HOPES THAT a new norther would lower unseasonally high temperatures in the Snyder area last night were in vain. In fact, the area sweltered under summer-like conditions yesterday as the mercury soared to a high of 101 degrees. Today, weather forecasters indicated that no significant changes in the temperature could be expected here, although there was a possibility that some showers might develop.

WANT TO KNOW how the college football games will come out this weekend? And all the other weekends this fall? Well, The Daily News has lined up this season with Mort Swartz, whose "Grid Power Index" has been amazingly successful. He forecasts the winners and the scores, and for the past three seasons Swartz has consistently topped a 75 per cent accuracy average. His first predictions for this season appear on Page 5 of today's issue of The Daily News.

ASIAN FLU vaccine is not quite as available here as some would have us believe, one Snyder druggist said. While some drug stores have been able to get it, others have not. The same is true with some physicians, he said. Those who have had it have received only small amounts. It is continuing to trickle in, however, but only in very limited amounts so far. One druggist said he had received an invoice for his first batch, that being only a 30-cc order, or enough for only 30 shots.

Walkout Staged By Lawyers For Faubus During Hearing

LITTLE ROCK, Ark. (AP)—Attorneys for Gov. Orval Faubus suddenly and dramatically walked out on the injunction hearing against the governor today after declaring they do not recognize the jurisdiction of the U. S. District Court.

Their walkout came immediately after Federal Judge Ronald Davies rejected their motion to dismiss the government's petition for injunctions commanding Faubus to stop interfering with the integration of Little Rock Central High School.

William Smith, Faubus' personal attorney, said "As far as we are concerned we're through."

With that, Smith and the governor's other attorneys, Tom Harper and Kay Matthews, left the court room and entered an elevator.

The hearing continued. Davies called for witnesses to be summoned.

LITTLE ROCK, Ark. (AP)—U. S. Dist. Judge Ronald N. Davies overruled a motion to disqualify himself today in the hearing for a preliminary injunction against Gov. Orval E. Faubus, and testimony began in the hisory-making lawsuit.

Faubus, who had asked the judge to step down because of alleged bias and prejudice was not in court as the proceeding began.

Davies said the Faubus motion was "not legally sufficient" and not timely.

These were the two principal arguments brought against the motion by government attorneys. Donald C. MacGuqineas, arguing against Faubus' motion, spoke for 18 minutes. Kay Matthews, one of the three attorneys representing the governor, spoke for seven minstes in response. Matthews challenged the government's right to file a countermotion to strike down the claim that Davies was biased and prejudiced.

This cleared the way for the presentation of evidence.

Like Faubus, Arkansas Adjt. Gen. Sherman T. Clinger also was absent from the courtroom.

It was Clinger who, at Faubus' orders, deployed National Guardsmen around the high school to prevent Negroes from entering—a move the governor said was taken to prevent violence.

Clinger is a codefendant with Faubus in the injunction suit.

The governor was under summons to appear in the case in which the government is seeking to enjoin him from further interference with integration at Little Rock Central High School.

It was the second consecutive day on which he declined to come into court.

Yesterday, he refused a federal court subpoena for another civil rights lawsuit.

Proceedings in the injunction hearing began immediately before U. S. Dist. Judge Ronald W. Davies.

There was a motion before Davies to disqualify himself on ground that he was "biased and prejudiced" against Faubus.

It was filed by Faubus' attorneys and was heard first.

Government attorneys filed a countermotion this morning to strike the affidavit against Davies.

Faubus was not strictly required under a summons to appear in person today. The U. S. District Court clerk said he could be represented by attorneys.

At 9:35 a. m. it was reported Faubus was still in bed at the governor's mansion. The hearing opened at 10:04.

Burglars Hit Gustine Bank

GUSTINE, Tex. (AP)—Burglars cut into the vault of the First State Bank with a torch during the night and escaped with an undetermined amount of money.

Cashier I. C. Willingham discovered the burglary at 7:50 a.m.

He said some safe deposit boxes and silver were scattered on the floor of the vault but officials hadn't gone inside to determine whether the safe inside the vault had been opened.

The FBI was notified. A fingerprint expert was en route from Abilene.

Willingham said there probably was at least $20,000 in the safe. The sheriff was awaiting FBI before going into the vault.

Gustine is a community of 400 people in Comanche County in North Central Texas.

The cashier said the bank closed at 3 p.m. yesterday. The yeggs cut a hole about 10 by 18 inches in the vault.

Russian Hits West's Mid East Policy

UNITED NATIONS, N. Y. (AP)—The Soviet Union warned the U.N. today it cannot watch impassively while Western nations are turning the Middle East "into a permanent hotbed of military conflicts."

Foreign Minister Andrei A. Gromyko declared the tense situation in that area bears closely on Russia's security.

He struck back vigorously at charges made by Secretary of State Dulles that the Kremlin was risking a Middle East conflict by sending arms to Arab countries. The real cause of the trouble, he said, is Western attempts to dominate the area.

He declared the Soviet Union will press for world disarmament but, until agreement is reached, will "take all necessary steps to safeguard its security in close coordination with its allies."

Gromyko told the 82-nation General Assembly "The Soviet Union cannot place itself in the position of an impassive observer while the Near and Middle East—an area close to the frontiers of the Soviet Union, is being turned into a permanent hotbed of military conflicts."

He accused the West of inventing charges against the Soviet Union to hide its own intentions to dominate the Middle East.

He placed the blame specifically on the North Atlantic Treaty Organization and asserted that "rude political and economic pressure is being exerted" against Syria.

"Lately," he said, "she is being more and more frequently threatened with open military intervention."

The reason for this, Gromyko continued, "is that the people of Syria and their government refuse to submit to foreign dictation or to allow their country to be drawn into aggressive blocs."

He declared that the U. S. position on the Syrian problem is ample proof "that the Eisenhower Doctrine is completely hostile to the interests of the people of the Near East."

Sen. Johnson Not Seeking Nomination

DALLAS (AP)—Sen. Lyndon Johnson (D-Tex) says the political handicappers rating him a likely bidder for the Democratic presidential nomination in 1960 are all wrong.

"I do not know who the candidate will be," the Senate majority leader told The Dallas News last night, "but I have every conviction a man could conceivably have, that it will not be me."

The News quoted him further as stating at his ranch near Stonewall that the Democrats will be able to pick a nominee from an abundance of candidates.

There has been speculation that Johnson's leadership in effecting passage of a compromise Civil Rights Bill and other measures might make him a major contender at the 1960 Democratic convention.

The News quoted him as declaring, however, that he would not be a favorite son candidate, as was the case at last year's national convention.

"I have made it absolutely clear both in public and in private that I do not seek the nomination," Johnson told the newspaper.

"There are absolutely no reservations in my mind on that question. And I am not leaving the door open for any last-minute changes in attitude."

Child Born To Woman Paralyzed With Polio

NEWARK, N.J. (AP)—A young woman paralyzed by polio from the neck down has given birth to a healthy baby girl.

Mrs. Elizabeth Grun, 28, of New Brunswick, underwent a caesarean section at Beth Israel Hospital here Wednesday. Her baby weighed 8 pounds 5 ounces.

Hospital officials said the birth was the first on their records for quadraplegic—a person with both arms and both legs paralyzed.

Mrs. Grun's husband, John, is a graduate student at Rutgers University. The Gruns have two other children—John Jr., 5, and James, 3. Both boys were born before Mrs. Grun was stricken with polio in 1954.

Mississippi Coed Is Named 'Miss Football'

BERKELEY, Calif. (AP)—Mary Ann Mobley, 20, from the University of Mississippi, will reign as "Miss Football of 1957" in the Parade of Lights feature at Berkeley's 12th annual festival tonight.

Miss Mobley, from Brandon, Miss., won her crown last night in competition with 15 coeds from universities throughout the nation.

MANY DISSATISFIED

Four-Day Phone Strike Ends

NEW YORK (AP) — A four-day strike of 23,800 telephone equipment installers ended with an agreement on a new contract today.

One top union official said many of the returning workers were dissatisfied with the agreement. He predicted they would vote to reject it.

The installers have one month in which to ratify the new contract.

The installers are members of the Communications Workers of America and employes of Western Electric Co., manufacturing arm of the American Telephone & Telegraph Co.

Pickets were withdrawn and back-to-work orders were issued to workers in 44 states and the District of Columbia soon after the agreement was reached.

John Flanagan, president of CWA Local 1190, which takes in the New York City area, predicted that members would reject the new contract. He said reports from various parts of the country indicated installers were as dissatisfied with the contract as members of his local.

The 6-to-12 cent boost had been offered by the Western Electric in had been rejected by the union until today.

Both sides expressed satisfaction with the settlement, reached after months of negotiations.

Alfred C. Billotte, chief negotiator for Western Electric, manufacturing arm of the American Telephone & Telegraph Co., said: "We're very pleased this is over and that the agreement is emintly fair to both sides."

Joseph Dunne, national director of the CWA's installation unit, said increases and other benefits give the installers an hourly package of 1.2 cents. He described this as the highest settlement in the Bell Telephone System this year.

Dunne said return-to-work messages were being sent to installers across the nation.

The AT&T has said it maintained normal long-distance service throughout the country despite the fact that many thousands of operators and other employes honored the CWA's picket lines.

Supervisory personnel handled a large part of the work load.

Most local telephone service was virtually unaffected because of automatic dialing equipment.

The agreement is subject to ratification by union members.

SKATING PICKET—Terry Jones, of Portland, Ore., a member of the Communications Worker or America union which was striking against Western Electric plants, donned his Bermuda Shorts and his roller skates for picketing duty in downtown Portland.

Dispute In San Marino

SAN MARINO (AP)—Anti-Communists in this tiny republic of San Marino today set up their own government to oppose the Communist regime that has ruled since the end of World War II.

This postage-card sized country was dividing into two camps in a political battle that erupted into fisticuffs last night.

Today things are quiet. The Communist regime held the government palace. The Communists dissolved Parliament, where they had lost their majority because of defections, and called for new elections Nov. 3.

The 38-square mile country is perched on a hill overlooking the north Adriatic and surrounded by Italian territory. It has a population of 14,000.

Group Seeking To Block Union Vote

WASHINGTON (AP)—Federal Dist. Judge J. Dickinson Letts indicated today he would sign an order directing the Teamsters Union to show cause why election of new union officers should not be delayed.

A group of union members in New York is seeking to block elections at the Teamsters convention opening in Miami Sept. 30.

They contend Teamster convention delegates have been designated illegally to rig election of James R. Hoffa as union president.

Judge Letts directed that attorneys for the group prepare a proposed order for his signature.

The judge said the order prepared for his signature should require a hearing here Sept. 27.

Letts said Teamsters officials should be served with notice of the hearing by Sept. 24. Most of them are already in Florida for convention preliminaries.

Godfrey P. Schmidt, attorney representing a group of New York area rank and file Teamsters members in the proceedings, said the order he expected the judge to sign this afternoon was a victory.

He said it kept open a strong possibility that the elections can be blocked by federal court order until such time as new convention delegates can be chosen. He said present delegates were "hand-picked" by Hoffa, the Union's Midwest Teamsters boss, and retiring union President Dave Beck.

Schmidt filed a petition yesterday for a restraining order against an election by what he contends is the prospectively packed convention.

Foreign Aid Is Blasted

DALLAS (AP)—This country's foreign aid spending is going to waste, a former Army man told a national meeting of For America last night.

Brig. Gen. Bonner Fellers, a director of the organization, said the United States can't depend on its allies to defend American interests.

"Survival is the first law of nature," he said. "If war comes, each nation will do what it thinks best for itself. There are only two threats to our security, and a European army cannot nullify those threats."

Fellers said the threats are Russia's nuclear weapons and its ability to use them through air superiority "at any time and any place in the United States."

Clarence Manion, national vice chairman of For America, said "we've paid tribute and money to every place and everybody on earth."

Military Alerted On Haiti Voting

PORT AU PRINCE, Haiti (AP)—The ruling military junta today alerted all armed forces in Haiti for Sunday's presidential and congressional elections.

The junta issued steel helmets to 2,500 troops and police. Three thousand reserves also can be called up if violence breaks out.

Brig. Gen. Antonio Kebreau, chief of the army staff and head of the three-man junta, pledged the armed forces will guarantee free and honest elections. He vowed any disorders would be crushed.

All men and women over 21 are eligible to vote, about 1½ million out of Haiti's four million population. Ninety per cent of the voters are illiterate. They will vote by dipping a finger in indelible ink and making a mark on the ballot.

Three men are seeking the presidency—ex-Sen. Louis Dejoie, Dr. Francois Duvalier and Clement Jumelle. A fourth candidate, Daniel Fignole, popular with the masses, was exiled to New York June 14.

Fignole then was acting president. Other candidates suspected him of using the office to strengthen his own candidacy. After a period of disorders the military junta moved in and took over.

Haiti's last election was in 1950. Paul Magloire was elected president. When he tried to prolong his tenure in violation of the law last December he was ousted by a general strike. Strikes or military coups have overthrown five other governments since.

Grandmother Gives Birth To Twin Boys

CHELMSFORD, England (AP)—A 37-year-old grandmother gave birth today to twin boys. They are uncles to their mother's 12-month-old grandchild.

In addition to the twins, Mrs. Harriet Elizabeth Edwards has four daughters and three sons whose ages range from 3 to 19 years.

The twins weighed 9 pounds 3 ounces and 7½ pounds. They were described as the heaviest ever born in the hospital here. Mother and babies are doing well.

Cigar-Shaped Missile Tested

MISSILE TEST CENTER, Cape Canaveral, Fla. (AP)—A big, gleaming, cigar-shaped missile, believed to be the Air Force Thor, was blasted into the sky from the missile test center at 9:25 a.m. today.

The missile rose straight up for perhaps 15 to 20 miles, then curved to the eastward and kept climbing on an arc.

Rising with a flaming tail, the missile discharged white smoke at high altitude like a skywriting plane. Then as it turned on a more curving course, it left a streak of gray.

It sounded in the air like a squadron of bombers. It was perhaps half a minute after it left the launching pad before the sound could be heard.

The sky was crystal clear and the missile could be seen for at least two minutes after it left the ground.

If it was the Thor, it was the fourth and only successful launching of this missile to date.

The first two were of doubtful success and the third launching Aug. 30 traveled an estimated 13 to 17 miles before a booster apparently threw it off course.

Preparations for firing the Thor estimated at 65 to 70 feet long, had been going on most of the morning.

Spectators on the beach about three miles away saw what appeared to be fumes from fuel escaping around the base of the missile for about an hour before the firing.

Then the fumes cleared and seconds later the missile took off and out of sight quickly.

Asst. Defense Secretary Donald Quarles was at the base and probably watched the firing. His report to Defense Secretary Wilson may have an effect on the decision as to whether the Air Force Thor, the Army Jupiter, or a combination of both goes into production.

Newsmen could not reach Quarles for comment.

Both the Thor and the Jupiter have ranges of 1,500 miles and are rated as intermediate-range missiles.

There still is speculation that an Atlas intercontinental missile may be fired from here in a day or so.

Stork Arrives But It Takes Help Of Police

SULPHUR SPRINGS (AP)—The stork visited Mr. and Mrs. R. G. Camper today but it took a bit of doing.

Police received a call for help about 4 a.m. when a doctor couldn't be reached by phone.

A squad car rushed to the doctor's home but found it guarded by a big bulldog. A radio call brought reinforcements.

One officer went to the front door and another to the back door, police reported, on the theory that the dog couldn't bite both at the same time. It didn't bite either.

The mission accomplished, mother, son, father, police and dog are doing fine.

Aggie Campus Hit Hard, Flu

By The Associated Press

Extra beds were set up in hallways of the overcrowded Texas A&M College hospital Friday as new cases of flu continued to spring up around the state.

Some of the new cases were definitely established as the Asian variety.

Dr. Charles Lyons, college hospital supervisor at Texas A&M, said he did not believe that any of the some 450 stricken Aggies had Asian flu but he had no way of knowing for certain.

He reported 250 students were in the hospital and 200 more had been ordered to bed in their dormitories at College Station. However, he said the Aggie football team took Asian flu vaccine two weeks ago and none had been treated for flu yet.

The State Health Department at Austin said it knew of 11 confirmed cases of Asian flu to date in Texas and there likely had been more.

In addition to tests of specimens at the state laboratories in Austin, the University of Texas Medical School in Dallas and the University of Texas Medical School in Galveston have started making tests in cooperation with the State Health Department.

The 4th Army medical laboratory at Ft. Sam Houston in San Antonio makes tests for military personnel.

So far the laboratory at Austin has confirmed five cases of Asian flu from the Austin area, and one each from the Fort Worth, Dallas and Paris areas.

The medical school in Dallas reported it had three cases in the Dallas area.

More than half a dozen high schools have cancelled football games scheduled for Friday. More than a dozen cities and towns reported hundreds of school children out sick.

Some 500 Texas Christian University students were hit by the flu in Fort Worth. University spokesmen said the virus was believed to be a non-Asian strain.

El Paso High School cancelled its Friday night game with Lamesa after a number of its team members came down with the illness.

Schools closed Monday at Joaquin. Dr. L. W. Snyder, Shelby County health officer, reported between 250 and 275 school age children ill at Joaquin.

Huntsville officials estimated 264 students were absent with what was described as the common flu.

At Trinity, in East Texas, Dr. S. R. Barnes reported 110 of 693 school children were ill.

About 14,000 students, nearly 10 per cent of the total enrollment, were out of school in the Houston area. School officials said this was about twice the normal figure.

Awards Presented By Farm Bureau

About 125 persons last night attended the annual father and son weiner roast given by the Scurry County Farm Bureau.

The Bureau, at the event, hosted members of all the Future Farmers of America chapters and boys 4-H Clubs in the county and their fathers.

During the evening, five boys were presented awards as outstanding members of their groups. Four were from the four FFA chapters in the county, while the fifth was the outstanding 4-H Club member in the county.

Oscar Fowler, county agricultural agent and head of the 4-H program here, presented the 4-H award, which went to Jerry House of the Snyder 4-H.

Presenting the award to the Snyder FFA student was Billy Bob McMullan, agriculture teacher here. Recipient was Jerry Springer.

Morris Browning was the Fluvanna FFA member named outstanding, and the award was made by Ray Herring, agriculture teacher.

The Hermleigh FFA award, presented by Frank Barnes, agriculture teacher, went to Dwaine Williams.

Bill McMeans, Ira agriculture teacher, presented the Ira FFA award to Travis Alexander.

George Killam, county attorney, was main speaker of the evening.

Killam reviewed the history and development of agriculture in the U. S. With that, he drew a parallel of agriculture in some foreign countries, particularly Russia.

The attorney told the youths that agriculture in the U. S. had the opportunity to keep agriculture on a democratic, free basis, rather than let it and the government drift into socialism, stressing that the responsibility would fall on the shoulders of today's FFA and 4-H youths soon.

Presiding at the meeting was Herman Stahl, president of the Farm Bureau here.

Special Legislative Session Is Discussed Here By Ratliff

The special session of the Legislature called by the governor and other state matters were discussed yesterday by Sen. David Ratliff of Stamford, whose district includes Snyder, at yesterday's weekly luncheon of the Rotary Club.

Only matters brought up by the governor can be taken up in a special session. The session is set to begin Oct. 14.

In this connection, Ratliff said he has been in contact with the governor's office, as has Rep. Robert R. Patterson of Snyder, concerning a proposed special bill on a junior college district in Scurry County.

"The governor's office tells me they cannot include that bill in this session," Ratliff said, adding that if the governor's office granted a request for one senator or representative, it would be forced to grant requests for others and the special session would become as lengthy as a regular one.

In connection with the possibility of a junior college here, Ratliff said he believes the state will eventually have a program of junior colleges throughout the state. The senior colleges are getting over-full. Also, many youths have not the money to leave home and board in another city while attending college.

Included in the things which will probably be brought up in the special session will be consideration of a water program, Ratliff said. Both reservoirs and conservation projects are included in proposals, he said, emphasizing that the need in West Texas is for water programs which could include more irrigation.

Also to be brought up is possible legislation to more closely and completely regulate the lobby. "I think a lobby control bill is in order," he said, adding that also, if the state is going to control any, it should control them all.

Ratliff talked for awhile about the state's money problems. The last Legislature appropriated the biggest budget ever in the state, and now state income is seriously threatened by cuts in oil allowables. The state's greatest source of revenue is the oil industry.

During the last Legislature, a commission to study the state's tax situation was appointed, and Ratliff is one of the members. The group is to investigate the state's entire tax picture and report its findings in January, 1959. It is not to submit recommendations. Texas is one of three remaining states with no income tax and with no general sales tax, he said. "And there are very few people interested in those" The senator touched on some of the 12 constitutional amendments passed upon by the Legislature to be voted upon by the people. Three of those will come up this fall, including those to raise old age benefits and for a $100 million water bond program for political subdivisions.

The following year, the remainder will come up for vote, including that to establish annual sessions of the Legislature instead of those every two years and to set annual salaries for legislators. Questioned about the worth of annual sessions, Ratliff said he believes they would mean the spending of twice the money the state spends now. Each time the Legislature meets, state bureaus would have requests for more money.

Talking briefly on state's rights, Ratliff said so far there has been little the Legislature could do to regain some of the state's rights. The federal government, he said, is gradually taking over the state's activities a step at a time. "And sometimes they are pretty big steps."

The states were formed first and later banned together to form a nation, he said, adding that he believes the people of Snyder, of Scurry County, and of Texas should be allowed to run their own business, up to a certain point.

"The federal government has got so big that it apparently doesn't pay any attention to state laws," he said, adding that he believes a strong central government is good as long as it is handled right, but one handled in the wrong manner invites dictatorship.

Congress Is Seen In New Light

By ANNETTE DAVIS
(For Jane Eads)

WASHINGTON — As a congressman's wife, Mrs. William T. Granahan used to take most of the day to get ready for "that Washington party." Now she takes her party dress to work, makes a fast change at the end of a hectic day and sometimes barely gets to the shindig at all.

She's Rep. Kathryn Granahan (D-Pa) now, the only new Democratic woman member in the 85th Congress and the first woman ever elected to Capitol Hill from Pennsylvania.

Mrs. Granahan often sat in the visitors' gallery and helped in the office of her late husband during his 10 years in the House. At the close of her first session as a Congresswoman she says she now has a "completely different idea and feeling of what goes on."

"Sometimes I used to be amazed to see members slumping in their seats and congressmen talking to an almost empty chamber," she told me. "Now I know how hard they work and why so many are not on the floor. They're in committee meeting where most of the work of Congress is done."

Mrs. Granahan herself put in many hours at meetings of her own committees, Post Office, Civil Service and the District of Columbia. Some of these are breakfast meetings. Her day often begins at 6:30 a.m. She says she likes to read every piece of mail she receives and "sign every bit."

"But every moment I can, I like to spend on the floor," she said. "I think it is important to hear the debate on various bills."

In Washington, the handsome, fashionably-turned-out lawnmaker lives in a hotel apartment. She also maintains an apartment in Philadelphia which she occupies overnight on weekend trips to her office in the Federal Courthouse. She used to golf and play bridge but now has time for neither.

"I haven't seen a deck of cards for months, or got to a golf course," she explained. "The men still play though. I don't see how they have the time. Life indeed is different from what it used to be when I was the wife of a congressman."

Cereals that are kept covered while cooking are more evenly moist than those that are not covered. A cover also prevents the cereal from forming a dry coating on top.

Ingredients: 3 egg yolks, ½ cup sugar, juice of 1 large orange, 1 tablespoon grated orange rind, 1 cup heavy cream (whipped), ½ cup slivered blanched toasted almonds.

Method: Beat egg yolks and sugar together thoroughly; beat in orange juice—there should be 1-3 to ½ cup. Cook and stir constantly over hot, not boiling, water until mixture thickens — about 15 minutes. Stir in grated orange rind; cool. Beat cream until stiff and fold into custard mixture. Makes about 3 cups. Spoon over slices of angelfood cake and sprinkle with almonds. Or turn into serving bowl and sprinkle with nuts if cake is cut and served at table.

MISS ETHEL ROBERTS, president of the Snyder B&PW Club urges all committees and members to be present at the Martha Ann Woman's Club tonight at 7 p.m. Final arrangements will be completed for the District Seven Conference which starts at 3 p.m. tomorrow. (Lee Watson photograph)

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

HOPING TO IMPROVE over our prognosticating of last week, here we go on "edition No. 2."

In District 1-AAA, here is the way it looks:

Tigers at Dumas — The Tigers are smarting from last week's season opening loss to Borger and we don't believe they'll come back home this time "empty-handed."

Abilene 19, Sweetwater 7. Abilene isn't near as potent last year's outfit but the momentum from the '56 team has carried over into this year.

Steers To Notch Another

Other schoolboy games of area interest:

Big Spring 19, Levelland 6. The Steers are the surprise of the season so far.

Midland 13, Palo Duro of Amarillo 7. The Bulldogs bounce back after last week's surprise loss to Lamesa.

Odessa 14, Lubbock Tom S. 7. A long rivalry is renewed with the Broncs copping this one.

Highland Park 27, Lubbock Monterey 14. The Scotties, upset last week by Crozier Tech of Dallas, will take it out on the Lubbock team tonight.

Plainview 14, Brownfield 13. The Bulldogs have finally found a winning combination.

Hobbs 34, Jayton 2. The Panthers get rolling again.

Knott 32, Ira 18. Injury-riddled Ira drops third straight.

Hermleigh 13, Knox City 6. The Cardinals, inspired by last week's win over Aspermont, makes it two in a row.

Andrews 33, Lake View 13. The Ponies, rated No. 1 in Class 3A before the season got underway, will be going all out to regain some lost prestige in last week's stunning upset defeat at the hands of Big Spring.

Colorado City 20, Ballinger 0. The Wolves are on the prowl.

The fifth scheduled game in 3-AAA, Lamesa vs. El Paso Austin, has been cancelled because of a flu epidemic at the El Paso school.

Pick 5 SWC Teams

Now along the college front:

Oklahoma 19, Pitt 7. The Sooners are primed for this one, one of only two or three "tough" ones on the OU slate.

Texas A&M 21, Maryland 6. Bear and Co. won't be stopped in this one.

Arkansas 21, Oklahoma State 0. The Porkers are tough in "those hills."

Baylor 27, Villanova 6. It could be worse.

Rice 17, LSU 14. LSU is a perenial toughie for Rice but the Owls will "get 'em a Tiger" this time.

California 14, SMU 10. The home-field advantage will pay off in this one.

TCU 21, Kansas 6. Snyder's Jack Spikes makes his college debut in this tilt. It looks like a Froggie victory all the way.

Georgia 13, Texas 7. The Longhorns will win more than one game this season but this isn't apt to be one of 'em.

Texas Tech 21, West Texas State 19. The Red Raiders will have revenge in their hearts tomorrow night. Last year's 34-14 licking handed them by West Texas didn't set very well with the Raiders.

Tulsa 20, Hardin-Simmons 14. Both are improved over last year but the Hurricane seems to be better on paper.

East Texas 14, ACC 12. The home team usually wins this game and the Lions from East Texas are the hosts this time.

McMurry 14, Howard Payne 13. Two long-time rivals get together with the Indians winning on Robert Baker's "golden toe."

Tiger B In Home Debut

The Tiger B team will host Lamesa B in its first home game of the season tomorrow night at Tiger Stadium.

Kickoff time will be at 7:30.

Coach Jim Stehley's B teamers dropped a 13-7 decision to Sweetwater B in their season opener last week and will be gunning to even their season record in tomorrow's game.

Following is the starting Tiger B lineup for tomorrow's tilt:

Ends — Mike LaFountain and Bo Brown.

Tackles — Kenneth Steele and Bill Shoemake.

Guards — Jackie Pevehouse and Jimmy Huffman.

Center — Devane Jones.

Quarterback — Alex Cross.

Halfbacks — Coleman John and Marcus Strickland.

Fullback — Eddie Watson.

Heliopolis, one of the country's leading stallions, has provided two Selmina winners at Laurel in Athene (1945) and Aunt Jinny (1950).

Tigers Primed For Demon Tilt Tonite

By BUCK FRANCIS

DUMAS, Sept. 20 — The battling Tiger gridders, hoping to even their season record at 1-1 have been given a slight nod to accomplish the feat against the always dangerous Dumas Demons here tonight.

The Tigers, after laying over in Amarillo last night, arrived before noon here today to await the 8 p.m. kickoff.

The Tigers are primed to give an all-out effort even though the critics all over the state say they should win. Dumas is of unknown quality and playing under a new coach, the Demons could very well stage a surprise.

Tonight's game opens the season for Dumas. It will be the second game for the Tigers who last week dropped a rugged 12-7 decision to the Borger Bulldogs of District 1-AAAA.

Since the Demons have not yet played this season and since they are now under a new coach, Burl Bartlett, the Tigers are pretty much in the dark on what to expect from the Demons.

For that reason, Coach John Conley and his aides have cautioned their charges to be ready for an all-out scrap.

According to unofficial reports, the Demons run from a "Split T" as fashioned by Bud Wilkinson at Oklahoma University.

If an "informal" scrimmage with Borger can be taken as a criterion, the Tigers and Demons stack up just about even. Dumas dropped a 2-1 decision to Borger in a pre-season scrimmage session, the same margin the Tigers lost to Borger in last week's season opener.

The Demons return 13 lettermen including Dwayne Mowery, the second leading Dumas ball carrier against the Tigers last season. Mowery netted 29 yards on five carries against the Tiger defense last season, considered one of the top defensive teams in the state.

Four Tigers are ailing but two may get into the game tonight. Fullback Kenny Drake and halfback Jimmy Allen didn't make the trip with the team here because of illness. Drake is suffering from boils on his hip while Allen is plagued with influenza.

The other two Tigers on the injured list, guard Bill Jennings and fullback Israel Hinojos, may see action. Jennings is nursing a sever "charley horse" while Hinojos is still recuperating from a dislocated elbow he received in a pre-season workout. If Hinojos gets into the game it will be kicking extra points.

Tonight's game will be only the second in history between the Tigers and Demons. The Tigers captured the first game, 27-7, last season.

A special train carrying between 400-500 Tiger fans including the Tiger band was due to arrive here about 6 p.m.

CO-CAPTAINS—Bill Phillips, left, and James Vincent have been named co-captains for the Tigers in tonight's game against the Dumas Demons at Dumas. Phillips is a tackle, Vincent a halfback. Both are lettermen. (Lee Watson photograph)

News To Publish Grid Power Index

Mort Schwartz, of the North American Newspaper Alliance and Formatte Features, an amazing young man who reduces the nation's athletic competition to the size of a slide rule, will forecast football winners and scores for the Snyder Daily News this year. His "Grid Power Index", college football ratings, will appear each week throughout the season which begins on September 14th.

Working with mathematically compiled past performance charts and slide rule rather than prejudiced opinions, Schwartz has established himself as the nation's most accurate sports analyst. His success is not open to question: He publishes his own right-wrong box score weekly — unlike many others in the field. In each of the past three seasons, forecasting the outcomes of games in every section of the country, Schwartz consistently topped a 75 per cent accuracy average. A remarkable three-year total of 1,097 correct predictions as against only 336 wrong ranks him well above all competitors who release their results periodically.

GRID POWER INDEX
By MORT SCHWARTZ

The Grid Power Index is based on a mathematical system giving collegiate football teams comparative ratings.

An Index rating of 120 points is theoretically perfect. The difference between ratings of opposing teams gives the score spread that can be expected in their game. Team statistics are constantly revised to include the factor of performance in each game the teams play through the season.

Here is the forecast for this weekend. Home team is indicated by (*) within rating.

Quarter-Million To View SWC Openers

By HAROLD V. RATLIFF

Texas A&M's start toward making the critics who put them at the summit look good headlines a Southwest Conference season opening Saturday.

There will be bulging stadia from Atlanta to Berkeley as almost a quarter million fans turn out for seven games that send the conference into intersectional play.

The hard-nosed Aggies, who beat everybody but University of Houston last season and played that outfit to draw, take on rejuvenated Maryland in the Cotton Bowl at Dallas with 40,000 due in the stands and the nation privileged to watch on television.

A&M, ranked second in the nation to Oklahoma's too-long conquering Sooners, is a solid favorite to take the Terps. Coach Paul Bryant hasn't been successful in his attempt to show fans he has some glaring weaknesses.

Southern Methodist, with a new coach in tough taskmaster Bill Meek, will be in Berkeley for a little trouble with California. The latter didn't do as well even as SMU last season, winning only three, ok. It also has a new coach and a new outlook.

Five of the conference teams play night games with Arkansas engaging Oklahoma State at Little Rock, Baylor hosting Villanova at Waco, Rice journeying to Atlanta for a joust with Georgia, Texas Christian starting against its favorite punching bag, Kansas, at Fort Worth and Rice tackling its usual difficult assignment against Louisiana State at Baton Rouge.

The seven games will draw around 240,000 with the biggest turnout—50,000—at Baton Rouge. SMU and California look for 40,000, Texas and Georgia the same. There will be 30,000 or more at Little Rock and the Baylor-Villanova and TCU-Kansas melees should draw 20,000 apiece.

The conference is favored to win six of its seven games with only SMU an underdog.

Jr. Hi, Freshman Grab Victories

Snyder schoolboy teams made a clean sweep of three games last night with teams from San Angelo Lee and Lamesa.

The local Junior High teams treated a good crowd of home fans to a double win over San Angelo Lee at Tiger Stadium while the Tiger Freshmen downed Lamesa Freshmen, 19-12, at Lamesa.

In the Juqnior High twinbill, the Snyder 7th graders romped to a 42-14 victory over Lee's 7th graders in the opening game with the Snyder coming back to also win the 8th grade between the two schools, 19-0.

Snyder 8th and the Tiger Freshmen, thus, remained undefeated for the season. The 8th graders own two victories in as many starts while the Freshmen have won one and tied one in two outings.

Last night's win evened the 7th grade record at 1-1.

Coach Bill Hartsfield's Snyder 7th graders made no bones about winning last night's contest: The Junior Blue Devil eleven pushed over two touchdowns in the first half for a 14-0 lead and then turned the game into a rout with a four-touchdown explosion in the second half.

Speedy Stuart Long scored two touchdowns for the 7th graders, coming on runs of 26 and five yards, both in the third quarter.

Halfback Jimmy Taylor scored one touchdown, passed for another and added four extra points. Taylor tallied the first Blue Devil TD on a five yard run and then passed to Dean Howard for another in the fourth quarter, the play covering 48 yards.

Quarterback Dalton Walton and fullback Bob Pena scored the other two Snyder 7th TDs. Walton scored on a quarterback sneak form one yard out in the first half while Pena dashed 54 yards for his TD early in the fourth.

In addition to the four extra points by Taylor, Long and Walton added PAT's. All extra points were scored on runs.

Lee scored once each in the third and fourth periods.

The Snyder 8th graders jumped into a quick 12-0 lead in the first quarter and then breezed in the remaining distance. The locals didn't score their final touchdown until the fourth quarter.

Fullback David Gan went 18 yards for the first Snyder 8th TD, climaxing a 40-yard drive.

Steve Free made it 12-0 with a one-yard quarterback sneak late in the first quarter.

Lee stopped the Blue Devil offense in the second and third quarters but halfback Mike Morris sped 40 yards for the final Snyder 8th tally in the fourth, climaxing a 71-yard march. Gan added the point after the final TD.

Syracuse won a 20-14 victory over Cornell in 1874. It was a baseball game.

Aging Archie, Young Tony Battle Tonight

LOS ANGELES (AP)—Young Tony Anthony, who was just 2 years old when Archie Moore began fighting main events, battles to relieve the crafty but aging boxing master of his light heavyweight title tonight.

Odds on the fight opened in the challenger's favor, then swung to even as Moore's weight problems decreased. By ring time, the champion probably will be favored.

NBC will telecast at 10 p.m., EDT.

That's largely because Anthonys ability to take a solid smash remains questionable. He failed to finish four times while campaigning as a middleweight, thus leaving some glass jaw impressions. He hasn't lost, however, since moving into the 175-pound class in late 1955.

The champion, who might be anywhere between 40 and 44, goes after a knockout early while Tony plans to stay away during the early rounds and then close against a foe he expects will be tiring.

Anthony at 22 carries his poundage on a 6-foot-1 frame. He emphasizes speed rather than slugging ability, although he stopped 23 of 35 foes since turning pro after being on Uncle Sam's 1952 Olympic squad.

Tony earned the title shot by knocking out Chuck Spieser in Detroit last April 4 but could only gain a draw against French-Canadian Yvon Durelle June 14.

The champ stands just a quarter inch under six feet but gives away two inches in reach.

Moore's crown goes on the line for the sixth time since he captured it from Joey Maxim in St. Louis Dec. 17, 1952.

Visiting the battle pit on 185 occasions, Archie has won 158 times, lost 22 and fought 5 draws. His list of kockouts totals 116—more than Jack Dempsey, Jim Jeffries and Jack Johnson combined.

Tonight he collects a $90,000 guarantee. Tony's contract calls for 33 1-3 per cent of gate proceeds over $40,000.

Frogs 7-Point Pick To Clip Jayhawks

FORT WORTH (AP)—Texas Christian's Cotton Bowl champions take on Kansas tomorrow night for the 15th time in the intersectional football series. Odds makers give TCU a 7-point edge.

Kansas hopes it has its best team since 1952, with speed in the backfield and the Big Seven's best passer in Wally Strauch.

Strauch didn't play against TCU last season when the Frogs swamped the Jayhawkers 32-0. But over the season he completed 32 of 80 for 596 yards.

BRAVES TO CHICAGO

Hopeful Cards Meet Redlegs

By ED WILKS

The second-place St. Louis Cardinals are riding a "play and pray" parlay at Cincinnati before opening what should be a three-game showdown in the National League race against the first-place Milwaukee Braves Monday night.

A sweep of the three-game week end set at Cincinnati is a "must" for the Cards to guarantee they'll still be close to the Braves going into the final week.

The Braves, leading by four with a magic number of six, have won three straight, junking a slump that whittled their 8½-game bulge to 2½. Both the Braves and Cards have nine to play, with any combination of six Milwaukee victories and St.Louis defeats giving the Braves the flag.

The Braves play an afternoon game at Chicago today against the frisky Cubs, with southpaw Warren Spahn making a third pitch for his eighth 20-victory season.

In the American League, the pennant race is over for all practical purposes. The New York Yankees, with a six-game lead and a magic number of four, are at home to Boston tonight while Chicago's second-place White Sox are at Cleveland.

The White Sox prolonged the inevitable in the only game scheduled yesterday with Nelli Fox and Minnie Minoso slamming consecutive home runs in a four-run 13th that defeated Washington 7-3.

The Cardinals, who have split eight games at Cincinnati but lead the Redlegs 11-8 for the season, bump into an old southpaw hex tonight with young Don Gross (6-9) starting for the Redlegs. Wilmer (Vinegar Bend) Mizell (8-10) opens for the Cardinals.

Mizell was the Cards' lone southpaw until yesterday, when they bought Bob Kuzava (8-1) from Columbus of the American Assn. and Morrio Martin (14-4) from Vancouver of the Pacific Coast League. Both have been around. Kuzava is 34, Martin 35.

To make room for the pair, St. Louis released relief veteran Hoyt Wilhelm and sold infielder Eddie Miksis to Baltimore.

The Braves, with hard-hitting Eddie Mathews and Wes Covington ill and slugging Bob Hazle bothered by a sore shoulder, didn't figure to have an easy time with the seventh-place Cubs. The Bruins, with Ernie Banks on a homer hitting binge, have won five in a row and stand 9-10 against Milwaukee.

The Cubs will throw their best, right-handers Bob Rush (6-15), Moe Drabowsky (11-14) and Dick Drott (15-11), against the Braves, who figure to pick Bob Buhl (17-7) and probably Bob Trowbridge (7-5) after Spahn (19-10) pitches the opener.

CHURCH NEWS

HERE AND THERE

...With Clayton Rand

While in New York City the little woman and I and the boys were the guests of Mr. and Mrs. Robert L. Smitley of Englewood, N.J., at the Advertising Club, in New York City.

This magnificent club house was formerly the home of J. Hampton Robb, world traveler, prominent attorney and one-time New York park commissioner. It is one of the master-pieces of the famed architectural genius, Stanford White, and was designed by its owner and the architect as the perfect house.

In its conversion for club purposes the charm of the original building was preserved and many gathered from everywhere.

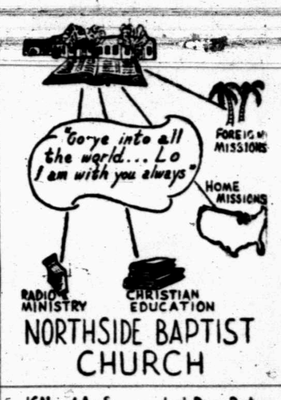

New York City is the advertising capital of the world, and advertising has grown into a $9 billion annual business with 50 percent of all national advertising billed from New York City agencies. The Advertising Club, which conducts advertising, selling, and public speaking courses; is the nerve center of this all important activity.

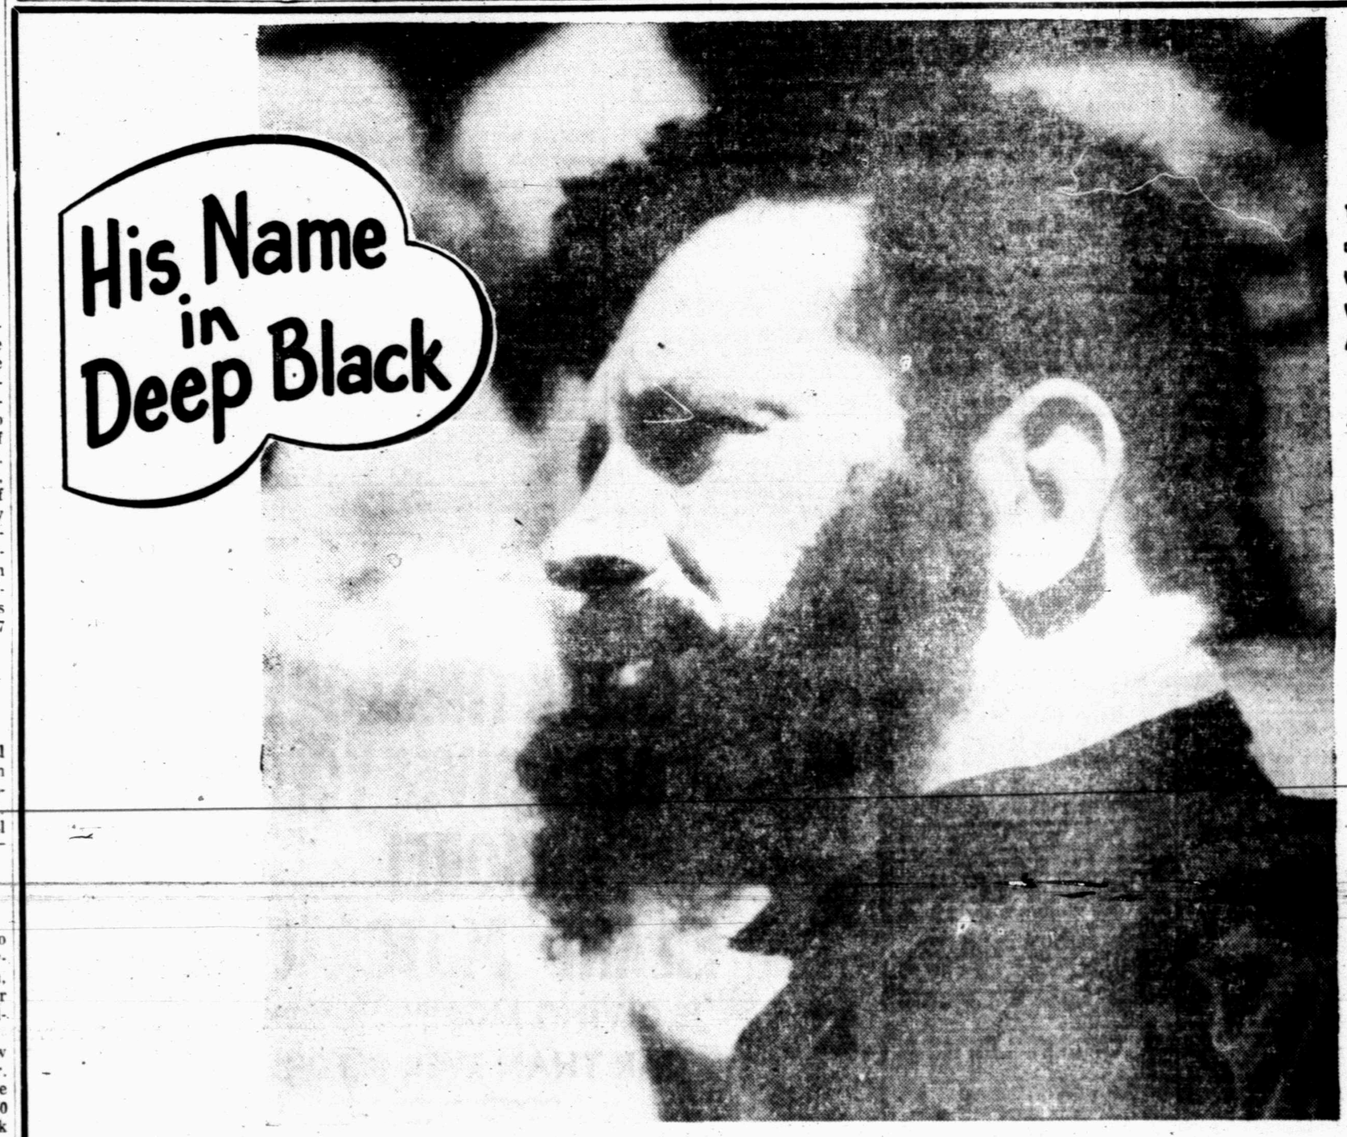

Over a 16th Century Italian Renaissance fireplace there is the carved inscription which translated into English, read, "Who in God will put his hope will live forever."

Many an advertising idea for name brands has been hatched around this fireplace, or developed around the club's bar or dining tables. And many a famed brand has starved to death and was buried, for no product can live for long denied the nourishment of advertising.

Church Loans Up

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Judas, the traitorous, perfidious, faithless Apostle who, under the semblance of friendship, betrayed Christ. How many good, sound, fair appearing persons do you have on your friendship list who are not friends at all but are worthless, deceptive characters . . . not to be trusted. How many Judases do you know?

What a chance this man had for greatness! What an opportunity for service to a world in urgent need! One of twelve to walk with the Son of God along life's pathway! What would we not give for his opportunity to do and to be! But Judas "blacked out." He failed and wrote his own name in "DEEP BLACK" across the pages of history for all time. He preferred thirty pieces of silver to the fellowship and blessing of Jesus; he failed to appreciate beauty and goodness and gracious companionship with the highest. His "sights" were low . . . his interests selfish.

Other men counted it an honor to carry a cross for the Master; JUDAS sent Him to Calvary to die in shameful agony. JUDAS might have followed Christ to the end and shared a martyr's death, but he preferred a disgraceful grave in the field of the nameless or shameless dead.

We have but one life to live, and that one life is too precious to be wasted. "What shall it profit a man to gain the whole world and lose his life?" What is it to lose? What is it to gain? Jesus was thought to have lost, but in that self-sacrifice He saved a world of dying men. This man Judas gloated over his gain, but generations have wept for him as a lost soul. Are you and I really winning, or are we losing? Truly we have but one life to give . . . shall we not write it credibly on the pages of history for ourselves and for humanity? Shall we not hold it high for the service of men and for the worship of God? Attend your church; be faithful. Don't be a JUDAS.

Texas Demos Get In Dispute

OKLAHOMA CITY (AP)—Considerable talk at a regional party conference here yesterday was touched off by a factional dispute involving Texas Democrats.

Paul Butler, national chairman, declined to take a part.

The dispute was between the regular party organization and a Democrats of Texas group. The DOT is operating independently.

Butler said he talked to several Texans but nothing was resolved.

"We want help from any group that wants to help the party," Butler added.

The regular party organization in the state is dividing its funds among national, state and local units. This was recommended by Butler.

The DOT refuses to contribute through the regular organization. It is sending all its funds to national headquarters.

The Dallas Times Herald said the factional wrangling broke out among the Texans only minutes after Butler had called for an all-out effort by party organizations and warned against factional disputes.

The newspaper said the rupture came in a closed meeting but was confirmed later by participants.

Sen. Ralph Yarborough, a supporter of the DOT, added fuel, saying leaders of the state executive committee "led the Eisenhower campaign only in 1952 and under cover in 1956."

Yarborough said he wants to be friendly with both factions but he has sent his own contributions direct to national headquarters.

Both Butler and Yarborough said they hoped the factional dispute can be worked out before the 1958 elections.

Objections raised by the DOT are that many leaders of the regular group supported Eisenhower in 1952 and to a lesser degree favored him last year.

Butler said he would not be placed in a position of recognizing either group and excluding the other.

He said the national committee would make a "specialized effort" to unseat Dallas Republican Rep. Bruce Alger in 1958, and termed Alger "one of the main targets in the Southwestern region."

Butler said he did not believe the Democrats could elect a president in 1960 unless Texas and at least three other Southwestern states that supported Eisenhower in 1956 return to the fold.

16 Grocery Stores Bought

SAN ANTONIO (AP)—An Albuquerque, N.M., firm has purchased 16 Piggly-Wiggly stores here, four in Waco and one at Temple.

E. A. Basse Sr., president of the Piggly-Wiggly San Antonio Co., announced the sale yesterday to Shop Rite Foods, Inc., of Albuquerque.

He said the New Mexico concern, headed by Herbert Wilcox of Albuquerque as president, will take control of the San Antonio stores Oct. 6 and the others about Nov. 3.

E. A. Basse Jr., president of the Piggly-Wiggly Waco Co. selling the stores there and at Temple, said his father probably will retire soon. Each has held top offices in the firm headed by the other.

The elder Basse opened his first store here in 1918.

Large Drop In State Revenue From Crude Oil Is Expected

By ED OVERHOLSER

AUSTIN (AP)—State revenue from crude oil will drop about $1,775,000 a month from last year's average if production continues at the present low ebb begun in July.

State officials said this would add to growing speculation that a stiff tax bill would be presented in the next Legislature. Gov. Price Daniel has said he would not submit a tax measure to the special session. Oil taxes are a chief source of state revenue.

State Comptroller Robert Calvert said today the revenue problem could become serious if production continues low. His staff is compiling an estimate of revenue for the special session Oct. 14.

For the fiscal year ending Aug. 31 Calvert figures showed the state collected about 12½ million dollars a month from a production tax on crude oil.

Production for July, August, September and October will bring an average monthly income of about $10,725,000.

"We don't let one high month or low month worry us in making our estimate of state revenue. We have to figure about two years in advance," Calvert said June 19 when the Railroad Commission sl shed allowable production to just over three million barrels. Production runs about 12-13 per cent below the allowable.

"When production drops we lose money," Calvert said.

Rep. Truett Wilson of Newcastle told a Breckenridge meeting this week Texas is losing "millions in taxes because of imports." He said this points up a threat of state income taxes or a sales tax unless conditions improve.

A high state official said if the low oil production continues it will "just mean that the 56th Legislature will have to find new tax sources. Many people thought we would have a new tax bill at the next session even before oil production began to lag."

Railroad Commission Chairman Olin Culberson has said that placing production below 15 days "would have serious and adverse effect upon the functioning of the state governmental agencies which rely to such a great extent on taxes collected on oil."

Culberson split with the other two commissioners when the oil regulatory body yesterday geared October production on 12 days, lowest in history. The allowable of 2,964,062 barrels daily was the lowest in more than two years.

Production or estimated production for July, the first 13-day month, through October averages about 2,750,000 barrels a day. The state gets 4.6 per cent of the price of a barrel, or about $357,500 daily, some $10,725,000 monthly for this period. The amount received from crude oil sales totaled $149,966,524 for the last fiscal year.

Six Negroes Being Held For Slaying

NAHA, Okinawa (AP) — A court-martial on murder charges was ordered today for six Negro U.S. Marines accused of attacking two white American servicemen, killing one and injuring the second.

Hospitalman Adrien R. Nokleby, 19, Wells County, N.D., died of injuries after he was beaten, kicked and stomped in the assault in the Sukiran area of Okinawa, the Marines said. A second victim, Sgt. A. H. Carillo, 22, El Paso, Tex., was hospitalized with minor injuries.

Asked whether racial feeling figured in the violence, a Marines spokesman replied, "It was just an attack on two Caucasians by Negroes." Additional details could not be obtained.

A trial date will be set soon for the six Marines, who are in custody today and have had military defense counsel appointed.

The six are: Pfc. Robert Allen Jr., 22, Nashville, Tenn.; Pfc. Willie Brown Jr., 24, Savoyard, Ky.; Cpl. Eddie Chestnut, 21, Walterboro, S.C.; Pfc. Henry Moyer Jr., 20, Oak City, N.C.; Pfc. Jim Williams Jr., 19, Dayton, Ohio; and Pfc. Wilbur L. Jones, 23, Raleigh, N.C.

Rains Cover Broad Area

By The Associated Press

Wet, cloudy and cool weather extended over broad areas in the eastern two-thirds of the nation today.

Moist air associated with the exhausted tropical storm Esther spread rapidly northward into the Great Lakes region in the last 24 hours.

Showers continued into the North from the northern sections of the Gulf states into the Great Lakes. Heaviest rainfall was in the Lakes, where the humid air clashed with the cold air which moved eastward through the upper Mississippi Valley.

Cooler air covered a wide area north of a line from the southern Great Lakes to northern Texas. Thunderstorms rumbled across areas from southern Michigan to southeast Kansas. Temperatures in the cool air belt were in the 30s in much of the upper Mississippi Valley compared with readings in the 60s yesterday morning.

Barber Held For Slaying

ORLANDO, Fla. (AP)—A barber interrupted a haircut yesterday to stab a friend, returned to his job and then stopped again to shoot to death the man he stabbed, Sheriff Dave Starr reported.

Herman L. Allen, 33, was jailed on an open charge in the slaying of Little Wes Kersey, 24, Stillmore, Ga.

A customer, Harry F. Ryan, told officers that Allen was cutting his hair while engaged in an argument.

Allen suddenly stabbed Kersey in the chest with scissors, then forced him to sit in a chair while he continued to cut Ryan's hair, Starr said.

After a few moments Kersey bolted for the door and Allen pulled a pistol and fired twice, hitting him the second time in the back, the sheriff said.

Ryan was unharmed.

SHAW AFB, S.C. (AP)—The trial of Sgt. James Martin, 33, of McGregor, Tex., charged with receiving $321 in illegal payments from the base payroll officer, was resumed today.

Secretary Charged With Embezzlement

ODESSA (AP) — A chief secretary in an installment loan department of the First National Bank in Odessa was charged yesterday in El Paso with embezzling $5,060.

FBI agents said Doris Baldwin, 35, and mother of a teenage daughter, admitted taking the money after auditors hired by the bank discovered a shortage.
