## Barrier Broken By Bus Riders

### Heading For New Orleans

MONTGOMERY, Ala. (AP) — Eleven "freedom riders"—white and Negro—broke the racial barriers in a bus station lunchroom today. Then, under heavy military guard they left for New Orleans, La., in a continued assault on Southern segregation.

Others waited behind with announced plans to board another bus at 11 a.m. for the same destination.

National Guardsmen with fixed bayonets, and state and city police, sealed off the block around the downtown Trailways bus station to prevent a recurrence of the blood-soaked racial riots which followed arrival of some of the riders here Saturday.

And to guard against demonstrations along the route, a convoy of approximately 75 Guardsmen and 100 highway patrolmen specially trained in mob control was ordered to take the bus to the Mississippi state line.

Similar precautions were used in Mississippi.

Gov. W. P. Wilson, adjutant general in the adjoining state, flew to Meridian, near the state line, to await arrival of the bus. Gov. Ross Barnett already had alerted the Mississippi highway patrol and National Guardsmen to stand by.

Unless changed en route, the bus would go through Selma and Demopolis, Ala., and Meridian and Jackson, Miss.

Before boarding the bus, most of the Negro riders walked calmly to the bus station lunchcounter here before reserved for white passengers, and ordered breakfast. No attempt was made to refuse them.

The bus station manager, W. E. Evans, said no Negro had ever eaten there before.

Civilian police and National Guardsmen, mobilized under martial law since Sunday night when the racial violence erupted at a Negro church, took widespread precautions to prevent a new outbreak as the riders prepared to leave today.

The entire block in front of the bus station was cleared of traffic. Steel-helmeted National Guardsmen standing almost shoulder to shoulder kept bystanders away.

Other troops, rifles ready, stood guard on the roofs of nearby buildings.

Thirty minutes after the bus left the station headed south, the highway patrol broadcast an alert to all cars along the route to "be on a sharp lookout right and left," especially along stretches of U.S. 90 bordered by dense woods.

There was no evidence of U.S. marshals in the armed guard as the bus left Montgomery. The federal officers sent here Saturday night after the race rioting broke out, patrolled the streets until they were pulled back to their quarters at Maxwell Air Force Base.

One white man accompanied 10 Negroes on the bus today. He gave his name as Paul Dietrich, 26-year-old theology student at the Arlington extension of the University of Virginia. He said his home is in Harrisburg, Pa.

Also on the bus were three of the Negroes whose arrival Saturday at the Greyhound bus station touched off a wild outburst of violence.

### 90 Signed In Drive For C Of C

Membership in the Snyder Chamber of Commerce had increased by 90 this morning, as workers continued to make their rounds in a rapid membership drive.

The campaign was launched at a breakfast session Tuesday. Some 70 workers began contacting prospective new members immediately.

Thirty of the workers had completed their chores this morning, but about 40 more will still make contacts.

Chamber officials predicted that the membership increase would exceed the 100 mark by the time all workers complete their rounds.

Most of the workers made reports early.

The first worker to report in with a new member in the drive was Gene L. Dulany, past president of the chamber. He had signed Allen Bros. Automotive Service.

Bobby McCormick was the first worker to complete his contacts, while the Rev. Harry Vanderpool was the first worker to bring a new member into the Chamber of Commerce office to sign up, and Mrs. Six Jones maintained her leadership as the top membership worker for the year in the organization.

The remainder of the contact work in the campaign was expected to be completed today.

The membership drive was launched to increase participation in the chamber's program of work which was adopted recently.

### Plane Crash Kills 18

MC CHORD AIR FORCE BASE, Wash. (AP)—A big military transport returning servicemen from maneuvers met disaster five miles from takeoff today in a flaming pileup that killed 18 men and left four injured critically.

The C124 Globemaster fell in a wooded area minutes after it lifted from a McChord runway in predawn darkness, headed for Ft. Sill, Okla., with 15 Army men and its Air Force crew seven.

Five men got out somehow from the shattered, burning plane and were rushed to Madigan General Hospital at nearby Ft. Lewis. One died a few hours later.

Three Army men and one Air Force crewman remained at Madigan in critical condition.

One of the first men at the scene heard a man calling for help, said Capt. Joseph Wiggins, McChord public information officer.

The survivor, in shock, was found sitting on a log near the wreckage.

The Globemaster, from Donaldson AFB, S.C., took off in foggy weather about 2:30 a.m.

There was a flash in the sky, said a sheriff's officer. "We could not tell whether it came from an explosion in the air or after the plane hit the ground."

The \$1.5 million plane apparently came down sharply. Although it landed in a heavily wooded area it cut no swath and knocked down only a few trees.

Nearly everything burned. Even metal melted. Hours after the crash the wreckage still smoldered.

The injured were evacuated by a helicopter crew who brought their craft down in a narrow clearing between power lines and trees.

The C124 was returning men who had participated in recent Army-Air Force maneuvers, called Exercise Lava Plains, at Yakima, Wash., 150 miles east of McChord.

In addition to the 22 servicemen aboard, the Globemaster carried a 16,230-pound truck, a 5,130-pound trailer, a jeep and a light trailer. It was not a heavy load for the C124, which can carry up to 200 men.

The plane came down on the edge of the Ft. Lewis military reservation, adjacent to McChord. The bases are 10 miles southwest of Tacoma, Wash., and about 40 miles south of Seattle.

The 15 Army men were from B Battery, 26th Field Artillery, 4th Army at Ft. Sill.

Identification of the casualties was delayed until relatives were notified.

While rescuers were searching for the burning wreckage, other Globemasters continued to take off from McChord on similar missions.

### Cage Scandal Is Spreading

NEW YORK (AP)—The college basketball scandal investigation in New York spread today to a total of 23 players from 18 colleges.

Frank S. Hogan, New York district attorney, said 14 more players and 10 additional colleges were involved in the mushrooming scandal.

Hogan made the disclosure when announcing that Joseph Hacken of New York had been indicted on charges of conspiracy and bribery to fix basketball games.

Two basketball players from St. John's University of Brooklyn and one from New York University were named. Players from these schools had not been implicated previously.

### LBJ Back From Challenging Trip

WASHINGTON (AP)—Vice President Lyndon B. Johnson returned today from a 20,000-mile diplomatic mission to Asia which he described as "the most challenging trip of my life."

President Kennedy and a large number of other government officials welcomed the vice president on the White House lawn as he arrived by helicopter to report to the President.

Kennedy described the vice president's tour as an American effort to indicate this country's deep concern for the cause of freedom.

Johnson brought with him recommendations for new military techniques and bold economic measures to prevent a creeping Communist take-over of the area. He told newsmen he was ready to report to the President an interim report, but a detailed formal report will be made later.

A public report of his trip was scheduled at a news conference to be broadcast and televised at 2:30 p.m.

### MEMORIAL DAY OBSERVANCE DUE

Next Tuesday, Memorial Day, will be a general holiday in Snyder, according to the schedule approved by the Chamber of Commerce merchants committee.

Memorial Day, which is set aside to pay tribute to the dead of all wars, is on the general holiday calendar here, along with New Year's Day, Independence Day, Thanksgiving and Christmas.

TOP MEMBERSHIP WORKER—Mrs. Six Jones, left, is presented a prize by Birdie Barron, Chamber of Commerce office secretary, in recognition of her leadership in membership drive for the chamber. A total of 90 new members had been added to the Chamber of Commerce roll this morning, and the membership drive was continuing. It started Tuesday morning at a breakfast meeting.

### Tax Writers In Deadlock

AUSTIN (AP)—Texas tax writers continued their desperate search today for a revenue bill compromise despite reports in both houses of a deadlock.

### Senate Gets Driver Bill

AUSTIN (AP)—A bill designed to keep the highways clear of habitually unsafe drivers went to the Senate today with a strong boost from Gov. Price Daniel.

The measure by Reps. Bob Johnson of Dallas and Pete Snellson of Midland was urged as an emergency matter by the governor who has asked enactment of several traffic safety bills endorsed by adjournment of the legislature.

Legal experts of the Department of Public Safety and the governor's office studied the bill Tuesday night to see if house amendments made major changes in the complicated measure.

Among other things, the bill toughens controls on and pinpoints responsibility for teenage drivers.

It is general effort is to give state police tighter controls on licensing or authority to withhold the right to drive from habitual violators deemed dangerous.

Daniel called passage of the bill in the House "the first major breakthrough in years in major traffic legislation."

"The only people we are after are those drivers whose own records prove they can not or will not obey the laws and who show no regard for other drivers and citizens," Daniel commented.

### U. S. Supports Thai Proposal

GENEVA (AP)—The United States today supported a Thai proposal to add Indonesia and Malaysia to the East-West conference on Laos, anticipating that they would swell the pressure for a sound plan to pacify and demilitarize the Southeast Asian battleground.

The American delegation in a statement said enlarging the conference as Thailand proposed Tuesday would be in line with U.S. policy favoring the widest possible consultation by countries in areas where problems occur.

U.S. delegates were reported to feel that Burma, Cambodia and Thailand—Southeast Asian countries already at the conference—had shown a strong desire for a truly neutral Laos. The Americans believed Malaysia and Indonesia would add to the pressure that this pro-neutrality bloc could exert on the Communists.

The U.S. delegation was reported toward another Thai proposal to add Indonesia and Malaysia to the International Control Commission for Laos, now made up of India, Canada and Poland. The U.S. statement said any so-

### Ominous Upsurge in Crime Reported By FBI Director

WASHINGTON (AP)—Homicides in Texas are not following a national pattern of increase, the FBI said today, but rapes during the first three months of 1961 in the state showed an increase of almost one third.

FBI Director J. Edgar Hoover viewed as ominous an upsurge of crimes in the nation, particularly rape.

Figures on crimes against the person were shown in the FBI's first quarter report of cities participating in the agency's system of uniform crime reports.

Nationally, murders and non-negligent homicides increased 30 percent during January, February and March of this year compared with the first three months of 1960. In Texas, 12 cities included in the report listed 87 murders and non-negligent manslaughter for the first three months of 1961 against 86 for the first three months in 1960.

Hoover said 22 large American cities reported a 41 per cent increase in forcible rapes during the three months. In the 12 Texas cities, rapes went from a total of 62 in 1960 to 88 during the period with Houston accounting for 42 such crimes.

Figures for Texas cities cited by the FBI included 1560 totals for first three months followed by 1961 totals for comparable periods.

Amarillo: Murder and non-negligent manslaughter, 2 and 2; rape, 6 and 4; robbery, 13 and 20; aggravated assault, 30 and 28; burglary, breaking or entering, 169 and 246; larceny or stealing, 157 and 157; auto theft, 84 and 72.

Beaumont: Murder and non-negligent manslaughter, 3 and 1; rape, 1 and 2; robbery, 9 and 6; burglary, breaking or entering, 227 and 227; larceny or stealing, 53 and 57; auto thefts, 51 and 64.

Lubbock: Murder and non-negligent manslaughter, 5 and 3; rape, 8 and 1; robbery, 19 and 25; aggravated assault, 15 and 41; burglary, breaking or entering, 373 and 415; larceny or stealing, 199 and 194; auto thefts, 35 and 72.

Waco: Murder and non-negligent manslaughter, 2 and 2; rape, 4 and 2; robbery, 12 and 12; aggravated assault, 79 and 75; burglary, breaking or entering, 342 and 383; larceny or stealing, 856, 82 and 82; auto thefts, 33 and 56.

Wichita Falls: Murder and non-negligent manslaughter, 1 and 0; rape, 0 and 1; robbery, 6 and 0; aggravated assault, 38 and 7; burglary, breaking or entering, 133 and 131; larceny or stealing, 309; auto thefts, 86 and 69.

### Light Rains Dampen Area Again Today

The Snyder area's moisture supply got another light boost early today, and forecasts indicated that conditions will be ripe for more showers through Thursday.

A total of 21 of an inch of rainfall was measured here this morning.

Meanwhile, weather over the state calmed down again today, after lightning killed a farm worker and a tornado ripped apart a garage and damaged a home near Victoria.

Melquiere Morales, 60, was killed by lightning while working on a farm northeast of Victoria, in Jackson County.

The tornado, which hit Ganado, in Jackson County, destroyed a two-car garage and damaged a roof of a house. Damage was estimated at about \$1,500 but there were no injuries. An inch of rain fell.

Most of the night's thunderstorm activity was along the coast and in South Texas.

Another line of showers moved out of New Mexico into the South Plains around Lubbock early Wednesday.

Ganado, where the tornado struck, is about 75 miles southeast of Houston.

Winds in Austin were clocked at 37 miles an hour. Light rains fell at Austin, Temple and Fredericksburg.

More than an inch of rain with hail fell at Pleasanton, 34 miles south of San Antonio.

Handful reports included Houston, 42 of an inch; Junction, 32; Midland, 97; San Angelo, 47; Waco, 84.

Other widespread areas of Central Texas were soaked by welcome rains Tuesday. Hail caused some crop and property damage, but the loss was considered negligible as compared with the benefits to crops.

### Chang Plans For Visit To America

SEOUL, South Korea (AP)—The leader of South Korea's successful military revolution, Gen. Chang Do-yung, announced today he plans to leave for the United States soon to participate in the inauguration of President Kennedy and the American people.

The U.S. Embassy, which had opposed the coup last week, said no invitation had been issued to Chang but it was taking the matter up with the State Department.

Initial reaction in Washington was cool.

Chang, who is head of the ruling military council, premier, defense minister and army chief of staff, said "reliable informants" had told him President Kennedy wants to see and talk with me personally.

The 38-year-old general said he would seek support for our efforts to achieve the revolutionary tasks and thus promote furthering of close ties between the two countries.

The junta has said the aim of its revolution is to weed out Communist infiltrators from North Korea, end official corruption and rejuvenate the economy.

Korean army leaders and U.S. Gen. Carter B. Magruder were reported last week to have agreed to a formal agreement regarding acknowledgment of Magruder's authority over Korean forces.

At issue is the return of 2,000 Korean troops occupying Seoul since the coup to Magruder's authority and the U.S. general's right to pass on Korean army appointments.

Chang's iron-fisted regime stepped up its crackdown against what it called social evils and subversion.

A military court sentenced 43 young people to jail terms ranging from three months to a year for dancing at an unlicensed hall in violation of martial law regulations.

The government shut down about 100 newspapers and 200 small so-called news agencies which were termed incompetent, financially weak and vulnerable to money payoffs. Registration of new publications was frozen and censors withheld permission for all school newspapers to appear.

Some 4,200 Koreans arrested as hoodlums will be sent to labor camps on public works projects "if they wish" after their trials, said Maj. Gen. Hahn Shin, the new home minister.

Many of the 10,825 persons charged with violating the martial law curfew will be court-martialed as part of a drive to promote a law-abiding spirit.

### Lincoln School's Exercises Slated

Dr. John T. King, dean of Huston-Tillotson College, will be the speaker at commencement exercises for Lincoln High School, scheduled for Saturday.

The exercises are scheduled to receive diplomas.

Will Clay Jr. senior valedictorian, will give the invocation, while Woodruff Powell, eighth grade valedictorian, will give the welcome address and Johnny Ray Garcia, senior salutatorian, will speak on "The Door of Success is Open."

Daniel Johnson, Lincoln principal, will introduce Dr. King and T. E. McCollum, superintendent of schools, will award diplomas and certificates. The Rev. N. M. Vance, pastor of Allen Chapel A. M. E. Church, will pronounce the benediction.

Professional and recession marches will be played by Mrs. Ann Woodruff Powell, eighth grade valedictorian. Special music will feature the school choir.

Dr. King holds the bachelor of arts degree from Fisk University, Nashville, Tenn. The bachelor of science degree from Sam Houston College in Austin, the master of science degree from DePaul University in Chicago, and the Ph.D. degree from the University of Texas.

He has been active many years as a lay leader in Wesley Methodist Church in Austin, serving as chairman of several diocesan and conference boards. He was a delegate in 1934 and 1936 to the general and jurisdictional conferences of the Methodist Church and is a member of its board of education and general commission on inter-territorial relations.

A veteran of World War II, Dr. King served in the Pacific as a captain, and now holds the rank of major in the Army Reserve.

He has served as professor of mathematics at Huston-Tillotson for several years, is active in civic, professional and fraternal organizations. He is co-author of four textbooks in mathematics and has contributed articles to professional journals. He is a "visiting scientist" for the Texas Academy of Science.

### Antitrust Probe Of AT&T Starts

WASHINGTON (AP)—The government has started an antitrust investigation of the American Telephone and Telegraph Co.

Lee Loewinger, assistant attorney general in charge of the Justice Department's antitrust division, said that as a result of a number of complaints concerning activities of AT&T, the division is investigating various aspects of the telephone industry.

Stock in AT&T dropped more than \$3 a share in early trading today on the New York Stock Exchange.

Loewinger disclosed the investigation in a letter to E. L. Hageman, president of the Western Union division of the Commercial Telegraphers Union. Hageman had complained specifically that a new Telex service is tending to take business from the Western Union Telegraph Co.

Telex is a leased wire service offering various forms of communication.

Hageman said that although AT&T was forced to divorce itself from the telex-communications business many years ago, it retained the word "telex" in its company name and by 1960 was taking in 44 per cent of the total telex-communications revenue in the United States through telex-type writer and other forms of service.

The time has come for our government to take action against this restrictive communications monopoly," Hageman wrote the Justice Department. "The Bell System has had a monopoly in voice communications for many years. It should be continued to that field and should be compelled to get out of the record written communications field."

In New York, an AT&T spokesman said the company had not heard directly from the Justice Department on the subject. He said the company did not have a copy of the Loewinger letter.

The company said it is still offering Telex although only under certain restrictions in compliance with an FCC directive.

BY THE ASSOCIATED PRESS  
The Texas Democratic party closed ranks behind Sen. William Blakley Wednesday except for some fringe but expected to be important to Saturday's Senate election.

The gap was filled when former state Rep. Maury Maverick Jr., an avowed liberal, said he will vote for Blakley.

Maverick, obviously irked that the runoff election would be between two conservatives, Blakley and Republican John Tower, earlier declared he might "go fishing" election day.

State Sen. Henry Gonzalez, another liberal, is actively campaigning for Blakley. Both Gonzalez and Maverick were defeated in the April 4 preliminary to Saturday's balloting.

Democratic Sen. William A. Blakley bore down in South Texas on his theme that a Republican senator couldn't help the state.

### Baptists Eye Huge Budget

ST. LOUIS (AP)—A 1962 budget of \$19,013,500 for Southern Baptist Convention agencies through the cooperative program was sponsored to the convention Wednesday.

The budget doesn't call for any increase over 1961 in the basic operating funds for the 26 agencies. This sum again is \$13,538,500.

The executive committee proposed that only the capital funds—used by agencies for expansion—be increased by \$500,000.

Executive secretary J. Parker Roth of Nashville said a major share would be \$2 million. Six companies would share \$3,012,500. A total of \$480,000 would go into producing radio and television programs.

In the capital needs phase for 1962, the foreign mission board again would get the largest portion, about one-fourth of \$5,075,000.

MEXICO CITY (AP)—A fascinating "death city" sprinkled with hundreds of tiny funeral monuments has been discovered in Veracruz, the rector of the local university said Tuesday.

Dr. Fernando Salmeron said the graveyard can be traced back to pre-Columbian days and is a typical example of the Toltec architecture.

**MISS RODGERS HONORED**—Miss Nonnie Rodgers, daughter of Mr. and Mrs. Novis Rodgers, and a spring graduate, was honored Saturday by her cousin Bettie Boren, Mrs. John Boren and Mrs. Malven Stevenson at a luncheon at the Snyder Country Club. Orchid and white, class colors, were carried out in the table decorations and centerpiece. Small sachets marked the places of the seniors present. Twenty-three friends and the honoree's mother attended. Nonnie plans to attend Texas Tech in Lubbock this fall. Seated are Miss Boren, and Miss Rodgers. Standing, Mrs. John Boren, Mrs. Stevenson and Mrs. Rodgers.

## 20th Century Has Last Meet Of Year

The Twentieth Century Club held its final meeting of the season recently in the home of Mrs. Fred Beatty at the Lion Oil Camp, with 12 members present.

Mrs. Beatty presided in the absence of Mrs. G. W. Hicks, president.

Reports were given on the recent May Breakfast and the Grandmothers Tea sponsored by the club. Mrs. C. O. Holder reported to the group on the Student Exchange Program discussed at a breakfast of the American Field Service Chapter of Snyder.

The Club voted to donate \$5 to the Sharon Jones Fund in Abilene. Mrs. John Hambrick gave a report on the board meeting of the Martha Ann Woman's Club concerning rules and regulations, and announced a meeting to determine future operation.

The program consisted of a delightful book review given by Mrs. B. J. Bartels. The book "Katie My Rib" was written by E. Jane Mall, and is a story of the wife of Martin Luther. It reveals the life and heart of the woman who married this great founder of the Protestant Movement.

"The intriguing story is one of Katie, a nun who was released from the nunnery in Germany" by Luther when she and 11 others sought escape from their near-prison life there.

"Upon escaping, the 12 nuns rode on a wagon loaded with fish to Wallenberg, Germany, where they were cared for by Dr. Luther. Seven of them married, the others got jobs. Katie, after an unfortunate love affair with a young man named 'Lester,' found herself employed as housekeeper for the highly respected Dr. Luther. One day he asked her to marry him, and they were married the next day at 4. With the passing of time and sharing of their problems and work, they came to know a deep and abiding love. They had three sons and three daughters. Dr. Luther died while away on one of his many trips. Katie lived several more useful and busy years."

**Panorama Of Our Worlds**

THE FIVE WORLDS OF OUR LIVES.

Recent history, with geographical interpretations, is the theme of this large volume. Upon a casual examination it seems to be just a picture book, reminding one of old newsreels that flicker through a recollection of the turbulent decades since the turn of the century. But it has more substance than this, and more reference value, because of the terse text and the 59 original maps.

It begins with the World of Imperialism at the end of the Victorian Age, detailing the empires of all major powers. Then comes the World of Idealism and Uplift, from Woodrow Wilson and the League of Nations to the depression and apathy of the 1930's. Next comes the World of Dictators and the Second World War, followed by the World of Nationalism and the Cold War. Finally—there is the World of Space.

There are more than 400 photographs, many in color, and reproductions of paintings, drawings and cartoons. Together with the maps they present a vivid panorama.

## Exotic Adventure In India

**NEVER THE TWAIN.** By Max Wythe

India in 1943 was the scene of a struggle for independence. An American with the odd name of Hackley Major, teaching at the University of Lahore, is entangled in that struggle in Wythe's novel.

Major has fallen in love with the beautiful Shanti, a Mohammedan girl, and they were planning to be married. Major was sympathetic with the British, including a magistrate, Sir Percy Chaddourne, and Lady Elizabeth Broad-Mayne—but it happened that Shanti's father was Khan Mirza, a pacifist whom the British had jailed. And her brother Rasheed, upon learning their father was being liberated simply because he was dying of tuberculosis, became an assassin.

The American became an accessory to Rasheed's act and there is a lot of detective work over the slaying, as well as some cloak and dagger stuff over Rasheed's revolutionary connections. Major was booted out of the country, but the implication is that he will return some day for Shanti. If you are looking for an adventure story exotic type, this would fill the bill. But if you are looking for literary merit, you may be disappointed. This could be movie material.

# Regime's School Aid Bill Is Near Final Senate Victory

By JOE HALL  
WASHINGTON (AP) — President Kennedy's federal aid to education bill passed final victory in the Senate today but actual passage was not expected until Thursday.

Senate Majority Leader Mike Mansfield of Montana told newsmen he hoped to dispose of all remaining amendments to the hotly disputed \$2.5-billion public school measure today.

Manfield called the Senate in three hours early to try to get a quick start at beating down four or five expected amendments. He said some lengthy opposition speeches undoubtedly would delay the roll call to pass the bill until Thursday.

Junior Editors Quiz on BIRDS

QUESTION: How many different birds are there?

ANSWER: About 9,000 different kinds of birds have been described. Among them are groups of birds with very special characteristics. For instance, there are birds of prey such as the eagle, hawk and owl. The game birds include ducks, geese, cranes, turkeys and peacocks. There are more than 30 waterfowl and wading birds such as the heron, loon and plover. The gull and pelican belong among the ocean birds. Tropical birds which are most familiar to us are the parrot, lovebird, blue and macaw. The greatest number of birds are the land birds, and to name just a few from the long list, there are blue jays, Baltimore orioles, swallow sparrows, woodpeckers, wrens, larks, robins. Robins like to live near people while other birds are apt to be shy and timid.

FOR YOU TO DO: Birds are very fascinating creatures to observe and you can learn quite a bit about them right in your own neighborhood. Try to identify different birds and learn what they like to eat and how they build their nests.

(William L. Buckwalter of Phoenicia, Pa., wins \$10 for this question. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.)

SEC Delves Into Exchange Activity

By FRANK CORMIER. WASHINGTON (AP)—Did Jerry and Gerard Re enlist any loyal members of the American Stock Exchange willing to help in their alleged massive manipulations of that important market? This is a question which investigators from the Securities and Exchange Commission presumably will try to answer as they probe the "rules, policies, practices and procedures" of the exchange, the second largest in New York City and the nation.

SEC lawyers already have stated that some exchange members, wittingly or not, aided the Res by purchasing certain stocks at strategic times. Only one member has been named in this connection, however, and no action has been taken against him.

The Res. father and son, have been expelled from the exchange by the SEC, which held they illegally peddled nearly \$10 million in exchange-traded markets between 1954 and 1959.

Now the SEC is inspecting the exchange itself to see if it gives investors adequate protection.

Edward T. McCormick, president of the exchange, says the inquiry will be conducted and recent reforms will discourage anyone from trying to imitate the Res.

Because the Res got away with so much for so long, the SEC promises to find out for itself. The agency is doubly concerned because the Res were no ordinary exchange members. They were stock specialists, operating at the very heart of the market.

As specialists, the Res were responsible for maintaining fair and orderly trading in about 30 stocks. They conducted the daily auctions in these securities.

According to the SEC brief in the case, the two men profited through their vital role and did "many millions of dollars of harm to thousands of unsuspecting investors."

The brief said they got help from exchange floor traders—members who speculate for their own account.

Floor traders could and did create the appearance of trading activity by ganging up on a stock which the Res were distributing, the brief said.

Edward T. McCormick, president of the exchange, gave the SEC testimony that financier Dennis M. Donohue once told him "there were many other people on the floor who were also in on the alleged manipulation. Donohue denied this.

The reported manipulation occurred Oct. 25, 1954, and involved the closing of the Dow Jones Industrial Average. The stock closed that day at a two-year high of \$42 1/2. Trading was unusually heavy at 42,000 shares.

Four Snyder Students Due ACC Degrees

ARLINGTON—Four Abilene Christian College runners from Snyder are candidates for degrees to be awarded at ACC commencement exercises Monday, May 29. They are Faye Cromwell, Charles M. Jeffs, Keith McCormick, and Lynn Tankersley.

Mrs. Cromwell, the former Faye Harrell, will receive the Bachelor of Science degree in elementary education. She is the daughter of Mr. and Mrs. Garrett Harrell and was a 1956 graduate of Snyder High School.

Moffett, who will receive his Bachelor of Science degree in accounting, is the son of Mr. and Mrs. Fred C. Moffett of 2208 Fort St. He graduated from Snyder High School in 1957.

McCormick will receive the Bachelor of Science degree in business. He is the son of Mr. and Mrs. Fred C. McCormick, and is also a 1957 graduate of Snyder High. He is a member of the ACC band and the Knights social club.

Tankersley, son of Mr. and Mrs. E. Tankersley, will receive the Bachelor of Science degree in business. He is also a 1957 graduate of Snyder High. He is a member of the ACC band and the Knights social club.

Titan Moves Step Closer

CAPE CANAVERAL, Fla. (AP)—The successful 3,000-mile test flight of a Titan missile has moved the giant ocean-spanning weapon a step closer to combat readiness.

The 88-foot rocket, highest in the U.S. arsenal, streaked into a South Atlantic target Tuesday night, covering the distance in 30 minutes at peak speed of more than 17,000 miles an hour.

Within a few weeks, Air Force troops are expected to launch a Titan from Vandenberg Air Force Base, Calif. If the test is successful, the Defense Department probably will announce the United States has a second operational intercontinental range ballistic missile.

The Atlas has been operational for 20 months and about two dozen of the missiles are on the alert on pads in California, Wyoming and Nebraska.

A total of 13 Atlas and 12 Titan squadrons, each averaging 10 missiles, is planned by 1965. The initial Titan squadron will be at Lowry Air Force Base, Colo.

# Huge Throng Of Moslems Set To Climb Annual Pilgrimage

By WILTO WYNN  
CAIRO (AP)—A huge throng of 700,000 Moslems gathers tonight on Mt. Arafat outside Mecca for a service commemorating the annual pilgrimage that is the most sacred event in a devout Moslem's life.

The Saudi ambassador in Cairo, Mohamed Elshorbi, said there have been no epidemics as far this year among the pilgrims and all hospitals are on the alert to care for any sick.

Most of the pilgrims have saved for a lifetime to make this trip. For the pilgrimage they shave their heads and, don a white costume which is worn until the pilgrimage is completed.

Afterward the pilgrims march to Mt. Arafat, bringing along provisions of canned fruit, meat, ice water or bottled drinks.

Thousands come on foot from Yemen and Aden to the south, bringing provisions on their backs.

On arrival in Mecca, the pilgrims walk seven times around the Kaaba—the chief shrine of the pilgrimage—and on the last time kiss the sacred black stone that has been a revered object since long before Mohammed.

Afterward the pilgrims march to Mt. Arafat, bringing along provisions of canned fruit, meat, ice water or bottled drinks.

Dr. Eisenhower Is Saddened By Critics  
BALTIMORE (AP)—Dr. Milton S. Eisenhower says he is "saddened and surprised" at criticism of the tractor-prisoner swap with Fidel Castro being negotiated by a group of American citizens.

Eisenhower, brother of former President Dwight D. Eisenhower and president of Johns Hopkins University, is co-chairman of a drive to raise \$15 million for tractors.

"By whatever name you call it," he said Tuesday, "the central problem is 1,214 decent people. I don't see how Americans can refuse a call for help."

Use Of Playground Sparks Disturbance  
SAVANNAH, Ga. (AP)—Open warfare over use of city park playground facilities has resulted in the arrest of several participants.

A baseball diamond was the battleground Tuesday night as some 20 Negro and white youths fought with fists and knives.

The officers said the trouble apparently began when the Negroes sought to use the ball park formerly reserved for white persons.

Barrier Broken By Bus Riders

Twenty persons—some bystanders—were maul-ed at that time by screaming, club-swinging white men and women.

The Rev. Martin Luther King Jr., who led the fight against city bus segregation here five years ago, accompanied the riders to the station this morning.

He did not go with them on the westward journey, but told them "I hope you have a good time."

The National Guard commander, Ad. Gen. Henry V. Graham, boarded the bus before the riders left and warned them it might be a dangerous trip.

Graham has been in command of the military since Gov. John Patterson put the riot-stricken birthplace of the Civil War Confederacy under martial law.

Several newspapers bought tickets for the bus trip. Others followed in private cars.

White crowds gathered behind the cordon of National Guardsmen at the station, but made no effort to push through the human barricade. Some muttered threats, but nothing more.

Light Rains Dampen Area Again Today

The Snyder area's moisture supply got another light boost early today, and forecasts indicated that conditions will be ripe for more showers through Thursday.

A total of 21 of an inch of rainfall was measured here this morning.

Meanwhile, a weather over the state calmed down again today, after lightning killed a farm worker and a tornado ripped a garage and damaged a home near Victoria.

Melquíades Morales, 60, was killed by lightning while working on a farm northeast of Victoria, in southeast Texas.

The tornado, which hit Ganado, in Jackson County, destroyed a two-car garage and damaged a roof of a house. Damage was estimated at about \$1,500, but there were no injuries. An inch of rain fell.

Most of the night's thunderstorm activity was along the coast and in South Texas.

Another line of showers moved out of New Mexico into the South Plains around Lubbock early Wednesday.

Ganado, where the tornado struck, is about 75 miles southeast of Houston.

Winds in Austin "were clocked at 37 miles an hour." Light rains fell at Austin, Temple and Fredericksburg.

More than an inch of rain with hail fell at Pleasanton, 34 miles south of San Antonio.

Rainfall reports included: Houston, 1.2; an inch, Junction; 3.5; Midland, .97; San Angelo, 4.7; Waco, .61.

Other widespread areas of Central Texas were soaked by welcome rains Tuesday. Hail caused some crop and property damage, but the loss was considered negligible as compared with the benefits to crops.

90 Signed In Drive For C Of C

Membership in the Snyder Chamber of Commerce had increased by 90 this morning, as workers continued to make their rounds in a rapid membership drive.

The campaign was launched at a breakfast session Tuesday. Some 70 workers began contacting prospective new members immediately.

Thirty of the workers had completed their chores this morning, but about 40 more were still making contacts.

Chamber officials reported that the membership increase would exceed the 100 mark by the time all workers complete their rounds.

Most of the workers made requests early.

The first worker to report in with a new member in the drive was Gene L. Dulaney, past president of the chamber. He had signed Allen Bros. Automotive Service.

Bobby McCormick was the first worker to complete his contacts, while the Rev. Harry Vanderpool was the first worker to bring a new member into the Chamber of Commerce office to sign up, and Mrs. Six Jones maintained her leadership as the top membership worker for the year in the organization.

The remainder of the contact work in the campaign was expected to be completed today.

The membership drive was launched to increase participation in the chamber's program of work which was adopted recently.

Five men got out somehow from the shattered burning plane and were rushed to Madigan General Hospital at nearby Ft. Lewis. One died a few hours later.

Three Army men and one Air Force crewman remained at Madigan in critical condition.

"One of the first men at the scene heard a man calling for help," said Capt. Joseph Wiggins, McChord public information officer. "The survivor in shock, was found sitting on a log near the wreckage."

The Globemaster from Donaldson AFB, S. C., took off in foggy weather about 2:20 a. m.

"There was a flash in the sky," said a sheriff's officer. "We could not tell whether it came from the explosion in the air or after the plane hit the ground."

The \$13 million plane apparently came down sharply. Although it landed in a heavily wooded area it cut up stumps and knocked down only a few trees.

Nearly everything burned. Even metal melted. Hours after the crash the wreckage still smoldered.

The injured were evacuated by a helicopter crew who brought their craft down in a narrow clearing between power lines and trees.

The C124 was returning men who had participated in recent Army-Air Force maneuvers called Exercise Lava Plains, at Yakima, Wash., 150 miles east of McChord.

In addition to the 22 servicemen aboard, the Globemaster carried a 16,200-pound truck, a 3,120-pound trailer, a jeep and a light trailer. It was not a heavy load for the C124, which can carry up to 200 men.

The plane came down on the edge of the Ft. Lewis military reservation, adjacent to McChord. The bases are 10 miles southwest of Tacoma, Wash., and about 40 miles south of Seattle.

The 15 Army men were from B. Battery, 26th Field Artillery, 4th Army, at Ft. Sill.

Identification of the casualties was delayed until relatives were notified.

While rescuers were searching the burning wreckage, other Globemasters continued to take off from McChord on similar missions.

Plane Crash Kills 18

WASHINGTON (AP)—A Lockheed C-124 Globemaster transport returning servicemen from maneuvers met disaster Tuesday in a flaming crash that killed 18 men and left 14 injured critically.

The C124 Globemaster fell in a wooded area minutes after it lifted from a McChord runway in peedown darkness, headed for Ft. Sill, Okla., with 15 Army men and one Air Force crew member.

Five men got out somehow from the shattered burning plane and were rushed to Madigan General Hospital at nearby Ft. Lewis. One died a few hours later.

A total of 90 new members had been added to the Chamber of Commerce this morning, and the membership drive was continuing. It started Tuesday morning at a breakfast meeting.

Tax Writers In Deadlock

By LEE JONES  
AUSTIN (AP)—Texas tax writers continued their desperate search today for a revenue bill compromise despite reports in both houses of a deadlock.

The 10-man conference committee held an early morning session of Senate and House differences to open their third day of negotiating.

"Deadlocked as usual," said Rep. Denton Murray, Hartington, a member of the House compromise group.

"The Senate won't give and the House won't give," said a prominent source who didn't want to be quoted by name.

"Our relations are still very cordial and we will continue meeting," said Rep. Charles Ballman, chairman of the House group.

In some areas I think we are making progress, in some others maybe not. I still have hope."

Ballman was asked if the retail sales tax features in both the House and Senate bills, which have drawn veto threats from Gov. Price Daniel, are the big question.

"You couldn't say that," Ballman answered.

Sen. Warrless Lane, head of the Senate group, said "the situation could clear up in a few minutes or could go to the end of the session."

Lane said it was uncertain when the conferees would meet again but likely it would be some time today.

"I can say we have not reached an agreement," Lane said. He added that the Senate conferees disagree with the House on the approach to sales taxation.

The House seems to want the upside-down Pennsylvania approach of naming every thing you want to tax."

The Senate version, which the House refused to accept, levies a 2 1/2 per cent tax on most sales of 25 cents and over. Daniel's proposed bill with numerous specific exemptions and a 4 1/2 per cent rate for all other items was turned down in senate debate.

Legal experts of the Department of Public Safety and the governor's office studied the bill Tuesday night to see if house amendments made major changes in the complicated measure.

Among other things, the bill tightens controls on and simplifies responsibility for teen-age drivers.

Its general effect is to give state police tighter controls on licensing of authority to withhold the right to drive from habitual violators deemed dangerous.

Daniel called passage of the bill in the House "the first major breakthrough in years" in major traffic legislation.

"The only people who are after are those drivers whose own records prove they can not or will not obey the laws and who show no regard for other drivers and citizens," Daniel commented.

Cage Scandal Is Spreading

NEW YORK (AP)—The college basketball scandal investigation in New York spread today to a total of 23 players from 13 colleges.

Frank S. Hogan, New York district attorney, said 14 more players and 10 additional colleges were involved in the mushrooming scandal.

Hogan made the disclosure when announcing that Joseph Hacken of New York had been indicted on charges of conspiracy and bribery to fix basketball games.

Other basketball players from St. John's University of Brooklyn and one from New York University were named. Players from these schools had not been implicated previously.

LBJ Back From Challenging Trip

WASHINGTON (AP)—Vice President Lyndon B. Johnson returned today from a 20,000-mile diplomatic mission to Asia which he described as "the most challenging trip of my life."

President Kennedy and a large number of other government officials welcomed the vice president on the White House lawn as he arrived by helicopter to report to the President.

Kennedy described the vice president's tour as an American effort to indicate this country's deep concern for the cause of freedom.

Johnson brought with him recommendations for new military techniques and hold emergency measures to prevent a creeping Communist take-over of the area. He told newsmen he was ready to report to the President an interim report but a detailed formal report will be made later.

A public report of his trip was scheduled at a news conference to be held at 2:30 p. m. Stopping off at Bermuda Tues.

Johnson described the strength of the countries a lot greater, the determination to remain free a lot stronger, citizens a lot more alert and dreamed would be the case."

He added that he doesn't want to give the impression the situation in Southeast Asia isn't grave.

The Communists seem determined to overthrow the region through subversion, terrorism, intimidation and trumped up insurrections," he said.

Horse Racing Bill Dead In Oklahoma

OKLAHOMA CITY (AP)—A bill to legalize betting on horse races died Tuesday in the House of Representatives.

It provided a lively scrap while it lasted by pitting two of the best speakers in the house in a debate.

Rep. John Hatson carried the bill for the race-horse bill, which he had introduced in the state 60 million in taxes.

Rep. Frank Ogden led opposition to the measure.

After the bill was voted on, he asked, "where do you stop? Why not roulette wheels and dice tables?"

Ominous Upsurge In Crime Reported By FBI Director

WASHINGTON (AP)—Homocides in Texas are not following a national pattern of increase, the FBI said today, but rapes during the first three months of 1961 in the state showed an increase of almost three times.

FBI Director J. Edgar Hoover stressed an ominous upsurge of crimes in the nation, particularly rape.

Figures on crimes against the person were shown in the FBI's first quarterly report of cities participating in the agency's system of uniform crime reports.

Nationally, murders and non-negligent homicides increased 100 per cent during January, February and March of this year compared with the first three months of 1960. In Texas, 12 cities included in the report listed 67 murders and non-negligent murders during the first three months of 1961 against 36 for the first three months in 1960.

Hoover said that 28 large American cities reported a 41 per cent increase in forcible rapes during the three months. In the 12 Texas cities, rapes went from a total of 62 in 1960 to 84 during the period with Houston accounting for 42 such crimes.

Figures for Texas cities cited by the FBI included: 1961 totals for first three months followed by 1960 totals for comparable periods: Amarillo, Murder and non-negligent manslaughter 2 and 3; rape 8 and 1; robbery 12 and 20; aggravated assault 79 and 75; burglary, breaking or entering 373 and 433; larceny over \$50, 199 and 194; auto thefts 55 and 72.

## Reds On Rebound; Win 15 Out of 20

By ED WILKS  
Associated Press Sports Writer

The Cincinnati Reds, a bounce back bunch, are within 1 1/2 games of the National League lead again because of a kid right-hander high on the Rookie of the Year list and a stubborn southpaw who might well be the league's No. 1 relief ace.

Hunt and Henry combined for a five-hit, 2-0 victory over second-place Los Angeles Tuesday night—dealing the Dodgers their first shutout of the season and ending their winning streak at five.

San Francisco retained a percentage point (.613) lead although the Giants were walloped 12-4 at St. Louis. Third-place Pittsburgh remained within one game of the top despite a 1-0 defeat at Milwaukee on the fourth pitch of Lew Burdette. Last-place Philadelphia defeated the Chicago Cubs 3-1 in 10 innings.

ter singles by Don Blasingame and Vada Pinson and a walk had loaded the bases.

Bill White was 4-for-5 and drove in five runs, two with a first-inning home run off loser Sam Jones (3-3), as the Cardinals banged 15 hits and ran up their biggest scoring total of the season. Don Tassig also hit a two-run homer in support of Ray Sadeck (3-3), who breezed in with a 12-hit job. Harvey Kuenn and Orlando Cepeda honored for San Francisco.

The Braves scored in the first inning on a triple by Frank Bolling and a single by Ed Mathews, then managed just two more hits off loser Bobby Shantz (1-1), making his first start in two seasons, and reliever Erny Face.

A single by Charlie Smith and a two-out triple by Bob Malkmus broke it up for the Phils against Glen Hobbie (2-5).

## Return To 'Spitter' Is Suggested

BOSTON (AP)—Joe Cronin, president of the American League, said today he favors reinstatement of the spitball as a legal pitch in baseball.

"There's nothing dangerous or bad about the spitball," Cronin said. "I had to bat against both and I'll tell you a good knuckleball is much harder to hit than a spitball."

Cronin's comments came after Chicago manager Al Lopez complained to the league office about alleged use of the spitball by Ryne Duren, the ex-Yankee relief pitcher recently traded to Los Angeles. The White Sox asked Cronin: "What are you going to do about the spitball?"

Although the pitch was outlawed in 1920 because it was ruled too difficult to control, a number of major league pitchers still use most deliveries with water soaked from the brow, neck, sweat-soaked uniforms or clammy hands.

Registration for swimming lessons is slated for Saturday from 9 a. m. until 12 noon at the "Lowe Park Pool, an. nounces pool manager Max Long.

Young people with one or more years of school behind them or through high school age are eligible to take part in the program.

The pool is scheduled to open at 2 p. m. this Saturday, with closing time being 7 p. m.

## FL Athletics Riding High; Tip Tribe

The Farm League Athletics extended their perfect string of victories to three here last night with a 16-6 obliteration of the Indians; the win boosted them into the league leadership.

Randy Owens hurled the victory, with Rickie Arnold being nailed with the loss.

In steamrolling to the triumph, the A's tallied five runs in each of the first two frames, then coasted home.

The Yankees broke into the win column in the follow-up fray of the evening, powdering the White Sox to the tune of 18-0.

Jerald Van Smith chunked the win, with the loss being absorbed by John Brinner.

A 17-run fourth inning, in which 22 Yankees took their licks, told the story.

The Athletics are now atop the ladder with a 3-0 mark, followed by the Indians at 2-1, the Yankees at 1-2, and the White Sox at 0-3.

The line scores follow:  
Athletics 5-4-2-16  
Indians 0-0-0-6

Yankees 0-10 (17)-18  
White Sox 0-0-0-0

The First National Collegiate Track and Field Championships were held June 17, 1921, at the University of Chicago's Stagg Field. Sixty-two colleges and universities were entered.

## Lamesa To Meet Dumas In Regional

BY THE ASSOCIATED PRESS

Texas schoolboy baseballers battle this week to decide the eight teams to play in the state tournament in Austin.

Classes AAAA and AAA each will send four teams to the tournament June 5-6.

Survivors to play this week in Class AAAA are Yuleta Bel Air, Lubbock Monterey, Fort Worth Carter-Riverside, Lufkin, Houston, Bellaire, Baytown, Waco and San Antonio Harlandale.

Defending champion Bellaire takes on Baytown, Waco and Harlandale. Bel Air plays Monterey and Carter-Riverside clashes with Lufkin.

Remaining in Class AAAA following district rounds are Dumas, Lamesa, Paris, Waxahachie, Jasper, Brenham, South San Antonio and Kingsville.

Paris plays Waxahachie, Dumas meets Lamesa, Jasper engages Brenham and South San Antonio takes on Kingsville. The 1960 AAAA state champion, Seguin, was eliminated in the district race.

Andy Pafko, who ended a 17-year playing career in the National League last season, will be around again this year. He's a member of the Milwaukee coaching staff.

Veteran lefty Warren Spahn of the Milwaukee Braves pitching staff is beginning his 19th major league season.

## S'water Man Convicted In Death Of Pro

LAWTON, Okla. (AP)—Shelby Leon Doggett has been sentenced to death in Oklahoma's electric chair by a Superior Court jury here which convicted him Tuesday night of murdering Lawton golf professional Jimmy Lanman.

Doggett, 23, of Sweetwater, Tex., sat impassively while the verdict was read by the 11 man and one woman jury that had deliberated 3 1/2 hours.

He is the second person convicted of shooting to death the 29-year-old golf pro last August. Ronald Lockwood, 19, Altona, Pa., was convicted earlier by a jury which set his punishment at life imprisonment.

Doggett's attorney said the verdict would be appealed.

Mr. and Mrs. Ivan Lanman, parents of the victim, were in the courtroom when the jury returned its verdict.

The defendant's parents, Mr. and Mrs. W. E. Doggett, did not hear the verdict read although they had witnessed earlier trial proceedings. Doggett is the youngest of 10 children.

Doggett and Lockwood were arrested in Pennsylvania shortly after the slaying while driving Lanman's car.

## Giants Remain Unbeaten; A's Mark Up Win

The Little League Giants took over undisputed possession of first place here last night with a convincing 8-1 bouncing of the Braves, who entered the contest deadlocked for the top spot. The Giants are now unbeaten in their three outings.

Bill Greif, fresh from another fine pitching stint of last week, came through to hurl a rugged ball of 2-hit ball, with support from Tommy Sinclair and Doyle Gallman being the only safeties as he struck out 9 and issued passes to 4. The sole Brave run as scored against him was of the unearned variety, also.

Giants pitchers have now relinquished only 7 hits in 3 games, while Giant hitters have pounded out a total of 28.

David Falls went all the way for the Braves, striking out 9 and walking just one. The Giant stickmen unloaded on him for a dozen base hits, however, the majority of which were landed during the late innings.

Ken Pollard went 3-for-3 to pace the Giant attack—all singles—while Steve Moffett, Richie Thompson, and Gary Bailey each chipped in with a pair of one-basers apiece to boost their mates to the win.

Giants Bob Ray uncorked the only extra-base hit of the game, a sixth-inning double.

In the nightcap, the Athletics moved into a tie for the top spot in the American League with a 1-0 blanking of the Yankees.

Fredie Benitez took the ball for the A's and held the losers to four singles for the night, 1-0, recording the victory. He whiffed 10 over the span, also.

Butch Fletcher was tagged with the loss. He gave up just three singles himself, but 10 bases on balls as issued for the night served to make the difference.

By virtue of the win the Athletics slipped into a tie with the White Sox for the league lead, with both teams sporting 2-1 records.

## Harris TKO Victim Of Canadian

HOUSTON (AP)—Rob Cleroux, Montreal, Canada, a 2-1 favorite, claimed a fifth round technical knockout over Roy Harris of Cuernavaca, Tex., in a scheduled 10 round heavyweight fight Tuesday night.

Cleroux, the 10th-ranked heavy, also knocked Harris out in the fifth round of their first meeting last July in Toronto.

The hard swinging 206-pound Canadian sent Harris, 195, to the floor twice for eight counts, and had him down when the bell rang at the end of the fourth round on a count of five.

Referee Jimmy Webb stopped the fight after Harris was helped to his corner by his trainer. The knockout came in the fifth when he could not answer the fifth round bell.

The Canadian improved his record to 25 wins against two losses and one draw.

Harris' first loss to Cleroux was his third in 1960—all to ranking fighters.

## Greenbelt Bowlers Warned Of Penalty

CHILDRESS, Tex. (AP)—Forty-four high school grid stars have been selected to make up the two teams for the annual Greenbelt Bowl football game here Aug. 12.

Each participant has been notified of the NCAA ruling that prohibits a high school senior playing in an all-star game unless he wants to forfeit a year of college competition.

Officials indicated that the boys either are not going to attend NCAA schools, do not care whether they are penalized when they reach college, or do not plan to play football in college anyway.

SEC Delves Into Exchange Activity

By FRANK CORMIER WASHINGTON (AP)—Did Jerry and Gerard Re do any foul members of the American Stock Exchange as willing helpers in their alleged massive manipulations of that important market?

This is a question which investigators from the Securities and Exchange Commission presumably will try to answer as they probe the "rules, policies, practices and procedures" of the exchange, the second largest in New York City and the nation.

SEC lawyers already have stated that some exchange members, wittingly or not, aided the Res by purchasing certain stocks at strategic times. Only one member has been named in this connection, however, and no action has been taken against him.

The Res, father and son, have been expelled from the exchange by the SEC, which held the Re's legally peddled nearly \$10 million in stocks in rigged markets between 1954 and 1960.

Now the SEC is inspecting the exchange itself to see if it gives adequate protection. "Edward T. McCormick, president of the exchange, says the inquiry is welcomed and recent reforms will discourage anyone from trying to imitate the Res."

SEC specialists, operating at the very heart of the market, are specialists in the Res were responsible for maintaining fair and orderly trading in all the daily auctions in these securities.

According to the SEC brief in the case, the two men prostituted their vital role and hid millions of dollars in profit to thousands of unsuspecting investors.

The brief said they got help from exchange floor traders and members who speculate for their own account.

"Floor traders could and did create the appearance of trading activity by ganging up on a stock which the Res were distributing," the brief said.

Edward J. Garrett, vice president of the Local Electronics Corp. gave the SEC testimony that financier Lemus M. Dorosh also told him "there were many other people on the floor" working with Jerry Re in one alleged manipulation, Dorosh denied this.

The reported manipulation occurred Oct. 25, 1954, and involved the common stock of Thompson-Starratt Co. Inc. The stock that day at a two-way bid was \$5.25 a share. Trading was unusually heavy at 42,000 shares.

First Lady's Hem Lines Get Approval

NEW YORK (AP)—American designers took issue today with an Italian couturier who says the U.S. First Lady bares entirely too much neck.

"I don't know this guy 3,000 miles away and I'm not going to allow him to draw me into a controversy with him," signed Oleg Cassin who as chief designer is responsible for Mrs. John F. Kennedy's hem lines.

"I think Mrs. Kennedy is perfect in tone and taste all the time. Let him do what he likes. He can do it better," said Cassin.

# First Union Hero Hauled Down Flag

By JOHN MULLIGAN  
MECHANICVILLE, N.Y. (AP)—The first Union hero of the Civil War died 100 years ago today after hauling down a taunting, defiant Confederate flag from a hotel roof within sight of the White House.

Col. Elmer E. Ellsworth, described by his friend President Lincoln as "the greatest little man" he ever knew, is buried on a quiet hill above this Hudson River city of his boyhood.

Ellsworth was no ordinary soldier picked by an unknown fate to be among the first of a half-million slain. The 24-year-old, 5-foot-4 officer was called "the most talked-of man in the country."

Ellsworth was shot by James W. Jackson, proprietor of the Marshall House and a Southern sympathizer, as Ellsworth and his men descended from the roof of the Alexandria, Va., hotel with the 24-foot long secessionist flag.

Those who mourned the handsome officer included President Lincoln who once employed him as a law clerk, and the South's Gen. Robert E. Lee and President Jefferson Davis.

He was mourned also in a score of cities where the elite Zouave cadets, a precision drill unit he organized, had performed.

Lee said Ellsworth was a born military leader who one day might have led the Union Army, a post Lee himself had been offered.

Ellsworth was born near the Saratoga battlefield where his great-grandfather, at 15, had fought in the Continental Army.

At that age, Ellsworth organized his first drill team here. His dreams of attending the U.S. Military Academy, thwarted by inadequate formal education and a nose too robust for a cadet, faded by time he was 19 and working in Chicago. But his military ambition flared anew when he met a former French army surgeon who had served with the famed Algerian Zouaves in the Crimean War.

Ellsworth organized his own cadets, adopting the Moorish baggy pants, short jackets and precision drills of the Zouaves. He added an idealistic touch, "the golden resolutions," a code of conduct and temperance which in an age of widespread youthful drunkenness, gained public admiration.

The day after his inauguration, Lincoln moved to get Ellsworth an army commission. But a month later, when Fort Sumter was shelled, the young officer resigned his commission to organize New York City firemen into one of the first volunteer units, the 11th New York Infantry, the red-shirted "Fire Zouaves."

The Fire Zouaves, ordered to defend vulnerable Washington, moved across the Potomac to occupy Alexandria three days after Virginia seceded in 1861.

A few hours later Ellsworth lay dead of shotgun wounds, his body partially covered with the blood-stained rebel flag.

Cpl. Francis Brownell of Troy, who shot down his commander's flyer on the spot, became known as "Ellsworth's avenger." He was the first soldier to win the Medal of Honor.

"Remember Ellsworth" became a call to unity in the North and a battle cry for many units which bore his or the Zouaves names.

## No End To Demand For Oil Is Seen

BOSTON (AP)—Executives of Standard Oil Co. of New Jersey told 600,000 shareholders today there is "no end to a climbing demand" for oil throughout the world.

President M. J. Rathbone said governments of nations outside the communist bloc should be "increasingly wary of allowing Russian oil to assume a dominating role in their vital energy picture when such a source of supply can be so uncertain."

He said oil now is being used by Russia increasingly as a means for procuring capital goods and manufacturing plants and that— at the same time—Russia "is seemingly being prodded by political considerations rather than by actual costs and profit margins."

Both he and Chairman Leo Welch voiced sharp disagreement with some American government policies.

Welch challenged the Kennedy administration's attitude that foreign investments in general should not be stimulated and that encouragement to private foreign investment should be limited to investment in underdeveloped areas.

"We believe this attitude is erroneous," he told the company's annual meeting.

## Bids Due June 1 On Civil War Monument

AUSTIN (AP)—Opening of bids for a monument to Confederate Texans who underwent the siege and fall of Vicksburg in 1863 will be held here June 1.

Gov. Price Daniel said construction is to begin soon after the contract is let.

The Legislature adopted a special statute in 1955 to provide for a suitable memorial at Vicksburg National Military Park. The building commission was appropriated \$100,000 to construct the monument.

## Pair From Snyder Due TWU Degrees

Two seniors from Snyder are candidates for bachelor's degrees at Texas Women's University in Denton.

Graduation exercises will be held Sunday, with President John A. Guinn as principal speaker.

Baccalaureate service will start Tuesday at 8:30 a. m. and commencement at 10:30 a. m. Both will be in TWU Main Auditorium.

Rita Ann Grimmer, 1301 Avenue H, and Billie Jane Wright, 1311 Avenue R, are candidates for bachelor of science degrees in nursing.

# Huge Throng Of Moslems Set To Climax Annual Pilgrimage

By WILTO WYNN  
CAIRO (AP)—A huge throng of 750,000 Moslems gathers tonight on Mt. Arafat just outside Mecca for a service climaxed the annual pilgrimage that is the most sacred event in a devout Moslem's life.

Many of the pilgrims are Saudi Arabians. The rest come from throughout the Moslem world. There are 55,000 from the United Arab Republic, the largest foreign contingent.

The Saudi ambassador in Cairo, Mohamed Elzoghby, said there have been no epidemics so far this year among the pilgrims and all hospitals are on the alert to care for any sick.

Even so, it is expected that 500 or more pilgrims will die near Islam's holiest of cities, the birthplace of the prophet Mohammed. That is the usual number of deaths from sunstroke or infirmities of very aged pilgrims, many of whom arrive hoping to die inside the holy city.

The pilgrims have poured into Jidda—a port on the Red Sea near Mecca—by land, sea and air. For the past fortnight 30 planes have landed daily at Jidda bringing pilgrims from all over the world. The harbor is crowded with big passenger ships and tiny sailing vessels that ferry pilgrims across the Red Sea.

Thousands come on foot from Yemen and Aden to the south, bringing provisions on their backs.

Most of the pilgrims have saved for a lifetime to make this trip. For the pilgrimage they shave their heads and don a white costume which is worn until the pilgrimage is completed.

On arrival in Mecca, the pilgrims walk seven times around the Kaaba—the chief shrine of the pilgrimage—and on the last time kiss the sacred black stone that has been a revered object since long before Mohammed.

Afterward the pilgrims march to Mt. Arafat, bringing along provisions of canned fruit, meat, ice water or bottled drinks. Some families bring a lamb or goat to sacrifice.

Thursday the pilgrims begin four days of feasting. During it they will visit the town of Mona

## Use Of Playground Sparks Disturbance

SAVANNAH, Ga. (AP)—Open warfare over use of city park playground facilities has resulted in the arrest of several participants.

A baseball diamond was the battleground Tuesday night as some 20 Negro and white youths fought with fists and knives. One white youth, identified as Jimmy Martin, 21, received a minor knife wound before police broke up the disturbance and arrested several of the battlers.

The officers said the trouble apparently began when the Negroes sought to use the ball park formerly reserved for white persons.

## Dr. Eisenhower Is Saddened By Critics

BALTIMORE (AP)—Dr. Milton S. Eisenhower says he is "saddened and surprised" at criticism of the tractor-prisoner swap with Fidel Castro being negotiated by a group of American citizens.

Eisenhower, brother of former President Dwight D. Eisenhower and president of John Hopkins University, is co-chairman of a drive to raise \$15 million for tractors.

"By whatever name you call it," he said Tuesday, "the central problem is 1.24 decent people I don't see how Americans can refuse a call for help."

## Adams Says Panel Ran Government

NEW YORK (AP)—An unofficial committee of six ran the government during the two months following President Eisenhower's heart attack in 1955, says Sherman Adams.

The stand-in group, Mr. Adams, confided to himself, Vice President Richard M. Nixon, Secretary of State John Foster Dulles, Atty. Gen. Herbert Brownell, Treasury Secretary George Humphrey and presidential aide Wilton Persons.

Adams, who served as Eisenhower's assistant from 1952 to 1958, makes this disclosure in an installment of his memoirs, appearing in Life magazine.

Writing of the days following the first of three Eisenhower illnesses while he was in the White House, Adams says:

"There never was a move on the part of any of us to 'seize power' or to take an unwarranted action that Eisenhower would have disapproved. We made sure that normal activities of the government went on as usual."

Adams writes that after Eisenhower's heart attack in 1955, the President "placed in his file a letter to the vice president covering an understanding between the first of the procedure that would be followed in the event of a presidential disability."

Adams said he never saw the agreement, but added that Eisenhower told him about it.

It provided, Adams writes, that "if the president became disabled, he would inform the vice president who would then serve as acting president until the period of disability ended."

## Employees Of Two Plants Get Raises

NEW YORK (AP)—An agreement providing across-the-board wage increases for 400 employees in two Texas plants of the Beyer-Holbeck Hat Corp. has been reached with the United Hatters, Cap and Millinery Workers Union.

The union said Tuesday the agreement provides for a 4% wage increase of 20 cents an hour over a three-year period.

The Texas plants are at Longview and Garland.

The contract provides that the minimum wage for beginners shall be 10 cents above the federal legal minimum. This means an immediate starting rate of \$1.10, a rise to \$1.25 on Labor Day and a further rise to \$1.35 in two years.

## Missing Candidate Is Cincin To Win

NEWPORT, Ky. (AP)—George W. Hawkins is a cinch to be elected as constable in Campbell County's Seventh Magisterial District— if he can be found.

Hawkins, of Permisson Grove, has been missing since April 3. In Tuesday's Democratic primary election, he got 46 votes to 45 for George W. Sexton.

No Republican candidate for constable is entered for the November election.

## Bird's Nest Causes Ball Park Blackout

SARASOTA, Fla. (AP)—A bird's nest high atop a light pole caused a blackout at a Sarasota-Leesburg Florida State League baseball game.

The next caused a malfunction in the lights Monday night and the game was held up an hour and 23 minutes until a splice could be made.

Tuesday electricians found the nest with three birds in it, and transferred it to a more suitable location.

## Four Lutheran Mergers Approved

HOLSTON, AP)—The Texas-Louisiana Synod of the United Lutheran Church has approved a plan to merge four separate Lutheran groups into the largest single Lutheran body in America.

The synod, at its 116th annual convention Tuesday, approved a plan to merge the United Lutheran Church and the South Synod of Eastern Lutheran Churches.

The merger will include Lutheran churches in all parts of the country.
