Old Bank Building At Jayton to Be Kent Courthouse

Kent County commissioners Monday officially designated the First National Bank building in Jayton as the county courthouse.

The county has been without a courthouse almost a year as the result of a dispute between residents of Jayton and Claiborne.

An election was held in 1952 to determine whether the county seat was to be moved from Claiborne to Jayton. The vote was in favor of Jayton but the election was contested in the courts.

The 11th Court of Civil Appeals at Eastland and the State Supreme Court held the election valid after three county commissioners had refused to acknowledge the new county seat.

Monday the commissioners met in Claiborne, designated the bank building as the courthouse and then adjourned and re-convened in Jayton.

In Jayton, the commissioners said they would call a bond election "as soon as practicable" to build a courthouse. The old one in Claiborne burned April 12.

Kent County records have been stored in the bank building since a court order of last year. There has not been a bank in Jayton since the 1940s.

The commissioners took an 18-month lease with a six-month option on the bank building. They designated the Texas Theater as courtroom and took a similar lease on the theater.

Southeast Haskell County Gains New Palo Pinto Well

The southeast area of Haskell County gained an important new Palo Pinto discovery well this week. The producer is expected to accelerate drilling in that section, according to local oil men.

The new discovery is Pontiac Refining Corp. & Morgan Minerals of Corpus Christi No. 1 Hughes & Shelton, M. Travieso Survey 38, A-387.

The new field opener had a daily potential of 127 barrels of oil.

Production is from 24 perforations at 3,294-98 feet in the Palo Pinto, treated with 500 gallons of acid. Operator set five and one-half inch casing on bottom at 3,305 feet.

During a drillstem test from 3,293 to 3,305 feet in the Palo Pinto, gas surfaced in five minutes, and oil flowed in 80 minutes. The pipe unloaded. No other completion information was reported.

Skelly Oil Co. No. 2 C. G. Burson, Section 208, Block 45, H&TC Survey, was completed in the O'Brien, East (Strawn) Field in northwestern Haskell County.

No. 2 Burson had a 14-hour potential of 106.41 barrels of 39.9 gravity oil and five per cent water. It is pumping from 90 perforations at 4,772-87 feet with the casing set at 4,835 feet. Total depth was 4,846 feet, plugged-back to 4,836 feet.

Wheat Growers Ballot June 25 On Marketing Quota Program

The referendum to determine whether or not the marketing quota program will be in operation for the 1956 wheat crop will be held June 25.

John W. Brock, chairman of the Haskell County Agricultural Stabilization and Conservation Committee, advises that arrangements for holding the referendum are now being made. Polling places will be established in convenient locations in the county, and wheat growers will be notified where they may vote.

Each grower, in advance of the referendum, also will be advised of his farm's 1956 wheat acreage allotment and will receive a leaflet explaining program operations. Farm allotments will be based on a national wheat acreage allotment of 55 million acres, the same as this year.

Chairman Brock explains that if the vote is favorable, the program will be in operation for the 1956 wheat crop, and price support for the crop in the commercial wheat area—depending on the supply situation—will probably be between 75 and 82 percent of parity. The support level will be announced by the Secretary of Agriculture before the referendum. A farmer who exceeds his farm wheat allotment or 15 acres, whichever is larger will be subject to a marketing penalty equal to 45 percent of parity on the excess production.

If the vote is favorable, the support will be 50 percent of parity. In either case, only the wheat farms where the wheat acreage allotment is not exceeded will be eligible for price support.

Chairman Brock points out that at least two-thirds of those farmers voting must favor the quotas if the program is to be in operation for the 1956 wheat crop. If more than one-third vote "no," the wheat acreage quota program will not be in operation for the 1956 crop.

In a similar referendum held a year ago, the national vote was close, 208,623 for and 76,023 against—a favorable vote of 73.3 percent compared with the necessary 66 2-3 percent. In Texas, the vote was 10,856 for and 1,299 against; and in Haskell County, 617 for and 16 against.

Rural Telephone Project Apparently at Stalemate

Haskell's much-discussed rural telephone extension project, along with a requested rate increase, and proposed establishment of dial service in the local exchange, was back at the starting point Wednesday as a result of action by the City Council Tuesday night.

Previously, on May 31, the Council had approved by 4-1 vote, an ordinance granting a rate increase to General Telephone Company of the Southwest, providing for a rural phone project, and establishment of dial telephone service in Haskell.

Public concern was expressed over the fact that dial service would mean a loss of a sizeable payroll to Haskell when services of operators now employed in the exchange would not be required in operation of "unattended" dial. Protests were registered with the City Council, and as a result, city officials held up the ordinance for further study.

On Tuesday night, after discussion by the three members of the Council present constituting a quorum, the May 31 ordinance was repealed. Motion to repeal was made by Alderman Chas. E. Smith, seconded by Alderman Jim Byrd. Voting for the repeal were Aldermen Smith, Byrd and J. E. Walling, Jr., third member of the Council present.

This action placed the proposition back at its original starting point.

After considerable discussion, during which Aldermen pointed out that the original proposal of the telephone company, and request of the Council and Chamber of Commerce for a rural extension project had not contemplated dial service, a counter proposal in line with the original request was worked out for submission to the telephone company.

In their discussions, Councilmen agreed that installation of dial or any other type of service, was strictly a prerogative of the company, and one over which the Council had no control.

The counter proposal stressed the desire for the rural telephone project, and set up a schedule of rates embodying an increase over current charges for telephone service, based on construction and completion of the rural lines.

Briefly summarized, this proposal by the City would grant an interim rate beginning Sept. 11 of \$8.50 for one-party and \$6.75 for two-party business phones, \$4.25 for one-party and \$3.75 for two-party residence phones.

On completion of the rural project within a specified time of 18 months, business telephone rates would be increased to \$9.50 and \$7.50, and residence phones \$5.00 and \$4.00 in the four brackets named.

The proposal was unacceptable to representatives of the telephone company who were invited to appear before the Council after the revised proposition had been worked out.

"Mac" McCrum and Mills Roberts, as spokesmen for the company, stated flatly that they were of the opinion that the proposal could not be accepted. They expressed regret, as did Mayor Courtney Hunt, that the several months of negotiations had reached a stalemate.

Throughout the discussion, relations between city officials and company representatives were entirely friendly, despite the fact they were unable to reach an agreement.

Next step, it was understood, would be the formal filing of a request for a rate increase and the schedule of these rates. If refused by the Council, the telephone company would have the alternative of seeking relief through legal action.

Telephone company representatives at Tuesday night's meeting were McCrum, Roberts, district manager Don Mortimore of Seymour, and Bill Emsoff of the local exchange.

City Aldermen present were Smith, Byrd, Walling, and Carl Anderson, who had been out of town and did not arrive at the Council meeting for its opening discussions. However, Alderman Anderson concurred in the counter proposal worked out by the Council which was rejected by the company.

City Makes Survey Of Roof Types on All Dwellings

A survey just completed by the city to determine the type of roof on all dwelling structures in Haskell will result in a substantial saving on insurance premiums, it was learned Tuesday.

The survey lists two types of roofs, combustible and non-combustible, on every dwelling house inside the city limits. The data will be used by fire insurance companies and the State Fire Insurance Commission in adjusting the city's key rate on fire insurance, it was explained.

In making the survey, all sections of town were covered, and a total of 1,963 structures were classified. Of this number, 808 or 41.16 per cent, had roofs of combustible material, while 1,155, or 58.84 per cent had non-combustible roofs.

The survey was made by Mr. and Mrs. J. E. Bernard.

A further project is being considered which would include similar inspection of business and industrial buildings, schools, churches and hospitals.

Lions Fat-Leans Ball Game Set Friday Night

A hotly debated question which has raged among members of the Lions Club will be resolved Friday night on the softball field at Fair Park, south of the Saddle Tramp rodeo grounds.

It will be the annual ball game between the Fats and the Leans, a contest which is expected to settle the contention that a fat man is more active than the skinny type, or vice versa.

The game probably won't settle anything, but it should provide plenty of entertainment for all who attend the affair. And the proceeds will go to a good cause—the Lions Club charity fund.

To insure fairness in at least one phase of the contest, women umpires will be used, it was announced.

Brooks Middleton captain and manager of the Leans, would neither confirm nor deny a rumor that he had worked out a sure-fire strategy that would insure his team a top-sided victory.

On the other hand, Olen Dotson, captain of the Fats, was the picture of confidence in predicting the heavyweights would have all the advantage and would win in a walk.

The contest is billed to get underway at 8 o'clock sharp, and has been scheduled to go seven innings or until midnight, whichever comes earliest.

A public address system will be installed on the field, and a play-by-play and error-by-error broadcast will be provided by Thos. B. Roberson, it was announced.

Guinn and Jerry Cobb Repeat Vows City Church of Christ Saturday

Church banked with fern centered with a white and flanked by a diolus and stock. and Jerry Cobb exchanging vows in the church of Christ Saturday at 8:00. The ceremony was held in the church of Christ at 8:00. The ceremony was held in the church of Christ at 8:00.

The bride, given in marriage by her father, wore an original gown of nylon tulle over white brocade satin. The bouffant skirt with side fullness fell into ballerina length. The fitted torso bodice featured a portrait neckline with sleeves pointed over the hands and fastened with tiny self-covered buttons. Her two-tiered veil of nylon tulle fell from a pillbox fashioned hat of Panamalac straw imported from

MRS. JERRY COBB

Switzerland, and sprinkled with seed pearls. She carried a bouquet of white iris centered with a white orchid and accented with satin streamers and love-knots.

Miss Sue Guinn, sister of the bride, and Miss Jeanette Pack of Knox City, cousin of the groom were the bridesmaids. They were dressed in identical gowns of ice blue brocade satin styled similar to that of the bride.

They wore white short gloves and matching bandeaus of blue sweetheart roses nestled in nylon tulle. They carried bouquets of coral and pink carnations.

The candles were lighted by Wanda Gale and Linda Nell Guinn, twin cousins of the bride. Their dresses of ice blue embroidered organza were identical. They wore white gloves and bandeaus of white spring flowers and tulle. Their floral necklaces were of white carnations.

John Lackey of Haskell, friend of the groom, served as best man. Deon Martin, cousin of the

bride, and Alfred Guinn, uncle of the bride, were ushers. The ring bearer was David Jackson of Goree, cousin of the bride.

Immediately following the wedding a reception was held in the home of the bride's parents.

Mrs. Freddie Morrow presided at the punch bowl and Mrs. Charles Silk cut slices from the 4-tiered wedding cake which was elaborately decorated with white roses and silver.

For a wedding trip to Carlsbad, N. M., the bride chose a black and white linen two-piece ensemble with white accessories.

The bride is a graduate of Knox City high school where she was editor of the Greyhound Annual, majorette of the school band three years, and drum major her senior year, FFA Sweetheart, and Greyhound Beauty.

The groom graduated from Haskell high school where he was active in clubs, and received the honor as King of the Haskell Chieftain.

Sagerton Youth Is Discharged From Polio Hospital

Elvin Mathis, son of Mr. and Mrs. L. T. Mathis of Sagerton, had a special occasion for celebrating June 9 as it was his birthday and also his day to be discharged from Gonzales Warm Springs Foundation for Crippled Children.

Suffering a siege of polio in 1951, young Mathis has returned to the Texas hospital for physical medicine and rehabilitation at different intervals for treatment in an effort to overcome handicaps left by the disease. As part of the continuing treatment program, a series of home routines have been set up for Mathis' use while at home.

The Gonzales Warm Springs Foundation is a non-profit, non-sectarian hospital, built and maintained by contributions from all over the state of Texas.

Biggest thing in Low-Priced cars

-actually costs less than some models of the well-known smaller cars! (Come in and check)

THIS is a Buick — a 2-door, 6-passenger SPECIAL Sedan.

It packs a wallop 188-hp V8 engine under the hood — is carried on a strapping 122-inch wheelbase — rides with the luxury cushioning of all-coil springing, the solid steadiness of a full-length torque-tube drive, the extra safety and silence of tubeless tires.

It's big and brawny and road-steady and roomy — each seat cushion measures over five feet in width.

Yet this beauty — as the price we'll show you proves — delivers locally for just about the price of the well-known smaller cars — even below some models of those same cars.

Buick Sales Are Soaring To New Best-Seller Highs. That, for sure, is one reason why Buick sales go higher and higher and higher. More and more people are finding that you can buy a

Buick for the price of a smaller car, so more and more people are getting this bigger buy for their money.

They want the bigger package of sheer automobile for the money that they get in Buick — bigger in power thrill, in roomy comfort, in riding steadiness, in structural solidity.

They want the added prestige and pleasure of owning Buick styling and size — and the added safety and sureness of Buick roadability and handling ease.

They want, too, the spectacular performance and better gas mileage of Variable Pitch Dynaflo — yours at modest extra cost.

And they certainly want the choice Buick offers of a car in every price range, with each one the buy in its field — the low-priced SPECIAL, the supremely-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

Why don't you come in for a visit and see how much real automobile your money can buy here?

Dynaflo Drive is standard on Roadmaster, optional on other Buick models.

HASKELL COUNTY FARM BUREAU

Former Residents of Roberts Community Hold 'Get Together' in Turlock, Calif.

A custom reminiscent of early days in Haskell County was revived in California recently, when a group of former residents of the Roberts community who now live in the Redwood state held an old-fashioned get-together near Turlock, Calif.

An account of the enjoyable occasion, held Sunday May 29, was sent to Mrs. Lynn Toliver of this city by Mrs. Thelma Lewellen, member of an early day family in the Roberts community. Her story of the event follows:

"We drove down to Turlock Sunday morning for a get-together with old friends from the Roberts community. It was held at the Hagaman Park on the Mercedes River in Mercedes County nine miles south of Turlock. We had our tables under a large shade tree near the river's edge. Some had gone to church and came later, but had

baskets loaded with fried chicken, baked ham, roast beef, salads, pies and cakes of all kinds. Of course old times were lived as far back as the dry year of 1917 when the Stanford's first moved to Roberts. The Atchison's, Cobb's and Mapes' had lived there long before then.

"The group left the park about 4 p. m. and went to the spacious home of Mrs. J. L. Cook (the former Hazel Atchison), and made gallons of homemade ice cream and spent the remainder of the afternoon."

Those present were Mr. and Mrs. Will Atchison, Mr. and Mrs. L. J. Cook, Sue, Kathy, Greg and Nina, Mr. and Mrs. Gerald Atchison and Wally, all of Turlock; Hulien Atchison and Mrs. Don Gilbertson of Oakland; Mr. and Mrs. Ed Holmgren of Sacramento; Mr. and Mrs. Horace Atchison, Leon, Donna and Sheila of Stockton; Mr. and Mrs. Lawrence Mapes, Linda and Mark, and Mr. and Mrs. Bud Holm, Steve and Rex, of Modesto; Mr. and Mrs. Walter Peebles, Jackie, Bobby, Doris and Sherrie, of Pittsburg; Mrs. Ed Stanford, Mr. and Mrs. Lewis Berg, Mrs. Thelma Lewellen, Mr. and Mrs. Hugh Lewellen and Stanford, all of Richmond, Calif.

Faulkner Family Reunion Held At Lake Cisco

A number of Haskell people attended the annual Faulkner family reunion held at Lake Cisco Sunday. The reunion is a yearly event for descendants of the late "Uncle Dave" and Mrs. Faulkner, early residents of this section, with many coming from a considerable distance to attend the affair.

One hundred fifteen were in attendance at Sunday's reunion. Each family brought a basket dinner and at noon an old fashioned dinner on the ground was enjoyed.

The day was spent in renewing acquaintances and recalling old times, and in the afternoon an impromptu program of music and singing was arranged.

Among those attending from Haskell were Mr. and Mrs. O. E. Gibbs and family, George Gibbs, Mr. and Mrs. Chester Cunningham and family, Mr. and Mrs. Willie Baccus and family, Mr. and Mrs. Pete Jacobs and family, Mr. and Mrs. Bill Cunningham, Mr. and Mrs. Morris Cunningham and Mr. and Mrs. Bill Kingston and family who live on the Plains, came by Haskell to join the group attending the reunion, as did W. H. Baccus of Coleman.

Jas. C. Reynolds, Born and Reared Here, Awarded National Harvard Scholarship

James Chris Reynolds, son of Mr. and Mrs. R. V. Reynolds of Phoenix, Ariz., former Haskell residents, has been awarded a Gordon McKay National Scholarship at Harvard College, Cambridge, Mass.

Young Reynolds, 18, was born and reared in Haskell. His father, R. V. (Virgil) Reynolds, is a former Haskell businessman, later was elected County Judge. He resigned that office to accept an executive position with the Civil Aeronautic Administration at Denver, Colo. He was transferred to CAA headquarters in Phoenix, Ariz., early this year.

Young Reynolds attended high school in Denver, Colo., graduating this year from East High School. He was the only student in a class of 750 seniors to make a straight "A" grade throughout his scholastic career.

He recently received his certificate of admission to Harvard College, which is the formal notice of the college's Committee on Admission to admit him as a member of the class of 1959.

Also, with the certificate of admission, Reynolds was advised that the Scholarship Committee had awarded him a Harvard College Gordon McKay National Scholarship for the academic year 1958-59, with a stipend of \$1,000.

In a letter to Reynolds containing the certificate of admission and notice of the scholarship award, Wallace McDonald, director of Freshman Scholarships at Harvard College, said:

"The National Scholarship is the highest honor conferred by Harvard College on an incoming Freshman. You are one of ten

students holding the Gordon McKay National Scholarship in a class of eleven hundred. This award means that we believe you are exceptionally well qualified for a future career in Engineering. National Scholarship stipends are calculated to be high enough so that the student can pursue his college studies and activities without the need for term-time employment or borrowing. National Scholars who maintain high honor records continue to hold their scholarships throughout their college course and, in some cases, throughout graduate study."

Young Reynolds is the grandson of R. J. Reynolds, retired Haskell businessman, and Mrs. Bruce W. Bryant of Austin, widow of the late Judge Bruce W. Bryant, former assistant attorney general of Texas for more than 20 years.

Eduin McElroy, Air Force Veteran, in Galveston Hospital

Eduin McElroy of Austin, a former resident here as a youth, is a patient in John Sealy Hospital in Galveston where he is under treatment for a kidney ailment. His many friends here will be glad to learn that he is improving.

McElroy, Air Force veteran of World War II, has been ill for two years, and has received treatment in part at McCloskey Hospital in Temple, Big Spring Veterans Hospital and also at Brackenridge Hospital in Austin.

Young McElroy enlisted in the Air Force in February, 1943. He served in the European theatre with the Eighth Air Force and was awarded the Purple Heart. He held the rank of sergeant when discharged in November, 1945.

McElroy's wife and their two sons live at 4609 Gonzales St., Austin.

Haskell, Abilene Men Suspects in Saddle Theft

Recovery in Abilene of a saddle stolen from the JY Ranch in Knox County, resulted in an Abilene man and a Haskell man being taken in custody Monday, for questioning.

Sheriff Bill Pennington said the men were taken in custody here Saturday and charged with being drunk. Both men had been working here, the Abilene man having come to Haskell several weeks ago to work on a street paving project.

Later, when theft of the saddle was reported to local officers, Abilene police were notified and the saddle subsequently located. Knox County Sheriff Homer T. Melton said that complaints would be filed in that county in connection with the theft.

"ARTIC FURY"

High time you discovered the difference in Dodge!

New Dodge Custom Royal Lancer 4-Door Sedan—most beautiful car on the road today.

Next time you're driving around town, just notice the number of gleaming new Dodge cars you see on the street!

Then ask yourself: "What is it these people have found out about the new Dodge that's causing this landslide of popular favor?"

Part of it, of course, is the new Dodge styling. You can see at a glance how much bigger and more luxurious this car is—up to 9 inches longer than its competitors.

But the real story behind the rush to Dodge is

this: People are discovering the difference in the way Dodge cars are engineered and built!

They discover it in the solid, substantial feel of the car—the way it handles and rides. They learn to appreciate it in the deep-down goodness of every part and feature: Doors that don't rattle. Body joints that don't squeak. Windows that work smoothly.

There is really no substitute for the dependability that is built into Dodge. Isn't it time you discovered this difference for yourself?

Mattson 4-H Club Girl Adds to List Of Home Projects

Barbara Carruth, a member of the Mattson 4-H Club, has added to her list home improvements. Barbara was the 1954 county and district home improvement contest winner. During the past few years she has worked on bedroom, living room and kitchen improvement as well as improvement of the outside of her home.

This year Barbara made tailored bedspreads and curtains from colored sheeting. They made her room look very much like one a teenager would surely like to have. She also painted woodwork, dressing table and bookcase.

Barbara is the daughter of Mr. and Mrs. Ocie Carruth. She has held all 4-H offices, serves on the county council and is a junior leader.

Cattle Prices Open Stronger Monday At Fort Worth

By TED GOULDY

Usually on a mid-June Monday the market reporter is about as cheerful as a professional pallbearer. It is the normal thing for us to use words like "week, dull demand, prices sharply lower, and movement sluggish."

However, Monday at Ft. Worth cattle started moving to the scales early and prices were fully steady. In fact, some cows were 25 to 50 cents higher. Stocker calves and yearlings of high quality were stronger, and very scarce. Slaughter calves were steady. Bulls drew fully steady prices.

Prices included: good and choice fed steers and yearlings \$19-\$22.50; medium and lower grade yearlings and heifers \$12-\$18. Fat cows \$11-\$14, a few higher; canners and cutters \$7-\$11.50. Bulls \$10-\$14.25. Good and choice slaughter calves \$16-\$23; steer yearlings \$14-\$21; stocker cows \$8-\$13. Heifer calves and yearlings in stocker flesh usually sold \$2 to \$3 under comparable steers.

Paint Creek ... Community News

MABLE OVERTON

Paint Creek is so proud of our 4-H club boys and girls. Several of them attended the State 4-H meeting at College Station last week and Emilee and Jean Griffith placed 5th in the Safety demonstration contest with their Safety in Your Kitchen demonstration. They received pins as awards. While there they took a short course in Agricultural Engineering and Emilee said they learned several things such as how to make a good home garbage burner and how to care for and use electrical appliances which she will demonstrate at the 4-H camp, here at home. Emilee is the daughter of Mr. and Mrs. Sam Griffith, and Jean is the daughter of Mr. and Mrs. Bill Griffith.

Dub Sims, the son of Mr. and Mrs. Frank Sims also attended the A&M meeting. Dub put the community on the map when he won Grand Champion of the Junior Division ribbon with his club calf Mr. Haskell, at the Southwestern Fat Stock Show at Ft. Worth last spring, and then the next day Mr. Haskell was judged the Reserve Champion of the entire show. Dub took a short course in Animal Husbandry at the 4-H meeting.

Monday morning Polly Tipton, Emilee and Joan Griffith left for 4-H camp at Buffalo Gap where they were to stay till Thursday. This camp brings together 4-Hers from this district, and when we talked to the girls Sunday they were getting costumes together and planning a big week of fun. One night is to be Western night when everybody dresses in western garb, one is to be Hobo night when they dress as hoboes, and one is to be foreign night when each dresses in the costume of some foreign country. The best thing about these camps besides the things they learn to make farm life better and make them-

selves better farmers and farmers' wives, is the association with boys and girls from other communities and other parts of the state. Emilee talked of friends in Spur, Kaufman County and Wharton County that she has met and known at state and national 4-H meetings, and they keep in touch with each other and exchange letters, and broaden their interests through their 4-H work. Paint Creek is proud of 4-Hers, and of Miss Wirges for her untiring efforts with the girls, and of Frank Martin for his work with the boys. Also, we have local people who sponsor and give their time to these clubs. Mrs. Paul Fischer is the sponsor and demonstrator for the Junior 4-H girls, and Mrs. Cub Russell for the Senior girls.

Mr. and Mrs. Pat Morrison had as their guests over the week end Mrs. Morrison's mother, Mrs. Johnson of Elbert, and her brother's family Mr. and Mrs. Elmer Johnson, and Mr. and Mrs. Wilburn Johnson and children.

Harvey Terrell has been a patient in the sanitarium the past week with a stomach ulcer. He is much better, and is at home, although he must live on just milk for awhile. He was able to be at church Sunday.

Bro. and Mrs. Truett Kuenstler and daughter Nan were here for the week end as guests of their parents, Mr. and Mrs. Louie Kuenstler, and Mr. and Mrs. Jim Dean.

Guest preacher at the Baptist Church Sunday was Rev. Arthur L. Eubanks of Flomont, Texas. At the evening service, the church called a conference and decided to call Rev. Eubanks to be pastor of their congregation. He and Mrs. Eubanks will move to the parsonage June 21. They have a married daughter. We welcome this new couple to our community and hope they will be happy

in their work in our Paint Creek Church.

Mrs. James Merle Raughton was honored for a pink and blue shower at the Methodist Church Monday afternoon. Guests were registered by Mrs. Ray Overton, Jr., then were served a refreshment plate of punch and cake squares with favors of a marshmallow with a baby face drawn on it, and a paper lace doily bonnet. Mrs. W. A. Montgomery read an original poem of the story of Jeanie's life. Mrs. Carlos Montgomery presented the honor with a rose corsage and some appropriate lines of poetry. Sue Mickler and Mrs. Montgomery sang Where Will the Baby's Dimple Be, and then Over the Rainbow, with a parody to Jeanie. At the foot of a pink, blue and white rainbow was a large "pot of gold" filled with gifts. The guest of honor opened and displayed the gifts to the following: Mmes. Arthur Moody, R. L. Foote, Dan McRae, Frank Underwood, Geo. Free, Roy Overby, Seat Cox, Pat Morrison, Vernay Howard, Louie Kuenstler, Dale Middlebrooks, Arthur Watson, M. Middlebrooks, Garland Calloway, Jess Mickler, Sue Mickler, Ray Overton Sr., John Kuenstler, Durward Livengood, John Hisey, Morris Haynes, Hoyt Perry, Irvin Overton, Allen Overton, Clarence Raughton, Bill Mickler, Doc Raughton, Nevt Gillespie, Gene Overton, Roy Overton, and the hostesses Mrs. Allen Isbell, Howard Montgomery, Carlos Montgomery, John R. Watson Jr., Durward Livengood, Ray Perry, Mrs. W. A. Montgomery and Mrs. Frank Underwood.

The family of the late Mr. and Mrs. Davis Livengood had a family reunion Sunday at Rice Springs Park at Haskell, and the following children and grandchildren enjoyed the day together: Mr. and Mrs. Bud Davis of Lubbock, Mr. and Mrs. A. J. Gipson and Mr. and Mrs. D. W. Gipson of Fort Worth, Mr. and Mrs. Skeeter Miller of Rule, Mr. and Mrs. Dale Anderson, Mr. and Mrs. Garland Hartsfield and son, Mr. and Mrs. Vernay Howard and son, and Mr. and Mrs. Durward Livengood and children of Haskell.

Mrs. Rowland's adult class met Friday and worked some more on slip covers for the Home Ec cottage furniture. Mrs. Paul Fischer and Mrs. Garland Calloway served refreshments. Mrs. John Scheets, Mrs. Brad Rowland were there.

Dempsey Bolding was a guest in the home of his fiancée, Margaret Houston and her family. Mrs. and Mrs. Olin Houston Sunday and attended Sunday School at the Methodist Church with her.

Mrs. H. B. Montgomery and daughters Diane and Suzanne, have returned from a two weeks visit with the mother and grandmother, Mrs. Bill Lawler of Dallas. Mrs. Lawler suffered a heart attack several weeks ago and must remain in bed for awhile.

Mr. and Mrs. Boyd Cathey and daughter Elizabeth of Grand Prairie were week end visitors of Mrs. Cathey's parents, Mr. and Mrs. W. Arthur Montgomery.

Mr. and Mrs. Paris Trimmer of Littlefield spent Wednesday night in the home of Mr. and Mrs. Frank Underwood. The Trimmers were here for the funeral of Chas. Balthrop in Throckmorton.

Mr. and Mrs. Garland Calloway and daughters had as their week end guests Mrs. Calloway's sister, and husband, Mr. and Mrs. W. A. McClung of Kermit. The Methodist Church was

host Sunday night to the first Quarterly Conference of the Haskell-Paint Creek charge. Rev. Marshall Rhew, district superintendent of the Stamford District, brought a very timely message, using as a text Paul's words to the Philippians, "I have learned, in whatsoever state I am therewith to be content," and "forgetting those things which are behind, and reaching forth unto things which are before." After the sermon there was a short conference meeting. Guests from Haskell were Mr. and Mrs. Bob Foote, Mr. and Mrs. A. J. Josselet, Mr. and Mrs. Guy Kennedy and Mr. Kennedy's mother, Mr. and Mrs. Wallace Cox, Mr. and Mrs. Clay Smith, Mr. and Mrs. Oscar Tooley, Mr. and Mrs. Hut Pitman, Mr. and Mrs. Montgomery, and from Stamford, Rev. and Mrs. Marshall Rhew and daughters, Marsha Gay and Joan and Betty Ruth Smith and Carol McCallum.

Mr. and Mrs. Frank Underwood were weekend visitors with their daughter and family, Mr. and Mrs. Colen Hammer and Jackie. They also visited with their granddaughter, Mrs. Wayne Josselet and baby daughter.

Mrs. Gene Burchard has returned home from a 6 weeks stay in the home of her daughter and family, Mr. and Mrs. John Houk in Quanah. She was there for the arrival of a new grandson, and though she held out for the name of David Crockett, the parents named him Glenn Ivan.

It's baseball time. This summer we have organized our own Paint Creek league. There are four teams, and the managers are Mac Earles, Paul Fischer, Pat Morrison and Willie Lee Medford. They will play two games every Monday and Friday nights, so watch for the lights to go on, and come on over to the school for baseball.

News From Sagerton

BY MRS. DELBERT LE FEVRE

Airman Third Class Marva Wendeborn, daughter of Mr. and Mrs. Walter Wendeborn of Sagerton, will report to Fort Benjamin Harris in Indianapolis for 18 weeks of stenographic training. She visited with her parents here last week. She had been based at Fort Francis E. Warren and completed a business administration course there. She reported back to Cheyenne first before going to Indianapolis.

Glenda Clark, daughter of Mr. and Mrs. Reece Clark, was a patient at Hendricks Memorial Hospital in Abilene last week for two days when her tonsils were removed.

Guests in the home of Mr. and Mrs. John Clark, Mr. and Mrs. Reece Clark, Mr. and Mrs. Chas. Clark and Mr. and Mrs. Joe Clark last week were Mr. and Mrs. Gil Smith of Corpus Christi, Mr. and Mrs. Chas. Clark, Mrs. Flov Moss, Mr. and Mrs. Bill Smith and Harold Smith, all of Holliday. Mrs. Leslie Cobb and sons of Midland also spent last week with her parents.

Mr. and Mrs. Harvey Stegmöller and son Mark, of Winfield, Kans., spent last week here with Mr. and Mrs. F. A. Stegmöller. They returned home Monday and soon will go to St. Louis where Mr. Stegmöller will study at the university there during the summer months. He teaches at the Lutheran College in Winfield.

The Daily Vacation Bible Schools were completed at all three churches in Sagerton Friday of last week. All of them reported good attendance. Sunday evening the children of the Methodist Bible School displayed their work for their parents and everyone to see after the evening services. They also presented a short program telling of what they had learned during the week.

Also after services Sunday evening, the new pastor, Bro. McLain and his wife were given a surprise shower at the church. Many of the members of the Tuxedo Methodist Church came over for the services and surprise party. Bro. and Mrs. McLain moved into the parsonage last week.

This area received over an inch and one-half of rain Wednesday of last week from a thunderstorm. Lightning struck and killed a cow for Oscar Neinst east of Sagerton. There was no hail damage, but farmers who had just finished planting their cotton, will have to replant for the third time.

Richard Balzer of Abilene spent the week end with Mr. and Mrs. Will Stegmöller.

Mr. and Mrs. J. C. Kainer, Keith and Karen, spent the week end with Mr. and Mrs. Emil Kainer Jr., and family at Paducah.

Mr. and Mrs. F. A. Ulmer and

Winston and Jana went to Turnersville Thursday of last week when they received word that Mrs. Ulmer's brother, Felix Prujitt, was killed when the truck he was driving apparently lost its brakes and he ran into a drawbridge between Houston and Galveston. The truck caught fire before anyone could free him from the wreck. The truck was loaded with cattle. Going to the funeral, her sister and her husband from Orange, ran into a bridge and she was hospitalized with a broken hip, at Marlin.

Mrs. Alma Schroder has returned home after being a patient at the Stamford Hospital. She spent several days with her daughter, Mrs. Eldon Anderson and family in Stamford before coming home.

Mr. and Mrs. Cecil Schroder and son Gary of Grand Prairie visited with Mrs. Schroder last week. Gary remained here for a while with his grandmother and uncle, Murry.

Information For
VeteransBy HERBERT RAY
County Service Officer

June 27, 1950 through January 31, 1955 has been established as the Korean Conflict Period. Disabilities or deaths as a result of service during this period will be considered as an accident of wartime service.

Death or disability the result of service after January 31, 1955 will be considered as having occurred in peacetime service.

Many Korean prisoners-of-war have not filed their claims for the \$250 per day allowance with Foreign Claims Settlement Commission. The deadline for filing claim is August 21, 1955. Payments of claims will not begin until July 1, 1956.

Any veteran desiring to obtain a GI loan must, as a preliminary step, obtain a "Certificate of Eligibility" from the VA—they can apply for this certificate when they have definitely decided to get a loan—they can also request it any time before asking for a GI Loan Guaranty, and thereby have it handy when they need it.

World War II veterans eligibility is drawing near and will expire on July 25, 1957. Korean eligibility for a GI loan will expire January 31, 1955.

All entries into the service after January 31, 1955 become peacetime veterans and are not eligible for a GI loan or vocational training.

Mrs. Carl Maples of Wichita Falls spent the weekend visiting in the homes of her sisters, Mrs. Lynn Pace, Sr., and Mrs. Ione Menefee.

Liberal use of fertilizer more than quadrupled forage yields of irrigated oat pasture in tests in Zavala County. A combination of 180 pounds of nitrogen and 60

pounds of phosphoric acid per acre produced 5,650 pounds of air-dry forage an acre compared with 1,160 pounds without fertilizer.
