Connally Begs Senate Not To Cut More Aid

WASHINGTON, May 26 (AP)—Sen. Connally (D-Tex) told the Senate today in advocating approval of a $6,900,000,000 foreign aid bill that "a policy of timidity is a prelude to disaster."

As chairman of the Senate Foreign Relations Committee, Connally said the mutual security measure is probably the last major legislation he will pilot through the Senate before he retires next January.

The Texas Senator argued in a prepared Senate address against any further cuts in the authorization measure, trimmed by his committee one billion dollars below President Truman's requests. The House has approved a $6,162,000,000 ceiling.

Before Connally spoke, Sen. George (D-Ga) told a reporter he will stick by the one billion reduction made by the committee on his motion, although he said he did not believe a cut to the House figure would damage the program much.

A group of Republican senators has proposed additional slashes ranging from [illegible] millions to one billion dollars.

Asserting this country must be prepared to meet its Allies half way, Connally said any failure of Congress to act decisively now "might mean that peace would slip from our grasp and the lights of civilization would go out again for a long, long time."

He noted that three candidates for the Democratic presidential nomination—Sens. Brien McMahon of Connecticut, Richard B. Russell of Georgia and Estes Kefauver of Tennessee—are backing the bill endorsed by a fourth candidate, mutual security Administrator W. Averell Harriman.

Sen. Robert A. Taft of Ohio, candidate for the Republican nomination, has urged a cut in aid funds to six billion dollars. Gen. Dwight D. Eisenhower, bucking Taft for the GOP nomination, has said any cut beyond the committee's one billion slash might call for drastic revision of the European rearmament program and endanger U. S. security.

Party lines are expected to break, as they always have in the past on foreign aid disputes.

A Republican drive by 11 senators, headed by Welker of Idaho, seeks to chop a further billion dollars from the Senate bill, which is now one billion dollars less than the administration asked.

"If we don't get the billion cut we're sure to put through a half-billion-dollar reduction," Welker told a reporter.

Committees in both the Senate and House slashed a billion from President Truman's $7,900,000,000 request. A combine of House Republicans and Southern Democrats whacked out an additional $737,400,000 last Friday over vigorous administration protests.

William H. Draper Jr., U.S. special representative in Europe, declared in a statement yesterday in Paris that the House cut "could seriously damage the entire defensive structure in Europe."

Sen. Connally (D-Tex), chairman of the Senate Foreign Relations Committee, will lead the fight to keep the aid bill at $6,900,000,000. He told reporters he is counting on some Republican and Southern Democrat support and had promises of help from Sen. H. Alexander Smith (R-NJ) and Sen. George (D-Ga).

PARIS DEMONSTRATIONS

A helmeted gendarme grabs a demonstrator during anti-American and anti-Ridgway disorders in Paris' St. Lazare railway station. The demonstrators were regarded as a curtain-raiser for the show the Reds claim they will put on when Gen. Matthew B. Ridgway arrives to succeed Gen. Dwight D. Eisenhower.

Dead Deputy's Letters Back Into Picture

(By The Associated Press)

The ghost of old Sam Smithwick, cow country deputy sheriff who died with a noose around his neck, stalked the Texas scene again today.

Somewhere the thief who stole election records from Precinct 13 in Jim Wells County after the 1948 senatorial election squirmed uncomfortably.

Smithwick, convicted of the murder of a crusading, sensation-hunting radio commentator, wrote at least two letters before he died in the Texas penitentiary at Huntsville.

One of them was to former Governor Coke R. Stevenson of Kimble County, losing candidate in the election. Made public in a copyrighted story in the Dallas Morning News late Saturday night, the letter told Stevenson that Smithwick had made arrests in the theft of the box and believed he could direct the former governor to its hiding place.

Last night, the newspaper disclosed that Ranger Capt. Alfred Allee, one of two Texas Rangers investigating the letters, had uncovered the second Smithwick epistle.

The News said the letter gave more detail than the one written Stevenson and gave corroborative statements about what happened to the returns from Box 13.

Senator Lyndon B. Johnson won the Democratic primary by 87 votes with 988,295 cast in the close election. Stevenson claimed 202 votes from Precinct 13 were added irregularly.

Reds Slaughtered Each Other In 4-Day Battle In Koje Island Prison

KOJE ISLAND, Korea, May 26 (AP)—Informed sources said today Communist and anti-Red prisoners of war battled each other for control of barbed wire POW enclosures for five riotous days in what Koje veterans call "bloody September."

The five-day struggle—not yet officially announced—caused 100 POW casualties, including 15 killed by prisoners. United Nations guards wounded 14 with gunfire and 22 with bayonets, quelling the riots.

Bloody September was concentrated from Sept. 16 to the night of the 20th. Veterans say savage fighting erupted inside the compounds for control of the prisoners.

U.N. hospital officials say Red POWs treat each other with such barbarity that they have killed more prisoners than have Allied guards in suppressing three POW riots announced this year.

Camp officials concede they do not have control inside the barbed wire enclosures. Red leaders have organized prisoners into a crude but disciplined army, equipped with stones, clubs and weapons fashioned from cans and metal bars. They also have pistols and rifles seized from guards in riots or bought from civilians.

At least 115 prisoners have died from brutal beatings, hangings or torture in clashes between die-hard Communists and anti-Communists within the barbed wire enclosure, hospital records show.

Guards suppressing three riots in the U. N. POW camp killed 97.

Lt. Col. S. M. Gelenger, Flint, Mich., head of the hospital, said bodies of prisoners slain within the compounds often are not recovered for days.

Hospital records give many instances of brutality by the POWs. One prisoner found dead had been buried alive.

Brig. Gen. Haydon L. Boatner said the POWs could have captured the island about two weeks ago had they wanted to. They still are foreign weapons but the time has passed when the Reds could gain control outside their compounds, he said.

United Nations guard forces now could control prisoners outside the island's 17 POW compounds, the new camp commander told newly arrived combat-wise Canadian and British troops.

But inside the compounds—housing 80,000 North Korean and Chinese captives—die-hard Communists still rule, he said.

About two weeks ago, the POWs could have crashed their barbed wire enclosures; they would have suffered hundreds of casualties but probably could have taken over the island "if they had wanted," he said.

County Presented Budget For City-County Health Program

A proposed budget of $29,808 for operation of the city - county health unit for the fiscal year beginning July 1 was considered by the county commissioners court this morning, but no action on approval was take.

If the budget is approved, local funds will be set aside for $22,128 of the amount proposed. Local cost of operating the unit was formerly shared jointly by the city and county, but now the county is bearing all local expense. State expense would be $7,680. The proposed budget includes salaries for three additional employes, a junior sanitarian and junior nurse, and a janitor for the new health unit building. Travel expenses are also included for the junior sanitarian and junior nurse, each to be paid $3,384 plus $1,200 travel expense annually.

No local salary was included in the budget for a director. The present acting director draws no pay from the city or county but is paid jointly by the state health department and the unit at San Angelo where he is regular director. The budget proposed travel allowance of $1,200 from local funds for him. The state's half of his salary is $3,600 anually.

The senior public health nurse is paid entirely by the state health department a salary of $4,080. The senior sanitarian's salary, paid locally, is $4,920. The budget includes travel expense proposals of $1,200 annually for each to be paid locally. Other expenses include a salary of $2,040 for clerk - typist and $1,200 salary for janitor, and $1,200 for annual expense for office and supplies.

The proposal was that the new junior sanitarian be put on salary as soon as the budget is approved and one is available. The junior nurse and janitor were to be employed when the new building is completed. The Butler-Brasher Engineering Co., architect on the project, said construction bids on the building would be opened June 17. After contract is awarded, construction is estimated to require about three months. The building, to cost about $82,000, is to be built at Twenty-sixth Street and Avenue J jointly with county and federal funds.

The commissioners agreed to invite the director for a meeting next Monday to discuss the budget.

Ships Collide In Delaware River In Night

WILMINGTON, De., (AP)—An oil tanker and a gasoline-laden barge burst into flames after colliding in the rain-swept Delaware River 15 miles south of here last night. One man is known dead and eight are missing.

The vessels were identified by the Coast Guard as the 10,441-ton tanker Michael, with a cargo of crude oil, and the motor barge E.D. Dodge.

Searing, gasoline - fed flames swept the badly smashed Dodge, which carried a crew of nine. She was reported split in two with the stern section sinking. The Michael, also burning, was able to limp away from the scene and later reported its fire under control.

One man, nude except for the life jacket which kept him afloat, died minutes after he was picked up by rescuers. He was not identified but was believed to be a crewman on the Dodge.

Two other men, also Dodge crewmembers, were rescued from the water and taken to Wilmington General Hospital suffering from burns and shock. One was identified as Sjur Tellifsen, 29, of Brooklyn, N.Y.

There was no immediate word of the fate of the other six men aboard the Dodge.

The Michael, bound for Paulsboro, N.Y., from Persia with a crew of 40, reported two men missing—the third mate and a seaman.

The collision was the third such tragedy within 10 days in this busy shipping area.

Truman Hits Power Firms

WASHINGTON, May 26 (AP)—President Truman lashed out at private utilities today, asserting they are spending millions in a drive to "frighten, threaten and confuse the people" about public power.

In a fiery speech to a conference of electric consumers, the President accused the utilities of spending vast sums on propaganda and advertising.

He said "the power monopolies" are taking part in a "barrage of propaganda."

Truman got a standing ovation from the adherents of public power, rural electrification and electric co-operatives when he told the group:

"I am the only person who represents the whole 155 million consumers.

"I'm their pull—I'm their lobbyist."

Oil Strikers Expected Back

(By The Associated Press)

Quick back-to-work orders were expected today for some 2,750 oil workers, members of striking Oil Workers International Union (CIO).

It was the 26th day of the nation-wide strike, being settled on a plant-by-plant basis.

OWIU members in the Pan American Oil Refinery at Galveston will vote tomorrow on a proposed new contract. Tentative agreement was reached last night.

Pan Amercian employs 1,250.

Another tentative agreement was reached at Beaumont between the union and the Pure Oil Co., but date of the union's membership vote was not disclosed. About 1,500 workers are involved.

Terms of the tentative agreements were not made public at either plant. They presumably follow recommendations of the Wage Stabilization Board.

Some nine other Gulf Coast refineries still were closed and no settlements had been reached early today.

Congress Told U.S. Far Behind Russians In Building Planes

WASHINGTON, May 26 (AP)—John D. Small, chairman of the Munitions Board, told Congress today "we are still far behind" Russia in current warplane production, particularly jets.

He said that even so, planned deliveries in 1953 and early 1954 will have to be cut back if Congress sticks to a House-approved ceiling of 46 billion dollars on Armed Forces spending in the fiscal year starting July 1.

And those years, Small added, appear to be "a very perilous period as we look ahead."

Small testified before the Senate Preparedness Committee. It was one of two Senate groups which were inquiring simultaneously into the air power situation. A Senate Appropriations subcommittee had air Secretary Finletter before it behind closed doors.

The Preparedness Committee's hearing also was closed to the public but Small sent newsmen a copy of a prepared statement he read to the group.

Sen. Stennis (D-Miss), a member of the preparedness group, said in advance of the closed-door meeting he believes "we've got to get these fighting planes of ours off the drawing boards and ready to fly."

The meetings come on the heels of some sobering testimony by Gen. Matthew B. Ridgway, former commander of the United Nations forces in Korea, at a private meeting with senators last Wednesday.

The Senate Armed Services Committee, making public a partial transcript of Ridgway's testimony, censored out for security reasons his appraisal of the air strength Russia could put up in an Asian war.

Committee members and others who attended disagreed later in their interpretation of just what the general had said, but seemed generally agreed that he had warned them of some swift Russian aerial advances.

Stennis, one of those who heard and questioned Ridgway, told a reporter, "I have a feeling that Russia may find that in her aircraft production, she has placed too many of her eggs in one or two baskets." He emphasized that "I'm not quoting the general."

Stennis said he thought it was no secret that the Russians have emphasized some types of warplanes, including the MIG, and may have outstripped U.S. production on a couple of types.

"But I don't believe, from what I have learned, that Russia has general air superiority," he said, adding that she may find herself in the long run with an unwieldy proportion of one or two types.

Hear Contests In GOP Meet

MINERAL WELLS, May 26 (AP)—The Republican state Executive Committee started today what promised to be a day-long hearing on contested delegations to its state convention tomorrow.

A maximum of 36 minutes was given to each of the contests from 31 counties.

The committee quickly disposed of a contest from Bexar County, where Frank L. Dickson held a one-man convention and named himself a one-man delegation instructed for Gen. Dwight Eisenhower.

Jack Porter, state Eisenhower campaign leader, moved that it not be considered a contest. The motion carried and that left Bexar County's 87 votes in the state convention for Sen. Robert Taft of Ohio.

Jefferson County with 19 votes was next.

Chairman Orville Bullington opened the committee meeting at 10:11 a. m. (CST), saying he believed the committee would judge the contests on their merits.

No Ruling On Seizure, Movie Censors Given Kick In Pants

WASHINGTON, May 26 (AP)—The Supreme Court recessed today without announcing its decision in the steel seizure case.

The court will meet again next Monday and perhaps the following Monday as well in an effort to clear its docket. It originally had planned to recess for the summer next week.

The Court ruled unanimously today that movies are entitled to the constitutional guarantees of free speech and free press.

But at the same time, the high tribunal struck down the action of New York state in barring Roberto Rosellini's "The Miracle" on the sole grounds that it was sacrilegious.

Justice Clark, writing the Court's main opinion, said:

"In seeking to apply the broad and all-inclusive definition of 'sacreligious' given by the New York courts, the censor is set adrift upon a boundless sea amid a myriad of conflicting currents of religious views, with no charts but those provided by the most local and powerful orthodoxies. New York cannot vest such unlimited restraining control over motion pictures in a censor."

Clark said that since the term "sacrilegious" was the sole standard under attack in the case, it was not necessary for the Court to decide now whether a state may censor motion pictures "under a clearly-drawn statute."

The Court today upheld transit radio broadcasts.

By a 7-1 vote, the high tribunal decided radio broadcasts on buses and street cars do not violate the constitutional rights of passengers.

The decision involved broadcasts heard here on street cars and buses of the Capital Transit Co. The dispute attracted wide attention, however, because at least 10 other cities have radio broadcasting on public vehicles.

CANDIDATES HAVE UNTIL MIDNIGHT

Only 15 of the county's more than 50 political candidates had filed campaign expense statements with the county clerk by noon today. Midnight tonight is the deadline for filing the statements with the clerk if candidates are to remain qualified for having their names printed on the ballots.

Air Force Needs Civilians To Watch For Airplanes Of Enemy

WASHINGTON (AP) — The Air Force, seriously worried over a weak link in the nation's aircraft warning system, is going to try again to get the volunteer system of civilian aircraft spotters into round-the-clock operation by July.

An attempt was made to start the full, 24-hour a day plane spotting system in 27 states on May 17, but was postponed when a number of state civil defense directors requested reconsideration of the plan. It is hard to get civilian volunteers.

The Ground Observer Corps is intended to help the Air Force's Air Defense Command locate and track unidentified aircraft flying too low for radar to detect. USAF officials contend that this constant low-altitude surveillance is vital.

An officer interested in the enemy aircraft warning system cited today an incident in Alaska as a example. About six weeks ago, he said, a ground observer in Alaska saw what appeared to be the contrail of a plane.

A contrail is the streamer of white vapor left by an aircraft flying in cold air or at high altitude.

Radar stations in the area could find nothing on their screens. No known friendly craft were in the area. The presumption is that the plane, never identified, was flying at an altitude too low for radar to locate or track. Alaska is only a few hours flight from Soviet airfields in Siberia and the Russian maritime peninsula.

The probability is that it was not a bomber. It may have been a long-range reconnaissance aircraft, looking over the territory and photographing radar and other military installations.

The report of the ground observer was flashed not only to the Alaskan air defense setup and radar stations of that region but to the United States, where a state of readiness was ordered until radar and aerial reconnaissance showed no further trace of the reported plane.

The Alaskan incident came at almost the exact time the Eastern Air Defense Force picked up on radar the presence of two unidentified aircraft near Presque Isle, Me., a USAF base. Interceptors were sent up and the planes were identified as commercial craft. But the coincidence of that radar intercept with the report from Alaska caused uneasy moments.

In general, the Air Force estimates that planes flying below 4,000 feet is flying too low to track by radar. This altitude can be lower in flat terrain or over the ocean, much higher in hilly or mountainous country.

The only solution, the Air Force contends, is to back up the radar net which together with stations operated by Canada extends from the United States to the Northern perimeter of the continent, with ground observers.

It is physically and financially impossible to provide enough military personnel for this. So until a civilian ground observer corps can be put into operation, the Air Defense Command must rely on reports by observers at Army installations, naval land bases and ships operating coastwise and by Coast Guard stations.

New Wildcat Is Staked In Scurry County

Gray & Hurdnell have staked location for a new Ellenburger wildcat in Southeast Scurry County.

It is to be the No. 1 Gannaway, located 660 feet from south and 600 feet from west lines of the southwest quarter of section 89-3-H&TC. It is about one mile north and two and three-quarters miles east of Humble Oil No. 1 James Davidson, recently completed Ellenburger producer.

Near by at American Trading No. 1 Elmer Howell, operator is reaming out the core hole after cutting two cores.

The first core was cut from 7,408-424 feet. Recovery was 16 feet of dolomite with 10 per cent chert. The top six inches and the bottom six inches had vugular porosity with flouresence. Another core from 7,424-51 feet recovered 27 feet of dolomite. The section from 7,429-435 feet had vugular porosity and flouresence.

NOLAN WELL

Ohio Oil Co. No. 1-A Nemir, Nolan County test four miles west of Sweetwater, had drilled to total depth of 6,185 feet in lime after a drillstem test in the Pennsylvanian a 6,069-120 feet.

With the tool open one hour, recovery was, the 540 - foot water blanket, heavily gas cut, plus 65 feet of heavily gas cut and slightly oil cut mud.

DRILLSTEM TEST

In North - Central Scurry County, Standard Oil No. 1-S George Brumley, Cisco prospector, ran a drillstem test from 6,001-60 feet. The tester was open 20 minutes. Recovery was 25 feet of very slightly oil and gas cut mud with no shows of water. Electric log surveys are now being run.

DRILLING REPORT

Superior No. 13 - 578 Jordan, Northwest Scurry wildcat, is drilling below 7,795 feet in lime and shale. Superior & Intex No. 1 Eva Laws is drilling below 6,633 feet in lime and chert.

Sun No. 4-C Bilby Wallace, Kent project, is drilling below 2,769 feet in lime and shale.

Mild Weather Here

Temperatures were mild yesterday, reaching a high of only 98. Last night's low was 58, and recording was 64 at 7:30 o'clock this morning, according to Mrs. D. P. Brayhorn, weather observer.

Peace Treaty With Germans Is Finally Signed In Ceremony

BONN, Germany (AP)—The Allied-West German peace contract to ally West Germany with the free world was ceremoniously signed here today by Chancellor Konrad Adenauer and the foreign ministers of the United States, Britain and France.

As a silent crowd of several hundred Germans stood roped off in the rain outside the West German Parliament Building, the four men put their pens to the historic pact in the Bundesratsaal, the chamber of the upper house. About 500 spectators watched inside the room.

The peace contract, which faces high parliamentary hurdles before ratification can make it effective, gives West Germany near sovereignty in exchange for German troops in the projected European army.

Adenauer and the three Western ministers—Dean Acheson of the U.S., Anthony Eden of Britain and Robert Schuman of France—spoke briefly before they signed.

The Chancellor hailed the peace contract as a work which will "help preserve the peace and freedom of the whole world" but "only a part of a work which will be completed tomorrow in Paris when we sign the European Defense Community treaty.

"The completed work will secure peace and freedom for Germany," he continued. "And here today we Germans also think of our brothers in the East (Soviet zone). We send them our greetings and our deepest assurances that this work is the first step toward the reunification of all Germany in peace and freedom."

Across the Iron Curtain, Pravda, the Moscow mouthpiece of East Germany's Russian Communist controllers, saluted the pact with another blast at the "fatal, anti-national policy of the Bonn government of Adenauer which is trying to transform the Germans into cannon fodder for the American imperialists."

Eden was the first to sign the contract, followed by Schuman and Acheson. Last came Adenauer, the 76-year-old Chancellor-foreign minister who through eight months of negotiations has fought to regain his vanquished country's place in Europe and to align it with the Western world.

The threatened resistance show, however, failed to develop.

The signing ceremonies lasted 40 minutes.

In his brief speech, Schuman said the West was proceeding "further on the road of peace with this document and the European Defense Community treaty to be signed tomorrow.

"Our work must be successful unless we want another catastrophe," he declared, adding, "but patience is necessary and everyone must develop confidence because this confidence alone can strengthen our joint efforts.

"We must learn to co-operate and not to dominate one another but to serve one another. We want to convince those who are suspicious of our motives that this is our goal."

Western Union Strike Over, But Snyder's Office Is Still Closed

While workers went back to offices all over the nation after the ending of the Western Union strike, Snyder telegraphers had not reported back to work.

The Snyder office, managed by Miss Pauline Fikes, has been closed since April 2. The firm's office at 1910 Twenty - fifth Street remained closed this morning, and no office employe could be reached.

The strike officially ended at 12:01 o'clock this morning.

The Snyder office employes three persons.

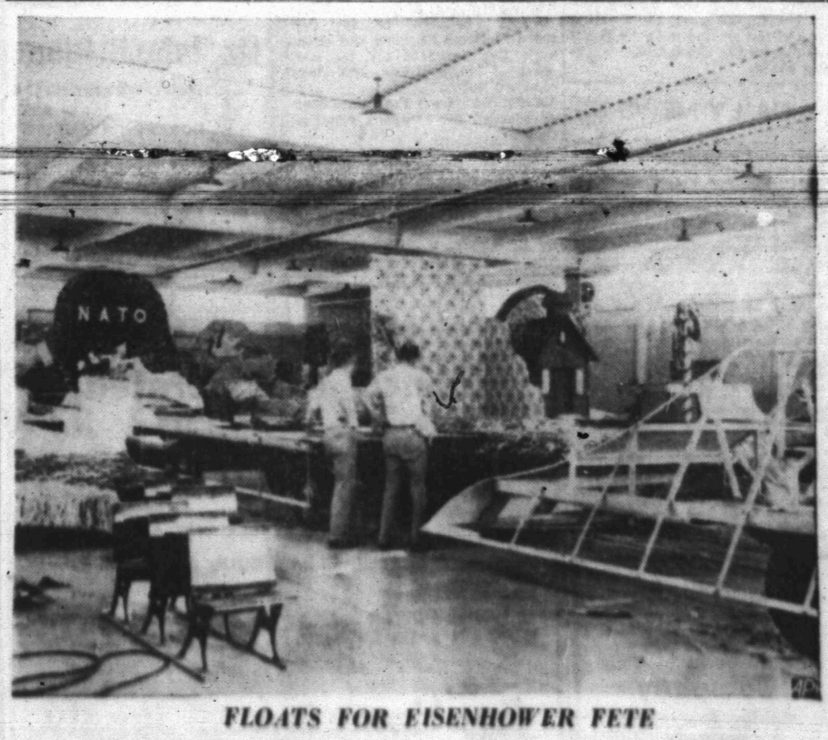

WEATHER

WEST TEXAS: Partly cloudy Monday, Monday night and Tuesday. Widely scattered afternoon and eveing thundershowers. Not much change in temperatures.

EAST TEXAS: Partly cloudy Monday, Monday night and Tuesday. Not much change in temperatures. Moderate mostly southeast winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy Monday, Monday night and Tuesday with widely scattered afternoon thunder showers in west portion. Little change in temperatures. Moderate southeast winds on the coast.

NORTH CENTRAL TEXAS: Partly cloudy Monday, Monday night and Tuesday. Widely scattered showers and thundershowers in west late Tuesday. Little change in temperatures.

FLOATS FOR EISENHOWER FETE

A parade is one of the scheduled events that will rock Abilene, Kans., when Gen. Dwight D. Eisenhower returns from Europe early next month. Here workmen are busy building the floats in a building in Eisenhower Park. The parade will contain more than 30 floats, each depicting a different phase of the General's life. The last vehicle will show him in the White House. In the background can be seen a float which will represent the NATO phase of Ike's career.

Name Calling Get Louder In State As Convention Neared

SAN ANTONIO, May 26 (AP)—Tough talk from leaders of rival conservative and liberal factions apparently set the pattern for two days of Democratic meetings here.

Loyal Democrat Chieftan Fagan Dickson started the name calling by saying Gov. Shivers plans a doublecross, that he is a "Democrat in Washington and Dixiecrat in Texas."

Shivers snapped back that Dickson "must have been smoking marijuana or something," that he is a publicity seeker, always dreaming up something. Shivers said he would sacrifice no principle to halt the Loyalist bolt or to guarantee seating of his delegation to the national convention at Chicago.

This exchange came on the eve of today's state Executive Committee meeting. The state convention, with a bolt by the Loyalists regarded as a sure thing, starts Tuesday at Municipal Auditorium.

Principal business before the Executive Committee was settlement of rival claims by 28 county delegations. The Loyalists held rump conventions in those counties and are seeking recognition over the conservatives.

Reports Shivers had made adeal with national party leaders on his recent trip to Washington actually touched off Dickson's charges and the governor's reply.

One of these reports was that Shivers planned to offer the state convention a resolution giving ground of some kind to the national party's leadership to make sure his delegation, rather than that of the Loyalists, would be seated at Chicago. Another was that he would help Speaker Sam Rayburn at the proper time if it appears Rayburn has a chance to win the nomination.

Shivers planned to offer the state question about possible support for Rayburn by saying he understood the speaker was not a candidate. On the question of other compromise to the national party, he said flatly he would sacrifice no principles to achieve that end.

"I have every right to believe we will be seated at Chicago, unpledged, uninstructed and undaunted, because we represent the majority of Texas Democrats," the governor said.

This is what Dickson had to say about the Shiver's delegation's outlook at Chicago:

"The only chance he has to be seated is to repudiate his New Braunfels speech and agree to take the pledge."

Dickson said he had learned in Washington that the San Antonio convention would take the pledge to support the national convention's nominees. Shivers flatly denied it, saying there would be no loyalty pledge until Texans know what the platform says and who the nominees are. He also stod for an uninstructed delegation.

The Shivers plan in briefisto

Dickson said he had learned in Washington that the San Antonio convention would take the pledge to support the national convention's nominees. hivers flatly denied it, saying there would be no loyalty pledge until Texans know what the platform says and who the nominees are. He also stod for an uninstructed delegation.

The Shivers plan in brief is to send an uninstructed delegation to Chicago to give it stronger bargaining power. He says he wants to get the South a lounder voice in party affairs, combat the FEPC and similar legislation and try to stem "creeping socialism" in the "boss-controlled" national party.

If he loses there, the governor said he wants to come back home to get new instructions from the Democrats and let the September convention have the last word on who Texas' Democratic electoral votes will go for.

The Loyalists plan to walk out of the state convention on the loyalty pledge issue or some variation of it, hold their own convention and go to Chicago with a demand to be seated. They are ready to pledge themselves, their delegates and electors now to whoever the national convention nominates on whatever platform, with no ifs.

More Talks On Truce Planned

MUNSAN, Korea (AP) — United Nations truce delegates return to Panmunjom tomorrow to learn if a three-day cooling off recess has cracked the Communist stand on armistice in Korea.

The explosive issue alone blocks an armistice in Korea.

The Communists demand all their captured soldiers back—at the point of a bayonet if necessary.

But the U.N. Command has been equally firm. It says no prisoner will be forcibly returned to the Reds. An Allied screening showed only 70,000 of 169,000 Red POWs and internees want to go back to Communist areas.

Maj. GEN. William K. Harrison, new sehior Allied delegate, said the Reds still may be determined "to delay or reject an armistice."

In an interview Sunday, Harrison observed:

"If the Communists are going to concede, we won't know it until the day it happens. Up to the last minute, they will keep trying to make us give in."

Harrison said he is convinced the Koje and Pusan POW riots were not "spontaneous or the result of local conditions but rather were craftily designed by the Communists." The purpose of the Red riots, he explained, was "to embarass the U.N. Command . . . and to attempt to divert world attention from the inescapable fact that thousands of former vassals just refuse point-blank to return to their Communist masters . . . .

"We are not going to Panmunjom to barter cattle for swine but to safeguard the rights and personal dignity of individual human beings."

Two Plead Guilty To Charges Of Driving While Intoxicated

Sam Terrell, 25, who gave his address as 1000 Thirty - third Street, was fined $73.50 and sentenced to 10 days in jail when he pleaded guilty to a charge of driving while intoxicated Saturday in county court.

Terrell was involved in an automobile accident in which his car was damaged in the amount of an estimated $150. The other vehicle, a pickup truck, was only slightly damaged.

William Morris Jefferson, 23, who gave his address as Arah route, was fined $73.50 on Friday by the court when he pleaded guilty to a charge of driving while intoxicated.

Ship Commanded By West Texan Captures Reds On Sampans

TOKYO, May 26 (AP)—Night patrolling crewmen of the U. S. Minesweeper Ptarmigan recently captured 25 North Koreans and seized their five sampans off the east coast of North Korea, the Navy reported today.

Eight men from the minesweeper boarded the sampans close inshore.

The North Koreans were taken aboard the Ptarmigan and locked in a compartment. The sampans were taken in tow and the ship continued its minesweeping patrol.

The minesweeper is commanded by Lt. Cmdr. H. D. Durham, 105 Avenue J, Brownwood, Tex.

Italian Vote Is Big Test

ROME (AP)—A bigger-than-expected first-day vote turnout gave Italy's Atlantic Pact government bloc a strong chance today to beat both Communists and neo-Fascists for control of Rome and Naples.

These are the major prizes in two-day local elections in 2,400 towns in Central and Southern Italy, Sicily and Sardinia. The voting ends today.

First results were not expected to be known until tonight.

In the poverty-ridden South, it was still expected to be a hard and sometimes losing battle for Premier Alcide de Gasperi's Christian Democrats.

There the government bloc is up against strongholds of landless and unemployed and the rising strength of a new Monarchist and neo-Fascist alliance.

When police and Army guards closed booths last night after the first day's voting, it was estimated that 72 per cent of 12,105,764 registered voters had cast ballots in the third of Italy voting.

In Sicily, where the voting lasted only one day, unofficial final tabulations showed a turnout of 82.99 per cent — 2,072,300 — of the registered voters.

Leaders of De Gasperi's hard-pressed majority Catholic party said they would win the major cities if the voter turnout reached 80 per cent.

It looked as if it would. With the polls open again today for seven hours, more than 71 per cent of Rome's one million voters already had cast ballots.

In Naples, Southern Italy's biggest port and headquarters of the Atlantic Pact's Southern European Command, more than 75 per cent voted the first day.

There were a score of arrests yesterday for alleged voting frauds and one stabbing. Most voting, however, was quiet after one of the bitterest campaigns since the war.

Ridgway Gets Medal From UN Leaders

NEW YORK (AP)—Gen. Matthew B. Ridgway will receive the U.N. Korean Service Medal today before leaving for Europe to take over from Gen. Dwight D. Eisenhower.

Ridgway, former commander of U.N. forces in Korea, will be the first person to receive the medal at the organization's headquarters here. The award is the same one authorized for all U.N. veterans of the Korean fighting.

Ridgway is scheduled to leave La Guardia Field at 4 p.m. (EST) for Paris, where he will take over command of North Atlantic Treaty Organization forces from Eisenhower.

Five From Here Attend 180 Association Meet

Five Snyder businessmen attended the meeting during the week end of the U. S. Highway 180 Association in Hobbs, N. M.

Leon Huff, Jr., Chamber of Commerce manager, said the group voted to hold their next meeting at Snyder in April.

Harry Holbrook of Snyder was elected first vice - president of the organization, while Bill Davis became a director.

Others attending were Huff, C. N. von Roeder, and Jack Nesbitt.

Fast Movement In Next Blast

LAS VEGAS, Nev. (AP) — Army troops will jump from their fox holes and move toward ground zero only a few seconds after the next atomic test blast.

It will be the first time troops have moved in so quickly, the Army said yesterday after the sixth and brightest of the spring detonations at the Atomic Energy Commission's Nevada Proving Ground.

The next explosion, on a date to be announced, will involve 1,500 service troops from Camp Desert Rock near the test site.

Yesterday 1,000 combat troops and 600 military observers moved in "shortly" after the blast to observe its effect on equipment. They were stationed an estimated 7,000 yards away.

The blast was not heard nor did it produce shock waves in Las Vegas, 65 miles away. But its brilliance lit up Las Vegas and dogs yelped 7 minutes after the blast.

Apparently the dogs felt or heard something beyond the research of humans.

A 15-second-long orange fireball, accompanied by a reddish flash, followed the explosion from a 300-foot tower. Between the flaming ball and the ground a dust column rose, followed by the familiar mushroom cloud.

SLIGHT CHANGE

ENID, Okla., May 26 (AP)—A sympathetic public responded when it read last week of the plight of Enid's bean eating firemen.

The boys who answer the city's fire alarms decided to cook at the fire house to reduce food bills. But they discovered, too late, that the only thing anyone knew how to prepare was beans.

So for 10 days, they ate nothing but beans—prepared in a dozen different ways.

Last week, a pay raise and a few choice recipes from the Smith family of Pueblo, Colo., relieved the situation considerably.

Now, they say, they only eat beans every other day.

Borden County Bond Election

An election for the purpose of issuing $150,000 in bonds for completion of the Borden County School District program was called for May 31 in a recent meeting of the school board there, S. P. Stewart, district school superintendent, said today.

Stewart said that a $500,000 bond had been approved last year, adding that the additional $150,000 is to complete the program called for in the original issue. The money is being used to purchase all necessary equipment for an accredited high school.

Polling places will be at the county courthouse in Gail, the Mesquite school, Berry Flat school, Murphy school, Miller school, and Willow Valley school.

Group Gathers To Study Soviet Economy And Problems Plaguing It

HARRIMAN, N. Y., May 26 (AP)—Soviet economy for some time to come will be plagued by bottlenecks and contradictions, a group of scholars of Soviet affairs agreed today.

The scholars gathered here in a meeting, possibly the first of its kind, to plumb the mysteries of the Soviet economy and chart likely future trends. The meeting was sponsored by the Slavic Studies Committee of the Social Research Council and the American Council of Learned Societies.

While the Soviet Union pushes heavy industry at the expense of agriculture, farm production has been suffering to some extent, the meeting was told.

Prof. Chauncey Harris of Chicago reported that, from his reading of the scant material available and sifting of the evidence, it appeared Soviet agriculture was without large suitable areas into which to expand cultivation.

Two Persons Killed In Head-On Car Collision

KERENS, May 26 (AP)—Two persons were killed and seven injured in a head-on collisio on Highway 31 near here early today.

The dead were identified as Mrs. Winnie McGehee, 26, Marietta, Okla., and Charlie Dickson, 33, Roane, Navarro County.

Injured were Rudolph McGehee, 28, Mrs. McGehee's husband; C. H. Lemmons, 35, Meadowbrook, Okla.; Mrs. Edna Wester, Athens; Tykie Wester, 16, daughter of Mrs. Wester; Velma Ree McDonald, 16; her father, Bennie McDonald, Roane, and Joe Willie McDonald, 18.

GALLUP POLL

Favors Tax Deductons For Working Gals' Baby-sitters

By GEORGE GALLUP

PRINCETON, N.J., May 26.—If members of Congress slice their own taxes by taking bigger deductions for business expenses they may face a delegation of working housewives asking similar rights.

The majority of women, and men too, think that mothers who are working should have the right to deduct from their earnings the amount they have to pay for baby-sitters.

Six out of every ten women think that working mothers should also be allowed to deduct for household help, and they're supported in this by the weight of male opinion too.

There has been agitation for some time in favor of giving the working mother a better break tax-wise.

To see how the country feels about this principle the Institute asked its nationwide staff of interviewers to put two questions to a cross - section of the male and female population.

The first question was:

"Do you think mothers who are working should or should not be allowed, in figuring their Federal income tax, to deduct from their earnings the amount they have to pay baby-sitters?"

Here is the vote:

Should	60
Should not	26
No opinion	14
	100

Both sexes favor this idea, the women by a somewhat larger vote than the men.

Here is how men voted: Should 59 per cent, should not 28 per cent, and no opinion 13 per cent.

Women voted as follows: Should 62 per cent, should not 23 per cent and no opinion 15 per cent.

Deduct for Household Help?

The second question in the survey was:

"Do you think working mothers should or should not be allowed to deduct from their earnings the amount they have to pay household help?"

The vote in favor of this was not quite as large as on the first question. It was as follows:

Should	55
Should not	33
No opinion	12
	100

And here is the vote by sex:

MEN: Should 56 per cent, should not 34 per cent and no opinion 10 per cent.

WOMEN: Should 53 per cent, should not 33 per cent and no opinion 10 per cent.

Feminists and others who favor the deductions for the working mother argue that household help is just as much a business expense as many deductions that are allowed to businessmen, particularly if the mother is either the sole or the main means of support for her family.

PERSONALS

Mr. and Mrs. Doc Polk and sons, Eddie Jack and Billy Frank, of Cassville, Mo., are visiting Mr. and Mrs. R. E. Joyce, 3106 Avenue U, Mr. and Mrs. L. T. Stinson, 3011 Avenue U, and other friends and relatives.

Mr. and Mrs. C. L. Trainor and son, Jackie, of Carthage, Tex., are guests in the home of Mr. and Mrs. R. D. White, Sunray Camp.

Mrs. D. M. Jordan, Post Highway, is in Elida, N.M., where she is visiting Mr. Jordan who is there on business.

Mr. and Mrs. M. P. Cain of Gorman, Tex., were guests in the home of Mr. and Mrs. J. D. Jones, 1312 Twenty - third Street, recently.

Miss Faye Huey and Miss Iva Nell Blockman of Abilene were here Friday night to attend the graduation of Don Keller, son of Mr. and Mrs. Carl P. Keller, 2311 Avenue I, from Snyder High School.

Mr. and Mrs. A. C. Bishop and children of Post Arthur are guests in the home of Mr. and Mrs. J. T. Arms and children, 3003 Fortieth Street.

Mr. and Mrs. C. E. Tarter of Lamesa left Friday after spending several days visiting in the home of Mr. and Mrs. J. C. Dyess, 2803 Avenue J.

Joe W. Greenway, 313 Twenty-ninth Street, Kenneth Joe Ivison and C. D. Ivison, 1507 Twenty-second Street, spent the week end in Farrar, Tex., on business.

Mr. and Mrs. Jack McCravey of Corpus Christi left Saturday after visiting for a week in the home of Mr. and Mrs. Loyce D. McCravey, 907 Twenty-seventh Street, and Mr. and Mrs. L. B. McCravey, 3741 Avenue V.

Government Board To Push Wages Higher

WASHINGTON (AP) — The Wage Stabilization Board today called in industry and union leaders to determine whether workers should get special pay raises to compensate them for steadily increasing industrial output.

Chairman Nathan P. Feinsinger said some time ago the WSB probably will issue a general policy allowing such wage boosts.

The idea, being pushed by labor unions, is that workers should be allowed to share financially in improved production methods.

President Truman and his Council of Economic Advisers endorsed the notion in reports earlier this year to Congress.

French Bonds On Sale

PARIS (AP)—French government bonds went on sale just like postage stamps today as Premier Antoine Pinay's 700 billion franc (two billion dollar) loan was launched.

Investors could buy them over the counter in any bank for cash. They were not asked for identity cards, and there were no formalities.

HOSPITAL NOTES

Billy Jack Maupin, 23, of 2612 Avenue R, was admitted to the Snyder Hospital this morning with a leg injury.

Leo Abel, 3-year-old son of Mr. and Mrs. Wayne K. Abel, Clairemont Road, was in good condition today after suffering a rattlesnake bite on his foot Saturday night.

Odessa James, Snyder Negro women, was admitted to the hospital as a medical patient.

Report Potential On Kent County Well

Chapman & McFarlin Producing Co. No. 7-B-A D. M. Cogdell has reported a potential of 52.08 barrels of 37-gravity oil with no water.

The potential test covered a 24-hour period on the pump. The project has been acidized with 5,000 gallons. Pay was topped at 1,485 feet and five and one-half-inch oil string cemented there. Total depth is 1,520 feet.

This project is 467 feet from east and 1,400 feet from north lines of the lease in section 772-97-H&TC in South - Central Kent County.

THE CHRYSLER NEW YORKER NEWPORT

WHAT ARE YOU DOING TOMORROW?

This invitation *could* result in the most important day of your motoring life. *We'd like you to take the wheel and really drive a Chrysler New Yorker car.* Everything good you've heard about this great car is true . . . *and then some.* Its new V-8 engine . . . its power steering . . . its power brakes . . . its astonishing comfort . . . each is an experience you will thrill to, and remember.

So . . . tomorrow . . . or any time that is convenient . . . come discover *real* power steering! Hydraulic power does 4/5 the work as you turn the wheel . . . and also gives you 5 times the usual control on bad roads . . . *with the same wonderful "wheel feel" every mile!*

Drive America's finest engine! Feel for yourself the acceleration, response, reserve power of 180 V-8 horsepower. Learn why owners praise the matchless performance they get . . . without even having to use premium fuel!

Feel what *power brakes* are like! Power from the engine boosts the power of your toe. With up to two-thirds *less* than normal pressure, you will get the surest, easiest stops in your life!

Test the *comfort* that's unequaled! On body-pleasing chair-height seats . . . with sweeping vision all around . . . you take good roads and bad *on shock absorbers with over twice the shock-absorbing power of those on cars you've had before!*

CHRYSLER
THE FINEST CAR AMERICA HAS YET PRODUCED
DRIVE A CHRYSLER Today! Learn the Difference!

POLLARD MOTOR COMPANY
2101 25th STREET SNYDER, TEXAS

FOR THE YOUNG SPLASHER

What is it? That seems to be the question on the minds of two employes of the Snyder Drug as they examine a new air filled swimming pool accessory. The name on the odd creation says "Splasher Junior,' and it is designed so that a child can wear it as a life belt to learn swimming, or to splash about in the water. Other items in the complete summer and vacation stock are shown on the shelves in the background. (Lee Watson photograph.)

Plastic Pools Featured At Snyder Drug

If you have been looking for an easy, yet inexpensive way to give your children something to keep them cool and at the same time give them real enjoyment, plasties have come up with the answer.

A full assortment of plastic lawn wading pools and beach accessories for use in large swimming pools can be found at Snyder Drug.

The plastic wading pools come in sizes ranging from small ones that can be used in a play room to large ones that hold up to 250 gallons of water.

Made simply, the pools come in a neat flat bundle no larger than some women's purses, with a flat piece of plastic forming the bottom and inflatable rings to form the sides of the pool.

Huffing and puffing can inflate the rings, but it is easier with an automobile tire pump, R. E. Patterson, owner of Snyder Drug said.

Other plastic items include lifebelt type "whatzzit" items for use by small tots in large pools, beach balls, bathing caps, and all beach accessories.

But swimmers are not the only ones who can be fully equipped when they leave Snyder Drug. Picnic items of all types including portable iceboxes, thermos bottles and jugs, and many other items of camping equipment are available in the jam-packed store.

Patterson says that the plastic wading pools have been highly praised by mothers of many children who have a yard full of tiny visitors daily.

Even the possibility of having a flat wading pool due to a punctured air ring has been thought about by the maker. A small kit of patches are included with the purchase of each wading pool at Snyder Drug.

Teacher Wins Fight To Continue Teaching

CORNING, N.Y. (AP)—A 64-year-old rural school mistress has won her fight to continue teaching 20 youngsters and plans to join them today on their annual student-teacher picnic.

Miss Ruby Johnson was dismissed last Tuesday for what the school board called physical incompetence. She continued to teach on the school steps.

But Supt. Calvin U. Smith yesterday informed Miss Johnson that the padlock had been removed from the door of the one-room school and that the white-haired teacher would be allowed to finish out the school year.

"I really thought I was licked for a time there, but I wasn't going to give up," Miss Johnson said. "I only have three more years to go for my pension."

Catholics Gather In Barcelona For World Eucharistic Meet

BARCELONA, Spain (AP) — Hundreds of Catholic prelates and half a million pilgrims from almost every country on earth crowded this city for the opening tomorrow of the first World Eucharistic Congress in 14 years.

When the last such congress was held in Budapest in 1938, an uneasy world, then as now, was trying to avoid a war. The central theme of the prayers for this Congress is peace—peace of man with himself; peace in his home and the factory; peace among nations, and peace in the church of Christ.

Every non-Communist country in the world is represented among the host of pilgrims in this second city of Spain. The countries dominated by Soviet communism are represented only by their exiles.

The congress honors the Catholic belief in the holy eucharist, the belief that Jesus Christ is truly present in the bread and wine the sacrament of holy communion. The first such celebration was held at Lille, France, in 1881. This week's gathering is the 34th.

Tremendous preparations have been made for the congress, one of the most spectacular events of the church. The Spanish Government, the city of Barcelona and the Spanish church all have cooperated in the great effort.

Millions of pesetas have been spent for the five-day program. Special open-air altars, richly ornmented, have been erected throughout the city. Surpassing them all is a gigantic altar 146 feet high, topped by a 114-foot cross, in the heart of the city. This will remain as a permanent monument, and its plaza site has been named in honor of Pope Pius XII.

Federico Cardinal Tedeschini, the pontiff's delegate, will inaugurate the congress with the singing of the hymn "Veni Creator."

Thirteen other cardinals, 50 archbishops, more than 200 bishops and 15,000 priests are here to lead the faithful in their prayers for peace.

Francis Cardinal Spellman, Archbishop of New York, heads a pilgrimage of 15,000 Americans, including the Archbishops of Philadelphia, San Francisco, Los Angeles and New Orleans.

The overwhelming majority of the pilgrims are of the Western church, but the Eastern rites too are represented by five Byzantine bishops, three Armenian, two Marinite, one Coptic and one Syrian.

Masses at the main altar will have a choir of 10,000 voices. Massed choral groups from Spain and abroad, totaling 100,000 voices, will be heard at the final pontifical mass.

The Spanish government has associated itself as closely as possible with the congress to underscore its ties with the official Catholic faith. Generalissimo Francisco Franco, his entire government, the full Council of the Kingdom, the entire Parliament and all other state bodies will attend.

Large contingents of the armed forces and 10,000 youths of the Falange Youth Front have camped outside Barcelona in a tent city.

A special throne has been set up for Franco, as chief of state, beside the main altar just opposite an identical one for Cardinal Tedeschini.

Yank Sergeant Gets Induction Notice From Dutch Army

WITH U.S. 45th DIVISION, Korea (AP)—Sgt. Geert Hazenberg of Lynden, Wash., learned today he had been inducted into the Dutch Army and was supposed to report for duty more than two weeks ago.

Hazenberg was drafted into the U.S. Army in 1950. He just received a letter from the mayor of Ulrum, The Netherlands, saying he was to report for duty in Ulrum May 8.

Haeznburg went to the United States from Holland with his family in 1947. He said he took a physical examination before leaving The Netherlands but heard no more from the Dutch government until today.

GOP Split Is Due To Bring Election Mess

WASHINGTON (AP)—Two Democratic senators of widely differing views said today the Taft-Eisenhower presidential nomination battle may split the Republican party and help the Democrats in November.

Sen. Walter George of Georgia told a reporter he sees signs of increasing bitterness between the opposing forces of Gen. Dwight D. Eisenhower and Sen. Robert A. Taft of Ohio which could result in a Republican stay-at-home move in November.

George, counted in the anti-Truman wing of the Democrats, is supporting Sen. Richard B. Russell of Georgia for the party nomination.

George said he still believes the Democrats will patch up their differences over civil rights at the Chicago convention and emerge as a more or less unified party.

Sen. James E. Murray of Montana, a backer of the Truman program, said he also thinks the Republicans are heading for a party split in the choice of their nominee. Murray hasn't decided whom to back for the Democratic nomination.

"The Republicans are going to be in trouble anyway, because they haven't got a program," Murray declared.

Republicans publicly pooh-pooh the idea that they won't be able to heal the scars of the Taft-Eisenhower pre-convention campaign battle after they have chosen their nominee.

But privately some of them say they are getting worried about the lengths to which some of the partisans of the two candidates have gone in describing the opposition candidate.

Riot Leaders Get Solitary

BOISE, Idaho (AP)—Eleven ringleaders in Saturday's riot at Idaho State Penitentiary were locked up in solitary confinement today.

Most of the remaining participants in the four-hour riot were kept in their cells. Some were released to clean up the rubble.

Tear gas was used to break up the revolt after 300 convicts barricaded themselves in the recreation hall and adjoining licence plate factory and began smashing windows, machinery and furniture.

Warden L. E. Clapp estimated damage at $15,000.

Gov. Len Jordan gave Clapp his full approval for the warden's actions in quelling the uprising.

The tear gas barrage was laid down from the prison walls after the prisoners ignored Clapp's orders to return to their cells. He refused to give in to any of the rioters' demands and wiped out the prisoners' grievance committee in addition.

The warden blamed the trouble on a group of "radicals" who, he said, were trying to take over the committee's functions. The riot developed when guards locked up four of the ringleaders.

After the riot, Clapp declared: "They know that we're running the prison; there's no misunderstanding as to who they'll look to for orders."

New Casualty List

WASHINGTON (AP)—The Defense Department today identified 53 more battle casualties in Korea. A new list (No. 572) reported eight killed, 41 wounded, two missing and two injured.

Nearly As Many Are Killed By Drowning As In Car Accidents

(By The Associated Press)

Drownings challenged motor accidents as No. 1 killer in Texas over the weekend as at least 15 persons died violent deaths.

Traffic accidents killed seven persons, drownings took six lives and two persons were killed by gunfire.

Two of the drownings occurred early Saturday when a flash flood of the Bosque River washed a man from a bridge and washed a car into one of its tributaries.

Adrian Ballard, 60, highway construction worker was washed from a bridge, not far from De Leon, his home. Jack Harrell, 19, son of a Dublin undertaker, was drowned when the flood waters caught his car and washed it into a creek.

Meanwhile, the Department of Public Safety at Austin said Texas traffic accidents snuffed out 163 lives during April, two more than for the same month in 1951. Statistican N. K. Woerner of the Department said incomplete reports indicate 723 deaths from traffic resulted in the first four months of 1952 in Texas.

He estimated a 1952 traffic toll at least five per cent higher than last year's.

A Smithville woman, Mrs. B. E. Brush, was killed Saturday night in a two-car crash near Giddings. Four members of her family and the driver of the second car, LeRoy Snyder of Dime Box, were injured slightly.

A Springfield, Ill., woman died Sunday of injuries received in a two-car crash near Colorado City, Tex. She was Mrs. David Hinds, 21. Three other persons were injured, one critically.

Stella Alvila, 2, was fatally injured Friday night when she was run over in the driveway of her home at San Antonio.

John Allen Leach, was found shot to death late Friday about three miles from the farm home of his father near Brownwood. Leach, employe of a Midland securities firm, was visiting his family. A justice of the peace said he would return a suicide verdict.

Quincy Barnes, 62, retired rural mail carrier from Marlin, died Saturday, after his car collided with a truck on the Mart-Marlin highway, 15 miles southeast of Waco.

Paul Carpenter, 12, son of Mr. and Mrs. Edward Carpenter of Silver Lake, west of Mineola, drowned in Saline Creek Saturday. The boy fell from a horse into the flooding stream.

Southeast of Floydada, Teddy Smith, three-year-old son of Mr. and Mrs. Bill Smith of Dougherty, was killed when a pickup truck overturned.

Dead on arrival at a hospital in San Antonio Sunday night was William T. "Ike" Collins. Collins, police said, was shot through the right chest and between the eyes with slugs from a .22 rifle. Police questioned the 59-year-old wife of Collins, 66.

Elba Sheppard, 15, drowned Sunday in the Comal River while swimming near the Clemens Dam site. He was the son of Mr. and Mrs. Don Sheppard of San Antonio. A swift current wedged the youth under tangled roots and branches.

A 13-year-old Dallas boy, Albert Kapavik, drowned while swimming Sunday in a flooded excavation. Eight companions were unable to save him.

A truck-auto crash five miles south of Burkburnett killed Lee Durkee, 25, of Wichita Falls early Sunday. Two persons riding with Durkee were injured, neither seriously.

Benjamin Franklin Roberts, about 45, Lindale, was killed when his car overturned about 11 miles east of Mineola. His wife, Dorothy Roberts, was in a critical condition at a Mineola hospital after the accident.

The body of Donald McCray, 49, a commercial fisherman, was found Sunday 12 miles south of Port Aransas on Mustard Island. McCray had last been seen alive on a sinking skiff Friday. A verdict of death by accidental drowning was returned.

Accuse Man Of Having 4 Wives

MESA, Ariz. (AP)—George Merlin Dutson, excommunicated Mormon accused of having four wives, was freed on $1,500 bail yesterday pending a preliminary hearing on charges of bigamy and illegal cohabitation.

No date for his appearance in court has been set.

The husky, 47-year-old rancher was arrested Saturday. He had been sought since Dec. 31, 1951.

It was on that date that six women, all giving Dutson as their last name, were charged with "open and notorious cohabitation" with Dutson.

Charges against two of the six were later dropped, and the case against the other four was indefinitely postponed pending Dutson's apprehension.

Dutson told reporters his philosophy of marriage and religion is based on the Bible and on the original beliefs of the Church of Jesus Christ of Latter-Day Saints (Mormon).

Politicians Killed In Overturned Truck

CHONOMAS, Mexico (AP)—A truck loaded with political supporters of anti-government presidential candidates overturned yesterday, killing 26 men and injuring 27 others.

The party was en route from Huatusco, on the East Coast, to a campaign meeting in the mountain town of Cordoba.

Truman Expeted To Get Elected Today

JEFFERSON CITY, Mo. (AP)—Missouri Democrats today elect 42 delegates to the national presidential nominating convention with President Truman slated to be one of them.

Leaders indicated the delegation will go to the July convention in Chicago uninstructed.

Missouri will have 34 votes. Twenty-six of the delegates will be elected at district caucuses preceding the opening of today's state convention. They will have a full vote each. Sixteen delegates-at-large, each having half a vote, will be elected at the state convention.

Mr. Truman will be a delegate-at-large. He has indicated he will not arrive at the national convention until after the presidential nominee has been named.

The Missouri convention was expected to adopt a resolution asking Mr. Truman to change his mind and run again.

Sharon Ridge 1700 Well Reported Completed

C. T. McLaughlin No. 9-A Murphy, Sharon Ridge 1700 field project, has been completed for a potential of 49 barrels of oil with 18 per cent water.

The No. 9-A Murphy is 330 feet from east and 992 feet from south lines of the lease in section 114-97-H&TC.

State GOPs To Executive Group Today

MINERAL WELLS, Tex. (AP)—Texas Republicans took their Taft-Eisenhower feud before their State Executive Committee today on the eve of the state convention.

Tomorrow the Republicans name 38 national convention delegates while Democrats, meeting at San Antonio, name 52 delegates to their national gathering.

The faction backing Gen. Dwight D. Eisenhower said they definitely would bolt the state convention if the committee "runs rough-shod" over their claims to contested delegations and the convention upholds the committee.

The camp of Sen. Taft of Ohio retorted with a charge that the Eisenhower supporters were Democrats who switched to vote for the general. Their majorities should not be recognized, the Taftmen claimed.

Eisenhower supporters say they had clear majorities in the 31 counties where contests developed and that in such cases the Ikemen should be seated.

State convention control and naming of Texas' 38 GOP national delegates hinges on settlement of these contests.

Jack Porter, a U.S. Senate candidate in 1948 under the GOP banner and Eisenhower state campaign director, said that "as long as we think we're getting a fair chance, we're going to stay in the convention."

He added, however, that the bolt would follow if the "steamroller" appeared.

At San Antonio, tough talk from leaders of rival conservative and liberal Democratic factions set the pattern for the Democratic convention.

Loyal Democrat chieftain Fagan Dickson said conservative Gov. Allan Shivers plans a double-cross, that he is "a Democrat in Washington and Dixiecrat in Texas."

Shivers snapped that Dickson "must have been smoking marihuana or something."

1-0 Decisions Taken Hard By Some Of Best Major Pitchers

By JOE REICHLER
Associated Press Sports Writer

Art Houtteman of Detroit, Murry Dickson of Pittsburgh and Bob Hooper of Philadelphia are running neck and neck for the hard-luck-of-the-year hasling honors.

At the moment, Houtteman is in the fore. The young Tiger twirler dropped a heart-breaker yesterday, losing a 1-0 decision to Marv Grissom as the Chicago White Sox twice shut out Detroit. Veteran Joe Dobson outpitched Virgil Trucks, 3-0 in the first game of the doubleheader.

Hooper also went down 1-0 as his Athletics were held to a split by Washington. The A's drew first blood, defeating the Senators, 2-1, as Bobby Shantz turned in a six-hitter to become the first American League pitcher to win seven games. Lefty Lou Sleater got Washington even, edging out Hooper in the ninth when Pete Runnels drove in the only run of the game with a single that scored Jim Busby.

Dickson was within one out of registering his first triumph since April 30—and only his second of the year—but a two-out home run by Dee Fondy with a man on base in the ninth inning dashed Murry's hopes. The blow came off Dickson's reliever, Ted Wilks, and gave the Chicago Cubs a 5-4 win over the Pirates.

Cleveland earned a split with the St. Louis Browns, winning the nightcap, 6-2, after Rogers Hornsby's men had taken the opener, 7-5. The split left the front-running Indians still three games ahead of Washington and the Boston Red Sox, now tied for second place.

In the only other action in the majors, the St. Louis Cardinals

Rain washed out the second game of the scheduled twin bill, as it did the New York Yankees at Boston, Brooklyn at Philadelphia and the Boston Braves at New York.

When tougher ball games are lost Houtteman will lose 'em. The only run given up by the 24-year-old Detroiter resulted from a wild pitch. That came in the first inning and scored Al Zarilla, who had tripled with one out. The only Tiger to pass first was Joe Ginsberg, who doubled with two out in the fifth. Grissom, a former Tiger, surrendered only three hits for his first victory.

Houtteman's record is 3-6. Four of his defeats have been by one run.

Dickson was not charged with yesterday's defeat as Fondy's homer came off Ted Wilks, who had relieved Murry in the eighth. Dickson stood to be the winner, however, as he left with a 4-3 lead. Murry, a 20-game winner in 1951, has dropped seven of eight decisions. His losses include two shutouts, two by one-run margins and two by two runs.

Hooper hasn't won a game while losing four. The A's have tallied only two runs for him in those four games.

Stengel Says Cleveland Has Missed Chance

BOSTON (AP)—The Cleveland Indians have blown a chance to run away with the American League pennant in the opinion of New York Yankee Manager Casey Stengel.

The sage of Yankee Stadium was holding court following the postponement of Sunday's game against the Boston Red Sox.

"I was afraid they had me after taking those three in New York a couple of weeks ago," Casey said.

"They were more than five games ahead of us and they were going home. We had to begin winning or else fall so far behind we would have spent half the summer trying to catch up.

"But they didn't grab their opportunity. They won more than they lost, but didn't have a big streak and we did. They allowed Boston and ourselves to get back and we're going to stay."

Since the Indians took three straight from the Yanks at the Stadium, they have won nine out of 15 while the Yanks have taken eight out of 11.

Stengel also was pleased over the deals that have shipped Yankee players and farmhands to St.Louis and Washington during the past two years.

"It looks as though we have made the rest of the league tough," Casey said.

"We helped the Browns and we helped Washington. Both of those teams give you hell now. Cleveland won't be able to push them around as in other years—and thats a break for us. We won't either but that's all right. The tougher the league is, from top to bottom, the harder it is for one team to get off to a long lead."

Stengel is counting on the three-times world champions to take the lead during the Yanks' home stand, a 17-game affair which starts Tuesday night.

Spartan Valor In Test Friday

NEW YORK (AP)—The question of Spartan Valor's greatness will be answered Friday as swanky Belmont Park swings into the final stages of its spring meeting with the 66th running of the $50,000-added Suburban Handicap.

Spartan Valor, from the stable of William G. Helis Jr., is scheduled to carry 132 pounds, highest the 4-year-old son of Attention ever has been given, in the mile and one quarter Suburban.

Since the race was inaugurated at the old Sheepshead Bay track in 1884, only four horses have been able to pack over 130 pounds and bring home the bacon in one of the nation's greatest horse races.

Now it's up to Spartan Valor, winner of his last seven races in a row.

Belmont customers saw one probable 1952 champion last Saturday when Calumet Farm's flashy filly Real Delight skipped away from nine 3-year-old misses and won the $62,200 Coaching Club American Oaks in a common gallop.

Real Delight retired the Coaching Club cup for Calumet, which had taken the race with Twilight Tear in 1944 and Wistful in 1949, and Eddie Arcaro rode his second straight winner in the race often termed the "Kentucky Derby" for the fillies.

Real Delight's victory, a 2-length margin over Mrs. Walter M. Jeffords' Lily White, came after Arcaro sent his mount into the lead midway down the backstretch. The bay daughter of Bull Lea stood all challenges and Eddie even had her ease up the last sixteenth of a mile.

snapped a four-game losing streak, coming from behind to nip the Cincinnati Reds, 7-6.

Pitchers Have Big Day In West Texas-New Mexico Loop Sunday

(By The Associated Press)

Hurlers were serving up pitches with "don't disturb" signs on them yesterday in the West Texas-New Mexico League where batsmen ordinarily are the masters.

As a result, the loop had one of its quietest, best pitching days, topped by a pair of four-hitters and a shutout.

The Albuquerque Dukes made the most of chunky Frank de Carolis' four-hit job to edge Abilene, 2-1, and take over undisputed third place. Meanwhile, the first-place club kept its game and a half margin. Leading Clovis backed Red Dial's nine-hitter with a 6-4 triumph over Pampa.

Ward Gets To 2nd Round Of Scotch Match

PRESTWICK, Scotland, May 26 (AP)—Harvie Ward, Tarboro, N. C., former U. S. intercollegiate champion, gained the second round of the British Amateur Golf championship today with a 4 and 3 victory over Ronnie Nichol of England.

Young Ward was first of the "name" Americans to set out over the tricky 6,531-yard Prestwick Course and he had an easy time with his extremely nervous opponent.

Nichol hit his tee shot out of bounds on three of the first four holes and never caught up with the long driving North Carolinian. Ward would have won by a wider margin except for an unsteady putter which forced him to three-putt the fifth and 14th greens.

Four late withdrawals cut the American entry list to 38. Robert Sweeny, New York, winner of this tournament in 1947, failed to show up for his match with Alex Kyle, British Walker Cup player. Other withdrawals included L. Scannell, Toledo; C. E. Hicks, San Francisco; and R. K. Harrison, an Army sergeant stationed at Frankfurt.

Twenty-six Americans were scheduled to play today, including defending champion Dick Chapman, Pinehurst, N. C. Frank Stranahan, Toledo, two-time winner and one of the prime favorites, drew an opening bye.

Ward was joined in the second round by two other top-flight American contenders, Frenk Strafaci, New York, and Hobart Manley, Savannah, Ga.

Strafaci, one of the leading players of the New York metropolitan area, scored an impressive victory over Henri Lamaze, Paris, many times French champion, 4 and 3.

Cubs Playing Yanks Tonight

First games in the Little Baseball League will get underway at 7 o'clock tonight when Mutt Herod matches his Lions Club Cubs against the Whiteway Grocery Yanks, managed by Skipper Joyce.

Managers of the teams are still doubtful about what positions players will occupy on the teams, but they have named probable battery starters.

Herod's battery will be Jimmy Allen and Roger Henseley, matched against Dick Hayes and John Ward for the Yanks.

A parade of all league players will begin at 5:30 o'clock this afternoon to kick off the league schedule. The boys will march around the square, accompanied by the high school band, then go on to the field on the new high school campus in Towle Place, where the games will be played.

Bernie Parrish and Harley Merritt will probably be starting battery for Ernest Kinney's Holder Indians, who will try their skills against Tommy Mills and Clifford Dorsey for Hardy Scarborough's Quarterback Giants.

Double headers will be played on Monday, Tuesday, and Thursday nights, while only one game is scheduled for each Friday night, leaving room for makeup games.

Hollywood Stuff Is Good For Longhorn League In Pinches

(By The Associated Press)

They have a bent for the dramatic in the Longhorn League when they decide ball games.

A couple of incidents yesterday were Hollywood stuff:

Odessa trailed, 3-6, in the eighth against Vernon with loaded bases. Roberto Fabian promptly homered. But there was more to it. Fabian came up again in the ninth, the score tied 7-7, and he uncorked a double amid the right setting—bases full again. Joe Eastham followed with a homer and Odessa won, 12-7.

Then, at Midland, the Indians' Pitcher Keith Nichols handed five intentional walks to the loop's leading home-run hitter, Joe Bauman, who has 13 to date. Ironically, Beaumont broke a 1-all tie in the eighth on a walk, a single by Rudy Briner and Paul Halter's single.

Artesia went on from that stunt to win, 4-1.

Cage Game Put Off Until Tomorrow Night

A basketball tilt between next year's high school team and those who graduated from school this year will be played in the high school gym at 8 o'clock tomorrow night.

Ernest Kinney, coach, said the game had previously been scheduled for tonight, but it was postponed.

PRE-TRIAL WORKOUT

Bill Bangert, blind shot put Olympic hopeful, makes a toss during a workout on the municipal playground under Queensboro bridge in New York as Jim Fuchs, world record holder in the event, watches. Fuchs also a candidate for the Olympic team.

Laredo Dumps Port Arthur

(By The Associated Press)

Dislodging Laredo from the top of the Gulf Coast League is a major project. Port Arthur did it a week ago but the joy of Seahawk partisans was short lived. It lasted just one night.

And last night, Laredo made its position the most secure in two weeks. The Apaches licked Galveston in both ends of a doubleheader, taking the first game, 1-0, and the nightcap, 3-1. Port Arthur, meanwhile, was getting a 7-6 trimming from Harlingen to fall 2 games back from the league leader.

The first Laredo-Galveston game went 10 innings with Manager Joe King singling in the winning run. In the second game, Marshall Epperson notched his second pitching victory of the season with a seven-hitter.

Dick Anderson singled in the last of the twelfth to bring Harlingen its victory over Port Arthur.

Corpus Christi beat Texas City-4-1, in the first game of a doubleheader on the three-hit pitching of Jesse Gomez. But Texas City came back for a 4-3 win in the afterpiece as Juan Izaguirre hammered a homer in the eighth with one on.

Brownsville and Lake Charles split. Brownsville won the opener, 12-5, with an eight-run fifth frame. In the second game, five Brownsville pitchers tried to stop Lake Charles but couldn't come close to it. The Lakers won, 18-11.

Ada Wins 3rd Straight Game In Sooner State

(By The Associated Press)

Ada won its third straight Sooner State League game last night and regained second place in the standings, displacing Chickasha.

The Herefords clipped Lawton, 5-3, on a three-run rally in the top of the 11th.

Earlier, Sherman's Twins had knocked off the hot Chickasha Chiefs, 6-4. Ironically, it was a first baseman whom the Chiefs released, Joe Samalien, who blasted a three-run homer in the second inning for the Twins to spark their victory.

Shawnee maintained its fourth-place spot, trouncing Ardmore, 12-2. Perry Haddock pitched a four-hitter for the Hawks.

McAlester rose up in the eighth with a three-run rally that clipped league leading Pauls Valley, 7-6. The Rockets took advantage of seven Raider errors.

Fort Worth In 2nd Division

(By The Associated Press)

Fort Worth's Cats plumped into the Texas League second division today, climaxing a decline that has seen them lose 11 of their last 15 games.

But as the Cats skidded, the warhoop of Oklahoma City's Indians was being heard all over. The Redmen, who were not supposed to do much winning this year, now have taken five straight and have gained the decision in 13 of their last 21. The result is that Oklahoma City is not only in the first division but in third place.

Yesterday Oklahoma City swept two games from Tulsa, 3-1 and 3-2, while Fort Worth was taking its third consecutive defeat from Dallas, 1-0.

Beaumont and Houston, first and second place clubs, lost ground by splitting a double-header. The first game went 17 innings before Houston was able to win 9-8. In the second, Beaumont came through, 4-1.

Shreveport and San Antonio also divided, the Sports winning the opener, 8-5 and San Antonio taking the nightcap, 2-1.

Hogan Gets Set For National Open In Dallas

By HAROLD V. RATLIFF

FT. WORTH, Tex. (AP) — Ben Hogan banked $4,000 first money from the $20,000 Colonial National Invitation Golf Tournament today and looked toward defense of his championship in the National Open.

Little Ben's stretch drive in which he shot a virtually perfect round of 3-under-par 67 netted him his third Colonial title in the six years of this tournament yesterday. He wound up with 279 for 72 holes, beating out Lloyd Mangrum of Chicago by four strokes.

Tomorrow Ben goes to Dallas to start practicing on Northwood Club's course, where the National Open will be held June 12-14. The Club's course, where the National Open will be held June 12-14. The Texan, who now lives at Palm Springs, Calif., has played Northwood only twice in the last two years.

The great finish put on by Hogan yesterday, during which he gained 13 strokes on Raymond Gafford of Dallas, who led the tournament through its third round, confirmed that Ben was the man to beat, as usual, in the National Open. He has won the Open three times in four years.

Gafford faltered badly, taking a 10-over-par 80 on the last 18 over Colonial Country Club's 7,035-yard course. The jittery Dallas professional did so badly he wound up in a tie for fourth place. Mangrum was able to shoot a 2-over-par 72 and still finish second with 283. In third place was Tommy Bolt of Durham, N.C., who matched Hogan's 67 and closed out with 285. Doug Ford of Harrison, N.Y., who did a 71, tied with Gafford at 286.

Seven No Good For Tyler Nine

(By The Associated Press)

The lucky number—seven—provided a special hex for Tyler yesterday so the East Texans' margin was an uncomfortable one game over Wichita Falls today in the Big State League.

Waco battled the East Texans down with a 7-6 win, snapping a seven-game losing streak. The Pirates hadn't won a home game since May 6, and in yesterday's decision claimed their second win in 17 games. It was Waco's eighth win.

Wichita Falls moved closer to the lead with the Spudders' sixth triumph in seven games, beating Paris, 10-2. Austin clipped ahead of Texarkana into third place when John Andre became the loop's winningest pitcher, hurling his seventh win as Austin bested Temple, 10-2.

In the other game, Longview outlasted Texarkana, 11-10. John Bruzga blasted a home run and single to pace the winners with four RBI's, Texarkana had less luck on the four-baggers of its Bob McAfee and Billy Wynn.

New York at Boston, postponed, rain

Qualifiers To Try Again At Indianapolis

INDIANAPOLIS (AP)—The resumption of Chet Miller's interrupted assault on the Indianapolis Motor Speedway record was among the attractions today in an unexpected extra qualifying session for the 500-mile Memorial Day auto race.

Two more qualifiers will fill the 33-car field. Then a driver must beat the slowest previous time to make the lineup.

Miller, 49-year old Glendale, Calif., auto upholsterer, cracked the one-lap, 2½-mile record Saturdy with a circuit at 139.6 miles per hour. He was well on his way toward a new 10-mile record when his long white Novi V-8 conked out with a fused piston.

Miller and at least a doezn other cars were ready to run Sunday in the scheduled windup of two qualifying week ends but it rained all day. Another session was scheduled today.

Twenty-four cars qualified Saturday in a parade of ambitious drivers who came to the starting line almost as fast as officials could handle them. The 10-mile record, broken twice the previous Saturday, was cracked again by Bill Vukovich of Fresno, Calif., in a new Kurtis-Kraft owned by Howard Keck Company of Los Angeles.

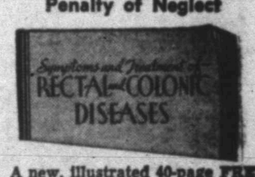

Vukovich, former national AAA midget racing champ, lowered the qualifying average to 138.212 miles per hour and set a one-lap mark of 139.427 that stood only until Miller raced.

If the weather and machinery co-operate, Miller will qualify today for his 16th Memorial Day race. His best finish was third in 1938.

Tony Bettenhausen of Tinley Park, Ill., the 1951 national AAA big car champion, also has unfinished business in today's time trials. He wrecked the famous Belanger' 99 car Saturday on the short south straightway while running about 136 miles an hour. He will try again in the front drive Blue Crown Special in which Mauri Rose twice won the "500."

ASSOCIATED PRESS NEWS IN PICTURES

VARIETY IN GLOVES — Illusion of six-armed model is used to display new Parisian glove styles. From top, gloves are white nylon with sequin-trimmed cuffs; yellow nylon with scalloped lace cuffs; and white doeskin with bowed streamers.

LIGHTS FOR THE CITY OF LIGHT — With Paris spread out beneath them, workmen move around scaffolding to put finishing touches to two new beacons on the Eiffel Tower to guide planes flying near and over the French capital.

THE PERSONAL TOUCH — Ann May, left, and Janet Murray await visitors after hanging their work in the annual open-air art exhibit at London's Victoria Embankment Gardens.

RETURN TO LONDON — Princess Margaret arrives at Buckingham Palace, London, from Windsor Castle. She accompanied her sister, Queen Elizabeth, who will live at the Palace.

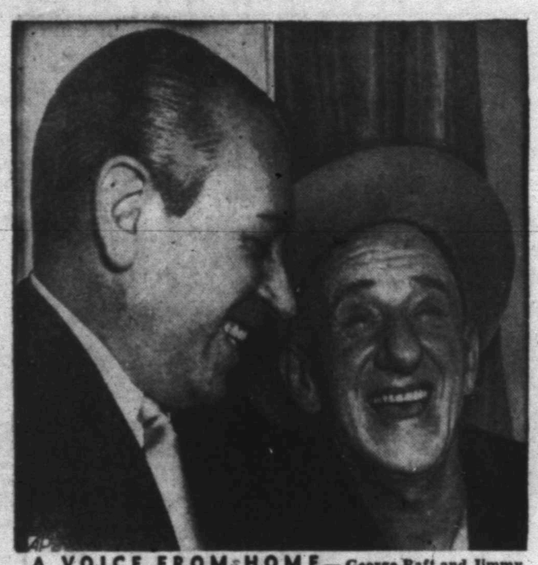

THIS ONE DIDN'T PASS — Goalie Erich Smerkis saves for German-American League All Stars in soccer game with Stuttgart, Germany, Kickers, won by latter, 4 to 3, in New York.

NOMINATED — Albert F. Nufer, 57, career diplomat and specialist in Latin-American affairs, has been nominated by President Truman to be U. S. Ambassador to Argentina.

GETTING SQUARED AWAY — Prince Mikasa, brother of Japanese Emperor, and Shigeko Hojima are interested as Pfc. Nick Nazzareta shows square dance step in Yokohama.

A VOICE FROM HOME — George Raft and Jimmy Durante are all smiles as George visits the comedian's dressing room in the London Palladium Theater where Jimmy is starring.

HELPING HIMSELF —Leslie Gideons, 3, opens mouth to enable his mother, Mrs. Edwin Gideons, Tampa, Fla., to insert new upper plate replacing his extracted baby teeth.

RARE BREED IN U. S. — Rex and Sari, Hungarian Vizsla dogs, pose with litter at Kansas City home of owner, Frank Tallman, who says breed is one of rarest in United States.

AFTER NAUTICAL TALK—Adm. William Fechteler, left, Chief of U. S. Naval Operations, and Adm. Sir Rhoderick McGrigor, First Sea Lord, leave a London conference concerning operations of the British fleet in the Mediterranean.

READY FOR YACHTING'S BEST — Royal Navy Sailing Association's yacht Samuel Pepys sails up Thames in London after fitting-out at Plymouth for Bermuda Yacht races.

MATCHING THE TYPE—William Hawes ponders over what sea shells he will utilize for trimming hand-woven date palm frond hats he makes in his Pacific Palisades, Cal., studio.

RUINED BY WATER'S MIGHT — Water-swollen U. S. Government corn lies spewed out in mud after bursting storage bins at Whiting, Iowa, during the Missouri River flood.

BUSINESS OUTLOOK

Business Trouble Seen In 1953 At Almost Every Level

By J. A. LIVINGSTON

It used to be said that 1949 was the best-advertised recession in American history. But now it looks as if 1953 will win that designation. Everyone — is expecting it. At least, in the East Midwest, and part of the Far West. In the Southwest and Southeast, sentiment is somewhat warmer, but cooling.

Washington — the federal government — is just about the best advertiser of all. The National Production Authority has ended restrictions on the construction of entertainment and recreational facilities. Official reason: "The heeds of defense construction will be substantially reduced during the last half of the year." Controls on rubber and lead have also been relaxed.

The Federal Reserve Board is expected to announce relaxation or suspension of credit controls on housing as a follow-up to the suspension of Regulation W, governing instalment credit. Price Administrator Arnall has suspended ceilings on cotton and textile products — a reflection of the slow demand for nondurable goods.

These actions codify official thought. Defense expenditures have not come up to forecasts. There's plenty of slack in the economy. An increase in the production of homes and consumer durable goods, such as automobiles, would not interfere with deliveries of military equipment.

Most business men are taking these decontrols at cash value. Sure, they're pleased to have the government out of their affairs. However, they're not getting any boom in business as a result. The end of instalment credit restrictions caused only a mild flurry in new car sales and auto production is expected to level off from its recent rise.

Business men are oppressed by costs. It gets harder and harder to offset higher wages or prices by ever-rising volume. Thus, newspapers thoughout the country are debating what to do about the second $10-a-ton boost in newsprint within a year. Can they increase advertising rates?

Newsprint manufacturers are reversing what happened during the depression. Then newspaper publishers, under pressure of declining advertising, bargained newsprint down to $40 a ton. Some manufacturers closed down, others went into other lines. Newsprint capacity fell. Now, in a sellers' market, newsprint companies have pushed the price to $126 a ton, an all-time high, except for a few months in 1920.

The effect is bound to force demand down. Weak newspapers may fold or merge with others, intensifying recent tendencies. And if advertising rates go up, advertisers — because they cannot readily expend their own sales volume — may cut down purchases of space. They may spend the same amount of money, but they'll buy less newsprint with it. Curiously, newsprint stocks on hand are nearly 25 per cent higher than a year ago.

The railroads have finally settled their three-year-old wage dispute with conductors, engineers, and firemen on terms similar to those reached with the trainmen more than a year ago. This won't add to costs. Most railroads have been charging the new pay rates against earnings. Indeed, the higher rates underlay the recent Interstate Commerce Commission award of a 6.8 per cent freight increase (see chart). The settlement ended the 21-month government seizure of the roads.

The geography of business sentiment — of pessimism versus optimism — is simple. In the East and Midwest, the slump in soft goods is not being followed by layoffs in consumer durable goods. Washing machines, dishwashers, refrigerators, stoves, and such other items have not been selling well.

What's more, plant expansion has not been as important, businesswise, as in the Southwest and Southeast, where construction of huge chemical atomic energy, and other facilities has increased purchasing power.

Thus, in the Dallas Federal Reserve district, which takes in booming Houston and San Antonio, department store sales are up 2 per cent so far this year as against last year. In the Atlanta Reserve district, which takes in Augusta, Nashville, and New Orleans, sales are up 1 per cent. The national average is down 5 per cent.

But even in boom areas, doubts about 1953 are increasing. The fear is that when construction ends, employment in the new plants won't take up all the slack. Just as there was fear of inflation, of underproduction, a year ago, now the worry is over-production. We won't need or use all the new plant capacity.

Connecticut In GOP Meeting

HARTFORD, Conn. (AP)—The two day Connecticut State Republican Convention opens here tonight in an atmosphere of strife.

The main business will be to select 22 delegates to the National Convention at Chicago in July and nominate a U.S. Senator. Four issues have split the party into factions.

Two of them are the contest between supporters of Gen. Dwight D. Eisenhower and Sen. Robert A. Taft, and the nomination for U.S. Senate.

The other two issues are the retention or replacement of State Chairman Clarence F. Baldwin and National Committeeman William H. Brennan.

Gov. John Lodge and State Chairman Baldwin are behind Eisenhower and the ousting of Brennan, powerful Fairfield County leader. The candidate to replace Brennan is former Gov. James C. Shannon.

Ten delegates will be named in informal conventions of congressional district delegates to the state convention, the other 12 by the convention itself.

Eisenhower supporters contend that all delegates finally selected will vote for the general.

Disputing this was State Senator Tage Pearson, Connecticut leader of the Taft forces. He has made no claims as to specific numbers.

For the U.S. senatorial nomination, candidates include Prescott Bush, the 1950 nominee who lost to Sen. William Benton (D), William Purtell, Mansfield Sprague, John Mather Lupton and Probate Judge Walton Clark, Jr. Most of the talk has centered on the Bush-Purtell scrap.

Greetings Brought To Tito On His Birthday

BELGRADE, Yugoslavia (AP) — Relay runners bearing symbolic silver torches from his country's seven provinces brought "flaming greetings" to Premier Marshal Tito yesterday on his 60th birthday.

Robust and in high humor, the Communist ruler celebrated at his palace and recounted to a throng of visitors the "major progress" Yugoslavia has made since the war. But he cautioned that Yugoslavia, surrounded by Russian satellites, must remain alert.

American Samoa is about 900 miles south of the Equator and just east of the international date line.

Ira Family Returns Home From Del Rio

The Rev. and Mrs. C. J. Smith and son, Robby, of Ira have returned home after a trip to Del Rio recently. While in Del Rio, Mr. Smith spoke at the First Baptist Church while the pastor was attending the Southern Baptist convention.

They also visited Mrs. Smith's parents, Mr. and Mrs. J.M. Jones.

Shirtwaist Basic

Cool and cool-looking is this useful cap sleeve shirtwaist with uncluttered lines. It's a dewing time-saver in linen, shantung, casual cotton — a boon to the budget as a feed bag fashion!

No. 2975 is cut in sizes 12, 14, 16, 18, 20, 33, 38, 40, 42, 44, 46 and 48. Size 18 takes 4 5-8 yds. 35-in. fabric or 3 100-lb feed bags.

Marianne, 4, and Alice Kay Askins, 7, hold their favorite rabbit among the 84 in the hutches of their parents' home. Alice Kay takes almost complete care of the rabbits. (Staff photograph.)

TALK OF THE TOWN

By SUE HOLMES

Children who have bunnies only at Easter time just don't know what they're missing.

Or so 7-year-old ALICE KAY ASKINS, daughter of Mr. and Mrs. T. E. ASKINS, thinks. For this young lady has 84 rabbits in her back yard and they're mostly under her care.

Mr. Askins takes care of the technical problems and helps keep the rabbits protected from wind and the elements, and Mrs. Askins is raising lettuce to feed the rabbits. Otherwise, Alice Kay does the feeding and caring for.

Before school every morning and in the afternoons Alice heads for the hutches to water and feed her pets. She has all varieties—huge gray rabbits, a white doe with a litter of 12 pup-like babies, tan rabbits and her favorite, a big white one with black spots.

The rabbits, which are sold for frying usually, average three litters per doe a year. A record is kept of the number they produce, number raised and other pertiment facts.

Alice's mother says the demand far exceeds the supply on the rabbit market. At Easter, of course, the demand goes up, since the rabbit along with the chicken is a traditional Easter pet.

Mrs. Askins, who likes farm living, is trying to simulate that sort of life as far as possible for her children.

And Alice, besides knowing how to get along with animals, will be a business woman by the time she's in the sixth grade.

PERSONALS

Mr. and Mrs. J. L. Adkins of Grand Chenier, La., spent the week end with Mrs. Adkins' parents, Mr. and Mrs. J. H. Wansborough, Pan American Production camp.

Mr. and Mrs. Othell Giles and daughters, Elizabeth Jean and Medina Rae, of Griffin, Ind., are visiting in the home of Mr. Giles parents, Mr. and Mrs. George Giles, 2012 Avenue S.

Personal
To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

ASK MILDRED

Send your questions to Mrs. Mildred Sparks, county home demonstration agent, the courthouse, or to the Snyder Daily News.

I would like to know how to can orange juice. Could you give me this information? Mrs. T.E.M.

Wash fruit. Extract juice by reaming. Do not ream to close to the white peel. Heat to simmering. Pour while hot into plain can. Close and process in boiling water bath. For No. 2 and No. 3 cans process 5 minutes. For pints and quarts—7 minutes and for half gallons—12 minutes. Remove from water bath, complete seal if closure is not of sealing type, and cool.

Here is another method to be used when a thermometer is available. Wash fruit. Extract juice from citrus fruit with electric or hand reamer, being careful not to get the oil from the fruit peel in the juice. Screen out seeds and any white membrane which gets into juice. Heat the juice rapidly to 180-190 degrees Fahrenheit. Remove from heat. Fill clean plain tin can full of the hot juice. Seal and invert can for 1 minute to sterilize the lids. Cool immediately in cold water. The rapid cooling of the juice helps retain its natural flavor. Extract and heat only enough juice to fill four to six cans at one time. Temperature of the juice should be 180 degrees Fahrenheit, or above when it is sealed. Hot pint jars may be used for this method. Sterilize self-sealing lid by placing in boiling water. There will likely be a loss of color and flavor in glass jars. I am mailing you one of our new bulletins entitled, "Home Canning."

• • •

Is there anything to do with mint leaves? I set out a cutting and it has spread all over the place. B.

According to a little booklet I have here are directions for freezing mint leaves. Wash bright green young leaves, shake off excess moisture, snip into garnish sizes. Place in small cellophane bags—ample for one use for garnishing. Cover with cold sugar syrup. Seal, freeze.

• • •

How long does rubber Sercement base paint need to set before it is walked on or washed off? Mrs. C. R.

I have heard it should be six weeks. Check this with your paint dealer.

How does one make the flower bed soil more acid. I have many plants that are not doing well because they need a more acid soil. Mrs. W. G. T.

A good general fertilizer for flowers is 5-10-5. In soils with high PH (alkalis) plants often suffer from lack of iron. In some cases iron sulphate may be applied to the soil—on the other hand the use of sulphur in the soil may make the iron more available. I am mailing you farm bulletin B-167, "Fertilizers and their use."

Mr. and Mrs. J. T. McCravey formerly of 1008 Twenty - sixth Street, moved Saturday to Corpus Christi.

Clawsons At Home Here

Miss Ollie Jarnigan of Westbrook became the bride of Dwayne Clawson of Snyder, at 1 p.m. May 10, at the home of the parents of the bride, Mr. and Mrs. Melven Jarnigan.

The bridegroom is the son of Mr. and Mrs. P. E. Clawson, also of Westbrook. Double ring vows were said before Rev. Hugh Magee, pastor of the First Baptist Church of Nolan.

Given in marriage by her father, the bride wore a dress of blue taffeta, ballerina length, with an overskirt of net. Her accessories were white and she carried a white Bible topped with an arrangement of red rosebuds.

Miss LaRue Clawson, sister of the bridegroom, was the bride's attendant. The maid of honor chose a dress of pink taffeta worn with white accessories. J. C. Clawson attended his brother as best man.

Daisies, gladioli and greenery decorated the Jarnigan home for the wedding and were used to form an improvised altar for the vows.

Wedding party and guests were entertained with a reception after the ceremony. Punch was served by Mrs. Robert Botin, aunt of the bride. Mrs. Era Clawson cut and served the wedding cake.

Out-of-town guests were Mr. and Mrs. Dwayne Sparks of Dallas, Mr. and Mrs. Frank Carter and Mrs. E. Skaggs of Corpus Christi.

After a short wedding trip to San Antonio and Corpus Christi, the newlyweds are living in Snyder where Clawson is employed by Burton - Lingo.

Both the bride and groom are graduates of Westbrook High School with the class of 1951.

downright
neighborly

If the oil in your car is 1000 miles old, change to

Esso Extra MOTOR OIL

under your neighborhood Humble sign

Humble Esso Extra is the best motor oil you can buy. It protects the engine of your car against friction, heat, acid, sludge. It is a detergent motor oil with an extra high viscosity index, a *heavy duty* oil that meets every specification for cars with hydraulic valve lifters. For extra protection, fewer repair bills, a better lubricated engine—*change to Esso Extra.*

The Humble dealer in your *neighbor*hood renders a service that's in the Texas tradition of "being neighborly."

You get all the *usual* services: your windshield cleaned, your tires, battery, oil and water checked, your floor-boards swept. But many Humble customers say, you get a lot more, too. You're welcomed with a friendly Texas grin, service is rendered with Texas courtesy, and if there's some special service you want, your Humble dealer does his best to supply it.

You'll enjoy doing business with your neighbor under the Humble sign. Drive in every time your gasoline runs low, whenever it's time to change the oil, to wash and lubricate your car. Remember: you'll receive a hearty Texas welcome under the Humble sign in your *neighbor*hood.

HUMBLE OIL & REFINING CO.

HUMBLE

There's a hearty Texas welcome waiting for you... from your neighbor...under the Humble sign
