Thinks Texas Livestock Market in Danger

URGES FULL ATTENDANCE MARFA MEET

FORT WORTH, June 25 — (U.P.) — Worried over several situations which threatened to depress the Texas livestock market, chief industry of the state, H. F. McGill of Alice, President of the Texas and Southwestern Cattle Raisers association, today issued a letter urging full attendance at the quarterly executive committee meeting at Marfa July 10.

In his letter to members, the south Texas cattleman called particular attention to an invasion by foreign markets, notably that of the Argentines.

"The heavy importations of cattle and canned meats are seriously depressing our market," he said. "The proposed Argentine treaty was not acted upon by the last congress, but the proponents of this measure will still continue to push it vigorously."

Under present regulation, importation of cattle from any country in which hoof and mouth disease is prevalent (in any section of the country) is forbidden.

The new treaty, if and when approved, would allow importation from that section of the Argentine which is not infected, which in the present case is Patagonia.

The Texas and Southwestern association is strongly opposed to the measure. Aside from the harm it would bring to domestic markets, the association feels there would be little to prevent shipment of its Texas cattle out of the Argentine by way of Patagonia.

He'll Present Garner's Name

At the Democratic national convention in Philadelphia, Gov. James V. Alfred of Texas, above, will have an enjoyable role. He is scheduled to offer for renomination the name of his good friend, Vice President John Nance Garner.

SEARCH FOR AXE SLAYERS TO CONTINUE

JOHNSON CITY, Tex., June 25 — (U.P.) — Officers of Blanco and Travis counties today began a search for the slayers of Mrs. Ernest Herwig and her nine year old son who were found apparent victims of an axe killing at their home near Mountain View.

The bodies were discovered by her husband when he returned home from work late last night. The rural telephone had been jerked from the wall and he went to Mountain View to notify officers.

State Rangers said they had sent no one into the hill country on the case, not having been requested by local officers for assistance.

An arrest was believed to be imminent. After an all night search for the weapon, officers continued their hunt by daylight.

The boy, son of Mrs. Herwig by a former marriage, was named Max Roebuck.

Both Mr. and Mrs. Herwig had been married before. He had two daughters. They were working with him in the field.

Evidences of a struggle and attempted flight were found by officers. Mrs. Herwig's one slipper was off and found at considerable distance from her body.

The house is a small cottage on Miller Creek about ten miles from here.

All's Good Cheer in Democratic High Command

GOV. LANDON WELCOMED BY BOTH PARTIES

DENVER, Colo., June 25 — (U.P.) — Alf Landon, governor of Kansas and Republican presidential nominee, arrived in Colorado today and was given a rousing welcome. Republican and democratic party leaders and state officials rubbed shoulders with each other as they greeted Landon.

Landon declined to discuss issues of the coming campaign.

"Those matters will be discussed when the campaign starts. I have been to Colorado for a vacation and I am going to spend it in a flannel shirt and high boots."

"If I want to carry Colorado I suppose I will have to use flies when I fish. I like to fish with bait, but I know that Colorado fishermen use flies, so I am going to be a Colorado fisherman," he said.

SPEECH SHORT IN ROOSEVELT ACCEPTANCE

WASHINGTON, June 25 — (U.P.) — President Roosevelt's speech of acceptance at the democratic national convention Saturday night will be short and snappy, the White House revealed today.

In contrast to the lengthy political oration at the convention of the two major parties, the President will accept the democratic nomination and possibly justify the act of his administration, give an insight into his future program, and make his re-election appeal — all in 2,000 words.

The address, it was understood, will require about 25 minutes. It will be delivered at Franklin field, Philadelphia, at the conclusion of the acceptance speech of Vice President John Garner.

CONVICT PAIR MAKE ESCAPE ON HORSEBACK

MEXIA, June 25 — (U.P.) — State and local officers abandoned today the search for Forrest Gibson and Luke Trammell, fugitive convict killers, convinced that they would have to wait further movements of the pair.

A horse stolen Tuesday from a farmer near Oletha was found tied to the barn of a farmer at Round Prairie, Robertson county, yesterday, but the farmer told possesmen he had not seen the two convicts.

Prison bloodhounds were too exhausted for further use at present. The pursuers said it was useless to continue the chase in the central Texas area so well known to Gibson, who was reared there.

Cisco to Play Ball With Mineral Wells

The Cisco baseball team will play the strong Mineral Wells team here Saturday and Sunday, it was reported today.

Charles Morman will do the pitching and Steve Ballenger will catch for the Resorers.

Cisco's lineup is as follows: Van Horn, Phippen, Harris, Thornton, Philpott, Barnhill, Owens, Henson, Rylee, Dick and Sublett.

The Saturday game will be played at Chesley field at 2 p. m. the Sunday game will be played at 3 p. m.

Henson and Rylee will pitch and Owen will catch for the home boys.

Bank Robbers Treat Girls Courteously

ATTICA, Kan., June 25 — (U.P.) — Two girls kidnapped yesterday by four men who robbed the Attica State bank today they were treated "courteously" during the short time they were in the robbers' custody.

CISCO PREPARES FOR JULY 4; ALL STORES TO REMAIN OPEN

The attractions for the Fourth of July political speaking schedule, not yet completed, will be the announcements of Thomas L. Blanton and Clyde Garrett, candidates for congress from the 17th district, Mr. Blanton for re-election, and Mr. Garrett contestant for the place. It is understood that there will be no debate but separate speeches, hours not yet arranged for.

There will be time allowed for all county and district candidate announcements, during the day from the speakers stand in the park, during Cisco's big July 4 celebration.

The general committee will have a general meeting at the Chamber of Commerce tonight, when details will be arranged for.

Oscar Cliett and J. J. Collins have arranged for a fireworks display for the night of the Fourth and water carnivals between Cisco and other teams which are to include teams from Fort Worth and other surrounding towns, will be features of the day. Swimming, boating, fishing, golf and other attractions will have places in the day's program. Ice water has been arranged for as is the custom of the past. Cisco has become famous over the county for its bathing revues and no occasion would be complete without one.

It is understood that stores will remain open all day, since it is Saturday and great inconvenience would be occasioned should stores remain closed from Friday until Monday.

VOTES 36-13 RECOMMEND MAJORITY RULE

(Copyright 1936 by United Press)
CONVENTION HALL, Philadelphia, June 25 — (U.P.) — Senator Joseph P. Robinson assumed the helm of the democratic national convention today, steering it toward settlement of its two controversial issues — the 1936 platform, and abolition of the two-thirds rule for choosing the nominees.

Robinson was unanimously acclaimed chairman, after delayed submission of the credentials committee voted 36-13 to recommend to the convention substitution of majority rule for the ancient two-thirds requirement.

From closed platform drafters issued the word that agreement had come to put new teeth in the proposed monopoly plank and that compromise was near on the ticklish subject of a constitutional amendment for regulation of labor, wages and hours.

The wages and hours question was thrust into prominence by the national young democrats movement to reconsider his decision against running for re-election.

The first and possibly the only floor debate of the session was expected late today when the rules committee report is presented on the two-third rule. Southern representatives seeking to retain their 104 year old veto power over the presidential choice, promised to carry their fight to the floor after their defeat.

The session was brief today on the part of the credentials committee, lasting only about 33 minutes. A recess was taken until tonight by the convention, when the rules and resolution reports are expected to be ready for presentation.

CHILDREN SAVE FOR VISIT
SAN FRANCISCO, June 25 — (U.P.) — San Francisco's 1936 Bay Exposition expects to set a world record for school children attendance. A plan has been launched whereby children will begin at once savings accounts of 10 cents a week for their World's Fair visit.

McCORMICK TO TAKE TRAINING FOR AIRCRAFT

Herbert McCormick, 18 year old son of Mr. and Mrs. H. E. McCormick, left this morning for Kansas City after receiving word to come from Colonel Clarence Chamberlain, noted flyer, founder and owner of the Chamberlain Air Lines.

Young McCormick attended school at Abilene where he completed high school work. During spare hours he did mechanic work at the Abilene Air Port. At that time he had the privilege of a personal interview with Mr. Chamberlain who also witnessed mechanic work done by the boy. Mr. Chamberlain was so impressed with the youth that he is going to supervise his mechanical training and sponsor his educational work in aircraft.

CONTRACT LET FOR HUMBLE'S NEW STATION

The contract for the new modern Humble station has been let to the Cisco Lumber & Supply company of Cisco at a cost of about \$3,500 with another \$2,500 for the equipment which is to make this station to be erected on the Mayhew lot at the corner of Eighth and E avenue, one of the most complete and modern ever built in this section, said W. V. Alsbrook, who is to have charge of the station, assisted by Rayford Richardson and one other attendant. Actual work to begin Wednesday and to be completed in 30 working days.

The station will be of brick, with four electric pumps, hydraulic lift, pressure washing system and the latest lubricating system, all housed from weather conditions. The station will have modern portable canopy and will carry a complete line of tires, tubes and accessories.

The building is to be 35x24 feet, exclusive of wash rack and lubrication lift which are to be housed apart from the station proper. It is contemplated to have a 24-hour station service and road service will be given day and night.

FUNERAL HELD IN CISCO FOR MRS. SCHWAB

Burial services will be held this afternoon for Mrs. Merle Schwab, wife of Mr. and Mrs. C. O. Pass, who died Tuesday, June 23, at 10 a. m. at her home in Dallas.

The cortege will arrive on the 3:33 p. m. Sunshine and services will be held immediately after arrival. Rev. M. H. Applewhite will conduct the service and Neil Lane Funeral home has charge of the body.

Mrs. Schwab will be remembered here as Miss Merle Pass, having lived in Cisco and attended public schools through the year of 1924. She was 30 years old and had been married only two months. Survivors are: her husband, Mrs. R. C. Pass and W. M. Pass of Denton; D. A. Pass of Longview, and Mr. and Mrs. C. O. Pass of Cisco.

Palbearers are: Roy Huffmyer, O. D. Kean, Whiteman Moore, John Holder, G. P. Rainbolt, and C. E. Aycock.

Blanton Delayed in Return to Texas

Thomas L. Blanton, chairman of the District of Columbia appropriations committee which secured the \$43,583,910 appropriation, writes that he will not be able to reach Texas before July 1. The letter follows:

"It will be July 1 before I can reach Texas.

"My mail has congested terribly during the closing days of congress. It must all be answered.

"There are numerous PWA and WPA projects in my district not yet released. I shall endeavor to get them all approved and released.

"In spite of everything that the few of us who watch them closely could do to stop them, several scores of bad bills got by and were passed during the last three days of congress. I am preparing briefs on them to submit to the President with the recommendation, and in the hopes that they may be vetoed.

THOMAS L. BLANTON."

Tickets for Humble Banquet Go Rapidly

Ticket sales for the dinner to honor the Humble officials at the Laguna, 12:15 Saturday, have been going rather brisk, the committee announces. They expect to have at least 100 present, including some twenty Humble officials.

Cisco and Humble organization have always had the closest relation and the Chamber of Commerce chooses this method to do them honor on the occasion of their picnic here, by having Cisco business men meet these people around the banquet board and renew the pledge of friendship manifested through the years. Those desiring tickets may get them at the Chamber of Commerce.

Rex Carrothers has charge of arrangements for the Humble assemblage here Saturday.

The Critical Mind is Valuable

Pres. Tyler Dennett of Williams college looks at the increasing complexity of world affairs with a critical eye. In fact, he admits he is a crank on criticism. He holds it to be the safeguard of democracy in a torn humanity.

In a recent commencement address, the Massachusetts educator asserted that "criticism is to the intellectual and spiritual life of a people what seed selection is to a farmer and the material welfare of the race." And he urged that the critical attitude be developed in every student.

Dr. Dennett strikes a vital note. He would defend our democratic state through development of a keen critical sense in the electorate—an attitude which would help them debunk propaganda and smell out dictatorship in the making. Certainly no faculty could be more important.

Storm Warnings' Value

Nowadays, with scientific weather observation, the people of a coastal section are able to keep up hourly with the progress of a tropical storm threatening them, as the Texas coast is threatened every year.

The progress made in this field in a third of a century alone offers protection against any such holocaust as the Galveston storm of 1900.

It also protects coastal cities from the indirect damage of a stampede in fear of a storm that doesn't come, as well as giving the safety of a margin of time to prepare for the one that materializes.

Big Spring Stages First Annual Show

J. D. Farr, formerly of the Laguna but now of Big Spring, was in Cisco Wednesday advertising the First Annual Water Carnival for his city, which is to be celebrated July 4.

He is distributing literature telling about the bathing revue to be held for West Texas beauties. They are advertising golf, tennis, scotch ball, croquet tournaments, pistol and gun shoots, swimming and diving contests, political rally and old timers reunion. A fiddler's contest is to be staged. Professional wrestlers are to be present and battle for those who enjoy the rougher sports.

2 GOLD EAGLES GUARD DOOR OF NATIONAL BANK

As a part of the improvements scheduled for the First National bank, two gold eagles have been erected on each side of door on a jet black field.

The new decorations not only improve the artistic appearance of the bank but give it an air of permanence. It makes one think of its national significance to gaze on those American eagles with the appearance of gold.

President Spears believes in modern methods in banking and a modern building in keeping.

Highway 89 Will Be Properly Cared For

J. E. Spencer, secretary of the Chamber of Commerce, has just returned from a business trip to Austin, Dallas and Fort Worth, where he went relative to road matters and to arrange for advertising at the Centennial programs.

On Sunday, Mr. Spencer was the guest of G. C. Atkins of the Carbon Peanut mill, which has 800 acres of pop corn in the winter garden district. This corn is just coming into maturity and should make 15 or 20 cars of shelled corn, 80,000 pounds to the car, which is now wholesaling at 10 cents a pound. Incidentally, this mill has just received a letter from a California concern asking for samples and price on a 20-car order.

While at Austin Spencer secured a commitment from Buck Early of the maintenance department that highway 89 would be kept in good condition for traffic during the Centennial but said that likely no paving would be started before fall.

County Demos Work In Close Harmony

The Democratic executive committee, with O. E. Lyster as chairman, expresses its appreciation of the cooperative work of Earl Conner, Jr., county chairman.

Their appreciation is expressed in the following letter given the newspapers of the county:

Resolved: We the Democratic Executive Committee of Eastland county desire to express our appreciation to Earl Conner, Jr., for his very active, efficient, impartial and faithful service as County Chairman. He worked in harmony with the committee and actively sought the advancement of the party's interest. His interest seemed to be controlled entirely with the thought of services well rendered to the party.

O. E. Lyster, Chairman.

Charlie Wende May Get Name on Ticket

The Eastland county Democratic executive committee decided Monday afternoon to allow the name of Charlie Wende, of Cisco, candidate for county commissioner of Precinct No. 4, printed on the primary ballot July 25. The meeting was held at Eastland.

The decision was reached after opponents of the candidate who failed to file his name by the deadline with the executive chairman requested the committee's action.

Wende's opponents are Arch Bitt, Robert Tucker and Joe Clements.

It was decided up to 6 o'clock Thursday for printers to print the ballots. Names of candidates who will appear on the ballot are on file at district clerk's office in Eastland where the bids are to be received.

Garrett Rejoices Over WPA Report

EASTLAND, June 24.—(Special)—County Judge Clyde L. Garrett, president of the County Judges and Commissioners Association of Texas, expressed much pleasure here today when informed that a Washington order would be issued this week lifting the WPA restriction that a person, to receive a WPA job, must have been on dole prior to November 1, 1935.

The announcement was made by Harry Hopkins, national administrator of the WPA at Washington, in connection with his report that the WPA would be ready to begin a new fiscal year July 1 with nearly four billions of dollars of the approved projects available for the program.

Judge Garrett, who is a candidate for congress from the 17th district of Texas, in his capacity as head of the Texas association, headed a delegation of Texas officials to Washington last February to urge, among other things, that the restriction be lifted.

"It is a rank discrimination against the efforts of many of our citizens to help themselves," said Garrett. "Many of them struggled along during the darkest years of the depression, existing upon their own resources and declining to accept relief until these resources were exhausted. To say that relief clients who refused to go on the dole until they were forced to do so cannot now receive WPA employment, is to penalize them for trying to help themselves. I strongly urged against this foolish and discriminatory rule and I am happy to learn that the WPA will lift the restriction."

Maddox Received Superior Rating

The gold medal which was awarded Director Robert L. Maddox for superior band directorship in the contest held in Big Spring, of which Cisco band took part and won trophy, has been received.

Along with the medal, came another letter of thanks to the band for the splendid performance at the contest, announced Maddox.

DESDEMONA

By MRS. W. C. BEDFORD

Mr. and Mrs. Tom Martin, Mr. and Mrs. Tom Alread and Mr. and Mrs. D. H. Moss and the children of the families, including two little grandsons of Mr. and Mrs. Moss, who live in Fort Worth and are here visiting, went to Cisco Thursday afternoon and enjoyed a picnic and swimming party at the lake. Mahorn Wilcoxson left Monday of last week for Penwell, near Odessa, to visit his daughter, Mrs. Earl Stewart and her husband, Mr. Stewart works for the Gulf Oil Co. Miss Mildred Vickers of Dublin, was here on business Thursday.

Mrs. Kenneth Paul and little daughter, of Randall, Kansas, are here visiting her parents, Mr. and Mrs. S. T. Wilhite. Another daughter, Mrs. W. F. Norris, of Wink, and her three children, came Saturday to visit the Wilhites.

Mr. and Mrs. R. D. Hendrickson and little son, Tommy, of Port Arthur, left Sunday for the Dallas Centennial after a short visit here with her parents, Mr. and Mrs. G. S. Bruce.

Gene Browning drove to Eastland on business Saturday afternoon.

Mrs. John C. Spradley and two sons of Longview, arrived Friday for a visit with her parents, Mr. and Mrs. S. T. Stover, and her grandmother, Mrs. Louise Lookingbill, who is 94 years old and makes her home with the Stovers.

J. T. Thompson, who has been living at Phoenix, Arizona, the past six months, is here visiting friends and looking after his property. Although he has lived in several different places since leaving here, Desdemona is still his home and his many friends here will be glad when he comes back to stay.

Mr. and Mrs. Guy McGee and two children, Jennie Ruth and Guy, Jr., who lived here from 1922 to 1928 and who now live at George West, were guests of Mr. and Mrs. W. C. Bedford on Tuesday night of last week. They were on their way to the Centennial at Dallas and also were to visit her mother and sister at Mineral Wells. On Wednesday morning before leaving they went to see a number of old friends and neighbors, all of whom were delighted to see them again.

Mr. and Mrs. C. E. Stewart and daughter, Gloria, Mr. and Mrs. Ed Parks and daughter, Edna, and son, Earl, Mrs. Annie Daniels and her sister, Miss Mollie O'Rear, and Misses Emma and Agatha Genoway enjoyed a picnic and swimming party at Ellison Springs on Tuesday night of last week.

Mrs. Marvin Truitt and daughter, of Stephenville, visited Mrs. H. J. Abernathy Friday.

W. E. Macdonald of Fort Worth was the guest of Mr. and Mrs. I. N. Williams Saturday.

On Saturday afternoon at 4 o'clock, June 13th, 1936, Miss Blanche Evelyn Rouse and Jesse Clark, of Desdemona, were united in marriage by Rev. Woods, pastor of the Church of Christ in Brady.

The bride had been visiting her sister, Mrs. H. C. Short at Menard, and her sister and brother-in-law and her mother accompanied the young couple to Brady. The happy couple left immediately for Tyler where the groom has a good position in a machine shop. The bride is the attractive daughter of Mr. and Mrs. M. H. Rouse and the groom is the son of Mr. and Mrs. E. Clark and was a member of the graduating class of Desdemona high school in May. The many friends of the young couple are wishing them much happiness and success.

W. C. Bedford was at Eastland Monday visiting the family of T. M. Johnson, who had passed away that morning after a lingering illness. The deceased was a nephew of Mr. Bedford, though only four years younger, and they had spent their childhood in the same neighborhood in North Alabama and came to Eastland in the early days.

Funeral services were held Tuesday and Mr. Bedford attended the sad rites.

Mrs. Style McEntire and little son, James Edward, left several days ago for Odessa, where Mr. McEntire is working. Her sister, Mrs. Donald Howell and three daughters, of Kilgore, are here with her mother, Mrs. J. E. Derick. Her many friends here are giving Mrs. Howell a hearty welcome.

**WPA Staff Meeting
Heard by Ciscoans**

A large number of WPA workers were present at the Cisco City Hall auditorium Saturday afternoon from 3 p. m. to 3:30 p. m. to listen to Administrator Harry L. Hopkins and others who spoke over a nation wide hook-up from Washington, D. C.

The staff meeting was in the nature of questions asked the WPA officials concerning the program to be followed during the coming year which was ably answered by Mr. Hopkins and his associates.

There are today two and one-half million workers working on WPA projects throughout the United States, 400,000 of whom are women working in sewing room projects. Total projects now being handled by the WPA number over 90,000 and the administrative cost is less than 4 per cent.

Projects to cover all classes of unemployed are being handled by the WPA staff with the majority being in the building of good roads and bridges throughout the United States on the lateral roads connecting with the main highways. Work such as this means a great deal to the communities in which such construction is now going on and also those projects which will be approved and completed during the following year. The WPA officials are willing and ready to do their part but it is up to the local officials throughout the country to fully realize the situation of the unemployed and prepare and submit these projects, which will not only give employment to their unemployed but be of great benefit to the communities.

Among those heard beside Mr. Hopkins and his staff was Governor Earl of Pennsylvania, Mayor Rossi of San Francisco, Aubrey Williams director of the National Youth Administration; Fannie Hurst, noted author; Henry Dennison; Chester Gray and others.

Anyone interested in becoming better acquainted with the WPA and its accomplishments can obtain a booklet covering same by writing the WPA, Washington, D. C. and booklet will be gladly forwarded.

The use of the City Hall auditorium by the City Officials was very much appreciated; also the John Garner Store for the use of one of their valuable stock radios.

UNVEILING OF MONUMENT IS IMPRESSIVE

In response to the request of Sovereign W. H. Hurd, deceased, that the Woodmen of the World bury him with appropriate ceremonies, the monument erected to his memory was unveiled Sunday afternoon at 1 o'clock in the presence of his immediate family, local and visiting campers, and hundreds of friends with ceremonies that were deeply impressive of the brotherhood and protective care of that ancient order for its departed members.

The Lobo band led the procession from Woodman Hall to Oakwood cemetery where Oculum Commander W. C. Clements explained the purpose of the program and Sovereign Henry Kunkel was master of ceremonies. Commander R. P. Miller of Dallas made the address. Frank Walker, George and Lory Boyd and Ernest Hutton sang an effective quartet.

The soft, sweet music of the Lobo band which played three numbers, and the rendition of Mrs. Fern Fields who gave the ceremonial poem were the subject of special comment by Mr. Miller said Deputy J. E. Proctor.

Members of the immediate family who were present were Mrs. W. H. Hurd, her three sons, C. W. Hurd, E. P. Hurd and W. C. Hurd of El Paso, a daughter, Mrs. C. C. Coffee, together with Mr. Coffee and the two grandsons, Wayne and Winslow Coffee, of Tahoka.

Cisco Projects Are Being Pushed Here

A car of steel was unloaded at the setting plant project at Lake Cisco Saturday said R. S. Green, in preparation for the concrete work to be poured as soon as the excavations are completed. A good foundation is expected at about 8 feet, he said and then the forms will be placed and the basins begun to take shape. The forms are about half completed and the rock crusher has been grinding away for some time with its part of the work.

Joe Clements announced that he has killed out about forty and beds that were trying to take up their abode at the city park. They were treated with sodium cyanide, 20 worth being sufficient to treat 40 beds.

Scrapers work on the west end of highway One through Cisco is progressing, said Engineer Schmidt, and rock being prepared against the time when it will be needed for road bed and curb work.

WE—Raise the body completely off the chassis with contact jacks which jacks contact the frame at the center.

WE—Pull the spring leaves back into their natural curl—we call it "Temporary Re-arching."

WE—Put the proper lubricants where the ACTUAL WEAR takes place—the highest points of friction.

WE—Do thorough lubrication, which means more than pumping grease through high pressure guns INTO OPEN CAVITIES.

WE—Perform 100% lubrication, apply grease while the car is in motion and while the weight of the body is on the MOTOSWAY.

WE—Locate that HIDDEN BODY SQUEAK! we detect impaired parts.

WE—Spread spring leaves to actually put lubricants between the leaves—not just smear on the outside.

WE—Free frozen shackles without the aid of a "Crow-Bar". The use of a "Crow-Bar" is DANGEROUS.

WE—Examine and refill shock absorbers which can only be done with MOTOSWAY. (Optional, at slight additional cost.)

WE—Lubricate "Knee-Action" cars. See it work. It's perfect while the parts are all in motion—"loading action."

WE—Lubricate the "Enclosed Springs." How else can you do it? Only with MOTO-SWAY.

WE—CHANGE YOUR OIL IN THE CRANKCASE WITH MOTOSWAY: all old oil and sediments come out thus keeping repair bills away.

WE—Make old cars ride like new ones, keep new ones riding like NEW!—We prove it.

WE—Challenge any other means of lubrication: the old stationary method has become obsolete. The MOTO-SWAY method is the only CORRECT WAY TO LUBRICATE YOUR CAR.

We are Giving you this Guaranteed and Certified Moto-Sway greasing and lubricating service at NO EXTRA COST.

VICTOR HUGO'S IN LOS ANGELES. The world of fashion calls Victor Hugo's charming Garden Room "Paris in Los Angeles!" And, as the diners pause to enjoy their Camels, Hugo says: "Our guests know fine tobacco. They have made Camels the outstanding favorite here."

ON THE RYDER CUP TEAM. Henry Picard (right) is rated the best golfer at full iron shots. "I know that Camels set you right!" he says. "Smoking Camels aids my digestion. And Camels never get on my nerves."

"YOU KNOW WHAT nervousness and eating fast can do to digestion," says Claire Huntington, public stenographer. "I find that smoking Camels makes food taste better and helps digestion."

Camels stimulate digestion in a pleasant, natural way . . . increase alkalinity

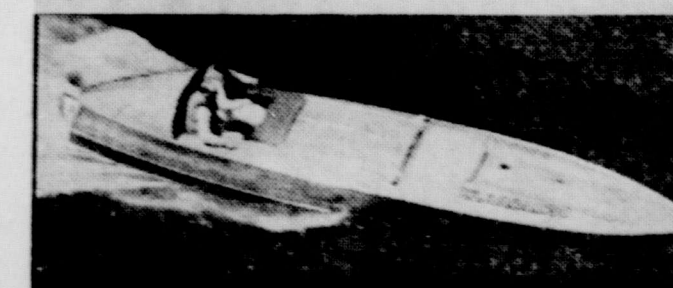

The human digestion responds unfavorably to nervousness and strain. It is definitely encouraged by smoking Camels.

Scientific studies show clearly the manner in which Camels aid digestion. Using sensitive apparatus, it is possible to measure accurately the increase in digestive fluids—alkaline digestive fluids—that follows the enjoyment of Camel's costlier tobaccos.

For a cheery "lift" and for digestion's sake, enjoy Camels. They never get on your nerves. They are gentle on your throat. You'll like the firmness of Camels too—no loose shreds annoy you.

COSTLIER TOBACCOS!

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

GOLD-CUP WINNER! George Reis won the trophy three times! "I'm a Camel smoker," says this outstanding speed-boat driver. "I eat heartily, smoke Camels, and enjoy that feeling of well-being that goes with good digestion. Camels set me right!"

MRS. WM. I. HOLLINGSWORTH, JR., popular Californian, well-known in New York and London society, says: "Camels are so mild. They please my taste and aid digestion."

Nance Motor Adds Lincoln Zepher Car

The Nance Motor company, who are taking on the dealership of the V-12 Lincoln-Zepher motor cars as an addition to the Ford sales and service, placed one of these fine cars at the disposal of H. L. Dyer, general chairman of the Lions convention, to be used during the Lions convention.

After expressing his appreciation of the courtesy extended, Mr. Dyer has this to say: "I used this fine car as a courtesy car for our high Lion officials who were the guests of Cisco during the convention and Lion District Governor C. P. Dodson, International Director Earl Tanner and others who rode in the car were profuse in their admiration of the Lincoln-Zepher for its ease of riding, nimbleness in traffic, perfect appointment of finish and perfect control at all speeds. There need be no hesitancy in recommending this splendid car to any one wanting an automobile for which there need never be any apology."

C. E. Alvis Visits In Cisco Saturday

C. E. Alvis, of the Garner-Alvis company at Gatesville and elsewhere, was in Cisco Saturday. Mr. Alvis is a very pleasant gentleman, a bundle of dynamic energy and a very successful merchant. He lived in Cisco a number of years and has many friends here who will remember him while a clerk in the Davis-Garner Department store.

Colored Committee Express Gratitude

The Cisco colored announced a good time at their June 19th celebration; no arguments nor troubles of any kind.

They desire to thank every one who assisted them in any way, especially the business men, the newspapers, the American Legion, the fire department, the police, Kizer's studio and friends everywhere.

The following committee had charge of arrangements: Eugene Melton, Dink Kuykendall, Doc Oliver, Jim Jenkins, George Haynes, Robert Mims and John Hood.

Cisco Business Man Secures Contracts

John Haynie, of the Oil Belt Flag and Decorating company of Cisco, who had the contract for decorating Cisco for the Lions convention, announces that his decorations for the Regatta at Brownwood will remain up for the state Lions assembly and that he has just secured the contracts to decorate for two occasions in New Mexico in August. One at Clovis and the other at Gallup—the State department of American Legion meeting and the Indian Tribal Ceremonial.

BILIOUS SPELLS

In bilious spells, one of the first things to do is to take a dose of Black-Draught to relieve the attending constipation. You can rely on Black-Draught whenever a laxative is needed.

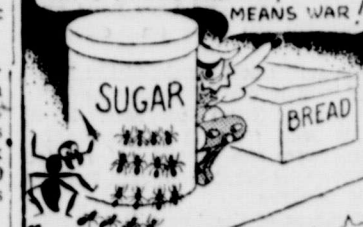

Mr. T. L. Austin of McAdenville, N. C., tells of having used Black-Draught for a long time. "There is a box full on my mantel, now," he writes. "I take it for biliousness. If I did not take it, the dullness and headache would put me out of business. It is the quickest medicine to relieve me."

Black-Draught is purely vegetable. It is one of the most economical laxatives. Sold in 25-cent packages containing 25 doses.

FORD V-8 ECONOMY MEANS HIGH "Dollar Mileage" [MORE MILES PER DOLLAR]

ONLY THE FORD V-8 GIVES YOU ALL OF THESE FEATURES

- 1 V-8 ENGINE PERFORMANCE WITH ECONOMY
- 2 SUPER-SAFETY MECHANICAL BRAKES
- 3 WELDED STEEL BODY—STEEL STRUCTURE AS WELL AS SURFACE
- 4 SAFETY GLASS ALL AROUND AT NO EXTRA CHARGE
- 5 CENTER-POISE RIDING COMFORT

NO MATTER how you classify your expenditures for car up-keep—it's your total expenditure that counts. How much "dollar mileage" is your car giving you?

Dollars do go farther in the Ford V-8. Modern improved carburetion gives you unusual gasoline mileage with brilliant V-8 performance. Most owners of today's Ford change oil only at 2000-mile intervals and never add a drop between changes. And after the first

few thousand miles you know what Ford V-8 "dollar mileage" really means.

It gives you more miles per dollar because it gives you all-round economy—low first cost, low up-keep cost, low depreciation and long life—as well as low gasoline and oil consumption. All these help to make the Ford V-8 the most economical car.

Teo Filo Garcia in Starr County Wins First Bale Prize

McALLEN, June 22 — (U.P.) — A race to produce the world's first bale of 1936 cotton apparently was won by Starr County, Texas, today for the fifth time in seven years.

A bale grown on the farm of Teo Filo Garcia, in southeastern Starr county was given here at noon and sent hurriedly to Corpus Christi cotton exchange where a cash prize of \$500 was offered for the first bale. It weighed 478 pounds and was classed as middling. Garcia has produced the first bale in two previous years.

Recruiting Station Moved to Dallas

The Marine Corps announces the opening of the District Headquarters Recruiting Station, Dallas, Texas.

All applications for enlistment in the marine corps from Texas and Oklahoma on record at the recruiting station, New Orleans, La., have been transferred to this station for the convenience of applicants in this district, and men enlisting at this office will be transferred to the marine corps base, San Diego, California, for a short period of training.

Any further information relative to the marine corps, and duties of a marine ashore and afloat, both at home and on foreign station will be furnished by the officer in charge, Recruiting District of Dallas, Room No. 822, Allen Building, 1700 Commerce Street, Dallas, Texas on request.

COURT DENIES ADVANCEMENT OF BEER SUIT

The Eleventh Court of Civil Appeals overruled a motion for the advancement of a suit by which drys seek a court order restraining County Judge Clyde L. Garrett from hearing applications for permits to retail beer.

The court's ruling, in an opinion written by all justices, was based on the lack of statutory authorizing the court to advance the case.

The case, an appeal from 91st district court which dissolved a temporary order restraining Judge Garrett from issuing licenses, was filed after commissioners court declared results favoring the sale of 14 per cent alcoholic beverages.

The opinion of the court was as follows:

"On this the 19th day of June, A. D. 1936, came on to be heard the motion of appellants, Joe J. Mickie and others, to advance the date of submission of the above entitled and numbered cause and set same for submission on July 3, 1936, and the motion having carefully considered by this court, the same is overruled for the following reason:

"It appears from the motion and the record that the same is an appeal from a judgment refusing a permanent injunction after trial on the merits, and it is therefore not subject to advancement. If, however, the appeal is properly to be construed as one from the refusal of the district judge to grant a temporary injunction, or dissolution of the cause, the allegations of the motion to advance clearly show that the subject matter of the appeal or question involved insofar as the

temporary injunction feature is concerned has become moot. In either event there is no statutory authority authorizing this court to advance the case over other causes filed prior thereto. The motion is overruled.

BLAME FOR HEADACHE

LONDON, Ont. — (U.P.) — The "morning after" headache is caused by spinal fluid, Dr. J. Milton Robb, of Detroit, told the Ontario Medical Association at its annual meeting here. He said alcohol promotes the secretion of the fluid, and either too much of it, or too little, causes headaches.

COMMITTEE GLAD TO DISBAND

LOS ANGELES — (U.P.) — A Citizens' Advisory Committee of 15 members, appointed by the county supervisors, to deal with the problem of rehabilitation, never met but one unanimous vote. It was on a motion to disband.

FIFTY HIVES OF BEES UPSET

TULARE, Cal. — (U.P.) — Residents of the Paige district insist they already have experienced their first "air raid." Fifty hives of bees were knocked off a truck in an automobile collision.

COWBOY RIDES DOWN COYOTE
MILES RIVER, Mont. — (U.P.) — The latest test for a cowboy is his ability in the saddle to run down a coyote and knock it over with a rock from his hand. Cowboy Helder Tom is the first to claim the state bounty for a coyote killed in this manner.

MILLIONS OF CRICKETS TO DIE

RENO — (U.P.) — Officials estimate 40 car loads of crickets will be killed in a statewide drive against the pests. The crickets are lured up against a 20 mile iron fence which forces them into especially dug holes where they are either incinerated or given earth burial.

MOSQUITO-LESS LAKE FOUND

WATROUS, Saska. — (U.P.) — A mosquito-less lake has been found in the provincial park near here. The lake contains mineral salts and the mosquitos avoid it.

Breck Scouts Win In Meeting Friday

BRECKENRIDGE, June 22.—An enthusiastic group of Boy Scouts and Scouters numbering one hundred and twenty-five, gathered Friday night at the high school football stadium, under the big lights to participate in the quarter rally of the northern district. The local Scout troops numbering seven were the host troops to out-of-town Boy Scouts from Eastland county.

J. A. Bates, chairman of outdoor and camping activities, welcomed the visitors to Breckenridge, and wished them well in their contests. Guy N. Quirk, executive from Brownwood was in charge of the rally, aided by Commissioner Russell Jones.

Troop No. 18 won the rally, with Troops No. 31 and No. 17 placing second and third, respectively, all from Breckenridge.

The contests include signal towers, first aid, drilling, potato race, three-legged race, fire by flint and steel, and fire by friction. Points were given for the best uniformed troop and for the troop having duly accredited registration cards. Scout Cary West won the essay contest for the best fifty word essay on "Why I like to attend the Boy Scout Camp at Billy Gibbons Ranch."

After the contests games were participated in and "stunts" were put on by the boys. Refreshments of ice cream were served before the dismissal.

Through the courtesy of the Bowen Drug company, who furnished a radio for the occasion, the big fight was heard during a recess in the rally.

At the close of the rally taps were sung as the Scouts and visitors joined hands. This closing ceremony was followed by the Scout benediction.

All Scouts voted it a big occasion, according to Mr. Bates, and the next rally is scheduled for after summer camp.

Memorial to Wm. Eastland Erected

A marker to the memory of William Mosby Eastland, San Jacinto hero for whom this county was named, has been erected by the state highway department seven-tenths of a mile off the Bankhead highway west of Eastland.

A metallic tablet rests on native Texas stone which is embedded in concrete in a square. Facing the highway is a circle disk in the center of which is a star. On the rim of the disk are the words, "Texas Highway Department, 1936."

The work is one of many authorized by Texas in the observance of the Centennial.

On the bronze tablet are the

words: "Eastland County, Formed from Young and Bexar territory. Created Feb. 1, 1858. Organized Dec. 2, 1873. Named in Honor Captain Mosby Eastland, 1806-1843. Hero of San Jacinto. Member of the Mier Expedition, who Drew the First Black Bean at Salado, Mexico, and Executed on March 25, 1843, Eastland, the County Seat."

Give New Meaning To Word Vacation

CHICAGO, Ill., June 22.—According to Webster the word vacation means "the act of vacating—free from thought and action." The Western Railroads, however, have elaborated upon the dictionary's description of this all-to-brief holiday, which the American public so eagerly anticipates each year, and have given the word a new meaning. They have dressed up "Miss Vacation of 1936" in attractive and modern clothing, and have put her outmoded sister of yesterday to shame.

After riding over seemingly endless stretches of hot, arid, cinder and smoke filled stretches of plains and prairie—"broiling" through intolerable heat waves, only to be uncomfortably "chilled" upon sudden ascent to higher regions, the hour yesterday's vacationist usually needed a "rest cure" upon his return home.

The railroads of the West have definitely changed this picture, and today Mr. and Mrs. America's vacation begins the moment they step on the train. No more "cinder eyes." No more dread of heat waves and stuffy atmosphere. Air-conditioning insures pure air at the right temperature at all seasons of the year, ending the former association of "banana fumes and parlor cars." Mildly may wear her newest and daintiest traveling frocks this summer with the confident assurance that she will end her trip with the same immaculate trimness in appearance as when she began it.

The cool comfort of air-conditioned rail travel, however, is only one of the many attractions "Miss Vacation of 1936" offers. Western Railroad travelers. The interiors of today's railway coaches surpass even the most luxurious dreams of yesterday's traveler. New color schemes the "last word" in modern as well as a comfortable furniture, and soothing scientific lighting—in fact, all the conveniences of the ultra modern home are part of the standard equipment of Western railroads. Swift streamlined transportation—rapid time schedules—traveling time cut in half—lower fares—planned circle tours—it's easy to understand why the American public has become "railroad minded."

About Our Friends

By STEVE A. LONG

V. Clark having his service truck painted red with name and emblem by Harry Schaefer that makes it look like a fire truck... W. H. Hayes driving on the sidewalk to have a sign posted on his little car... W. R. down town enjoying his ride...

G. Rupe, Henry Stubblefield, Chief Perdue exchanging with B. Cate at the chamber of commerce... J. J. Burnett says he is late but in plenty of time... A. G. Tuttle attending a meeting in Breckenridge... C. Pern getting some red ink... for Miss Eula Howell... Elliott very friendly... Con... Davis getting an early morning drink... L. C. Moore wants to make it another...

S. Nabors says the lazy man is the only one who ever invented anything... uses his brain instead of his hands... R. H. Boon and Howard cleaning things up at store... J. T. Elliott has ideas... Dr. Griffin with a new pair of glasses... E. D. Roan getting the cool air at the front... Glenn very busy... Mrs. Nick Miller shopping... Homer Ferguson shopping... Mrs. J. E. Caffrey also shopping...

Mickey Carroll and J. C. Donica sitting... Carl Beard up the street... Ed Huestis at the bank...

There is an element of sadness attached to the bonus check of \$100 to everyone. While the money gives ability to have some necessities and luxuries long desired in many cases, yet it revives memories that many would fain forget. Opportunities sacrificed, with wrecked, buddies left across the sea... But there should be a sting in every breast of pride for the flag that those boys carried into dangers that were terrible, but they brought it back unblemished by defeat or acts of cowardice... It waves as the champion of freedom from the heel of a tyrant... some may have been taken in just what they were fighting for, but they all know they are upholding that flag, undented.

Now here is an echo from the hunting season and J. D. Underdale admits that he needs the wild denizens of the waste place cleared from his lot... His neighbors on both east and west are all their refuse on his hold... making them harbors for dangerous game... Mrs. John Metzger shopping... Mrs. H. R. Garrett reported better... Miss Ann Chamberlain driving around... Mrs. Ralph Garrett driving by... J. Leach and K. H. Pittard riding another session of their friendly arguments... George Boyd and Sterling Drumwright trying to W. H. Hayes' new car... Hayes tells them they must give a little gas...

Wonder why Cisco doesn't try using a trades day?... Breckenridge and Ranger are finding it profitable and they admit they are pulling lots of Cisco people through the effort of a trades day... Eastland and Moran find worthwhile and merchants are taxed over 3 of one per cent the effort... The Jaycees should be up the matter tonight...

URGES FULL ATTENDANCE MARFA MEET

FORT WORTH, June 25 — (U.P.) — Worried over several situations which threatened to depress the Texas livestock market, chief industry of the state, H. P. McGill of Alice, President of the Texas and Southwestern Cattle Raisers association, today issued a letter urging full attendance at the quarterly executive committee meeting at Marfa July 10.

In his letter to members, the south Texas cattleman called particular attention to an invasion by foreign markets, notably that of the Argentine.
"The heavy importations of cattle and canned meats are seriously depressing our market," he said. "The proposed Argentine treaty was not acted upon by the last congress, but the proponents of this measure will still continue to push it vigorously."
Under present regulation, importation of cattle from any country in which hoof and mouth disease is prevalent in any section of the country is forbidden.
The new treaty, if and when approved, would allow importation from that section of the Argentine which is not infected, which in the present case is Patagonia.

The Texas and Southwestern association is strongly opposed to the measure. Aside from the harm it would bring to domestic markets, the association feels there would be little to prevent shipment of its Texas cattle out of the Argentine by way of Patagonia.

Rotarians Enjoy Magician Program

R. L. Ponsler presented Sigmor Magician to the Rotarians today in a program of mystifying tricks which called for laughs and bewildered looks as the entertainer first showed things were there and then showed them they were not. The program was received heartily.

Mr. Ponsler made an announcement concerning the Thomas A. Edison Foundation and the drive which would be made to secure Cisco's quota for the memorial.

FUNERAL HELD IN CISCO FOR MRS. SCHWAB

Burial services will be held this afternoon for Mrs. Merle Schwab, niece of Mr. and Mrs. C. O. Pass, who died Tuesday, June 23, at 10 a. m. at her home in Dallas.

The cortege will arrive on the 3:33 p. m. Sunshine and services will be held immediately after arrival. Rev. M. H. Applewhite will conduct the service and Neil Lane Funeral home has charge of the body.

Mrs. Schwab will be remembered here as Miss Merle Pass, having lived in Cisco and attended public schools through the year of 1924. She was 30 years old and had been married only two months. Survivors are: her husband, Mrs. R. C. Pass and W. M. Pass of Denton; D. A. Pass of Longview, and Mr. and Mrs. C. O. Pass of Cisco.

Funeral services are: Roy Huffmyer, O. D. Kean, Whiteman Moore, John Holder, G. P. Rainbolt, and C. E. Aycock.

SEARCH FOR AXE SLAYERS TO CONTINUE

JOHNSON CITY, Tex., June 25 — (U.P.) — Officers of Blanco and Travis counties today began a search for the slayers of Mrs. Ernest Herwig and her nine year old son who were found apparent victims of an axe killing at their home near Mountain View.

The bodies were discovered by her husband when he returned home from work late last night. The rural telephone had been jerked from the wall and he went to Mountain View to notify officers.

State Rangers said they had sent no one into the hill country on the case, not having been requested by local officers for assistance.

An arrest was believed to be imminent. After an all night search for the weapon, officers continued their hunt by daylight.

The boy, son of Mrs. Herwig by a former marriage, was named Max Reebuck.

Both Mr. and Mrs. Herwig had been married before. He had two daughters. They were working with him in the field.

Evidence of a struggle and attempted flight were found by officers. Mrs. Herwig's one slipper was off and found at considerable distance from her body.

The house is a small cottage on Miller Creek about ten miles from here.

Tickets for Humble Banquet Go Rapidly

Ticket sales for the dinner to honor the Humble officials at the Laguna, 12:15 Saturday, have been going rather brisk, the committee announces. They expect to have at least 100 present, including some twenty Humble officials.

Cisco and Humble organization have always had the closest relation and the Chamber of Commerce chooses this method to do them honor on the occasion of their picnic here, by having Cisco business men meet these people around the banquet board and renew the pledge of friendship manifested through the years. Those desiring tickets may get them at the Chamber of Commerce.

Rex Carrothers has charge of arrangements for the Humble assemblage here Saturday.

All's Good Cheer in Democratic High Command

GOV. LANDON WELCOMED BY BOTH PARTIES

DENVER, Colo., June 25 — (U.P.) — Alf Landon, governor of Kansas and Republican presidential nominee, arrived in Colorado today and was given a rousing welcome. Republican and democratic party leaders and state officials rubbed shoulders with each other as they greeted the governor.

Landon declined to discuss issues of the coming campaign.

"Those matters will be discussed when the campaign starts. I have come to Colorado for a vacation and I am going to spend it in a flannel shirt and high boots."

"If I want to carry Colorado I suppose I will have to use flies when I fish. I like to fish with bait, but I know that Colorado fishermen use flies, so I am going to be a Colorado fisherman," he said.

Irvin Nicholson Dies Wednesday

Funeral arrangements for Irvin Nicholson, carpenter, who died suddenly Wednesday afternoon after he had eaten his lunch and was preparing to resume work, have not been completed, pending arrivals of members of the family, it was announced today.

Mr. Nicholson was the carpenter for the J. F. Alsop home being built out on highway One and had eaten lunch and he and Bill Alsop, were preparing to resume work on the building for the afternoon when Mr. Nicholson collapsed on the shoulder of Bill and ceased breathing almost immediately. Bill and a Mr. Lenz brought him to the sanatorium but he was already dead when they arrived with the body.

The Daily News was ready to go to press yesterday when news of the death came, and it was reported erroneously that he died at home, but it is stated he had worked on the building during the morning and was preparing to resume work for the afternoon when death came from heart failure.

He is survived by Mrs. Nicholson, two daughters, Miss Mary Nicholson, Fort Worth, Mrs. Fight, Breckenridge, and a son in California. The body is at Green's funeral home, pending funeral arrangements.

Texas Tennis Champ Beats Belgium Man

WIMBLETON, Eng., June 25 — (U.P.) — Wilmer Allison of Texas, American champion, advanced to the fourth round of the men's single in the All England tennis championships today after a hard fight with a Belgian.

Allison defeated the young Belgian 6-6, 7-5, 7-5.

CONVICT PAIR MAKE ESCAPE ON HORSEBACK

MEXIA, June 25 — (U.P.) — State and local officers abandoned today the search for Forrest Gibson and Luke Trammell, fugitive convict killers, convinced that they would have to wait further movements of the pair.

A horse stolen Tuesday from a farmer near Oleta was found tied to the barn of a farmer at Round Prairie, Robertson county, yesterday, but the farmer told possumen he had not seen the two convicts.

Prison bloodhounds were too exhausted for further use at present. The pursuers said it was useless to continue the chase in the central Texas area so well known to Gibson, who was reared there.

Bank Robbers Treat Girls Courteously

ATTICA, Kan., June 25 — (U.P.) — Two girls kidnapped yesterday by four men who robbed the Attica State bank, said today they were treated "courteously" during the short time they were in the robbers' custody.

CISCO PREPARES FOR JULY 4; ALL STORES TO REMAIN OPEN

The attractions for the Fourth of July political speaking schedule, not yet completed, will be the announcements of Thomas L. Blanton and Clyde Garrett, candidates for congress from the 17th district, Mr. Blanton for re-election, and Mr. Garrett contestant for the place. It is understood that there will be no debate but separate speeches, hours not yet arranged for.

There will be time allowed for all county and district candidate announcements, during the day from the speakers stand in the park, during Cisco's big July 4 celebration.

The general committee will have a general meeting at the Chamber of Commerce tonight, when details will be arranged for.

SPEECH SHORT IN ROOSEVELT ACCEPTANCE

WASHINGTON, June 25 — (U.P.) — President Roosevelt's speech of acceptance at the democratic national convention Saturday night will be short and snappy, the whitehouse revealed today.

In contrast to the lengthy political oration at the convention of the two major parties, the President will accept the democratic nomination and possibly justify the act of his administration, give an insight into his future program, and make his re-election appeal — all in 2,000 words.

The address, it was understood, will require about 25 minutes. It will be delivered at Franklin field, Philadelphia, at the conclusion of the acceptance speech of Vice President John Garner.

Cisco to Play Ball With Mineral Wells

The Cisco baseball team will play the strong Mineral Wells team here Saturday and Sunday, it was reported today.

Charles Morman will do the pitching and Steve Ballenger will catch for the Resorators.

Cisco's lineup is as follows: Van Horn, Phippen, Harris, Thornton, Philpott, Barnhill, Owens, Henson, Rylic, Dick and Sublett.

The Saturday game will be played at Chesley field at 2 p. m. the Sunday game will be played at 3 p. m.

Henson and Rylic will pitch and Owen will catch for the home boys.

(Copyright 1936 by United Press.)
CONVENTION HALL, Philadelphia, June 25 — (U.P.) — Senator Joseph P. Robinson assumed the helm of the democratic national convention today, steering it toward settlement of its two controversial issues — the 1936 platform, and abolition of the two-thirds rule for choosing the nominees.

Robinson was unanimously acclaimed chairman, after delayed submission of the credentials committee voted 36-13 to recommend to the convention substitution of majority rule for the ancient two-thirds requirement.

From cloistered platform drafters issued the word that agreements had come to put new teeth in the proposed monopoly plank and that compromise was near on the ticklish subject of a constitutional amendment for regulation of labor, wages and hours.

The wages and hours question was thrust into prominence by the national young democrats movement to reconsider his decision against running for re-election.

The first and possibly the only floor debate of the session was expected late today when the rules committee report is presented on the two-thirds rule. Southern representatives seeking to retain their 104 year old veto power over the presidential choice, promised to carry their fight to the floor after their defeat.

The session was brief today on the part of the credentials committee, lasting only about 33 minutes. A recess was taken until tonight by the convention, when the rules and resolution reports are expected to be ready for presentation.

Barrow Captors are Trailing Convicts

AUSTIN, June 25 — (U.P.) — State Ranger Mannie Gault, who, with Frank Hamer successfully trailed the late Clyde Barrow and Bonnie Parker, today took up the hunt for Forrest Gibson and Luke Trammell, convicts, who escaped from Retrieve prison farm when a guard was killed.

Two other rangers went with Gault to east Texas where the men were last reported.

Senator Sanderford Files Expense Item

AUSTIN, June 25 — (U.P.) — Senator Roy Sanderford, candidate for governor, today filed his first campaign expense account.

It shows expenses to date of \$4,892,000, the biggest item of which was \$1,077 for sound truck equipment.

Sanderford was the only constitutional officer who had filed a statement at noon.

Time for the first required statement began today and ends July 1st.

Penalty for failure is suit to keep the nominee's name off the general election ballot.

McCORMICK TO TAKE TRAINING FOR AIRCRAFT

Herbert McCormick, 18 year old son of Mr. and Mrs. H. E. McCormick, left this morning for Kansas City after receiving word to come from Colonel Clarence Chamberlain noted flyer, founder and owner of the Chamberlain Air Lines.

Young McCormick attended school at Abilene where he completed high school work. During spare hours he did mechanic work at the Abilene Air Port. At that time he had the privilege of a personal interview with Mr. Chamberlain who also witnessed mechanic work done by the boy. Mr. Chamberlain was so impressed with the youth that he is going to supervise his mechanical training and sponsor his educational work in aircraft.

The Critical Mind is Valuable

Pres. Tyler Dennett of Williams college looks at the increasing complexity of world affairs with a critical eye. In fact, he admits he is a crank on criticism. He holds it to be the safeguard of democracy in a torn humanity.

In a recent commencement address, the Massachusetts educator asserted that "criticism is to the intellectual and spiritual life of a people what seed selection is to a farmer and the material welfare of the race." And he urged that the critical attitude be developed in every student.

Dr. Dennett strikes a vital note. He would defend our democratic state through development of a keen critical sense in the electorate—an attitude which would help them debunk propaganda and smell out dictatorship in the making. Certainly no faculty could be more important.

Storm Warnings' Value

Nowadays, with scientific weather observation, the people of a coastal section are able to keep up hourly with the progress of a tropical storm threatening them, as the Texas coast is threatened every year.

The progress made in this field in a third of a century alone offers protection against any such holocaust as the Galveston storm of 1900.

It also protects coastal cities from the indirect damage of a stampede in fear of a storm that doesn't come, as well as giving the safety of a margin of time to prepare for the one that materializes.

Big Spring Stages First Annual Show

J. D. Farr, formerly of the Laguna but now of Big Spring, was in Cisco Wednesday advertising the First Annual Water Carnival for his city, which is to be celebrated July 4.

He is distributing literature telling about the bathing revue to be held for West Texas beauties. They are advertising golf, tennis, soft ball, croquet tournaments, pistol and gun shoots, swimming and diving contests, political rally and old timers reunion. A fiddler's contest is to be staged. Professional wrestlers are to be present and battle for those who enjoy the rougher sports.
