

# OHS Mustangs Talk About Season

Two a day workouts have been going on all this week and the Mustangs are looking forward to the season with eagerness and confidence.

In interviews with members of the team, it is evident that the Mustangs think they can "make it" to the fourth spot in the State, for which they are picked... and if everything goes just right for them, even further.

The Mustangs were asked what their goals were, what they thought about the competition and how they felt about being ranked fourth in the State.

Portions of their interviews follow:

**GLENN JOHNSON** - I'd like for us to win District and I'd like to be named "All State". Tulia will be our toughest competition. If we play the rest like we are supposed to, it won't be bad.

**MICHAEL FRANKS** - Everybody is going to be after us because of our rating. Littlefield will be the only tough team. As far as my goal, I just want to be a better ball player.

**MARK STROEBEL** - Goal- aiming for the district title and I'm looking forward

to playing Spearman again. Rating- It's great! we should be number 1, though.

**JIMMY PARKER** - Goal is to become a better ball player and play in the State football game. Since we are

rated fourth, everyone is going to be after us. It might be better if we were rated lower, but if we keep our heads, everything will come out alright. The toughest team we will have

is Littlefield, who will really be after us because we beat them so bad last year. But everybody's ready to play and I feel we are closer as a team this year.

**J.D. CAUDLE** - Goal-to

make All South Plains at least, and keep up my image toward other teams as a tough individual as in the past. District competition will be pretty tough since other teams have just about

as many starters as we do. It's great to be rated fourth and we'll have to work hard to stay there and harder to get to the top.

**RAY RODRIQUEZ** - Goal-just do my best and

help the team. I hope we accomplish as much as last year and go higher. As for being ranked fourth, I kinda like the position of underdog better. Since we are ranked fourth, we'll have to work

harder because others will be working harder to get us.

**LARRY KIRK** - Goal-to try to do better than last year and at least go to State playoffs. We have a lot more cooperation as a team this year. Being ranked fourth, is great, but if we were ranked lower, like 10th, we probably would try a lot harder.

**KENT PITILLO** - Goal is to help the team reach their goal. I think we can go higher. Our team cooperation is good.

**CHRIS MCCLURE** - I'll just take it as it comes. I'd like to see our names all the way across the top in the Austin paper as State Champions. Littlefield will be our toughest competition because of the rivalry.

**MARK WATT** - My goal is to be able to do my very best and when I look back, regardless of what happens, know that God's will has been done and give him the glory. District competition will be tough if for no other reason than the fact that we are ranked so high. Littlefield will really be fired

### Ralls Man

#### Accepts Job

James T. Isbell, 33, of Ralls has accepted the position as Olton's Chief of Police. He will assume duties Aug. 16.

Isbell, a certified officer, has two years preparation toward a Police Science Degree, studying at Wayland Baptist College in Plainview.

He has served in police capacity in the city of Ralls, as well as Paducah and Floydada.

He is married and has three children, two sons and one daughter.

SPORTING NEW UNIFORMS -- when the Mustang Band takes the field for the opening ball game of the 1975 season they will be handsomely dressed in brand new blue and white uniforms. Band director Fred Stockdale says the uniforms are designed for viewing in ultimate detail by fans in the bleachers. ## Sunflower Harvest Discussed

New and unusual to the area this year have been fields of sunflowers. Planted early in the season these sunflower crops have completed the bloom stage are now in a period of grain filling, according to information received through county extension agencies.

Contracted for delivery through a Springlake receiving station are some 12,000 to 13,000 acres of the profuse bloomers. Additional acres near Olton are contracted through a Plainview receiving station. The total 25 county plains area involved in the new venture, from Deaf Smith County south to Howard County is placed at 300,000 acres.

V.O. Busby, one of the local growers, states that the seeds will be used chiefly for cooking oil, although some seeds will be used as confections. He continues "There is no waste at all, the hulls will be used to feed cattle."

Truitt Sides, Trust Officer of Olton State Bank, who has been making a study of harvesting conditions for the novel crop, states that they will "begin coming to town in about two weeks" and he

anticipates a substantial boost to the economy when they are marketed.

Sides, who termed sunflowers a 'high risk' crop says that the crops now look beautiful. Through the danger of attack by the head moth the crops have been sprayed as many as three or four times.

Having now reached the critical time of using a harvest-aid chemical, growers are faced with the problem of when and how to do so.

Information offered by county agents points out that by the time the seed has reached maturity the back of the head and stalk should be lemon yellow in color and most of the leaves will be dead or appear to be dying. The triangular shaped bracts on the outer edge of the head will be brown and brittle. The seed in the center of the head will be as dark in color and as firm as the seed on the outer edge.

When these characteristics are noted, the seed is mature but the fleshy head base (which when cut open with a knife looks somewhat like a sponge) will not be sufficiently dry for combining. To avoid adding this

high-moisture foreign matter to the seed during the combining operation, the head base must be dry.

Several weeks could be required for the head base to dry naturally. During this period seed will begin to shatter and some yield will be lost. The best alternative is rush the final drying process with the use of a harvest-aid chemical.

Recently, Paraquat was cleared for use as a sunflower desiccant in Texas. The chemical may be applied at a rate of 1 to 2 pints per acre when sunflower seeds are mature. Five gallons of spray mix (Paraquat plus water) should be used when treating by air and 20 to 40 gallons with ground equipment. For best results, a surfactant such as Ortho X-77 should be added at a rate of 1 quart per 100 gallons of water.

Once a harvest-aid chemical is applied, the crop will be ready to harvest in seven to 10 days. Busby states that the combine should be standing in the field ready to go, to avoid shattering or bird-feeding loss. He mentioned applying his desiccant "in stages" to

control his need for the combine.

Mrs. Thetis Haddad, representing a chemical flying service, attended recent meeting to learn more about the usage of the desiccant. She warns growers not to apply the drying agent before the crop is fully mature. She stated "We were told that many

#### Hale County Savings Stock Is Purchased

A group of investors from the Olton-Springlake-Earth area have purchased the majority of common stock of Hale County Savings Association of Plainview, according to an announcement made by the chairman of the board, Raymond Akin. The group includes G.T. Sides, Ken Burgess, Bill Clayton, Vee Busby, James Busby, Stephen Smith and Calvin Wood.

Akin stated that the change in ownership further emphasized the association's

more crops were ruined by harvesting too early, than by waiting too late."

She discussed the extreme caution needed to avoid chemical drift, since the desiccant will kill anything that is green. She cited weather conditions as being of utmost importance to the task, and recommends

## Faculty Posts Filled

Appearing before the board of trustees of Olton schools in regular session Monday night were Margaret and Bob Lacy, former teachers in the system, asking that they be reinstated since funds were not significantly reduced by new legislation.

The board earlier had decided to trim the teaching force, due to pending legislature which could affect the financial burden of the school. Mrs. Lacy taught Spanish and served as counselor and Lacy was a junior high physical education and math teacher.

Administrators told the board that they felt the two units could be the least upsetting of the curriculum offered.

In discussing the possible reinstatement, it was brought out that the enrollment now stood between 965-975 possibility, giving the same number of supported teaching units as last year. The same number of teachers were hired for the elementary school, with one less coach in high school and one less teacher in high school and one less coach in junior high.

Board member Leslie Kennedy asked Superintendent Turner if some of the positions that had been filled could have been filled by the Lacs and he said they were not qualified for the particular posts that were vacated.

When asked if a counselor was needed, Turner said he felt that the teachers were excellent counselors for their students. He pointed out that Olton had not had a counselor until and few years ago.

Due to the lack of a motion to reinstate the Lacs, no action was taken.

Resignation of Judy Ables, teacher in elementary school, was accepted.

The board turned thumbs down on releasing Ray Kinnison, elementary principal, last period of each day to serve as line coach for the football team.

Jerry Wilson, former line coach, accepted a position as head coach at Clarendon, leaving Olton without a line coach.

Board members agreed that Kinnison should "stay where he is."

Teachers accepted unanimously for employment were Mary Cary, elementary music; Erma Hackett, third grade; Christine Dickenson, migrant; and Jackie Crabtree, kindergarten. Also accepted by majority vote was Janet Taylor, high school math. Voting against was Leslie Kennedy.

Teacher aides were given

unanimous approval for employment by the board, including Amelia Casares, Nadine Casarez, Enid Givens, Helen McClure, Georgana Nafzger, Retta Snider, Rosemary Gonzales, Jaunice LaDuke, Catherine Stroebel, Mary Escamilla, Glenda Moore, Betty Kersh and Hortencia Villeneuve. Salary for teacher aides is set at \$4300 this year. All but three are state funded. Bus drivers approved by the board were Ollie Ross, Martha Nicholas, Jack Williamson, Bert Thomas, Florence Frazier, J.C. Owen, Melinda Smith, Edisy Hackler, Lydia Ross, Antonio Cabrera, L.H. McAdams, Ivin Wozencraft and Albert Ruiz.

Due to increased cost of food, lunch prices were

raised. Children attending kindergarten through fifth grades will pay 55 cents for lunch and grades six through twelve will be charged 60 cents, with teachers paying the same.

## City Council Establishes City Development Board

A Board of City Development was created as the city council agreed to set aside no more than one percent of the total general fund for the promotion of the city.

The action came as the council met in regular session Tuesday night. All members were present with the exception of Raymond Powers.

Dale Cary, who had appeared before the council at the last regular meeting on behalf of the project, had served as a member of a board similar to this at Friona and told the council he felt that it was a worthwhile investment for the city.

The board would act as an advisory board only, proposing projects to the city council for final approval.

Those asked to serve on the board were Cary, Fred Thompson, Melvin Rape, Dale Williams and Don Loanman.

Other discussion included the alley behind Ninth

Street. Complaints from the owner of the adjoining farm about trash and broken posts were brought to the attention of the council. Council agreed to look into the situation in order to correct it.

Salaries were adjusted so that hourly wage workers would be paid \$2.10 per hour starting wage, with an increase to \$2.35 after the

## Home Sweet Home

By Rex Boyles

Well, I'm home...and it feels soooooo good!

Ireland was nice and pretty, but there just ain't no place like home.

Just after we landed in Northern Ireland, a small boy asked me where I lived "in the states". I don't have to tell you what I did. My chest swelled...my legs bowed a little...my face got that John Wayne look...and my voice deepened in that rich country accent as I said, "Howdy partner. I'm from Texas." You could just see that little boy's face come alive as visions of cowboys and Indians, horses and rodeos, shoot-outs and stampedes "danced in his head."

With an anticipating look the wee lad asked, "Do you have sandstorms and bushes that roll around in the wind?" As I shifted my John Wayne shoulders and nodded my "wise old head," the boy let out a squeal of excitement and said, "Really? Neat!"

I kinda laughed at his evident thrill over sandstorms and tumbleweeds and thought to myself, "if he only knew." By the time the 3rd week was over I was dreaming of how "neat" it would be to see one of those good ol' homestyle sandstorms. Now you can see how ready I was to get back home. It is good to be home.

Ireland is almost like a page out of a fairy tale.

Little thatched roof cottages...haystacks and hedge rows...donkey-drawn hay wagons...stone fences and deserted castles...have all found a place even in the midst of a very modern and prosperous industrial nation. But Ireland is no story-land. It is a very real place with real wonders but also with real problems. It is a lovely nation with some lovely people but also with some troubled people.

The country of Northern Ireland is a very "neat" and "ordered" place, but the strife in that country has torn deeply into its calm. I talked to a bunch of good Irish folks and most of them were disgusted and disheartened with the trouble.

There is however a bigger crisis in Ireland than the Catholic - Protestant feud. The ugliest problem they have is not the bombs or tortues, it's sin. A bomb can wreck a house, but only sin can wreck a home. A bomb can stop a heart, but only sin can damn one. A bomb can kill, but only sin can destroy.

Sin takes an old man and tells him that the only escape from the turmoil is a bottle of spirits. Sin takes a young mother and causes her to teach her little four year old girl that there is no God. Sin takes a sensitive family and teaches them that in view of all the strife and trouble there is no such thing as a caring God. Sin

takes a young man and persuades him that Christianity has nothing to offer, for the God of Christianity has long since been dead. Sin does just that! I know, because the kids and I met just those folks.

The reason the kids and I went over there was to help solve the problem...not the problem of bombs...but the problem of sin. We went to give peace...not from the turmoil or war...but from the turmoil of sin. We had a message...not a cease-fire...but of a victory over sin. Our solution, our peace, and our message found their life in Him, Jesus. We went and offered that to the lovely folks in Ireland...I'd like to offer it to the lovely folks of Olton.....Rex

## Lamb County Pioneer Reunion To Get Underway Aug. 26

More than 800 notices for the 26th annual Lamb County Pioneer Reunion

have been mailed to persons interested in the reunion, according to V.M. 'Pete' Peterman, secretary of the organization.

Officers and directors of the organization met again Monday night for another planning session in the XIT Room of Security State Bank of Littlefield.

This year's reunion is set for Tuesday, Aug. 26, in the new agriculture center on Hall Avenue.

Members learned that most plans are well under way, and members voted to hire the Hilltop Barbecue at Lubbock to prepare the beef and cater the other food to

go with the beef.

Security State Bank is providing the beef again this year, and the Lamb County Locker, owned and managed by Marcelino Duran, will donate the beef processing.

The Lubbock firm will barbecue the beef and provide the beans, salad, onions, pickles, etc., along with iced tea, paper cups, forks, spoons, plates, napkins, etc. The firm will also serve the meal and clean up the kitchen.

A short program is being planned for the afternoon prior to the business

## Everything But The Kitchen Sink

Those fellows who won the sectional baseball tournament in Abbeyville, La. are in Seattle, Wash. preparing for the opener of the Babe Ruth World Series. We sincerely hope -- and believe they can...go "all the way."

We had lots of fun attending the sectional tournament and received a royal welcome, just as last year at Paragould, Ark.

Seemed for a while we'd traveled farther than anyone (800 plus miles) only to have baseball replaced by card games.

Rain! Gee, could it rain! The tournament was delayed the very first thing because the field was wet as a rice paddy.

Speaking of rice, we were smack in the middle of rice

land. We even received a gift of rice in a quantity that was unbelievable. We can be assured of not going hungry for some time although we may have to haunt bookstores looking for a recipe book entitled "One Hundred and One Ways To Serve Rice."

We tried a new way (for us) while we were there. Maybe you're familiar with "Cajun Cooking" but we weren't. (I do remember their elixir called "coffee" from a long-ago vacation which took us through Louisiana). Anyway, we tried our first "dirty rice." I liked it!

We spent our Sunday afternoon in a sight-seeing trip that got rained out. Even through sheets of rain, we could see enough from our car windows to know we missed a super treat when we didn't get to see the Rip Van Winkle Gardens between Abbeyville and New Iberia. Oh, they must be super magnificent.

The more pretty flowers we saw abundantly growing in the Louisiana yards, the more we wished our climate would agree with those gorgeous tropical plants.

Caladiums were prolific and gorgeous and we astounded a young businesswoman whose shop, "The Green Thumb," provided us with "souvenirs." She thought all Texas was like that southeast portion which was so near Abbeyville.

All the roadside nurseries and "pottery stops" also caught our fancies so that by the time we arrived back home we had almost reached the need for sitting on our feet lest we step upon one of our pretties.

And now, if we can only keep our thumbs green...

meeting and barbecue supper.

New officers for the upcoming year will be elected, and this year's president, W.B. Dickenson Sr., appointed Fred Lichte, F.E. Yohner and Ray Smith of Littlefield to serve on the nominating committee to select the officers.

Gladys Yohner and Kathy Pierce were appointed to assist the treasurer, Bill Jeffries, in collecting the \$2 serving fee.

This year, persons must have a registration badge to be served.

Officers this year are W.B. Dickenson Sr., president; A.B. Brown, vice president; V.M. Peterman, secretary; and Bill Jeffries, treasurer.

Directors are Lous Hair, Ray Smith, Fred Lichte, Buck Ross and F.E. Yohner all of Littlefield.

CONSIDER ONE THING BEFORE YOU SPEND money ON AN ELECTRIC CENTER PIVOT

US.

"Us" is a service organization big enough to care for a big machine. One that's designed to last you 15-20 years, or more. Valley Electrics are built to such high industry standards, that they invite a critical inspection.

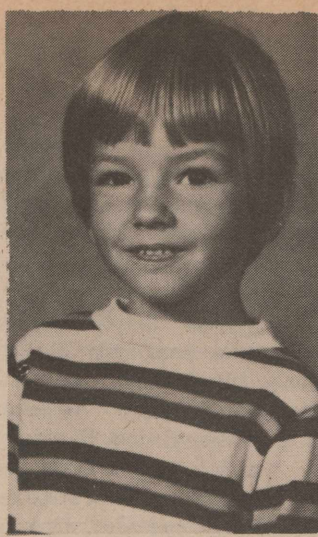

Measurement by measurement, and specification by specification, a close look at a Valley Center Pivot will point out one thing more than any other -- heavy duty construction. Season after season a Valley Electric proves that the extra effort was well worth it. A wide wheel base, extra broad double trussing, a full three-directional coupling, structurally superior gearboxes and sturdy construction throughout make this tough irrigation equipment, the kind that value-minded farmers demand. Descendants of J.A. and Eula Wester gathered here Sunday for a family reunion. Dinner was served to approximately 75 persons at the new agricultural building. Swimming was enjoyed that evening at ORC.

Present from Olton were Mr. and Mrs. Ernest Spain, Mr. and Mrs. Don Spain and Robin, Mr. and Mrs. A.J. Spain and family, Mrs. L.W. Howard, Mr. and Mrs. J.L. Snider, Mr. and Mrs. Bob Hall, Mrs. Terry Snider and children, Mr. and Mrs. Joe Snider, Mrs. Sue Cannon and children and Mr. and Mrs. Steve Spain.

Former residents attending included Mr. and Mrs. Barry Cowart of Bryan, Gene Spain and daughter Becky of Puerto Rico, Mr. and Mrs. Paul Spain of Austin and Susan Cannon of Lubbock.

Other relatives attended from Lubbock, Selma, Midland, Hereford, California, Oklahoma, Florida and Missouri.

ton and Mrs. Little of Plainview, mother and grandmother of the groom.

Guests were registered by Miss Lesa Helm.

Mrs. Herbert Kayler poured punch and served finger cookies at the party table laid with an off-white cut work cloth over blue with a centerpiece arrangement of yellow daisies and mums and baby's breath encircled with a blue ribbon. Appointments were crystal. Gifts were listed by Mrs. Freddie Bell and Mrs. E.C. Patterson.

The hostesses, Mmes. Kayler, J.S. Bell, Martin Tune, Freddy Bell, E.C. Patterson, Hubert Kayler, Robert Graham, Bennett, Harold Goree, J.T. Mallow, Lewellen Hooper and J.E. Helm presented the bride with knives and red-clad cookware.

### Rankin Family Leaves Peru

Visiting recently in the home of her parents, Mr. and Mrs. James Speer, were Mr. and Mrs. Tom Rankin and Tyra who are in the process of moving to Chicago, Ill., after their recent residency in Lima, Peru. A son, Jack, was visiting during the time with an uncle in Houston.

Miss Tyra Rankin, who graduated July 4 in the southern hemisphere, was making plans to enroll as a freshman pre-med student in Southern Methodist University, Dallas.

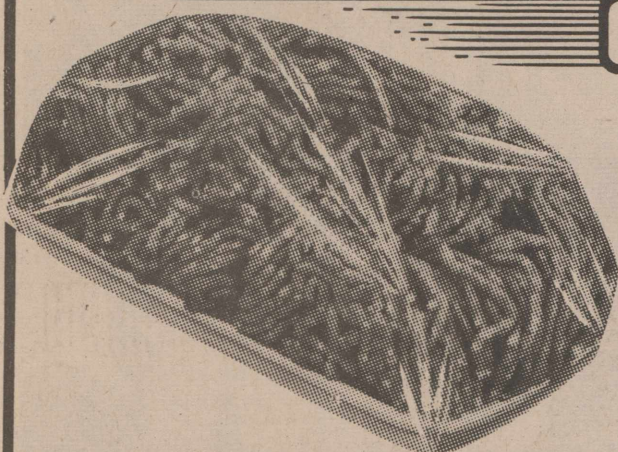

Mrs. Rankin, the former Sharon Speer, states that her husband's employment with an oil company has taken them to many interesting places in the world. They have made their home in Canary Islands and in Libya, prior to the Peruvian venture.

She indicated that she was happy to be back in her homeland. During their stay in Peru they were subjected to two major earthquakes and many internal political pressures. Life for Americans in Peru is quite comfortable, but for the natives there are only two social classes, the very rich and the very poor, and thievery is common.

### RECENT GUESTS

Recent guests of Mr. and Mrs. E.R. Spain were her brother-in-law and sister, Mr. and Mrs. Calvin White, Long Beach, Calif., their daughter Carolyn White, Clear Water, Fla., and their daughter and family, Mr. and Mrs. Stewart Ginter and Joanie, Whittier, Calif. Mrs. Spain's brother and his wife, Mr. and Mrs. Johnnie Wester, Erick, Okla.; a brother and sister-in-law, Mr. and Mrs. Olin Wester of Oklahoma City and their grandchildren Teddy and Tanya of St. Louis, Mo. Other visitors were the host couple's granddaughter and her husband, Mr. and Mrs. Barry Cowart of College Station; Mr. and Mrs. Benny Wester and Shanna of Midland; Mr. and Mrs. Coy Wester, Hermit, Calif.; Mr. and Mrs. Harold Wester, Hereford, Mrs. Ima Thompson of Celina.

KARIN KENNEDY

Cook Of The Week

Summer vacation from college classes has provided our Cook of the Week with the opportunity to keep in typing practice. Karin Kennedy, who's studying secretarial science at West Texas State University, has not only been operator of the Compuwriter for the Enterprise this summer; she has also learned the art of developing film and making photo prints. She has also been a part time "Girl Friday," carrying the paper to the printers and helping with mail out detail.

Karin is the daughter of Mr. and Mrs. T.C. Kennedy and has lived in Olton all her life. She attends Main Street Church of Christ. She has a younger brother, Chuck, who is a senior at OHS, and a sister, Connie, a sophomore.

Reading is a favorite pastime for our cook - a pleasure for which there's never enough time. She likes to sew and enjoys doing macrame.

Karin also shares an interest in her grandfather's love for antiques.

BEEF-POTATO CASSEROLE

1 lb. ground beef  
1 can (16 ounces) tomatoes

1 1/2 tsps. salt  
1/4 tsp. pepper  
1 tsp. Worcestershire sauce  
3 c. thinly sliced potato  
1 sliced onion  
Brown ground beef. Add tomatoes, salt, pepper, and Worcestershire; bring to boil. In a 2-quart casserole arrange potato slices, onion slices and the meat mixture. Cover and bake in 350 degree oven for about 1 1/4 hours.

PAM SWINT & PAT TROTTER

## September Vows Slated

Mr. and Mrs. Frank Swint of Hereford announce the engagement and approaching marriage of their daughter, Pam, to Pat Trotter, son of Mr. and Mrs. Gene Trotter. A September wedding is planned by the couple.

Miss Swint is a graduate of Muleshoe High School and attended TSTI in Amarillo, studying secretarial training. The prospective bridegroom is a graduate of Olton High School and received a BS degree in animal science from Texas A & M University in 1974. He is manager of Plains Corn in Hereford.

## Pinkerton-Eggemeyer Wedding Vows Pledged

Miss Mary Jane Eggemeyer and James Allen Pinkerton recited wedding vows in a 7:30 p.m. ceremony Aug. 1 in Amarillo's Tenth Avenue United Methodist Church.

Officiating was the Rev. Delton Fisher, pastor.

Parents of the couple are Victor B. Eggemeyer Sr. of Kotan, Australia and the late Mrs. Regina Eggemeyer and Mr. and Mrs. H.O. Pinkerton of Halfway.

Presented in marriage by her brother, Victor B. Eggemeyer Jr. of Irving, the bride wore a formal gown of ivory satin which was worn by her mother. Fashioned with dropped waistline, the bodice featured a Cinderella neckline and leg of mutton sleeves. Fine lace accented the neckline and sleeves with covered buttons adorning the bodice front and cuffs of the sleeves. Matching lace edged the cathedral length train.

A Juliette cap embellished with seed pearls and lace

held her waist length veil of silk illusion. She carried a cascade bouquet of mums and miniature carnations.

Mrs. Chester Jones of Shamrock, sister of the bride, was matron of honor. She wore a gown of orchid satin styled with highrise waistline and overlay of organza. She carried a bouquet of white daisies and mums.

Gary Ott of Plainview was best man.

Attending were the immediate families of the couple. A wedding supper was held in an Amarillo restaurant.

The bride attended Texas Tech University and plans to continue study for a nursing degree from West Texas State University.

Pinkerton is a graduate of Plainview High School and Texas Tech University. He is employed with Pat Surtee Real Estate in Amarillo.

The couple will be at home at 1615 Tyler Street, Apt. 14, Amarillo.

# HOW'S The Electric Company DOING?

Let's ask Jim Atchison, one of our town managers

"These compression connectors, such as I'm using in reconnecting this service loop, and of which we have to use many, jumped in cost 57% since 1965. Another size increased 61%. Everything costs us more these days so these higher costs are reflected in what you pay for electricity. Yet, if we are all to have dependable electric service, it's a price we have to pay."

## Borden's Is GOING BACK TO SCHOOL

Yes, again this year, we'll be back at the public school in Olton, serving our children nourishing, rich Borden's Milk. We're proud of the local schools, and we're proud of our dairy products. It's only fitting that they should be side by side, building better, stronger citizens for tomorrow. Remember, milk is the only source from which we can acquire calcium which our bodies need daily. Doctors say that school children should drink at least a

quart of milk daily—young GROWING bodies NEED milk!

Thanks, folks, for wanting Borden back in our schools!

MRS. A.D. MELTON & GREAT-GRANDSON

### Mrs. Melton Returns Home

Mrs. A.D. Melton has recently returned from visits in the home of her daughters. In Murray Hill, N.J. she was a guest in the home of Mr. and Mrs. Dick Perry and family. Later in Saline, Mich., she was with Mr. and Mrs. Robert F. Perry and family. While in Michigan she was privileged to see, and hold, her first great grandson, Robert F. Perry III. He is son of Mr. and Mrs. Robert F. Perry II, of Anderson, Ind. His older sister, Tiffany Bell, namesake of Mrs. Melton, is two years old.

## 8th Annual Art Festival Set Aug. 22 In Littlefield

The 8th Annual Art Festival in Littlefield will be held Aug. 22, in the new Lamb County Agricultural and Community Center.

Paintings and drawings, arts and crafts of all kinds may be displayed from 4 until 9 p.m. There are no entrance fees, no commissions, just a warm welcome for you to come, and a genuine appreciation of art in all forms from those who view your work.

This year there will be no official judging or popular vote, but anyone will be able to purchase a picture or artistic work displayed when the artist puts a written price, with his/her name and address on a card attached to the displays. There is no limit on the items or pictures you display...but each exhibitor is responsible for the easels, stands, or supports for his own work. In the art exhibits there will be a special section to show the ability of the younger generations, with names and ages of the artist listed...so that the public may admire and encourage them.

The building will be open at 1 p.m. and you may bring your art at any time after that. Each item or picture needs to have clear identification on the back, for the purpose of recording ownership.

Serving as coordinator for the art clubs of Littlefield will be Barbara Perrin, who

will work with Lela Nicholas, Dorothy Ferguson, Eva McDonald, and Gene Fudge, other club presidents in organizing the exhibits.

Sponsoring the Festival, encouraging the appreciation of art in all forms and engineering the sale for those who wish to price their work is WE, THE WOMEN, a branch of the Chamber of Commerce. And there will be DOOR PRIZES...many of them given by Anzelina's Art and Frame Shop, The Gallery, Hart Thaxton, Perry Bros. and the Art Association of Littlefield. We hope that some of our artists will paint miniatures

especially for this event so that they may be included in the DOOR PRIZES. Imagine winning a signed painting by a local artist just by attending the Art Festival.

WE, THE WOMEN, will have available cold drinks, coffee, sandwiches, and cookies so that you may snack as you survey the art, or may linger and pick up your supper right in the beautiful new building. (The food sale will be the only financial gain for WE, THE WOMEN).

This is your show, so come, bring your art, and help promote art in all forms.

### Amarillo Golfers Win Women's Tourney Here

The golfing team of Snooks and Nunnley, Amarillo, carded a 75 to win the recent one day Olton Women's Partnership Golf Tournament by five strokes. Placing second in championship flight were Renner and Hughes of Friona; Hardy and Payne of Tulia were in third place.

Winners of first flight were Riddell and Hassell of Childress, with Clough and Gladman, Plainview, in second place. Northcutt and Ward of Tulia won third.

Second flight winners were hometowners, Weaver and Loveless; George and

Holland of Dimmitt, second; and Messinger and True-love, Amarillo, third.

Winning third flight were Maryfield and Davidson, Lubbock. Bailey and Tucker of Hart placed second; Adams and Adams, Dimmitt, third.

Fourth place winners were Sumnder and Cates, Dimmitt; Elder and Lilly, Dimmitt; and Werner and Roland, Hart.

Although no donations were solicited for arrangements Mrs. Bill Weaver stated many persons made contributions of time and effort to make the tourney a success. As chairman, Mrs. Weaver wishes to thank each person for every endeavor and she especially wishes to thank Sherman Insurance Agency for the refreshment cart furnished.

#### IN HEREFORD

Mrs. Freddie Mae Hysinger was in Hereford, Thursday and Friday with her sons and daughter-in-law, Mr. and Mrs. Joe Hysinger.

#### DINNER GUESTS

Mr. and Mrs. D.D. Brown of Oklahoma City and Mr. and Mrs. Wil Russell were Tuesday evening dinner guests of the Russell's son and family, Mr. and Mrs. Bill Russell, Ramona, Robert, Reggie and Ronnie of Springlake.

#### IN HALFWAY

Sunday Mr. and Mrs. D.C. Eby and Mrs. Leah Muller, Gary, Mike and Jay attended "Open House" honoring Mrs. Eby's niece and family, Mr. and Mrs. Neilan Smith, Scot and Mark of Halfway.

CANNING TIME IS HERE!

**STRAWBERRY JAM**  
4 cups prepared strawberries  
4 cups C and H Granulated Sugar  
2 tablespoons lemon juice

Wash, hull and slice strawberries, then measure into large saucepan. Add 2 cups of sugar. Heat and boil hard 5 minutes, stirring constantly. Add lemon juice and rest of sugar. Bring to boil and boil hard, stirring constantly until ready to jelly. Pour into shallow dish, and stir occasionally while cooling. Let stand overnight to plump fruit. Pack cold in sterilized glass or jars, and seal. Makes 2 pints.

**Jell Test:** Dip a clean metal spoon in boiling jam; hold up edgewise. When 2 heavy drops form and slide together at edge of spoon, jam is ready to jelly. (Takes from 2 to 20 minutes, depending on pectin in fruit.)

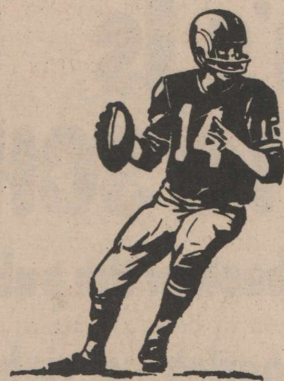

For more delicious, tested recipes like this, and a complete guide to canning, freezing and jam and jelly making with fruit, send a self-addressed, stamped envelope to: Sugar Kitchen Canning & Preserving, Dept. K, C and H Sugar Co., One California Street, San Francisco CA 94106.

# Football Players Comment

Continued from page 1  
up and want to beat us.

**EDWARD GARCIA** - Goal is to just do the best I can. The fourth ranking is alright but maybe we should have been rated a little higher.

**LESLIE GARY** - Goal is to try to help the team go as far as we possibly can and not look for any personal glory. I think 4th in State is about right. It's going to be good for us because everyone will be after us, and we'll have to try harder. If we don't get the "bighead", we'll be okay. We'll have to get Littlefield, to win district because they are keeping a lot of their good guys and there's always the rivalry between us.

**ROBERT OFFIELD** - Goal - to help the team. Ranked about right I think. Littlefield will be the one to beat. I think the team spirit is pretty high this year, compared to last year, much better.

**NICKY SMITH** - Goal is to just help the team. Ranked about right. The better game will be with Littlefield, who has a pretty good team. They'll pep themselves up for us and really be mentally prepared.

**STEVE JOHNSON** - My goal is for the team to go undefeated during the year. Ranking is about right, but I think we can go over that. As for district competition, Littlefield will be the toughest. Our team spirit is real good this year.

**DAVID DAUGHTREY** - I just want to help the team and enjoy playing. If you don't enjoy the game, you're not any good at it. Fourth in state is good, but we have a good team and we can go better than that if everything goes okay and nobody gets hurt. Littlefield will be the toughest, because of the beating they took last year.

**MARVIN TILLMAN** - Goal is just to play. I feel like the Littlefield game will

decide district winners. They'll be tough. We can get to fourth in the State providing no one gets hurt, but one bad break and we might not even win district. Team spirit and cooperation is good this year.

**SHANNON THOMAS** - Just enjoy playing is my goal. If we don't goof up too much and no one gets hurt, we should make it to fourth in State as ranked. Team spirit is good this year and everyone seems to like each other. We'll have to beat Littlefield!

**BUSTER LLOYD** - Goal is to help the team as much as I can so we can go as far as we possibly can. Ranked fourth is about right. We could go better if everyone stays together and wants it bad enough. Littlefield will be our toughest competition, but every year we play to beat Littlefield.

**MARK McFADDEN** - I'm looking forward to playing and winning district and going as far as we can. We are ranked pretty good, and we will have to work for it. If we go any further, we'll really have to work, but I think we can do it. Littlefield will definitely be working to beat us and they are probably our toughest competition, but we can beat them.

**DAVID JOHNSON** - Fourth ranked is about right, but if everything goes okay, we will win State. My goal is to be named All District both on offense and defense. I'm not worried about Littlefield. Everybody is going to be after us, so we'll have to play every game.

**RENE SALDIVAR** - Goal is to just play the best I can. I think we have a good team, but maybe fourth is a little too high ranking. I think we can beat Littlefield. We have the coaches to take us to the top and team to go.

**ROGER RUSSELL** - I'm

just looking forward to being the best nose guard and getting named All District. We are ranked about right I guess, but if everything goes right we'll go further. I'm looking forward to beating Littlefield....they'll be tough.

Coaching the Mighty Mustangs this year is Ed Miller, head coach who directs offensive backs and defensive linemen; Larry Shackelford, offensive end and defensive secondary coach; Jim Rich, offensive line and defensive end coach. Due to the late resignation of coach Jerry Wilson, a line coach is not available this year. Other coaches include Larry Ledbetter, junior varsity football coach, girls basketball and track coach; and Tom Duncan, head of junior high athletics.

Coach Miller said of the upcoming season, "I think they've said it. We probably have more good football players than last year. There are 26 boys with us and we wouldn't hesitate to put any one of the 26 in a ballgame. We feel like they can play."

"I feel like football is becoming real important to our players and therefore, they are going to work harder at it."

Coach Shackelford said, "We have a better team than last year. Maybe fourth is a little high but our goal is the State Championship. We don't feel like we're over ranked with what we retained from last year's team and the kids we have added this year."

Miller summed it up by saying, "Right now, our biggest objective is to win our first ballgame."

that growers leave decisions of when to make application in the hands of the fliers who are concerned even with "little weather"...the whole complex system of weather covering a few acres or square miles and perhaps extending only a few feet above the ground, 1,000 feet at most.

To the casual onlooker the once proud acres of yellow faces turned to the northeast are now a dejected looking mass of bowed heads. But in speaking with those who are growing and studying the plants, it seems that the present condition of the sunflower crop is simple submission to progress that is necessary in man's quest for food.

first year of service and after two full years of service, \$2.50. Others salaries which were adjusted were the water superintendent and assistant, the city secretary and assistant.

Final discussion was on trash trucks, (dumpsters) which the mayor described as being able to be handled by one man. The trash truck now used by the city is manned by three men. Mayor Givens also stated that the operation was much faster and that the entire town could be covered in one day.

Cost of the truck was set at \$25,000 with containers at \$130 per unit.

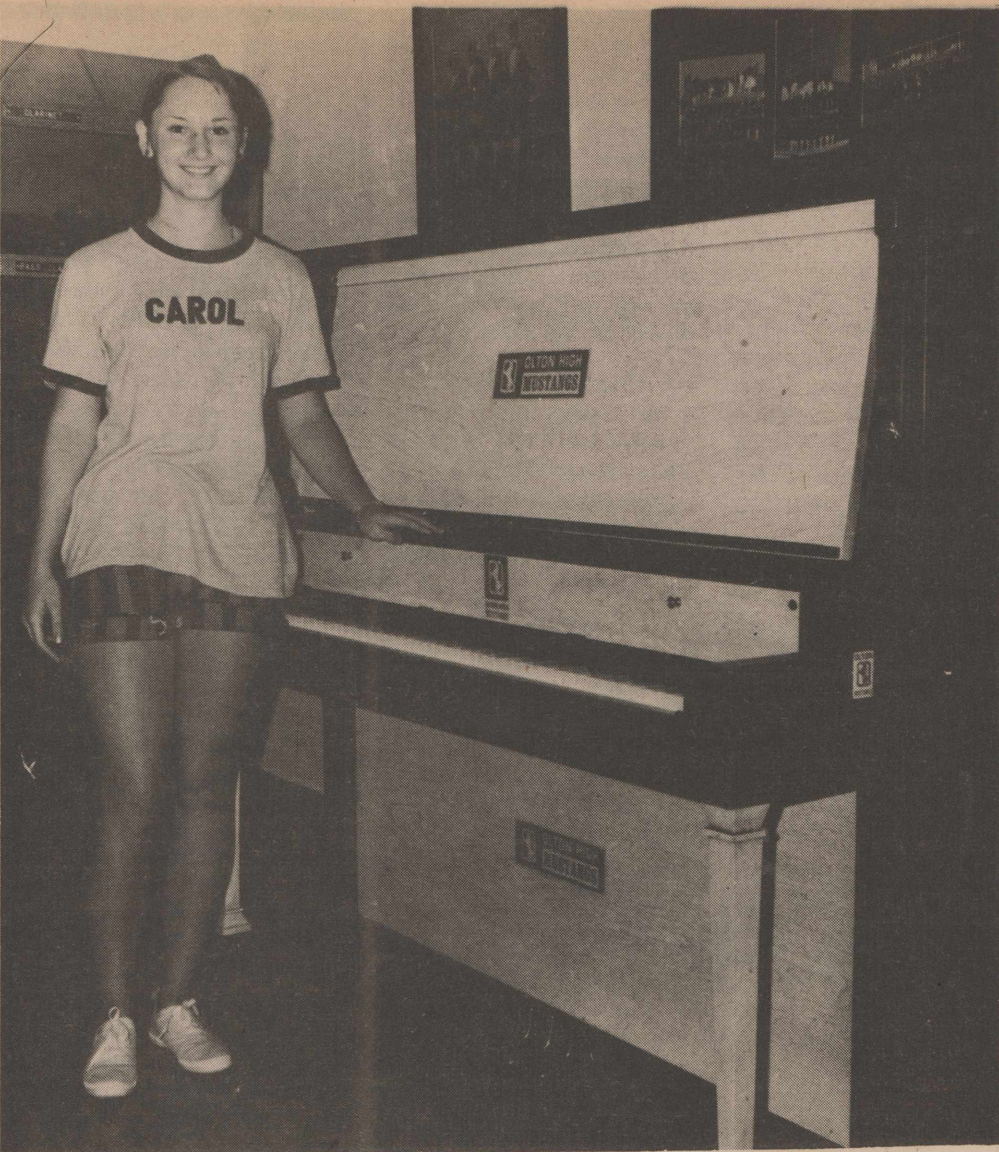

Council agreed to observe one of the trucks in operation and look into the possibility of acquiring the service.

All others will be charged \$1.00.

In other action, the board approved Williams, Sudduth and Faver as auditors for another year, approved the handbooks with only minor changes and approved a milk bid from Bordens. No gasoline bids were submitted.

A budget for 1975-76 totaling \$1,190,095 was approved by the board. Payroll budgeted totaled \$886,196; contracted service, \$69,027; supplies, \$60,143; other operating expenses, \$33,045; capital outlay, \$60,457 and indebtedness to be paid, \$81,227. Total receipts from local sources is expected to be \$514,128; Federal sources, \$4,000; State sources, \$677,098 for a total of \$1,195,226.

Board agreed unanimously to purchase liability insurance on all board members, at a cost of \$392 per year for one million dollars worth of insurance.

A bid for Workmen's Compensation insurance was submitted by Sluder Insurance at a total of \$3409. The school now has insurance with Texas Employment Insurance at a cost of \$3152.90. Board agreed to

leave it with the present company.

In a final report, Supt. Turner read a letter from Austin which denied transfer of students in elementary grades into Olton Schools due to the fact that the racial balance would be changed more than one percent if the children were accepted.

Several new attractions are being arranged for the 58th annual renewal of the regional exposition. In addition, Lewis said, "The Sensational Leighs" will return to perform on the giant space wheel, a free outdoor act.

Record attendance for the fair is 313,858, set in 1973. Last Year's exposition, plagued by rain, totaled 288,499.

## San Antonio Doctor Advises First Aid For Snake Bite

When a rattlesnake strikes, pack the bite with ice.

Contradicting presently recommended methods, this snakebite first aid advice for laymen comes from a San Antonio physician and surgeon, who has studied the causes and effects of venomous viper bites for the past 15 years.

Based on his own experiences in treating more than 200 snakebite victims, Dr. Thomas G. Glass, Jr., contends cold ice packs and constriction bands are far safer and more practical first aid measures than the more drastic "cut and suck" method, which has been widely used in Texas since early frontier times.

A clinical professor of surgery at San Antonio's University of Texas Medical School, Dr. Glass claims the presently advocated one-quarter inch long and one-eighth inch deep cross cuts are ineffective when the venom has been deeply injected into the muscle, and unnecessary when the victim receives no venom at all, which occurs in three cases out of ten, according to his studies.

Dr. Glass doubts cutting is

beneficial in any case, except with professional guidance, and argues that the laymen's chances of cutting a nerve, artery or tendon are too risky to be undertaken at all, and can cause greater harm than the snakebite itself.

Instead, he suggests that for any venomous bite, whether from a rattlesnake, cottonmouth, copperhead or coral snake, the layman should (1) apply constriction bands lightly both above and below the bite, where possible; (2) place crushed ice in plastic bags over the bite area to cool the venom and slow down its movement to other parts of the body, and (3) remove the victim to a medical facility in a rapid and safe manner.

San Antonio's Emergency Medical Services was among the first to adopt Dr. Glass' first aid techniques with EMS technicians now carrying constriction bands and chemical ice packs in their ambulances and standard equipment.

Based on his recommendations, San Antonio's Amerex Laboratories has developed a first aid kit, appropriately named, "Snakebite Freeze", which can be stored and used

where ice is not always readily available.

The kit contains two plastic bags of non-toxic, non-caustic chemicals, that are activated by squeezing an inner bag, producing an "instant" cold down to an estimated 18 degrees. The kit comes with two constriction bands and a neoprene insulated wrapper for holding the ice pack in place.

To clear up what he terms the "public's unwarranted and needless fears and lack of understanding of snakebites", Dr. Glass has published a 26-page booklet, "First Aid for Snakebite," in which he explains the first aid measures laymen can safely undertake.

The booklet distinguishes between the first aid, which Dr. Glass describes as the care given the victim at the scene of the bite, and the treatment, which he explains, is the attention and care the victim receives after arriving at a hospital or other medical facility.

Information on obtaining a copy of Dr. Glass' booklet or the Snakebite Freeze first aid kit is available by writing Amerex Laboratories, 307 E. Nakoma, San Antonio, Texas 78216.

## Obituaries

## Artie Beavers

Funeral services were held Sunday in First Baptist Church in Littlefield for Artie Thomas Beavers, 63, brother of Mrs. Oscar Scheller.

Officiating were the Rev. A.J. Kennemer, Pastor, and Andy Rogers, minister of Lazbuddie Church of Christ. Burial was in Bailey County Memorial Park under the direction of Hammons Funeral Home.

A native of Oklahoma, Beavers died Friday in Littlefield Hospital following a lengthy illness. He had been a resident of Littlefield one year, moving there from

Lazbuddie. He was a retired farmer and member of First Baptist Church.

Beavers was married to the former Louise Williams in Clovis, N.M. in 1933.

Survivors include his wife; one daughter, Mrs. Carolyn Jackson of Littlefield; two sons, James of Kress and Joe Don of South Dakota; six brothers, Burl of Hereford, Louis of Joplin, Mo., Ollie of Stark City, Mo., Curtis and Clifford, both of Dimmitt, and R.L. of Oklahoma City; four other sisters, Mrs. Allen Parker of Pierce City, Mo., Mrs. Paul Coleman of Phillips, Mrs. Merton Powell of Dimmitt and Mrs. Roy Bussey of Littlefield; and nine grandchildren.

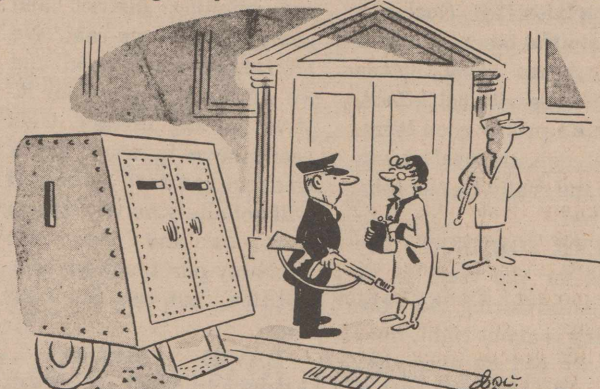

## Robert Barnett

Funeral services for Robert Barnett were held at 10:30 a.m. Monday in First United Methodist Church of Hale Center with the Rev. Conrad Ryan officiating. He was the brother-in-law of Bert Stewart.

Survivors are his wife, Ruth, two daughters, Mrs. Charleen Chastain of Clovis, N.M. and Mrs. Terri Bohler of Brownfield; two brothers, J.T. Barnett and Zed Barnett, both of Tulsa; two sisters, Mrs. S.A. Thompson of Amarillo and Mrs. Reba Bowers of Tulsa and five grandchildren.

## Lamb County Cotton Growers Rank Among Top 10 Counties In Texas

With a total of 80,300 bales, Lamb County cotton farmers ranked in the top ten counties in the production of upland cotton in Texas for 1974, Agriculture Commissioner John C. White reported.

County farmers harvested some 134,500 acres, compared with 165,700 in 1973. Yield per harvested acres reached only 287 pounds-a reduction of 157 pounds from the previous year.

Statistics for the past year have been compiled by the Texas Crop and Livestock Reporting Service, which show Texas slipping to Number Two in the nation in cotton production with a total of 2,462,000 bales. California led the nation with 2,595,000 bales.

Short moisture conditions, which reached drought proportions by April and May, delayed planting in many areas of the Texas High and Low Plains, according to White.

### HOUSEGUESTS

Larry, David and Donna Ballew of Jacksboro are visiting their brother and family, Mr. and Mrs. Sammy Fields and Julie Gay.

### IN VERNON

Mrs. J.O. Bledsoe and her daughter, Mrs. Mildred David of Sundown were in Vernon Sunday until Wednesday with Mrs. Bledsoe's son and family, Mr. and Mrs. Delroy Bledsoe, Jimmy and David.

Numerous farmers dry planted, but mid-June rains came too late for most of the crop. Planting on the Texas Plains was substantially below normal, and many stands were eventually abandoned.

Growth and development of the late maturing crop were delayed by cool weather and rains, and

harvest ran behind schedule through October and November. In addition, cool, wet weather in January delayed completion of harvest until February.

Texas farmers averaged 35 cents per pound, bringing the total value of the 1974 crop to \$413,688,000. More than one million tons of cotton-seed were also produced, adding another \$123 million to that total, White reported.

Complete statistics for Texas cotton have been published in the "1974 Texas Cotton Statistics." Copies may be obtained by writing John C. White, Commissioner, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

FROM AUSTIN  
Mr. and Mrs. Paul Spain of Austin and their granddaughter, Carissa Mannin of Lubbock came Saturday to visit his parents, Mr. and Mrs. E.R. Spain.

## Corn Production High

Lamb County made an important contribution to Texas agriculture in 1974 by placing in the top ten counties in corn production.

According to Agriculture Commissioner John C. White, farmers harvested almost 3.8 million bushels, a seven percent decrease from 1973's production.

Farmer County led the state in corn production with over 19 million bushels.

Dry weather, lasting from late fall through winter, caused most of the planting and growing problems on the Texas High Plains. Farmers either dry planted or waited for additional moisture, and yields of some crops were down drastically from previous years. Growth in most dryland areas was spotty and much replanting was necessary.

Despite the many problems associated with 1974, White reported that Texas ranked sixteenth in the nation in corn production with over 73 million bushels.

Complete figures on all

Texas field crops have been compiled in the "1974 Texas Field Crop Statistics." Copies may be obtained by writing John C. White, FROM AUSTIN

Another Federal Agency is moving closer to the farm. This time it's the Environmental Protection Agency. EPA officials are now sifting through the chemical analysis of nearly 35-thousand pesticides to decide which ones will require a government restriction. Those chemicals classed as restricted may be applied only by persons certified. Although the starting date for the certification requirement is more than a year away (October, 1976), many farm operators are all ready checking the requirements for certification. The establishment of two levels of certification will make things easier for most ag producers. To be certified as a private applicator (applying pesticides on your own land) boils down basically to being able to read and follow instructions. Commercial certification will involve passing a written test which will cover chemical formulas, equipment specifications and EPA rules and regulations.

## Across The County Line

By Mrs. C.D. Tanner

Mr. and Mrs. John Norfleet, Cynthia and Nancy and Mrs. Mark Cleveland and Sara of New Orleans, La. spent from Sunday to Tuesday at Ruidoso, N.M.

Gregg Couch of Anton was a weekend guest of his grandmother, Mrs. Lucille Couch.

Saturday evening Mrs. Annie Johnson hosted an ice cream and cake birthday party honoring members of her family having birthdays in July, August, and September. Guests were Mr. and Mrs. Lenore Johnson and Darla; Mr. and Mrs. Tommy McClain and Derek of Hart; Mr. and Mrs. Ershel Johnson; Mr. and Mrs. Melvin Schwab of Plainview; Mr. and Mrs. Wayne Schwab and Doug of Lubbock and Gary Jr. and Christy Johnson of Portland.

Lubbock. Assisting the host family in showing the new home were her sister, Mrs. Boyd Mears of Lubbock and sisters-in-law, Mmes. Steve Johnson and Bill Johnson both of Hobbs, N.M.

A Spanish theme, throughout the home, featured colors of red, gold and black.

Other out of town guests were her brothers, Steve and Bill Johnson of Hobbs; brother-in-law, Boyd Mear of Lubbock; Mr. and Mrs. Cloys Johnson of Abilene; Mr. and Mrs. Duane Eby and Mrs. Leah Cross and children of Olton; and Mr. and Mrs. Tom Lewellen, Delbert Lewellen and Mr. and Mrs. Joe Lewellen, all of Friona.

## NEWS OF STAMPS

Mrs. Steve Burleson of Gruver and Mrs. Sam Roden, Jr. of Amarillo were lunch guests of Mr. and Mrs. Ershel Johnson, Cynthia and Steve Saturday.

Mr. and Mrs. Neilan Smith, Scott and Mark held open house at their home Sunday afternoon. Special guests were their parents Mr. and Mrs. Winford Smith and Mr. and Mrs. W.H. Johnson of Plainview.

The party table, which was arranged in the convenient garage, was laid with a cotton cloth with wide ruffle in red and gold print with gold napkins. The centerpiece was of summer flowers in shades of gold and yellow arranged in a white pot. Appointments were milk glass. Refreshments were served by Mmes. Eddy Pruitt and Butch Harrell assisted by Misses Jennifer and Melinda Johnson of Hobbs, N.M. Guests were registered by Misses Tonya Pruitt and Janet Mears of

As inflation keeps nibbling away at paychecks, one way of "biting back" refuses to go out of style.

Consumers still appreciate the familiar trading stamp's dollar stretching virtues. Or so a national survey by Benson & Benson Inc., of Princeton, New Jersey implies: although stamps are harder to come by these days, 67 per cent of all Americans view them favorably; only 33 per cent, unfavorably.

About six stamp savers in 10 would "go a little out of my way" to get their stamps; a solid 67 per cent would be disappointed to see their stamp-giving supermarket drop stamps.

"Consumers want stamps as much as ever," says Norbert V. Osterland, president of S&H Green Stamps, oldest and largest trading stamp firm in the nation.

In the 1960's, when stamps became available in about 65 per cent of all supermarkets, they lost some of their pulling power.

Then came the wave of inflation and "discounting" with promotions of many kinds cancelled, followed by the gasoline shortage of late 1973, which hurt service station stamp sales—the industry's second biggest market.

Now that stamp companies are regaining sales, "never have people felt a stronger urge to wring the last bit of value out of every dollar spent," Osterland states.

## Fresh Pears In Tangy Salad

As American as corn on the cob is "Cinnamon Cider Mold With Bartlett Pears." This simple-but-novel gelatin salad is flavored with red cinnamon candies and apple juice. The Bartlett pears are fresh from California. You'll find a good supply of them currently in local markets. Garnish the mold, if you wish, with parsley sprigs and pear slices that have been dipped into lemon juice to prevent darkening. This is an excellent salad for a buffet dinner, especially if you are featuring ham or fowl.

**CINNAMON CIDER MOLD WITH BARTLETT PEARS**

2 cups cider or apple juice 1/4 teaspoon salt  
2 tablespoons red cinnamon candies 2 fresh California Bartlett pears  
1 envelope plain gelatin Parsley

Combine 1 1/2 cups cider with the candies in saucepan; simmer until candies dissolve. Soften gelatin in remaining 1/2 cup cider; stir into hot mixture and continue stirring until dissolved. Add salt. Chill until mixture begins to thicken. Halve, core and cube 1 pear; mix into gelatin and turn into mold. Chill until firm. Invert onto plate and garnish with parsley and the remaining fresh pear, cut into wedges.

Makes 4 servings.
