Good Rains Greatly Aid Crop Prospects

The 60-day heat wave was broken in this area last Friday when practically all this section received rain. Fred Byerly's gauge showed .60 inch, which varied in all directions. All sections but Hobbs and Camp Springs received this amount and more, some up to two inches.

Monday .12 was gauged in Rotan, which also brought heavier precipitation in the area. Tuesday afternoon .40 was gauged in Rotan, but to the north and east, much heavier. Much benefit will result from the moisture. The extreme heat wave seems broken and most farmers report the younger cotton should be greatly benefitted. Much earlier cotton was burning badly before the rains.

Many stock tanks caught considerable water and pastures will be greatly benefitted, in fact the overall picture is greatly improved, although more moisture is needed.

Community Reunion Grows Out of Lige Helms Family Reunion

The Lige Helms family met at the Legion Hall on August 9th in their family reunion. Several old neighbors were there to see them and they decided to have a community reunion next year on the same date. They voted to send out invitation to all who have ever lived in the communities of County Line, Cottonwood, or Riverdale or who ever attended school in either of the communities to come and bring a basket lunch to be served at the noon hour on August 9th 1965.

Bill Hudnall was elected President for this year. Mrs. Bill Hudnall to serve as Vice-President and Assistant Secretary; Mrs. Narcissia Clegg to serve as Secretary. They decided at the present to call it the County Line Reunion because these communities all bordered on the line of the three counties: Fisher, Scurry and Kent. No partiality was meant to be shown in calling it that for the present. That just seemed the more fitting name for it. So every one of you old timers who have lived there or gone to school there at any time since the places were settled please get ready to meet your friends there at Legion Hall in Rotan next year for a few hours or renewal of friendship and talk of old times if you so desire. Please let your own relatives know or give the names to Mrs. Clegg or to Mr. and Mrs. Hudnall and they will try to contact them. Not only names but addresses will also be needed.

Sec., Mrs. Narcissia Clegg

New Hunting-Fishing License Ready for Sale

Clark-Benson Hardware have received new hunting and fishing license. These do not go into effect until Sept. 1st. but the Game department urges hunters and fishermen to get theirs early as a rush generally occurs on the last day.

Both license are effective on Sept. 1st. Dove season opens at noon that day at noon and continues for 60 days. Many reports before the rain were that dove were leaving this area following a good hatch, but good flights are expected with the first cool spells and with most tanks having water now, is expected that a very good season is in store.

The quail prospects are very good at this time. A good hatch developed and most farmers and ranchmen report they survived the dry, hot weather, very well. Quail season opens Dec. 1 and closes Jan. 16th. In counties having regulatory powers with game commission, the season will close Jan. 31. The move of grating the commission these regulatory powers is proving very popular and is in effect in most counties. This very practical as Game Wardens make surveys before seasons open and determine if the season on certain game should be changed, either way, as well as bag limits. As Fisher County now stands an act of the Legislature is necessary to make changes.

If sportsmen and landowners will get interested very little effort is necessary to make this much needed change.

This is my Tithe. Let us not attempt to 'Tip' God for His benefits. Jesus said, "Bring ye all the tithes into the storehouse, and I will pour you out a blessing, that there shall not be room enough to receive it." Mal. 3:10. Jews and Christians agree that a tenth part of one's income is the accepted tithe. He said, to those who fail to give back a tenth part... "ye have robbed me in tithes and offerings."

"The Earth is the Lord's and the fullness thereof"; Psalms 24:11. May we write our tithing check freely. May we give back to the Lord a tenth of what He has so graciously and so abundantly given us. It is God's plan for financing His church. Christ approved it as the best way to carry on His work in the world. This is My Tithe.

City Livestock ordinance follows as voted by citizens of City of Rotan, April 5, 1960 and passed and approved by City Council immediately following:

An ordinance making it unlawful to keep livestock or poultry within the city limits of the City of Rotan, Texas, without a license; providing regulations for keeping livestock or poultry; prescribing procedures for granting and revoking licenses; providing for inspections; defining the term livestock and poultry; prescribing penalties; providing separability of sections; and providing that such ordinance shall become effective thirty days after its passage.

Be it ordained by the City Council of the City of Rotan, Texas:

Section 1: Then Term "livestock" as used herein shall be construed to mean any horse, mule, jack, jenny, cow, cattle, hog, sheep goat, rabbit, or guinea pig; and the term "poultry" shall be construed to mean chickens, turkeys, geese, ducks and guineas.

Section 1 A: That the term "person," as used herein shall be construed to include both singular and plural shall mean and embrace any individual, corporation, association, partnership, or society, or their agents, servants and employees.

Section 2: No person shall keep livestock or poultry within the city limits of the City of Rotan, Texas without first obtaining and thereafter keeping in force a license permitting him to do so.

Section 3: Licenses shall be granted or allowed to remain in force only when regulations as follows are observed:

A. The livestock or poultry shall be kept within structures or enclosures and not be permitted to run at large.

B. To prevent the same from serving as breeding places for insects and from emitting noxious odors, the manure or dung incident to the maintenance and care of the livestock or poultry shall be removed from structure in a reasonable time not to cause a health menace. The manure or dung so collected shall either be placed in containers or disposed of so as not to cause unnecessary odors or flies.

C. The structure or enclosure within which any such livestock or poultry or confined shall not be less than 75 feet from any dwelling house.

Section 4: The procedure and requirements for the granting and keeping in force of licenses shall be as follows:

A. Any person desiring a license permitting him to keep livestock or poultry within the city limits shall file an application with the City Clerk on a form provided by him for that purpose. Said application shall among other things call for the name and address of applicant, the estimated average number and types of livestock or poultry to be kept, a description of the structures and facilities to be used for the enclosure of the livestock or poultry and for the disposal of the manure and debris incident to their maintenance and care and the distance to the adjacent residence from the outside boundaries of the structure or fence in which the livestock or poultry are to be enclosed.

B. The application shall be accompanied by a fee of the amount of (1.00) one dollar. The funds derived from such application fees shall be used by the City to defray the cost of inspections and other expenses incident to the enforcement of this ordinance.

C. When an application has been filed in due form, the City shall turn the same over to the City Health Officer who shall inspect the facilities wherein the livestock or poultry is to be kept and prepare an opinion as to whether the same are in compliance with the regulations hereinbefore provided.

D. The application with the opinion of the City Health Officer attached shall be submitted to the City Council, which shall then pass on the application.

E. The City Health Officer may periodically on his own initiative and shall upon complaint of the City Marshall or any resident of the City make an inspection to ascertain whether the regulation as hereinbefore provided are being observed. If he finds that aforesaid regulations are violated, he shall prepare and file a statement to the effect with the City Clerk. The City Council shall then give ten (10) days notice by publication of hearing. If after a hearing the City Council finds the aforesaid regulations have been violated, it shall then order the permit cancelled.

Section 5: Any person who violates any provision of this ordinance shall be fined not less than twenty-five (\$25.00) dollars nor more than one hundred (\$100.00). Each day that such violation occurs shall constitute a separate offense.

Section 6: If any section of this ordinance is found to be unenforceable, the same shall not affect the validity of the remaining sections.

WHY SHOULD I REPENT?

Many of the Jews on the day of Pentecost asked Peter and the apostles, "What shall we do?" Then Peter said unto them, "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." Acts 2:38. We can see by this that repentance is important, but why should I repent today? Here are four reasons why I believe that I should repent:

1. Because John the Baptizer and Jesus the Christ came preaching repentance for the remission of sins. Mark 1:5-15.
2. Because the commission given in Luke says that repentance should be preached among all nations, beginning at Jerusalem. Luke 24:46.
3. Because repentance is a command of God. "And the times of this ignorance God winked at; but now commandeth all men every-

where to repent." Acts 17:30. "The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish but that all should come to repentance." 2 Peter 3:9.

4. Because if I do not repent, I will perish. Jesus said, "I tell you, Nay; but except you repent, ye shall all likewise perish." Luke 13:3.

Christian Science Service Sunday

"Mind" will be the subject this Sunday in the last of a series of Bible Lessons on names belonging to God, being presented at all Christian Science churches.

"He that formeth the mountains, and createth the wind, and declar-eth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places hosts, is his name" (Amos 4) will of the earth, the Lord, The God of be included in the Bible readings.

To be heard also this statement from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 256): "Infinite Mind is the creator, and creation is the infinite image or idea emanating from this Mind. If Mind is within and without all things, then all is Mind; and this definition is scientific."

A DO-IT-YOURSELF ELECTRIC SYSTEM

More than 300 years ago, Benjamin Franklin used a kite to prove that lightning is electricity.

More than 25 years ago when the rural people of this area tried to get electric service, they were told in effect to "go fly a kite."

But with the same pioneering spirit that fostered our great nation, these people borrowed money at interest and built the Midwest Electric Cooperative. Midwest Electric Cooperative today's a model of efficiency and economy. This "do-it-yourself" electric eyestem offers a dependable service

second to none. The member-owners of the Midwest Electric Cooperative are at one and the same time pioneers and specialists in rural electrification. Rural electrification is good for all Texans.
