Curtain Soon Rises On Hammerstein Musical

"Showboat" is on its way. Director Coleen Palmer and a cast of 59 characters will flow, drift, churn and rush across the stage of the Colorado City Playhouse beginning Wednesday, February 27.

"Despite numerous production problems, not the least of which has been trying to schedule rehearsal times convenient for all 59 persons, we have managed to bring this thing all together into what I feel is one of the most delightful productions the Playhouse has ever attempted," Mrs. Palmer announced.

Curtain time is set for 8 p.m. and tickets are selling for \$3.50 each. Advanced ticket sales are available February 21, 22, 25 and 26 at 1 p.m. in the Playhouse ticket office.

Presentation dates are February 27 through March 1 and March 5 through March 8.

"Showboat" is set in the post civil war era on the Mississippi River.

The charm and grace of the old south, the excitement and gaiety of the entertainment world and the hardships and trials faced by the black man during that era are all depicted in music and words by Jerome Kern and Oscar Hammerstein, based on the novel by Edna Ferber.

Such musical scores as "Old Man River," "Make Believe" and "Bill" will be rendered by the cast and chorus.

"Showboat" is the story of a man's love for the river (Cap'n Andy played by Tandy Curlee); a star-struck girl's

love for the stage (Magnolia portrayed by Kathy Terrell) and a woman's love for a man (Julie played by Trina Taylor).

Scenes include sketches set on the levee, in various locations on the riverboat, Chicago's World Fair, a hotel room, St. Agatha's Convent and in Trocadero's Restaurant.

"Costuming for the production has been a major feat, but very aptly handled by Lovess Curlee, Shirley Delaney and Donna McKinnon," Mrs. Palmer stated.

Bobbie Steakley is serving as vice president in charge of production and is doing a great job, Mrs. Palmer noted.

Kent and Betty Holder are in charge of the musical end of the play and Porter Richardson, George Womack, Brian Bassham, John Tom Merritt and Gus Armstrong have created the sets and backdrops.

"Kathy Wilson is act-

ing as my assistant director," Mrs. Palmer said. "She has been just great. I could never have done it alone."

The cast of characters in order of appearance includes:

Windy—Jim Hill.
Steve—Gary Fuller.
Pete—Mac McKinnon.
Queenie—Regina Green.

Parthy—Frances Deregibus.
Cap'n Andy—Tandy Curlee.

Ellie—Quin Thornberg.

Frank—Don Chandler.
Rubberface—Elmer Ward.

Julie—Trina Taylor.
Gaylord Ravenal—Monte Jones.

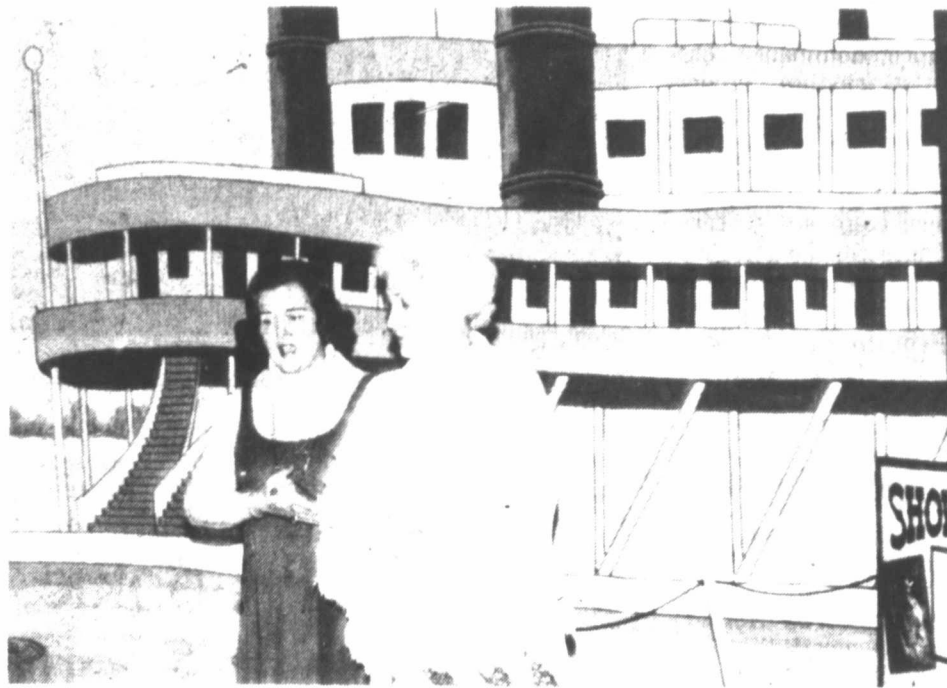

Vallon—Don Delaney.
Magnolia—Kathy Terrell.

Joe—Doug Johnson.
Backwoodsman—Mel Palmer.

Jeb—Frank Deregibus.

Kim—Julie Jones.
Landlady—Jo Ann Sanderson.

THE SHOWBOAT "COTTON BLOSSOM" looms heavily in the background as Cap'n Andy's wife, Parthy (Frances Deregibus, right) sternly forbids Julie (Trina Taylor) to have any further contact with Magnolia. Tickets for the production go on sale Thursday at 1 p.m. Showtime is 8 p.m. February 27 through March 1 and March 5 through 8.

Spring Courses Set For Wallace

Registration night is set for March 3 from 6 p.m.-7:30 p.m. for a new slate of classes and ac-

tivities for the Spring Semester at the Wallace Center.

Registration should be made in person at the Center during the week, in person the night of registration or by mailing in the form from the Spring 1980 Brochures.

The majority of the classes will begin the week of March 3 and all Community Education Courses are taught by qualified instructors sharing their talents

and skills with the community.

The Community Education project is constantly seeking new instructors and new classes to offer. If you have a special talent or skill you would like to offer on a paid or volunteer basis, contact the Center office.

The courses to be offered beginning March 3 are as follows: Aerobic Dancing-Body

Just a little word of thanks to everyone contributing to the heating fund for the Wallace Center gym. Whether you were an active participant or a supporter, I personally want to thank you.

The gym has been in need of heating for about four years and quite a few people from Mitchell County were affected by the coldness of the gym. Due to a very cold winter last year, the gym was hardly used. The gym is a nice facility and serves the entire community in one way or another and should be used in every way possible.

I would like to see more improvements and additions to the Center because I feel it would reach even more people in our community.

During the five years I've lived here, I've seen quite a few changes and improvements. And I must say for the size of our town we really have a lot to be proud of; in recreation facilities, we have ball parks, tennis courts, a golf course, two lakes, swimming pool, a city park and gyms; entertainment offered by the Colorado City Playhouse, where "Show Boat" is going to premier Feb. 27 and a movie theater and lots of places to eat, with the newest opening last week, the El Matador. There are really so many activities in our community that I could go on and on.

There is a dream I would like to see materialize in Colorado City and that is a racquetball and handball court. I don't know where, when or how, but all things start from dreams and interest. Who knows?

An actor I really enjoyed seeing, David Janssen, died Wednesday in Santa Monica, California after suffering a heart attack. Many remember him as the falsely accused hero of "The Fugitive" and one of his more recent series, "Harry O." He was 48 years old.

Church league basketball begins tomorrow night (Monday) in the Administration building gym and I'm really glad to see it start. But it seems it will only get wound up when it's over.

I understand that there are six teams and the entire season should run about three weeks. I'm sure there will be some good competition and sportsmanship—good luck to all the teams!

I came across something that really caught my interest about our common aspirin. It seems that is not so common. We have been using the aspirin for fever, aches and pains; "the pain reliever that doctors recommend most," appears to help prevent strokes in some people, may give some protection against heart attacks and could even aid in diabetes.

Fluke Pushes Tax Rebate Up

Due to an error in Colorado City's one percent sales tax rebate in February 1979, the city shows a 210 percent increase for the amount received thus far during 1980 over 1979.

For the first two months of 1980, Colorado City has received a total rebate of \$15,863.64 including a rebate of \$10,251.66 for February.

This compares with a rebate total of \$5,254.98 for the first two months of 1979.

In February of last year, however, it was discovered that a large Colorado City taxpayer had been paying taxes on non-taxable items. As a result some \$14,000 was refunded by the state and Colorado City received no rebate for February.

Lorraine has received no rebate thus far in 1980 and they had received no rebate through the first two months of 1979.

A breakdown of the

February rebate received by other area towns and a comparison with last year's February rebate is given as follows:

—Abilene, Feb. 1980, \$331,790.82; Feb. 1979, \$211,977.35; 1980 year to date payments, \$580,103.52; 1979 year to date payments, \$411,744.69; 40 percent increase for 1980.

—Anson, Feb. 1980, \$5,198.06; Feb. 1979, \$3,618.32; 1980 year to date payments, \$5,845.59; 1979 year to date payments, \$4,304.50; 35 percent increase for 1980.

—Ballinger, Feb. 1980, \$30,240.43; Feb. 1979, \$21,047.49; 1980 year to date payments, \$33,979.66; 1979 year to date payments, \$24,077.50; 41 percent increase for 1980.

—Big Spring, Feb. 1980, \$64,919.69; Feb. 1979, \$54,698.94; 1980 year to date payments, \$97,148.29; 1979 year to date payments, \$64,919.69; 50 percent increase for 1980.

The total bale count from the gins is 87,832 bales processed and 2,237 on the yard for a total of 90,069 bales.

A breakdown for each gin is given as follows: Buford Co-Op reported 10,300 bales processed and 400 on the yard for a total of 10,700 bales. All of their remaining cotton is expected to come in module form.

Colorado Gin Company reported 4,750 bales processed and 75 on the yard for a total of 4,825 bales. They expect some 200 more bales.

Co-Op Gin of Lorraine reported 18,267 bales processed and 627 on the yard for a total of 18,894 bales. They also don't expect any more cotton to come in.

Mitchell County Gin reported 12,059 bales processed. They are finished for the season.

Westbrook Gin reported 10,016 bales processed and none on the yard. They expect about 100 more bales.

Producers' Co-Op Gin reported 14,225 bales processed. They are finished for the year.

Piland To Ask For Reelection

Colorado School Board incumbent Eddie Piland has filed for a second term.

Piland has been the owner of Eddie's of Colorado City for the past 16 years.

In addition to the term he has spent on the school board, Piland has served seven years on the City Council of Colorado City and has served on the Mitchell County Ambulance Board and as president of the Community Action Program.

He and his wife, Joy, live at 1441 Dallas with their two sons, Mark, a junior at Colorado High School and Jay, a seventh grader at Colorado Middle School.

In announcing his candidacy, Piland said, "I strongly support the current efforts of our

administration, teachers and board in the present evaluation of our educational system."

He added, "The past three years of experience on the board has been a most rewarding experience. I ask for your support for another three year term."

Tennessee Humor Delights CHS "Howl Night" Audience

Shades of "Grand Ole Opry" (or was it "Hee Haw") made for a lot of fun at Thursday evening's "Howl Night" at Colorado High School.

Howl favorites were introduced and crowned as ceremonies began. They included King and Queen, Chuck Claxton and Terri Muncieff; Best All Around, Anne

Marcom and Scott Cawthron and Most Likely To Succeed, Lydia Mendoza and Freddie Alvarez.

Other titles awarded included Most Dependable, Blake Hardegree and Genia Guelker; Most Academic, Melissa Gorham and Malcolm Upton; Wittiest, Kerry Spivey and Dwight

Staats; Most Courteous, Gay Tarter and Ty Roach; Most Beautiful, Sherri Uselton and Most Handsome, Mark Piland.

Perhaps the most popular award for the evening went to Sammy Thompson as he and Dee Ann Hamer accepted the title of Neatest among cheers and congratulations from the audience.

Most Talented title went to Marjori Maddox and Kirk Williams while Friendliest title went to Toni Hutto and Todd Shaw.

Ricky Ornelas and Lisa Sanchez won the prized Mr. and Mrs. CHS title.

Senior Favorites were Pennie Laws and Jerry Don Lewis.

Junior Favorites were Kim Fuller and Robert Godina.

Sophomore Favorites were Karla Herm and Dennis Heredia.

Freshman Favorites were Pam Wilson and David Rivera.

A special recognition was made for the Ten Most Contributive Seniors. They included Mary Holder, Holly Neff, Ricky Ornelas, Dee Ann Griffith, Lydia Mendoza, Chuck Claxton, Anne Marcom, Lisa Sanchez, Freddie Alva-

rez and Terri Muncieff.

After coronation ceremonies, a special guest, Berma Bombeck (Speech Teacher Pat Parker) acted as master (or is that mistress) of ceremonies.

With a country drawl and a Tennessee dialect, Berma hitched up her skirt, rolled down her hose and led the way to "Satire of the 70's."

In a mellow fashion Tommy Browne sang country-western songs and accompanied himself on the guitar.

The Flag Corps performed to music by "The Village People."

Sixty seconds of sheer nonsense was hilariously performed by the newest additions to the "Quill and Scroll Club."

Movie themes have never sounded sweeter than at the nimble touch of Kirk Williams on the Ivory Keyboard.

Country Corn could be found in abundance as Science Teachers David Redwine and Walt Staats did some good old foot stomping, guitar playing tunes.

These two were soon joined on stage by a classy pair of snaggled-toothed ladies, Patty Henniger and Mrs. Staats.

Rex Beights

Beights Seeks Board Position

Rex Beights, 820 0-cust, has announced his candidacy for the Colorado School Board.

Beights, 53, is a native of Colorado City. He graduated from Colorado High School and attended Hardin-Simmons

in Abilene and Evansville Junior College in Evansville, Ind.

He is a retired government employee with the post engineers in Fort Lewis, Wash.

Beights said that the main reason he is running for the school board position was, "I have four children in school and I have an interest in children. I care about the future of young people."

He added, "I urge anyone else who is concerned about our children to run for the school board so that the voters may choose the best person possible."

Beights and his wife, Gayle, have three sons, James, 18, Michael, 17, Tim, 14 and one daughter, Kellie, 11.

Garden Club Meets

March 12 has been designated as the date to celebrate the Colorado City Garden Club's 25th anniversary. The

club formed in March of 1955. The occasion will be an anniversary tea honoring the past presi-

dents and past members as decided at their meeting Feb. 13, in the C.C. Thompson Room.

Anabelle Shepherd, program leader, introduced the speaker, Dorothy Johnson, who is a Master Flower Show Judge.

"Flower Designs" was her topic presentation. She talked on the principles of design, balance, dominance, contrast, rhythm, proportion and scale.

She went on to say the elements of design are space, line, form, pattern color and texture. These are classified into three types; traditional, conventional or creative.

The meeting was brought to a conclusion with a poem on gardening read by Jane Edge.

Attending the meeting were Katherine Bell, Martha Calloway, Helen Chambers, Jane Edge, Vina Gaylor, Nadine Gordon, Ann Holbert and Bernice Hilliard.

Also present were Dorothy Johnson, Frances Myers, Zelma Owens, Anabelle Shepherd, Flo McKenney, Jean Rowe and Emma Taylor.

TESTING

Rev. Jim Hill Pastor First Christian Church

Genesis 22:1-2; 9:13 "After these things, God tested Abraham and said to him, 'Abraham!' And he said, 'Here Am I.' 'He said, 'Take your son, your only son, Isaac, whom you love and go to the land of Moriah and offer him there as a burnt offering upon the mountain of which I shall tell you.'"

"Abraham built an altar... and Abraham went and took the Ram and offered it up as a burnt offering instead of his son."

The Abraham, Isaac story on Mount Moriah will at one moment repel and as quickly enfold one in a mighty "What do you know!" exclamation.

Remembering God's promise to Abraham about his future and the looked for descendants, one would question the order to sacrificed the best (his only son), whom he loved.

How could Abraham be expected to obey such an order? While the account notes that Abraham did not carry out the "Death" act, the truth of the matter is that he did so as far as faith and commitment are concerned.

Out of that "death" sacrifice came resurrection. So it ever seems to be - the sacrifice of the best brings resurrection and life.

Abraham call the name of the place, "God will provide." To put one's "hand in the hand of God" is better than to know way.

Deposit Up To \$1,500 TAX FREE IN THE CITY NATIONAL BANK IRA INDIVIDUAL RETIREMENT ACCOUNT

If you're not covered under any other retirement plans, start your own. It is an account called Individual Retirement Account (IRA) approved by the Internal Revenue Service. It is now possible for wage earners to add to their financial security by establishing their own personal retirement plans. Federal Legislation now permits employees and self-employed persons receiving compensation and not covered under any other retirement plan to establish their own INDIVIDUAL RETIREMENT ACCOUNT. And you can save immediately on income taxes while planning a secure future for you and your family.

What is an Individual Retirement Account?

An Individual Retirement Account (IRA) is a personal tax sheltered retirement plan. It was developed to bring every American worker the opportunity to build a more secure future for themselves and for their family.

Who can establish an IRA?

IRAs are available to any wage-earner. The only requirement is that you not currently be a participant in an employer-sponsored plan.

Can my spouse establish one?

Your working spouse may establish a separate IRA, too, provided he or she is not currently a participant in an employer-sponsored plan.

How much can I contribute to my IRA?

Federal laws allow a maximum annual contribution of \$1,500 or 15% of wages, whichever is less. Of course, smaller amounts can be contributed each year.

Are my contributions tax deductible?

For Federal income tax purposes, contributions to an IRA are fully deductible for gross income up to the maximum allowed by law. You can deduct your contribution even through you don't itemize deductions.

Do I pay taxes on the income earned by my account?

The earnings of your account are not currently taxable. Each dollar of earnings produces additional dollars which are also not currently taxable. This tax-free compounding continues until retirement.

When do I pay taxes on my account?

Your Account, including principal and earnings, is not taxed until you receive payment from it.

When can I begin to receive payments?

No payments can be made to you before you reach age 59½ unless you become permanently disabled. If your death should occur sooner, funds in your account will be paid to your named beneficiary. You must begin to receive payments from your account by the time you reach age 70½.

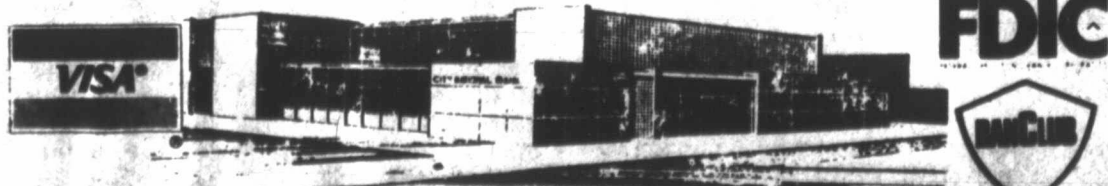

How do I start an account?

Opening an Individual Retirement Account is as easy as opening a savings account. Stop in and one of our officers will gladly assist you.

WIND EROSION is much more damaging to the soil than most people believe. Cotton stalks cut too far in advance of plowing, leave the land subject to severe wind erosion but proper management, residues and timely tillage operation can prevent most of the wind erosion that occurs.

Erosion Damaging

Wind erosion is very damaging to the soil. Five tons of soil removed from one acre of sandy soil amounts to a layer of only 0.0275 inches, or about the thickness of a dime.

If we lose one quarter inch of soil by wind or water erosion, it would amount to 40 tons of soil per acre.

Wind erosion reduces the fertility of the soil. The fine silt and clay particles and minerals are carried off by the wind, leaving the coarser sandy soil per acre.

Cotton stalks cut too far in advance of plowing, leave the land subject to severe wind erosion but proper manage-

ment, residues and timely tillage operation can prevent most of the wind erosion that occurs.

Conservation Needed

The results of the nationwide survey conducted for the U.S. Department of Agriculture by pollster Louis Harris has revealed surprising support for soil and water conservation programs. Significant findings indicate that half of the American public considers the abuse of soil and water resources a serious problem, that more conservation is needed, that there should be a partnership between government and the farmer in the implementation of conservation systems, and that the public should pay a fair share of cost.

This year's annual meeting program theme is "People Impacts on Rangelands." Paul will be presenting a paper in the session "Range Resources and Products." The paper is entitled "Herbage Production and Ground Cover on Eastern Oklahoma Grazing Leases."

This paper is part of Paul's Masters Thesis that he did at Oklahoma State University. Paul is a member of the Society for Range Management.

Major findings from the Harris poll include: Our country should be moving toward policies that: save resources for future generations (60-24 percent); conserve the natural productivity of the soil (44-38 percent); meet energy needs through conservation rather than production (58-26 percent); and protection of the environment is more important than economic growth (52-24 percent).

The poll revealed that conservation is seen as the responsibility of both public and private sectors. A partnership between the government and the farmer based upon a mutual interest is favored. More than two-thirds of the public (67 percent) feel that landowners and the government should share in the decisions on conservation of the land; 28 percent feel that it should be the responsibility of the farmer; and only 2 percent feel that it should be the sole responsibility of the government. However, 82 percent of the people feel that the Federal government should be responsible for protecting farmland from erosion and gulies. This role must be balanced, however, and respect for the rights of the farmer was expressed by 61 percent of the public.

The 7,010 adults "representing a cross-section of the nation's population" were interviewed in compiling a comprehensive analysis of national attitudes.

THE COLORADO WOLVES girls' basketball squad will lose three Seniors off Coach George Martin's first team here. The three girls who have closed out their cage careers are (left to right) Sherri Usetlon, Brenda Smith and Anne Marcom.

Wildcats Head For Playoffs

The basketball season is winding to a close for most area teams but two Mitchell County squads, the Westbrook boys' and girls' teams, still have high playoff hopes.

The Westbrook girls slipped past Highland 62-58 in the finals of the District 10-B girls' tournament in Ira Friday night to earn a bi-district spot against Borden County Tuesday night in Big Spring.

The bi-district game between the Wildcats

and the Coyotes is set for 6 p.m. Tuesday in Dorothy Garrett Coliseum.

Admission to the game is \$2 for adults and \$1 for children. There will be a pep rally at the Westbrook School at 1:45 Tuesday and a bus will also be available to carry Westbrook fans to the game.

Westbrook's boys' squad, who finished second in their zone with a 4-2 mark, will take on Roby at 6:30 p.m. Monday in the Snyder High School Gym in the first round of the boys' district tourney.

Ira and Hermleigh will play in Snyder immediately following the Westbrook, Roby contest.

The winners of those two games will meet in Snyder at 7 p.m. Thursday for the District 10-B Championship.

Track Season Is Set

Basketball is over and track is almost here. Rick Robinson will be taking over the reigns of the varsity boys' team from Robert Damron who piloted the Wolves to a regional co-championship last year.

George Martin will head up the girls' team. This year's Lone Wolf Relays are set for March 1 at Wolf Stadium with 14 boys' squads and 14 girls' squads participating.

The boys' district 6-AA meet is also set for Lone Wolf Stadium again this year and will be run off on April 18.

The girls' District 6-AA meet is set for April 11 at Coahoma.

THE ACTION WAS INTENSE in Ira Tuesday night in the district championship game between Westbrook and Highland as shown in the above photo taken in the first half of play. Westbrook took the game 62-58 and will meet Borden County in Big Spring Tuesday night in bi-district.

Colorado Cage Girls End Schedule With Victory

Though they didn't know it at the time, the Colorado varsity girls' 66-50 win over Ballinger on Feb. 5 was to be their last game of the season. Their last scheduled game with Stamford February 8 was

postponed because of the weather and was finally cancelled completely.

George Martin, in his first year as coach, piloted the team to a 7-14 record, a considerable improvement over the

three wins the team had posted the previous season.

The varsity girls posted a 4-8 record in District 6-AA action with a fifth place finish for the first half of district play and a fourth place finish for the second half.

Three year letterman Anne Marcom led the Wolves in scoring both for the complete season and in district play.

She scored 203 points for the entire season for a 9.7 average and put through 135 points in district for a 11.3 average for those 12 games.

Sophomore Karla Herm followed Marcom in scoring with 162 points for the season for a 7.7 average and 103 points in district for a 8.6 average.

Senior Sherri Usetlon was the third scorer for the Wolves with 153 points for a 7.3 average over the season and 99 points for an 8.3 average in district.

The scoring averages for the remainder of the squad first for the season and then for district action are given as follows: Brenda Smith, 3.3, 4.5; Kim Feaster, 3.9, 3.8; Jessica Randle, 6.4, 5.6; Angie Neff, 1.5, 1.6; Tracey Gassiot, 1.3, 1.5; Darlene Mitchell, 1.2, 1.6 and Sareesa Mitchell, 1.6, 1.9.

Usetlon was the squad's leading performer on the boards with 166 rebounds for the season and 103 in district. Marcom was second with 152 for the season and 88 in district.

and Brenda Smith was third with 102 and 61.

As a team, the Wolves shot 35 percent from the floor for the season with 336 field goals in 965 attempts. In district play they shot 40 percent from the floor with 223 field goals in 555 attempts.

From the foul line, they made good on 51 percent of their attempts during the season with 193 out of 384. In district play they had a 56 per cent mark with 110 out of 199 attempts.

The team averaged 41.2 points per game for the season to their opponent's 48.8. In district play they averaged 46.3 points per game to their opponent's 47.8.

Martin stated that he thought the season had been a success and that it would give the girls something to build on for the future. He added that he appreciated the leadership provided by the three Seniors, Anne Marcom, Sherri Usetlon and Brenda Smith.

Few Mitchell County Cattlemen Register For Beef Referendum

The Beef Referendum Act brought 120 Mitchell County cattle producers into the Agricultural Stabilization and Conservation Office to register before the deadline February 6.

An estimated 40,000 cattlemen registered throughout the state.

Voting on the referendum is slated for February 19-22 in the ASCS Office.

Only cattlemen who registered are qualified to vote.

The purpose of the referendum is to decide if cattle producers want to establish a beef re-

search and promotion program throughout the United States.

The program, if enacted, will affect all cattle producers.

The ACT will become public law if fifty percent of cattle producers who registered, vote in favor of it.

If the ACT is approved, the United States Secretary of Agriculture will establish and appoint a Beef Board, which shall consist of not more than sixty-eight members and alternates.

The secretary will define its powers and duties which shall include only the power to administer the order and to make rules and regulations to effectuate the terms and provision of the order.

They shall also receive, investigate and report to the secretary complaints of violations.

Terms on the board are for three years with no member serving more than six consecutive years.

An executive committee, consisting of not less than seven nor more than eleven members who are broadly representative of the industry, will also be appointed.

A staff will be employed by members of the board and executive committee to conduct routine business within the policies determined by the board.

Eligible cattle producer organizations will submit nominations for board member appointments by the secretary. Eligible producers' organizations will include associations, general farm organizations or cooperatives within certain geographic areas.

The secretary will approve any advertising, sales promotion, consumer information, producer information, research and development plans or projects before they become effective.

The secretary will approve budgets. Copies of budgets will be submitted to the House Committee on Agriculture and the Senate Committee on Agriculture and Forestry.

The ACT, if passed will be financed by cattle producers. In each transaction where a producer sells or otherwise transfers ownership of cattle, the producer-seller will pay to the producer-buyer an assessment (20 cents per \$100) based on the value of the cattle.

Each producer who slaughters his own or sells to the slaughterer will pay the slaughterer who will remit assessment to the board.

rolyn Green brought a little disco to the scene, followed by the CHS Cheerleaders.

Tony Clifton, Tim Womack, John Ballard and Arthur Orona gave their rendition of hard rock music.

Interspersed with the performances, a Viet Nam draft protestor (Art Teacher Mike Walla in long hair) proclaimed his intentions to head for Canada, only to wind up with a hair cut and dress suit, headed for the battle front.

Bo Merket and Christine Hall gave very convincing performances as Mr. Male Chauvinist and Ms. Women's Libber.

The show culminated with the CHS Twirlers with lighted batons thrilling an excited crowd.

forcement of the law will be with several district courts of the United States specifically vested with jurisdiction to enforce and to prevent and restrain any person from violating the law.

If approved, the ACT becomes effective upon enactment.

Arguments for passage of the Beferendum indicate, "The cattle industry will initiate and fund a national program of beef research, information, promotion and market development."

"This is a self-help program designed for and to be administered by a beef board comprised of cattlemen in a true democratic fashion. Cattlemen who do not wish to participate may request—and will promptly receive—refund of the contributions."

Arguments against the Beferendum include, "Cattlemen should think twice before letting the U.S. Government take charge of the cattle industry. The law which the cattlemen are about to vote on spells out the powers vested in the USDA."

"The Secretary has the power to veto any and all decisions of the beef board. He has the power to amend the rules of the referendum through a series of hearings or as he deems necessary. The definition of secretary includes any USDA official acting in his behalf. This could logically be Carol Foreman, since she is the head of the Livestock and Meat Division of USDA."

Mixed Drink Tax Brings Revenues

Mixed drinks taxes in the state of Texas grossed \$77.9 million during 1979. This means more than \$779 million was spent to purchase mixed drinks.

These taxes are collected by the Alcoholic Beverage Commission and go into the state's general revenue fund.

The city-county share is rebated on a quarterly basis by the Comptroller's Office.

Fourth quarter fifteen percent remittances to Mitchell County is \$269.58 from \$1,797.22 in mixed drink sales tax revenues.

Figures for Colorado City indicate \$213.71 received from the 15 percent remittance derived from \$1,424.73 in mixed drink sales tax revenues.

The draft has been getting a lot of controversy from people all over the nation. Should women be drafted or not? I believe in our country as I'm sure a lot of women do and we have an obligation as well as men to fight and uphold our freedom and what we believe is right.

I am not an active woman's libber but I do believe in equality, if the woman is capable and qualified to do the same job as a man. But let's face it, women are built different and this has to affect our capabilities of doing the same jobs.

However, I do feel there are jobs we as women can do to serve our country. And for the draft to be successful, there will have to be some adjustments. First, find the jobs that women are capable of doing and give women the right of choosing.

FmHA Closed Monday

The Mitchell County Farmers' Home Administration Office will be closed February 19-21.

The office will reopen for business at 9 a.m. February 22.

The office will also be closed Monday in honor of Washington's Birthday.

Firm Donates Mural To City

A bid of \$14,750 was accepted by the City Council of Colorado City Thursday morning in a special session to purchase a high pressure water machine.

The bid accepted was the only bid submitted and came from FMC Corporation, Environmental Sales and Service Division, of Dallas. The machine will be paid for over a period of a year with FMC to carry the note at 5 percent interest.

Primary use for the machine with a 600-gallon tank will be to clean sewer lines. The machine is here now as it was left in Colorado City following a demonstration of its capabilities to members of the council earlier this month.

City Manager Ray Mason, after some discussion with the council, set 8:30 a.m. Tuesday as the date for a workshop on the pro-

posed city budget which goes into effect May 1.

Councilman Macca Findley noted that he believes, after hearing from several people, that the council meetings should continue to be at night rather than changing them to the morning. This is because some people possibly couldn't attend and a night meeting would best serve the public, Findley noted.

The possibility of moving the meetings to the morning hours was discussed at Tuesday night's meeting of the council.

Mason also told the council that a mural painting on the wall of the old Baker Hotel has been donated to the city by the owners, an architectural firm out of Houston. The council is planning to take a look at the mural in the near future.

Children Receive Help From Mitchell Shriners

Mitchell County Shriners were host to four young children and their parents Thursday evening at the Civic Center.

Susie Hicklin, daughter of Mr. and Mrs. J.W. Hicklin; Annette Ross, daughter of Faye Ross; Jana Smith, daughter of Mr. and Mrs. S.G. Smith of Sweetwater and granddaughter of Mr. and Mrs. Robert Brooks of Colorado City and Shawn Golden, son of Mr. and Mrs. Kenneth Golden were honored guests for the affair.

These were four of the many children given assistance by the Shriners in the past two years.

Other classes offered are Medication Aide Refresher Course, (Feb. 19-20); Nurses Aide (35 hour course); Office Machines, Gayla Williams; Leathercraft, Ray Windsor; Photography, Mike Walla; Physical Fitness, gym open daily; Secretary's Refresher Course (Office Procedures); Skating, Saturday nights beginning March 15; Volleyball, Monday and Thursday nights (Adults and High School).

Future classes through Western Texas College in Snyder will be offered through the Center.

Other activities are offered on a regular basis through the Wallace Center.

Anyone interested in having a particular course taught at the center should contact Director Barbara Gray at 720-5362.

Susie, Shawn and Annette are all victims of congenital birth defects. Shriners were made aware of the problems and offered assistance in the form of travel money to the Orthopedic Hospital in Houston.

Jana is a burn victim whom the Shriners sent to Galveston Burn Center.

"The expense of trips to and from the hospitals is the major cost factor in treatment for these children. The hospital services are free after they get there," President Paul Logsdon said.

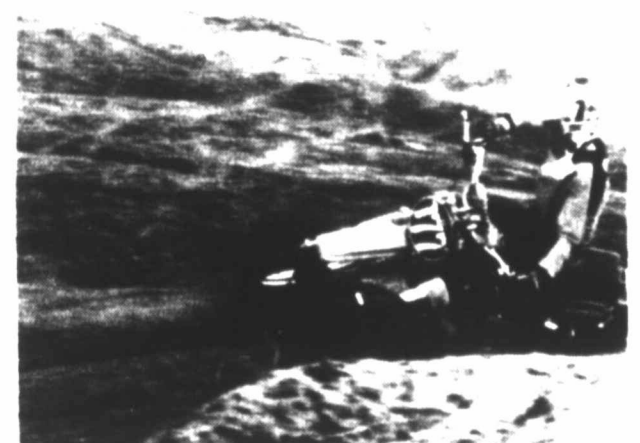

"Susie, for instance, has made 287 trips to the

center for a total travel of about 75,000 miles," he noted.

"Any child in need of assistance is eligible. Some apply to us for help, and others we see and recognize the need," Logsdon said.

In other business, plaques were presented to five members of the organization who have served as president.

Awards were presented to James Campbell, president in 1976; Hulen Bagwell, president in 1977; C.W. Smith, president in 1978; Johnny Shackelford, president in 1979 and Paul Logsdon, president in 1980.

Should I Keep My Comprehensive And Collision Insurance After I Pay Off My Car Loan?

This can make good economic sense. If you drop these coverages, you assume the risk of the full replacement cost of your car or of paying for all the repairs yourself. Normally, even after three years of hard use, your car still has considerable value.
