dress with navy and white accessories. She carried an orchid showered with stephanotis. For something old she wore a green enameled pin witch, belonging to her mother, and something borrowed was an heirloom diamond belonging to Miss Sarah Louise Palmer of Roswell, N. M.

Sister Attends Bride

Mrs. Carl Hooper of Olton, who served her sister as matron of honor, wore a navy blue dress with navy and gold accessories. She carried a Colonial bouquet of yellow rosebuds.

The rooms were decorated with fern and pink and white gladioli. At a reception that followed, Miss Palmer served the wedding cake and Mrs. Max Dodson served punch.

The bride's table was laid with a white Madeira linen cloth and centered with a single ring wedding cake topped with orchids.

Out-of-town guests were Mr. and Mrs. Paul Meador of Clovis, N. M., Mrs. Delcie Palmer of Roswell and Gene Smith of Amarillo.

For travel the bride wore an aqua silk shantung dress with natural and brown accessories. A graduate of West Texas State college, Canyon, she has been a teacher in the Roswell Public schools for the last three years.

Mr. Cheney, who served three years overseas with the U. S. Army during the late war, is a representative for Morrow-Thomas Hardware company.

Rough Fight On Arms Bill Seen

WASHINGTON, June 13. (AP)—Pres. Truman's forthcoming foreign arms program appeared headed today for a rough reception in Congress.

Senator Taft of Ohio, chairman of the Senate Republican policy committee, predicted that the whole program—involving a $1,450,000,000 outlay—may be shoved aside till the next session.

Senator George (D-Ga) said in a separate interview that if Congress takes any action he is sure the "vast majority" of lawmakers will favor providing military aid for Europe only out of American surplus supplies.

And Chairman Tydings (D-Md) said there is likely to be some strong opposition within the Senate armed services committee against raiding Army, Navy and Air Force stockpiles to help any other country.

But Chairman Connally (D-Texas) of the foreign relations committee predicted that despite the apparent opposition, the administration will attempt to win approval of the program in the current session.

President Truman said in a Little Rock, Ark., speech Saturday that "it is of vital importance that the Atlantic Pact be followed by a program of military aid to increase the effective strength of free nations against aggression."

Taft already has said he expects to support the North Atlantic security treaty, scheduled for Senate action as soon as a pending labor bill is disposed of. But the Ohioan has opposed the foreign arms program, of which $1,030,000,000 would go to nations which signed the pact.

"So far as I am concerned," he said, "there is no necessity even to consider the arms plan in this session."

He added that because of "determined opposition" in the Senate, he thinks the program will languish until the next session of Congress.

George, who contends the President won't be able under the treaty to send troops abroad until Congress approves, indicated he will oppose any large expenditure to rearm western Europe.

He said he thinks that, with "a reasonable amount" spent to modernize the equipment in question, demands can be met out of surplus supplies on hand in this country.

Approximately 200 persons were present at the Party house in Mackenzie State park Sunday night for the first free movie of the summer in Lubbock parks. The crowd saw most of "Beyond Our Own," religious movie, before rain brought an end to the showing. "Adventures of Rusty" and part one of a serial, "Valley of Vanishing Man," will be shown at 8:30 o'clock tonight at Pioneer Park.

Mrs. Lulu Ground, 69, of Fort Worth, Sunday suffered a fractured right hip when she fell at Municipal airport. She was taken to St. Mary's hospital, where attendants today reported her condition as satisfactory.

Juan Ysasaga, 21, of Lubbock route 6, was arraigned this morning upon a murder charge, before 99th District Judge G. V. Pardue. He pleaded innocent. He was represented by Victor H. Lindsey. The state was represented by A. W. Salyars, assistant district attorney. The indictment charges Yasasaga slew Benito Perales, jr., April 30.

County Agent D. W. Sherrill and his two assistants, Joe Jones and Jack Carothers, left yesterday morning for College Station where they will participate in the annual A&M Round-Up. The agriculturists will observe the work of 4-H Club members the first three days of the week and on Thursday will attend the conference of county agents.

The U. S. Civil Service Commission today announced examinations for geophysicist and food sanitation inspector. The annual pay of these positions is from $2,474 to $6,235. Information and application forms may be obtained from Elmer Potts, Room 217, Post Office building, Lubbock.

City firemen said this afternoon they had answered an alarm from West Gate drive, outside the west city limits on an extension of Eighteenth. There was no damage, they said. An element in an electric range had "short-circuited."

All residents of the area west of Tyler avenue between Nineteenth and Twenty-sixth are invited to attend a meeting at 8 o'clock tonight in M. C. Overton school. Purpose of the meeting is to discuss plans to have several sub-divisions in that area incorporated into the city limits.

Stableboy Winds Up As Prince's Footman

SUNNINGDALE, England, June 13. (AP)—Fifteen-year-old Michael Sawyer wanted to help care for the king's horses. He wound up helping care for the king's grandson.

Michael, just out of school and a veteran rider, wrote to Buckingham Palace for a job as stable boy. He got it. But he couldn't find a handy place to live. He wrote again for an indoor job. He got that too.

Now he works at Windlesham Moor, country home of Princess Elizabeth and the Duke of Edinburgh. He waits on nurse Helen Lightbody. His title is nursery footman to six-month-old Prince Charles.

His father, village constable at Chartham, says, "Michael has always been a royalist."

Publisher Approved As Army Secretary

WASHINGTON, June 13. (AP)—The Senate approved today the appointment of Gordon Gray as Secretary of the Army.

Gray, Winston-Salem, N. C. publisher, has been under-secretary of the Army.

The Senate also confirmed without objection:

John J. McCloy of New York as high commissioner for Germany and chief of the United States mission there.

William C. Foster of New York as deputy administrator for economic cooperation.

Milton Katz of Massachusetts as deputy of the United States special representative in Europe for the Economic Cooperation Administration.

Ex-Czech Prisoners Tried By U. S. Army

FRANKFURT, Germany, June 13. (AP)—Two American soldiers who were imprisoned in Czechoslovakia for more than six months as "spies" have been tried by an army court martial, the U. S. Army announced today.

The announcement did not give the court verdict for recruits George Jones of Owensboro, Ky., and Clarence R. Hill of Pampa, Texas. It simply said that Hill and Jones were charged "with absent without leave and for breaking arrest after they had been placed in their quarters."

BELGIAN HOSTS TO ORPHANS

BRUSSELS, June 13. (AP) — A large number of children of RAF men killed during the war will be the guests of Belgian families during the summer. The children still stay in the country for one month, in homes found for them by the welfare department of the Belgium Air Force. The first contingent will arrive July 8th.

Standard Oil Loses Ruling

WASHINGTON, June 13. (AP)—The Supreme court today decided the Standard Oil company of California violated federal anti-trust laws by contracting with independent gasoline dealers to buy all their fuel from Standard.

The decision was handed down on a Standard Oil appeal which said that to hold the company guilty of violating the anti-trust statutes would have "immeasurably disastrous" effects on business practices.

Justice Frankfurter delivered the 5-4 decision.

Competition Lessened

Justice Jackson wrote a dissent in which Chief Justice Vinson and Justice Burton joined. Justice Douglas also wrote a dissent.

Joining Frankfurter on the majority side were Justices Black, Reed, Murphy and Rutledge.

The majority opinion declared that Standard Oil's contract had the effect of lessening competition in both interstate and intrastate commerce.

But Douglas in a stinging dissent asserted that the court's elimination of the Standard Oil contracts system "sets the stage for Standard and other oil companies to build service-station empires of their own."

EAT PLENTY AND TAKE OFF UGLY FAT
When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe for weight reduction.
Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.
If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.
Lost 56 pounds
Here is what Mrs. L. J. Bryant, P. O. Box 56, Whitewright, Texas, wrote us:
"I want to tell you what Barcentrate has done for me. I weighed 268 pounds when I started taking it. I now weigh 212.
"I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much nicer I look than I did.
"I am still taking Barcentrate as I want to get my weight down to 166 or 170 pounds."

EXECUTIVES TOP EARNING LIST

Owner Of Shapliest Legs Has Highest Income For Women

WASHINGTON, June 13. (U.P.)—Screen actress Bettye Grable, who owns the shapeliest legs in Hollywood, also has the best salary figure among women.

She was the highest paid woman in the country shown today on a Treasury department listing of corporation payments to individuals in 1948. The blonde star collected $208,000 from 20th Century-Fox Film Corp., nosing out actress Olivia DeHaviland for top honors among women by a mere $4,000.

Skouras Top Man

Neither, however, came within shouting distance of Charles Skouras, president of National Theateres Amusement Co., and Fox West Coast Agency Corp., whose $810,000 was high among all individuals on the list. Skouras topped the "big ten" who, in order, were: Vincent Riggio, president of American Tobacco Co., $484,202.

Preston Sturges, producer-director of 20th Century-Fox, $370,000.

E. H. Little, president, Colgate-Palmolive-Peet Co., $350,000, of which $100,000 was salary and the remainder bonus.

A. A. Somerville, director of R. T. Vanderbilt Co., $319,398.

Seton Porter, president, National Distillers Products Corp., $310,000, with $115,000 of salary and the remainder bonus.

William Randolph Hearst, publisher, $300,000, with $150,000 each from Hearst Consolidated Publications, Inc., and $150,000 from Hearst Publications, Inc.

Total Take Unknown

Theodore Seltzer president, Bengue, Inc., $295,613. Eugene G. Grace, board chairman, Bethlehem Steel Co., $293,279. G. A. Bryant, president, the Austin Co., $270,789.

The listing may be changed by later treasury reports for the same period which will be issued later in the year.

The listing showed that Fred Waring's Pennslyvanians received $857,515 from the National Broadcasting Co. but Waring, as a private contractor, paid out much of that amount for talent.

The figures listed were gross payments for salaries and bonuses —before taxes. The government took a tax bite of about 86 per cent from all incomes of $200,000 or more.

Today's listings, required by law, does not necessarily indicate total earnings of the individuals. Many have investments which pay them considerably more than the amounts shown in the current listing.

For example, the Rockefellers and other families controlling large fortunes are not mentioned since most of their income is from investments.

Serve baked potatoes and a tossed green salad with barbecued spareribs; for dessert have a fruit compote of melon and citrus fruits.

Airline Pilot Wins Race With Stork To Scot Landing Field

PRESTWICK, Scotland, June 13. (AP)—"Two babies about to be born on my plane, what do I do?" said a radio message to the control tower here yesterday.

The control tower advised speed and provided a physician who radioed a few simple lessons in midwifery to the harassed plane captain.

But Captain Walter Kyse "coaxed a little extra speed out of the motors" and the two babies were born a few minutes after the plane landed.

The mothers were two stateless women bound from Germany to the United States. Mrs. Sylvia Tellerman, 26, formerly a Pole, gave birth to a daughter, and Mrs. Elena Vaicys, 27, formerly a Lithuanian, had a son. Physicians at the Irvine central hospital near the airport said all concerned are doing well.

An airline official said the International Refugee organization had given the women permission to board the plane. He said the women were "hardship cases" who were being taken to New York by air because women more than six months pregnant are not permitted to board Army transport ships taking DP's to the United States.

Indonesians Battle Deadly Tea Disease

BATAVIA, June 13 (AP)—Indonesia's tea industry is desperately trying to fight off a deadly invasion from India.

For the first time in 100 years of tea culture here, "blister blight," a fungus that attacks and kills tea bushes, has appeared. The disease has been a scourge to tea growing in India for many years.

According to experts of Indonesia's Department of Agriculture and Fisheries, the blight spread into Ceylon's rich tea country about 1946. Now it has reached the east coast of Sumatra.

Tea growers here are alarmed at this new menace from the north for there are no means of controlling it, said Dr. P. M. Prillwitz, government head of estate agriculture in Indonesia.

Destroys Tea Leaves

The fungus, scientifically known as exobasidium vexans, destroys new tea leaves and young shoots. It can be checked to some extent with a spray solution of copper and lime Prillwitz said, but actual control isn't yet possible. Infected areas are certain of a 10 to 20 per cent loss, even with spraying, he said.

During the war, the fungus increased rapidly in India where it had been known for 50 or 60 years, Prillwitz said. He explained that the disease made rapid headway in India when tea bushes were plucked heavily and not enough fertilizer used. It is believed the fungus spread to Ceylon by plane. There losses due to it have been serious the past three years.

Tea ranks behind oil, rubber, palm oil, copra and tin as an export produce from Indonesia. Tea exports amount to about $1,400,00 each month.

Chicago Will Present Railroad Pageant For Four-Months Run

CHICAGO, June 14. (U.P.)—The second edition of the Chicago Railroad Fair will open on June 25 for a run of four months.

Maj. Lenox R. Lohr, president of the fair, said he hopes that the 1949 version will surpass the original show presented last year. The 1948 version drew more than 2,500,000 persons during a 100-day run.

The scenes of the fair will be the Lake Front, extending from 23rd Street south to 31st Street. Re-arranging of the exhibits is nearly complete. All the railroads participating last year have reentered, and one new one is included, the Western Pacific, with an exhibit which should prove one of the big attractions.

The WP has shipped a cable car, normally operating on the Powell Street cable line in San Francisco. The car will carry passengers up a street incline from the water's edge to the level ground of the exhibition grounds. It will be manned by regular San Francisco cable car employes.

Cover Provided

For the protection of patrons from sudden showers which hit Chicago during the summer months, the officials have installed covered passageways from one exhibit to another. Thus a person may make a complete tour of the grounds without going outdoors.

Another improvement has been the black-topping and hard-surfacing of all walks through the grounds. That will eliminate the dust clouds prevalent last year, when as many as 74,000 persons walked through the exhibits on a single day.

Once again, the pageant "Wheels A'Rolling" will be presented four times daily. This show drew capacity audiences at every performance last year, 5,000 at each showing. The pageant, written by the late Edward Hungerford, is a drama of the history of transportation in the United States. Old-time locomotives, some from as far back as 1820, were used last year. Costumes were authentic, and the spectators saw the transformation from the old days of the stage coach, up to the modern streamliners operated today.

As an added feature this year, the Pennsylvania is exhibiting the locomotive that made the fastest run in history. It is the old 7012, which traveled three miles at the still unsurpassed railroad speed of 127 miles per hour.

Indian Village Again

Another popular feature of 1948, the narrow gauge Deadwood Central line, will be open for business once more. This train traveled the length of the exhibition grounds, pulling up to nine coaches. Upward of 1,000,000 persons rode the line. To help handle the crowds, another train will be added this year, supplied by the Denver & Rio Grande Western.

The popular Santa Fe Railway Indian village will be in full operation again. Indians of the various tribes now living in the southwest will live at the fair grounds and perform their tribal dances.

The Rock Island Rocket Village has been rebuilt. The old village hall, a tent last year, is now made of adobe brick. Square dances are presented here and the public may take part in the festivities. The ultra-modern dining car, serving lunches and dinners, will be on the grounds again, as well as an old-time diner used by the Rock Island years ago.

TRAIN IS ROBBED

HONG KONG, June 13. (AP)—Thirty bandits robbed passengers and express aboard a Hong Kong-to-Canton train yesterday 22 miles from Canton. A railway postal clerk was wounded when he failed to open the strong room quickly enough.

MEET THE MANAGER—Earl B. Collins, manager of Bell Ice Cream company, was born at Hartshorn, Okla., Feb. 25, 1904. His family moved to Clovis, N. M., in 1907 when he was three years old. He attended Clovis schools and finished high school there, then went to the University of New Mexico, where he completed two years of college work. From 1924 to 1928 he worked for an ice cream plant at Amarillo. In 1928 he enrolled at Texas Tech and attended college here two years and one summer. He started to work for Bell here Jan. 1, 1930, and on Sept. 1, 1936, he became manager, a position he has held ever since. Mr. Collins is a deacon of First Presbyterian church, a director and past president of Lubbock Chamber of Commerce, a member of Lubbock Country club and Rotary club and a director of Texas Dairy Products institute. His principal hobbies are working with farmers and fishing. Mr. and Mrs. Collins and three children, Carol, 15, and James and Howard, 12-year-old twins, live at 3208 Twenty-first. (Staff Photo).

California University Decides On Loyalty Oath For Teachers

BERKELEY, Calif., June 13. (AP)—The University of California has decided to require faculty members to take a loyalty oath.

The state's Tenney committee on un-American activities had proposed to the legislature that a stronger oath be required of employes of the university, third largest in the nation.

But a spokesman for the university's board of regents said the step was taken without any regard for the Tenney committee's proposal.

"Senator (Jack) Tenney (committee chairman) had nothing to do with it" Edward H. Heller, San Francisco financier and a regent, said.

No Disagreement

"There was no disagreement among the board. The wording was drafted with little discussion and passed unanimously. I believe this was about three months ago," Heller added.

Tenney himself said the committee now would drop its legislative proposal but he said he would have preferred a stronger oath.

The oath the regents decided on is to be taken in addition to the customary oath of allegiance to federal and state constitutions. It says:

"I do not believe in and am not a member of, nor do I support any party or organization that believes in, advocates or teaches the overthrow of the United States government by force or by any illegal, unconstitutional methods."

Dr. Gordon Sproul, university president, disclaimed any knowledge of the oath until he read about it in the newspapers. He said he hadn't heard of any reaction.

Dr. George A. Pettit, assistant to the president, said he didn't believe any teacher would refuse to take the oath.

But at least one faculty member said he "rather imagines there will be opposition."

Faculty members will discuss the oath with Dr. Sproul Tuesday afternoon.

American Companies To Furnish Less Than Half Of European Oil In Next 12 Months

WASHINGTON, June 13. (U.P.)—American companies will furnish less than half of the 1,000,000 barrels of oil and products that the Marshall Plan nations will need to import each day in the next 12 months, recovery sources estimate.

In a study of western Europe's needs for petroleum and petroleum equipment during the fiscal year starting July 1, the Economic Cooperation Administration said:

1. ERP countries will require 52,700,000 metric tons of crude oil and refined products, or the equivalent of slightly more than 1,000,000 barrels daily.

436,000 Barrels From U. S.

2. American companies are expected to help fill this need by providing about 21,800,000 tons—the equivalent of 436,000 barrels per day.

3. The Organization for European Economic Cooperation — ECA's recovery counterpart in Paris—estimates Europe's import requirements even higher—at 54,000,000 metric tons for 1950. Of this, the dollar areas would provide 23,150,000 tons.

4. OEEC estimates that in fiscal 1950, the ERP nations will require $592,000,000 worth of new petroleum equipment, of which the United States would provide about $21,190,000 worth. But ECA believes these projects are beyond expected consumption, and the programs probably will be revised.

"According to the data shown in this report," ECA said, ". . . all the oil essential for the recovery of Europe in fiscal 1950 can be supplied without any undue burden on the domestic economy of the United States.

Europe Is Coal Economy

"However, in this connection it is pointed out that Europe is and will continue to be essentially a coal economy; even by fiscal 1953, oil will supply only about one-ninth as much energy per capita in Europe as it does in the United States."

The report noted that the United Kingdom, France, and Italy are expected to account for 65 percent of the total estimated consumption in 1949-50, about the same percentage as they consumed before the war.

Pointing up Europe's plans to increase refining capacity by 56,000,000 tons in 1953 over the present time, and to increase crude oil production some 39,000,000 tons during the same period, ECA said that it and OEEC would recommend revisions.

"Increases of such magnitude in refining capacity and crude oil production seem to be out of line with expected increases in consumption during the same period," the report said.

Georgia Lynch Justice Sought

IRWINTON, Ga., June 13. (AP)—Georgia sets out tomorrow on a stern test of its justice—an effort to solve the lynching of a negro.

The state has seen 25 negro lynchings since 1930. It hasn't returned a conviction in any of them.

Nine southern states have had 116 lynchings in the last two decades. They have produced only four convictions.

For the nation as a whole, the record since 1900 shows 1,976 lynchings and only 83 convictions. Most of the lynchings and 68 of the convictions were in the south.

Widow Brings Charges

Georgia's record of negro lynch violence since 1900 shows only three convictions—one in 1930, one in 1922 and one in 1924. The figures were compiled from records of the Tuskegee Institute and the Southern Regional council.

With this record as a backdrop, a special Wilkinson county grand jury convenes Tuesday to investigate the lynch-murder of Caleb Hill, jr. The 28-year-old negro was abducted from the county jail May 30 and shot to death.

The negro's widow has sworn out murder warrants against two white men—Dennis Lamar Purvis, 37, cafe operator and well-to-do business man; and Malcolm Vivian Pierce, 27, electrician. Both are from nearby McIntyre in this strongly rural county in central Georgia.

Sure Of Evidence

Lt. M. H. Spurlin of the Georgia bureau of investigation will report to the grand jury on an intensive investigation of the incident. The FBI and Sheriff George Hatcher also have worked on the case.

The grand jury has 23 members, all white men. They include a preacher, doctor, business men—but most of them are farmers.

The negro was arrested by Sheriff Hatcher after a scrap in a cafe. Hatcher lodged the negro in jail—which also is his home—and then left to recover his gun, lost in the melee.

Another negro prisoner said two white men took Hill from his cell. Hatcher said they apparently picked up his keys, which he left on his kitchen table.

Spurlin said today he is "sure" he has enough evidence to obtain some indictments.

Oklahoman's Storm Cellar Not Private

FREDERICK, Okla., June 13. (AP)—When the tornado warning siren began wailing, Dan Largin sleepily crawled from his bed, discarded his pajamas and groped for his clothing before making a dash for the storm cellar.

The lights went out so he felt his way to the cellar. Safely inside, he found he wore only a pair of shoes.

"Oh, well, no one here but the family, and no lights in the cellar," he thought.

As he settled down, in rushed some neighbors—with a light.

Stork Overtakes Twin-Engine Plane To Leave Little "C-47" For Prize Cargo

LONG BEACH, Calif., June 13. (AP)—Attendants at the Naval hospital here call the one-day-old boy "C-47." And not without good reason.

The son of Sgt. and Mrs. Barney Fisch was born yesterday in a C-47 cargo plane 6,000 feet above nearby Los Angeles.

A strange aircraft was sighted yesterday over Muroc air base, where Fisch is stationed. The control tower finally identified it as a stork, headed for the Fisch home.

The Air Force supplied the C-47 to try and beat the bird to the hospital here. Aboard the plane was a nurse, Lt. Mary R. Foster

The stork overtook the two-motor C-47 and the mother and new arrival, unnamed except for "C-47" arrived here safe and sound.

The Fisch's have three other youngsters, James Barney, seven, Mary Anne, five, and Carol Moureen, two. None of this trio had the distinction of being born aloft.

"I've made lots of flights," Mrs. Fisch said, "but never one like this."

Murray Declares AT & T Most Vicious Monopoly In America

CHICAGO, June 13. (AP)—CIO President Philip Murray said last night that the American Telephone and Telegraph company is attempting to break the 'phone workers union and that "they (the AT&T) may go to hell with my compliments."

He made the statements in an address to the organization committee of the CIO telehpone workers at their convention banquet.

Murray called the AT&T "the most vicious monopoly in America," and added:

"I don't often run amok, but I'd take on AT&T tomorrow. Walter S. Gifford, chairman of the board of directors of AT&T, is made of the same clay as any telephone worker or any other citizen of the United States."

Contracts Dishonored

Murray said the company is treating contracts "which I consider sacred, as scraps of paper," but that it "will discover to its complete amazement that it is not big enough to get away with this."

He pledged the TWOC, the CIO's support "with all the resources at its command."

The company, he said, has filed decertification petitions with the National Labor Relations board on the grounds that the Communication Workers of America, formerly an independent union, has changed affiliation. The CWA received a CIO charter May 9.

There's Dried Fish In Dry River Woods

CHICAGO, June 13. (AP)—A Soo Line passenger train was rumbling past the fire station in suburban River Forest. Passengers glancing idly out of the windows suddenly pressed their noses against the panes.

They saw six firemen in a boat. Two were rowing. The others were fishing—in the dry, dusty grass near the tracks.

The train rolled on. The firemen picked up the skiff and went back to the station to plan another act for another day.

RHEUMATISM YIELDS TO SPECIALIZED SYSTEM OF TREATMENT

Excelsior Springs, Mo., June 13. So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

For those who suffer with aches, pains, stiff or sore joints, nervousness, over acidity, systemic toxemia, colitis, or other rheumatic symptoms, this book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble.

The Ball Clinic, Excelsior Springs, Missouri, has perfected a specialized system of treatment for rheumatism and arthritis, combined with the world famous mineral waters and baths. This system of treatment, which has proven successful for over thirty years, is fully described in a book that tells how it may be possible for you to find freedom from rheumatism.

Write today for this instructive book—"RHEUMATISM." You incur no obligation, and it may be the means of saving you years of untold misery. Address your letter to The Ball Clinic, Dept. 2311, Excelsior Springs, Missouri — but be sure to write today.

(By The Associated Press)

Albuquerque's Dukes still held the West Texas-New Mexico League lead today in spite of losing nine of their last 11 games.

The Dukes still led the second place Abilene Blue Sox a full game. The reason: Abilene's been losing them too.

Yesterday Albuquerque dropped the first game to Borger's third place Gassers, 13-6, and then came back to win the nightcap 10-3.

Lubbock Licks Abilene

The Lamesa Loboes defeated Pampa's Oilers 2-0 and 2-1 in another doubleheader. Lubbock defeated Abilene 7-1, and a third doubleheader saw Clovis and Amarillo split. Amarillo won the first 6-2, Clovis the second 10-9.

At Borger, the Gassers worked up a seven-run second inning to take the curtain-raiser. A nine-run fourth inning won the second for Albuquerque. Lefthander Don Ferrarese held Borger to three hits in the second game. It was his fourth win.

Lubbock won a 7-1 victory over Abilene. Bill Myers hurled a four-hitter which would have been a shutout but for a two-base error in center field.

Davis Leads Attack

Nelson Davis led the 11-hit Lubbock attack with a double and two singles in four trips.

Timely hitting won the twin bill for Lamesa over Pampa. Manager Jay Haney doubled home Eddie Melillo and D. C. Miller in the seventh to win the opener. Frank Calo singled in the ninth to score Melillo for the edge in the nightcap.

At Amarillo, six Clovis errors gave the Gold Sox the opener with six unearned runs.

Pinch Hitter Jess Rogerson cracked a two-run homer in the seventh to give the Pioneers the nightcap. Doug Lewis of Amarillo hit two doubles and a home run in four trips.

The same teams play again tonight.

Rutherford Winner Of Junk Car Race

Doyle Rutherford won the 25-lap main event for the third time in five weeks Sunday at the weekly junk car races at Buffalo lakes.

Of 16 cars in the main event, only three finished. Trailing Rutherford, who drove an old model Tetraplane, were J. B. Williams and Bill Smith, both driving Fords.

A crowd of approximately 1,000 witnessed the races, promoted by Jim Clark.

Two drivers, Hood Abercrombie and Bill Smith, overturned their vehicles, but escaped serious injury.

Other results include:

First heat race (10 laps) — Bo Sessum, first; Tom Cox, second. Time: 4 minutes 22 seconds.

Second heat race (10 laps)—J. W. Martin, first; Dub Poston, second. Time: 4 minutes 8 seconds.

Special matched race (5 laps)—Sessum, first; Cox, second. Time: 2 minutes 6 seconds.

Consolation race—Doyle Rutherford, first; J. B. Williams, second; and D. C. Brannon, third.

Texarkana Still Tops In Big State League

(By The Associated Press)

The Texarkana Bears still hold a half-game lead in Big State league standings today.

Texarkana defeated the Greenville Majors, 2-1. Second-place Austin won the opener of a double-header from Gainesville, 1-0. A win in the second game would have given the Pioneers a tie for top honors. With Austin leading, 3-0, the nightcap was called because of rain.

Third-place Wichita Falls trounced Temple, 13-5, and Sherman-Denison swept a twin bill from Waco, 8-1 and 12-3.

Texarkana defeated Greenville behind the seven-hit hurling of Jodie Phipps. Home runs by George Archie and Milan Vucelich gave the Bears the edge.

Austin's hurlers in the opener, Walt Stenborg and Alex Burkhart, fashioned a two-hit, shut-out to down Gainesville.

Wichita Falls' Al McCarty hit two home runs and manager Jack Bradsher smashed a third to lead a 17-hit assault on Temple.

Athlete Gets Some Service At Clovis

CLOVIS, June 13. (AP) — Clovis, New Mexico, probably means a little more today to Glenn Dobbs, former All-American football player at Tulsa university and more recently a member of the Los Angeles Dons professional grid team, but he probably will remember Fort Sumner, N. M. longer.

Clovis will be remembered for "service" with a capital S.

Friday afternoon, on a return trip to his home in La Canada, Calif., from a business trip to Oklahoma, Dobbs and his young son passed through Clovis. Close to Fort Sumner, about 55 miles west of here, the steering apparatus on Dobbs car went on the blink, and his machine ended up against a bank after cutting back and forth across the highway a couple of times.

Dobbs got his car towed to Fort Sumner and then called Charles Stanfield, editor of the Clovis News-Journal, for help.

"Everytime an athlete gets into trouble," Dobbs said, "He calls on a sports writer of a paper to help him out." Stanfield also writes sports for the News-Journal.

Stanfield called a local garage late Friday night and had the necessary parts dispatched by bus to Fort Sumner.

Saturday morning, Dobbs' car was repaired and headed west for California.

Marshall Gains Fast On Division Leaders

(By The Associated Press)

The league-leading Marshall Browns have gained ground on all three other first division clubs in the East Texas league baseball race.

Marshall downed the Bryan Bombers yesterday, 6-4. Second-place Longview and fourth-place Kilgore were rained out at Kilgore.

Henderson edged third-place Gladewater, 10-9, permitting Marshall to edge up a full game on the Bears.

Seventh-place Tyler squeezed by the Paris Panthers, 5-4.

Marshall tallied three runs in the seventh frame to defeat Bryan.

Four Gladewater errors in a row in the ninth allowed Henderson to push across Les Taylor with the winning run.

Tyler counted three times in the eighth frame to beat Paris.

Dan Ferris has served as secretary-treasurer of the Amateur Athletic Union since 1927.

First Rounds Set Thursday

More than 130 women from all over West Texas are converging on Lubbock today to await the signal for the opening of the 12th Annual Women's West Texas Golf association's tournament tomorrow.

While qualifying rounds won't start until Wednesday morning, a mixed foursome tournament will be held at the Lubbock Country club, site of the tourney, tomorrow.

More Men Are Needed

Herb Schroeder, Country club pro, said yesterday that more men were needed for the mixed foursome play. Upwards of 50 to 75 men are wanted and only 18 had signed up through Saturday. If any man is interested, they are advised to call Schroeder.

Warm-up play will be allowed today and tomorrow, with qualifying rounds starting at 9:30 a. m. Wednesday, except for the 18-hole and nine-hole high and low handicap flights, an innovation this year.

Thursday will see the start of the tournament, with first round matches starting at 9 a. m. Second round matches will follow on Friday, semi-final play will take place Saturday and finals will be held on Sunday.

Prizes To Be Awarded

Prizes and trophies will be awarded Sunday at 5 p. m. at the Country club, followed by a buffet supper.

Mrs. Sam O'Neal of Odessa, defending WWTGA champion, will be here to defend her laurels and is expected to furnish the top attraction on the links.

But Mrs. O'Neal will have her share of competition from other points. Mrs. J. W. "Betsy" Ross of El Paso will be one of the leading contenders, while Mrs. Frank Goldthwaite of Fort Worth, first WWTGA champion, will be here to threaten.

Mrs. E. A. Dietz of Fort Worth, Mrs. Hezzie Carson and Mrs. J. H. Lockaby of San Angelo, Mrs. Gene Mitchell of Plainview, Mrs. E. B. Herriage, president of the South Plains Women's Golf association, and many others also will challenge the present title holder.

Local Women Enter

Among the local golfers, Mrs. C. M. Hitchcock, Mrs. Oscar Taylor, Mrs. Tom Gilbert, Mrs. H. C. Simms, Mrs. D. P. Trammel and Mrs. Bill Bell, all of the Meadowbrook Publinx Golf club, will be among the top favorites.

From the Country club there will be such outstanding links women as Mrs. George Soash, club women's champion, Mrs. John Markham, Mrs. Tom L. Sampson, Mrs. T. E. Patterson and Mrs. Fenner Tubbs.

Many social events are planned in connection with the tournament and there will be activity every day from Tuesday through Sunday. Parties include the annual dinner Friday night, a cocktail party, a Calcutta Pool, a dance, buffet suppers and breakfasts.

Mrs. Howard Edminston of Brownwood, president of the association, will preside at the Friday night dinner.

Arrangements for the week's program are headed by Mrs. Tubbs, Mrs. Patterson, Mrs. W. F. Eisenberg, Mrs. C. L. Dean, Mrs. Guy McAfee and Mrs. O. D. McCoy.

Dodgers Rout Reds 20-7 And Stretch Win Streak To Seven

By RALPH RODEN
Associated Press Sports Writer

Brooklyn's new found home run power played havoc with Cincinnati over the weekend. The league-leaders socked two homers in a 10-5 win Friday night, belted three more in a 11-3 victory Saturday and yesterday exploded four in a pulverizing 20-7 rout that stretched their unbeaten streak to seven games. The 20 runs were the most scored in one game by a major league team this season.

Both the second place St. Louis Cardinals and the third place Boston Braves fell two games back of the Dodgers as they split double-headers.

The Cards divided with the Philadelphia Phillies, winning the opener 7-3 and dropping the nightcap, 8-3. The Braves split with the Chicago Cubs, copping the second game, 2-0 after losing the first, 6-2.

Ralph Kiner smashed his 14th home run of the season to give the Pittsburgh Pirates a 6-5 nod over the New York Giants.

The world champion Cleveland Indians won a twin bill from the New York Yankees, 6-0 and 3-1. The defeats cut the Yanks' edge over the runner-up Detroit Tigers to three games. The Tigers swept a bragain bill from the Washington Senators, 9-0 and 6-5.

Boston's Red Sox pulled into a fourth place tie with the Nats, a half game back of the third place Philadelphia Athletics by downing the Chicago White Sox twice, 15-3 and 7-5.

Philadelphia split with the last place St. Louis Brown, taking the second game, 13-10 after losing the first, 6-4.

Black Hubbers Win From Dallas Club

Lubbock's Black Hubbers will go after their second straight victory over the Dallas Red Sox at 8:15 o'clock tonight at Sam Rosenthal field.

The Black Hubbers downed the Dallasites, 9-5, Sunday afternoon in the opener of the two-game series. Some 500 fans attended the game.

Second Baseman Fred Wright paced the Lubbock hitting with a home run, double and single, while Hood and Childress shared pitching duties. Childress was credited with the victory.

The victory was the seventh of the season for the Black Hubbers, who have dropped one decision.

Hutchinson and Johns are scheduled to see mound duty for the local team tonight in the finale with Dallas.

Roswell Rockets Take Ballinger Cats 12-11

(By The Associated Press)

The Roswell Rockets have moved into fifth place in the Longhorn baseball league and are now only a game and a half out of the first division.

Roswell defeated the Ballinger Cats yesterday, 12-11 to climb over the Odessa Oilers into the fifth slot.

Odessa was trounced by league-leading Big Spring 9-1. San Angelo defeated second-place Vernon, 5-3, dropping the losers six and a half games behind Big Spring.

Third-place Midland and seventh-place Sweetwater divided a twin bill. Midland won the opener, 10-2, while Sweetwater copped the nightcap, 12-10 in the first extra inning.

Season's First Game Set Here Sept. 10

ACC Alumni Plan Attendance At Grid Tilt With Raiders

Abilene Christian college alumni meeting at Mackenzie state park Sunday afternoon, began plans to promote attendance of a large body of ACC partisans at the Wildcat-Texas Tech football game that will open the college grid season here the evening of Sept 10.

The Lubbock-South Plains ACC alumni club will hold a picnic at Mackenzie park in August and another business meeting before the football game date, J. C. Rigney, president, announced.

Earl Kerr, club secretary, was named general chairman of arrangements for the pre-game gathering of ex-students and students of the Abilene school.

Before Semester Opening

The football game will be played before opening of the fall semester at ACC. Special efforts will be made to enable those who will enroll there a few days later to join the Wildcat rooting section at Jones stadium.

Wendell Bedichek, ACC public relations director and Alumni association executive secretary, attended yesterday's meeting. He will work with the local club in execution of reunion plans.

Lennon Hill and Howard Garner are vice-presidents of the Lubbock South Plains group.

Bedichek said the "population of ACC exes in Lubbock and vicinity is perhaps more dense than in any area outside of Abilene." He predicted several hundred alumni would come here for the extra-early football game.

Kilgore Man Takes Lufkin Golf Meet

LUFKIN, June 13. (AP)—Raleigh Selby of Kilgore proved his medalist honors in the annual Lufkin Country club invitation tournament were earned when he defeated C. M. Beckett of Marshall 5 and 4 for the championship.

Selby had advanced into the finals with a 4 and 3 morning win over Jack Menefee of Lufkin while Beckett won from Cliff Matthews of Henderson, former Lufkin winner 1 up.

Three weeks ago Selby was medalist also in the Nacogdoches Country club tournament but dropped the finals match to Gerald Joyce of Palestine. Sunday he toured the west Lufkin course in intermittent showers in near par golf to win the title.

Hitters Again Strutting Stuff

By HORACE BOREN
Associated Press Staff Writer

The home run hitters are strutting their stuff again after taking a back seat to the pitchers for a spell in the Texas league race.

Circuit smashes featured the major battle yesterday as first-place Dallas split a double-header with Beaumont and runner-up Shreveport licked Fort Worth.

Beaumont copped the opener, 7-3, while the Eagles took the nightcap, 8-5, in an extra-innings. Shreveport gained a half game on Dallas by beating Fort Worth, 5-4, in 12 frames. Dallas now is two and a half games to the good.

Houston won its fourth straight in downing Oklahoma City 6-4 but Tulsa's game at San Antonio was postponed because of rain.

Four home runs spiced the Dallas-Beaumont double-header. Buck Frierson homered for Dallas in the opener, but Beaumont iced the game with a four-run splurge in the fourth frame.

Beaumont's Keith Thomas and Bill White homered in the second game, as did Jerry Witte of Dallas.

Dallas, counted three unearned runs on three Beaumont errors in the first extra frame to gain the decision.

Shreveport edged third-place Fort Worth on Vern Petty's home run in the twelfth.

Houston defeated Oklahoma City on Solly Heumus' two-run single in the sixth.

BEARS SIGN HORTON

CHICAGO, June 13. (INS)—The Chicago Bears of the National Football league announced today the signing of Orman B. Horton, speedy University of Texas halfback. Horton's signing brings to 14 the number of new players on the Bear roster. Bear President George Halas said he has lined up nine new backfield men and five rookie linemen for the coming season.

French Takes Golf Match From Cherry

BROWNWOOD, June 13 (AP)—Bobby French of Odessa shot seven-under-par golf for 31 holes Sunday to beat his fellow-townsman, Don Cherry, 6 and 5 for the West Texas golf championship.

French, 22-year-old vice-president and secretary of the French Tool and Supply company of Odessa, turned the first 18 holes two up with a three-under-par performance and in the afternoon was four under for 13. He closed out the match with a brilliant succession of birdies.

It was his first tournament championship except last year when he teamed with Red Roden of Odessa to take the West Texas best ball. He started playing golf seriously only two years ago.

Billy Maxwell of Abilene won the consolation championship, beating Jack Williams of Plainview 1 up. He shot a five-under-par 67.

Between The Lines by Joe Kelly

We don't care if the Hubbers lose tonight. Don't be shocked. We'd like to see them win the third and final game from Abilene, but we won't be disappointed too deeply if they don't. They've already won two games in the Blue Sox's own park and that's better than par. In fact, they've taken two out of three from Lamesa and two straight from Abilene. That's good work and that kind of a percentage will take them places. In fact, the Hubbers have won eight of their last 10 games, which period starts from the defeat on May 31 through yesterday afternoon's game. In other words, the Hubbers have played 10 games so far in June and have won eight.

• • •

Saturday night was another one of those nights in the West Texas-New Mexico League, almost an exact duplicate of the preceding week. Lubbock's victory over Abilene was its first of the year. Clovis beat Amarillo for the first time this year. And Borger stopped Albuquerque for the first time. Only thing that went wrong with the script was the Lamesa-Pampa game and those two clubs already had beaten each other.

• • •

Looking over the records for the year, the only club the Hubbers haven't beaten is Amarillo and the locals get four shots at them this coming week. Yes, Amarillo's Gold Sox will be here Tuesday, Wednesday and Thursday and on one of those nights there will be a doubleheader. Amarillo, top club in team batting, has beaten every club at least once, as has Abilene, Albuquerque, Borger, Clovis and Lamesa. Pampa has yet to beat Albuquerque, while losing to the Dukes six times. In top lickings at the expense of one club, Lubbock has beaten Pampa seven times in eight tries, but Albuquerque has beaten Lubbock seven times in 10 starts. Abilene has beaten Lamesa seven times in 10.

• • •

It's a long slow climb up the ladder for the Hubbers, who were down for so long, but it looks as though they were ready to take their place in the thick of the fight. And if we were to try and put the finger on any one individual as being responsible, we couldn't help but single out Chris Haskins. Chris joined the club, or made his first appearance in the lineup, on May 10. Since that time he has won seven of the eight games he has pitched and the one he lost wasn't his fault. His big right arm also has been handy at first base and in the outfield, to say nothing of relief work.

• • •

It might not be fair to the rest of the club to single Haskins out, but there's no getting around those seven victories. They've been an awful shot in the arm to the faltering Hubbers. He's as steady as the Rock of Gibralter and you know you're going to get a good pitching job from him. And we wouldn't be surprised if maybe Chris's example hadn't been good for the other hurlers. John Myers has come out of it with a rush. He's pitched two four-hit games in a row now and is looking better. Ray Reichelt has won three without defeat. Now it's time for Cotton Russell, Don Hensiek and Bill Grafton to settle down and get the winning habit—consistently.

• • •

Taken as a whole, this year's race is much better than it was last year. It's remarkable to realize that only five full games separate Lamesa in sixth place from Albuquerque in first place. And even Clovis and Pampa have an outside chance of getting into the thick of things. It shapes up as a dog eat dog race down to the wire right now, the type of league action that draws the customers through the gates. There isn't a soft touch left in the league. Pampa and Clovis, although in seventh and eight places, can be as tough as any team on any given night. You can't afford to relax, as a manager and let a middling fair hurler start with any assurance that you're going to be able to out hit and out score the opposition. It's a good league now and a top notch race. You won't find a better one.

• • •

Congratulations are in order for the Lubbock High school baseball team and to Bobby Brown and Charles Galey in particular. The Westerners, according to Earl Scudday, played over their heads against Austin to turn in one of the best games of the entire state baseball tournament. And Brown easily was the outstanding shortstop. Recognition of that was given him by selection to the first all-state team, while missing it by only one vote of unanimity. Galey wasn't far behind with selection to the second team. The Westerner's weren't given much chance by those in the know, but they came within aces of upsetting the plush-lined Austin High school team. Congratulations Fred Taylor and company on a good job.

Snead's Putter No Super-Club

CHICAGO, June 13. (AP) — If Sam Snead's putter could talk he would be in for a bawling out. He played a dirty trick on it.

The magic wand that brought him the master's and PGA golf crowns this season cost him a chance for the national open title Saturday. Boyish Cary Middlecoff, a pro less than three years, won with a two over par 286.

Clayton Heafner and Snead shared second with 287. Jim Turnesa and Bobby Locke split fourth place with 289's.

Asked Too Much

It could have been all Snead's. But he asked too much of his putter. Needing to par the last three holes to tie Middlecoff, and only a birdie on one of them to win, Snead chose to use his putter two feet off the edge of the 192-yard 17th green in a gamble for a birdie.

Instead of chipping, which would have seemed logical, he went for the hole 25 feet away on the roll through the light fringe and onto the green. The "putt" went seven feet past the cup. He couldn't get back and took a four. That was his undoing.

To capture golf's most cherished championship, the gangling 28-year-old Middlecoff from Memphis had a see-saw four rounds of 75-67-69-75.

Pennant Hopes Are Soaring In Detroit

By JACK CUDDY
United Press Sports Writer

DETROIT, June 13—When the lanky blond batsman with "14" on his white uniform ambles up to the plate at Briggs stadium, the Detroit fans begin a strange, loud chant that sounds as if all the Owls in the world were objecting to his presence.

"Hoot! Hoot! Hoot! Hoot!" booms the owl-cadence across the neat green playing field as fans implore Walter A. Evers to wallop another one.

He's The Key Man

Left-fielder Evers, the kid they call "Hoot" has been the key man in the Tigers' recent surge from sixth place to second in the American league standings.

When the club returned late last month from a bad eastern tour, it had lost six straight games; and Evers' batting average had faded to .218. Since then he has been hitting at a clip of about .380 and the Tigers won 14 of 18 games.

As the Bengals started east again today, having completed one-third of their season, they were only three games behind the leading but faltering Yankees.

Neither the Detroit fans nor General Manager Billy Evans of the Tigers are talking pennant yet; but their eyes glow every time they see a flag wave or a hair ribbon flutter. They're on the verge; but they're cautious because the club finished fifth last season.

Just Back In Stride

After yesterday's two victories over Washington, a reporter visited Evers in the dressing room and asked the lanky but robust blond: "How come you're on such a hitting binge?"

The tall left fielder—who had whammed a two-run homer and secured two walks in the opener and hit "two for three" in the nightcap—casually continued undressing before his locker as he replied.

"I was in a terrible slump until a couple weeks ago," he said. "I'm not on any hitting binge; I'm just getting back into my stride. Remember I hit well last year."

In '48 he led the club with .314 and 101 runs batted in.

Hoot, who packs 179 pounds on a well-proportioned six-foot-two-inch frame, explained he had merely snapped out of his slump. During the slump, he had been too eager to hit the ball.

Takes Good Look

"Now I'm forcing myself to wait and take a good look at each pitch before I swing," he said. "I'm a natural last-second hitter. When I'm too eager, I'm no good."

It was easy to understand why the former basketball, baseball and track star at the University of Illinois could be too eager with the Tigers of 1949. Under the new managership of Red Rolfe, the club has a sparkle and hustle that was lacking last year. Also, the new coaches—peppery Dick Bartell and pitching expert Ted Lyons—have enlivened the outfit.

Good Hitters Are 'Naturals'

By HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, June 13.—Theoretically, a man who manages a major league baseball club should be able to teach his athletes to play ball . . . But when it comes to hitting, it can't be done, says the Cardinals' Eddie Dyer . . . "People often ask me 'why don't you teach so-and-so to hit?'" Eddie explained the other day. "But I can show a fellow how to swing exactly like Stan Musial, how to keep his shoulders level and not to overstride and all the rest and still he can't hit. It's a matter of coordination of mind and muscle." . . . Another of Dyer's theories is that a major leaguer should hit for extra bases on 30 per cent of his blows. And for one example he picks Marty Rackley, the "sore-arm" returnee to the Dodgers. "It doesn't matter much whether he has a good arm or not," Eddie expounded. "The point is that he can hit .300 but never could become a regular. You can stand a man who can't throw a lick if he can hit enough into the stands for you."

Stroke And Distance

When venerable Bobby Cruickshank came in with the leaders on the first day of the open golf championship this year, some of the old-timers recalled a shot Bobby made in the 1934 open . . . It was on the eleventh hole at Merion that Cruickshank smacked a shot into the creek in front of the green . . . His ball hit a rock, bounded out and came to rest on the green . . . Bobby tossed his club high in the air, tipped his cap and breather a not-too-silent prayer of thanks . . . Just then the club came down and smacked him right on the head.

Monday Matinee

If the Marcel Cerdan-Jake Lamotta fight this week and the Ezzard Charles-Jersey Joe Walcott affair next week draw as big crowds as predicted, this dept. will be convinced that fight fans are like some drinkers, who maintain there's no bad whisky—just some that's better (or worse) than the rest . . . Before taking off for the National Open, Clayton Heafner and Johnny Palmer competed in the Charlotte News hole-in-one tournament at Heafner's home course. Both were also-rans as Lonnie Cain, a warehouse foreman, hacked one less than a foot from the pin . . . Michigan's Twin Valley high school league baseball race was even closer than the National league affair. Six of the eight teams finished in a first-place tie.

Lubbock Men Qualify In Golf Tournament

Qualifying rounds were chalked up Saturday and Sunday by Lubbock men for the Meadowbrook Pub-Linx Second Annual Mayors Cup scheduled this week.

First matches are to be played before Thursday, June 16, with the second round contest before Sunday. The championship match is scheduled Sunday.

Wade Eller was medalist among the qualifiers with a 70.

Match pairings follow:

Champion flight:

Wade Eller, 70 vs. Carl Nail, 75; Jack Trammel, 74, vs. Pete Felton, 76; Dave Lawson, 72, vs. A. B. Holton, 75; Manse Allen, 74, vs. Bill Holland, 78.

First flight:

Frosty Bishop, 79, vs. C. W. Mance, 81; J. F. Nicholson, 81, vs. A. R. Alldredge, 84; Truman Hutson, 80, vs. Dexter Walthall, 84; Jeff Jeffreys, 81, vs. J. C. Crawford, 84.

Second Flight:

Dean Cole, 86, vs. Dick Stalcup, 89; M. D. Thomas, 88 vs. R. H. Canaday, 89; Lon Felton, 87, vs Sled Allen, 89; Oscar Taylor, 88, vs. Curtis Mitchell, 91.

Third Flight

Don Nichols, 91, vs. L. W. Sharpe, 93; J. W. Parrish, 106, bye.

Heroes Of Baseball Are Commemorated

COOPERTOWN, N. Y., June 13 (AP)—Five plaques were to be put in place today at the National Baseball Hall of Fame commemorating two heroes of olden days and three modern greats.

Honored were Mordecai Peter Brown and Charles A. (Kid) Nichols, pitchers from baseball's misty past, and Herbert J. Pennock, Charles L. Gehringer, and Harold J. (Pie) Traynor of more recent times.

The highest team total ever registered by a school in a Southwest Conference track and field meet was 89 3-14 by the University of Texas in 1944.

Grudge Battle Due For Women's Open

OKLAHOMA CITY, June 13. (AP)—Deep in the heart of a Texan there's a little score to settle in the Women's Open golf tournament here June 20-25.

Grudge battles are not usually "run of the mill" in women's golf but there's a natural already built up for this year's tournament at the Oklahoma City Golf and Country club.

Nursing a little hurt is Mrs. Babe Didrikson Zaharias, recognized as the best in the business.

Seeks To Even Score

In Babe's long golf career she has had the rest of the field gunning for her. It will be different this time. She will be shooting to even a score with Patty Berg, the sturdy Minneapolis professional.

It all goes back to last year's tournament at Chicago Skyerest Country club.

Patty turned on the steam in the stretch to best Babe in 37 holes after being four down with only six to play.

That was the first time the two professional playmates had met in match play. The result balanced their tally sheets in Western Open competition. Each has won three titles and has been a runner-up.

Last year's match sparkled with drama and color. The color was mostly red since Babe complained that an airplane's continual buzzing annoyed her game. She said so with stern words after Patty received the plaudits of a gallery of 2,000.

A Formidable Field

A formidable field already is lined up to do battle with the two top-ranking pros. Several players stand in the way of a replay of last year's final.

Chief challenger is British amateur champion Louise Suggs, Lithia Springs, Ga. Miss Suggs won the Western in 1946-47 but did not defend her title last year.

She is scheduled to arrive today to get an early start in practice rounds over the shapely and rugged 6,679-yard par 75 layout.

Other professional stalwarts in the field will be Betty Jameson, San Antonio, the 1941 titlist; Helen Dettweiler, Indio, Calif., a semi-finalist last year, and Bettye Mims White, the attractive Dallas shotmaker.

Move To Place Orphan Homes Under Council Is Voted Down

AUSTIN, June 13 (AP)—A dispute over a Senate amendment to bring state orphans homes under the proposed youth development council ended today in House rejection of the change.

Refusal to concur in Senate amendments was by 102-16 vote. The House demanded a conference committee.

Representatives were split on whether state orphans' homes should be under control of the newly established state eleemosynary board or the council that would handle juvenile problems as a whole

Called Unwise Move

"It would be unwise to put orphans' homes under the same management as the reformatory institutions," Rep. Jerry Stockard of Frost told the House. He said such a combination would attach a stigma to being an orphan.

Rep. Sid Gregory of Gatesville argued for the Senate version of the bill.

"All youth services should be brought together under one head," he urged. He feared that the delay caused by sending the measure to conference committee might result in the bill's failing to pass before the session ends.

Committees working on the four appropriation bills needed to run the state for the next two years had hopes of getting three of them out for House and Senate consideration in another week.

Amended Wrong Bill

The Senate sought to force the big soil conservation money bill into a conference committee. It voted 20 to 9 against a resolution that would have removed the Senate's $5,000,000 amendment from the bill as it is now before the House.

The Senate added $5,000,000 but hung the amendment on the wrong bill. As one means of getting out of the tangle that resulted, the House suggested erasing the amendment.

Senators indicated they wanted the $5,000,000 left intact, and that the conference committee route for straightening the matter out was best.

Although conference committee work moved ahead on the other big money bills, legislators still weren't talking about running through them all, working out the problem of spending and taxation immediately, and then ending the session.

Theft Reports

said it contained $35 in currency and his car title papers.

A "gas bulb," carburetor jets and spark plug wires were reported stolen from a car in 1100-block Texas Ave.

John Stalcup of 1320 Ave. O reported his bike, valued at $15, stolen. Another bike was reported stolen from C. W. Wright of four miles west of Shallowater.

Steve Samudio of 501 Ave. H informed police a pair of his trousers had been stolen from the dressing room of a cafe where he works.

Jim Etter of Brophy courts informed officials that a radio had been stolen from one of the cabins there.

A wheel on which was mounted a spare tire was removed from a pickup automobile owned by Ameen and McCreary Supply company at 611 Broadway.

The sheriff's department said Lovie Rainey, 38, a Slaton negro woman, posted $750 bond in a child desertion charge.

County court officials said Robert Oliver Brown, 21, of Lubbock was fined $75 and court costs on a plea of guilty of drunk driving.

His driver's license was suspended six months.

June 30 and if a new one has not been signed by the end of the vacation, the miners probably will not return to work.

No Contract, No Work

Their practice long has been to adhere to the policy of "no contract, no work."

The electrical workers have made know nthat their new terms are a $500-a-year "package" increase for each member. That amount, they said, would include both wage increases and social benefits. Their present wage is $1.50 an hour.

The steelworkers have four major proposals which president Philip Murray said are a general but unspecified wage raise for men averaging $1.69 an hour, "adequate pensions," "decent insurance," and improved benefits in insurance and pensions with companies which already have such programs in effect.

Daily MARKETS

Stock Market

STOCKS IN STEEP DECLINE

NEW YORK, June 13. (AP)—Heavy selling knocked the stock market toward a new two-year low.

In one of the steepest declines of the year, key issues plunged fractions to an extreme of about 7 points. Most losses were 2 points or less.

Closing prices were at the lows for the day in most cases, with numerous shares at their post-war lows.

Turnover was around 1,300,000 shares.

Today's spill represented a continuation of a downward trend that started a month ago and which has persisted almost without interruption.

Wall street quarters saw nothing startling in the news to account for the price weakness, but merely fresh accent on the gloomy thinking on the course of business which has dominated the financial district for a long time.

Key issues under fire included U. S. Steel, Bethlehem Steel, General Motors, Chrysler, Goodyear, Consolidated Natural Gas, American Smelting, Du Pont, Allied Chemical, International Paper, Santa Fe, Southern Railway, Nickel Plate, Standard Oil (NJ), Skelly Oil, Twentieth Century-Fox, Gulf Oil, and Boeing.

The market, on average, broke through its 1947 low around midday and stayed on a downward path. Toward the close of trading the general price level was just on the verge of cracking through the 1946 low established in January of that year.

Corporate bonds dropped with stocks. U. S. government issues, however, held firm in over-the-counter dealings.

Cotton Market

NEW YORK REPORT

NEW YORK, June 13. (AP)—Cotton futures were easy today on increased liquidation in nearby July futures. Commission house and New Orleans traders sold following the easiness in securities. Offerings were absorbed through scale down mill buying and short covering. A leading spot firm who has been a persistent seller of nearby July contracts was on the buying side today in a small way.

Futures closed 50 cents a bale lower to 40 cents higher than the previous close.

Grain Market

FORT WORTH REPORT

FORT WORTH, June 13. (AP)—Wheat No. 1 hard 2.08¾-2.13¾.
Oats No. 2 white 79¼-80¼.
Corn No. 2 white 1.68¼-70¼.
Sorghums No. 2 yellow milo per 100 lbs 2.35-2.45.

CHICAGO REPORT

CHICAGO, June 13. (AP)—Grains lost ground rapidly toward the close today, ending with fairly substantial losses. Early gains extending to more than a cent in wheat were wiped out under light but persistent selling. Corn and oats were weak from the start.

Demand dried up, partly because of declines in cash wheat prices and partly because of nervousness resulting from another drop in securities at New York. Rains over the week-end in the mid-west served to depress corn.

New crop wheat was being purchased on a to-arrive basis at Kansas City at prices 4 to 7 cents under last Saturday, cash dealers said. Visible supply of wheat increased 4,120,000 bushels during the past week, the board of trade reported.

Wheat closed 1¾-2¼ lower, July $1.93¾-1.94, corn was 1¼ to 2 cents lower, July $1.30¾-¼, oats were 1¼-1½ lower, July 86.

Dumas Man Held In Assault Upon Child

DUMAS, June 13. (AP)—Lonnie Lee Nugent was held in jail today, charged with raping his seven-year-old stepdaughter.

Nugent, about 32, was charged in Justice of the Peace R. E. Sims' court on a complaint filed by his wife. The charge alleged the assault took place last Monday night in a Dumas tourist court where the family lived.

Mrs. Nugent said she was in an Amarillo hospital that night with an infant child.

Amarillo doctors who examined the stepdaughter said she had been assaulted. A Dumas doctor who examined her declined to comment.

Sheriff J. A. McMurry said Nugent would be arraigned today.

Nugent, a truck driver, came to Dumas from Amarillo two months ago.

The Nugents have a two-year-old son and a four-week-old child.

Violent Death Score Hits 20

(By The Associated Press)

A score of persons met violent death, 13 in traffic accidents, over the weekend in Texas.

Five drowned, one man was killed by lightning and one was stabbed to death.

Automobile collisions Friday night killed six. Four were near Merkel and an Oklahoma couple died in a crash near Mineral Wells.

Truck Kills Girl

Nelda Dunford, 5-year-old girl, was fatally injured when struck by a truck at Alice Sunday night.

Fred Darity, 19-year-old Cedar Valley youth, was stabbed to death near Austin.

Billy Wayne Fitzgerald of Dallas drowned in Mountain Creek lake.

Cpl. Layton D. Savage of Lexington, Ohio, an 18-year-old airman from Ellington air base at Houston drowned while swimming in the San Jacinto river.

Reds Inciting

Japan.

The purpose of the Russian's letter, MacArthur said, is twofold:

1. "To incite irresponsible and unruly minority elements in Japan to violence and disorderly resistance against the duly constituted government of Japan and the lawful orders and processes thereof with a view to creating confusion, unrest and bewilderment in the ranks of the law-abiding Japanese masses."

Try To Screen Failure

2. "To screen the unconscionable failure to abide by the requirements of international law and the specific Potsdam commitments in the return of over 400,000 Japanese citizens, long held in bondage, to their homeland."

There was no reply immediately by Derevyanko to the Allied commander's statement.

MacArthur's statement came against a backdrop of mounting worry on the part of Japanese officials over domestic order. Since May 30 the government has been facing a series of Communist-instigated strikes and mob demonstrations.

Resignation Accepted

The commissioners also accepted the resignation of T. G. Rogerts as justice of peace in the Idalou community. Roberts, in his letter dated May 28, 1949, stated that he had accepted a position which prevented him from fulfilling the duties of the office and wanted to be relieved. No successpr has been named to take Roberts' place.

Upon the request of residents in the Stratton addition the commissioners accepted easements and decided to open up Forty-first street from the Tahoka highway east to the Chris Harwell school.

Request Is Approved

Mrs. J. A. Humphries, county librarian, appeared before the commissioners and explained that her card index file in the county library had become hopelessly overburdened. She stated that to relieve the situation she would have to have additional files. The files require a special lock device and contain 60 drawers. The cost of the system is $639.50. Commissioners approved the request but questioned the source of funds to pay for the cabinet.

The Fred Berryhill Equipment company submitted bills amounting to $15,778.03 to the commissioners for machinery purchased for use in the various precincts. Included were a centrifugal pump and machine parts, $495.76; an Austin-Western Motor Grader, $12,775.22, and a tractor and front end loader, $2,506.05. All the accounts were unanimously approved and the discounts taken.

All members of the court were present, County Judge Walter Davies, and commissioners R. O. Short, G. G. Green, Ottis Isom, Pat Corley and county clerk Louie Moore.

Awnings Too Low For Giant Texas Mailman

ARLINGTON, June 13. (UP)—Members of the Arlington city council searched municipal ordinances today to see what could be done to relieve the discomfort of mailman J. W. Sims.

Sims appeared before a council meeting last week to lodge a complaint on "a personal problem."

Sims, 6 foot 8 inches, complained low awnings and signs on city streets were "always getting in my way." He's always bumping his head on low-hanging awnings as he walks along sorting mail, he explained.

Woody Named Man Of Month

Glenn Woody today was named "Man of the Month for March" by the Lubbock Junior Chamber of Commerce at the weekly Jaycee luncheon in the Hilton hotel.

Woody, who soon is to retire from active Jaycee work because of the organization's 36-year age limit, was named for the honor because of his work in connection with the March appearance here of Rubinoff, nationally-known violinist.

During six years' Jaycee membership, Woody twice has been president of the local chapter.

The award was made by W. H. Evans, local attorney.

New Committee Heads

Billy Tinney, recently chosen as a state Jaycee director, announced the names of a number of new committee heads at today's luncheon. The new officers, elected by the local board of directors, include:

Aviation—Reagan Howell, chairman; Van White, vice-chairman;

Christmas activities — Jimmy Williamson, chairman; Turner Kimmell, vice-chairman;

Awards — Asher Thompson, chairman;

Extension—Ralph Krebbs, chairman; Joe Hefner, vice-chairman;

Inter-club relations - Sidney Key, chairman; Jack Wheat, vice-chairman;

Personnel and membership — Norman Igo, chairman; Irl Gannaway, vice-chairman;

Public relations and publications—Virgil Brecheen, chairman; Wayne Kelly, vice-chairman in charge of publications; Jeff Lewis, vice-chairman in charge of public relations;

Clean-up and fire prevention—Bill Larmer, chairman; Cliff Barr, vice-chairman;

Safety—J. W. Kinard, chairman; Hugh English, vice-chairman;

Sports—Jim Paxon, chairman; Ed Moore, vice-chairman;

Wild life conservation—N. A. Cox, chairman; Wright Stubbs, vice-chairman;

Youth welfare — Joe Gaylor, chairman; Bill Casstevens, vice-chairman;

Americanism and governmental affairs—Homer Wright, chairman; Ray Goodart, vice-chairman;

Public health and education—Hoyse McMurtry, chairman; Hubert Burgess, vice-chairman;

Agriculture — Thelbert Miller, chairman; L. B. Smith, vice-chairman.

Reports On Convention

George N. Atkinson, jr., reported briefly on last week's national Jaycee convention in Colorado Springs, Colo. Atkinson said that Texas' vote decided the presidential race, in which Cliff Cooper of California was elected. Melvin Evans of Texas was chosen national vice-president, receiving 41 of 49 possible unit votes, Atkinson said.

Lubbock representatives at the convention included Bob Blake, Kurt Palmer, Joe Baldridge, Matt Sullivan, J. C. Hughes and Atkinson.

Horace Gearhart, local president, explained that Lubbock's entries for national honors at the Jaycee convention were disqualified from consideration because, due to a technicality, the local chapter had not paid its national dues prior to the convention.

Ralph Krebbs, extension committee co-chairman, announced plans for a trip to Seagraves tonight for the purpose of organizing a Junior Chamber of Commerce there.

One new member, C. B. Gilliland, was introduced.

Linley Millsap presided at the luncheon, with invocation by Barney Stagner.

she fled burning Berlin.

"We knew each other for a year and then I went home," he said yesterday.

Last month Harris, after corresponding for four years, returned to Germany.

"We made our plans after I got back," he said.

The couple will be separated after the wedding. Harris returns to the United States, but his wife, royal as she is, will have to stay here and wait for an entry permit.

The princess says she is excited about the prospect of living in America.

"People tell me all sorts of stories about Texas," she said yesterday. "Many Germans think it full of cowboys and Indians and they can't imagine the princess going to live there. But from what Clyde tells me, I think I will like it."

Princess Cecilie was born Sept. 5, 1917 at the Cecilienhof palace in Potsdam. At that time her father was crown prince of Germany. After his country's defeat and the abdication of his father, Kaiser Wilhelm, in 1918, he gave up his claims to the crown of Germany and was known as Prince Wilhelm of Prussia.

The future Texan's mother was Cecilie, duchess of Mecklenburg.

She is a Lutheran and was confirmed in that faith at Potsdam in 1934.

Sgt. W. R. Gross To Attend School

Sgt. W. R. Gross, who has served on the Marine recruiting staff in Lubbock about three years, will leave this week on furlough and afterward will report to Parris Island, S. C., to attend personnel administration school.

He will receive a new assignment at close of schooling. His wife and son will remain at their home at 307 Thirty-sixth here while he is attending school.

Gross has been attending a platoon leaders class in Dallas the last four months and has returned here for a few days duty before leaving on furlough.

NON-COMS VISIT CITY—Non-commissioned officers from Barksdale field, who will be transferred here when Lubbock Air Force base is reactivated later this year, are on a three-day visit to Lubbock making a survey of housing, schools, shopping, and other facilities which the soldiers will need when they move to Lubbock. In the picture above, Don Davis, center, member of the Lubbock Chamber of Commerce committee on reactivating the base, is shown greeting M/Sgt. H. C. Smith, who heads the contingent here. At the left is Capt. Paul B. McGee, of Barksdale field, who came along with the group of 15 non-commissioned officers. Personnel of the group are: M/Sgt. Smith, Sgt. Richard H. Gilpin, T/Sgt. Albert W. Jones, 1st Sgt. James A. Moss, M/Sgt. Leo Hess, M/Sgt. Edward J. Basko, M/Sgt. Otho K. McReynolds, 1st Sgt. Reuben Yarri, S/Sgt. George C. Hobbs, M/Sgt Woodrow Matthews, T/Sgt. Alton R. Mangum, sr., M/Sgt. Woodrow S. Miller M/Sgt. Carroll H. Jones, and S/Sgt. Charles P. Ferranti. The visitors are on a bus tour of Lubbock this afternoon and will be entertained at a barbecue at Buffalo Lakes Thursday night. They were guests at a luncheon at Hotel Lubbock today noon given by the Lubbock Chamber of Commerce. Spencer A. Wells was master of ceremonies at an informal program. Wednesday a group of officers from the field will come here on a similar visit. (Staff Photo).

Business' Fear Of Intervention Big Factor In U. S. Policy

Senators's Pump-Priming Proposal In Case Of Economic Collapse Gains Little Enthusiasm

(By The Associated Press)

WASHINGTON, June 13—Even with unemployment rising, a senatorial plan to prop up prosperity with federal cash has failed to stir notable enthusiasm in the administration.

Senator Murray (D-Mont) still is circulating his proposed "economic expansion act of 1949" among fellow senators for comment and, possibly, more sponsors. He has seven co-sponsors now.

A final draft may be introduced in two weeks. However, even the sponsors see little chance it will reach a hearing this session—much less Senate action—unless business takes an unexpected nose-dive.

Over in the executive branch, a member of President Truman's official family privately sums up sentiment as follows:

(1) Things aren't nearly bad enough yet for federal pump-priming; and

(2) Broad-scale government intervention, or just the serious threat of it, might scare business into a worse decline, but

(3) It is always well to talk these ideas over, just in case.

Comment is hard to pry out of Mr. Truman's aides. This is partly because the President himself stands committed to an "anti-inflation" program. Until and unless he modifies it, his subordinates can hardly discuss cures for deflation in public.

However, officials reported that in another important economic field, the administration is revising its peacetime planning for possible future war and has decided against pressing Congress for stand-by war powers. One authority describes this revision as a "quiet de-militarization" of the National Security Resources board on White House orders.

The Murray economic expansion proposal deals with the threat of depression—not war. Its latest, still tentative, draft would give the President a variety of powers to stimulate business. He could make loans or insure private loans for expansion in a dozen basic industries; build new plants for lease to private firms; make grants to aid the states in drawing plans for $15,000,000,000 worth of building.

The government could also designate "serious unemployment areas." It could speed up federal public works in such areas, steer defense contracts into them, and lend money to transport payless families out of them.

Six West Texas Counties Ask New Reservoir At Sweetwater

AUSTIN, June 13. (AP) — Six West Texas counties asked the state board of water engineers today to end a water shortage threat in their area by letting Sweetwater build a new reservoir.

The board deferred action until after another hearing later this week at which time it will hear a group protesting the proposed 30,000 acre reservoir.

Sweetwater asked permission to build the dam on Oak Creek, a tributary of the Colorado river, in the northeast corner of Coke county. The city proposes to divert 10,000 acres feet annually for domestic, municipal and industrial uses. The project also would furnish municipal water for Robert Lee, Bronte, and Blackwell.

Would Help Others

Witnesses testified the reservoir could furnish water for Roscoe, Rotan, Roby and Trent if those communities need additional water.

Marvin Nichols, Fort Worth engineer, said his firm was employed to draw up plans for the project after Sweetwater found that Lake Sweetwater, Lake Trammel and a field of water wells could not furnish enough water for future development.

Nichols predicted that Sweetwater, estimated now at 16,000 population, would grow to 36,500 by 1980 and need 8,500,000 million gallons of water daily. The present system furnishes only 3,000,000 gallons daily.

H. S. Thorgrimsen, Sweetwater city manager, said the city had grown 60 per cent since 1940.

"We have reached the limits of our present water supply," he said.

Thorgrimsen said the Gulf Refining Co. planned to expand its plant at Sweetwater to handle most of the oil production from the Permian basin and had asked for a quota of 500,000 gallons daily.

The city manager said the city and Gulf ended 18 months of negotiations last Tuesday over the methods of financing the Oak creek project.

"We can handle a million and a half dollars of the proposed two and a half million dollar project with revenue bonds, already voted by the people," he said. "We have completed arrangement with Gulf for them to finance a million dollars of the project through demand charges of $27,000 a year, plus payments of $125,000 a year for ten years."

Also testifying in favor of the project were John Ammons, mayor of Boby; Tom Carlisle of Blackwell, Frank Kelly of Colorado City, and Olaf South of Roscoe.

At the end of the hearing E. V. Spence, board chairman, said he had been requested todelay final decision until the board hears from a group of property owners near Blackwell. Spence said he understood the property owners were afraid the proposed dam would endanger their supply of stock water.

Senator Grady Hazlewood of Amarillo, wso is representing the Blackwell property owners, said his clients "want this thing investigated so we can find out the true story."

"In the first place," said Hazlewood, "this dam might do away with the only source of stock water available to these ranchers. In the second place, there is a good deal of oil play in that area and some of the land which would be under water is now leased for oil development. It's going to cost Sweetwater a pretty penny if they start buying up oil leases. And if they start drilling oil wells in that lake it might ruin the whole water supply for these cities."

safety to keep away from the vicinity of down spouts on the exterior of the house, and metallic masses near the walls on the interior, such as radiators, stoves and safes."

The bureau doesn't believe the theory that it is unsafe to lie on a metal bed during a lightning storm.

"The fact is that these beds are safer than any other," the bureau says. "They form a metallic screen on one side of the occupant, the effect of which would be to divert the lightning if it should enter the room."

If you are caught outdoors during an electrical storm, the bureau says the safest place to be is in a cave, a depression in the ground, a deep valley or canyon, the foot of a steep or overhanging cliff, in dense woods or a grove of trees.

Police Officer Dies, Man Held For Murder

BRECKENRIDGE, June 13 (UP)—Lewis Andrews was held without bail today on a murder charge, filed with the death late Saturday of Policeman J. L. Shaw.

Shaw was shot fatally in the railroad yards Friday evening when he and constable Fritz Rudder were summoned to investigate a disturbance.

Rudder said Andrews opened fire unexpectedly as the officers approached. Shaw fell in the opening burst. Rudder returned the fire, and subdued Andrews, who was wounded slightly.

Arlington Reports Fifth Polio Case

ARLINGTON, June 13 (UP)—The fifth case of polio in less than a month was reported here today.

Ann Watson, 18, was taken to City-County hospital in Fort Worth with the disease.

Meanwhile, Arlington residents continued their campaign against polio. Specially-equipped jeeps have sprayed the entire city with DDT, and women of the town have been conducting a fund-raising drive to continue the campaign.

sidies to producers. It features lower prices for perishable foods—especially meats, dairy and poultry products—with the government paying farmers a subsidy covering the difference when those prices fell below a level deemed fair to them.

Dangers Are Cited

"Our great productive power makes possible the biggest surpluses, the most colossal waste, and the greatest economic crash the world has even seen," he said.

"If we allow depression, if we allow abundance to become a curse, we open wide the door to the foreign and native totalitarians who stand ready to proclaim the end of the great American experiment of democracy."

He said the proposed plan asks for "absolutely no new type of authority or control over agriculture." The only real controls proposed, he said, are marketing quotas.

Brannan said the second major criticism was the cost of his plan. Some have predicted ,he said, it would cost five, ten and twenty billion dollars a year.

"Nobody bothered to give any analysis to back up the guesstimates, but it is obvious that they were based on a belief in depression," he said.

Ex-Circuit Judge Is Out Of Prison

SPRINGFIELD, Mo., June 13 (UP)—Former circuit Judge Emory E. Smith of Monet, Mo., today won parole after serving slightly more than four months of a one-year sentence on his conviction of federal income tax evasion.

Smith was found guilty by a federal district court at Joplin, Mo., on one count of a six-count indictment returned at Kansas City. He was acquitted on the other five counts.

Jester Signs Election Bill

AUSTIN, June 13 (AP)—A bill to speed up official election returns was signed into law today by Gov. Beauford H. Jester.

It was House bill 925 by Rep. William R. Stump of Georgetown. The measure provides that official returns must be made and ballots delivered to county officials immediately after completion of the vote count.

It also provides for second primaries in county and precinct races. The law is effective immediately.

Other bills signed by the governor included:

H. B. 966—Cannon — amending H.B. 47, 51st legislature, which created 105th district court of Neches, Kenedy, and Kleberg counties. (H.B. 47 was found to have a faulty caption; this bill corrects it).

Water Boards Covered

S.B. 95—Hudson & Corbin—makes it optional with directors of water improvement districts to constitute themselves a board of equalization.

S.B. 261—Strauss—amends law regulating loan and brokerage companies so as to provide that corporations which had no sold securities in Texas during the particular year shall pay a fee of $25 rather than $10.

S.B. 285—Bullock—amends an appropriation act of the last legislature for firemen's pension commissioner, so as to include salaries in his office expense item.

S.B. 314—Hudson — authorizes board of regents of the University of Texas to fix terms of all surface leases on university lands; exceptions made of grazing leases, which are to be limited to 10 years, and right-of-way easements.

Corbin Bill Signed

S.B. 317 — Phillips — clarifies firemen's relief and retirement act, so as to expressly provide that persons who have 20 years or more in regularly organized fire departments shall be eligible for benefits.

S. B. 393—Corbin—adds Lubbock and seven adjacent counties to Panhandle water Conservation authority.

S. B. 399—Hardeman—authorizes board of control to use any royalty proceeds from a three-acre tract willed to the state tuberculosis sanatorium for the benefit of that institution.

S. B. 405—Kelly of Hidalgo — providing conditions under which minors over 18 in armed forces or discharged therefrom may have disabalities of minority removed.

County Auditor Affected

S. B. 423—Kelly of Hidalgo — amending an act providing for certain county auditors to act as purchasing agents.

S. B. 447—Bell—authorize cities to issue refunding bonds to refund fish market revenue bonds theretofore issued.

S. B. 467—Colson — Montgomary county fishing bill.

S. B. 478—Vick—provides for continuous terms for 77th district court in Limestone and Freestone counties.

S. B. 479—Vick—provides for continuous term for 87th district court in Anderson, Limestone, Freestone and Leon counties.

S. B. 490—Taylor—makes appropriation of $350,000 to pay contingent expenses, mileage and per diem for legislature and employees. (Immediately effective.)

Soviet Agrees

is all fleas and no dog."

That was the way Acheson told off Russian Foreign Minister Andrei Y. Vishinsky at the close of a session of the council of foreign ministers. Western officials said almost the whole session was devoted to Russian propaganda appeals to the Germans.

Go Into Secret Session

The ministers later went into a secret session which American sources said was devoted largely to discussing the future course of the conference. The conferees decided to hold the next session tomorrow.

Vishinsky had proposed Friday that each of the four powers should submit drafts of a peace treaty to the foreign ministers council within three months. The draft would provide for withdrawal of occupation forces from Germany within a year after conclusion of the treaty. The proposal was the same as those made by the Russians at conferences in Moscow and London.

The Russian declared the western powers have 400,000 troops in Germany as against 200,000 Soviet troops.

Number "Underestimated'

Acheson had said Friday the west had 240,000 men in Germany as compared with 340,000 Russians. Yesterday he told Vishinsky the west "knew" it had 50 per cent less troops than Vishinsky said and that the west "thought" Vishinsky understated the number of Russians in Germany.

Acheson told Vishinsky the public would judge by deeds, not words, which powers really want a peace treaty. He said Soviet actions in its occupation zone are not consistent with its expressed desires.

As he puts it, "We're re-discovered every 10 years."

Two films in the taking stages are a comedy western and a satire on Hamlet, "Hamlet and Three Eggs."

The video show will be a combination of "class and hoke," centering around the Ritz Hotel and a guest star. Harry will be the room clerk, Jimmy the detective, and Al the bellboy.

Ace Sleuth Hired In Colorado U. Slaying

Two Suspects Being Checked

BOULDER, Colo., June 13 (AP)—A famous detective was en route here today to track down the killer of college student Roy G. Spore, jr., who died defending his girl friend in a campus lovers lane.

Two suspects were being held. They were Charles Cooper, 34, and Paul Colbert, 28.

Cooper was picked up by Laramie, Wyo., police who said he matched description of the killer given by Doris Ann Weaver, Spore's companion in the secluded nook along Boulder creek, a tumbling mountain stream.

Second Slaying

Colbert was taken into custody as he tried to hitch a ride on the outskirts of Boulder. Miss Weaver was to view Cooper and Colbert at a show-up today.

Ace sleuth E. O. Heinrichs of Berkeley, Cal., was hired by Colorado University President Robert L. Steans in an effort to crack the slaying, the second brutal murder of a university student here in seven months.

Heinrichs, who served as Boulder's first city manager in 1918-19, is internationally famous as a modern-type Sherlock Holmes.

The campus was deserted today. More than 8,000 students hurried home for term-end vacations over the week-end. But the university still required the few remaining students to double-date when they went out to prevent the unknown killer from striking again.

Struck At Girl

The school's commencement exercises were held today amidst an atmosphere of fear and gloom.

Spore was clubbed to death Thursday evening. The killer struck first at Miss Weaver, sneaking up behind the couple to hit her several times with a length of pipe or metal rod.

Spore told Miss Weaver to run, then turned toward the "tall and blond" killer and bore the brunt of his attack although his leg was encased in a heavy plaster cast.

Miss Weaver ran for help. Spore later was found dead in the creek, his head smashed by repeated blows.

Authorities said the case bore a close resemblance to the killing last November of Theresa Foster, 18-year-old coed whose ravished and nearly-nude body was found in a nearby gulch.

A Boulder metalworker, Joe Sam Walker, 32, has been found guilty of second degree murder in connection with Miss Foster's death. He has claimed, however, that she was killed by a "blond, chubby" youth who knocked him out during the fight.

VICTIMS OF BRUTAL KILLER—Roy G. Spore, jr., 19, University of Colorado sophomore died while defending his girl friend, Doris Ann Weaver, 18, from the attack of a killer in a lovers' lane near the campus. Miss Weaver received a six-inch gash in her forehead when she was struck with an iron pipe. Spore was bludgeoned to death. See story at left.

Scurry Stake Shows Output

Hiawatha No. 1 Wilson, one-location outpost to the nearest completed oil well on the southeast side of the Diamond M field in southwest Scurry county, has shown that it will make a producer.

This venture, located 660 feet from south and west lines of section 183, block 97, H&TC survery, topped the Canyon reef at 6,785 feet, on an elevation of 2,378 feet. That made it 35 feet low to the same company's No. 1 Wilson, the closest Canyon producer, according to interested observers.

The project drilled to 6,800 feet, and in a drillstem test of the 6,785-6,800 foot section the well flowed for 30 minutes at the estimated rate of 20 barrels of pipe line oil per hour. There was no water. Gas showed at the surface in three minutes after the tool was opened.

Extension Completed

Operator is to cement 7-inch casing on bottom and test and complete through pipe perforations.

Barnsdall Oil company No. 1 A. L. Wren, one-quarter of a mile west of Sunray Oil corporation No. 1 Brown, recently completed south extension to the north Snyder field, in north-central Scurry county, topped the Canyon reef 13 feet high to the Sunray producer, and is drilling ahead.

The Barnsdall development, located six miles north of Snyder at 660 feet from north and east lines of lot 9, section 20, J. P. Smith survey block 1, picked the top of the reef to be at 6,522 feet.

Samples Look Good

Operator correlations made that point 13 feet high to the same marker in the Sunray No. 1 Brown. The outpost had reached 6,570 feet in lime and was drilling ahead. Samples were showing good indications of oil and gas.

The project will be drilled on down to approximately 6,900 feet before any testing is started.

Bert Fields of Dallas is to start operations immediately at a 7,200-foot prospector to explore into the Canyon lime of the Pennsylvanian in west-central Scurry county.

The project will be his No. 1 A. B. Eicke. It is 660 feet from north and 330 feet from east lines of section 205, block 97, H&TC survey. That makes it five miles west of

OPAL DIXON

THE QUESTION

Do you agree with the Educational policies commission that "Members of the Communist party in the United States should not be employed as teachers"?

THE ANSWERS

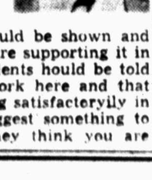

R. A. DHOSSCHE, San Antonio Tech band director and a guest director in Texas Tech summer band school: "Positively! Positively! In this country they should not be allowed to teach. I am foreign born myself and I say if people don't like this country they shouldn't stay here. I was born in Belgium. It is a good idea I am not President of the United States. I would charter a boat and send all those guys back over there. If they think it is so wonderful, why don't they go there?"

G. D. TATE, Denver City High school principal, summer student in Texas Tech: "Yes, I certainly do. My opinion has always been that we should not allow Communism to be taught or even to be suggested to our students. I think it should be discussed. Students ought to know what Communism is, but at the same time weaknesses should be pointed out."

W. W. SNODGRASS, Whiteface High school principal, summer student in Texas Tech: "Yes. The open discussion of it should not be barred. Both sides should be presented, but never with the idea of sanctioning any of the principles of Communism. Weaknesses should be shown and also how they are supporting it in Russia, but students hould be told it would not work here and that it is not working satisfacteryily in Russia. You suggest something to children and they think you are giving it to them as an idea and they will accept it."

TRAVIS W. MONTGOMERY, mathematics teacher in Post last school session, summer student in Texas Tech: "It doesn't seem like it would be in keeping with our methods and our trying to fight Communism if we did employ them. I wouldn't want to discriminate against any group but it would not be best for the children. Naturally, they absorb practically all they come in contact with. It would be an evil influence against our political system. If one wishes to study it, it would be a means by which he as a Democratic citizen could fight Communism with us."

E. W. JACKSON, Spade, superintendent: "I do agree, very naturally. I think anyone should know what the Communists believe in, because I think we should all know what we are trying NOT to do."

DR. R. E. GARLIN, 2617 Twenty-second, head professor of education and psychology at Texas Tech: "I definitely approve of such proposal made by the commission. If we start letting Communists teach, we don't know where we will be headed. What will become of our whole program of education for Democracy? We emphasize education for strengthening Democracy and I don't see where we have much claim left as champions of Democracy if we let the Communists be the teachers. I think we ought to give the students a chance to compare Democracy with Communism and the other 'isms,' but a good Democrat needs to teach it. We should be careful about accusing a teacher or anyone else of being a Communist. That is the danger. We

Suspect Says He Was Framed In Theft

Man Held In 'Cain And Abel' Hammer Death Of Brother, 15

OAKLAND, Cal., June 13 (U.P.)—A first degree murder charge was prepared today against Joseph Johansen, 21, who confessed the "Cain and Abel" slaying of his brother.

Johansen appeared to suffer no remorse as he surrendered and confessed that he bashed in the head of his sleeping brother, Edward, 15, with a sledge hammer.

He said he wanted to wipe out his entire family, except his mother, because "they framed me" for a petty theft.

Once A Mental Patient

Police said Johansen once was a state mental home patient and has a long record for petty crimes, including a penitentiary term for auto theft in New York state. He was arrested only last week and freed of suspicion on an auto theft case.

The attack occurred Friday night, Johansen said.

Edward was found unconscious in a cottage behind the family home Saturday. He died a few hours later.

Late Saturday night, Johansen called police from Lake Merritt boathouse where he spent the night.

"Have someone come and pick me up," he said, "but don't handcuff me until you get me in the car."

He said he sneaked into the cottage, using matches to light his way, and hit Edward three times with a sledge borrowed from a gas station.

"Ed just groaned," he said.

"I wanted to kill them all, except my mother. I'd have killed my stepfather, Bert, except I didn't want to bother Mom.

"They framed me. Edward broke into a locker and then blamed me for it. The family was in an uproar. I just thought I'd get even."

A psychaitrist found Johansen legally sane.

Amarilloan's Murder Trial Date Announced

AMARILLO, June 13 (U.P.)—The 47th district court will summon a 300-man venire here June 20 for the murder trial of Mrs. Peal Langston.

Mrs. Langston, Amarillo tourist court operator, was charged with murder in the fatal shooting April 16 of A. M. "Bud" Allison, 42. Mrs. Langston was being held without bail in Potter county jail.

Court Upholds Film Writers' Conviction In Contempt Case

WASHINGTON, June 13. (AP)—The U. S. Court of Appeals today upheld the contempt of Congress convictions of screen writers John Howard Lawson and Dalton Trumbo.

They were among ten Hollywood figures cited for contempt for refusing to answer questions of the House un-American activities committee during its Communism-in-the-film-capital investigation last year.

Both Lawson and Trumbo declined to reply, in answer to questions of the committee, whether they were "or had ever been a member of the Communist party, or whether or not either was a member of the Screen Writers Guild."

Sentenced, Fined

Each was sentenced to one year imprisonment and a $1,000 fine. They have been free on bond pending the appeal, which now appears certain to go to the Supreme court.

The Lawson and Trumbo cases are the only two of the so-called "unfriendly ten" which have gone to trial.

The cases of the others have been held up by an informal agreement pending outcome of the appeals.

Still awaiting trial are Ring Lardner, jr., Albert Maltz, Alvah Bessie, Samuel Ornitz, Herbert Biberman, Edward Smytryk, Robert Adrian Scott and Lester Cole.

Lawson and Trumbo declined to answer the committee's questions and based their court fight on the contention that the committee was seeking to invade their constitutional rights.

'No Novel Contention'

In rejecting their appeal, the three-man tribunal said unanimously:

"This is not a novel contention. It has been before this and other federal courts several times in recent years with appropriate variations to fit the facts of the particular case."

The appellate court decision went on:

"We hold that in view of the representations to the Congress as

DURING this summer, at least three Lubbock ministers will go overseas. They are Dr. M. Norvel Young, of the Broadway Church of Christ; Rabbi Julius Kerman, of Congregation Shaareth Israel, and the Rev. William F. Blakeslee, of St. Elizabeth's Catholic church. Doubtless all three of these gentlemen, on their return, will share their experiences and their findings with the community at large, as well as with the members of their own congregations.

It seems to us that we in the U. S. can get a great deal of good out of visits to far away places by well known and responsible people — especially those equipped, or in position, to later tell large numbers of what they saw and how they reacted to the things they saw. After all, most of us would rather hear our neighbors talk about overseas conditions than to hear so-called "experts" on the subject. We feel that our neighbors likely see and react like we, ourselves, would under the same conditions.

★ ☆ ★

The acceptance of Margaret Turner's series on what she saw recently in Europe, and her reactions to people and conditions overseas, was unusually high.

The Avalanche - Journal's Woman's editor did a good job and mail, telephone calls and private comment prove it.

It is safe to say, then, that a great many people outside, as well as inside, the congregations of the Messrs. Young, Kerman and Blakeslee will look forward to hearing their experiences when they complete their tours.

★ ★ ★

LUBBOCK WILL be missing a good opportunity for knowledge—as well as for interesting evenings—if some organization does not present Messrs. Young, Kerman and Blakeslee in public lectures upon their return to Lubbock.

After each man "reports to his neighbors," as it were, some smart radio station ought to put them together on a program in "roundtable form," with a properly equipped master of ceremonies to keep the program running smoothly.

Our own experiences, following our return from an official inspection trip throughout the Occupied Zones of Europe 18 months ago, convinces us that people want very much to know about conditions in other parts of the world.

Not to give our citizenry the opportunity of hearing the ministers after their return would be a very great mistake.

ONE OF these days before long we're going to put out for a lunch and be very happy about it.

We're going to buy this lunch for Steve Matthews, the City Manager, and it ought to be double shrimp cocktails, top sirloin steaks, hash browned potatoes and all the trimmings.

You see, this lunch we're going to buy Steve is to be a sort of celebration. It's to celebrate the setting up of Lubbock's new street lights—or, better stated, the beginning of Lubbock's emergence from the Dark Ages.

Steve tells us "it won't be long now," in the matter of the street lights in residential districts, long as dark as a derby hat in the bottom of a well at midnight.

Purchases of materials have been made and getting the lights up now, according to Mr. Matthews, "is only a matter of time."

We hope that "matter of time" won't be comparable to "just around the corner" of depression days.

★ ★ ★

Incidentally, this guy Matthews is a tremendous worker.

We make no claim to be able to judge the ability of City managers, at least until they've been on a job long enough to gauge their efforts. But if hard work makes a good City manager—and why shouldn't it?—Lubbock has one in Steve.

The guy got down here just when the work hit a new high. He's going at it as if he had nine arms, seven heads and six legs.

He's in his office almost every night. In fact his slogan is, "I leave here at 11 p. m., whether my desk is clear, or not."

★ ★ ★

MR. MATTHEWS is a guy who likes suggestions, too. Nothing would tickle him more, he says, than for the taxpaying customers to write him letters, setting down their ideas on what Lubbock needs most, and what it needs quickest, to be a better city.

"I may not agree with all the suggestions," he says. "There may be reasons—financial and otherwise—why many of them won't, or can't, work. But some of them will be good and if they're both good and practicable under the budget, we'll go to work on 'em."

Mr. Matthews, or any other City manager in Lubbock, needs more men and more money to do all the things the city needs done. That's because Lubbock is growing, growing, growing all the time. It simply takes money and men to get street lights, water and sewer expansions, new dumpgrounds, added disposal plant facilities, more paving, better police and fire protection, etc, etc., and a jolly old, etc. It is impossible to run a 1949 Lubbock on 1920 budgets and principles.

But Big Steve gives every indication of being able to do a good job in ratio to the tools he's given to do it.

At any rate, he's willing, as the boys say, to "bust a gut" trying.

Sometimes it looks like people will gamble on anything.

Some of 'em are even beginning to save money on the bare chance that someday it may be valuable again!

ALONG with a few million other people, we've been getting a whale of a kick lately over the bitter feud between Walter Winchell and Time Magazine. We are perfectly willing to believe that each is telling the truth about the other.

If there ever was a pot calling a kettle black, you have it in the Winchell-Time argument, neither of which has ever been known to let facts interfere with a good story; both of which have a much higher regard for themselves than anyone else has for them; and both of which would rather be insulting than right.

Go to it, boys! You're performing a public service!

BY DREW PEARSON: STATE DEPARTMENT HANDS ISRAELI GOVERNMENT BRUSQUE NOTE

U. S. Army Fails To Restrict Lobbying Activities

WASHINGTON. — One of the hottest notes in recent diplomatic history has just been handed the Israeli government by the State department. It threatens to revise the entire American attitude toward Palestine.

Diplomatic insiders consider the language of the note to be almost as blunt as the famed Frank B. Kellogg note of 1927 putting Mexico "on trial before the world" because of Mexican seizure of American oil lands.

PEARSON

In fact, U. S. Ambassador James G. MacDonald seemed to consider the note so brusque that when he delivered it to Foreign Minister Moshe Sharet in Tel Aviv, he looked at Sharet, half smiled, read the note aloud and cryptically remarked:

"These are the instructions of my government."

Then he left.

Last blunt paragraph of the warning reads:

"If the government of Israel continues to reject the basic principles set forth by the counsel of the United Nations and the friendly advice of the United States government for the purpose of furthering the cause of peace in Palestine, the United States government will regretfully be forced to the conclusion that a complete revision of its attitude toward Israel has become unavoidable."

• • •

Truman Personally Intervenes

One amazing feature of the peremptory diplomatic message is that President Truman takes personal responsibility. The first paragraph of the note states that the message is being sent at the request of the President of the United States.

The note deals with two main subjects:

1.) Boundaries between Israel and Arab lands;

2.) Arab refugees.

The question of boundaries is dealt with only briefly, the United States demanding that Israel compensate the Arab countries for additional lands seized by Jewish armies after the date of the United Nations decision of November 29, 1947.

The main body of the note pertains to the 600,000 to 800,000 Arab refugees who seek to return to their homes and territory now held by Israel.

These refugees fled Palestine during the Arab-Jewish war, partly because they were urged to do so by the mufti of Jerusalem, partly because they feared Jewish terrorism.

Since the war, the Israeli government has said that it would be willing to assist in taking care of these refugees provided the Arab governments assist also. However, Israeli has refused to bring them back to their former homes, first because it would automatically cut off further Jewish migration from Europe, second because the cost would be prohibitive.

At present, Jews are migrating from Europe to Israel at the rate of 25,000 to 30,000 a month. A total of about 60,000 Jewish immigrants have been placed in new camps, due to lack of housing elsewhere in Israel. And the new government faces the basic fact that it cannot have both Jewish and Arab migration. It must take one or the other.

Recently, the United States made a financial survey of the Arab refugee situation and decided it would cost an average of $500 per head to resettle the Arabs. And the State department now demands that, if the Israeli government will not repatriate the refugees, it must bear the cost of resettlement—approximately $300,000,000.

Israeli is willing to pay for the land and belongings which the refugees left behind, but has not been willing to pay the huge resettlement bill. This refusal naturally is the subject of diplomatic argument and negotiation. But why it should cause such a blunt rebuff, with President Truman's own name in the first paragraph, remains a mystery.

A Philadelphia attorney has turned his former connections with the Army quartermaster into a profitable business.

He is Samuel Schwag, former legal officer for the Quartermaster corps, who now represents manufacturers seeking contracts with the quartermaster.

Schwag sends out printed postal cards to all bidders, advising them of his former connection with the Quartermaster corps, and promising: "I can help you out on——." Then he fills in the number of the contract in ink.

There is nothing secret about the names of bidders and numbers on Army contracts. They are made public. However, Schwag seems to have a secret connection inside the Army, for data on contract penalties is confidential information.

Despite this, within a week after a contractor has been penalized for not living up to the letter of his contract, he sometimes gets another printed card from Schwag, who writes:

"Would you like refund on penalties of——?" Again the blank is filled in with the number of the contract.

Note—the Treasury department's internal revenue bureau refuses to let its ex-attorneys practice before the government until two years after they leave the government. However, the Army flatly refuses to apply the same rule. It's refusal is an open "invitation" to lawyer lobbyists.

A Tip For June Graduates

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

THE "subtly dominating" type of mother is the type most likely to do the worst damage to the minds and personalities of her children.

That is the conclusion of a two-year study of children with split personalities made by the late Dr. Trude Tietze, Johns Hopkins psychiatrist.

MILLETT

Dr. Tietze describes the "subtly dominating" mother as one who thinks she is a good mother, but who manages to develop a headache when the children want to go out and have a good time.

It is so easy for a mother to "subtly dominate" her children—since so many women have had long practice at subtly dominating their husbands—that every mother should make sure she doesn't use any of that type of mother's tricks.

You're guilty of doing just that if you try to keep your children quiet and obedient by developing headaches, having to lie down frequently, or pleading that whatever they are doing that annoys you makes you "nervous."

• • •

MAKE MOTHER HAPPY

YOU'RE also guilty of "subtle domination" if you try to get them to obey your wishes by asking them to do such and such to "make mother happy."

You're guilty of such dangerous behavior, too, if you are never willing to let your children make decisions for themselves. The "mother-knows-best" type of woman is just another dominating mother, who wants to bend her children to her will, for her own comfort and convenience.

So watch your attitude toward your children for such tell-tale signs of subtle domination. And don't fool yourself by dismissing Dr. Tietze's charge with: "I'm not like that." After all, part of the psychiatrist's definition of the subtly domineering mother is: "She thinks she is good to her children."

You'll have to watch yourself over a period of time to find out for sure whether you are really good to your children or more concerned with your own comfort and convenience than with their happiness.

"Try And Stop Me"

ONE of the most successful businessmen of our time made his first big killing in the glove business. In those days, the most expensive gloves were imported from Europe, and the duty was as high as the total cost of manufacture.

As I heard the story, he imported a quarter million dollars' worth of gloves at one time—but gave peculiar shipping instructions. All the LEFT gloves were consigned to Boston, all the RIGHT ones to New Orleans.

When the shipments arrived, nobody claimed them, and in due course, they were auctioned off by the customs authorities with other unclaimed articles. Who on earth wanted a shipment of left gloves? Our hero picked them up in Boston for a fraction of whit the duty would have cost. Then his agent did the same with the RIGHT gloves in New Orleans. And thus another great American fortune was founded.

80-Year-Old Ohio Man Turns Up Without A Single Enemy

CALDWELL, OHIO, June 13.—I just met Mr. Cyrus McGlashan, aged 80, who is the best, by test, man in Ohio. You might even say that Mr. McGlashan is perfect, except for the fact that he used to smoke an awful stinky pipe and sometimes spit tobacco juice irresponsibly.

RUARK

Mr. McGlashan is a retired printer, member of a trade which in times past has been noted for profanity, irregular living, and a weakness for hand-me whisky. Mr. McGlashan started out as a printer's devil in 1884, and retired in '46. He never succumbed to any of the trade's temptation.

The reason I know that Cy is the best man in Ohio is that a heavy wager rested on his nobility of character. A wealthy clothing merchant in a nearby town once bet a whacking sum that nobody in Caldwell would put in a knock against Cy.

Two thousand citizens, the town's entire population, were polled. Nobody had a criticism for Cy. This strikes me as remarkable, since cutting up your frieds is standing operating procedure in most circles and most places. It seems fantastic that a man can live around the same community for the best part of a century without acquiring at least one enemy.

Mr. McGlashan, a lean old man with tranquil eyes, a hawkish profile and no teeth, is deaf and lame but he is happy. He says he has founded this tranquility on leaving people alone.

• • •

Enemy Of Rum

Yet he is a sworn enemy of demon rum. In his job he always refused to set whisky or beer advertisements. One time he was fired for such a refusal.

"But," says Mr. McGlashan, when I used to walk up the street the drunks would throw their arms around my neck and hug me. Not even the drunks were ever mad at me."

Mr. McGlashan is limping around on a cane now, and is feeling pretty spry, although it takes him an hour to walk one block to church. It takes him another hour to walk back. As a matter of fact, that's how he broke his leg in the first place. Broke it walking back from church. Stumbled on the curb.

For two years Cy was on crutches, while his old bones reluctantly knit. While he was on crutches, he never missed a church service. He has taught Sunday school for 50 years.

Cy is a great gardener. He was planting potatoes when I went to see him. During all the time he was real lame, he planted his crops from a wheel chair. Says the potatoes grew just as good when he was crippled as they did when he was hale.

• • •

MRS. MCGLASHAN says she has lived with Cy for 55 years and has found him to be a model husband. She says he never got out of line once that she can remember, and that he never overworked his saintliness around the house.

This, I believe, is the supreme tribute to the beloved Mr. McGlashan. When the woman with whom you have dwelt for 55 years cannot lay tongue to a single fault in her mate, he is ready for the immediate occupancy of the golden throne. So I asked her again if there wasn't some tiny, minute little flaw in her sopuse's makeup.

Mrs. McGlashan mused. She clucked and drummed her fingers on her knee. Finally she spoke.

"Before he lost his teeth," she said, "Cy used to chew tobacco, and spray the juice around something awful."

This corresponded with the report of his nearest neighbor.

"Cy's a fine and Godly man," the neighbor said, "but the tobacco he used to smoke in his pipe smelled like hell. Yessir, Cy used to smoke an awful stinky pipe."

Today's Journal Editorial

THE VOTERS MAY ANSWER

The chief criticism of the almost frenzied efforts Congress and the administration are making—or, are pretending to make—to provide storage for the grain crop is that corrective steps have been delayed so long. Much of the good they might do may have been nullified by procrastination.

But the recent activity has demonstrated that Congress and official Washington can get the lead out of their pants and move fast when enough people get mad enough. For a good while, it looked like nothing would be done about grain storage. But an avalanche of blistering protests poured in on Congress and the Department of Agriculture — and both got busy fast on a problem which both had neglected for months.

It remains to be seen whether the dillydallying until the last minute—until after the harvest actually is underway—will defeat the benefits which would have resulted for adequate storage space provided in time. If the delay proves costly, the chances are pretty good that many grain belt congressmen will be seeking grain belt votes next year which they aren't likely to get.

Bachelor Girl Claims Bliss Of Single Life Being Overlooked

By CYNTHIA LOWRY
Associated Press Staff Writer

NEW YORK, June 13.—If Jean Van Evera hadn't been able to find an apartment during the acute housing shortage, she probably never would have written a book about the joys of single blessedness.

★ ★ ★

JEAN VAN EVERA. . . Happy without a husband.

"How to be Happy While Single," Miss Van Evera's maiden volume, was conceived the glorious day in Washington, D. C., when she moved into a tiny apartment all her own.

Freedom Overlooked

"Zounds!" the blue-eyed blonde exclaimed to herself as she decided where to place the bridge lamp. "People are forever writing about how wonderful it is to be married. But scarcely anyone has written a book on being happy when you're waiting for The Day."

She started thinking about the millions of young women who were on the lookout or hunt for The Right Man and she found that it isn't as dreary a period as it has been made out.

"For instance," she pointed out, "I'd never read much about the joys of working at jobs you like, your freedom to enjoy yourself and your own friends, and being able to cut loose and travel. And no one ever did much talking about the satisfaction of having your own bathroom."

Miss Van Evera also came up with the conclusion that marriage was being held up to single girls as the cure-all.

Boredom May Stay

"Loneliness, corns, frustration, heart colds, job dissatisfaction," she ticked off. "They tell you now that marriage will cure them all. I don't think so. I think the chances are that you'll be bored after visiting the clergyman—if you were bored before."

Miss Van Evera is single and following her own published advice, is reticent on her matrimonial plans. But she certainly is no dedicated spinster.

She's a successful magazine writer, article-type. A native of Kansas City, Mo., she jumped into newspaper work after graduating from Northwestern University. There followed six hard-working and satisfactory years as a reporter on the Kansas City Star, a period a swomen's editor on a Tucson, Ariz., paper and a spell as a women's news commentator on a southwest radio station.

Starts New Career

Then came war and a staff reporter job for the Red Cross in San Francisco. After V-J day she sold her first magazine pieces and was off on a new career.

"I came to New York, figuring that was the fountain-head of magazine offices," she said. "And it was the height of the housing shortage. I managed to live, day by day, in friends' apartments. It was the most nerve-wracking period in my life, never unpacking, never feeling settled.

"Finally I found the Washington apartment—I was going to commute to New York from there—and it was the most glorious thing that ever happened to me."

What's the theory about being a girl alone?

"If you've any intelligence, you can live a very full, happy life," she said. "And you can enjoy yourself to the full. And if you keep applying that intelligence, you can make this full, happy life a temporary one. Never forget that, according to the most recent census, there are about a million and a half eligible males to be found. Of course, most of them are sort of hard to land, but that makes the whole thing more interesting."

Contempt Counts

(Continued From Page One)

to the nature, purposes and program of Communism and the Communist party. . . . Congress has power to make an inquiry of an individual which may elicit the answer that the witness is a believer in Communism or a member of the Communist party."

The Curious Reporter

(Continued From Page One)

might accuse them unjustly. They've been hunting Reds in Texas schools and colleges for a long time, but they haven't found any yet."

Pope Names Founder Of Order As Saint

VATICAN CITY, June 13. (AP)—Pope Pius XII has raised to sainthood the blessed Maria Giuseppa Rossello, who founded the Order of the Daughters of Our Lady of Mercy.

Saint Maria Giuseppa, who was born in 1811 at Albissola on the Italian Riviera, died in 1880. The order she founded cared for wayward or abandoned girls and trained them in the care of the sick or poor.

The order now has 263 homes, 167 in Italy, 86 in Latin America and 10 in the United States. There are 3,000 sisters in the order.

December 7, the anniversary of the new saint's death, was fixed as her feast day by the Pope. Nearly 20,000 people in St. Peter's basilica watched the ceremonies of the new saint's elevation. Eleven cardinals and 70 bishops attended the rites.

Among the witnesses was 61-year-old Pietro Molinari, who is accepted by the church as one of the persons upon whom Saint Maria Giuseppa worked a miracle. According to claims for sainthood advanced in her favor, she miraculously cured him of tubercular meningitis when he was a youth.

SEA EAGLE PET

SYDNEY, June 13. (AP)—An Australian sea eagle has been kept in captivity as a pet for 20 years at Sandgate, Queensland. Named Oscar, he was caught as a fledgling and now measures 6 feet across the wingtips. He makes no attempt to fly away when taken from his cage but prefers to perch on his owner's arm. He is a good "watchdog," and gives warning by making a peculiar clicking noise.

Poetic Flier Keeps Air Line In Rhyme

NEW YORK, June 13. (AP)—Navigator Callan B. McNeely, a poetic soul, often issues routine flight reports in rhyme to transatlantic passengers on American Overseas Airlines planes.

When flying way up yonder
stimulates his muse, he turns out
a verse inspired by the immediate
occasion.

Plotting the course of a flight of war brides from Europe, he came up with this one:

"As your flagship points its nose
to the west
"And moonbeams and stardust
fall gently around,
"We hope that this flight starts
a life for the best,
"And your memories are pleasant when we reach the
ground".

Another time—to soothe his passengers after a takeoff delay caused by mechanical trouble—the bard of the airways told them:

"We're sorry we caused you this
short daley,
"But once again we're under way.
"Engines, like humans, get a pain
or an ache,
"And so our mechanics must operate."

McNeely, a native of Duluth, Minn., studied medicine for a year after being graduated from the University of Minnesota. Later he worked in the American Airlines traffic department in Cincinnai. He served in the Air Transport Command during the war.

Chinese Finds Birth Rates Too Expensive

SINGAPORE, June 13. (AP) — Woo Mun Kum, a contractor, gave a big dinner party for all his friends in celebration of the arrival of twins.

It was a happy day at the Happy World's Tai Tong restaurant.

Everybody was happy, except the restaurant owner. He went into court to collect $600 due for the party. Woo insisted he didn't know the cost would be that high.

The court ordered Woo to pay the bill. Then Woo announced his wife was expecting twins again. This time, he promised, he would not celebrate.

Africans Journey To London To See Lions

LONDON, June 13. (AP)—Seven men visiting London from the lion country of Nigeria said they couldn't wait to get to the zoo to see a real, live lion.

Malam Yukuba Wanka, 30-year-old accountant, explained that lions "live in the bush in Nigeria, and only Englishmen seek them there—we leave them alone."

Star Route Carriers Choose New Officers

BROWNFIELD, June 13 (AP) — Texas' Star route mail carriers made it an Earl C. Evans family affair when they chose officers Sunday.

Evans, a Big Spring carrier, was re-elected president. His brother, M. N. Evans of Ballinger, was named vice-president, and Earl Evans' wife was elected secretary-treasurer.

The Texas branch of the National Association of Star Route Mail Carriers chose these delegates to represent it at a convention in Harrisburg, Pa., July 26-30:

President Evans, Carl Hogue, Lamesa; Clyde Pain, Big Spring; Arnold Schubert, Fisher's Store, Comal county, and J. S. Champion, San Marcos, alternate.

Frank Russell of Washington, D. C., national president, told the group the Star route carrier has always been "the underdog" of the postal service. Other speakers were postmaster J. Howard Payne of Dallas and Dr. Thomas H. Taylor, president of Howard Payne college, Brownwood.

Striking Berlin Rail Workers To Vote On Settlement Terms

By DANIEL DELUCE
Associated Press Staff Writer

BERLIN, June 13—Representatives of Berlin's railway strikers rebuffed the occupation powers and their own top union leaders yesterday by spurning an American appeal for an immediate end to their 23-day-old strike.

An overwhelming majority of 600 union officials voted instead to refer the settlement terms put forward by the four powers to a referendum tomorrow. Seventy-five per cent of the membership must vote to continue the walkout or it is automatically called off.

The settlement terms were worked out by the United States, in consultation with Britain and France, and agreed to by Russia. The American commandant in Berlin, Brig. Gen. Frank L. Howley, asked the strikers to accept the offer and got a promise to do so from top union officials.

Terms Described

The terms, left to the membership for decision by the 600 lower-level leaders, called for payment of 75 per cent of wages in west marks, worth four times as much as the east marks previously used to pay wages, and no reprisals by the Soviet-controlled railway management against the anti-Red union leaders.

The management would pay 60 per cent of the wages in west marks and the west Berlin city government would exchange an additional 15 per cent of the men's salaries into the more valuable western currency.

The strike, marked by violence which caused two deaths, has blocked rail delivery of supplies to Berlin and prevented an east-west accord on German trade.

The delay in settlement of the walkout may have the far-reaching effect of stalling the council of foreign ministers meeting in Paris.

Strike Leaders Confident

The foreign ministers of the Big Four powers had set today as the deadline for a report from four-power negotiators seeking to write a trade agreement in Berlin.

American spokesmen have declared bluntly, however, that no agreement could be signed until the railway strike is settled.

American officials have said a four-power agreement could be reached in a short time if the rail strike were settled.

This may leave possibilities of a four-power settlement in the hands of the strikers, who up to now had the open sympathy of western officials.

Although union leaders are confident the men will vote to end the strike, a speakers who called for continuance of the walkout was widely applauded at yesterday's meeting.

Union Recognition Sought

The settlement terms offered by the occupation powers did not mention the union demand for recognition as official bargaining agent for the workers. The management recognizes only the Communist union in the eastern sector and has refused to deal with the independent anti - Communist union.

Yesterday's meeting added several new demands, among them the barring of Soviet sector police from west Berlin rail installations and a provision that men who live in western Berlin should be employed there.

There has been no official statement meanwhile on specific agreements reached in the four-power negotiations in Berlin.

A French official said yesterday one thing holding up a complete settlement was a western demand for end of Russian control over transport between Berlin and the western occupation zones.

Free access to Berlin for the western powers would make any future blockade of Berlin impossible except by use of force.

Another problem under discussion, the French informant said, is Russia's insistence on one currency for Berlin. At present, east and west Berlin have their own marks. The Russians reportedly want to settle this financial situation before dealing with other aspects of the economic life of all Germany.

Lesinski To Ask For 75 Cent Pay Minimum

WASHINGTON, June 13 (AP)—Chairman Lesinski (D-Mich) said today he will ask his House labor committee to approve a straight, unadorned 75-cent minimum wage bill this week.

He said that attempts to get a measure nearer to terms of the administration's bill have failed in the face of unyielding opposition from Republicans and southern Democrats.

The administration bill would raise the national minimum wage from its present 40 cents an hour to 75, and would extend the wage-hour law to about 5,000,000 workers who are not covered.

United Nations Not Stingy With Salary

LAKE SUCCESS, N. Y., June 13. (AP)—More than 100 persons employed by the United Nations make more than $10,000 net a year, the salary Uncle Sam pays his assistant secretaries of state.

Another group of top-level experts, including Secretary-General Trygve Lie and his eight assistant secretaries general, earn a gross sum of more than $15,000 annually, the base pay of Secretary of State Dean Acheson.

When Dr. Ralph Bunche, Acting U. N. Palestine mediator, turned down President Truman's offer of an assistant secretary of state post recently, he said he did so because, among other things, he could not afford to take the salary cut involved.

The American Negro educator and 13 other top-ranking directors at the U. N. have yearly incomes of $14,000—a base salary of $11,000 plus $3,000 expense accounts.

As Secretary-General, Lie, former foreign minister of Norway, gets a base pay of $20,000 plus an allowance of $20,000. His total annual allotment thus exceeds by $15,000 the $25,000 salary of Dr. Philip C. Jessup, Acheson's ambassador-at-large.

Lie's eight assistant secretaries general get a total of $22,000 a year each—a net salary of $13,500 plus an allowance of $8,500. U. N. interpreters receive an average annual salary of $6,400 while secretaries on the average get $2,600.

A golden coin of the Roman occupation period was dug up in a garden at Chalfont St. Giles, England.
