City Entries Top Regional Sci-Fair

THE WEEK OF April 1-7 is being observed as Texas Business Week, and the Chamber of Commerce is making a special effort to recognize local businesses, and urges residents to support all local business people not only this week but every week of the year.

Just as farmers have had a tough time making a profit, or just breaking even in recent years, the same has been true in recent years for many of our small town businesses.

The reason that the success or failure of businesses in a small town in our area is so dependent on agriculture is that so many of them directly serve the farmer. Even those who are not necessarily tied directly to supplying the farmer are effected when farm profits dip, because the rise or fall of the local economy produces a "snowball effect."

The Chamber reminds residents during this special week that local businesses are established to serve local residents, and that when you make an effort to save a few dollars on a particular purchase by driving out of town, you may be doing your part to close the doors of a local business forever.

Too many times, residents use local merchants for "convenience purchases," and take their major buying business to the larger cities.

During this special week, we need to realize that the local merchant is our neighbor. He probably attends our church (at least one of the local churches), and is a member of our service club. Most business people have children attending the local school.

The local businessman is a taxpayer, paying dollars to help both the city and school operate. The local merchant is also the first to be contacted by the various school groups, including yearbook, football program sales, game broadcasts, etc., etc.

They also support civic activities such as Maize Days, and contribute to local fund drives whenever asked.

When taking major purchases out of town, one needs to realize that in so doing they are helping to pay city and school taxes in that particular city, as well as supporting their local school and civic activities.

We realize that during this period of inflation and "tight money" that it is important to watch your pennies, as well as your dollars, and make them go as far as possible.

But, before we drive to Clovis or Amarillo in order to save a few dollars, we need to realize that our neighbor businessman has invested thousands of dollars to give us a local place to shop, and deserves at least a fair chance at the dollars we have to spend for our products and services.

A COUPLE OF WEEKS ago we tipped our hat to Rick Tullis for the outstanding Science Fair, in which students of Friona High School, Junior High and Elementary School displayed their science projects.

These students more than proved themselves at the regional Science Fair last weekend, sweeping the lion's share of the awards given out.

Tullis was instrumental in organizing the regional Science Fair, in fact served as director to get it started. He attempted to get it going last year, but for one reason or another it was delayed until this year.

The high participation, as well as quality of the projects, by the local students, more than proved the local interest in the Science Fair. Congratulations to professor Tullis and to all the local students who participated in the Science Fair. This is a good learning experience for the students, as well as giving them an opportunity to compete against their peers.

Egg Hunt Set Sunday

The Friona Riding Club is sponsoring an Easter Egg Hunt on Easter Sunday, beginning at 2 p.m. at the Riding Club Arena.

The hunt will be divided into three age groups: one to four years old; five through eight and nine through 12. Cash prizes and surprises will be awarded in each division.

Co-Chairmen for the hunt are Jim Tucker and Ray Jackson.

Friona High School and elementary students represented more than half of the winning entries at the High Plains Regional Science and Engineering Fair held in the ballroom of West Texas State University this past weekend.

Participants included students in grades 3-12 from ten school districts in the Texas Panhandle. Participating school districts were Amarillo, Bushland, Canyon, Dimmitt, Farwell, Groom, Hereford, Friona, Nazareth, Tulia and Wellington.

The fair included three divisions--elementary, junior high and senior high.

Of the twelve contest areas in the high school division, Friona students claimed nine first place awards and also earned second and third place awards in several areas. Friona students also earned best-of-show laurels.

Brian Edmon of Friona took top honors as best-of-show with his project, "Design Characteristics Influencing Windmill Power Output." Classmate Brent Hinkle claimed second in best-of-show with "Cloverleaf Knots: Do They Conform to Knot Theory?"

Debbi Wilcox, also of Friona, was named the alternate best-of-show with her project "pH Indicators in Red Cabbage."

Edmon and Hinkle, along with their project sponsors, now are eligible to attend the International Science and Engineering Fair in Albuquerque, New Mexico in May. Miss Wilcox will attend the International Fair if either of the two winners cannot attend.

Hospital Given Grant From Parmer County

Approval of a grant to Parmer County Community Hospital to assist with the hospital's care of indigent patients was a highlight of the Parmer County Commissioner's Court on Monday, March 14.

The commissioner's court had hosted a group from the hospital late in 1982 asking for assistance in this regard. After a thorough discussion of the matter, a motion was unanimously passed to give the hospital \$5,000 to help on the institution's indigent care bills.

McFarland C. Osborn, president of the Parmer County Soil & Water Conservation District, appeared before the court and stated it was his contention that the grass area on Running Water Draw Damsite number 2 near Bovina was being abused. Commissioner Tommy Williams and Judge Porter Roberts are to look into this situation.

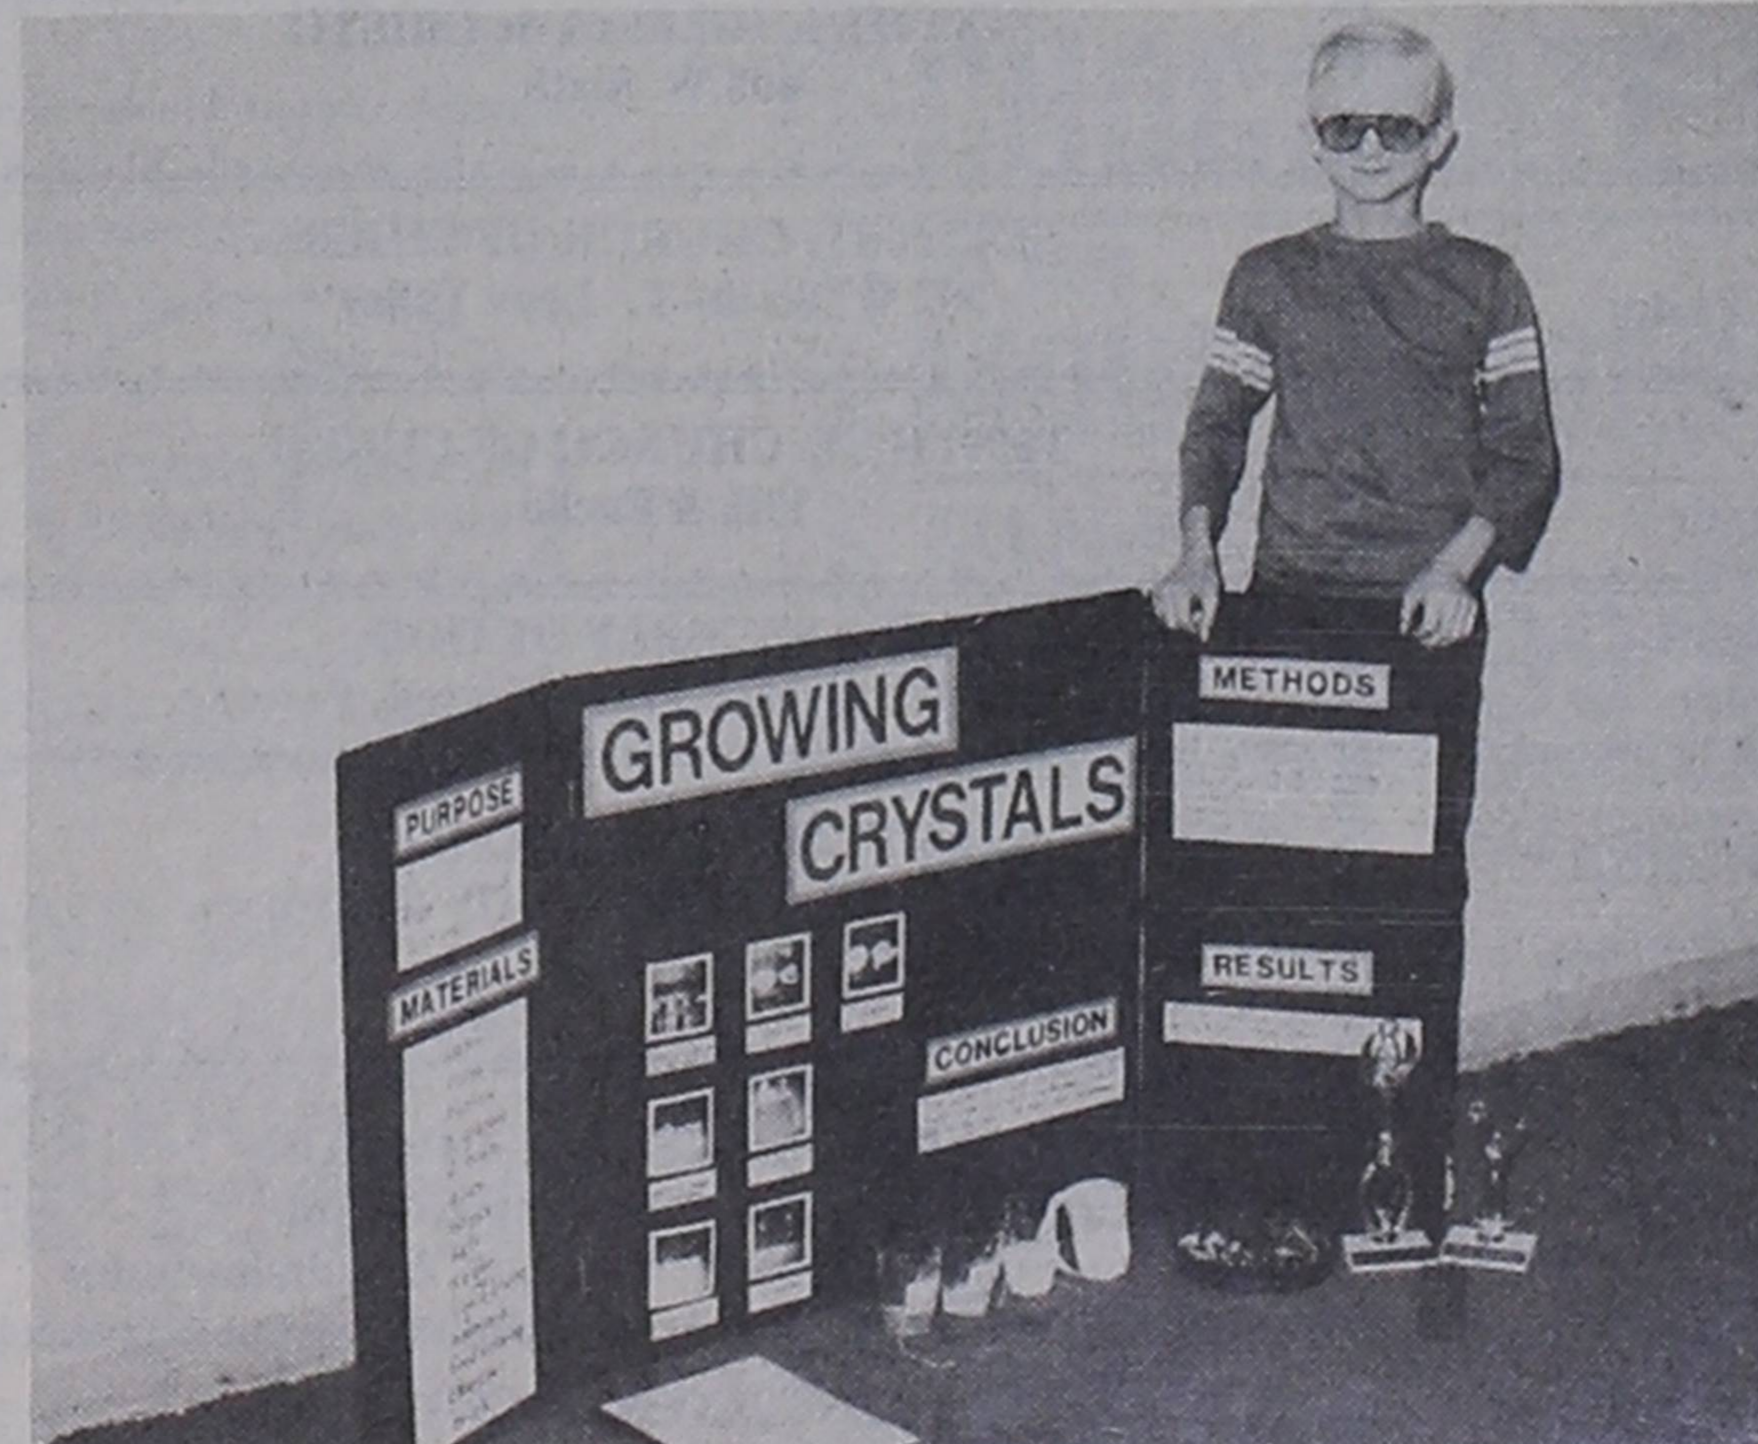

Discussion was held concerning the cost of lowering and casing an eight-inch gas line crossing on the proposed FM Road 3333. A motion was passed to reimburse Westar Transmission Co. for the work, not to exceed \$11,940.80 in cost.

Judge Roberts having been approached on the matter, the court passed a resolution forming a County Industrial Development Board for the issuance of industrial and manufacturing revenue bonds.

Bills were approved on clearing of right-of-way on the proposed new farm-to-market road, in the amount of \$147 and \$3,730.00.

Payment of boarding care bills for the Parmer County foster children in the amount of \$1,934.80 was approved. This amount will be reimbursed to the county.

Payment of \$500 to Ellis-Blackwell Funeral Home to assist in payment of funeral expenses for an indigent was approved.

LOCAL WINNER.... Chad Rhodes was the overall winner in the elementary division of the local Science Fair, and his project, "Growing Crystals," won first place in the physical science division of the Regional Science Fair.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

It is good to be home again. After an absence of about sixteen days, during which we missed the last cold spell and snow, we're glad to be back.

While we were gone we visited Mat and Betty Brown, who live in Wichita Falls, and Mr. and Mrs. T.B. Weatherley, who live in Celeste, as well as in the homes of two of our daughters, Geneva and Frieda, and their husbands and children, who live in Garland.

I'm always amazed at the construction projects in the Dallas-Fort Worth Metroplex Area. Every time we go down there apartment complexes, condominiums, churches, business buildings and other building projects are under way any place you look.

If the high rate of interest is responsible for the lack of building in other places, I'm wondering what the growth of that area will be like when interest rates are lowered.

Speaking of construction, Friona has at least one building project under way. Dale and Jane Houlette are adding onto the north side of their home at Sixth and Grand.

Helen Fallwell spent the weekend in the home of her daughter, Debbie, and her husband, Wayne Clifton, and grandsons, Chris and Jeffrey in Elk City, Oklahoma.

Chris, a kindergarten pupil, is totally wrapped up in speed skating and, like most other children his age, is most optimistic about making the

Elk City speed skating team.

His grandmother rates his skating ability as very good. Little Jeffrey is now fourteen months old.

Helen enjoyed her trip so much that she plans to go more often.

Mr. and Mrs. Ray Wilson of Merkel, Texas, arrived in Friona Tuesday for a visit in the home of Mr. and Mrs. J.G. McFarland. Mrs. Wilson and Mrs. McFarland are sisters.

Incidentally, Granville and Irene are looking forward to having all their family living in Texas before the summer is over.

Their youngest son, David, and his wife and son, John Milburn, will soon be moving from Salt Lake City to Austin. John Bill, the McFarlands' oldest son, and his wife live in the Capitol City, so "visiting the boys" will be much simpler.

Mr. and Mrs. O.C. Rhodes are home after a visit with two of their children and their families. They went to Augusta, Kansas, which is very close to Wichita, and spent some time

with Jerry and Darla Shelton and son, Russ.

Enroute home they visited in the home of Cleatus and Karon Rhodes and sons, Kodie and Kyle, who live near Sayre, Oklahoma.

Actually, they live at Delhi, but unless you're a native of Beckham County, like me and D.L. Carmichael, you've probably never heard of Delhi, which used to be a thriving community with stores, churches and a school, but is almost deserted now.

Clarence and Eva Baxter of Rye, Colorado, visited in this area recently. They're former residents and relatives of Calvin Martin, Oscar Baxter and Billy Dean Baxter, who live here and Lonnie Baxter, who lives in Clovis.

He also enjoys showing steers, and won first place in his class with his steer at the 1983 Friona show. He placed sixth in his class at the Houston Livestock Show. Edelman also has been a regional qualifier in tennis two years.

Double Ring Ceremony Unites Donna Asher, Donnie White

Donna Gale Asher, daughter of Mr. and Mrs. Mark Asher of Friona and Don Henry White, son of Mr. and Mrs. Henry White of Friona, exchanged wedding vows Saturday, March 19 at 7 p.m. at the Calvary Baptist Church.

The bridegroom's grandparents, the late Earnest Matlock and Mrs. Elva Matlock were married on this date 78 years ago at 7 p.m.

The double ring ceremony was performed by Rev. Andy Hollinger before an arch entwined with lace fern, yellow, pink and blue carnations. Candelabras with blue candles stood on each side. Blue satin bows, with blue streamers, marked the center aisle pews.

Traditional wedding selections were presented by Mrs. Sherri Taylor. She accompanied Mrs. Ibby Lewellen as she sang "The Lord's Prayer," "Forever And Ever" and "The Wedding Prayer."

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal gown of white chantilly lace and silk organza, designed with a fitted bodice,

featuring a Queen Anne neckline, enhanced by a soft lace flounce. Her long bishop lace sleeves tapered to flounces over her hands. The skirt extended to a sheer multi-ruffled hemline which swept to back fullness. The skirt cascaded into a chapel length train.

Her chantilly lace covered Dutch cap was accented with lace flowers and a large satin bow. The long illusion veiling draped to chapel length.

The bride carried a bouquet of baby's breath, with blue carnations nestled in magnolia leaves with blue satin streamers.

Carrying out bridal tradition, for something old and borrowed, she wore an 83 year old yellow gold bracelet from the groom's grandmother, Mrs. Elva Matlock. Something new was her wedding gown and she wore the traditional blue garter.

Tammi Asher, sister of the bride, was the maid of honor. Bridesmaids were Gaye Stokes, cousin of the bride, and Cherrith Randolph, both of Friona.

The bridal attendants wore floor length gowns of blue silk fashioned with scooped necklines. The long sleeved, loose fitting bodices were designed with a soft over drape ruffle that extended the full length of the skirt.

They carried a long stemmed yellow, pink and blue carnations with blue satin streamers.

The groom was attired in a light blue tuxedo with dark blue trim. His boutonniere was a blue feathered carnation.

Michael Pope of Friona was best man. Groomsmen were Gordon Asher and Coy Jameson of Friona and Dwayne Williams of Lubbock. They wore blue tuxedos with white ruffled shirts and blue carnation boutonnieres.

Guests were registered by Shelia Deaton and seated by Michael and Clint Deaton, cousins of the bride, and Coy Jameson. They wore blue tuxedos with white ruffled shirts.

The flower girl, Jennifer White, daughter of Mr. and Mrs. Ronnie White and niece of the groom, wore a white lace floor length dress with a full gathered skirt edged in blue satin. She carried a white basket of rose petals with bows of blue and white

satin.

Charlie Pope, son of Mr. and Mrs. Michael Pope, was ring bearer. He wore a blue tuxedo with a white ruffled shirt.

Teresa White, daughter of Mr. and Mrs. Ronnie White, niece of the groom, was the candle lighter. She was attired in a blue and white dotted Swiss floor length dress.

Mrs. Asher wore a floor length blue chambray, lace trimmed dress with a corsage of white feathered carnations and blue ribbons.

Mrs. White, mother of the groom, wore a floor length blue silk dress, with a white carnation corsage.

The reception was held in the Fellowship Hall of the church immediately following the ceremony.

The bride's table was covered with a white lace cloth over blue. Tammie Bush served punch from a crystal service.

The three tiered wedding cake was decorated with white and clusters of blue rose buds and was topped with a miniature bride and groom and blue bells. Tammi Asher and Gay Stokes served the cake.

Out-of-town guests registered from Canyon, Hereford, Amarillo, Lubbock, Dallas, Clovis and Hobbs,

Mr. and Mrs. Donnie White

REHEARSAL DINNER

The rehearsal dinner was held at the Fellowship Hall of the church on Friday, March 18 hosted by Mr. and Mrs. Henry White. Mexican food was served to the wedding party and friends.

New Mexico.

For a wedding trip to Ruidoso, New Mexico, the bride wore a red and white pants suit and a corsage of blue carnations.

Mr. and Mrs. White will make their home in Hereford.

Birthday Party Fetes Mrs. Elva Matlock

Mrs. Elva Matlock, one of Friona's finest and most active nonagerians, observed her 96th birthday Thursday, March 10, without much fan fare.

However, by the end of the week kith and kin had arrived from just about every direction and festivities began with a noon meal at the home of Mr. and Mrs. Dock Skipworth.

A family shower for one of Mrs. Matlock's grandsons, Donnie White of Hereford, and his fiancée, Donna Gale Asher, was held in the Matlock home Saturday afternoon.

Special guests were Mrs. Mark Asher, Tammi Asher and Gay Stokes.

That evening family members from afar joined those from Friona for supper at the home of Mr. and Mrs. T.A. Kelley.

Then, on Sunday, Mrs. Matlock was honored with a birthday dinner in the home of Mr. and Mrs. Forrest Osborn. The birthday cake, which was baked and decorated by Mrs. Osborn, featured a large family tree with different colored flowers representing her children, grandchildren, great-grandchildren and great-great-grandchildren.

Out-of-town family members attending the festivities included Opal Bostick, Kilgore, Texas; Virgie Ratliff, Hico, Texas; Bob and Shirley Ratliff, Hurst, Texas; Frank and Jewel Matlock and Jim Matlock, Plainview; Ken and Mary Wheeler, Hobbs, New Mexico; Thomas and Ann Matlock, Frederick, Oklahoma;

Mr. and Mrs. Henry McCoy, Billy, Henry and Michelle, Sherman, Texas; Monique Osborn, Canyon; and Donnie White, Hereford.

Local family members present were T.A., Ann and Tammi Kelley, Charles, Randy, Chad, Cris and Cory Hamilton, Joe and Ibby Lewellen, Delton and Betty Lewellen, Pam and Jennie Hamilton, Dock, Ernestine, Jim and Karla Skipworth and Henry and Elvera White.

Also, Ronnie, Barbara, David, Teresa, Russell and Jennifer White, Donna Gale Asher, Forrest and Dottie Osborn, Carl, Linda, Cassie and Dottie Lorain Osborn, Ted, Shirley and Brian Osborn and Boyd and Becky Stokes.

Special guests at the shower included Mrs. Mark Asher, Tammi Asher and Gay Stokes.

Laura Jacobs Gives Rhea Club Program

The Rhea Extension Homemakers met Tuesday evening, March 15 in the home of Lois Potts. Present for the meeting were Helen and Lois Potts, Cecelia and Shirley Schueler, Gay Taylor, Katherine Herrington, Roxann Hurst, and guests, Laura Jacobs, Shannon Taylor, Monia Ann Potts and Christy Brown.

Gay Taylor called the meeting to order and welcomed the guests. Cecelia Schueler served as secretary-treasurer in the absence of Donna Schueler. Roll call was answered with "My Favorite Flower." Minutes of the last meeting were read and the treasurer's report was given.

Mrs. Schueler reported that the Parmer County E.S. Council fund had been moved to Friona State Bank. The Texas Extension Homemakers' Cookbooks are still available for \$10.00 each. Contact

Cecelia at 295-3855 if interested in the 230 page cookbook entitled "Texas Taste Treasures."

Laura Jacobs, Parmer County Extension Agent, gave a report on the district meeting held in Lubbock earlier in the year. The spring meeting for District II will be April 19 at Brownfield, Texas from 9:30 a.m.-3 p.m. at the First Baptist Church. The State Extension Homemaker's treasurer will be the speaker in the morning. Afternoon workshops will include one given by a Rhea Club member, Martha Schueler. She will be giving a candy demonstration.

Laura Jacobs gave details about the State Extension Homemakers meeting to be held in Lubbock in September. The Parmer County Club will be responsible for a nice door prize to be given away at the meeting. They also will make cotton corsages and sell them. A workday to learn how to make the corsages is set on March 31 at the Texas A&M Research and Extension Center at Lubbock from 9:30 a.m.-3:30 p.m. Cecelia Schueler and Roxann Hurst were chosen to attend the workday.

A "get acquainted coffee" for the newly organized Lazbuddie Extension Club was planned. The Rhea Club has been the only Extension Club in the county for a number of years and they are excited about having a "sister club" in the southeast part of the county.

Laura Jacobs gave a program on cancer risks. Each person present took a personal cancer risk test and then the test questions were discussed. Some of the ladies present shared their own personal experience of cancer or of family members. The sharing with the group encouraged the others to get help immediately if there are any warning signs of cancer.

Laura reported that a former agent, Jana Pronger, had been involved in a serious skiing accident in February but is now recuperating. Mrs. Potts served coffee, punch and cookies to those present.

The April 10 meeting will be held in Lorna Schueler's home. Helen Potts and Cecelia Schueler will be giving the program on "How to Handle Arthritis."

PATRICIA ROBERTS and RICHARD SHIRLEY....Mr. and Mrs. Porter Roberts and Mr. and Mrs. Ralph Shirley, all of Friona, announce the engagement and approaching marriage of their children, Patricia and Richard. The wedding will be held Saturday, June 11 at 1 p.m. in St. Cyril of Alexandria Catholic Church in Houston. The bride-elect is a 1969 graduate of Friona High School and is employed at Allied Memorial Bank, Houston, in the note documentation department. The prospective bridegroom is a 1972 graduate of Friona High School, and graduated from Texas Tech University, Lubbock, in 1978 with a bachelor of science degree in mechanical engineering. Library Corner

By DARLA BRACKEN

"April brings National Library Week--let's all WHISPER three cheers for the Library!"....Reader's Digest April 1983.

While energetically doing your spring cleaning during 'Clean-Up Week' this month, don't forget to be on the look-out for any Library books you may have overlooked. And if you find any--turn them in during National Library Week (April 17-23), and we won't charge a fine--no matter how long they're overdue! Last year during our 'spring clean for books' we recovered 38 books; let's beat that this year.

During a rather cold March we had 721 patrons in borrowing 1598 items.

Once again our films were well used with over 1,000 persons viewing films. Since January we have registered 60 new patrons and we're always happy to have new people in. Our Story Hour volunteers, Karene Cass, Karene Bass, Diane White, Pam Hamilton, Rhonda Bentley, Amelia Cisneros and Kathryn Goddard attended 113 children in five sessions. The last session was an Easter egg hunt held at Prairie Acres, a uniquely pleasant event for both groups. The residents colored the eggs and then looked on as the children hunted for them. Thanks to

our mothers who helped with this event.

Congratulations to the science departments on all grade levels, both teachers and students, for your work on the science fair this year. Everyone who got a chance to view any of these projects had to be impressed with our young people. We're proud of all of you. Speaking from a librarian's point of view, we are especially pleased with those of you who made good use of the Library facilities available in Friona, both here and at school. Our Friends of the Library have designated \$500.00 to update and strengthen both our juvenile and adult science sections. These books have already been ordered so that we'll be ready for next year.

Plans are underway for art displays to be set up in the Library for your viewing pleasure. Items will be changed approximately every two months. We're proud of the many talented people we have in our area and hope this will be a way to share their work and our facilities with you. Our thanks to Friends members, Mrs. Ed Clark and Mrs. Dale Milner for coordinating the project.

New on the bookshelf: fiction--*Killdeer Mountain* by Dee Brown, *The Floating Dragon* by Peter Straub, *Black Rainbow* by Barbara Michaels and *Autumn* by A.G. Mojtai.

Nonfiction--*A Woman's Golf Game* by Kaskie, *Softball For Girls and Women* by Meyer, and *Dogs and How To Groom Them* by Harmar.

Just a reminder that Income Tax forms are still available and the Library will be closed Thursday, April 21 for San Jacinto Day.

Donations have been made by Carmaleet and Frank Truitt.

Memorial donations have been made by:

Lunell and Hollis Horton, Peg and Richard Behrendsen, Thelma and Leonard Coffey, Mary and Jack Moseley to Pearl Hand.

Lunell and Hollis Horton, Thelma and Leonard Coffey, Mary and Jack Moseley, Karen and Gary Renner, Ann and M.C. Osborn to Maggie Sims.

Thelma and Leonard Coffey, Ann and M.C. Osborn to Wendell Garner. The Rex Brackens, Marie and Cass Perkins to Hattie Anderson.

Note: Since March was Texas Book Month, our donations received during that month will be used to purchase Texas books.

HOW TO DETECT EARLY SIGNS OF MYOPIA (Nearsightedness)

An observant parent can detect early signs of myopia just by following a few simple rules....even before your child is ready for kindergarten. Here's how:

1. Watch your child for signs of clumsiness such as tripping easily or bumping into things and unusual awkwardness.
2. If he complains of headaches after watching TV or looking at books, magazines, or after coloring, etc.; this can be a significant symptom.
3. When riding in a car check to see if he has difficulty in distinguishing between a horse and a cow at a distance which you can easily determine.
4. Check to see if he or she constantly inches closer to the TV set. Does he squint when sitting a normal distance from the TV (about where the rest of the family sits)?
5. Check for rubbing or excessive blinking/the eyes or any unusual redness especially after watching TV or doing close tasks.

If you think your child (at any age after one year) might be nearsighted, make an appointment for a thorough eye examination with a reputable Optometrist...don't wait until he or she is ready to enter kindergarten or the first grade.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

WHAT IS TAX RENDITION?

This public service message from the State Property Tax Board, local taxing authorities and this newspaper explains the process.

Rendition is the method through which a taxpayer reports or lists the taxable property he owned or managed and controlled on January 1 of the current tax year. It is also the means by which a taxpayer is allowed to record his own opinion of what the value of that property should be.

Not every taxpayer is required to file a rendition, but there are important reasons why a taxpayer may wish to do so.

Renditions must be filed: (1) for all tangible personal property used for the production of income, or (2) on any other taxable property if required by the chief appraiser.

Renditions may be filed by any taxpayer who wishes to preserve certain valuable rights.

Even if you aren't required to prepare and file a rendition on your property, there are several good reasons why you should do so:

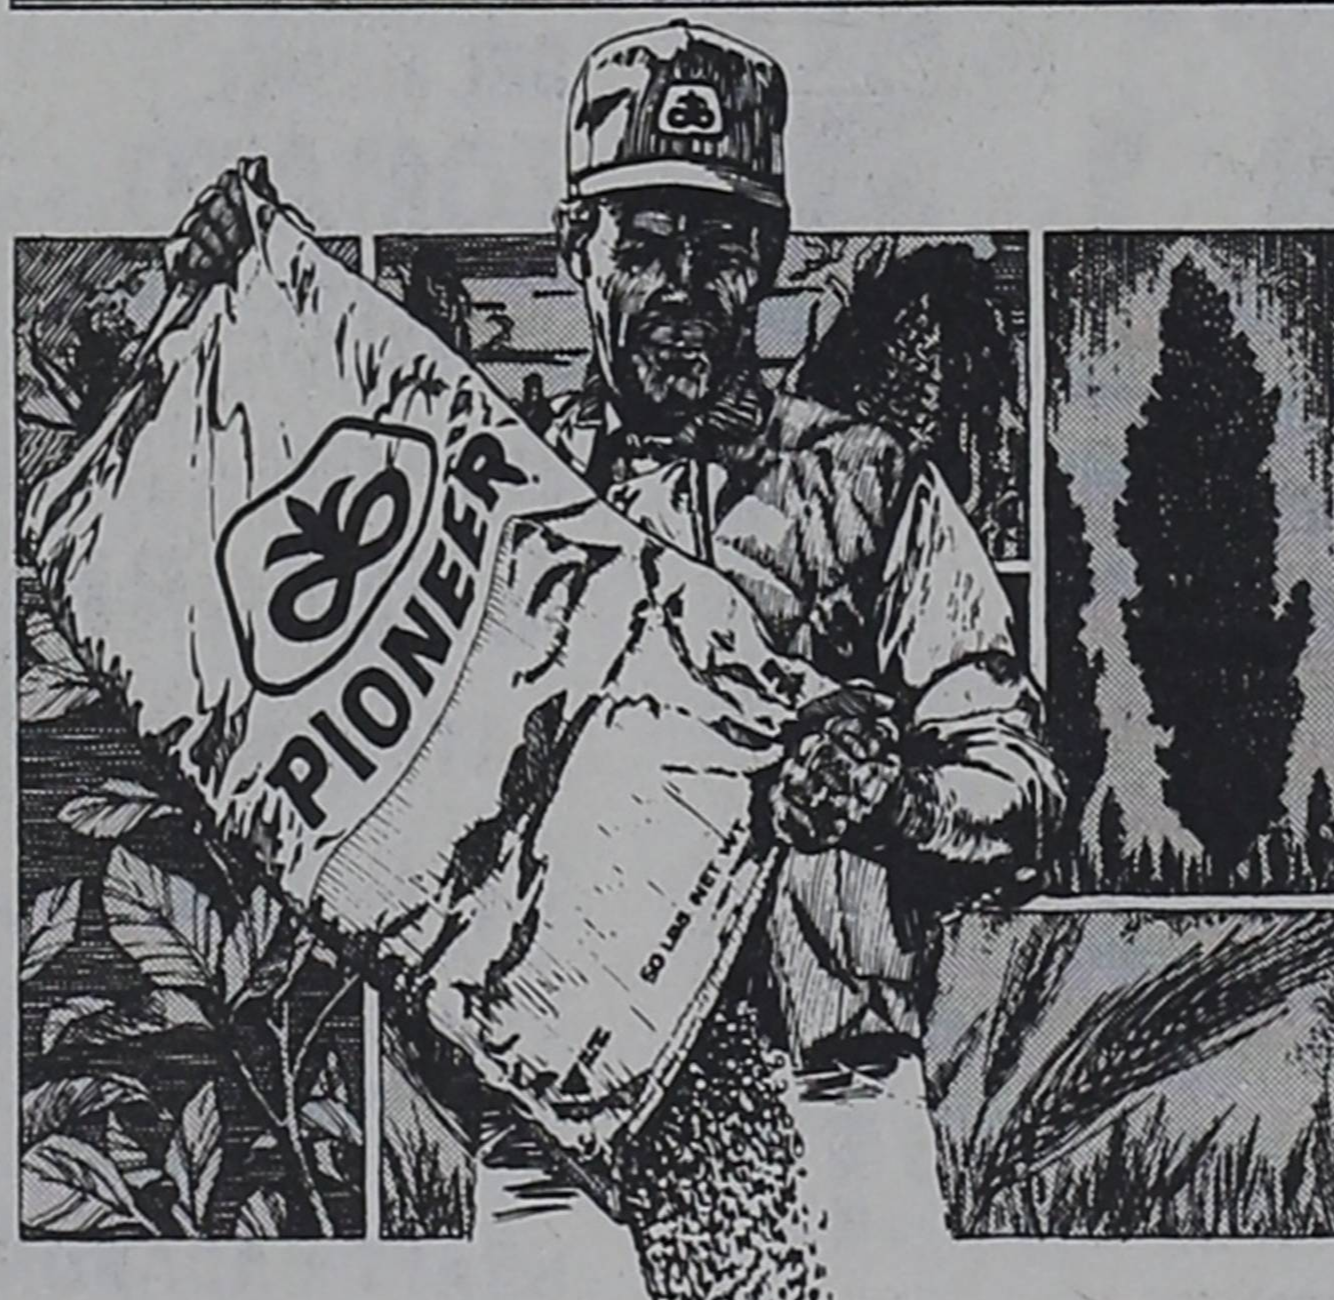

- As previously noted, by filing a rendition, you have placed into the record your own opinion as to the value of your property.
- You create a responsibility on the part of the chief appraiser and the appraisal review board to notify you if they intend to increase the value of your property by any amount over what you have rendered. Further, you have the right to protest to the appraisal review board either the increase in value or any other decision affecting the taxability of your property.
- For property that is not rendered by the owner, the chief appraiser makes his own

decision on the property's value and places that value on the appraisal roll.

In addition to a rendition, you also may file a special report called a report of decreased value if the value of your property decreased during the preceding tax year for any reason other than normal depreciation. The appraisal office will view the property and verify any reported change in appraised value and its cause and nature.

Renditions and other property reports may ordinarily be filed with the county appraisal district office at any time from January 1 through April 30. This year, since April 30 falls on a Saturday, the deadline is extended by law to May 2, 1983.

Rendition forms for various types of property, as well as other property report forms, are available from the appraisal district office. Your appraisal district can also give you a free copy of the Taxpayers' Rights, Remedies, Responsibilities pamphlet which explains exemptions, appeal rights, and other details of the local property tax system in Texas. Or, contact the State Property Tax Board in Austin.
