The Second Annual Bluegrass Festival will be held at Ruddick Park this weekend beginning Friday May 24 and continuing through Sunday, May 26.

The event is expected to attract at least 3,000 visitors to Colorado City over the Memorial Day holiday.

The music begins at 6 p.m. Friday and starts up again at 10 a.m. Saturday and Sunday. A three-day pass to the entire festival is available at the Chamber of Commerce for \$13. The pass will be sold at the gate for \$15.

Tickets for individual days are: \$5 for Friday or Sunday and \$8 for the full day event on Saturday.

Local residents will have an opportunity to hear bluegrass music without charge Sunday afternoon. The festival program officially ends at 2 p.m. and tickets will not be sold after that time but the music will continue until around 5 p.m. to give everyone an opportunity to hear the music, said Windi Fuller, executive director of the chamber of commerce.

The three day festival will feature guest bands as well as scheduled bands. Most of the bands that appeared at last year's festival are returning this year: Star Canyon, Pecos Valley, Yellow House Canyon, Big Sandy, Silver Grass and Ramblin Rascals.

Once again, Roy Thackerson, the Fingerless Fiddler, will be one of the main features on the program. He has appeared on the Grand Ole Opry several times as well as national television shows, such as "That's Incredible".

Thackerson lost the fingers of his left hand and the sight in his left eye after a dynamite cap explosion when he was six years old.

Despite his handicap he learned to play the guitar and fiddle, using a special gadget he calls a "gut strap".

He frequently performs at fiddlers' contests around the country and has been a judge for some of the most well known, such as the Grand Ole Opry's National Masters Fiddling Contest in Nashville.

Another performer who has a large following is nine-year-old Aaron Mingus. Mingus normally plays with the String Fever band who performed at the first bluegrass festival. The band will not be attending this year because of

LOCAL COTTON PRODUCER Lois Briley (right), who farms south of Westbrook, is one of the few farmers with enough moisture to plant this year's cotton crop. Briley received a two inch rain three weeks ago. Assisting Briley is Ruffino Martinez.

Farmers waiting on the big rain

The uniform planting day of May 14 has come and gone and only a small handful of local producers have enough moisture to plant this year's cotton crop.

Portions of Mitchell County have received some rain, particularly the area south of Westbrook. Three weeks ago, several farm-

ers in that area received around two inches of rain and are now able to plant. In fact, Russell Erwin has some cotton already up.

However, that is not the case countywide. Most producers are waiting for that good rain. There is still plenty of time to plant, but a lot of farmers are starting to get

nervous.

It is estimated that only about 2,000 acres of the estimated 50,000 cotton acres have been planted so far. A few producers with irrigation have also planted, but for the most part it's still "wait for a rain" time in Mitchell County.

New hospital plan discussed by board

Three of the seven Mitchell County Hospital District board members said Thursday during a called meeting that they supported building a new hospital, while the other four expressed no personal opinions but voiced questions and concerns about all three options to improving the hospital's facility problems.

The board also discussed public reaction to the proposals. All board members were present: Fred Thompson, Tom Carlock,

Kenneth Rogers, Kent Boyd, Virgil Stone, Kent Womack and Dale Geiger.

Also present were Wendell Alford, hospital administrator, five members of the hospital's medical staff, one from the nursing staff, and one citizen—all of whom shared their perspectives.

Board President Fred Thompson opened the meeting for discussion. Thompson said the board needed to look at the square footage of the designs rather than the

draft sketches of plans.

"The designs can be changed around any way we want them to be, whether we're rebuilding or renovating," said Thompson.

Thompson: "I'd like to get your opinions and thoughts on where we need to go from here, what your thinking is, and formulate any questions you have for Mr. Cox."

During April's regular meeting, Bob Cox of Cox Designs presented the board with a draft of

designs with three options—renovation, a combination of renovation and new construction, and building a new hospital. Cox will attend a future meeting to answer questions, said Thompson and asked the hospital administrator's secretary to record questions raised during the meeting to present to the architect.

Board Member Kent Womack said citizens had asked him about how the Valley Fair Lodge Nursing Home fits into the proposed

plans.

Womack: "I personally have concerns why we're not including the Lodge in our long range planning."

"My concern is, do we need renovations on the Lodge and if not, what are we going to do with the Lodge if a new hospital is built, if that's the consensus of the public."

"It's part of the hospital complex and I think it should be added."

Memorial Day - 1996

On Memorial Day...
...our thoughts turn to those brave people of our armed forces who died while serving their country. In times of peace and times of war, these courageous men and women stood ready to defend the very freedom that we so cherish. On Memorial Day, we pay tribute to them all. Their deeds will never be forgotten...they did not die in vain. For a list of the servicemen from Mitchell County who died defending our country, see page 17.

THIS 'n THAT

By Sheila Plagens
Greetings to everyone!

You call a friend—and a movie star answers the phone. Kind of strange isn't it? It happened to Joyce Chambers Sunday night when she called a friend on his cellular phone and Barry Tubb answered the phone.

He, along with Larry Mahan, will be shooting a movie in Buffalo Gap.

Congratulations to all 12 graduates of the Mother's Day Out Preschool at First Baptist Church. They were honored at graduation ceremonies Sunday night. The graduates are: Kendra Merket, Kari Matlock, Haylee Joy Piland, Briana Godina, Wesley Goswick, Nathan McCright, Lauren Munoz, Tamara Lelek, Halie Helms, Cheyenne Guelker, Samuel Williamson and Bailey Whitesides.

Carl Guelker had a "parting of the ways" with his horse Saturday. He went one way and the horse went the other, leaving him on the ground, injuring his right shoulder and bruising his ego. A catcus plant was nearby and Carl gained a few prickly pears in his hair. It took Sue a long time to pull them out.

I had a chance to read the *Kelleyville News* last week. It's the newspaper published by students at Kelley Elementary. The kids toured our plant last week

and they published their own paper. It was complete with front page news, sports, comics and a classified section. I think these kids did a terrific job! The newspaper staff consisted of: Mrs. Stephanie Spear, Editor; Michael Chambers, Griffin Limmer, Chad Snapp, Michael Pineda, Timmy Atkins, Katelin Lowrance, Dara Kelly, Nolan Frizzell, Jennifer Vest, Henry Reyna, Bobby Hernandez, Cody Hubbard, Ruben Cantu, Mallory Espinoza, Ashley Grim, and Jodi Owens.

There was a second *Kelleyville News* published by another staff. I haven't seen that one. I'm sure it was as good as the first. Students putting the second edition together were: Roland Rivera, Edgar Roman, Megan Toole, Michael Sanchez, Brik McGuffin, Gina Hinojosa, Sagan Everett, Krisha Arispe, Kimberly Watkins, Sara Manning, Michael Luera, Mario Flores, Rashida Norman and Kinsey Kirchner.

When asked about their visits to the newspaper Kinsey Kirchner said, "It's fun!"

Krispa Arispe added, "It's very important!"

Monte and Noma Wike will be moving to Snyder in June to pastor the Union and Ira Methodist Churches. Most of you know Monte from Higginbotham-Bartlett Lumber Co., where he worked for 8 1/2 years before retiring in February of this year.

We wish Monte and Noma the best of luck!

Congratulations to Ricky Davila! He was the top seller in the fundraiser for Little League. Because of his efforts, he won a television. Ricky plays on the Expos T-ball team. He is the son of Ricky and Sylvia Davila.

Lurlene (Hargrove) Feaster is being honored Sunday, May 26th on her 80th birthday. A celebration is being held at Oak Street Baptist Church from 2:30-4:00 p.m. Stop by if you get a chance.

There's a new place to cool off on a hot summer day! Tropical Snow is opening this weekend. It is located in the 1500 block of Westpoint.

Joe and Esther Espinoza won the Las Vegas trip given away by the Tumbleweed Lioness Club recently. The couple will leave for their trip Sunday. This is their first trip to Las Vegas and they are very excited. Good luck!

I hear rehearsals are going well for the next production at the Colorado City Playhouse. *The Twenty-Third Annual Osco County Grasshopper Festival* is an original play written by Cathy Stephenson, who is also in the play.

The play dates are set for June 6, 7, 8, 13, 14, and 15 at the Opera House. I'm sure this will be just as good as the last, so don't miss it!

On June 1 Kakai Wulfjen and the Performers Unlimited Dance and Twirling Studio will be holding a spring recital at Colorado Middle School. The theme is "Let's Go To The Movies". Forty-five girls are scheduled to perform to music from movie and TV soundtracks.

The prospective groom is the son of Dr. and Mrs. Lester D. Johnson of Falls Church, Va. He is an Army veteran who received bachelor of science degrees in wildlife management and geology at ENMU. He is employed as a field investigator for the TNRCC in Odessa.

Trio recognized for outstanding work

Landra Alvarez, Kari Jarka and Virgie Hurt of People for Progress/New Discoveries Day Care have each been awarded a Child Development Associate (CDA) Credential in recognition of outstanding work with young children.

The credential was awarded by the Council for Early Childhood Professional Recognition in Washington, D.C.,

which represents the early childhood profession.

CDA is the only major national effort to improve child care by evaluation and recognizing the skills of individuals providing care. The first credential was awarded 20 years ago, and now 46 states plus the District of Columbia include CDA in their child care licensing regulations.

Parents who use child care are especially concerned today about their children's welfare. With this in mind, as part of the CDA assessment process, every candidate for the CDA credential is observed working with

young children by an early childhood professional. In addition, the candidate must demonstrate the ability to work with families to develop children's physical and intellectual capabilities.

COOK'S CORNER

by Sheila Plagens

With summer and hot weather upon us, I thought it was time to share some good homemade ice

cream recipes. I called some people who make the stuff and they were glad to share their recipes, just in time for Memorial Day weekend.

from Gayle Houston, from her mother's (Marguerite Ainsworth) cookbook by Helen Corbitt, circa 1957

LEMON VELVET ICE CREAM

- 5 1/3 cups whipping cream
- 5 1/3 cups milk
- 8 lemons, juiced
- 4 cups sugar
- 2 tsp. lemon extract
- 1 Tbs. grated lemon rind

Juice lemons. Mix all ingredients thoroughly and freeze. It tastes just the way it sounds—like velvet.

Per serving: 705 Calories; 43g Fat (52% calories from fat); 7g Protein; 82g Carbohydrate; 160mg Cholesterol; 96mg Sodium

from Peggy Ratliff, the Mitchell County Fair Champion 1989 recipe which was originally made by her mother, Eva Bodine. Her son, Mike suggested she add the sweetened condensed milk and a good friend, Martha Jane Chesney, suggested she puree the peaches, all of which made it a better ice cream.

PUREE PEACH ICE CREAM

- 5 medium eggs, separated
- 2 cups sugar
- 1 can sweetened condensed milk
- 12 ounces milk, chilled
- 1 quart frozen peach slices, pureed
- 1 tsp. almond extract
- 1 quart whole milk, approximately

Beat egg whites until stiff, set aside. Beat egg yolks with sugar until mixed, add sweetened condensed milk, canned milk, 1 pint to 1 quart frozen pureed peaches that have been sugared, almond flavoring, fold in egg whites. Pour into gallon ice cream freezer and fill to one inch from top of freezer with whole milk.

Per serving: 383 Calories; 8g Fat (18% calories from fat); 8g Protein; 72g Carbohydrate; 99mg Cholesterol; 114mg Sodium

from Janice Oursbourn, Lonoke, Arkansas
former Colorado City resident

COOKIES & CREAM CAKE

- 1 pkg. Oreo cookies, crushed
- 1/4 cup butter, melted
- 1/2 gal. vanilla ice cream, softened
- 1 6 oz. pkg. chocolate chips
- 1 5 oz. can evaporated milk
- 3 Tbs. butter
- 1 Tbs. vanilla
- 1/2 cup pecans
- 1 lrg. ctn. Cool Whip®

Crush 28 Oreo cookies and add to melted butter. Mix well and pat into a 9x13 inch cake pan. Freeze. Beat ice cream with an electric mixer and spread over cookie layer. Freeze. Melt chocolate chips, then add evaporated milk, butter, vanilla, and pecans. Let cool and spread over ice cream. Freeze. Spread Cool Whip over chocolate mixture, sprinkle with pecans, and freeze overnight. Per serving: 277 Calories; 19g Fat (60% calories from fat); 4g Protein; 25g Carbohydrate; 45mg Cholesterol; 115mg Sodium

B&PW hold regular monthly meeting

The Colorado City B&PW met in regular session at 7 p.m. May 14 at the Civic Center. The finance committee, Donna Laurens, chairman and Sue Womack, was in charge of the program.

Donna Laurens led the pledge to the American flag and the club collect. Dinner was served to 14 members and one visitor. Donna Laurens then introduced Laurie Lowrance, who teaches at the Healthstyles Center. She gave a very interesting program on changing health styles and made 10 suggestions for change through exercise and diet.

After a short recess, Anna Staats called the business meeting to order. Minutes were read, corrected and approved. The treasurer's report was given, approved and filed for audit. A recom-

mendation was read and approved to make a donation to the scholarship fund in memory of Mary Womack.

Shirley DeLaney read correspondence from Mary Petty, school nurse, thanking the club for their donation. Forty-two school children were helped in some manner.

Members were reminded of the garage and bake sale that was to be held Saturday, May 18 at Sue Womack's home.

Time to look for pecan nut casebearer

By JOE RAFF

The pecan nut casebearer is considered to be the most destructive nut feeding insect in Texas. Damage from the casebearer can range from very mild to over 90 percent destruction of a crop on rare occasions.

The pecan nut casebearer prediction model is used as a pest management tool to predict when first significant nut entry occurs. By knowing this approximate date a pecan grower can intensify his scouting for this potentially damaging pest. First significant entry in the Mitchell County area is expected around June 1, with predicted spray dates being June 1 through June 7.

Producers should start scouting nut clusters about a week prior to the predicted date of first nut entry. Homeowners should inspect at least 10 nut clusters per tree when scouting.

The economic threshold for casebearers based on eggs is one to two percent of the clusters infested with eggs. Eggs hatch in four to five days. When eggs are found, they should be tagged and inspected daily until they hatch. When one to two percent of the nut clusters are entered by casebearer larvae, it is time to spray on that day. For predictive purposes, spray dates should be set five to eight days after eggs are found.

If pecan nut casebearer larvae are going to be controlled, they should be killed before they enter the nutlets. Once inside, the larvae are protected until they emerge from the nutlet. After destroying that nutlet, the larvae progressively destroy most of the remaining nutlets in the cluster.

You can use several insecticides for controlling this pest. The following table lists some of the compounds and their rates that homeowners should be concerned with.

Material	Amount in 3 gallons of water
Chemical Insecticides	
Malathion 50% EC	4 teaspoons of 50% liquid
Sevin 80 S	1 lbs. of 80% powder

Adding zinc mixtures to the spray solution will decrease rosette problems in pecan trees and allow them to produce higher quality nuts. Zinc products include zinc sulfate and NZN.

Casebearer eggs are just visible to the naked eye and are greenish white when first deposited. They then become reddish brown before hatching. The eggs hatch in about four or five days and the larvae migrate to buds below the nutlets where they feed for one to two days before entering the nutlets.

Producers, especially homeowners, should remember that if casebearers are not controlled they will usually reduce the number of pecans on the tree by 10% to 50%. In years when pecan trees have a heavy nut set, reduction of 10% to 50% may not affect final yield or may only slightly affect total pounds produced. If water and/or fertilizer are not adequate for a full nut load, a reduction in the total number of nuts produced may actually improve the quality of the nuts harvested. Therefore, leaving trees untreated is a viable option. But sampling for casebearers and an evaluation of the nut set should be made before any treatment option is exercised.

FFA students' achievements are source of pride to group

Local FFA students and supporters are bursting with pride at the recent announcements of high offices and achievements earned by fellow members.

For the first time in Colorado City history, a local student will hold a state office in the Future Farmers of America organization whose Texas membership exceeds 60,000.

After completing district, area and state competitions, local FFA student Carrie Perkins will be named as a state officer during the Texas convention in Houston this summer. Around 10,000 students are expected to attend the convention that runs from July 8 through the 11th.

Perkins advanced to the state level after she and 10 other local FFA members attended the Area II FFA Convention at Angelo State University in San Angelo May 17 and 18.

The Colorado City organization belongs to Area II, the largest in size of the 10 areas in the state.

FFA parents explain that students in rural communities are competing against those from metropolitan areas with large memberships and that most state officers are from large cities.

As a state officer, Perkins will be in the running for over \$15,000 in scholarships from FFA, said Jeannie Ellis, an FFA parent.

Another local FFA student, Jamie Ellis, having won in district competition, will be running for the office of first vice-president in Area II competition.

Perkins and Ellis will also receive the Lone Star degree at the state convention. The Lone Star degree is the highest degree given in Texas.

Also during the state convention, a 1995 Colorado High graduate, Jennifer Morris, will receive the highest degree given in the United States, the American Farmer Degree.

Lance Dockrey and John Erwin, competing in talent competition, won first in district and second in area competition.

UPCOMING PRODUCTION: Jack Starr and Marsha Moore are one of three couples in "The Twenty-Third Annual Osco County Grasshopper Festival" to be performed at the Opera House June 6, 7, 8, 13, 14, and 15. Moore is co-directing the play with Cathy Stephenson. Stephenson, the writer of the original play, is also acting in the production.

Over 200 students expected at Project Celebration

Over 200 students are expected to attend Project Celebration at the County Ag Barn Friday night. The alcohol- and drug-free celebration for the class of '96 will follow Colorado High School graduation ceremonies.

The seniors have worked hard throughout the year to make it a successful celebration, said parent organizers.

"I can't say enough about how well the kids have participated on this," said Kay Griffin, this year's chairman of the Project Celebration committee.

Freshmen, sophomores and juniors will join the seniors in celebrating their graduation.

"It's always a good chance for seniors to get together with their classmates for one last time," said Roxie Strain, committee treasurer, who has helped organize the event since it first began here 10 or 12 years ago.

The celebration starts at 10 p.m. Those attending must be registered in order to get in the gate and will be checked to ensure that the celebration is alcohol and drug free. Gates will be closed and locked at 11 p.m. and no one will be admitted after that time.

Music will be provided by a live band and local musician Ricky Molina will be the deejay for the event.

Drawings for prizes will be held throughout the evening. There will be an early bird prize drawing for a jambox at 11 p.m. for everyone present.

A variety of games will be available such as volleyball, basketball, ping pong, football throw and several different kinds of contests, such as a pretty legs contest, apple pie eating contest, a unique twist on a wet T-shirt contest, a dance contest, mummy wrap contest, a ladies only contest, etc.

Prizes will be given for all the activities to the top three with the most points.

Pizza, sandwiches, ice cream sundaes and soft drinks will be served all night.

Every senior attending will receive a prize. Organizers have logged the number of hours each senior has put in on Project Celebration fundraisers throughout the year and the one with the most hours will be the first to choose a prize, followed by whoever has contributed the next highest number of hours, etc.

The senior students along with the decorating committee members have put in a lot of work on the decorations at the barn.

"If anyone wants to see how great the barn looks they can come out Thursday or Friday morning after 8 a.m.," she said.

HOSPITAL

dressed. This would be the time to do it. I have no problems with the three different proposals. I welcome any input." Thompson: "We have one of the best nursing homes."

Womack: "Yes, and I think we should keep it that way. We have to take care of what we have and give another option to the community. I'd like your opinions."

Geiger: "Is that going to be a first priority, to find out what people want?"

A couple of board members said "I think so," at the same time.

Thompson: "No, I think our first priority should be to educate the whole community to the best of our ability with every means that is available to us."

Womack said he believed the Lodge had been discussed with Cox at an earlier meeting.

Thompson: "Well, we did discuss the lodge at an earlier meeting. If we build a new lodge, we can only increase it so much per room."

Alford said ten percent if the other nursing homes in the county are over 80 percent occupancy.

Carlock: "Is it common for tax entities such as ourselves to be in the nursing home business? Is this something unique to here or are there places other than Colorado City?"

Alford: "Bronte and Robert Lee had hospitals at one time and they had a hospital district [nursing home]. They ultimately lost their hospitals and they use their funds now to subsidize their nursing home."

Alford added that legislation on long term care did not specifically mention the situation.

Carlock: "Is this something we want to continue to do because we presently have it? I'd just like other opinions."

Stone: "I think we should. We'll be in trouble if we don't, with our senior citizens especially."

Carlock: "I guess when it was first built there wasn't anything else available and I suppose that's why they had it to start with but there are other options now."

Stone: "Yes, but with the reputation it has, everyone wants to go there. It's not on account of cost or the taxes, it's the facility—what they get for the money."

Thompson: "With the lodge, it's more of a service."

Alford: "We can probably keep 75 people with maybe just two or three additional employees with the staff we have now."

Stone: "The best I can recall, four or five is the most we have at one time since I've been on the board."

Alford: "I think we discussed this informally at one time if it could be bought."

Board members looked over the plan sketches during a discussion of space for enlarging the present facility.

Thompson: "With the mood of health care as it's going today, what do you think are the chances of larger hospitals, St. Mary's, Methodist, ten years down the road coming in and buying us?"

Alford: "I had a question similar to that posed a couple of weeks ago. Proprietary, for profit hospitals, I don't think Methodist would want one this small. I just don't think there's a lot of interest in small hospitals."

Carlock: "More than likely if they did buy us it would be to shut us down or streamline it."

The board looked again at the sketches of the plans.

Womack said he would like the Lodge to be addressed in all three plans.

Linda Mize, R.N., asked, "How can we carry on patient care during renovations?"

Geiger: "The input I get is we're going to have to have renovation in steps. I don't know what the rest of you get."

Womack: "A lot of people I talk to say we need it but they don't know whether they're ready to pay the taxes for it. That's plain and simple. They say it's a timing situation and this is not a good time."

Thompson: "My concern on that is that we do the very best job possible to educate them, to let them know the things we know. We have our reasons to consider doing it. They need to know that, all the pros and all the cons. It can't be based solely on 12 cents or 13 cents tax. I think if they know all the facts, they'll say, well that \$75 a year is worth it to me."

Stone: "For what you can spend, you can get a brand new one."

Carlock: "The people I've talked to have said one of two things: a new hospital or some have said they didn't want to spend any tax money, period. Most of them I've talked to are not in favor of spending \$3-\$4 million on a 50- to 60-year-old building. I'm not going to be in favor, personally, of renovation, I don't think."

Thompson: "I'm not either, personally, and the people I talk to say about the same thing. They acknowledge the fact that we need it but they don't want to spend any money for it and I realize this is a bad tax issue but it's not going to be any better next year or the year after that."

Stone said many citizens were concerned about hospitals going out of business.

Rogers: "People I talk to have indicated they are in favor of a new facility and I personally am not in favor of renovating. I definitely see a real need, at least in my crystal ball, I see that we will always need some kind of health care facility here and we have to be able to come up to standards. I personally am in favor of a new route and to keep our hospital here."

Thompson: "How about Loraine, Boyd? Heard any comment over there?"

Boyd: "Not a lot. I don't think people I've talked to are well enough informed yet to make any kind of decisions. The way I see it, the old hospital has become an albatross...."

Boyd added that he "agreed that there was no good time to hit people with taxes but it sure doesn't feel like," the economic situation was promising with oil, cotton, etc.

After discussion of the current economy in the area, Thompson said he thought that the board should decide on one of the three options.

Carlock: "Yeah, I don't think we should have three options on

family illness; however, the young fiddler will be making a special guest appearance.

In addition to musical entertainment, there will be a variety of vendor booths set up at the park. Eighteen arts and crafts vendors had reserved booths by Monday and the chamber's phones have been ringing constantly since the beginning of the week with inquiries from people from around the state wanting to either attend or set up a booth.

There'll be rides for the children and a range of cuisine from 13 food vendors—German food, Cajun food, barbecue and steak sandwiches as well as the regular festival fare like funnel cakes, hamburgers and corn dogs. The

the agenda."

Stone expressed a concern. Carlock: "We don't have to make that decision. I think the only decision we have to make is to present 'a' option to the public and inform them why we think that particular option is the one we chose and it's up to them. I think most people are thinking progressively, now with new people in town, the staff we have and the progressive nature of the city in the last couple of years, I think if it's presented right and the board members are unanimous in letting people know why we feel a certain way, I think it has a good chance of passing. I think if we have a dissension among us and talk negative about it, we can confuse the public. That's not to say there can't be differences of opinion among us. I think we need to look at what's best for the county. The bottom line is anything that's nice is worth paying for and present that to the public and let them know they don't have to go out of town to get the facilities they need and want."

Editor's Note: The meeting was tape recorded and every effort was made to transcribe the exact words used in the discussion. However, in places where the words were unclear or several spoke at one time, the story summarizes or skips to the next clear discussion.

NEXT WEEK'S ISSUE WILL CONTAIN THE VIEWS EXPRESSED BY THE MEDICAL STAFF AND OTHERS DURING THE SECOND HALF OF THE MEETING.

Chamber of Commerce will have their own food booth offering catfish and the DARE program will prepare sausage on a stick as they did last year.

Bluegrass Festival t-shirts and caps are on sale at the chamber. Camping and RV sites are available at the park.

PPI transportation use is on rise after slow start

After a slow start when it began last September, the People For Progress, Inc. office in Colorado City is now receiving between 65 to 90 requests a month for transportation, according to PPI Transportation Director LeRoy Davis.

During the first two weeks of April, 52 Mitchell County people were taken to destinations

such as downtown, the post office, grocery shopping, etc., according to Davis's records. Loraine residents often use the service to ride to downtown Colorado City.

"It's a demand-responsive service," explained Davis. People call the office and most are picked up at their homes and driven in one of PPI's fleet of 10

passenger vans.

The service is available for the general public although many of those who use it the most are the elderly, handicapped, or those who do not own a personal car.

The charges are \$1 for a one way trip within Colorado City. Children three to 11 are charged 50 cents for a one way trip. It costs riders \$3 for a one way trip from Colorado City to Loraine or Westbrook. It's \$7 for a round trip to Snyder. \$8 for a round trip to Sweetwater and \$10 for a round trip to Big Spring.

Often riders want to do all their errands at one time, stopping at several different places along the way, said Davis. There is a dollar charge for each stop.

PPI's transportation office in Colorado City can be reached at 728-3222. For more information call PPI's toll-free number 1-800-684-3383.

DOWNTOWN COLORADO CITY

ANTHONY'S

SEAMAN CRYSTAL CRAWFORD recently participated in Surface Warfare Training at the Norfolk, Va. Naval Base. She is the daughter of Harrel Crawford of Colorado City.

Crawford participates in Naval warfare training

When an emergency arises onboard a ship at sea, sailors must rely on their own training and job proficiency to keep the ship afloat. Firefighters, maintenance men and ship-handlers from 22 Nor-

folk, Va.-based ships recently put their knowledge to the test during Surface Warfare Training (SWT), pronounced "sweat," held at the Norfolk Naval Base.

Seaman Crystal Crawford,

daughter of Harrel Crawford of Colorado City, was one of hundreds of sailors who participated. Working in the deck department onboard the submarine tender USS Emory S. Land, Crawford helps preserve the ship's exterior, serves as an underway lookout and assists with the departure and mooring of her ship.

"I work outside every day," said Crawford, 20. "Right now I work on the piers, line-handling for submarines."

Crawford volunteered to put her seamanship skills to use and help her team gain the most collective points toward winning the competition. SWT week is designed to increase shipboard survivability and strengthen camaraderie. Comprised of sailors ranking from seaman to captain, each team competed in approximately 40 job-related and various sporting events.

A 1993 graduate of Colorado High School, Crawford said she joined the Navy the same year because of a childhood dream.

"It was something I'd wanted to do since I was 10. My father retired from the Navy as a chief warrant officer after 20 years of service," she said.

She said her experiences with the Navy have taught her many things. "I've learned not to let anything beat me. Just work to do your best and try to share that attitude with all of your peers."

Planning to leave the Navy after her first enlistment to attend college, Crawford said she's benefited from her experience by gaining the confidence to succeed.

Mahon recital presented

Sunday, May 5 at 2 p.m., the sanctuary of the Trinity Baptist Church was the setting for the senior voice recital presented by Angela Mahon, a 1996 graduating senior at Sherman High School.

The program consisted of a slate of all sacred compositions, and was concluded by a dedicatory service presided over by the Rev. Bob Allen.

The celebration of graduation was followed by a reception in Mahon's honor in the fellowship hall of the church, hosted by her parents, Mr. and Mrs. James Mahon. Also present were her grandparents, Mr. and Mrs. Clyde Hale of Sherman and Mr. and Mrs. Royce Mahon of Loraine.

Mahon has been active as a soloist in religious services and revivals throughout her high school career and has been an active participant in the auditions of the National Association of Teachers of Singing (NATS) both on the

local and regional levels.

This summer she has additionally qualified to participate in the 1996 Texas Baptist All-State Youth Choir for the second consecutive year. This will include a recording session at Glorietta Baptist Encampment at Glorietta, N.M.

Mahon is in her fourth year of private study with Sherman voice teacher Mel Derr. She will be attending Austin College, Sherman, this fall.

LETTER TO THE EDITOR

To the Editor:

We, the people, are the cause of the fall of a nation because we do not read nor heed what is written.

We should read before we vote, both are a privilege.

Since Thomas Jefferson, we have had a pleading of a balanced budget, which still goes on today.

Our congressmen are supposed to do the will of the majority of the people. We owe Social Security \$5,000,000,000 (billion). Because we have done as we have many times before, we have not held our representatives' and senators' feet to the fire, where a balanced budget amendment is concerned. A balanced budget amendment will not in any way affect the Social Security Trust Fund. Medicare will, soon be

broke, all because we do not put a limit on wasteful spending.

Both organizations are needed. They should be organized by an individual, not government. Where does this leave our children and grandchildren?

Five (5) years ago, England turned the management of their children over to their government, to their sorrow. There is an organization in America who pleads with our people, "to keep control of our children."

Every child should be taught the Constitution of the U.S.A. and the Bill of Rights at an early age. It is a parent's responsibility, not the school's.

If not, why?

CHIEF LONE WOLF

BY JIM BAUM

For the better part of 30 years, from 1950 until May of 1980, the TESCO village just north of the Morgan Creek power plant was home to a number of Texas Electric families. When the company made plans to disband the village, occupants of the houses were given first chance to buy the residences in which they lived. Of 13 units, eight were bought by TESCO families. The other five units were sold at auction.

The eight who bought their homes were Mr. and Mrs. Bruce Moore (plant manager), Mr. and Mrs. Rayford Gardner, Mr. and Mrs. Gene Parker, Mr. and Mrs. Doc Slater, Mr. and Mrs. Dub Baker, Mr. and Mrs. Hilton Parsons, Mr. and Mrs. Sonny Pawkett and Mr. and Mrs. S.R. Wilkinson. (Wilkinson says he paid \$2 per square foot for his residence.) The remaining five houses were sold by TESCO to the highest bidders.

The auction included a big ranch house which was on the property at the time the village was built. The first company employees to live in that home were Mr. and Mrs.

Rusty Lee. The house was moved from the village area and burned to the ground in December 1993.

Another fact about the village, the first Texas Electric family to move into one of the homes was Mr. and Mrs. Eldon Smith.

After the village was closed out, Bobbie Wilkinson and the late Marie Parker compiled a summary of which TESCO employees had lived in each house in the village. Here's a list of the houses and the families, including their children.

Property Tax Protest and Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these appeal procedures if you have a concern about

- the value placed on your property
- any exemptions that may apply to you
- the cancellation of an agricultural appraisal
- the taxable status of your property
- the local governments which should be taxing your property
- any action taken by the appraisal district that adversely affected you

Informal Review
The staff of the Appraisal District will be happy to visit with you concerning the value of your property or any other aspect regarding its taxation. Please call 728-5028 to make an appointment. You will be able to visit with an appraiser who will explain why your property was appraised as it was, and you may offer additional information which could impact its market value. Pictures of the interior or written estimates of repair bids are good evidence to present. If you and the appraiser can reach an agreement on the value of your property, you will receive a written agreement for your records.

Review by the Appraisal Review Board
If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board (ARB).

The ARB is an independent board of citizens that reviews problems with appraisals or other concerns listed above. It has the power to order the appraisal district to make the necessary changes to solve the problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notice of the time, date and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present the evidence about the case. The ARB will make a decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at 12th & Hickory St, Colorado City, TX 79512.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires the ARB members to sign an affidavit saying that they haven't talked about your case before the ARB hears it.

Review by District Court
After it decides your case, the ARB must send you a copy of its order by certified mail. If you're

not satisfied with the decision, you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you received the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More Information
You can get more information by contacting your appraisal district at 12th & Hickory, Colorado City, TX, (915) 728-5028. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Comptroller's Property Tax Division at P.O. Box 13528, Austin, TX, 78711.

Deadline for Filing Protests with the ARB's Usual Deadline
On or before June 1 (or 30 days after a notice of appraised value was mailed to you, whichever is later). If you have been unable to call the District for an appointment, you can protect your right of appeal by writing the District, noting the property description and expressing dissatisfaction with the value.

Late protests are allowed if you miss the usual deadline for a good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have a good cause.

Late protests are due the day before the appraisal review board approves records for the year. Contact your appraisal district for more information.

Special Deadlines
For change of use (the appraisal district informed you that you are losing agricultural appraisal because you changed the use of your land), the deadline is before the 30th day after the of determination was mailed to you. For ARB changes (the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed), the deadline is before the 30th day after the notice of the determination was mailed to you. If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

*The deadline is postponed to the next business day if it falls on a weekend or holiday.

80% pass TAAS test at CHS

Over 80 percent of the Colorado High School students passed the exit level TAAS test when they took it for the first time, reported Kitten Arthur, CISD curriculum director, to the school board last week.

In reading, 85 percent of the sophomores—first time test takers—passed. Fifty-seven percent mastered all objectives.

In math, 81 percent of the tenth graders passed and 85

percent passed the writing portion of the test.

In comparing the 1996 results to test results when the students were eighth graders in 1993-94, they showed the most significant gain in writing, increasing their scores by ten points.

Twenty-five percent of those being retested in the eleventh grade passed the test the second time.

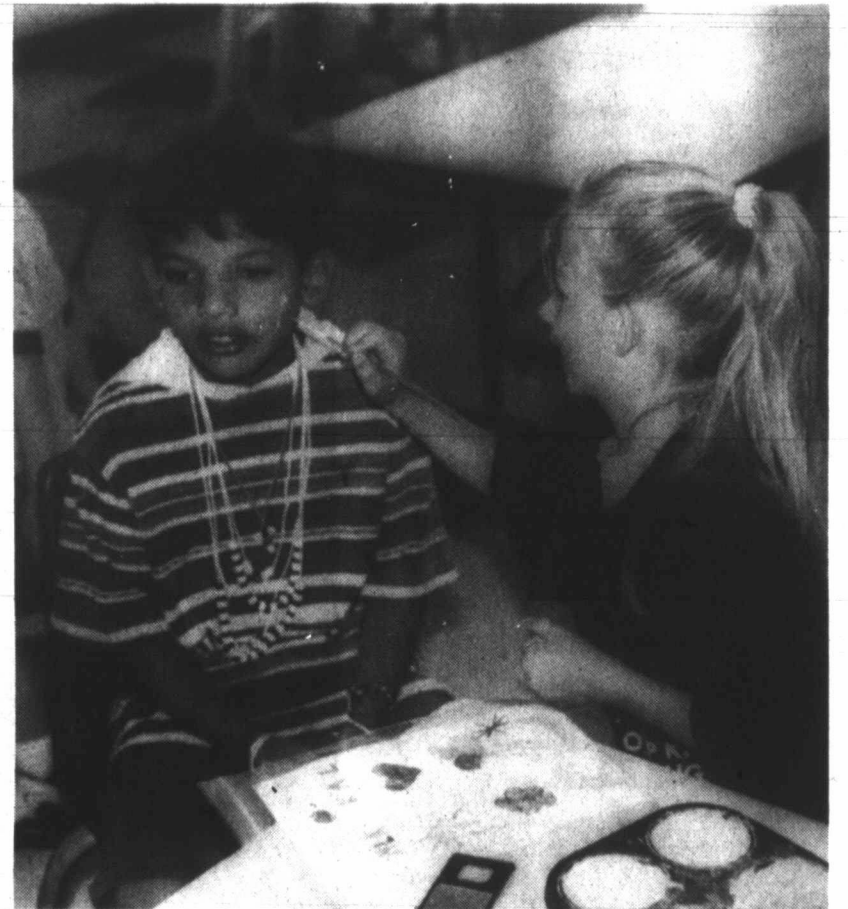

In the tenth grade, 11 students failed the reading test, 14 failed the math test and 11 failed the writing portion of the test.

In the eleventh grade, six students failed the reading portion of the test, eight failed the math portion and four failed the writing portion.

Among seniors, two failed the reading portion, six failed the math portion and one failed the writing.

Academic recognition was given to Whitney Bassham for

reading, Angela Chaney for reading, Amy Evans for reading and math, Chris Fambro for reading and math, Jamie Goebel for math, Celeste Hargrove for reading and math, Amber Kelly for math, Mindy Kemp for math, Mica Merrell for reading and math, Perry Noblett for reading, Jana Redwine for reading and math, Jesse Rios for reading, Justin Sparkman for reading and math and Adam Wood for reading and math.

Colorado ISD to sponsor summer food program

The Colorado Independent School District is happy to announce they will sponsor the Summer Food Service Program for the fourth time this summer. The program provides free lunches to all children one year through 18 years of age.

Meals will be served in the Colorado Middle School cafeteria between the hours of 11:30 a.m. and 12:45 p.m. each Monday through Friday beginning June 3 and ending July 12, 1996. Children may come to the cafeteria at the west door on Chestnut Street to enter. They may come at any time during the serving time and be served.

All children in attendance will be served the same free meals, with no physical segregation of, or other discrimination against, any child because of race, color, handicap, age, sex, religion, national origin or political belief.

Any person who believes he or she has been discriminated

against in any USDA-related activity should write the Secretary of Agriculture, Washington, D.C. 20250. Discrimination complaints based on religion or political belief must be referred to Director, Civil Rights Division, Texas Department of Human Services.

Meals for infants will not be available, but adults may eat at a price of \$2.50 each.

All meals served meet the USDA guidelines for children, which when eaten will furnish one-third of a child's minimum daily requirements for nutrition.

All children are invited to come and eat lunch—no tickets, no sign-up, no forms to fill out or reservations to make. All that is necessary is to meet the age requirement and to want to eat. The SFSP hopes the children will tell everybody about it and bring their friends and relatives if they want to, but if not, come anyway. The children do not even have to live in Mitchell County to come and eat.

New Discoveries honors supporter

New Discoveries honored the owner of Kristi Lee Manor Nursing Home for his support of the day care during the school's graduation exercises Friday.

Clark Moody, owner of the nursing home, has made every holiday special for the children ever since the day care center was built, said Kari Jarka, New Discoveries director.

He plans something for every holiday on the calendar—Valentine's Day, Easter,

Halloween, Christmas, all of them, said Jarka.

Each Christmas, the children are invited to see the extensive holiday display at Kristi Lee and visit with Santa.

This year the annual Easter egg hunt at the nursing home for the children had to be cancelled because of the snow. However, Moody brought everything to the center that would have been a part of the hunt, such as Easter eggs, candy and decorations,

for the children to enjoy, said Jarka.

All of Moody's efforts make it possible for the two generations, the youngest and the oldest members of our community, to celebrate the holidays together, said the day care director. The children have an opportunity to meet and get to know the residents of the nursing home and they sing songs for the seniors.

MICHAEL HOYLE (l) and Howard College Baseball Coach Brian Roper shake hands to seal the deal. Hoyle will play baseball for Howard College next year.

Hoyle to play baseball for Howard College

Colorado City slugger Michael Hoyle has signed a letter of intent to play baseball at Howard College.

Hoyle compiled a .375 average and also slugged four home runs for the Wolves this year.

According to Howard's head baseball coach, Brian Roper, Hoyle will also see

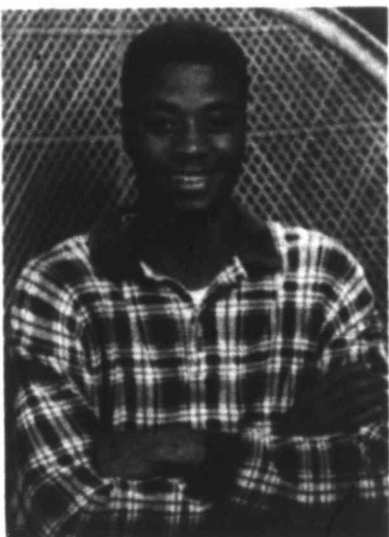

some time on the mound, as well as first base for the Hawks.

"We're real glad to have [Hoyle] with us next year," Roper said.

"We obviously like his pitching arm and his height, but we might have a little trouble finding him pants that fit."

At 6' 7", Hoyle's talent is still growing.

Loraine's Alvin Crawford headed to Howard College

Alvin Crawford

Loraine's Alvin Crawford has signed a letter of intent to play basketball for the Howard College Hawks this fall.

Head Coach and Athletic Director Tommy Collins says he is excited about having Alvin on board.

"I was looking to recruit a local area player if at all possible, and I believe we have gotten some good raw talent in Alvin." It will be exciting to see him develop into his full potential.

Alvin averaged over 30 points a game for the Bulldogs this past season.

Bulldogs lose to Tornillo in Bi-District playoff game, 8-0

There is an old saying in baseball—"You never know how the ball will bounce from one game to the next." That old saying had a lot of meaning to Coach Cooper's Loraine Bulldogs last Friday night in Kermit when they took one on the chin against Tornillo 8-0 in their bi-district playoff.

Junior Kyle Moore went the distance for Loraine, scattering five hits along the way but six Bulldog errors opened up opportunities that Tornillo cashed in.

In the top half of the first

inning, Tornillo's pitcher Mario Rome struck out the side. That set the tone for the rest of the game as Loraine was only able to garnish three hits and never got a base runner past second base.

The Bulldogs were kept off balance throughout the game and were not able to scrape together any offensive attack. Tornillo, on the other hand, scored two runs in first, one run in the second and five in the error-plague third inning.

Loraine managed to shut Tornillo down after the third inning, but it was too late, as

the Bulldogs fell 8-0.

"We didn't play too well," a disappointed Coach Rick Cooper said. "But I'm proud of our kids for getting as far as they did."

The Bulldogs had to rebuild off last year's team that made it to the state tournament.

But the Bulldogs put together an incredible run through district and should be tough again next year.

The Bulldogs finished their season at 11-8.

until noon, at the pool.

First session lessons will be held from June 3 until June 14.

Loraine News

By BESSIE ANN VAUGHN

Greetings from Loraine. The fact that we are still dry as a bone, weather-wise, won't be mentioned this week, nor the incessant winds blowing at 40 and 50 miles per hour.

I had rather write that several residents are irrigating flowers, shrubs, grass and trees and it is a pleasure to seek them out.

Beautiful roses seem to be plentiful and several people are working a vegetable garden.

Bird-watching has been fun even when a mud swallow dove to hit my head. They seem to be as aggressive as scissortails.

Yesterday I saw a road-runner and I watched him or her until it went out of view. I was reminded of the road-runner cartoon. Beep! Beep! Beep!

O yes, I finally saw a red-breasted black bird—all nature's wonders.

Miss Coral Cain, Anna, Texas, and Mr. Brian Clark, Dallas, are to be married Saturday, May 25 in Anna at the First Methodist Church. The couple plan to make their home in Dallas.

Carol's parents are Danny and Charla Cain, Anna, and maternal grandparents are Harris and Blondie Hamilton from Loraine, who plan to attend the ceremony.

Best wishes to the bride and groom.

Marvin and Doris Peck from Grand Prairie, along with "Callie Peck," their cat, came by to visit with Gus and Iva Armstrong last weekend. (Doris and Iva are sisters.)

The Pecks travel in their motor home with Callie. They were enroute to Big Arm, Mont., to summer on Flathead Lake.

An ordination service for Dan Marshall was held at Grape Creek Baptist Church in San Angelo Sunday evening, May 19 at 6:30.

Mr. Marshall was recommended for ordination by the council and the service consisted of special music, prayers, a sermon and laying on of hands.

Later a reception was held honoring Dan, Denise and Treston Marshall.

Congratulations Rev. Dan Marshall.

The Loraine postmistress, Donna Givens, has been on a five-month inspection tour of other post offices around Texas. An entire team has done the touring and inspecting.

Working Donna's job, as most of you know, has been Denise Mitchell. She is doing a great job, also.

Visiting in the home of Ruth Richburg the 19th and 20th of May were family members Richard and Barbara Blair from North Richland Hills; Billy and Wyona Blair from Umbarger; Duval and Opal Joe Blair, city; Ed and Ouida Willmon from Mohahans, and grandson Bradley Blair from Big Spring.

Ruth asked me to convey her sincere love and appreciation for all the flowers, calls, food, cards and memorials made to honor Homer's life and memory.

Pam Butler went to Abilene Saturday where she attended a nurse practitioners' meeting.

Our condolences go to Ruth Richburg and to all the Richburg families as Mr. Homer Richburg passed away Sunday. He was a lifelong resident of Loraine. He leaves many relatives and friends and neighbors who will miss him.

May 11th, sisters Billie Rutherford and Jean Johnson came by for their mother, Bea Lee, then drove to Quanah, Texas to get Bea's sister, Mrs. H.L. Young.

The four of them proceeded on their way to Swink, Colo. to visit with Mr. and Mrs. Cleo Phillips. Mrs.

Phillips just happens to be another sister to Bea and Mrs. Young.

Bea said they had a wonderful visit and a wonderful trip and had looked forward to the cooler weather in Colorado. What they found was weather hot as Texas and one day, much hotter. She said they found drought conditions and stubble standing in fields.

It seemed too dry to turn it under, much less plant more milo. Also, no cotton had been planted. The drought has made a wide path all through the central states.

While in Colorado, right before returning home, they visited a sister-in-law to Bea in La Junta, Colo., Mrs. Irene Hindman, plus nieces and nephews.

Chrystene Hall spent Mother's Day in Scottsboro, Ala., where she visited with Jimmy and Barbara Hall.

Joining them for the occasion were Kyle and Susan Hall, along with their sons Rush and Shelby from Birmingham, Ala.

Chris Hall called from Brownwood to wish his mother a happy Mother's Day. Chrystene reports having a wonderful time with her children and grandchildren.

Activities at the Senior Center

Last Wednesday the 15th, attendants were surprised and pleased to have Cornbread Fred perform for them. (Frank Crawford, radio announcer at KVMC). He played guitar and sang. We are pleased that he has now recorded some of his work.

Monday, Camilla Bassham Pachall from Big Spring came to talk with seniors about retirement living. She works for the Carriage Inn and the address is 501 W. 17th, Big Spring. Call her at this number if you have any questions: (915) 267-1353. In this inn, you do not have to divulge your income or property. Fax: (915) 267-1313.

Wednesday we will be glad to have the Snyder Kitchen Band to come over and play for us. We are always pleased to have them.

Former Lorainians Veida Gage and Arlena Claxton play in the band. Texa Ball is the bandleader.

This coming Friday, May 24, Gus Armstrong, Sarah Smith and Robert Joplin will play for us preceding the noon meal.

The music usually begins around 11:15. Please attend—you will enjoy the music and the meal.

Birthday party day is May 29th on Wednesday. Remember to come over.

Loraine Manor News Social Director Joetta Ellis reports that the birthday party for the month of May will be held on the 27th. Alvis Finley will be on the list this month, along with Mr. Moreno.

May 23rd at 6:30 p.m. a potluck dinner will take place for friends, family and residents. The manor will provide meat, rolls and paper goods, so bring a favorite dish.

May 30th, Heart to Heart Band from Rotan will play at the manor.

Every Wednesday is Bible study. Come join us!

We welcomed a new resident recently, Syble Walker. She has many friends, neighbors and relatives who love her and wish her well.

She is sorely missed at church and the senior center.

"No Booze At All"
Recently I read where Texas tried to ban alcohol except for medicinal purposes (May 1919). Don't you know there were plenty of big tough men rushing to the doctor's all of a sudden, with all sorts of ailments.

Even today, liquor is still illegal in 54 Texas counties.

I wonder what changes the saloons or beer joints made during the "dry spell?"

"Set 'em up, Joe" might have meant a round of clabber for everyone!

No women allowed in the "punch hall" under 30 and she must be wearing hat, gloves and a corset... "Pinto Bean Juice", two bits... "Sasperillas", too strong for women and most of the fellas, 50¢... "Coffee Bean Cooler" served night and day, \$1.54... "Mesquite Bean Toddy", good for the mind, good for the body, 5¢.

"White Lightning" is buttermilk, 20¢... "Lydia Pink-

ham's Punch" for women, guaranteed to cure all ailments, \$1... "Boiled Peanut Coffee", 10¢... "Tarantula Tea", black draught, it will get you going, 25¢... "Cactus

Juice", take it if you can't think straight, 20¢... H₂O on rocks, get it from the well free on Saturdays... "Drink Mama's Chicken Soup" for all ailments. It is poor man's penicillin, \$2 a quart.

Take good care and see you around town.

Horse Association to host Mini Circuit

The Big Country Quarter Horse Association will host its annual Mini Circuit on June 1 and 2, 1996 at the Taylor County Coliseum in Abilene. Judges for the two approved AQHA shows will be Debra Cooper of Cave Creek, Ariz. and Bonnie Greaves of Utopia, Texas.

In addition to the approved AQHA classes, some special 4-H classes will be offered to 4-H members who want to practice for the upcoming State 4-H Horse Show in the Taylor County Coliseum, where many of the state 4-H classes will be held.

4-H members who exhibit quarter horses may pay to enter the quarter youth classes and then exhibit in the 4-H classes free; however, 4-H members who show grade or other breed horses will pay to exhibit in the 4-H classes.

Classes for 4-H exhibitors will be offered in halter, showmanship, hunter under saddle, western pleasure, western horsemanship and reining. The cost will be \$10 per class or an all day fee of \$40.

Two sports bags will be presented to the all-around exhibitors in the 4-H division,

one to the high-point 4-H member showing a registered quarter horse and one to the high-point exhibitor of a grade or other breed horse. Quarter horse youth memberships will be available at the show.

Two-day all-around awards will also be presented in five AQHA divisions. Classes will begin at 8 a.m. each day with speed events followed by halter.

Lamb and meat goat sale set

Club lamb and meat goat breeders and area ranchers are being asked to donate animals from their flocks—rams, ewes, wethers, billies and nannies—for West Texas Rehabilitation Center's upcoming Club Lamb and Meat Goat Sale.

This year's event is slated for 7:30 p.m. Saturday, June 15 at the Wylie FFA Showbarn located behind the football field on Antilley Road in Abilene.

"We're expecting approximately 200 head of sheep and goats from leading breeders in Texas, New Mexico and Colorado," said event co-chairman John Kearney of Sterling City.

"Many of the ranchers' animals are champion winners from the State Fair of Texas, Fort Worth, San Antonio and Houston Stock Shows, and from the American Royal and National Western Stock Show, so the caliber of donated livestock will be excellent—without question," he said.

WTRC has conducted a club lamb sale since 1990, and a decision was made this year to add meat goats to the event since many ranchers are diversified in that area as well.

Also, lambs and goats purchased at the June 15 sale will be eligible for competition in Rehab's Jackpot Show scheduled for December 14, according to Kearney.

Russell Kott, also of Sterling City, assists Kearney with the club lamb event while Joe Raff of Colorado City is coordinating the meat goat activities.

The Club Lamb and Meat Goat Sale as well as the October Club Pig Sale are special segments of Cattleman's Round-Up activities at which ranchers donate livestock to be sold at auctions to benefit WTRC operations in Abilene and San Angelo. Proceeds from donated animals, as well as cash gifts, are used

to help the Rehab Center provide annually out-patient treatment services to 15,000 disabled children and adults.

Anyone wishing to donate lambs or goats or needing more information may contact Kearney at (915) 378-6881, Raff at (915) 728-2222, WTRC-Abilene at (915) 691-7290 or WTRC-San Angelo at (915) 949-9535.
