Texas Crude Allowable Down Slightly For June

DISCUSSING SNYDER'S GARMENT INDUSTRY — RealSport, Inc., Snyder's garment factory, was the topic as these three visited at the plant Wednesday afternoon. From left are Bert Niver of Fort Worth, head of Western Wear, parent firm of RealSport; C. T. McLaughlin, who had a major role in establishing the RealSport plant here; and Bill Seale, President of the Snyder Chamber of Commerce.

8 Month Climb Ends

By JACK KEEVER

AUSTIN (AP)—The Railroad Commission halted today a string of eight monthly increases in the statewide oil allowable, dropping the production order for June to 34.5 per cent of potential.

The market demand factor began its advance with last October's 28 per cent proration order, rising steadily to 35 per cent this month.

The June allowable means a maximum of 3,241,308 barrels a day may be produced. The average calendar day allowable for this month, as of May 15, was 3,270,498 barrels.

Written nominations by major purchasers of Texas crude oil totaled 2,686,492 barrels a day for June, a decrease of 20,208 barrels daily from May. The Bureau of Mines forecast a demand in June for 2,875,000 barrels a day, an increase of 30,000 barrels daily from this month.

Of the 12 major purchasers who nominated at the April and May proration hearings, none asked for a higher percentage allowable for June. Three companies requested a lower allowable next month.

Commission Chairman Ben Ramsey said, in announcing the June allowable, that although national crude oil stocks have declined since a year ago, Texas stocks have increased by 2.1 million barrels from this time in 1965.

Nominations by major crude oil purchasers, in percentages and barrels per day:

39—Texaco 155,000.

36—Pan American 288,000.

35—Pure Oil 50,000; Sinclair 105,600; and Standard of Texas 41,700.

33.5—Sun 117,893.

33—AtlanticRichfield 81,000.

32.5—Cities Service 72,000 and Gulf 217,900.

32—Shell 175,000, and Mobil 252,300.

31—Continental 30,000 and Phillips 119,441.

Pure Oil nominated this month but did not present a nomination at last month's hearing.

Miss Williams Dies; Rites Set Friday

Miss Maggie Williams, 91, died at 3:45 p.m. Wednesday at Cogdell Memorial Hospital following a long illness.

A native of Etowah County, Ala., Miss Williams was a longtime resident of Borden County where she had served as a public official. She was County and District Clerk of Borden County for 26 years, being elected to that post first in 1916. She also had operated an abstract business at Gail for some 50 years.

Funeral service has been set for 2 p.m. Friday at the First Methodist Church. The Rev. John Gordon, pastor of the First Presbyterian Church, will officiate. He will be assisted by Dr. John English, pastor of the First Methodist Church. Miss Williams was a member of the Presbyterian Church.

Burial will be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Surviving are two sisters, Mrs. Frank Berry and Mrs. J. L. Robinson, both of Snyder. Also living here are two nephews, District Judge Sterling Williams and Joe V. Robinson; and a niece, Mrs. William J. Schiebel.

JR. HIGH BANDS SLATE CONCERT

Junior High School bands will present their spring concert at 7 o'clock tonight in the senior high auditorium.

The "A" bands and 7th grade bands from both Travis and Lamar will appear on the program and the public is invited to attend. Directors of the junior high bands are Jerry Pickens at Travis and Don Eiring at Lamar.

Crews Work Clock 'Round

CAPE KENNEDY, Fla. (AP) — Launch crews are working around the clock to meet a new May 31 launching date for Gemini 9 astronauts Thomas Stafford and Eugene Cernan.

The National Aeronautics and Space Administration says it's the earliest possible date for launching the astronauts on their rendezvous and space walk mission.

"It is based on a very tight work schedule," Dr. George E. Mueller, NASA associate administrator for manned space flight, said Wednesday.

Stafford, an Air Force lieutenant colonel, and Cernan, a Navy lieutenant commander, had their flight postponed Tuesday when an Atlas rocket failed in flight and did not push their Agena target satellite into orbit.

One of the Atlas booster engines swiveled out of control and sent the Atlas-Agena plunging into the Atlantic Ocean 180 miles southeast of its Cape Kennedy launching pad.

TOP STUDENTS — Fred Wiman (third from the left) and Janice Amos were recognized at an awards assembly program Wednesday for being the outstanding citizens of the senior class. Also lauded were Dale Blythe (left), outstanding industrial arts student, and Gary Perser, recipient of the annual AIME slide rule award.

SCHOLARSHIP WINNERS — These Snyder High School students were recognized during an awards assembly program Wednesday for having won science scholarships for summer study. The students, their area of study, and the colleges they will attend, are, from left to right, Johnny Patton, life sciences, Auburn; Tom Lowe, biological research and math, Michigan State University; and Barbara Crowell, psychology, Western Michigan. RealSport Finds Big Demand For Goods

RealSport, Inc., has not completed its shakedown cruise yet, but it is getting there.

That was the official word Wednesday from Bert Niver of Fort Worth, head of the Niver Western Wear Co., RealSport's parent firm.

The market is tremendous, based on the acceptance of RealSport products so far, and Niver foresees even greater demands for the type and quality of merchandise manufactured in the Snyder plant.

The Chamber of Commerce Producers Club (gold coaters) seized upon Niver's visit here Wednesday for another of its tours of local industry. The producers and chamber officers and directors went to the RealSport plant, located at 811 Twenty-fifth Street, at 4 p.m. Later, C. T. McLaughlin, newest member of the Producers Club and who was instrumental in getting RealSport established here, was host to the chamber group and Mr. and Mrs. Niver at an informal dinner at the Snyder Country Club.

Niver said the RealSport plant here started with only four experienced operators. The garment industry calculates that it requires 38 weeks to train an operator for maximum production. Niver noted that RealSport's plant here had not reached its anticipated production level, but neither has it been operating for 38 weeks. He said production was on the upgrade and that the firm hoped to reach 500 pairs of slacks daily in the near future.

As for the market, Niver said four salesmen touring eight states had turned in orders to RealSport for 70,000 pairs of slacks. Work toward filling these orders is running almost two months behind schedule, Niver said. Moreover, he said he believed that the potential market is much larger.

Niver said the garment industry is faced with some uncertainties in the immediate future. The federal government is distributing "rated contracts" (orders that are virtually mandatory) for military uniforms, etc., and this threatens to tighten production in garment factories as well as fabric mills. Some of the major producers of clothing face the prospect of diverting as much as 25 per cent of their production capacity to the federal contracts, Niver said.

This, of course, would jeopardize their regular markets which they are hard pressed to supply already, Niver explained.

On the local scene, Niver said RealSport already has spent $107,000 in Snyder.

Earlier at the plant, Niver and the plant manager, J. W. Taylor, conducted tours during which the producers and chamber officials witnessed each step in the manufacturing process carried out there.

Buddhists Stage Four-Hour Battle

By EDWIN Q. WHITE

SAIGON, South Viet Nam (AP) — Premier Nguyen Cao Ky's troops surrounded rebel headquarters in Da Nang today after more than four hours of heavy shooting around the Buddhist stronghold. The government appeared trying to choke off the dissidents rather than wipe them out in a direct attack.

In an attempt to exploit the turmoil, the Viet Cong's underground Liberation radio threw Communist support behind the rebels and urged all South Vietnamese troops to "rise up" against the government.

Buddhist leaders in Saigon and the northern provinces sent pleas for intervention to end the civil strife to world leaders, but significantly the monks avoided any association with the Viet Cong overtures.

The Buddhists also canceled all rallies today to avoid the impression that they might be in honor of North Vietnamese President Ho Chi Minh's 76th birthday today.

In the war against the Communists, only one major ground action was reported and monsoon rains held U.S. Air Force and Navy planes to 23 missions against North Viet Nam.

The U.S. command announced the loss, apparently to ground fire, of an Air Force C123 cargo plane on a flare-drop mission 36 miles northwest of Qui Nhon. Bodies of two crewmen were found in the wreckage, and the other three were listed as missing.

Hulsey Is Named Head Of TESCO

FORT WORTH—Burl B. Hulsey Jr., executive vice president of Texas Electric Service Company, today was elected president and general manager of the company succeeding Beeman Fisher, who becomes chairman of the board.

Fisher, who has been president and general manager of Texas Electric since 1961, has been with the company since 1938. He also is a director of Texas Utilities Company and of the Texas Atomic Energy Research Foundation.

The new president and general manager of Texas Electric has served as a vice president since 1962 and as a director since 1964. Prior to becoming administrative assistant in the executive department in 1959, he was superintendent of transmission and had wide experience in operations of the company system.

Hulsey, a graduate of Texas A. and M., served five years during World War II in the army and spent 28 months in the South Pacific. He was released from active duty in 1946 with the rank of major. Hulsey is a registered professional engineer and a member of the American Institute of Electronic and Electrical Engineers.

Two new directors of the company, also were elected today. They are W. K. Stripling Jr., of Fort Worth, president of the W. C. Stripling Co., and Charles N. Prothro of Wichita Falls, managing partner of Perkins-Prothro Company, and president and director of Perkins Timberlake Company.

Parking Is Discussed

Parking on the square was the major topic of discussion this morning at a meeting of the city officials and the Downtown Development Committee of the Chamber of Commerce.

The group conferred with J. D. Hinton, local architect who has been employed by the city to make a preliminary survey of a downtown beautification proposal. Several parking arrangements in the area of the square have been discussed from time to time, and the studies now are directed toward efforts to preserve as many parking spaces as possible and at the same time yield some space for beautification work.

Indications were this morning that a plan would be worked out which would forfeit only a few on-street parking spaces on the square itself, with a possible gain of parking on some adjacent streets.

Stalled Cool Front Spawns Turbulence

By The Associated Press

Tornadoes gamboled threateningly through areas north of Austin and dousing rains swatted a spot or two in East Texas during the night.

By early today thunderstorms massed in a line 12 miles wide along the Red River from near Wichita Falls To Texarkana and marched southward. There also were scattered showers elsewhere in North Central and Northeast Texas, in the Panhandle and near the coast in South Texas.

A near cloudburst struck Henderson, loosing 4.36 inches of rain within an hour on that East Texas city of 10,000 people. Water lapped over the doorsills of a few homes before the water drained. Hail and wind up to 50 miles per hour accompanied the storm.

State police reported the sighting of four twisters in Williamson County north of Austin Three prowled on the ground briefly at the Ida Graham farm four miles west of Florence, damaging two barns and whirling a pickup truck 100 feet. A fourth ripped off several roofs as it carved a two-mile path near Green's Corner, four miles south of Florence.

An oil rig collapsed during stormy weather near Rosenberg, west of Houston, and two drilling crew members were killed in the shower of falling metal. They were David H. Waldrop 34, of Pasadena, Tex., and Douglas Kornfuehrer, 25, of Houston.

A stalled cool front was blamed for the turbulence. It was stationary this morning along a line between Lufkin, Austin and Laredo.

Fairly heavy rains fell at several points besides Henderson. Davilla, a Milam County village in East Central Texas, measured 2.10 inches of rain in about an hour. Downtown Houston gauged 1.42 inches.

Wind gusting up to 60 m.p.h. whipped rain and hail through the area around Temple and Belton, shoving the temperature down from 85 to 62 degrees within a few minutes.

Summery temperatures of the past few days disappeared behind the cool front but it was still hot farther south. Top marks for the state Wednesday ranged up to 103 degrees at Presidio and 102 at Del Rio.

Forecasts called for scattered showers in most sections of the state through tonight, with a few continuing in Northeast Texas Friday.

Market Hike Is Enduring

NEW YORK (AP)—The stock market remained higher early this afternoon despite profit taking which pared some of its early gains. Trading was moderately active.

Stocks advanced from the opening as they followed through on Wednesday's recovery, the biggest advance in 11 months.

Even at the outset, however, there were scattered losses among some of the big gainers of the previous session.

Selling pressure built up later in the morning but the market resisted it fairly well even while retreating from its peak.

Ex-Senator Green Dies In Providence

PROVIDENCE, R.I. (AP) — Theodore Francis Green, 98, who retired from the U.S. Senate in 1960, died today at his home. He was the oldest man ever to serve in the Senate.

Green's doctor said his heart failed.

Green was stricken in late 1962 with a series of cerebral strokes.

For four months he was hospitalized and then went into a nursing home. He left the convalescent home three months later, stepping spryly into a car for the drive to his own home.

Green suffered a broken hip in his home three weeks before his 96th birthday, Oct. 2, 1963.

Cougars Tie Longhorns

AUSTIN (AP) — Texas and Houston played to a 4-4 tie Wednesday before the baseball game was halted at the end of seven innings by heavy rainfall.

The game was the first of a best-of-three series to determine the District 6 representative in the College World Series at Omaha, Neb., June 13-18. It will be replayed from the start today.

The second game is slated Friday at Houston, with a third game, if necessary, also at Houston Saturday.

Houston is an at-large entry. Texas gained the NCAA playoff by tying for the Southwest Conference with three other teams and then winning in an unprecedented coin flip.

The Cougars bunched their four runs in the third inning, with three of them coming on a home run by Tom Paciorek, a sophomore first baseman.

Gary Moore of Tulsa, Okla., pitched the full seven innings for the Longhorns. Three Cougar pitchers, Jim Borski, Rick Brewer and Wayne Hill, saw action.

Shipping Tonnage Up At Beaumont

BEAUMONT (AP) — Shipping tonnage at the Port of Beaumont in the first quarter of the year nearly tripled from the same period a year ago.

Tonnage was 804,031 up from 248,301 tons for the 1965 period.

March tonnage totaled 278,007 tons compared to 177,887 tons in March of last year.

A 60-day strike at the port was partly responsible for the low 1965 figures.

Viet War Compounds Dollar Drain

By JOSEPH R. COYNE

WASHINGTON (AP) — The Viet Nam war has virtually ended any chance of halting the drain of American dollars overseas this year.

Secretary of the Treasury Henry H. Fowler indicated this much Wednesday. Although ending the deficit in the U.S. balance of payments in 1966 is still the goal, he said, the administration may have to settle for something less.

"It may well be that we will have to settle for an interim objective of equilibrium exclusive of the costs of Viet Nam," Fowler added.

He made the comments in reporting a disappointing $582-million deficit in the payments position for the first three months of this year.

But he cautioned against projecting this into an annual rate. Quarterly figures although adjusted for seasonal variations are "notoriously unreliable guides to future performance," he said.

Fowler said he could give the dollar and cent estimate of the effects of the war on the net dollar outflow but added that since the buildup began last August "we have been little more than holding our own."

Not only has the war meant a net outflow for direct military aid, the secretary said, it also has adversely affected the historically favorable U.S. trade balance.

Although exports exceeded imports by a $4.4-billion annual rate during the first quarter, he said officials had hoped for an over-all $6-billion surplus this year. The trade surplus last year sank to $4.8 billion from $6.7 billion in 1964.

Fowler said it's impossible to spell out how much more favorable the trade balance would be without the pressures on industrial capacity and demand created partly by the Viet Nam war. But he made clear the adverse effect may well have been greater than the direct costs of the war.

California Records Moderate Earthquake

BERKELEY, Calif. (AP) — A seismograph at the University of California recorded a moderate earthquake today at 12:13 a.m. (PDT), approximately 2,000 miles northwest of Berkeley.

The university said the quake was probably in Alaska and had a magnitude of 5¾ on the Richter Scale.

Travis Girls Present Style Show

The Travis Homemaking girls presented a style show for their mothers and members of the student body in Travis auditorium Wednesday morning. Each girl had made a total of six garments, three at school and three at home experiences.

The chairmen of the style show were Tanya Arnett and Jacque Stewart. Louise Kerby, an eight grade homemaking student, was commentator.

The future Homemakers of America awards were presented to Tanya Arnett and Bonnie McComb. Throughout the school year the girls receive points for work done in FHA, such as: being on programs, sending Christmas cards to Big Spring State Hospital and babysitting at P-TA meetings. At the close of the year, the girls with the most points win the awards.

Candy Stripers Meeting Held Wednesday

The Candy Stripers of Cogdell Memorial Hospital met Wednesday at the hospital dining room with nine members and the sponsor, Mrs. J. D. Hinton, present.

Barbara Ray and Grace Anderson turned in their uniforms. It was decided to have orientation for the new Candy Stripers in the near future.

Any girls interested in becoming members are asked to call Mrs. J. D. Hinton.

Summer Is For The Children

Spring and Summer are for adventure, according to children, and any grown-up worth his salt will see to it that his youngsters have their share of it.

There are so many things to see, things to discover, things to do, and a wise parent will plan a good summer agenda ahead of time to avoid those dull periods when bored children either get into trouble or on their parents' nerves, or both, because "there's nothing to do around here." (How Mothers hate to hear that wail!)

Such planning ahead for play is neither difficult nor expensive.

As the world of nature opens and changes, there are more things to prod, sniff, lift, toss, watch, collect and compare, adventure and learn, than any other season of the year. Spring and summer are a special time of freedom, freedom from scheduled, from clothing, from the group. The freedom and spontaneity of Spring are what makes learning and discovery even more meaningful, more self - willed. And it is will power that is desperately needed for today's learners.

To neglect a youngster in the spring of his life is to invite a slowdown in the years of adolescence.

Spring is the season to organize the playroom or basement and to play play yards. The early years are peak years for physical maturation. Feeling adequate in the active world of childhood requires an ability to control one's body — to run, jump, climb, and keep up with others. Given proper equipment, space and freedom and encouragement, young children will gain mastery of heights, enjoy rocking and swinging motions and handle themselves well — balancing and leaping.

For young children, body movement is essential to the learning process. Their bodies are a means of self-expression. Using physical motions they demonstrate how animals walk, how a plane takes off, what they saw during a day at the farm or at the circus.

Many items of play equipment geared to keep infants and toddlers interested and busy are available to parents. The best are those made of wood which can withstand heat or cold and are treated for outdoor use with Pen a Seal or non-toxic varnishes and lacquers. Safe, simple, and abstract enough to free the imagination of even the youngest child, properly designed playthings give a child security, just the right height ladders, just the right spacing between rungs and just the right rocking motion.

A new plastic framed honey bee hobby hive for the window will entertain and instruct older children as they watch a queen bee and her complement of workers bringing in pollen and making honey. Adults too, will be intrigued.

New, too, are swim boards in splasher and surfer sizes which are buoyant, stable and sugged, a big improvement over the balsa wood, the inflatabies or plastic foam types. Such items as juggling sets and knot tying boards are also guaranteed to keep children happily occupied for hours.

Such provision for imaginative play will guarantee the youngsters a happy, healthy and adventurous Spring and Summer with little or no strain on parental ingenuity.

Butter has the same calorie content as other table fats and spreads.

PRACTICAL — Cotton knits look like dotted swiss in new summer playwear fashions. A bold floral applique adds fashion impact to this easy-care ensemble.

Country Cousins To Dance Saturday

The Country Cousins Square Dance Club will dance Saturday May 21 at 8 p.m. at the rodeo pavilion on West Thirtieth Street.

Darrell Boen will do the calling. Dancers and spectators are cordially invited.

Cooking's better with butter! Butter contributes its superior natural flavor to all foods in which it is used. Butter is the perfect seasoner for cooked vegetables, the ideal spread for hot breads and excellent for flavoring meats, seafood, and poultry.

Cherry Dumplings

1 package (10 ounces) pie crust mix
1 can (1 pound) pitted dark sweet cherries
1 teaspoon sugar mixed with 1 teaspoon grated lemon rind and ¼ teaspoon cinnamon

Make up pie crust mix according to package directions; roll out into a 16 by 8 inch rectangle; cut into 8 four-inch squares. Drain cherries and reserve syrup for sauce. Place 5 to 6 cherries in the center of each square; sprinkle with mixture of sugar, lemon rind and cinnamon. Bring up opposite ends of each pastry square to center and pinch together the edges to seal. Place on ungreased cookie sheet and bake in a hot (425 degrees) oven until tinged golden - brown — 30 to 35 minutes. Serve hot with Cherry Sauce and Hard Sauce.

Cherry Sauce: In a small saucepan, stir together until smooth 4 teaspoons cornstarch and a little of the reserved cherry juice. Add the remaining cherry juice and ½ cup cream sherry. Cook and stir over moderate heat until thickened, clear and boiling.

Astros Move Up With Cub Sweep

By MIKE RATHET
Associated Press Sports Writer

The Cincinnati Reds are beginning to rise to the surface but the big question in the National League is whether the Houston Astros are in over their heads.

Expected to be among the pennant contenders, the slow-starting Reds continued their climb from the tail-end section of the standings Wednesday night, moving to within one victory of the .500 level by beating the New York Mets 4-2. The Reds now have won 10 of their last 12 games.

At the same time, the Astros, expected to be down where the Reds were, reeled of ftheir 14th and 15th victoris in the last 19 games by sweeping a doubleheader from the Chicago Cubs 5-1 and 4-2. Houston has inched to within 2½ games of front-running San Francisco.

The big question is whether the Astros are serious contenders or early season pretenders. So far, however, their bid has to be considered. As a whole, the team is hitting a respectable .245 and the pitching staff has a combined earned run average of 2.78.

And, the Astros have been getting some solid individual performances. Second baseman Joe Morgan is hitting at a .342 clip, outfielder Jim Wynn is among the runs-batted-in leaders with 23 and shortstop Sonny Jackson is the runner-up in stolen bases with 12 to 14 for Maury Wills of Los Angeles.

The Giants, meanwhile, remained at the head of the standings with a .697 percentage to Houston's .625, by downing the third-place Dodgers 6-4, Philadelphia climbed into fourth by edging St. Louis 4-3 and Atlanta whipped Pittsburgh 4-2.

In the American League, Boston nipped Baltimore 2-1 in 10 innings, Washington edged Cleveland 4-3, Minnesota belted the Chicago White Sox 7-1, the New York Yankees clipped Detroit 7-2 and Kansas City swept California 7-1 and 7-4.

Wynn smacked a two-run double and Lee Maye and Rusty Staub hit homers in support of Dave Guisti's seven-hit pitching in the Astros' opening game victory. Catcher John Bateman homered for Houston in the nightcap but the key plays were two errors by the Cubs' Ernie Banks that led to three unearned runs.

Robin Roberts needed relief help from Claude Raymond in the second game but got the victory, No. 284 of his major league career.

Sammy Ellis checked the Mets on four hits while the Reds collected seven hits and nine walks off four New York pitchers. Cincinnati put it out of reach with a three-run fifth built on three walks, a hit batter, Deron Johnson's double and an infield hit by Tommy Helms.

Trailing 3-2, the Giants came up with four runs in the eighth inning with the help of errors by second baseman Jim Lefebvre and outfielder Ron Fairly. Hal Lanier singled in the tying run and when Lefebvre fumbled the relay from the outfield on the hit, Tito Fuentes came around all the way from first and scored the lead run.

Hank Aaron and Woody Woodward produced the Braves' runs, Aaron connecting for his 12th homer, a two-run shot, and Woodward stroking a pair of run-producing doubles. Ken Johnson got the victory, scattering nine hits. Vern Law, just off the disabled list, took the loss — his first in his last 11 decisions.

The 2,000th hit of Dick Groat's major league career helped the Phillies to the winning run against the Cardinals. Tony Taylor led off the seventh inning with a single, moved to third on Groat's single and scored when Jerry Buchek bobbled Bill White's doubleplay grounder. Bob Gibson was the loser and now is 3-5.

SPORTS AWARD — David Holt, all-state Tiger football tackle headed for TCU, won the annual Carl Herod sports award this year. It was announced during assembly in the high school auditorium Wednesday. In making the announcement Herod called David the outstanding football player on the Tiger team during the 1965 season. He best exemplifies the motto in the dressing room, "When the going gets tough, the tough gets going," said Herod.

Sonics Hold Lead As Spurs Triumph

By The Associated Press

A long inning in which 12 men batted for one team and some pitching strategy that backfired highlighted action in the Texas League Wednesday night.

The Amarillo Sonics held their lead although idled by rain at Austin.

Dallas-Fort Worth took a second straight victory over the Albuquerque Dodgers 10-4. The Spurs sent 12 men to the plate in the seventh inning as they scored seven runs.

Arkansas kept pace with Amarillo by beating the El Paso Sun Kings 5-4. John Kindl's double after Floyd Wicker drew an intentional walk was the winning blow for the Travelers.

The Spurs' big inning started when Amado Samuel, at shortstop in a Dallas-Fort Worth uniform for the first time this season, singled to centerfield. Pitcher Lee Meyers and Gene Etter followed with bunt singles to load the bases.

Juan Gomez replaced Jim Strickland on the mound for Albuquerque. Jesse White grounded to shortstop Cleo James, but James couldn't get the ball and glove separated and Samuel streaked home with a run which gave Dallas - Fort Worth a 4-3 lead. Von McDaniel singled through shortstop and the parade of Spur batters followed.

Just before the seven-run outburst, Roy Gleason hit a three-run homer for the Dodgers.

Gals Go Into Quarterfinals

WACO, Tex. (AP)—Quarterfinal round action in the 45th annual Women's Texas Golf Association amateur championship was scheduled today.

The co-medalists, Mrs. Paul Hendrix of Tyler and Mrs. John Rathmell of Houston, each won their rounds Wednesday. Mrs. Hendrix beat Mrs. Allen West of Houston 1 up and Mrs. Rathmell defeated Mrs. Tom Jackson of Waco 8 and 6.

Mrs. Hendrix faced Miss Jackie Evans of San Antonio and Mrs. Rathmell was matched with Miss Jeanie Butler of Dallas.

Other quarter-final matches have Kathy Ahern, defending champion, against Kathy Hutson of Lubbock and Mrs. Ray Booth of San Antonio meeting Mrs. Jesse Williams of Austin.

Has Lean, Hungry Look

LONDON (AP) — Cassius Clay eased off his training today, looking fit, fast and fierce for his world heavyweight title defense against Britain's Henry Cooper Saturday.

Clay put in a flashing final sparring session at his White City Stadium gym Wednesday, jabbing and hooking spar mate Jimmy Ellis from one side of the ring to the other.

The champion circled continuously to the left — away from the left hook that is Cooper's most damaging punch. He went three rounds of sparring, making 73 in all.

The fight is being carried live to the United States via the Early Bird satellite.

An estimated 44,000 people will watch the fight at London's Arsenal soccer Stadium and the fight is also being piped on closed-circuit television to theaters throughout Britain.

Johnson Whipped Clay, Cooper

By AL GOLDBERG

MEDINA, Ohio (AP) — Amos Johnson was the last man to beat Cassius Clay.

He also was the last man to whip Henry Cooper.

But while Clay is to defend his world heavyweight title against Cooper in London Saturday, Johnson is seeking a fight — any professional fight.

Johnson rattles off reasons he feels he should have been given a shot at Clay before Cooper. They range from his 1959 amateur victory over Clay, to his pasting of Cooper in London last year, to a promise he claims Clay made "to fight me the minute I get in the top ten."

The 27-year-old Johnson currently is seventh in the World Boxing Association heavyweight rankings and is ranked fifth by Ring Magazine. But no fight.

The Medina boxer, who has won 21 of 23 professional bouts, stopped Clay's 86-fight winning streak by beating him in the 1959 Pan-American Games trials.

Johnson won the trials and the Games title but turned professional before the 1960 Olympic trials. Clay won the Olympic light heavyweight championship that year in Rome. Johnson toured small boxing clubs, winning five straight, four by knockouts.

After getting only $42 for a 10-rounder, Johnson decided to go back into the service. Clay, meanwhile, headed for the heavyweight title.

Sinee he got out of uniform in 1963, big money and prestige fights have eluded Johnson. Discouraged, he went abroad last year. He earned a draw with European champion Karl Mildenberger in Germany, then took the unanimous 10-round decision from Cooper on Nov. 19, dropping him twice.

He thought that would get him a big fight, but he has fought only twice since — both second-round knockout victories over Indian Ray Staples of Philadelphia.

Colonial Has Doug Sanders

FORT WORTH, Tex. (AP) — Favorite Doug Sanders led a field of golfing stars into the opening round of the $110,000 Colonial National Invitation Tournament today.

Eight former Colonial champions, the winners of 13 of the 18 tournaments played this year and 13 of the top 15 money-winners on the tour were among those teeing off.

However, Arnold Palmer and Jack Nicklaus, two of golf's biggest names, were not competing. Palmer has an ailing back, while Nicklaus decided to pass up the Colonial.

Sanders, who has won three tourneys this year and pocketed $54,550, loomed as the player to beat. The dapper Californian shot a four-over-par 71 in a pro-amateur tune-up round Wednesday.

Bob Goalby, Kel Nagle, Jim Ferree and Don Massengale all broke par in the pro-am. Goalby fired a three-under-par 67 over the 7,123-yard Colonial Country Club Course.

Nagle, Ferree and Massengale had 69s. Four others, including the 1964 Colonial champion, Billy Casper, equalled par.

Abner Doubleday is credited with laying out the first true baseball diamond in 1839.

Twins Rock ChiSox, Lock Saves Solons

By HAL BOCK
Associated apress Sports Writer

Don Mincher didn't have much time and Harmon Killebrew didn't waste any.

But for fast work, how about Washington's Don Lock, who didn't have a moment to spare in making a game-saving catch for the Senators?

Mincher and Killebrew provided the thunder and lightning with long home runs Wednesday night as the Minnesota Twins rocked Chicago 7-1.

Lock, playing center field, raced to the 408-foot sign in Cleveland's Municipal Stadium, leaped and speared pinch hitter Duke Sims' bid for a home run, preserving Washington's 4-3 victory over the Indians.

Mincher was on the Twins' bench until the fifth inning when he replaced Rich Rollins, who left the game because of an upset stomach. But he made the most of his abbreviated stint, pushing across four runs in two appearances.

In the fifth, Mincher came up with the bases loaded and drew a run-producing walk. Two innings later, he poled a 375-foot homer with Cesar Tovar and Killebrew on base.

Killebrew, off to his slowest home run pace in six seasons, hit his second of the season and 299th of his career in the first inning, giving Jim (Mudcat) Grant a quick lead.

Washington's Pete Richert took a four-hit shutout into the ninth, but then was tagged by Rocky Colavito's pinch three-run homer. That brought Casey Cox on in relief and Sims up to swing for Joe Azcue.

Sims smashed Cox' pitch to deepest center but Lock, off with the swing, leaped and caught the ball, robbing Sims of a homer and ending the game.

In other action Wednesday night, Kansas City swept a doubleheader from California 7-1 and 7-4, New York ripped Detroit 7-2 and Boston nipped Baltimore 2-1 in 10 innings.

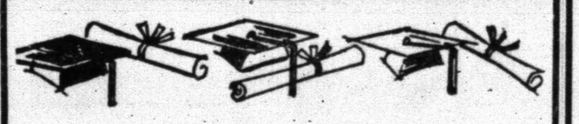

In the National League, Cincinnati tripped New York 4-2, Houston swept a doubleheader from Chicago 5-1 and 4-2, Philadelphia nipped St. Louis 4-3, Atlanta whipped Pittsburgh 4-2 and San Francisco defeated Los Angeles 6-4.

Mike Hershberger drove in three runs and scored two as Kansas City completed its sweep of the Angels. Jim (Catfish) Hunter pitched a four-hitter, striking out 10, and Ed Charles and Dick Green had three hits apiece in the first game.

Mel Stottlemyre pitched a five-hitter and Roy White and Tom Tresh homered as the Yankees ripped the Tigers. It was New York's seventh victory in 10 games since Ralph Houk took over as manager.

Earl Wilson won his own game with a leadoff homer in the 10th inning that broke a 1-1 tie against Baltimore. Wilson, the Red Sox' veteran right-hander, limited the Orioles to seven hits in gaining his third victory in five decisions.

Rusk Is Convenient Target For Foreign Policy Critics

By JAMES MARLOW

WASHINGTON (AP) — The way the two secretaries of state handled their job was completely different but both got clobbered: the colorful actor, John Foster Dulles, and the quiet technician, Dean Rusk.

Criticism just took longer catching up with Rusk. If the Vietnamese war ends in American disaster, Rusk may wind up being the punching bag, a typical fate for someone when a nation feels frustrated.

Dulles was foreign policy during most of President Dwight D. Eisenhower's two terms. He was flamboyant, used exaggerated language to make a point, was go-go-go, and until his death in 1959 talked with full authority.

Eisenhower liked it that way. There was a big switch under President John F. Kennedy who made it clear from the start he was foreign policy and would shape it and state it. Rusk was his adviser and foreign policy technician.

This seemed to suit the reticent Rusk. While Dulles had been lambasted endlessly for statements he made, there was hardly an unkind word for Rusk in Kennedy's time. He preferred being an echo, not a spokesman.

The result: he seldom said anything new, leaving that to Kennedy. And when he did talk in speeches or at news conferences his words were big bunches of generalities that actually put some people to sleep.

It might have been like that to this day for Rusk, a tireless and dedicated worker behind the scenes but publicly colorless, if there hadn't been a change in presidents and circumstances.

President Johnson, expressing the highest confidence in Rusk, has used him far more than Kennedy did to state the administration's positions, policies and dilemmas. But the smoldering Vietnamese war burst into flames under Johnson.

As the war goes on — grim, often stumbling, repeatedly chaotic, with criticism here at home increasing — the public gets more puzzled, a problem Johnson might have tried to straighten out in a very simple way.

He could have gone on nationwide television to give the people a full-length explanation and at the same time answer the critics. Instead, he has simply mentioned the war in a number of unconnected speeches.

They gave neither a full nor a coherent picture and the President has relied much on Rusk to do the explaining for him, particularly in testimony before congressional committees.

But Rusk's efforts were forever getting scrambled by congressional questions and rebuttals. So to this day the administration has not given the kind of coherent explanation which might be a useful public service.

While Rusk is saying more than he did under Kennedy, he still gives the picture of being a foreign policy technician and adviser, which means, despite his dedication, he has not been a forceful figure.

Nevertheless, Rusk is being criticized a bit at a time as the Vietnamese war gets more confusing, although no one outside the Johnson administration can say very well how much of Rusk's advice Johnson has accepted.

But if the American effort in Viet Nam collapses because of the internal chaos there, the search for scapegoats will begin here. Johnson will get blamed, of course, but he's been elected to a four-year term.

But his advisers will get blamed, too. And since Rusk is in the role of the No. 1 adviser, he may get more than his share and wind up the No. 1 casualty, although he seems to have made few if any personal enemies.

Boyle Asks Tribute To Middle-Aged

By HAL BOYLE

NEW YORK (AP) — A "Great Society" should recognize its real heroes.

Since this is so, isn't it about time that President Johnson and the Congress formulated a program to pay tribute to "the overlooked generation"—America's middle-aged population?

There are unsung millions of people in this age bracket—between 40 and 65—who are literally starved for a kind word and a friendly pat on the back.

They are the most taken-for-granted generation in all history — and the least rewarded.

Yet they are the hinge generation of America. It all depends on them. If every middle-aged man and woman went on strike and refused to do his duty for a single week, the conduct of civilization would cease.

Factories and business offices would shut down, railroads grind to a halt, schools close, department stores and restaurant shutter their doors, theaters ring down their curtains.

The middle-aged not only do most of the nation's work, but also are chief keepers of the nation's pocketbook. When they don't spend, the economy is punctured.

Yet the middle-aged person is the patsy of the times. Everybody else depends on him, but he gets less credit than anybody.

You can win a medal on a battlefield in five minutes. But no medals are awarded for our most numerous heroes—those who quietly and unspectacularly fight the long 25-year daily grind that stretches between their 40th birthday and final victory—retirement.

Why not a national day honoring them? Why not give medals to the middle-aged? Certainly today any man or woman who admits being over 40 deserves a medal—for courage, if not for valor.

Everybody loves a parade, who why not vast parades once a year— perhaps it could be held on April Fools' Day—at the end of which all the new 40-year-olds would get a brass or leather medal, pinned on by the mayor?

At 45, 50, 55 and 60, each middle-ager would be given an Oak Leaf Cluster, provided he still were employed and not a tax delinquent.

Then, at 65, the President and the Congress could issue him a brass sun dial—a gold watch might be overdoing it—and a parchment scroll reading:

"A grateful nation salutes you, John Doe, for a good job well done. You have served your country faithfully and well by raising a family, buying a home, staying out of jail, retraining from beating your wife in public, and contributing to the mortal welfare of the U.S. Treasury."

Nine-Year-Old Is Expert Bike Thief

BEAUMONT (AP)—A 9-year-old boy has led Beaumont police a dog's life recently.

Recently he eluded a hefty 260-pound policeman after abandoning a stolen bicycle.

Monday he was arrested while riding a stolen bike. He admitted the theft of 13 others. He was released to juvenile authorities.

The next day he was arrested riding stolen bike No. 15.

Junior Editors Quiz on SPIDER'S WEB

QUESTION: How does a spider spin and build its web?

ANSWER: A group of little organs, the spinnerets, lie under the spider's abdomen. These connect with silk glands inside the body. To spin its web, the spider presses the spinnerets down on some object and squeezes out silk in liquid form. This hardens in the air, forming a delicate thread which can be either dry or sticky. Spiders can spin a number of fine threads in this way or combine them into a stronger one. Webs are made in a number of ways. We illustrate that of the orb spider. This spider perches in some likely spot and presses one of its legs to the spinnerets, drawing out a long stocky single thread (a). Air currents blow this around until the sticky end attaches itself to something else. Then the spider fastens its end, passes over the line with more thread to strengthen it and then does to the middle where it fastens the thread, drops down and fastens another. It keeps coming back to the center carrying new dry cables (2) until there is a strong foundation. Then the spider starts from the center and begins to carry spirals of sticky thread around. It attaches a long cable to the center and waits (3). When the cable vibrates, the web—or trap—is working.

FOR YOU TO DO: Guess the meaning of the little picture at lower right. Is the spider trying to catch insects in the air? No, this is a spiderling, or tiny newly-hatched spider. It climbs up somewhere, spins a single thread and lets go. The thread carries it like a balloon to some new place where it can start spinning on its own. 5-19

REHEARSE SCENE — Miss Carolyn Glenn (center), speech teacher at Travis Junior High School, coaches David McGinnis (left) and Leslie Loyd in a scene from, "A Case For Two Detectives." The 1-act play will be presented in the school auditorium at 8:30 o'clock Friday morning along with a pantomine, "The Lighthouse Keeper's Daughter."

MAKES ACCUSATION — Ben Gafford, portraying a detective in a One Act Play, "A Case for Two Detectives," to be presented at 8:30 a.m. Friday in the Travis Junior High School auditorium, accuses Debra Stokes, playing the part of Mrs. Barton, of murder. The public is invited to attend the Play.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My daughter goes to school with a girl who goes around telling all the boys if they want anything (material) she can get it for them. She brags that she has $3,000 worth of clothes, jewelry and things she has shop-lifted from stores.

She is a pretty girl and comes from a very nice family. Her parents can buy her anything she wants. She is a junior in high school, Abby. Should I tell her mother? I'm afraid she might hurt her parents, or herself if this continues. No name, please.

WINSLOW, MAINE

DEAR WINSLOW: The child could be sick. Of course you should tell her mother. If it were YOUR daughter, wouldn't you appreciate the information?

* * *

DEAR ABBY: When Gus came home from a convention trip, I thought he acted kind of funny. It was two weeks before I found out why. It seems a bunch of the guys went out one night and got tattooed. Well, Gus had a pair of red lips tattooed on his seat. (He said he asked for a rose, but the artist gave him the lips.)

Gus says he is sorry, and he wears a large bandaid over it so it won't make me mad everytime I see it. Is there any way to get that tattoo off his behind?

GUS'S WIFE.

DEAR WIFE: Yes. Gus can have a dermatologist (skin specialist) inject a milky-colored liquid into the design to "erase" the tattoo. Gus has probably been needled enough already, but suggest it anyway.

* * *

DEAR ABBY: My husband seems to think I'm a magician. He wants this house spic and span, but if I'm dead tired at night he tells me not to work so hard. He's a great one for inviting crowds of people home for drinks and supper, but when the grocery and liquor bills come he says I am trying to send him to the poorhouse.

He nagged me for years to become "active" in community projects, but if he calls the house and I'm not home he raises the roof. If we've had a late evening he tells me not to get up early, but he growls like a bear if he has to make his own breakfast. How can I tell him in plain language that I am no magician?

NO MAGICIAN.

DEAR NO: He knows it. If you were, you'd have made him disappear a long time ago.

* * *

DEAR ABBY: Please tell that young lady whose baby was a few days overdue with her husband gone nine months and three days that she need not be concerned. The courts of most of our states, and most countries of the world recognize the legal gestration period as 11 months for humans.

It is a medical fact that a child can be carried that long. My sister-in-law carried a baby a full 10½ months, and she had been married five years at the time.

MRS. O.G.S.,
GULFPORT, MISS.

FUTURE HOMEMAKERS — These Snyder High students were singled out for special honors for their proficiency in Homemaking. From the left, they are Rose Hartley, Sheryl Rutledge, June Westfall, Elise Melchor, Connie Ellington and Linda Durham.

OUTSTANDING JOURNALISTS — Outstanding journalism students at Snyder High School were selected by their fellow classmates. Honored as such at the annual awards assembly program Wednesday were, from left to right, Lora Pinkerton, Empress McFarland, Vicki Dean and Carolyn Hardegree.

BEST BANDSMEN — The band parents club presented awards to four students at an awards assembly program in the high school auditorium Wednesday. H. F. Clark, who presented the awards on behalf of the club, called the Tiger band "the best in the nation." Winning awards were, from left to right, Triesta Angel, Joyce Greenway, Patricia Land and Mollie Walker.

LATIN SCHOLARS—Honor Latin students with grade point averages over 94 are, from left to right, Johnny Patton (first year) and Jimmy Way (second year).

ARION AWARD WINNERS — Beth McCloskey and Gary Perser received the Arion awards at the SHS assembly Wednesday. These awards go to outstanding music students each year. Miss McCloskey won the award for the choir and Perser won the award for the band.

Taxmen Eye Viet Nam Profiteers

By FRED S. HOFFMAN

WASHINGTON (AP) — The Defense Department and the Treasury Department are teaming up to go after American civilians who have returned from Viet Nam with small fortunes made through money manipulation in Viet Nam, officials said today.

"These people will be pursued," one defense official told a reporter.

He said 28 Americans, most of them past and present employes of U.S. contractors in Viet Nam, have been under investigation since returning to this country. Their files have been forwarded to the Treasury for tax scrutiny, he said.

The Pentagon and the Treasury have begun working closely on means to choke off money profiteering and black marketeering in Viet Nam. A Treasury agent will go to Saigon to survey the situation and an official said the agency may eventually station people there.

Over-all, it was learned, 70 U.S. civilians have been the subject of probes. One American netted about $42,000 by money speculation, officials said, and several pocketed profits in the $16,000-$18,000 range.

Officials also said 41 U.S. servicemen in South Viet Nam have been court-martialed or given lesser punishment in the crackdown on black marketeering and currency manipulation.

Offenders in money speculation were said to have been chiefly U.S. civilians. Servicemen were involved for the most part in selling post exchange goods on the black market.

Asst. Secretary of Defense Thomas D. Morris and Frank Bartimo, a senior Pentagon lawyer, flew back to Washington last weekend after an on-the-spot check on the situation.

Officials familiar with their findings said firm actions by Gen. William C. Westmoreland, U.S. commander in Viet Nam, has cut down the problem.

Mothers Take Action To Prevent Speeding

LEXINGTON, Ky. (AP) — Mothers on Juniper Drive believe in direct action to protest speeding in front of their homes.

About a dozen of them with many of their children parked themselves on lawn chairs and bicycles in the street so there was no traffic at all.

The human barricade ended after about 15 minutes when police were called.

Police have promised daily motorcycle patrols.

Idaho Hosts World Scout Jamboree

DALLAS (AP)— About 12,000 Boy Scouts from 80 nations will join 5,000 American Boy Scouts in 1967 at Farragut State Park, Idaho, for the first World Scout Jamboree in the United States, a top scouting official said here Wednesday.

Robert L. Billington, coordinator of the 12th world jamboree, said it will take place Aug. 1-9, 1967.

He was in Dallas for the 56th annual meeting of the National Council of the Boy Scouts of America.

Presbyterians Vote Limit On Controls

HOUSTON (AP)—Texas Presbyterians have approved a recommendation to limit the church's legal control over Austin College, a four-year liberal arts school in Sherman.

The proposal was adopted Wednesday by delegates to the meeting of the Presbyterian U.S. Synod of Texas.

The some 600 ministers and laymen representing 425 churches also approved a statement urging the church to take a "positive, constructive" attitude toward sex.

The action on Austin College means the school will be turned over to an independent board of trustees with built-in measures to strengthen the church college liaison.

Dr. John D. Moseley, president of the college, said the proposal was made mainly for financial reasons.

The committee on Christian relations presented the statement on sexual morality which urged the church to 'be relevant to man's need for a positive and constructive attitude regarding sex that is consistant with his faith in God and his love for his fellow man."

The committee's statement said it is "irresponsible and untrue to biblical witness" for the church to remain silent in the midst of the "sexual revolution."

At the opening session Tuesday delegates elected Dr. R. Gage Lloyd of Big Spring as the moderator for the 1966-67 term. He succeeded Dr. William M. Logan, pastor of University Presbyterian Church, Austin.

Clean-Up Drive May Clean Out Treasury

CALAIS, Maine (AP) — The local Lions Club has launched a cleanup campaign that may well clean out its treasury.

President Leonard Scott said that as part of a beautification campaign, the club offered to pay one cent for each beer can collected along municipal highways by Friday.

But he said Wednesday some 9,500 cans already have been collected—and club members feared that the total may climb astronomically by the end of the week.

Next to domestic fowl, starlings and house sparrows represent the largest population segment of the world's 100 billion birds.

Washington might have had its own "leaning tower" if a proposed deep terracing of grounds around the Washington Monument had been carried out in 1901, the National Geographic says. Test borings later proved that removal of the spongy sand and clay would have undermined the shaft's foundation.

Freighter Abandoned In North Atlantic

NEW YORK (AP)—The captain and 26 crewmen abandoned the Greek freighter Aurora Wednesday night in the North Atlantic. They were picked up by the British freighters Scilla and Overseas Courier.

A Coast Guard spokesman said the freighter, which was en route from Hamburg, Germany to Montreal, without cargo, was in imminent danger of sinking with a damaged hull and 22 feet of water in two holds.

The vessel was last reported afloat 480 miles east of Cape Race, Newfoundland.

STRICTLY 'NEW-HAT' EVERY DAY!

There's nothing brighter, fresher, newsier and more welcome than your daily paper. It keeps you current on world affairs, stimulates your mind, tickles your sense of humor, puts facts at your fingertips.

It's short-lived — but it grows old gracefully. Today's paper won't be dead tomorrow or even the day after that. So much that's in it is timeless as well as timely. Things like expert financial and medical advice, recipes, do-it-yourself hints, special features and stories, pictures — these are just a few of the ageless extras your daily paper gives you.

In this era of mass communications, your newspaper stands out as a tangible document. It's yours to read, put down, pick up and read again, clip and save.
