Lawmakers End 11-Day Session

'Special' Bills Sent To Briscoe

By LEE JONES
Associated Press Writer

AUSTIN, (AP)—An 11-day special legislative session that probably will be remembered most for prompting the resignation of a supreme court justice has adjourned.

Gov. Dolph Briscoe planned to sign today the session's major product, a bill increasing state school aid by $945.4 million over the next two years.

Before shutting down late Thursday afternoon, lawmakers passed and sent to Briscoe bills tightening state supervision of nursing homes and allowing Texas government to build a deepwater port for super-tankers if oil companies fail to do the job.

They also sent the governor a bill wiping away a technicality that would have made citizens of 39 flood-prone counties ineligible for federal flood insurance.

True to his well-known distaste for special sessions, Briscoe submitted only emergency matters, although some doubted the nursing home situation was bad enough to warrant a new state law.

Reports in the Lufkin News that patients in some nursing homes were underfed, improperly medicated and even beaten prompted Briscoe to ask lawmakers for action.

Skeptics, however, saw the move as a device to draw attention away from a task force investigation launched by Atty. Gen. John Hill, a likely opponent of Briscoe in next year's elections.

The House passed the nursing home bill 139-1, and senators accepted the measure, 22-1.

The measure ends divided regulation of the 950 nursing homes by both the welfare and health departments, centralizing it in the health department.

Friday update

Carter Visits Rig

NEW ORLEANS, La. (AP) - President Carter demonstrated his administration's interest in oil production today by visiting an offshore drilling rig off the Louisiana coast.

Carter's flight across the Gulf of Mexico followed a nationally broadcast meeting Thursday night in which the President fielded questions from sweltering citizens in Yazoo City, Miss.

Carter flew by helicopter to reach a huge drilling platform that stands in 500 feet of water on the edge of the continental shelf.

Fire Hits Tanker

NEW ORLEANS(AP) - A Greek tanker full of crude oil caught fire today as the vessel was preparing to dock at a refinery, and the Coast Guard said oil was leaking to the Mississippi River.

Some witnesses reported that the fire had been brought under control, but a Coast Guard spokesman said the oil was "expanding and coming through the vents on the deck."

Authorities got ready to clean up a major spill, since the 679-foot Dauntless Colcotronis was carrying 13,356,000 gallons or 318,000 barrels of crude oil.

The fire blocked the entrance to the port of New Orleans, the second-biggest in the country. Traffic also was interrupted on a busy commuter ferry a few hundred yards away.

Teng Fully Restore

TOKYO (AP)- China announced today that Teng Hsiaoping has been restored to all his old posts-vice premier, Communist party vice chairman and chief of the army general staff.

Announcement of the 73-year old Teng's return to the forefront of the political scene was made by the official Chinese news agency, Hsinhua.

In a broadcast monitored in Tokyo, Hsinhua said the action was taken by the Central Committee of the Chinese Communist party in a meeting that was held in Peking July 16-21.

Earlier this week, wall posters had gone up in Peking supporting the return of Teng to power after months of rumors that the survivior of previous purges was making another comeback.

8 Perish In Fire

PROSPECT, Conn.(AP) - The bodies of a mother, seven of her children and visiting cousin were found in their firewrecked house early today in this suburb oi Waterbury, police said. Authorities confirmed that at least half the victims were bound and gagged, but would not comment on reports that the woman was shot.

A state police spokesman also would not comment on a report that the fire appeared to have been set and smoldered for at least an hour before firemen arrived at 4:10 a.m.

Police said a neighbor, Mrs. Joseph Palino, smelled smoke and heard screams coming from the home and noitified fire authorites.

The dead woman was identified as Cheryl Beaudoin. Police identified the children as Fred, 12, Sharon, 10, Debbie, 9, Paul, 8, Rod, 6, Holly, 5, and Mary Lou, 4. The eighth child was identified as Jennifer Santoro, 6, a visiting cousin from Waterbury.

Woman Chief Ousted

COLOMBO, Sri Lanka (AP) - The opposition United National party scored a stunning election landslide today to oust Prime Minister Sirimaveo Bandaranaike, the world's only woman chief of government.

In a midday radio broadcast, President William Gopallawa called on 70-year-old opposition chief Junius Richard Jayewardene to form a new government for this island nation just south of India.

The latest results of Thursday's vote announced by the state radio gave Jayewardene's party 128 of the parliament's 168 seats, far exceeding his expectations. The outcome continued a Sri Lankan tradition of unseating incumbents.

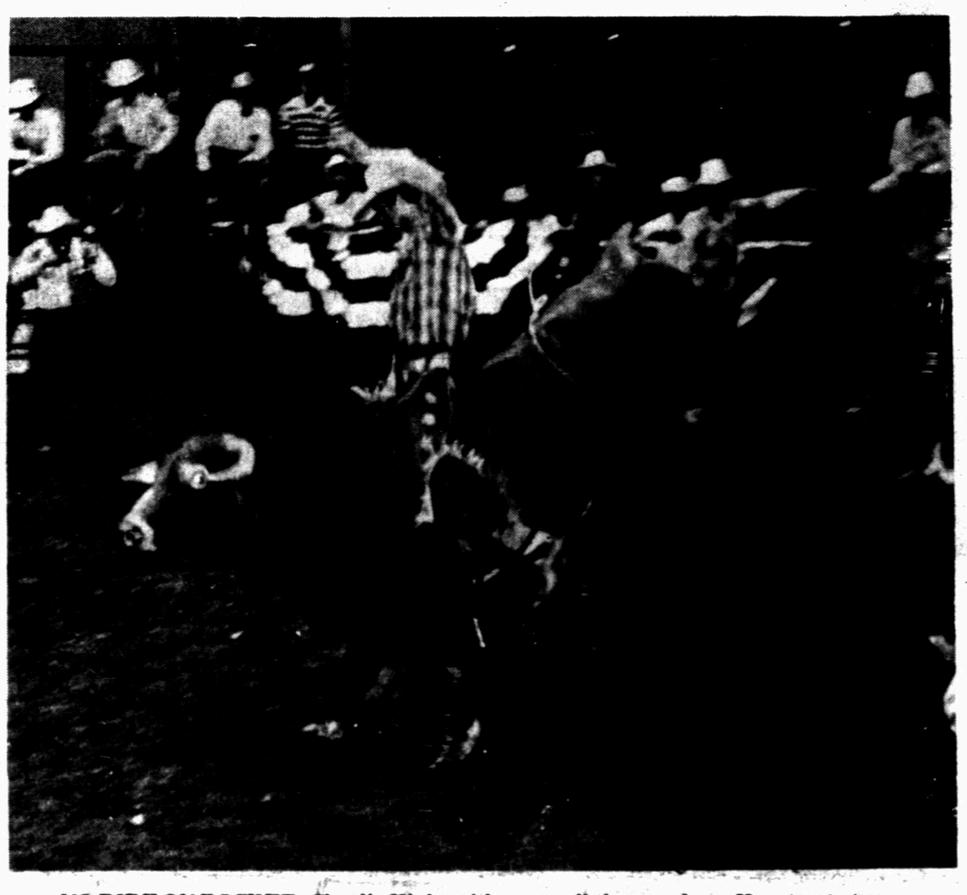

Mr. Bandaranaike's Sri Lanka Freedom party managed to win only four seats.

Flood Toll Rises

JOHNSTOWN, Pa. (PA) - Refugees and a volunteer army battling mud and fatigue have found 46 dead in this flood-ravaged city. Dozens are missing, and damage is put at more than $200 million.

On Thursday, bodies were pulled from bashed houses and twisted rubble littering the scarred seven-county flood area in southwestern Pennsylvania.

"We're expecting more bodies," said deputy Cambria County coroner Arthur Keiper form his makeshift morgue in the East Hills Elementary School near here. Officials said they had no way yet to accurately guess how many might be dead.

NO RIDE ON ROCKET--Charlie Highsmith came all the way from Houston to try his skill on the bulls at Snyder's Scurry County Rodeo. "Rocket", the cowboy's mount, had other ideas however, and Highsmith failed to stay on long enough to post a score. The rodeo continues through Saturday, with performances beginning at 8 p.m. (SDN STAFF PHOTO)

Rain Fails To Dampen Enthusiasm At Rodeo

Rain-laden clouds did little to dampen the enthusiasm of approximately 1,500 spectators who attended the second night of the Scurry County Rodeo.

New times and new scores were set Thursday night by the cowboys who stayed atop their mounts while other cowboys failed to qualify when they bit the bitter dust of the arena floor.

Only two of the 25 cowboys competing in the bull riding event managed to ride their bulls to the eight-second qualifying mark to attain scores. Kim Cover, a San Antonio cowboy, was the 20th rider in the competition but the first to score.

Scoring a 74 in his ride, Cover emerged the new leader by surpassing the 68 mark set Wednesday by Rusty Bradberry. The only other cowboy to achieve a score last night was Scott Brauchle who earned a hard-fought 64.

Riding atop Chile Bean in the saddle bronc division, Ronny Chalopek of Beaver, Okla. was awarded a 61 by the judges. An Abilene cowboy, Jerry Hutfaker, trailed with a 54 score. Receiving a 46 in his ride last night was Vern Lawrence.

Only Glen Phillips of Cross Plains was stymied with a no-score when he attempted to ride a bronc named Spark Plug.

The bareback riders fared well last night with five of the eight contestants scoring.

Leading the rest was Dan

W. D. Lindsey Fatally Injured In Accident

A 22-year-old Snyder man was fatally injured early Friday morning after being struck by a car 1.9 miles north of Grandview in Johnson County.

Department of Public Safety officers said William David Lindsey, a pedestrain, was struck by a southbound vehicle as Lindsey stood in the lane where the vehicle was moving. Driver of the vehicle was not charged.

Lindsey who was released from the service just two weeks ago, was dead on arrival at Johnson County Memorial Hospital.

A Snyder native, Lindsey had lived most of his life at 901 27th St. in Snyder. He is survived by his mother, Mrs. Joan Lindsey of Snyder; one sister, Pamela Lindsey of Snyder; two brothers, Robert and Mike both of Snyder; and a grandmother, Mrs. Cleo Lindsey of Snyder.

Services for Lindsey are set for 2 p.m. Sunday in the Bell-Seale Funeral Home Chapel. Interment will be in Hillside Memorial Gardens. Sam Kitching, minister of the East Side Church of Christ, will officiate.

JARRING--Scott Brauchle of San Antonio gets rustled by "Rattler" during last night's performance of the Scurry County Rodeo here but managed to stay aboard long enough to tally 53 points. The cowboy must stay on for eight seconds in order to score points. If he is thrown off before the time limit, he gets a "no time" or "no score". (SDN STAFF PHOTO)

Hermleigh Logs 4.5 Inches

Rains Cool Area

Welcomed summer rains brought an end to a month-long dry spell and caused at least temporary relief to July temperature readings near the century mark.

A thunderstorm moved into Scurry County from the east Thursday afternoon, dropping amounts to 4.5 inches in some parts of the county.

Hermleigh received the heaviest downpour--most of it coming at the outset of the storm Thursday afternoon. In the first hours of the storm, rainfall amounts ranged from 2.5 to 3 inches at Hermleigh. Low areas became lakes around some homes and businesses in the area.

In Hermleigh, as it was throughout most of the county, light showers continued to fall Friday morning and temperatures remained unseasonably cool.

The rainfalls were welcomed by home gardeners and those with thirsty lawns. Opinions on the value of rains to already healthy cotton crops in the county was mixed.

In Snyder city limits, the rainfall was gauged at 1.28 inches since Thursday afending shortly before noon Friday morning. That measurement brought the precipitation total to date in Snyder to 15.10 inches.

Lake J.B. Thomas also had falling rain Friday morning as the thunderstorms continued to range over much of West Texas. A total of 1.53 inches fell at the lake. At Dunn, southeast of Snyder, a total of 1.8 inches of moisture was recorded while the report from Fluvanna measured an even inch. The report from Ira listed the rainfall at 1.5 inches of moisture.

Rains, a tradition at rodeo time, have had little affect on the events since they are in the dry Scurry County Coliseum.

The clearing skies before noon Friday offered promise that scheduled activities for tonight and the weekend could continue as scheduled.

Warnings of possible flooding in low areas went out in several counties--including Scurry--as radar spotted downpours at rates up to two inches per hour in some sections of the plains.

In the Abilene-San Angelo area, storm activity brought up to 1.73 inches of moisture.

Partly cloudy skies with more scattered thunderstorms were predicted in all sections of the state.

Few Jobless In Snyder

Another sign of the healthy Snyder area economy was reflected in a U.S. Treasury Department report received here Friday.

Unemployment figures in Snyder for the month of May was pegged at 1.8 per cent--a record for the Snyder area and well below the national average of 7.1 per cent.

The average for Snyder for the past five quarters has been 2.15 per cent.

SNYDER TEMPERATURES: High reading Thursday 91 degrees; low, 65 degrees; reading at 7 a.m. today, 68 degrees; precipitation, 1.28; total precipitation for 1977 to date, 15.10.

West Texas: Partly cloudy with scattered thunderstorms through Saturday. Low tonight mid 60s north and near 60 mountains to near 70 southeast. High Saturday upper 80s north to near 100 Big Bend.

Beef Producers Vote Down Plan

WASHINGTON (AP)- Cattle producers have voted down a proposed nationwide plan to pay for a $40-million beef research and promotion program, the Agriculture Department said today.

Preliminary returns show that 56.5 per cent of 231,046 cattle producers who voted in the referendum approved of the plan. But a two-thirds majority was necessary to put the program in effect.

Agriculture Secretary Bob Bergland said in a statement that, "The producers have spoken."

The vote was 130,464 in favor and 100,582 against, according to the department's Agricultural Stabilization and Conservation service which conducted the referendum held July 5-15.

Officials said that 72 per cent of 322,175 beef producers who registered to vote actually cast ballots. An estimated 1.8 million were said to have been eligible to participate.

If it had been approved, the plan called for an assessment on producers equal to three-tenths of one per cent of the value of all cattle sold during the first three years of the program.

Wray Finney, president of the American National Cattlemen's Association, which had strongly endorsed the beef plan, expressed extreme disappointment" that producers failed to vote the required two-thirds approval.

"While the plan did not receive the required two-thirds favorable vote, it is significant that a majority of those voting did recognize the need for more adequate funding of research and information programs," Finney said in a statement.

The association leader said that he hoped that "producers who oppose the plan because of alleged government involvement will now support existing producers organizations and programs to help the beef industry."

According to the preliminary returns, the plan failed to get the required two-thirds approval in some of the largest cattle states. For example, Iowa voters approved the plan by 41.2 per cent; Kansas 60.3 per cent; Missouri 61.8; Nebraska 63.7; North Dakota 42.8; South Dakota 34.5; Tennessee 18.8; and Texas 61.6.

postal rates

A special postal rate for individuals? When that idea was announced, I immediately imagined myself trying to convince an unsympathetic stamp vending machine that I really wanted a stamp for private-not business-purposes.

Fortunately, President Carter and Postmaster General Bailar propose to exercise control downstream of the stamp machine. But even so, the plan has some serious flaws.

The way it is envisioned by the Postmaster General, the first class rate for business would rise to 16 cents. While the rate for individuals would remain at 13 cents. To qualify for the lower "citizen rate," a letter would have to have a hand-written address or return address. Bailar indicated that no special measures would be taken to prevent cheating unless it became widespread.

I don't have any problem with the major objective of this proposal: To hold down the cost of quasi-governmental service. That's a fine idea. But the Carter-Bailar method is likely to have exactly the reverse effect, for two reasons.

First, a steep increase in the business rate will give businesses an added incentive to avoid using the Postal Service. Some utilities are already delivering their bills themselves, and various private delivery services (which are forbidden by law to use mail boxes) have shown an embarrassing ability to undercut Pstal Service charges while providing the same or better service.

Like most utilities, the Postal Service needs its big-volume customers to help pay the costs of serving the less-profitable small user. If escalating rate increases drive away too many business users, rates will have to be raised (or heavily subsidized) for the remaining-individual-customers. So the "citizen rate" probably wouldn't last long, even if it were adopted.

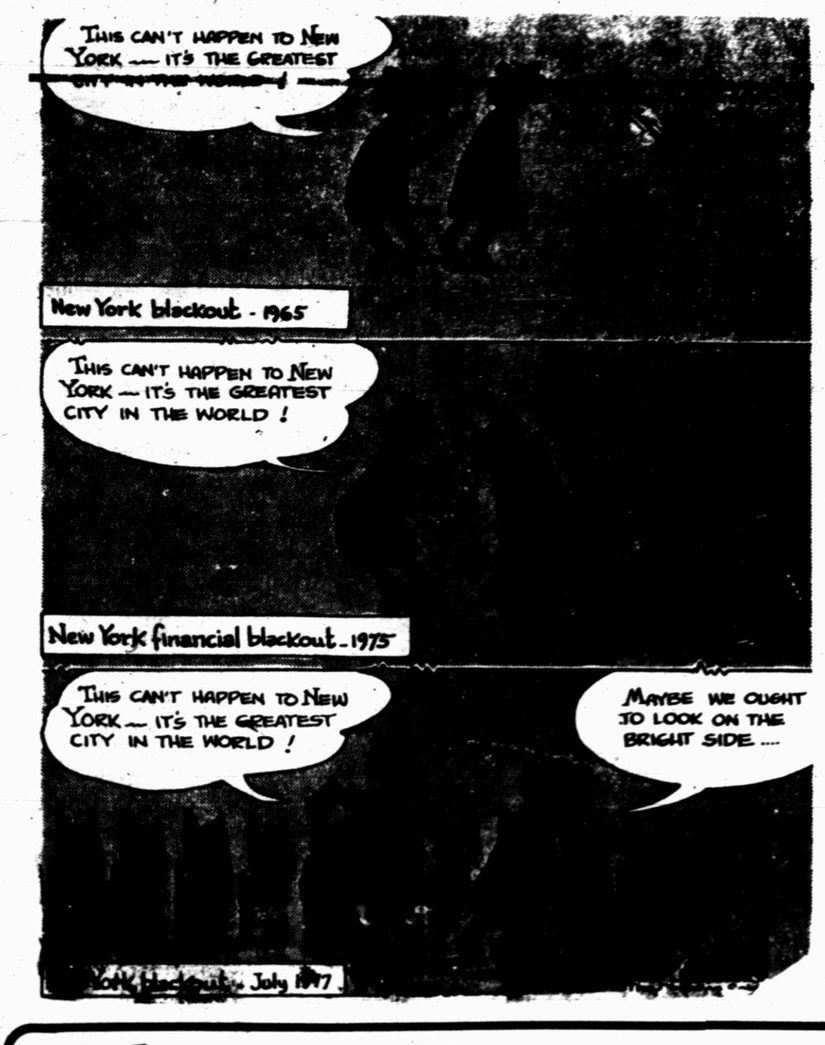

My second objection to this proposal is that it is deceptive. Politicians like to pretend that by increasing taxes or other charges on business they can "save" the individual citizen form having to pay anything. This approach cropped up most recently in the Administration's plan to raise Social Security taxes for the employer but not the employee. In reality, however, all that such schemes accomplish is to hide from the consumer the true costs of various services. In the end, it is the consumer who pays the bill. The only thing that varies is the method of collection.

Competitive pressure is what holds down prices. But when all competing businesses undergo the same costs increase at the same time-as would be the case with a rise in postal rates- then they usually feel free to pass the increase along to their customers in the form of a price increase. That, after all, is exactly what the Postal Service itself is doing when it asks for higher rates.

What is the answer to the even-higher postal rates? In the short run, it might help if we didn't demand costly luxuries-such as local post offices everywhere-that have an importance more symbolic than practical. In the longer run, some form of electronic transmission for the bulk of the first class mail may be the answer. Or perhaps we should encourage private competition with the Postal Service, rather than passing laws against it.

In any case, the split-rate proposal belongs in the dead-letter office.

new federal leak

Congress has passed and President Carter signed a bill appropriating $4.7 million to repair the leaky roof of the John F. Kennedy Center for the Performing Arts in Washington.

Of course $4.7 million isn't so much money by Washington standards, but still there is useful lesson in the Kennedy Center's drip drip drip.

The building is only five years old and took a whopping $73 million to build. You would think for that money the bureaucracy could get a tight structure or would sue the daylights out of the contractor. Apparently it can do neither.

Now getting a proper roof on a costly cultural palace and, to take another example, delivering a parcel post package without smashing it would be fairly simple feats.

Yet the bureaucrats who are incapable of performing them ask the country to trust them to handle really complicated matters, such as fine-tuning the economy and running the energy business. Hmm.

letters to editor

To Snyder Daily News:

I would like to comment on your editorial concerning Houston's $28,000 fine for using leaded gasoline in police cars designed for unleaded fuel.

This law-breaking is happening right here in Snyder too by some members of one local law-enforcement agency.

It is sad state of affairs when a law enforcement officer asks a service station attendant to break the law and risk a $10,000 fine for his employer, by asking him to run leaded fuel into his car that is designed for unleaded fuel.

This federal law was passed for the benefit of us all and we must obey it, to protect our precious clean air.

Next I would like to comment on the 'big mystery' you referred to as to why unleaded fuel is higher in price than premium ethyl. Unleaded fuel costs more than regular gasoline, but less than premium ethyl.

The slightly higher price of unleaded gasoline is because of the extra refining process used in order to get the octane rating high enough for today's high compression engines.

Besides this, the oil companies have spent millions of dollars converting their equipment at refineries and service stations, in order to comply with the law.

The old 'white gas' you spoke about was a far cry from what is required for today's automobiles.

WASHINGTON (NEA)— After pouring millions of dollars into decades-long battle against "socialized medicine," the American Medical Association (AMA) should have learned a lesson from the defeat and embarrassment it suffered when the federal Medicare program was established in 1965.

But nobody has ever accused the AMA of being sensitive to the nation's health care needs, and that organization proved once again at its recent House of Delegates meeting that it is either unable or unwilling to provide the leadership needed to cope with spiralling medical costs.

The scope of the problem was clearly defined by Joseph a. Califano Jr., Secretary of Health, Education and Welfare, in a exceptionally candid and tough speech delivered at the San Francisco meeting of the AMA, which represents about half of the country's 375,000 physicians.

"Health care in America today (is) big business...a vast, sprawling, complex, highly expensive and virtually noncompetitive industry" apparently incapable of dealing with "the overarching problem...of runaway costs," noted Califano.

Health care now is the third largest industry in the United States, ranking behind only construction and agriculture. It employs more than 5 per cent of the country's work force and accounts for 8.6 per cent of the gross national product.

From 1965 to 1976, total health care expenditures more than tripled, from $39 billion to $139 billion. Costs currently are increasing at a rate two and one-half times the rise of the cost of living, and total health care expenditures probably will double by 1980.

"Reasonable cost has not been the strong suit of either American medicine or most of its physicians," said Califano. In 1976, the most recent year for which figures are available, the average family expenditure for health care was almost $1,600, or more than 10 per cent of the median $13,700 family income.

"There is virtually no competition among doctors or among hospitals," added Califano. "And, just as important, there is precious little competition among pharmaceutical companies or among laboratories."

Compounding the problem is the fact that the bills frequently are paid by neither patient nor physician but rather by Blue Cross, other insurance commpanies, Medicare or Medicaid.

The result is an industry described by Califano as "conscious of quality (but) insensitive to cost" with "many powerful incentives to spend more and few, if any, incentives to spend more efficiently."

In addition, he noted that the country's medical resources are grossly maldistributed, leaving residents of rural areas and central city slums with inadequate care "as physicians have moved to more lucrative practices in the suburbs." Manhattan has 800 doctors per 100,000 residents while Mississippi has fewer than 80.

The HEW secretary concluded by calling on the medical profession to provide the leadership needed to meet "the challenge of dramatically improving the cost-efficiency of our health care system." The AMA reacted predictably.

"Health is not the top priority in the new (Carter) administration. Cost control is," responded James H. Sammons, the AMA's executive vice president who warned that too much cost-consciousness could lead to "a second-rate medical care system."

As for his top priority, Sammons inveighed against the evils of the "cancerous, relentless, mindless blob" - the Washington bureaucracy which "seeps under the doors" and "creeps in" from all directions.

The AMA has once again maintained its untarnished record of allowing the initiative for every major contemporary advance in financing health care-from Medicare to Medicaid of the past to national health insurance and health maintenance organizations now under consideration-to come from outside the physicians' insensitive trade association.

boeing sticks to aircraft

By LEONARD PALLATS
Associated Press Writer

SEATTLE (AP)—Diversification once was its watchword, but Boeing Co., grandfather of the world's airline fleets, believes a new era of prosperity will ride aboard a soaring commercial airplane market.

Despite early diversification efforts that included such projects as "people movers," computer services and hydrofoils, Boeing's prospects remain attached to the passenger aircraft.

Boeing, which traditionally has held more than half the world's jetliner market, sells far more commercial planes than Lockheed and McDonnell Douglas, its main competitors, combined.

"Diversification has not been notably successful for Boeing," says John L. MacKenzie, director of research for Foster & Marshall, a Seattle-based brokerage house. Boeing's attitude, says MacKenzie, has been "let's stick to the things that we really know and understand and do well at."

Other brokers and Boeing officials agree.

Boeing is "the best positioned commercial aircraft manufacturer with the greatest amount of operating leverage in the business," says Bear Stearns & Co., a New York brokerage.

And speaking recently to securities analysts in New York, Chairman T.A. Wilson said the company expects only 12 per cent of its business not to involve airlines during the next 10 years.

"The impact of our other programs is not yet great," says company spokesman Pete Bush. "But these programs get more publicity for sales volume than traditional ones."

Boeing turned somewhat away from aircraft programs early in the 1970s, when the jet market turned sour and the firm found itself with not enough work for its 100,000 employes.

Employment plummeted to about 38,000 but Boeing has come back and now has more than 60,000 workers.

Among the diversification efforts have been Boeing Computer Services, which has more than 1,500 customers; Boeing Engineering and Construction, which makes concrete installations at nuclear sites, a Boeing research effort into orbiting solar power stations, and efforts to develop the "jetfoil," a passenger hydrofoil.

Boeing also owns a 15 per cent share of Peabody Holding Co., a group that bought Peabody Coal Co.-the nation's largest coal producer-from Kennecott Copper Corp.

While diversification has not solved Boeing's long-term problems of cyclical business, the company's performance has impressed investors. Boeing stock has jumped from 37½ early in the year to almost 60 on the New York Stock Exchange.

Earnings per share, which dipped as low as 47 cents for 1969, jumped to $4.85 for 1976 from $3.60 the previous year. In the first quarter of 1977, earnings were nearly double what they were in the first quarter of 1976.

your chamber in action

What never moves yet constantly changes?? Answer: your city.

It still sits on the map in the same place it did when you were a boy–or girl. Yet you know it has changed considerably since then. And it will go on changing.

Perhaps you've had a hand in some of these changes. Hopefully, you'll have more of a hand in the future. If you are active in your local chamber, you're bound to.

Planning your city's future is a task for everyone. It calls for coordination and know-how. It calls for citizen concern and citizen pride in your city's growth.

No organization blends these ingredients better than your local chamber. With your help and your ideas, it can steer a course that will continue to make your community a better place in which to live and work.

Get involved. Snyder is your city and the Snyder Chamber or Commerce is YOUR Chamber.

SNOW VS SUN BELTS

"...One nation, under God, indivisible..." Indivisible, not in the 1860's and not in the 1970's. The battle continues to brew between North and South. Not over slavery as the Civil War was conducted, but for economic development.

Ultraliberal, union-backed Congressmen are lining up in opposition to the movement South of hundreds of the nation's leading industrial firms. Because of poor, corrupt city management, uncompromising union strength and quality of life decay, major employers are leaving the former bastillion of American manufacturing for the formerly agricultural areas of the South.

Congressmen, however, are trying to stop the trend through more mind-boggling, pork barrel legislation. The two most recent, would negate all our efforts in providing a profitable location for our nation's job-providers.

The National Employment Priorities act provides that if a manufacturing plant is considering a move which would cause as much as 15 percent of its workforce to lose their jobs, it would be required to notify the Secretary of Labor two years in advance. It would then face "the beauracracy", a union and put through a public hearing to determine if the move is justified. Vice President Mondale came up with this gem during his last term in the Senate.

The other, called the Community Re-investment Act, would give credit-making powers to "the beauracracy" instead of the local financial institution. The financial institutions could be forced to turn down credit-worthy borrowers in order to make loans to those Federal Government felt "entitled."

"The ultimate objective of Federal allocation of private capital with all its attendant potentialities for waste, abuse and political evils," the editor of **Baron's Weekly** says. "Behind the carefully contrived facade of non-discrimination, the powers that be are pursuing well designed purposes of their own."

Whatever the intent of this legislation, it would cripple the free-market system by substituting state direction of the economy. This has been an objective of socialists for years. Supporters disregard the fact that lending institutions use money of its depositors for making loans. Depositors trust their funds will be handled in a responsible and business like manner, something our Federal Government does not do well.

WHY LOSING

The North is losing this battle of jobs to the South because of inept government and blood-sucking unionism. They overtax because they overspend. The cities deteriorate because they are too busy paying employables too much not to work.

They deserve to lose the war and they will because Southern folk won't put up with being mandated by governments or unions. We are independent and give a fair day's work for a fair day's pay. That is the American Way.

Judging Record Books Ends Year For 4-H

Scurry County 4-H'ers finished off the year work with record workshops, and record judging by the adult leaders. Leaders participating in the checking of records for completion and selection of those to go to District were Mrs. Walter Stirl of Hermleigh 4-H Club, Mrs. Elizabeth Beavers of West 4-H Club, Mrs. Jesse Tolbert of Ennis Creek 4-H Club and Mrs. Clyde Baldwin of Snyder Jr. 4-H Club.

There were 21 complete records and two incomplete. The 4-H'ers entering complete record books were:

Seniors; Mary Garza, Martha Beavers, Josephine Rios, Susan Tolbert and Cathy Hess.

Junior II; Carmen Rios, Isabel Rios, Rosemary Rios, Jean Anderson, Kelly Tolbert, Jeff Gilbert and Danny Arrellano.

Junior I; Thelma Garza, Margaret Anderson, Kim Baldwin, Letha Baldwin, Janna Tate, Cindy Tolbert, Ricky Thompson, Jayna Gilbert and Jody Gilbert.

These all received blue ribbons indicating a complete record properly constructed and with indication that the member understands keeping a 4-H record book.

Clothing record forms were submitted by Dolly Riggins and Belia Rocha. Although these two received no ribbon, they were included in the consideration for awards to be presented at the achievement event in the fall.

4-H records selected to compete in the District Records Contest July 25 were:

Senior: Martha Bea-
Junior: Carmen Rios, Achievement; Thelma Garza, Dairy Foods; Isabel Rios, Clothing; Jean Anderson, Rabbits; Kim Baldwin, Bread; Kelly Tolbert, Dairy; Margaret Anderson, Recreation and Rosemary Rios, Food & Nutrition.

The bidding of today's hand is worthy of study since it shows Alan Sontag and Peter Weichsel, one of the strongest pairs in the world at their best.

The bidding starts out slowly enough with Alan following up his two-club response with a bid of three diamonds. Peter isn't sure what Alan has at this point, but he can't go wrong with a three-heart cue bid.

Now Alan merely bids three spades to set spades as the spot for the final contract. Peter just bids four spades. He has no reason to go past game since his opening is in the minimum range.

On the other hand, Alan is interested in a slam and bids five clubs to show the tops in that suit. Peter, who has already signed off at four spades can afford to show his second-round diamond control and now Alan can be sure of the grand slam if his partner holds the ace and queen of trumps. Alan's five notrump is the old Culbertson grand slam force and Peter bids seven spades because he does hold two of the top three honors.

Peter makes seven by ruffing his two little hearts with two of Alan's three trumps.

Ask the Jacobys

A Texas reader wants to know what you bid with: ♠ A Q 9 7 ♥ 8 5 4 ♦ K 9 8 7 ♣ 3.

Your correct bid is to jump to two spades. This bid is highly invitational, but not completely forcing. A mere one-spade call is a slight underbid.

Dear Abby

Loves Him, Not His Dogs

By Abigail Van Buren

© 1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: I am very much in love with a bachelor who lives alone in my building. I'm a divorcee also living alone. It all started with a "good morning" when we were both walking our dogs. (He has two.)

Pretty soon he asked me to walk his dogs while walking my own. Then he started coming in after work every evening for a drink. I invited him to dinner several times and we'd watch TV, play backgammon and neck a little. He seems to like me but he never invited me out. Meanwhile I fell for him—but hard!

Two months ago he said he was going away for the weekend, and I was sure he was going to ask me to go along, but instead he asked me to keep his dogs!

When he came back for the dogs he spent the night with me. After that I couldn't get him off my mind.

Now he goes away every weekend and leaves his dogs with me, and when he comes back, he stays all night. He's driving me crazy. I told him I was in love with him, but he's never committed himself. How can I get him interested in me? I feel like a 40-year-old teenager.

FORTY AND FOOLISH

DEAR FOOLISH: As I see it, your neighbor sleeps with you occasionally in exchange for your looking after his dogs. It's a good deal for him, but a dog's life for you. There's no way you can get him "interested" in you. Break it off now. The longer you wait the more painful it will be.

DEAR ABBY: What is your opinion of a person who can't pass a mirror without taking a good long look at herself? Wouldn't you say that she was very conceited?

WONDERING

DEAR WONDERING: Not necessarily. She could be exactly the opposite. Very insecure.

DEAR ABBY: A widowed friend of mine is 50, very wealthy, very attractive and a lovely woman. She recently confided that she longs to marry but can't seem to attract a man.

I ache to tell her that the strikingly snow-white hair she takes enormous pride in WAS an asset when she was in her 30s and was prematurely gray, but now it makes her look like an old woman.

She hasn't asked for my advice and is oblivious to my hints, yet she keeps suggesting that I introduce her to my eligible friends her age. I know that these men think she is too "old" for them because of her white hair.

She still thinks that like Samson her strength lies in her hair. Dare I destroy her self-image for "her own good"?

HER CONFIDANT

DEAR CONFIDANT: If she doesn't ask for your advice, don't offer any. There just may be some men who LIKE white hair on women.

SAUCY CHICKEN--Marinate chicken and brush with honey-lemon sauce for barbecuing.

Honey-Lemon Chicken

By Aileen Claire
NEA Food Editor

Barbecued chicken comes in many flavors depending upon the sauce one uses and the marinade. A honey-lemon barbecued chicken first is marinated in lemon juice and Worcestershire sauce and then brushed with a seasoned honey sauce while it is grilling. This is a recipe that works well indoors with your broiler so it goes year 'round as a dinner favorite.

HONEY-LEMON BARBECUED CHICKEN

- 1 chicken (2½ pounds), quartered
- 2 tablespoons fresh lemon juice
- 2 tablespoons original Worcestershire sauce, divided
- 1 teaspoon salt, divided
- 1/4 cup honey
- 1/4 teaspoon garlic powder

Place chicken in a tight-fitting bowl or double plastic bag. Combine lemon juice, one and one-half tablespoons of the Worcestershire sauce and three-fourth teaspoon of the salt. Pour over chicken. Cover or seal and refrigerate 3 to 4 hours. Remove chicken from marinade, reserving marinade. Place chicken, skin side down, on a rack over slow burning charcoal. Grill for 15 minutes. Turn and broil 15 minutes longer. Meanwhile, combine reserved marinade (about one-fourth cup) with honey, onion powder, garlic powder, remaining one, and one-half teaspoons Worcestershire sauce and one-fourth teaspoon salt. Blend well. Use to brush over both sides of chicken. Continue grilling, brushing and turning frequently, until chicken is tender, about 20 minutes longer. If desired, place chicken on a rack under a preheated moderate broiler. Cook following preceding instructions. Makes 4 portions.

"OL' HOTDOG SURE LIKES LIVER!"

Trevino 'Putts' Out Canadian Open Lead

OAKVILLE, Ont. (AP)—Lee Trevino was the first to predict that his first-round lead in the $225,000 Canadian Open Golf Championship would not stand up.

"It's like my little boy said," Trevino quoted. "There's two things that won't last: a dog that chases cars and a pro that misses greens."

Trevino missed more than his share of greens Thursday, but he saved things with what he called "the best putting round I've ever had.

"In all the years I've played golf, and I've played golf for a lot of years in a lot of tournaments, that's the best putting round I've ever had.

"I didn't shoot 67. I putted 67. From where I hit the ball, I should have had about a 72. And it would have been a good 72, not an easy one.

"I've got to start hitting the ball better if I hope to do anything."

Trevino, trying to rebuild his game following ajor back surgery last winter, one-putted 11 times and once holed a 45-footer to save par on his way to the five-under-par effort that put him one stroke in front of nine players tied at 68.

Heading that group was Jack Nicklaus, designed of the tough, hilly, leg-straining 7,090-yard Glen Abbey Golf Club course that is being played for the first time and will be a permanent site for this national championship.

Nicklaus, who has yet to win the Canadian title, shared the No. 2 spot with Bruce Lietzke and Tom Purtzer, each of whom had two eagles on his back nine, George Archer, Tom Kite, Mike Morely, George Cadle, Jimmy Wittenberg and rookie Jeff Mitchell.

Tom Weiskopf, winner of two of the last four Canadian national titles, was at 69, Al Geiberger at 70 and defending champion Jerry Pate at 71.

In a large group at 72 were Arnold Palmer, Gary Player and Ray Floyd. Ben Crenshaw blew to an 80.

Trevino, whose rags-to-riches saga includes five major championships and a blitz of the American, British and Canadian national titles in 1971, has had to restructure his game following the surgery. And he hasn't won in more than a year.

RED LEGS--The Snyder L.U.L.A.C. Red Legs have piled up an impressive record of 10 wins and four losses this season. Sponsored by the local Lulac Council 629, they will play Brownfield here Sunday. Georgia QB Refunds Grand To Broncos

MOULTRIE, Ga. (AP)—Talk not of money hungry athletes when discussing former University of Georgia quarterback Ray Goff.

Goff gave the Denver Broncos a $1,000 refund when it became apparent that he was not going to make the National Football League team.

"My dad always taught me not to take things for nothing," Goff said. "A lot of people think I'm crazy to give that much money back. But I didn't go up there looking for something free. I didn't do anything to earn a $1,000."

So now he is back in Moultrie - with a gas station he and a friend opened this week and planning to help coach the Georgia football teams this year.

Goff led the Bulldogs to 9-3 and 10-2 seasons the last two years, but he was a running quarterback and not noted for his passing. Thus he was ignored in the NFL draft and made it to Denver as a free agent, signing for the standard $1,000 free agent bonus.

After five days in the Broncos' training camp, it became apparent that his passing was not up to NFL standards. Denver's coaches told him to work on his passing or try and make the team as a defensive back.

"I thought maybe the Lord was trying to tell me something," Goff said about the possible move to defensive back.

So Goff told General Manager Fred Gehrke he was leaving- and returned the $1,000.

"I've never seen a player quite like him," Gehrke said.

Goff did get a check-$200-as pay for the five days he spent in camp.

Stacy Holds 2-Up In 'Cow Pasture'

CHASKA, Minn. (AP)—The Hazeltine National Golf Club was dubbed a "cow pasture" several years ago during the U.S. Men's Open, but their female counterparts say it's a rather nice place to a play.

"It's really a nice course," said Hollis Stacy after her opening-day 70 which stood up for the first-round lead in the 1977 U.S. Women's Open Golf Tournament.

"I didn't see any cows out there," continued Miss Stacy, the lone competitor to break par Thursday. "I came here thinking this place would be wide open and flat, but it's rolling and tight."

Jan Stephenson, who joined Jane Blalock, Joyce Kazmierski and Amy Alcott in a four-way tie for second at 72, described the 6,313-yard course as "tough, but fair."

Miss Stacy dipped below par with a birdie on No. 11, which was set up by a beautiful wedge shot that died six feet from the hole, and a birdie on 13 preceded five consecutive pars as she grabbed a two-stroke advantage.

Miss Stacy, playing in her eighth Open, appears to be hitting her stride on the LPGA tour. The 23-year-old brunette posted her first tournament victory two months ago winning the Lady Tara Classic at Atlanta and she is 10th on the LPGA winnings list with nearly $35,000 in earnings this season.

Miss Kazmierski appeared enroute to a share of the lead, but suffered a double-bogey 5 on the 190-yard, par-3 16th hole.

Sandra Post and 19-year-old Nancy Lopez of Roswell, N.M., who is making her LPGA debut at the open, were tied at 73 while defending champion Jo-Anne Carner and four others were deadlocked at 74.

Royals Peel Chi-Sox Lead; Maul Detroit 8-1 To Do It

HERSCHEL NISSENSON
AP Sports Writer'

The Kansas City Royals sliced another half-game off the lead of the idle Chicago White Sox Thursday night with an 8-1 rout of the Detroit Tigers and trail the division leaders by just two games. Meanwhile, the Mariners edged Oakland 4-3 and dropped the A's into the basement, one-half game behind Seattle.

Al Cowens had four hits and drove in five runs in Kansas City's triumph while Paul Splittorff fired a four-hitter for his third complete game in 22 starts. The victory was the seventh in a row for the Royals, longest winning streak of the season for the defending champs.

Mariners 4, A's 3

Ruppert Jones and Julio Cruz drove in two runs apiece for Seattle while Glenn Abbott defeated his former Oakland teammates for the third time in four decisions. Abott lost a shutout bid in the seventh when Wayne Gross hit a two-run homer. Mitchell Page homered in the ninth for Oakland's final run.

However, Jones ripped his 18th homer to get the Mariners started in the second inning and his sacrifice fly in the third made it 2-9. Cruz delivered the other two runs with singles in the fifth and sixth.

Red Sox 11-2, Indians 4-8

Home runs by Andre Thornton, John Lowenstein and Bruce Bochte highlighted the Indians' victory while Butch Hobson slammed a three-run homer for his second hit in Boston's nine-run seventh inning that decided the opener.

Jim Bibby was clipped for Jim Rice's 24th homer but still won the nightcap with help from Jim Kern. Larvell Blanks' two-run homer off Luis Tiant gave the Indians a 3-2 lead in the seventh inning of the opener but a single by George Scott touched off the Red Sox' nine-run explosion in the bottom of the inning. Tiant went seven innings and fanned eight, including Rico Carty in the fourth for the veteran hurler's 2,000th career strikeout.

Brewers 0-5, Yankees 7-4

The Brewers, three outs away from being shut out in both ends of the doubleheader, rallied with four runs in the ninth inning of the nightcap and then won it in the 10th on rookie Dick Davis' two-out bloop single.

Reuss Gets Back On Winning Side

By KEN RAPPOPORT
AP Sports Writer

For three days during the All-Star break, Jerry Reuss heard crickets chirp and the wind blow through the trees in a sleepy New England retreat.

Thursday night, he heard the crack of Al Oliver's bat and the wind of his pitches blowing by batters as the Pirates beat Cincinnati, 6-2.

Reuss allowed but six hits in one of his strongest performances of the season and had plenty of help from his teammates. The Pirate defense contributed three double plays and Oliver drove in a pair of runs.

Phillies 9, Giants 6

Pinch-hitter Jerry Martin's bases-loaded triple capped an eight-run sixth inning that carried Philadelphia over San Francisco.

The Giants had taken a 6-0 lead off winner Jim Lonborg, 4-3, on a grand slam homer by Gary Thomasson in the third and a two-run homer by Marc Hill in the fifth.

But then the Phillies sent 13 batters to the plate in the sixth, collecting six hits and four walks to take the lead.

Cubs 4, Braves 3

Bill Buckner's run-scoring pinch single in the bottom of the 12th lifted Chicago over Atlanta. With one out in the 12th, reliever Rick Camp, 5-2, walked both Manny Trillo and Joe Wallis before Buckner delivered his game-winning hit.

Camp took over for Phil Niekro at the start of the inning after Niekro had yielded seven hits and struck out eight in 11 innings. Paul Reuschel, 4-1, who followed starter Bill Bonham and Willie Hernandez to the mound was the winner.

Cardinals 4, Astros 0

Keith Hernandez socked a home run and Garry Templeton tripled and scored two runs, leading St. Louis over Houston behind Bob Forsch's three-hitter.

Hernandez' eighth homer of the year came off Richard with two out in the second inning, giving St. Louis a 1-0 advantage. Templeton singled and eventually scored on Ted Simmons' grounder in the fourth and the Cardinals added two insurance runs in the sixth on Jerry Mumphrey's single, Templeton's triple and another Simmons groundout.

Forsch struck out two and walked five en route to his fourth straight victory.

Expos 4, Dodgers 0

Rogers fired a four-hitter and Tony Perez drove in three runs as Montreal blanked Los Angeles. Rogers, 10-8, recorded his fourth shutout of the season, tying him with Cincinnati's Tom Seaver for the league lead.

Steve Garvey's second-inning single, a single in the seventh by Reggie Smith and base hits by Johnny Oates and Bill Russell in the ninth were the only safeties off the Montreal righthander. Rick Rhoden, 10-7, lost his fourth game in a row for the Dodgers.

Padres 3, Mets 2

George Hendrick's bases-loaded single off Skip Lockwood in the 10th inning lifted San Diego over New York. With one out, singles by Bill Almon and Mike Ivie and an intentional walk to Dave Winfield loaded the bases to set the stage for Hendrick's decisive hit.

Snyderites Search For State Honors

Snyder was to send two of it's ball teams and several individuals out of town today in search of statewide recognition.

The Little League All-Star team, under direction of coach Gary Davis and manager Ted Hanson, is scheduled to play Colorado River tonight at 7:30 in Robert Lee.

Snyder defeated their first opponent, Colorado City, earlier this week.

Making a three day trip out of town are the Snyder Flames. The local women's fastpitch softball team will play in the State Tournament at Stephenville beginning Saturday.

The girl's first opponent will be the Golden Girls of Victoria. That game will begin at 12:30 with the winner returning again at 3:30. The loser plays at 6:30 in the double elimination tournament.

"This should be a real good tournament," noted coach Albert Lewis, who directs the ladies along with coach R.J. Nelson. "There will be competition from all over the state including teams from Temple, Nederland, Freeport, Galveston, Kerrville and Lampasas."

The State Tournament will continue through Sunday. Activities this afternoon include a business meeting.

Also looking for a spotlight this weekend are several Snyder youths attending State TAAF and AAU track meets.

Those participating in the TFFA Meet at Pasadena July 22-23 will be Tonya Holladay, Lisa Loyola, Pam Brown, Berry Blackman, Glen Parham, Lyd Bensen and Eddie Witcher. Participating in the AAU Meet at Gregory-Portland High School in Corpus Christi this weekend will be Clay Peterson and Jeff Terry.

HEAD FOR ROBERT LEE--The Snyder All Stars face their second opponent in Little League play tonight at 7:30 in Robert Lee. against the Colorado River All Stars. Above, Barry Davis, Britt Vincent and Casey Peterson (left to right) march in from home plate after Peterson's three-runs homer Monday night against the Colorado City Stars. Snyder won, 12-1. TREASURED THOUGHTS

In a cellar in Cologne, Germany, I traced with my fingers these words scratched in the soft limestone wall by some unknown person:

"I believe in the sun, even when it is not shining.

I believe in love even when not feeling it.

I believe in God even when He is silent."

That is the secret of not only spiritual survival but also of spiritual victory.

We sometimes talk about faith that moves mountains. That is not exactly what the Bible teaches. It teaches us to believe in the God who can move mountains. There is a vast difference. "Have faith in God," Jesus said.

New Hope In Concert Here

New Hope, an internationally known musical group headquartered in Los Angeles, will present a concert at Towle Park at 7 p.m. Sunday, under the sponsorship of First Baptist Church.

Consisting of three male rhythm section, New Hope brings an exciting and unique sound to Gospel music with their smooth, contemporary arrangements, and rich vocal harmonies.

Their program comes from all areas of traditional and contemporary sacred music. Songs such as Mallotte's "The Lord's Prayer", "Praise the Lord, He Never Changes" "The Hiding Place", and a delightfully lighthearted Sunday School chorus medley, show the great variety and versatility of New Hope.

The ministry and influence of New Hope is international in scope. As a branch of the Continental Singers organization, their travels have taken them across the United States and to 12 foreign countries. In 1975, NEW HOPE went to communist Poland where they sang before over 30,000 people during a 10 day tour. That venture made NEW HOPE one of the first Christian groups ever allowed to freely present the Gospel in that part of the world. During the latter part of that year they spent three months singing in the Republic of South Africa, and were featured at the Christian Artists' Music Seminar and Camp in Estes Park, Colorado, in both 1975 and 1976.

New Hope returned to Europe in January, 1977. They presented concerts in Holland, Denmark, Norway, Sweden and England.

In 1974, the group has recorded three albums. Their latest was released on the Tempo label and is simply called "NEW HOPE".

The group is currently on an extended tour of the United States where they are preforming in churches, universities, auditoriums, military bases, hospitals and prisons. The group has been featured on local and national television, both in the United States and abroad.

Cam Floria, president of the Continental Ministires--New Hope's parent organization--says, "An evening spent with New Hope is more than a concert...it is a total worship and praise experience"

Revived Interest In Space Seen

HOUSTON (AP)-The new administrator of the National Aeronautics and Space Administration NASA says interest in space science will increase as the re-usable space shuttle begins to fly operational missions.

Robert A. Frosch, making his first visit Tuesday to the Johnson Space Center (JSC), said the center is moving into a new era in which it will be judged on what it can do and what it can produce.

Zero based budgeting, which is being required for all federal agencies by President Carter, "is going to put pressure on all agencies," Frosch said.

JCS has been receiving from one fourth to one third of the space agency budget but Frosch said he can't say what JSC will get in fiscal year 1979.

The new administrator said he does not know yet what the agency will request as a budget. He also said he did not know what new starts, such as the Mars rover or the lunar polar orbiter, the space agency will be requesting funds for in the next year.

Frosch said much attention will be paid to earth-oriented applications of work from space.

Insurance company health benefits were up 11 per cent, or $1.5 billion, in 1975.

Homecoming Set At First Assembly

Homecoming services will be conducted at First Assembly of God Church, 1809 College Avenue, Saturday and Sunday.

Evangelist Jim Brankel and the Revivalists will be singing and ministering in services on Saturday at 7:30 p.m., Sunday morning at 10:45 a.m. and Sunday evening at 7:00 p.m.

Rev. J. W. Farmer, pastor of First Assembly of God, Midland, will be ministering in the Sunday afternoon service at 2:30 p.m.

From Tucson, the Brankel family has served pastorates in Oklahoma, New Mexico and Arizona. They are well known convention and camp meeting speakers in the church's movement.

Everyone is welcome to attend any and all of these services, according to Rev. James R. Jackson, pastor of the church.

The church's bus will be making a route over the city on Sunday morning. If you desire transportation, please call 573-3316 or 573-2724.

HOMECOMING SERVICE--Jim Brankel and The Revivalists of Tucson will be featured evangelists at the homecoming service of the First Assembly of God Church in Snyder. Services are scheduled Saturday and Sunday.

Rotary Names New Directors

Snyder Rotary Club met at noon Thursday at the Shack for their weekly meeting. President Bill Gilliland presided. Jack Tilson introduced Ann McDorman, a customers services director for the Abilene District for the US Postal Service, who presented the program.

She spoke to the group concerning the regional center concept for mail distribution and the uniform letter sizes that will be required by the post office department for mail by 1980.

The new express letter service was explained also which has guaranteed 24-hours delivery.

Harold Payton of San Antonio was guest of Delbert Downing at the meeting.

New directors were named from last week's balloting. They are Tommy Lay, Jay Kidd, and Malven Stevenson. Holdover directors are John Best, Lynn Webster, and Jimmy Joe Key.

County Court Pleas Heard

Six guilty pleas have been entered in county court during the past week.

Roy G. Jasso pleaded guilty to a charge of escape stemming from an incident that occurred July 9 in Towle Park when he temporarily eluded police officers in a foot pursuit.

Jasso was fined $100 and sentenced to serve a 90-day jail term.

Antonio Medrano and Robert Vera Jr. each pleaded guilty to charges of criminal trespass. Both men were fined $100 and sentenced to serve 30 days in jail.

Entering a guilty plea to a charge of possession of marijuana was Richard Regis Harper of Snyder. He was sentenced to serve 30 days in the county jail and fined $200. He had been arrested May 25 by city policemen.

Guilty pleas to charges of driving while intoxicated were entered by Mattie Tutwiler Bolden and Dora Vera. Ms. Bolden was fined $100 and sentenced to serve 30 days in the county jail, probated for six months. Ms. Vera was given a three-day jail term and fined $100.

Cub Scout Set Saturday Family Day

Saturday will be a cub scout family day in Towle Park.

Thelma Deere, district cub scout chairman, said special activities are being planned for cub scout members of the Lone Buffalo District.

Registration, Mrs. Deere said, will begin at 9 a.m. directly south of the Towle Park swimming pool. Activities, featuring games and contests, will continue until 4 p.m. Saturday. The registration fee is $1.

Persons interested in attending the events should bring a lunch and swimming suit.

Landowner Awarded $7,300

A Garza County District Court jury Thursday night awarded $7,300 to a Garza County landowner in a $100,000 damage suit brought against Neil A. Jackson, Snyder oil operator.

Estine D. Blakey, et al, had brought suit against Jackson allegeing damage to five sections of Garza County ranch land owned by the Blakey's.

The plaintiffs claimed that since 1968 that value of the land had been reduced because of pollution to creeks and draws on the ranch. The suit alleged that Jackson failed to use ordinary care in the production and collection of the oil.

The plaintiffs had asked $50,000 in actual damages and another $50,000 in exemplary damages.

Attorneys for Jackson filed a cross-action suit seeking $20,000 from the plaintiffs for the cost of extracting salt water and the cost of chemicals to treat the oil to make it marketable.

The trial began Monday in 106th District Court in Post with District Judge George Hansard of Lamesa, presiding.

The jury returned the verdict at 6 p.m. Thursday awarding the plaintiffs $4,800 actual damages and $2,500 punitive damages.

Jackson was then awarded $110 on his cross-action claim.

One unique aspect of the case came during jury selection. The 86th prospective jury to be called completed the 12-member panel, and it was Garza County Judge Giles W. Dalby.

Commissioners Discuss Programs

The Scurry County Commissioners met Thursday afternoon with Brad Halbert, a representative of the West Texas Council of Governments and discussed employment issues outlined in federal programs.

Discussed at the meeting were Titles 1 and 6, which deal with manpower acts and on-the-job training practices. No action was taken at the meeting.

The matter is expected to be again discussed at Monday morning's meeting of the county commissioners.

ASTRO-GRAPH
Bernice Bede Osol

Your Birthday

July 23, 1977
Many changes could occur for you this coming year. Some might pop up quite unexpectedly. However, if you can flow with events you'll turn them to your advantage.

LEO (July 23-Aug. 22) A matter that you thought you had all figured out as a shoo-in may take a surprising twist and be far more complicated than you had envisioned. To find out more of what lies ahead for you send for your copy of Astro-Graph Letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

VIRGO (Aug. 23-Sept. 22) Something concerning certain friends may have been sticking in your craw. Don't blurt it out in front of them today or they may become ex-friends.

LIBRA (Sept. 23-Oct. 23) You could be a fast check-grabber today, so don't mingle with the wrong crowd. You may get into a group as slow as you are swift.

SCORPIO (Oct. 24-Nov. 22) Your respect for pompous individuals is nil today. However, don't cross swords with one where you're overmatched.

SAGITTARIUS (Nov. 23-Dec. 21) Erratic or rebellious behavior today could cause you grief that could easily be avoided. Discipline yourself to be stable and responsible.

CAPRICORN (Dec. 22-Jan. 19) Making irresponsible demands of friends today will evoke a response that may shock and dismay you. Think carefully before you voice your requests.

AQUARIUS (Jan. 20-Feb. 19) Usually reliable allies will be more concerned with their problems today than with yours. They could work against you instead of with you.

PISCES (Feb.20-March 20) Level with the boss if you're not capable of doing something. If you fake it and mess things up, he'll really be upset.

ARIES (March 21-April 19) Business situations you feel to be under control could undergo a sudden change today. Unless you're prepared to think on your feet, you could be caught short.

TAURUS (April 20-May 20) Do nothing today that could upset the precarious balance at home. A few wrong moves could put the whole household in a turmoil.

GEMINI (May 21-June 20) Treat co-workers with utmost consideration today. If you take off your kid gloves, they may put on their boxing gloves.

CANCER (June 21-July 22) Your practicality in the management of resources could suddenly desert you today. You could impulsively do something both costly and wasteful. (NEWSPAPER ENTERPRISE ASSN.)

Two Mishaps Are Probed

Two minor traffic accidents were investigated Thursday afternoon by city policemen.

The first mishap occurred at 12:15 p.m. at the Snyder National Bank, a 1976 Chevrolet driven by Charlie B. White of Albany, Ga. was in collision with a 1976 Pontiac driven by Wendell Vanhook of Snyder.

The 1800 block of 26th St. was the scene of a minor collision at 2:52 p.m. A 1972 Chevrolet driven by Della Austin Burney collided with a parked 1976 Chevrolet owned by Carl Kunkel.

Dallas Jail Gets Reprieve

DALLAS (AP)-It wasn't exactly a last-minute telephone call from the governor, but Dallas County Sheriff Carl Thomas and county commissioners got a last-minute reprieve from having to close the county jail to new prisoners.

U.S. District Court Judge Sarah T. Hughes agreed Thursday to extend her deadline for closing the jail to new prisoners from 1 a.m. today until 1 a.m. Tuesday because she apparently was happy with progess being made toward construction of a new jail.

The judge had earlier ordered the jail closed because it did not meet state jail standards and commissioners had not taken decisive action in their attempts to choose a jail site, purchase the land and draw up plans.

Commissioners met almost immediately after the extension was granted and agreed on a compromise site at the intersection of Commerce and Industrial Streets near, but not in downtown Dallas.

The commissioners then held an executive session to consider negotiations for purchase of 19 acres of land owned by Bob Hayes Leasing Co. and Gifford-Hill Co.

Judge Hughes apparently granted the extension because she was "satisfied" with steps being taken by the commissioners to clear up the lengthy controversy over the proprosed new jail, according to Earl Luna, a lawyer who represents the commissioners on jail matters.

The extension gives Thomas more time to face the prospect of having to find a new place to house prisoners.

More than five years ago, Judge Hughes told the commissioners that their jail did not meet state jail standards. She threatened to close the facility.

Treatment of emphysema

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — It seems very hard to get some information about emphysema. I am afflicted with it and want to learn all about it and what I can do to help myself. I have been to three physicians, but only when I needed to see a doctor because I had become congested and needed an antibiotic shot.

They'd say exercise just enough, not too much or too little, but what is too much or too little?

After a shot of penicillin I feel just great for about a week. I've been told that I shouldn't get it too often as I'd build up an immunity to it. Is that right?

Whatever you can tell me about emphysema would be appreciated, not only by myself but I know by many others who are afflicted and would like to learn more about it.

DEAR READER — Emphysema is a chronic form of lung disease. It is characterized by constriction of the small air passages inside the lungs.

Think of the air sacs that are filled with air as little balloons. At the opening of the balloons is a muscular band and it constricts to narrow the opening of the balloon. As a result it is hard to squeeze all the air out of the balloon. The tiny air sacs remain overdistended with stale air because it is hard to force all the air out.

To give you a better picture of how the lungs work I am sending you The Health Letter number 2-4, Keeping Your Lungs Fit. Others who want this information can send 50 cents with a long, stamped, self-addressed envelope for it to P.O. Box 1551, Radio City Station, New York, N.Y. 10019.

Because the movement of oxygen and carbon dioxide is not normal the person with emphysema has trouble increasing the oxygen supply to his body. That usually means a person is limited in how much exercise he can do. How much exercise you can do depends upon how much oxygen can be delivered to your working muscles. Without the oxygen you cannot release the energy needed for muscular work.

That is why your doctors are vague on how much exercise you can do. The best rule is to do mild exercise, such as walking, which is continuous, that you can do over a longer period of time. Avoid peak exertion that requires the sudden delivery of lots of oxygen. That way you won't overwhelm your body with oxygen needs before you know it — beyond the level that your lungs can cope with.

Respiratory infections often make the constriction worse. That is why antibiotics are used. Depending upon the case they may or may not be necessary. Chronic lung infections often require almost continuous antibiotic treatment.

No, you don't become immune to penicillin but you can develop an allergy to it or develop an infection with penicillin resistant organisms. You need to rely on your doctor about the use of such medicines.

Of course you should not smoke under any circumstances. Often tobacco is a major factor in developing emphysema. You need to avoid areas of air pollution as well. If you are heavy get your weight down. That way you can do more despite your lung disease.

Because of the volume of mail Dr. Lamb cannot answer your letters personally but he will answer representative letters of general interest in his column.

By-Product In Demand

FALMOUTH, Maine (AP)-The chief by-product of Falmouth's sewage treatment plant has become so popular that the town can't keep up with the demand.

For the past three months, this Portland suburb has been offering residents free sludge as fertilizer for lawns, gardens and hayfields.
