Vishinsky Greets President Truman

President Truman and Russia's Andrei Vishinsky are shown shaking hands at a United Nations reception following the President's speech to the General Assembly. Vishinsky did not applaud Truman's address in which he called for a unanimous agreement among countries on a "fool proof" disarmament plan. Later the President told reporters Soviet Foreign Minister Vishinsky is a guest in our house and we must be courteous to him.

School Officials Puzzled By New Ruling on Night Classes

School administrators in Scurry County are at loss today for an answer to the latest problem in child labor which came as a jolt yesterday when night classes to enable children to work in the cotton harvest were declared illegal.

"We don't know yet what we will do here," M. E. Stanfield ,superintendent of the Snyder Schools, said this morning, referring to a recently established class held here from 3:30 to 7:30 o'clock each afternoon.

CONTINUE CLASS

No decision for an alternative has yet been made, Stanfield said, and the class—although no one has yet enrolled in it—will continue to be open during those hours until either ordered closed by the U. S. Department of Labor or until an alternative arrangement is made.

No officer or representative of the labor department had contacted school administrators here by noon today, Stanfield said, and administrators here do not want to make an alternate decision too hastily. "We have not had time yet to consider other arrangements," he added.

Yesterday, schools at Rotan and Roscoe closed their night classes after they were declared illegal. All schools in Roscoe closed today until Nov. 6.

The labor department recently approved schools holding two sessions daily to permit students to work in agriculture, provided both sessions fall within the normal school hours.

DEFINE LAW

These hours, however, were declared to be roughly between 7 a. m. and 5 p. m., according to an Associated Press statement quoting William J. Rogers, regional director of the department's wage-and-hour division in Dallas.

Several schools in this section of West Texas have closed for the cotton harvesting season in order to permit children to work in the fields during school hours. In Scurry County, Hermleigh and Fluvanna schools now are closed for cotton harvest.

The late afternoon class here was established in order to permit the schools to remain in session because Snyder schools opened two weeks late.

"We may close school," Stanfield said, "but if we do, it will be as a last resort."

The Rotan School board was to meet today to make some arrengement as an alternative to the night classes.

Scurry Well Produces Out Of Wolfcamp

Flowing production from the Wolfcamp has been reported for the southeast side of the Cogdell pool in Scurry County, at the Texas Co. No. 98 Fuller.

Two hour and 40 minute drillstem test from 5,306 to 5,319 feet developed gas at the surface in 14 minutes and mud in 76 minutes. The well was cleaned into pits for 17 minutes. Then it was turned into tanks.

It made 20.7 barrels of oil an hour and 2.1 per cent drilling mud and water. Oil tested 42.5 gravity and the gas-oil ratio was 1,046-1.

[illegible] to 5,330 feet had gas at the surface in seven minutes and mud in 80 minutes. It was flowed into pits for 26 minutes then turned into tanks, with testing continuing at last report.

The No. 98 Fuller is 1,690 feet from the north and 3,336 feet from the west lines of section 551, block 97, H&TC survey.

KENT ELLENBURGER

L. A. Douglas of San Antonio and Sojourner Drilling Co. of Abilene will drill at 7,500-foot Ellenburger wildcat in North-Central Kent County.

It will be their No. 1 Hager, in the center of the northwest quarter of the northeast quarter of section 79, block 1, H&GN survey.

Drillsite is four miles west and slightly south of Girard and 10 miles northeast of the Salt Creek Canyon field.

GAS, NO OIL

Stanolind Oil & Gas Co. No. 1 C. W. Burton, Northwest Howard County wildcat, 10 miles northwest of Big Spring and eight miles southwest of the Vealmoor field, showed considerable gas but no oil or water in a drillstem test which covered the top of the Pennsylvanian lime at 8,200-8,904 feet.

The tool was open one hour and 57 minutes. Gas showed at the surface in 50 minutes. No fluid came to the top while the tester was open.

Recovery was the 1,000-foot water blanket which was cut with gas and 6,000 feet of heavily gas-cut drilling mud.

There were no indications of oil or of formation water.

Shut-in bottom hole pressure after 15 minutes was 4,100 pounds. Not open flowing bottom hole pres-

Atlantic Pact Defense Shows Quick Results

(By The Associated Press)

WASHINGTON, Oct. 25. — The 12 North Atlantic nations, banded together for defense against Communist aggression, [illegible] to create a bigger force and do it faster than their military planners have hoped.

This prospect, cheering to a nervous western world, developed today out of the opening session yesterday of the military committee of the North Atlantic Treaty organization.

THREE REASONS

It resulted, essentially, from three things:

1. The urgent plea by American Gen. Omar Bradley to the committee for action now to bring into being an integrated land, sea and air force to resist any new military thrusts by Russia or her Communist satellites.

2. A move in the military committee, sparked by one of the smaller nations, to contribute to the combined defensive organization a larger force than had been blueprinted.

3. The overt act of Communism—bringing war to Korea — which has stepped up the tempo of rearmament by most of the Atlantic nations, whether or not they are fighting in the far eastern conflict.

IMMEDIATE OK

A spokesman for the American delegation to the conference didn't identify the small country that set off the move to speed up formation of the combined forces, but he said the idea immediately gained approval from the other chiefs of staff who represent the treaty nations.

He said the idea for speeding up applied to all phases of the plan—the immediate, emergency action to get a defensive force into existence; intermediate steps to follow that, and also in what had been considered as the "long range future."

Taft Says T-H Law Not Issue In Ohio Race

(By The Associated Press)

Sen. Taft (R-Ohio) said today the CIO's Political Action Committee, trying to defeat him for re-election, has dropped the Taft-Hartley Labor Act as an issue in his state.

He made plain he attributed this to what he called the "widespread support" the law has won among working men as well as the general public despite its denunciation by union leaders as a "slave labor" act.

TOP LABOR TARGET

As a co-author of the law, passed by the Republican-controlled 80th Congress in 1947 over President Truman's veto Taft has been labeled the No. 1 target of organized labor in the Nov. 7 congressional elections.

Ferguson, meanwhile, expressed fear last night that Taft forces would "steal" the election from him. He told a party rally at Newark, Ohio:

"If they can't win the election, they'll steal it. We're going to have watchers in the voting booths because we're afraid the election is going to be stolen."

Ferguson did not elaborate.

MORE CLAIMS

In Washington, Republican national committee chairman, Guy George Gabrielson predicted the GOP will pick up at least five seats in the Senate and 25 in the House in the November elections. Democrats have been claiming they will make similar gains.

The figures Gabrielson mentioned on a broadcast would not be enough to give the Republicans control of either the House or the Senate, but he added it is "enough for majorities in both [illegible]tirely possible" they will pick up branches.

Burned Victim Gains

James F. Reed, assistant superintendant at the Lion Oil camp west of Snyder, was reported to be improving today at the Snyder Hospital. Reed is recovering from second degree burns of the arms and hands in an oil well fire at the Lion No. 2 Strom early Sunday morning.

Meat Supply, Price Is Left To Brannan

WASHINGTON, Oct. 25. (AP)—How much meat Americans eat next year and what prices they pay for it may hinge upon decisions to be made by Secretary of Agriculture Brannan within the next few weeks.

The administration farm chief must decide whether the government will re-establish price supports as a device for encouraging farmers to produce more hogs to boost 1951 pork supplies.

Economists for the government and the food industry generally agree that the defense program will boost employment and consumer buying power.

MORE SPENDING

A larger than normal portion of buying power may be spent at food stores because of the prospect of smaller supplies of new homes, automobiles and appliances.

The big question facing Brannan is whether farmers, of their own accord, will increase production of meat animals enough to meet the prospective greater demand for meat without a government promise to protect them against a sudden sharp price decline.

If not, the result could be bidding up of meat prices under the influence of consumer competition for inadequate supplies — and possibly return of price controls and some form of rationing.

SIMILAR SITUATION

Brannan finds himself in somewhat the same position a predecessor, former Secretary of Agriculture Claude Wickard, was tossed by the outbreak of World War II in Europe. It became quite apparent to Wickard that the demand for meat would increase.

Seeking to encourage farmers to step up production to meet that expanded demand, Wickard set up price supports for hogs. This was an unprecedented move, but it accomplished the purpose. Farmers set hog production records. This country was able to send vast supplies abroad and feed Americans better than ever before.

Work Starts On First Of Five Bridges

Beginning work on Snyder's big bridge program, employees of Harry Newton Inc. of Graham, Tex., began this week on the first bridge project, widening of the low water crossing on Twenty-sixth Street just west of the city hall.

While work proceeds on the crossings, Twenty-sixth Street is temporarily closed at that point.

The crossing will be widened to match the 56-foot breadth of the street, and four-foot pedestrian walks and railings will be added. The crossing is expected to be finished in about five weeks.

The street will remain blocked until half the crossing is completed. Then traffic will be allowed to cross on the finished half, while work proceeds on the other half.

Five bridges and crossings are included in the project, all of which is under contract to the Newton corporation.

Work will start on the new bridge on Twenty-eighth Street and Avenue T as soon as the low water crossing near the city hall has been completed. The new bridge on Twenty-eighth will be a concrete structure similar to the bridge across Deep Creek on Twenty-fifth Street.

A new concrete 36-foot bridge with four-foot walks will replace the narrow wooden crossing at Avenue O and Twenty-fourth Street, near the Church of Christ.

Another bridge on Twenty-sixth Street, near the High School and Snyder Steam Laundry, will be widened to 56 feet with four-foot walks.

Also near the High School is the fifth bridge in the project, on Twenty-eighth Street, just west of the gymnasium to replace the narrow bridge now at the crossing.

Along with drainage construction the project will cost $132,486.65.

Philippines Discover Plot To Overthrow Government By Reds

MANILA, Oct. 25. (AP) — The national defense department says it has discovered a secret Communist master plan to overthrow the Philippines government. It said the Reds planned an army of 116,000 men to begin the revolution next year.

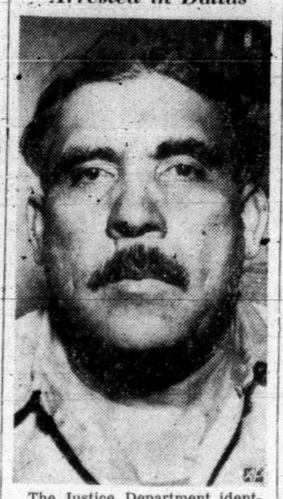

Discovery of the asserted plan at Communist headquarters resulted in suspension of the writ of habeas corpus for all suspected subversives by President Quirino.

Many foreign diplomats today unofficially requested—and were given — copies of Quirino's proclamation.

The defense department today said the secret Red plan called for 35 divisions totalling 116,000 men trained to overthrow the government in November of next year.

Experts said the plan was well suited to conditions in the islands.

Arrested in Dallas

The Justice Department identifies Jose Estrada Castillo, 57, as an alien and executive committeeman of the Communist Party. He was arrested in Dallas, Tex., as the department continued its sweep-up of alleged alien communist leaders. Castillo denied he was a Communist. He said he was born in Mexico and had lived in the U. S. for 50 years.

New York To Clear Hoods For Election

NEW YORK, Oct. 25. (AP) — Memory of a four-year-old election day murder sent police swooping down on dives and gang hangouts last night and today under orders to arrest every known hoodlum in New York City.

Some 700 detectives took part in the roundup and by early morning 160 persons had been booked on vagrancy charges. Most of them were gamblers, vagrants and petty criminals.

The orders came from Acting Mayor Vincent R. Impellitteri, who said he had "alarming reports" that strong-armed mobsmen were being planned to intimidate voters in the red-hot city campaign.

"There must not be another Scottoriggio case while I am mayor," he told his new police commissioner, Thomas F. Murphy.

BEATEN TO DEATH

Impellitteri referred to the unsolved murder of Joseph Scottoriggio, a Republican campaign worker who was beaten to death in East Harlem on election day in 1946.

Murphy issued his own orders immediately last night to the 19,000-man police force. His officers said "thousands" might be caught in the dragnet.

Murphy said the hunt would be a round-the-clock business, with the city's 700 detectives participating as well as the much larger uniformed force.

Impellitteri insisted that the Nov. 7 election be "terror free." He refused, however, to elaborate on what he called his "alarming reports."

His orders came after the latest outburst in an already bitter campaign.

BITTER BLAST

Last night Impellitteri, a Democrat running as an independent, after he was refused his party's nomination, accused his regular Democratic opponent, Supreme Court Justice Ferdinand Pecora of being a front man for Gambler Frank Costello.

"I say he is nothing more than a respectable front for the lowest, vilest elements this town ever saw," Impellitteri said in a radio talk. He added, however, that he was not attacking Pecora's personal integrity.

Pecora denied the charges and challenged Impellitteri to meet him in a public debate on the accusations at Times Square.

American Plane Hit By Chinese Ack-Ack

WASHINGTON, Oct. 25. (AP)—The Air Force said today an American F-51 fighter plane was hit yesterday by anti-aircraft fire from the Chinese side of the Korean-Chinese border.

A spokesman said the pilot flew the plane out to sea but had to put down there. He was picked up by United Nations naval craft.

He said the American plane was three miles south of the border when fired on from the Chinese side.

This was the second report of American planes subjected to anti-aircraft fire from across the Chinese border.

Dispatches from Korea yesterday said two U. S. Marine planes were fired on Monday. Neither was hit.

Weather

WEST TEXAS: Fair, warmer Panhandle and South Plains this afternoon and tonight. Warmer Thursday.

FAST TEXAS: Fair this afternoon, tonight and Thursday. Warmer north portion Thursday. Gentle to moderate variable winds on the coast becoming southerly Thursday.

Five Allied Divisions Press Within 32 Miles Of Manchurian Border

Motion to Buy More Land At Airport Dies

A motion made in commissioners court to purchase an additional 42 acres of land at Winston Field which would make possible the construction of a southwest-northeast runway died Monday for lack of a second.

Edgar Taylor, county judge, said today that unofficial approval had been indicated by CAA officials that the cross strip would qualify for federal aid. The northeast-southwest runway is important, he said, because the prevailing winds here would make it the most used runway at the field.

In the meeting of the commissioners Monday afternoon, F. J. (Jones) Chapman made a motion to purchase the additional plot, but no second was made.

The site of the county's new airport on which construction of an administration building, runways, and hangars will begin soon, remains in a L-shape.

Harry Winston and Wade Winston of the Winston Brothers Hereford Ranch, original owners of the site, agreed recentiy to sell the additional plot of approximately 42 acres to the county for $200 an acre.

The commissioners court made the original purchase of the site by buying a rectangular plot but later agreed to trade some of the acreage in its southwest corner for other land extending west from the north end of the field, leaving a nick in the southwest.

Excess Profit Pressure Down

By JOHN HADWICK
AP Staff

WASHINGTON, Oct. 25. — Sen. Flanders, (R-Vt) said today he has turned against an excess profits tax and now favors another boost in regular corporate levies to help pay for spiraling defense costs.

He added he believes other legislators may have had a similar change of heart since Congress adjourned last month.

There was strong congressional sentiment then for an excess profits tax, and Chairman George (D-Ga) of the Senate Finance Committee said yesterday that it will be one part of a multi-billion dollar tax increase which he said lies ahead.

George, whose committee post makes him one of the top tax spokesmen in Congress, forecast passage of an excess profits tax before Christmas or early next year at the latest, with the levy made retroactive to the last half or the last quarter of 1950.

Flanders told reporters, however, that he will propose to George that in lieu of an excess profits tax Congress should consider raising the top income levy on corporations to perhaps 50 per cent. It was raised last month from 38 to 45 per cent, effective Oct. 1. Flanders said he thinks the action would be fairer and produce more revenue than an excess profits tax.

George also foresaw the possibility of another general tax hike, saying the nation's growing military program will make it necessary to raise more revenue. He did not speculate on its provisions.

U. S. Rejects Red Plea To Unite Germany

WASHINGTON, Oct. 25. (AP)—Secretary of State Acheson turned down today a Soviet bloc proposal for a new big power effort to establish a single German government.

The proposal was made Saturday following a two-day conference at Prague of Russian Deputy Premier V. M. Molotov and foreign ministers of seven satellite nations.

BLAME RUSSIA

Acheson in a statement blamed Germany's plight on Russia's post war actions. The proposals made at Prague, he said, "should be directed to the government of the Soviet Union."

Russia, he declared, could make the postwar Potsdam agreement "one hundred per cent complete in Germany by taking the required steps in the Soviet zone."

"The time has long since passed when the world can be stirred to hope by general phrases from the Soviet Union about disarmament and peace and German unity," Acheson said.

WANT ACTION

"We who have striven so hard want actions—we want the threatening East German army disbanded, the capricious restraints on internal German trade removed, and free democratic elections held in all Germans.

"We want an end to threats such as that uttered by the Communist Ulbricht, deputy head of hte East German reegime, on Aug. 3, when he declared that the government of the Federal Republic would share what he hoped was going to be the fate of the Republic of Korea."

French Troops Falling Back

By SEYMOUR TOPPING
(By The Associated Press)

SAIGON, Oct. 25. — A military spokesman said today French troops have been withdrawn from outlaying positions around isolated Laokay, last French bastion on Indochina's northwest frontier.

From Laokay itself civilians were being evacuated by air to Hanoi, 150 miles to the southeast. The spokesman said the civilian evacuation was begun on the recommendation of military authorities.

French troops pulled in from Laokay's outposts were reported digging defense lines in anticipation of an assault by menacing guerrilla forces of Moscow-trained Ho Chi Minh's Vietminh.

Laokay's principal outlying defense position at Muong Khuong, 18 miles to the northeast, was abandoned, the spokesman said. The troops moved back closer to Laokay.

French planes raked Vietminh troop concentrations east of Laokay. The strike was one of a series carried out by French aircraft ranging over Northern Indochina.

From Hanoi Associated Press Correspondent Kenneth Likes messaged that in the past three days 1,000 Nung and Thai tribe members, who are partisans of the French, had been moved out of Laokay by air. Most of them were women and children.

Evacuation of the military from Laokay was not yet indicated, Likes said.

No Organized Opposition To Cleanup

Guerrillas Cut Off Rail Communications For Hours At One Point

SEOUL, Oct. 25. (AP) — South Korean troops thrust within 32 miles of the Manchurian border tonight in the drive to end the war.

Red Koreans fled in ox carts and afoot before five northward driving allied divisions.

The Republic of Korea (ROK) Sixth Division was reported closest to the border. It was four miles west of Hoemoktong and about 20 miles northwest of Huchon in North Central Korea.

SIXTH VEERS

The Sixth veered northwest at Huchon, taking the shortest road route to the border-marking Yalu River. Its route was carrying the ROKs away from Kanggye, reported new command headquarters of Red Korean Premier Kim Il Sung.

The ROK Eighth Division, pushing rapidly northward, was 12 miles south of Huchon.

The ROK First Division drove into Unsan, 54 miles north of Pyongyang and the same distance southeast of Manchuria.

Intelligence officers at Gen. MacArthur's headquarters in Tokyo said reports that a South Korean force already had reached the Korean-Manchurian border "are in error."

There was no resistance, except for small arms fire in a few spots. Nor was there any evidence of a big convoy moving southward to oppose the United Nations clean-up campaign.

That was a Mupyong, 20 miles southwest of Kanggye, near the Manchurian border about midway across the Korean Peninsula. Kanggye has been reported the mountain retreat of the refugee Red regime.

FEW TARGETS

But outside of the vehicular conception, the Air Force went abegging for targets. Ox carts and Reds afoot were attacked.

Guerrillas were active in several areas. The main railway line between Taegu and Taejon was cut for several hours.

A by-passed pocket of an estimated 2,000 Reds 14 miles south of the east coast port of Wonsan threatened, for a while, to cut a rail-line, MacArthur's headquarters said.

The allied spearheads driving north continued to find great stores of abandoned Communist equipment.

Senator Sees Upper House Throwing Away Its Prestige

By EDWIN B. HAAKINSON
(By The Associated Press)

WASHINGTON, Oct. 25. — Sen. Gillette (D-Iowa) pointed today to two trends in the election of United States senators which he said threaten the prestige of the Senate.

The silver-haired Iowan is chairman of the three-man Senate subcommittee which is policing this year's election of senators. Yesterday it ordered investigators into four states: New York, Pennsylvania, Iowa and Kentucky.

SAME STORY

Ten years ago Gillette also headed a similar committee. Of the different problems that have developed in that span, Gillette told a reporter:

First, it now costs so many thousands of dollars to be a successful Senate candidate that the "man of average or moderate wealth cannot afford to run."

Second, the nomination of a Senate candidate has become a center "of political deals and political trafficking in too many states."

"Powerful interests and organizations recently have been combining in these deals," Gillette said. "If these two trends continue it could destroy the prestige and value of the Senate."

MANY LOOPHOLES

Existing and suggested federal laws aim at preventing or outlawing these trends, but Gillette said "there are so many loopholes."

After telephone conferences with Sens Stennis (D-Miss) and Schoeppel (R-Kan), Gillette yesterday ordered attorneys and investigators his two sub-committee colleagues, it probably is impossible to cure or halt them by writing laws because into four states from which formal complaints centering on senatorial campaigns have been filed.

They came from the American Labor Party in New York, Republicans in Iowa and Kentucky and Democrats in Pennsylvania.

Pravda Treats Truman Speech With Mildness

MOSCOW, Oct. 25. (AP) — Pravda said today that President Truman in his speech to the United Nations yesterday "called for the realization of the great purposes" of the UN but "violated the general tone" of his address by glorifying America's war power.

The Communist Party newspaper commented that "a large part of President Truman's speech was devoted to extended statements on peace, justice, faith in human values, calls for international order, etc."

The President spoke "no less solemnly of the great purposes of the United Nations," Pravda declared.

But he also tried in his New York speech to justify American "aggression" in Korea, and U. S. "efforts directed at unsetting the United Nations," the newspaper asserted.

Truman told the UN on its fifth birthday yesterday that America has "embarked upon the course of increasing its armed strength only for the purpose of helping to keep the peace.

"We pledge that strength to uphold the principles of the charter of the United Nations," Truman declared.

The President said the UN is stronger than ever before because of the sacrifices of the men who died for it in Korea. The people of the world, he continued, rely on the UN for two great purposes — improvement of the conditions under which they live and fulfillment of their profound longing for peace.

Scurry Well

(Continued from Page 1)

sure was reported. The project is now circulating while waiting on orders.

Location is 660 feet from the north and west-lines of the southeast quarter of section 27, block 33, T&P survey, T-2-N. Top of the Pennsylvanian lime was picked at 8,866 feet.

Elevation is 2,360 feet. A string of casing is cemented a 8,200 feet. On the drillstem test reported above the packer was set at 8,150 feet, which is 50 feet up in the casing.

BORDEN FAILURE

Don Ameche and associates No. 1 W. D. Johnson, Southwest Borden County wildcat 12 miles southwest of Gail, has been abandoned and plugged on a total depth of 9,734 feet in Ellenburger lime.

This project drilled into that formation several months ago and made sulphur water in that section.

Operator then plugged back to 8,400 feet and cemented 5½-inch casing was perforated at 8,250-8,270 in the Pennsylvanian lime. The casing was perfora ed at 8,250-8,270 feet, and that interval treated with acid. Extended testing after the acid developed a small oil production and some salt water.

The prospector was then allowed to be idle for several months. Recently Plymouth Oil Co. and Stanolind, both of which concerns had leases in the vicinity of the Ameche venture, took over the hole and re-tested it.

The perforations at 8,250-70 were squeezed off, and the zone at 8,240-60 feet was then reperforated and acidized.

That activity failed to show any signs of commercial production. A little oil was swabbed but it was accompanied by salt water.

It is located 669.9 feet from the south and 667.3 from northeast quarter of section 45, block 32, T&P, T-5-N.

SCHLEICHER FAILURE

National Associated Petroleum Co. No. 1 B. M. Boyd, Northeast Schleicher County wildcat, 28 miles northeast of Eldorado, and 660 feet from south and east lines of section 23, block H, GH&SA survey, has been plugged and abandoned as a failure on total depth of 5,510 feet in the Ellenburger.

Top of that formation was at 5,220 feet. The zone showed no possibilities of producing.

Slight shows of oil and gas, along with considerable water were developed by this prospector in both the Strawn lime of the Pennsylvanian and in a lower section of the Pennsylvanian, as well. Neither of those zones had sufficient oil to make any sort of a producer.

GAS-CUT MUD

Operator is now waiting on orders at Shell Oil Co. No. 1 Edwards, Northeast Ward County wildcat, after recovering 6,500 feet of salty sulphur water and 2,000 feet of gas-cut drilling mud on a 170-minute drillstem test.

The test was taken in the Ellenburger at 8,717-8,764 feet. A strong blow was to the surface when tool was opened, and diminished after one hour. Gas was to the surface in 115 minutes.

Electric log surveys have been run and the project is waiting on orders.

The wildcat is at the center of the northwest quarter of the southeast quarter of section 4, block B-20, psl survey.

Drillsite is one and one-half miles west of the Crane County line and eight and one-half miles southeast of Ellenburger production in the Monahans pool, and six miles south of the town of Monahans.

OUTPOST STAKED

Ted Weiner and others No. 1-9 Andrew Fasken has been staked in Northeast Midland County as a one-mile outpost to the Germania field.

Location is 2,006.4 feet from south and 660 feet from west lines of section 9, block 38, T&P survey, T-2-S.

Rotary equipment will be used in drilling the exploration to contracted destination of 8,000 feet.

Drillsite is nine miles east of the City of Midland and one mile east of the Germania field.

STERLING FAILURE

Humble Oil & Refining Co. is preparing to plug back at its No. 1-B Foster, wildcat in Central Sterling County.

The project is bottomed in Ellenburger at 8,680 feet after recovering 225 feet of mud-cut salt water and 875 feet of sulphur water.

The salt water was recovered after a drillstem test at 8,640-60 feet, with tester open 64 minutes. The sulphur water was recovered on a 59-minute drillstem test taken at 8,660-80 feet.

Operator probably will plug back to 4,038 feet to test the zone at 3,985-4,038 feet in the Wolfcamp.

When the formation was drilled, a drillstem test was taken at the above interval. With tool open two hours and 30 minutes, recovery was 200 feet of oil and gas-cut mud and 1,900 feet of free oil. No formation water was made on that test.

The wildcat is 2,050 feet from west and 1,965 feet from south lines of section 16, block T, T&P survey, six miles southwest of Sterling City.

SCURRY LOCATIONS

Four new 7,000-foot rotary tool explorations have been spotted in Scurry County. Drilling will begin immediately on these projects.

In the Kelley-Snyder field of Scurry County, Bryd and Frost, Inc. No. 4 Arnett is locatted 4,675 feet from south and west lines of the northwest quarter of section 291, block 97, H&TC survey and six miles northwest of Snyder.

JESSIE BROWN

Standard Oil Co. of Texas has staked its No. 10-8 Mrs. Jessie W. Brown ten miles north of Snyder and 772 feet from north and 965 feet from west lines of section 450, block 97, H&TC survey. It is in the Kelley-Snyder field.

NO. 3 BYNUM

Lion Oil Co. spotted its No. 3 Bynum 13 miles southwest of Snyder in the Diamond M-Canyon field of Southwest Scurry County.

Location is 1,740 feet from north and 3,386 feet from east lines of section 178, block 97, H&TC survey.

R. J. RANDALS

Sun Oil Co. No. 3-C R. J. Randals is another new location in the Diamond M-Canyon field.

Drillsite is 1,240 feet from north and 467 feet from west lines of section 246, block 97, H&TC survey, and eight miles west of Snyder.

EXTENDS FIELD

The Sweetie Peck-Pennsylvanian field in Southwest Midland County has been extended one-half mile to the south by the completion of General American Oil Co. No. 1-PB J. F. Peck.

The producer, 880 feet from east and 440 feet from north lines of north half of the southwest quarter of section 21, block 41, T-4-S, T&P survey, potentialed for 764 barrels of 44.2-gravity oil and no water per day on a 24-hour flowing test through a one-half inch choke.

Production is coming from open hole at 10,365-10,462 feet in the Pennsylvanian lime.

Casing pressure on the completion test was 525 pounds and tubing pressure was 1,175 pounds. Gas-oil ratio was reported to be 1717-1.

NO SHOWS

Anderson-Prichard Oil Corp. No. 2 H. C. Bevers, west offset to that company's No. 1 Bevers, discovery of reef production in South-Central Terry County, took a drillstem test in the lower Pennsylvanian at 10,828-860 feet.

Tool was open one hour and 30 minutes. Recovery was the 1,000-foot water blanket, 100 feet of drilling mud and 8,200 feet of salt water with no shows of oil or gas.

Operator is to drill on down to the Silurian.

At total depth of 10,869 feet, this project is 833 feet below the top of the reef.

Tentatively at 9,955 feet, 225 feet low to the top of the reef in the No. 1 Bevers.

Operator has some sulphur water on a drillstem test from 9,950 feet to 9,990 feet.

The No. 2 Bevers is 660 feet from north and west lines of the northeast quarter of section 39, block DD, John H. Gibson survey and 10 miles southwest of Brownfield.

A. W. Arnold Dies in Night

Addison W. Arnold, 58, retired Snyder ginner, died unexpectedly about midnight at the Snyder Hospital. He suffered a heart attack.

Until two years ago when he retired, Mr. Arnold was a partner in the Ely, Arnold, & Ely Gin on Avenue Q. His partners were W. J. Ely, 3709 Avenue U, and L. G. Ely, now of Hamilton. When they sold the gin two years ago to the Western Cotton Oil Co., the men retired from the ginning business. The firm now is the Paymaster Gin.

Arnold was a partner of the Ely brothers before coming to Snyder.

Prominent Snyder ginner, who died last night—A. W. Arnold.

He had been a ginner with them in Slaton and Lamesa since 1920.

The ginner was born in Hopkins County. In Snyder he had been a member of the First Baptist Church and several organizations, including the Chamber of Commerce and Rodeo Association.

His widow, Mrs. Mae Arnold, lives at their residence, 2112 Twenty-seventh Street. Other survivors are two daughters, Mrs. Eva Nell May of Midland and Mrs. Vera Wallace of Wichita Falls; three grandchildren, Arnold Wallace, and Judy Wallace of Wichita Falls and David May of Midland; and three brothers.

Woman's Calendar

WEDNESDAY

Business and Professional Women's informal dinner at Country Club at 8 p.m.

W. S. C. S. of First Methodist Church at 7 p.m. at church.

THURSDAY

Duce Bridge Club at 7:30 in home of Mrs. Armor McFarland.

Newcomers' Bridge Club at 1:30 with Mrs. Chester Likes and Mrs. Adrian Banks, Humble Oil Camp.

Farewell party for Mrs. Betty Wendell Snyder, 2 to 4 p.m., given by Mrs. Homer Graham, 3110 Avenue U.

Thursday Night Bridge Club meets with Mr. and Mrs. Forest Sears.

Fund Drive for Girl Scouts will meet at First Methodist Church at 7:30 p.m.

Gift tea honoring Mrs. Dale Walton 4 through 7 p.m., Mrs. Tom Carney's, 2611 Avenue V.

FRIDAY

Newcomers' Club at The Village luncheon.

Altrurian Club at 3 with Mrs. R. H. Curnutte, 2306 Thirty-second Street.

Missing Scientist

Professor Bruno Pontecorvo, missing British atom scientist, is shown during a recent visit to an Italian factory. Pontecorvo flew to Stockholm, Sweden, with his wife and three children. They flew on to Helsinki, Finland, and disappeared.

Truck Smashes Into County Judge's Car

Edgar Taylor, county judge, was detained from getting to his office on time this morning when a large 1950 Ford truck smashed into the rear of his 1949 Chrysler sedan while he was stopped at a traffic light at the northwest corner of the courthouse square.

Moving up to the light behind the judge's car, Clifton M. Burden of the George Tucker Pipeline Co. of Odessa could not stop before the truck ran into Taylor's car and damaged its rear end.

"The brakes went out on me," Burden told patrolman Jack Fillyaw when he arrived at the scene.

Fillyaw decided the shock would be too much for Burden if he found he had run into the county judge, so he returned to the police station after investigation without disclosing Taylor's identity.

No charges were filed.

Seven-Year-Old Boy Undergoes Surgery

Freddie Miller, 7-year-old son of Mr. and Mrs. Rex Miller of Snyder, underwent an emergency operation last night at the Root Memorial Hospital in Colorado City and was reported in satisfactory condition this morning.

The child was taken to the hospital late yesterday afternoon for an appendectomy made at 7:30 o'clock last night.

Minor Injuries Are Result of Car Accident

Suffering only minor injuries, Robert Daniel Whirley, 26, of Wolfe City will be dismissed from the Snyder Hospital today after his injury in a car accident at Avenue M and Twenty-third Street at 9:30 last night.

Police said Whirley's 1948 Chevrolet coach hit an electricity pole there when he failed to turn at the small curve in the street.

Youth Work in Snyder Surveyed By Members of State Council

Two members and one representative of the State Youth Development Council began their second day of study this morning in a survey of the opportunities, benificial facilities, and problems of the youth of Scurry County.

Upon the invitation of the commissioners court, the survey was begun yesterday by S. L. Bellamy, director of community service in the state council; Earle Meadows, recreation consultant for the council; and William Mackay, of Lubbock, field representative.

TWO PHASES

The survey will be made in two studies, Bellamy said, explaining that he and Mackay and Meadows would leave some time tomorrow but that Harold Matthews and Miss Margaret Gregg, both of the council, with headquarters in Austin, would be here next week to complete the work. These will study welfare agencies and their effect upon the youth here, Bellamy said.

Miss Gregg is case consultant for the Youth Development Council, and Matthews is the director of state institutions.

When the survey is completed, a report of their findings will be presented to the commissioners court with suggestions and recommendations to the people of the county relative to youth leadership in schools, religious activities, recreation, health, and work.

Yesterday, the council representatives met with leaders in the Youth Center propect, representatives of women's clubs, ministers, service club leaders, scout leaders, and educational administrators to outline the survey and discuss problems.

LITTLE CRIME

"Snyder and the entire county are fortunate to have virtually no juvenile delinquency problem at present," Bellamy said, "but a potential problem exists, which might become serious when the boom begins to recede if it is not solved for the youth now."

Bellamy said he and his party were impressed with the orderly civic management of Snyder and the law enforcement in the city and county. "We have also found that Church and Sunday School attendance is above average and are impressed with the sound leadership of the youth in schools, churches, and the youth programs and the interest shown in the youth by the clubs, scout groups, and other organizations," he said.

The Youth Development Council was created last year by the state legislature becominng effective Sept. 1, 1949.

The council consists of 14 members who made studies and recommendations in different parts of the state concerning the schools, welfare services, church programs courts, probation services, law enforcement agencies, juvenile detention facilities, recreation facilities and programs, health services, and any other services or conditions that touch or affect the lives and development of children.

FOUR REGIONS

Working with the state council are four field representatives, each assigned to represent the council and its work in his region of the state.

The work of the council is in two major phases, Bellamy explained. The first is the administration of the three state training schools for delinquents, and the second has to do with community services.

The functions of the community services phase are centered on helping communities provide for youth to help in preventing juvenile delinquency.

In the administration of the training schools, the council seeks to help in the training of the boys and girls there to make law-abiding and patriotic citizens of them. The state has a school at Gatesville for boys, one at Gainesville for girls, and one for Negro girls at Brady, which will be moved to Crockett about Jan. 1.

Court Orders Cancer Fund Group Dissolved

NEW YORK, Oct. 25. (AP) — State Atty. Gen. Nathaniel L. Goldstein announced yesterday he had obtained a court order dissolving Cancer Welfare Fund, Inc., which he called a "spurious cancer aid group."

Goldstein said the organization gave only five per cent of its collections to aid cancer victims—with 70 per cent earmarked for "expenses" and 25 per cent for "salaries."

Tile-like flooring consisting of scrap wood with the end-grain exposed has been developed at Purdue University.

Congressman Says Recovery Suit Cockeyed

LANCASTER, O., Oct. 25. (AP)—Rep. Walter E. Brehm (R-Ohio) last night branded a salary recovery suit filed by a former woman employe as ". . . the most cockeyed thing I ever heard of."

The former employe, Mrs. Clara Soliday, 75, a Logan, O. widow, asked recovery of $6,340, plus an additional $10,000 as "punitive damages" in the suit filed yesterday in Fairfield County common pleas court here.

EIGHT YEARS

The congressman has represented Ohio's 11th Congressional District in South Central Ohio, for eight years. He is a candidate for re-election Nov. 7.

Mrs. Soliday, who has been living in Washington, alleged that from January, 1945, until January, 1948, while she was on the congressional payroll, Brehm "wrongfully and fraudulently demanded, collected, and received from her out of her salary a total sum of $7,340."

Brehm, 58, who practiced dentistry for 25 years, told newsmen from his home in Millersport that the suit was "absurd and the most cockeyed [illegible]"

"Why, it's too [illegible] to," he said. "There [illegible] dammed word of truth in it. She never gave me back one cent of her salary."

He added:

"If I were guilty, why did she work for me for three years? Why didn't she leave me sooner? Why did she wait three years after leaving her job to file a damage suit?"

The congressman said Mrs. Soliday "has been put up to this thing in order to try to hurt me with my people in this district."

Many Egyptian villages were submerged when the Aswan dam was built across the upper Nile.

Funeral For Cowboy

QUANAH, Oct. 25. (AP) — Last rites were to be held today for Charlie Hart, who once worked for the fabulous Comanche Indian Chief Quanah Parker and later managed the vast ranches of Burk and Tom Burnett.

The 74-year-old former cowboy and ranch manager died yesterday.

Seeing is believing
why no range is cooler than a modern gas range

YOU know it takes heat to cook. No hokus-pocus or cock-eyed claims can change that. However, a modern gas range will keep your kitchen as cool as you can reasonably expect.
A low simmer flame, a little larger than a thimble, cooks vegetables in a covered saucepan. For any task, you can adjust a modern gas range for the lowest possible heat. You have dozens of heats to choose from, not just 5 or 7. Moreover, burners shut off instantly; no lingering heat pours into your kitchen.
If your range has its best days behind it, now is a good time to buy. But be clear-eyed, keen-eyed. Get a range with a record of proven performance; a range that will be repair-free. Get the range that's used by 96 out of 100 women in this area. Get a modern gas range.
On display almost everywhere.
Modern Gas Range
LONE STAR GAS COMPANY

Modern gas ranges roast meats at the constant low temperatures necessary for good results. Low oven temperature plus super oven insulation reduces oven heat loss, reduces fuel consumption, keeps kitchen temperature down.

Only modern gas ranges broil with the broiler door closed; keep hot, grease-laden air out of your kitchen. *No open door*—that's why it's cooler and cleaner, too!

France Moves To Approve Pleven Plan

By CARL HARTMAN
(Associated Press Staff)

PARIS, Oct. 25. — France's parliament moved toward approval of Premier Rene Pleven's plan for a unified West European army including German units.

Pleven wants a West European defense minister responsible to the governments concerned and to the European assembly. The army under this control would be financed by a joint budget.

The French cabinet looks on the proposed force as a kind of extension of Foreign Minister Robert Schuman's coal and steel pool plan. Pleven told the assembly yesterday that the pool treaty should be signed before work on the army begins.

Late last night Schuman was reported to have informed a closed meeting of deputies belonging to his Popular Republican Movement (PRM) that the European army plan is as far as France can go toward accepting the American demands for rearming Germany.

American officials here wondered if it would be far enough. The steel and coal negotiations are dragging and the European defense ministers will have many time-consuming problems to solve. The Americans who are putting up most of the money and material for rearmament, are in a hurry to get an effective force together in Europe.

East Germans Ask Equal Say

BERLIN, Oct. 25. (AP)—East Germany's Communist regime is ready to negotiate with West Germany on creation of an all-German constituent council. But it wants its 18 million people to have an equal voice with the western republic's 48 million.

The latter condition, observers believe, seems to foredoom the proposal voiced by Anton Ackerman, state secretary of the East German foreign ministry, at an East Berlin rally last night.

Formation of an all-German council was recommended by the recent east foreign ministers council at Prague under the leadership of Russian Deputy Premier V. M. Molotov.

Ackerman said such an all-German council must be established on "the basis of equality. There is no other way." Anyone rejecting the proposal, he declared, "would conduct a criminal policy of diversion and a police of war."

Deer Argument Settled One Year After Shot

CLIFTON, N. J., Oct. 25. (AP) — Four Newark, N. J., men went deer hunting last year on Newark watershed property in nearby West Milford.

They spotted one. Shots rang out and a deer fell dead.

But, before they could claim their prize, a game warden and his deputy stepped up, said they fired the felling shot and carted off the carcass.

Feeling cheated, Don Carlotti, Harry Scalione, Guido Baldecchi and Arthur Chervier took the case to court. They wanted a deer or a worthy facimile.

Yesterday they got $118 from a jury. The wardens had no right to hunt while on duty, the jury said, and they didn't have the right hunting permit anyhow.

Singer's Son Being Sued For Divorce

LOS ANGELES, Oct. 25. (AP) — [illegible] obtained a divorce decree after testifying that Richard M. Tibbett, 30, son of Singer Lawrence Tibbett, was "very unaffectionate."

Mrs. Tibbett, interior decorator testified in court yesterday that on their first wedding anniversary they had dinner with friends and at midnight she asked her husband for "an anniversary kiss." She said he refused, saying he "did not want to kiss in public."

The wife testified that if she wanted kisses she had to beg for them.

She was awarded custody of their 10-month-old son, Richard Lawrence, and $75 a month for its support.

Tibbett and his twin brother, Lawrence Jr., are sons of the operatic baritone and his first wife, Mrs. Grace McKay Tibbett.

Press Meet Speaker

TYLER, Oct. 25. (AP) — The president of the National Federation of Press Women, Mrs. Irene R. Bedard of Hibbing, Minn., will speak Nov. 3 at the opening session of the Texas Women's Press Assn. convention.

Famous Singer Dies

Here is one of the last pictures made of Al Jolson—taken while the famed "Mammy" singer was entertaining front line troops in Korea last month. The veteran entertainer died suddenly the night of Oct. 23 at the St. Francis Hotel in San Francisco. He was 64. Death was attributed to coronary occlusion.

Jolson Body Arrives In Los Angeles, Burial Set Thursday

(By The Associated Press)

HOLLYWOOD, Oct. 25. — Al Jolson is home for the last time today.

The Cantor's boy whose voice thrilled millions will lie in his suburban Encino residence as friends pay their final respects to the great entertainer who died Monday night in a San Francisco hotel room.

The body arrived by plane late yesterday and the flower-draped casket was taken to a mortuary in a small grieving procession.

Mrs. Jolson—the singer's fourth wife, the former Erle Galbraith—was too grief stricken to meet the airborne cortege. A group of two dozen friends was headed by Louis Epstein, Jolson's manager for 35 years.

Funeral services will be held tomorrow noon at Temple Israel on the Hollywood Boulevard where his name appeared in blazing lights so many times. Rabbi Max Nussbaum, assisted by Cantor Saul Silverman, will officiate at the public services. Interment will be in Forest Lawn Memorial Park in nearby Glendale.

The active pallbearers will be Harry Brand and Harry Cohn, film executives; Louis Epstein, the singer's manager; Harry Akst and Martin Fried, Jolson's arranger and accompanist, respectively, who were with him when he died; Nathan Kramer, Al Goetz and John Sneckenberger, the last two of New York.

PLEASE OMIT FLOWERS

Mrs. Jolson requested that flowers be omitted and money that would be spent for them contributed to the American Heart Association.

Friends and fans who sought a glimpse of the star last night were turned away disappointed.

Attesting the esteem given the 64-year-old "King of the Entertainment World" were the four floral sprays which met the body at the airport. The cards attached to them read: Cecil B. De Mille, the City of Los Angeles, Joseph Schenck, and Sheriff Eugene Biscailuz.

Both the City Council and the Los Angeles County supervisors passed resolutions paying tribute to Jolson, who had made his home here since he scored his talkie smash hit in "The Jazz Singer" — That was the film in which Jolson successfully jumped from his many Broadway hits into a new medium, and made the song, "Sonny Boy," a national hit.

At the Jolson home in Encino is his latest "Sonny Boy," Asa, Jr., 2 1-2, adopted by the Jolsons in 1948. Years ago, the singer and his third wife, Actress Ruby Keeler, adopted Albert, now 16. Jolson and Miss Keeler were divorced in 1939.

GREAT FIGURE LOST

"The world has lost a great figure," said Miss Keeler, now Mrs. John Lowe. "That his end was sudden is a blessing. Al had too much driving energy to have tolerated a lengthy illness."

Physicians said a coronary occlusion—a blood clot in the heart—was the cause of death.

Jolson alyo leaves a brother, Harry, of Los Angeles.

Al's enthusiasm for sports—particularly boxing—was almost as great as his love of song. Last night at Olympic Auditorium, where only a week ago he was calling fighters and their handlers by first name, hundreds of fans stood silent while a soft, final 10-count was tapped on the gong.

He once owned a part of boxer Henry Armstrong, and never ceased kidding the late Eddie Meade, who talked him out of it. That was before Armstrong became a triple champion.

Much of his multi-million income through the years went to charity. Recently he was prominent in improving Cedars of Lebanon Hospital here and gave a $160,000 mansion and grounds to the hospital outright.

Tributes continued to pour in from the big and little names of the entertainment field. The motion picture industry council summed it up:

"He was a great citizen and a fine American. He will shine eternal in the memories of all who looked up to him as Mr. Show Business."

And to the GIs of World War II and the Korean episode, the name of Jolson will be remembered as "the first guy to come out and cheer us up." A tired Jolson was obviously proud of that fact as he came back from Korea less than a month ago, wearing a medallion presented to him by Gen. Douglas MacArthur.

"They're just babies," was Jolson's description of the young soldiers, many of them in their teens, on his return. "And there have been a lot more casualties than people think."

More Wage Increases Seen In Construction

HOUSTON, Oct. 25. (AP) — A 12½ cent hourly cost-of-living wage increase is being considered by some 20,000 AFL building trades union members, the Houston Post revealed.

The newspaper last night said the proposal was submitted to the contractors and unions by the joint policy committees of the Houston Building Trades Council, AFL, and the Gulf Coast Construction Employers Council.

The agreement was said to involve extension of no-strike, no-lockout pledges.

Draft Troubles Back In 1777

HARRISBURG, Pa., Oct. 25. (AP) —Draft boards had their troubles back in 1777.

An official search of Pennsylvania's early fiscal records yesterday uncovered a volume bearing the title "appeals"—listing draft cases chiefly in Philadelphia from July 29, 1777, to Sept. 27, 1782.

One appellant was excused from military service with George Washinton's Continental Army because he was found to be "lame and unfit."

Three others were passed by because they were "at work in the gun factory"—in other words, they had defense jobs.

One unfortunate invader discovered he had been hiding from the authorities without reason. He was found unfit for duty but paid a fine of three shillings, six pence, for failure to report.

Draft officials had red faces, too, when they hauled one supposed evader up for a fine. The "culprit" produced papers showing he had been on active duty with the army for some time.

Escapee From Wichita Falls Hospital Is Held By Police Here

Arresting two men brought to the station by a Seymour taxi driver on an intoxication charge, police found one to be an escapee from the Wichita Falls State Hospital yesterday morning.

The cab driver turned the men over to the police and said they were drunk and would not pay their fare for the ride from Seymour to Snyder.

Booking them on the drunkenness charge, Assistant Chief Ed Bassinger fingerprinted one of the men and found him to be an escapee from the hospital.

Hospital authorities from Wichita Falls will come to Snyder within the next two days to return him there.

Korean Communist Suspects To Trial

SEOUL, Oct. 25. (AP)—The South Korean army's joint investigation board said today that more than half of 8,458 Communist suspect seized in the Seoul area have been ordered to trial.

The 4,774 ordered to trial include about 500 women and scores of Chinese Nationals. The other 3,684 were freed.

Suspects charged with murder and supplying information to the Red Korean army were ordered to stand trial before military courts.

Testimony Starts In Priest's Murder Trial

CORPUS CHRISTI, Oct. 25. (AP) — Testimony gets under way here today in the trail of Jack Kenneth Nixon, 18-year-old Aransas Pass youth charged with murder in the death Feb. 21 of the Rev. Leonard Potrykus, a Catholic priest at Gregory, Tex.

Nixon yesterday entered a plea of not guilty.

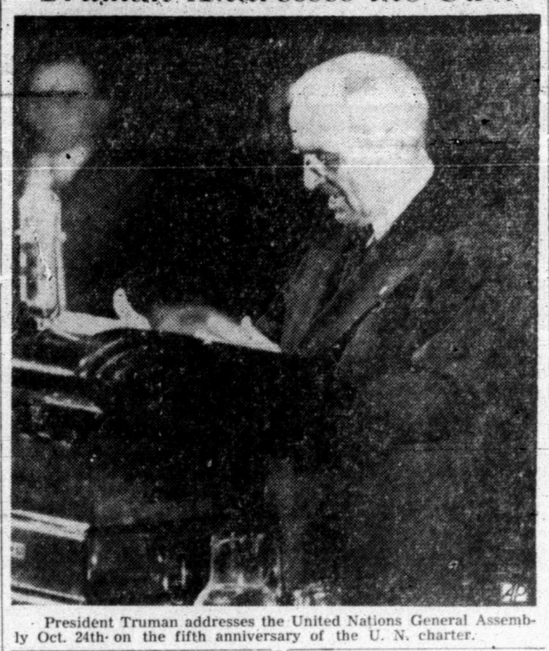

Gets Death Sentence

HOUSTON, Oct. 25. (AP) —Exnoal Johnson, 33-year-old Negro, was sentenced yesterday to die Nov. 29 in the electric chair for rape of an 11-year-old girl.

While most of Korea's mineral wealth is in the northern part of the country, several minerals are found in large quantities only in the south.

Increased Car Production For Remainder Of The Year

By DAVID J. WILKIE

DETROIT, Oct. 25. (AP) — Instead of curtailing output, most car makers apparently will increase production during the remainder of the year.

Right now it appears that materials will be available for high volume output from now through December. Not so favorable is the outlook for the early months of next year. So the car makers, with sub-assemblies already on order, plan to use them even if it means an increase in stocks of unsold cars at the year's end.

The industry already has built and sold more vehicles this year than in any previous year. Indications are that total output for 1950 will come very close to 8,000,000 units. It should be remembered, of course, that about a million and a quarter of these will be trucks.

Prhaps it also should be remembered that when the industry talks about an 8,000,000-unit year it is referring to production volume—not sales. It is wholly possible dealer stocks at the year's end will total 600,000 new cars. The total will be even larger if the car dealers are correct in their assertion that credit controls are going to seriously impair their business.

But a 600,000 unit field stock doesn't necessarily spell hardship for the car dealers. On Oct. 1 last year there were more than 618,000 cars in dealers' hands or en route from the factories. At the year's end the total was less than 450,000.

The dealers sold more than 683,000 passenger cars in August of this year. Probably they will do it again in more than one summer month next year—if they have the cars to sell.

One thing that will help the factories in their production drive during the remainder of the year is that model change-over periods may be shortened. Because the tions this easily can be done. Also changes are not of major proportion lot of inventory-taking is being done to avoid production interruptions a over week-ends

Many car makers, uncertain as to how deeply arms work will cut into available raw materials early next year, believe they should build as many vehicles as possible in the months immediately ahead. The fact that the bulk of the vehicular production to come in November and December will be of 1950 models may give the dealer organizations a little tougher selling job, however.

Death Sentence To Be Appealed In Waco

WACO, Oct. 25. (AP) — Attorneys for Bob Wall, 30, said they would appeal the death sentence given him last night on conviction of murder in the death of Waco night watchman, Jacob Coleman, 64.

Coleman's body was found Aug. 27 in a Waco hotel room. The state accused Wall and James Craft of Dallas of gagging, beating and robbing Coleman. Craft is under indictment. His trial date has not been set.

Houston Man Heads Advertising Club

AMARILLO, Oct. 25. (AP) — A. B. Penny of Houston is the new governor of the Tenth District of the Advertising Club of America.

He moved up from first lieutenant governor at the group's annual meeting here last night.

Await Autopsy Report In Shooting Death At West Columbia Monday

WEST COLUMBIA, Tex., Oct. 25. (AP) — Justice of the Peace J. L. Main said an autopsy report from Galveston and ballistics test from Austin may be available today in the death of Tex Clarence Sanford, 29, of Aransas Pass.

Sanford was found shot to death near here Monday night. No verdict has been returned.

Main said officers found a .38 calibre automatic about three feet from the body when they first arrived at the scene. He said they returned after a .32 calibre bullet was removed from the body. They then found, he said, a .32 calibre pistol about three feet from where the body had been found.

Two Baytown Police Found Guilty On A Civil Rights Count

HOUSTON, Oct. 25. (AP) — Two Baytown policemen yesterday were found guilty of charges of depriving a LaPorte Negro of his civil rights.

Federal Judge Allen B. Hannay said he will sentence Sgt. Cleve Dickens, 48, and Elmo Anderson, 34, later.

Maximum sentence for such a conviction is a year imprisonment or a $1,000 fine.

Clinton E. Henderson, 40, testified that he was arrested by the two men Nov. 24 as they were looking for a brother, Edgar Henderson, on an aggravated assault charge.

He said the officers beat him about the head so badly he was admitted to a Baytown hospital.

Both officers denied beating Henderson.

Guided Missiles Unit In Dallas Called For

DALLAS, Oct. 25. (AP)—An organized reserve guided missiles unit is to be formed to be headquartered at Love Field here.

Col. J. V. Ware said it will have 292 officers and no enlisted men. He said reservists will be accepted from the territory covered by Dallas, Fort Worth, Denison, Greenville, Terrell, Sherman and Waxahachie.

Horse Thieves Make Excellent Selection

CHICAGO, Oct. 25. (AP) — Lloyd Teater is looking for thieves who stole from among all the horses he owns his $20,000 show horse. They left in his place, Teater said, a broken down old nag.

Teater's chestnut stallion, "Gallant Marine," winner of many blue ribbons, was stolen Monday from Teater's Riding Academy in suburban Morton Grove. Teater yesterday swore out larceny and burglary warrants against two men who he said had rented a stall for a horse they brought to his academy Sunday night.

Aggie Line This Year Reaps Reward Of Defeat Experiences

By HAROLD V. RATLIFF
(Associated Press Staff)

COLLEGE STATION, Oct. 25. — The Texas Aggies, who already have won as many games this season as for the past three years combined, have vowed they won't lose another.

It happened after they had dropped a heart-breaker to mighty Oklahoma Oct. 7. The Sooners beat them 34-28 in the last 37 seconds.

Bob Bates, a mediocre center in other years but this season about the best linebacker in the Southwest Conference, suggested that the team make that bitter loss the turning point of the season. All agreed. And, since then the Aggies have scored 94 points against 23 in rolling to two lop-sided victories.

What has turned a team that lost 23 games in three years into a mighty challenger for the conference championship in that period the down-trodden Aggies could win only four games and tie three. Yet this season they have taken four out of five and their only loss was to the No. 3 team in the nation.

GREAT LINE

The answer appears to be one of the finest lines ever to come out of Aggieland. How did it get that way? By taking lickings from larger and more experienced lines in 1948 and 1949.

There are two lines at A&M. They are made up mostly of juniors and seniors. There are some sophomores, especially Alvin Langford and Jack Little, who play tackle on defense, but in the main these linemen are guys who learned the hard way — from classic beatings at the hands of other lines.

Little Harry Stiteler, who came in as coach of the Aggies in 1948 without even a contract but with the confidence of the ex-students, said this season's improvement was from "up front." He added that at last he had fellows big enough, tough enough and smart enough to play against the best in the country.

The return of Andy Hillhouse, whom they now are booming for All-America here, was the biggest shot in the arm the Aggies got. Hillhouse, a star in 1948, did not play last year.

PLENTY MANPOWER

There is manpower at Aggieland. If the boys don't beat you in the first half they'll do it in the second. To illustrate the point: In the second half of the five games this season, the Aggies have outscored their opponents 129 points to 40.

Coach Bud Wilkinson of Oklahoma said A&M had the finest running backfield in the nation — Bob Smith, Glenn Lippman, Bill Tidwell. But last season these three scored 11 touchdowns; this season at the halfway mark they have made 16. That, says Stiteler, shows the difference must be in the line.

And another thing. Most colleges have one quarterback; A&M has four — Delmer Sikes, Dick Gardemal, Ray Graves and Darrow Hooper, who have piloted the team to 30 touchdowns, Sikes 18 of them.

It could be that when A&M meets Southern Methodist at Dallas Nov. 11 the Southwest Conference championship will be in the balance. Pretty good for a team that won only one game in two years.

Arlington Heavy Class A Contender For Title With 7 Straight Wins

By WILBUR MARTIN
(Associated Press Staff)

All this talk about the power of New Braunfels and Littlefield in Class A schoolboy football leaves folks in the Tarrant County town of Arlington a little cold. They think they've got the best team.

Arlington has rolled to seven straight victories, scored 280 points to 64 for the opposition and staunch supporters of the Colts insist the first team has hardly played this season.

Three fine backs give Coach Bill Sheffield's crew a sound offense and he has enough big, rugged linemen to support his supporters theories that the team to watch in Class A is Arlington.

Rusty Gunn, the club's top scorer with 75 points, Charles Marshall and Sterlin Sleeth are the trio of hard running backs.

This week Arlington takes on Irving in one of two tough District 12 games remaining on its schedule. Irving has been beaten only once this year, 20-19, by New London.

The other rugged club the Colts will have to beat to wrap up the district crown is Pleasant Grove, one of nine unbeaten but tied teams in the state.

Arlington has gone slightly crazy over the fortunes of its football team. A special train carted more than 600 fans to Terrell last week, where the Colts knocked off their unbeaten, twice tied foe, 28-0. The whole town just about closed up shop to go to the game.

Last year Arlington was in District 11, a sprawling circuit that stretches out to Nocona. The distance the team had to travel for games was one of the reasons fans were happy to see the club move into District 12—the Dallas district—this season.

The Colts are one of 14 undefeated, untied teams left from the 220 that started play Sept. 1 in this sprawling division of the Interscholastic League sports program.

This game is one of 106 slated this week. Many of these match district favorites.

Formosa Celebrates Fifth Anniversary Under Chinese Rule

TAIPEI, Formosa, Oct. 25: (AP)—Formosa celebrated today the fifth anniversary of its formal handing over to China by the Japanese who had ruled it for half a century.

Paraders marched in a downpour beating cymbals, drums and shooting firecrackers.

Air Raid Siren Gone

ASHTABULA, O., Oct. 25. (AP) — Ashtabula police listen to sirens with suspicion these days. The city's $400 air raid siren, purchased during World War II, is missing. Officials said a new one would cost two-fifths of the present $1,000 civilian defense budget.

Class AA To Crucial Test This Week End

By HAROLD V. RATLIFF

They start the main event this week in the Class AA division of Texas schoolboy football.

Two-thirds of the games will count in conference standings. Eleven of the sixteen districts have battles in championship eliminations.

The spotlight rests on Galena Park where two of the state's nine undefeated, untied teams hook up in a decisive District 12 struggle. From this game — Freeport vs Galena Park—will come the main challenger of Baytown in the battle for the district title.

Other districts also have highly crucial tests. In District 10 Conroe, the championship favorite, rolls against tough Palestine. In District 13 Corsicana meets what probably will be the strongest obstacle in its way to the title—Waco.

Down in District 14 little Kerrville, the team Austin must fear in the battle for the crown, opens the conference drive against Miller of Corpus Christi.

There's one of the state's traditional battles in District 11 where Beaumont tackles mighty Port Arthur, called No. 1 in the state from every quarter.

All along the line the blue clips go down as 44 of the 79 teams in the state play conference games.

Other than Freeport and Galena Park, which meet each other, none of the other undefeated, untied teams appears likely to tumble. Those with perfect records are Pampa, Breckenridge, Texarkana, Cleburne, Port Arthur, Freeport, Galena Park, Corsicana and McAllen.

Pampa plays Childress, Breckenridge meets Stephenville, Cleburne engages Mineral Wells and McAllen takes on Harlingen. Texarkana does not play this week.

The week's schdeule by districts:

1—Friday: Odessa at Amarillo.

2—Friday: Borger at Vernon, Pampa at Childress, Graham at Wichita Falls.

3—Friday Lubbock at Big Spring (conference), Plainview at Midland, Brownwood at Lamesa.

4—Thursday: Bowie (El Paso) vs El Paso High (conference); Friday Ysleta at Jefferson (El Paso) (conference); Saturday San Angelo at Austin (El Paso).

5—No games.

6—Friday: Mineral Wells at Cleburne (conference), Breckenridge at Stephenville (conference).

7—Friday: Greenville at Sherman (conference), Paris at Denison (conference).

8—Friday: Quanah at Grand Prairie.

9—Friday: Highland Park (Dallas) at Tyler, Kilgore at Gladewater (conference).

10—Friday: Lufkin at Bryon (conference), Nacogdoches at Henderson (conference), Conroe at Palestine (conference).

11—Thursday: Port Arthur at Beaumont (conference); Friday: Orange at South Park (Beaumont) (conference).

12—Friday: Pasadena at Baytown (conference), Galveston at Texas City (conference), Freeport at Galena Park (conference).

13—Friday: Waco at Corsicana (conference), Hillsboro at Temple (conference), Waxahachie at Ennis (conference).

14—Friday: Kerrville at Miller (Corpus Christi) (conference).

15—Friday: Kingsville at Falfurrias.

16—Friday: Harlingen at McAllen (conference), Brownsville at Edinburg (conference), Alice at San Benito.

Joe DiMaggio, Jr.

Joe DiMaggio, Jr., shows some of the fine points of his rifle to his famous father, the New York Yankee outfielder. DiMaggio flew from Gotham to Los Angeles to help his son celebrate his ninth birthday. He watched his son parade in full dress uniform at the military institute he attends.

Drake Player Leads Nation In Offensive

NEW YORK, Oct. 25. (AP) — Defending Champion John Bright of Drake is so far ahead in college football's individual offense race that the question now is: Will he break the season record?

The agile 200-pounder has run and passed for 1,516 yards in six games this season, nearly 500 ahead of Bill Cox of Duke in second place.

Bright needs 672 yards in his remaining three games to better the all-time mark of 2,187 set by Frank Sinkwich of Georgia in 1942.

Cox moved up in the standings ahead of Bill Wade of Vanderbilt and Francis Red Bagnell of Penn. The Duke ace has gained 1,066 yards in five games. Wade has 1,026 in five and Bagnell 986 yards in four games.

In the rushing race, Wilford (Whizzer) White of Arizona State at Tempe has a good lead with 861 yards in 100 carries. Bill Weeks of Iowa State took the lead in passing with 63 completions of 117 attempted for 918 yards.

Bright's 722 yards in 112 carries is second in the rushing race. Nebraska's breakaway Bob Reynolds has 679 in 77 for third.

John Fotiley of Mississippi is running fourth with 606 yards in 91 carries, then come Bob Smith, Texas A&M (593-100); Sonny Grandelius, Michigan State (578-80); Hugh McElhenny, Washington (557-88); Steve Wadiak, South Carolina (524-70); Pete D'Alonzo, Villanova (514-85), and Bill Leskover, Kentucky (469-69).

Although Weeks leads in pass completions, Wade still has gained the most yards, 972, in the air. Wade Ranks only 19th in pass completions, 42 of 79 attempts. The Vandy junior also leads with 12 touchdown tosses.

Following Weeks in passing are Cox, 62, completions of 114 attempted for 872 yards; Dave Cunningham, Utah, (59-106-609); Don Heinrich, Washington (58-98-846); Ed Ford, Hardin-Simmons (57-99-907); Don Kingsford, Montana (54-96-844); Bright (52-87-794); Vito Farilli, Kentucky (52-100-827); Don Etcheverry, Denver (52-103-538); and Fred Benners, Southern Methddist (50-84-662).

Country Club Pro Will Have New Course Ready in 3 Weeks

Anticipating a great future for the Snyder Country Club and its golf course, new pro-manager Red Gaines is adding the finishing touches to the links this week.

Using two men on the greens and fairways, Gaines now has his seaside bent grass out and is adding markers and benches to the fairways.

Although the new manager will not have the course in perfect condition for three weeks, he has golfers on the course every day. He is accepting green fee players along with members until the club's board of directors meets and makes a definite decision as to whether to take non-members on the course. The green fee now stands at $1.50 per day, but may be adjusted later, Gaines said.

JOIN ASSOCIATION

Already planning for many golf lovers in Snyder, Gaines hopes to have golfers here join the West Texas Golf Association and Pro-ameteur Golf Association as soon as they are eligible.

Eligibility for a group here will not come this year, the pro explained, but it probably will next year. He also wants lady golfers here to be members of the Ladies' Golf Association.

Gaines has many well-built golf courses to his record, such as Tulia, Happy, and Plainview, Tex., courses. He came to Snyder from Colorado City, where he has worked as pro-manager four years at the country club there.

Expressing a desire to have many young golfers on the course, Gaines recalled the days when he grew up in Paris, Tex., as a caddy and acquired his love for golf.

The 50-year-old manager has been in professional golf since 1923, except a few years during the war when he helped his mother in a furniture store. He began his post-war golfing when he took the management in Colorado City.

AVERAGES PAR

With a record of 29-31 on two rounds nine holes, 60 on a 72 par course, Gaines said he holds an average around par.

"I'm getting too old now," the golfer stated. "I'm losing all my zip and can only hit around par.

Gaines has played in many tournaments, most of them in West Texas at pro-amateur play. He played Byron Nelson while both he and Nelson were still young in professional golf when Nelson took his first club at Texarkana.

"You couldn't say either of us won then." Gaines explained. "Maybe one time I would win and one time he would win."

Gaines will be found this winter on the course or in his shop just west of the clubhouse. He will continue to have golfing through the winter. Not ready to take students yet, Gaines will instruct golfing by appointment when he gets his course in shape and has time.

Rocky Back In Garden Friday

GREENWOOD LAKE, N. Y., Oct. 25. (AP) — Rocky Graziano was back near home again and very contented with life.

This Friday night he returns to Madison Square Garden—"my second home"—to fight Ony Janiro of Youngstown, O., in a ten round bout that will reopen the Garden fight season and bring in plenty of cash.

The Rock felt very good. He had just finished a hard workout in which he threw his overhand right with his usual viciousness.

He sucked his pipe and expounded on his views of life.

"Right now I'm going to fight Janiro. Nice kid, but I'm going to knock him out. Then I'll take on some of the contenders."

How about fighting Jake La Motta for his title?

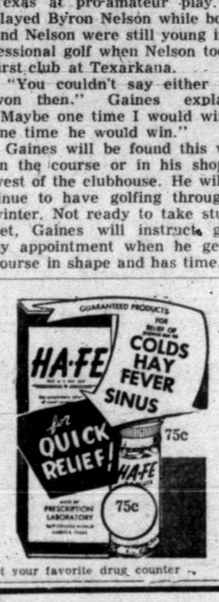

"Jake can keep that for a while," said Rocky. "You know all I got with that title was trouble—suspensions and what not. I'm beginning to feel like that title was a jinx.

"What I want now is the dough. And I'm going to hold on to it."

Longview Drops 19 Who Broke Training

LONGVIEW, Oct. 25. (AP)—Sixteen members of Longview's District 9-AA football squad have been dropped from the team for alleged violations of training rules. Names of the players were not given by school officials.

Supt. Henry L. Foster took the action on the recommendation of Head Coach Maco Stewart.

Girl Scouts Give Kiwanis Club Program

Troop No. 7 of the Girl Scouts presented the program to the Kiwanis Club today at their luncheon at the Country Club. Mrs. Sam Wood, their leader, presented them in the same program which they had broadcast over Station KSNY yesterday.

Ruth Gwyn Adcock announced the program, giving the scout promises and the 10 scout laws. Joyce Bowman told of their idea of international friendship, and Dena Dupree told of their intrenational project last year. Patsy McDowell discussed three ranks of the Girl Scouts.

Girl Scouts taking part in the program were Beverly Miller, Margaret Ann Roberts, Rita Ann Grimmett, Sharon Seagraves, Sheila Holmes, Carol Ann Rodgers, Wanda Stanley, Barbara Ann Neal, Mickie Camp, Dean Dupree, Patsy McDowell, Joyce Bowman, Alice Jane Patterson, Billie Jean Ramsey, and Anna McKee.

Other Girl Scout activities this week will be Play Day Saturday, to be held at the high school football stadium 3:30 to 5 o'clock in the afternoon. All Girl Scouts and Brownies are cordially invited to take part in the fun time. Sunday is Church Day for the Girl Scouts, and each girl is expected to attend the church of her choice.

Mrs. Hilton Lambert led a group of Girl Scouts in a tap routine at the Junior Chamber of Commerce meeting Monday night at the Country Club. Betty Tom Norred also spoke to the men's group on the goals and idea of the Girl Scouts.

PERSONALS

Mr. and Mrs. William Lunsford who live in the Hicks Trailer Court, are parents of a son born Tuesday in the Snyder Hospital.

Mr. and Mrs. Benjamin Rushing, Huffman addition, are parents of a son born Monday night at Snyder Hospital.

Mr. and Mrs. Bill Brock, 1406½ Twenty-sixth Street, went to the Oil Exposition in Odessa Saturday. They were accompanied by Carl Mathis.

Mrs. A. T. Deere, 1312 Avenue R, had as visitors over the week end her daughter, Mrs. A. L. Bird and two daughters from Levelland and her son, Carl Deere, also from Levelland.

Mrs. J. B. Melton, who lives east of Snyder, is ill at her home.

Mrs. Frances Garner, 1102 Twentieth Street, left yesterday to visit her mother Mrs. C. Cole, who has recently undergone surgery in Houston.

Mrs. Sam Williams will leave Thursday for Houston on a business trip. She will fly.

Mr. and Mrs. James Rosser, 2600 Avenue V, expect to leave Sunday afternoon for Fort Worth where Mr. Rosser will attend a meeting of Texas railroad lawyers.

Mr. and Mrs. John Sentell also plan to go to the meeting of railroad lawyers in Fort Worth Sunday.

Mr. and Mrs. W. C. Stewart are the parents of a baby girl, Kyle Cindell born Thursday, Oct. 19.

Mrs. Jack Yeaman, who has been here a week visiting with her mother, Mrs. R. H. Curnutte and her son, Robert Enfield, 2306 Thirty-second Street, left today by plane for Austin to join Mr. Yeaman. Mr. and Mrs. Yeaman plan to leave for Corpus Christi tomorrow, where they will live for a few months.

Mrs. Bill Branham, 2407 Avenue G, entertained Mrs. A. A. Roach and daughter in her home yesterday. The Roaches moved from Snyder a month ago and are now living in Brownfield, where Mr. Roach was transferred with the Postelle Drilling Co.

Mr. and Mrs. Myron Hubbard and children are leaving Friday for their cabin on Sweetwater Lake. Louise King, a classmate of their daughter, Martha Sue King, will accompany them on the week end trip.

R. B. Sears and Maurice Brownfield are leaving this week for a fishing trip to the Gulf coast. They will be away several days.

Mr. and Mrs. Jess R. Green attended the wedding Saturday of Miss Emily Jean Grissom and James Ross Jennings in the home of the bride's parents, Judge Clyde Grissom and Mrs. Grissom of Eastland Tex. Mrs. Grissom is a sister of Mrs. Green.

Mrs. Walter Cork from San Angelo will be in Snyder this week to visit with her parents, Mr. and Mrs. Joe Strayhorn, 2111 Thirtieth Street.

Mrs. Allen Warren of Warrencrest left today for Temple, Tex., to be with Mrs. W. E. Doak, 2811 Avenue W, who is there for treatments at Scott and White Clinic. Mrs. Warren will also visit Mrs. Minnie Winston in Gatesville, Tex., on her return trip.

Red Chinese Fire on Marines

Two U. S. Marine pilots said they were fired upon by Red China guns from across the Manchurian border near Manpojin (plane symbol). Neither plane was damaged. The main Red Korean forces were reported pulling back into the Kangye pocket (triangle), near the Manchurian border. Black arrows show the approximate positions of U. N. forces.

Missing Atom Scientist Due Large Sum If He Claims It

By ARTHUR L. EDSON
AP STAFF

WASHINGTON, Oct. 25. — Britain's missing atomic scientist, Dr. Bruno Pontecarvo, could collect more than $500,000 from the U. S. government if all his claims for development of the A-bomb were allowed.

As you doubtless know, Pontecorvo has mysteriously disappeared. Reports from Rome — so far unconfirmed — say he and his family have skipped to Russia.

A check here today showed that Pontecorvo is one of a group of scientists who say their patent on fissionable materials — the stuff atomic bombs are made of — was taken over by the government.

CLAIMS

They have filed claims for:

$10 million, in the U S. court of claims.

$900,000, in the Atomic Energy Commission.

The court of claims suit was filed Aug. 21. Nothing has happened there yet. A preliminary report by an Atomic Energy Commission board doubted the validity of the claims, but no final action was taken.

A lawyer for the scientists, Lawrence J. Bernard, gave a reporter this background:

The scientists were together at the University of Rome back in the '30s. Seven of them shared in the work, either as professor or student. Best known of the scientists: Dr. Enrico Fermi, who won a Nobel Prize for his work on fissionable material.

None of the scientists were businessmen, and they left that part of the work to G. M. Giannini, who had come to this country. He set up the G. M. Giannini Co., Inc., of Pasadena, Calif.

EQUAL SHARES

It was agreed they'd all share equally—from any proceeds, one share for Giannini, the rest for the seven scientists.

Bernard said Pontecorvo later disposed of half of his interest, leaving him with a one-sixteenth share. One-sixteenth doesn't sound like much, but it would amount to $681,250 in a kitty of $10,900,000.

Whether he could collect it —wherever he is — is another question.

The patent was granted to G.M. Giannini, Inc. The suit also was filed by the corporation.

The Atomic Energy Act of 1946 is the key to the suits.

That year Congress decided that the government, not private industry, should be responsible for the development of atomic energy for military weapons. All patents were revoked in this field, and the law said just compensation would be paid.

Recipes

Goblin Sandwiches — Cider or Cocoa
Chocolate Orange Bars* — Hallowe'en Candy
(Recipe for Starred Dish Follows)

CHOCOLATE ORANGE BARS

Ingredients: For Chocolate Bars—1 cup sifted all-purpose flour, ¼ teaspoon salt, ¼ teaspoon baking soda, 1/3 cup butter or margarine or other shortening, 2/3 cup firmly packed brown sugar, 1 egg, 1½ cup rolled oats, ½ cup milk, 1 six-ounce package semi-sweet chocolate. For Hot Orange Syrup—½ cup sugar, 3 tablespoons orange juice, 1 teaspoon grated orange rind.

Method: For Chocolate Bars—Sift flour with salt and baking soda. Cream shortening; add sugar gradually, blending together until light and fluffy. Add egg, beat well. Add flour and rolled oats alternately with milk, mixing well after each addition. Mix in semi-sweet chocolate. Turn into greased 11 x 7 x ½ inch pan. Bake in a moderate (375F.) oven 25 minutes. For Hot Orange Syrup—Mix sugar and orange juice in a small saucepan; bring to a boil. Remove from heat and add grated orange rind. Pour over baked mixture before cutting into bars. When cool, cut into 24 bars.

42 Party for Women's Culture Club Tuesday

Mrs. Mabel Y. German, 1904 Thirtieth Street, entertained the Women's Culture Club at 3 o'clock yesterday afternoon.

The nine members present and three guests played 42 and had a social hour.

Mrs. German served ice cream topped with strawberries and cake and coffee to Mrs. A. C. Alexander, Mrs. W. W. Gross, Mrs. Henry Kelley, Mrs. Bernard Longbotham, Mrs. A. P. Morris, Mrs. D. P. Strayhorn, Mrs. Roy Stewart and Mrs. J. A. Woodfin, members, and Mrs. John Spears, Mrs. W. P. Smith, and Mrs. J. O. Morris, guests.

Next meeting of the club will be a study period, held with Mrs. C. C. Alexander in her home, 2906 Avenue U. The group will then study "Arts and Crafts of Today".

Bridge Club Meets With Mrs. Bowden

The Tuesday Night Bridge Club met at The Martins' Restaurant yesterday for their games.

The hostess, Mrs. Jack Bowden arranged five tables of bridge. Prizes went to Mrs. Fred Bullard, for high score, to Mrs. Holman Odom, for low score.

Mrs. Bowden served pineapple upside down cake and coffee to the members and these guests she had invited: Mrs. Edwin Terry, Mrs. H. D. Jones, Mrs. Mabel Brock, and Miss Jonnie Dell Brock.

The group will meet in two weeks at the Country Club with Mrs. Whit Thompson, hostess.

Club President Ill; Will Be Installed By Proxy Tonight

Miss Winnie Garner, who underwent surgery Monday at the Snyder Hospital, was reported to be improving today.

Miss Garner became ill several days ago and was admitted to the hospital. She is president of Business and Professional Women's Club and will be installed by proxy at a ceremony the club will hold tonight.

Alpha Study Club Meets at Dumas Home

Mrs. Lawrence W. Dumas, 3214 Avenue U, entertained the Alpha Study Club yesterday afternoon. The group studied the heritage of Texas.

Mrs. Dumas served hot gingerbread and coffee to the following: Mrs. V. K. Benson, Mrs. O. M. Fowler, Miss Faye Harrell, Miss Myrtle Harrell, Mrs. Alfred Mc Glaun, Mrs. Forest Sears, Mrs. John Sentell, Mrs. W. D. Sims, Miss Neoma Strayhorn, Mrs. Wade Winston, Mrs. Nolan von Roeder, and new members, Mrs. Garrett Harrell and Miss Eula Stimson.

26 New Members Join Chamber of Commerce

Announcing a total membership of 306, Harold Bennett, Chamber of Commerce manager, reported that 26 have been added since their membership drive began last week.

Those added today are Jim Gibson Garage, H. & H. Development Co., Snyder Wholesale Co., Retail Merchants Association, Lewis Brothers Service Station, H Plaster of the Stan-Tex Chevron Service Station, and Lindy Clark, Purina Feeds dealer.

The weather forecast forever could be determined by a table printed in 1874 in the Farmers and Mechanics Manual.

"Old Ironsides"—the U.S.S.Constitution—has been tied up at Boston since 1934.

Two Youths Are Held While Police Check Recreation Club Theft

Police are holding two youths, who gave their ages as 16 and 17 for possible transfer to Juvenile Court in connection with the Monday night burglary of Jake's Recreation Club on Twenty-fifth Street, under the Pick & Pay Grocery.

Receiving a call from Jake Heiskell, operator of the club, early yesterday morning, police found that the club had been burglarized sometime after Heiskell closed for the night at one o'clock yesterday morning.

Approximately $60 was missing from the cash register, along with an estimated $5 in cigars, a few packs of gum, four packs of cigarettes, a butcher knife, and four or five small wrenches.

Heiskell said two boys who stayed around the club helped him clean up Monday night and gave descriptions of the boys.

Finding one of the boys yesterday morning at about 10 o'clock standing outside the club, police arrested him and found part of the stolen goods on him.

Going to the other boy's home, patrolmen arrested him there and found more of what they took from the club at about 6 o'clock last night.

The boys said they gained entrance by unlocking the back door after Heiskell had locked it Monday night.

Police are investigating the ages of the boys, and will transfer them to Juvenile Court if they are under 18.

The famed Indian scout, Kit Carson, chose Taos, New Mexico, as his permanent home. His residence there is now a museum.

Difficult To Reach Tibet

TOKYO, Oct. 25. (AP) — Radio Peiping broadcast today that Chinese Reds are moving on Tibet, mid-Asian country seldom seen by white men.

The Red radio said the purpose of the Chinese Communist advance was "to free 3 million Tibetans from imperialist oppression."

It did not mention the size of the Chinese force, its destination or whereabouts.

RULED BY PRIESTS

Nomadic Tibet is ruled by yellow-robed Lamaist priests. It covers 470,000 square miles in the lofty Himalaya Mountains and often is called "the top of the world." In winter it is almost inaccessible by land approaches.

The grave news of a possible new Communist-inspired war in Asia, this time on the opposite side of China from Korea, swept Asian capitals.

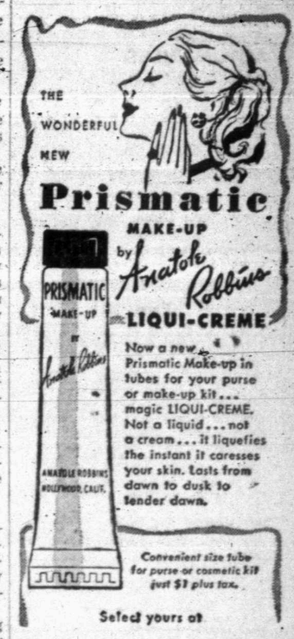

At New Delhi, the Indian foreign ministry said it had reports of "certain troop movements and incursions" by Chinese Reds along the China-Tibet border.

NO DIRECT WORD

But it had no direct word of a Chinese invasion of Tibet, where already winter snows and icy mountain passes would make travel by foot soldiers difficult if not impossible.

Neither Washington nor Hong Kong, a good Oriental listening post, had any report of a Sino-Red move against the priestly government of Tibet.

The Peiping broadcast, heard in Tokyo, said the Red army's "liberation" move was disclosed in a dispatch from Chungking, China, Tuesday.

Koreans Watch Second Drop

Korean villagers at lower right (above) watch as the second battalion of the 187th Regimental Combat paratroop team descends in the Sukchon area of North Korea. Other paratroopers already had secured the area in an earlier mass descent.

North Korean Youngsters Are Described As Meanest Of All

By WILLIAM C. BARNARD
(Associated Press Staff)

A Jacksonville, Tex., soldier, rescued from captivity of the Communist Koreans, tells of vicious North Korean police—12 to 14 years old!

These heavily-armed junior gangsters tormented captured American soldiers, Cpl. Joe . Barrington of the Second Infantry Division said.

Cpl. Barrington landed in Pusan on Aug. 5 and started seeing action Aug. 21. Ten days later he was captured—near Masan—after more than 60 per cent of his unit had been killed.

"The first thing the Communists did was to make the Americans remove their shoes," Barrington told Cecil Hodges of the Houston Post. "Then the North Koreans jerked off the Americans' dog tags, took their watches and billfolds,

TAKE SHOES

"Some little gook took my shoes. I wear a size 10 and he probably wore a 4 or 5. But he took them and left me his—which I could wear or do without. I had to do without."

For several days the Americans were marched north. The North Korean soldiers weren't so bad as captors, he said, but the North Korean police were the mean ones.

"The police were just kids—12 or 14 years old, most of them. And they liked to show their authority.

"They would slap us on the back of the head and shove us when they wanted us to walk faster."

One of the Americans escaped. A 12-year-old North Korean recaptured him.

"You can't argue with a kid when he's got an automatic rifle," said Barrington.

The captives were taken to a village. One day jet planes of the U. S. Air Force strafed the village with rockets and machine-gun fire. One rocket hit the building the Americans were in—and exploded—but none of the prisoners was hurt. During the attack one of the prisoners, a sergeant, asked a North Korean for a piece of paper to roll a cigarette.

"The gook took out a testament he had taken from one of us," Barrington said, "and ripped out a page. He handed it to the sergeant. The sergeant happened to glance at the page and the first verse he saw was this: "He who hath faith shall survive."

HANDS TIED

When the air attack was over, a guard, carrying an automatic machine gun, entered the building. Ominously, he tied the hands of the Americans behind their backs.

"Then more Koreans came in," said Barrington. "They started jabbering and left. We untied our hands and discovered that the Gooks had all left."

American forces arrived a short while later. Back in Texas, Barrington is trying to gain back the 56 pounds he lost as a prisoner.

Mr. and Mrs. Billy McKinzey have gone to Bishop, Tex., where Mr. McKinzey is recuperating from a heart attack. They are in the home of Mr. McKinzey's parents, Mr. and Mrs. C. E. McKinzey. Mr. McKinzey is taking a leave of absence from Harris Pharmacy; Mrs. McKinzey from Williams' Jewelry Shop.

District In Missouri Has Had Even Split Ever Since Founded

JEFFERSON CITY, Mo., Oct. 25. (AP)—Missouri's west-central Sixth Congressional District would be a good one to skip in your election parlays. Since it was established in 1933 it has been represented four times by a Democrat and four times by a Republican. Both parties forecast success this year.

Pitted against each other are two colorful orators, both veterans of the political stump.

Democratic Rep. George H. Christopher, 61, who owns and works a 915-acre farm, ousted a Republican two years ago by a scant 3,431 votes.

Challenging Christopher is Orland Kay (O.K.) Armstrong, 57, Springfield Baptist leader and free lance writer. He served three terms as a state representative and ran unsuccessfully for lieutenant governor in 1944.

Cost Up On Sheepskin

DETROIT, Oct. 25. (AP) — It costs more to graduate now, too.

Wayne University paid $1.95 last year for English sheepskin parchment diplomas. Yesterday it discovered the present price is $2.05.

Democrats Have Hope In Kansas This Year

TOPEKA, Kas., Oct. 25. (AP)—Under-dog Kansas Democrats haven't won a seat in the House of Representatives for a decade, but their hopes are up this year.

Much of the Democrats' optimism rides with Milt Sullivant, Kansas City attorney and 1939 captain of the University of Kansas football team.

Strongly backed by organized labor in his highly industrialized and populous home city, Sullivant is opposing Republican Erret P. Scrivner's bid for a fourth term from the second district. Scrivner also resides in Kansas City.

Scrivner won re-election two years ago by a slim margin of 4,893 votes in a contest where he was opposed by a substituted opponent.

Democrats profess to see growing opposition by organized labor to Scrivner, a supporter of the Taft-Hartley Law.
