## Council Annexes Large Areas To Limits Of City Of Midland

The City of Midland extended its corporate limits in practically every direction Thursday night.

After a long and detailed discussion, attended by almost 50 property owners, the City Council formally annexed all proposed new areas with the exception of two at the extreme northwest boundary of the city.

The newly-annexed areas include a total of 1,156 acres.

The areas excluded in the final action taken at the regular meeting of the City Council are the two proposed tracts north of the Country Club road and west of Avalon Addition.

But all others were voted in, some over the protest of property owners in the affected areas.

The final vote came after a detailed explanation of the benefits and obligations which would fall to the areas once they were brought into the city.

Chairman of the discussion was Mayor William B. Neely, who patiently and doggedly answered questions and heard objections for more than two hours of the four-hour-long session.

**Fire, Police Protection**

He made it clear the city will extend fire and police protection at once to the new areas and make plans for extending other city services as soon as possible. But all of

## Permian Basin OIL & GAS LOG

James C. Watson, Oil Editor

## Henderson, Et Al, To Drill Deep Prospector In NW Reagan Area

Drilling is to be started in the near future at a 12,000-foot wildcat to explore the Ellenburger in Northwest Reagan County, four miles northwest of Stiles.

The prospector will be drilled as W. Dave Henderson of Midland and associates No. 1 Weddell. It is located 660 feet from north and west lines of section 19, block E, HE&WT survey.

It is on acreage secured by Henderson et al from Forest Oil Corporation in a farmout deal.

**Others Assisting**

Stanolind Oil & Gas Company and Southland Royalty Company are contributing dry hole money to the drilling of the project. American Republics Corporation is contributing acreage to the deal.

Henderson et al No. 1 Weddell is approximately three-quarters of a mile northwest of the location reported about two months ago for Stanolind Oil & Gas Company No. 1 O. F. Boyd, which is announced as a possible 12,000-foot exploration.

Drilling at that site was never started and the location has been temporarily abandoned and instead of starting that project Stanolind is cooperating in the No. 1 Weddell.

## Hiawatha Discovery In N-C Schleicher Is Flowing Oil Naturally

Hiawatha Oil & Gas Company No. 1 Forest Runge, North-Central Schleicher County wildcat discovery, two and three-quarter miles northwest of the opener of the Huldale-Strawn field was flowing between three and four barrels of new oil per hour naturally, from perforated section in the lime at 5,614-22 feet.

The flow was through a one-quarter inch tubing choke. Gas-oil ratio was 1,000-1. Flowing tubing pressure was 650 pounds.

Operator was to continue flowing the well until the full producing ability of the zone now being tested had been determined.

**May Be Deepened**

The project will then probably be drilled a little deeper from the present bottom of 5,624 feet, where the 7-inch casing is cemented.

The flow came after operator had swabbed out 125 barrels of drilling fluid and oil in a unreported length of time. The flow started early Friday morning and the well was still flowing steadily at last report.

Location is 660 feet from south and west lines of section 66, block M, GH&SA survey.

## NW Dawson Project Gets More Water

Standard Oil Company of Texas No. 1 Glen F. Pool, et al, Northwest Dawson County wildcat made more water in a drillstem test of a lime formation at 8,465-86 feet.

The tool was open two and one-half hours. Recovery was 300 feet of heavy drilling mud and 6,800 feet of sulphur water. There were no shows of oil or gas.

A previous test at 8,340-64 feet had a recovery of 90 feet of oil, 885 feet of oil and gas cut mud and 225 feet of salt water during a two hour period.

The venture is now making hole below 8,555 feet in lime. It probably will drill on to around 10,500 feet.

Location is 1,980 feet from north and 660 feet from east lines of section 123, block M, EL&RR survey.

It is 15 miles northwest of Lamesa.

## Lowe 1 Hill Flows To Test Wolfcamp

Ralph Lowe No. 1 Hill, Dean sand and Wolfcamp discovery in Northwest-Central Midland County, is still swabbing to test the Wolfcamp at plugged back total depth of 9,850 feet.

The prospector swabbed and flowed an average of 20 barrels of oil per hour from 2 p.m. until 12 midnight, Thursday and an average of 12 barrels of oil per hour from 12 midnight until 7 a.m. Friday.

Open hole in the Wolfcamp from 9,440 to 9,850 feet had been washed with 1,000 gallons of mud acid and 3,000 gallons of regular acid.

Location is 660 feet from north and 1,980 feet from east lines of the southeast quarter of section 30, block 39, T&P survey, T-2-S.

## Glasscock Sector To Get Two More Tests

York & Harper, Inc. and A. N. Hendrickson of Midland have each staked drillsites for one-location

(Continued On Page Nine)

## College Youths Get New Assurance On Choice Of Services

WASHINGTON — (AP) — College students tapped for the draft received new assurance Friday that they can stay in school until the end of the term and still enlist in the service of their choice.

The program is intended to halt a rush by students to drop out of school to enlist in the Air Force or Navy. Ordinarily, students receiving draft notices must go into the Army, even though their actual induction might be deferred until the end of the school year.

The Defense Department first announced the new plan last week but found it conflicted with existing regulations.

**Conflicts Eliminated**

To eliminate the conflicts and clear up the confusion, the Defense Department and Selective Service got together Thursday to make additional changes in draft rules to legalize the program:

(1) Secretary of Defense Marshall wiped out, as far as college students are concerned, a two-year-old agreement among the armed services which provided that no service would accept a voluntary enlistment after a man had been notified to report for a pre-induction physical examination.

(2) Selective Service Director Lewis B. Hershey announced he will re-open in the last month of the college year the classification of all students who have been ordered to report for induction during the year but whose induction was postponed under a provision of the draft law allowing deferment of college students. This will open the way for a student, in the final month of the term, to pick his service as a volunteer.

## South Siders Plan Slate Of Candidates, Call New Meeting

South Side residents and property owners aired their problems and grievances and considered naming candidates to seek City Council vacancies in the April election at a meeting Thursday night in the IOOF Hall. Col. J. B. Wright presided over the informal gathering of approximately 75 persons.

The principal grievance of the taxpayers attending the session was the lack of sewage facilities and availability of city water for their homes within the city limits.

Another meeting was set for 7:30 p.m. Monday in the IOOF Hall, and it was the concensus that a slate of three men will be determined to seek the three places on the City Council up for election this year.

"There are enough people living on the South Side to warrant having a representative on the council," one man said. "If we can elect a councilman who understands the problems of the South Siders it will be a long stride toward getting the sewage and other difficulties straightened out."

The proposed Big Spring Street grade separation project also came in for considerable discussion.

**Traffic Held Up**

"Trains hold up traffic and in event of emergencies delay fire trucks and ambulances," an irate citizen complained.

Colonel Wright said an attorney was scheduled to attend Thursday's meeting, but had been called to active duty in the armed forces. Several persons suggested the group should retain a lawyer to appear before the City Council to present their grievances.

"I don't see what good a lawyer would do unless you just want someone to talk for you," a taxpayer said. "And it seems the colonel can handle that all right."

The meeting concluded with reminders for each person to pay his poll tax and to attend the Monday night meeting.

## March Of Dimes Leader Calls For 'Redoubled Effort'

With the 1951 March of Dimes near the three-quarter mark in its campaign to obtain $12,500 with which to fight polio, Chairman Ray Lynch Friday called upon Midlanders to redouble their efforts in order that the goal may be reached by the January 31 deadline.

"So far," Lynch said, "we have made fairly good progress, but we will have to hurry if our quota is met on schedule."

He said the drive definitely will end Wednesday.

No general solicitation is planned and persons who have not contributed are requested to mail their gifts to the March of Dimes, Midland, Texas.

Many persons, according to Lynch, have been waiting to be solicited for contributions, but no general canvass is planned in the downtown or residential districts.

"Whether our quota is met depends on the voluntary actions of residents of our city and county," Lynch stated.

## ★ LATE NEWS FLASHES ★

**PARIS—(AP)—France Friday invited 11 governments to meet here February 6 in a dramatic move to muster the soldiers of Europe into one army, under one commander, arrayed against one enemy—communism.**

SAN ANTONIO—(AP)—Lackland Air Base officials Friday denied rumors of pneumonia deaths and cold epidemics among recruits, originating recently from different cities, and pointed to the possibility that the rumors are of a subversive nature.

**AUSTIN —(AP)— Gov. Allan Shivers Friday granted the customary 30-day stay of execution for Fred Felix Adair, Jr., convicted Dallas rapist, postponing his death date until March 29.**

PARIS, TEXAS—(AP)—Emory Stokes of Tyler was convicted in federal court here Friday on two counts of mail fraud and two counts of violating the Securities and Exchange Act in a case involving the sale of oil and gas leases in Greer and Canadian Counties, Oklahoma.

(NEA Telephoto)

**BILL COOK ARRAIGNED**—William E. Cook, Jr., with hands over face, leaves the county jail in Oklahoma City in a surprise early-morning arraignment before a federal grand jury. At left is Berry F. Miller, deputy U. S. marshal. Cook pleaded "not guilty" to Lindbergh Law kidnaping-murder charges. His trial has been set March 12.

## 30-Minute Parking Ordered In Heavy Shopping Districts

The City Council Thursday night junked its controversial parallel parking plans, but ordered 30-minute parking for the main shopping areas of the business district.

The areas to be zoned for 30-minute parking will be on Main Street from Missouri to Illinois, and on Wall Street from Main to Colorado.

The remainder of the business district will be metered for one-hour parking.

The change from two-hour parking to the new time limits will become effective as soon as the necessary meters are acquired.

The City Council approved the proposal, made by Councilman W. F. Hejl, in the face of a suggestion by Mayor William B. Neely that the city go ahead "on a trial basis" with its plans for parallel parking.

The parallel parking proposal had drawn formal protests from downtown merchants, although none were present at the meeting Thursday night.

**'Position Clear'**

"I talked to them today," explained City Manager W. H. Oswalt, "and they said they believed they had made their position clear in this matter, and could do little good by being here tonight."

So the councilmen discussed the situation among themselves.

Mayor Neely said he personally had studied the effects of parallel parking which has been used on a trial basis on the streets bordering the Midland County Courthouse.

"You can easily see how the traffic in front of the Petroleum Building—where there is parallel parking—quickly clears itself out," said the mayor.

"And then in the next block,

(Continued On Page Five)

## Dallas Policeman Identifies Youth Who Wounded Him

DALLAS — (AP) — A critically wounded rookie policeman from his hospital bed Friday weakly pointed out four California hill billy musicians as the men who shot him down last Monday.

The youths were arrested in Arkansas Wednesday and brought here early Friday. They were taken immediately to the hospital, where Johnnie Sides, 21-year-old patrolman, lay in a serious condition from a bullet wound in the body.

Obviously shaken at the sight of the quartet, Sides said faintly:

"That's them."

Then the wounded patrolman pointed at Marvin Johnson, one of the four, and said: "That's the one who shot me."

Sides and another patrolman, Harold L. Dawson, were wounded when they stopped four men for a traffic violation.

## Diplomats Hopeful HST Statement Will Reassure UN Allies

WASHINGTON —(AP)—Diplomatic officials expressed hope that President Truman's latest policy statement on Red China would reassure other nations about American aims in the Far East.

Although the President personally branded the Chinese Communists aggressors, he also in effect ruled out any hasty punitive action against them.

"Obviously," Truman told his news conference Thursday, "this is no time for rash or unwise action. This is a time for clear thinking and firmness."

Britain particularly and the European Allies of the United States generally have been apprehensive lest this country take, or insist upon the United Nations taking, steps against the Chinese Communists which would bring on a general war in the Far East.

## Latest Cold Front Vanishes Into Gulf

By The Associated Press

Winds over Texas began shifting to the South Friday as another mild cold front drifted into the gulf.

However, the U. S. Weather Bureau warned that a new front scheduled to appear in the Panhandle Saturday night may bring another cold blast.

"It could disappear entirely or it could be one of the major cold spells of the season," a forecaster said, "We'll know more about it Friday night."

The low Friday morning was 27 degrees in Wink, Junction and Dalhart.

## Dispute Holds Up Controls

WASHINGTON — (AP) — Economic Boss Eric Johnston Friday prepared to issue a blanket wage control order on his own for lack of union labor agreement to a freeze action by the Wage Stabilization Board.

The announcement, coupled with a price freeze and rollback, could come late Friday but mechanical problems are very likely to delay it until Saturday.

Informed officials said Johnston virtually has abandoned hope that the nine-man wage board of Johnston's Economic Stabilization Agency—made up of three members each representing labor, management and the public—can get unanimous agreement.

**Labor Holds Off**

The vote now stands 6 to 3, with the public and industry members ready to act and labor holding off. Cyrus S. Ching, wage board chairman, so far has declined to issue the order without unanimous agreement.

Johnston conferred with Ching Friday morning. Neither official gave reporters any clue to the conversation.

But from other quarters it was learned the labor members of the board seemed adamant, apparently on instructions from their organizations.

It was indicated that the unionists felt it would be unwise strategy from the standpoint of long range policy to put the seal of approval of AFL, CIO and other organized labor on a freeze. They preferred to await the development of

(Continued On Page Nine)

## House Panel Turns Eyes On Newly-Weds In Manpower Search

WASHINGTON —(AP)— The House Armed Services Committee Friday turned its search for military manpower toward young men who have married since the Korean fighting started June 27.

Chairman Vinson (D-Ga) said newly-weds between the ages of 19 and 26 make up one of the manpower sources the committee will explore before deciding whether the present draft age should be lowered from 19 to 18 years, as the Defense Department asks.

The committee is holding hearings on the legislation sponsored by the Defense Department which, besides dropping the present draft age minimum, would inaugurate a program of Universal Military Service and Training (UMST) and extend the time a draftee would serve from 21 to 27 months.

**Stepped Up Hearings**

The Senate Armed Services Subcommittee announced it is stepping up its UMST hearings, beginning Friday with a schedule of ten witnesses, each limited to ten minutes testimony. Staff members said the committee hopes to end public hearings by Tuesday, then go into closed door meetings at which it will revise or completely rewrite the bill.

Vinson has predicted his House committee will approve the department's request that 18-year-olds be drafted but only if it is satisfied there are no other untapped sources of manpower between 19 and 26 years.

## Starritt Infant Dies In Hospital

Marion Lynn Starritt, infant son of Mr. and Mrs. L. B. Starritt, 1509 East Highway 80, died in a Midland hospital Thursday night.

Marion Lynn was born Oct. 2, 1950.

Funeral services will be held in the Newnie W. Ellis Chapel at 2 p.m. Saturday. Interment will be in Resthaven Memorial Park.

The Rev. J. M. Hull of the Bible Baptist Church will officiate.

The survivors include the parents and three brothers, Billy Lewis, Charles Alvin and Randall Wayne Starritt.

## Cox Sees No Danger Of Influenza Epidemic

AUSTIN—(AP)—Influenza cases in Texas for the week ended January 20 rose above the average,

Mumps, measles and chicken pox also were far above average.

Reported flu cases for the last week totaled 3,106. The average for the same week is 2,660.

Dr. George W. Cox, state health officer, said he saw no danger at the present time of a flu epidemic.

## Opposition By Enemy Is Spotty, Weak

TOKYO —(AP)— Strong elements of two American corps slammed northward within 15 miles of Seoul on the Korean western front Friday against spotty to minor Red opposition.

A special U. S. Eighth Army summary called it "a limited objective attack." But it made clear it packed a heavy wallop as it sought for the Chinese Communist army.

It was manned by troops of Maj. Gen. Frank Milburn's First Corps and Maj. Gen. John B. Coulter's Ninth Corps with tanks, artillery and powerful air support.

AP Correspondent Jim Becker, reporting from First Corps headquarters, said Suwon, 17 air miles south of Seoul, and Kumyangjang, 11 miles southeast of Suwon, were "engulfed" by the fast-striking force.

The attack, jumping off in secrecy at 7 a.m. Thursday, had gained 12 miles by Friday night, Becker reported.

Becker said the attack began on a line parallel to Osan, 10 miles south of Suwon, and swept through Suwon. His first report of a 12-mile gain indicated the Doughboys had thrust at least two miles north beyond Suwon.

**One-Two Punch**

The correspondent described it as a "one-two punch" by battle-tested and renowned outfits. They found the streets of Suwon virtually deserted. The old walled city was a heap of smouldering ruins.

The Eighth Army communique said only minor resistance was encountered on the flanks, while resistance stiffened in the center, but it disclosed no details.

Aggressive American patrolling, such as had preceded the two-corp punch, continued forward of the attack line Friday.

Becker said the patrol which led the way through Suwon ran into varying opposition two miles from Suwon as it sought for the main Red strength in that sector.

The patrol was supported by armor and may be on its way to Seoul or as near to the old South Korean capital as it can get. The U. S. 27th Regimental Combat Team—the famed Wolfhounds—fought into and out of Suwon last week. But since then intelligence officers suspect the 90,000 Chinese Reds reported south of Seoul have pulled back.

For 36 hours, all news of Allied

(Continued On Page Nine)

## Canada Airs New Peace Plan To UN

LAKE SUCCESS —(AP)— Canada Friday offered a six-point compromise Korean peace plan to the United Nations Political Committee.

Altering some details of a 12-nation Arab-Asian proposal, it calls for a conference here or in New Delhi within a week to talk about a cease-fire as a preliminary to other peace steps.

Lester B. Pearson, Canadian external (foreign) affairs minister, said his program would be a conclusive test of the real intentions of the Communist Chinese government in Peiping.

He proposed that the Political Committee give the Communist Chinese 48 hours to answer whether it would take part in the conference. He did not present a formal resolution, but merely outlined his plan.

**Cease-Fire First**

The Canadian plan differed from the Arab-Asian resolution in specifying that a cease-fire must precede any other discussion, and in putting a time limit on negotiations. It also made plain that withdrawal of all non-Korean armed forces from Korea should include all Chinese.

The committee scheduled two meetings Friday in a faint hope it may reach votes on the Korea-Chinese questions.

But prolonged argument on priority of the Asian-Arab proposals or altered versions, and on the U. S. demand to brand Communist China an aggressor in Korea threatened to delay a vote until the weekend.

Sir Benegal N. Rau of India, chief spokesman for the Arab-Asian group, wants its resolution acted on first. He argued Thursday that a reported lull in hostilities on the Korean front should be seized by the UN as a peace-making opportunity.

Britain's Sir Gladwyn Jebb immediately agreed the conference idea should have priority although he said he would support generally provisions of the U. S. proposal except for a committee to study sanctions against Red China.

## Cowboy 'N' Jeans Abound As Cowtown Stock Show Opens

FORT WORTH —(AP)— You could tell it was stock show time here Friday by the boots'n blue jeans, horses and cows.

Cowboys and cowgirls—some of them synthetic—were everywhere as this big cattle center got ready to stage the 55th Southwestern Exposition and Fat Stock Show.

A bit of the old West you now read about came to life on the downtown concrete streets in a parade of stagecoaches, rodeo riders and cowpokes.

More than $50,000 in prize money is at stake in the annual rodeo to be staged in conjunction with the fat stock show and a record number of men and women—374—are after a share of it.

Livestock from over the U. S. and Canada was entered in various contests, with a total of $146,000 in premiums offered.

## Training Suspended For Air Reservists

SAN ANTONIO —(AP)— Immediate suspension of all inactive duty training for Air Force reservists at Kelly Air Force Base was ordered Friday.

Orders to cease the training for about 800 airmen and officers on Saturday and Sunday of each third weekend came from the Air Materiel Command.

Kelly officials declined to comment whether this means the men likely will be recalled to active duty within the near future. There was no elaboration on the announcement.

## Last-Minute Rush To Pay Poll Taxes Builds Up Friday

The last-minute rush of Midland County citizens to pay their 1950 poll taxes began building up Friday as the January 31 deadline approached.

County Tax Assessor-Collector J. M. Speed reported the number of poll tax payments has been increasing gradually during the last week.

He said around 2,600 persons had paid their poll tax through Thursday.

The biggest rush, however, is expected during the three days next week before the deadline on Wednesday.

## City Bus Franchise Proposal Is Delayed

Presentation to the City Council of a proposal to provide Midland with its first public transportation system since last Fall was delayed Thursday night.

City Manager W. H. Oswalt said two Monahans men, who are seeking the franchise, were unable to attend the regular meeting of the official group.

"We probably will have a special meeting next week," said the city manager, "to consider the proposal."

Oswalt said the men had operated bus systems the last 25 years and planned to construct a maintenance garage in Midland for servicing their vehicles.

## F. A. Andrews, Oilman Dies In California

F. A. Andrews, who was well-known in West Texas oil circles, died Thursday night at his home in Los Angeles, Calif., according to information received here.

Mrs. Smilo Mallison of Midland is a sister of Mrs. Andrews. Mr. and Mrs. Mallison were to leave Friday for Los Angeles to attend funeral services.

Andrews owned extensive royalty and lease holdings in the Permian Basin and had visited here on numerous occasions.

## Singer Ginny Simms Again Seeks Divorce

SANTA MONICA, CALIF. —(AP)— Singer Ginny Simms again has sued Hyatt Robert Dehn for divorce, charging mental cruelty and asking for custody of their two minor children. She filed a divorce suit against him in 1948 but there was a reconciliation.

Miss Simms, 32, and Dehn, 42-year-old engineer, were married in 1945, and separated three weeks ago.

## List To Sad Saga Of Syra And The Big, Bad Agent

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—A new movie dish named Syra Marty turned on the baby blue stare today when I let it drop that people were saying she had been a stripper in a Los Angeles peel palace a few years ago!

Syra yelped the Swiss equivalent of "Heavens to Betsy!"

A diva of divestiture? Not Syra. The stack of curves who makes her movie debut in Lippert's "Fingerprints Don't Lie" lifted a length of lank blond hair.

"Pliss believe me," said Syra, "that I don't take notheeng off. Iss tahrrible vot pipples are saying. Iss chust awful!"

She's bent on being a movie queen.

And she's out to spike the rumor that she gave out with more than Swiss movements as a burlesque star.

Did I want to hear the real, honest-to-gosh sad saga of Syra and how she happened to find herself prancing in front of the bald-headed row?

**Syra would tell me.**

**She would make a clean breast of everything!**

**They Itt It Opp**

"I'm beeg dance star in Switzerl-nd," she began. "Pipples itt opp my nomber. I am on toes weeth byootiful fans. Very artistic. The music iss plehing swan song and I am come on stage weeth fans."

Everything was "chost docky" with her career, Syra went on.

She wowed them after the war in Istabul and Smyrna.

The American fleet was in during her Smyrna engagement and she put on a special show for them.

**She said that "they veestled and make moch noise."**

A Hollywood agent suddenly popped up in Syra's life.

"All of sooden," she explained. "I'm send pooblicitay to Sunset Streep. Agent write back and say I can izzy get in movies. He got shovkess for me in follies. I'm sign one-year contrack."

"Follies. I'm think maybe Ziegfield Follies. Folies Bergere."

One peek backstage on her arrival in Los Angeles and Syra knew that she had been duped.

She said that she buried her nose in smelling salts and announced that she was going back to Europe.

But it turned out that she had signed an AGVA contract and the show had to go on.

"Othervice bleeklest for me," wailed Syra. "Beckstage they are essking me if I could take off clothes. I'm say, yah, I could, but I von't! I go on stage and do my swan nomber. Also purple balloon nomber.

"The mens are yelling and crying for me to take eet off. I am not onderstand Inglish. Then mens iss saying I am from Brooklyn. Iss do not upsott me, becuss I'm not onderstand Inglish and I am not know where iss Brooklyn. The mens don't like me. Lat me tall you, I was not beeg socksess."

Didn't Syra even pull the zipper down a half inch, I wanted to know.

"Honee," said Syra, "I vass as clean as Swiss Alps. Vuntz, two mens come beckstage, esk me for piece of my G streeng. I am not know vat iss G streeng. I esk girl in next dressing room and she say, 'Honee, watch me do my stoff next show.' I votch. I am shocked to pieces. I am know wot G streeng iss, all right. Iss not somtheeng on violin."

**The Follies Of It All**

She kept waiting for the talent scouts. They never showed.

Syra took to the road after that. No more "follies," though.

"I'm play night clobbs. Denver, Dellas, Miami, Vashington, D. C., Milvaukee, New York. I'm model Bikini bathing suit in Miami. Beeg pooblicitay. I'm stoody Inglish. Pipples everywhere iss congenious to me. They are calling me the 'Swiss Chizz cake'."

Murray Lerner of Lippert Productions heard about Syra and wired her to return to Hollywood.

He gave her the featured role.

Syra enthused:

"I play model. I'm wear evening gown and bathing suit. Chost the kind of bathing suit they allow in movies. I'm got accent like Heddy Lamarr. Some places Heddy got more accent, some places I got more. Iss not star part, only I am forme conspeeshious than star."

Her new agent is Helen Ainsworth.

**Grinned Syra:**

**"She very big agent, no? I'm hear she also hondle Gloria Svenson."**

## Six Family Members Die In Grade Crash

NOBLESVILLE, IND. —(AP)— Six members of one family were killed Thursday night when their automobile and a Monon Railroad streamliner collided near Sheridan, Ind., about 30 miles north of Indianapolis.

The victims were Edmond Snow, 38; his wife, Jewell, 34, and their children, Robert, 15, Iris Joan, 11, Iva Jean, nine, and James Lee, seven.

The Monon's passenger train, the Hoosier, and the family's 1941 model car collided at a street crossing and scattered wreckage and mangled bodies for 200 feet along the right of way.

TOSSES BOMBSHELL— Actress Hedy Lamarr shocked Hollywood by declaring she's quitting movies for good. "I just feel like retiring . . ." the Viennese beauty said. "I want to lead a simpler life." Hedy splashed to fame in "Ecstacy," which showed a bare Lamarr swimming in a crystal-clear pond.

## GI Bill Deadline Does Not Affect Disabled Veterans

The deadline for beginning educational courses under the GI Bill does not affect the training of disabled veterans under Public Law 16, officials of the Midland Disabled American Veterans chapter announced.

E. N. Beauchamp, commander of the J. O. Rotan Chapter 48, said because the GI Bill deadline is July 25, the second semester starting in February in most schools will be the last opportunity for most veterans to enter or re-enter training.

However, Beauchamp said, disabled veterans still may apply for Public Law 16 college and vocational training courses to acquire job and professional skills.

"It is to every disabled veteran's advantage," Beauchamp said, "to take part in the educational courses and vocational training courses now available so he can assure himself of job security in the future.

The Veterans Administration has reported, the DAV commander said, more than 500,000 disabled veterans have taken partial or completed courses throughout the nation under the provisions of Public Law 16. The latest report showed 113,720 of the disabled ex-servicemen in school, job and farm training.

## General MacArthur Celebrates Birthday With Work As Usual

TOKYO —(AP)— General MacArthur celebrated his seventy-first birthday Friday with work as usual.

For the Chinese Reds, who intervened in the Korean War when it almost was won, the top United Nations commander promised "a bloody nose" if they press on further into South Korea.

The general took time out for two traditional ceremonies before he left his home at the old U. S. Embassy for his office.

He received a hand-made gift from his 12-year-old son, Arthur, and reviewed his stalwart honor guard.

Well-wishers visited him throughout the day.

## Mrs. Kate George, Secretary To Ken Regan, To Retire

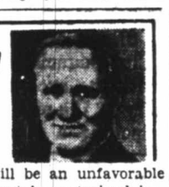

WASHINGTON — (AP) — Mrs. Kate George, secretary to Rep. Ken Regan of Midland, is retiring after 32 years on Capitol Hill.

A native of Mississippi, Mrs. George moved to San Antonio with her widowed mother when a child.

She grew up in San Antonio and taught school there for a while before going to California. At the end of World War I she came to Washington, when her husband, W. J. George, was discharged from the Army. He retired recently after long service with a furniture company.

First congressional secretarial job for Mrs. George was with the then San Antonio representative, Carlos Bee, in 1919. She went to work for the late Claude Hudspeth, El Paso congressman, in 1923 and was with him until the now U. S. Judge Ewing Thomason of El Paso came here to represent the district in 1931. She stayed on with Thomason throughout his service in the House, and then remained on with Regan when he came up as Judge Thomason's successor.

## Abundant Living

By E. STANLEY JONES

John 1:43—49; 4:6—42; Mark 13:11

**THE FOUR STEPS IN HELPING OTHERS TO CHRIST**

Perhaps you are hesitant in attempting to win others because you are not sure how to proceed. I dislike exceedingly the idea back of "selling religion"—it smacks of commercialism, and conceives of religion as a commodity. One might as well talk of "selling friendships," or "selling art appreciations." Nevertheless, there are some things we can learn from those who sell commodities. I have watched the men who go through the trains to sell various articles. Some get a lot of customers and others get no response. The one who makes a lot of sales usually does so because of two things: First, he acts as though the merchandise he has is of real importance. But he must not overdo it, or there will be an unfavorable reaction. It must be restrained importance. Second, he doesn't walk through the train with his head in the air—he looks at each passenger as if to give each one a personal invitation to buy. Important and personal—the two watchwords.

The sales manager of the National Cash Register Company gives four steps in presenting a commodity. (1) What is it? (2) "What will it do (for you)? (3) Who says so? (4) How can you get it?

In presenting the Christian way to people you will have to answer those four questions. First: What is it? Perhaps you will have to tell the person what it is not, in order to clear away misconceptions. It is not a mere set of beliefs to be believed, an organization to be joined, a rite or ceremony to be undergone—it may and does involve these, but it is much more than these. It is a personal relationship with God, which involves a change, gradual or sudden, from the kingdom of self to the Kingdom of God through grace and power of Christ. The basis of life is shifted from self to God—you live in a state, not of self-reference, but of God-reference. God's will becomes supreme in your life. That will is interpreted to us in Christ. To be a Christian is to be a Christ-ian—to be committed, with all you have, to Christ in surrender and obedience.

**O Christ, help me to help others to see Thee. They see so many things built up around Thee that they do not see Thee. Help me to help someone to get into personal relationships with Thee—to bend the knee to Thee and to T ee alone. They will lose themselves and then find themselves in Thee. For Thou and Thou alone art our very life. Amen.**

## Pioneer Adds New Houston-Midland Evening Service

An additional evening service from Houston to Midland will be provided when Pioneer Air Lines new schedules become effective February 1, W. W. Beene, the company's Midland district traffic and sales manager, announced Friday.

The new service will be provided by a 5 p.m. departure from Houston, arriving in Midland at 8:19 p.m.

This brings the total to three flights daily from Houston to Midland and three flights returning. The first flight from Houston leaves there daily at 7:10 a.m., arriving at 10:22 a.m., and the second flight leaves at 3:15 p.m., arriving at 6:30 p.m.

**Other Changes**

Other changes for Midland in the new schedule is an earlier evening flight from San Angelo arriving at 8:19 p.m. instead of 9:58 p.m. as under the present schedule. Secondly, there will be a later service from Sweetwater and Big Spring to Midland arriving at 9:51 p.m. instead of 7:50 p.m.

"We hope these changes will provide Midland with a greatly improved service," Beene said. The company provides a total of 10 flights daily to Midland with service to all 20 other cities on the company's system.

## ★ THE DOCTOR ANSWERS ★

## Sunshine Through Regular Window Glass Not Beneficial As Sun Bath

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Some questions are more important at some times of the year than at others. Today's first is more important now than it will be this Spring.

Q—Is it true that sunshine through ordinary window glass is not very beneficial as a sun bath? Is it necessary to have special glass?

A—Ordinary window glass will prevent most of the ultra violet rays from the sun from passing through. For this reason a person who sits in the sun shining through a window may get warmed but not tanned. Special glass is needed for the passage of these ultra violet rays.

• • •

Q—Not long ago you said that a lot could be done for kidney stones by following the correct diet. What would you suggest?

A—It is impossible to prescribe a single diet for all people with kidney stones because there are several different kinds of stones. A stone has to be analyzed chemically and then a diet can be outlined which is satisfactory for that particular kind.

• • •

Q—My son is 40 years old, and has been afflicted with Huntington's chorea for eight years. Will you please explain why there is no cure?

A—This disease is a true hereditary disease of the nervous system. In addition to the fact that there is no cure because it is inherited, it is also sad because it does not show up as a rule until a person is fully grown.

• • •

Q—My little 11-year-old girl has large white spots on her body which started when she was three. Now these spots are on her foot, thigh, back and stomach. Can anything be done?

A—This sounds like a true skin disease, and a skin specialist could probably tell you at once when he looks at it, just what it is and what might be done for your daughter.

• • •

Q—My husband has been operated on for herina on both sides. One has broken out again, and he wants to know whether he should wear a truss or have another operation.

A—The answer to the question depends on how bad the herina is now, your husband's age, his occupation, and how well he gets along with the truss alone. Because this is complicated, it would be best for him to discuss the problem with his surgeon.

• • •

Q—Is it possible that a woman who is 49 and has not menstruated for three months can still conceive?

A—The age is not so important; pregnancy is not too rare even from 52 to 55 years old. It is not unusual for the periods to cease for two or three months and then to be resumed. It is therefore practically impossible to be sure that a woman cannot conceive during the late 'forties or early fifties. Conception however is unusual after the periods have been absent for a year or more.

## Shower Honors Doris Stapleton

A miscellaneous shower honored Doris Stapleton, bride-elect of John Coselli, Tuesday in the home of Mrs. C. A. McCamey. Co-hostesses were Mrs. Margaret Baker and Miss Lamarian.

The centerpiece was an arrangement of blue iris and white carnations.

Guests attending were Mrs. C. P. Stapleton, Mrs. Robert W. Boyd, of Washington, D. C., Mrs. H. S. Harris, Jr., Mrs. Paul Wecker, Mrs. Wade Smith, Mrs. Chester Skrabacz, Mrs. Ben Dansby, Mrs. Ed Woolfolk, Mrs. R. R. Baker, Mrs. Henry Krauss, Mrs. Cecil Hill, Marilyn Murray, Nell Shaw, Lorraine Fly, Mrs. T. P. Barron, Mrs. Bernice Stevens, Mrs. Glenn Howard, Mrs. W. N. Hargrave, Ellen Evatt, Mrs. W. N. Keisling, Mrs. Arnold O'Neil, Mrs. Norman Woody, Mrs. R. Starr, Mrs. Connolly Frank, Mrs. George Byrne, Mrs. Bertie Boone, Mrs. Marion Taylor, Maybelle Graves, Mrs. A. V. Reid and Natalie Walton.

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barcentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

## Altrusa Club Plans Luncheon

The Midland Altrusa Club will have a luncheon at noon Saturday in Donohoo's Restaurant honoring Bernice McGee, governor of the Altrusa Clubs of the Seventh District, and Velma Barrett, president of the Odessa Club.

Following the luncheon, Miss McGee will go on to Odessa where she will present the charter to the recently organized Odessa group. Odessa Altrusans will be hostesses to the clubs of Midland, Big Spring, Lubbock, Abilene and San Angelo at a dinner Saturday night.

Sunday morning the members of the Midland Club will accompany Miss McGee to Big Spring where they will attend a luncheon given by the Altrusans of that city. The Big Spring club will receive its charter in February.

Both the Big Spring and the Odessa groups were organized by the Altrusa Club of Midland.

## Bridal Shower Honors Rhodes

ANDREWS—Mr. and Mrs. Lawrence Rhodes were recently given a bridal gift shower in the Community Building.

The bride is the former Doris Elaine Hadwin, daughter of Mr. and Mrs. H. D. Hadwin of Abilene. Rhodes is the son of Mr. and Mrs. A. L. Rhodes of Andrews.

The table was covered with a lace cloth and centered with an arrangement of snapdragons. Katherine Rhodes presided at the punch bowl and Mrs. Garland Linsey served the cake.

Thirty-five persons attended.

## Bride-Elect Honored At Coffee

A coffee honoring Mary Jane Wheeler, bride-elect of William Clingman, was given Thursday by Mrs. Paul H. Kolm in her home. The couple will be married February 6 in the Trinity Episcopal Church.

Carrying out the bride's chosen colors of pink and white, the table was centered with an arrangement of pink carnations and sweet peas. Mrs. Wallace Ford poured. A gift was presented by the hostess to the bride-elect.

Twenty guests called.

## Shower Honors Mrs. O'Brien

Mrs. J. L. O'Brien was honored with a surprise pink and blue shower Wednesday in the home of Mrs. Edward Jones. Ruth Harris was cohostess.

The centerpiece was blue and white flowers with pink and blue streamers and storks in the bouquet. The honoree was given a pink and blue corsage.

Those attending were Jesse Loach, Dee Thompson, Bobbie Stilwell, Irma Dunyau, Eula Howard, Mrs. Grimes, Lucille Creach, Mrs. Maurice Cooper and Sammy McCloud.

## Crane P-TA Has Panel Discussion

CRANE — A panel discussion on "The Value of Report Cards" was conducted by Mrs. Olene Chrane at the recent meeting of the Elementary Parent-Teacher Association in the elementary school auditorium. Others taking part in the panel were Mrs. H. G. Huffman Mrs. Dorotha Strickland and Mrs. Brady Nix.

At the present time, no report cards are sent out in the first and second grades, but a parents and teachers conference is held at regular intervals. A schedule is set up for the last half of the term, with the parents being asked to visit a minimum of three times per year. It is planned to start this type of grading in the third grade in September.

During the fourth six weeks, a form letter is sent to the students' homes checking whether their work has been satisfactory or unsatisfactory and adding special notes or comments by the teachers. The last parent-teacher conference is held during the fifth six weeks, while the promotion or retained notations are sent out at the end of schools.

Miss Walkers' first grade and Mrs. Brady Nix's seventh grade won the room count, with Miss Minnette Rowland winning the door prize. Mrs. S. S. Bangeman, president, was in charge of the program.

## Girl Scout Meetings Held By Brownies, Intermediates

Three Brownie and four Intermediate Girl Scout Troops held meetings Wednesday and Thursday.

Susan Gallagher, Mrs. Ray McCarthy, Mrs. Norman Sax and Mrs. Austin Six were guests at the Wednesday meeting of Brownie Troop 10 in the Girl Scout Little House.

The girls worked on pin cushions and lapel ornaments made of walnut shells and ribbons. Refreshments were served to the guests and Lyn Brown, Judy Godfrey, Karon Hatch, Ann Hill, Kay Keller, Lorraine Kerley, Sharon Martin, Rita Rae McCarthy, Dolores Pritchett, Linda Six, Valene Sax, Linda Tollison, Shirley Watson, Pat Young and Mrs. Frances Gallagher, leader.

**Troop 15 Does Copper Bead Work**

Intermediate Troop 15 worked on copper and bead craft during its Wednesday meeting in the Girl Scout Little House.

Refreshments were served by Gerry Gale Matthews to Ann Hamilton, Robinette Curry, Gloria Hicks, Sylvia Kroenlein, Helen Short, Wendy Woolcock, Alice Ann Berry, Carolyn Leggett, Suzanne Hood, Cheryl Grimm, Nanette Hays, Toni Redden, Nancy Breedlove, and Mrs. G. A. Grimm, leader.

Brownie Troop 43 was hostess to Brownie Troop 39 Wednesday. Mrs. I. A. Searles of the Girl Scout Association talked to the girls on "The Chicken and the Evolution of the Egg."

Guests were Allena Queen and Mrs. A. Marshal Queen. Others present were Ann Bodenman, Mary Boyd, Nancy Bucher, Dorothy Kelly, Jenny Nelson, Patti Peck, Barbara Porter, Carolyn Warren, Sue Washam, Sandra Webster, Ann Wright, Rettie Jane Crum, Anita Queen, Charlotte McBride, Carol Wright, Mrs. Ray Kelley, leader, and Mrs. Hal C. Peck, assistant leader.

**Troop 52 Works On Surprises**

The members of Brownie Troop 52 worked on Valentine surprises for their mothers when they met Thursday in the Little House. They also wrote a letter to the police department.

Those present were Paula Ford, Luda Aday, Melody Porter, Roberta Ledfern, Janice Timian, Alice Osborn, Carol Burke, Dorothy Landwermeyer, Donna Hollingsworth, Virginia Ridge, Nance Hitchcock, Nancy Savage, Mary Grace Mayfield, Sarah Deats, Mabeth Brown, Mrs. Dennis Ford, leader, and Mrs. R. V. Hollingsworth, assistant leader.

**Plans Overnight Campout**

Plans for an overnight campout were made by Intermediate Troop 17 Thursday in the Girl Scout Little House.

Those attending were Nancy Darden, Sassy Rinker, Martha Marks, Sandra Aycock, Kay Stall, Bonnie Blackwood, Sally Glass, Marilyn Johnson, Sue Lynn Gregory, Kay McKoy, Elizabeth Craft, Virginia Warren, Gretchen Meissenheimer, Theresa McNeil, Patsy Kimbell, Evelyn Craft, Mrs. T. D. Craft, leader, and Mrs. Neal Marks, assistant leader.

**Elects Officers**

An election of officers was held by Intermediate Troop 19 Thursday. Those named were Dian Chorney, secretary; Sandra Burkett, monitor; Mary Murphy, reporter, and Priscilla Evans, chairman. Allison Gray was the hostess.

Others present were Kathryn Thomas, Juana Sanchez and Mrs. Frank Shinkle, leader.

**Troop 44 Has Guest Speaker**

Mrs. I. A. Searles of the Midland Girl Scout Association was the guest speaker at the Thursday meeting of Intermediate Troop 44 in the Little House. She discussed crop rotation, soil conservation and farm machinery for the benefit of those who were working on the farmer badge. Plans were made to begin on the interior decoration badge next.

Those present were Dianne Collins, Jann Ball, Ann Guthrie, Betty Goss, Betty Lumpkin and Billie Stewart. The troop's leaders are Mrs. R. L. Goss and Mrs. L. J. Ball.

## Bridge Group Has Luncheon

The Bridge Group of the American Association of University Women met for a luncheon and bridge Thursday in the Ranch House.

Mrs. J. C. Mayes, Jr., and Mrs. C. L. Rawe were hostesses.

Prizes were won by Mrs. F. M. Sisley, Mrs. W. E. Cox and Mrs. Mayes.

Guests attending were Mrs. E. W. Vanderpool, Mrs. B. B. Duckworth, Mrs. T. D. Ward and Mrs. Anderson.

Other members present were Mrs. Richard Storey, Mrs. John Fletcher, Mrs. L. C. Mills, Mrs. D. W. St Clair, Mrs. Marion Sager, Mrs. C. L. Davenport, Mrs. Tom Breeding, Mrs. Ernest Sidwell, Mrs. William Sandeen, Mrs. Richard Hinkle, Mrs. W. O. Keller, Mrs. R. M. Minton, Jr.

Mrs. Ray Seifert, Mrs. James W. Brown, Mrs. Lee B. Parks, Margaret Frances Barber, Mrs. G. G. McNary, Mrs. Richard Stover, Mrs. Hugh Looney, Mrs. Terry Tidwell, Mrs. J. A. Graves, Mrs. W. H. Carter and Mrs. W. B. Ahders.

## County HD Agent Is Club Speaker

ANDREWS — Hattie G. Owens, county home demonstration agent, was the guest speaker at the El Paso Camp Club recently which met in the home of Mrs. Bob Fowler.

Mrs. D. H. Driver, club president, presided at the business meeting. The club is being changed to a home demonstration club. The guest speaker explained the policies, project and programs of a home demonstration club.

More than one-third of all the steel plants in the United States are in Pennsylvania.

## Study Group Has Panel Discussion

The South Elementary Parent-Teacher Study Group met Wednesday in the school.

The group held a round-table discussion on habits growing from undesirable behavior traits. Jealousy and disobedience were discussed.

The topic will be discussed further in the next meeting.

## Palette Club Has Exhibit Of Paintings

An exhibit of watercolor paintings by George Pepper Brown will be on display at the Palette Club Art Center Friday through Monday. The studio will be open all day and from 3 until 9 p.m. Sunday.

Pepper Brown is a Texas artist from Alpine. His serious painting grew out of an accident involving his horse. Brown was confined to his bed for six months at which time he turned to painting to amuse himself. Upon recovering Brown began work with Xavier Gonzales. He studied at the Art Students League in New York and in Cape Cod.

The past few months he has spent in Alpine. He plans to make a trip soon to Mexico to study mural techniques at the art school, San Miquel de Allendi.

Brown has exhibited his paintings at the Fine Arts Show in Provincetown, Mass., and Wellfleet, Mass., and at the Norton Gallery in New York City.

## Service League Plans Projects

The Children's Service League met Thursday in the home of Mrs. M. O. Gibson.

It was announced the Crippled Children's Clinic will be held April 10 in Midland. Plans were completed for the area meeting of the Texas Society for Crippled Children to be held February 3 in Hotel Scharbauer.

Anyone having clothing for the Children's Service League are asked to contact Mrs. Coe Mills, No. 2100-J. The clothes will be picked up on Wednesdays.

Work was started on the Easter Seal Campaign to be held in March. Mrs. John Hills reported on the progress of the diagnostic clinic.

Others members present were Mrs. Fred Cassidy, Mrs. W. A. Waldschmidt, Mrs. V. W. Rogers, Mrs. George Todd, Mrs. H. L. Beckman, Mrs. C. D. Atchison, Mrs. S. D. Douglass, Mrs. R. S. Dewey, Mrs. L. S. Page, Mrs. Cooper Hyde, Mrs. Lee Flood, Mrs. P. V. Hitt, Mrs. R. D. Fitting, Mrs. Harold Fritts, Mrs. Alan Leeper and Mrs. C. H. Ervin.

**MIDLANDER RECEIVES DEGREE AT N. M. A&M**

STATE COLLEGE, N. M.—Among the 87 seniors receiving degrees at New Mexico A&M's mid-year commencement will be George Wolcott Knox, Midland, Texas.

The son of Mr. an. Mrs. R. H. Knox of Midland, he will receive the degree Bachelor of Science in Animal Husbandry.

## Junior High Band Plays For P-TA

ANDREWS — The Junior High School Band gave the program at the Andrews Parent-Teacher Association meeting Tuesday in the high school auditorium.

Mrs. Roy D. Bennett presided over the business meeting and John Paul Jones gave the benediction.

After the program a film on polio was presented by the Lions Club.

## Abiding Confidence

It seems certain Gen. Dwight D. Eisenhower's report on his European swing will provide the most telling evidence in the Senate argument over sending more American troops to Europe.

The general commands more respect both at home and among free nations abroad than almost any other man living. A recent poll by the Saturday Review of Literature showed that Americans consider him their greatest citizen.

Lawmakers and administrators in Washington can't help being affected by this fact, both as a general phenomenon and as a personal thing touching them. They listen to him because he speaks with conviction, without rancor, and with abiding confidence.

• • •

Several able reporters carefully chronicled "Ike's" final visit to the capital before his European trip. One said it was a "different city" because the general had passed through. He brought something fresh and new to a place torn by strife and doubt.

His faith in America and the West is profound. Those who talk with Eisenhower are infected by it. Yet there's nothing false or foolish about his optimism. At root his attitude is marked by stern realism.

He believes we can win out over communism if it comes to a life and death test. He thinks we can stand the contrast with communism but that communism knows it can't compete with our way of life.

• • •

Most heartening of all, according to capital newsmen, was the way "Ike" dealt with the damaging rift on foreign policy that now engages so much attention. He simply ignored it. He behaved as if all lawmakers had their country's interest at heart no matter what their views. He spoke as a man who had been given a tough assignment and is anxious to get on with it, not to get lost in futile bickering.

Eisenhower's known domestic views are such that he has been generally labeled a Republican. Yet he seems to know when to submerge his personal leanings and to consider only the nation's interest—without partisanship.

Congress and the Administration know that when Eisenhower talks of European defense needs and sending troops abroad, he will be speaking as a soldier and as an American. It goes without saying that they will listen. They will be inclined to heed his advice, too, since they realize they aren't likely to get any sounder guidance from any other source.

---

Maybe wisdom isn't so common because it's common sense.

---

Lots of people are always trying—others very.

---

Putting something away for your old age lets you retire instead of just give up. Buy government bonds.

---

There is little contentment to be found by people who are contented to remain discontented.

## DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1951, By The Bell Syndicate, Inc.)

*Drew Pearson says: Senator Robertson counsels wisely in talk to group of senatorial worshipers; Russians mass-producing faster jet planes.*

WASHINGTON — Every Wednesday morning, a handful of senators gather quietly in the Senate dining room for prayer and worship. They try to keep this meeting secret between themselves and their maker, and the words they speak usually are more poignant and straight-from-the-heart than their speeches on the Senate floor. Such were the remarks last week of Virginia's Democratic Senator A. Willis Robertson.

"A cynic has described the Old Testament as being a history of wars wrapped up in a prayer for peace," Robertson told the little band of senatorial worshipers. Then he outlined the wars that have raged over tiny Palestine, the cradle of Christianity.

Robertson thoughtfully added: "History teaches and science confirms that human nature in all races and in all ages has been very much the same, with a percentage of good people and a percentage of evil ones. History likewise teaches us that no nation ever has achieved lasting peace by superiority of arms . . .

"The Jews of the First Century wanted and expected a messiah who would by force release them from bondage.

"In the present emergency," Robertson continued, "democratic nations may be able to assemble sufficient force to defeat the Communists on the battelfield. But such a victory would not settle the fundamental conflict between truth and error, between good and evil.

"Peace will, in my humble opinion, continue to escape the chancelleries of the world until it finds a home in the hearts of men," counseled the senator from Virginia.

**Capital News Capsules**

Byrnes and Acheson — Ex-Secretary of State Jimmie Byrnes, now governor of South Carolina, has assured Dean Acheson he will support him 100 per cent in his campaign to send six divisions of American troops to Europe this year. Byrnes passed along this news to Acheson through a North Carolinian, Undersecretary Webb, when Webb went to South Carolina to attend Byrnes' inauguration. Webb told Byrnes he would be welcome in Washington for consultations with Acheson on foreign policy.

Russian jet planes—General Vandenberg, Air Force chief of staff, is worried about the high quality of Russian jet fighters now in action over Korea. Despite the news headlines telling of American air victories, Vandenberg has a report on his desk indicating the Russian MIG-15 and LA-17 fighters are highly maneuverable. What's even more disturbing is that the Russians now are getting into mass production of an even faster jet—the TU-10.

Austerity for brass hats?—Secretary of Defense Marshall has suggested we are spoiling our GI's with too much transportation, recreation, and costly coddling. However, why not let the Army's austerity program begin with the brass hats—including their private airplanes and limousines.

Ku Klux Klan — Maj. Gen. George Van Horn Moseley, U. S. Army retired, appealed to the Georgia Parole Board to release Emory Burke, leader of super-ku klux klanism, the Columbians. In contrast, South Carolina's new governor, Jimmie Byrnes, has taken a forthright stand against the klan while the Georgia Legislature legislatively has ripped the hoods from all klansmen.

Shakespeare to the rescue — Archie Alexander, live-wire assistant secretary of the Army, tried to recall a Biblical quotation which he said he wanted to use in a speech. Scouring the Pentagon, he couldn't find one Protestant Bible in the entire building. He even tried the office of Maj. Gen. Roy Parker, Army Chief of Chaplains, but after a frantic search, a red-faced underling explained that General Parker was out and had taken his Bible with him. Finally, Alexander found a Bible on top of the desk of Gen. J. Lawton Collins, Army chief of staff, but this turned out to be a Catholic Bible and didn't contain the quote Alexander had in mind. The harassed assistant secretary finally decided to quote Shakespeare instead.

**Washington Pipe Line**

Ex-Senator Frank Myers of Pennsylvania, Democrat, is planning to run against Senator Ed Martin, Pennsylvanian Republican . . . Senate GOP Secretary Mark Trice built a blazing fire in his office fireplace the other day though the temperature outside was almost 80. Reason: He was burning a stack of secret Republican papers. First, however, he took the precaution of sealing each document in an envelope before burning; then bolting the door to keep out stray Democrats . . Souvenir bricks and woodwork from the White House will be sold to the public beginning February 1. Each congressman has been given a quota for his constituents for the cost of mailing and handling. If you want a brick from the White House, write your congressman . . . Ambassador Robert Butler of Minnesota soon will resign as envoy to Cuba. He's looking for a bigger job . . . Vice President Alben Barkley has been released from Naval Hospital, where he went for a checkup following his strenuous election campaign of last Fall. The Veep shed 29 and a half pounds.

## Have a Laugh

By BOYCE HOUSE

Once while Gov. Jeff Davis of Arkansas and an opponent were having a joint debate, a hard rain came up. Next day, Jeff told a crowd about it, "Just before yesterday's speaking began, the winds blew and the floods came. My opponent had his wife's parasol with him and he got all his friends under the parasol and kept them dry."

---

An old one: It got so hot one July day that a field of popcorn began to pop and a mule in the field thought he was caught out in a snowstorm and froze to death.

## What's RIGHT?

You are introducing a husband and wife to another person.

WRONG: Introduce the husband, and then the wife.

RIGHT: Introduce the wife and then the husband.

## Rev. Nelson Hawkins To Speak At First Presbyterian Church

The Rev. Nelson R. Hawkins, president of the Southwestern Presbyterian Home & School for Orphans at Itasca, will speak at the 11 a.m. worship service Sunday in the First Presbyterian Church, Dr. R. Matthew Lynn, pastor, announced Friday.

Mr. Hawkins, who has spoken in Midland on previous occasions, has been president of the church institution at Itasca the last 14 years.

N. R. Hawkins

Fred Turner, Jr., of Midland is a trustee of the Southwestern Home & School.

Dr. Lynn said Mr. Hawkins also is well-known to many Midland and West Texas church members through his connection as business manager of the El Paso Presbytery's Pioneer Camp at Fort Stockton the last 13 years.

## Alabama Banishes Prison Floggings

MONTGOMERY, ALA. —(AP)— There'll be no more whippings in Alabama's prisons, says Gov. Gordon Persons.

The governor issued a blunt order Thursday to all wardens and road camp superintendents to turn in their straps and never flog or give corporal punishment to prisoners again.

---

The world's largest pipe line is located in Asia Minor, and is 1,150 miles long.

## Questions and Answers

Q—Is ammonia important industrially?

A—Yes, it is a basis for many nitrogenous fertilizers and a raw material for dyes, pharmaceuticals, plastics and many other products.

• • •

Q—Why is the sea otter called "the old man of the sea"?

A—Because the sea otter has so many of the mannerisms of man, he has been called "the old man of the sea." He is 55 inches long with matted gray hair on head, shoulders and chest. He wears a bristley mustache and stiff side whiskers and he has a habit of using his paws to shield his almost human eyes from the sun.

• • •

Q—Where can a person stand in four states at one time?

A—On top of the marker that divides Arizona, Utah, New Mexico and Colorado.

• • •

Q—When was the milk bottle invented?

A—In 1884, by Dr. Hervey D. Thatcher of Potsdam, N. Y.

• • •

Q—Is coal mined in any of the Pacific States?

A—Washington is the only Pacific Coast state in which coal mining is of any great importance.

---

Total weight of iron and steel needed to make a 1500-horsepower Diesel freight locomotive is more than 200,000 pounds.

## • JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

Nobody was surprised when Peter Leventritt and Ruth Sherman won the mixed pair event in the American Contract Bridge League's national championship in New Orleans last December. Both are among the leading players of the younger crop of experts.

The hand shown today gives some idea of the precision with which they bid and play.

Leventritt's first two bids indicated a hand that was too strong for one no-trump but not strong enough for two no-trump. Miss Sherman read the message accurately, and very properly decided that her hand would offer a fine play for twelve tricks but not an adequate play for thirteen. She therefore went right to the small slam.

West opened the four of spades, and Leventritt won in dummy with the queen. His next step was to lead a heart from dummy and let the opponents win it.

As it happened, West won with the ten of hearts and returned the jack of spades. Dummy won with the king, and East discarded a low heart.

Peter proceeded to cash his high cards in hearts and clubs. On the last of these tricks West was squeezed. He could save only five cards, but he needed four diamonds to prevent dummy from winning a trick with a low diamond, and two spades to prevent South from winning a trick with a low spade. Whatever he discarded would cost a trick.

The key play was the loss of a heart at the second trick. This made it possible for Leventritt to develop the squeeze eventually. If declarer had simply cashed his high cards without giving up a heart trick, he would have been set.

## CARD Sense

Q—As dealer, with both sides vulnerable, you hold: Spades A-K-Q-4, Heart 5, Diamonds 10-7-3-2, Clubs A-K-J-8. What do you bid?

**A—Bid one club. It is usually wise to bid the suit below the singleton when you have three four-card suits. In this case, however, the diamonds are too weak to bid. You might bid a weak suit of this kind if you could find no other good procedure, but there is no such problem in this hand. One club is a perfectly satisfactory opening bid.**

**TODAY'S QUESTION**

As dealer, with both sides vulnerable, you hold: Spades A-Q-8-6-3, Hearts A-K-5, Diamonds K-7, Clubs A-6-4. You bid one spade and your partner bids two diamonds. The opponents pass throughout. What do you do next?

## ★ WASHINGTON COLUMN ★

## Johnston Takes His Third Shot At Price-Wage Stabilization

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Some kind of a monument probably should be erected to Dr. Alan Valentine, who has just been eased out of his job as head of Economic Stabilization Agency. In the four months of his short career as a bureaucrat, he issued only one order. And it was only temporary. This was the price freeze on automobiles.

This is the perfect government official that business long has been seeking—the one who does nothing which adds to the complexities of the free enterprise system. There is a further touch of irony to this situation in that Dr. Valentine was a college president. Business always thought the professors were no good.

Eric Johnston, erstwhile moving picture industry czar who takes over the ESA job vacated by Dr. Valentine, may be expected to do something more about it. He has been holding some semi-secret pow-wows with business and labor leaders during the last few weeks, in Washington and New York.

Why Eric Johnston wants this thankless job of trying to stabilize prices and wages is anybody's guess. He has of course always had a high degree of civic-mindedness, and he also has been suspected of having political ambitions which never somehow seemed to jell. This may be his big chance.

**Industrial Peace**

Still further in his subsconscious mind, however, he always has had an interest in trying to promote good labor-management relations and bring industrial peace to a strike-ridden country. There was a lot of this stuff in the two books he has written. And certainly, if today's price-wage stabilization problems are anything, they are problems in keeping industrial peace.

Memory goes back to 1945 when, with the war about to end, Eric Johnston tried to promote a post-war labor relations formula that would bring industrial peace. Johnston then was president of the U. S. Chamber of Commerce.

First, in January, 1945, Johnston, William Green of American Federation of Labor and Philip Murray of CIO signed a charter of principles. It called for mutual recognition of each other's rights and responsibilities by management and labor. It called for establishment of a national business-labor committee to help carry out these principles. It never was heard of again.

Then in August of that year Senator Arthur H. Vandenberg of Michigan suggested a government-management-labor conference to work towards industrial peace in the post-war world. President Truman took up the idea, and the conference opened in Washington with much publicity and about 100 delegates, all big shots. Eric Johnston had a big hand in getting the parley organized.

This was the conference where John L. Lewis told Phil Murray, "Nuts!" and Murray told Lewis "Nuts to you!" right back. Lewis was opposing any idea of discussing wage increases within any cost-of-living freeze. This is a principle which Lewis still sticks to and which he has just expressed again by his deal with the coal operators for a 20-cents-an-hour wage increase. This deal means an increase in the price of coal and it was made in flat defiance of all efforts to stabilize price-wage levels and curb the present galloping inflation.

Anyway, to get back to the government-management-labor conference of 1945, it met for a month of wrangling. It accomplished absolutely nothing, and was able to agree only on a statement that arbitration was a good thing, sometimes.

**Deeds, Not Words, Count**

It is to be hoped devoutely, of course, that Eric Johnston will have better luck in this third big try as boss of price and wage stabilization for the defense period. His bosses—President Truman and Mobilization Director C. E. Wilson—are on record within the last week that the cost of living must be held down, prices must be rolled back, inflation must be curbed, and controls are necessary.

The suspicion has been growing in Washington that the lack of performance on prices and wages has been due to a desire to handle the controls in such a way that nobody would be hurt. No price was to be frozen if it was unfair to any individual seller. Nothing was to be done until adequate staffs were assembled to handle all complaints and relieve all inequities.

This was why C. E. Wilson upheld Dr. Valentine in cancelling Price Stabilizer Michael V. DiSalle's first price freeze order. This was also, indirectly, the cause for Dr. Valentine's downfall. He didn't do anything and wouldn't let anyone else do it.

This should be the great object lesson for Eric Johnston. The moral is that you can't throw water on the fires of inflation without somebody getting wet. And it's time somebody turned on the hose.

## So They Say

The worst thing we might do in the present situation would be to step in with vastly extended political controls in the economic field. No other is so far reaching as price-control.
—Allan B. Kline, president American Farm Bureau Federation.

• • •

In other words (referring to proposal that the West must never use the atom bomb except in retaliation), you must never fire until you are shot dead.
—Winston Churchill.

• • •

It'd be better to give up some of our privileges now rather than lose all our liberty and freedom later.
—Rep. Brent Spence (D-Ky).

• • •

The old man believes in working our tails off in training, and cutting out the red tape when the shooting starts.
—Col. Rinaldo Van Brunt, on Maj. Gen. Frank W. Milburn.

• • •

It is not necessary either to spread our strength all around the world in futile attempts to create everywhere a static defense.
—John Foster Dulles, GOP adviser to Secretary of State Acheson.

Answer to Previous Puzzle

## This Last Night

*By Ferd Nauheim*

COPYRIGHT 1951, BY NEA SERVICE, INC.

XXIII

PAUL TWING shook his head as he spoke, seated on the bunk with Captain Martin Jaboe, Judy and May around him.

"It's been for nothing," Paul repeated. "If there were only some way out of this—some way to keep from sending little Judy back to—to that woman!"

Captain Martin Jaboe started to say something, but Judy Twing interrupted. She reached out her hand and took Paul's hand in hers.

"No, Uncle Paul. I want to stay with you," she said.

Paul put his arm around her, pulled her little head against his chest and stroked her.

"I'll get sent to the electric chair," Paul continued grimly. "It's death for kidnaping, you know. May Jenkins will spend the next 10 years or so in prison." His voice became hard. "It's a great solution, Jo-Jo, but I'm not having it—thanks!"

Captain Jaboe shook his head as he looked at the child.

"She doesn't understand," he said. "Don't you see, Paul? It's impossible. For her sake—for yours. And," he turned to May Jenkins, "for your sake too. We're your friends Paul. We'd suggest nothing if it wasn't for the best."

"No," Paul said stubbornly.

Captain Jaboe seemed at loss for words. He looked at May. "Can't you make him see?"

"How can I?" May asked. "I don't see myself. You want him to surrender. To go to jail—"

"And to the electric chair," Paul reminded the sea captain.

Moss, who had remained in the background since he had been introduced by Captain Jaboe, now stepped forward in front of the captain.

"You're all wrong, Twing. That's not what is going to happen to any of you."

• • •

CAPTAIN JABOE'S lips twisted into a half-smile again. "Maybe you didn't catch his full name when I introduced you. This is Victor Moss."

"Victor Moss, the criminal lawyer!" Paul's eyes narrowed, then widened. He remembered the lawyer's name mentioned in the newspaper accounts of the formation of "Justice for Twing" clubs.

"The best there is," Jaboe added. "If he can't win a case, it isn't much of a case. And I think you've got a good one. I don't think you ever did lose one, did you, Moss?"

Moss smiled. "I lost a few, but that was a long time ago. Listen to me, Twing. Jaboe's giving you good, sound advice. You can't get away—not forever. Give yourself up now and put yourself in my hands. It's your best bet."

"Listen to him, Paul," said Captain Jaboe.

"Yes, listen. I've swung juries by manufacturing sympathy for men who were hardboiled sinners. You're a natural. You're no sinner and I'm staking my reputation that you'll come out on top and that includes legal custody of the child. What a witness she'll make!"

Paul stared at Moss. Then he asked in a choked voice: "What about May? Can't we keep her out of it?"

The lawyer shook his head. "Of course not. She's in it. She's been seen in it, but we'll take care of her. I don't know anything about the set-up, now she fits into the picture, but I do know you're all right, and the kid's all right and she must be all right too."

• • •

PAUL turned to May Jenkins. His face was pale and his eyes were glistening.

"Yes, she's all right," he breathed. "There never was anyone who was righter." He reached out and took May's hand. "What do you think about it, May?"

May's voice was a whisper "I believe you should do as they say."

Paul looked at Jaboe and nodded. "Then that's it, Jo-Jo." He turned again to May and smiled.

"When we got on the ship, May," Paul told her, "I was going to ask you if I could have the captain marry us."

May turned her head away and said nothing, but she pressed his hand as hard as she could. She couldn't use her voice.

Captain Jaboe chuckled. He slapped Paul's shoulder with the back of his hand. "Say it right, you swab!"

• • •

PAUL stood up and put his hands on May's shoulders. Judy Twing, who had been at Paul's knees, was caught between Paul and May.

"This is a heck of a time and a heck of a place to say it," Paul said hoarsely "but I love you, May. Darling May. I think you're wonderful. Will you marry me?"

May's lips moved but nobody, not even Captain Jaboe who was close by, seemed to hear anything.

Judy Twing poked her head out from between the couple and grinned impishly at Captain Jaboe and Victor Moss.

"She said, 'Yes,'" Judy giggled.

THE END

## Give Lids And Lashes Beauty

Art, not artificiality, is result when natural eye loveliness is pointed up. Beauty of eyebrow arch is revealed when stray hairs are tweezed away (left). Preparation for after-dark glamor includes highlighting of lids with pomade (upper right) and carrying in evening bag a purse-sized curler for last-minute upsweeping of lashes.

By ALICIA HART
NEA Staff Writer

Those who feel a bit self-conscious when wearing the dramatic mascara and eye shadow currently fancied by fashion often shun eye make-up altogether. Preferring a "natural" look, they leave their lashes and brows untouched, thereby robbing themselves of rightful beauty.

It's a better plan to choose a middle path between artificiality and utter neglect. Nature often profits from a gentle nudge from mortals.

If you wish to enhance your eyes inconspicuously, you'll find helpful a trio of eye grooming standbys which have recently been released by their makers in new and extra-convient form.

Tweezers with scissors handles are an aid in eliminating the weedy look from the areas above your eyes. These scissors-grips not only make your tweezers-handling more professional, but also provide maximum pressure at the pulling point.

They are designed with a curve in the center, which allows your hand to operate in an out-of-the way position and gives you a full and unobstructed view of your brows. The ends of the instrument are blunt to prevent accidental nipping of the skin.

For best results, wring out a soft cloth in hot water and apply it to your brows before tweezing. Avoid jerking the hairs out at right angles; they'll slip out easily if you pull them in the direction in which they grow.

A new midget tweezer of this design is available for carrying in your purse or tucking into your desk at the office. These are handy for quick clean-ups when your regular beauty routine has gone awry, or for hasty grooming before unexpected dates.

Also obtainable in both purse and standard sizes is a colorless pomade for grooming and glamorizing lashes and brows.

This multi-purpose cream adds a dewy sheen to your lids, a glistening look to your eyebrows, and depth to your lashes. When the pomade is stroked onto your lashes with your finger or a small brush, it darkens them evenly from tip to base, giving them an appearance of length and luxuriance.

If you prefer the more positive accent of mascara for evening, it's recommended that you apply the pomade to serve as a lash and eyebrow cream while you sleep. Never attempt to combine mascara with pomade; they are chemically incompatible.

For a finishing touch, curl your lashes. Only a minute is required to sweep your lashes upward where they will show to best advantage.

Prepare them for curling by smoothing on pomade, making sure you apply the cream evenly. Every hair should stand out separately. Then insert your lashes in the jaws of the curler, and count slowly to 30 while you press the scissors handles firmly together.

The pliable rubber cushion, against which your lashes are curled, may be removed for cleaning. When it shows signs of wear, it may be replaced with a snap-in refill now offered by the maker.

For important evenings, it's a good idea to carry a purse-size curler in your handbag. After quick use of his gadget in the ladies' lounge, your eyes should be especially effective across a dinner table or above your partner's shoulder as you dance.

**BACK FROM MEETING**

Dr. R. Matthew Lynn, pastor of the First Presbyterian Church, returned Thursday from Austin, where he attended a meeting of the Synod's Council, Presbyterian Church, U. S.

**RECITAL TO BE HELD**

Mrs. Gilbert J. Sevier will present her piano pupils in a recital at 3:30 p.m. Sunday in the Scharbauer Educatfonal Building of the First Methodist Church. The public is invited to attend.

**LUBBOCK MAN TO SPEAK**

John R. Freeman of Lubbock will speak in the Saturday and Sunday services of the Church of Christ, 710 South Colorado Street. The evening services will be held at 7 and the Sunday morning service at 10:30. The public is invited to attend.

## 'Harvey' To Be Two-Set Show

"Harvey," to be presented by the Community Theater Wednesday through Saturday, will be the first two-set show presented here since 1949. The sets will be completed Saturday.

One of the sets will be built on a truck and will be rolled onto the stage. Stan Schaffer is in charge of construction. Waring Bradley is in charge of the painting and Dorothy Perkins is the stage manager.

A special performance of "Harvey" will be given Tuesday night for the negroes.

## Coming Events

**SATURDAY**

The Children's Story Hours will be held at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Dunbar branch. At Terminal, the time will be 10 a.m.

The Stephens Alumnae Club will have a luncheon honoring prospective Stephens' students at 1 p.m. in the Midland Country Club. Ryder Stockdale, Stephens field representative, will speak.

**END O' MONTH DANCE PLANNED**

The Midland Country Club will have its regular End O' Month dance for members and out-of-city guests beginning at 9 p.m. Saturday in the club house. Music will be furnished by Jack Free and his orchestra. Reservations may be made by calling 1185. Dancing will end at 1 a.m.

The Marines have fought in every war the United States has waged since the Revolutionary War.

## Parking—

(Continued From Pag. One)

where there still is angle parking, it begins to stack up again.

"This is not primarily a parking problem but one of keeping the traffic moving.

"We haven't made and are not going to make a permanent decision tonight.

"But suppose we try parallel parking and it helps the situation. We have gained something. If it hurts, we can easily go the other way. It hasn't cost us anything."

Then Councilman Hejl made his alternate suggestion to limit the parking time instead of instituting parallel parking.

"I do believe," he said, "that if we limit the timing of those meters on Main Street to 30 minutes for a nickel, it certainly would discourage people from staying all day."

Oswalt explained that such a change in the present meters would involve a cost of approximately $4.50 a unit.

"And in my conversation with the merchants, some of them have told me 30 minutes is not enough time."

Councilman Jack Wilkinson said he had investigated the reaction in Abilene and Fort Stockton, where parallel parking had been instituted.

**Similar Reaction**

"When it was first proposed in those places," he said, "the merchants opposed it, just like they did here.

"After it was in effect for awhile, though, those same merchants went back to the council and told them it was the best thing that ever happened."

Councilman H. E. Chiles, Jr., who was absent from the meeting along with F. N. Shriver, was quoted by Oswalt as being "strongly in favor" of parallel parking.

"I voted previously for parallel parking," said Hejl in reply, "but I just can't do it now."

"It's possible," observed Oswalt, "that we're not ready yet for parallel parking.

"However, ultimately we're going to have it. Angle parking is to traffic as the Model T is to the automobile."

The councilmen then worked out and approved the plan for limiting downtown parking to 30 minutes and one hour.

## Congratulations To:

Mr. and Mrs. Bill Watkins, 2803 West Delano Street on the birth Friday of a daughter weighing eight pounds, nine ounces.

Mr. and Mrs. Jack D. Thornton, 205 Hart Street, on the birth Friday of a boy weighing seven pounds, eight ounces.

**SAN ANGELO DISTRICT ATTORNEY QUITS POST**

SAN ANGELO—(AP)—District Attorney O'Neal Dendy, free on $5,000 bond on a murder charge, has submitted his resignation to Gov. Allan Shivers, effective February 1.

Dendy, district attorney here since 1939, is charged with murder in the shooting of Ray Elmo Canada, 38, a tenant of Dendy, on January 16.

## Business Group Has Meeting

The Non-Denominational Business Women's Group met Thursday in the home of Mrs. Sidney P. Hall, 1004 West Tennessee Street, for dinner and a program. Paul DeCleva, guest speaker, talked on "Communism and Democracy."

Those attending were Maybelle Graves, Dell Steele, Mrs. Watts, Wanda Conway, Glenyth Herring, Mrs. Paul McHargue, Esta Lee Nuttall, Bertha Kenny, L. V. Turner, Ernestine Shirey, Maxine Pitzer, T. K. White, Ann Harris, Dollie Miller, Wanda Creech, Jennie Lee Guthrie and Sidney P. Hall.

## Sorority Plans Annual Dance

Candidates for Valentine Sweetheart were elected at the Nu Phi Mu meeting Thursday night in the home of Alma Heard, advisor.

Candidates elected were Louise Harless, Helen White and Mrs. Paul Haskins. The annual Valentine Dance, to be held February 9 in the Midland Officers Club, was discussed. Lee Powers' Sextet will furnish the music. The Valentine Sweetheart will be elected at the dance.

Louise Harless was in charge of the program and spoke on her recent visit to Girlstown.

Others attending were Jo Ann Wallace, June Higdon, Norma Sinclair and Rita Livingston. Betty Wilson was a guest.

## Frances Puett Honored

Two pre-nuptial parties Tuesday and Wednesday honored Frances Puett, bride-elect of Charles Black. The couple will be married Saturday in the First Presbyterian Church.

Approximately 50 guests attended a coffee given Tuesday in the home of Mrs. R. W. Hamilton. Mrs. Nelson Puett, mother of the bride-elect, and the honoree assisted Mrs. Hamilton in greeting the guests. They wore corsages of yellow daisies.

The entertaining rooms were decorated with Spring flowers. Centering the refreshment table was a chafing dish filled with fruit and greenery. Mrs. W. H. Taylor and Mrs. David Simpson, aunts of the bride-to-be, poured. Others who assisted in serving were Mrs. Bill Bosworth, Mrs. Clarence Scharbauer, Jr., and Jean McMillan.

Miss Puett also was honored with a luncheon Wednesday given in the home of Mrs. John Dublin, Sr. Mrs. Harry Pryor was co-hostess.

The table was centered with a replica of a wedding cake flanked on either side by bud vases. The bride-elect and her mother wore corsages of red carnations.

Sixteen guests attended.

The dome of the capitol of Kentucky, at Frankfort, is a copy of Napoleon's tomb.

## Altrusa Club Discusses Trips

Members of the Altrusa Club discussed recent trips to Havana, Guatemala and Mexico when they met Thursday in the home of Mrs. Virginia Hoffman. Co-hostesses were Mrs. Hal Rachal and Mrs. Norman Hoffman.

Mrs. Hoffman showed the group pictures and souvenirs which she had brought back from her recent trip to Havana. Mrs. H. N. Phillips, international relations chairman, reported on the continuous shipments of used clothing and medical supplies which the club is sending to the Korean minister in Tokyo for distribution to wounded patients in American hospitals and to Korean refugees. Supplies also are being sent to In-Ai Yang, a student whom the Altrusa Club had assisted even before the outbreak of hostilities.

Two new members, Mrs. Agnes Park and Mrs. Emily Atkinson, were among those present.

**MIDLAND BUYERS VISIT DALLAS FASHION MART**

DALLAS — Five fashion buyers from Midland previewed the latest 1951 Spring and Summer fashions this week in Dallas.

Attending from Midland were: Dana Roper of Teeen Haven; Mary F. Gatlin of Economy Shop; Mrs. A. B. Cooper and Mrs. H. C. Hanaford of the Fashion Salon, and A. Brunson of Kiddies Toggery.

The Army Air Forces began Aug. 1, 1907, as the Aeronautical Division of the Army Signal Corps, and consisted of one officer and two enlisted men.

## Baptist WMU Has Meeting

Mrs. Frank Whitley gave the lesson on the Book of Joshua for the Women's Missionary Union meeting of the West Side Baptist Church Thursday. The meeting was held in the home of Mrs. Jessie Friday.

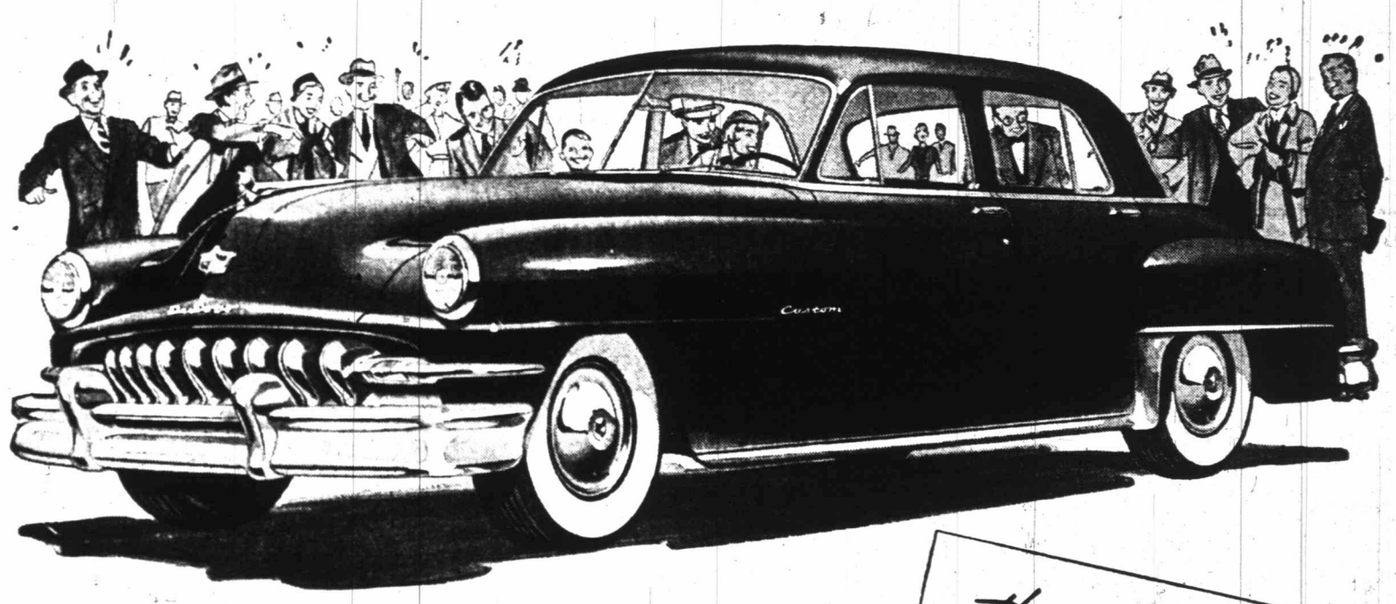

Others on the program were Mrs. J. Spratt and Mrs. J. C. Bradley.

Mrs. Clifton Stringer and Mrs. Alton Towery also were present.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Blue Nose Baboon Boy

Daddy Ringtail, your monkey friend, one day was walking along with the Huffen Puffen, the friendly wolf. They were walking through a strange and distant part of the Great Forest, all to see what they could see. Then from a cloud up high in the sky, the rain came raining down.

"Uh-oh," said the Huffen, "we are about to get wet, we are."

"This way, Huffen," said Daddy Dingtail. "This seems to be a hollow tree right here."

Daddy Ringtail poked his way through some bushes, and the Huffen followed, and there in front of them sure enough, was a tree with a hollow for them to crawl in. Our

friends did crawl in. They stood there safe and warm inside, looking out at the rain that was raining down.

"It sure is raining," said a voice suddenly from the dark corner of inside the tree.

"Huh?" asked the Huffen, because he didn't know anyone else was there, except Daddy Ringtail, of course.

Againt the voice said, "Sure is raining out there."

"Oooooooh!" said the Huffen in a fright. "Oooooooh!"

The Huffen was about to run outside in the rain with his great fright, but Daddy Ringtail calmed him down with the calming words of steady, Huffen. Let's see who it is."

But our friends didn't have to see who the somebody was who was there with them. The somebody spoke out loud in a calm voice to say that he was really a baboon boy from a family of baboon-people who knew how to talk people-talk.

Our friends were happy indeed to know that the baboon boy was wanting to be friends, and then, because the rain had stopped, out they walked in the daylight together.

"Oooooooh!" shouted the Huffen in a great fright. "Baboon boy has a nose of blue, he does!"

"Hah!" said the boy. "Of course I have a nose of blue." Yes, and of course he did indeed because he was really a Blue Nose Baboon boy. How terrible if he had had a nose that wasn't blue, because a Blue Nose Baboon boy is who he was Oh my yes, and a happy day!

## Moslems Will Meet In Pakistan Capital

KARACHI, PAKISTAN —(AP)— Prime Minister Liaquat Ali Khan will inaugurate the second annual conference of the World Moslem Conference in Karachi.

Two special sessions of the conference will be held. One is the Conference of the Youth of the Islamic world, to be presided over by Dr. Abdul Wahab Azzam Bey, Egyptian ambassador in Pakistan. The other session will be a Women's Conference, which will be led by Syeda Mah-E-Muneer, wife of the education minister of the Persian government.

Texas has the largest total railway road mileage in the United States, with Illinois and Pennsylvania ranking next.

9:30 a.m.: Sunday School.
11:00 a.m.: Church service. "Truth" will be the topic of the lesson-sermon.
The Golden Text is: "I will praise thee, O Lord, among the people: . . . for thy mercy is great above the heavens: and thy truth reacheth unto the clouds" (Psalms 108:3, 4).
Among the citations which comprises the lesson-sermon is the following from the Bible: "Rejoice in the Lord, O ye righteous: for praise is comely for the upright. For the word of the Lord is right; and all his works are done in truth" (Psalms 33:1, 4).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Thought is borrowed from a higher source than matter, and by reversal, errors serve as waymarks to the one Mind, in which all error disappears in celestial Truth" (page 267).

**SEVENTH DAY ADVENTIST CHURCH**
**West Pennsylvania and Loraine**
**Rev. C. A. Holt**
**Saturday Services**
10:00 a.m.: Sabbath School.

Electrical power output in the United States increased 56 times from 1902 to 1940.

# ✣ Crane News ✣

CRANE—The "Father and Son Banquet" sponsored by the Crane Masonic Lodge will be held Saturday night. The Rev. O. E. Coleman, pastor of the Calvary Baptist Church of Odessa, will deliver the principal address.

Mrs. Ruby Mark, assistant Brownie Scout leader of Troop 1, directed a recent Brownie meeting.

Brady Nix has returned from Dallas, where he attended the funeral of his brother, Wheeler Nix.

Mrs. Stella Shaffer, deputy grand matron of District 2, Section 8 of the OES, was honored recently at a special meeting.

The Dorcas Club met recently in the home of Mrs. Georgia Orr. The new president, Mrs. Myrtle Shaffer, presented a yearbook to each member attending.

Mr. and Mrs. Frank Robbins announce the recent birth of a son, William Frank, III, who weighed seven pounds, 14 1/2 ounces.

The H. G. Huffmans recently visited with Mr. and Mrs. G. W. Huffman in McCamey.

**Hospital Notes**

Henry Wilkins of McCamey was admitted recently to Crane Memorial Hospital for treatment of a fractured right leg.

Mrs. P. B. Reaves of McCamey recently underwent surgery at Crane Memorial Hospital.

J. B. Rogers, Jr., recently underwent surgery at Crane Memorial Hospital.

The Wright Building, formerly occupied by Keltner Pharmacy, is being remodeled and will become the headquarters for the Texas Electric Service Company here.

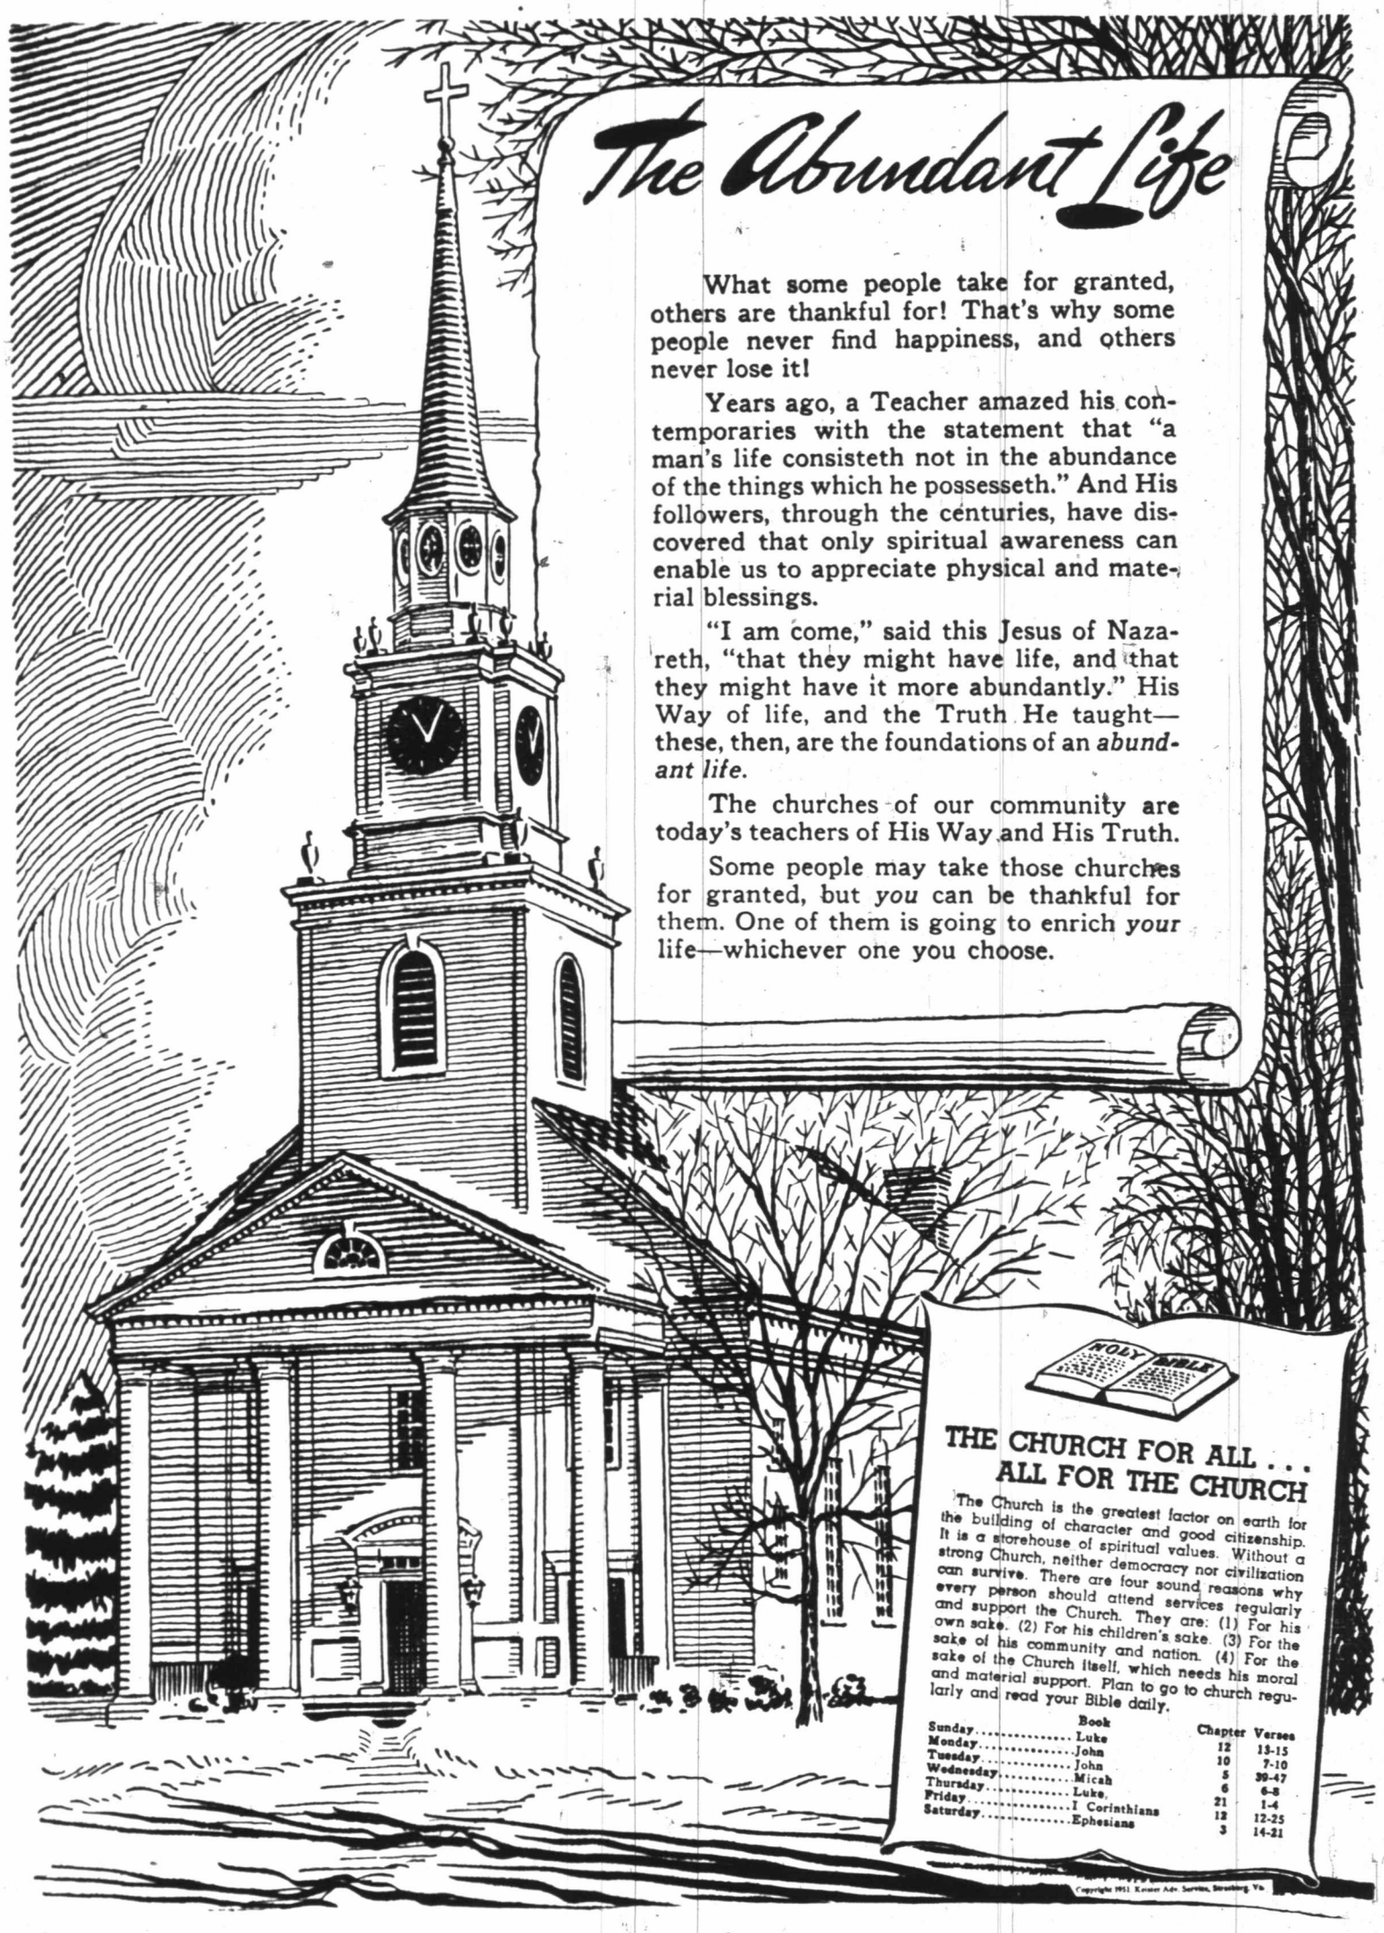

Mrs. Kennard Hays underwent surgery at Crane Memorial Hospital recently.

# Meadolake Aids Non-Profit Groups

Meadolake has done it again! On the heels of the 1950 "Dime Deal" so effectively staged by Meadolake last year, Mrs. Tucker, of Mrs. Tucker's Shortening and Meadolake Margarine fame, now is offering church, P-TA, service clubs, Boy Scouts, garden clubs—any non-profit organization—an opportunity to make money by its members purchasing Meadolake Margarine.

This week, Mrs. Tucker announced in 90 newspapers across the nation, including The Reporter-Telegram, the offer of five cents cash for every Meadolake Margarine carton End Flap with Mrs. Tucker's picture on it sent in to Mrs. Tucker, Sherman, Texas, by any non-profit organization. It is noted this offer is not to individuals but to non-profit organizations only and it will expire April 10, 1951.

New tiny screws, threaded and slotted and small enough to almost pass through the eye of a needle, are said to be the world's smallest mass-production precision screws. They are used in precision watches and several types of military timing instruments.

# The Abundant Life

What some people take for granted, others are thankful for! That's why some people never find happiness, and others never lose it!

Years ago, a Teacher amazed his contemporaries with the statement that "a man's life consisteth not in the abundance of the things which he possesseth." And His followers, through the centuries, have discovered that only spiritual awareness can enable us to appreciate physical and material blessings.

"I am come," said this Jesus of Nazareth, "that they might have life, and that they might have it more abundantly." His Way of life, and the Truth He taught—these, then, are the foundations of an *abundant life.*

The churches of our community are today's teachers of His Way and His Truth.

Some people may take those churches for granted, but *you* can be thankful for them. One of them is going to enrich *your* life—whichever one you choose.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| | Book | Chapter | Verses |
|---|---|---|---|

LONG-TERM CONTRACT—Paul Pettit, 19, and his school-day sweetheart, Shirley Jennings, 18, applied for a marriage license in Long Beach, Calif. The contract of the Pittsburgh Pirates' $100,000 bonus pitcher allowed $750 for his honeymoon.

# 18-Year-Old Draft May Put Freshmen On College Elevens

NEW YORK—(AP)—Unless the international situation turns for the better, freshmen can expect to play varsity football at the nation's colleges next Fall.

A check-up of the 10 major college conferences by The Associated Press indicated this Friday. All of the conferences either have considered or are expected to bring up the question of using freshmen on varsity athletic teams. Undoubtedly, the smaller college conferences are discussing the same thing.

With national defense leaders and Congress tackling a bill calling for drafting of 18-year-olds, several college groups already have met to talk about the freshmen. The rule, barring first-year students from varsity teams, went out the collegiate window during the last war.

There is no indication yet that colleges plan to ram through any change to allow freshmen to compete in Spring sports such as track and baseball. Most of the conference talk looks to the new term next Fall.

The Ivy League and other Eastern collegiate conferences have called a meeting March 13 to take up the freshman rule. The Southwest Conference will meet May 11-12, unless members request a mail vote beforehand.

Fred Mitchell, president of Mississippi State and head of the Southeastern Conference, said he is polling the 12 member schools on whether there is enough interest for a meeting on the subject.

Several other conferences also have taken up the question, most of them making plans to invoke the rule wherever it becomes necessary.

## King's Row

By LARRY KING

Ralph Brooks, the fine basketball, football and track man, will play no more for MHS this year.

The Bulldog star has encountered scholastic difficulties and is taking time out from all athletic events to spend the hours on his books.

Brooks says he wants to get his studies in fine shape in order to play football next Fall.

He will be missed on the basketball court because of his defensive play. And Brooks is one of the finest high jumpers in the conference and will be mourned on the track squad.

But the studies come first—so Ralph is burning the midnight oil.

—KR—

If Mike Bellone does any baseballing this year it will be for Uncle Sam.

Bellone performed at second and third base for the 1950 Midland Indians, but won't be around again. The Army called him January 9. He currently is at Fort Ord, Calif.

Bellone is the third member of the 1950 Midland baseball club to be drafted. Outfielder Tex Stephenson and Pitcher Ralph Blair already have been gobbled up to wear the khaki and olive drab.

—KR—

Frank McAlexander, who was quite a third baseman with the Indians in the Longhorn League's initial year of operation—1947—was a visitor here recently.

McAlexander really was socking the horsehide for the Indians in '47 until Lubbock recalled him.

By the way—McAlexander now is a free agent. Twenty-five years old and a veteran, he probably will not be called back into the service.

Webb . . . . . .

—KR—

More in the case of The Flying Sisters vs. Larry King.

Star witness Ruthie Lee Woods, the Sisters' coach, tells us that Tuesday and Friday nights are the only nights the Midland maids can obtain the John M. Cowden Junior High School gym, and therefore the conflict with the MHS game last Tuesday couldn't be helped.

However, the Sisters promise to be good little girls and Ruthie Lee promised to try to avoid future conflicts.

Case dismissed.

—KR—

You almost could feel the pressure applied to big time football mentors as SMU's H. N. (Rusty) Russell spoke in Lamesa Thursday night at the 3-AA All-District and Sportswriters Banquet.

Russell harped at great strength on too much stress being placed on winning. And he said the game should be given back to the boys.

At one place he referred to fans as "wolves." Russell was the object of many cutting remarks when his SMU team lost four of its last five games after being rated number one in the nation early last Fall.

"There was nothing wrong with our season," quipped Russell, "except that it lasted a few weeks too long."

—KR—

DOTS AND DASHES: Potato Pascual's little brother will hurl for Big Spring this year, according to Tommy Hart . . . Wonder if he'll be dubbed "Spud"? . . . Bill Simpson scored a hole-in-one at Midland Country Club last Sunday . . . It came on the seventh hole . . . Around to witness Simpson's supreme moment were Fred Girdley, J. G. Carter and Bill Glass . . . Lubbock landed only one man on the 3-AA team chosen as all-district . . . And Westerner Coach Pat Patterson wasn't happy about it when we talked to him Thursday night . . . Spring training at MHS will open April 26, Tugboat Jones relates . . . It was scheduled February 15, but changed to the later date because of conflict with other sports . . . End of the Row!

**JACK RUSSELL ASSISTS GRID GRIND AT BAYLOR**

WACO —(AP)— Jack Russell, former Southwest Conference football star and now stellar professional performer, is helping coach Baylor's grid team in Spring training. He was one of Baylor's greatest ends.

# Bulldogs Journey To Lamesa Friday

Hoping to tack a conference win to their record, the Midland Bulldogs Friday night journey to Lamesa to vie with the second-place Golden Tornadoes on the Lamesa hardwood.

It will be the second meeting of the two teams. Lamesa dumped the Bulldogs 48-37 in a game played here several weeks ago. The Tornadoes have posted a 3-1 record in district play, having defeated Big Spring and Odessa in addition to Midland. League-leading Lubbock larrupped Lamesa 52-36 for the Lamesa five's only loop loss.

Coach Orville Follis' cagers now have won 13 and lost seven games. Midland has won but three of 14 contests, and have yet to win a conference game. The Bulldogs have dropped to every team in the conference.

**Burks Moved To Pivot**

Guard Bob Burks has been moved into the pivot position, and Coaches Red Rutledge and Audrey Gill say he is looking good in that slot. Burks scored 24 points in an intra-squad game Thursday afternoon, working from his new position.

Rutledge announced he probably will start Burks, Roy Kimsey, Robert Keisling, Reed Gilmore and Dale Stice.

Coach John Higdon's Bulldog 'B' team will oppose the Lamesa reserves in the opening game at 6:30 p.m.

Read The Classifieds.

# Boxes On Sale Monday

Box seals for the 1951 Midland Indians baseball games will go on sale at 9 a.m. Monday, H. W. Donahoo, club co-owner with Harold Webb, announced Friday. The seats will be sold at Indian Park, West Highway 80.

Each box holder will be asked to buy 30 general admission tickets with four chair-boxes and 50 ducats with six-chair season box seats, Donahoo said. He said the voting of more class men and limited service players in the Longhorn League will make the club payroll higher and the operation cost of baseball will be higher than ever before this year.

"Webb and I talked it over," Donahoo said, "and didn't want to go up on the box seats. So we agreed the best thing to do is to have each box holder buy some general admission tickets."

Donahoo said persons wanting box seats who did not have them last year, or those wanting to change their box seats, may make application Monday morning at Indian Park.

**First Indian of '51**

Webb called Midland from his Fort Worth home Thursday night and announced the purchase of Pitcher Eddie B. Jacome, a class man.

The right-handed hurler is the first Indian to come into the fold for the 1951 season. No salary or purchase price was given in the deal that was closed late Thursday.

Jacome performed with Longview in the East Texas League last season. In 1949, he was an ace with the Vernon Dusters, winning 22 Longhorn League victories. Jacome is slightly under six feet tall and weighs approximately 180 pounds. He was purchased from Longview.

## Iowa Hardwood Stars Suspended

IOWA CITY, IOWA —(AP)— Two remorseful University of Iowa basketball players, barred from intercollegiate competition for delivering parlay cards to Davenport, Iowa, Friday awaited final action in their case.

The athletes, Fred Ruck and Herald (Skip) Greene, were suspended Thursday pending further investigation. The two have been regular guards in Iowa's lineup most of the season.

Athletic Director Paul Brechler gave details of the case to the University Board of Athletics Thursday night. The board voted to leave any further action up to the Office of Student Affairs.

## College Basketball

Michigan State 60, Notre Dame 43.
LaSalle 71, Baltimore Loyola 42.
Canisius 71, Niagara 61.
Gannon 66, Georgetown 62.
Cincinnati 41, Tulsa 40.
Oklahoma City 62, Emporia Teachers 53.
Brigham Young 91, Denver 58.

There are only 275 settlements in Wyoming, of which 151 have a population of 100 or less.

## Southwest Conference Elevens Will Play Heaviest Intersectional Schedule This Fall

DALLAS—(AP)—They may have to call on the freshmen to have enough men to do it, but Southwest Conference football teams will play their biggest intersectional schedule this year.

Travel problems also are not anticipated, according to the schedule. They'll be making trips to Los Angeles, Atlanta, South Bend, Ind., Lincoln, Neb., Lafayette, Ind., and Columbus, Ohio.

The schedule, completed except for one game, shows 23 intersectional tests. Highlights will be Southern Methodist's clashes with Ohio State and Notre Dame, Texas' games with Kentucky and Oklahoma, Arkansas' tiff with Santa Clara, Texas Christian's battle with Nebraska, Texas A&M's engagements with UCLA and Oklahoma, Rice's tests with Clemson, Louisiana State, Navy and Pittsburgh, and Baylor's game with Tulane.

**Freshmen May Compete**

Southwest Conference athletic officials think it certain freshmen will be made eligible for varsity participation by Fall. "I am of the opinion that the armed services will take so many athletes by then that we'll have to use the freshmen," Matty Bell, athletic director of Southern Methodist, said. "But unless there is an all-out war I don't think travel will be handicapped much."

The composite schedule of the conference shows 48 games, 21 of them conference affairs. Texas A&M, Baylor and Texas Christian will play Texas Tech of the Border Conference and Baylor also has University of Houston of the Missouri Valley Conference on its schedule.

Baylor has yet to fill the September 29 date but probably will meet an intersectional opponent at that time.

**Aggies Open Season**

Texas A&M plays the first game of the season, clashing with UCLA at Los Angeles September 21. All other teams except Rice open September 22. Rice starts the campaign September 29 against Clemson.

Many varsity football players are in ROTC units, thus will not be called into the service until they have graduated, but many more are not and will be subject to the draft any day.

But Texas high schools produce some 25,000 football players for the colleges each year and there will be plenty of freshman gridders to fill the gaps in an intersectional schedule that includes UCLA, Oklahoma, Nevada, Oklahoma A&M, Arizona State of Tempe, Santa Clara, Tulsa, Tulane, Clemson, Louisiana State, Navy, Pittsburgh, Georgia Tech, Ohio State, Missouri, Notre Dame, Kansas, Nebraksa, Southern California, Kentucky, Purdue and North Carolina.

## Two Texans Remain In Quarter-Finals Of Doherty Tourney

MIAMI, FLA. —(AP)— The competition and the weather were scheduled to get more rugged Friday as the eight remaining survivors teed off in the quarter-final round of the Helen Lee Doherty Golf Tournament. They were the last of a starting field of 148 women amateurs.

After three days of warm sunshine a strong west wind swept the Miami Country Club course late Thursday and seemed to bother the golfers on the greens.

One of the toughest quarter-final matches was expected between Pat O'Sullivan of Orange, Conn., and Mae Murra of Southern Pines, N. C.

Medalist Marjorie Lindsay of Decatur, Ill., was a strong favorite over Cleveland's Claire Doran. Defending Champion Polly Riley of Fort Worth is expected to end the threat of Edean Anderson of Helna, Mont., and Mary Lena Faulk of Thomasville, Ga., was favored over Betsy Rawls of Austin.

Miss Lindsay, who lost to Atlanta's Dot Kirby on the thirty-sixth hole in the finals of the 1949 Doherty, got her revenge in Thursday's second round by grabbing an early lead over Miss Kirby and going on to a 2 and 1 decision.

Miss Riley eliminated another Texan, Betty MacKinnon, winning four of the first five holes, then coasting in to a 4 and 3 victory.

TWO DOWN—Danny Ancil shields himself from the hoofs of Enchanted April, 18, Phil Murray up, after he and his mount, Freevale, took a spill in the King's Norton Steeplechase at Birmingham, Eng. Bobby Turnell, left background, toppled from the saddle of Down Royal, 16, in front.

# Hogan Sets Torrid Pace At Phoenix

PHOENIX, ARIZ.—(AP)—Golf's mighty little giant held his accustomed place in the game Friday — leading the field of 124 into the second round of the $10,000 Phoenix Open.

Ben Hogan, missing from the scene since last July while he watched Hollywood make a movie of his intriguing life, got back on the tournament trial Thursday and proceeded to take apart the 6,698-yard, par 36-35—71, Phoenix Country Club course with a 33-32—65.

The reigning U. S. Open king went into the second round with a one-stroke lead on veteran Lawson Little and Chick Harbert, and two shots off the pace were Lloyd Mangrum, Julius Boros and Johnny Bulla.

ON COURSE FIGURE—Gloria Pall demonstrates an unorthodox wheel-side manner in a 42-foot cabin cruiser at New York's Motor Boat Show. Navigators work with figures, too.

## Major League Clubs Sign Diamond Stars

By The Associated Press

Four American League and three National League baseball clubs have announced the signing of players in transactions which took place Thursday.

The New York Yankees signed Pitchers Ernie Nevel and Max Peterson and Catcher Lou Berberet.

Boston's Red Sox inked Outfielder Jim Piersall and Infielder Fred Hartfield.

Detroit brought Catchers Aaron Robinson and Frank House, Pitcher Paul Calvert and Outfielder Pat Mullin into the fold.

Outfielder Gus Zernial and Third Baseman Floyd Baker inked contracts with the Chicago White Sox.

In the National League, the New York Giants signed Pitchers Oswald Kolwe and Dave Koslo, while the Boston Braves brought Pitcher Dave Cole into the fold. The Chicago Cubs signed Pitcher Calvin McLish and First Baseman Preston Ward.

## Newsboys Treated To Barbecue By American Legion

Newsboys of The Reporter-Telegram, some 60 strong, attended the second annual Newsboy Barbecue, sponsored by the Woods W. Lynch Post 19 of the American Legion, Thursday night in the Legion Hall.

Barbecue, beans, potato salad, pickles and soda pop were served.

The food was served by Legionnaires, and the boys were allowed to make as many trips as they wished through the "chow line."

"I got enough barbecue for my mom and dad, too," one of the newsboys remarked.

Floyd Rhoden, post adjutant, made a brief address after the group had eaten.

"The work you are doing may seem trival now," Rhoden said, "but in the years to come you may look back and see that the experience gained by serving the public was an experience that has given you training that money could not buy."

Each newsboy received a theater ticket before leaving the Legion Hall.

When the United States entered World War I, the Aviation Service—later the AAF—had 55 planes and 65 officers.

## Lubbock Assistant Grid Coach Resigns

LUBBOCK —(AP)— Fred Taylor, Lubbock High School assistant football coach the last three years, has resigned to accept the line coaching post at Miller High School in Corpus Christi, Athletic Director C. R. Pattison announced here Thursday night.

Taylor will be replaced by Pat Ferris, former Texas Tech gridder who has been serving as the Lubbock High "B" team mentor.

## Shrine Club Will Elect New Officers

The Midland Shrine Club will elect officers and directors for 1951 at its annual business meeting to be held at 7:30 p.m. Friday in the KCRS Studio.

A. A. Jones, president, and R. H. (Rusty) Gifford, secretary, urged a large attendance of members. They said all Shriners are invited to attend.

# 3-AA Gridders, Sports Scribes Feted At Lamesa

LAMESA—A crowd of approximately 300 attended the second annual 3-AA All-District and Sports Writers Banquet here Thursday night in the Lamesa High School cafeteria.

Honored at the event were 19 boys designated as all-district performers by coaches and sports writers of the loop, and the scribes themselves.

All-District boys present were Ends Ray Taylor, Lamesa, Marshall Crawford, Lamesa and Weldon Holley, Odessa; Tackles Stan Coker, Midland, Bill Ebeling, Odessa, and Alvin Smith, Lamesa; Guards Richard Zeeck, Lamesa, Dalton Byerley, Midland, and Joe White, Odessa; Center Melvin (Tiny) Ethredge, Odessa; Backs Mac Taylor, Lubbock, Ralph Brooks, Midland, Bobby Jackson, Odessa, John Ed Giles, Odessa, Jerry Millsaps, Lamesa, Reed Gilmore, Midland and Carl Beard, Odessa.

Midland Tackle Bob Wood also was named to the team, but was unable to be present because of a recent operation.

The players were introduced by their coaches. Head mentors present were Pat Patterson of Lubbock, Joe Coleman of Odessa, Orville Follis of Lamesa and Thurman L. (Tugboat) Jones of Midland.

Big Spring was not represented at the banquet. The Steers failed to land a man on the all-district eleven.

**Downing Is Emcee**

Midland Chamber of Commerce Manager Delbert Downing acted as master of ceremonies and introduced the sports scribes of the district.

Introduced were Marvin Veal of The Lamesa Reporter, Joe Kelly of The Lubbock Avalanche-Journal, Tommy Hart of The Big Spring Daily Herald, Perry Roberts of the Dawson County Free Press, Choc Hutchinson of The Lubbock Avalanche-Journal and Larry King of The Midland Reporter-Telegram.

Coach H. N. (Rusty) Russell of SMU was the principal speaker at the event. Russell urged the fans to "remember the game is for the boys." He said: "Winning is becoming the sole object. And it shouldn't be that way. While we like to win at SMU, we believe first in letting the kids have fun."

Accompanying Russell to Lamesa was Bobby Layne, former All-American at Texas University and now a performer with the professional Detroit Lions. Layne played high school football under Russell at Highland Park (Dallas) High School.

Films of the SMU-Ohio State game, won by SMU 32-27, were shown by Russell at the conclusion of the program.

Attending from Midland in addition to the football boys, Coach Jones and King were Mr. and Mrs. Stanley Erskine, Mrs. Downing, and Coaches F. D. (Red) Rutledge and Audrey Gill.

## Cuban Keed Favored To Outslug Paddy Young Friday Night

NEW YORK—(AP)—Bolo-punching Kid Gavilan is the choice over Irish Paddy Young from New York's Greenwich Village Friday night in a 10-round catchweight match at Madison Square Garden. The Cuban Keed probably will go into the ring a 7 to 5 favorite.

This is a battle of toughies who duck nobody. Young, a legitimate middleweight making 155 pounds for this bout, has fought the best in his class. In his last out he barely lost to Laurent Dauthuille, the Frenchman who also lifted Jake LaMotta's title.

Gavilan also takes them all on. Ike Williams three times. Ray Robinson twice. Dauthuille and Robert Villemain. Up and down the weighing scale as long as the money is handy. As the ranking welterweight contender, he could move in if Ray Robinson gives up the title.

The bout is scheduled at 9 p.m. (CST).

## Eck Curtis Still Undecided About Post At Texas Tech

CHILDRESS —(AP)— Silver-haired Eck Curtis will talk to University of Texas Athletic Director Dana X. Bible before deciding whether he's interested in the head coaching job at Texas Tech College.

Curtis, backfield coach at Texas, spoke to the Childress Quarterback Club Thursday night and said 1950 was "an open season on coaches" that caused Texas' Blair Cherry to die "a slow death." He said the pressure of alumni affected even the players.

Curtis did not refer to the Tech job during his speech, but afterwards talked to a reporter.

It was reported Thursday night that both Curtis and Abe Martin, assistant coach at Texas Christian University, had turned down the position. Both had been interviewed by Tech officials.

"No, I haven't turned it down," Martin laughed in Fort Worth, "because they never have come right out and offered it to me."

Curtis said he told Dr. D. M. Wiggins, president of Texas Tech, he would have to go back to Austin to confer with Bible before making up his mind whether he is interested.

## Stamford To Have New Gridiron Coach

STAMFORD —(AP)— Carl Cook's contract as Stamford High School football coach will not be renewed, the school board announced.

Cook recently told the board he wanted pay raises for himself and assistants and said if this, along with other changes in the athletic program were not made, he would not desire to stay in Stamford.

The board told Cook at that time the program could not be accepted.

## Permian Basin Oil And Gas Log—

(Continued From Page One)

offsets to G. E. Hall and A. N. Hendrickson No. 1-32 Wrage-Hendrickson, project in the process of completion, one and one-half miles south of Spraberry production in the Tex-Harvey field in Glasscock County.

The York & Harper exploration will be west of the expected producer and 660 feet from north and east lines of section 31, block 36, T-3-S, T&P survey and 18 miles southeast of the City of Midland.

Hendrickson will drill a south offset 672.9 feet from west and 1,931 feet from north lines of section 32, block 36, T-3-S, T&P survey 19 miles southeast of the City of Midland.

Both ventures are slated to go to around 8,000 feet to test the Spraberry pay.

### Outpost Scheduled In NW Ector Area

Grisham-Hunter Corporation of Abilene has filed application with the Railroad Commisison of Texas for permission to start drilling immediately on its No. 1-F R. B. Cowden, Silurian prospector one-half mile from production in the Goldsmith-North Silurian field of Ector County.

The drillsite will be 1,980 feet from north and west lines of section 10, block 45, T-2-N, T&P survey and nine miles northwest of Goldsmith.

Contracted destination is 8,200 feet.

It will be drilled one-half mile south of a dry hole abandoned at 9,185 feet.

### SE Crane Set For Ellenburger Tester

Location for an Ellenburger wildcat has been staked in Southeast Crane County by The Texas Company.

It is No. 1 Edith Terry and is 1,980 feet from southeast and southwest lines of section 11, block 35, H&TC survey.

Drillsite is two and one-half miles west and slightly north of the recent 3,400-foot pay opener on the northwest side of the Crossett multipay area.

### Pennsylvanian Top Is Called In Dawson

James H. Snowden and others of Fort Worth No. 1-32 Dean, Spraberry sand prospect in Northeast-Central Dawson County, was reported to be drilling in Pennsylvanian lime reef below 8,394 feet.

Top of that formation has been called at 8,392 feet, minus datum point of 5,661 feet.

On the top of the reef, the project is 30 feet higher structuarlly than Gulf Oil Corporation No. 1 Carrie S. Dean, 10,455-foot failure two and one-quarter miles to the northwest.

Location of the No. 1-32 Dean is 660 feet from south and east lines of section 32, block 1, J. Poitevant survey. That makes it 11 miles northeast of Lamesa.

### Deep Prospector Is Staked In Runnels

Humble Oil & Refining Company and G. W. Strake have spotted an Ellenburger wildcat in Southwest Runnels County as their No. 1 Mrs. Florence Gentry.

Projected depth is 6,000 feet with rotary tools. Operations will begin immediately.

Location is 660 feet out of the southeast corner of section 805, GH&H and G. W. Perryman survey. It is one and three-quarter miles east of the Coke County line.

No. 1 Gentry is about six miles east of the Bronte-Palo Pinto field in Coke County and approximately three and one-quarter miles southwest of Sells Petroleum Company No. 1 Mitchell, small pumping discovery.

It is two and one-half miles north of Spartan Drilling Company No. 1 Levy Lee, a 5,310-foot failure which was plugged and abandoned May 23, 1950.

The operation will be the second test to be drilled by Humble on the Bronte block which was acquired from Strake on shooting option late in 1949.

### SE Tom Green Is Slated For Project

James E. Lyles of Snyder has scheduled his No. 1 Dr. W. E. Schulkey as a 6,000-foot wildcat in Southeast Tom Green County.

It will be drilled 1,980 feet from north and 660 feet from west lines of German Immigration Company survey No. 762 on the 440-acre Schulkey lease.

That makes it one and one-half miles west of Knickerbocker, two and three-quarters miles south and slightly east of The Ohio Oil Company No. 1 M. D. Bryant, wildcat testing to complete and two and one-half miles south and slightly west of Ohio No. 1 Edward Jones, abandoned in the Pennsylvanian.

### Three Locations Are Set In Tex-Harvey

Three new locations have been staked for immediate drilling in the Tex-Harvey field of Central-East Midland County.

Phillips Petroleum Company No. 1 Harvey is a new test on the north side of the pool.

It is located 660 feet from north and west lines of section 11, block 37, T-3-S, T&P survey and 12 miles southeast of the City of Midland.

Rotary tools will be used to drill to 7,350 feet.

A. N. Hendrickson and E. E. Evinger spotted their No. 2-12 Boone-Perkins 663 feet from north and 668.5 feet from east lines of northwest quarter of section 12, block 37, T-3-S, T&P survey. That puts it on the east side of the Tex-Harvey field.

Projected depth is 8,000 feet. Rotary tools will be used in drilling.

It is 17 miles southeast of Midland.

Drillsite for El Tee Oil Company No. 1-2 Floyd estate, new exploration on the northeast edge of the Tex-Harvey field, is 670 feet from west and 662.8 feet from south lines of southeast quarter of section 2, block 37, T-3-S, T&P survey.

Rotary tools will be used to drill to projected depth of 8,500 feet.

### Casing Being Run In E-C King Offset

Operator is running casing at The Ohio Oil Company No. 1-D W. R. Ross, one-location east offset to Humble Oil & Refining Company No. 69 Bateman, Strawn discovery in East-Central King County.

A drillstem test of the Strawn was taken from 5,292 to 5,402 feet. Gas was to the surface in 20 minutes, and mud in 35 minutes. It flowed for an unreported length of time and was not gauged. The flow was 45 per cent salt water, 40 per cent oil and 15 per cent mud.

Recovery was 26 stands of mud cut with oil and 26 stands of clear salt water.

**Another Test**

A subsequent test was made from 5,309 to 5,345 feet. Tool was open for one and one-half hours. Gas surfaced in 15 minutes. Mud was at the surface in 22 minutes. It was flowed to pits to clean for an unreported length of time and then flowed to tanks and made an estimated 20 to 25 barrels of fluid per hour, 20 per cent salt water and 80 per cent oil.

The porosity was topped at 5,325 feet, no elevation given.

Recovery on the last drillstem test was 53 stands of oil, one stand of oil-cut salt water and four stands of clear salt water.

Location of the No. 1-D Ross is 660 feet from west and 264 feet from south lines of section 134, block A, John B. Rector survey and 19 miles west of Benjamin.

### Failure In C-W Coke Plugged, Abandoned

Mar-Tex Realization Corporation No. 1 Mrs. Nora Gee, Ellenburger failure in Central-West Coke County and six miles southwest of the Jameson pool, has been plugged and abandoned on total depth of 8,120 feet.

The exploration was drilled to the Ellenburger and found it barren. The project was plugged back and extensive tests were made in the Strawn. It too was barren.

Location of the failure is 660 feet from north and west lines of section 119, block 2, H&TC survey.

## Three Fliers Die In Bomber Crash

SAN ANTONIO —(AP)— Two of three Air Force fliers killed in the crash of a B-26 near Sacramento, Calif., Thursday afternoon were assigned to the 1737th Ferrying Squadron, of Military Air Transport Service at Kelly Air Force Base here.

They were Capt. George Leon Budroe and T/Sgt. William Lawrence Wolf, both of whom were on temporary duty at McLellan AFB, near Sacramento.

The other victim was First Lt. Henry H. Gellen, who was based at McLellan.

## City Council—

(Continued From Page One)

the property owners were not convinced.

Some changed their minds in favor of annexation before the meeting ended but some remained opposed to the annexation.

Methodically the mayor took up each tract in turn, asking for expressions from the property owners.

The first tract coming up for discussion was an area on the western border of the city, extending from Illinois Street to the Andrews Highway.

"I believe most of our people," said property owner John Powell, "want to come in if we can get the services such as sewers and utilities."

Mayor Neely answered that it was his understanding such services could be extended before the end of the year.

"Do you have the material?" asked Powell.

**Materials On Hand**

The mayor explained that, with funds from last year's bond issue, the city already had purchased large quantities of material it knew it would need.

"We think we have the necessary materials," he said. "It's just a question now of designing it and constructing these extensions.

"This bond issue was based on our anticipated needs for five years. It was not just for those areas now within the city limits."

Another property owner, who was unidentified, brought up another point which apparently answered a lot of questions.

"If you'll just get us a fire plug within 500 feet," he said, "the difference in our fire insurance rates will more than take care of our city taxes."

The mayor answered that such was the intention of the city.

Another wanted to know about garbage collections.

"We will get our new equipment within two weeks," said Mayor Neely, "and your area will be placed immediately on a garbage collection route."

All opponents to annexing that area withdrew their objections.

"Now," sighed the mayor, "we'll have to keep our promises."

The next area was a triangular shaped tract bordered by Andrews Highway and Midkiff Street.

**Attorney Protests**

Attorney Boyd Laughlin informed the Council he had been asked by the property owners to state their objections to being annexed.

He explained that these property owners already had installed their own water supply and gas system and wanted to be made an exception in the annexation.

The discussion continued, jumping from one tract to another.

One man had a simple objection to annexing the area in which he lived.

"That's my 100-acre farm," he said, "and I don't want to farm in the city."

One woman raised the matter of increased taxes.

"Can you give us any assurance our taxes would not be raised to an exhorbitant rate," she asked.

**"Won't Be Here"**

"Well, laughed Mayor Neely, "I won't be here after April 3 so I can't promise anything."

The city election is scheduled for that date and the mayor has stated his intention of not seeking reelection.

"However," he added, seriously, "unless there is a radical breakdown in our government or in its administration, the taxes should go down, if anything, from what they are now."

The vote for annexation of the proposed areas, with two tracts—now open farmlands—excluded, was unanimous with Councilman W. P. Hejl and J. W. McMillen supporting the motion made by Councilman Jack Wilkinson.

## Dispute—

(Continued From Page One)

a flexible formula which would permit lagging wages to come up to an agreed standard.

**On-Again, Off-Again**

On the price side, officials said they now are considering a rollback to the highest levels of the period December 15 to January 15, but were waiting until the last possible moment to insert a freeze date. Earlier, a January 2 freeze had been under study.

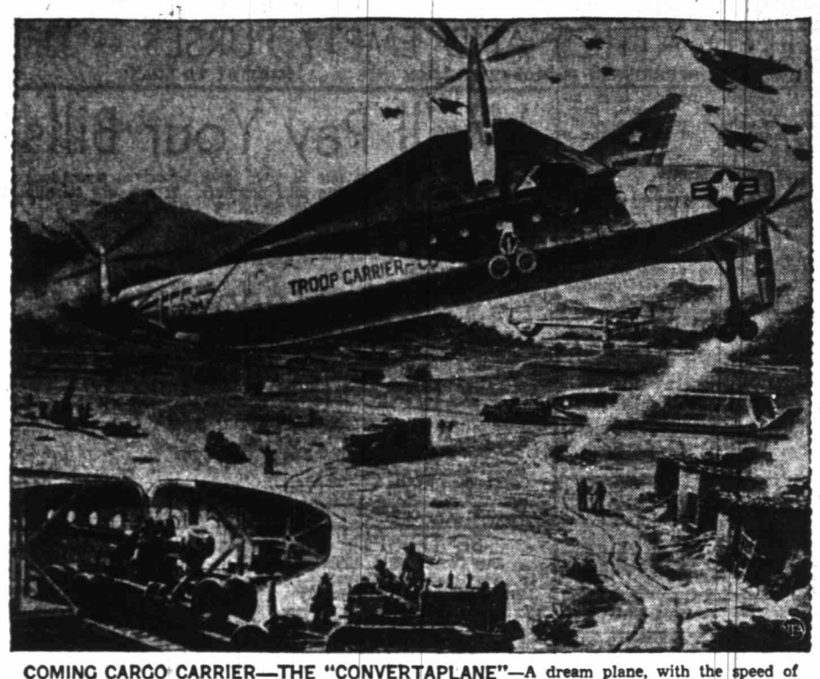

That was the current status of the off-again, on-again effort to check the rising cost of living early Friday afternoon.

Officials weren't kidding themselves: Everything was subject to change on short—very short—notice.

The government's economic chiefs, from Johnston up to Defense Mobilizer Charles E. Wilson, and from Wilson up to President Truman, apparently were determined that prices and wages must be brought under immediate controls, and simultaneously if possible.

**ADMITTED FOR SURGERY**

Mrs. E. E. Burris, 2504 West Elizabeth Street, was admitted to Western Clinic-Hospital Thursday for major surgery.

COMING CARGO CARRIER—THE "CONVERTAPLANE"—A dream plane, with the speed of an airliner and the landing qualities of a helicopter, is the "Convertaplane," envisioned by the editors of Mechanix Illustrated magazine. The revolutionary craft, as visualized in the sketch above, would be able to land wherever a helicopter can—eliminating the long, expensive runways where 90 per cent of all air accidents occur during landing and take-off at high speeds. Pioneers of the new craft, the magazine says, are already perfecting it, with the backing of the U. S. government.

## Truman Announces Personnel Of New Security Commission

WASHINGTON —(AP)— President Truman's plans for his new Internal Security Commission touched off strong protest in Congress Friday—especially regarding policy on access to secret files.

Truman late Thursday named the eight other "distinguished citizens" who will serve on the commission under Fleet Adm. Chester W. Nimitz, who was appointed chairman earlier in the week.

The commission will study the problem of protecting the nation's internal security without sacrificing the people's freedoms. Part of the presidential assignment calls for an analysis and report on the loyalty program covering government workers.

The eight other members are:

Anna Lord Strauss, former president of the League of Women Voters, as vice chairman; the Rev. Karl Morgan Block, Episcopal bishop of California; former Republican Senator John Danaher of Connecticut; Harvey Firestone, Jr., of Akron, Ohio; William E. Leahy, Washington, D. C., lawyer; Charles H. Silver, vice president of the American Woolen Company, New York; the Rev. Emmett M. Walsh, coadjutor bishop of Youngstown, Ohio; and Russell C. Leffingwell, former assistant secretary of the Treasury and former Morgan Banking House partner.

In naming them, Truman told his news conference the group will have access to confidential files on federal employes on exactly the same basis as that afforded congressional committees which have looked into the records of government jobholders.

## U. S. Forces—

(Continued From Page One)

activity in the western part of Korea had been blacked out by the U. S. Eighth Army.

But the curtain was lifted enough Friday to show that at least two UN patrols were working their way into the Red territory south of Seoul.

One patrol beat off a Red Chinese attack with bayonets. Tanks drove the Reds off a hill in another sector.

Naval guns of the U. S. heavy cruiser St. Paul and accompanying destroyers lighted up the Inchon harbor and silenced Red batteries on Wolmi Island, off Inchon.

**Planes Pound Area**

Navy, Marine and Air Force planes pounded the whole Seoul area.

Air, in fact, had a heavy day, blasting 33 towns in the Seoul area and hammering at two huge enemy road convoys winding down through the mountains in the Kumchon-Kaesong sectors, north of Seoul.

The bayonet and hand-to-hand fighting took place in the vicinity of Suwon, 17 miles south of fire-blackened Seoul. After the Doughboys drove off the attacking Reds, a Chinese bugle sounded a charge but no charge came.

It was a wary, deadly game of hide-and-seek all along the front for ground tropps. Western area intelligence officers Thursday expressed the opinion the Red Chinese had made a large-scale withdrawal because of supply shortages, the cold weather or possibly for political reasons—hoping for a UN cease-fire order.

### Ray Rhodes Heads Petroleum Club

Ray R. Rhodes, independent oil man, was named president of the Petroluem Club of Midland for 1951 at a meeting of its directors Friday morning. Rhodes succeeds Paul L. Davis, who becomes vice president.

The club stockholders elected three new directors at their annual meeting Thursday afternoon. They are: Tom Sealy, J. Ed Warren and Watson W. LaForce. They succeed John W. House, Judge R. W. Hamilton and H. J. Phillips.

Holdover directors are J. P. Gibbins, E. A. Culbertson, Allen J. Watts, Rhodes, Davis and Warren D. Anderson.

HATS OFF TO IKE—Members of a Royal Air Force guard of honor for General Eisenhower remain at rigid attention while the hats of their buddies, blown off by the slipstream from the General's departing plane, tumble past. The General was leaving London for Lisbon for a final stop before reporting to Washington on his fact-finding tour of North Atlantic Treaty countries.

### Highway Worker Hit By Automobile

A flagman on a road construction project on Highway 80 escaped with only minor injuries Thursday when struck by an automobile near the Midland Air Terminal.

Injured was Leo West, 808 East Indiana Street, who was taken to Western Clinic-Hospital for treatment of bruises and contusions.

West was injured when struck by an automobile driven by A. B. Corzine of Haskell.

State Highway Patrolman Mac Stout said Corzine, heading toward Odessa, swerved to avoid hitting the car in front of him, which stopped suddenly, and skidded into West, who was standing in the middle of the highway.

**KEYES IN HOSPITAL**

R. C. Keyes, [illegible] Kiff Street, was admitted to Western Clinic-Hospital Thursday as a medical patient.

**ADMITTED TO HOSPITAL**

Mrs. J. E. Hawkins, 321 South Baird Street, was admitted to Western Clinic-Hospital Thursday for possible surgery.

**FIELDERS HAVE SON**

The Rev. and Mrs. Jack Fielder of Grand Prairie are the parents of a son born January 15. Mr. Fielder was associate pastor of the First Methodist Church in Midland last year. He now is pastor of the Methodist Church in Grand Prairie.

## City Council Orders Study Of Standard U. S. Building Codes

A study leading toward the adoption of a nationally-recognized building code for Midland was directed Thursday night by the City Council.

City Manager W. H. Oswalt said there are four such standard codes and that "it would be desirable if Midland would adopt one of them."

"It might," he said, "mean a saving of six per cent on insurance rates."

In its meeting Thursday night, the council also voted appropriations for water and sewer extension projects into parts of Urbandale and Sun Garden Village additions.

Other actions by the council included:

Authorization of the purchase of water meter needs under a present contract which would save the city several thousand dollars; delay in approval of a site of the proposed fire station in the north section of the city, pending pricing of other possible sites, and the leasing of a building at Terminal to the Peoples Furniture Company for the manufacture of furniture.

## Midland Attorney Addresses JayCees

Hastings Pannill, attorney with the firm of Stubbeman, McRae and Sealy, spoke to the Midland JayCees Friday at their weekly luncheon in Hotel Scharbauer.

Pannill talked on "The Responsibility, Obligation and Duty of Citizenship." The ROD program is a statewide affair conducted by the American Citizenship Committee of the Texas State Bar Association.

President Art Joseph presided at a business meeting and announced the JayCee-sponsored coffee day in Midland was a success. All proceeds from the coffee day went to the March Of Dimes.

Joseph announced that the JayCee Distinguished Service Award, given to the man voted the most outstanding man of the year, will be presented at the meeting next Friday.

### Western Plastic To Play Phillips Here

The Western Plastic basketball team of Midland will tangle with Phillips Petroleum Company of Odessa at 7:30 p.m. Friday in the John M. Cowden Junior High School gym.

Western Plastic has won three of its five contests.

**LESS MEAT FOR BRITONS**

LONDON —(AP)— The Labor Government Friday announced a 20 per cent slash in each Briton's tiny ration of fresh meat—from 11 2/3 cents (10 pence) worth a week to 9 1/3 cents (eight pence) worth.

**FUNNY BUSINESS**

"George had it lowered so we could get some use out of it!"

### Rites Set Saturday For Mrs. Atchinson

Funeral services for Mrs. John T. Atchinson, a resident of Midland County the last 10 years, will be held at 10 a.m. Saturday in the Newnie W. Ellis Chapel.

J. Woodie Holden, minister of the Church of Christ, will officiate. Interment will be in Fairview Cemetery.

The Atchinson came to Midland County from Wink 10 years ago. They resided 10 miles south of Terminal.

Mrs. Atchinson was born Jan. 11, 1917, in Ponder. She attended West Texas State College at Canyon and Texas State College for Women at Denton.

She served as home demonstration agent in Mason County and taught school in Fischer.

Survivors include the husband, a son, two daughters, the parents, a sister and a brother.

## Livestock

FORT WORTH — (AP) — Cattle 200; calves 100; slaughter cattle and calves dull and weak to 50 lower; stockers steady; common and medium slaughter steers and yearlings 24.00-29.00; good yearlings to 32.00; beef cows 21.50-25.50; good fat calves 30.00-32.00; common and medium 23.00-29.00; stocker calves 25.00-35.00; stocker yearlings 25.00-30.00.

Hogs 450; butchers steady to 25 lower; steady; sows and feeder pigs unchanged; good and choice 190-280 pound butchers 20.50-75; good and choice 165-185 pound hogs 19.00-20.25; sows 17.00-18.00; pigs 10.00-18.00.

Sheep 300; slaughter lambs steady to weak and feeder lambs weak to 1.00 lower; good and choice wooled slaughter lambs 35.00; good and choice shorn slaughter lambs with No. 3 pelts 29.00; wooled feeder lambs 34.00; shorn feeder lambs with No. 1 pelts 28.00.

## Cotton

NEW YORK —(AP)— Cotton futures at noon Friday were 30 to 65 cents a bale higher than the previous close. March 44.20, May 43.73 and July 43.51.

**ADMITTED FOR SURGERY**

Bess Halbrook, 1010 West Illinois Street, was admitted to Western Clinic-Hospital Friday for a tonsillectomy.

## Man, Woman, Three Children Narrowly Escape Asphyxiation

A 22-year-old Midland woman, a man she had befriended "because I felt sorry for him" and three tiny children narrowly escaped death early Friday in a gas-filled tourist cabin east of the city.

The man was burned on the back when he collapsed against a hot stove he was attempting to turn off.

All were taken to a Midland hospital for treatment.

Two of the children, one three years old and the other two, were the woman's. The other, only 15 months old, was the son of the man.

The woman said the five of them had gone to sleep with the stove still on.

"When I woke up I could hardly breathe, the room was filled with gas," she said.

**Managed To Summon Help**

"I managed to get out of the cabin and summon help."

She said she was picked up by a taxicab driver and police were notified.

Meanwhile the man was attempting to turn off the stove, while the three children continued sleeping.

The woman said she had offered the man a place to sleep "because he had no place to go with his baby and I felt sorry for him."

"I told him I would make a bed for him in my cabin."

County welfare authorities Friday were investigating the case.

### Scout Leaders Meet In Auditorium Here

A meeting of Scoutmasters, Cubmasters, den mothers, Explorer advisors and assistant advisors has been scheduled at 5:15 p.m. Friday in the City-County Auditorium, Ray Upham, district commissioner, announced.

Plans for the Scout merit badge show February 8 will be discussed. Cecil Boles, chairman of camping and activities in the El Centro District, will be director of the merit badge show.

The merit badge show, to be held on the courthouse lawn, will be a feature of the 41st anniversary celebration of the Boy Scouts of America.

**LEGAL NOTICES**

CITATION
THE STATE OF TEXAS

TO:

J. L. Henness and wife, Mrs. J. L. Henness, their unknown heirs, their heirs and legal representatives;

All persons claiming any title or interest in the lands hereinafter described under or by virtue of that certain warranty deed from Midland Town Company to J. L. Henness, dated May 20, 1884, recorded in Vol. 4, at page 346, Deed Records of Midland County, Texas, their unknown heirs, their heirs and legal representatives;

Each and all of the above named defendants and the unknown heirs, their heirs and legal representatives, of such thereof as may be deceased.

GREETING:

You and each of you are hereby commanded to appear before the District Court of Midland County, Texas, at the Court House of said county in the City of Midland, Midland County, Texas, at or before 10 o'clock a.m. of the first Monday after the expiration of forty-two (42) days from the date of issuance of this citation; that is to say, at or before 10 o'clock a.m. on Monday the 26th day of February 1951, and answer the petition of Charles R. Gaylord, Trustee, in Cause No. 5835 styled Charles R. Gaylord, Trustee, vs. J. L. Henness et al, in which Charles R. Gaylord, Trustee, is Plaintiff and the above named parties to whom this citation is issued and directed are defendants, which petition was filed in said Court on the 11th day of January 1951, and the nature of which suit is as follows:

Plaintiff alleges ownership of the following land situated in the Town of Midland, Midland County Texas, holding and claiming the same in fee simple, to-wit:

All Lot 7, Block 35, of the Original Town of Midland, according to the map or plat thereof recorded in Vol. 3, at page 232, Deed Records of Midland County, Texas.

Such action is a suit in trespass to try title for title and possession of the land above described, and plaintiff alleges record title and title through peaceable, continuous and adverse possession under the 5, 10 and 25 year statutes of limitation.

Plaintiff prays for recovery of title and possession to and of the land above described and for costs of suit.

If this citation is not served within 90 days after date of its issuance it shall be returned unserved.

WITNESS Nettye C. Romer, Clerk of the District Court of Midland County, Texas.

Given under my hand and the seal of said Court at office in the City of Midland, Texas, this 11th day of January 1951.

(SEAL)

Nettye C. Romer, Clerk of the District Court of Midland County, Texas.

Issued this 11th day of January 1951.

Nettye C. Romer, Clerk of the District Court of Midland County, Texas.

# America Faces Troubles Of Own Making, Speaker Warns

"The trouble with America today is 'you'," Robert Kazmayer, noted author, traveler and commentator on world affairs, told a large group of Knife and Fork Club members at their meeting Thursday night in the Midland High School Cafeteria.

Speaking on the subject, "Uncle Sam at Home and Abroad," the guest speaker, who returned only two weeks ago from a world tour, described conditions in Europe, the Far East and in America before voicing his opinions as to how America best can get out of her present "dangerous position."

Kazmayer, who spoke in a forceful but pleasing manner, was introduced by Thornton Hardie, Jr., Midland attorney. The speaker's rapid-fire, inspirational address was particularly well-received by his Midland audience.

**New Officers Presented**

Carroll L. Thomas, newly-elected president, presided at the session. Other officers and directors for 1951 were introduced after James C. Watson and Don Sadler, retiring president and secretary, respectively, had been given a rising vote of thanks for their untiring efforts during the first year of the organization's existence.

Terming the present world situation unique in history, Kazmayer pointed out that at the beginning of World War II there were seven great powers, whereas today there are none. Instead, he said, there are two super powers—the U. S. A. and the U. S. S. R. Around these two super powers are built the hopes and fears and most of the hates of mankind, he stated.

Discussing first the German situation, he said Germany occupies the "heart land" of Europe and there are still 70 to 80 million Germans in that important country.

He explained that today's Germans inordinately are proud of Germany's war record and they do not feel defeat was inevitable in World Wars I and II.

**Peculiar Reaction**

"That isn't the reaction of a people who have denounced war," Kazmayer emphasized.

He said the Germans do not like the United States, Russia or England, and pointed out the U. S. occupation policy in Germany has not been successful.

England and its present condition came in for a detailed discussion as the speaker reviewed the decline of the old British Empire and described socialism as it exists in that country today. He said the Labor Government is not entirely responsible for England's troubles, but expressed a belief the present social experiment is hindering Britain's recovery. He said conditions in England today are worse even than during the war years.

He said America is moving in where Great Britain moves out, taking over the responsibility of policing the world.

Moving on to Soviet Russia, the speaker said the question as to whether Russia will move into an all-out war cannot be answered. He expressed a personal opinion Russia will not force an all-out war within the immediate future.

**Sanctioned By U. S.**

He said much of "our" troubles are of "our" own making, and that the U. S. has sanctioned many of the major conquests by the Russians.

Kazmayer also voiced his opinion that Russia is weak internally and is faced with more troubles inside than the world knows about. The U. S., he said, should be helping that trouble along.

Touching on Far East conditions, he described Japan as the "Germany of the East," and Korea as "little Belgium." He said China was sold down the river at Yalta. He termed Japan the most heartening spot in the world, and said the Japanese today are "friends of the United States." He credited Gen. Douglas MacArthur with the success of the U. S. occupation of Japan.

Back to America, the speaker said the nation today is in a dangerous position and that "we have stumbled our way into many of our present problems." He stressed the fact America's foreign policy has not been consistent and that this country has promised things she cannot deliver.

"As a result, peoples of many nations do not like or trust us," he stated. "We have reversed ourselves time after time. We have talked too much."

**"Above Party Politics"**

"We had better start thinking on a level above party politics," the speaker said. "We have let this thing come about and develop until now we find ourselves over-extended in all directions. We need to mobilize our brainpower and experience, and think our way out of this thing.

"We first must be prepared to protect America externally and internally, and we should stop fighting for peoples who first will not take steps to defend themselves."

He explained America today is the world's greatest and wealthiest nation, but he pointed out that America is not the first nation in history to reach the top. He said that as this century dawned, England was on top and that 50 years later she is at the bottom.

**50 Years Hence**

"What will the situation be at the end of this century?" he asked, "If we are on the bottom, who will furnish Marshall Plan funds for us?"

In stating "the trouble with America today is 'you'," Kazmayer charged Americans with being lazy—too lazy to take the time and trouble to defend their rights and freedoms and the rights and freedoms of their children.

"You are mortgaging the future of your children for your own selfish interests," he charged in urging his listeners to take more interest in the affairs of government.

**Return To Religion**

In urging a return to religion, he said there has been a spiritual breakdown of the men of the West and that a spiritual re-awakening sorely is needed.

"We are fighting communism with money, men and guns. We can't fight a faith or a religion without a faith or religion of our own.

"The hour in our national history is very late.

"America will further the purpose of the Eternal or will drop by the wayside as have numerous powerful nations in the past," Kazmayer concluded.

---

# Three Persons Die In Murder, Suicide

LAMARQUE, Texas —(AP)— A disgruntled husband on a murderous rampage Thursday night killed his estranged wife, her brother-in-law, fired six shots at two little girls, then killed himself.

The dead:

Raymond D. Brooks, 29.

Mrs. Dorothy Evelyn Brooks, 30, who filed suit for divorce from Brooks in October.

Lloyd Hulsey, 39, cabinet maker in whose home the shooting occurred.

Hulsey and Mrs. Brooks died on the floor of the house. Brooks died four hours later in a Texas City hospital.

Hulsey's wife said she fled the house after hiding her own daughter, Barbara, 12, and Mrs. Brooks' daughter by a previous marriage, Dorothy Birdson, 13, in a bedroom. She said Brooks threatened to kill everybody in the house.

Deputy Sheriff J. W. Newsome said Brooks killed his wife and Hulsey, then fired six shots from a newly-purchased German pistol into the room where the girls cowered.

Mrs. Elenar Hulsey, Mrs. Brooks' sister, said her husband was shot when he opened the front door to admit Brooks.

Newsome found Mrs. Brooks in one bedroom of the five-room house, two bullet wounds just below her right breast. Brooks was lying beside her, a bullet wound in his right temple.

A nine-millimeter Mauser automatic was found six inches from Brooks' outstretcher hand. Newsome said it was bought in Galveston Thursday morning.

## Texas Rangers Guard Murder Defendant

ANAHUAC, TEXAS —(AP)— Testimony in the Alex Leviness murder trial continued Friday with Texas Rangers on guard in the courtroom.

District Judge P. C. Matthews Thursday ordered Rangers John Klevenhagan and Eddie Oliver to remain at the defense table with Leviness. The judge said he had heard rumors an attempt would be made to kill Leviness, charged with the Sept. 20, 1949, slaying of Mrs. Eloise Twitchell, Beaumont housewife.

## Five-Year Sentence Assessed In Slaying

BOSTON, TEXAS —(AP)— A district court jury Thursday convicted C. B. Hancock of Nash, Texas, of shooting Fletcher Prewitt of DeKalb to death and recommended a sentence of five years in prison.

Hancock testified during the trial he came home about 1:30 a.m. October 1 and learned Prewitt had slipped into bed with his 15-year-old daughter and two younger children. He said he shot Prewitt after he had ordered Prewitt from the house and Prewitt advanced toward him in a threatening manner.

## New Civil Service Openings Announced

The United States Civil Service Commission has announced examinations for Dietetic Intern, Organization and Methods Examiner, and Budget Examiner.

Dietetic Intern positions pay $1,470 a year. Organization and Methods Examiner and Budget Examiner positions, paying from $3,825 to $6,400 a year, are located in Washington, D. C., and vicinity.

Further information about the above examinations, as well as applications, may be obtained from the commission's secretary, Wayne Campbell, at the Midland Post Office.

**IRAN GETS U. S. ARMS**

TEHRAN —(AP)— Fifteen Sherman medium tanks and 18 75-millimeter howitzers, the first substantial military aid to Iran, have arrived in the country, the U. S. Embassy said Thursday night.

**CHILDREN'S CLINIC OFFICERS**—Selected to head the newly-organized executive board of the Children's Diagnostic Clinic are, left to right: Mrs. F. B. Cochran, chairman; Mrs. J. W. Starr, secretary; Mrs. E. A. Culbertson, vice chairman; Mrs. C. H. Atchison, treasurer, and Mrs. John M. Hills, historian. Trying out one of the examination tables is little Linda Carole Warner.

## Ridgway Visits Front, Finds Spam

**U. S. EIGHTH ARMY HEADQUARTERS, KOREA —(AP)— Lt. Gen. Matthew B. Ridgway, two hand grenades strapped to the webbing of his paratrooper uniform, Friday toured the western front, where his Eighth Army troops are probing deep into Communist lines.**

**The general described his visit as "one of my regular" tours of the men at the front. Ridgway stopped at an infantry mess to eat with the soldiers. The menu: Spam, dehydrated potatoes and raw onions.**

## Rankin Dedicates School Buildings

RANKIN — Rankin dedicated its new and modern school buildings Thursday night, with Dr. J. W. Edgar, state commissioner of education, as the guest speaker. A near-capacity crowd attended the dedication ceremony in the auditorium. Following the program the new school facilities were opened for public inspection.

Many out-of-city visitors were present for the dedication ceremony and open house.

Dr. Edgar, who was introduced by E. L. Wilson of Fort Worth, told the gathering the dedication of the new school building is a symbol of community progress. He said Texas offers excellent education opportunities, and challenged his listeners to "keep the boys and girls in school."

Supt. Hamilton Still introduced board members and special guests.

Music was furnished by the Rankin High School Band, under the direction of Louise Melson.

## Riggins Heads Two McCarthy Companies

HOUSTON —(AP)— A veteran oil man, Russell M. Riggins, said he had been named president of two companies within the Glenn H. McCarthy interests.

He said Thursday night that he succeeded McCarthy as president of the McCarthy Chemical Corporation and of the New Ulm Corporation, with McCarthy becoming chairman of the board for each firm.

Riggins, formerly with Phillips Petroleum Company, said he previously had not been an officer of either company.

# New Midland Children's Diagnostic Clinic To Start Operations Upon Charter's Arrival

A charter for the newly-organized Children's Diagnostic Clinic, sponsored by two Midland women's organizations, is being awaited before final plans are made for beginning its operation.

Mrs. F. B. Cochran, chairman of the executive board of the clinic, said the application for the charter already has been made and it is expected to be granted momentarily.

Meanwhile members of the Midland Service League and the Children's Service League proceeded with preliminary plans.

These organizations jointly are sponsoring the clinic, which will be held at Midland Memorial Hospital, staffed by volunteers along with members of the city's medical profession.

The clinic is designed to afford diagnostic service which otherwise would not be available to children of indigent families.

**Personnel Listed**

Mrs. Cochran said Mrs. Tom Potter will serve as registered nurse at the clinic and will be on duty during the days the clinic is in operation.

Volunteers, however, still are needed to assist in its operations and women desiring to help, regardless of whether they are members of one of the sponsoring organizations, are urged to contact Mrs. David Johnston, whose telephone number is 560.

In addition to Mrs. Cochran, members of the executive board include Mrs. E. A. Culbertson, vice chairman; Mrs. J. W. Starr, secretary; Mrs. C. H. Atchison, treasurer, and Mrs. John M. Hills, historian.

## Five Workers Die In Gunpowder Blaze

DOVER, N. J. —(AP)— A tongue of searing flame Thursday flicked through 62 tons of gunpowder, flared up and burned five workers fatally at Picatinny Arsenal.

Four others were burned critically in the fire which erupted in a small building where the workers were blending powder for artillery shells. The fire was brought under control quickly and did not spread.

## +Rankin News+

RANKIN — Mr. and Mrs. David Workman and daughter, Cathy Ann, are moving to Midland, where Workman has accepted a position with the Midland Production Credit Association. The Workmans have lived in Rankin the last two and a half years. S. H. Bean, Jr., will take over the position David has had with the Ranchers Wool & Mohair Association here on February 1.

M. H. Grimm is in Dallas and Irving on business this week.

Mr. and Mrs. Dunn Lowery visited Mrs. C. O. Lowery and other relatives in Rockport last weekend.

Mrs. Gertrude Smith returned Wednesday from Oregon, where she visited her son, Lewis M. Smith, and family for six weeks.

The condition of M. J. Edwards remains about the same in a San Angelo hospital where he has been the last three weeks. Mrs. Edwards and Mrs. Gertrude Smith spent Wednesday in San Angelo.

## State Hospitals Name New Medical Director

AUSTIN —(AP)— The new medical director of the Texas State hospitals and special schools is Dr. George W. Jackson of Little Rock, Ark.

The appointment was announced Thursday by Board Member Dr. James C. Goddard.

Dr. Jackson is expected to assume his duties in Texas within the next month, the board announcement said.

Yes . . . over 180 new models

NEW Steering column gearshift in series F-1 for car-like shifting ease! NEW Grain-tight 6½-ft. Pickup body has hardwood floor with steel skid strips! NEW Wider rear cab window—50% more rear safety vision! NEW Two new cabs: The 5-STAR; and the 5-STAR EXTRA. Engineered for maximum driver comfort! 5-STAR EXTRA Cab has additional features at slight extra cost. NEW Chrome-plated top piston rings now standard in all four Ford engines, for longer cylinder life! NEW Autothermic pistons, high-lift camshafts for top performance! NEW Easier, quiet shifting with new 4-speed Synchro-Silent transmission available at extra cost on Ford Series F-4, F-5 and F-6 models!

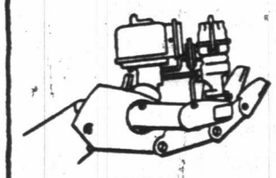

New Ford Trucks for '51 offer you great new economy features . . . to do MORE per dollar.

There are more than 180 models, with new features throughout . . . from 95-h.p. Pickups to 145-h.p. Big Jobs! With a Ford Truck, and ONLY with a Ford Truck, you can choose a V-8 or Six, to match your power needs exactly.

Behind the new Ford front end are engine performance advancements like new autothermic pistons, new chrome-plated top rings, new high-lift camshafts . . . new transmissions, and axle for even longer truck life.

In the low-price field . . .

Only Ford Trucks feature POWER PILOT ECONOMY

WORKS AND SAVES AUTOMATICALLY ALL THE TIME

1. The Ford Truck Power Pilot is a simpler, fully-proven way of getting the *most* power from the *least* gas!

2. It automatically meters and fires the right *amount* of gas, at precisely the right *instant*, to match constantly changing speed, load and power requirements.

3. Unlike conventional systems, the Power Pilot uses only *one* control instead of two, yet is designed to synchronize firing *twice* as accurately.

4. You can use regular gas . . . yet you get no-knock performance! Only *Ford* in the low-price field gives you Power Pilot Economy!

F.C.A.

Ford Trucking Costs Less because—

Using latest registration data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer!
