County Second War Loan Bond Sales $112,864.50

Texas National Farm Loan Associations to Organize

State Wide Meet at Fort Worth May 4

Associations of the Panhandle Organized At Pampa April 15

F. B. Sumpter, secretary of the Ochiltree and Lipscomb counties National Farm Loan Associations, ize al the county associations of Texas into a single group. Mr. Sumpter and the associations of the Panhandle have called a state wide meeting to convene in Fort Worth at 10 a. m., Tuesday, May 4. The organization meeting will be held at the Texas Hotel.

The National Farm Loan Associations of the Panhandle were organized in the district conference held at Pampa, April 15. The Pampa meeting was called by Mr. Sumpter and the directors of the Ochiltree and Libscomb associations.

Th movement to organize a state wide group of farm loan associations was started at a meeting of the stockholders of the Ochiltree association held in Perryton last fall. At that time, a bill was pending in Congress which the members felt would work a hardship on the farm borrowers and asociations of the United States, especially those in Texas where the Federal Land Bank of Houston has over thirty millions dollars in legal reserve and surplus which would be effected.

The legislation provided for retiring the stock of the associations in cash and also provided for reducing the interest rate of 3¼ per cent, but it stipulated that anyone who received the benefits of the interest reduction would have to leave the proceeds of their stock retirement with the bank and the cost of the interest reduction would be deducted from the proceeds.

The par value of association stock is $5 per share, while the book value of such stock in Texas is in excess of $19 per share, and surely the borrowers who helped accumulate this surplus should receive more than par for their stock, should the stock be retired.

These asociaions feel that the bank should be permitted to pay dividends on stock, as was intended. They also feel that the Federal Land Bank system taken as a whole, has been a success and that there is a move to take most of the control from the local boards of directors and that the associations should be organized in order to study such bills and ask for such amendments as they may deem necessary.

No School Friday Easter Holiday

Th Perryton Public Schools will be closed Friday, April 23, for the annual Easter holiday. School will open as usual Monday morning.

"Pup" Sale Nets $45 For Red Cross Fund

The Ochiltree County Red Cross Chapter was $45 better off Tuesday as the result of three pups owned by Rex Clark's boys. The boys took the three little pups to the Perryton Sales Co. community sale and asked Kenneth Munger to sell them and give the proceeds to the Red Cross. Mr. Munger had his auctioneer, Onas Littleton, put up the first pup. Munger bought it himself for $15 and put it back on the block. This time it sold to J. O. Carter for $10. The other two pups were sold to T. O. Pugh and Gordon Wright, each bringing $10. Result of the Clark boys' and the buyers' patriotism, $45 for the Red Cross.

Eleven More Youths Called To Service

Eeven more Ochiltree county young men will leave Wednesday, April 28 for service in the armed forces of the United States. They are Harvey Willard Wilson, Melvin Eugene Gilbert, Robert Jean Chase, Alvi Lee Vermillion, Gordon Dewayne Lewis, Howard Ray Kinder, Elmer Clayton Schollenbarger, Irvin Lee Williams, Arthur Marion Schroder, Joe Books McClung and Joseph Henry Cox.

Harold Cleo Petty, who was included in his call, transferred to Dalhart. He will go from that place.

Joe McClung was in charge of the above group that left Perryton Tuesday, April 20, to take physical examinations at Lubbock. There were no rejections.

Tuesday Sale Hits $25,000

To those who think that fresh beef and pork is too high, we advise a trip any Tuesday afternoon to the sales ring of the Perryton Sales Co. When you see little pigs sell for four and five dollars, calves from $25 to $40 and ordinary milk cows well over $125, hogs going for a top of $13.80, cows for a top of $11.50 and steers going as high as $15.10, you readily understand the high cost of eating.

Kenneth Munger, owner of the sales ring, stated that over $25,000 worth of live stock went through the ring Tuesday afternoon.

The Perryton sale has developed into one of the Southwest's best live stock markets. Under the fair and courteous service accorded both seller and buyer by Munger and his associates, the Perryton sale is reaching out in every direction.

Petit Jury for Second Week District Court

Grand Jury is Dismissed Without Hearing a Witness

When District Judge Jack Allen dismissed the grand jury before noon Monday, the opening day of the spring term of the 84th Judicial Court, an all time record for Ochiltree county grand juries was established. This grand jury did not hear a witness or consider a single bit of evidence. J. S. Talley, Ochiltree county sheriff for the past 35 years, says that this has never happenped since he has been in office and that he is sure that there was never such a short grand jury session since the county was organized in 1889.

Members of the grand jury were: E. B. Gyger, foreman; Harry Bishop, S. L. Brillhart, H. L. Brummett, G. M. Cooper, Claud Crouch, C. R. Cudd, George Dietrich, B. L. Hurter, Chas. Kent, Andrew Milledge, and H. T. Gasgow.

Judge Allen is hearing non-jury cases this week. Among the cases disposed of this week were two divorces: Alta Schell granted from Lavern Schell and maiden name, Alta Todd, restored; Nellie Coe vs Obia A. Coe, divorce granted and maiden name, Nellie Anderson, restored.

Petit jury panel for the second and third weeks of the term have been summoned.

Second Week Jurors

The following men have been called for petit jury service the second week of the term. They will report Monday, April 26, 10 a. m.: J. T. Weldon, Harry Nail, Ray Thomas, J. T. Trew, R. W. Leatherman, J. D. Mayberry, J. W. Sammons, Homer Gurley, C. W. King, R. O. Burger, A. C. Dial, S. S. Dodson, D. P. Unruh, W. H. Dutcher, T. O. Pugh, J. Q. Davis, C. O. Peterson, J. R. Thomas, J. W. Daniel, Clem Flowers, Roger Pearson, Virby Conley, Wade Depew, George Clennen, Miles Edwards, T. M. Osborn, Cecil Dodd, Roy O. Johnson, Robert Thurman, Jim Dodson, L. T. Wright, C. A. Zirkle, Ralph Hale, Paul Corbin, J. A. King, O. C. Rogers, A. M. Diehl, Dan Manning, Trulen Gooch, J. H. Kershaw.

Equity Annual Meet May 3

The annual stockholders meeting of the Perryton Equity Exchange will be held at the Ellis Theatre, Monday, May 3, 10 a. m., according to an announcement made this week by Aldon Bell, general manager.

The stockholders will vote on the question of authorizing an increase in the capital stock. Statement of policies for the future will be discused at the meeting.

Farmers Advised to Use Profits of War Operations to Provide Security for Future

U. S. Treasury Department — Courtesy Detroit Free Press

WASHINGTON, D. C., April 20—"Victory must be planted like any crop and it takes many tools to cultivate it, too," Henry Morgenthau, Jr., Secretary of the Treasury, said today in urging American farmers to support the Second War Loan Drive by investing to the limit of their ability in War Bonds and other government securities.

"Your Government needs money to put this crop in and it asks that you lend it your money for this purpose. Through buying War Bonds farmers will back up their sons in the fighting forces by providing funds for the purchase of planes, ships, guns and munitions. At the same time farmers will be making the best investment in future security for themselves.

"The most effective way of avoiding the disastrous results of inflation and deflation to agriculture is through using the increased farm incomes of this war period to get debts in shape and to build financial reserves in War Bonds," he said.

Bonds Are Provident

Secretary Morgenthau was joined by national agricultural leaders in urging farm people to support the April drive by investing the maximum in government securities.

"I know farming people," said Chester C. Davis, Food Administrator. "I am certain they will move in great numbers to shorten this war, to strengthen our national future and their own, by buying War Bonds and other government securities in this second War Loan Drive."

"Wars must be paid for not only during the fighting period but for years afterward," declared Vice-president Henry A. Wallace. "It is not only patriotic; it is extremely provident to invest in War Bonds and other government securities during the Second War Loan Drive."

Claude R. Wickard, Secretary of Agriculture, summed it up this way: "Patriotism and sensible personal planning combine to make an investment in War Bonds and other government securities during the Second War Loan Drive the best possible form of financial reserve for farm people.

W. I. Myers, head of agricultural economics at Cornell University, and a consultant on farm matters for the War Savings Staff, said, "The financial welfare of farm people in the next 20 years depends to a great extent on the wise utilization of the higher farm incomes of the present war period.

Financial Reserve

"After debts have been reduced to

Commandery Easter Day Services

Sir Knight William E. Fisher to Deliver Easter Sermon

For the second time in two years Knights Templar of the Canadian Commandery are coming to Perryton for their annual Easter Day service. The services will be held at the Methodist Church at 8:30 p. m. with Sir Knight William E. Fisher delivering the sermon. Included in the area under the jurisdiction of the Canadian Commandery is Gray, Roberts, Hemphill, Lipscomb and Ochltree counties.

W. H. Lance, past commander of the Canadian Commandery, will preside at the service. Special music by the High School Choral Club under the direction of Miss Elizabeth Jameson, and vocal solos by Mrs. Sam Fort and Lawrence Ellzey.

Easter Services Methodist Church

Easter is being observed at the Methodist church with customary Sunday school programs, floral decoration, Easter anthems and a series of Easter sermons.

Friday night at 8:30 the Church will observe Good Friday with a candle light service and the sacrament of the Lord's supper in commemoration of the crucifixion of Christ. A good attendance is anticipated.

Easter Sunday festivities will begin with a program in the closing assembly of the Sunday School, which open at 9:45 a. m. Parents are asked to be on time for the opening with all the family. There will be classes for all age groups. At the 11 o'clock, hour the following order of services will be observed, with Mrs. R. P. Hurn, director of the choir, Mrs. Louis Jacquot, pianist, and Rev. William E. Fisher, bringing the Sermon.

Prelude, "Worship of God in Nature" — Bethoven; processional, "Holy, Holy, Holy"; opening sentence, Choir, "Finlandia"; hymn, congregation, "Christ The Lord is Risen Today, Allelujah!"—Charles Wesley; call to worship; prayer, in unison; silent prayer for boys and girls in service of our County; words of assurance by the minister; The Lord's Prayer; prayer response, "Hear Our Prayer", choir; Easter anthem (by choir,) "He Lives Again" — Holton, with tenor solo, Rufus Bolerjack; responsive reading; Gloria Patri; New Testament

See No. 2, Back Page

JUST HERE and THERE

Frank Schofield, War Bond Administrator for Texas, releases the information that Texas exceeded by 10.2 per cent the assigned quota. March was one of the three largest months since War Bond sales started. December 1942 and January 1943 were the two high months.

Ochiltree county has about $90,000 more to go before the Second War Loan quota of $199,000 for April. While sales to date in the county total $113,000 the number of sales is disappointing.

In other words there are not enough purchases of bonds of small denominations. Every single person that has the money should buy bonds, even though they are able to buy but a single $25 bond.

The government is anxious that small investors buy War Bonds for their own security in the time of depression that is sure to come after the boom days of war. Of the $10,000,000,000 of bonds sold to date in the Second War Loan, only $403,000,000 were Series E, F and G, the little man's bond.

Here's some dope on the war that we've picked up here and there. It comes from reliable sources in Washington that we've found to be pretty good prophets of things to come.

Ration Book No. 3 won't be put out until June of July. It will be mailed. Clothing won't be rationed this year unless buying booms again.

Rationing of tansportation facilities, freight and passenger, may have to be applied by midsummer.

Men 38 and over will not get any more discharges from Army for age. Army may release them but will keep strings on them.

Fourth term nomination for Roosevelt is almost taken in Washington for granted.

The opinion is that Germany will be whipped sometime in 1944 and that it will take about a year to finish off Japan.

The "New Deal" is gradually fading out of the picture and the trend is back towad private initiative private enterprise, private profit . . . the system known as capitalism.

There will not be a swing back to high and mighty capitalistic days of the '20's. Many of the basic reforms of the New Deal will

See No. 1, Back Page

Nine More Days to Sell $86,000 War Bonds to Meet County's Quota of $199,000 for April

With $112,864.50 paid in for United States War Bonds with a maturity value of $136,300, Ochiltree county is a little over $86,000 short of the $199,000 assigned as the county's quota for the Second War Loan, April 12 to May 1. This total was at the close of business Tuesday. As the banks were closed Wednesday for the San Jacinto Day holiday, no bonds were issued.

Nine more days to go and $86,000 to raise! Ten thousand dollars worth of bonds at issue price each of the remaining days of the month will reach the quota. Carl Ellis, W. B. LaMaster and Van W. Stewart, co-chairmen of the campaign, are calling upon every citizen to do their part. The county-wide committee is doing excellent work but it is impossible for them to see everybody. You do not have to be solicited to buy bonds. It's your duty to go to your bank or post office and lend your money to your government in this hour of need. No sacrifice you make in loaning your money can compare to the sacrifice our boys are making. They give their lives! You lend your money!

There was almost a one hundred per cent response on the part of the county-wide committee of 75 men and women appointed as War Bond solicitors. Much enthusiasm was manifested at the kick-off meeting at the Legion Hall last Friday evening.

Judge Allen to Speak at Open Forum Meet

"The Post War" is Theme of Monthly Meeting for Public

"Our Post War Responsibilities" will be the subject of the address by Judge Jack Allen at the monthly open forum meeting next Wednesday night, sponsored by the pastors of the Perryton area. This is the second of a series of the meetings that will be held on the last Wednesday evening in each month at the courthouse.

The meeting will be preceded by a concert by the Perryton Ranger Band who will start their program on the courthouse lawn at 8:40 p. m. The meeting will convene in the district courtroom at 9 p. m.

These mass meetings were proposed by the pastors of Perryton for a study of a Basis of Peace and the Post War World Reconstruction. C. Wedgeworth, superintendent of the Perryton schools, was the speaker at the first meeting.

Rev. William E. Fisher, president of the Perryton Pastors Association who will preside, announces that an open forum will be held at the conclusion of Judge Allen's address.

Perryton School Closes May 28

Superintendent C. Wedgeworth of the Perryton Public Schools announces that the week of May 24 has been set for the closing exercises of the intermediate, Junior High, and Senior High School. High school commencement on May 28 will bring the school year to a close.

Due to transportation facilities the school is cooperating with the war effort with a streamlined, socialized program of comencement week activities. No out-of-town speakers will be used for graduation exercises.

Victory Band Show Tonight

Don Hayes, and every member of his Perryton Ranger Band and the Victory Club of the Perryton High School are out to set a record high for War Bond Sales at the Victory Concert to be held in the school auidtorium tonight at eight o'clock. They ask the help of every loyal citizen of Ochiltree county to go all-out on the purchase of War Bonds tonight.

They want you and you to dig deep into your pocket and buy 'till you're almost broke, not to help them set a record for the Panhandle and maybe the state, but to lend your money to aid the boys who are giving their lives.

Admission to the concert will be by the purchase of War Bonds or Samps. Make your plans now to attend this concert and do your part in reaching Ochiltree County Second War Loan quota of $199,000.

Nazarene Church Holding Revival

Evangelist C. M. Whitley, who is conducting a two weeks' revival meeting at the Perryton Nazarene church, will tell of the thrilling experience of his brother, who was kidnapped by daring head hunters in South America. Rev. Whitley will relate some of his brother's experiences at the services Sunday morning, April 25, at 11 o'clock.

The brother was caught and tied down on a table. And at the end of the table was a pot of boiling water. The head hunters preparing to cook him alive. Don't fail to hear this.

The revival started at the Nazarene church April 19, and will continue through Sunday May 2, with services each evening during the week. Rev. W. E. Bond is head of the Perryton church.

Stinson New Rotary Head

L. D. Stinson, owner of the Perryton Implement Co., dealers for the John Deere line of farm machinery, is the new president of the Perryton Rotary Club. He and the following officers were elected at the last Thursday meeting of the club.

Gilbert Mize, vice president; J. H. Brashears, Aldon Bell and J. D. Stephenson, directors. The new officers will assume office in July.

Rotary Anns were guests of the club at a ladies night and dinner at the Hotel Perryton Wednesday night.

If it's Co-Op it's OK. 9-tfc

School Buses Are Froze On the Job

Transportation to school for thousands of children in this area is threatened by failure of school bus operators to realize their responsibility under a recent Office of Defense Transportation order freezing all school bus quipment in its present job.

E. P. McCallum, Jr., assistant director in charge of local transport for ODT in Texas, Louisiana, Arkansas, Oklahoma and New Mexico, announced from Dallas headquarters this week he had received let-

There'll Be Loan Drives Until Peace is Won

One battle doesn't win wars and that is why the Treasury is not telling us that we may put our financial worries behind us after the Second War Loan campaign.

We do not know how many Bond Battles it will require to take Nazism out of the world, or how many campaigns it will require to remove the war lodrs from Japan, so our Government is not telling us now that the Second War Loan drive will be the last this year.

In fact, Secretary of the Treasury Morgenthau in opening the drive pointed out that later drives are in store and that the home front will be asked for more and more aid in the form of savings and taxes, as well as increased payroll savings.

They give their lives . . . You lend your money.

On the Home Front of World War II

(A weekly summary of developments in the Victory Program, prepared by the Regional Information Office, OEM)

As of now, here's a pretty good look at the food picture for 1943:

Compared with 1942 and roughly estimated on the basis of prospective 1943 output, civilians this year will receive about 11 per cent less meat; 27 per cent less canned and shell fish; 21 per cent less butter; 11 per cent less cheese; 15 per cent less canned milk; 51 per cent less canned fruits; from 3 to 25 per cent less of various fresh vegetables; 27 per cent less canned vegetables; 6 per cent less dry beans; 22 per cent less sugar; 21 per cent less rice; 29 per cent less coffee; 60 per cent less tea; and 12 per cent less cocoa.

Civilians will have about the same amount of fresh and frozen fish, eggs, turkeys, fluid milk and cream, lard and other cooking fats, fresh citrus fruits, canned fruit juices, dried fruits, tomatoes, potatoes and sweet potatoes, corn, oats and barley fofr human consumption.

Civilians will have 30 per cent more chickens; 57 per cent more margarine; 9 percent more apples; 13 per cent more frozen fruits; 7 per cent more wheat; and 13 per cent more rye.

Three-quarters of the total 1943 output will go to civilians, the rest to our own fighting men and allies. Assuming average weather, 1943 food production will probably be at least 3 per cent greater and maybe 8 or 10 per cent greater than in 1942.

Barring widespread crop disaster, the kinds of food troubles that will affect most American civilians in 1943 will not menace life or health.

To many civilians, the tire situation remains confusing today, but to the people who are familiar with the widespread ramifications of the serious rubber situation, it remains a familiar story—a story which had its beginning in the Jap attack on the United States at Pearl Harbor.

There is absolutely no cause for optimism. It is no secret that thousands upon thousands of certificates are in the hands of motorists now with no tires available for purchase.

In a summary of the situation this week, the Office of War Information flatly stated: "The great bulk of the nation's 27,000,000 civilian passenger car owners are not gong to get any new synthetic tires before at least the last half of 1944."

It is expected that some synthetic tires will be available for essential civilian driving by September, 1944, but how many is still an open question. The answer will depend upon progress in manufacture, in which there are still many uncertainties.

Civilians will not get any newly-manufactured crude rubber tires even then, and probably not until after the war ends, when military requirements for the natural product will have abated.

Supply of tires now on hand is limited to those manufactured prior to Pearl Harbor and still in stock, a small supply of "victory" or war tires, and about 5,000,000 tires collected through the idle tire purchase plan, most of which require repairs or recapping. All of these tires together represent about one-half a tire for every car now in operation.

The five tires now in the possession of the average owner, multiplied by 27,000,000 car owners, in general constitutes the nation's priceless civilian automobile rubber reserve.

OPA Boards from Four Counties Will Meet Here May 11th

In connection with a change in the price control policy of the Office of Price Administration, Howard R. Gholson, district manager, has announced that beginning Thursday, April 22, representatives of the Lubbock district office will conduct a series of meetings with members of the price panels of all War Price and Rationing Boards in the Lubbock district.

In the past it has been necessary for merchants to contact their nearest OPA office in order to get copies of regulations and to take up individual problems. Under the new arrangement certain functions, which in the past have been performed exclusively by representatives of OPA offices, will be delegated to the price panels of the various War Price and Rationing Boards.

The meetings with the price panels are designed to acquaint these members and the price clerks with the new simplified regulations in order that they may in the future be able to explain price regulations and to answer most of the questions which arise. At the start price panels and price clerks will be given certain of the new simplified regulations and as they become familiar with them, other regulations will be assigned to them, so that before long merchants will be able to get the answers to most of their questions from their local boards with-

NORTH-EAST TEXAS PANHANDLE AND WESTERN OKLAHOMA

FARM AND RANCH NEWS

By County Agent
E. W. Thomas

Check up on plantings already in the ground or coming up: sweet corn, peas, beets, lettuce, cabbage, swiss chard, carrots, spinach, mustard. Make a second planting of mustard.

Plant beans of all sorts, both pole and bush.

Wait until the soil warms up good to plant limas. This bean is especially warm natured and "catches cold" easily, which is manifested in poor stands.

Plant several kinds of squash. Yellow Crookneck, Fordhook and Acorn varieties will give a harvest range of 30-60 days, and mature Fordhook and Acorn squash may be stored for later use, like pumpkins and the like.

Plant cucumbers for slicing and pickling. Sow the seed in rows, 1 per foot, and when the plants begin to run, thin out to two feet apart, leaving only the best plants.

Plant leaf lettuce for late spring and summer production.

Okra may be planted now, but it is best to wait a few days until the soil has warmed sufficiently, because it won't grow until the sun begins to bear down.

Set pepper and eggplant. Allow 2-3 feet space between plants for adequate feeding space and plenty of room for side branches to develop.

Thin late plantings of beets to 2-3 inches apart. Plants taken out may be transplanted to the skips in the rows for a uniform stand.

Set tomato plants.

Set Tomatoes Now

Since tomatoes are one of the most important vegetables in every garden, special care should be given them. Plants set in April will produce tomatoes by mid-June.

If it is possible, apply a shovelful of rotted manure where each tomato plant is to grow. This will loosen the soil and give the plants a chance to make maximum growth. In setting the plants, be sure to pack the soil firmly around the roots; then water each plant to settle the soil. When the water has soaked into the soil, pull more soil up around the body of the little plant in a cone shape, to support it. Where there is danger of cut worms, wrap the body of the tomato plant with paper so that it will extend at least an inch above the surface, and one or two inches below the surface. Tin cans with both ends cut out may be placed around the plants and pushed into the soil about 2 inches deep to protect plants from cut worms. In order to give the young plants a good start, water them each evening for the first week.

HOME DEMONSTRATION CLUB NEWS

McMillen H. D. Club Meets

The McMillen Home Demonstration club met in the home of Mrs. Fred Tarbox, Thursday afternoon, April 15, at 3 o'clock.

Miss Seward, gave an interesting demonstration on dyeing. We all know we must have our garment thoroughly clean, then make sure every thread is wet before it is placed in the dye. Have a vessel large enough so the garment, will not be crowded and keep it moving all the time to prevent spotting. Use the dye which is best suited to your material.

Plans were made to have a lesson in Nutrition at Mrs. B. L. Barnes, April 29, starting at 9:00 in the morning.

Members present Friday, were Miss Sadie Seward, Mesdames H. B. Urban, James Hardy, Willis Hardy, Ellis Mathews, R. E. Mathew Jr., Hollis Gossett and daughter, Kenneth McLain, J. L. Flowers, B. L. Barnes, B. E. Plummer and Mrs. Tarbox. Visitors were Mrs. Dave Unruh and Mrs. Cliff McGarraugh and Maxine.

Missouri Avenue Club To Meet Friday

The Missouri Avenue Home Demonstration club will meet Friday afternoon, April 23, at 2:30 p. m. at the Ladies Lounge in the Ochiltree county building. Mrs. Harold Hawk and Mrs. Albert Ackley will act as hostesses.

This meeting being just before Easter, each member is asked to bring the price of a dozen eggs and the money will be put into the club treasury.

Visitors are always welcome to attend these meetings as they are of interest to everyone.

4-H Girls Club Met at School

The Perryton 4-H Girls Clubs met Wednesday in the high school building in their regular meetings. In the junior club the meeting was called to order by the president and Connie Kershaw led the group in giving the 4-H pledge. Roll call was answered with "What I have Planted in my Victory Garden." Twenty-five girls reported starting their gardens. Imogene Anderson and Mary Jo Craig discussed the care of the garden and what vegetables should be planted now. The senior group worked on plans for the year book.

For the second meetings each month the girls are planning on meeting in their own communities with their sponsor or the agent. A report on the work done will be given at the regular meetings. The girls of the McMillen community held their second meeting in the home of Mavis Hardy and the care and transplanting of strawberries was taken up. A group met in town at the home of the agent and worked on the year-books.

The next regular meeting will be at 2:30 p. m. on May 12, at the high school.

Rationing of Fence Material Is Halted

COLLEGE STATION—All types of fencing materials have been removed from the farm machinery rationing program, according to the Texas USDA War Board.

In making the announcement, the board explained that fencing materials now could be sold without restrictions and that applications to secure delivery would no longer be required by purchasers.

The machinery rationing program under which approximately 75 types of farm machinery are restricted to essential needs, was put into operation several months ago in all Texas counties. Purpose of the program is to route available supplies of essential types of machinery into channels where maximum contribution will be made to agriculture's war production program.

Although removed from rationing restrictions supplies of fencing materials still are limited and dealers are being requested to restrict sales to producers' immediate needs in order that maximum use might be obtained from the supplies now on hand.

They also are asked to limit sales, insofar as possible, to farmers and ranchmen for increasing production of agricultural commodities this year.

—FOR VICTORY: BUY BONDS—

Protect Fruit Trees From Insect Damage

COLLEGE STATION — There's no point in spraying a fruit tree to controll weevils, or curculios, until the presence of the pest is known. According to Paul Gregg, assistant entomologist for the A. and M. College Extension Service, jarring the tree with a four-foot pole padded at the striking end will bring them down. Spread a canvas to catch them for identification.

The curculious come out of hibernation soon after the tree starts blooming. They lay eggs in the tiny fruit and worms hatch in about 10 days. Jarrings, if done every two or three days starting soon after blooming begins, will control curculios if trees are few. Larger orchards should be sprayed when one insect is found in every three or four trees. If none fall from the first jarring, try again in six days. If found, see the county agricultural agent about a spraying schedule. Shallow disking or plowing during the summer will destroy many immature curculios.

The tiny scale insect, which clings to the bark and sucks the trees juice, kills more fruit trees than any other pests, Gregg says. It is best controlled by thoroughly spraying trees in winter with either lime sulphur or oil emulsion after pruning. However, in case of heavy infestation in the spring or summer, summer oil emulsion or lime sulphur spray may be used with safety.

But this is only part of the predators. White worms with brown heads tunnel under the bark of peach and plum trees two or three inches below the ground and eight or 10 inches above. Shot hole borers, or bark beetles, drill little holes into the bark, and the lesser peach borer feeds underneath the bark of branches. Finally, the twig borer feeds underneath the bark on twigs.

Certain sprays will discourage activities of these pests, and full information on their control may be obtained from Extension Service bulletin, B-73, "Orchard Management", or from the county agricultural agent.

New Program Covering Farm Implement Tires

COLLEGE STATION. — Keeping tractor and other farm implements operating full time on the farm front highlights two recent actions regarding tires, the Texas USDA War Board said this week.

The first action lifts county quota restrictions on farm tractor and implement tires while the second action specifies farmers may obtain tires recapped with reclaimed rubber without rationing certificates.

Farmers now are required to apply only to their local rationing boards to obtain sufficient tires for farm use. The local boards have been advised by OPA that substantial district, state and regional reserves have been established to provide for needs. Also, a natonal reserve will be maintained to increase field office supplies of this type tire.

The principal reason behind the move which frees recapping with reclaimed rubber from rationing restrictions was the desire to have farmers recap their tires in time to prevent total loss of worn tire casings. As a move to conserve rubber, replacements will not be issued for tires that can be recapped.

Previously, recapping of rear wheel tractor tires was not required and replacements were granted even though the tires to be replaced were suitable for recapping.

Tractor and implement tires will now be recapped with Grade F camel back, which contains no crude rubber.

—FOR VICTORY: BUY BONDS—

Twichell Ag Club To Meet April 23

The Agriculture club of the Twichell community will hold its regular monthly meeting in the Twichell school building on Friday evening, April 23, 8:30 o'clock. J. S. Slaughter is president and will be present to be in charge.

Sandwiches, pie and coffee will be served before the program which is under the direction of Mrs. Charles Selby, Mrs. Andrew Milledge and Mrs. Verbon Smith. Everyone is welcome.

● Balko

We were glad for another shower Sunday evening.

W. M. S. met Thursday afternoon, at the church, for program work.

Mr. and Mrs. Carmichael and Mr. and Mrs. J. E. Osterbuhr and Jean, were Sunday dinner guests with Mr. and Mrs. J. W. Cayler. W. R. Cayler and Glenn Muir called in the morning.

Rev. Goss is holding a revival at Keyes, Okla., this week and part of last week.

Mr. and Mrs. W. R. Cayler and Kay and Mrs. Guthrie, aunt of Mrs. Cayler, were in the J. W. Cayler home Friday night last week and remained for supper.

Mr. and Mrs. W. G. Wilson called at the Burl Teague home Sunday of last week.

Mrs. Pattison, Mrs. Arlie Beckwith, Mrs. Burl Teague and Mrs. Cayler finished some Red Cross work in the Cayler home last Wednesday. A covered dish luncheon was served at noon.

Adrian Mungers have moved from Hooker to the Kenneth Munger place to care for the cattle there and assist Kenneth with his farm work. We welcome them to our community.

Mr. Presnall and Archie Sagar were working in the Blue Mound community on the bond drive last week.

Burl Teague and Lennie Arnholt have been repairing fence for cattle which Burl Teague will pasture on the Arnholt place.

ACID-not speed-may "burn up" your engine now!

You don't go "tearing off" the miles, and you hate tearing off ration coupons, too. You'd think your low speed and mileage would almost do away with engine wear. But the products of combustion—always hanging back in the cylinders after stopping—contain acids that nibble at metals!

Engine acids are nothing new, only they couldn't do their worst when interrupted by frequent use of your car and fast driving, instead of staying in your inactive engine for days. Short, slow, infrequent runs don't help much to clean acids out. So now when you're not even sure of getting any needed replacement parts, make sure you muzzle acids as well as you can, by keeping your engine's insides OIL-PLATED.

You know of plating being used to resist such corrosion as rust, for instance. And to resist acid corrosion, have your engine OIL-PLATED—quickly—simply—economically—by changing this Spring to Conoco Nth motor oil—patented. It includes a great advancement in synthetics, invented to maintain OIL-PLATING up and down your engine's insides, during many hours or days when such resistance against acid can help. Your Spring oil change is a "must," but the worst acid effects are not—*not* when you get Conoco Nth motor oil. Continental Oil Co.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All !

There is one stark and simple fact about war which you had better get straight . . . *and quickly, too*

THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes . . .

. . . for your life and your liberty.

. . . for your church and your children.

. . . for your freedom and your future.

And it's WINNER TAKE ALL. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend your dollars* while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you . . . greet him with open pocketbook. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

There are 7 different types of U. S. Government securities — choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back $4 for every $3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: $25, $50, $100, $500, $1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: $500, $1000, $5000, $10,000, $100,000 and $1,000,000. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; ⅞% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

Battleships and Beanpots Purchased With Money Loaned to Government In Second War Loan Campaign

Washington, D. C., April 20—Out of the 13 billion dollars now being loaned to their government by millions of Americans may come a giant warship costing $87,000,000 or a bean pot, costing 39 cents.

Somewhere in between, your money from current income or savings which you are converting into Government Bonds during this Second War Loan campaign, fits in.

Your money is helping literally to place a shield around our fighting men. Your money helped to blast the Japanese off Guadalcanal and is helping to push Rommel into the African seas.

Every salvo fired by the nine 16 inch guns of a battlewagon to soften the way for the Marines as they stormed into the Solomons cost $13,500. Their landing barges cost $12,500 each. The immediate personal equipment of each Marine cost $158.94. From the moment he went into action the costs began to mount. His pay was 50 per cent higher. He began using ammunition and other equipment. Every anti-aircraft shell he fired cost $5.45 and every 75mm. pack howitzer shell he hurled at the enemy ate up $15.14.

Every Dime Helps

American flying fortresses are daily pounding Hitler's Europe from their bases in England. Take for instance a 100-plane raid by our famous B-17s. They roar over the Channel for the Ruhr, a 500-mile run each way. The gasoline bill alone is $36,075 not counting the cost of the bombs or any loss of ships.

A glance at a few of the price tags on wartime aviation shows $150,000 for a fighter, $25,000 for a primary trainer, $800,000 for a heavy bomber, $175,000 for a light bomber, $200,000 for a medium bomber, $150,000 for a pursuit ship, $450,000 for a flying fortress, 1,700 for a propeller, $12,000 to $14,000 for an engine, $400 to $1,650 for a rudder and $26 to $150 for an oil tank.

Your War Bond purchases help to clothe the glamorous men with wings. A kit for a bombardier costs $83. The cameraman who sights down the target to see how true the bombardier's aim was, uses a camera costing $5,400. The flying clothing and equipment for the pilot uses up $175 of our money which you are lending to the government this week. An oxygen face mask costs $2 and the oxygen to keep the crew high above the barrage of flak costs 40 cents per man for 40 minutes. You would not want your son or brother to venture into the skies without a parachute and so you must provide $85 for every life saving device.

Our army divisions will soon be moving against the continent to liberate the Nazi slaves. A single item will suffice to show you how much more money is needed this year than in 1942. A division on overseas duty receives a pay raise all along the line as the Yanks go on the offensive.

Invasion Will Come

Our army must have all kinds of guns and other actual fighting tools to meet every possible emergency. Now they are in the Tunisian desert. Tomorrow they may be battering the citadel of Europe, first by beachhead and then by direct assault. The bayonet which your boy may lounge forward will cost $8, a clip of eight bullets sets you back 44 cents and the jeeps he will trundle along in turn up $1,580 apiece.

—FOR VICTORY BUY BONDS—

Mrs. Haidee Merriam, Lipscomb, was a visitor Thursday in the home of her uncle, Mr. and Mrs. J. H. Palmer.

—FOR VICTORY BUY BONDS—

Mrs. Dave Shanks Jr., teacher in the San Angelo schools, will spend the Easter vacation in the home of Judge and Mrs. Dave Shanks.

—FOR VICTORY BUY BONDS—

Mrs. L. T. Tuckr spent Thursday visiting in the home of her daughter, Mrs. J. C. Cluck and family of Spearman.

Red Cross Worker

W. Clark Ellzey, 36, Perryton, an American National Red Cross worker since July 1942, is at the army basic flying school, Enid, Okla. A resident of Colorado Springs, Colo., before entering the Red Cross Service, he holds a bachelor of arts degree from Southeast Missouri State Teachers College, Cape Girardeau, Mo., and a bachelor of divinity degree from Duke University, Durham, N. C. He did graduate work at the University of North Carolina, Raleigh, and Southern Methodist University, Dallas. Ellzey went to Enid from Ft. Sill, Okla., where he had been stationed as a field director since September, 1942. Previously he had served at Lowry Field, Colo. He is married and has two daughters. He is the son of Mr. and Mrs. T. V. Ellzey of this county.

PTA Meeting Is Postponed

The April meeting of the Perryton Parent Teacher Association which was scheduled for Monday night, April 26, has been put off one week and will meet in the school auditorium on Monday, May 3, 8:30 o'clock.

This is the last meeting for this school year and the nominating committee will report on the selection of new officers. Every parent is urged to be present.

Miss Arline Slavin Is Lovely Bride Of Mr. W. R. Hext

Marked by simplicity, yet beautiful in its solemnity, was the marraige Wednesday afternoon, April 21, of Miss Arline Slavin and Mr. W. R. Hext, Glazier. The vows were exchanged in the home of Judge Dave Shanks at 2:30 o'clock with Judge Shanks officiating for the single ring ceremony.

For the wedding, the couple, attended by Mrs. Kenneth Fuelscher and Sgt. J. W. Kelley, stood in front of the fireplace, which was flanked by tall baskets of white lilacs. On the mantel was a beautiful arrangement of Easter lillies and spirea. Wedding guests were Mr. and Mrs. Tom Hext, Glazier, Mrs. Arthur Slavin, J. W. Buckley, Miss Pauline Ollenbarger, Mrs. J. W. Kelley and Mrs. Dave Shanks.

The bride was attractively dressed in a flight blue wool crepe suit of the dressmaker type. Her blouse, hat and gloves were white and purse and shoes were black patten. She wore an orchid corsage.

Mrs. Fuelscher was dressed in a tailored suit of brown wool with a chalk stripe. Her accessories were white and she wore a white gardenia corsage.

Mrs. Hext is the only daughter of Mrs. Arthur Slavin, county treasurer. After graduating from the Perryton High School, she attended WTSC, Canyon, one year and Amarillo Junior College one year. She is a member of the Alpha Iota and Beta Sigma Phi sororities. For the past two years she has been employed as clerk of the Selective Service Board.

Mr. Hext, son of Mr. and Mrs. Tom Hext, pioneer ranchers of Hemphill county is a native of that county. Since graduating from the Canadian High School, he has been associatd with his father in stock raising.

Immediately after the ceremony, the newly weds left on a short wedding trip. They will return Monday and Mrs. Hext will resume her work at the courthouse until their ranch home, near Glazier, is ready for occupancy.

Beta Sigma Phi Hold Activities For Rush Month

The spring rush season for the Beta Phi Chapter of the Beta Sigma Phi Sorority was officially opened Friday evening with a "model meeting" at the Hotel Perryton.

Moina Caldwell, president, directed the session. Roll call and minutes of the previous meeting were given, followed by a short business meeting.

Arline Slavin was in charge of the program and presented the following numbers: "A Message from Beta Sigma Phi," Lorene Richardson; "History of Texas Beta Phi," Beth Fuelscher; "Alaska," Mrs. R. T. Correll.

The closing ritual was given in unison. The following were present: Miss Nellie Perry, Mrs. R. T. Correll, Mrs. H. C. Sanford, Mrs. D. D. Shanks, honorary members; Claudia Bolerjack, Mary Frances Crowe, Alta Todd, Mabel Halsey, and Viola Miller, guests; Nelda Rose Sanford, Moina Caldwell, Juanita Brillhart, Arline Slavin, Lorene Richardson, Yvonne Acker, Beth Fuelscher, Opal Archer, and Marguerite Schollenbarger, members.

Thursday Outing

A delightful picnic was enjoyed Thursday evening in the spacious back yard at the Van W. Stewart home. Yvonne Acker acted as chapter hostess. The delicious food was served cafeteria style.

Concluding the picnic was a treasure hunt with the team of Eugenia Mitchell receiving the prize given for the winner.

Those present were Alta Todd, Mary Frances Crowe, Sadie Seward, Jean Blank, guests; Mrs. Carl Ellis, Mrs. H. C. Sanford, Mrs. D. D. Shanks and Mrs. Van W. Stewart, honorary members; Yvonne Acker, Opal Archer, Juanita Brillhart, Moina Caldwell, Beth Fuelscher, Eugenia Mitchell, Leona Headlee, Lorene Richardson, Nelda Rose Sanford, Marguerite Schollenbarger and Arline Slavin, members; and Mrs. Alice Keith, Van W. Stewart and Carmen Keith, visitors.

Prefertial Tea

Mrs. Opal Archer was the charming hostess, Sunday afternoon, for the Preferential Tea held in her home, 905 SW Seventh street. Lovely bouquets of lilacs predominated the rooms.

Miss Caldwell presented Miss Patricia Wood and Miss Connie Mae Edwards, who gave several readings. The young ladies were given boxes of candy in keeping with the Easter motif.

Nelda Rose Sanford and Moina Caldwell presided at the handsome silver tea and coffee service. The lace covered tea table was centered with a bowl of beautiful tulips.

Those calling were Maudine Leslie, Kathleen Anderson, Mary Frances Crowe, Alta Todd, Sadie Seward, rushees; Mrs. R. T. Correll, Mrs. H. C. Sanford, Mrs. D. D. Shanks, Mrs. Van W. Stewart, Mrs. A. J. Kelly, honorary members; Mrs. Miles Edwards and Connie, Mrs. Manse Wood and Patricia, guests; and Yvonne Acker, Juanita Brillhart, Moina Caldwell, Beth Fuelscher, Leona Headlee, Eugenia Mitchell, Lorene Richardson, Nelda Rose Sanford, Bette Kelley and Arline Slavin.

Work for Red Cross

The Sorority members gathered at the Red Cross sewing room Monday night to fill the Service Kits, that are furnished to every boy who leaves for foreign service. To date the Sorority has filled over eight hundred of these kits.

After work, the members were delightfully surprised by a delicious refreshment plate served by Miss Arline Slavin, Miss Pauline Ollenbarger, Mrs. Frank Cox, and the honorary members, Mesdames R. T. Correll, Van W. Stewart, Carl Ellis, A. J. Kelly and H. C. Sanford.

Others included in the work group were Yvonne Acker, Juanita Brillhart, Moina Caldwell, Beth Fuelscher, Eugenia Mitchell, Lorene Richardson, Nelda Rose Sanford, Barry Acker and Marilyn Richardson.

Saturday Dinner Given as Farewell

Mr. and Mrs. C. S. Nowlin entertained Saturday evening with a delicious chicken dinner honoring Sim Paine, who has volunteered and been accepted as an aviation cadet.

Those enjoying the dinner and social evening with Mr. and Mrs. Paine were Mr. and Mrs. Jim Latham, Mr. and Mrs. Bernard Hurter and family, Mr. and Mrs. Rayford Nowlin, Miss Sibyl Wilson, Raph Longhover, and Mr. and Mrs. Nowlin.

America's Food Emergency

A Statement by Santa Fe

United States facing most critical "crop year" in its history.

During the coming months, the need for more food may be greater than the need for more guns, tanks and planes.

Serving, as it does, "the breadbasket of America," the livestock and meat industry, and the great fruit and vegetable areas of California and the Southwest, Santa Fe pledges its all-out effort in the production and mobilization of food.

What Santa Fe Is Doing

Santa Fe employes are planting Victory Gardens along their railroad's 13,199 miles of right-of-way.

Everything that rolls on the Santa Fe is being kept in fighting trim.

Old cars with good running gear are being rebuilt into sleek new gondolas.

Many Santa Fe refrigerator cars that used to go back "dead-head" now hurry back loaded with other freight. Cars are few and hours are precious. Every hour a freight car stands idle holds back food or other vital war freight from folks who need it. Every unused cubic foot squanders vital space.

The supply experts of the Army and Navy, the ODT, and the Interstate Commerce Commission Bureau of Service are all focusing on this problem.

How Shippers Are Helping

Shippers are helping and can continue to help (1) by maximum loading; (2) by quicker loading; (3) by quicker unloading.

★ ★ ★

More than 57,000 Santa Fe folks join with the farmers, the livestock producers, the shippers, and the consumers of all America to help meet the greatest food crisis our nation has ever faced.

They're On The Job, Too!

For years the Agricultural Development Department of Santa Fe has cooperated with growers all along the line, for greater production per acre, through better seeds and better cultural methods. For example:

The people of the middle Rio Grande know how the desert has been converted into paying crops.

The folks in Blue Water Valley of western New Mexico know how the production of vegetables has increased from 86 to 1076 carloads in the past three years.

The potato growers of Kern County, California, know how Santa Fe cooperated in stamping out ring rot and blight.

This year, the people in the Texas Panhandle are bringing in their first harvest of waxy kaffir which promises to produce the starch for tapioca and other important products that formerly came from the cassava roots of Java.

In the present national food emergency, these people of Santa Fe's Agricultural Development Department are working harder than ever, doing everything they can to help food growers all along the line.

Christian Science

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 25.

The Golden Text is: "God will redeem my soul from the power of the grave: for he shall receive me" (Psalms 49:15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully" (Psalms 24:3, 4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man should renew his energies and endeavors, and see the folly of hypocrisy, while also learning the necessity of working out his own salvation" (page 426).

SERMONETTE
Rev. William E. Fisher
Pastor, Methodst Church

Holy Easter

Because Easter is the day the Lord hath made, we have had opened to us that gate of the Lord into which all the righteous shall at last enter, the gates of the eternal temple in the place that God hath prepared for them that love Him and wait for Him. Easter carries perpetual joy, and the soul of him who knows the reality of the risen Christ keeps ever young and strong despite circumstance of time, or place, despite the fragile and ruinous conditions of our temporal existence.

He who on the cross as Savior
For the world's salvation bled.
Jesus Christ, the King of Glory,
Now is risen from the dead.

Easter with its great message is again with us. The joy of this sacred occasion will reach every corner of the world and in spite of all confusions everywhere the glorious day will begin and end in a sense of quiet wonder and victorious worship. Everyone will feel in some degree that inner peace and security which Easter brings.

But what is the meaning of this spiritual festival? Is it not the unshakeable conviction that God is reliable, that God can be trusted; that God will not destroy, what He creates; that a purpose runs thru life; that man is a child of God and that God cannot and will not let him down? Is it not the inarticulate sense within us rising up to say that by the best strokes of logic and intuition we cannot conceive of death as the end of life but rather as its beginning?

Yes, this is what we feel. It is all made articulate in the Resurrection of Jesus Christ our Lord. It matters not how life may appear to contradict this sense of risen glory it still remains a fact that doubt, despair, sorrow, confusion and death itself all bow before the brilliance of this Eternal life.

The first Easter arose out of a discordant and bitter world society. The record shows that Rome did its best to annihilate every semblance of Christ's influence and life among men. But in vain. The cross of Christ and the crosses of the two thieves remain as everlasting symbols of the final triumph of good over evil and the resurrection of life over death.

Today's Easter holds out all the assurances of the first Easter. While now we sweat, struggle and sacrifice, in the midst of scenes unmatched in the long history of mankind, we know that right will in the end prosper, and faith in the risen Lord will be vindicated.

Be sure of God as you live thru these days. Build in your heart the unshakeable conviction that God can be trusted. Deep concerns may distract you but only the God of Christ can help you. No chain of events or the diabolical schemes of men can deprive Christians of the immortal love of God which Easter brings.

So rest ye all in the integrity of God's eternal grace; put your trust in the things which abide; light the eternal flame within you and may the rapture of eternal life and joy find expression in your heart and life this Easter Sunday.

Christ is Risen! Love triumphs! Life is immortal! God's peace be with you!

NEWS IN THE WORLD OF RELIGION
By W. W. REID

To draw together young men of the armed forces who desire to take an open stand as Christians and to share together in Christian activities, is the objective of the newly-formed "Service Men's Christian League... The organization is sponsored by the Federal Council of Churches, the International Council of Religious Education, the General Commission on Army and Navy Chaplains, and the World's Christian Endeavor Union. The League, headed by the Rev. Ivan M. Gould, endeavors to help service men maintain their church affiliations and to prepare for post-war service in their churches and communities.

"There must be no bitterness in the reconstructed world," said Madame Chiang Kai-shek at the testimony mass meeting in Madison Square Garden, New York City, on March 2. "No matter what we have undergone and suffered, we must try to forgive those who injured us and remember only the lesson gained thereby. The teachings of Christ radiates ideas for the elevation of souls and intellectual capacities far above the common passions of hate and degradation. He taught us to help our less fortunate fellow-beings, to work and strive for their betterment without ever deceiving ourselves and others by pretending that tragedy and ugliness do not exist. He taught us to hate the evil in men, but not men themselves."

"The churches must create the spiritual atmosphere conducive to the establishment of a just and durable peace," according to Dr. Walter Van Kirk of the Federal Council of the Churches of Christ. "To do this we must combat the spirit of hatred both for the prosecution of the war and for the attainment of a better world after the war. The churches must proclaim the gospel of international cooperation as a means of winning the peace. Christian people of this nation must resist any attempt by the Congress to return to the practice of political, economic or moral isolation after the war. Isolation is not Christian. This fact should be highlighted in our churches."

From China come interesting stories of inter-faith and international fellowship proving us "all "brothers beneath the skin" . . . For three years Protestant and Roman Catholics have been cooperating in relief work in Canton; when the city was occupied by the Japanese, Monsignor Fourquet loaned relief funds to Protestant churches in distress. In Chungking, West China, on Christmas Day last, American and British church funds provided dinners for the families of Danish, German, Finnish, and Norwegian Chinese colleagues. Elsewhere Pro- "orphaned" missionaries and their testants and Catholics have united in caring for the needs of Jewish refugees from Europe now in China.

Hundreds of thousands of boys and girls are constantly moving with their families as their parents go into war production in every part of America, according to the International Council of Religious Education. The Council reports that in one war-housing project in California there are 1,700 school children and 4,800 pre-school children; that in one Maryland trailer camp more than one thousand families live more than fifteen miles from hospitals; that "door-key" children and those locked in trailers are found in every state. "Mothers of young children can do great harm by leaving them away from the security of family love all day; the government officials and children's church leaders are urging mothers to stay home and care for the children," says the Council, which also urges churches to organize their facilities to serve these children and their families.

There is something new in the feminine movement in Africa. The Rev. Ira E. Gillet, secretary of the Methodist Church in Mozambique, Portuguese East Africa, reports that two African women have been elected to the committee's membership—the first in the history of the mission and the first church recognition ever given women in that territory. They are Snra. Jeana Guambo and Snra. Amelia Matsimbi, Christian women trained in Methodist schools in Mozambique.

Lake View Tattler

Mrs. Everet Clement visited her husband who is in the Veterans Hospital, Amarillo.

J. D. Reed had all the ice cream and cake he could eat one day last week, as Mrs. Reed and Margaret really prepared a birthday dinner.

Hollis Gossett is driving a new pick -up, and he didn't get it before he needed it. I asked him why he didn't go down the street tooting the horn. Mrs. Gossett said the horn wouldn't work -so they just drove around where the most people were standing on the streets.

This morning our dog saw his first wagon pulled by a team of horses. W. M. and Lawson drove toward the house with a big team of black horses hitched to a funny colored bluish-green wagon with side boards.

Ruth Nitschke, Katherine and Marylee called in the Dennis Reed home Saturday afternoon, and stopped in the writers home on their way home.

Just as Sam got everything ready to turn the water in the big tank the windmill went hay wire and all the rods had to be pulled. Ralph Wilson helped him and everything is O. K. again.

Four young ladies Elma Pipkin, Anetta King, Francis Flowers and Margaret Reed were guests of the writer and Sam Thursday evening. We enjoyed having these girls in our home very much.

The Lake View school will soon be out. Mrs. Dolph Daniels has proven a competent teacher. She is planning a very busy summer as they bought the farm known as the Easley farm six miles east of Spearman and have remodeled the house. They have built cement tanks, a yard fence and have set out one hundred and fifty Chinese Elms and about fifty cedars. They have a garden started and a large strawberry patch.

Mrs. Gilman Flowers has recently papered their front bedroom.

Mr. and Mrs. John Sim have done some painting and laid a new linoleum on the kitchen floor.

Mrs. Vernie Kenny and daughters Helen and Maxine called in the Powell home Sunday afternoon.

The writer called in the Kenney home last week and found Mrs. Kenney hal almost made the house over with new furniture, redecorated venetian blinds and everything looking new.

Helen and Maxine Kenney have been two busy young ladies, making over their bedroom. They built a dressing table and ruffled it frilly and pretty with sateen. They carried out a touch of red and hung a mirror with a red frame.

Onward....
Christian Soldiers!

The chaotic state of the world today is too big a problem for any one nation or any one people to cope with alone. We must humbly call upon that strongest and most powerful Being for assistance and guidance. In this free land, it is the duty and the privilege of all citizens, young and old, to go to church and worship—worship in freedom.

We in America and Christians the world over observe the anniversary of the day that Jesus left this earth and ascended into heaven. It is fitting that we choose this day to renew our faith. Let every true Christian go to his Church on Easter Sunday.

Worship in the Church of Your Choice But Attend Church on Easter Sunday

Our Thoughts and Prayers Are with Our Boys and Girls in Service on Easter

The Churches of this community join in Easter Greetings to all our boys and girls enlisted in the service of their country. Our hearts are ever with you and our prayers ascend daily for you. May the shining presence of the Resurected Christ attend you on your way and give to you that faith and hope and courage He alone can give.

They Give Their Lives...You Lend Your Money

★ 2nd WAR LOAN ★

The big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has — every gun, plane, soldier and tank — into the summer struggle that is even now rising in tempo on every front.

And when the command goes out to our fighting men to ATTACK — you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard — as they did at Guadalcanal, in Tunisia and in the skies over Europe.

NOW the command has come on the home front to attack! To attack with the dollars that buy the weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it 13 billion dollars during this drive. And this historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made!

The time is short—act NOW!

When you attack with War Bonds you don't suffer pain or anguish — you don't risk your limbs or life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security.

During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But Don't wait for his call — go at once to your nearest bank or Post Office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds — and still more War Bonds!

OFFICIAL NEWSPAPER OF PERRYTON SCHOOLS — PERRYTON, TEXAS, THURSDAY, APRIL 22, 1943

Operetta on Friday, May 7

Friends, townsmen, countrymen, lend not your ears, but your attention!

The a capella choir under the direction of Miss Elizabeth Jameson is to give a charming, laughable, altogether entertaining, and worthwhile operetta May 7 in the high school auditorium.

And now, just a hint of the story of "The Count and the Coed": Kenneth (Snooze) Andrews, comedian with the Marden College Glee Club is a cheerful youth with a sad tendency for getting into scrapes and thus incurring the displeasure of President McSpadden. This is highly unfortunate because Snooze is in love with the fair Dolly McSpadden, and is therefore extremely anxious to gain the good will of her austere father, who is already much worried over the necessity of raising the final fifty thousand dollars for the college endowment fund.

Many of the characters in this operetta, you have seen and liked in other productions. All of them are talented. The cast reads thus: Willie (Sleepy) Carter, a freshman, Robert Holland; Marjorie Blackwood, the belle of the campus, Pauline Cotner; Dan Flanigan, a smart young motor cop, Donald Ellis; Kenneth (Snoze) Andrews, the comedian of the glee club, Bob Zenor; Birdie Boggs, a sweet and simple freshman girl, Betty Jean Pugh; Amy Arnold, a bright and efficient junior, Mayme Nitschke; Dolly McSpadden, daughter of the college president, Ann Herndon; Miss Agatha Lockstep house-mother at the girl's dormitory, Angie Nell Tevis; Dr. Cicero McSpadden, president of Mardern College, Jack Parker; Mrs. McSpadden, his wife, Mary Frances Calhoun; Mark Watson, the college yell leader, Leon Engelman; Hamilton Hunter, the leader of the glee club, Clarence Engelman.

Grade School Easter

If you see a bunch of scampering and laughing children hunting eggs Thursday, you will know that it is some of the grade school children on their Easter egg hunts. Part of the children will have their fun in this manner, while in other home rooms the home room mothers are giving them a party. The children in Mrs. Doyle Thompson's home room are having a candy pull, and after the candy pull is over they will practice folk dancing.

—FOR VICTORY! BUY BONDS—

EL TORO

The love bug has really caught Travis French. It's a cute little blond from Higgins if you haven't heard. You'd better watch your step Travis.

Bill Allen is becoming very interested in the operetta, especially when he and Pauline are off stage together. Oh! Bill.

Donald Enterline seems to find something very interesting at Canadian. Say, Don, you'd better be careful and not get hurt.

Delos Pugh has found a girl at last. His victim is Carol Lawrence. Not bad, Delos.

Wilbur Cotner and Mary Ellen Moss seem to be having a very good time while going to speech class. They were getting their lessons of course?

Bobby Turner has changed girls again. At the dance Saturday Sue Hargrave seemed very entertaining and also at the preview. Boy! Bobby you really get around. Oh, say, where was Lena Mae?

Mary Ellen Moss broke the heart of her old steady, Joe Cox, Saturday night when she broke a date with him and went with J. J. You are so cruel hearted, Mossie.

Say, J. V., little boys are supposed to be in bed by 9:00 you know. Oh, so you're a big boy now, ah. Well that's still no excuse for you staying up all night.

Betty Jean Pugh must have had a splendid time at the dance, at least she shoud have. She had a date with a P. H. S. romeo and two flat tires before the evening was over and plenty of time to spend.

—FOR VICTORY! BUY BONDS—

Sports

For a slight variation in the line of sports the commandos have turned to track this week. They were told by their coach, Tom Slack, that if they worked hard enough and were good enough he would take them to Canyon to the regional track meet. All the boys are interested in track and most of them are good, but they will have some pretty stiff competition from our close neighbor, Canadian, who has one of the best, if not the best, track teams that ever competed in the Panhandle.

A few of the boys have been doubtful about going to Canyon, but after they heard that Canadian was giving some pretty stiff competition they decided they could take a pretty good percentage of the events they entered. They will, too! There's been some rumors about a few of the boys going jack-rabbit hunting without guns lately, but if they go to Canyon you can bet they will bring home some blue ribbons.

Speech Class Play Goes to Canyon

Each year the speech class of Perryton High School enters a play in the district contest of high school plays. This year the class is sending an all girl cast in "So Wonderful In White," which was judged the best among six plays presented by the class. The contest is to be held at Canyon, April 24.

The cast is as follows: Peggy Thomas, Lavern Crowe, Mary Frances Calhoun, Lucille Jackson, Betty Jean Pugh, Lena Mae Wilson, Eulene Wade.

—FOR VICTORY! BUY BONDS—

SHADE OF THE HAT

The main article for the column this week is the fact that we will have an Easter Holiday April 23. Better enjoy yourselves students; this is the last special holiday in the school year.

C. C. Baker, a former teacher of P. H. S. who is now working for his Uncle Sam, is at home here for a few days. He is being transferred from San Antonio to Lubbock for a preparer course.

Don Eudy seems to be making out well enough with his left hand, but let's hope the right one will soon be well.

Mrs. Sam Fort and Miss Vivian Schenault enjoyed a week-end visit in Pampa last week with Mrs. Fort's relatives.

Mural Hulsey has been absent from school two weeks due to illness. Charles Thompson a student of 4B, too, is under the doctor's care, the students and faculty wish you both a speedy recovery.

"Pride and Prejudice" the Senior Play is coming along nicely. The students and director are giving it their best.

Eulene Wade and Lena Mae Wilson spent three days of last week in Oklahoma City.

Miss Louise Flowers is home from school for the Easter Holidays. It is nice to have you back home, Louise.

—FOR VICTORY! BUY BONDS—

Talents

Perryton High School is literally full of students with talents. Some of these have blossomed out in full bloom while others have gone unnoticed through the years. Just in case you've forgotten or didn't even know about them these are a few of the outstanding talents.

In our midst we have a little girl that can really sing 'n' swing. If you ever hear of Dana Lallement singing, stop, look, and above all, listen.

A few years ago Bette Hale discovered she would like to play a Hawiian guitar. She took lessons and now she is really good. You can walk on air when she plays "Blue Hawaii."

Beth McDonald and Dan Carmichael have talent to write. This, dear students, is why you have such good editorials in the paper.

J. V. Pearson is an exceptional senior. He is very good in English grammar, especially in diagramming sentences.

We have just lots of pianists in P. H. S. who really have the talent. Charles Brillhart is one of the best!

There is lots more talent in high school but we don't have room to name them all so maybe we can tell you more next week.

—FOR VICTORY! BUY BONDS—

Real Meaning of Easter Sunday

The general idea of Easter seems to be lost in the profusion of clever hats, striking suits, and georgeous Easter eggs, and fuzzy white bunnies. Now, when Easter is mentioned, one's mind automatically turns to the thought of buying an entire new outfit, and then appearing at the church to show it off. Even at church on Easter morning when the preacher endeavors in vain to direct the congregations thoughts toward the true meaning of Easter, the people's minds jump alternately about the room concentrating first on Mrs. Smith's new hat and then on Mr. Jone's new pin-striped suit.

Easter is actually an annual festival in observance of the resurrection of Jesus Christ. The name is a survival from the old Teutonic Mythology. According to Bede it is derived from Eostre or Ostara.

Easter always occurs on the first Sunday after the full moon following the vernal equinox.

Since this is war time and the people in general are more serious minded it behooves us to allow the true meaning and significance of Easter to prevail this year. Forget to be self-conscience in the new duds and in it's place make room for the feeling of security of being an American and that God still reigns and will keep his promises to his people.

Smitty says—

"An office boy like me doesn't make much money, but I'm putting 10% into War Bonds every payday 'cause it's my duty."

Pan American Day Chapels, April 14

Pan American Day, April 14, 1943, Miss Faye Pinkley's Room 4A presented a chapel program. Dean Daenzer, dressed as Uncle Sam, was master of ceremonies. The class sang, "Children of America," especially written for Pan American Day. A group of children told the history and meaning of our Pan American Union. A play was presented by Donita Gunter, a Spanish girl, and Shirley Gail Littleton as the American girl. The class then sang two Spanish songs, "El Sombrero Ancho," and "Do Jaunita," accompanied by Miss Jameson on the piano.

Senior High Chapel was based around Pan American Day with Dwayne Bell acting as master of ceremonies and Eleanor Witt reading the scripture.

A play was given with Charles Brillhart and Dorothy Jean Crisp as the Spanish boy and girl, and Dub Burleson and Marcena Frantz as the American boy and girl. Mayme Nitschke ended the program by singing a Spanish song, accompanied by Miss Jameson at the piano.

—FOR VICTORY! BUY BONDS—

EDITORIAL

One Good Reason

Somewhere in the Pacific a submarine was making its way back to its home base. On it were its crew and 14 Navy nurses who were evacuees from "The Rock" or Corregidor. The captain of the sub announces that the radio operator has picked up a message from "The Rock" and he would read it as it came over the wireless.

Back in Corregidor a tired wireless operator sends out his last message: "The Japs have landed! We are outnumbered. The men are fighting bravely but hopelessly. There goes the white flag. Everyone is bawling like a baby. They are piling our dead and wounded in a cave."

"My arm is getting tired and I haven't much time. I have a treat, probably my last, a can of pineapple. I will open it now—".

There is a short pause while he opens it with his knife. He begins again.

"Give this message to my mother, please. "Mom, I will come home someday. Give all my love to those dear to me. God bless you, Mom, and those who are guiding us." Sign my name to it and get it to her as quickly as possible. God bless you all and remember wherever you are —give them Hell! Here they come for me!—Stand by—.

That was all. The Rock had fallen. The last hold in the Philippines had been lost. But that isn't the first sneaking attack made on the United States. No matter how hard we are hit the United States always comes back strong every time, and this time is no exception, in fact, we will strike back harder than ever. We must work harder and faster and better in order to send our boys into battle equipped with American made equipment, made by Americans, from American materials, for Americans. That is one good reason for our present sacrifice, and if you don't appreciate it just stop and think, "What if it were my son or brother or myself on that island?" If you don't think it reason enough—then get out of this country or you will be six feet under with no questions asked!

Would you like for our school to be more like home? It's up to us to make it that way. If we would take care of the things at school as we do the things at home, we would learn to appreciate them more. Other than our home, we spend most of our time at school than any other place. Why not keep it as much like home as we can.

For instance, the desks. They get an awfully lot of marking and cutting on them. Couldn't we treat them as we would something of our own?

Then there is the careless habit we form of writing our names, not only on desks, but on walls and screens behind the stage, and other places. Remember the old saying, "Fool's names like fool's faces, always appear in public places."

Are you careful with the stage curtain in the auditorium? We have a very nice curtain and it will have to last for a long time. So lets be careful with it and keep it nice.

Since the spring rains have started, have you noticed how the grass in front of our school has put on that green, velvet look. There's nothing cooler looking and more refreshing in the summer than a clean, green lawn. Can we keep our lawn like that? It's up to each one of us not to carelessly throw paper down or cut across the lawn. Let's keep it looking neat.

—FOR VICTORY! BUY BONDS—

Meet the Seniors

Betty Jean Pugh was born at Gray, Okla., on September 14, 1926. She entered elementary school at Conlen, at the age of six and studied there until she moved with her family to Perryton in 1939. Since that eventful day, that beautiful olive complexion, those sparkling brown eyes, to say nothing of her attractive brown hair, have been winning the hearts of everyone she comes in contact with.

Betty Jean stands five foot two and one half inches, weighs 115 pounds, likes fried chicken as a food and horse back riding plus conversation for a hobby. When it comes to reading, that challenging book, "Pride and Prejudice" is tops. For shows, Now Voyager was her choice, and Bette Davis ranks number one for acting. Boys listen—Betty's pet peeve is "Stuck-up people."

Her abbition is to be an interior decorator and she plans to enter college at West Texas.

Betty Jean has acted in "Give Me Credit," "So Wonderful In White"; and is cast for a part in the senior play and in the operetta.

Playing in the Ranger band for three years, being an active and faithful member of the Baptist Church, and order of Rainbow Girls, Betty has always demanded the very best in every part of life.

Mary Ellen Moss, another native born Texan, came to Perryton from Hereford. "Mossie," as she is affectionately called by her many friends was born June 5, 1926. She is distinguished by her attractive light red hair and rosey complexion. Mary Ellen is one of the friendliest members of the Senior Class, therefore her pet peeve is "coldness."

"Pride of The Yankee," with Teresa Wright and Alan Ladd as actress and actor, are her favorites in the movie world. Her top notch food is French fried potatoes, and her number one drink is cokes. Boxing catches her eye in the sporting world, and "Gone With The Wind" in the reading field.

Mary Ellen is another one of our patriotic senior girls who intends to devote the next few years of her life to the nursing profession. She will go to the Kansas Research Hospital in Kansas City, Missouri for her training.

With her winning personality, real sense of devotion to responsibility, and above average intellectual understanding, Miss Moss has our very best wishes in her chosen profession.

G. K. Rupprecht, successful captain of the '43 Ranger Football squad, is truly a home product, being born here July 10, 1926. G. K. is perhaps the frankest and most honest member of the senior class, because when asked what his hobby was, he answered —"Kackie."

"Knute Rockney" is his favorite show, with Hedy Lamarr as actress and Gary Cooper as actor. With four years of football under his belt, two year letter man, his choice sport naturally is football.

Although G. K. devoted [illegible] years to the Ranger band, [illegible] ranks first in the line of stud[illegible] K. is an active member of th[illegible] Molay organization.

Although G. K. is one of [illegible] youngest members of the '43 [illegible] he has already decided to take [illegible] dentistry as a profession.

G. K. has always, and still [illegible] rank high in the upper bracket[illegible] service to his fellow school mat[illegible]

Save Your Tires

for Uncle Sam

Recapping Won't Wait!

Sure, you can have your tires recapped IF you don't wait too long! You see, when you let a tire wear down too thin, it can't be recapped . . . it has to be junked! Don't take chances—let our tire experts tell you when your tires should be recapped to give the longest possible mileage. Bring them in now!

★

FACTS ABOUT

Tire Recapping!

You Don't Need a Ration Certificate Now

1. Americans may not be able to get through the next year on wheels, UNLESS they have their tires recapped IN TIME to save replacing tires!
2. The OPA recently lifted the ration restriction on recaps! Now no inspection or certificate is needed.
3. Recapping uses about one-third as much rubber as is used in making a "war tire."
4. We're prepared to give you an expert recap job immediately! Don't wait till it's too late—do it now!

They Give Their Lives . . . You Lend Your Money!

Our Defenders Speak!

The Herald asks that men and women from this community serving in the armed forces write letters to this department for publication. Letters to relatives that would be of interest to the public will be published under this heading.

New Guinea
March 23, 1943

Dear Mother and Doctor:

Received your letter saying you sent a box with watch, films etc. Thank you a lot. Hope to get them in the next few days.

Please be advised of my bust. Was busted three grades Feb. 9th., for cause. I went A. W. O. L. for six hours. Went up country about thirty-five miles to a native village and just didn't make it back in five hours. Please don't worry because I did have permission to go. I really did get some good pictures. All the boys want a set of them, so I guess it was worth it. It cost me $15 a month that is the only bad part of it. The boys are swell tho they are going to pay me at least $15 each pay day from now on. They will get the stripes and glory and Joe will take the money. Poker Game—

Please remember that just because I lost my stripes doesn't mean I am not doing my part. It certainly isn't that. I am working, in fact doing more now than before. Honor Bright. I get a few extra details but they aren't so bad. For instance Joe works on the new Latrine tomorrow. It's just a little hole say about 6 feet by 4 ft. and to go twenty feet deep. It was about ten feet deep last Wednesday (Joe was there) and tonight Joe takes another look and she's gone down at least two feet. Thats 4 4/5 inches a day and to top it off with we use dynamite. You see it's really simple. You report for work at eight bells sharp. (8 a. m.). 9 a. m. you deliver pick shovel and bucket with rope attached and the body, to the bottom of the shaft. 9:05 a. m., digging too tough. 30 minute break. 9:35 send helper after dynamite. 10:15 a. m. helper returns with dynamite but no caps. So I go after the caps. Get caps, stop by and get cool drink, read buletin board, talk to a good buddy for only thirty minutes because I'm really in a big hurry. Get back with caps about 11:30. Knock off for lunch. At one (1 p. m.) sharp we go back to work. After returning to the bottom of this great shaft, we dig a hole about the size of a Coca Cola bottle in the middle of the shaft. 1:37 declare a break (30 minutes). Install dynamite at 2:07 p. m. Then we run the fuse to a shady spot under a nice big tree while your buddy goes to get or borrow a match, (one match). After the third trip for a match the fuse is set off. At 3:17 and two ticks you lean gently back against the tree and rest. At exactly 3:20 and 2/3 sec. there is an awful explosion and after fighting a crowd of G. Is for thirty minutes you finally reach your one and only latrine. You hurry to the bottom to find it 4 4/5 in. deeper. And the dynamite has or the explosion has blown the dirt in a neat little pile just outside the hole. We are a bit deaf from the loud blast, but after 9 2/3 minutes you are ok. So you gather your tools, stop by and get a drink and march proudly back to the supply Sgt. and check in, and report no casualties.

Oh yes, I might add, when we're not on a tough detail we naturally work hard. Just can't help it. Enough of that—.

Please don't worry, everything is fine. Doc look after Skipper, and I'll be careful. Will send pictures soon. Have a rifle for you Doc. It's not a U. S., it has been cut down so it would be lighter for jungle fighting. (to carry too). Will bring it to you. Also have shells and beads for the girls. Starting for home can not come too soon. Will get a ten day furlough soon. It is called a ten day temporary duty leave. It's a rest camp. Hope to go within the next two months. (Pat Boy Sowers and I). Will try to get pictures finished and sent to you then.

Good-bye for now
your son Joe
T/S Buckland Joe 38043671

April 12, 1943

Dear Sirs:

I appreciate your sending me the paper. Without it I would be lost. It would be a very good thing if every soldier in the armed forces could receive his home town paper, but I have noticed that many do not. Thanks to the USO and the home folks that have made it possible for me to get it.

I was transferred from Moody Field Ga., to Westover Field, Mass., for overseas' duty. They weren't needing Adm. Clerks so I took my choice of going to school. I am now at Buckley Field going to armorer school. My what a place. It is a wonderful place and Denver is a real soldier's town.

Well I wish I could get a furlough but it is impossible.

Am thanking you again for the paper.

As ever,
S/Sgt. Werner Lehman
764 T. S. S. Sp. Bldg. B-520
Buckley Field, Colo.

Dear Van and Gang:

Just a line as time is our most precious item.

As you will no doubt see from the above address, I am now in the swamps of Va., at present very much secure—quarantined in boot training for the next five weeks, at which time I will be shipped to some other camp for advance training. Then to port of embarcation then to places unknown.

I ran into Ray Johnson yesterday, he is in the mesquito control stationed here, but very anxious to leave.

Regards to all
Gene Coffee

April 15-43

Dear Mr. Stewart:

I want to thank you and the USO for sending me the Herald. But should add that it has had a hard time keeping up with me as I have been in eight army air bases in the last six months, up and down the east coast.

I realize now that I should have sent in each new address as I haven't been getting the Herald very regular. In fact, after a lapse of several months I received the March 17 paper, but was very glad to get it because it had the address of a friend of mine, Willie Symons. We had lost track of each other somewhere in the shuffle.

I want to thank you again and I remain,

As ever,
Pvt. Herbert D. Newman
325th Fighter Sqdn.
Richmond, Va.

• Blue Mound

Services at the Blue Mound church, led by Brother J. B. Brandt of Tabor, Iowa, have been well attended.

Howard Barnett was thrown from his horse last Wednesday and is suffering very much from his fall. LaVaun Pattison is feeding the stock since Mr. Barnett is not able to get around.

Mr. and Mrs. Don Bradford and sons, Don Jr. and Jerry of Alva, Okla., are moving to the farm of his father, D. B. Bradford of this community. Don will take over the farming for the duration as his parents are alone.

Alberta Reiswig spent the day Sunday with Mildred Reiswig.

Mrs. Pattison called on Mrs. Lena Partridge Wednesday afternoon.

Mr. and Mrs. Sidney Cook called on Mr. and Mrs. Archie Sagar, Wednesday afternoon.

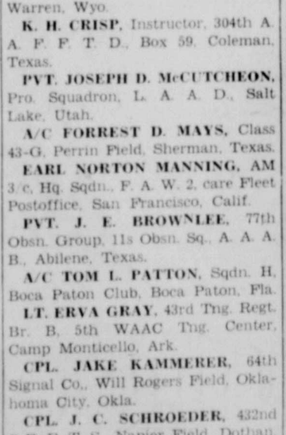

Mrs. Ruth Jaquenin who has been visiting the past few months with her parents, Mr. and Mrs. D. B. Bradford left Friday for Santa Rosa Calif., where she will join her husband who is a Staff Sgt. stationed there.

Mr. and Mrs. Buddy Hampton and son, of Dumas, spent last weekend with her parents, Mr and Mrs. John Morris.

LaVaun Pattison helped Ollie Morris last Tuesday to drive cattle about twenty miles down on Wolf creek.

Mr. and Mrs. Cecil Sagar and son, spent Sunday in the home of his parents, Mr. and Mrs. Archie Sagar.

George Partridge visited with Ralph Pattison Sunday afternoon.

EENY, MEENY, MINY, MOTOR OIL

NO ABRACADABRA, no flip of a coin, can help you choose motor oil wisely. Yet the decision is of utmost importance because today cars must live to a ripe old age, and no car can ever be any younger than its motor.

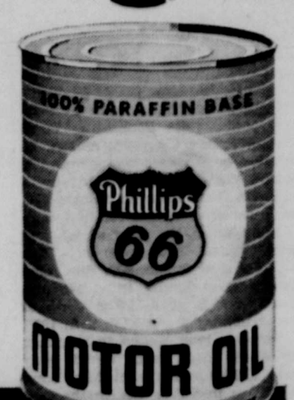

To help you select the oil for your car, we give you sound, straight-from-the-shoulder facts. We tell you frankly and clearly which lubricant to ask for when you want our very best.

Just remember, we definitely specify that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Why not try Phillips 66 Motor Oil? Ask for it by name when replacing winter-worn lubricant, or when making the recommended every-two-months oil change.

BUSY DAYS AHEAD

For Your Electric Refrigerator

Better Check it Over Now!

All winter long your refrigerator has been loafing along using only a fraction of its cold-making capacity, but the coming of warm weather means it will have to work longer and harder to protect your perishables. Food spoilage is taboo in these days of rationing, so give your refrigerator the care it needs to operate at peak efficiency. Don't let neglect rob you of vital food protection!

FOLLOW THESE POINTERS ON REFRIGERATION CARE

- Defrost whenever frost becomes ¼-inch thick.
- Cover all liquids. Keep defrosting tray dry.
- Don't set cold control any higher than necessary. Use quick freezing sparingly.
- Make sure door gasket seals tightly. Keep free of grease.
- Don't crowd shelves. Air circulation is vital to efficiency.
- Don't store hot foods. Let them cool first.
- Don't open door oftener than necessary. And close it quickly.
- Keep refrigerator clean, condenser coils dust-free.
- Oil open unit models periodically as instructed. Sealed units need no oiling.

Bond Funeral Held Sunday

Friends of Mrs. Alma Bond gathered in the Wilson Funeral Home Sunday afternoon, 3:00 o'clock, for simple impressive funeral services conducted by Rev. S. R. McClung, Baptist pastor. A male quartet composed of I. R. Buchanan, Virgil Castle, Robert Lawrence and A. K. Wooten gave sacred selections.

The remains accompanied by a nephew, R. E. Beam of Selma, Ala., were taken to Selma for burial.

Alma Beam, daughter of Mr. and Mrs. Charlie Beam, was born Mar. 14, 1878 near Selma, Ala. She came to Ochitree County in 1916 and lived on a farm until the death of her husband, Frank Elmore in 1926.

She was later united in marriage to A. F. Bond who passed away May 2, 1940 at Perryton. Mrs. Bond has been in failing health the past year and for several months has been in the local hospital. Death came Thursday, April 15.

Survivors are one brother, W. H. Beam, Plantersville, Ala., seven step-children, John Elmore, Perryton, Mrs. Anna Moon, Lamar, Colo., Ben Elmore, Calfornia, Mrs. Dessie Niece, Conago Park, Calif., Mrs. Marjorie Vickers and Mrs. Jewell Gravelee, San Bernardine, Calif., and Frank Bond, Granada, Colo.; a number of nieces and nephews and many friends.

The Easter Gift

"AMERICAN" by Fostoria

CHOOSE WELL! CHOOSE "AMERICAN" FOR GIFTS

Hundreds of thousands of "American" pieces in the best of American homes are proof of the beauty, the durability of this popular Fostoria crystalware pattern.

It is designed for those who are sympathetic to the charming traditions of the early American vogue; an authentic interpretation of colonial simplicity.

"American" is a pattern that one never grows tired of. Its crystal gleam displays luxurious taste on any table. Its occasional pieces are shining proof that regal beauty need not be expensive. In fact, some "American" pieces cost as little as 50c each.

Come in to see our displays. There are many items for your selection. You will be proud to give "American" to your nearest kin or to your best friends.

Plainview Hardware Co.

No. 1

Continued from Front Page

stick and be permanent.

Taxes will be high for years and years. The federal debt will be above 250 billions when this war is over and the carrying charges will run 4 or 5 billions a year for an indefinite period after the war.

Prices will continue at a high level for some time after the war. Also rationing. Farmers and food trade will do well for perhaps two years after the war and possibly much longer. Present trend away from basic crops to meats, milk, fruits and vegetables will increase.

Period of great business and industrial activity is expected for some years after war's end.

New technical and scientific developments will show miracles, namely plastics, synthetic rubber, electronics, refrigeration, dehydration, light metals, air transport, farm and forest products, autos, prefabricated houses.

Living standards will be higher for the long range. Wages will be higher than pre-war. Profit margins will be slimmer. Taxes will prevent huge new fortunes but many small and moderate fortunes will be made.

War construction will drop off by September, releasing many workers and materials for other uses.

Nation-wide dim-out is planned for near future to save fuel.

Tire rationing will go on for at least another year.

OPA price ceilings on passenger cars are expected around midyear, similar to recent truck rules.

—FOR VICTORY! BUY BONDS—

No. 3

Continued from Front Page

out having to contact or correspond with their nearest OPA office.

This plan is designed to eliminate a great deal of the delay which is naturally occasioned by having to get in touch with an OPA office and delegates of the local Price Panels the function of explaining the regulations, and, where possible, the answering of many of the questions.

During the visit to the various boards, meetings will also be held with representatives of the wholesale and retail food trade, at which time the new simplified food regulations will be explained and discussed in detail and individual problems will be taken up. These meetings with the food trade are of paramount importance and it is hoped that all wholesale and retail food dealers will attend.

In order that the territory of the Lubbock district be covered as quickly as possible, certain counties have been selected as the places of meeting for price panels and price clerks and the wholesale and retail food trade in those and nearby counties.

The first meeting will be held in El Paso on Thursday, April 22, followed by a sweep through Southwest Texas, then north to the Panhandle, winding up with a meeting in Childress on Friday, May 14.

The full itinerary for these meetings follows with counties included:

Tuesday, May 11, Perryton: Hansford, Ochiltree, Lipscomb, Hemphill.

Wednesday, May 12, Borger: Hutchinson, Carson.

Mr. Gholson will make part of the trip accompanied by Clarence W. Nichols, regional price executive, Dallas regional office, and Owen W. McWhorter, District Chief attorney. The other members of the party, all from the Lubbock district office, will be: J. B. Mooney, price officer; H. T. Gehring and W. A. Robertson, price specialists.

Continued from Front Page

ters from more than a dozen school superintendents in this state indicating bus operators plan to transfer their buses to other services at the end of the school term. Moving any such vehicle out of its present service is specifically forbidden by ODT General Order 35, Mr. McCallum said, as a protection for the necessary service to school children. Operators who have failed to understand the order should be advised at once.

The freeze order issued March 17 does not prohibit the sale of school buses if they are continued in the same service, Mr. McCallum explained. But they must continue to perform the same job unless the owner gets special approval from the regional ODT office at Dallas to transfer his bus to other service. He must also get ODT approval before adding any other service, such as the transportation of war workers.

"ODT considers the transportation of school children essential", Mr. McCallum said. "Almost no new school buses may be expected for the duration of the war. The ones now in service must be kept on the job."

Any violation of the freeze reported to ODT will be investigated at once. Mr. McCallum said, but advance knowledge would save many buses from being taken out of the area they serve and later forced to return after having put many miles on the vehicle in other service.

School superintendents are being advised to inform all their bus operators of the ODT regulation.

Greeting Cards at Herald office!

Where Will the War Money Come From?

People ask: "Where will the money come from?" to reach the thirteen-billion dollar objective of the Second War Loan. The answer is simple. The people HAVE the income.

When we produce munitions or peacetime goods, or anything else, we likewise produce income. For every dollar of production, there is a dollar of income.

The problem of war finance boils down to this—if individuals and businesses receive more income after taxes than there are things produced for them to buy, then excess funds arise. The government deficit is matched by the combined surplus of everybody else. This surplus should be put into Government securities to wipe out that deficit.

They give their lives . . .
You lend your money.

Mr. and Mrs. E. H. Dodd were night guests Tuesday and Wednesday in the home of their son, Cecil Dodd and family. The Dodds have just recently sold their farm near Dalhart and were enroute to Kingfisher, Okla., for a visit before deciding on a new location.

That Extra Something!

...You can spot it every time

THE lovely entertainer goes to Panama to cheer our troops. Soldiers want to enjoy a Coca-Cola with her and talk. A pretty girl and a Coke... just like home.

In Iceland, the news told how troops had a good-natured fight to get the first Cokes available. Such are the stories from our fighting men everywhere.

To mean so much, a drink must have something—in taste, in goodness and in true refreshing qualities. Just to sip ice-cold Coca-Cola is to find all those things. Yes, all the difference between something really refreshing and just something to drink.

Maybe it's a make-shift dressing room, but Uncle Sam's soldiers have given it a homelike touch . . . fresh flowers and a frosty bottle of Coke. Who could ask for more!

Even with war and so many Coca-Cola bottling plants in enemy-occupied countries, our fighting men are delighted to find Coca-Cola being bottled in so many places all over the globe.

The best is always the better buy! 5¢

a safe basis, it is safer to build an adequate financial reserve through investment in War Bonds than to apply all available income on debts. If all income is applied on debts, it will probably be necessary to borrow again in order to replace tractors or automobiles or other farm machinery when they become available. A financial reserve in War Bonds is available at any time for any purpose—for the purchase of machinery, for the improvement of homes, for education of children, for unexpected hospital bills, or for the payment of taxes and debts."

Myers, formerly Governor of the Farm Credit Administration, said, "By postponing the spending of increased farm incomes of the war period until after the war has been won, farmers will help their country and themselves. At that time the gradual expenditure of these financial reserves will help to stabilize business conditions and employment in the period of readjustment from war to peace. It will also provide productive employment for the returning men of our armed forces after victory has been won."

Thomas Funeral Held Thursday Morn

Funeral rites were held this morning, Thursday, 10:30 o'clock, in the Full Gospel Church for Joseph Clarence Thomas, age 46, who passed away April 21, following a heatr attack.

Mr. Thomas has made his home in Perryton with his mother, Mrs. Rachel Thomas for a number of years. A sister, Mrs. Frank Easdon, also lives here.

Burial will be made this afternoon in the White Deer Cemetery.

—FOR VICTORY! BUY BONDS—

Mrs. S. N. Edmundson, Amarillo spent the week-end in Perryton with her father, C. M. Bryan, and with her sister, Mrs. J. W. Kelley and Sgt. Kelley, who was here from Corvallis, Oregon.
