Chinese Aim For Road Center In Quick Drive

Eisenhower Is Called Texas Reactionary

PRAGUE, Jan. 5 (AP)—Gen. Dwight D. Eisenhower has a touch of Texas in his ideology, the Trade Union Newspaper Prace said today.

The paper said the new supreme commander of Atlantic Pact forces had the "Texan spirit — anti-progressive, anti-democratic, as haughty as a cattle breeder, and racist."

It reviewed his career under the title, "Mercenary of Warmongers," starting like this:

"Like many other reactionary politicians and soldiers, Gen. Eisenhower is a son of Texas, the land of cattle, cotton and oil. This land equipped Eisenhower with a local patriotism that was expressed during the war with a challenge 'Buy war bonds and help Texas win the war.'

"In this Texan spirit, anti-progressive, anti-democratic, as haughty as a cattle breeder, and racist, Eisenhower succeeded in reaching the age of 50 and remaining an unimportant nothing."

Then, it said, on Louisiana maneuvers in 1941 he impressed Gen. George C. Marshall, chief of staff and "this reckless, Prussian-like and not very intelligent soldier," was made.

Recounting Eisenhower's war career, Prace said he had an "ideological love for Churchill" and postponed the opening of a second front to bleed the Soviet Union.

Later in northern France, it said "only Eisenhower's subordinate Gen. Patton, exceeded him in lack of ability."

Shallow Test In Sterling Is Scheduled

Tri-service Drilling Co. of Midland No. 1 T. H. Humble is to be drilled as a 2,000-foot cable tool wildcat in Central - East Sterling County.

Drillsite is 660 feet from north and west lines of section 16, block 11, SP survey and seven and three-quarters miles southeast of Sterling City.

That makes it one mile due north of a dry hole abandoned on total depth of 3,292 feet.

The drillsite is also five miles north of the Clark field which gets its production above 1,093 feet.

The 2,000 foot contract depth is calculated to take the No. 1 Humble into the middle Permian.

STONEWALL WELLS

Two Ellenburger wildcats have been reported set for drilling in Stonewall County.

Kirk Johnson and others of Fort Worth will drill a 6,500-foot test in the West-Central portion of the county and six miles west of Aspermont. It will be due of the No. 1 B. B. Clark, 660 feet from north and east lines of section 232, block D, H&TC survey.

That makes it six miles northwest of DeSoto's No. 1 Guest and nine miles northeast of Seaboard Oil Co.'s Convon reef lime discovery in the Double Mountain pool.

Southern Minerals Corp. and Seaboard will drill the other 6,500-foot wildcat four miles north of Old Glory and in East-Central Stonewall County. Exact drillsite location is 2,970 feet from east and 3,210 feet from north lines of the Thomas J. Jordan survey. It is the No. 1 Yakey.

That makes it three and one-half miles south of the Old Glory Bend conglomerate pool.

HOWARD VENTURE

Norman and Roche No. 1 H. E. Martin, wildcat in Northeast-Central Howard County, was drilling below 9,035 feet in Mississippian lime and chert, which was topped at 8,845 feet, minus datum point of 6,388 feet.

The drillstem test was made of the section from 8,940-8,956 feet. Tool was open two and one half hours. Recovery was 1,260 feet of oil and gas cut mud.

Contract depth of the prospector was 9,000 feet. Location is 467 feet from west and 330 feet from south lines of section 2, block 31, T-1-N T&P survey.

NEAR WINTERS

Thomas D. Humphrey of Dallas is to drill a 4,100-foot Gardner sand wildcat in Central Runnels County seven miles southeast of the town of Winters.

Operations are to start at once, 1,263 feet from west and 330 feet from south lines of an 800-acre lease in the J. H. Parramore survey.

65-Degree Maximum

More fair weather without a trace of rain brought the mercury up to a 65-degree maximum reading here yesterday, Mrs. D. P. Strayhorn, weather observer said.

Loaded UN Tanks Leave Seoul

Two UN tanks loaded with troops roll along a road near Seoul as United Nations forces began their evacuation of the South Korean capital.

Water District Calls For Bids On Dam Across Colorado River

A call for bids on about $6,500,000 in construction work was issued yesterday by the directors of the Colorado River Municipal Water District, meeting in Big Spring.

The project, on which bids will be opened at 10 o'clock the morning of Feb. 7, is construction of a pipe line from the district's lake site in Southwestern Scurry County through Big Spring to Odessa and for the construction of a dam across the Colorado River.

SNYDER INCLUDED

Provision was made for an addendum to the plans to cover the cost of a pipe line from the north shore of the lake to Snyder in advance of the actual letting. This will be dependent upon the ability of the district's engineer, S. W. Freese of Fort Worth, to prepare plans and specifications and upon Snyder's approval of annexation and of the district's contract to sell water to the city.

The contract has been presented to Mayor Forest G. Sears, and will be explained to the city council tonight. It was approved by the water district board of directors yesterday.

It is expected that the two elections, one to approve annexation in the water district and the other to ratify the contract to buy water, will be called at the same time.

Bids will be asked in two primary parts, one for the dam and the other for pipe lines.

DISTRIBUTION SYSTEM

Under plans approved by the board yesterday the pipe lines could be bid upon in three sections or all together. The sections are a 27-inch line from Odessa to Western Martin County, a second section of like size from that point to Big Spring, and a section of 30-inch line from Big Spring to the lake in Scurry County. If Snyder comes into the project, a fourth line will be added.

The Snyder line, Freese said, was tentatively set up as a 20-inch line. He told Mayor Sears, who attended the meeting with a Snyder delegation, that the 20-inch line would be the equivalent of the 27-inch line beween Big Spring and Odessa in its carrying capacity because the longer line between Big Spring and Odessa loses carrying capacity due to the great distance and lift.

SCURRY MEMBERS

R. T. Piner of Big Spring, president of the water district board, introduced Mayor Sears to the Big Spring and Odessa directors, and Sears in turn introduced Snyder's interim water board members, R. A. Schooling, James Rosser, W. J. Ely, and Lyle Deffebach.

Each member city is entitled to four members on the board of directors, and although the election giving Snyder voters the opportunity to approve or reject participation in the project has not been held, it was believed that the city should send interim directors to become acquainted with board members, their procedures, and problems.

Snyder's directors will have no votes in the affairs of the district until the election here approves the city's participation.

Yesterday's call for bids climaxed almost five years of study and engineering work on the joint city water supply.

MARTIN WELLS

The directors also approved four contracts executed with Martin County land owners for the purchase of ground water. Authority was given for the execution of such additional contracts or leases as seem advisable to the land committee and the district's engineer. W. J. Ely of Snyder was named to work with the district's land committee.

Included in the project is the pumping of water from a prolific Martin County water field to Odessa and Big Spring, to tide those cities over until the spring of 1952 when it is expected the dam on the Colorado River will be completed.

The pipe line between Odessa and Big Spring passes through the Martin County fields. It has not been planned that Snyder would participate in the well water project.

However, a proposal by Mayor Sears was accepted yesterday by the district's board, that if Snyder should need water from the Martin County wells, its fixed monthly payments to the district could be adjusted and the necessary seven miles of pipe lines constructed to join Snyder to the well system.

E. V. Spence, recently named general manager of the water district, was present yesterday for his first meeting with the board. He predicted success for the project and said that he regarded it as a challenge to solve a problem without federal aid. If the project is successful, he said, it will serve as an example to other communities to tackle big local problems without federal help.

SEES APPROVAL

Mayor Sears expressed confidence that Snyder would approve annexation to the district and ratify the contract. He pledged every effort to expedite the calling of an election.

Freese, in explaining plans and specifications, described the dam as a 9,000-foot earthen structure 90 feet high at its maximum elevation. He estimated it would re-

(See WATER DISTRICT, Page 8)

Howard County to Vote Tomorrow on Beer Sale

BIG SPRING, Jan. 5 — Howard County wet and dry forces were increasing compaign tempo today, with another vote on the prohibition issue set for tomorrow.

At the courthouse in Big Spring, requests were made for special supervisors at various polling places. The legal control organization submitted petitions to the county judge requesting supervisors at all five Big Spring boxes and at those in Coahoma and Forsan. The drys, in turn, asked for supervisors in Box No. 1 in Big Spring.

It was announced that the city commission would meet to consider formalities of a special ordinance to limit the sale of beer in certain city localities, bona fide restaurants being excepted. This ordinance would be designed to prevent the opening of downtown bars. Precincts within the county which had voted themselves dry prior to the countywide election on Nov. 1 will remain dry regardless of the outcome of this election.

Speculation over the total number of votes to be cast in the election was still widely varied. However, absentee voting Thursday had reached only 138, indicating a lighter vote than in the November balloting.

Subdivision Opens Office, 17 Houses Now Under Construction

Blueprints and elevations of houses to be constructed in Kittrell Heights are now available at the sub-division field office, M. P. Vannoy, sales manager, said today.

A representative will be at the field office during working hours seven days a week, Vannoy said, and no appointments are necessary to view plans and discuss plans. The field office is located at Thirty-fifth Street and Avenue C, about five and a half blocks south of U.S. Highway 180 on Avenue C.

WORK STARTED

Construction has started on 17 houses in the addition, with the first expected to be completed within the next three months. There are now 47 lots available to buyers in the addition, with 68 lots to be included in the addition eventually. The lots vary from 54 to 60 feet in width and 135 to 137 feet in depth. All streets are to have curbs and gutters, and will be caliched soon.

All homes in the addition will have two bedrooms, bath, living room with adjacent dinette, kitchen and adjoining garage. The prices will range downward from $9,295, Vannoy said, with the highest down payment about $2,000. No brokerage fees will be included in closing costs.

MATERIALS

Fine quality building materials will be used in the construction of every house in the addition, Vannoy said. This will include choice hardwood flooring, either oak or pecan. Bathrooms will have a metal wainscoating, and kitchen cabinets will be especially milled to fit the requirements of the house.

If the purchaser makes his selection early, he will be entitled to choose the color schemes inside. Early selection will also entitle the purchaser to a wider range in outside color, although certain restrictions must be observed.

Property in the sub-division is now being terraced in preparation for further construction and the installation of curbs and gutters.

Claude Robinson, manager of the Scurry County Lumber Co., is in charge of construction work in Kittrell Heights.

John Kittrell of Tyler, one of the owners of the Scurry County Lumber Co., is the developer of Kittrell Heights, which was annexed by the city last month.

Korean War In Brief

(By The Associated Press)

FIGHTING FRONT—Communist army of possibly 210,000 men reported moving toward Wonju, vital central Korean communications hub. Enemy aims at smashing UN defenses at Wonju and then spearing westward to trap U. S. Eighth Army retreating southward from burning Seoul. Airmen report greatest buildup by enemy yet seen north of Wonju. Field intelligence officers say Reds are already nearly parallel to Wonju on one flank.

DIPLOMATIC FRONT — U. S. delegation continues efforts to obtain condemnation of Red China as aggressor. Asian and Arab bloc favor making another plea to Chinese before discussing stronger measures.

BRITISH COMMONWEALTH — Indian Prime Minister Jaharlal Nehru reported ready to urge Commonwealth to back Red China's entry into United Nations as key to settling Korean War.

First Health Board Session

Scurry County's recently created board of health at its initial meeting last night in the courthouse named Dr. Fred Dinkler, director of the city-county health unit, recommend several city sanitary ordinances.

No official action was taken at the first session, but was deferred until the board meets again Feb. 8.

The proposals read by Dr. Dinkler included enactment of the following city ordinances: standard eating and drinking; livestock control; regulation of milk; a school for food handlers, and regulation of garbage collection and disposal within the city.

Dr. Dinkler also recommended that the collection and evaluation of statistics showing the general health picture for this area be made. He further urged the creation of the public through the press and radio, and investigation of all complaints.

The new board, which will act in an advisory capacity to the health unit, is composed of Dr. H. P. Redwine, Mrs. Waymond Sims, Dr. H. W. Ward, and Mrs. Garrett Harrell, with a fifth member yet to be chosen.

Dog Poisoning Reported In Boothland Addition

A rat terrier belonging to the H. L. Parks family, Boothland addition, was poisoned last night, Mrs. Parks told this morning. Two other dogs in the neighborhood apparently had been poisoned but were still alive, she added.

The Park's dog was the pet of their two children, and also a watchdog, Mrs. Parks said. She said she had also consulted a veterinarian, who told her a dog poisoned in that manner could cause serious injury to any human being bitten.

1,310 Pay Poll Taxes: Jan. 31 Is Deadline

Poll tax receipts for voting this year have totaled 1,310 today, according to records of Jim Ikard, county tax assessor-collector, and the office has issued a total of 92 exemptions for persons 60 years old or older and those to vote this year for the first time after reaching the age of 21.

Since Snyder is classed now with a population of more than 10,000, all persons over 60 must obtain an exemption certificate before being allowed to vote, Ikard said.

There were 3,915 poll tax receipts issued for voting last year, and recorded exemptions totaled 70, although persons over 60 were not required by law to obtain exemption certificates because the city was classed according to the 1940 census as less than 4,000.

Receipts issued now are for the 1950 taxes but are for voting in 1951. Those issued for voting last year were 1949 tax receipts.

Persons wanting to vote in any elections this year must obtain receipts from the county tax assessor-collector's office in the court house not later than Jan. 31.

Elections to be held this year include one in which Snyder residents will decide on annexation to and a contract with the Colorado River Municipal Water District, a $2,500,000 county road bond election to issue bonds for construction of roads and by-passes, and probably an important city improvement bond election.

Draft Of 18-Year-Olds Is Asked By Army

WASHINGTON, Jan. 5 (AP)—The Defense Department plans to ask Congress to let it draft 18-year-olds and tighten deferments and exemptions for currently draft eligible men from 19 through 25.

Felix Larkin, the Defense Department's general counsel, told reporters today of the plans. He said a manpower bill would be submitted to Congress within two weeks designed to meet additional needs for men for the armed services.

Larkin said the plan is to extend the present 21-month service period for draftees to 27 or 30 months. He added, however, that this term was not firm and might be changed before the manpower bill reaches Congress.

About 1,200,000 boys will reach 18 during the next fiscal year beginning July 1 and about 870,000 of these could be expected to meet physical requirements for military service, he estimated.

He said the Defense Department's manpower proposals do not envisage the drafting of any women.

The Defense Department proposal, he said, would permit 17-year olds to enlist with their parents' permission; 18-year olds would be automatically eligible for the draft as soon as they had completed high school. He added that those who reached 19 and were still in high school would "probably have to be yanked out."

Heads Scout District

Phil Burns, above, has been named district chairman of the Buffalo Hide Boy Scout district, to succeed Lyle Deffebach, who has served for the last three years. The district comprises Scurry and Kent Counties.

Many Citizens In Brownwood Ask For Camp

BROWNWOOD, Jan. 5 (AP) — The man on the street in Brownwood isn't afraid he'll be an atomic bomb target if Camp Bowie reopens, says the commander of the local American Legion.

Frank Scales last night indicated such talk was just plain foolishness.

The American Legion yesterday joined the battle against landowners who are trying to keep the big war time training center from being reactivated for fear it will be an atomic bomb target.

The dispute was started Tuesday night by 25 land owners who urged Texas congressmen to prevent the camp from being put back into use. They now own and use part of the old maneuver area in Brown and Mills Counties for ranching.

PETITION AROUND

A petition was started yesterday by a group of citizens saying they would welcome reactivation of the camp and pledging full co-operation with the government.

Gib Callaway, Brownwood lawyer and chairman of the protesting landowners, told a reporter yesterday he had no comment regarding further plans of his group.

The petition objecting to reactivation of the camp said:

"Why should the people of this area openly invite almost certain death and extinction in exchange for the doubtful and uncertain benefits that might accrue to a few grocery dealers and cafemen by locating the camp here."

LAND COSTS

Scales scorned the profiteering suggestion, and he challenged a statement in the opposition petition that it would cost the government "six to eight million dollars" to repurchase the land alone.

Scales said that the land was evaluated for county tax purposes at about $4.62 per acre and that the evaluation was based on statements by the petition signers.

Racing To Try To Cut Off Withdrawal

Ridgway Assures Men That Everything Is Going Fine At Front

By LEN CLEMENTS
(Associated Press Staff)

TOKYO, Jan. 5. — Swarms of Chinese Red troops pushed on southward tonight and menaced Wonju, important allied escape highway center 55 miles east of Seoul.

Gen. MacArthur's headquarters said seven Communist armies — perhaps 210,000 men — are moving from the Chunchon area toward Wonju.

They apparently aim to destroy United Nations forces there and then wheel West in an attempt to cut off Eighth Army units retreating down from ruined Seoul.

Allied pilots said they saw the heaviest traffic yet observed in Korea behind the enemy lines. They reported 1,200 vehicles clogging North Korean roads.

ORDERLY RETREAT

The allies in a skillful retreat had yielded Seoul, its airfield at Kimpo and the port of Inchon.

At Inchon, UN units blasted locks and the tidal basin, then left by sea. The main body of UN troops moved on southward by land.

Four cut-off South Korean regiments broke through Communist road blocks and reached UN lines north of Wonju Thursday after a four-day battle. With the Koreans safely back, UN lines were drawn closer around Wonju.

Chinese troops pouring down secondary roads and through valleys could turn left or right at Wonju and possibly cut off parts of the allied forces.

TIGHT CHASE

It was a desperate race.

Lt. Gen. Matthew B. Ridgway, U. S. Eighth Army commander, returned to his headquarters late in the day after visiting two of his Army corps defending the retreat.

"Everything is going fine," he said.

But the tough Army general said he retreat from Seoul was dwarfed by the tragedy of hundreds of housands of Koreans unable to get out ahead of the oncoming Communists.

Taft Attacks Truman Again

WASHINGTON, Jan. 5 (AP)—Sen Taft (R-Ohio) declared in the Senate today that President Truman has no power to commit American troops to a European defense force without approval first from Congress.

Taft asserted, too, that the President "without authority involved us in the Korean war."

In his first foreign policy speech of the 82nd Congress, Taft said he is willing to commit "some limited number of American divisions" to North Atlantic defenses. But he said the Europeans must take the lead in forming such a force.

NO FORCE

"I do not think we should force our assistance on nations which do not wish to arm themselves," the Ohio senator declared. "I do not think we should insist or even urge that Europeans form a great international army unless they request us to help them with that project."

"I do not think we should assume the leadership in the formation of a great international army by the appointment of an American commander-in-chief."

ALREADY NAMED

President Truman has already named Gen. Dwight D. Eisenhower for that place and the Truman administration had laid plans to send additional American troops to Europe to serve in the combined defense forces.

At a news conference only yesterday, President Truman said there was no question but that he had authority to send additional troops to Europe.

Crashed Plane Burns

Firemen spray flames licking at the engine housing and fuselage of a chartered plane with 49 persons aboard which crashed two blocks from Midway airport in Chicago in attempting a takeoff for Newark, N. J. All 49 got out without serious injuries. The plane hit a haystack, then burst into flames.

Eisenhower Under Heavy Attack By European Communist Papers

PARIS, Jan. 5 (AP)—The Communists have opened up a savage hate campaign against Gen. Eisenhower who is due here Sunday to take command of Atlantic Pact defense forces.

Communist papers in Paris, in eastern Europe and in Moscow are assailing him in the bitterest terms. French Communists are circulating petitions against him and trying to work up protest strikes.

The first blasts at Eisenhower, were printed just before Christmas, when the Soviet youth newspaper in Moscow and the Literary Gazette there assailed him as "a true serf of Wall Street" and "a sergeant major of Wall Street." The Cominform Weekly, printed in Bucharest, called him a "notorious warmonger." None of them mentioned that during the war he was decorated by the Russians and praised for his brave leadership.

MORE OF SAME

Now, papers in Prague and Paris have taken up the cudgels.

The French Communist Organ l'Humanite early this week began its campaign by saying workers at the Hotchkiss Factory in suburban St. Denis have decided on a "patriotic strike against the installing of Eisenhower in Paris."

The news was presented in the form of a letter from a cell leader asserting Eisenhower's main plan is to set up a new German Wehrmacht and Luftwaffe and "to demand the creation of 20 French divisions to unleash a war of aggression against the peoples of Europe and against the Soviet Union."

CARTOONS

Next day, L'Humanite printed a page 1 cartoon showing Eisenhower driving up in a horse-drawn coach before the Hotel Astoria which is to be his temporary headquarters as supreme commander of the western allies.

Standing by him are two German officers, one holding a brief case lettered "Revenge Plans." Says one German: "No longer any need to hide. Thank the coachman."

There was also another Page 1 story about another suburban factory, whose workers were preparing "a patriotic strike of protest" because "we don't want Eisenhower in Paris."

Weather

WEST TEXAS—Fair this afternoon, tonight and Saturday. Colder in Panhandle and South Plains tonight and Saturday. Lowest temperatures tonight 22-28 in Panhandle and South Plains.

EAST TEXAS—Clear to partly cloudy this afternoon, tonight and Saturday. Colder in extreme north late tonight, and in north portion Saturday. Moderate southerly winds on the coast.

Tigers Win All 3 Rotan Games, Face Sweetwater Here Tonight

Snyder declared open season on Rotan basketball teams last night — winning three games over them here.

Closest game by far was the junior high game, which ended in a dead heat, 20-19, with Snyder regaining the lead in the last three seconds of play. Other scores were lop-sided in Snyder's favor, the A team won by a score of 35-18, and the B Tigers won in a walk, 30-6.

CONFERENCE GAMES

Last night's game with Rotan opened the conference play for the Tigers, and they swung into the new season showing their metal as title contenders.

Tiger fans swarmed the gymnasium and there was "standing room only" by the opening of the A game. Pep leaders and the lively high school band spurred the Tigers to an all out effort.

John Garly led Tiger scoring with 10 points, and tied as high-point man with Rotan's Mickey Martin. Bill Hanks with six, and Grant Teaff with five points followed Gary's example. Rolwyn (Slim) Thorton for Rotan made six points, and managed to get in on just about every play of the game. Douglass Weathersbee accounted for Rotan's other two points with free throws.

From the side line Coach Speedy Moffett, a spectator, said that if the Tigers had hit one out of every 20 baskets they tried, the score would have been outrageous. That was just about a true account of the game.

Excellent defensive play followed by many missed baskets is how the A game went for the Tigrs. By quarters the Tigers had the upperhand all the way; they led 14-3 at the end of the first, 20-10 at the second, and 25-15 at the third quarter.

B GAME

In the B game, the Snyder boys had Rotan outclassed in all departments. They scored at will, and permitted the Rotan boys only occassional free throws and some long shots at the basket. Rotan managed to make only field goal during the game, and at half time they had scored only one free throw.

B game score by quarters was: first quarter Snyder led 7-1, half time 12-1, third quarter 20-3.

Bill Boyd led scoring for the Snyder B team with eight points, Kenneth Crook made seven, and Bobby Shipley, five.

Bill Boyd saw action in both the A and B games. In the A game he played part of the last half and made four points.

A non-conferenece tilt is lined up for the Tigers on their home court tonight with the Sweetwater A and B teams. Sweetwater promises to give the boys much more competition than Rotan did last night.

The B game starts at 6:30 and the A game at 8 o'clock.

Coach Ernest Kinney of the A team said that the high school band, and pep leaders would be on hand again tonight.

New Longhorn Coaches Added

AUSTIN, Jan. 5. (AP)— Expansion of the University of Texas football coaching staff through addition of two former Longhorn footballers was recommended yesterday by the athletic council.

Bill Dubose, Texas A&M line coach, was recommended for the end coach position, and G. C. (Ox) Emerson, athletic director and coach at Del Mar Junior College in Corpus Christi, for freshman coach.

Final approval of their nominations by the board of regents is required. Appointment of Dubose and Emerson will give Texas a coaching staff that includes three members of the 1930 Southwest Conference championship team. Ed Price, the new head coach, was on that eleven.

T. King will advance from end coach to line mentor, Price's former job. Buddy Jungmichel will step up from the freshman post to become "B" team coach. Eck Curtis will continue as backfield coach and Howard C. (Bully) Gilstrap as assistant coach and co-ordinator of public relations.

Assignment of Jungmichel as "B" coach will create a varsity staff of six instead of the usual five.

Dubose was head coach and assistant at Waco, Corpus Christi and Nacogdoches High Schools before going to Texas A. & M. His first coaching duty was at Texas, where he assisted in 1933, before going to Hondo High School for two years.

Emerson was an all-Southwest Conference guard in 1930 and later was an all-pro guard five of eight seasons with the Detroit Lions.

Following service as a naval officer until 1947, he was football coach and athletic director at Alice High School for three years before going to Del Mar.

Women Golfers Plan Summer Europe Trip

PONTE VEDRA BEACH, Fla., Jan. 5. (AP) — Six of America's top women golfers will make a trip to Europe this summer as a highlight of their 1951 campaign.

Fred Corcoran, tournament chairman of the Women's Professional Golfers Association, revealed the plan today as the gals began their first tournament of the year — the Ponte Vedra Club Open.

Selection of the women to make up the American team to visit England and France will be determined in the second annual 144-hole Weathervane Cross Country Tournament this spring.

Corcoran also revealed that the Weathervane event will be played in Texas (site to be determined) April 14-15; in California (site to be determined) May 5-6; in Indianapolis May 19-20; and New York City, May 26-27.

Wins Sullivan Award

Fred Wilt (above), FBI man and America's premier distance runner, will receive the 1950 James E. Sullivan Memorial trophy as the nation's amateur athlete.

Snead Ahead In Open Tourney

LOS ANGELES, Jan. 5. (AP) —The Los Angeles Open starts today, and most of the experts are ready to hand the silver anniversary event to Sammy Snead on the familiar silver platter.

Back in 1926, Lighthorse Harry Cooper shot a 279 to inaugurate what has now become a $15,000 figure on the winter chase for gold and glory.

Cooper is still around, and will tee off today in a threesome with Jimmy Hines of Chicago, who won the event in 1936, and Fred Hawkins of El Paso.

But Cooper has slowed with the years, and a younger crop of shotmakers has taken over. Top man of course, is Snead, who won more than $37,000 in prize money last year. That was about $10,000 better than the second man, Jim Ferrier of San Francisco, and $15,000 up on Lloyd Mangrum, although Mangrum was cut much of the year with a shoulder injury.

He and Ferrier, along with fashion plate Jimmy Demaret, are expected to give Snead what tussle there is for $2,600 top money.

Coaches Have Troubles Too

MOBILE, Ala., Jan. 5. (AP) — Bo McMillin had a nice word for Bobby Layne yesterday after the former Texas U star blasted the resigned Detroit Pro Lions coach.

Bo said his quarterback of last year is a good football player and if he hadn't left his Detroit job, "Layne would be my quarterback."

Layne said in Dallas he told Detroit directors he wouldn't play under McMillin. He asserted that teammates Doak Walker and Cloyce Box, both Texans with Detroit, joined him in protesting McMillin's handling of personnel.

"We don't go out on the football field to make love between coach and player," McMillin said. "I had several boys on the team who didn't thoroughly agree with my methods. Every other coach has the same trouble."

Texas League Holds Annual Schedule Talk

DALLAS, Jan. 5. (AP) — The Texas League holds its annual schedule meeting at San Antonio Saturday and Sunday with what effect the national emergency will have on baseball the major topic of discussion.

Secretary Milton Price says his opinion of the situation is that the league will go along so long as it thinks it is making a contribution and is not in conflict with the war effort.

"I think the last war proved that baseball was valuable to the nation from its morale effects," Price said. "Even in war time there needs to be something for recreation."

This time there is no schedule to adopt at the "schedule meeting" since that was done at the fall meeting.

YankeesNamed Team-Of-Year By Writers

NEW YORK, Jan. 5. (AP) — The New York Yankees baseball club was voted team of the year for 1950 in the annual year-end poll of sports writers and sportscasters by the Associated Press.

Casey Stengel's Yanks, four straight winners over the Philadelphia Phils in the World Series, had close competition for the honor Oklahoma's football team, upset in the Sugar Bowl after 31 straight victories, was a close second. City College's basketball "grand slam" champs were very much in the running.

It was strictly a three-team race, with the Phillies a distant fourth.

Teams receiving at least 10 points with first place votes in parentheses (points figure on 3-2-1 basis):

1. New York Yankees, baseball (70) — 361.
2. Oklahoma, football (56) — 319.
3. City College, basketball (43) —251.
4. Philadelphia Phils, baseball (17) — 94.
5. Minneapolis Lakers, basketball (7) — 42.
6. Cleveland Browns, football (4) —27.
7. Detroit Red Wings, hockey (2) —23.
8. Princeton, football (3) — 21.
9. Harlem Globetrotters, basketball (5) — 17.
10. Tennessee, football — 10.

Scoring Duel At Senior Bowl

MOBILE, Ala., Jan. 5. (AP) — A high-powered scoring duel was shaping up today for tomorrow's Senior Bowl, where some of the nation's top college stars draw their first pay in the sport.

Just when the practice crowds had the game tagged for a wide open aerial battle, pro coaches Steve Owen for the South and Alvin (Bo) McMillin for the North hinted they both packed a sleeper wallop in ground attacks.

All 54 college seniors who participate will get a share of gate receipts. The winning team gets 60 per cent of the players' pool.

A turnout of at least 25,000 is expected.

Abilene Presbytery To Meet in Church Here

The regular winter meeting of the Abilene Presbytery will be held Thursday at the First Presbyterian Church here, the Rev. Donald Hubbard, pastor, said today.

The meeting is to open at 10 o'clock with Sam Richardson, elder of the church in Lamesa, to act as moderator. Mr. Hubbard will deliver the sermon at 11 o'clock, and communion is to follow this service. The public is invited to attend this worship service.

Luncheon will be served by the women of the church at noon. About 25 representatives of churches within the district are expected to attend the meeting in addition to members of the Snyder church.

Houston Cage Tourney

HOUSTON, Jan. 5. (AP) — Sixteen games today open the 12th annual Houston Junior Chamber of Commerce Invitational High School Basketball Tournament.

Eight Houston schools and Pasadena, Texas City, Texarkana, Port Arthur, Galena Park, Freeport, South San Antonio and Waco are entered.

Question: Death Or Darkness

Whether smiling little Carolyn Purcell, (4), center) of Atlanta, Ga., will lose her life or her sight is the heartbreaking decision her mother, Mrs. Frank Purcell (left) must make. Doctors say the child has cancer in both eyes and that the right eye must be removed immediately. They offer no hope for the other eye. Carolyn's father (right) an unemployed stone mason, is leaving the decision to the mother. Mrs. Purcell hasn't made up her mind. "I keep hoping for a miracle," she wept. "Maybe the Lord will take a hand and save her from darkness."

Fighter Trying To Win South America's First Championship

By JACK HAND
(Associated Press Staff)

NEW YORK, Jan. 5. — Jose Gatica, burning with ambition to become South America's first world boxing champion, takes a big step in that direction tonight, at 10 p.m. (EST).

Gatica fights Lightweight King Ike Williams of Trenton, N. J., in an over-the-weight 10-rounder at Madison Square Garden. If he wins or comes close he may get a shot at the crown next summer.

The thick-chested little fellow from San Luis, Argentina, is a 9 to 5 underdog against 27-year-old Williams. In his only U. S. appearance Dec. 1 he knocked out Terry Young in four rounds. Of what he showed that night, he rates a chance to score an upset. Gatica is 25.

Williams has not defended his crown since Dec. 5, 1949. As he weighed well over 140 in most of his latest fights, there is some doubt as to his ability to make the weight and still be strong. He won't have to make it tonight for it's a 140-pound contract, give or take a pound.

They are enthusiastic about Gatica and his swarming attack in South America, where he won all but one of 56 pro. starts. They never have had a world champion down there although they came close with Luis Firpo against Jack Dempsey. Cuba had its Kid Chocolate and Puerto Rico its Sixto Escobar but no champs from South America.

The main event starts at 10:00 p.m.; EST. Gatica come here with full blessing of Gen. Juan Peron, president of Argentina, and is attached to the consulate staff during his stay. In effect he is a sports ambassador from the Argentine. The inspector general of the National Council of Physical Education, Lt. Col. Delfor B. Fanton, made a special trip to see his fight.

University Of Corpus Christi Quits Gridiron

CORPUS CHRISTI, Jan. 5. (AP) — The University of Corpus Christi has abandoned intercollegiate football because of "dwindling manpower."

But Dr. R. M. Cavness, president of the independent Baptist school, yesterday said "disappointing gate receipts" was a contributing factor.

The 24-man board of trustees of the university approved the decision. A settlement was reached with Football Coach Will Walls for the remaining 14 months of his three year contract.

Civilian Employment Up In Government

WASHINGTON, Jan. 5. (AP)—Congress was told today civilian employment in the federal government moved upward again in November for the fifth consecutive month.

The Senate-House Committee on reduction of non-essential expenditures said payrolls hit $2,163,278 in the month, an increase of $12,827 over October.

Bradley Cage Mentor Teaches Texas Coaches

BEAUMONT, Jan. 5. (AP) — Forrest Anderson, coach at Bradley University, will instruct in basketball at the Texas Coaching School in San Antonio next summer.

Anderson's team currently is rated the No. 1 quint in the country.

Another instructor announced was Alex Hooks, baseball coach at Southern Methodist University.

TEL Class Meets With Mrs. G. B. Clark, Sr.

Mrs. G. B. Clark, Sr., was hostess Wednesday to members of the TEL class of the First Baptist Church.

Mrs. Clark's guests were Mrs. J. M. Doak, Mrs. George Garner, Mrs. J. T. McCravey, Mrs. Mable Bryan, Mrs. S. J. Littlepage, Mrs. A. P. Morris, Mrs. W. W. Gross, Mrs. J. W. Moore, and Mrs. T. S. Worley.

Mrs. Morris who presided at the brief program, gave a reading, a song was sung; and Mrs. Bryan gave the devotional.

Refreshments of fruit salad with whipped cream, spiced tea and cake was served.

Signs Frisco Contract

SAN FRANCISCO, Jan. 5. (AP) — Art Del Duca, who won 12 and lost six for Beaumont's Texas League team last year, has signed with San Francisco.

Officers of Christian Church to Meet Sunday

A general business meeting of the elders and deacons of the First Christian Church will be held at the church at 3 o'clock Sunday.

The officers and advisors of the Christian youth fellowship will hold a planning meeting at the church at 6 o'clock Sunday. Mr. and Mrs. Raymond Williams and Mr. and Mrs. K. A. Barrier, new advisor, will meet with fellowship officers to discuss division of the organization into age groups.

Sunday Topics Listed For Calvary Baptist

The Rev. T. Gerald Cates will use "Don't Be A 1951 Fool" as the subject for his 11 o'clock sermon Sunday morning at the Calvery Baptist Church.

At 10 that morning there will be a Bible study on the gospel of St. John. Also radio station KSNY, will carry a morning worship program by Mr. Cates at 8:30.

Evening prayer services will begin at 6:30, and at 7 there will be sermon using the subject. "The Seventh Angel Sounded," Revelations 11:15.

Methodist Class Plans Covered Dish Party

Mrs. E. E. Wallace's home, 2911 Avenue V, will be the scene of a Sunday School covered dish party given by her daughter, Mrs. Weldon Johnson, Monday night.

Full attendance of the Nancy Caton Class of the First Methodist Church is urged by the hostess and co - hostesses, Mrs. Mable Brock, Miss Neoma Srayhorn, and Mrs. Frances Biow.

Methodists Plan Move Into New Building

First Methodist Church will hold a regular business meeting at the church at 7:30 Monday night.

The board of education met Wednesday night to discuss plans for moving into the recently completed educational building. J. O. Littlepage, chairman of the board, and Lyle Deffebach church school superintendent, were in charge of the meeting.

Class A All-State Gridders Announced By Sports Writers

DALLAS, Jan. 5. (AP) — Eight schools landed players on the All-State Class A Texas high school football team announced today by the Texas Sports Writers Association.

Champion Wharton, runner-up Kermit and semi-finalist New Braunfels each came up with two players. Brady, Dalhart, Dekalb, Arlington and Mount Vernon landed the other spots.

Rick Spinks, the great Kermit halfback, was the only unanimous choice of the all-state selection committee headed by Frank Godsoe of Amarillo.

The team:

Ends — Weldon Dacus, Brady and Charles Schriewer, New Braunfels.

Tackles — Don Koepple, Dalhart and Lawrence Kalmus, Wharton.

Guards — Donald Terrell, Dekalb and Tommy McCoy, New Braunfels.

Center — Don Kay Brown, Kermit.

Backs — Rusty Gunn, Arlington; Bill Jack Meredith, Mount Vernon; Bill Cline, Wharton, and Rick Spinks, Kermit.

Dacus and Terrell were on teams that did not get into the state championship play-off.

The all-state committee making the selections through assistance of the Texas High School Coaches Association were:

Godsoe, general chairman; Hugh Welch, San Angelo Standard-Times; Bob Cale, Wichita Falls Record News; Al Echols, Greenville Banner; Jim Dean, Tyler Courier-Times; George Breazeale, Austin American; Ray Lee, Beaumont Enterprise; Louis Anderson, Corpus Christi Caller-Times; Ben Peeler, Odessa American; A. C. Greene, Abilene Reporter-News; George Raborn, Waco News-Tribune; Johnny Williams, San Antonio Express.

Ground Broken For Baptist Auditorium

Excavation work is in progress for the foundation of the new First Baptist Church auditorium where construction on the $250,000 edifice will begin as soon as the present parsonage is moved from its location west of the church.

A ground - breaking service was held late last Sunday under the leadership of the Rev. E. K. Shepherd, pastor. The service began with the singing of the Doxology led by the music and education director, Ralph Wesson.

The first spade of dirt was turned by Giles Bowers, co-chairman of the building committee, followed by the spading of Myron Roe, chairman of the finance committee; Mrs. Wade Winston, representing the architect, Bullard & Fehlberg Co., of Dallas; E. W. Hall, Sunday School superintendent; Ray Flowe, training union director; Mrs. Haylelda Holt, president of the Women's Missionary Union; Bob Davis, president of the Men's Brotherhood; Lyman Wren, chairman of the board of deacons; and the Rev. Bill Arnett, of Big Spring, missionary for Eighth District of the Baptist General Convention of Texas. The service closed with prayer led by Jack Inman, a deacon of the church.

The present six-room brick parsonage, one door west of the auditorium, has been sold to Mrs. Eunice Weatherbee and will be moved to her property across the street as soon as possible, Mr. Shepherd said, after which the construction of the new auditorium will begin.

The church will also construct a new parsonage on a lot donated by Mr. and Mrs. John E. Sentell, 3101 Avenue X, near their home. The present auditorium will be converted into an educational building, while the new edifice will be annexed to it on the west.

Church Orchestra Is Organized by Baptists

The North Side Baptist Church, 1909 Sixteenth Street, continued Wednesday night with its orchestra practice under the direction of Gene Halvorsen, professional orchestra leader and music instructor and the pastor, the Rev. Earl Creswell.

The orchestra is still in the state of being organized, but practice has been held for a number of weeks, and pieces so far include clarinets, trombones, accordians, guitar, saxaphone violin and piano.

North Side Baptist Parsonage Ready Soon

The new parsonage of the North Side Baptist Church is near completion, it was announced today, and soon will be ready for occupancy by the pastor, the Rev. Earl Creswell, and his family.

The new home is located at Sixteenth Street and Avenue T. The seven-room house is constructed of Austin stone at a cost of about $15,000, exclusive of some donated labor and a donated site. Most of the cost already has been paid.

Snyder Group To Hear Presbyterian in Abilene

Dr. Hugh Ivan Evans, moderator of the Presbyterian Church, U.S.A., will be guest speaker at the Central Presbyterian Church in Abilene Monday night. Dr. Evans is pastor of the Westminister Presbyterian Church in Dayton, Ohio.

This will be a Preshytery - wide meeting, and will be attended by several members of the Snyder church.

Evansville Fire Damage Heavy

Firemen pour heavy water streams onto a roaring fire in Evansville, Indiana's, business district. Officials estimate damage will total more than $10,000,000 f rom the blaze which started in a dry goods store on Main Street.

Skit Presented For Fluvanna P.-T.A.

The Fluvanna Parent-Teachers Association met last week at the school.

Miss Eleanor Norton's third and fourth grade pupils entertained with a Christmas skit, and Buford Browning spoke on "Building A Sense of Honor and Honesty in Children". The Rev. Roy Phemister spoke briefly on "Does Religion Make a Difference?"

At a business meeting discussing the possibilities of a school gymnasium, the group was served cake and punch in the cafeteria. The new loud speaker system at the school was used throughout the program.

Burglar's Brass Gets Him In Police Trouble

DUESSELDORF, Germany —(AP)—"I've a good story for you", shouted the shabby young man as he rushed into a Duesseldorf newspaper office. Then he reported that a burglar had smashed a store window before dawn, snatched some liquor bottles, and returned later to pose as a witness to unsuspecting police.

"And I was the burglar," the young man said. "Now what about paying me for the story?"

"Come back tomorrow", he was told.

White House Reply to Wire

President Truman doesn't always say he is going to beat someone up when he writes them letters. Most of his mail in fact is handled by his secretarial staff.

A Snyder man, Fred B. Wilkinson, Sr., general delivery, last month wired President Truman asking for quicker action on mobilization of the country.

Within a few days Wilkinson had a polite reply from the President's secretary, William D. Hassett. Enclosed with the letter was a copy of the Truman's speech of Dec. 15, proclaiming a national emergency. The letter said that the president sent his thanks to Wilkinson for his patriotic attitude.

Wilkinson's wire read: "Honorable President: please order immediate full war production, all food controls, all civilians to tighten their belts a little, also price control. Had two sons in World War II. Served myself in World War I. Am ready to tighten my belt again. Yours truly. . ."

Wilkinson's sons are Fred B. Wilkinson, Jr., and William John Wilkinson. Both served with the Navy during World War II.

Wilkinson has lived in Sucrry County for 15 years.

Mrs. Mary Cox Rites Tomorrow in Dunn; Was Former Resident

Funeral services for Mrs. Mary E. Cox of Roscoe will be held at 2 o'clock tomorrow at the Church of Christ in Dunn, with David De. Shay, minister of the church, officiating.

Mrs. Cox died about 4:30 this morning at her home. Mr. and Mrs. Cox had lived in Roscoe about four years, and had lived in Snyder and Fluvanna about 10 years prior to that time.

Mrs. Cox was born Jan. 23, 1874 in Springfield, Mo. She was a member of the Church of Christ.

Survivors include the husband, W. B. Cox; eight daughters, Mrs. Willie Bunch of Snyder, Mrs. Ella Nichols of Stephenville, Tex., Mrs. Myrtle Bunch of Dexter, N. M., Mrs. Pearl Hurley of Stephenville, Mrs. Ester Meador of Stephenville, Mrs. Zelpha Holdren of Loving, N.M., Mrs. Frieda Amos and Mrs. Oleta Garrard, both of Dunn; three sons, Curtis Cox of Dunn, Edward Cox of Snyder and Everett Cox of Corcoran, Calif.

Two sisters, Mrs. Jennie McNair of Long Beach, Calif., and Mrs. Marjorie Breedlove of Waco, and two brothers, W. C. Smith of Odell, Tex., and D. H. Smith of Lancaster, Calif., also survive.

Burial is to be in the Dunn cemetery, under the direction of the Bolger-Barnes Funeral Home.

New Bulgarian Dam

PRAGUE, — (AP) — The Isker river near Sofia is [illegible] dammed, says the Soviet news agency "Tass" in a dispatch available here. Three power plants are to be built on the dam. The water impounded will irrigate 141,885 acres. The project is to be finished by 1955.

Earthquake Relief

BANGKOK — (AP) — The Thai government has approved the sale of 200 tons of rice at a special price to India for relief of families impoverished by the recent earthquake in Assam.

The Statue of Liberty rises 305 feet above the water line.

Key Democrats Calling For A Showdown On Foreign Policy

WASHINGTON, Jan. 5. (AP)—Sen. Douglas (D-Ill) called today for a Senate showdown on foreign policy. Republican leaders demanded broadening of the anti-Communist front to include Spanish, West German and Chinese Nationalist troops.

In advance of a planned foreign policy speech by Sen. Taft of Ohio, chairman of the Republican Policy Committee, Douglas told a reporter he thinks the Senate should make a binding choice among three courses open to the nation.

CHOICES

He said these would include (1) withdrawal into Western Hemisphere defenses as former President Hoover suggested; (2) fighting only to save western Europe or (3) battling aggression in every critical area where anti-Communist allies can be found.

While he said he favors the third effort, Douglas said he would be willing to bind himself to support whatever course a majority of the Senate approves.

"The issues should be clearly stated and we should have a binding vote on the matter," he said. "We should have the mature judgment of the Senate on the course to be followed."

TALK EXPECTED

That told reporters he probably would make a foreign policy speech in the Senate some time during the afternoon unless there were developments to make the time inopportune.

Taft, who recently asserted there is a lack of confidence in the country in its military leadership, wouldn't expand his foreign policy views in advance of his speech.

But other Republicans took issue with President Truman's news conference statements yesterday that (1) American planes won't bomb Communist China without United Nations permission, (2) that he doesn't need approval of Congress to send more troops to Europe and (3) that he isn't considering including Spain in the military assistance program.

Sen. Brewster (R-Me) told reporters he thinks it is "grotesque" to fight a limited battle against the Chinese Communists in Korea. He said Gen. Douglas MacArthur ought to have authority to "use any weapon we possess to save American lives."

Services and Burial Here for O. P. Thrane

Funeral services for O. P. Thrane of Abilene, a former Snyder banker, were held at the Bolger-Barnes Funeral chapel this afternoon preceding interment in Snyder Cemetery. The body was brought here following earlier services in Abilene. Mr. Thrane died Wednesday morning at the Baylor Hospital, Dallas.

Rotary Club Hears Hubbard

"Our country can fall if we do not live the faith we profess," the Rev. Ronald E. Hubbard, pastor of the First Presbyterian Church, said as guest speaker at the Rotary Club luncheon yesterday.

"Emergence of New Mesiahs," was the subject of Mr. Hubbard's talk. He said that the surprise and shock of France's fall to Hitler could be repeated by this country's fall to communism if we did not use more than "dollar diplomacy" to win wars.

We must give people of other countries something in which they can have faith—a faith that is as all consuming as ours in Christ, Hubbard said, and the only thing that people can have such a faith in is Christ. That is the only way that we can permanently win any war or any peace, he said.

A copy of the petition to call a county election to decide on the issuing of $2,500,000 county road bonds for the building of about 175 miles of farm to market roads in Scurry County was passed and signed by members of the club. About 25 signatures were added to the more than 200 on the petition.

The petition will be presented to the commissioners court Monday.

Guests at the luncheon were: Glen Dugan, Abilene, brick wholesaler; W. Curtis Mitchell, San Angelo, vocational rehabilitationist; E. F. Wetzel, Overton, insurance man; Ivan Sleigh, Fairbury, Neb., department store owner; Roy Townsend, Big Spring, oil company executive; and Wier Washam, contract representative of Brown & Root, paving contractors.

Second Theft In Week From Cates Grocery

Burglars, striking last night for the second time within a week obtained about $300 in merchandise from the Roy Cates grocery on Post highway, about a mile outside of the city limits.

The burglary was discovered by Cates when he went to open the store about 8:30 o'clock this morning, and found it had been unlocked from the inside.

The glass in the front door had been broken, and the thief unlocked the door to gain entrance, according to L. E. Haynes, deputy sheriff, who inyestigated the case.

"The thieves apparently used a truck, which was driven to the side of the front door, and large quantities of groceries including numerous ten-pound sacks of sugar, cases of tomatoes, cornmeal, several hams, all cigarettes in the store, and a large quntity of coffee were loaded into the truck." Haynes said. No cash was stolen Cates told Haynes.

The sheriff's office called in J. L. Rogers of Lamesa, Texas Ranger, who arrived on the scene to dust the premises for fingerprints and for other evidence.

"The burglars must have worked fast for they dropped some of the merchandise near the door," said Haynes.

A week ago, thieves forced an entrance to the rear door of the store, and made off with about $5, a quantity of cigarettes, and candles, which Cates said looked like the work of a juvenile.

Men Do Not Know How Much Energy Housework Takes

Housework to anyone but a housewife is just another necessary chore that takes just a short time with a minimum of effort. Most menfolks don't realize what a hard job housework really is and what a great amount of energy it takes. Mrs. O. E. Moncus, 66-year-old great-grandmother, didn't feel up to doing her housework, but now since she is taking HADACOL, she is able to do her housework without a mite of trouble. Mrs. Moncus found that HADACOL supplied Vitamins B1, B2, Niacin and Iron, which her system lacked.

Mrs. Moncus says: "I was weak run-down, nervous and food didn't agree with me like it should. It gave me indigestion. And I had no appetite. I heard about HADACOL on the radio and how it had helped people who felt like I did. I had aches and pains, too, and these, plus the other things that bothered me, made me feel mighty bad. I just didn't feel up to doing any housework. I sarted taking HADACOL and after the third bottle I could tell I was a whole lat better. I have taken 13 bottles of HADACOL and I feel so good. I am no longer weak or run-down or nervous. I feel stronger and have pep and energy. My appetite is fine and I no longer have indigestion. And the aches and pains — why they have been relieved so much. My weight went back to normal and I do my housework without a mite of trouble—mop the floors and clean the blinds and feel fine afterwards. I think HADACOL is wonderful. My husband takes it, too, as does my daughter. We make sure that there is always plenty of HADACOL in the house."

Field Office 35th and Avenue C

D. P. A. Will Be Turned Into An Industry Control Bureau

WASHINGTON, Jan. 4. (AP)—Within 120 days William H. Harrison's new Defense Production Administration probably will be converted into a full-fledged, central industry-control agency modelled after the War Production Board of World War II.

A new federal building with 1 million square feet of floor space, now being completed for the general accounting office, is being earmarked instead for Harrison's production headquarters and its expected staff of several thousand persons.

By May 1, said officials who cannot be named, it is planned the various agencies in the regular government departments which now look to Harrison for policy guidance will be merged into his agency.

In creating the DPA yesterday, President Truman gave Harrison control and supervision over these agencies, but did not consolidate them physically.

It was learned no such step was taken because Harrison and Mobilization Director Charles E. Wilson felt an attempted merger during the "growing pains" stage of the agencies might delay the mobilization timetable by 60 days or more.

THOSE AFFECTED

The agencies concerned are the busy, mushrooming National Production Authority in the Commerce Department, which handles priorities, allocations and civilian curtailments; four agencies in the Interior Department which govern minerals, petroleum, fuel and electric power; and the Defense Transport Administration, in the Interstate Commerce Commission.

These gradually will be drawn closer together through Harrison's top-level supervision. By summer, it is expected, DPA will be ready to merge them and undertake an all-industry "controlled materials plan" or "CMP" like that of the last war.

Talk of the Town

By FRANCES BIOW

Snugly tucked in at the Sunset Courts, Lamesa highway, are a group of men as cosmopolitan as you might find at the Biltmore or the Palmer House. Ted Luterman, Don Cassidy, Dewey Bunch, Bob Mitchell, Reed Every, Ed Weckworth, T. Hoagland, W. R. Lockett ...these men have but recently shaken the dust of Arabia from their shoes and settled down to enjoying the dust of Snyder.

* * *

Flour Corporation, an international - operating firm of heavy steel construction, sends them here to erect the Snyder Gasoline Plant. Want to know what goes on in life in the land of the sheiks and harems?

The men of ARAMCO, the name applied to America's huge oil and gas operations in Arabia where oil flows like spring water, actually enjoyed portable houses, FHA type, with hot showers during the last stint of 27 months there. There was a convivial club house for them, and sometimes it looked disgustingly like a tap room for men in the USA, nothing wild and exotic.

One of their best stories is of a dinner party they attended, dressed to the hilt in home finery brought along. The home was one belonging to a native official. Starved for home cooking, with maybe misguided visions of a hostess in a pretty plastic apron, dispensing hot biscuits, they were soon corrected. Not a woman was seen that night—nor for that matter during their whole stay in Arabia. Men servants did the serving, bringing in to the squatting guests the food, rice and lamb dishes rich in the pungent smell of curry. It was tasty enough, but silverware is shunned, and it is the wont of the Arabian, sheik or no sheik, to eat with his fingers from the common pot, and he does hearty and not-quiet job of getting the job done, the returned visitors report. Only the right hand is used.

* * *

The mysterious women of Arabia do slink about the streets and markets, veiled to the eyes, but it was a chary American who shot more than a surreptitious peek her way, as the laws of that half-civilized country defy any levity. There is a regular law, made to punish wrongdoers, and then there is a civilian law, one in which the family of the wronged one sets the punishment upon the wrongdoers. It took a bit of doing to extract one of the company truck drivers from a ticklish situation. He had inadvertantly run over a native. The family demanded he be tied to a post and run over with a truck! He escaped the "eye for an eye" treatment, but probably hasn't driven over 30 mph since!

* * *

The only absolute ruler still in existance today rules over this land. Within easy sight of the Americans' quarters rise his mansions, temple-like in architecture but, humorously, containing many western ideas brought by visitors ....air conditioning, record players for the harem, and, who knows, maybe mix masters! Of every barrel of the oil so plentiful there the king's cut is felt. He is fabulously wealthy, but then, think of the expenses involved if you had 40 wives.

Which brings to mind a clipping from the Ladies Home Journal, than which there is no more profitable reading for the housewife ..... "Brigham Young, we have read, ate at the same table every day with all but one of his 27 wives, but the 27th held out for a house of her own, a table of her own, and prairie chicken, all of which she got.....She was 25, and her husband 61. But of course the story may be apocryphal."

Big Spring To Offer Airport To Government

(Special to the Daily News)

BIG SPRING, Jan. 5, (Spl) — A resolution offering to lease Municipal airport to the U. S. Air Force for use as a military base for the training of air personnel was passed by city commissioners in a special session last night.

The commission offered to provide an adequate water supply, cancel outstanding rental agreements on buildings in the field area, and grant other concessions to the Air Force. In return, it requested the Air Force to make funds available for expansion of the sewage disposal plant to care for the additional load and petitioned for the privilege of joint operations at the air field.

A copy of the resolution, in which commissioners said they were "anxious to do everything in our power to further the national defense effort," is to be presented to Col. Jay V. Russell of the U. S. Engineers for his survey file.

Col. Russell has been in Big Spring for the past week checking the former Air Force facility and conducting a survey of other facilities which will be required for reactivation of the field. Attending last night, he expressed appreciation "for the government" of the cooperation of city officials, county officers, the chamber of commerce and businessmen. The engineer had intended to return to Albuquerque, N. M., today, but announced after the meeting last night that late developments in Air Force plans would keep him in Big Spring for another week.

Girl Recovers Consciousness

INDIO, Calif., Jan. 5. (AP) — A high school girl is trying today to catch up on events during the last five months when she was unconscious as a result of auto accident injuries.

Miss Erica Schmutz, 18, returned to consciousness two days ago. She had been blacked out since July 9, when she suffered a skull fracture.

She was riding in a car with her parents, Mr. and Mrs. Emil Schmutz, of Alta Loma, when it and another machine collided head-on.

Miss Schmutz, student of Alta Loma High School, after the months of constant medical and therapeutic care at Coachella Valley Hospital here, will have a lot to bring herself up to date on.

Her parents believe she is now on the road to recovery. She already is able to leave her bed and sit up in a wheel chair.

All 12 cross-country championships staged by the NCAA have been held aat Michigan State.

McFarland Becomes Leader

Senator Ernest W. McFarland of Arizona (left) gets a good luck handshake from Senator Lyndon Johnson of Texas (right) as Senator Virgil Chapman of K entucky as they enter a Democratic Senate caucus at which McFarland was elected party leader for the new Congress. Johnson was chosen assistant leader.

Truck Drivers Raise Fund To Show Thanks For Aid In Storm

AKRON, O., Jan. 5. (AP) — Truck drivers from 30 firms will show their appreciation Jan. 17 for food and shelter given them during the Thanksgiving week-end blizzard.

Hundreds of families pitched in to help travelers stranded by up to 33 inches of snow in some part of Ohio. Emergency kitchens and shelters were set up and many of the victims were given lodging in private homes.

TELL ALL

When the drivers reached their terminals after the storm, they told of the generous treatment. Later they talked about it among themselves at rest stops and lunchrooms.

The people wouldn't let us pay them; now we should do something to show our thanks, they decided.

And so, with the help of Owen O. Orr, president of the Motor Cargo, Inc., of Akron, a fund was started. In a short time contributions from drivers and their employers had risen to $3,000.

Two towns were selected to symbolize the relief effort in Ohio, Pennsylvania and West Virginia. They were Irwin, Pa., at the junction of U. S. Route 30 and the western end of the Pennsylvania turnpike, and Medina, O., where Routes 183 and 57 converge.

DONATE FUNDS

At simultaneous ceremonies on Jan. 17, the drivers will say their thanks. The Irwin public library will receive $1,500 for a new section of books and the Medina recreation park will be given a similar amount for equipment.

Bronze plaques, attesting to the hospitality of the two towns, will go along with the presentations.

Youth Center Board Will Meet Tonight

A meeting of directors of the Youth Center will be held at 7:30 o'clock tonight at the Chamber of Commerce office. Primary topic for discussion is expected to be the debt outstanding against the Youth Center building.

The board of directors for the Center is made up of representatives from civic groups who have helped sponsor the project.

City Council Meeting

A special meeting of the city council has been called for 7 o'clock tonight.

Consideration will be given Snyder's participation in the Colorado River Municipal Water District and problems which that poses for the city, Forest G. Sears, mayor, said.

Federal authorities say that counterfeit coins usually may be detected by the sound they make when dropped — a dull thud—and the way they feel — greasy.

Lamesa Man's Death Is Ruled a Suicide

LAMESA — Jan. 5 —A verdict of suicide was given by Justice of the Peace D. M. Campbell in the death of Oliver Jackson Duff, 52, of Lamesa. Duff was found shot to death in his home there yesterday, a .38 caliber pistol still clutched in his hand.

The body was found by Robert Fitzgerald, a friend of Duff, who said he could think of no motive for the suicide. Sheriff Roy King said nothing was missing from Duff's room, including money, and discounted the possibility of foul play.

Bring Him Out Here

SANTA PAULA, Calif., Jan. 5. (AP)— The Rev. Gene Fussell's prayers for rain have brought it, promptly, for the second year in a row.

Light rain fell yesterday less than 24 hours after three special services were held in Mr. Fussell's First Baptist Church. Other churches joined in the prayers.

There had been less than two inches of a rain in the last eight months.

Max Bennett, for many seasons a star player in the American Hockey League, coaches the Canisius College hockey team.

Promotion For Mrs. Zimmerman, Manager Of Montgomery-Ward Here

Miss Olive Pitcock left Snyder this week for Wichita Falls, where she will become the manager of the Montgomery -Ward branch store there.

Miss Pitcock came to Snyder in October to take over training and temporary management of the new mail order branch here.

Mrs. Bill Zimmerman, 2806 Avenue X, has taken over management duties of the Snyder store.

Reorganization Dispute

PHILADELPHIA, Jan. 5. (AP) — The Allegheny Corp. wants to set aside the reorganization plan for the Missouri Pacific Railroad. An official of Allegheny said yesterday the firm is preparing a $20 million offer to the Mo.-Pac. trustee to block the plan.

Locations Set For 7 Scurry County Wells

Applications have been filed to drill seven new projects in Scurry County.

Standard Oil Co. of Texas spotted its No. 12-2 A. C. Martin as a 7,500-foot exploration in the Kelley-Snyder-Strawn field.

Location is 1,661 feet from west and 540 feet from south lines of section 391, block 97, H&TC survey and seven and one-half miles north of Snyder.

Operations will begin immediately.

In the Diamond M-Canyon field of Southwest Scurry County, four new tests have been staked for immediate drilling.

Skelly Oil Co. No. 1 Hugh Bidwell is located 330 feet from north and west lines of section 177, block 97, H&TC survey and eight miles southwest of Snyder. Projected depth is 7,000 feet.

Lion Oil Co. No. 1 Marr is another new location in the Diamond M-Canyon field. This 6,300-foot project is 660 feet from north and west lines of west half of southwest quarter of section 178, block 97, H&TC survey.

Drillsite for Sun Oil Co. No. 8 H. Rosenberg is 660 feet from north and 2,012.9 feet from west lines of section 195, block 97, H&TC survey.

Rotary tools will be used to drill to 7,000 feet.

About eight miles west of Snyder and in the Diamond M-Canyon field, the Pure Oil Co. is scheduled to drill No. 4 Nellie Williamson.

It is 660 feet from north and west lines of lease in section 245, block 97, H&TC survey.

Rotary tools will be used to drill to 7,000 feet.

In the Kelley-Snyder field of Scurry County, Sun has spotted No. 2 Eliza C. Rollins, 660 feet from north and east lines of section 193, block 97, H&TC survey.

Projected depth is 8,100 feet. Rotary tools will be moved in and drilling will begin immediately.

Drillsite is four and one-half miles southwest Snyder.

Phillips Petroleum Co. No. 4 Donie is another new test in the Kelley-Snyder field.

Rotary tools will be used to drill to 6,900-feet, beginning at once.

Location is 467 feet from north and east lines of southeast quarter of section 212, block 97, H&TC survey. That puts it four miles west of Snyder.

U. S. Stand On Formosa May Change Soon

WASHINGTON, Jan. 5, (AP) — If American forces pull out of Korea —a possibility now moving toward a probability — the prolonged argument here over full-scale aid to Chinese Nationalists of Formosa may be resolved quickly.

Abandonment of Korea would leave strategists with two choices: To rest the Pacific Defense perimeter on Japan, or to join actively with Nationalist Generalissimo Chiang Kai-shek in establishing an outer bastion of the line close to the shores of Communist-held China.

United States policy now, as fixed by President Truman and the State Department, is to give only enough equipment and military advice to enable the Nationalists to maintain an adequate defense against possible attack from the Communist mainland. There are no American troops, planes or ships based in Formosa.

Back of this current policy has been the reasoning that full aid to Chiang might involve the United States in open, direct war with China.

But when masses of Chinese troops swarmed into Korea to intervene and fight American soldiers, new angles of the picture began to evolve.

Now there is speculation that if the Chinese Reds drive UN forces out of South Korea, the case of aggression against the Communists may be, so strong that there no longer can be reason for giving only minimum assistance to the Nationalists on Formosa.

That assistance, however, might not mean that American ground forces would engage Chinese Communist armies unless the Reds gambled on an invasion of Formosa.

Instead, it could assume a form of tight naval blockade of Communist ports, warship and aircraft bombardment of Communist cities within reach of forces based on Formosa, substantial help in additional air and ground equipment for Chiang's forces, and help for the Nationalist guerrillas on the Chinese mainland.

Supervision of the U. S. Mint originally was a function of the Secretary of State, but a separate agency was established for it in 1799.

Apple Picker Indicted In Strangulation Death Of Former Follies Girl

NEW YORK, Jan. 5. (AP) — An upstate New York apple picker was called into court today to face a first-degree murder in the strangulation of a former Ziegfeld Follies girl on Christmas night.

The defendant, Birger Nordkvist, 41, was indicted yesterday after the slaying, gave his address as Hamlin, in western New York.

The accused man, a Swedish-born former seaman, has been quoted by police as saying he strangled Miss Hughes in a hotel room here in a fit of passion when she resisted his advances during a drinking spree.

He was quoted as saying "I remember taking my handkerchief and putting it around her neck and pulling it tight."

The body of Miss Hughes, who was about 50, was found in a room at the Ashland Hotel. The room had been rented by Nordkvist.

Some estimates of the annual loss from worthless checks run as high as $300 million.

To the Woman Who Preserves Foods at Home—
Preserve Foods by Freezing —
it's easier, quicker—results are better

Freezing foods is simple. It's the easiest way of preserving . . . requires half the time, half the effort. There are only seven steps to follow for freezing . . . fourteen for canning.

With a Deepfreeze home freezer, you no longer spend long tiresome hours over a hot stove, or go through the drudgery of washing and sterilizing jars. You save time, work, food and money.

Freezing is nature's way of preserving foods. It seals in all the quality, flavor and food value . . . it retains the appearance, texture and color of the choice fruits and vegetables you grow or buy. And it keeps them SAFE from food spoilage.

The Journal of the American Dietetics Association (June issue, 1948), Cornell University, states that no case of food poisoning from frozen foods has ever been reported.

De Luxe Model C-12, 12 cubic ft. holds more than 400 lbs. assorted, perishable foods. Other models for any size purse—any size family. Small down payment. Easy terms.

There's only One!

PERSONALS

Dick Davison of El Dorado, Ark., is a newcomer to Snyder, having been transferred here this week as a chemist with Lion Oil Co. Mr. Davison, who will work at the site of the new gasoline plant, will live in the Ohlenbush House, bachelor headquarters at the camp.

John Gray, geologist for Lion Oil Co., has returned from Houston, where he visited relatives over the holidays.

Mr. and Mrs. Buford Monnet, Lion Oil Camp, have returned from a vacation spent in Tulsa.

J. M. Reed, assistant division superintendent of Lion Oil Co., is back on the job full time after a serious accident some weeks ago when he was burned in an oil field accident.

West Grazing Fees Up 6 To 10 Cents

WASHINGTON, Jan. 5. (AP) — Grazing fees western stockers must pay on public lands go up from 6 to 10 cents per animal-unit-month May 1.

The unit is the amount a horse, cow or five sheep graze in a month. Interior Secretary Chapman said the higher fee will affect 58 grazing districts in 10 states. He asserted the ranchers recognize the need and "are willing to pay their share of the costs."

Monsanto Pay Increase

TEXAS CITY, Jan. 5. (AP) — A 10 cent hourly wage boost ,ese c-ot5h cent hourly wage boost, the second hike in six months, has been given more than 300 union workers at the Monsanto Chemical Plant.

Chemists Think They Have The Antidote To New Nerve Gases

EDGEWOOD, Md., Jan. 5. (AP)—The Army Chemical Corps announced today one of its doctors has made a discovery which may lead to finding a way to combat so-called "nerve gases."

The doctor is Harold E. Himwich, former professor of physiology and pharmocology at Albany, N. Y., Medical College, and since 1946 a specialist at the Army chemical center here. He is chief of clinical research in the center's medical division.

OVERCOMES ONE

Dr. Himwich has found that the drug Atropine can be used to overcome the effects of another drug commonly known as DFP (di-isopropyl fluoro-phosphate).

This is important because DFP produces the same symptoms as the nerve gases. Both bring on epileptic-type convulsions. The brain, muscles and vital organs are thrown into a frenzy of activity. They finally become exhausted and paralyzed. DFP isn't as powerful, but large doses of it can bring quick death.

The similarity makes DFP an important laboratory tool for medical specialists working on the effects of nerve gases.

SUMMARY

The chemical corps gave this summary of Dr. Himwich's clinical findings about the use of Atropine against DFP:

It must be administered quickly ond in good amount. Even then, the symptoms may return. More Atropine can be administered. It should not be used where the victim has stopped breathing because of the possibility of heart failure.

In these cases, the first thing to use is artificial respiration. When the patient starts breathing again and his color returns, then Atropine can be used without damage to the heart.

From Foxhole To Washington

TOKYO, Jan. 5. (AP) — A master sergeant from Texas has been taken out of a Korean foxhole to fly to Washington, where his brother will be awarded the Congressional Medal posthumously.

M-Sgt. Truman H. Watkins of Houston, was in a foxhole Wednesday when he received word to report to an airfield. He was flown out of Korea and today left Tokyo for the United States.

At Washington Tuesday the Congressional Medal will be presented to the widow of Watkins' brother, Sgt. Travis Watkins, who died in a Korean foxhole Sept. 3.

Travis Watkins was credited with the following acts of heroism, Gen. MacArthur's headquarters said:

With 30 enlisted men, he was surrounded by the enemy. He moved from soldier to soldier offering words of encouragement and "at the same time killed two of the enemy."

He went out to get the weapons carried by the two enemy soldiers and was attacked by three more. He killed them too but was wounded. He then made a one-man attack on an enemy machinegun position, destroyed it and killed the crew of six. Weakened from his wounds, Travis Watkins ordered his men to withdraw and died. His men were credited with killing 500 of the enemy in the action.

Pharr Chamber Head

PHARR, Jan. 5. (AP) — Albert A. Ady has been named manager of the Pharr Chamber of Commerce. He formerly was director of public relations for St. Petersburg, Fla.

PERSONALS

Mr. and Mrs. John Dodson, 2008 Avenue N, have returned from a trip to El Paso, where they attended the Sun Bowl game.

Mrs. Ida L. Curry, 3112 Avenue K, had as holiday visitors last week her daughter, Miss Aline Curry of Levelland, and her two sons, Fykes Curry and family of Hobbs, N.M., and Dill Curry and family of San Angelo. A granddaughter, Mrs. Bill Jack Curry, joined the family group from Merced, Calif.

Mr. and Mrs. Al Simpson, 3115 Avenue T, had as a visitor in their home Tuesday Mrs. Mary Hudman from Big Spring.

Mrs. C. M. Bigg, R. N., 512 Twenty-eighth Street, reports that her nephew, Clarence Ray Daniels, whose case she has been attending in Wichita, Kas., is now successfully recovered. Daniels recently underwent a delicate brain operation in the Wichita Hospital, with Mrs. Bigg his special nurse.

Mrs. W. P. Smith and daughter, Miss Eunice Smith, spent New Year's in Roscoe visiting with Mrs. Smith's daughter and family, Mr. and Mrs. J. E. Izaacs.

Sgt. James E. Trumble is now here visiting in the home of his parents, Mr. and Mrs. T. L. Trumble, Route No. 1. A veteran of the Korean war, he is to return to Oakland, Calif., next Thursday for further hospitalization. Another son of Mr. and Mrs. Trumble, T. L. Trumble, Jr., returned to duty with the navy yesterday after spending a brief leave here with them.

Mr. and Mrs. H. J. Hatter, 1307 Twenty-fourth Street, spent New Year's in Brownfield visiting with their friends, Mr. and Mrs. T. L. Hudson.

Mrs. John Bayouth, 2300 Thirty-second Street, has returned to her home after an illness in Snyder Hospital. Mrs. Bayouth's physician reports her condition to be improved, but she will be confined to her home for a short while.

Mr. and Mrs. A. C. Alexander returned Wednesday from Dallas where they spent several days over New Year's visiting with their son, Weldon Alexander and family, and their daughter, Mrs. C.R. Wallin and family. The group was joined New Year's day by the Lyle Alexanders, who went down to attend the Cotton Bowl classic.

Mr. and Mrs. Guy Wells are in Askansas on a short vacation from Mr. Wells' duties with Bickerstaff Motor Co., where he is employed in the clerical department.

Mrs. E. E. Wallace Jr., 2911 Avenue V, returned Wednesday from Lubbock, where she has been in a hospital. She is recuperating at her home.

Mrs. Byron Carraway who has been making her home here for several months, returned to Amgrillo to live this week. She is a niece of Mrs. W. D. Beggs, 3103 Avenue W.

Mr. and Mrs. William F. Atwood, Dunigan Tool & Supply Co., entertained over the holidays Mrs. Atwood's sister, Mrs. Armstrong Bailey and Mr. Bailey of San Antonio, and Mrs. Atwood's friend, Mrs. Marsha Leake of Dallas.

Texas History Written in Brands

By JOHN M. HENDRIX

H. B. Sanborn, to whom credit is given for helping introduce barbed wire into Texas, put the profits from his venture into Texas land and cattle. He early saw the values and possibilities of barbed wire and secured the agency for it from the Elwoods in Illinois for the entire state of Texas.

With his profits he eventually purchased a vast area adjoining the City of Amarillo and founded the Frying Pan Ranch. He is known as the father of Amarillo, the town having been founded on land given by him for that purpose. He also maintained a large horse ranch in Grayson County where he raised fine horses.

The Elwoods, who were also interested in the manufacture of the first barbed wire, also invested heavily, probably through Sanborn's influence, in Texas land and cattle in the Colorado and Lubbock country. The Sanborn ranch used a frying pan for a brand and operated from 1884 until it was closed out as a ranch in 1894, after which Sanborn devoted a major portion of his time to the furthering and development of the city of Amarillo.

Government To Advise On Technical Matters

WASHINGTON, Jan. 5. (AP)—The government has offered to advise the people on everyday technical data whose release might "endanger the national security."

Secretary of Commerce Sawyer announced yesterday that state and local officials, private businesses and individuals may write "for office of Technical Services here.

Senate Committee To Delay Hearings About Polities In RFC Loans

WASHINGTON, Jan. 5. (AP) — J. B. Glidden, who resigned recently as manager of the Dallas Reconstruction Finance Corp., will have to wait to tell all to a Senate committee. He contends the "stench of politics" taints the vast lending agency's policies.

Sen. Fulbright (D-Ark), who heads a committee investigating the RFC, said yesterday his group agreed not to reopen its hearings to hear Glidden. Fullbright will introduce bills changing the RFC set up.

East Texan Returns To Service, Is Killed

DALLAS, Jan. 5. (AP) — An East Texan who left his grocery business for a second hitch in the Army has been killed in Korea.

He was Capt. Delmer R. Threadgill, 30, of Mt. Enterprise, Rusk County. Notification of his death in the Taejon area was sent by the Army to a brother, A. J. Threadgill of Dallas.

Threadgill served three years in Europe during World War II. Afterward he opened a grocery store near Henderson. He went back into service in 1948.

New Light Tanks Will Start Rolling In Spring

WASHINGTON, Jan. 5. (AP) — A new series of American light tanks is due to start rolling off production lines early this spring.

Army Undersecretary Archibald Alexander said last night the new model is designed to kill an enemy medium. He added that development of a new U. S. medium tank is well under way and that a new heavy tank is planned.

The columbine is the state flower of Colorado.

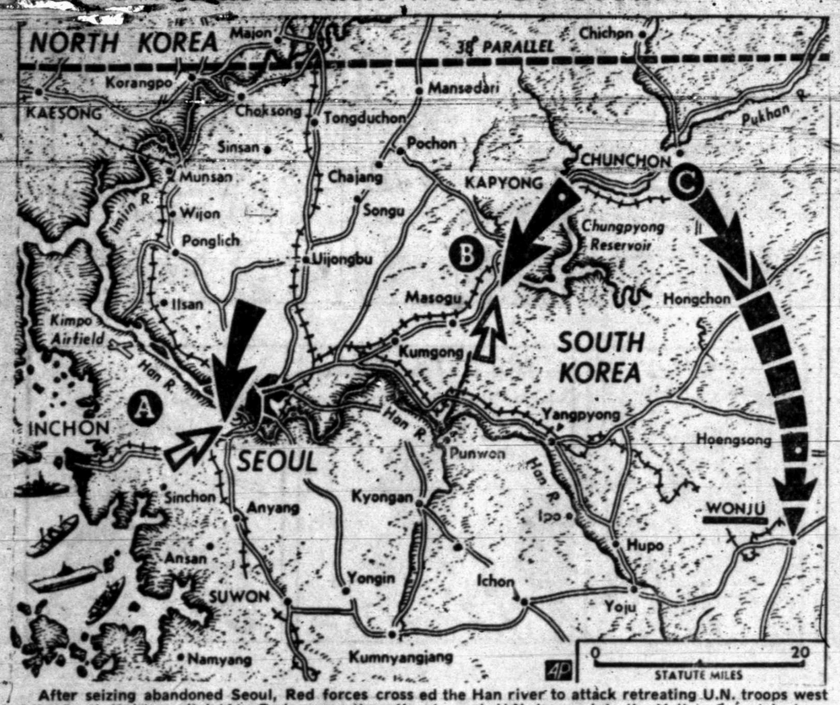
Reds Attack West Of Seoul



After seizing abandoned Seoul, Red forces cross ed the Han river to attack retreating U.N. troops west of the South Korea capital (A). Reds were attempting to push U.N. troops into the Yellow Sea at Inchon. Allied fleets (ship symbols) stood off Inchon to evacuate UN. troops west of Seoul. A battle was reported raging southwest of Kapyong (B). A reported force of 180,000 Chinese and Korean Reds was driving toward Wonju (C), threatening to trap Allied forces to the west and north.

Communist Force Choose Soft Spots For Attack On UN Lines

By JACK MacBETH
(Associated Press Staff)

WITH UN FORCES IN KOREA, Jan. 4. — What happened to the vaunted United Nations defense perimeter north of Seoul?

Why did the Eighth Army abandon the South Korean capitol?

It is like sticking a fork into a cheese souffle. First, the substance directly beneath the fork collapsed. Then all around it the crust sagged downward and gradually gave way.

As they had done north of the Chongchon River, the Chinese knew where to aim.

After sending out patrols for three weeks to locate weak spots in the defense, the Chinese decided they were ready. On bitterly cold New Year's Eve they struck

NOT AWED

Some officers who believed the enemy would select Christmas to renew his offensive misinterpreted the delay. They attached to it the belief the Chinese were awed by the military array assembled north of Seoul.

As each day passed, confidence soared. But there was no cockiness.

Even after a few enemy self-propelled guns and heavy mortars began a barrage against American positions in the center of the perimeter at sunset, few officers were ready to conclude this was the expected new drive.

Maj. Gen. John H. Church, commanding the famed U. S. 24th Division, said after a dozen rounds of enemy artillery fell into his positions:

"I am not worried one bit. The longer they wait the better I like it."

Shortly after nightfall, a company in intensity. Some American companies were forced to withdraw slightly but there was no question of a rout.

With the weakening of the South Korean First Division, the South Korean Sixth and the U. S. 24th were left in grave danger of being outflanked.

The South Korean Second Division on the Americans' right flank also had been forced to give up considerable ground.

[illegible] the center of the perimeter the Eighth Army command New Years Day ordered a general withdrawal to a radius eight to 10 miles from Seoul.

This set the stage for the second round of the battle for Seoul. The disintergration of the South Korean First Division had nullified any strategic advantage. Other units had to spread themselves out to take care of its ground.

Using identical tactics as previously, the Chinese again hit what they believed to be the weak line in the chain on Wednesday. This time they selected the same regiment which had fought them tooth and nail on New Year's Eve.

The Chinese knew that this particular regiment in its valiant fight had sustained heavy casualties.

By 10 o'clock, one regimental commander believed he had a battalion of enemy coming at him. A senior intelligence officer commented crisply:

"This could be the beginning of something big."

In the early hours of New Year's Day a spokesman at the front said the enemy had penetrated positions held by the South Korean First Division. This, then, was the Chinese fork that did the damage.

As the hours went by Chinese attacks on the 24th sector increased [illegible] ny of Chinese infantry was detected trying to sneak into 24th Division positions south of the Imjin River, about 30 miles northeast of Seoul.

Contracts Are Completed For 1 Paving Unit

The first unit to be signed completely in the city's 200 block paving project was finished this week, Wier Washam, contract representative of Brown & Root, paving contractors, said.

The unit includes the area on Avenue T from Thirtieth to Thirty-third Streets, where there are 22 property owners.

W. E. Holcomb was largely responsible for the quick signing of contracts on the unit, Washam said.

Holcomb and Washam worked only one day in getting the 100 per cent sign-up.

"Other units could be signed just as easily and quickly if one property owner of the unit will join me in calling on his neighbors," Washam said.

Washam added that people in other units are working with him to get the contracts signed faster, but that unit No. 59 was the first completed.

"The faster the units are signed, the quicker paving can be done," Washam said.

"If everything goes as expected, our company will move paving equipment into town about Feb. 1," Washam said.

"Enough contracts have been signed for us to start paving anytime that equipment can be made available from other paving projects," he said.

"The paving will go fast when we get started, and the entire project should be completed within a few months," he said, "so it is important that we get contracts signed as soon as possible."

Water District

(Continued from Page 1)

quire about 210 working days to complete.

"There will be few critical materials in the dam," he continued. "Cement and reinforcing steel, both critical, will be used only in the concrete spillway.

"The concrete spillway is designed to permit passage of such flood waters as can be expected once in every 30 or 40 years. In addition, we have designed emergency spillways for a maximum flood, which is always a possibility anywhere in the United States."

Pinet presided at yesterday's session. Other directors attending were R. L. Cook, George White and George Mims, all of Big Spring; and J. L. Rhoades, Charles Perry, and W. E. Bruce, all of Odessa.

Nehru Due To AskEnglandTo Appease China

LONDON, Jan. 5. (AP) — Eight Commonwealth leaders began a detailed survey of the Asian situation today with the idea of formulating positive plans for a Korean settlement.

Indian Prime Minister Jawaharlal Nehru was due to keynote a closed door meeting by restating India's old argument — that the best way to end the Korean war would be to bring Red China into the United Nations and so set the stage for continuing talks between the Communist and non-Communist worlds.

The meeting of seven Commonwealth prime ministers and the deputy of an eighth began with the question of Formosa high on the agenda. This includes whether the British nations should line up behind the United States in keeping the strategic island out of the hands of Red China.

Britain's Prime Minister Clement Attlee was due to tell his colleagues the details of his Washington meeting with President Truman — in the hope of getting them to appreciate better American objectives in the Far East.

The commonwealth ministers last night pledged themselves to strive for lasting peace and to preserve a free world.

Tax Breather Until July 1 Is Possibility

By FRANCIS M. LeMAY
(Associated Press Staff)

WASHINGTON, Jan. 5.— Some congressional tax framers indicated today the 50 million or more individual taxpayers may get a short breather — possibly to July 1 — before Uncle Sam reaches into their pockets for more money again.

Chairman Doughton (D-NC) of the tax-initiating House Ways and Means Committee said too he hopes that before any new action is taken on taxes "the administration, by action, not words, will do something about cutting unnecessary government expenses."

Aside from expenses of defense and security, he said, government spending should be cut to the bone.

Doughton told newsmen he doubts if anybody knows now just how much of a tax increase President Truman will ask to meet mounting defense costs. But guesses are running from $5 billion to $10 billion a year. The President said Wednesday the increase must be "substantial."

The Capitol Hill managers of tax legislation — Doughton and Chairman George (D-Ga) of the Senate Finance Committee —expect taxes to be increased again. But some members of the Ways and Means Committee said privately they think any increase on individual incomes probably will not become effective until July 1.

Doughton, however, would not rule out the possibility that such taxes may take effect before the middle of the year.

Cadet Flies To Death Smiling

CALDWELL, Jan. 5. (AP) — Young Jean M. Le Mitouard of Hangier, Morocco — heavy hearted because he couldn't win his wings as a cadet — yesterday stole an Air Force plane and, laughing, flew it to his death.

Le Mitouard, 22, son of a French surgeon, flew until the T-6 training plane ran out of gas. Then he crashed into a thicket near this central Texas town.

Capt. Alain Jourdan etc 3rd graf

Capt. Alain Jourdan, a French liaison officer, said the cadet told him by radio: "I spend my last hours in the air and then I die."

A note indicating he intended to crash the plane was found just after he took off from Randolph Base near San Antonio and Jourdan said the cadet appologized "the American Air Force for destroying this plane."

Jourdan, who flew alongside the cadet in another trainer in an effort to coax him down, said the cadet seemed in command of his emotions and "laughed many times."

Name of the cadet, at Randolph with other young Frenchmen for training under the North Atlantic Pact, was withheld until next of kin could be notified.

Randolph officials said he had been downcast since failing as a pilot trainee.

Hogs 600; butcher hogs 25c lower; sows 25-50c down; good and choice 190-290 lb butchers 29.75; good and choice 160-185 lb. hogs 19.00-20.50; sows 17.50-18.50.

Sheep 1,000; shorn slaughter lambs steady to strong; others scarce; medium to choice shorn slaughter lambs with No. 1 to No. 2 pelts 28.50-29.00.

When Lou Boudreau participated in 134 double plays for Cleveland in 1944, he set a major league record for shortstop which still stands.

Candle Service Ends Revival

The youth revival of the First Baptist Church closed Sunday night with a candlelight invitation at the close of the service led by the Rev. Mori Hiratani and the Rev. Sam Choy, native Hawaiians and seminary students in school in the United States.

While light from a large candle illuminated a world globe and Bible, a quartet accompanied by the youth choir sang "Let the Lower Lights Be Burning." Each member of the choir held a lighted candle.

After the closing revival service a youth fellowship was held which continued into the church's regular watch night service, seeing the old year out and the new year in.

The youh service began with the coronation of the king and queen of the training union, Don Griffin and Nola Kay Watson, ending the two-months membership ceptest won by the junior high department over the six other departments. The other candidates for king and queen participated in the coronation. They were:

Robert Wesson and Anita Holt, nursery department; Jackie Stewart and Judy Watson, beginners department; Paul Shepherd and Margarete Holt, primary department; Weldon Griffin and Doris Kirkland, junior department; Tommy Smith and Madolyn Crow, senior high department; and Dora Morris and Perry Morris, of the adult department.

In the coronation, Ralph Wesson, music and education director, was organist while Bradeen Jacobs was flower girl, and Wayland Holt was announcer. The fellowship service continued with refreshments of cocoa and coffee with cookies.

A motion picture, "What Happened to Jo Jo," was shown, followed by singing of hymns requested by those present. The Rev. E. K. Shepherd, pastor, then gave the devotional, and the service ended with a prayer and the playing of chimes.

Plan Observance Of Snyder Day at Fort Worth Exposition

Tentative plans for Snyder Day at the Southwestern Exposition and Fat Stock show were made at a meeting last night of two committees of the Chamber of Commerce, Harold Bennett, manager said.

Present plans include taking the Snyder high school band to the show. The possibility of a motorcade from Snyder was discussed.

Snyder day is Saturday, Feb. 2. No definite plans as to when Snyder visitors will leave here have been made, but they will be announced at a later date, Bennett said.

Committees at the meeting last night were the special events and highway committees. Renal Rossen is chairman of the special events committee. Others present include: Gene Harper, Miss May C. Lyons, Miss Dell Bynum, Nolan watson, Carl deBord, Carl Herod, G. C. Spence, and Buster Steger.

STOCK MARKET

NEW YORK, Jan. 5. (AP)—The stock market stormed ahead smartly today with trading hitting a fast clip.

Advances ran well beyond a dollar a share in numerous instances, but the bulk of the rise was held under that figure.

Steels and motors were most in demand with U. S. Steel, Bethlehem Steel, Chrysler and General Motors the most active issues and generally with the best gains.

Food Prices To New High As Congressmen Ask No Controls

WASHINGTON, Jan. 5 (AP) — Retail food prices nosed upward during the first half of December almost to the all-time peak of July 1948.

This was reported by the Bureau of Labor Statistics today as farm belt congresscen protested in advance against an anticipated request from President Truman to let him put his own controls on farm prices.

Democrats and Republicans alike predicted that Congress wouldn't go along with any proposal which might result in lower prices for farmers. They said lower prices would mean smaller production at a time when the nation needs more food.

NEAR RECORD

The BLS reported a rise of 1.2 per cent in retail food prices between Nov. 28 and Dec. 15. The price index was estimated at 216.3 per cent of the 1935-39 average. That was within 0.2 per cent of the all-time record of 216.8.

The new index was 3.2 per cent above the previous month and 5.7 per cent higher than on June 15, before the Korean war started. It was up 9.6 per cent from a year ago.

Prices of 50 foods were studied in eight cities: Atlanta, Boston, Chicago, Columbus, New York, Richmond, San Francisco and Washington. Almost all classes of retail food items were found to have increased in price.

EGGS UP

Eggs, for example, went up 14.2 per cent in the eight cities combined at a season when they normally decline in price.

A controversy over prospective controls on food prices shaped up in the wake of Mr. Truman's news conference statement yesterday that he may ask Congress to change the law which gives him price-wage control powers.

COTTON

NEW YORK, Jan. 5. (AP)—Noon cotton prices were 65 to 95 cents a bale lower than the previous close.

March 3-41, May 43.00 and July 42.55.
