Published above is the financial statement for the Lions Club Boys' and Girls' Fund for 1946, showing in detail how funds collected last year were spent. This year's drive, which started a week ago, is going forward satisfactorily according to George D. Chalk, Lions president, but there are many persons to be reached, he said, before the approximate goal of $5,000 is reached.

Members of the soliciting committee are H. V. Stokes, George D. Chalk, Lea Roy Aldwell, S. M. Kerbow, George H. Neill, Boyd Lovelace, Bill Nelson, Tom Ratliff and Clay Puckett.

It is planned to contact every person in Sutton County not only for the purpose of reaching the goal but also to get the largest number of citizens possible to participate in the undertaking designed to handle all boys' and girls' activities in the county for the year.

Included in the program are the Boy and Girl Scouts, the Teen Canteen, the summer baseball program, the swimming pool, summer theater program, story telling for children and other youth activities during the summer.

Three Conference Games On Air This Saturday

Joe B. Ross Named Loan Ass'n. Head At Annual Meet

The annual meeting of the stockholders of the Sonora National Farm Loan Association was held here Monday in the basement of the Methodist Church following a luncheon for the group.

At the election of officers whose terms expire, Joe Brown Ross was elected president to take the place of J. A. Ward, Jr. Ward had asked that he not be reelected to the office. P. T. Robison of Ozona was reelected to the board of directors.

Stockholders and their guests were entertained after the luncheon by a musical program under the direction of Savell Lee Sharp, high school band director. Miss Sydonia Nichols sang two numbers accompanied by Mrs. Batts Friend. Two movies dealing with soil and water conservation were also shown.

N. G. Schussler, regional manager of the Federal Land Bank of Houston, gave a short talk in which he reminded members that they had one the strongest associations in Texas. He also congratulated officers and directors on the manner in which they have been conducting the affairs of the association.

A E. Prugel, secretary-treasurer, reported that surplus and reserves now amount to about $70,000. A dividend, the second this year, was given to members at the meting.

Broncos Squeeze By Rocksprings On First Downs

CROWD ESTIMATED AT 900 GOES TO GAME

Overcoming a bad case of jitters which caused fumbles, missed blocks, missed tackles and poor timing, the Sonora Broncos roared up and down the Rocksprings field twice last Friday to bring home a close deceision over a super-inspired Angora team, 20 first downs to 10. Points were even 13-13 and penetrations were 3-3.

Failing to cope with the Angora passing game, the Broncs left the field at the half trailing 6-0, but came back in the third to score and jumped into the lead in the fourth with another touchdown drive. The Broncs weren't set for the passing of Simpson, however. After working a touchdown pass to Clark, who was standing in the oposite end zone. The whole Sonora team was sucked out. Simpson's plunge for the point was good and the score was tied 13-13.

The Broncs gained at will throughout the game, however, but ran into one bad break after another when they got into scoring position.

Broncos To Try Ozona Lions Tonight At 8 P.M.

The Sonora High School Broncos, still ready and still undefeated on the football field, take the underdog position tonight when they play hosts to the rambling Ozona Lions, losers of only one game this season. The game will be called at 8 o'clock at the stadium.

The Broncs, whose probable starting lineup will include Chalk, Bond, Jackson and Hamilton in the backfield, have practiced long and hard this week in an effort to get back the flawless teamwork that marked them as an outstanding team through the Abilene game. Notable weaknesses in practice this week were deception and pass defense.

Cooper will probably take Jackson's place in the line, and Walters, McIntire, and Sharp are expected to be ready to play.

NELSON SELLS VARIETY STORE INTEREST TO WOOD

Bill Nelson announced this week that he sold Wednesday his interest in the City Variety to F. J. Wood, former Sonora resident, who owned the remaining interest. Nelson said that he planned to go into the building business in a month or two, but did not have any definite plans as to location.

Wood took over proprietorship of the store Thursday morning. He and Mrs. Wood and children, Tommy and Diane, are staying at the McDonald Hotel.

Lions Commend Faculty, School Organizations

PROCEEDS FROM CARNIVAL RUN BETWEEN $600-$700

The Lions Club unamiously passed a resolution Tuesday at the regular meeting commending the school board, the superintendent, the faculty, the athletic director and the directors of the summer program on the splendid record they have made in the education of the young people of this community. Secretary Herman Smith said that copies of the resolution would probably be presented to all concerned.

A. E. Wells announced that the schools were observing National Education Week beginning Monday and Thursday night there would be an open house at all the schools. Wells also stated the school's appreciation for the support given the Hallowe'en Carnival last Thursday night. He said that an estimated $600-$700 was taken in.

Education Week Program Planned By Local Schools

PUBLIC INVITED TO OPEN HOUSE THURSDAY

"Education for the Atomic Age" is the theme for American Education Week being observed in the Sonora schools November 10 to 16. The purpose of this observance is to interpret the work of the schools and develop understanding between the schools and the community.

Churches, homes and schools have much in common in the development of the ideals and character of children and youth. Supt. A. E. Wells has invited the public to take advantage of the special invitation the schools have extended to the public to visit them **Open-House Night of Fourteenth** on this occasion.

On Thursday night, November 14, the doors of all schools will be thrown open to the public so that parents may visit their childrens' school to observe the work being done in each room. Display of materials and class room projects will be made available for observation.

Amendments Pass Reiley Wins Over Sykes As Write-In

Dantes Reiley, a surprise write-in candidate for commissioner of Precinct 4, won over Wesley Sykes, Democratic nominee, in the general election Tuesday by a count of 22 to 18, in what was described as the first successful write-in campaign in nearly fifty years of political history in Sutton County. Sykes had previously defeated J. V. Alley, present commissioner from that precinct by one or two votes.

Leo. E. Brown, sheriff here for the past four years, was unsuccessful in his campaign as a write-in candidate. B. W. Hutcherson received 406 votes to Brown's 156.

All the constitutional amendments carried by large majorities, the voters standing in favor of paying for a building at John Tarleton College, providing a compensation system for state employees and spending all gas and oil tax monies on state highways. The veterans land law, voted on Thursday, also carried by a large majority.

Teachers Launch Statewide Fight For Higher Pay

Public school teachers of Texas are rallying to the call of the Texas Teachers Welfare Association, Inc., determined to wage a valiant fight for the right of teachers to earn a decent salary, and for proper recognition of the service they render in directing the education of Texas youth.

Founders of the Republic of Texas made liberal provisions for a great public school system, but succeeding generations have not met their responsibility fully in maintaining this great public educational system, Dr. Joe P. Harris, Dallas County School Superintendent, Secretary-Treasurer of the association, said.

2,4-D DOES WELL IN RECENT TESTS ON BULL NETTLE

West Texas ranchers whose pastures are overrun with bull nettle might take a tip from R. B. Carraway of Rock Church, Hood County.

Carraway is a strong believer in 2,4-D as a control against bull nettle. He recently conducted a 2,4-D field trial on pasture land that was heavily infested with bull nettle. Three weeks later, observing good results, Carraway dug up several of the nettles and found that the roots were "either rotten or soured" to a depth of over 30 inches. Since then he has gone ahead with more extensive 2,4-D treatment and called in his neighbors to watch the progress.

Hood County Agricultural Agent J. Q. Gallaway reports that 2,4-D is making a reputation as a bull nettle killer all over the county. Gallaway has conducted field trials on five, widely known separated farms in Hood County. The trials were made under varying weather and growing conditions and on every type of soil on which the nettles thrive. In almost all cases he reports the killing effects of the 2,4-D as "complete."

Santa Fe

..that's the System!

One shipper tells another: the way to get better *on-time* delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

. . . *world's largest fleet of freight diesel locomotives.*

: : : *more miles of double track than any other western road.*

: : : *more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.*

: : : *world's largest private telephone system, to keep shipments moving more swiftly.*

: : : *increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.*

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Who Gets Off Easiest— Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

HEALTH TROUBLES BEGIN AFTER 40, SAYS DOCTOR

From a health standpoint, life after forty begins to be more complicated for the average individual, than it was in his earlier years. According to Dr. Geo. W. Cox, State Health Officer, the principal health foes confronting people in middle life are heart disease, cancer, kidney disease, high blood pressure, hardening of the arteries, apoplexy, diabetes, and arthritis.

Middle aged people of today are healthier than were those of preceding generations, and the present generation, when they reach middle age, should enjoy even better health than their parents of today.

Medical care in middle life has two important phases. The first is going to the doctor at regular intervals for a complete physical checkup, whether or not there have been symptoms that suggest the need for medical attention. The second is prompt attention to any illness which may mean the difference between prompt recovery and continued good health and prolonged invalidism. It is difficult to say which of these phases is the more important.

It has been found that men and women who faithfully pursue the habit of regular health examinations and who follow the advice arising from them tend to live longer, more satisfactorily, and freer from disease than those who simply take a chance and go to the doctor only when pain or disability forces them to give up their normal activities.

It is also a fact that many diseases of middle age respond to treatment in early stages whereas if neglected until later stages they often cause permanent invalidism and even death.

Good advice for persons over forty is that they have regular physical examinations and obtain prompt medical attention for any and all illnesses.

Garden Club Met Monday Afternoon

The Garden Club met November 4 with Mrs. Roy Aldwell to complete organization. Mrs. B. H. Cusenbary was elected general chairman and Mrs. W. T. Hardy was elected secretary.

The town was divided into eight zones. The zone chairmen are Mesdames A. W. Awalt, Ella Wallace, Joseph Vander Stucken, J. C. Stephen, Alfred Cooper, Tom Driskell, George Wynn and L. W. Elliott. Rule chairmen are Mesdames G. H. Davis, Joe Berger, J. B. Ross and Ben Cusenbary.

The group was asked to consider objectives for the club so they could be made definite at the next meeting. Perennial phlox was voted the town flower; the zone flowers to be decided later.

The meetings will be held the first Monday of each month at 2 o'clock. The next meeting will be held December 2 in the basement of the Methodist Church.

P-T A Hears Talk By Rev. Eldridge

The Parent-Teachers Association met Tuesday afternoon at the high school auditorium. Rev. J. E. Eldridge was the guest speaker. He spoke on "Giving Thanks", the theme was the command made by the aged apostle Paul while in a Roman prison, "In everything give thanks". Mr. Edridge said that this seems an almost impossibly high standard for human beings, but every day there are things for which we should give thanks. Many of our blessings we take for granted, but every day of the year, not just the one Thanksgiving Day, should be a day of thanksgiving.

The High School Speech class gave three choral speaking numbers directed by the teacher, W. W. Wendt. Sydonia Nichols, accompanied by Mrs. Batts Friend at the piano sang "If I Were the Only Girl" and "One Alone".

The treasurer, Mrs. Earl Lomax, reported a $194.23 balance in the treasury on November 1.

Mrs. J. T. Ratliff, secetary, reported an executive meeting held recently at which it was voted to hold a P.-T. A attendance contest, the room having the greatest representatives in attendance each month to be given a picture show party.

Superintendent A. E. Wells announced that the annual "Back-To-School Night" for parents is to be held Thursday of next week at the schools. The P.-T. A. voted to serve refreshments in the cafeteria for this night. In charge of the refreshments are the hospitality committee and room mothers, appointed by the president, Mrs. I. B. Boughton.

At the end of the meeting, refreshments were served by the hostesses, Mrs. Ruth Hodges, Mrs. S. M. Kerbow and Mrs. Lenoy Lyles.

A hope for a better tomorrow springs from the schools of today.

I. B. BOUGHTONS ENTERTAIN WITH DINNER, BRIDGE

Dr. and Mrs. I. B. Boughton were hosts to a dinner and bridge party last Wednesday night. The Hallowe'en motif was used in the decorations. Yellow mums and French marigolds were on the tables.

Joe Brown Ross won first club prize and P. J. Taylor won high guest. E. D. Shurley won the bingo prize for the men, Mrs. Joe Brown Ross won bingo for the ladies, and Mrs. J. T. Ratliff won the slam prize.

Dinner was served to Dr. and Mrs. C. F. Browne, Messrs. and Mesdames B. H. Cusenbary, Ross, W. H. Dameron, Shurley, Ratliff, G. H. Davis, Rip Ward, Taylor and Mrs. Ella Wallace.

GEORGE ED HILL GIVEN BIRTHDAY PARTY

Mrs. Wes Hill honored her son, George Ed, with a party Monday on his eighth birthday. Balloons were given as favors. The children played games and were served ice cream, cookies and candy. Guests were members of the second grade.

After last summer's hot and dusty mileage, your car is tired and rundown. It hasn't got the pep, the spruce appearance, the spring in its joints it had last May. It's time to take it to your Humble station for a check-up. These services are essential after a summer of hard driving.

OF THE MANY...

One MUST LEAD!

Distinct from all others is the leader—out in front because of proven qualities. Among coffees in the Southwest ADMIRATION holds that distinction. It is a blend unique among all others. The same experts who have been "Cup-Testing" ADMIRATION for nearly thirty years proudly guard these qualities that have earned its leadership. "Cup-Testing" is your assurance that ADMIRATION will be the same today and tomorrow as it has been in the past. The personally "Cup-Tested" ADMIRATION way is the only way to assure the same perfect blend—package after package.

WEST TEXAS UTILITIES CO.

What does it take to run a baby?

Plenty — and plenty of electricity, too. A hungry young citizen needs food — lots of it — often. That food needs preparation — refrigeration — reheating.

Baby needs hot water — lots of it — often. So does his wardrobe. And because Mother worries about germs, she boils practically everything but Baby himself.

Clocks must be dependable when there's a baby in the house. Lights must go on — quick — when he cries out in his sleep. Rooms must be kept warm — the list is endless.

Today's mothers are luckier than those of 20 years ago. With electricity ready at all times — in any quantity — to help with the household chores, mothers have more time to enjoy their youngsters. Never before has electricity done so many tasks for so little cost. Actually, the average family today gets twice as much electricity for its money as it did 20 years ago. Your friends and neighbors in this company — and your own increased usage — helped make that possible.

West Texas Utilities Company

Son-of-a-gun

R. A. Halbert, who has put Sonora on the map as far as the prize cattle business is concerned, won another honor Monday when his Advance Mischief 3rd was named Grand Champion bull of the International Polled Hereford Show at Louisiana State University. Halbert's Herefords have been consistent winners in every show they have been entered in.

The Boys' and Girls' Fund drive is rolling through its second week, with good results so far. This week's issue carries on its front page a financial statement showing where the money for this fund went last year. It was carefully spent but more will be needed this year. The name of practically every person in the county is on some Lion's solicitation list, so why not drop in at the bank and make a donation now. By doing this, you will speed up the drive to a large extent.

A revamped but very determined Bronco football team put in long hours on the practice field this week in an effort to get the coordination, timing and zip that was present up to last week. Not only are Ward, Boughton and Street missing from the lineup, but several other key men are on the injured or convalescent list. In short, the odds are very much against the Broncs as they face the Ozona Lions tonight. McIntire has home bruised thigh muscles, Sharp has a sprained ankle, Scotty Walters, line backer extraordinary, is recovering from an axe-cut on his foot. Then there are several players who have changed positions and must therefore learn new jobs, new blocking assignments, a completely new set of movements on every play. The man getting the job of quarterback will have the biggest job of all. Whoever he is, he's had only one week to get all his plays straight, get his deception down pat, learn more about generalship.

These are just a few of the obstacles facing our Broncos tonight when they take on one of the highest rated teams in the 8-B conference. Game time is 8 o'clock. Get there early if you want a seat.

—(½*!?$*@)—

The Tuesday and Thursday general elections turned out like they were supposed to with the exception of one upset in the commissioner's race in Precinct 4, where Dante Reiley received 22 votes to the Democratic candidate, Wesley Sykes' 18. Leo E. Brown, who had announced himself as a write-in candidate for Sheriff, received 150-odd votes for the office, about 200 less than was needed. All the amendments carried easily.
