Luther Sullivan Retired Grocer, Dies Sunday

Luther Sullivan, 78, retired grocer, died in Collingsworth General Hospital at 10:35 a.m. Sunday, April 29.

He had never recovered from injuries received in a motor vehicle accident near Lubbock August 11, 1978, that took the life of his sister, Mrs. Edith Goodloe.

The family home is 1608 Childress Street.

Mr. Sullivan began his career in the grocery business in the early 1920's and for a number of years was employed in stores owned by Ross Wilkerson and later Temple Slay.

On March 1, 1949, Mr. Sullivan and a fellow employee, Raymond Patton, bought the grocery store from their employer, Mr. Slay, and renamed it City Grocery.

After operating the business just a few weeks less than 20 years, they sold it to one of their own employees, James McDanel, and his partner, J.C. Hartman.

This did not end Mr. Sullivan's association with Wellington's business community, for he returned to work in City Grocery part of the time until his accident last summer.

He was one of Wellington's best known business men, with a genuine interest in each of the store's customers. His activities involving the community were on a personal basis, rather than through membership in organizations.

John Luther Sullivan was born February 17, 1901, in Fannin County, the son of L.T. and Dennie Carter Sullivan. The family came to Wellington about 1906, and L.T. Sullivan served as sheriff of Collingsworth County from 1910 to 1914. He also farmed south of Wellington, and as a young man, Luther Sullivan worked with him.

There were only two periods when Luther Sullivan did not --See SULLIVAN, page 2

Greenbelt Bankers Meet

The two Wellington banks, Wellington State and City State, are hosting the spring meeting of the Greenbelt Bankers Association on Friday, May 4, at 8:00 p.m. in Bura Handley Community Center.

Entertainment will be furnished by the Booker Banknotes, famed singing group from Booker.

There will be an added attraction.

"We are hosting a Florida Scramble golf tournament at Wellington Country Club at

2:00 p.m.," said Bill Beall, Wellington State president.

"We anticipate about 250 bankers and their spouses will attend the banquet," he added.

New officers of the association will be elected at this meeting.

Larry Parks of First National Bank, Memphis, now serves as president; while Joyce Chapman, who is with Security National Bank, Quanah, is vice-president; Bob Ham of First National Bank, Quitaque, is treasurer and Danny King, with First State

Bank of Altus, Oklahoma is secretary.

Also at the Friday night meeting, plans will be made for the fall meeting and the host city will be selected.

The Booker Banknotes are a singing group from the First State Bank and Trust Co. at Booker. All members are employees or directors of the bank or members of their families.

Such is the demand for their entertainment that they have made more than 250 appearances in six states during the last 10 years, Beall said.

Chicago Bear Linebacker All-Sports Banquet Speaker

Don Rives, Chicago Bears middle linebacker, will be the guest speaker at the All-Sports Banquet Friday, May 4, as the community honors approximately 160 boys and girls who participated this year in Wellington high school athletics.

The banquet will be in the elementary school cafeteria, beginning at 7:30 p.m.

Rives lives during the off season at his home town, Wheeler.

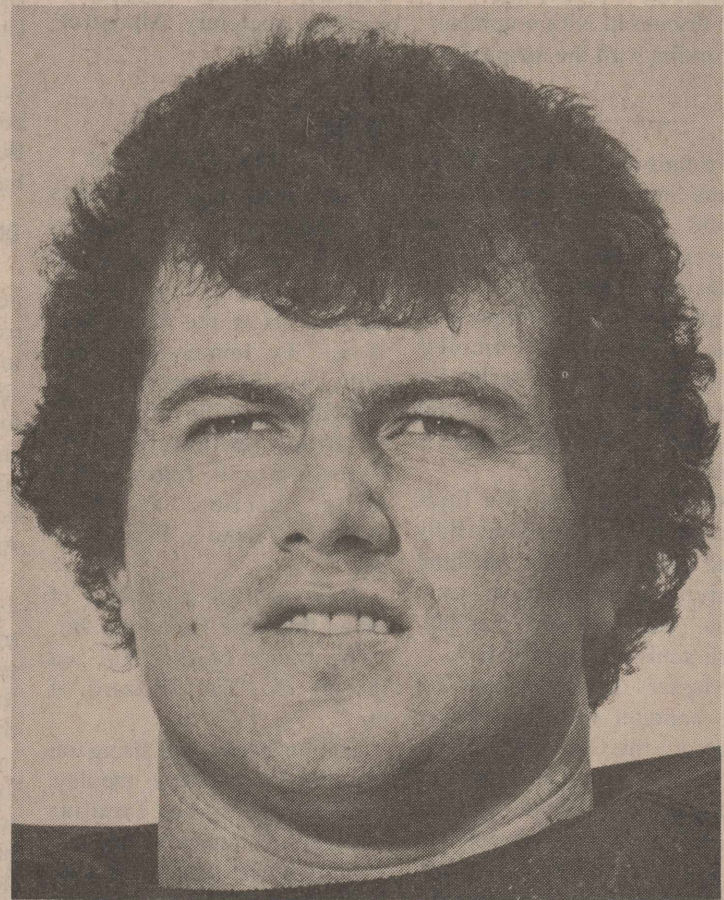

"Don is an interesting speaker, capable of bringing the world of pro-football to his audience," declared Head Coach James Williams. "Many of our audience will already know Don, and he knows our school and Wellington's enthusiasm for athletics.

During the program, five athletes, four boys and a girl, will receive awards for outstanding achievements in their sports speciality. Recipients will not know of their selection until their names are called.

These will be two football awards, the Outstanding Back, Outstanding Lineman.

The basketball awards will go to the Outstanding Skyrocket and the Outstanding Rockette.

The fifth is the Larry Wright Fighting Heart Award.

DON RIVES

All teams will be introduced by their coaches.

Tickets to the banquet are still available and may be bought from Coach Williams or the cheer leaders.

Rives was already a valued member of the Bears on the playoff day when he made his famous fumble recovery with 1:22 left in overtime, setting

up the winning field goal.

He started 23 consecutive games as a Bear middle linebacker before yielding to Tom Hicks in late November last season. He also plays on speciality teams.

Rives led the 1976 Bears in tackles with 165 and also called defenses that season in the absence of Captain Doug

Buffone. He has started 36 games in four pro seasons, in spite of spending all but two 1975 games on the injured reserve with a dislocated foot. He had 13 solo tackles in the overtime loss at Minnesota last season. As a rookie, he played at 115.

His Texas Tech career was equally impressive.

Two-time All-Southwest Conference pick for the Red Raiders, he was the big play specialist.

Teammates elected Rives president of the Letterman's Association. He was the team leader in tackles as a 208-pound middle guard, although hampered by knee injury as a senior. Rives played in the 1970 Sun Bowl, the Hula Bowl and Coaches All-American game.

Wellington athletes know Rives when he attended Wheeler High School, participating in football (as a fullback he ran for 1,475 yards and scored 106 points) basketball, track and baseball. He competed in Ford's PP&K program.

He is married and has one son. Looking beyond his football years, Rives hopes to be a Wheeler county rancher. His hobbies are hunting and fishing. He is active in civic affairs and the Fellowship of Christian Athletes.

Lawsuit Filed in Quail Election

Paul Spillman filed suit Thursday, April 26 in state district court against Quail Independent School District and its board members challenging the validity of the school's 9-member board.

Spillman, who filed the suit as a district taxpayer, says that because the district changed from a rural high school district to an independent school district last year, an entirely new board of seven trustees should have been elected at the next regular election this past April 7.

Quail School has traditionally had nine trustees. State law prescribes seven for an independent school district.

But Quail Superintendent Wilford Arthur said that the

Texas School Law Bulletin Article 1799 pertains to rural high school districts which became independent districts on September 1, 1978. Arthur said that regulation states that "Members of the governing boards of a common or rural school district reclassified as an independent school shall continue to serve as trustees of the district until their respective terms of office expire. Each district shall continue to be governed by the same number of trustees elected for the same terms of office in effect immediately preceding the district's reclassification."

"We're not lawyers out here," Arthur said, "and we're just following the law as we understand it in the Texas School Law Bulletin." Arthur said the board had turned the matter over to their lawyer for legal advice.

Spillman's suit cites a 1946 Texas attorney general's opinion which stated that the trustees of a district which became an independent district "should continue in office as such until the next regular election" when the district "shall elect a board of seven trustees."

Of the nine-member board, three places were up for election on the April 7 election, and one unexpired term was up for election.

Those four places appeared on the ballot, and at the next meeting after the election, the board seated the top three candidates in the regular places and the top candidate in the unexpired term seat.

Spillman's suit asks the court to seat the candidates who polled the top seven number of votes in the election in order to make up a new seven-man board. In addition to the four members already seated by the school board, the top seven would include three write-in candidates.

The write-in candidates had the support of a group of taxpayers which has filed two other lawsuits against the district regarding a bond election and a revaluation of property in the district. The taxpayer group has also filed a

Three Bands to Give Annual Pops Concert Tuesday Night

The three Wellington School Bands--Sparklers, Firecrackers and Skyrockets--will present the annual Pops Concert Tuesday, May 8, featuring approximately 125 students who have participated in the music program this year.

The concert will be in Bura Handley Community Center at 8:00 p.m.

The program format will be similar to that of other years, said Jamie Larson, band director. The audience will sit at tables and refreshments will be available through the evening. These will include sandwiches, pop, cookies, and pies.

At one intermission, the annual cake auction will be held.

Junior High band members will have bumper stickers for sale.

"There will be a lot of good music and a whole lot of fun," said Jamie Larson, band director.

The Sparkler Band, approximately 20 elementary school students, will play first, presenting "The Crusaders," "Blue Tail Fly," and "Krazy Klock," all arranged by Belwin. They will close their

program with the march, "Away We Go."

Opening the Firecracker

concert will be "Highlander Regiment," Ployhar, followed by Osterling's "Licorice

Sticks," which will feature the clarinet section.

Lennie Sims Named Good Neighbor of Year

Mrs. B.M. Sims was recognized Monday night, April 30, as one of the two recipients of the 1979 Good Neighbor Awards at the Amarillo Chamber of Commerce annual banquet.

She was designated as 1979 Area Woman of the year, while Gene Stell of Pampa was named 1979 Area Man of the Year.

Lennie Sims was not aware of her selection until she arrived at the banquet. Her flight had reached Amarillo only a short time earlier on a return trip from South Texas, where she was a speaker before a Texas Federation of Women's Clubs group.

"Annually we dedicate the banquet to the continuing friendship and cooperation which exists between all Panhandle Chambers of Commerce," said Gene Edwards, presidents of the Amarillo chamber.

Recipients of the awards are leaders of their communities who live outside Amarillo but within the Texas Panhandle. The Good Neighbor Awards were first given in 1975.

Mrs. Sims was nominated for the honor by Collingsworth Chamber of Commerce.

In accepting the award Mrs. Sims said:

"I wish to accept this handsome award on behalf of volunteers and teamworkers of the area and especially the rural area. My appointments and memberships are reflective of the fine people, their ideas and ideals, in Wellington, Collingsworth County and the Texas Panhandle.

"This is a distinct honor for the Collingsworth Chamber, our community-family and for me. For extending this award in the past, I had quietly commended the Amarillo

C-C to Help with Search For More Doctors Here

Chamber of Commerce directors voted Monday, April 9, to join Collingsworth General Hospital in its effort to bring new doctors to Wellington.

Lyman Daniel, a member of both the hospital board and the chamber board, was appointed as liaison chairman for the two, Morris Barcroft, hospital administrator, is already working to secure one or more doctors as early as possible, he said.

"This is going to have to be a community effort, and we will need your help," Daniel added.

The directors also voted to restructure the dues scheduled to give the organization

more money to carry out projects beneficial to the entire county.

Individual memberships were raised to \$25 per year and a minimum of \$100 per year was set for business dues. Some firms already are paying more than that. Dues are payable in advance.

Robert Owens, president, pointed out that collection of dues on a monthly basis has become a costly item in both time spent and postage used.

In the past, businesses have paid pretty much what they felt they could. Individual dues were \$12.00.

Goals for the coming year were discussed with emphasis on working with the hospital to

secure doctors and working to secure additional industry.

The Chamber will publish new county brochures which will advertise and promote the county and its advantages.

A welcome program will be initiated for new businesses.

The chamber will continue its sponsorship for the county fair, winter livestock show, Christmas promotion, other youth activities

Present for the directors meeting were Owens, Frances Holland, Tommy Thomas, Bill Hatch, Wendell Smith, Mike Naylor, Lyman Daniel, Virginia Robey and the executive secretary, Margaret Vines.

Otis Emmert Again Heads Hospital Board

Otis Emmert was re-elected president of Collingsworth General Hospital Board in the regular reorganizational meeting Tuesday, April 24.

Dee Coleman was named vice-president and Mrs. H.H. Bowen secretary.

Members of the old board earlier canvassed the April 7 election, then Charles Darter, board attorney, swore in the three new members, Coleman, Mrs. Bowen and Elmer Feemster, according to Morris Barcroft, hospital administrator.

Retiring from the board at this meeting were Clyde Drake, J.C. Howell, Truett Holland.

Holdover members with one year remaining on their terms are Emmert, Lyman Daniel, Bill Janes and Tom Cunningham.

Pall bearers were C.T. Hubbard, Bill Hatch, James McDanel, E.W. Clement, Gilroy Rummel and L.B. Bratten.

Survivors include a sister-in-law, Mrs. Ruby Sullivan of Littlefield, and one nephew, John Sullivan of Roswell, N.M.

Chamber, not realizing that it would ever include me. I thank you for this handsome and thoughtful award.

Since 1975 she has served as a member of West Texas State University Board of Regents, said James L. Whyte, immediate past president of the Chamber, who recognized Mrs. Sims.

Community service, from the local through the state levels has characterized Mrs. Sims career," Whyte said.

"She has been extremely active in the Texas Federation of Women's Clubs--serving as president of the chapter in Wellington, as district president and also as chairman of several divisions of the state board," said Whyte.

The 1979 Woman of the Year has also served as chairman of the Collingsworth County Advisory Board of Human Development; was both a charter member and chairman of the District Six MHMR Committee; a delegate to the Governor's Conference on Children and Youth in 1979; a delegate to the Lt. Governor's Conference on Ethics in 1973; the only woman delegate to the Lt. Governor's Conference on Water Resources in 1973; and served as a member of the West Texas Council on Water Resources. Music is another field of interest and service to Mrs. Sims.

A past president of Wellington Music Club and of both the First and Seventh Districts of the Texas Federation of Music Clubs, she has served as a state officer of the Federation, was chairman of the state public relations committee and currently serves as State News Bulletin editor for the Federation of Music Clubs.

Mrs. Sims was appointed to the Texas Conference on Library and Information Services last fall, and from this was named alternate delegate to the White House Conference on Library and Informational Services, which will be held in Washington. She has served on the board

of Friends of Fine Arts at West Texas State University.

Mrs. Sims has an abiding interest in the heritage of her county and has served as a member of the Collingsworth County Historical Commission. She wrote the script for the county's Bicentennial musical, "Man & Land & Love."

With all of this, she finds time to help her husband, Billy Mac Sims, in their ranching activities. They have twin sons, Richard and Randall, both achievers at WTSU.

Master of ceremonies for the banquet was Bob (Papp) Watson, the Globe-News Man of the Year for 1979, and the banquet speaker was Charles F. Barber, chairman of the board of ASARCO, Inc. Approximately 700 attended.

Missionary Returns Home To England

Ann Terry, a missionary from England who had been living in Wellington since November, left Saturday April 21 for Atlanta where she spent one week before returning to her home in Hove, England.

Miss Terry is a former professional ice skater. She began skating when she was eight years old, and worked for Holiday on Ice for eleven years. While she was with the ice show, she traveled in all the continents of the world except Africa. Five years ago, she left Holiday on Ice and became associated with Youth With a Mission.

Miss Terry met Mrs. Clinton Norman when Mrs. Norman was visiting in England during the summer of 1976. Then last summer, Mrs. Norman again visited with Miss Terry in Hove, and invited her to come to Wellington this year.

When asked about her stay in Wellington, Ann said, "These are some of the loveliest people I have ever

The junior high musicians will then play "Devoted to You," arranged by Nowak and made popular by Carly Simon; "How the West Was Won," by Immel; and they will close their program with "Slightly, Lightly Latin." "Brass Brilliance," by Osterling will feature the cornet section as That Skyrocket Band's first number.

There will be a medley of tunes from the Broadway hit, "The Music of the Wiz," a takeoff of "The Wizard of Oz."

Station break will bring on the band's mystery medley, presenting some familiar television commercial tunes.

Aggies who asked about all the nights "The Eyes of Texas" was played during football season will get equal time at the Pops Concert, and in a change of pace the band will play the "Aggie War Hymn," declares Larson.

Returning to contemporary music, That Skyrocket Band will play the Love theme from "The Eyes of Laura Mars."

"I Can't Smile Without You," popularized by Barry Manilow, and "How Deep Is Your Love," associated with the Bee Gees, will follow.

The concert will close with the traditional playing of "The Blue and the Gray."

It is believed this has been the final number of pops concerts since James Larson introduced it in 1963.

petition to detach a large area from the district and annex it to Wellington ISD. The other court cases have not been set for hearing, and an appeal of the county school board's ruling on the petition is now before the Texas Education Agency in Austin.

"The suit which I filed asked that the board of trustees of the Quail Independent School District follow the law," Spillman said, "and that the trustees be lowered from nine to seven members and that the Court order them to follow the statutes on the number of trustees and that due to the fact there was no canvass of the votes after the election that the Court declare the results of the election and structure same according to law."

"It is my feeling that the district should operate in compliance with the law and teach a student that we are a government of law in this nation", Spillman said.

Heating Court House Costly, Judge Says

It cost almost as much to heat the Collingsworth County Court House during the three coldest winter months as it did to heat the Amarillo Civic Center for an entire year, County Judge Bob Watson reported upon returning from a two-day energy audit training seminar.

This was sponsored by the Governor's Office on Energy Resources in Amarillo Tuesday and Wednesday, April 24 and 25, for officials of local units of government.

Among the topics covered were understanding energy billing, figuring cost of

heating per square foot, energy management and how to cut energy costs.

The seminar ended with a walk-through of the civic center.

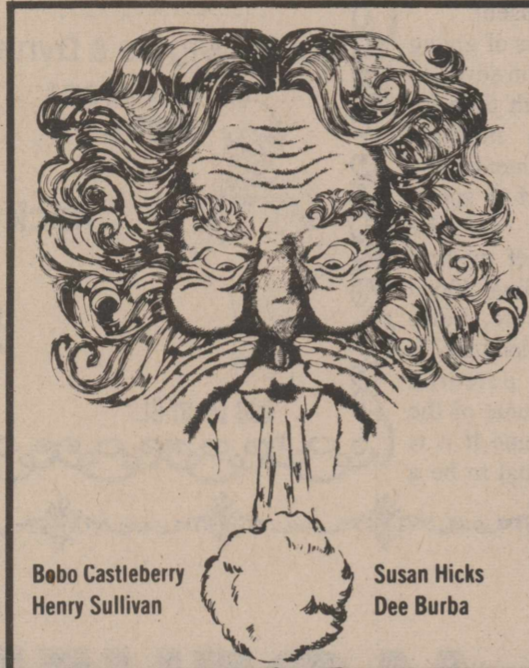

Watson qualified to make energy audits on buildings.

He pointed out that the Collingsworth court house gas bill alone was about \$900 per month for the three coldest months this winter. Seminar members were told at the civic center the cost of heating that building for a year was around \$3,000. A hot water system is used.

Watson said that the boiler

now used to heat the court house is the original coal-fired boiler installed when the building was constructed in 1931.

When the change to natural gas was made, the system installed was inefficient, but at that time gas was "nice and cheap," Watson added.

PHOEBE TRAMEL

BETTY BURBA

Two Honored at WT

WTSU -- Forty-two students at West Texas State University were recently initiated into Alpha Chi, the campus-wide national honor society.

Initiated from Wellington were Phoebe Tramel, senior elementary education major, and wife of Kenneth Tramel, and Betty Burba, senior secretarial studies major and daughter of Mr. and Mrs. Dee Burba.

Alpha Chi is a coeducational society which promotes academic excellence and exemplary character among college and university students and honors those achieving such distinction.

Students who become members of Alpha Chi are lifetime members. They receive notation on their transcripts and become eligible for local and national scholarships which Alpha Chi offers each spring.

Qualifications for Alpha Chi

include junior standing, an overall grade point of 3.50 (4.0 = A) or higher, at least 30 semester hours at WTSU, and currently enrolled for at least 9 hours.

Mrs. Tramel recently received two other honors. She was one of 33 new members inducted into Kappa Delta Pi, the education honor society at WT.

To qualify for the society, students must have an overall 3.25 grade point average, must have completed at least one three-hour course in education and must have a 3.0 grade point average in the education course.

She was also listed on the Dean's Honor Roll with a 3.8 grade point average.

Extension Agent Completes Course

Jean Chandler, extension agent, home economics, has completed a course from Texas A&M University toward her master's degree.

Offered as an extension course through the Agricultural Education Department, it was taught by Dr. James Christensen, who flew to Amarillo once a week.

Former County Woman Dies

Mrs. John Ingram has returned from San Antonio, where she was called by the death of her sister, Mrs. Georgia B. Lockhart, on April 24.

She was accompanied by two other sisters, Mrs. Emma Tate of Panhandle and Mr. and Mrs. Miller Cason of Amarillo.

Funeral services were conducted at Roy Akers Funeral Chapel Saturday with interment in Mission Burial Park.

Mrs. Lockhart, daughter of the late Mr. and Mrs. G.L. Blasingame, was born May 13, 1903 at Coolidge and was 12 years old when the family came to Wellington.

She was married here to Fred Lockhart and their children were born here. They moved to San Antonio a number of years ago.

Survivors are 4 children: Helen Stein of Seguin, Estelle Irwin of Albuquerque, N.M., Calvin Lockhart of San Antonio, and Maxine Lockhart of Liberia, West Africa; four sisters, Mrs. Ingram, Mrs. Cason, Mrs. Tate, and Mrs. J.J. Owens of Vinson, Okla.; two brothers, Woodrow Blasingame of California and Clint Blasingame of San Antonio, also grandchildren and great grandchildren.

Bloodmobile Here on May 24

On Thursday, May 24, the Red River Regional Red Cross Bloodmobile will be in Wellington, Texas at the Community Center from 1:00 to 6:00 p.m. The goal of 118 units has been carefully set to insure the blood and blood product needs of the county are met.

Mrs. Merle Cayton Dies in Amarillo

A former Wellington woman, Mrs. Pauline Cayton, 65, of Amarillo, died Friday, April 20.

Funeral services were conducted at 10:00 a.m. Monday in Griggs Pioneer Chapel by Dr. Windfred Moore, pastor of First Baptist Church, Amarillo. Burial was in the Claude Cemetery.

Mrs. Cayton was the youngest child of the late Mr. and Mrs. J.W. Payne, a pioneer Wellington family. Mr. Payne operated a jewelry store here for many years.

She was born in Wellington and graduated from High School here.

She was married to Merle Cayton at Shamrock in 1939. The had lived in Amarillo most of the time since then. She had been deputy clerk in the Potter County Central jury room and assisted in the operation and management of a family restaurant.

Survivors include her husband; a son, Joe E. Cayton of Amarillo; a daughter, Mrs. Paula Stanford of Oklahoma City; a brother, Winfred Payne of Amarillo; and a sister, Mrs. Nell Dobbs of Lubbock; and two grandchildren.

representative, met with Mrs. Ernest Harwell Thursday, April 26, to plan Wellington's blood drive. The Business and Professional Women's Club is drive sponsor, assisted by clergymen of the county. Young Homemakers assist on the day of the bloodmobile visit. Mrs. Harwell is drive co-ordinator.

The Red River Regional Red Cross Blood Center is the processing site for 40 regional hospitals. Regular deliveries are made to these hospitals but when a special need arises at a hospital such as the Collingsworth General Hospital, the Red Cross Center sends out the necessary units of blood.

Because blood can only be stored for 21 days, donors are always needed to replace the supply. A donor may give blood every 56 days, if they are between the ages of 18 and 65, in good health and weigh at least 110 pounds. Seventeen-year-olds can give with written parental consent.

The actual process of giving blood only takes from seven to ten minutes but with time for registration, the medical history and refreshments, the donor should expect to spend about an hour at the bloodmobile. A brief medical examination including blood pressure, temperature, pulse and a hemoglobin blood test is given to every potential donor. These are some of the factors that determine if it is safe for the individual to be a

blood donor and if the blood being donated is safe for a patient to receive.

One hour is not a lot of time when it could save someone's life. Blood cannot be made anywhere except in the human body and must be given voluntarily. It is truly the gift of life.

Anyone wishing to donate blood should drop by the Community Center, May 24, Thursday between the hours of 1:00 and 6:00 p.m.

FHA Delegates Attend Two-Day State Meeting

Representatives of the Wellington Junior and Senior Future Homemakers of America Chapters attended the 1979 state meeting of the Texas Association of FHA, along with over 7,000 members and advisors from across the state. "Today's Youth Forming Tomorrow" was the theme of the 1979 meeting, which was held in the Tarrant County Convention Center, Ft. Worth, April 26-27.

Attending from Wellington were Beverly Orr, Teresa Hodges, Valerie Van Pelt, and Debbie Bergvall. These students earned the right to attend the meeting by a point system based on their FHA involvement. Sponsors attending were Mrs. Larry Henard, FHA advisor, and Mrs. Don Van Pelt.

Dr. William Purkey, University of North Carolina, renowned and fascinating advocate of making the most of human potential and opportunities, was the keynote speaker of the convention.

Workshops on topics of concern to young people such as careers, crisis, self-image, parenting, elderly, dating, and recognition were held Friday afternoon.

The business of the Texas Association was conducted at

the House of Delegates session Thursday evening, followed by a talent show featuring representatives from Areas VI-X. The theme of the show was "The Challenge of the Stars."

Future Homemakers who achieved unusual accomplishments by completing all levels of Encounter, a special growth and development program, were honored at the Friday afternoon session.

A state choir, composed of 130 Future Homemakers, was featured. Marion Nesvada, Director of Choirs, Tarrant County Junior College, North East Campus, directed the group.

Installation of the 1979-80 state officers climaxed the Friday evening session. At this time, eleven officers elected through chapter participation throughout the state were placed in office. The newly elected president received the gavel from Suzanne Knight, San Antonio, outgoing president.

The Future Homemakers of America is a vocational student organization sponsored by Homemaking Education, Texas Education Agency, with Mrs. Elizabeth F. Smith, director, and Mrs. Betty Romans, state advisor.

Jimmy Carter

The best analysis of President Jimmy Carter we have read came out this week by James Fallows, formerly the President's chief speech writer, who says Carter took office "in profound ignorance" of the job and has made matters worse "by a combination of arrogance, complacency and insecurity." Fallows describes the president as "a good man" of many flaws, "determined to prove that he and his associates had not stepped straight out of Dogpatch." Above all, Fallows argues, Carter is a problem-solver who lacks presidential vision and the knack of inspiring people, a man who tells his speech writers to use words that a Georgia gas-pump attendant can understand.

Now that may not be all bad, to make speeches in terms that everyone can understand, but any President has to realize that the average American might be smarter than he thinks and that it might not be necessary to talk down to the people in every speech. Fallows says that Carter believes 50 things but no one thing. He holds explicit, thorough positions on every issue under the sun, but he has no large view of the relations between them, no line indicating which goals (reducing employment, human rights) will take precedence over which (inflation control, a SALT treaty) and he fails to project a vision larger than the problem he is tackling at the moment.

In short, the former presidential speech writer holds a view which we have long held and that is the pure and simple fact that Jimmy Carter, a fine and decent man, is nevertheless overmatched in the job of President of the United States. He has leaned on his Georgia friends who are also overmatched in the jobs they hold. As the nation's leader, he has been a nice guy who just may not be tough enough to deal with the international bullies that this nation must face.

NEWS FROM THE CAPITOL
BY Foster Whaley
State Representative

Despite the Marathon debates in the House on the appropriations bill this week, the House has moved on other legislation. We've dealt with production of alcohol as fuel (H.B. 1986 and H.B. 1803); limits on alien ownership of land (H.N. 431); mandatory automobile liability (H.B. 22); allowance of petitions for the consolidation of school districts (H.B. 1058); and school discipline bills such as H.B. 8, which spoke to the issue of more restrictions on abusive or disruptive students in public schools.

Extended day and night sessions on the floor of the House have kept me out of my office in the capitol much of the time in recent days. However, if you have questions or need immediate help with any department in state government, you can always get a message to me. Several constituents needed assistance this week in dealing with state agencies. I'm always glad to do what I can.

As a general rule, I've found the state agencies to be

cooperative and helpful in answering questions and taking necessary action. Some agencies, of course, have outlived their usefulness or have failed to served the public properly. They are subject to the Texas Sunset Act and, unless continued by legislation, will be abolished either this year or in following years.

The frustrating thing for private citizens is trying to find the way through the bureaucratic maze of state boards, commissions and agencies. It's difficult at times to determine who handles what. Here is a good toll-free number to record in your personal telephone directory: 1-300-252-9600. This is the Citizen Assistance office in the capitol. This telephone service provides a central point of contact to direct the general public to sources of information or assistance available within state government.

My staff has compiled a list of other toll-free telephone numbers for distribution to public libraries and chamber of commerce offices in the district. It will be helpful to citizens who need to know where state services are available for the handicapped, where to register consumer complaints, where to find medical transportation in non-emergency cases, and similar kinds of information. State government is here to aid and serve the people rather than thwart efforts to find solutions to problems.

Letters from the People

Dear Editor:

I have read many divergent opinions regarding the concept of the all volunteer military, but none seem to touch upon what I view as the most cogent reasons for military conscription.

If our military forces consist only of volunteers it will not be long before the majority of the United States congressmen and their constituents are people who have never served in the armed forces. Nor would they have to be concerned that their sons or daughters may have to serve except in time of declared war.

That translates into non-involvement of an important segment of our American society: those who control the military purse strings.

One may hypothesize that non-involvement by those who decide what the military budget will be can cause further erosion of military "quality of life" benefits: ie; basic allowance for quarters to all married service members (BAQ), station housing allowances which enable the armed forces family to live in standard allowances which enable the armed forces family to live in standard acceptable

housing while trying to combat rising inflation thru the declining American dollar (SHA), and cost of living allowances which help all armed forces members to somewhat combat the rising inflation costs while outside the United States (COLA); during times of federal cost cutting. The situation would be analogous to the slumlords (congressmen) who disregard their obligations because they do not have to live in the squalor which they create.

The American voters need to have a vested interest in the military and, in my opinion, will do so only if they believe that they may be called upon to serve their country in uniform of a branch of the armed forces.

American military personnel should not be treated as "second class" citizens and should not have to become the indentured servants of our American society.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — After some-
times petty, sometimes pas-
sionate debate, the Texas
House this week passed a
beefed-up version, at least
where salaries are con-
cerned, of a state budget.
The price tag on the

House spending plan for
1980-81 is \$20.3 billion.
Gov. Bill Clements says
that's about \$600 million too
much. House members in-
creased various salaries by
almost \$200 million. Clem-
ents had made it clear long
before the House began its
work that he was against
many of those pay hikes.

It took the House four
days and part of a fifth to
finish the initial step in the

appropriations process that
now moves on to the Senate.
Afterwards, the budget will
probably be hammered out
in a conference committee,
and then, the governor must
approve it.

Acting as if they didn't
know Clements had threat-
ened to veto teacher pay
hikes that exceeded 5.1 per-
cent, House members voted
teachers a 7 percent raise for
1980 and 1981.

No Rodeo Slated Here This Summer

Chamber of Commerce directors voted Monday night, April 30, that they will not sponsor a rodeo this summer, because the only open date conflicts with the annual Wellington Ex-Students Reunion.

Bill Holliday, who has brought the rodeo here under chamber sponsorship at mid-summer for the last two seasons, notified Margaret Vines, secretary, of an opening in his schedule July 27 and 28. The ex-students directors agreed that the town could not support two dances on the same night.

The option was left open to bring the rodeo to Wellington again in 1980.

In other business, directors,

discussed the membership drive which will get under way later in the spring. This will be aimed at recruiting both business and individual members. Both new comers and long time residents will be contacted.

Dues for businesses are \$100 per year, for individuals \$25 per year.

Some 150 U.S. electric utility companies are sponsoring 468 research projects in solar energy.

Kindergarten Pre-enrolls May 7 to 9

Bob Copeland, elementary school principal, reminded parents of Kindergarten children that pre-enrollment is scheduled for Monday through Wednesday, May 7, 8 and 9.

Registration hours will be 2:30 to 3:30 p.m., and will take place in the kindergarten room.

Copeland said that parents should bring a copy of the child's birth certificate and vaccination record, as these must be on file before

registration can be completed. He warned that the original birth certificate must not be brought, as the record must be left at school.
