Number 32

Taking Of Census Started In County

NINE WORKERS ARE NOW BUSY

Many Questions Being Asked By Enumerators And All Must Be Answered

Nine Federal census enumerators started to work Wednesday morning in Lynn county gathering data for the fifteen-th decimal census, which is expected to be the most complete ever taken in the United States.

Jack Alley and Mrs. Robert Reid are the enumerators for Tahoka and adjacent vicinity, and if one of these two people or some other enumerator does not see you within the next two weeks you should get in immediate touch with some enumerator. Tahoka and Lynn county wish to make a creditable showing, but cannot do so completely unless cooperation is given the enumerators. Failure or refusal to answer a question asked by the enumerator on the part of any person over eighteen years of age will subject that person to fine of \$100 or sixty days imprisonment or both. Giving of false answers subjects the person to a \$500 fine or as much as one year in prison, or both.

All questions will be kept in absolute secrecy by the enumerator and the Census Bureau, and any enumerator or other Bureau employee divulging any information is subject to a fine.

Questions being asked include age, color, sex, nationality, place of birth, place of residence including street and house number if any, birth place of father and mother, home owned or rented, value of home if owned, monthly rent if rented, radio set owned, live on farm, farm owned or rented, value if owned, livestock, marital condition, date of first marriage, education, whether you can read and write or not, occupation, industry, employed or unemployed, whether or not a veteran of any war, and other questions.

The enumerators hope to complete the census in two weeks if possible but will continue until every person is enumerated if it takes a few days over that time.

Famous Quartet To Sing Here Tonight

Owen Brothers and Ellis, also known as the Stamps quartet, will sing at the High School auditorium tonight. The quartet is one of the most famous in the Southwest and is also nationally known, having been recording artists for Columbia. People who enjoy good singing are sure to miss a treat if they miss this concert.

FARM BUREAU MEETING WILL BE HELD APRIL 12

A special meeting of the Lynn County Farm Bureau will be held in the court house Saturday, April 12, at 2 P. M., according to A. M. Willingham. A special Bureau representative will be present.

Not only members of the Bureau, but all farmers and business men of Lynn County are especially urged to be present at this meeting.

FAIR RALLY IS NEXT TUESDAY

New Board of Directors and Citizens Will Make Plans For Next Fall's Exposition

C. C. Williams announces that a meeting of the new board of directors of the Lynn County Fair Association at which the general public is urged to be present will be held next Tuesday night at the court house. The Fair Association has started making plans early this year and it is hoped that the event this year will be the best ever held.

The Association has a move on foot for the calling of an election for the purpose of voting a tax not to exceed five cents on the \$100.00 valuation for the purpose of purchasing and improving a county park to be

(Continued on last page)

Find Eagle Eggs, Placed In Incubator

Vernon Martin, vocational agriculture teacher, Ben Moore, farmer and nurseryman, both of O'Donnell and C. B. Martin, Swisher county agent, are trying their luck at hatching bald eagles in an incubator.

While browsing around in the wilds of southwestern Garza county last Sunday the gentlemen discovered a bald eagle's nest, robbed it of two eggs, which were already pipped, brought them to O'Donnell and placed them in the O'Donnell Hatchery. They should have hatched by now, but we have not received such a report.

Vernon Martin made the find. The nest was located on a high pinnacle, very inaccessible, and when Mr. Martin approached it the eagle flew away. The eggs, larger than turkey eggs, were almost ready to hatch, the peeps of the young birds inside being plainly audible.

HULL COMING NEXT TUESDAY

New Baptist Pastor Moving To Tahoka In Time For The Wed. Night Service

Owen J. Hull, Gatesville, recently elected pastor of the local Baptist Church, will arrive about Tuesday of next week. His household goods are expected to arrive tomorrow or Saturday.

"I am going to spend next Sunday (April 6th) he writes, 'in the old home town, Rising Star. I have been so busy I have never spent a Sunday with the old home church that ordained me. They have been after me for fifteen years to spend a Sunday with them, and they are planning a big time for us this coming Sunday.'

Brother Hull and his wife have been the recipients of many honors at Gatesville recently, having completed seven and one-half years of service to that city. A great farewell service was held last Sunday with a score of special numbers on the program in their honor, and Rev. Hull spoke on "Why I Have Enjoyed Living In Gatesville."

The Halls have built up the Gatesville church from a membership of 400 to nearly 1,000. The Gatesville Messenger says. There have been 597 new members added. The pastor's home has been enlarged, the seating capacity of the main church building increased, and there is now a total of four buildings in use of the church. His resignation at first failed of acceptance, there being no single dissenting vote in the Gatesville church, and was only granted when he firmly stated that he had decided to leave there for Tahoka.

It is expected that Rev. Hull will conduct the first service of his pastorate here next Wednesday night.

Dr. P. W. Horn Spoke Here Last Sunday

Dr. Paul W. Horn, president of Texas Technological College, preached at the Methodist Church Sunday night in the absence of the pastor Rev. R. T. Breddlove.

The Church was filled almost to capacity by members and other admirers of this great speaker.

"LEAVE OUR AD OUT" LADY TELLS NEWS

"We've sold all our brooders and are still having calls. Please leave our advertisement out this week," Mrs. T. B. Cowan phoned. The News Monday morning.

Mrs. Cowan advertised three incubators for sale in the classified advertising columns of The News at a total cost of seventy-five cents.

They get results, folks. If you've got something to sell or swap or rent, or want something, just tell us—we'll send your message to hundreds of prospects.

Going To Plains Dairy Show? Go With Caravan If You Are

The motor caravan to the Panhandle-Plains Dairy Show at Plainview leaves the Tahoka court house square next Thursday morning, April 10th, at 7:30 o'clock.

Every farmer, or anyone else interested in fine dairy stock, in the county is urged to make this trip. Indications are that between 150 and 200 people will make the trip from here, and everyone who can carry a car should do so. Farmers may have free transportation, as Tahoka business men and others are furnishing ways.

This year's show is expected to be one of the greatest ever held in Texas. The finest of stock will be shown. Many head will be auctioned, and a number of fine cows and bulls will possibly be brought back to Lynn County. If you desire to buy, County Agent R. E. Shaver, a dairy cow specialist, will be glad to assist in selecting your animals.

LUBBOCK HAS COTTON MEET

Federal Board May Establish Branch In Lubbock; Would Help The Cotton Farmers

A number of Lynn county farmers attended a meeting in Lubbock Monday morning at which C. O. Moser, Dallas, vice-president of the American Cotton Cooperative Association, offered to establish a district headquarters and local branch office of the Association in Lubbock provided the business men of that city would underwrite the proposition in the sum of \$27,500.00, ending the securing of some 4,000 more farmer members at \$5.00 each.

Those who attended the meeting from here are very enthusiastically in favor of the plan, and believe that it would very materially improve the condition of the cotton farmers in this section. By placing an office in Lubbock, cotton would be given its correct grading, they say, and would bring the market price which it grades out; whereas the present time farmers who raise longer staples are being forced to take the market price paid for the over grade cotton of the territory. Establishment of the headquarters at Lubbock would be a big boon to the raising of a better grade cotton, since the longer the staple the better the price would be.

Among Lynn county farmers attending the meeting were: A. M. Willingham, J. R. Strain, L. H. Perkins, L. M. Draper, F. L. Willingham, John Willingham, E. W. Holloway, Adams, Poindexter and Spivey.

Warner Club Urges City Beautification

The Phebe K. Warner club of Tahoka is launching some very constructive as well as interesting programs in compliance with the State Federation objectives for the year. A health program, which is to be used as an educational program, composed of three practical everyday subjects to be discussed by three doctors wives who are members of the club.

The beautification program adopted by the club is: (1) That every club member plant red verandas, lawns and plants and sponsor a county wide adoption of these flowers for yard beautification. (2) That the club sponsor the movement of planting these flowers around court yard, city hall and park. (3) That we have a "Flower Exchange Day" to be named later in the season.

Although creation of new counties has reduced the area of many of the large counties, Texas still has eight which exceed 3,000 square miles. Brewster, largest, covers 5,935 miles. Hudspeth with 4,621, is next and Pecos with 4,134 is third.

Smallpox Cases In Midway Community

Dr. E. E. Calaway, county health officer reports that five families were quarantined Monday in the Midway community, where smallpox cases have been found.

There is one case each in the families of T. J. Johnson, Chas. Richardson, N. B. Brower, and a Mr. Wills and three cases in the J. C. Lane family. All are mild cases except that of a little girl of Mr. Johnson's.

MIDWEST WELL DOWN 3,250 FT.

May Resume Hart Well Drilling; Atlantic Co. Is Securing Leases In This Section

The Midwest Company oil test about twenty four miles northwest of Tahoka and in Terry county is reported to have reached a depth of about 3,250 feet, according to the most reliable information. The News has been able to gather; however, little or nothing has been given out as to the prospects for oil or the strata passed through. The well is 1 3/4 miles west and eight north of Tahoka, 4 1/2 miles from the county line, in Southeast quarter Sec. 58, Block E, E. L. & R. R. R. Co. survey. Midwest has probably the best equipped rig ever on the South Plains, a steel derrick and all new drilling machinery. They work eight men to the shift and expect to put the hole down to a depth of 5,500 feet.

McCahey and Brandon's Edwards No. 1, also known as the Hart test, four miles west of Tahoka is still shut down, but it is rumored that drilling will resume at an early date. The bit is resting at 5,035 feet, the contract depth being 5,280. The well is located on the northwest quarter Section 5, Block 2, L. & S. F. R. R. Co. survey.

Don Bradley states that the Atlantic Oil Producing Co., is leasing considerable acreage in the immediate vicinity of Tahoka, O'Donnell and Three Lakes paying \$2.75 per acre for ten year leases. They have leased, so far, about 10,000 acres, but none are in blocks and they are not obligating themselves to drill.

Local People Attend Singing Convention

Possibly more than a score of Lynn county people were in attendance at the Lubbock County Singing Convention held at Shallowater Sunday, according to A. F. Pitts. He says the meeting was the biggest of its kind he had ever seen, some thing like 3,000 people present. The meeting was held in the huge community auditorium, which seats about 1,500 people.

Among the Lynn county people who were present were: A. F. Pitts, H. M. McEachern, E. R. Tunnell, Jess Noble and their families, Guy Cobb and wife, R. B. McCord, Joe and Andrew Aycock, some of the latter being accompanied by their families.

Texas' first election was held in 1836, polling 4,322 votes. It chose General Sam Houston as president of the republic, giving him 3,585 and dividing the remainder among three other candidates.

The band contests of the W. T. C. C. will be held under the supervision of the West Texas Band Master's Association.

Legion Box Supper Brings \$50.00 To aid

Forty nine dollars and two bits was the total realized by the American Legion to apply on their building fund as a result of the box supper given at the Legion home Tuesday night. Of this amount, \$70.75 was from the sale of boxes and donations totaled \$18.50.

Candidates for all the offices but those of commissioners were present and made short talks. A general good time is reported.

Ballinger Man New Head City Schools

Lubbock Wins Over Tahoka; First Loss

Tahoka's track team met its first defeat of the season Tuesday afternoon when they were smothered by the Lubbock high school 76 to 33, the tournament taking place in the latter city.

Minor won first place in the 440 yard dash, Moffitt first in discus throw, and Fox first in broad jump. We don't like to offer alibis, but the local team was a bit handicapped by sickness, injuries, etc.—and, too, it just seemed to be their off day—or the score would have been closer.

Tahoka has previously won meets from Slaton 70 to 39; Post 78 to 8, O'Donnell 108 to 18 and Lamesa.

The local team will enter the district meet at Lubbock and also the Amarillo News-Globe Tri-State Track and Field invitation tournament to be held in Amarillo soon.

JIM WHEELUS GIVEN 2 YEARS

Signs Confession and Pleads Guilty to Burglary of Tahoka Drug Last Year

Jim "Blackie" Wheelus, admitted participant in the burglary of Tahoka Drug, several months ago, was given two years in the penitentiary in court at Post on a plea of guilty Wednesday morning. Wheelus signed a confession of his guilt and was carried to Post Wednesday by Deputy Lawrence Sanford; he was brought back almost immediately and is now in jail awaiting transfer to Huntsville.

Wheelus was recently arrested in Tombstone, Arizona, and brought to Tahoka a few days ago by Sheriff Sam Sanford.

Wheelus is alleged to have been a member of the notorious Walker gang. Last year he and Mrs. "Whitey" Walker, whose husband is now serving a term in the Oklahoma penitentiary for the local store stealing "dope" and a number of minor articles while Lloyd Fulton kept watch outside. Mrs. Walker was given a suspended sentence several months ago. Fulton is now in jail at Midland awaiting trial there on another charge and already has a two-year sentence given at Odessa.

SING AT DIXIE

Owens Brothers and Ellis, vocal quartet sang at Dixie before crowded houses Sunday and Tuesday nights of this week. Sunday night the church was filled to overflowing at a free concert. One-fourth of the proceeds from Tuesday night's affair went to the benefit of the Dixie school.

Nazaren Revival To Begin April 10th

There will be a revival at the Nazaren Church beginning Thursday night, April 10th, and will continue seven days. Rev. Lewis Clegg will be in charge and M. C. Ritchey will conduct the singing. As group two has promised to help we are expecting a number of good singers, musicians, and workers from other churches including Lynn, Grassland, Tok's, and Post. Everybody is invited to attend. We urge those of other denominations to help us.

COTTON REPORT

There were 30,732 bales of cotton, counting round as half bales, ginned and to be ginned in Lynn County, from the crop of 1929, as compared with 31,217 bales from the crop of 1928.

There were 33,500 bales of cotton, counting round as half bales, ginned in Dawson county, from the crop of 1929, as compared with 29,128 bales from the crop of 1928.

J. H. BARRON, Special Agent Census Dept. Cotton

PACE ACCEPTS POSITION HERE

Has Been In Present Position For Nine Years; Recommended Very Highly To Board

J. B. Pace, Jr., principal of the Ballinger public schools, was elected superintendent of the Tahoka school system by the Board of Trustees in session last Thursday night from a field of about fifty applicants. Mr. Pace succeeds M. L. H. Baze, who has been at the head of the local schools for four years and who will be associated with Texas Technological College next year.

Mr. Pace comes very highly recommended by his superintendent, former superintendent, business men, pastors of churches and others of Ballinger and Winters, President L. H. Hubbard of C. I. A. and others.

Though a young single man, he has had excellent experience in the school business. He has been principal at Ballinger for nine years, under three different superintendents, during which time the credits of affiliation have been raised from 17 to 30%, and has succeeded in crediting every subject he has taught while there. He has also coached athletics in the school, and says he recognizes the place of athletics in the curriculum of our schools.

Mr. Pace was raised at Winters, attended the University of Texas, and received a Bachelor of Arts degree there in 1921 and a Master of Arts degree in 1929.

As previously stated, Supt. M. L. H. Baze has accepted a graduate assistantship in the Department of Education of Texas Technological College at the same time working on his M. A. Degree. Mrs. Baze has signed a contract as a teacher of penmanship in the Lubbock public schools.

Ballinger Paper Praises J. B. Pace

J. B. Pace, principal of the Ballinger high school has accepted a place as superintendent of the schools at Tahoka. Mr. Pace has had the proposition under consideration for some time and stated Monday of this week that he had decided to accept the position.

Mr. Pace has been in the Ballinger schools for nine years as principal and is one of the most popular teachers ever to serve this city. Besides being an able school man he is a progressive citizen and takes a part in all civic and town building programs. He is a faithful member of the Methodist Church, a valuable member of the Masonic lodge, having served both the Blue lodge and chapter as an official; a member of the Lions Club, an official in that organization; and has taken an active interest in every move here for the betterment of the schools and community.

Mr. Pace stated that he was loath to leave Ballinger but that the place he had accepted was an advancement and for that reason felt he

(Continued on last page)

CITY ELECTION QUIET AFFAIR

Only 39 Votes Polled; Mrs. Walker W. O. Thomas and W. S. Taylor Are Re-Elected

With less interest manifest possibly than ever in the history of Tahoka, Mrs. J. B. Walker was re-elected city secretary and W. O. Thomas and W. S. (Skip) Taylor were re-elected city aldermen, all to serve their second term at the city election held Tuesday of this week.

The grand total of thirty-nine votes were cast, Mrs. Walker receiving that number. Mr. Thomas and Mr. Taylor each received thirty-eight votes, each receiving a scratch, and these only because two voters evidently thought that only one alderman was to be elected.

The mayor and other aldermen hold over until next year.

SLAT'S DIARY

Friday—Well the teacher went and ast ma this p. m. if she wanted me to take fisticuffs for the rest of the year during the balance of the term and ma got scared white in the face and sed my goodness what is the matter with him now and then she thot a minnit and sed No never m'd I will tend to that myself.

Saturday—Well we got company agen tonite and they spoilt are plans to go and see a good pitcher show. Ma sed it was just a case of not oughting to go out on the company becuz you half to be p'light once and a while no matter if you want to or not. Or how much it hurts.

Sunday—More company just as we was a starting for to take a ride in the ford in the Country. This time it was a old friends of pa's with had spent the day visiting sum of his relations in jale.

Munday—Joe Wicher went and cut his toe off down to the mill this p. m. Pa dropped into see him this evening and he was offle chearful

about it. Well that durn in groan toe nail wont' bother me no more no how.

Tuesday—Well I all most mist skool today (thot I should of) on acct. I had a bad cold in my bene. But I gess I am nacherally unlucky becuz ma give me a load of easter oil and sent me to skool. I was a telling the teacher about it and she sed them cold girms will sneek up on a fellow sum times when he is unaware of there presents.

Wednesday—Ma and pa including me went out in the country tonite to see a concert. I don't no whether it was enny good or not becuz one half of my family liked it and one-half thot it was pritty rotten. The other half remained pootrel which is a pretty good plan now and then on my part I gess.

Thursday—Mrs. Bunt has sent for a coarse in otto sugjesthens becuz she says they are thinking of getting a Otto and she mite meby get a lot of good sugjeschens from this coarse. I often wander what the wimen wood' look like if there benes were shaved off clost or meby ball hedded like sum men is. Don't you never wander, dere reader?

Rockwall with only 149 square miles is the smallest county in Texas. Camp with 207 is the next smallest. Morris with 259, Delta, 261; Rains 267 and Franklin 289, are other counties with less than 300 square miles; Titus, Marion and Gregg cover less than 400 square miles.

BANKERS FIND GROUP BANKING WIDESPREAD

Over 13 Billion Dollars of Bank Assets in Affiliated Systems Numbering 1,850 Members—In Nearly Every State.

Over 1,850 banks with more than thirteen billion dollars in resources are shown to be associated with chain or group banking systems in the United States in facts recently gathered by the Economic Policy Commission of the American Bankers Association. The chairman of the commission, R. S. Hecht of New Orleans, pointed out that the facts indicate that "almost 7 1/2 per cent of our banks and over 15 per cent of our banking resources are in the great net of group or chain banking that now covers almost every part of the country."

The commission's facts comprised chain and group banking affiliations in the broadest sense of the term, the report said. They included those groups in which the controlling element was a particular bank, there being reported 78 instances of this class involving 407 banks and about \$6,473,000,000 in combined banking resources. They included also groups in which a non-banking holding company, not subsidiary to any particular bank, was in control and of this class 23 instances were found, involving 380 banks and nearly \$5,335,000,000 in resources. The report also included groupings in which control was exercised by individual persons and these cases numbered 167, involving 1,071 banks and about \$1,468,000,000 in assets.

The total was over \$13,275,000,000 in aggregate resources. Some of the systems comprised 50 to 100 banks each. Head offices of the groups were found in all jurisdictions, but nine of the states and the District of Columbia.

"We have not included in these figures," the report says, "banking groups in which a commercial bank, a trust company and an investment house, and sometimes a savings bank, are tied together by some form of stock holdings and operated as complementary elements in an organization rendering complete financial services. We have held that such groups are similar to a departmentalized bank and different in the purposes and operations from a chain or group banking system."

"For purposes of the present report we define chain or group banks as systems in which centralized control, whether corporate or personal and either rigid or informal, directs the operations of two or more complete banks, not functionally complementary, each working on its own capital and under its own personnel and located in one or more cities or states." Commenting on the question whether the rapid development of chain banking was in the nature of a reaction against restrictions imposed on branch banking by the banking laws in many states the report says that observation does not wholly confirm this theory since chain banking is prevalent in some states where virtually no restriction is imposed on branch banking, as well as in those where the establishment of branch banks is prohibited. It adds:

"The Question of Branch Banking. "However, the facts do show that anti-branch banking laws have been a factor in some cases, and probably in some sections, in the spread of chain banking. Instances have come to our attention where expansion along chain bank lines has been carried out by state banks whose expansion along branch bank lines was stopped by the passing of state laws prohibiting further branches. Yet whether expansion would have been along branch bank lines if the laws had imposed no barriers, it is impossible to say. There is obviously a well developed banking opinion in some sections that the chain bank method brings to outlying banks the strength and efficiency of a big organization without depriving them of their local individuality and sympathies. In view of the mixed factors noted, we feel it is unsafe to generalize as to what bearing branch banking laws have on chain developments."

"The recent era of rapid chain bank developments has found specific reflection in some state legislative action tending to restrict or control chain or group banking. Also we find a sharp difference of opinion among state bank commissioners who have expressed their sentiments regarding chain banking."

In a foreword to the report, issued in booklet form by the association at its New York City headquarters, Chairman Hecht says that "the Economic Policy Commission does not take a stand in advocacy of or in opposition to this new method of concentrating banking resources through the affiliation of banks into groups and chains, but is simply offering as a fact finding body what we believe is the first complete national picture of this rapidly growing movement."

SCHOOL SAVINGS GROW

A total of 4,222,935 school children participated in school savings banking in the United States during the last school year, depositing \$28,672,496 and reeling up net savings of \$10,539,925, bringing total bank balances now credited to this movement to above \$6 million dollars, according to the annual report of the Savings Bank division of the American Bankers Association. Schools to the number of 25,697 are enrolled in the plan.

PROGRAM

Of the Seventh Annual Meeting of the West Texas Historical Association, Lubbock, Texas, April 5th, 1930.

Morning Session—9:45 A. M. Auditorium Chemistry Building, Texas Technological College. Mr. Rupert N. Richardson, Chairman.

9:45-9:55—Address of Welcome—Dr. P. W. Horn.

9:55-10:00—Response—Judge R. C. Crane.

10:00-10:25—The Organization of Lubbock, Hale and Floyd Counties.—Col R. P. Smith.

10:25-10:50—A Chapter in the Life of Col. Goodnight and Some Reminiscences of Law Enforcement on the South Plains.—Judge L. S. Kinder.

10:50-11:15—The Introduction of Barb Wire into West Texas.—Roy C. Holt.

11:15-11:30—How Buffalo Hunters Came to the Panhandle in 1873-74.—J. Wright Mooar.

11:30-11:40—Announcement of Committees—by President.

Business Luncheon 12:00-1:15—Hilton Hotel. President R. C. Crane, Presiding.

All out of town members will be the guests of the Lubbock Chamber of Commerce.

Afternoon Session 1:30 P. M.—Matador Ball Room—Hilton Hotel.

Mr. Ralph Steen—Chairman. 1:30-1:50—Some Events in the Life of a Frontier Surveyor.—C. U. Connelley.

1:50-2:10—Experiences of a Frontier Physician.—Dr. P. C. Coleman.

2:10-2:30—When Politics Came to the South Plains.—Fred Cockrell.

2:30-2:50—Old Mobeete, Capitol of the Panhandle.—Professor L. F. Sheffy.

2:50-3:10—Early Days in Fisher County.—Judge R. C. Crane.

Adjournment.

HISTORICAL SOCIETY WILL MEET IN CANYON APRIL 11

CANYON, April 2.—Interest in the annual meeting of the Panhandle Plains Historical Society which will be held here April 11 is already evident by the large number of reservations which have been made for the banquet.

The Society will hold four sessions beginning at 11 o'clock with W. H. Patrick of Clarendon as principal speaker at the first session.

Horace Russell of Amarillo will have charge of the second meeting which will be Appreciatory services dedicated to Col. C. C. Goodnight and Thomas F. Turner, former president of the organization.

The principal session will be in charge of H. B. Holman, president of the Society and of the Southwestern Cattle Raisers Association.

The annual dinner will be held at 6 P. M. with J. Evetts Haley of Austin as principal speaker.

Officers of the Society state that reservations for the banquet must be made by April 5th in order to be sure of getting tickets.

WORK BEGINS ON NEW ROAD TO BROWNFIELD

Work began Monday morning on the new road between Highway No. 9 and the Lamesa-Brownfield road, according to T. J. Yandell, commissioner of Precinct No. 3, who is in charge of the work.

This new road runs through the New Moore community and will cut off several miles from the present route to Brownfield, Mr. Yandell said. A right-of-way of forty feet was recently secured for this road, which will be put up in good shape. It will serve a prosperous section of country and greatly facilitate marketing of crops as well as saving a number of miles for east-west tourists.—O'Donnell Index.

CITATION BY PUBLICATION.

The State of Texas, To the Sheriff or any Constable of Lynn county, Greeting:

W. B. Slaton, administrator of the Estate of John M. Pendergrass, deceased, having filed in our County Court his Final Account of the condition of the Estate of said John M. Pendergrass, deceased, numbered 185 on the Probate Docket of Lynn county, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this Writ for twenty days in a newspaper printed in the county of Lynn, State of Texas, you give due notice to all persons interested in the Account for

Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the April term, 1930, of said County Court, commencing and to be holden at the Court House of said county, in the city of Tahoka, Texas, on the fourth Monday in April, 1930, the same being the 28th day of April, A. D. 1930, when said Account and Application will be acted upon by said court.

Given under my hand and seal of said court, at my office in the city of Tahoka, Texas, this 24th day of March, A. D. 1930.

TRUETT SMITH, Clerk County Court Lynn County.

NEW BEAUTY NEW VALUE

THE NEW FORD bodies are a further reflection of the Ford policy of constantly improving the car and of giving value far above the price. To outstanding performance, the FORD now adds a new grace of line and contour.

Take a little while today to see the Beautiful FORD bodies. Note the new streamlines, the new roomy interiors, the new deeper radiator, the new hood and fenders, the new wheels and tires, the bright Rustless Steel used for exposed parts—everything that contributes to the new beauty for the new FORD.

CONNOLLY MOTOR COMPANY

G. K. Phipps Out For County Commissioner

G. K. Phipps wants to be county commissioner of Precinct 4, comprising the northwest quarter of Lynn county. He threw his hat into the ring Monday.

Mr. Phipps has been in Lynn county eleven years, almost long enough to be called an old-timer, and has spent these eleven years in the precinct he wishes to represent. He lives three miles northwest of Dixie and four miles south east of New Home and is one of the well known farmers of that section.

In announcing his candidacy, Mr. Phipps says: "This is my first time to ask for a public office. I am running on my own merits, and have no fight to make against my opponents. They are all my friends, and I will continue to consider them as my friends. I will do my best as a servant of the public at all times. I promise economy to the people, fair dealings to all, and will keep the roads in as good condition as it is possible, giving the work my personal attention, and seeing that the tax payers get what they pay for."

Mr. Phipps will make a canvass of his precinct seeing all of the voters possible before election day, July 26th. He wishes that his many friends give his candidacy thoughtful consideration, and that those who do not now know him investigate his ability, integrity, character, etc.

Uncle Ben Rogers For Justice of Peace

B. F. (Uncle Ben) Rogers requests that we place his name in the announcement column as a candidate for Justice of the Peace of Justice Precinct No. 1, comprising Tahoka and neighborhood.

"Uncle Ben" says he is running for the office simply because he wants it. He believes he is thoroughly qualified for the place and promises to give the work close attention. Although he counts every man, woman and child in the precinct as his personal friends and has few if any enemies, he can serve the people without partiality.

Mr. Rogers has long been in close touch with public affairs. For four years he served in the House of Representatives of the Texas Legislature, following which he served four years in the Senate. He came to Tahoka from Palestine, July 11, 1923, seven years ago, and has since been prominently identified with the business and religious life of this city. He has been in the insurance, real estate and loan business practically all of the time he has been here.

He asks the thoughtful consideration and support of every voter qualified to vote in this precinct, and promises in return that he will capably fill the office he seeks if elected.

THEBE K. WARNER CLUB MET

The Thebe K. Warner Club met at the home of Mrs. W. B. Slaton March 27. The regular program was observed after which the Health and Beautification programs were outlined and plans made for launching same. Selections were read from Current Events and Federation News. A most enjoyable feature of the afternoon was a special vocal selection by Miss Lucille Slaton, with Miss Mabel Lee at the piano. After their number the girls very graciously responded to requests for a few favorite songs. Refreshments featuring Easter colors and favors were served to the following members and guests: Mesdames Stokes, Elliott, Townes, Henderson, Haney, Craft, Fenton, Shook, Turrentine, Belton Howell, Weathers, Calaway, Cavness, Stewart, Powell and Conway.

7,000 FEET OF COPPER PIPE HAS BEEN LAID IN LAMESA

LAMESA, April 1st.—Over 7,000 feet of copper pipe, has been laid in Lamesa's streets in preparation for the \$80,000 paving being done here, and formerly superintendent of according to E. C. Cook, city secretary City Water Department. The pipe has been laid mainly on North and South First streets.

TWENTY DAWSON FARMERS TO GO TO DAIRY SHOW FREE

LAMESA, March 24.—Twenty Dawson county farmers will be furnished free transportation to the Panhandle-Plains Dairy show in Plainview April 7-10, it was announced by the Lamesa Chamber of Commerce. Co-operating with a local bus company, the chamber will draw twenty names from a hat to decide the lucky farmers. The bus company is furnishing round trip transportation free of charge.

CANDIDATE FOR GOVERNOR

JAMES YOUNG

Kiwanis Club Hears Quartet, Declamer

Owen Brothers and Ellis quartet, singing four or five numbers, furnished the feature entertainment at the regular Wednesday noon luncheon of the Kiwanis Club. Junior Baze gave the declamation he recently recited in the Interscholastic League contests.

The quartet is composed of Ogelsby L. Ellis, Dumas, Aubrey, Archie and Hubert Owen, all of Gilmer, Texas.

Other guests at the luncheon were B. C. Moore and W. F. McGonagill of Dallas and F. O. Heath of the Texas Utilities Company.

FULL TWELVE WEEKS SUMMER SESSION AT TECH

LUBBOCK, Texas, April 1st.—A full twelve weeks summer session will be held at Texas Technological College, according to announcement just made by President Paul W. Horn. The first term will open June 2nd and close July 12th, and the second term will open July 14th and close August 22nd.

A number of visiting specialists are listed among the summer faculty full announcement of which will be made soon. Unusual entertainment features are to be offered for the benefit of summer session students. Last summer thirteen hundred students, less one, attended, and President Horn expects a minimum of fifteen hundred for the coming session.

WILSON CIRCUIT, M. E. CHURCH

Do you know what great things are being accomplished by the young people of our day? Many of them are preparing themselves for great usefulness in the world.

The Wilson Hi-League will present a program Sunday night, April 5th, in which will be recounted some of the things that have been done as well as the aims and plans of the organization.

You are cordially invited to come and bring your friends.

Next Sunday is the regular preaching day at Dixie. I will also preach at Petty at 3:30.

Come to these services if you are not obligated at some other point at these hours.

EUGENE L. NAUGLE, Pastor

NAZARENE CHURCH SCHEDULE

Sunday School at 10 A. M.
Preaching at 11:00 A. M.
N. Y. P. S. at 7:00 P. M.
All are urged to bring your Bibles and join in our sword drill.
Preaching at 8:00 P. M.
The pastor, Mrs. S. F. Bates, will preach both morning and night.

RID OF BAD TASTE

Georgia Man Tells How He Takes Black-Draught When Bilious.

Valdosta, Ga.—In telling how Theodor's Black-Draught has helped to keep him well, Mr. O. A. Aldrich, of this city, says: "Black-Draught is a good medicine. I began taking it when just a boy, for biliousness and as a laxative. "When I get bilious, my mouth has a bad taste and I get dizzy, feel light-headed. A few doses of Black-Draught usually make me feel like new. It seems to cleanse my system of impurities, my head gets clearer, and the bad taste is gone from my mouth."

"I am a rather healthy, strong man, taking very little medicine, except for the distress I mentioned. "It is good to know that there is a good laxative like Black-Draught to take and give quick relief."

Thousands of other men and women find Black-Draught a great help in relieving common ailments due to indigestion, constipation and biliousness. Theodor's Black-Draught is prepared from medicinal roots and herbs, of highest quality, finely powdered, carefully combined and packaged by automatic machinery. Easy to take—no disagreeable after-effects. Price 25 cents. 32-229

Theodor's BLACK-DRAUGHT for Constipation Indigestion, Biliousness

Boys Prove There Is Money In Bees

Commenting on the story which appeared in The News recently reciting the successful experience of Jack and David Childers with their twelve or thirteen head of baby beehives, C. C. Williams, secretary of the Chamber of Commerce, calls attention to the fact that these boys made a total profit of \$149.00 on these calves in just four months, or \$11.46 per head. Mr. Williams thinks that if these boys could make such a profit on baby beehives during a winter like the past one, then many farmers in Lynn county would find it profitable to convert their feed into baby beehives and market it in this form. Mr. Williams says that a milk cow was also fed from the feed which was charged to the cost of the baby beehives, which, if fed to another baby beef, would have increased the profit from the feed purchased.

SHERIFF'S SALE

STATE OF TEXAS, County of Lynn.

By virtue of an order of Sale issued out of the Honorable District Court of Lynn County, on the 18th day of February, 1930, by the Clerk thereof, in the case of S. L. Forrest versus M. A. Gordon, No. 819, and to me, as Sheriff, directed and delivered I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY in May, A. D. 1930, it being the 6th day of said month, before the Court House door of said Lynn County, in the city of Tahoka, the following described property, to-wit: All of Lot No. 1, in block No. 50, of the original town of Tahoka, Texas.

Levied on as the property of M. A. Gordon to satisfy a Judgment amount to \$25.00 plus \$3.10 interest at the rate of 7 per cent from July 19, 1928 and cost of suit.

Given under my hand, this 18th day of March, 1930.

S. W. SANFORD, Sheriff
By Merle Weathers, Deputy. 32-4fe

Texas has 825 newspapers—more than any other state. Illinois with 750 ranks second. Iowa has 540, Minnesota, 522 and California and New York 500 each, according to survey by the National Editorial Association.

T. K. KARD KLUB WAS ENTERTAINED TUESDAY

On Tuesday evening the T. K. Kard Klub was entertained with an April Fool party at the home of Mrs. Lee Roy Knight, with Misses Hazel Stafford and Allene Taylor as joint hostesses.

Misses Geneva Tankersley and Frankie Wells tied for high score.

The hostesses were so tight they served their guests ice water and crackers. But the joke was turned on them when Mr. Sanford paid us a visit. He didn't eat but drank with us.

After a good laugh the following members were served with a sandwich and punch: Mrs. Clyne Thomas, Misses Frankie Wells, Charlotte Barnett, Gertrude Bishop, Geneva Tankersley, Lucille McCord and Virginia Sanford, a guest.

Mr. and Mrs. W. O. Bearden and daughter, LaVaughn, visited Mrs. W. O. Bearden's parents of Ackerly, recently.

"TRY CARDUI AGAIN"

Mother's Advice to Daughter Was Followed, and She Soon Got Better.

North Little Rock, Ark.—"Shortly after my marriage, my health wasn't very good," writes Mrs. W. E. Burstin, 215 West Second Street, this city. "I had severe cramping spells, and at times I would have to go to bed. This would be very weakening. I took about five bottles of Cardui at this time and my strength came back. I did not have any more trouble for some time."

Several years later, Mrs. Burstin found herself debilitated by heavy home responsibilities, and she explains: "I seemed very slow in getting my strength back. I was too weak to do anything but just lie around. I would get very nervous over my condition. "My mother told me I ought to try Cardui again. I did, and soon was getting better. When I had taken about four bottles of Cardui, I was able to do my work again, and haven't had to take it any more."

If you are run-down, nervous, or suffer every month, take Cardui, a medicine used by women for over fifty years. As your health improves, you will share the enthusiasm of thousands of others who have praised Cardui for the benefit they have felt after taking it a bottle, today. NC-228

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any individual,
firm or corporation, that may appear
in the columns of the News, will be
gladly corrected when called to our
attention.

A. B. Davis, secretary and general
manager of the Lubbock Chamber of
Commerce, wrote us a most courteous
letter a few days ago explaining
that Lubbock had nothing whatever to
do with the inauguration of the
movement started somewhere to
have the course of Highway No. 9
changed through Lynn County. Nor
does he desire for the people of Tahoka
to feel that Lubbock took advantage
of an opportunity to make a mere
friendly gesture to certain
Lynn county communities at Tahoka's
expense, as we suggested in these
columns a couple of weeks ago. He
assures Tahoka of Lubbock's
friendship and good will, and we are
sure that the people of Tahoka will
accept his statements at their face
value. So, all is lovely and no harm
has been done. As a matter of fact,
it makes little difference to Tahoka
whether Highway No. 9 comes
into the town over the old route or
comes down by Dixie and then angles
across. But—if it comes down by
Dixie, Tahoka is just a bit juberous.

about its angling across. Having
gone south to a distance of four or
five miles south of Dixie, as was
contemplated, then, it seems altogether
plausible that the Highway
commission might decide to keep on
going south and miss Tahoka a
couple of miles. Of course we were
given assurance by the Lubbock
gentleman who was here in the interest
of the change that the Highway
Commission would not think of
missing Tahoka with No. 9, but our
citizens were not absolutely positive
that he had authority to speak
for the Commission. At any rate,
the situation naturally created just
a bit of uneasiness on the part of
our citizens and a tinge of resentment
against Lubbock. We are glad to
know from Mr. Davis that all our
fears and suspicions were unfounded
and that Lubbock loves us like an
elder brother.

The candidate is abroad in the
land again. Some of them are experienced
hands but many of them are new
at the business of campaigning. Be
kind to them, folks. Don't mislead
them; don't tantalize them; and by all
means don't dig them. Many good
people take advantage of the candidate's
predicament to pull his leg, so to speak.
He is asked to dig up for this, that and
'other. He must attend all the box
suppers, pie suppers, and other frolics
where money is to be spent. He must help
pay for all the pianos that are being
bought for the public schools and the
churches. He must buy candy for the
kiddies, cigars for the smokers, and
drinks for everybody. The life of the
candidate is full of tribulation. If he
ever gets to Heaven or to the pie
counter, he certainly will not make the
journey on flowery beds of ease. Be
kind to the candidate.

CHICKS for a PENNY each!

feed this to your breeders
for greater FERTILITY and HATCHABILITY

FACTS!
A hen lays 150 eggs per year.
She eats 40 lbs. of mash per year.
Therefore, 100 lbs. of RED CHAIN Egg Mash will produce 375 eggs.
Actual tests show it's better hatch from eggs produced by RED CHAIN.
115 of 375 eggs—41 EXTRA CHICKS HATCHED!

RED CHAIN EGG MASH

FIGURES!
RED CHAIN usually costs only 10c or 15c more than other feeds.
Even at 40c more per 100 lbs. you would make money BECAUSE you get 41 more chicks for only 40c difference in feed cost.
Feed RED CHAIN and get these EXTRA CHICKS for a PENNY a PIECE!

41 MORE CHICKS FROM EVERY BAG

Burleson Grain Co.

RED CHAIN FEEDS ARE SUPERIOR FEEDS

They do say that every concerted effort to induce farmers to reduce cotton acreage in past years has resulted in an increase in the acreage. John thinks that Bill and Tom are going to reduce, so he increases. Likewise Bill and Tom. So, we guess that it is worse than useless to warn anybody about the consequences of a big cotton acreage. Therefore, we will go on and attend to our own knitting, hoping that the farmers themselves will do some real team work this year and reduce of their own accord.

LITTLE CROP, MUCHEE MUN; BIG CROP, NEARLY NONE

Statisticians have gathered the information from Government sources that the 1923 cotton crop of ten million bales brought the southern farmers the sum of one billion, six hundred million dollars, while the eighteen million bale crop of 1929 brought them only nine hundred million dollars. Farmers can now get their pencils and papers and figure whether it will be better for them to plant a 46,000,000 acre crop of cotton or 36,000,000 acres.—Terry County Herald.

If the farmers refuse to reduce, possibly a kind Providence will come to our assistance and send us boll weevils, pink boll worms, striped boll worms, lean, lank army worms, Mexican fleas, floods, droughts, hailstorms, and storms, grasshoppers and lice and cut several million bales off our prospective 1930 crop. How in the world can Hoover help us if we plant the whole world in cotton? He can't.

WHAT OTHERS THINK

TOMORROW
The last link of the new motor highway from Laredo, Texas, to Mexico City will be completed sometime this summer and if you think that item is of interest only to ambitious motor tourists you may have a second guess. It may turn out to be one of the important events of the century.

For it symbolizes more than appears on the surface. It marks the beginning of a new epoch, the beginning of something that will be potent for many years to come.

We are fond of talking of the "American empire." This highway if you please, is an out-ride of it. It opens a new kingdom to the all-conquering automobile; to the automobile, with all the changes it brings. The things that the automobile has done to the United States will be done, presently, to Mexico.

For generations Mexico has been a land apart. The conquistadors who toppled Montezuma off his throne and razed his palaces to make way for the colonial regime of Spain set up a dominion that was static. The tide of events in the rest of the world passed Mexico by. Today's peon lives much as the peon of 1700 lived; and he, in turn, had a life not much unlike the life of a citizen of the Aztec empire.

North of the Rio Grande, however, things went otherwise. Change followed change, so that even the poorest man is born with the desire to live, in some way, better than his forefather lives. But it was not until the automobile came shortening distances and leveling mountains and ending isolation that incessant change became the order of the day.

This ever-ending change, this constant wiping out of old barriers, this steady progression toward an indistinguishable goal, have not yet reached down into Mexico. But they will move there once the automobiles start rolling along the new highway to Mexico City. Mexico, in short, will become Americanized.

This may be a good thing and it may not. There may be some question whether rows of filling stations, barbecue stands and tourists' camps will fit in well with the picturesque old-world culture of Mexico. But it is coming, whether you like it or not. That automobile road, and the future roads that will branch off from it, will remake Mexico from top to bottom.

That is why one can say that the opening of this road is one of the important events of the century. It announces the beginning of a new day.—Lubbock Journal.

TALKING ABOUT HIS OPPONENTS

There is another horse-kicking candidate in the race. It is Lynch Davidson. He has gone to kicking me and Dan, but he kicked Dan the most. From what he says it looks like he wants to kick Dan out of the race. He says that Dan is petulant; boy who is wholly incompetent. My God, what a fall down for Lynch when just a little over three years ago he was preaching the virtues of Moodyism and shouting how strong he was again Fergusonism.

Lynch says I am a "political pug." My reply is that he is a patriot that

don't know how. Lord forgive him—he is harmless.

Jim Young opened his campaign in Dallas in the two million dollar hotel—the Baker, before 200 invited guests so the Dallas News says. It was a big banquet by big people. On account of the hard times the plates were reduced to \$5.00 each. There were many prominent people in the elected company. Notably there was W. B. Head, President of the Texas Power and Light Company, Hon. Nathan Adams of the First National Bank, the biggest in Texas, Mr. Conner, President of the Republic National Bank, the next biggest, Hon. C. C. Renfro, General Attorney for the Dallas Joint Stock Land Bank, Hon. John Boyle of San Antonio, Hon. George Carter, manager and large owner of extensive water power interests on the Colorado River said to be a subsidiary of the Insull interests of Chicago. Hon. Mike Hogg, multimillionaire of Houston, of large oil interests, Hon. B. K. Goree, assistant general attorney for the Santa Fe Railroad.

Mr. Young was mentioned as a Joe Bailey Democrat, and was highly praised as a good clean man. He was introduced by Judge Nelson Phillips, now general counsel and attorney for the Southwestern Telegraph and Telephone Companies and other millionaire corporations. Judge Phillips said that we have nothing to fear from Jim Young as governor. I am thoroughly convinced that Mr. Young enjoys the confidence of the people behind him and that his candidacy will receive their action and material support.—James E. Ferguson in the Ferguson Forum.

BE CAREFUL, SI

The makeup man has to be on his "p's" and "q's" on the little country weekly as well as the metropolitan papers, especially if they run a section devoted to the ladies. Only last week, when all the society items had been put in on this great weekly it was found that it lacked some six inches of being filled, and an article was found that would exactly fill the bill. Later it was discovered that the article gave some information about a heifer that had made a wonderful butterfat record, and it was decided to substitute something else. The ladies are dears, alright, but some of them are a bit sensitive.—Terry County Herald.

ABOUT GOVERNMENT ECONOMY

We are going to hear a great deal in the coming campaign about government economy and the reduction of taxes. We hear these things every campaign. But the cry will be louder in the coming contest.

We will hear that taxes are becoming burdensome, and they are. We will hear a great deal about state departments being consolidated.

But before we make up our mind that the plea for reduction of taxes is a worthwhile one we had best investigate and see where the money collected in taxes is going. We will find that very little of it is going for departmental expenses in comparison with the whole.

We find that the larger share goes to the schools, quite an item for Confederate pensions, a large sum for the various welfare institutions maintained by the state, quite a lot

for prisons, and the creation of more courts.

Where will we make the cut? Will it be in less money for the schools, when we are told that our school system is still far short of the school systems of other states?

Will it be in Confederate pensions, when these old heroes are sadly in need of help to live?

Will it be in less money for the asylums when there are still many insane people in the county jails? Will it be less money to train the blind or deaf?

Will it be less money for prisons when our present prisons are inadequate? Will it be less money for courts, when there is a crying demand for law enforcement?

We believe that there could be a cut in the expenses of the government, but we think the man promising the cut should specify where it should be made in order that the voter could determine whether he wanted it made or not.

Most of this plea of the candidate for a reduction of taxes is a plea for election to office, and seldom gets

into the program while he is in office.—Hillsboro Mirror.

WARNING ISSUED ON TOO EARLY PLANTING OF CROPS

"Until you put away your winter overcoats and heavy clothing you had better not plant your crops," is the sense of a warning issued by Don L. Jones, superintendent of the state agricultural experiment station here, to farmers of the South Plains. "Better wait until May," Mr. Jones declares, "before planting field crops on the South Plains. There will likely be a cold spell or two between now and the last of April. The first of May will give ample time and greater surety."—Plains Progress.

T-Bar

A number of people from this community attended the Fifth Sunday meeting at Wells.

Mr. and Mrs. H. W. Crews entertained the young people with a party Saturday night.

Mr. John Adams has been visiting his Aunt and Uncle, Mr. and Mrs. J. B. Moore.

Mr. and Mrs. Less Crews who have been living at Amherst the past year have moved back.

Miss Oleta Franks spent the week end in Lubbock.

Modine McLaurin spent the week-end with Mary Helen Henderson.

A number of people of this community are attending the revival at O'Donnell this week.

Brother Haynes will preach here next Sunday.

W. T. C. C. CONVENTION WILL BE AT ABILENE MAY 29-30-31

ABILENE, March 29.—When the twelfth annual convention of the West Texas Chamber of Commerce opens here, May 29, for three days a plan new to meetings of the regional organization will be in effect. That plan provides that every member of the organization is to be given an opportunity to participate in the business of the body. Heretofore matters of importance to the convention has been argued out and decided by various appointed committees and conference groups.

W. B. Hamilton, president of the West Texas Chamber of Commerce will place a constructive program before the organization as a whole and is aiming at definite results.

Convention business sessions will occupy the mornings from 9 to 12 o'clock. Elaborate entertainment programs are being prepared for each afternoon and night.

The colleges are arranging an Educational Parade for one afternoon and there will also be a Delegation Parade for the member cities. Both will be conducted at a minimum of expense to the participants.

The West Texas band contest with prizes worth \$2,500 will be conducted by the West Texas Band Teachers Association. Thirty bands already have been assured.

One of the highlights of regional chamber conventions of the past few years—the "My Home Town" contest—should bring together community boosters and speakers from a large number of West Texas towns. In addition to cups and other prizes, scholarships are being offered to the winners by eight West Texas Colleges.

Abilene is at work. The necessary committees are arranging a program which includes parades, an air circus that will be a wow, exercises at the various colleges here, balls, banquets and every detail necessary for a successful convention.

D. A. Bantzen, general manager of the West Texas Chamber of Commerce, with the executive board, has formulated a work program for the organization which deserves the united support of every progressive West Texas citizen. The finances have been placed on a satisfactory basis and everything is set for an aggressive year's activity.

An office, under the direction of J. E. T. Peters, has been established in Abilene to work out convention plans. The headquarters will be maintained until after May 31 closing day of the convention.

South Ward

We had a large crowd out at Sunday school Sunday morning. We hope that it will be the same or more next Sunday. Every one be present and on time.

Miss Lovdell Hood gave a singing Sunday night. There was a large crowd.

Miss Edna and Stella Moore, spent the day with Misses Mildred and Birdie Hardt.

Mrs. Opal Bertlyn was brought back from the Lubbock Sanitarium where she has had an operation. We all hope she is well soon so she can be back with us at South Ward.

Mr. and Mrs. D. D. Moore have been visiting his mother, Mrs. Oliver at Snyder. Mrs. Oliver's husband recently died.

Mr. and Mrs. Craft and family have moved to Oklahoma. We hope they will move back to Lynn county some time.

Mr. and Mrs. H. Disheroon visited Mr. Disheroon's mother and father at Post Sunday. Mr. and Mrs. Parr visited Mrs. Disheroon Saturday.

Miss Lena Mae Greenwood of South Ward will give a birthday social Tuesday night, April 8th. Everyone is invited.

There will be a Easter egg hunt at Iven and Ida Warrick's on April 18th.

Mr. and Mrs. Morris and Mr. and Mrs. Red Curtis went to the caprock at Post Sunday.

Mrs. W. P. Inman has been on the sick list this week.

Mr. and Mrs. Hood, Mr. and Mrs. Rhyne, Mr. and Mrs. Shaeffer visited Mr. and Mrs. W. P. Inman Sunday.

We have elected new officers and teachers at Sunday school. Everyone come and give them a trial.

Areas of other large Texas counties—the average Texas county approximately 900 square miles—are: Presidio, 3,812, Culberson, 3,787; Webb, 3,219; Crockett, 3,215; Val Verde, 3,083; Terrell, 2,035. Harris with 1,654 square miles is the largest county in the early developed section of the state.

WILSON CEMTERY WORKING

Wilson, Texas,
March 25, 1930
The Lynn County News,
Tahoka, Texas.

Just a few lines to let you know about the Cemetery working at the Wilson Cemetery on last Thursday.

The announcement was made at the various churches of Wilson on the Sunday preceding last Thursday that a public working of the cemetery would be held on Thursday.

About nine o'clock Thursday morning they began to come; they came in Buicks, Studebakers, Chevrolets, Hudsons, Pontiacs, in wagons, on tractors and even in Fords, until almost every family in this whole section was represented. And they did not just come either, but worked after they got there. I never in all my life saw such a spirit of co-operation. Even all the Mexicans in this territory were there, and they worked just like the rest of us. Streets were graded, water pipes were run to much of the cemetery, flower beds were laid out and planted and most of the main drive-ways were planted in Chinese Elms and evergreens.

The good women came and my how they did feed us at the noon hour, and then in the afternoon how they did dig and plant. Not a slacker in the whole bunch.

Although our Cemetery is just a little more than a year old we have one of the most beautiful burying grounds in this whole section, and how proud of it we are. We just had to get off in one corner and thank God for the privilege of letting us live among this fine people, and ask Him to help us appreciate them as we should. I have lived in other sections of the State, and found good people everywhere that I have been, but there have always been those who would stay at home and let some one else do their part for them, but not so here.

I know that the best people on the face of the entire globe live in the Wilson territory, and may God bless every one of them.

JOHN HECK

NOTICE TO DEBTORS AND CREDITORS

The State of Texas,
County of Lynn.

To those indebted to or holding claims against the Estate of W. F. Vaughan, Deceased:

The undersigned having been duly appointed administrator of the estate of W. F. Vaughan, deceased,

late of Lynn County, Texas, by the Honorable G. C. Grider, Judge of the County Court of said county on the 31st day of January, 1930, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence six miles east of Tahoka, Lynn County, Texas, where he receives his mail.
Witness my hand at Tahoka, Texas, this 11th day of March, A. D. 1930.
W. M. THOMPSON,

Don't paint your house before you learn about
YEARAGE

YEARAGE! There's a word that every houseowner ought to know. There's the word that ought to be the basis of your every paint purchase. There's the word that tells why Devco Lead & Zinc Paint is the best paint investment in the world! It means the same to paint that mileage means to tires.

If you plan to paint your house, step in and let us tell you more about yearage. Let us tell you why Devco lasts one to three years longer than other paints—why it spreads 15% to 40% further—why it is the most economical paint you can put on your house.

Forrest Lumber Co.

Powerful-yes!

because it has the biggest engine in any six of its price

The New Series Pontiac Big Six engine is the biggest in any six of Pontiac's price. That is why Pontiac can develop 60 horsepower and turn it into such high speed, fast acceleration and exceptional hill-climbing ability.

LARGE CARBURETOR. The power developed by Pontiac's large engine is due in part to a large 1 1/4-inch carburetor, equipped with an accelerating pump and an internal economizer.

OTHER FEATURES. In addition, the power plant has a positive gasoline pump, a large three-port intake mani-

fold of improved design and a positive full pressure oiling system which assures ample lubrication at all engine speeds and results in long life. Come in and arrange to take a New Series Pontiac Big Six for a trial ride. At the same time you can learn how much Pontiac has to offer in comfort, style and durability.

Prices are 1, 2, 3, 4, 5, 6, Pontiac, Mich., plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f.o.b.) price when comparing automobile values. Pontiac delivered prices include only authorized charges for freight and delivery and for any additional accessories or financing desired.

H. D. AND 4-H CLUB NEWS

ANNOUNCEMENT

The Lynn County Home Demonstration Council will meet in the County Court room at 2:30 P. M. Saturday. It is absolutely necessary that each club president and one other member be present. Be there! THELMA GREENWADE Co. Home Demonstration Agent

GRASSLAND H. D. CLUB MEETS

The Grassland Home Demonstration Club met Friday, March 28th, with Mrs. C. E. Short. Those present besides the hostess were: Mesdames E. A. Thomas, Mrs. J. E. Ramsey, Mrs. A. L. Sheppard, Mrs. E. M. Walker and one visitor, Mrs. H. H. Odom.

The subject discussed was "The Garden Plot." Our agent gave an interesting talk on how much to plant and can for a family of five.

We urge each member to be present on the 18th of April as we are expecting two visiting agents to be with us and it will be worth while to hear what they have to say. Visitors are cordially invited.

At the close of the meeting delicious refreshments were served consisting of cake and hot chocolate. We had a nice social hour and each pronounced Mrs. Short a charming hostess.—Reporter.

PROMINENT LYNN COUNTY FAMILY ARE MOVING AWAY

Mr. and Mrs. George Small and daughter, Miss Ida, are preparing to move to Lovington, New Mexico. Mr. Small having acquired an interest in the New Mexico string of Higginbotham-Bartlett lumber yards. Miss Ida will move her beauty shop to that city, also. The Smalls are just completing a beautiful new home at Lovington.

Hundreds of friends over Lynn county and the entire South Plains will regret the leaving of this family. The Smalls have been prominent citizens of Tahoka for many years and Mr. Small has had considerable property interests in Lynn County. For a number of years he was manager of the local Higginbotham-Bartlett Co., following which he owned the Small Hardware and Furniture Company, selling out to Harris and Applewhite two years ago.

We're prophesying that they will return to Tahoka and their old friends before long.

D. A. Bantzen, general manager of the W. T. C. C. is preparing a constructive program for the Twelfth Annual Convention to be held in Abilene, May 29, 30 and 31.

NEW HOME CLUB MEETS

The New Home Home Demonstration Club met with Mrs. J. B. Lowe, Thursday, March 20th at 3 o'clock.

The meeting was called to order by the president, Mrs. Loyd R. McCormick. Roll call was answered by "A new vegetable I'm going to plant." The regular program was not carried out, as Mr. R. R. Reppert, Entomologist from College Station gave a very interesting talk and many clever drawings of harmful and helpful insects that are found in most all gardens and the different poisons to use for the different kinds of "bugs."

District Agent Miss Myrtle Murray was also present. Lovely refreshments were served by the hostess.

Those enjoying the afternoon were: Mesdames J. W. Horton, Acie Bailey, W. V. Starnes, P. W. Goad, J. P. Fulton, R. L. Smith, F. Sutton, Elmer Rice, Aubrey Odell, Fortenberry, Lemons, C. D. Ropes, A. J. King, Grady Gore, Loyd R. McCormick, Garland McWhorter, H. R. Bates, J. D. Brown, Mr. R. R. Reppert, and Misses Loys Goad, May, Greenwade, Murray and the hostess, Mrs. J. B. Lowe.

The next meeting will be Thursday March 28th, at the New Home school house. Mrs. Acie Bailey and Mrs. J. D. Brown will be hostesses.—Reporter.

Negro Steals Chickens, Rests Up In Local Jail

A colored gent by the name of Bob Taylor has the pleasure of resting in jail for a while as a result of having stolen and marketed six chickens, according to City Marshall Milt Finch.

Taylor was working for Jack Alley at the Sunshine Inn and is alleged to have been stealing and selling chickens from his chicken pen for some time. He is also alleged to have stolen a number of groceries from the Inn.

1930 Baseball Season Opens Here Sunday

The 1930 baseball season gets under way in Tahoka next Sunday afternoon when Southland meets the local team here. The game will be called at 3:30 o'clock.

Tahoka has excellent material for a winning team this year, even better than that of last year. Without a doubt it will be one of the very best amateur ball clubs in all West Texas, practically the entire squad being ex-league, semi-pro, or college players.

Locals

Bill Ellis, "Wild Bill", has gone in to training with the Selma, Alabama, club of the Southern Association. Bill is a star pitcher down there as well as on the Plains, and he is said to be the only member of his club who did not get a salary reduction in signing this year's contract.

Mr. and Mrs. G. B. Parnell of Draw, and Mr. and Mrs. Henry Bearden of Lamesa received a message Wednesday that Mrs. Parnell and Mrs. Bearden's aged mother of Jayton had died. Her friends will remember her by the name of Mrs. L. M. Givens.

G. E. McMahan, who, in company with George Hogan, Jr., started for the Philippine Islands last week, is back in Tahoka having decided not to make the trip. He says George is in California awaiting the leaving of a boat.

Mr. E. I. Hill was taken to a Lubbock sanitarium Monday afternoon where she is undergoing treatments. Latest reports are to the effect that she is slightly improved.

Mrs. A. B. Davis of Ballinger and daughter Miss Fern Davis, who has been spending the winter in Florida, are here visiting Mrs. Davis' mother, Mrs. I. N. Lewis, and other relatives.

A number of Tahoka Baptists attended the Fifth Sunday Meeting at Wells last week, which lasted from Friday until Sunday, inclusive.

Mrs. Jewel Crosslin of Littlefield spent Sunday, Monday and Tuesday here with her parents, Mr. and Mrs. G. E. Hogan.

Mrs. George B. Law and little son left Monday to spend a few days visiting relatives in Temple and Calvert.

Paul J. Lawson has returned from a week's visit to different parts of New Mexico, including Clovis, Portales, and Quay Valley.

Mr. and Mrs. A. A. Wilson of Brownfield visited Mrs. Wilson's parents. Mr. and Mrs. G. B. Parnell and family of Draw Sunday.

Mr. and Mrs. V. E. Cook of Grassland are the happy parents of a big eight-pound boy born Monday, March 31st.

Miss Gussie Parnell of Edith spent the week end with her parents, Mr. and Mrs. G. B. Parnell and family.

Henry Maasen has bought the M. L. H. Baze home in northwest Tahoka.

Mr. and Mrs. Ward of Grassland are the happy parents of a big boy.

Teamwork Counts!

If anything—it's teamwork that counts!

No matter how strong the individual, he becomes more powerful with team co-operation—TEAM WORK.

Have you joined the home town team? Are you making your co-citizens realize your desire to assist them commercially and socially? Are you helping them to feel the advantages of living in this good town of ours? Are you extending a cordial heart and hand?

If you do—they will pass the good word along—it becomes an endless chain. The teamwork is strong and will thus attract others—who in turn will lend their hands, talent, resources and energies to mutual civic progress.

Now is a good time to "join up"—the only initiation fee is a resolve to do your part—and the dues come back to you in personal dividends.

F. E. House, who lives out on the Oscar Roberts farm north of Tahoka, is some White Leghorn fancier. He stated to a representative of the News a few days ago that he had 1,100 eggs that would begin hatching this week. He brought some baby chicks last year that cost him as high as \$1.50 and \$2.00 each. He has just finished culling his hens and has just installed a new brooder of large capacity and says he is just now getting fixed to go into the White Leghorn business right. He says that a man can't live by cotton alone.

B. H. Howard and sons, Uris, Grady and Vanroe Howard of Crosbyton and Mr. and Mrs. Howard Crausby of Olton spent last week end with Mr. and Mrs. Harley Henderson and Mr. and Mrs. Frank Hill. Mrs. Howard, who had been visiting here two weeks, returned home with the former.

Dallas Lady Glad To Praise Konjola

Neuritis and Stomach Troubles Soon Banished By Power Of New Medicine

MRS. E. M. FITZGERALD
"I never had the least idea Konjola would help me as it did," said Mrs. E. M. Fitzgerald 4533 Worth Street, Dallas. "My stomach gave me a great deal of pain and trouble. Gas accumulated in my stomach after meals and the pressure against the heart cavity caused that organ to beat wildly. Neuritis attacked my side and my right arm and shoulder. These pains were often so severe that I could not do my housework. I did not sleep at night and became very nervous."
"Konjola is fast bringing me back to health again. My stomach is in excellent shape and I can eat almost anything without distress. The neuritis pains are gone, my sleep is normal once again, and my nervous condition has greatly improved. I shall always recommend Konjola to anyone suffering as I did."
Konjola works with the important organs of the body, drives the poisons from the system and regulates the organs of digestion and elimination. In this way glorious and abundant relief is brought about. It is recommended that Konjola be taken from six to eight weeks for the best results.
Konjola is sold in Tahoka, Texas, at Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

Prof. Lonnie Chiles, who is now teaching in Dawson county, was a guest Sunday in the home of his old-time friend, W. J. Crouch. He and Mrs. Crouch's daughters, Mrs. Alex Riddle and Mrs. Joe Nevill, were class mates down at Dripping Spring in San Saba county in their childhood days and they had a wonderful time Sunday recalling many of the interesting events of their childhood. Mr. and Mrs. E. N. Weathers were also guests in the Crouch home on that day and their presence added much to the pleasure of the occasion.

W. M. (Bill) Thompson returned last Thursday from a week's visit with relatives in Hill county. Bill says that the corn is up and looking fine down there, altho the oat crop was completely killed out by the hard freezes in January. There is no wheat, and so the crop in that section will consist almost solely of cotton and corn. There is no prospect that there will be a heavy reduction in cotton acreage in that county, he says, though the banks are demanding that farmers raise enough feed to run them.

K. C. Holmes of the Farmers Independent Gin Company left Tuesday for Dallas where he will attend the state ginners convention. Mr. Holmes stated before he left that he planned on buying some new gin equipment while in Dallas for installation in his plant before the next ginning season.

Miss Thelma Palmer, O'Donnell, while in Tahoka Tuesday, reported that farmers in that section of the county are rapidly turning to power farming. The Palmer Implement Company of that city has sold a total of fifty-eight tractors this year.

Mr. and Mrs. Will Montgomery and children visited in Amherst Sunday, where they were called on account of the illness of Mr. Montgomery's uncle.

Mrs. Maurice Small of Sudan, who has been here with her parents, Mr. and Mrs. D. B. English, for the past few days expects to return home early next week accompanied, of course, by the newly-born son, George Maurice.

Rev. E. L. Naugle, pastor of the Methodist Church at Wilson, was in Tahoka on business Monday.

Miss Virginia Sanford spent last week end in Lamesa visiting relatives and friends.

THE QUALITIES OF LEADERSHIP

By JOHN G. LONSDALE
President American Bankers Association

Leadership and success, in a general way, are synonymous. They are both founded upon simple codes of thought and action, upon the realization that he who wins the laurels must be a doer, not a waiter, that application of energy, not time or luck, is what counts most. A rabbit's foot is a poor substitute for horse sense.

John G. Lonsdale

Both success and leadership, if they be of the highest quality, are the result of service to humanity. Service has been aptly described as "the supreme commitment of life." Analyze the lives and times of all great leaders of history and you will find that those whose names are enshrined in the hearts of their countrymen are those who sought to render a needed service to the populace.

Leadership, like success, need not, however, be international or national to achieve great results. There is room for each of us to be a leader in his community, in his work, in his church, and in various organizations.

One of the indispensable qualities of leadership is the ability to persist steadfastly in the face of discouragements. If George Washington had not possessed the quality of persistence, he and his soldiers would never have survived the hunger and privations which were theirs at Valley Forge.

We have too many young men and young women these days saying a job cannot be done. Too many spend their time explaining why a thing can't be done, instead of saying, with firm resolve, that it can be done, and then going out and doing it. Anything that ought to be done is capable of being done. And anything worth doing at all is worth doing well. The fellow who handles a little job in a big way is always on the road to greater fields.

BANKERS STUDY CHAIN BANKING

The Economic Policy Commission of the American Bankers Association has been specifically instructed by the general convention of the association to study and report on chain and group banking developments, and also on the proposal of the Comptroller of the Currency for an extension of branch banking in the national banking system, to permit those banks to conduct branches in the trade areas surrounding their locations.

R. S. Hecht, President Hibernia Bank and Trust Company, New Orleans, Louisiana, is chairman of the commission. The members are: George E. Roberts, Vice President National City Bank, New York, N. Y., vice chairman; Nathan Adams, President American Exchange National Bank, Dallas, Texas; Leonard P. Ayres, Vice President Cleveland Trust Co., Cleveland, Ohio; Frank W. Blair, Chairman of Board Union Trust Company, Detroit, Michigan; Walter W. Head, President Foreman-State National Bank, Chicago; W. D. Longyear, Vice President Security-First National Bank, Los Angeles, California; Walter S. McCluskey, Chairman of Board Commerce Trust Company, Kansas City, Missouri; Max B. Nahm, Vice President Citizens National Bank, Bowling Green, Kentucky; Melvin A. Traylor, President First National Bank, Chicago; Paul M. Warburg, Chairman of Board International Acceptance Bank, New York, N. Y.; O. Howard Wolfe, Cashier Philadelphia National Bank, Philadelphia, Pennsylvania; Gordon Edwards, American Bankers Association, New York City, secretary.

A survey showing the extent to which chain and group banking has developed in the United States has been made and issued in booklet form by the American Bankers Association of New York City.

SECTIONS WHERE SAVINGS DECREASED

A regional analysis of the drop in the nation's savings deposits in banks, as recently reported by the American Bankers Association's Savings Bank Division in its annual compilation for 1929 showing the first recession in national savings in the twenty years during which it has published this data, reveals that all sections except the New England and the Pacific States groups recorded losses.

The published figures showed that on June 29, 1929, the total savings deposits in banks and trust companies of continental United States stood at \$28,217,656,000, which was \$195,305,000 below the similar total for 1928, when there was an increase of \$2,300,000,000.

The regional analysis by state groups discloses, however, that the six New England states as a group gained more than \$55,500,000 in savings and 153,954 in savings depositors, while the seven Pacific states as a group gained over \$75,000,000 in deposits and nearly 275,000 in number of depositors. The gains in these two sections, however, were smaller than the gains recorded there for 1928. The sections which showed losses are the Middle Atlantic States, Southern States, East Central States and the West Central States.

EVERYMAN'S BIBLE CLASS SETS NEW RECORD SUNDAY

The Everyman's Bible Class of the Methodist Church, sometimes known better as "The Roughneck Class", set a new high record of attendance last Sunday with forty men present. The class has had that goal in view for some time, but this was the first occasion when as many as forty could be gotten together.

The class was organized about three years ago to fill a need for a men's class, and has had a steady growth in interest as well as in average attendance. The teacher says that there are available about seventy-five men who ought now to be members of that class, and that if fifty men can be enrolled for even fairly regular attendance, a new room twenty feet square, in the basement will have to be partitioned off and equipped for the men. The officials of this class believe there is a very great need for special work to be done in this, one of the most neglected fields of social and religious work, that if the men of the different churches can be brought to a recognition of their responsibility in social and religious affairs in the community, the men outside the church rolls will be in line for such activities, that one of the greatest wastes in the country is in the man power of the church. The class believes that every churchman owes it to his community to belong to just such a virile and active organization as a great Sunday school class, and solicits membership from all classes and profession and trades in the community, and from men of no church preference.—Contributed.

SECOND ENGINEERS SHOW AT TECH APRIL 11 AND 12

LUBBOCK, Texas, April 5.—The second annual Engineers Show at the Texas Technological College will be held Friday evening, and all day Saturday, April 11 and 12. Haynie Spencer, senior student in the School of Engineering, who is general manager of the show, has announced. Spencer is from Cross Plains. Cary Lodal of Gorman is assistant manager of the show.

From 350 to 400 students and faculty members will assist in showing visitors through the three engineering buildings at the college. All the equipment, machinery and tools will be in use by the students, giving the visitors a comprehensive idea of the manner in which the students are gaining practical knowledge and experience in this school.

Last year 2,200 visitors were

counted between two o'clock to ten o'clock Saturday afternoon and evening and this year the attendance at the free show is expected to double this figure several times.

A particular appeal has been sent out to all engineers, to all students and to all business and professional men of all the Southwest section.

PLEDGE CUT IN MITCHELL

Eighty-seven Mitchell county farmers pledged themselves to join the nation-wide cotton reduction program in a called meeting of farmers, bankers, and gin men held in the court house at Colorado Saturday afternoon.

Seventy-five of the farmers pledged themselves to plant as much as one-third of their entire crop in some sort of feed and 12 signed up to plant one half of their entire crop acreage in feed.

"We Light The Way"

"THE MARRIAGE PLAYGROUND" IS COMING SOON

"The Marriage Playground", an all-talking moving picture with all the elements of perfect entertainment—pathos, romance, comedy and drama, is coming to the English Theatre as the main attraction Tuesday, Wednesday and Thursday of next week.

Based on the novel, "The Children" by Edith Wharton, this production moves along swiftly, stirring the heart of the beholder to continuous emotional response. It concerns the revolt of the younger generation against the divorce-crazed, thrill-thirsty behavior of their elders.

Mary Brian, as Judith Wheeler is featured in the leading female role Co-featured with her as the young American who befriends the unfortunate Wheeler children is Fredric March.

Huntley Gordon and Lilyan Tashman are the renegade parents. The roles of the young Wheelers are played by Phillippe de Lacy, Billy Say, Ruby Parsley, Little Mitzi, Anita Louis and Donald Smith, the latter a nine-months-old baby.

Additional support is furnished by Kay Francis, William Austin, Joseph Lee, Maude Turner Gordon, Joan Standing and David Newell.

Miss Brian was a silent film favorite before the advent of the talkies brought her new laurels. She was recently seen and heard in "The Man I Love", "The Virginian" and "River of Romance." Fredric

March stepped from the legitimate stage into big and successful roles in the talking screen just about a year ago. His first appearance was in Clara Bow's "The Wild Party," as the college professor. He played with distinction in "The Studio Murder Mystery" and "Jealousy."

BALLINGER MAN NEW HEAD CITY SCHOOLS

(Continued from first page)

should move. "I hate to leave the many friends I have made in Ballinger," Mr. Pace stated, "but I intend to keep them and make others where I am going."

H. C. Lyon, superintendent, stated that he had no one in mind at the present time to recommend for position which will be made vacant by Mr. Pace's resignation.

Mr. Pace completed his education last summer when he received his Master's Degree from the University of Texas. He has been a diligent student since completing his regular college course, each summer attending the university.

His nine years of educational work here have given him plenty of experience in managing a school and no better man could be selected by the Tahoka board than Mr. Pace.—Ballinger Daily Ledger.

Texas' annual production of gas—natural and casinghead is estimated by the Texas Railroad Commission, at 789 billion cubic feet.

NEW FAIR DIRECTORS WILL MEET TUESDAY EVE

(Continued from first page)

used by the Fair Association, county clubs, schools, and other organizations and managed by the commissioners' court. Such a small tax would cost taxpayers less than a dollar a year on each quarter section and would raise sufficient funds in three or four years to allow the abolishment of the tax.

Practically every community in Lynn County is represented on the board of directors of the Fair Association, there being only three yet to be elected.

Grassland

The Methodist meeting closed Sunday night, there were 26 additions to the church. Rev. Gilliam did the preaching. Those who missed his sermons surely missed a great blessing, especially Sunday and Sunday night. There were 107 enrolled in Sunday school Sunday morning. We hope this number and more will be there every Sunday. Let's try and show these young converts we are interested in them.

The Christians had an all day meeting at the Church of Christ Sunday. Large crowds attended.

Miss Cressie Turner and her roommate are here from Abilene visiting with Miss Cressie's parents, Mr. and Mrs. D. W. Turner.

Mr. and Mrs. Howard Wheeler have returned from East Texas where they have been visiting for sometime.

Mrs. M. L. Thomas and daughter have returned from Center, Texas, where they visited Mrs. Thomas' mother.

We are glad to report Oren Ramsey is home again after spending a week in the Lubbock Sanitarium.

Mr. Jim Ramsey is on the sick list this week, also Mrs. Beasley.

The kid singing at Central was well attended Sunday afternoon.

The stock has visited our community and left a baby boy at the home of Mr. and Mrs. Ward and also at Mr. and Mrs. V. E. Cook's. Mothers and babies are doing nicely.

Euzelion Class Clears \$70 On Benefit Play

"An Old Fashioned Mother", the play presented by the Euzelion Women's Class of the Baptist Church at the High School auditorium Friday night proved very entertaining and netted the class nearly \$70.00 clear after paying expenses which totaled about \$20.00.

The receipts go to the Euzelion class' part in the Baptist Building Fund.

LYNN COUNTY'S MARKET PLACE

The cheapest, quickest, and most convenient method of handling your small trades is through use of Classified Ads. in The Lynn County News.

If you have livestock, farm implements, household goods, planting seed, a farm or a house to sell; if you want to rent a house or farm; if you want to buy or trade something; if you have lost or found something—then advertise it in these columns. An expenditure of from thirty cents to a dollar will possibly bring you the desired result.

Remember, The Lynn County News is read in 1,100 homes.

400 Expected At Judges' Convention

H. B. BREWER IS HURT TUESDAY

In Critical Condition; Gets Clothing Caught In Tractor Wheel While Plowing

H. B. Brewer, a prominent farmer residing in the Joe Bailey community a few miles east of O'Donnell, lies in the Lubbock Sanitarium in a most critical condition as a result of injuries received early Tuesday afternoon when he fell or was thrown beneath the wheel of a tractor which he was operating on his farm. One wheel of the tractor is said to have passed over his body twice and the engine was stopped just in time to prevent its passage over his body the third time. Two or three of his ribs were broken, the end of one of the broken ribs was driven into one of his lungs, the flesh on the right arm and shoulder and on the left leg was terribly lacerated, and other severe bruises and abrasions were received on the body. The most dangerous injury perhaps was that in the lung. Reports from the sanitarium Wednesday afternoon were to the effect that the condition of the injured man was very grave and little hopes for his recovery were entertained.

Mr. Brewer was driving one tractor and a negro, Andrew, was driving another a few yards behind him. While the tractor was in motion Mr. Brewer undertook to clean off the knives skimming the soil and while doing so one of the guides on the tractor went wrong and the tractor began running in a circle. Trying to regain his seat on the tractor his foot slipped and he fell. Possibly the cleats on the wheel caught his clothing and pulled him under the wheel. At any rate, when the wheel had passed over his body the first time he was thrown or pulled over in front of it again, and it passed over his body the second time, according to the negro Andrew who quickly stopped his own machine and ran to Mr. Brewer's rescue. He succeeded in stopping the big tractor just as the wheel was about to pass over the body for the third time, according to the negro.

The injured man was taken to O'Donnell where the wounds were given first aid treatment by Dr. Campbell. In the meantime, Harris & Applewhite of this city were notified and requested to send their ambulance at once in which to convey the injured man to the sanitarium. Mr. Applewhite responded immediately to the call but some of the bearings in his ambulance burned out before he reached O'Donnell and it became necessary to send to Lamesa for an ambulance.

Mr. Brewer is a son of G. T. Brewer of this city, and a brother of Tom Brewer of Joe Bailey, now a candidate for Tax Collector. The injured man's father, however, had gone down in the Ballinger-Coleman country on a fishing expedition and

(Continued on last page)

O'DONNELL BOY WINS AT SHOW

Jordan Goddard's Yearling Heifer Wins Two Awards At Plainview Show

Jordan Goddard of O'Donnell won first place with his yearling Jersey heifer in a class of 24 at the Plainview Dairy Show Tuesday, according to Ray Shaver, county farm agent. This heifer also took the premium as the Junior Champion over all heifers under two years of age. There were about 125 heifers shown.

This calf was the first in her class at the O'Donnell community fair and the county fair here last year. Jordan paid \$125.00 for the calf and she has already won premiums for her owner amounting to \$57.50 in cash and a gold watch.

Only one other Lynn county calf was entered in the show at Plainview and she was to have been judged yesterday.

Jordan is a club boy and last year he won second place in the entire state in the 4-H Club contest.

TAHOKA HOLDS OWN IN NUMBER OF SCHOLASTICS

While some of the school districts of the county show a slight decrease of scholastics from last year, according to the scholastic census taken in March, Jim Weatherford, census enumerator for the Tahoka Independent School District, reports that his rolls show exactly the same number as last year, 704. This is an increase of about 100 over the number listed two years ago, however. With a normal crop this year, there should be a considerable increase before the next scholastic census is taken a year from now.

NEW BAPTIST PASTOR HERE

Parsonage Re-Papered and Repaired. Will Hold Services Sunday Morning and Night

Rev. and Mrs. O. J. Hull and daughter, Miss Doris Lynne, arrived late Wednesday afternoon and are now bona fide residents of Tahoka.

Rev. Mr. Hull is the new pastor of the Baptist Church here. For more than seven years he has been pastor at Gateville, where he has done a marvelous work for the church and the city. He began his active work here Wednesday evening at the midweek prayer service, which began within two hours after his arrival.

Preparatory to his coming, the local church had some repairs made on the parsonage, repapering all the rooms, placing the furniture, connecting up the lights, water, telephone, and gas, and providing a supply of groceries for the pantry. There was nothing for the family to do upon their arrival but to go in and take possession.

The new pastor will be in the pulpit next Sunday morning at eleven o'clock and again at 8 in the evening. Large congregations are expected to be present to greet the new pastor and his wife and to worship the Lord.

A reception in honor of the pastor and his family will be held in the church Tuesday evening, at which a most excellent program will be rendered and refreshments served.

Tahoka Wins First Ball Game Sunday

Tahoka defeated Southland Sunday afternoon in the opening baseball game of the season, played on the local diamond, the score being 16 to 13.

The game was an interesting one from start to finish. The visitors were leading until the sixth inning, when the heavy hitting of Edwards, Wells, Hollis and Squires began and the locals forged ahead. Wells as pitcher was relieved by Lefty Squires in the eighth, who held the visitors in check the rest of the game.

Batteries: Southland: Cummings, Neal and Taylor; Tahoka: Wells, Squires, and Hollis.

The Tahoka team will play Southland at Southland next Sunday.

Meeting Of Farm Bureau Saturday

We are requested to again call attention to the Farm Bureau meeting to be held in the court house here at 2 o'clock next Saturday afternoon, as was announced in this paper last week.

It is possible that a representative of the Federal Farm Board will be present to discuss the cotton situation and the means which the Government is employing to help the cotton farmer.

New officers of the local organization will also be elected. Not only are the members of the Farm Bureau urged to be present but all other farmers as well as the business men are urgently requested to attend.

MAN IS DEAD; FELL FROM BUS

Otto Page Of Oklahoma Is Victim Of Accident Near Here Monday Night

Otto Page, 32, of Earlsboro, Oklahoma, died in the Lubbock Sanitarium Tuesday night from injuries received a mile south of Tahoka just before eight o'clock Monday night when he leaped or fell from a bus in which he was riding.

The accident, or incident, occurred just as the bus was making the turn as the road curves from an easterly to a northerly direction a mile south of the city. He had boarded the car at Lamesa, according to other passengers. Whether he deliberately leaped from the car or accidentally fell from it as it rounded the curve does not seem to be clearly determined. One report is that he deliberately leaped from the bus while others think that he was either sick or under the influence of intoxicating liquor and fell out.

After being given medical treatment here he was rushed to the sanitarium at Lubbock, where an operation was performed. His skull had been fractured and he had also suffered several internal injuries, it is said.

An identification card was found in his pocket, revealing his name and residence.

New Home To Have Candidate Speaking

A schedule of speakings by the various candidates in the several communities of the county is being arranged, according to information given by some of them to the News, and we hope to be able to publish the entire schedule next week.

The first of these meetings will be held at New Home on Friday night of this week. All the people of New Home and surrounding communities are invited to be present and hear the candidates fire their opening guns. The list of candidates is becoming rather lengthy but it is expected that most of the talks will be brief. Some of them, no doubt, will be snappy. A large crowd is expected at this first big skirmish of the campaign. The ladies as well as the men are urged to be present.

Smith Is Elected Kiwanis Delegate

The board of directors of the Kiwanis Club Wednesday selected Truett Smith as a delegate to the Kiwanis International to be held in Atlantic City, New Jersey, this summer. Truett is president of the local club and has expressed a willingness to go, paying a large part of his own expenses.

Representatives from all parts of the United States and Canada will be present.

OFFICERS FOR FAIR ELECTED

Wells, White and Williams Re-Elected; Proposed Tax Election Is Postponed

At a meeting of the board of directors of the Lynn County Fair Association held here Tuesday night, Claude Wells was again elected President; Taylor White, manager; and C. C. Williams, secretary-treasurer. Sam Kitchens of New Home, M. J. Whitsett of O'Donnell, D. G. Phipps of Wells, and Rev. Roth of Wilson were elected members of the executive committee.

A change in the score card for community exhibits was also authorized, requiring each exhibit to consist of not less than 25 and not more than 50 varieties, but these need not be designated. Heretofore the varieties to be exhibited were designated and exhibitors were required to conform to the designated list of exhibits.

The meeting Tuesday night was a very enthusiastic one. There were about twenty-five individuals present, including fifteen directors.

Owing to the fact that it is now too late to levy a tax for this year even if it should be voted, it was decided to postpone the election for the fair grounds tax until the general election next fall.

Local Citizens Form Oil & Gas Company

The Lynko Oil and Gas Corporation was organized here recently and a charter granted authorizing the company to drill for and market oil. The incorporators are Charles F. Shook, J. Anson Coughran and A. I. Stephen. The holdings of the company consists of a tract of land in Medina county just south of the big gasser which came in a few weeks ago. This gasser is producing 75,000,000 cubic feet of gas per day, and not far away is a big oil field.

The Lynko Oil & Gas Company expects to begin the drilling of a well on their property within the next thirty days. Wilson Edwards of Waco and Tahoka has the drilling contract. Many friends here are hoping that these gentlemen may bring in a big gasser.

Plan Better Homes Program Apr. 29-30

The Better Homes Program will be given April 29 and 30. This program will be given by the Home Demonstration Clubs and Phebe K. Warner Club co-operating.

The program for the first day will be as follows:

There will be a tour visiting the winners of the Living Room Contest, 4-H Pantry demonstrators and poultry demonstrators. The following

(Continued on last page)

WHAT A COUNTY FAIR GROUND WILL COST EACH TAX PAYER

Before any citizen of this or any other county votes an extra tax on himself he is interested in knowing the facts of the case in the fullest details. He should know what the tax will amount to and what is to be purchased with his money.

The Tax rolls of the Tax Assessor of Lynn County shows that the land in Lynn County is valued at from \$3.00 to \$10.00 per acre, and that there is very little land valued at \$10.00, and that land is located adjoining the townships of Tahoka and O'Donnell. The average valuation of the county for County and State tax purposes is \$6.41, according to the figures of the County Tax Assessor.

Now, at these figures it will cost the following on the various valuations of land.

One hundred and sixty acres, valued at \$10.00 per acre, total tax at 5c per \$100 valuation is 80c. One hundred and sixty acres valued at \$3.00 per acre, total tax at

5c per \$100 valuation is 64c.

One hundred and sixty acres valued at \$6.41 per acre, which is the average valuation of the entire county, total tax at 5c per \$100 valuation is 51c.

One hundred and sixty acres valued at \$3.00 per acre which is the minimum valuation in Lynn County, total tax at 5c per \$100 valuation is 24c.

The question for the property holder to consider before voting for or against the issue of whether or not a Lynn County Fair Ground should be bought and equipped is whether it is worth what it will cost him. He can find out just what it will cost him by taking his tax valuations for County and State and multiplying the number of \$100 valuations by 5c and the results will be the total cost of the tax on his property.

Example—Valuation, \$1280. 1280 times 5c equals 64c tax.—Contributed.

Commissioners To Attend Meet Also

THURSDAY AND FRIDAY—DATES

Homes Are Needed To Care For Visitors At Big Two-Days' Convention Next Week

The convention committee of the Tahoka Chamber of Commerce has been busy the past few days making arrangements for entertaining the visitors who are expected to be here Thursday and Friday of next week attending the convention of the West Texas County Judges and Commissioners' Association. The committee, consisting of Chester Connolly, Bill Briles and W. S. Anglin, are asking the citizens to open their homes to the visitors for Thursday night. There are hotel accommodations here for about 125 visitors and 300 or 400 visitors are expected to be in attendance. It will be necessary therefore to secure rooms in private homes for many of the visitors, and every family in town who can possibly spare a room will be requested to do so.

The West Texas County Judges and Commissioners' Association was organized about six months ago at Lubbock and has had one meeting since at Plainview. It covers an undefined territory including the entire section loosely designated as West Texas. Besides county judges and county commissioners, many representatives of implement houses and possibly a number of state candidates will be present. A luncheon will be served at noon Thursday by the Women's Home Demonstration Clubs of the county.

No program has been furnished us for publication but we understand that a splendid program has been prepared for each of the two days of the convention. There will be morning sessions beginning at 10 o'clock and afternoon sessions beginning at about 2 o'clock. We are advised that D. A. Bandeen, Manager of the West Texas Chamber of Commerce, will be one of the speakers. His subject will be, Equalization of Tax Valuations. He is said to have made a close study of this and related subjects and will doubtless be able to give much valuable information.

Judge W. R. Ely of Abilene, a member of the State Highway Commission, will also be one of the speakers on the program. Possibly other distinguished men will discuss other matters of vital concern to the people of West Texas. Certainly there will be many other numbers on the program.

The meetings will probably be held in the district court room. Lunch will probably be served in the base-

(Continued on last page)

LOCAL PEOPLE PAY CAR FINES

State Highway Patrolmen Nab Citizens For Failure To Comply With Automobile Laws

Several fines were collected from local citizens Monday for various infractions of the state laws relating to traffic over the highways.

Two truck owners were required to dig-up flags for failure to display red flags on the rear end of their trucks.

Three fines were paid for failure on the part of automobile salesmen to give bills of sale with the cars sold.

One fine was paid for running a car without the 1930 license plates and one for failure to have number plate mounted on the rear end of the car.

These fines ranged from \$13.00 to \$22.00 each. The cases were filed in the justice court here by members of the state highway patrol.

"IF YOU GIVE THE BEST, THE BEST WILL COME BACK TO YOU"

We've always heard the saying "If you give the best, the best will come back to you." Mrs. Taylor White started off Wednesday morning right by taking flowers to her neighbors, and on her return home she found a dollar bill in her back yard. From whence it came she cannot account.

BOYS JAILED FOR STEALING

Five Young Men Take Gasoline. Soda Pop; Get Fired On; Are Now In Jail

Five boys, ranging in age from 15 to 21 years, were placed in jail Saturday on charges of stealing gasoline from various cars in different parts of town Friday night. Other similar thefts had been committed by them at other times, it is understood, according to confessions made by some of the boys.

The boys came to grief when they were discovered by Harley Henderson at a late hour in the night purloining bottles of soda pop from his truck parked near his window. Previous conduct on the part of some of the boys led him to believe that they were preparing to make a raid on his liquid refreshments and he was pursuing a watchful waiting policy. When he heard and discovered them, he leaped out of his window landing almost in the very midst of the intruders. They scattered like sheep and as they fled he fired his pistol several times. They made their getaway in an old car but the number of the car was obtained and the identity of the boys established. When brought before the county attorney one at a time, they are said to have made various and sundry

(Continued on last page)

Barton and Grider Buy Swan Insurance

Messrs. Barton & Grider have announced the purchase by them of the insurance business of E. M. Swan. They recently purchased the insurance business of A. J. Glasgow & Co. and have their offices over the Thomas Drug Store.

"We are endeavoring to establish one of the best equipped insurance offices in West Texas," Mr. Barton said to a representative of the News Wednesday. "Tahoka now has a credit of 15 per cent for its good fire record, which went into effect on March 1, last, and this will be a very substantial saving to the people of Tahoka."

Mr. Swan will continue his loan business in the same office which he has been occupying the past two years or more.

Hot Weather Here During Past Week

The weather here has been unusually warm for the past few days, according to the government thermometers kept by the editor. One of these thermometers registers the maximum temperature and the other the minimum temperature reached each day. The thermometers are set about six o'clock each evening, and the minimum and maximum temperatures registered, therefore, are for the succeeding night and day. This week we give the record since Sunday.

Day	Maximum	Minimum
Sunday	85	47
Monday	92	55
Tuesday	92	45
Wednesday	91	56

MEN THAT COUNT FOR GOD AND THE COMMUNITY

(By R. T. Breedlove)

Some men are brought to perfection by trials and vicissitudes, and some are brought to disaster. Some come up through humiliation to grandeur of character, and some are wrecked in the process of character making. One man will become a Judas, while another by the same process of proving will instead of showing the cowardly yellow streak show up pure gold, like John or Peter.

Some men are like stray dogs, following just any master, white, black or yellow, criminal or what not. Some men will quit like rats when the fight comes on hot, when the danger is near. Some men can't say no to anything or any person but God. Some men straddle and quibble, afraid to do their plain and sacred duty. There are they who make it hard for the men who do count and do their work. They are traitors in the camp, enemy sympathizers, unpatriotic, yellow streaked.

These are not the men that count. The man that counts has a clear eye, a sound, far-seeing judgment, a courageous soul, and a faith that will not shrink in the face of the devil and all his men and imps and institutions.

"Men That Count" is the subject for morning preaching at the Methodist Church next Sunday. The Publisher and especially men are asked to

attend. Courteous treatment, but a plain sermon is our aim. And it is the prayer of the preacher that men may be held by this service.

We welcome the new Baptist pastor, Rev. O. J. Hull and wish for him and his people a great pastorate together. It is probable that we will not have a service at the evening hour, it having been a custom of long standing to visit other churches when they have a new pastor.

Men who are not located in other churches are welcomed to The Roughneck Sunday School Class. Our attendance is growing, forty and thirty-seven being the record for the last two Sundays. It is the purpose of this class to serve in as large a way as is possible in this community, and to do so, we need the help of as many men as we can induce to join with us in this great class. The community has a right to be proud of as large a group of men as that. Perhaps there is not another city on the South Plains anywhere near the size of this that has so large a class of men. Help us make it a larger one. To do so we will have to provide a larger meeting place, but that can be easily and inexpensively done. We challenge the men to make us build a room.

After Mrs. Agnes Lauren, fortune teller in Chicago, had told Detective James Walsen he would soon be "wearing a uniform" he went to the state, put on his uniform, returned and arrested her for fraud.

Locals

Mrs. H. C. Crie was in O'Donnell Monday and went around to the hatchery there to find out about the eagle eggs which had been found and placed in the hatchery, a story of which appeared in this paper last week. She found that both of the eggs had hatched. One of the young eagles had died but the other was alive and apparently enjoying perfectly good health. She said the little fellow looked very much like a gosling but he will probably grow up to be an eagle, if he keeps his health.

Curtis Crouch and family and Evertson Nevill, who have been residing at Hollywood, California, the past several months, visited here Saturday night and Sunday. They came over from Lovington, where they had spent two or three weeks, and left Sunday afternoon for Hollywood. They visited the Crouch and Nevill families and other relatives here.

B. R. Tate, Ben King and Porter Tredway visited the dairy show at Plainview Wednesday. Quite a number of Tahoka and Lynn County people are in attendance today but it has been impossible to get a complete list of those attending.

Miss Berta Hill, who has been attending the West Texas State Teachers College at Canyon, is now at home on account of the illness of her mother. She will probably not return to school this spring.

Ed Cook returned Tuesday from the Scott & White Sanitarium at Temple, to which institution he had taken his brother-in-law, R. S. Carpenter, of Post and the latter's daughter, for treatment.

W. J. Burkhart and family, who have been residing in Lubbock the past two years, are preparing to return to their farm east of town. Mr. Burkhart is building a new residence on the farm.

Judge G. C. Grider and Judge C. H. Cain are attending court in Abilene this week, the boundary suit of Lynn and Garza counties coming up for trial there Monday.

W. A. Bodine and son-in-law, Brown McCarty, of San Saba visited home of Mr. and Mrs. W. J. Crouch week. They were old time friends of Mr. Crouch.

Mr. and Mrs. A. L. Jones have been in Lubbock this week, one of their daughters being seriously ill in the Lubbock Sanitarium.

P. G. Barton returned Tuesday from a brief visit at Munday. He says that it is drier down there than it is here.

Mr. and Mrs. Clarence Crouch of Muleshoe were guests Sunday in the home of Mr. and Mrs. W. J. Crouch here.

Elder Joe Meece conducted services at the Primitive Baptist Church here Wednesday and Thursday.

C. A. Johnson of Gail is here this week visiting his brother-in-law, Doak Smith.

Mr. and Mrs. Z. D. Kemp of Post were guests in the home of Mr. and Mrs. S. R. Kemp here Sunday.

Munger Kemp of Post was here Monday night.

COATED TONGUE

Often Sign of Biliousness That Indicates the Need of Black-Draught.

Austin, Texas.—"In the sixteen years of my own housekeeping, Theodor's Black-Draught has been my best stand-by in the way of medicine," says Mrs. J. M. Rich, of 1700 Holly Street, this city.

"I have found Black-Draught to be the best medicine I have ever used for the relief of colds. I have been using it in my home for years. My father used it also in his home and gave it to his children. Whenever we had the usual children's complaints, mother would make up a tea of Black-Draught and give us. We always felt better after taking it."

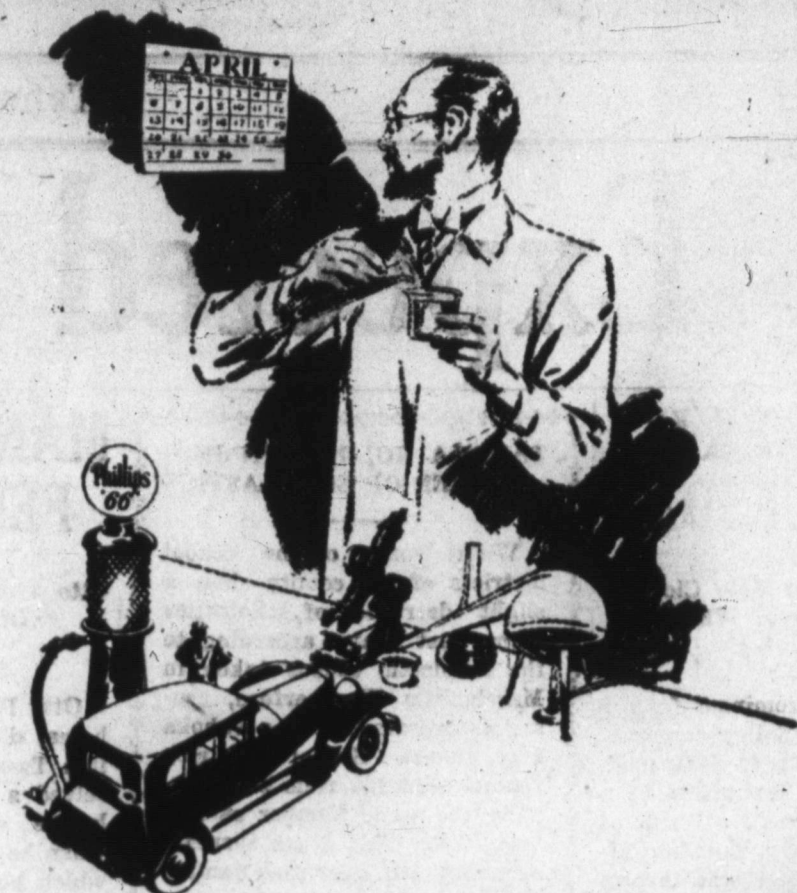

"I also give it to my children when they have colds or upset stomachs. Sometimes they get feverish from biliousness. If they begin to get yellow, or their tongues are coated, I make a tea of Black-Draught and give to them in small doses. They don't mind taking it at all."

In thousands of families, Theodor's Black-Draught has a corner all its own on the medicine shelf. In use nearly 100 years.

Theodor's Black-Draught is a purely vegetable medicine, free from harmful mineral drugs. Costs only 1 cent a dose.

VALUE
AMERICA IS CHOOSING

BUICK

Buyers today demand known goodness . . . dollars must bring a real return . . . and so motorists are buying more than

TWICE AS MANY

Buicks as any other car priced above \$1200.

TOTAL IN U. S.	BUICK	2nd Car in U. S.	3rd Car in U. S.
Labeled figures by E. I. Pelt and Co., showing total registrations of these cars.	1,465,988	730,652	639,511

Men and women in all walks of life are now seeking positive value. They are demanding the most and best for their dollars. And so today more than ever the trend is to Buick.

Not only are motorists driving 700,000 more Buicks than any other of the 15 makes of cars in its price class—not only are they awarding Buick from 35 to 50 per cent of

the combined sales of these fifteen makes—but they are giving Buick a greater proportion of the total sales in its field than at any previous period in Buick history.

See Buick with Body by Fisher—compare it—consider the tremendous buyer preference revealed in the above figures—and you'll agree that Buick does provide greater value in all elements of motor car appeal.

S. J. Kitchens Enters Commissioners Race

S. J. Kitchens residing 1 1/2 miles east of New Home has a perfectly good hat which he cast into the political ring this week. His name will be found in the proper column in this paper as a candidate for commissioner of precinct No. 4.

Mr. Kitchens is a native of Coryell county. Many years ago he moved to Haskell county, and from there he migrated to Lynn county seven years ago. He has resided at and near New Home during the entire time. He is 41 years of age, active and progressive. He has served on the school board of the New Home Independent School District a term or two and for the past two years he has been one of the directors of the Lynn County Fair Association. He has taken a lively interest in all public affairs and stands for the upbuilding of his community and county. He invites the closest investigation of his life record.

Mr. Kitchen says that he has nothing against the present incumbent, that he is a good man, but he thinks honors should be passed around. Furthermore, he believes that he is capable of filling the office in an efficient and business-like manner and would like to serve in this capacity. He expects to make a house-to-house canvass and says he will appreciate the support of every voter in the precinct.

Uncle Ike Out For J. Of P. Re-Election

The name of Uncle Ike Metcalf appears in our announcement column this week as a candidate for re-election to the office of Justice of the Peace of Precinct No. 1.

Uncle Ike has been serving in this capacity for about ten years and it is his ambition to continue in this position on down to the end of the road, which cannot be many years ahead in his case. He has served faithfully and well and will endeavor to continue to do so if he is re-elected. He stresses the fact that his court is not a court of law but a court of justice and he tries to mete out this article to all patrons regardless of station, wealth, or influence.

Uncle Ike has been a resident of Lynn County for twenty-four years. He came to Texas immediately following the Civil War, locating in Palo Pinto county. For many years he was a member of the Texas Rangers, fought Indians, and helped to make Texas safe for civilization. For many years also he was a minister of the gospel, but has not followed his calling in recent years.

He is well qualified for the position which he again seeks and will appreciate your support in the July primary.

G. F. SHATTUCK DIED THIS THURSDAY MORNING

Rev. G. F. Shattuck residing a few miles northeast of Tahoka died at an early hour this morning, according to information reaching the News office. Death is said to have resulted from heart trouble.

It will be remembered that his brother died a little more than two weeks ago. In discussing his brother's death in the News office Rev. Shattuck expressed the conviction that he himself had less than a month to live.

At the time our forms must be closed, funeral arrangements have not been made but it is expected that the funeral and interment will be tomorrow. A more extended notice of Brother Shattuck's life and death will probably appear next week.

ENGLISH THEATRE HONORS MR. AND MRS. J. S. WELLS

On last Wednesday evening Mr. and Mrs. J. S. Wells and children and grand children attended the English Theatre as special guests of Mr. and Mrs. English.

Mr. English selected a very appropriate picture for this occasion, being "The Marriage Playground", a typical family type and was really enjoyed by every member of the family.

NEW BAPTIST PASTOR

REV. O. J. HULL

PREACHER'S CAR DISAPPEARS WHILE HE IS LUNCHING

Last Tuesday while Rev. Owen J. Hull and his family were partaking of the noonday meal he heard his car which he had parked in front of the door, start up. Thinking his car was being stolen he rushed out to apprehend the thief, and arriving just in time to see his car going down the street with Doc Shepherd of the Shepherd Motor Company at the wheel. Being completely dumfounded that Mr. Shepherd would drive his car off without his permission and realizing that he was a foot and would probably have to walk to Tahoka he sat down to rest and refresh himself—and upon arising, lo, what should he see but a brand spanking new four-door sedan where his old coach had formerly been. Upon further investigation he found that the new car was full of gas, the 1930 license had been paid and the car was equipped with 6-ply balloon tires and was labeled Rev. Owen J. Hull, Tahoka, Texas.

All we could get out of Mr. Shepherd was that he had been instructed by several members of the Baptist Church and a few other friends to trade cars with Brother Hull without his knowledge or consent. When we tried to interview the preacher he was still more or less delirious and was unable to talk coherently, but finally managed to make us understand that some of his members were afraid his old car might break down—and they wanted to be sure that he had a safe way of making his escape out of the country.—Gatesville Messenger.

NOTICE OF ANNUAL EXHIBIT IN ESTATES

THE STATE OF TEXAS, To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Lynn County, a copy of the following notice:

THE STATE OF TEXAS:

To all persons interested in the estate of C. B. Greggs, deceased: B. J. Emanuel and M. L. Thomas, administrators, of said Estate, has filed in the County Court of Lynn County, Texas, an Annual Exhibit of said Estate for the year ending on the 3rd day of April, 1930, which will be heard by our said County Court on the 4th Monday in April, 1930, the same being the 28th day of said month, at the Court House of said County, in Tahoka, Texas, at which time all persons interested in said estate may appear and contest said Exhibit, should they desire to do so.

Herein Fail Not, but have you before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Tahoka, this 7th day of April, 1930.

TRUETT SMITH, Clerk County Court, Lynn County, Texas

Cade Is In Race For Tax Collector

A. M. Cade, who resides five miles east of Wilson in the Morgan community, this week enters the political field as a candidate for tax collector of Lynn County. His announcement comes too late for us to place his name in our regular candidate column this week but it will appear in the proper place next week.

Mr. Cade is a prominent farmer of his community. He has been a resident of Lynn County for fifteen years, except two years spent in the service of Uncle Sam during the World War. He was inducted into the army in Tahoka and since his return from overseas he has been a member of the American Legion, belonging to the post at Slaton. He is thirty-four years of age and has a wife and three daughters. He has long taken an active part in public affairs in his community, especially in the interest of the public school. He was a member of the board of trustees of the Morgan school District when the new brick school building was constructed and is a member of the board yet. Just recently a brick addition to the building has been completed.

Mr. Cade is undoubtedly well qualified for the position which he seeks. After attending Britton's Training School at Cisco one year Mr. Cade took a business course and holds a diploma from the Tyler Commercial College. For a year or more he was bookkeeper for a prominent mercantile firm in Cross Plains and since coming west he has had considerable experience as a salesman in a hardware concern in Slaton. Also, during his service in the army, he was clerk for his company while in training at San Antonio, for a year. He feels that his business training and experience peculiarly fit him for the duties of this office and he believes that he can serve to the entire satisfaction of the citizenship.

Mr. Cade is an amiable gentleman and readily makes friends with strangers. He says that although he is starting a little later than some of the others, he hopes to see every voter in the county before election day.

Scholarships in West Texas Colleges and Business Schools will be awarded the winners of the "My Home Town Contest" held annually at the West Texas Chamber of Commerce Convention.

MAN JAILED FOR STEALING HARNESS MONDAY NIGHT

Clayton Standefer of Morton, Cochran County, is in jail here on a complaint charging the theft of four sets of harness valued at approximately \$100.00 from a farmer residing near O'Donnell Monday night.

As soon as the harness were missed officers here and at O'Donnell were notified and they got busy investigating the matter. Following a clue which they had obtained, Lawrence Sanford of Tahoka, son of Sheriff Sam Sanford, and T. W. Brown of O'Donnell left early Tuesday night for Morton. There they found the harness in the possession of Standefer, placed him under arrest, and brought the accused man and the stolen property back to Tahoka, arriving here early Wednesday morning. The owner of the property readily and positively identified it.

Standefer is said to have been at O'Donnell with a truck Monday. The charge against him is of the grade of felony and will be investigated by the next grand jury.

Ray Young and Vernon Jones, students of Texas Tech, were the guests of Reta Lois Colleen last week end.

Mrs. George Short, who was so seriously ill for so long, is still improving.

THE HATS THAT ARE IN THE RING

Every day we are asked how many
candidates are in the race for gov-
ernor, or who they are. We are giv-
ing the list below and just a word
about each. First, just to clear the
brush, we will name those who have
been mentioned but have not an-
nounced as candidates.

Heading the list is Governor Dan
Moody. It was persistently rumo-
red during the recent special sessions
of the legislature that he would defi-
antly fling his hat into the ring but
it is not believed now that he will
do so. Dan put up a stubborn fight
for prison reform but lost. Some of
his former pals quit him. His politi-
cal downfall dates back to the sum-
mer of 1928. Many yet believe that
Dan was led into the quagmire by
the siren voice of Tammany Hall
singing lullabies to him of a place
on the national ticket, that Dan real-
ized too late that he had gotten in-
to deep water, or rather into a cess
pool, floundered around in the Beau-
mont convention, and after finally
landing on firm "dry" ground, his
garments were terribly mire-bespatter-
ed. He had incurred the contempt
of his former wet friends without
having gained the admiration of the

"drys." Since then he has been like
a man without a country, and today
he must feel "like one who treads
alone some banquet hall deserted;
whose lights are fled, whose gar-
lands dead, and all but he departed."
Dan lost his one great opportunity
when he failed the dry cause in 1928
and fought for an uninstructed dele-
gation—which meant an Al Smith
delegation.

Then there is R. S. Sterling of
Houston, member of the state high-
way commission. He is daddy of the
state highway bond proposal. He
found it to be very unpopular and
backed off from the governor's race.
Oscar Holcombe, also of Houston
and ex-mayor of that city, announced
at one time that he would be a
candidate, but he also seems to have
gotten cold feet. A fellow named
Maritz, who hails from somewhere
in South Texas and who is a mem-
ber of the legislature, has some kind
of a tax hobby that he announced he
was going to take to the people as
a candidate for governor, but we
have not seen anything of his smug-
gery. Sheriff Baker of Hidalgo
county was also prominently
mentioned as a gubernatorial candi-
date some time back, but he seems
to be out of it. A fellow down at
Mineral Wells a few months ago
sailed his hat into the ring and then
went and picked it up again, decid-
ing to save his sombrero for a more
convenient season.

Several others have been mention-
ed for the place but it does not seem
likely now that any of them will
diverge into the pool except Lynch
Davidson. He is evidently preparing
to try the water again. We are pub-
lishing a story from Houston this
week which shows that Lynch has
a lot of political sense. With almost
a dozen others already in the race,
Lynch is the only candidate so far,
except Tom Love who has made a
distinct bid for the votes of the
"Hoovercrats". Lynch was a candi-
date six years ago and made a most
creditable showing—almost got into
the second primary. He ran again
in 1928 and got almost as many
votes as he had gotten two years be-

fore, but the fight was between
Moody and Ferguson and Lynch was
left in the cold. He has been lieu-
tenant governor, is a man of consid-
erable wealth, and has been a busi-
ness success. His home is in Hous-
ton. He may become a formidable
candidate if he runs.

E. G. Senter of Dallas says he is
a candidate. He will retire from the
race, however, if Lynch Davidson
should get in it. It would probably
make very little difference whether
he retires from the race or not, as
it is not believed that he will cut
much ice in any event. His hobby
is court reform.

Fred B. Robinson, a newspaper-
man of Waco, has also announced.
He is reputed to have considerable
ability, but it is evident that when
the first heat is ended he will be
among the "also-rans".

Gregory Hatcher of Dallas, the
present state treasurer, also thinks
he is a candidate. He may be a good
man and good material for the gov-
ernorship but he has about as much
chance as a pet spaniel at a bulldog
convention.

There is a lady in the race—Miss
Kate Daffan of Ennis. She has
long been prominent in women's
club work in the state and is a very
accomplished woman. It is not prob-
able that she will prove to be much
of a politician, however.

Now we come to the old war
horses. First and foremost, possi-
bly, there is Jim Ferguson. Many are
predicting that he will get into the
second primary if no further. Jim
first flashed across the political
horizon in 1914, when he defeated
Tom Ball in the Democratic primar-
ies as a candidate for governor by a
vote of 237,000 to 191,000. Two
years later he defeated Charles H.
Morris by a vote of 240,000 to 174,
000. Then in 1917 he was impeach-
ed and removed from office. Lieu-
tenant Governor Hobby became gov-
ernor and ran for the office in 1918
with Jim Ferguson as his opponent.
He defeated Ferguson in the prim-
ary by a vote of 461,000 to 217,000.
Then Jim ousted the Democratic
party, abandoned it, and in 1920 ran
for President on what he called the
American party ticket. In 1924 he
tried to run for governor in the
Democratic primaries but his name
was barred from the ticket. His wife
became a candidate, received 146,
000 votes in the first primary, got
in the run-off with Felix Robertson
as her opponent and defeated him by
a vote of 413,000 to 316,000. She was
elected in November 1924 over
George C. Butte, Republican, by a
vote of 422,000 to 294,000. At the
same time Dan Moody was elected
attorney general, and in 1926 he be-
came a candidate against Mrs. Fer-
guson for governor. He defeated her
in the first primary by a vote of
409,000 to 283,000 and in the second
primary by a vote of 495,000 to
270,000. If we are to judge the fu-
ture by the past, we may expect Jim
Ferguson to poll at least 200,000 and
possibly 250,000 votes in the first
primary. If so, he is sure to be in
the run-off with somebody.

Pitted against Ferguson and the
others in this contest is Ferguson's
old-time opponent, Earle B. May-
field. Ferguson and Mayfield were
both candidates for the United
States Senate in 1922. Other candi-
dates in the first primary that year
were Charles A. Culberson, running
for re-election, Cullen F. Thomas,
Clarence Owsley, Bob Henry, and
Sterling P. Strong, and 573,000 votes
were polled. Mayfield led with 153,
000 votes and Ferguson was second
with 127,000. In the run-off Mayfield
defeated Ferguson by a vote of 273,
000 to 228,000. In the general elec-
tion Mayfield defeated George E. B.
Paddy, supported by Ferguson and
the Republicans, by a vote of 264,
000 to 130,000. In 1928 Mayfield
was opposed in the first primary by
Tom Connolly, Tom Blanton, Alvin
Owsley, Minnie Fisher Cunningham,
and Jeff McEmore. More than 675,
000 votes were polled. Mayfield led
with 200,000 and Tom Connolly was
second with 178,000. In the sec-
ond primary Mayfield had the sup-
port of his former antagonist, Jim
Ferguson, but Connolly defeated him
by a vote of 320,000 to 257,000. Be-
fore entering the United States Sen-
ate Mayfield had had a long politi-
cal career, having served as state
senator and state railway commis-
sioner. He is a seasoned and astute
campaigner and may be expected to
poll a strong vote in the July pri-
mary.

Well, what about Barry Miller?
He is another of the old war horses.
He has been a political leader for
many years. Back in the days when
county after county was going dry
by the local option route, Barry Mil-
ler was one of the favorite spell-
binders for the wets. Later he served
for some time in the state senate
and in 1924 he was elected lieutenant
governor, leading Will C. Ed-

wards, newspaper man of Denton, in
the first primary by a little more
than 4,000 votes and defeating him
in the second primary by a little less
than 24,000 votes. As a candidate
for re-election in 1928, Barry Miller
received 312,000 votes out of 675,000
cast in the first primary, Tom Love
being his closest opponent with 202,
000 votes. Love was in the run-off
with him but withdrew before the
second election and Miller was nomi-
nated and elected. Until recently,
Miller seemed to have the support of
the Democratic machinery of the
state, but recent events indicate that
it has now gone over to another.
Just how much strength he will be
able to develop is now highly prob-
lematical.

The gentleman who now seems to
be in the graces of the Democratic
machinery of the state is Jim Young
of Kaufman. Young served with
some distinction in Congress for ten
years. Then he voluntarily retired.
At least, he didn't run for re-election
and has remained in private life for
several years. He has always vot-
ed for prohibition. But in 1928 he
did nothing, so far as we noticed, to
stem the pre-convention tide toward
Al Smith, and after Smith was nomi-
nated he was one of the most active
supporters of Smith and one of the
most vehement critics of the
"Hoovercrats" in the state. He was
specially bitter in denouncing them
for their alleged religious bigotry.
He is now being touted by his sup-
porters as a dry but in his speeches
he is telling the people that he re-
gards law enforcement a matter for
county and local authorities to deal
with. A sop to the wets. He is
being supported by State Democra-
tic Chairman Dave Wilcox, we under-
stand, by Steve Pinkney of Hous-
ton, by John Boyle of San Antonio,
by C. C. Renfro of Dallas, and other
members of the committee and
leaders in the party who have been
crying for the blood of all "Hoover-
crats." Yet Jim Young is not a
bad man—just a bit intolerant. So
far, outside of the support of the
politicians, he does not seem to have
developed any very great strength.

Then there is Tom Love. We don't
know whether he will be a candidate
in the Democratic primaries or not;
for, even if the supreme court should
sustain his contention in the case
now pending, the Democratic Execu-
tive Committee would probably pre-
scribe an additional test which he
could not pass. They seem deter-
mined to keep his name off the ticket.
If they succeed in this respect, many
thousands of other Democrats may
decline to enter the Democratic pri-
maries, not because of their admi-
ration for Tom Love but as a matter
of conscience and as a protest
against what they regard as high-

banded methods. This may be the
very result they are aiming at. If
they do succeed in driving a very
large number of dries out of the pri-
maries, Jim Ferguson will probably
take the play away from them and
run off with all the bait. As for
Tom Love, he is highly praised by
his friends and hated by his ene-
mies. He has long been an influ-
ential political figure in this state.
Away back in the days of Tom
Campbell he was a member of the
state senate and helped to put over
some of the progressive measures
that Campbell championed. Later,
he was a strong supporter of Wood-
row Wilson for the Democratic nomi-
nation and for election to the Presi-
dency and was given a place of re-
sponsibility to the Department of
State at Washington during Wilson's
administration. He was one of the
leaders in Texas against the nomi-
nation of Al Smith in 1928 and sup-
ported Hoover in the general elec-
tion. By this course he incurred the
enmity of most of the Democra-
tic politicians and has possibly
been "cussed" and ridiculed the past
two years more than any other man
in Texas. He usually keeps a cool

head, however, and he may continue
to be a powerful force in Texas poli-
tics even though his name should be
barred from the Democratic ticket.

So, this is the list of candidates
now running for governor. Lots of
dust is going to be kicked up down
the road.

DAWSON COUNTY FARMERS ARE TURNING TO DAIRYING

LAMESA, April 7.—Checking up
on the 2,201 registration cards, offi-
cials of the recent three day dairy
short course here found that 1,804
owned milk cows and that there
were 4,167 cows owned by farmers
in this section who attended the
course. These cows produce over
5,000 gallons of milk daily. A large
percentage of the cards counted
showed farmers wanted to increase
their dairy herds, and very few of
them needed financial help in en-
larging their dairy herds.

Joseph Taylor of Chicago, who
had attempted suicide, was sentenced
to take a two week's vacation, for
which money was raised in court.

THE FIRST REALLY NEW OIL
IN
25 YEARS

THIS is the simple story of the new oil that
is now enjoying such remarkable accept-
ance: Conoco Germ-Processed... In the
first place, this new oil is an extraordinarily
fine paraffin-base lubricant. And then...
under exclusive Conoco patents, this oil is
endowed with the unusual faculty of pene-
trating and combining with metal surfaces.
This faculty, we call "Penetrative Lubri-
city." The Germ Process, by adding a pre-
cious oil-essence lacking in all other oils,
does this... And so provides constant un-
failing lubrication for your motor under any
conceivable strenuousness of motor opera-
tion. Germ Process is the first fundamental
improvement in refining methods in the last
quarter century.

So won't you come into the next station
you see bearing the Red Triangle and join
the thousands of other motorists who have
changed to Conoco Germ-Processed Oil in
the last few weeks?

LYNCH DAVIDSON SAYS RASKOB MUST RESIGN

HOUSTON, April 9th.—"Texas e ocr ts sh: I a vane party h rony in this state and in the nation y nailing into their state platform is Summer a broad, rough-hewn plank, calling upon that piec of p-tical misfortune, John J. Raskob, o resign as National Chairman," ormer Lietenant Governor Lynch avidson de-lared in a statement issued here today.

"The distinguished Democrat, Joseph Daniels, struck the flint of uth and touched spark to dynamite when he called on Raskob to resign ast week," Mr. Davidson said.

"We are entering on the all important task of choosing a state an o nty officials. There are vital problems that call for calm, constructive thought, but we cannot have su h thought while we still hear gly echoes from that unhappy orm of the Summer of 1928. And hose echoes will not die out so long as Raskob keeps his usurped post— keeps it to fight for liquor at th e pence o. Democracy."

"I saw the devastation of the storm at close range. As Chairman f the Harmony Democrat's Organization of Texas, I worked with scores of loyal men and women to ave our party from its wind and lightning. We worked hard for the nomination of a dry Democrat, suitable to all. That was over-ridden by the false belief in other states that Al Smith was a winner. Still the party cyclone cellars could have held fast but for Smith's blundering appointment of the yet more blundering Raskob."

"Now Smith is shoved aside. The banner he so feebly bore has been taken from him. He will never get k back. But Raskob remains, and o long as he remains we know the storm clouds still loom on the horizon."

"When Smith became the duly hosen leader, I, along with many thousands of good Democrats who ad fought his nomination, voted for him out of party loyalty. Other thousands believed the path of duty ay another way. All that is past. For the progress of our state the in-erminable warfare of that Summer must be buried and our people united in the folds of Democracy."

"Prohibition is firmly fixed in the Nation's Constitution and its friends need to stand guard at all hours to preserve its principles from the assaults of the Raskobs, Tammany Hall and its other enemies. Those who claim law enforcement efforts are sufficient to perpetuate prohibition principles, but beg the question, or merely seek to serve their own purposes."

"Smith was so deeply smothered under an avalanche of votes that even his ghost cannot arise, but the host of some Tammany Hall candidate hovers. Texas Democrats may disagree about Smith, about some phases of the prohibition law, but on this much they can agree:

"That this Republican Raskob who becomes a Democrat by repentance at the deathbed of his friend, Jona Barleycorn, must seek another altar to proclaim his spurious and sudden-ly adopted faith."

"He is hard of hearing, Mr. Raskob. Many hints have failed to penetrate. Let Texas Democrats unite in a battle-song, with party unity as its tune that will set his ears roaring with a demand for his dethronement."

SIMMONS RE PUDIATES RASKOB FOR CONTRIBUTIONS

WASHINGTON, April 7.—Senator Simmons, Democrat, North Carolina, asserted in the Senate Monday his "repudiation" of Chairman Raskob f the Democratic National Committee in behalf of the Democratic party of his State, for contributing money to the Association Against the Prohibition Amendment.

"I want the country to know," said he veteran North Carolinian, "that he Democrats of my State overwhelmingly disapprove of the chairman of the Democratic National Committee contributing money to an association whose purpose is to elect Wet Republicans over Dry Democrats."

Senator Simmons declined to support the Democratic presidential nominee, Alfred E. Smith in the 1928 election.

John Holstein of Derby, England, as been ordered to pay for a window he broke getting out of a church n which he had been locked.

Konjola Is Only Medicine That Did Any Good

New Medicine Banished Kidney and Stomach Ailments After Others Failed

MR. M. D. ABBOTT

"I suffered for two years with kidney trouble," said Mr. M. D. Abbott, 600 East Hattie street, Fort Worth. "I have scarcely been able to do any work. Lifting, or turning my body was the signal for severe back pains. Night risings were frequent. My stomach, too, added to my misery. Anything I ate caused gas and a severe pain in the pit of my stomach."

"Konjola is the only medicine that did me any good. I now feel better than I have for many a day. I can eat what I wish without suffering and the pains in my back are gone. My kidneys now are functioning normally. Konjola has gone right to the spot in my case and I praise this wonderful medicine for all that it has done for me. A medicine that did all Konjola did for me can help others and I am recommending it to a lot of my friends who are suffering as I did."

Konjola is not a "cure-all". There is no such thing. But when taken for from six to eight weeks, Konjola will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good, even in the most stubborn cases.

Konjola is sold in Tahoka at Tahoka Drug Company, and by all the best druggists in all towns throughout this entire section.

(SEAL) H. R. COOK, Notary Public, Lynn County, Texas

SLAT'S DIARY

Friday—Well got zero in the physiology class this morning all on account of I answered 1 of the questions wrong & it happened to be the only one the teacher ast me. She ast me what was the principle cause of indigestion and I sed it was most generally always caused by eating foods and vittles, etc.

Saturday—Well I gess I mist out on a job today becuz I diddnt give the right answer to a question. I was a passing Mr. Cram bake shop and he was a standing in the door and he sed to me. Do you like cookies to eat and I replied and said Well I shud say I do and he sed. Well I gess I better deliver these my own self if that is the case.

Sunday—I neglected taking my bath last night and so ma got me up early this A. M. and I sung and made so much noise that she balled me out when I got done. I sed to her that I diddnt beleave in keeping it a secret about taking a bath even if it was Sunday.

Monday—Tonight while I was a studying my langwidge lesson I ast na what was figgers of sneech and after he looked around the room for a minute he sed reel low. Figgers of sneech is Married women.

Tuesday—Well I diddnt do so wood in skool today. The teacher had a test and one of the questions was What was a slugard and I ast Elsy if she new and she sed yes a slugard was a prisefighter. Well we both was rone and that is one consolation emny ways. These girls thinks they are so wise.

Wednesday—Well the old man witch sicked his dog on us last summer cut to his mello patch died this morning so now we won't say no more mean things about him. And we all wush he has went to the place where we don't thing he did.

Thursday—I gess I am just natchrally unlucky. This evening I was a studying my histry lesson and the teacher slipped on a bana peel and fell right in front of our house and I never seen it.

When her house caught fire, Mrs. Carl Coppola of Rockford, Ill., leaped from an upper window and tossed her month old baby into the arms of a passerby. She then jumped and was uninjured.

Samuel Morrow of Dublin bound his wife and shaved her head when she disobeyed him and had her hair bobbed.

The New Ford

- MADE economically
- SOLD economically
- FINANCED economically
- SERVICED economically
- RUNS economically

THE FIRST COST is only one of the savings in buying a new Ford. You also save on the cost of financing, on any accessories you may want and on the cost of operation, replacement parts and service.

The economies in distribution are just as important as economies in manufacture in keeping down the price of the Ford. The money you pay goes into increased value for the car. It is not wasted in excessively high selling costs.

On the basis of performance and the inherent worth of every part, the new Ford is unquestionably the greatest dollar-for-dollar value ever offered in an automobile.

Call or telephone for demonstration!

Connolly Motor Co.

INDIAN CART ON DISPLAY DURING SOCIETY MEET

CANYON, Texas, April 9.—One of the most interesting objects which has appeared in the Museum of the Panhandle-Plains Historical Society is a cart or cart constructed by the Taos Indians and presented as a token of their affections and respect for J. Evetts Haley, former field secretary of the Society.

The cart has huge wooden wheels, the center portion of which were hewed out of a tree trunk. The wheels are held on the axle by substantial wooden pegs. The bed of the cart, which has no springs, is fastened directly to the axle, huge wooden pegs being used here.

The whole cart is made just as such carts were made 500 years ago, and is representative of the means of transportation which the Pueblo Indians and early Spanish explorers used during their trips over New Mexico at the time that the earliest missions were established.

The cart will be displayed in the main corridor of the Administration Building of the Teachers College all next week until after the Historical Society meeting on April 11th.

Texas commercial failures for January were the smallest for the month in ten years. The total was \$9,250,000, the lowest in several months.

With a gale blowing all the way and water ankle-deep over most of the road, Miss Louise E. Dealy won the 53 mile roller skating race from London to Brighton, England.

DAWSON COUNTY SENDS CATTLE TO DAIRY SHOW

LAMESA, April 9.—Two cars of show cattle were loaded from Dawson county this week for the Texas Panhandle-Plains Dairy Show in Plainview April 7-10. One car left from Lamesa and another from O'Donnell. Jersey breeders contributing to the show are E. W. Hester, J. M. Peterson, Joe Peterson, N. F. Peterson, A. G. Loper, S. A. Debnam, and J. T. Millers. W. R. Reed is a large contributor of Gurnsey breeders. Twenty-eight head of cattle are included in the Dawson county exhibit.

County Agent W. W. Evans organized the exhibit and will supervise the showing at Plainview.

Practically every competitive class filled in the catalogue and the cattle from this county is representative of the best in blood lines and in quality and type," Mr. Evans said before leaving for the Plains city.

Evans and Hester are directors in the organization. Evans is on the judging committee and is an active worker in this section in developing dairying from an educational standpoint.

Texas is collecting approximately \$2,500,000 a month in gasoline taxes. (In November the exact figures were \$2,493,032). Roads get three-fourths and the available school fund one-fourth.

Karl Froenheim, a handsome burglar of Dresden, has received a hundred proposals of marriage since his arrest.

GEMS OF LITERATURE

(By J. A. Humphries)

In these days, much of the profit and sometimes the whole of success depend upon utilizing the odds and ends, the so-called "by-products."

The by-product is something apart from the main article manufactured and yet something that has an actual value of its own. For instance in the manufacture of gas there are many by-products; these are obtained from the coal as the latter is made into lighting-gas. And these by-products, including the coke from coal, actually suffice to pay the cost of the gas.

All kinds of big businesses have their by-products, their little odds and ends that pay well. In Mr. Armour's enormous meat-factory, for instance, there are endless by-products, from the pigtails which are dried and sold as a delicacy, to the hair of animals made into a powerful, valuable kind of rope.

If Mr. Armour neglected making the hair rope, or selling the pigtails it would make a big difference in his dividends. The point for the reader is this: The individual man does not manufacture as a rule. But we are all of us, dealers in time.

Time is the one thing we possess. Our success depends upon the use of our time, and its by-products, the odd moments.

Each of us has a regular day's work that he does in a routine, more or less mechanical way. He does his clerking, his writing, his typewriting, or whatever his may be, so many hours per day and that ends it.

But what about the by-product 'odd moments'? Do you know that the men that have made great successes in this world are the men that have used wisely these odd moments?

Thomas A. Edison, for instance, was hammering away at a telegraph key when he was telegraph operator on a small salary. He didn't neglect the by-product, the odd moments. He thought, and planned, and tried between messages. And he worked out, as a by-product of his telegraph job, all the inventions that have given him millions, and given to the inhabitants of the world thousands of millions of dollars worth of new ideas.

Benjamin Franklin in his story of his life show an endless number of such efforts along the lines using the odd moments. In a hundred different ways he managed to make the extra hours useful and productive.

What a man does in his odd moments is not only apt to bring him profit; it is apt also to increase his mental activity. The mind craves a change, and it often does well the unusual thing, out of the routine.

"Letting well enough alone" is a foolish motto in the life of a man who wants to get ahead. In the first place, nothing is "well enough" if you can do better. No matter how well you are doing, do better. There is an old Spanish proverb which says, "Enjoy the little you have while the fool is hunting for more." The energetic American ought to turn this proverb upside down and make it read, "While the fool is enjoying the little he has, I will hunt for more." The way to hunt for more is to utilize your odd moments.

Every minute that you save by making it useful, more profitable, is so much added to your life and its possibilities. Every minute lost is a neglected by-product once gone, you will never get it back.

Think of the odd quarter of an hour in the morning before breakfast, the odd half-hour after breakfast, remember the chance to read, or figure, or think with concentration on your own career, that comes now and again in the day. All of these opportunities are the by-products of your daily existence.

Use them and you may find what many of the greatest concerns have found, that the real profit is in the utilization of the by-products.

Among the aimless, unsuccessful or worthless, you often hear talk about "killing time." The man who is always killing time is really killing his own chances in life; while the man who is destined to success is the man who makes time live by making it useful.—Arthur Brisbane.

Rating as super-millionaires those having annual incomes of \$500,000 to \$2,000,000 a year, Texas has thirteen citizens in that class. Of the common or "garden" variety of millionaires, those with incomes from \$50,000 up to the "super" class, Texas has 481.

Rev. L. S. Colvin of Newcastle, England, set a record for ministers by marrying his 1,000th couple exactly 26 years after he was ordained.

The mayor in Bristol, England, has received a letter from an Australian farmer asking that a wife be found for him who "isn't foolish about anything."

DEATH IS MY GUEST TONIGHT

Death, you are my guest tonight—Come in—Who said you were a cruel one? Why you—Are kind, although in ghastly guise With touch that's cold; Yet thy cold hands lead from a gloomy night—Unto a rosy dawn aglow with light Which does not fade.

They call you cold, but you have kissed The suffering lines from my pale brow, Have stilled the aching of my heart, Closed sorrow's night—Unto a rosy dawn aglow Which shall not fade.

Here Death, I do not fear to touch thy hand—So cold but kind, Lead me across the phantom bar, To the mystic realm where by beloved are.

Death is my glad guest tonight, I shall depart with him.

MAMIE DOWNARD PECK

Note—This poem was written December 20, 1929, just a day after the writer was off the operating table. Navarro Clinic and hospital, Corsicana, Texas. It was written without light, on a small scrap of paper, an inch pencil, on a shopping bag, on bed at night. Words were run into each other, but H. J. Ellis, Rector of St. John's Church, came in as it was finished. He had the author dictate it to him, wrote it down, pronounced it the finest poem on death he had ever heard, and made typed copies of it, advised it to be sent to one of the best magazines. This same opinion was given, even more praise, from the internationally known critic, Dr. A. J. Armstrong, of Baylor University, most widely acknowledged Browning scholar. The poem has just been sent to a leading magazine, and the author awaits their decision.

MILK PLANT MACHINERY BEING PUT IN THIS WEEK

LAMESA, April 7.—The first shipment of machinery for the powdered milk plant is due here the first of next week, according to V. H. Ross, advance agent for the Doughitt Engineering company. All of the machinery for making milk powders will arrive in the first car and will be installed soon. Ross will have charge of erecting the machinery in the building.

Two Andrews brothers were arrested for putting Joseph Kennedy of Belfast on a hot stove because he persisted in courting their sister.

E. R. Golton of Liverpool has been fitted with a new lower lip from skin grafted from his hand.

The Lynn County News can still be had for \$1.50 per year—52 issues.

Called to arrest a woman shop-lifter in Berlin, Detective Karl Pfalzen found she was his fiancée.

In 1929 Texas produced 509,472 tons of gypsum, manufactured value of which was \$3,041,156.

R. C. Stephens of Glasgow bequeathed \$5,000 and his \$10,000 car to his chauffeur.

It's Terribly Provoking

To have car trouble out on the road. Before you start on that long trip, bring your car in and let us go over it thoroughly. It will save you a lot of trouble, a little money, and possibly some "cussing" to let us put your car in perfect condition. We have the equipment with which to do the best work possible.

WHAT KIND OF COTTON IS BEST FOR SOUTH PLAINS FARMERS?

Below We Give A List of All The Well Known Breeds As Tried at the Lubbock Experiment Station. Make Your Choice of Early Maturing Long Staple Breed.

Don L. Jones, Superintendent of the Lubbock Experiment Station, gave the following figures at a recent meet of ginners, bankers, farmers and business men, that was held in Lubbock. These figures represent an average for the years 1924, 1925, 1926, 1927 and 1928 except on Half and Palf which is for the four year period 1925-1928 inclusive. A number of the varieties have been grown longer than the five year period,

Cotton	Average lint per acre	Staple Length	Percent open in 134 days	Percent open in 143 days
Burnett	156	15-16	26	65
Avala	166	1 1-32	13	39
804 Mebane	138	31-32	14	53
New Mebane	100	31-32	2	19
Durango	155	1-3-32	13	44
Lone Star	111	1 inch	3	26
Kasch	152	31-32	4	25
Westex	177	28-32	24	57
New Boykin	159	30-32	7	33

Sunshine	130	1 inch	9	32
Half & Half	161.3	3-4	14	49.8

SCOUTS WILL HOLD FIELD DAY IN LUBBOCK MAY 17

LUBBOCK, Texas, April 9.—Boy Scouts from all over the South Plains of Texas will gather in Lubbock for the fifth annual Field Day for the South Plains Area Council. D. T. Jennings, new area council executive has announced, the meet to be held here May 17.

Jennings is urging all troops to be represented in the meet here which will include such contests as knot tying, first aid, signaling, fire making, arrow throwing, string burning, games such as relay races, antelope races, chariot races and others. An inspection of the troops will play a big part in the contest likewise.

Jennings took over duties at the beginning of last week. He has formerly been with the Kansas City organization as field executive of the council for the past four years.

The South Plains council includes thirteen South Plains counties—Lamb, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Terry, Lynn, Garza, Gaines, Dawson and Borden.

Jennings is already making plans for the summer camp to be held at the Scout park near Post.

Details of the contest are to be sent out to all the Scout Masters within the near future and in the meanwhile Scout Masters are drilling.

This New Powder Kills Rats and Mice But Nothing Else

Rid your premises of rats and mice without danger to your livestock, pets and poultry. This means more to you than you think. The United States Department of Agriculture, estimates the cost of each rat per year at \$1.36 in food consumed and property destroyed.

Squill Kill can be used freely in the home, barn or poultry house with absolute safety.

NOT A POISON
Squill Kill is a Red Squill preparation. Red Squill is recommended by the U. S. Department of Agriculture as being taken readily by rats and relatively harmless to human beings and domestic animals. Squill Kill retails at 50 cents. Demand Squill Kill, accept no substitute.

MAY DRUG CO.
Tahoka, Texas
SQUILL KILL DRUG COMPANY
Barnesville, O.

ing their Scouts on the work that will be included in the contests. Five years ago, April 5th, the South Plains Area Council was formed.

T. K. KARD KLUB WAS ENTERTAINED AT KELTNER

On Tuesday Evening Miss Gertrude Bishop was the lovely hostess of the club at the Keltner. The room was attractively decorated in yellow and white carrying out the Easter idea.

The high score being made by Miss Allene Taylor and low score by Miss Hazel Stafford.

Refreshments consisted of white brick ice cream and yellow individual angel food cakes. The favors were Easter baskets filled with eggs. Those present were: Misses Allene Taylor, Juarine Edwards, Lola Belle Edwards, Frankie Wells, Geneva Tankersley, Hazel Stafford, Charlotte Barnett, Mrs. Ernestine Thomas and Mrs. Lucille Knight, a guest.

PEDDLER'S JUBILEE TO BE HELD IN LUBBOCK APRIL 26

LUBBOCK, Texas, April 9.—Hotel managers and sales managers for wholesale concerns over the Southwest are being urged to come here Saturday April 26, to assist in entertaining the eighth annual Peddler's Jubilee party.

The attendance at these meetings have grown from year to year and the South Plains section has gained much favorable publicity by making of these seven or eight hundred traveling salesmen, walking advertisements for this section.

The traveling men are to again be guests of the Lubbock Chamber of Commerce. Invitations are being broadcast to every traveling salesman who makes Lubbock and the South Plains section once in a life time to come to the jubilee April 26.

Chris Rogers, a drunken teamster, walked up to Policeman P. A. Kane in Chicago kicked him in the leg, breaking the bone.

Miss Grania Klorisch of Vienna, disappointed by her reception in a new play, has given up the stage and entered a nunnery.

A provision of \$3.50 a week for the support of her pet cat was contained in the will of the late Miss Alice Judge of Bogota, N. Y.

Locals

Judge J. W. Elliott, E. G. George and F. E. Redwine attended court in Abilene this week. They were attending the trial in the district court of the boundary line suit in which Lynn, Garza, Terry, Lubbock and other counties are involved. The case was tried before the court without a jury and the judge had rendered no decision when the Tahoka gentlemen left Wednesday for home. The purpose of the suit is to establish definitely the boundary lines of these counties.

The Senior Class of the high school is planning an outing tomorrow to be spent at Silver Falls near Crosbyton. They are to be chaperoned by Prof. Allen and Mrs. Jack Alley. It has been the custom of the senior class to visit the Carlsbad Cavern but that visit had to be abandoned by the class this year and the Silver Falls outing was substituted.

Scoutmaster M. O. Canady says he has a new boy scout out at his home. Little Gerald D. Canady, weighing eight pounds, made his arrival last Saturday morning. Canady says he is not sure but there are indications that the young fellow may aspire to become a radio announcer. At least his lungs seem capacitated for some such career.

Mr. and Mrs. M. C. Thomas and niece, Miss Sybil Thomas, of Grassland and Miss Lucille McCord of this city left Tuesday morning for an extended visit in Florida, Alabama, North Carolina and South Carolina. They expect to be gone about six weeks visiting relatives in Alabama and just having a good time generally in the other states.

Mrs. M. M. Shearer was compelled to kill a pet house dog of hers Wednesday morning for the reason that it had developed strong symptoms of hydrophobia. She does not think it had had opportunity to bite any other dogs but it might be well for persons owning dogs or other domestic animals to keep close watch on them.

W. D. Nevels, who has a flock of 600 high-bred sheep on his ranch fifteen miles west of town, says that his flock is doing fine. Next month is shearing time and he is expecting a splendid clip but is just a bit discouraged over the low price of wool. We will give a report of his operations later. There is good money in sheep.

The dairy show being held this week at Plainview is said to be the biggest and best yet held. Twenty thousand people are said to have entered the grounds up to noon Tuesday. Quite a number of Tahoka citizens are in attendance today.

A lusty young American weighing 14 pounds was born to Mr. and Mrs. W. D. Jones who reside on the G. W. Small farm four miles north of town Tuesday night. The young fellow was named George William.

Mr. and Mrs. Floyd Pendergrass living three miles east of Tahoka have a fine young son in their home. He made his arrival last Friday night and seemingly expects to remain a long time.

Mrs. John Haley of Midland and Mr. and Mrs. Evetts Haley of Austin were visitors in the editor's home for a short time Wednesday. Mrs. John Haley and Mrs. Hill are sisters.

Mrs. E. I. Hill, who spent last week in the Lubbock Sanitarium under treatment, was able to return home Sunday and is now much improved.

H. T. Bridges made a trip the first of the week over to Floydada, where his wife and daughter have been visiting for several weeks.

DAWSON COUNTY LOSES HIGHWAY BOND ISSUE AGAIN

LAMESA, April 9.—Dawson county good roads proponents today conceded a second defeat in their efforts to provide for paving the county's highways.

The total count showed 1,117 votes for and 598 against the issuance of \$600,000 in bonds to pave highway 83 east and west and highway No. 9 north and south.

The boxes not heard from late today will poll a small number of votes and it is doubtful that they will influence the present count. A two-thirds majority was required to carry the election.

M. C. Lindsey, chairman of the Dawson County Highway Paving association, has announced that the body will begin work immediately toward seeking another election.

A \$1,250,000 issue was defeated by Dawson county voters last December 31.

MECHANICAL CHANGES ARE UNNECESSARY IN FORDS

"The model A Ford car during the last two years has demonstrated its power, speed, comfort and dependability," Chester Connolly, the local Ford dealer, said yesterday.

"Essentially the Ford is an automobile that does not need periodic redesigning," Mr. Connolly said. "This does not mean, however, that there are not improvements from time to time. There are. But these improvements are incorporated as they are developed and the public is immediately given the benefit of them."

"For instance in the new body types recently introduced rustless steel is used in the exposed metal parts and a strip of this non-tarnishing metal has been inserted between the hood and the cowl. This is the first time rustless steel has been utilized in the less expensive cars."

"The policy of incorporating improvements as they are developed obviates the necessity of issuing annual models. Also, it benefits the company, the dealer, and the public."

"The company is not obliged to re-tool its plant to make a car that is simply different, the dealer escapes the necessity of stocking new sizes and kinds of parts, and the public receives the benefit of the savings effected in lower prices than would otherwise have to be charged. Furthermore, dealers can meet their demands for parts with a considerably smaller stock, and this again benefits the public since it necessitates less overhead."

"The new Ford cars with the improved bodies incorporate more changes than had been effected theretofore since the introduction of the Model A. They too will be improved in one way or another, but unless the Ford Motor Company changes its long-standing policy there will be no annual models of Ford cars."

ANNOUNCEMENT

The Epworth Hi-League of the Methodist Church will hold a Bazaar in the office of the Texas Utilities Company, on Saturday, April 12th, beginning at 9:00 o'clock A. M.

Articles of wearing apparel, personal and household accessories, home-cooked foods, confections, etc., will be priced to sell. Everyone is cordially urged to inspect their offerings.

Read the ads and profit!

New Lynn

Friday afternoon, April 4th, the seven higher grades of the New Lynn School with all the teachers gathered at the schoolhouse and at 5:30 o'clock jumped on three farm wagons and proceeded to travel westward to Tahoka Lake.

"Well," you say, "What is all this about, anyway?" Just this; the teachers are so proud of the way the school children acquitted themselves at the track meet last month they wanted to show their appreciation of the co-operation given them by the children, therefore they gave a school picnic. Every pupil is proud of the way his or her neighbor came out in the contests and just as glad as can be that the teachers really appreciate what the pupils have done, so, the girls brought cakes, pickles and fruits and the boys furnished meats and bread for the occasion. The ride to the lake was enjoyed by everyone. Mrs. Spear and Mrs. Lester went along to aid the teachers in chaperoning the youngsters.

The party reached the lake about 30 minutes before sundown and roamed over the hills until about sundown. Then they began to gather wood as they wandered back toward camp.

When camp was reached Mr. Miller, Mr. Banner and several of the large boys began to break the wood into convenient lengths and to build fires. Three fires were built in triangle form and inside the circle the table was spread in picnic fashion. The meat was then roasted or broiled and the children played games until supper was called.

Many were the shouts of jolly good humor that arose from the eighty-odd throats that were assembled there that night.

After supper more games were played and before we realized it, it

was time to go on our homeward journey. Even before the wagons were half a mile from camp, songs began to be wafted on the night air. Songs, jokes, stories and lively conversation were ours for amusement all the way home. Everyone proclaimed the fest a success and a very enjoyable affair.

Announcement

Next Friday night, April 11th, the New Lynn High School is presenting a play entitled "An Arizona Cowboy", at the school auditorium. No admission charges will be made. The cast is as follows:

Farley Gantt	Billy Lester
Paul Quillian	Grady Meeks
Duke Blackshear	George Frerich
Hezekiah Bugg	Doc Everett
Yow Kee	Jack Hoskins
Big Elk	Otis Spears
Grizzly Grimm	J. C. McCuen
Marguerite	Alice Frerich
Mrs. Bugg	Mrs. Miller
Coralie	Mrs. Seth
Young'un	Marie Barton
Little Fawn Afraid	Allie Barton

This is a play built around ranch life in Arizona. Thrills galore and plenty of action! It's a wow, and how. Come and see it. Laugh too.

Another thing that is quite new to New Lynn is our singing class. Every Saturday night is regular practice night and the fourth Sunday afternoon in each month is circle singing here. All visitors welcome. We meet in the school auditorium. We have been requested to sing for church service at the Methodist Church next Sunday afternoon at 2 o'clock. Come and bring someone. We have also been invited to sing for the Tahoka Baptist church some Sunday morning. We intend to accept the invitation some time in the near future.

PAINS QUIT COMING

Kentucky Lady Took Cardui and Tells How She Was Greatly Benefited.

Hopkinsville, Ky.—"I used to have headache and dizziness, and at times would have severe cramping spells," says Mrs. Mackey Scott, of 102 South Kentucky Ave., this city. "This unfitted me for my work or any pleasures that I wanted to enter into. I am naturally a very active woman and I did not feel like I wanted to give two or three days at a time to aches and pains. So I looked around for a remedy. I had heard a great deal about Cardui and seeing it advertised I decided to take it. I took four bottles and it did me a world of good. It seemed to regulate and strengthen me. I quit having headaches and felt fine."

"I have never ceased praising Cardui to my friends and neighbors for what it did for me." For more than fifty years, women who had suffered, or who had gotten into a run-down, weak condition, have been enthusiastic in praising Cardui for the benefits obtained from its use.

Cardui is extracted from herbs having high medicinal value, and contains nothing harmful or injurious. Get a bottle of Cardui from your druggist today, and try it in your case.

CARDUI

T-Bar

There was a large crowd out to Sunday School Sunday morning. Brother Haynes filled his appointment Sunday morning after Sunday School.

A number from this community attended the First Sunday Singing Convention which met at Okay last Sunday.

Miss Jamie McCarley has been visiting in Williamson County the past week.

Miss Greenwade met with the women's club Thursday evening. Those present were: Mrs. Moore, Mrs. Angie, Mrs. Crews, Mrs. Townzen, Mrs. McCarley, Mrs. Lindley, Mrs. Alexander, Mrs. Henderson and Miss Mildred Crews.

Graduating exercises will be held here Friday night. Those graduating from High School are: Miss Glynn Craft and Lucille Townzen. Those from grammar school are: Misses Lora and Flora Waldrup, Mr. J. C. McCarley and Durwood McMillan. School will be out the 18th of April.

Last Thursday evening our school went on a marshmallow roast. All who were present reported a very enjoyable time.

Mr. R. J. Alexander gave the young people a party Saturday night.

Mr. and Mrs. J. C. McCarley took dinner with Jack Alexander Sunday. The men and boys won in the Sunday school contest which closed last Sunday so the women are going to entertain them Wednesday night by feeding them on ice cream and cake.

Third Grade—Rose Welch, Marjorie Wells, Joe Alice Brooks, Mary Ellen Conway.

Fourth Grade—Lottie Jo Townes, Lois Montgomery, Charles Gagnat, Robert Maddox, Dottie Turrentine.

Fifth Grade—L. A. Forsythe, James Minor, Ney Camille Fenton.

Sixth Grade—Christina Cowan, Marion Draper, Martha Helen Powell, Wesley Pettigrew, Lottie Stephens, Gaynell Tate, Hazel Todd.

RARE EVENTS

Not the coming of the glad Spring season when the fragrance of dogwood fills the prairie country, more or less; not the Ferguson's ambition and the growing number of candidates for governor's office of Texas; not the stir in preparation for the biggest crop in Lynn County since the flood. But another squared meal at Uncle Jimmie's celebration of his fourth birthday this year. This is always a high climax in the social affairs of this city. Everything from the North to the South Pole is served that friend Emmet, the culinary artist of the community, can hear of good to eat. We hail these frequent birthdays of dear Uncle Jimmie. Those around the table Sunday to assist with most able appetites were: Rev. R. T. Breedlove, W. O. Henderson, R. P. Weathers and W. K. Johnston. It was a most delightful repast and greatly appreciated and enjoyed this group of friends. They said at the close: "Emmet, any time we can serve you and Uncle Jimmie again send for us."—A Guest.

Walter Condon of Leeds, England, was sent to prison for a month for sticking pins in his mother-in-law.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Lynn County, Greeting:

W. B. Slaton, administrator of the Estate of John M. Pendergrass, deceased, having filed in our County Court his Final Account of the condition of the Estate of said John M. Pendergrass, deceased, numbered 185 on the Probate Docket of Lynn County, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this Writ for twenty days in a newspaper printed in the county of Lynn, State of Texas, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the April term, 1930, of said County Court, commencing and to be holden at the Court House of said county, in the city of Tahoka, Texas, on the fourth Monday in April, 1930, the same being the 28th day of April, A. D. 1930, when said Account and Application will be acted upon by said court.

Given under my hand and seal of said court, at my office in the city of Tahoka, Texas, this 24th day of March, A. D. 1930.

TRUETT SMITH, Clerk County Court Lynn County.

It's wise to choose a SIX!

After all, it is a perfectly simple matter to decide which automobile to buy. Only two questions must be answered to your satisfaction—

First: Which car gives the most for my money?

Second: Which car represents the soundest investment in satisfaction and pride of ownership?

Six-Cylinder Motor

It is wise to choose a six-cylinder motor—for six cylinders are necessary to take out vibration and roughness. Six-cylinder smoothness will save the motor, the whole chassis, the body, the passengers, and the driver.

The Chevrolet is a six. And yet it sells at a price that anyone can afford to pay.

This very low-priced car lasts longer, not only because of fine materials and oversize parts, but also because it is a six. Its big, smooth, 50-horsepower six-cylinder engine is always "taking it easy." There is no feeling of strain at any speed.

With all its six-cylinder smoothness and power the New Chevrolet Six uses no extra gasoline or oil. Efficient design makes this possible—overhead valves—high compression power from any fuel—very latest high-acceleration carburetor—close-fitting, long-

wearing pistons—crankcase ventilation—air cleaner. You can really have extreme economy and still satisfy your ideal of truly modern transportation.

Chevrolet economy is also the mark of Chevrolet sincerity in manufacture. To illustrate:

Chevrolet valves are readily accessible and adjustable. This saves replacing valves, and also makes it possible to preserve efficiency.

Fully Enclosed Brake

A similar example is found in Chevrolet's molded brake lining—reducing the necessity of frequent replacement, and consequent expense.

Furthermore, there is a rear axle inspection plate on the new Chevrolet Six. This makes it unnecessary to take the axle apart to examine it or clean it.

The Chevrolet Six is full of such evidence that true motor car economy comes from advancement and refinement.

Like the finest cars, the Chevrolet Six provides the comfort and protection of four springs controlled by hydraulic shock absorbers. They are mounted lengthwise, in the direction of car travel, and self-adjusting springshockles maintain quiet.

Safety Gasoline Tank

Its impressive front view is distinguished by the genuine honeycomb radiator, another mark of modern cars.

The gasoline tank is in the rear, for safety and finer appearance.

Chevrolet beauty instantly says "Body by Fisher"—costly car style, with the permanent quiet of Fisher composite steel-and-wood construction.

Body by Fisher also gives you a genuine non-glare windshield, adjustable driver's seat, more space, deeper cushions, clearer vision, finer fabrics and fittings.

There is just as much extra value everywhere in the car. BY ANY STANDARD the Chevrolet Six is the greatest value in the low-price field.

It is wise to choose the Chevrolet Six with its six-cylinder valve-in-head motor... with full scientific equipment... with its Body by Fisher... with four long semi-elliptic springs, long wheelbase, low suspension, rear-mounted gasoline tank, honeycomb radiator and all the many other features of this day and age.

See your nearest Chevrolet dealer today and drive a Chevrolet Six. Ten minutes at the wheel will show you what a remarkable difference six cylinders make.

DEMONSTRATION CLUBS NEWS

(Continued from first page)

ing musical program will be given at the Legion Hall at the lunch hour. Reading—Mrs. Streit, Wilson. Music Solo—Mrs. G. M. Garner, O'Donnell. Juvenile Literature in the Home. Mrs. Stewart. Violin Solo—Miss Smith, Lamesa.

The second day will be taken up studying homes in Tahoka and also yards. Then Wednesday afternoon we are to have two shows given at the English Theatre and the following program will be given: "Poor Mrs. Jones"—A Moving Picture. Reading—Miss Forrester. Music—Mrs. M. Gahey. Home Beautification. The dinner will be served in picnic fashion at the American Legion Hall. The Phebe K. Warner Club

and two home demonstration clubs will furnish the lunch the first day and all of the other Home Demonstration Clubs will furnish lunch for the next day.

All business men who wish to do so are invited to go each day on the tours and we are hoping that a good number will find it possible to do so.

COUNTY JUDGES AND COMMISSIONER'S CON.

Nothing More Satisfying

Than a comfortable, cozy, and attractive home. Just a few changes here and there in the old house, just a coat of paint or of stucco, new paper on the inside, will make a world of difference in the appearance or the convenience of the building. And it can be done, possibly, at little expense. Come in and let us help you figure it out.

Perhaps you need new screen doors or new screens over the windows. It's better to keep the flies out than to have to swat 'em. We can fix you up.

FIVE BOYS ARE ARRESTED SATURDAY FOR STEALING

(Continued from first page)

conflicting statements, three of them finally confessing and involving the other two.

Three of the boys are under seventeen years of age and will be dealt with in the juvenile court. It is probable that they will be sent to the boys training school, otherwise known as the reformatory, at Gatesville. The two older boys are to be tried in the county court for theft.

Investigations by the county attorney and sheriff have also revealed several cases of theft of brass from a gin by still smaller boys. If these thefts are repeated it is possible that a whole bunch of little fellows will have cases against them in court.

H. B. BREWER IS INJURED WHEN TRACTOR RUNS WILD

(Continued from first page)

frantic efforts to locate him had failed up to a late hour Wednesday afternoon.

The injured man is one of the best citizens of his community and has many friends here and elsewhere in the county who deeply deplore his terrible misfortune and sincerely hope that he may recover.

METHODIST LADIES WILL PRESENT PLAY AT WILSON

The Women's Missionary Society of the Methodist Church will present "A Southern Cinderella" at the Wilson High School Auditorium at 8:00 o'clock, Friday night, April 11. Admission 15c and 25c.

If you have a grouch and want to keep it, stay away.

Speight Is Again Manager of Jones'

C. E. Stubblefield, who came to Tahoka from Colorado about the first of the year to assume the management of the Jones Dry Goods Store here, tendered his resignation this week and will return to Colorado.

Thos. H. Speight, who had been manager of the store here for several years, was offered his former position and is being checked in again as manager. Mr. Speight is a very active and capable business man and the business here prospered greatly under his management.

Mr. Stubblefield, who is a very young man, has made many friends during his brief stay here. He is a dandy nice fellow and everybody wishes him well.

Nazarene Revival Will Open Tonight

A revival will begin at the Nazarene Church tonight and will continue ten days. Preaching each evening at the regular hour by Rev. Lewis Clegg. Beginning Monday, April 14, there will be preaching at 10 A. M. each day also, and children's services preceding the regular evening services to be conducted by experienced leaders. Mrs. R. E. Thompson of Post will conduct the singing for the first few days till Mr. M. C. Richey arrives with the Grassland Quartette.

Rev. Clegg is a young man and has a message for young and old. You are invited to come out and hear these gospel messages.

A cat saved the lives of five children of Timothy Ryan of Dublin by jumping on the bed and waking them when the house caught fire.
