

NATIVE 'HIGHLANDER'—Tiny Joan Ellen Pearson, Highland General Hospital's first birth, and daughter of Mr. and Mrs. C. B. Pearson, White Deer, rests in the arms of her mother a few hours after she was born. The picture was snapped in Mrs. Pearson's hospital room by Jimmy McCune, personnel director of the Cabot Companies, where the father is employed. The child's maternal grandfather, Oscar Taylor, also is a Cabot employe.

Cold Strikes In North, but South Cheered

(By The Associated Press) A cold wave and blizzards knifed across the north-central part of the country Saturday, but clear skies cheered thousands of flood refugees in the South.

Another mass of cold air harassed the Southeast, bringing freezing temperatures to parts of Northern Florida.

That area had its coldest weather of the winter, with Fort Clark, near Gainesville, taking state honors for the chilliest reading with a low of 21.

As the cold wave whistled into Montana and the Dakotas, temperatures plummeted 20 to 35 degrees.

Much colder weather was forecast for most of the Midwest as the cold air spread south and eastward. Wisconsin and Upper Michigan braced.

The mercury skidded to 13 below zero in Minot, N. D.

Suffering mounted in the South, despite clear skies. Crops of overlanded tributaries of the Mississippi continued to rise from earlier rains and backwaters flooded more farm land.

Hardest hit are Louisiana, Mississippi and Arkansas. Some 35,000 persons are homeless in these states and Missouri and Kentucky, and the number is expected to grow.

In Louisiana and Mississippi, where 8,000 already are homeless, flood waters are expected to rise at least until March 1.

Two Pompons Die in Car Wreck Near Kingsmill, Two Are Injured

Occupants of 2nd Car Are Not Hurt From Sideswipe

A careening, rolling convertible at 4:20 p. m. Friday afternoon claimed the lives of two Pampa men and seriously injured two others following the sideswipe of a car on the Amarillo Highway 4.1 miles west of Pampa.

It was the second double fatality for Gray County in less than a week.

Dead are: Francis Sullivan Enright, 33, of 425 N. Starkweather, and Ferrell Augusta "Spec" Campbell, 40, of 910 S. Wilcox.

Injured and in Highland General Hospital are: Sam Moore, 33, White Deer; and Tommy Glen Jinks, 18, Lefors, a Freshman at West Texas State College, Canyon.

State Highway Patrolmen reporting on the wreck said that Enright, driving a 1948 Mercury convertible coupe, had been traveling east on the highway in a reckless and speeding manner from Amarillo when it collided with the left rear of a 1946 Plymouth club coupe, driven by Mrs. L. D. Henry, 919 S. Faulkner.

The patrolmen said witnesses told them they saw Enright passing cars on the right, on the shoulder of the road, and cutting in at cars, at times he passed them on the left at high speed.

Jinks, who was hitchhiking home from Canyon, told officers he was picked up by Enright and Campbell at Panhandle and had later begged them to let him out because he was afraid of their recklessness.

Sam Moore, who knew both, was picked up in White Deer as he stood beside his haltered horse when the accident occurred.

Jacob Kiefer, 55, motorman of the eastbound train, was arrested on a charge of second degree manslaughter. About 500 persons were aboard his train headed home.

Both the railroad and police said Kiefer drove his 12-car train through a red light at 9:26 p. m. (EST) into the path of an oncoming westbound train.

For hours, wrecking crews toiled through the twisted, blood-drenched wreckage. Torches bit at the crumpled steel from which came screams of the injured, trapped inside.

The dead and injured were piled five deep into the two forward cars of the train. The cars were sheared in half by the impact.

Surgeons wriggled beneath the tons of crumpled metal. They hacked and sawed off mangled legs and arms to free some victims.

Garish beams of powerful rescue flood lights played through the long hours of the night and early dawn.

One eye-witness, 21-year-old Paul Back, said, "there was a tremendous shock. Lights went out in all the cars.

"I got up and walked toward the exit door and I heard screams for help. One man was screaming 'Kill me, please kill me.' He thought his back was broken."

The first two cars of the electric train were torn apart. (See 29 KILLED, Page 2)

TWISTED RUINS—Sight-seers aid peace officers to right the twisted ruins in which two men rode to their death Friday between Pampa and Kingsmill on Highway 60. This picture was taken by a News cameraman, but Leo Zeigler, 200 N. Ward, supplied other pictures to The News. Mr. Zeigler was on the scene only a few minutes after the accident.

29 KILLED, 105 INJURED AS 2 TRAINS COLLIDE

Prince Aly Says It Wasn't His Fault

GSTAAD, Switzerland — (AP) — Prince Aly Khan said today in a skiing accident that his trainer blamed on another skier. All the breaks were below the knee.

Rita rushed to Aly's bedside at a hospital in nearby Saanen. She had been visiting friends in Lausanne.

Aly's trainer, Maurice Moratti, said Aly attempted to turn to avoid a skier crossing the track in front of him and was thrown by the ruts in the snow.

Businessman Asks Hungary For Leniency

BUDAPEST — (AP) — American Businessman Robert A. Vogelier calmly told a people's court yesterday he was a professional spy and asked for a "mild sentence."

Pleading guilty on all counts, the 38-year-old vice president of International Telephone and Telegraph Company testified he had been instructed to obtain special information about radar, rockets, uranium and oil deposits.

He said a Dr. Edsler, whom he identified as an Austrian atom expert, had been smuggled out of Austria, apparently with the help of the American Office of Director of Intelligence (ODI) in Vienna.

"I used my business activities only as cover for my espionage work," he testified.

These were the highlights of a court session at which three Hungarians, the last defendants in the trial, also pleaded guilty to sabotage and espionage. They were Edina Doery, a hotel barmaid and telephone operator listed as "baroness"; Klomen Domoikos, chief accountant for the Standard Electric Company, Hungarian subsidiary of IT&T, and the Rev. Istvan Justh, a Roman Catholic priest.

Three other defendants pleaded guilty Friday. They were Vogelier's British assistant, Edgar Sanders, and two Hungarians, Imre Geiger, director of the Hungarian company, and Zoltan Rade, a section chief of the Hungarian Ministry of Heavy Trade.

In Vienna, Vogelier's Belgian-born wife said: "It is obvious to anyone who knew Bob at all that he has been drugged or subjected to some kind of torture to make him say all these things. I don't know whether the torture was mental or physical — but they have certainly done something underhanded during the last three months."

Records in the state archives show that on Feb. 19, 1846, the flag of the proud Republic of Texas was lowered and the Stars and Stripes run up in its place.

Other committee chairmen are: John Kinard, advertising and publicity; Ham Luna, prizes; Henry Ellis, stage and properties; Charles Thut, ticket sales; Floyd Imel, house; Dr. L. J. Zachry, concessions; H. C. Berry, make-up and clean-up; Bill Clements, costumes; Ray Salmon, printed programs; J. C. Daniels, after show reception.

The minstrel will have its traditional song and dance acts. The first act will have about 125 costumes.

McCracken directed the Clarendon Lions Club minstrel in December and Paducah Lions Club show in November. He has worked with several road companies, including "Song of Norway," "Lady Winemere's Fan" and "Oklahoma."

Morris Enloe is general chairman of the show, and Waldon Moore is co-chairman of the Talent and Rehearsal Committee.

Committeemen are Dr. M. McDaniel, Bunny Shultz, Joe Mitchell, Arvon Meek, Jim McCune, Paul West, Charlie Dukenel, Dale Pinson, J. R. Perkins, Doss Millap, E. O. Wedgeworth and Mac Hyatt.

The minstrel will be held March 16 and 17 at the Junior High School Auditorium.

Other committee chairmen are: John Kinard, advertising and publicity; Ham Luna, prizes; Henry Ellis, stage and properties; Charles Thut, ticket sales; Floyd Imel, house; Dr. L. J. Zachry, concessions; H. C. Berry, make-up and clean-up; Bill Clements, costumes; Ray Salmon, printed programs; J. C. Daniels, after show reception.

B-36's Arctic Crash Lesson Being Studied

FORT WORTH — (AP) — Lessons for future B-36 operations in the Arctic came under scrutiny Saturday as an official inquiry board began its sessions here, while the search continued off the storm-swept coast of distant British Columbia for five airmen still missing from the Tuesday crash of a blazing B-36.

Nine surviving crewmen, headed by Capt. Harold Barry, were called before the board Saturday afternoon to give the testimony to Maj. Gen. Joseph Atkinson, chairman, and eight members appointed for the inquiry by Lt. Gen. Curtis E. LeMay, chief of the Strategic Air Command.

Despite the tragic end to the one plane's mission, 8th Air Force officials commented unofficially that the series of B-36 flights from Fort Worth to Alaska and return since early February, the big plane's first major operational employment, had proved that the giant bomber can successfully be operated out of Alaskan bases.

Quick "head work" of Capt. Barry, the pilot, and his crew members in their abandonment procedure was regarded, too, as having set a pattern for other crews.

Although the inquiry board's proceedings continued during a recess that its first job had been to review the purpose of the Fort Worth-Alaska operation "as well as some of the operational and mechanical problems that may have been contributing factors in this accident."

The board was expected to review technical data and confer with Consolidated-Vultee Aircraft Corp. and Air Materiel Command engineers, in an effort to determine the cause of the three sudden engine fires which, in the darkness after midnight Monday, added to icing.

(See B-36'S, Page 2)

1 Delinquent Remits Taxes

One of 140 persons and firms listed as delinquent in tax payments by City Collector Aubrey Jones settled in full Friday afternoon.

On the other hand, other tax delinquents have been calling the Tax Department inquiring on amounts they owe, including penalties and interest.

A summary of back taxes owed the city totaled up to \$5,501 for the past three years. Broken down into years, taxes earned in 1948 and becoming delinquent on July 31, 1949, were the largest, running to \$3,637.

The City Commission last week set a deadline of April for delinquent taxpayers to settle with the Tax Department or be sued for the back taxes, plus penalties and interest.

Jones estimated most of the back taxes will be collected, but added some will never be collected because the delinquents have either gone out of business or moved out of town. These are in the minority, he estimated.

The Tax Department this year, as it did last year, will mail out property rendition forms as a matter of courtesy. This action saves the taxpayer a trip to the office and allows him to fill it out, sign it and mail in the form.

36 Boys Sign For Jamboree

Thirty-six of the Adobe Walls Area Council's 72 reservations for the second National Boy Scout Jamboree had been made by the Boy Scout office yesterday.

Each troop within the council will have the opportunity to send a Scout to the jamboree if it gets the \$10 reservation fee to the Scout office by tomorrow.

Paul Eisenherz, council executive, said troops that wish to send more than one boy will have the opportunity if the 72 reservations are not all in tomorrow.

The jamboree will be held at Valley Forge Park, near Philadelphia, June 30 to July 6. Scouts from the local council attending will be accompanied by Russell Cartwright, Pampa; Bill Prewitt, Bill Hoke, Borger; Burl Willis, Phillips; Scottie Hecht, Guyton; and Walter Elliott, Kelseyville.

The six leaders have held one planning meeting and will attend another Mar. 11, in Borger.

Residents to Turn Out in Honor of Clarendon Couple

CLARENDON — (AP) — The white persons of Albert and Mary Boyd have seen to it that the couple will have a fine golden wedding anniversary celebration here today.

As Mrs. Van Kennedy, wife of a local banker said: "Mary Boyd has worked very loyally for many families in Clarendon. She is in frail health now and her white friends want to see that she has the kind of celebration she deserves."

An anniversary reception will be held at the Negro Methodist Church.

"Mary's friends among the white persons," said Mrs. Kennedy, "have helped to fix the favors, the cakes and other refreshments. We have also aided with the decorations. About 100 of us have been invited at a special time this afternoon."

Albert Boyd is 72 and his wife is 68. She was born in Pusk County and he is a native of Smith County. They were married Feb. 21, 1900, and moved to Clarendon in 1924.

2 Newsmen Rejoin News

Scott Rafferty, former member of the Pampa Daily News editorial staff, has been named editor of The News, succeeding Martha Thomas. Miss Thomas resigned to be with her mother, who recently underwent major surgery at Dallas.

Also added to The News staff is Robin Tibbets of Lefors, who graduated a few days ago from McMurry College, Abilene. He worked for The News in 1946.

Tibbets replaces Art Ferrer, who has accepted a job on The Lubbock Journal.

Both Rafferty and Tibbets have assumed their jobs. Rafferty came to Pampa from The San Antonio Express.

Decision Wednesday as to Future of Gray Co. Fair

The decision as to whether the Top o' Texas Fair will be held this year will be made at a meeting Wednesday night at the Board of Directors of the fair association.

The meeting, to be held in the Chamber of Commerce Office, has been called so the recent public opinion survey on the continuance of the fair can be reviewed. Most of the postcards which were returned by business and professional people and civic clubs were in favor of the fair's continuance.

Some people, however, believe the annual fair should be discontinued until adequate facilities are installed at Recreation Park to take care of the fair needs.

A few responses are given below that express the sentiments of the majority.

One civic club said: "The Board of Directors decided it would like to see you continue the fair. The members believe in some day the fair will have good possibilities of growing into a big fair."

A professional man said: "Continue — tents and all — until it grows larger. Then the buildings will come."

Another man wrote: "Under the circumstances, it appears the thing to do is to confine our activities to Gray County and use the facilities we now have."

Another man replied: "A fair of some kind, small or not, is much better for Pampa than none."

One company said: "Pampa must grow! Discontinuing the fair would not be growing."

One civic official put his response into one sentence: "By all means, keep the fair going."

The Top o' Texas Fair is an outgrowth of a Gray County Home Demonstration exhibit, which was started four years ago, H. B. Taylor, Jr., president of the fair association, said.

"Then two years later," he added, "it was decided to enlarge on the exhibition. In that year the Gray County Fair Association was organized and held its exhibit at Recreation Park."

Last year the association further expanded the program to include neighboring counties.

Tax Bills' Backers Forecast Approval

AUSTIN — (AP) — Administration leaders readied two House-approved tax bills for Senate floor action Monday, confident of victory.

Few doubted that the special session's business — providing for the operation and building needs of the state's elementary institutions — could be completed by Friday.

That would permit the session to end short of the permissive 30 days or to take up other matters Gov. Allan Shivers might submit. The governor had indicated he would like to submit the matter of sex crime laws if time permits.

The tax measures are a penny-a-pack tax increase on cigarettes and a 10 percent hike in the levy on many already-taxed commodities. The Senate State Affairs Committee approved them Friday.

Committee Chairman A. M. Aikin, Jr., of Paris particularly noted the committee votes on the bills, 11-4 on the cigarette bill, 14-1 on the omnibus bill. He predicted a similar ratio in the Senate floor vote.

Opponents were expected to pitch their Senate battle against the cigarette measure.

Senator George O. Nokes, Jr., of Corsicana considers the tax on smokers out of line with the "broad-based" tax idea advanced by the administration. He said the seven-year tax on cigarettes would bring \$60,000,000 while the 18-month tax on a multiple list of items would bring only \$20,000,000 all told. That's not equal taxation, he argued.

Shivers doesn't agree with the Nokes philosophy. He opened the floor for a possible compromise. He suggested the whole long-range \$80,000,000 building fund the cigarette tax would finance isn't mandatory at this session.

Senate President Grady Hazlewood of Amarillo said he "has heard a rumor" someone will submit an amendment to write a cigarette tax increase into the omnibus bill in lieu of the separate tax plan. Its effect would be to end the cigarette tax in 18 months with other tax increases.

ILLNESS FATAL — (AP) — W. H. (Bill) Wilson, 65, former mayor of Kermit, died yesterday after several months' illness.

German War Bride Entertains Club

Mrs. Jack Studebaker, 918 Christine, was a guest entertainer at the Pampa Kiwanis Club luncheon Friday at the First Methodist Church.

Mrs. Studebaker, a German war bride, played several numbers on the accordion.

The program was sponsored by the House and Reception Committee.

CHAMPION IS PURCHASED—The grand champion steer of the Top o' Texas Junior Livestock Show and Sale is shown with its former and new owners after the animal brought \$1.95 per pound at the sale. Vernon Turner, McClain, who exhibited the champion, is turning the steer over to Mr. and Mrs. Lynn Boyd, representing Lynn Boyd Lumber Co., purchaser.

one year as chairman of the March of Dimes Committee. Precinct 4's latest candidate, Roberts, is a farmer and has resided in Gray County for 43 years.

He is also a former county employe of Precinct 4 and ran a maintenance during the years Charley Carpenter was commissioner from that precinct. He did all of the mechanical and repair work on precinct property during that time.

Both candidates are making their political debuts in Gray County.

Atchison's entry has left Fred Vanderburg, Precinct 3's commissioner, the only incumbent without opposition.

**29 KILLED**

(Continued From Page 1)  
That of the eastbound train was split in half. It toppled over after the crash, spewing broken bodies and wreckage into a grotesque heap.

The wreckage blocked the tracks nearly 12 hours. The emergency track is guarded by a red stop signal about 200 feet west of the crash scene. Police said it was this light that Kiefer ran.

Kiefer suffered a possible brain concussion. Doctors said it would be at least 72 hours before he could be interrogated. Thousands of curious, as many as 30,000 at one time, ringed the scene. Some helped bring out the injured. Others hampered rescue efforts.

Fire losses of the United States in 1948 were the highest on record, \$711,114,000, according to the Encyclopedia Britannica.

**Hydrogen Bomb's Effects Longer Than A-Bomb's**

By HOWARD W. BLAKESLEE  
NEW YORK — (AP) — How a hydrogen bomb's radioactivity can live in the air long after the explosion was explained here Friday by a physicist who has worked at the Oak Ridge, Tenn., atomic energy plants.

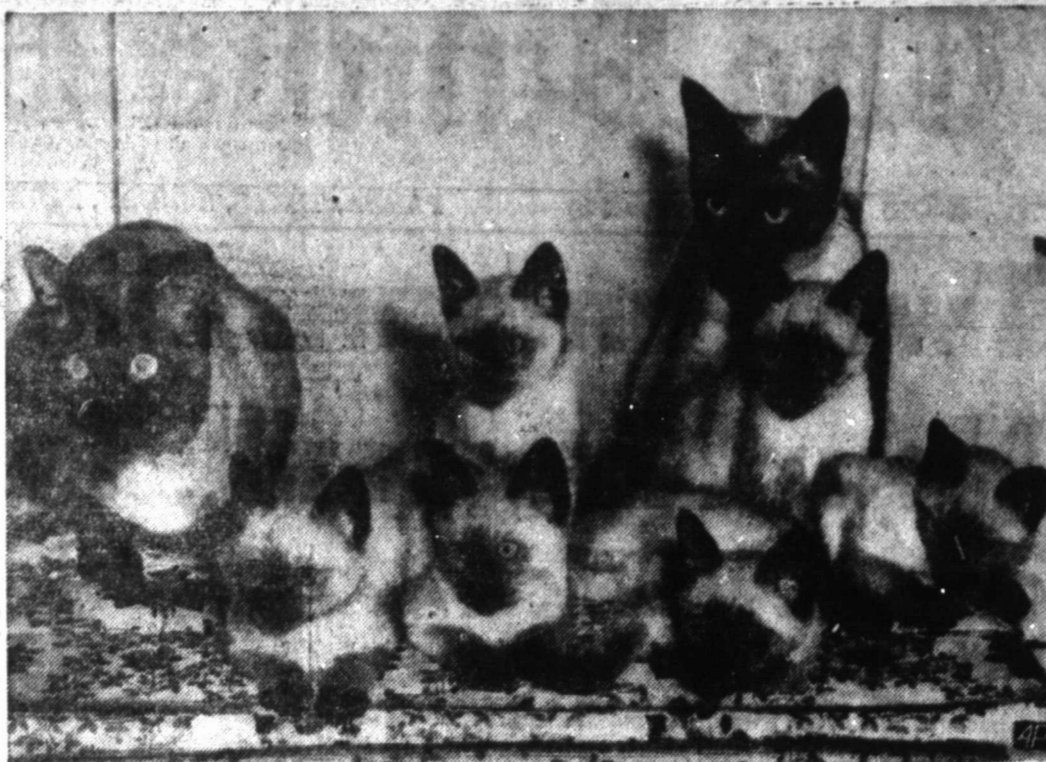

Although this peril is great, so that some scientists have predicted it will be worse than the atomic bomb explosion, the reasons are not secret. Physicists who know have not been talking. Friday's explanation came from Paul P. Elliott, assistant professor of physics at Texas Technological College Lubbock, Texas. He gave it in answer to a series of questions.

He said the terrific heat and pressure of the hydrogen bomb explosion, he believes, will change the containing envelope of the bomb, that is, whatever it is enclosed in into a mass of radioactive vapor.

"Not only," he said, "would the explosion result in liberation of inconceivable power and heat, but all the remaining uncombined atoms would become radioactive and emit vast amounts of high speed protons, neutrons, alpha particles and the deadly gamma rays (X-rays)."

"These particles and rays would render all substances within their range radioactive — water, air, soil, etc. — which, in turn, would become extremely dangerous as new sources of deadly emanations, just as any material in an atomic pile becomes radioactive."

"Some substances would soon lose their radioactivity, but others would continue to be radioactive for many years."

**Towns Invited to Apply for Slum Clearance Loans**

WASHINGTON — (AP) — Communities which have signed up for federal slum clearance help have been invited to apply for loans to finance the necessary planning.

The Housing and Home Finance Agency said 29 cities and towns are now eligible for such advances, while the applications of

10 more still are pending. The advances are of two kinds: for surveys required to determine whether projects are practical, and for further studies involving projects already decided upon. Under the program approved by Congress last year, the government is making \$1,000,000,000 in capital grants available to communities over a five-year period to help eliminate slums and redevelop blighted areas.

A few cents invested in Classified Ads in the Pampa News often pays excellent returns.

(Continued From Page 1)  
conditions to doom the giant home-ward-bound bomber.

Atkinson and the board questioned briefly Lt. Col. John D. Bartlett, 438th Squadron commander at Carswell, who took the plane to Alaska a week ago and turned it over to Captain Barry to bring back.

Atkinson said the board's work probably would continue through Tuesday.

Expected to be analyzed was the circumstance in which Captain Barry, seeking to escape icing conditions, brought the plane from 30,000 to 17,000 feet as it cruised near Queen Charlotte Island off the British Columbia coast. Two engines started losing power, a third caught fire, then all three engines were ablaze and the plane was losing altitude at 1,000 feet a minute.

Knowing a "ditching" landing in the darkness on stormy water would be risky and survival of the men in the water doubtful, Barry headed toward the nearest land shown on the radar "scope." That proved to be the dime-spot-sized Ashdown Island of the Queen Charlotte group.

Lt. Paul Gerhart, the radar operator, made a quick mathematical calculation: the speed of the plane was more than 200 miles an hour. Added to that was the "drift" of a 50-mile surface gale blowing. The island was only a few miles in length.

Quickly the word was passed to the crew members and one passenger to bail out.

Gerhart said Barry if the men cleared the ship in 30 many minutes, the first ones out would fall on the northern side of the island, the last ones out would land on the southern side. Barry, last man out of the ship, landed in a small lake near the southern beach of the island. Gerhart had figured correctly.

Barry and Gerhart believed that two of the five missing men should be found near the northern tip of Ashdown, and the other three, among the last to bail out, on its southern side.

jured, was taken to Highland General Hospital by a Blackburn-Shaw-Sims ambulance, the first ambulance on the scene. Extent of his injuries last night were still being determined. Moore suffered a possible back fracture. Jinks, also in Highland, suffered severe lacerations of the face, abrasions and bruises over most of his body. He was described as in "good" condition.

Mrs. Henry and a woman companion, unidentified, were not hospitalized, but were slightly shaken.

Both Enright and Campbell were recently picked up by police and convicted of driving violations. Enright still having had a case pending against him. Funeral services for Campbell will be conducted at 1:30 p. m. Monday at the Duenkel-Carmichael Funeral Home Chapel, with the Rev. Lester Foster, pastor of the Church of God, officiating. Interment will be in Fairview Cemetery.

He is survived by his mother, Mrs. Sally Taylor Campbell; brothers, Taylor and Clarence Campbell; sisters, Miss Gennie Campbell, Pampa, Mrs. W. W. Hise, Haskell, and Mrs. Bob Smith, Abilene.

Rites for Enright will be held at 3 p. m. Monday in the Duenkel-Carmichael Chapel, with the Rev. H. H. Tyler and the Rev. Orion W. Carter officiating. Military rites will be conducted by the Curley-Crossman Post of the American Legion.

He is survived by his mother, Mrs. Flora Sullivan; son, Thomas Wayne Enright; grandmother, Mrs. Roy Sullivan, and three uncles, including Roy Sullivan of Pampa. Interment will be in Fairview Cemetery.

**Graveside Services Slated for Infant**

Funeral services will be held at the graveside in Fairview Cemetery at 10 a. m. Monday for Claudia Durham, infant daughter of Mr. and Mrs. Clyde Durham, Jr. The child died shortly after noon Saturday.

Besides her parents she is survived by a brother, Clyde Bell Durham. Duenkel-Carmichael Funeral Home is in charge.

**AGED MAN DIES**  
HOUSTON — (AP) — Martin Stevenson, said by relatives to be 112 years old, died here Friday.

**Writing Newspaper Column Getting to Be Risky Job**

By MAL BOYLE

NEW YORK — (AP) — Writing a column for the newspapers is getting to be downright perilous. Our windy Mount Olympus is under siege. The readers are fighting back.

Latest case in point is Actress Joan Bennett's Valentine gift of a deodorized skunk to Columnist Hedda Hopper, who heralds happenings in Hollywood. Taking this gesture as a criticism of her literary efforts, the lady columnist gave the woods pussy to a cat-fancier, murmuring on the "great affinity between cats and skunks."

Personally, if anyone shipped me a sanitary skunk I'd have kept him and put him to work. I'd tie him to my desk to scare away press agents. Often these disparaging presents sent to a columnist by his riled readers can be used to further his career.

Once a stranger sent me a reddish blue glass eye, and I have found it highly useful. When the receptionist phones in to say, "there's a man out here

mad at something you wrote," I tell her, "show him in." Then I quickly tape the glass eye onto the middle of my forehead. When I look up and say, "Yes, what is it, fellows?" the man takes one gander, wipes his face with his handkerchief, and walks away. He feels, I hope, that anyone with three eyes can't be blamed too much for anything he does.

From now on no columnist can feel safe from the "indignant subscriber." The world is full of animals from beetles to buffaloes, and the columnist, who wittingly or unwittingly offends his readers may shortly find his home has become an annex to the zoo. It is easy to say, "well, don't write things that annoy people." But just try writing a column more yourself and see how many days you can go without making someone angry.

My own lifelong policy has been to attack nothing but poison snakes and sin. But when I did criticize poison snakes in a friendly way recently, a natural-

**Wool Shipments Due Rate Slash**

PENDLETON, Ore. — (AP) — A freight rate reduction on wool shipments from the Pacific Northwest to the East has been ordered effective April 10, Vic Johnson, secretary of the Oregon Wool Growers, said he was advised Friday.

Johnson said word of the order by the Interstate Commerce Commission came to him from the National Wool Growers Association. The reduction had been ordered by the ICC last October, but it was stayed when railroads petitioned for re-argument.

Johnson said the reduction here on a 24,000-pound shipment to Boston would amount to \$223, and on a 40,000-pound shipment to \$300.

list wrote back: "Who are you to pick on poison snakes? The average poison snake destroys more vermin than you do, ape-face!"

There you are. I still intend to attack sin one of these days. But sure as sin itself somebody'll write back and demand, "What are you trying to do—run my business?"

### Joe Kanipe, Long-Time Barber, Sees Day When Haircut Will Cost 3 Bucks

By WILLIAM C. BARNARD  
The Associated Press

Three dollar haircuts? Joe Kanipe predicted them when he closed his 26-year-old barber shop at Corpus Christi last week. Coats are going up, he said. And Kanipe figures, too, the day is coming when you won't find barber shops on downtown streets — just little shops in office buildings.

"They'll be upstairs in offices, just like dentists," he told Jim Greenwood of the Caller-Times. "And they'll do business by appointment only."

This latter prediction already has come true in big Texas cities. In Dallas, for instance, there is only one street barber shop in the high rent center of the business area. Shops are in hotels,

business buildings and clubs. Some city barbers already do more than 50 percent appointment business. The three-dollar haircut hasn't arrived, but by the time you get out the door after a Saturday session with barber, manicurist, shoe shine artist and whisk broom maestro, the total reaches professional status. And we remember the day when Joe Kanipe used to cut our hair for 35 cents.

It isn't the money but the time that is changing the barber's profession. A busy man doesn't object to 50 cents for a daily shave but he hasn't the time to go into a shop for it. He'd rather have a less perfect shave at home, where he can get it in a hurry and perhaps indulge in a little early-

### Plan to Probe GI Schooling

WASHINGTON — (AP) — Rep. Teague (D-Texas) wants Congress to probe alleged abuses in the GI educational program.

The Texan charged the Veterans Administration "has not given a true picture" of the situation.

Teague introduced a bill to have the Speaker appoint a committee to make the inquiry.

Teague, much-decorated World War II veteran, is House sponsor of a bill by Senator Taft (R-Ohio) to tighten up the GI training program in a number of respects and also to liberalize veterans right to take courses of

left the impression that there are at present mass abuses and widespread fraudulent activities on both the part of the veterans and the schools.

He said he agreed with the President regarding some of these abuses, but Teague added he did not think Mr. Truman knew there have been administrative

abuses by VA against schools and veterans alike.

NO VOTING POWER. Although residents of the District of Columbia observe laws made by Congress and administered by three commissioners appointed by the President, they have no vote and no legislative representation.

### VA Claims 6,000 Spurn TB Care Every Year.

WASHINGTON — (AP) — Veterans' Administration reports disclose that up to 6,000 tubercular war veterans a year walk out on their hospitalization.

The great majority are in far advanced stages of the disease, the reports said.

Veterans Administrator Carl R. Gray, Jr., in his annual report to Congress, said that 5.7 percent of the 547,697 patients' dispositions from veterans hospitals during the 1948-49 fiscal year were irregular discharges — walkouts — and that of the latter, one-fifth were tuberculosis patients.

Dr. William B. Tollen of the VA Medicine Department said an apparent reason for tubercular patients "walkaways" was the feeling of despair and hopelessness.

Most of the veterans interviewed — and many of their doctors — agreed that many walkouts would be prevented with intensified social case work with the veteran and his family.

TOTAL ECLIPSE COMING  
Next total eclipse of the sun scheduled for observation in the United States will be that of June 30, 1952. Last total eclipse visible here was that of July 9, 1945.

morning bathroom harmony. That is, if the rest of the family is out of the way and he can get in the bathroom.

In the country towns, if you go far enough up the forks of the creek, you can still find the old-fashioned barber shop. It will be right on the town square. It is a meeting place for the first citizens of the community, for discussion of everything from President Truman's new automobile to the high school football prospects and the H-bomb. In a big can of hot water on the gas stove is a steaming hot towel, for use on all comers.

Barbers say: It's as difficult to cut a child's hair as an adult's, sometimes harder if the child fights and squirms. When you climb into the chair of a strange barber, give him quick directions on how you want your hair cut — then forget about it. More shops would have those foot-easing rubber mats around chairs except some owners say they're too hard to keep clean. A good razor costs from \$5 to \$10. Some barbers hone them away in a year, while others use a good razor five years or even 10.

The Forces of Supply, Demand

Moving this country's meat from the farms and ranches where it is raised to the centers where it is consumed is a man-sized job. First of all, it requires a big and alert industry. There are something like 4,000 meat packers in the United States, and 14,000 other commercial slaughterers of livestock. They are constantly competing among themselves for the available supply of meat animals, and they offer the producer a year-round cash market.

Second, there is a long bridge between the producer and the consumer. Most of the meat is raised west of the Mississippi, while most of it is eaten in the East. The main task of the packers is to cross the bridge, and to see that the meat is ready and waiting for the consumer when he goes to market.

Third, the demand cannot be properly met by just bringing certain quantities of meat to the markets. In some parts of the country, the heavy cuts of beef are in greatest demand. In other parts, the demand is for lean cuts of pork. So it goes. In other words, the particular kind of meat which the consumer wants must be made available.

Gracie Says

By GRACIE ALLEN. A retired Pittsburgh policeman who recently will \$40,000 to his parrot explained, "He's the only friend I've got and he deserves every penny of it." Not to belittle their friendship, but a policeman who could win the love and respect of a parrot could certainly make other friends, too. Or, if he didn't want friends, he could have gotten married. A wife could cook, keep house and be a mother to a company for him as a parrot - and still not be a friend to him. Handling \$40,000 may worry the parrot to death and, unless it makes friends with another policeman, there will be nobody to inherit its money.

Highway Department Transfers Engineer

AUSTIN — Transfer of John B. Nabers from the Childress to the Wichita Falls area as district engineer was announced by State Engineer D. C. Greer. Palmer Massey, now assistant to Nabers, will become Childress district engineer.

Washington.....by Peter Edson

Potato politics now being played in Washington are even rougher than the proverbial peanut politics. It will have cost the taxpayers half a billion dollars by the time the last of this year's potato crop is disposed of. And the end is not yet.

President Truman holds Congress to blame. He says the state committee of agriculture is to blame. Secretary of Agriculture Charles F. Brannan has now proposed to dump an estimated 25,000,000 bushels to save from \$15,000,000 to \$20,000,000 in transportation charges which he says the Gore-Anderson farm bill does not authorize him to spend.

And for this economy the secretary is being charged with playing politics himself - wanting to make the present farm bill look bad so as to advance the cause of his own farm plan. To get at the bottom of this whole disgraceful episode of government and bad legislation, it is only necessary to go back and look at the record. It begins with the so-called Steagall amendment to the 1942 farm bill. It provided that for the war and two years thereafter, farm products on which the government wanted increased production should be protected by 90 percent of parity price supports. Among these Steagall amendment crops was potatoes.

"The Road Ahead"....John Flynn

INSTALLMENT TWENTY-FIVE

This subject is a large one and I have been able here to do no more than direct attention to its part of the problem of a degrading and what has happened to the American mind in the last fifteen years. At the bottom of it is a complex perception of the whole purpose of the college. Its primary purpose is to educate its students. It is not to educate its faculty.

At the bottom of it is a complex perception of the whole purpose of the college. Its primary purpose is to educate its students. It is not to educate its faculty. It is almost inevitable that a teacher of history who is a Socialist mind will be subject to that mental affection which assails all thoughtful men who espouse revolutionary ideas, good or bad. Some "noble" impatience boils up in them. They are seized by a passion for the "cause". The Socialist or Communist is a man in arms. Recently, an excellent exhibit of this appeared in the morning papers. Russian astronomer decided that our knowledge of affairs "beyond our galaxy" which means, I take it, on the other side of the Milky Way, should be enlarged. In a convention assembled, the Socialist astronomers decided that they must intensify their work in the "regions beyond the galaxy," which would be a very proper enterprise for astronomers, if they were approached with some degree of humility considering the distance and vagueness of the starry world they wish to explore. But this they must do, they inform us, "to counterbalance bourgeois cosmology." They proclaim "that it is necessary to expose tirelessly this astronomical idealism." And they pledged themselves to "fight relentlessly against cosmopolitan formalism" and particularly against the "reactionary-idealistic theory of a finite widening of the universe." This, of course, is a war, and the war is being fought in the laboratory of the revolutionary propagandist, rather than the scholar. You will find your Socialist professor - Russian, British or American - shouting "to make war" on something or other. He is not an educator. He is a social warrior. And he can be depended upon to use his place in the classroom to promote these revolutionary objectives.

But this is not the whole of it. He does his fighting alone. Having got a foothold in a faculty he is free to bring his position to bear on the recruitment of new recruits from among his Socialist brothers-in-arms but in keeping out those who disagree with him. He uses his position in the faculty to promote the Soviet Union. He tries to instruct and urge the students who fall under his influence how to get possession of the opinion-making posts in the student body. And we must not overlook the fact that his own post in the college gives him a "prestige" which he uses and which the Socialist or Communist groups outside of the college use with deadly effect to promote their several plans.

Often these Socialist propagandists refrain from openly promoting socialism as such. They promote Socialist objectives. And although the organization is not theirs, they are willing to be known as Economic Planners, a mask which seems to offer them complete protection. These Socialist objectives are almost invariably, inside the colleges, the same as the so-called Communist objectives. They are of two sorts: (1) One includes an incessant attack upon the essential elements of the American system, in order to break down the faith of students in our institutions; (2) the other is to promote some specific program, such as the effect of advancing their Social dream. In a Socialist State there would be a great number of separate activities. One would be State direction of banking policy. Another would be State ownership of power. Still another would be socialized medicine and so on. No one of these alone would amount to socialism. But all of them together do make a Socialist State. Hence

the gentlemen inside the schools can use their posts to promote each of the separate Socialist enterprises in turn, while disavowing the label of Socialist. To this end they twist history, they distort economic statistics and theory in the classrooms and on the lecture platform. They work incessantly to bring to the campus thinkers of their own stripe and to object, sometimes frantically, to those who disagree with them, while protesting vigorously their own special right to freedom of speech.

Indeed, it is this last point on which most stress should be laid. The whole so-called intellectual world has been subjected for a generation to this persistent and relentless pressure to push into places of influence in schools, in magazines, in the editorial offices of newspapers and particularly in the critical departments of the press - literary, theatrical and musical - those who form part of this pink intellectual. In this is not a mere matter of "free speech" in the intellectual world. The Socialist part of it has turned it into a war - a war to get possession of the pulpit, the editorial office, the radio microphone, the movie screen, the book publishing editorial office and the research departments of the government. It is a war in which they are using the right to push and haul and traduce and exclude their rival intellectuals while demanding for themselves the extreme limits of freedom. It is war, and those who believe in our institutions and who are opposed to pushing this country down the dark road followed by Russia or Britain or Germany or Italy must accept the gauge of battle and pursue their own objectives accordingly.

Mr. Arthur Kroeber, a careful and even cautious commentator in the New York Times upon the passing show in Washington, has offered some observations on this worth heeding. He points out that in the last five years "the growing testimony of the press, the letters to the editor column, the radio, book reviews, and other media for carrying persuasion to the people... is currently from the left." He comments that theorists of the New Deal and the Fair Deal "comprise a large number of handy college historians and law professors." He indicates that "another important element in this change is the increase in the number of syndicated writers from Washington of the leftist persuasion."

This has not happened by chance. It is the result of constant pressure by the highly excited Socialist warriors in schools and press and public life and the flabby indifference of their opponents who are unaware of what is taking place and of the gravity of the situation which has been produced. (To Be Continued)

In Hollywood

By ERSKINE JOHNSON

NEA Staff Correspondent. HOLLYWOOD — (NEA) — After thinking it over, Hollywood is agreeing with Nate Blumberg, president of the New York theater group that the film industry faces a "lost enthusiasm" rather than a "lost audience."

Film executives are discussing a big industry-wide publicity campaign based on "motion pictures are your best entertainment." The growth of television, of course, is the reason for Hollywood's current "where are we going?" attitude.

Paramount would like "Gentlemen Prefer Blondes" for Betty Hutton. Betty is blonde, but husband Ted Briskin, who is a gentleman, didn't prefer her.

Clark Gable's new film, "Key to the City," has a notable first—a woman in the lead role. It is a comedy about a woman who is wearing a silly hat. That's the bare-headed me applauding Marilyn Maxwell for her bare-stomach balloon dance.

Fred Allen has an "idea" for a television series of 15 to 20 performances a year but says he's waiting because "the house is only half full." Although she's blossoming out as a star of her own studio where "Destination Moon" was filmed now houses the "Sun Sets at Dawn" company.

How time flies department: Ann Dvorak, who soon starts her role with L. Turner in "M. G. M.'s Life of Her Own," started her career at the same studio as a chorus girl in "Broadway Melody." Confusion: The set at General Service studio where "Destination Moon" was filmed now houses the "Sun Sets at Dawn" company.

Wonderful story by Wendell Corey following a personal appearance tour in New York for the purpose of what is called "The Night Outside of Sardi's" a kid obviously from Brooklyn, asked Wendell's autograph, saying: "Make it out to Lothar."

Wendell said he had signed an autograph "to Lothar" the night before and wanted to know how come. "The kid said: 'Oh, dat was me brudder.'" "If you have the same name," said Wendell, "how can they tell you apart?" "Oh," said the kid, "dat easy. Me brudder speaks English."

Extra Stone, who has been radio's Henry Aldrich for the past 12 years, looks too old for the TV series. He'll produce and direct. Gig Young, tired of playing in period pictures, asked for a release from his Columbia contract, changed agents and finally shaved off his mustache. He wants to do modern comedy roles. There's plenty of confusion over two current films, "My Foolish Heart" and "The Hasty Heart." Maybe the ads should read: "Don't be hasty—see My Foolish Heart." Or: "Don't be foolish—see The Hasty Heart." Or even: "Don't Cross Your Hearts."

Agnes Moorehead, who creates "Sorry Wrong Number" on the radio, finally got the right number. She'll marry Robert Glaser after her divorce from Jack Lee. They met during filming of "The Stratford Story." Ludwig Donath, who plays Al Johnson's cantor father, will play a priest in "Horn of Plenty," to be filmed in Italy. The life of Riley? Twenty-six half-hour "Life of Riley" shows have been put on films for television. Jackie Gleason as Riley, memorized 1050 pages of dialog in a studying time of 52 days.

Few people know it, but Kay Kyser's vocalist, Michael Douglas, is the voice of Prince Charming in Walt Disney's "Cinderella." A wonderful gag pulled on Edgar Bergen by Frank Farrell in New York. Frank kidnaped Charlie McCarthy, who was finally "rescued" from the check room at the Stork Club. Marjorie Hughes, daughter of Frankie Carle, is trying to quit papa's band as vocalist. The band says "No" until a proper replacement is found.

The Chinese Communist government must make amends for its utter disregard of international obligations. Until it does so, there should be an all-out diplomatic recognition by the United States government. Chairman Tom Connally of Senate Foreign Relations Committee.

Read The News Classified Ads. Gladys Facker. BUT, HOPPY, YOU'VE BEEN ON BEING WITHIN RANGE OF THE CAMERA!

Singing the "Blues"

Tito's Nationalism Gives Hope to Rest of Europe

By JOHN FISHER. Diplomats in Washington think that Stalin must swamp Tito before the Kremlin's ruler can smother the nationalist flames that are constantly bursting out as he breathes defiance unsmothered. Tito seems to be waxing stronger, nourished by World Bank loans, trade deals with Britain and some aid from America. He becomes less and less of a push-over each month.

Moscow had set a timetable of about three years for the "peaceful liquidation" of the rebel. He has survived nearly two years. Jibes, threats, loss of commerce and other "sanctions" do not weaken him greatly. And as long as he breathes defiance unsmothered, he holds out hope for every other recalcitrant Red.

The crucifix of the Tito case is that the usually crafty Stalin blundered badly in handling the Balkan nationalist deviations, intellectual individualism and "Kostovism" - explaining this latter term as "Titoism on Bulgarian soil."

No crime could be worse in Stalinist eyes. So Kostov went to the gallows. Recent elections exposed hereof hidden antipathy for the pro-Russian deviations. Although under the Communist system no opposition candidates are allowed, over half of the voters in some districts refused to cast their ballots.

Alarmed by this sign of popular disapproval, Sofia jettisoned the rebel. Tito's election to the post of president of the National People's Assembly, provincial secretaries, army officers and police chiefs and already has executed 22 victims.

The Bulgarian-Yugoslav frontier resembles a battle front. Barbed wire stretches the entire distance, backed by trenches, dugouts and gun emplacements. But strands of wire and thick cement cannot keep the germs of nationalist Titoism from penetrating human minds - even behind the Iron Curtain.

IS LEWIS DEFIED? (The Wall Street Journal). Interpreting the refusal of some 80,000 miners to return to work this week as a defiance of U. M. W. President John L. Lewis is doubtful. Lewis suggested that all miners resume the digging of coal three days in the week. Early press reports quoted some of his followers as retorting, "five days or nothing." Hence, the inference that mutiny was afoot. But the refusal of many of the men to go back to the pits, far from ingloriously supporting Mr. Lewis' tactics, actually supports them.

But the refusal of many of the men to go back to the pits, far from ingloriously supporting Mr. Lewis' tactics, actually supports them. The mine union leader's scheme for putting pressure on the operators. If the operators are at all susceptible to pressure of this sort, the less coal the miners raise the greater the squeeze on them must be.

If great numbers of the men were really in revolt against the Lewis tactics their logical course would be to go to work and stay at work five days a week. They can earn five days' pay instead of three days' pay if they choose so to express their difference of opinion with Mr. Lewis. But they are not quite that argumentative - not yet, at any rate.

We think it wholly unlikely that insurrection within the United Mine Workers is marching to the relief of total stoppages and finally the President of the United States who abhors the law which enables him to intervene. But idle miners are hastening the approach of such a "national emergency" as Mr. Truman cannot ignore.

And we expect an emergency of that sort to arrive before the lawyers get much of anywhere with their fulminations before the National Labor Relations Board.

Missouri and Texas Towns Accept Grants

WASHINGTON — (AP) — St. Joseph, Mo., and Gladewater, Texas, have been allotted a total of 975 low rent public housing units. The Public Housing Administration announced approval of applications from the St. Joseph Housing Authority for 900 units and from the Gladewater Housing Authority for 75 units. Gladewater has asked for a \$30,000 loan to pay for planning. Loans must be approved by the president before they can be granted.

Winter Walk

By GORDON MARTIN. When you're tired of heated houses and you want to stir your bones, and you need to get yourself away from jangling telephones, then it's time to bundle up and hit the frosty woods and peaceful-ness prevails. And you find a lot of wondrous things when timbered slopes you climb, for there's glory all around you in the woods in wintertime.

National Whirligig

news behind the news. By RAY TUCKER. WASHINGTON — Resorting to strategy that has been assailed as a brazen defiance of the law the actual owner at the REA for construction of electric power plants and lines.

But now their applications and contracts contain a new provision under which they merely lease the property, with Interior being the actual owner at the end of 40 years with only a \$10 payment by the government.

By building these systems in various sections of the country, and then tying them into the great power dams and plants already operating or under construction - Randall in South Dakota, Fort Peck in Montana, Big Thomson in Colorado, Bonnevile in Washington, Boulder in Nevada and the Lower Colorado network - the government will be in a position to nationalize power. Private utilities would not be able to hold their own against such a rival.

The taxpayers who must ultimately finance this federal industry may find themselves holding an empty bag at the end of the 40-year period. In view of the changes in the generation and transmission of power, based on development of atomic energy for commercial use, these plants and transmission lines may be obsolete after four decades.

Representative Boyd Tackett of Arkansas seeks to block the scheme through a measure of Representative Jamieson of Missouri. He has introduced a bill which would specifically deny Interior the right to build steam generating plants.

Other attempts to break up the plan will be made when the measures providing money for these two agencies reach the floor of the House and Senate.

Besides Missouri, other states where these loans have been made or are now under consideration are Arkansas, Oklahoma and Texas. But these are only the beginning, according to REA-Interior officials, the Cannon group and the public power lobby headed by former Representative Clyde Ellis of Arkansas. As well-paid president of the House of Federal Reserve here known as the National Rural Electric Cooperative Association.

Under the intent of Congress and its original management, REA loaned money to cooperatives to build steam generating plants where they were required, and to transmit electricity to their rural customers. When the property had been paid for by liquidation of the government loan, the generating and distribution system was turned over to the farmers.

Now, however, three or four of these farm groups form

ATTENTION — Says for the rural electrification movement, including Senator Elmer Thomas of Oklahoma, contend that the REA-Interior tieup will mean less rather than more power for farmers and rural communities. Incidentally, it is estimated that there are still 1,000,000 farmers without these necessary and convenient facilities.

It is their contention that money to be spent in building generating plants should go into construction of transmission lines, with the "farm" power coming from private utilities, wherever that is possible. They argue that construction money will also be eaten up to pay salaries of an even larger number of federal agents and administrators.

The republic of Korea is the only country in Asia which is determinedly wholeheartedly and daily fighting against armed attempts of Communist imperialism to invade and overthrow it. — President Syngman Rhee, of Korea.

**Morphine Tablet Mailing Charged**

LITTLE ROCK — (AP) — The federal grand jury here has charged a Walnut Ridge physician with illegally mailing morphine tablets to Brownsville, Tex.

Two indictments against Dr. Joel C. Land, 78, were announced by Assistant U.S. Attorney W. M. Gregory. He said the physician is charged with mailing the morphine to Fred W. Weeks, Brownsville, and in another indictment with illegally issuing

narcotics prescriptions to a Walnut Ridge woman. Gregory said Weeks, a co-defendant in the indictment, is in custody at Brownsville and that Dr. Land posted a \$2,500 bond before U.S. Commissioner Clara Browder in Jonesboro.

**Bridge Across Lake Texoma Is Favored**

ARDMORE, Okla. — (AP) — A bridge across sprawling Lake Texoma between Texas and Oklahoma is favored by residents of the area.

About 300 delegates from the two states attended a meeting called by Col. Edward G. Daly, district Army engineer of Tulsa.

The proposed bridge would be at the Willis site in Marshall County. Marshall and Johnston (Okla.) county delegates spoke out strongly for the span. W. O. Welch of the Madill Chamber of Commerce said his city thought the bridge would make the recreational area of Lake Texoma more accessible and also relieve traffic congestion on Highways 75 and 77 coming into Oklahoma from Texas.

State Senator Raymond Gary, representing Marshall County, said the highway commission under administration of former Gov. Robert S. Kerr originally received \$606,000 from the federal government as Oklahoma's share for building the bridge. However, the government then authorized building Denison Dam and by-passed the Willis project and the highway.

Jack M. Dickson, county judge of Grayson County, Texas, said that Grayson County favored the project. Other Texas representatives were present from the highway commission sent here by Gov. Allan Shivers.

The meeting was called to give all interested parties a chance to express their view whether the bridge was worth the heavy outlay of funds necessary.

**Two Are Sentenced For Armed Robbery**

SHERMAN — (AP) — Twelve-year prison sentences were given Wednesday to Orval Wayne Mann, 21, and William Robert Leeman, 22, both of Bonham, after conviction of robbery by assault. The two were charged with robbery of a Denison grocery Nov. 12, 1949.

Leeman is under a 12-year sentence on similar convictions in Navarro and Denton Counties. Mann was given a two-year suspended sentence in Dallas County for robbery. He is charged with armed robbery of a Lubbock grocery.

**It's a BUICK — it's a RIVIERA — AND IT'S SEDAN PRICED!**

No, there's no mistake.

This is the Riviera, that super-smart new body type introduced last year by Buick that combines the swift ray look of a convertible with steel-top permanence.

And it's Riviera on a SUPER chassis — which means not only all the good solid Buick features like soft coil springs, torque-tube drive, and Dynaflo Drive\* as optional equipment, but the lift and life of Buick's very newest power plant, the F-263.

But the climax is spelled out on the price tags.

For this stellar beauty actually lists at a dollar less than our regular SUPER 4-door Sedan with the same equipment.

\*Standard on ROADMASTERS, optional at extra cost on SUPER and SPECIAL models.

For sedan prices you can step out in the very last word in automotive styling.

For sedan prices you can have long, sleek, convertible lines—plus a stout steel top and all-weather snugness.

You'll drive a car that opens wide for its full length, without even a doorpost to interfere—a car that

gives a horizon-sweeping view to the rear through Buick-developed wrap-around rear windows.

Naturally, these beauties are going to move fast. Production is not without its limits.

So if you want to be doubly smart—smart in your going and smart in your buying—see your Buick dealer quick—to get an order signed.

Your Key to Greater Value

**Features like these mean BUICK'S THE BUY**

**HIGHER-COMPRESSION** Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)

**NEW-PATTERN STYLING** with bumper-guard grilles, taper-through fenders, "double bubble" taillights.

**WIDE-ANGLE VISIBILITY**, close-up road view both forward and back.

**TRAFFIC-HANDY SIZE**, less over-all length for easier parking and garaging, short turning radius.

**EXTRA-WIDE SEATS** cradled between the axles.

**SOFT BUICK RIDE**, from all-coil springs, safety-side rims, low-pressure tires, ride-steadying torque-tube.

**DYNAFLOW DRIVE** standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series.

**WIDE ARRAY OF MODELS** with body by Fisher.

Harvesters to Open '50 Grid Season Against NM Champs

The Pampa Harvester football team, defending champions of District 1-A, will play five home games next season.

Inability to obtain an opening game has been holding up completion of the schedule.

The only other new team in the 1950 schedule is the Childress Bobcats.

The remainder of the schedule is against the same competition as the Harvesters faced this past season.

Home games will be played against Hobbs, Vernon, Lubbock, Plainview and Borger.

The key game of the district is the Pampa-Amarillo contest which will be played in the new Amarillo Stadium next fall.

The complete schedule for the 1950 football season is as follows:

Sept. 15 - Hobbs, N. M., here. Sept. 22 - El Paso High, here. Sept. 29 - Vernon, here.

Oct. 6 - Wichita Falls, there. Oct. 13 - Lubbock, here.

Oct. 20 - Lamesa, there. Oct. 27 - Childress, there.

Nov. 3 - Open date. Nov. 11 - Amarillo, there.

Nov. 23 - Plainview, here. Dec. 2 - Borger, here.

All games will be played at night with the exception of the district contests which will be played in the afternoon.

The Amarillo tilt is set for a Saturday afternoon; the Plainview game for Thanksgiving and the Borger contest falls on a Saturday afternoon, also.

This appears to be another rough schedule for the Pampa Harvesters, who last season turned up as one of the fine surprise teams of the state.

Spring football practice will open shortly for the Harvesters.

Coach Tippis has decided to put in his 30 days of football spring workouts in March so as not to interfere with the baseball schedule.

Alley Agates

By the TIMBER TIPPER

Not a lot of things to report except to say that the ladies city tournament is just around the corner.

Tom Rose Ford team travels to Wichita, Kans., this coming week-end to try and topple the maples for some of the high prize money in this annual big tournament.

The Fords concluded their play in the Travelling League a couple of weeks ago.

Ernest Rice of Cabot rolled a nice 263 for the high score last week.

As for the women, Mrs. H. H. Hutchins, a new 1-day bowler, had a nice 195. Both scores were in open bowling.

Would like to see more of the women bowlers on the alleys on Mondays at 1:30 to bowl with the "coffee coppers."

Remember, there are reduced rates for that afternoon.

Lillian McAlright, LaVerne Camp and Bill Murphy all had birthdays on Valentine's Day.

That is about it for this week. See you next time in the same old place.

Ho-Hum! Harvesters Top Sandies

Local Boxers Fight Irish Tues. Night

The Pampa Boys Club boxing team goes to Shamrock Tuesday night to fight the Shamrock High School ringmen in a team match.

Marlene & Co. Trim Sis Alice

PALM BEACH, Fla. — (AP) — The golfing Bauer sisters, Alice and Marlene, pointed toward the Dubs Dread Golf Tournament in Orlando Saturday after Marlene teamed with Reggie Boardman Friday to win the finals of the Everglades club mixed two-ball tournament.

The 16-year-old Midland charmer and the Palm Beach socialite came from behind to defeat Marlene's 22-year-old sister Alice and Clarke Hardwick of Bel-Air, Calif., 3 and 2, over the Everglades Golf Course.

It was Marlene's third consecutive tournament victory and gave her a four to three margin over Alice in final victories in which she has completed with her sister.

The spectacular little golfer, who was the outstanding woman athlete of 1949, teamed with her sister to win the Hollywood International Four Ball and last week she won the Palm Beach Women's Championship.

Independent Meet To Start Monday

The first annual Top of Texas Independent Basketball Tournament gets underway tomorrow night in the Junior High Gym.

Championship Play to Start For Schoolboys

All net proceeds from the tournament will be contributed to the March of Dimes Polio Fund campaign.

Irish Heading For 2-A Title

The District 2-A basketball tournament moved into the final round last night at Shamrock with the championship game apparently played Friday night.

That game matched the 1949 state champion Memphis Cyclones against the Shamrock Irish and the Greenclads topped the Cyclone in a thriller, 45-40.

The game was all knotted at 36-all midway through the final stanza when the home club pulled into the lead after trailing most of the way.

Earl Tarbett was high-point man for the winners with 18. Several Golden Gloves district and regional champions will be presented on both teams.

Mulleaux to Tech

LUBBOCK — (AP) — Carl Mulleaux, University of Arizona line coach, Saturday was named Freshman football coach at Texas Tech College.

HIGH STEPPING FINISH—Zeno Colo of Italy raises his left ski high as he crosses the finish line of his first slalom run at Aspen, Colo., in the world championships.

Argentine Horse Sets Mile Mark

MIAMI, Fla. — (AP) — Chile 2nd, the Argentine bred five-year-old, yesterday knocked a fifth of a second off the world record for a mile and a half on the turf at Hialeah race course.

As he won the \$10,000 added Miami Beach Handicap.

The dark brown son of Foxglove-Candy was clocked at 2:29 flat, a fifth of a second under the record established by Stud Poker over the same course Feb. 25, 1948.

Chile 2nd was only a head in front of Brookmeade Stable's Going Away. Cherry Oca Stable's First Nighter trailed by five lengths for third.

Chile 2nd picked up \$8,825 added first money.

Jack Burke, Jr., Takes Over Lead at Rio Grande Valley Three-Quarter Mark

HARLINGEN — (AP) — Young Jack Burke, Jr., of White Plains, N.Y., son of one of Texas' famed professional golfers, raced in with a five-under-par 66 Saturday to grab the lead at the three-quarter mark in the \$10,000 Rio Grande Valley Open.

Burke brought his total for 54 holes to 199 — 14 strokes under par — to hold a lead of one stroke going into today's final 18 holes.

In the second place were Fred Haas, Jr., of New Orleans, and Dave Douglas of Newark, Del., both 19 holes behind.

George Schneider, tournament bureau manager of the PGA, said it was a record for nine holes. Many golfers have shot 29. Farina were seven under par for the nine.

Farina did not hold the pace on the home nine, however, using 37 strokes — one over par there and finished with a 66.

Sixty professionals and seven amateurs will enter the final 18 holes.

In a tie at 203 were Jimmie Demaret of Ojai, Calif., George Stuhler of Livingston, N.C., and Chandler Harper of Portsmouth, Va., while alone at 204 was Henry Ransom of St. Andrews, Ill.

Skellytown Wins 1-B Cage Crown

SKELLYTOWN — (Special) — The Skellytown Grade School basketball team clinched the District 1-B Grade School Basketball League title last Thursday evening when the cagers defeated Claude, 27-11, at Claude.

The decision left the Skellytowners with a 2-game lead over the closest rival and but one game left to play.

That game is on March 3, against Panhandle, a game that was postponed earlier.

This is the first year that the league has been organized for basketball though it has been operating in football for a couple of seasons, both crowns of which were won by the Skelly gridders.

Coach Bert Isbell's cagers held a 12-3 lead at halftime, holding the Claude team scoreless from the field. Joel Hunt was the leading scorer with 10. Gene Hoskins had 7. Don Denham 6 and Ronald Mills 4.

In a pee-wee game the Claude team defeated the Skellytown youngsters, 12-3.

Eagles Open TL '50 Season Against Tulsa-in Bowl

DALLAS — (AP) — This is the break that end zone seats have been waiting for.

They'll be the best in the house — right behind home plate — when the Dallas Eagles meet the Tulsa Oilers in their Texas League season opener April 11 in the Cotton Bowl.

That's right — the Cotton Bowl. R. W. (Dick) Burnett, owner of the Eagles, announced Saturday it has rented it for the one game. He hopes to break the Texas League attendance record of 16,018, established at Fort Worth in 1939.

"We want everyone who wants to see this game to see it," said Burnett. There'll be 75,479 seats available for paying customers, but what will the knothole gang do?

Burnett's field — where so many games of the season will be played — couldn't handle the crowds last year. It seats around 10,000. But one game last year drew 14,376 fans. Of these, about 4,000 stood on their own and other peoples' feet.

The spectacular Burnett confided there'll be lots of other entertainment — besides baseball — on the Cotton Bowl night.

"When Mr. Burnett first told me his plans for playing a baseball game in the Cotton Bowl, I figured he was making a big mistake," said Red Norwood, spokesman for the Dallas Baseball Club. "But we went out and stepped off the field and there's plenty of room."

What about the fly-ball danger to spectators around the 20 or 30-yard line, Norwood?

"Won't be any worse than sitting in the bleachers at a regular baseball park," he replied serenely. It was obvious he doesn't intend to do any worrying about the paying customers.

"Home plate will be right under the north goal posts," Norwood went on. "Of course there won't be any goal posts that night."

State Gloves Gets Into Quarterfinals

FORT WORTH — (AP) — The State Golden Gloves Boxing Tournament moved into the quarterfinal round last night with four champions from last year still in the running.

Worth way ahead in the chase for the team title.

Tom Adams, three-time light heavyweight champion who moved into the heavyweight class this year, Friday night advanced on a decision.

Morales, Adams' Abilene teammate, in the bantamweight class and Johnny O'Glee, Dallas, in the lightweight division.

Nine knockouts were recorded as 30 bouts were needed to trim the huge field to working size.

The semifinals and finals of the state meet are scheduled Monday.

O'Glee, defending lightweight champion, slugged out a narrow victory over Alex Skellytowners of Houston.

It was a rough and tussled fight, with O'Glee having a slight but definite edge over his opponent, one pound heavier than the North Texas State Coliseum brawler at 136.

Morales, who stepped up from two flyweight titles to the bantamweight division this year, gave David Gonzales, San Angelo, a classy boxing lesson.

Adams, 186, had an easy time with Dallas' Richard Hartnett, another 186-pounder.

James Hoff, heavyweight champion from Houston, didn't fight Friday night. He met F. D. Roberts of Corpus Christi last night.

A crowd of 4,487 watched the third night of the five-night meet.

Fort Worth has eleven points toward the team championship. Amarillo and San Antonio are next with six points each.

Other team totals are: Austin, Brownwood, Corpus Christi, Dallas, Houston, and Wichita Falls, four; Abilene, Beaumont, Bryan, Lufkin, Tyler and Waco three; San Angelo and Odessa, two; Harlingen, Lubbock and Paris, one.

Two Amarillo fighters who fought Friday night were Charles Holman and Johnny Hernandez.

Holman defeated Richard Rawlett of Corpus Christi and Hernandez defeated Ralph Rollins of Corpus Christi in a loudly booed decision.

38-36 Victory Gives Locals Sweep of Season's Series

The fighting Pampa Harvesters closed out their 1949-50 basketball campaign in final style Friday night with a 38-36 victory over the Amarillo Sandies on the Sandies' home court.

The win gave the Harvesters a clean sweep of the two-game series this season.

It was also the third straight basketball victory for the Green and Gold over the Amarillo cagers and the fourth consecutive major sports victory over the crew from the big city, counting the football win over the Sandies last fall.

The victory turned the Pampa basketball season, which didn't bring a district championship, into a success.

Two victories over Amarillo, plus the football win, adopted a precedent that has never before been equalled in Pampa High School.

The game gave the Harvesters a season's record of 19 wins and 5 losses, and Coach McNeely a 4-3 lead over Coach T. G. Hull in the three seasons McNeely has spent at Pampa.

And the game was also the final appearance for three seniors on the squad, Jimmy Howard, James Galloway and Jack Sutton. And these three boys closed out their careers in fine style.

Howard retained his district scoring leadership with 13 points plus a fine floor game. Galloway contributed 8 points and covered the rebounds fine.

Sutton turned in his usually fine game of ball-handling and also contributed an unusual 7 points to the Pampa offense.

But the other two boys who went all the way for the Harvesters, James Clauch and Marvin Bond, contributed greatly to the victory. Both tallied 5 points and did fine jobs on defense.

It was Bond, a Sophomore, who poured in a free throw to break a 36-all deadlock in the final three minutes and then a short while later put the game on ice by scoring a crisp shot and then intercepting an Amarillo pass to thwart another Amarillo scoring attempt.

Clauch added the final point of the game with a free throw to move the Harvesters 2 points ahead.

Gib Ford was the main cog in the Sandies' attack. He hit for 16 points and his great rebounding ability kept the Sandies in control of the ball much of time after long desperation shots.

The rest of the Amarillo scoring came on long set shots as the Amarilloans found it impossible to break through the Pampa zone defense.

The Sandies apparently trying to pull a surprise move on the Harvesters, threw up a zone defense. But some sharp shooting by the Harvesters and some slow shifting by the Sandies overcame the newly created defense.

Pampa started with a man-to-man defense, but finding the Sandies breaking around for easy shots, shifted into a zone with 2 1/2 minutes left to play in the first period and Amarillo leading 10-9.

Pampa led at the end of every period. A long shot by Clauch in the final two seconds of the first period gave the Harvesters a 15-14 lead at the end of that period. At halftime Pampa led 24-22; they led 31-27 as the final period started and held a slim 34-33 lead at the three-minute time out.

The Harvesters zone again worked to perfection most of the time. The fast-shifting Harvesters kept the Sandstrom from getting in under the basket for easy shots, though Ford did push through several rebounds on long shots attempted by the Sandies.

The Harvesters were never over one point behind and the biggest lead they could hang up was a 5-point difference, 30-25, early in the fourth quarter.

It was the third straight year that a Pampa Harvester captured the individual scoring honors.

Derral Davis did it the past two seasons. Davis is now playing with the Baylor Cubs.

Howard, in maintaining his scoring average of 13.8 through the six district games, hit 27 field goals and 19 free throws.

Fourth place in the district scoring race went to Keith Lane, Borger, with 68 points. Vernon Irwin of the Sandies was fifth with 64. James Clauch was tied for 11th with 3 points; Marvin Bond finished 16th with 23 and Jack Sutton 20th with 16.

Howard Wins Scoring Title

Jimmy Howard, the sharp-shooting, fast-moving little forward on the Harvesters, captured the District 1-AA scoring championship Friday night when he hit 13 points to retain his league scoring title.

Howard's 13 points Friday gave him a season's total of 93 points in district play, 7 more than that of Gib Ford's Amarillo forward.

Third place went to Galloway, who scored a total of 84.

It was the third straight year that a Pampa Harvester captured the individual scoring honors.

Derral Davis did it the past two seasons. Davis is now playing with the Baylor Cubs.

Howard, in maintaining his scoring average of 13.8 through the six district games, hit 27 field goals and 19 free throws.

Fourth place in the district scoring race went to Keith Lane, Borger, with 68 points. Vernon Irwin of the Sandies was fifth with 64. James Clauch was tied for 11th with 3 points; Marvin Bond finished 16th with 23 and Jack Sutton 20th with 16.

The game concluded action in District 1-AA for this season. Borger already had clinched the crown by defeating the Sandies last weekend in the District 2-AA title. The game will be played in Vernon. On Thursday night they return to Borger for the second game and if a third game is necessary it will be played on a neutral court site to be decided later.

The final district standings were as follows:

Borger 5 1 2  
Pampa 4 2 1  
Amarillo 3 3 2  
Plainview 0 0 3

# WARREN'S WARMUP

By Warren Hassel—News Sports Editor

**QUESTION:** What player holds the U.S. Amateur Golf championship?

IT WAS HEARTENING TO SEE THE PINE TURN-OUT of Pampa basketball fans at Amarillo Friday night. And the players responded in fine fashion by setting a precedent for future Harvester athletic teams to follow. As one Pampa fan said before game time, "We'll see how many basketball fans we've got tonight; the Harvesters playing Amarillo away from home without the district title at stake." And it appeared that we have quite a few true fans in Pampa.

The Fighting Harvesters certainly played a fine game Friday night. All five fine athletes who played the entire game against Amarillo for the second time this season, and downed the Sandies for the second time, played near-flawless ball. The zone defense worked to perfection; there were few ball-handling errors and few mental mistakes. We hate to see the three fine seniors leaving the squad, Jimmy Howard, James Gallemore and Jack Sutton will all be missed greatly next year. And next year is a dark looking affair at the present time. Despite the fact that only three men graduate, the loss of the scoring duo of Howard and Gallemore will be very difficult to replace.

Elsewhere around the district, especially at Borger and Plainview, things won't be quite so tough. Borger loses three starters, but the Bulldogs will find their two leading gunners, Hooper and Lane, back next year. Plainview, who finally managed to snap a losing streak at 22 straight, against Canyon the other night, will be back with this season's team having the experience under its belts and ready to go.

Amarillo again will be tough as always. Despite the fact that the Sandies lose most of their 1949-50 squad, the Amarillo class athletic program established and operated in Amarillo will provide enough material for Coach Hull to come up with another rough club, as always.

James Gallemore traipsed off with the individual scoring honor for the Harvesters this season. He amassed a total of 319 points during the season's play, five more than teammate Jimmy Howard, who counted 314. Another Jim, James Claunch, finished in third place with 113. In hot pursuit was Jack Sutton, who tallied 104. Marvin "Toby" Bond was next in line with 63. Gallemore held the lead throughout most of the season with Howard crowding him all the way. Howard walked off with the District 1-AA scoring crown, though, to even matters.

Gallemore added further laurels Friday morning when his teammates named him team captain for the 1949-50 season. The Harvesters didn't pick a captain at the start of the season, Coach McNelly preferring to name a boy for each game. Gallemore was also named on the Brownwood and Childress all-tourney teams and along with Howard was named to the all-district squad by unanimous vote.

May I bid Tommy Jinks, former Lefors Pirate athlete, a hasty recovery from injuries received late Friday afternoon in an auto wreck. Jinks was one of the finest athletes to play for the Orange and Black West Texas State is counting heavily upon his services in the next few years on their athletic teams.

**ANSWER:** Charles Coe of Oklahoma City won the U. S. Amateur Golf Championship last summer.

**Reapers Play at Canyon Tomorrow**  
The Junior High School Reapers travel to Canyon tomorrow afternoon to face the West Texas Junior High cagers in a Panhandle Junior High School Basketball League game.

The leader of the district is Borger, with the Reapers still holding an outside chance of moving into the lead. The Reapers, coached by Fernal Scoggin, are the highest scoring team in the league.

**FIRST WAS LIMITED**

## Feller Sees 4-Way Race For '50 American Pennant

ARLINGTON, Texas —(AP)—Bob Feller, Cleveland Indian hurler, sees the 1950 American League baseball campaign as a four-club scramble.

"I'm not saying whether the Indians will win the pennant," Feller said Saturday. "Of course, the Yankees and the Red Sox will be tough clubs. Boston has had a good club for the past two seasons. Then there is Detroit, an improving outfit. And the Indians will be in the race."

The Cleveland fireballer begins his 12th campaign with the Tribe this year. "The Indians will be in the fight. You know, we were up at the top until toward the end of last season. Just didn't have enough push to gain the difference," Feller said. "We've led the league in pitching for two seasons and we get everything working we'll make it tough going."

Rapid Robert, interviewed at his rambling Austin-stone ranch home near here, said that he had not been doing much in the way of conditioning during the winter. "My arm feels fine right now."

**WEIGHTY PROBLEM**—If the throwing shoulder that had plagued him for two seasons is all right, Frank Shea still has excess weight to contend with. Here in the Yankee freshman star of 1947 attempting to run some of it off on St. Petersburg, Fla., Beach.

**Williams Floors DC Youngster**  
NEW YORK —(AP)—Baby-faced Jimmy Rooney and Curt Kennedy bid fair to start an Irish revolution in the fighting ranks.

Rooney, flashy Bridgeport, Conn., featherweight, and Kennedy, stout Wichita, Kans., heavy, all but stole the show from lightweight Champ Ike Williams Friday night at Madison Square Garden.

It wasn't Ike's fault. The champ was in there with a 20-year-old Washington "sub" named Sonny Boy West. Some of these days West may be a match for Ike.

But not now. Williams sent West sprawling in 43 seconds of the eighth round for his 10th win. No title was at stake. Ike weighed 141 and West 138.

Sonny Boy subbed for the ailing Bernard Docusen, ill with the flu. Rooney was by far the most spectacular winner. One punch did the job on George La Falgo of New York's Bronx. It was all over in 1:16 of the first of a scheduled eight, the second straight knockout for the lean Irishman with the chilling left hook.

**Grade Tourney Moves to Finals**  
The Spring Creek Grade School Basketball Tournament moved into the final stages yesterday afternoon with the winner of the Dumas-Skellytown game looking like the team to beat.

Dumas defeated Groom, 21-9, in the opening game. Skellytown won by forfeit over McLean. Plemons trimmed White Deer in an overtime, Channing downed Spring Creek, and Skelly School defeated Panhandle, 17-14. In the second round of action Dumas beat Skelly School.

**DANCE**  
With Johnnie Lee Willis and His Boys at the SOUTHERN CLUB

Does Billie have your correct mailing address so she can send you your bid or invite when she gets the exact date of Johnnie Lee Willis' appearance? If not, why not call Billie at 9545 or drop her a card with your correct address?

## Shaughnessy Out As Ram Coach

LOS ANGELES —(AP)—Clark Shaughnessy was removed as head football coach of the Los Angeles Rams professional team Saturday.

The language in statements by the veteran coach and the owners didn't use the word "fired" but the effect was the same.

Line coach Joe Stydahar was elevated to the head coaching post.

Shaughnessy was bitter as he arranged with his attorney to examine his contract which had three years to run.

Owner Dan Reeves said: "Last year internal friction between Coach Clark Shaughnessy, on the one hand, and his assistants, players and others affiliated with the Rams, on the other hand, developed to such an extent that the fine team which we had brought together faltered so badly that we could win only two of our last seven games."

**Tulane Cards Cadets**  
NEW ORLEANS —(AP)—Tulane University announced yesterday it has scheduled Army's famed Cadets for a football game in Tulane Stadium Oct. 31, 1953.

It will be the first time West Point has played in the deep South.

## Dallas Sportswriter Turns To Baseball Umpiring Job

By WILBUR MARTIN Associated Press Staff

When a fullback runs the wrong way for a touchdown, to him it is a personal tragedy, but to sportswriters it's one of those rare stories on the order of "man bites dog."

Now, here's another: sportswriter turns umpire.

Clarence Weikel of the Dallas Morning News is covering up his typewriter to call 'em in minor league baseball.

"So let's start printing the umpire names in box scores," he says.

Weikel has been a sportswriter for 15 years, in San Antonio, Fort Worth and Dallas. He also served a stint as sports publicity man for Texas A&M.

"Don't look at me like I'm crazy," says Clarence when he tells you his plans. "Umpires are nice people."

Weikel has been one of the quarterbacks on makeup and desk work of the News sports section for the last three years. Maybe he figures a beef from a ball player isn't any worse than a beef from a printer.

"You know I really won't be a novice," he says. "I sneaked out and umpired in the Longhorn League on my vacation a couple of years ago. Chased my first player out of the game, then."

Clarence has really been umpiring almost as long as he has been writing sports—in amateur games. He was a member of an umpire association in San Antonio that produced Mike Williamson and Andy Andrews for the Texas League, Ziggy Sears and Dusty Boggess for the majors.

"I'm brushing up on technique at Lefty Craig's Umpire School at Corpus Christi," Weikel revealed. "Then I think I'll connect with some minor league, maybe here in Texas."

Craig works out of the office of the National Association of Minor League Baseball. He supplies umpires for eleven leagues in the Southwest. His school is primarily to fill the need of these leagues.

"One thing for sure," Weikel tells his comrades of the sports desk, "I don't want any of you guys calling me a 'Blind Tom'."

You have to admit that Weikel is one of the few sportswriters who has made up pages for years and still doesn't need glasses.

Some of his pals are wondering

## Houston Tourney in Title Round

HOUSTON —(AP)— Dale Morey, former Indiana state amateur champion, and Buddy Weaver, 39-year-old Rice Institute junior, meet here today for the championship of the thirty-second annual Houston Country Club Invitational Tournament.

Weaver put on a sensational rally Saturday to overhaul and defeat Dave (Spec) Goldman, Dallas veteran, 2-up, in a scheduled 36-hole semifinal match.

Morey, from Martinsville, Ind., defeated Capt. Fred Mosley, San Antonio, national all-service champion, 6 and 4.

**Cisco Wins Title**  
CISCO —(AP)— A 39-33 victory over Ranger Friday night gave Cisco a Texas Junior College Conference basketball zone championship in a playoff series.

If Weikel will like his new career. "Well," he says, "it's still true you can't beat the hours."

MAGYAR STEEL  
Hungary produces 700,000 tons of raw steel per year, which is more than the combined steel production of Romania, Turkey and Yugoslavia.

## Highland Has Area Woman Is ACS Head

Supervisor C. C. Lander and his Highland General Hospital staff were kept busy Friday and yesterday as patients were being admitted to every department of the hospital in a steady stream.

By Saturday afternoon, six days after the hospital opened, 71 patients were on the three floors.

A reporter yesterday learned 30 patients had been admitted between 7:30 and 9 p.m. Friday.

But the patients kept coming in Saturday and were put to bed without delay. Office staff members had to visit the various rooms later to get full details concerning name, age, address, and other information.

## Area Woman Is ACS Head

EASTLAND — Mrs. Bob Lindsey of Borger has been named field army commander for the northern portion of District 3 of the American Cancer Society, Texas Division.

Announcement of Mrs. Lindsey's appointment was made by Mrs. Joseph M. Perkins of Eastland, commander of the Society's Field Army in Texas.

As commander for District 3-North, Mrs. Lindsey is one of the three top cancer control leaders in the following Panhandle Counties — Dallam, Sherman, Hansford, Ochiltree, Lipacomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf

Smith, Randall, Armstrong, Donley, and Collingsworth.

The other two leaders for this district are Dr. H. H. Latson and Leonard M. Gunderson, both of Amarillo. With Mrs. Lindsey they compose what the American Cancer Society calls its "Triangle of Leadership," a three-fold cancer control program led by a doctor, a layman, and a woman leader.

Mrs. Lindsey will be in charge of the year-round cancer educational and service work in the district.

The new commander is the wife of Robert R. Lindsey, owner of the Lindsey Furniture Co. in Borger and the mother of four children. She is a member of Women of Rotary, and the Twentieth Century Club of Borger and is a sponsor of Beta Sigma Phi society.

Waggoner, Oklahoma, is her birthplace. After an early life in Bristol, Okla., she became a resident of Borger 23 years ago.

## Organization Marshals Forces for Photo Coverage of E-Texas Storm

By WILLIAM C. BARNARD  
Associated Press Staff

The East Texas tornadoes this week gave Associated Press wirephoto another opportunity for dramatic picture coverage of a big story.

Wirephoto handles pictures for the Associated Press. It works in close cooperation with AP member papers. When disaster strikes, Wirephoto moves into the stricken area and marshals its forces like an army preparing for battle.

Sunday, more than a dozen different communities had been hit by storms in East Texas. Wire-

photo quickly sent a staff man to set up portable wirephoto equipment in the offices of the News Messenger, an AP member at Marshall, Texas.

Sunday night and Monday, vivid pictures of destruction were transmitted over telephone lines to Dallas and to the nation.

Pictures of the Hughes Springs disaster were taken in a down-pour of rain by Bob Burns and James Moyers of the News Messenger staff and pictorial evidence of the Gill community destruction was being made, at the same time, by Bill Hall, assisted by Lewis Cope.

These pictures were turned over to the Associated Press as

### Firemen Must Polish Brass, Just as They Do in Army

(Editor's Note: This is one of a series of articles, "Know Your Fire Department," prepared by personnel of the Pampa Fire Department.)

Those who think firemen have a "lazy man's job" should beat it down to the station some morning.

Besides being on duty for call at all hours of the day, firemen have other regular duties to perform. Three hours each morning are spent in checking equipment, making repairs, polishing all brass equipment and cleaning equipment, engine room, quarters and recreation room.

One hour each morning is devoted to the study of the "lay" of Pampa. Each fireman has to be "in the know" of Pampa's streets, hydrant locations and shortcuts in getting through heavy traffic.

There are no set rules in fighting fires. And because of continued improvements in equipment, a fireman's education is never complete.

Firemen have to attend four hours' instruction a month studying fire fighting evolutions. Included are fire equipment improvements, ladders, ladder raises, hose line equipment, ventilation, salvage, overhaul and hose rolls.

Whether a fire is major or minor, the preparatory operations are about the same. For major fires several lines of 2 1/2-inch hose must be laid. Also, extra lines must be on hand to be ready to install if needed to keep the fire from spreading to adjoining buildings.

While getting ready for the actual fire fight, a fireman has more to do than laying and charging the lines. He must get the ladders into service and always be on guard for hose breaks.

Operating a hose line at a major

**Bullfighting, Modern Manner**

CLEBURNE — (P) — Seeing a bull going her husband, Mrs. Pauling Campbell, 40, jumped into the family car and roared full tilt toward the enraged animal.

The car caught the big, rugged Jersey bull head-on, throwing it aside. Mrs. Campbell leaped from the car, picked up her seriously injured husband, Percy, 45, and brought him to Johnson County Memorial Hospital here.

Campbell's condition is reported serious. The goring took place at the Campbell's farm near Keene, four miles east of Cleburne. Campbell was trying to herd the animal, heavy for its breed, from a pasture into a feed lot. The bull turned on him, knocked him down, and gored him repeatedly.

Ten days ago the bull gored Campbell's brother-in-law, Robert Richter, 46. A neighbor drove the animal off with eight shots from a 12-gauge shotgun. The bull bolted and disappeared for eight days. Two days ago it showed up, hungry but still mad, at the Campbell farm home.

The Holland Tunnel of New York City derived its name from that of its engineer, Clifford M. Holland.

### Six Youths Get Preview of Army as Disillusion Test

REMEMBER THIS?—Old Army KP, potato style, is demonstrated for Children's Village boys. Then the automatic potato peeler was unveiled.

By RICHARD KLEINER  
 BROOKLYN, N. Y. — (NEA) — After one meal and four hours in the New Army, six underprivileged boys who served as a test case for disillusionment still want to be soldiers when they grow up. They were not disillusioned at all, even by curtains on the mess hall windows and food served on plates.

These particular six hail from the Children's Village at Dobbs Ferry, N. Y., a home for "emotionally disorganized" boys. After tasting ROTC in which they made good records, they decided the Army was the future they wanted. Village authorities, not sure the idea wasn't mostly a boy's idea of romantic adventure, decided they ought to find out what the Army is really like.

The Army cooperated handsomely. Accompanied by a small brigade of Army publicity men, photographers and recruiting officers, the six were given a day at Fort Hamilton, a permanent post in Brooklyn.

Nobody tried to hide anything from the boys; a tough mess sergeant, for instance, showed them the ritual of KP, including the hand method of peeling potatoes. On the other hand, there was no attempt to discourage Army ambitions; the sergeant also exhibited the New Army's mechanical potato peeler.

First stop for the six was the Service Club, where Major S. E. Mear, the post information and education officer and the boys' guide, showed off the table tennis tables, hobby shop, comfortable chairs, snack bar and library.

The mess hall was the next port of call, and the six boys dove into a typical Army chow — roast pork, scalloped potatoes, corn and stewed plums.

"Gee, this is better than Sunday dinner at the Village," grinned one youngster. "Is the food this good every day?"

A stern look from one of the Village authorities, who accompanied the boys, brought forth the qualification, "Well, I guess Sunday dinner at the Village is better; we usually have ice cream."

Then, Major Mear led the way to a Military Police headquarters, where an MP noncom displayed the gun room, and let the boys handle rifles.

"I'm interested in the MP's," one of the boys—the smallest, incidentally—told the major. "It's a rough job, I guess that's why I like it."

"Motor pool! Boy, that's for me!" said one, as he raced toward the garage. They didn't get to do any driving, but the noncom in charge showed them how to autopsy a jeep with a dead motor.

On the way back to the Village,

the boys stopped off at New York's recruiting headquarters, where a veteran master sergeant answered their questions.

As they left, with New Army stars and stripes in their eyes, the sergeant let them have a parting shot of Old Army. Cointing a few phrases, he called: "You go to basic training for 13 weeks; you keep your nose to the grindstone and come through with flying colors — then, boys, the sky's the limit!"

### Baptists Plan Med Probe

DALLAS — (AP) — A sub-group of the Baptist General Convention of Texas has been authorized to continue its survey of "financial

difficulties" at the Valley Medical Center in Harlingen. Dr. Wallace Bassett, chairman of the convention's full finance committee, said that the subcommittee making the study had made a partial report. He said the survey so far shows that a report that the hospital has some \$75,000 in accounts re-

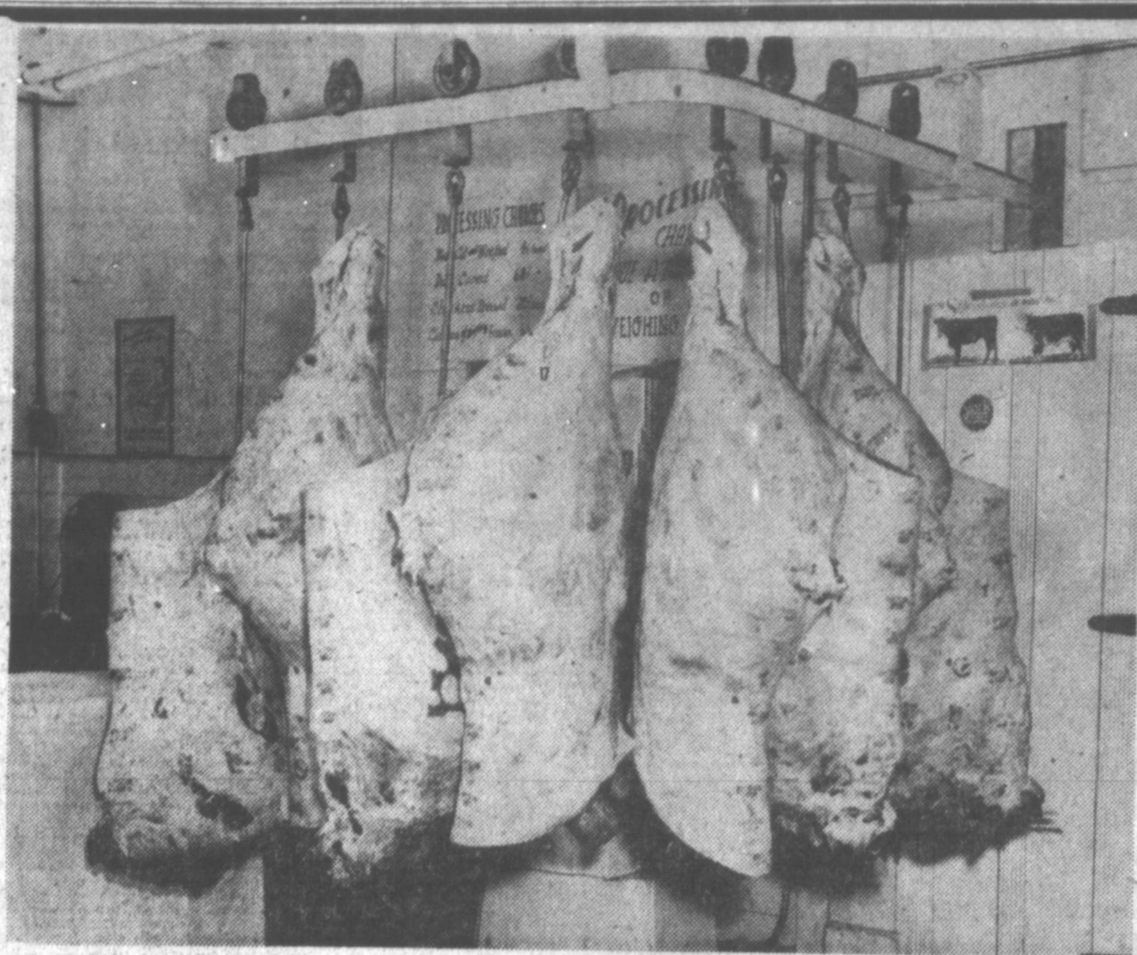

ceivable which it has no hope of collecting and owes about \$49,000 in bills payable is "incorrect." He would not say what the correct situation is. Bassett said a full report would be made before the state mission board meets in March.

### These Things Cost Plenty of Money

LONDON — (AP) — Britain's National Health Service has ruled that a kid named Bill has got to stop putting his big brown eyes into a game of marbles. They get broken.

Said the National Society for the Prevention of Cruelty to Children: "Eleven-year-old Bill, who lost an eye in an accident some years ago, turned up at school recently minus his glass optic." "Questioned by an NSPCC inspector, young Bill confessed that he had used his glass eye, plus

his emergency spare, to play marbles with his school friends. While doing so he broke both of them. The National Health Service is now providing him with another glass eye. It has made a proviso that he keep it in its appointed place and not roll it around the playground.

### Railway Dispute Probe Is Set

DALLAS — (AP) — An emergency board named by President Truman to investigate a dispute between the Texas and Pacific Railway and four unions will open hearings here Monday.

R. F. Cole of the National Railway Mediation Board is in Dallas to complete arrangements.

Members of the board are Chief Justice Paul P. Jasper of the Indiana Supreme Court, Associate Justice Thomas F. Gallagher of the Minnesota Supreme Court, and Frank M. Swacker, a New York attorney.

The president issued the order creating the board on Feb. 10, thus bringing into force the Railway Labor Act under which no strike or change of working conditions is permitted for 60 days.

Texas and Pacific subsidiaries involved include the Fort Worth Belt Railroad. The dispute involves some 1,200 grievances between T&P and four unions — Railroad Trainmen, Conductors, Engineers and Firemen and Enginemen.

### FPC Authorizes Common Stock Issue

WASHINGTON — (AP) — Gulf States Utilities Co., Beaumont, has been authorized by the Federal Power Commission to issue \$6,000,000 in common stock dated on or about March 7.

The company plans to sell the stock through competitive bidding to underwriters who will offer the shares to the public.

## 'Cattle Empire' Reviewed by Mrs. Espar Stover

Appreciative audiences heard Mrs. Espar Stover when she recently reviewed Lewis Nordyke's new book, "Cattle Empire," for the two AAUW book clubs.

The Afternoon Book Club met in the home of Mrs. W. L. Parker, 437 Hill, and the Evening Book Club met with Mrs. W. A. Rankin, 1617 Charles St.

The following AAUW and Book Club members were present for these reviews:

Afternoon group: Mrs. Don Boyd, Mrs. O. L. Brummett, Mrs. John Plaster, Mrs. W. L. Parker, Mrs. B. G. Gordon, Mrs. Raymond Salmon, Miss Oleta Marlin, and Mrs. Kenneth Langford.

The evening group included Miss Nova Mayo, Mrs. J. C. Pattillo, Mrs. J. E. McCluskey, Mrs. W. A. Rankin, Mrs. Ken Palmer, Miss Dorothea Loewen, Mrs. Kathryn Steele, Miss Mellicie Bird Richey, Mrs. B. R. Nucklis, Mrs. Teresa Humphries, Miss Exa Faye Hutton, Mrs. Ann Odum, and Miss Florence Jones.

Miss Mellicie Bird Richey will have both book club programs for March. The afternoon group will meet with Miss Dorothea Loewen, 713 West Francis, on March 7. The evening group will meet on March 9, with Mrs. Steele at 117 N. Starweather.

## Dinner Given in Honor of Two Guests

Mrs. Ina Belle Mainey of Boise, Idaho, and Miss Alice Mariott of Oklahoma City, Indian owner, were honor guests at a dinner Wednesday evening in the home of Mr. and Mrs. Bill Heakew.

Other guests were Mr. and Mrs. Gordon Burche, Borger; Mr. and Mrs. Fred Sloan, Mr. and Mrs. Paul Tabor and Mrs. Willie O'Alva, Okla.

# International Relations Banquet Set Wednesday

## To Marry in Pampa Church March 19

MISS MARY FRANCES JONES

Announcement is being made of the engagement and approaching marriage of Miss Mary Frances Jones, daughter of Mary E. Jones of Pampa, and the late Albert H. Jones, and Jerry H. Guinn, son of Mr. and Mrs. E. H. Guinn of Borger. The wedding will be solemnized on March 19 at the Central Baptist Church in Pampa.

## 'North of Border' Is Discussed

"International Relations North of the Border" was the topic discussed when members of the Twentieth Century Club met in the home of Mrs. F. M. Culberson Tuesday afternoon.

Mrs. J. W. Gordon, leader of the program, said that despite the nearly 6,000 miles of unguarded, undefined border between the two countries, there has been a period of 125 years of peace due to the fact that all differences have been settled by conferences. In her discussion of Alaska, Mrs. Culberson brought out the fact that Alaska has risen from an inconspicuous position among the nations to one of great importance.

During the business session the club voted to assist in the coming Red Cross Drive and cancer drive. The secretary was instructed to write the Fair Association expressing the desire of the club to have the Top of Texas Clubs continued. Members were asked to write their congressmen asking that in a special session of legislature the bill for appropriation to provide needed radiological institute for the N. D. Anderson Hospital be revived, thereby making treatment of cancer available to those who need it, whether they can pay or not.

Mrs. Fred Sloan was welcomed as a new member. Refreshments of cake and coffee were served from a table decorated in the Valentine motif.

Members present were Meses G. F. Branson, Mrs. W. R. Campbell, Mrs. F. M. Culberson, Mrs. J. W. Gorman, Mrs. J. W. Gordon, Mrs. R. J. Hagan, Mrs. Raymond Harrah, Mrs. Lloyd Hicks, Mrs. V. J. Jamieson, Mrs. J. B. Massa, Mrs. Ray McKernan, Mrs. Fred Neslage, Mrs. E. R. Thompson and Mrs. Fred Sloan.

The children of the colored nursery made a generous donation to the March of Dimes through the Twentieth Century Club.

## Party in Andis Home Entertains Deborah Class

A Valentine theme was carried out at a social given in the home of Mrs. Bob Andis, 1710 Mary Ellen, Thursday evening.

Guests were members of the Deborah Class of the First Baptist Church. Children of members were also included as guests.

Entertainment was provided for the guests by Donnie Walsh, 6, daughter of Mrs. Chris Walsh, who played two piano selections, and Judith Baer, 9, daughter of Mrs. Harold Baer, who presented a tone dance, accompanied on the piano by Mrs. Cameron Marsh.

Hostesses served hot spiced punch and cake for refreshments, with red and white candy hearts for favors.

Mrs. M. W. Rafferty, class president, welcomed the guests, and Mrs. G. L. Craddock, class teacher, gave a devotional.

Hostesses were Mrs. H. C. Grady, Jr., Mrs. John Holt, Jr., and Mrs. Andis. Hostesses for the younger set were Bobbie Lee and Linda Kay Andis.

Present were Mrs. H. J. Johnson, Mrs. E. N. Anderson, Mrs. Jimmy, Mrs. J. A. Goodwin, Mrs. Cameron Marsh, Mrs. Chris Walsh and Donnie, Mrs. Raymond R. Field and Gary, Mrs. H. C. Grady, Jr., Mrs. Douglas Carver, Mrs. Harold Baer and Judith, Mrs. Myron Porter and Jan, Mrs. Ted Duckworth and Lois, Mrs. W. E. Mayberry and Gene, Mrs. Howard Willingham, Mrs. N. L. Williams, Mrs. John Holt, Jr., Mrs. G. L. Craddock and Mrs. M. W. Rafferty.

## Dr. J. W. Marshall, Wayland College President, Will Be Guest Speaker

Dr. J. W. Marshall, president of Wayland College at Plainview, is to be the featured guest and speaker at the annual international relations banquet of the Business and Professional Women's Club, Wednesday, Feb. 22, at 7:30 at the Country Club. Also appearing on the program are some of the foreign students of Wayland College.

Under Dr. Marshall's leadership, Wayland College is becoming widely known for its international emphasis. Five percent of its student body comes from some foreign land or race. Latvia, Brazil, China, Hawaii and Mexico are among the lands represented. Since Dr. Marshall became its president, Wayland College has organized a choir of international singers who present concerts in native costume. This choir is in great demand and has been invited to sing in Chicago in the early summer. The choir is singing in Austin on the night of Dr. Marshall's appearance here.

Dr. Marshall is an alumnus of Texas Christian University, Baylor, and of Southwestern Baptist Seminary. He received the degree of Doctor of Divinity from Hardin-Simmons University, Abilene. He is widely traveled, having visited foreign countries where Baptist missions were established when he was serving as overseas personnel secretary to the Baptist Foreign Mission Board. He paid return visits to both Mexico and Hawaii this past year, and the Rev. Douglas Carver, pastor of the First Baptist Church in Pampa, was a member of the party on the trip to Hawaii. In 1949 he went to China on the invitation of Baptist leaders there, and he led a party to Europe several years ago.

Miss Leona McClendon is chairman of the committee for decorations.

DR. J. W. MARSHALL

Arrangements will follow the United Nations theme. B & P W clubs from Amarillo, Panhandle and Borger are invited to attend this banquet, and a limited number of reservations are available to the public. They can be obtained by calling Mrs. E. R. Jay, or other B & P W members. Reservations must be made in advance.

## Miss Judy Johnston Becomes Bride of W. T. Cole, Jr., in Double-Ring Ceremony Read in Lefors Church

LEFORS—(Special)—Miss Judy Johnston, daughter of Mrs. Edwin Hunt of Wichita, Kans., and W. T. Cole, Jr., son of Mr. and Mrs. W. T. Cole of Lefors, were united in marriage in a double-ring ceremony at the Methodist Church. The Rev. R. H. Campbell, pastor of the church, read the rites at 3:30 Sunday afternoon, Jan. 29.

Miss Jo Ann Wall was maid of honor, and Aubrey Lerner was best man. Miss Rebecca Breining sang "As Long as I Have You" and "The Lord's Prayer," accompanied at the piano by Miss Loyce Elliott.

The bride was dressed in a brown suit and wore brown accessories. She carried a bouquet of yellow roses. Miss Wall wore a green suit with wheat accessories and a corsage of white carnations. The bride's mother wore a flowered silk dress with brown accessories, and the bridegroom's mother was dressed in a navy blue silk two-piece frock and wore navy accessories. Both had corsages of pink carnations.

After the ceremony a reception was held in the church basement. Miss Breining presided at the guest book and Miss Elliott played soft music. Coffee and cake were served to the guests.

The couple will live in Lubbock, where Mr. Cole attends Texas Technological College. Both Mr. and Mrs. Cole are former students of Lefors High School, and were graduated in 1948.

For a delicious eggplant dish marinate one-quarter inch pared slices in well-seasoned French dressing, drain and bake in a moderately hot oven until tender; turn the slices once. Serve with a wedge of lemon.

A co-operative bank is one in which the depositors are given, in lieu of interest, a share in the profits of the bank.

## The Pampa Daily News Women's Activities

PAMPA NEWS, SUNDAY FEBRUARY 19, 1950 PAGE 11

## WILL BE MARRIED MARCH 12

Mrs. Jewell Wallace, 405 North Doyle, announces the engagement and approaching marriage of her daughter, Helen, and Jean McKinney, son of Mr. and Mrs. C. A. McKinney of Toppensh, Wash. The ceremony will be read in the Assembly of God Church in Pampa on March 12, the Rev. H. M. Sheats officiating.

## Pampa Women's Clubs

Mrs. Bedford Harrison of Shamrock, reviewed "The Parasites" by Daphne du Maurier, at the El Progresso Valentine tea in City Club Room, Tuesday afternoon. Incentive for the tea was a book shower. The books were received and accepted for the library by Mrs. Lillian Snow, librarian.

Mrs. Harrison was introduced by Mrs. S. J. Meador, Jr., program chairman for the afternoon. "The Parasites" is a 1950 release, and Mrs. Harrison reviewed it in her usual competent manner. Miss Dorothy Meers played a violin selection, "Love's Song" accompanied by her mother, Mrs. Valentine decorations were carried out in the room, and the tea table was centered with an arrangement of red carnations.

Mrs. George Walstad and Mrs. Edgar Henshaw presided at the coffee and tea service. Informal piano music was played by Mrs. George Dauner during the social hour.

Mrs. Grundy Morrison, president, extended greetings to the guests, who included the presidents of the Federated Clubs of Pampa and foreign wives of ex-service men. Members and guests who registered were: Mesdames M. H. Wyatt, Jack W. Studenbaker, A. E. Whitten and F. W. Shottwell.

O. W. Carter, Rusty Ward, Henry Tyler, D. V. Burton, George Taylor, Farris Oden, Grundy Morrison, Hardy Pitts, Lillian Snow, S. J. Meador, Jr., George Walstad, W. M. Craven, E. E. Finley, Lewis Meers, Walter Purviance, John Pitts, John Andrews, Ales Schneider, Ivan Howard, Earl Clayton, W. R. Ewing, Ewing Leech, Earl Trostle and Geoff Buckler.

Walter Stein, Carlton Nance, Sam B. Cook, W. E. Taylor, Chester Thompson, Dudley Steele, H. H. Boynton, Dave Pope, P. Ledrick, Clyde Fatheree, Edgar Henshaw, M. Hall of Mt. Pleasant, Illinois, Josephine F. Anderson of Olean, New York, A. J. Montgomery and Bedford Harrison of Shamrock, Miss Ruth Huff, Elise Donaldson and Dorothy Meers.

New members present were Mrs. Bob Miller, Mrs. Weldon Adams, Mrs. Bill Braly, Mrs. Weldon Gosper, Mrs. Frank Terhune and Mrs. Ewert Ray Duncan. Mrs. Howard Qualls was a guest.

The Valentine theme was carried out in the floral arrangement and table decorations. The meal was followed by a social hour.

Those attending were Mr. and Mrs. L. N. Atchison, Dr. and Mrs. J. R. Donaldson, Mr. and Mrs. M. P. Downs, Mr. and Mrs. M. K. Griffith, Mr. and Mrs. H. H. Hahn, Mr. and Mrs. E. L. Henserson, Mr. and Mrs. Leslie Hart, Mr. and Mrs. Huey Laycock, Mr. and Mrs. Jack Merchant, Mr. and Mrs. Myles Morgan, Mr. and Mrs. Earle Scheig, Mr. and Mrs. E. E. Shelhamer, Mr. and Mrs. W. B. Weathered, Dr. and Mrs. L. J. Zachry and Rev. and Mrs. E. Douglas Carver.

Old members present were Mrs. Bill Stockstill, Mrs. Frank Fata, Mrs. Bud Johnson, Mrs. Jim Arndt, Mrs. Robert Sims, Mrs. H. C. Grady, Jr., Mrs. Zelta Osborne, Mrs. Arthur Aftergut, Mrs. Jack Vaughn, Mrs. Floyd Watson, Mrs. Elmer Francis, Mrs. Tom Tipps and Mrs. Rusty Ward.

The group also voted to sponsor a Brownie Troop. Mrs. Arthur Aftergut will be in charge of the details.

Mrs. Ward announced that the next Jaycee-Elte meeting will be an informal "fun night" on Wednesday, March 1.

At the business meeting, held later in an anteroom of the hotel lobby, Mrs. Rusty Ward presided. In the absence of the secretary, Mrs. Allen Brown read the minutes of the last meeting. Mrs. Tom Tipps called the roll, and Mrs. Robert Sims reported on the Council of Clubs meeting. She discussed the forthcoming Red Cross drive and the part the Jaycee-Eltes will play in it.

The group also voted to sponsor a Brownie Troop. Mrs. Arthur Aftergut will be in charge of the details.

Mrs. Ward announced that the next Jaycee-Elte meeting will be an informal "fun night" on Wednesday, March 1.

## What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE

SORRY you didn't get to hear the Gray County Chorus on the Extension Service Program Saturday at 11:30. Technical difficulties at the Station prevented this recorded program from being heard as announced. "New Sewing Techniques" will be discussed at 11:30 Saturday, February 25. Be listening!

CONGRATULATIONS to Gray County Home Demonstration Council for a successful Food Sale at the Stock Show. Many Club members cooperated by donating home made pies.

"WOMAN" A challenge to rural homemakers whose sons could be called to fight again. This new organization is the World Organization of Mothers of All Nations - abbreviated to W.O.M.A.N. It is established on the thought that in the heart of every woman who has ever held a child lies the conviction that wars are unnecessary, brutal, and useless; that there is not a mother anywhere who has not prayed through tears that would never come again. In brief the plan is this:

First - To strengthen the United Nations so as to establish an effective world authority able to act by majority vote (no veto) to prevent aggressive war, rearmament for aggressive war.

Second - To demand calls for control of the atomic threat and the prevention of rearmament for aggression.

Third - To establish an effective and tyranny-proof World Police Force.

Has the Organization expressed itself in more than mere phrases? Yes, it has established world headquarters in Paterson, New Jersey. Here women enjoy a larger share of political recognition and representation in official and civic life than in many sections.

What can women's organizations do? They can endorse the plan and work for it. Already nearly 3000 women's organizations representing 80,000 women from 90 states, have done this.

What can the individual woman do? She can become a charter member or a sustaining member. She can join the speakers' bureau or she can assist with publicity activities.

The organization is sure that women themselves are the most powerful force in all the world for Peace. In 1950, in America alone, it is estimated there will be 6,000,000 women each with a vote, more votes than have ever been cast in any presidential election. These women, if they only would, could demand that the President and Congress consider the W.O.M.A.N. Plan.

It is known that the votes of the women in Australia and New Zealand defeated the powerful Labor Party. Their "Women's Movement Against Socialization" started with an educational program. At their first public meeting, 2,400 people attended. Later they concentrated on little meetings in private homes.

Do women want Peace? Badly enough to crusade for it!

Edmond Jurksas, a native of Lithuania who studied in France and lived there for a number of years, addressed the Business and Professional Women's Club Tuesday evening at the monthly business meeting. He was introduced by Mrs. Buena Cox who announced that Mrs. Jurksas was also to have been a guest but was unable to attend because of illness.

Mr. Jurksas told of his early life and education in Lithuania. After finishing college, he returned to France for two years studying buildings, memorials and architecture. He then entered an advanced school where he met Mrs. Jurksas who was learning to fly, when her plane crashed outside the school he was attending.

The panic and migration of the French people when the Germans entered France was pictured in detail as was the lack of organization compared the government of France with our government and explained that the president of France is a figurehead with no power, the power resting solely in the Congress which is greatly divided because of France's numerous political parties.

The Marshall Plan, he said, was at first doubted by the French people because Communist propaganda was issued that it was not generosity but an attempt to buy them that prompted the Marshall aid. When asked if the United States should not attempt to fight the Communist propaganda with information and propaganda as to the truth, he said, no, that the people were so accustomed to propaganda that they soon figured things out for themselves.

When asked about the atom bomb and hydrogen bomb, he expressed the opinion that the quick death was preferable to the torture and degradation of starvation in concentration camps. The venter of civilization, he said, is so very thin that it cracks quickly when the essentials of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

To the question as to why he came to the United States, he answered with a definition of security. He said it is not money or wealth, but freedom. His listeners gained a new appreciation of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

What can women's organizations do? They can endorse the plan and work for it. Already nearly 3000 women's organizations representing 80,000 women from 90 states, have done this.

He then entered an advanced school where he met Mrs. Jurksas who was learning to fly, when her plane crashed outside the school he was attending.

The panic and migration of the French people when the Germans entered France was pictured in detail as was the lack of organization compared the government of France with our government and explained that the president of France is a figurehead with no power, the power resting solely in the Congress which is greatly divided because of France's numerous political parties.

The Marshall Plan, he said, was at first doubted by the French people because Communist propaganda was issued that it was not generosity but an attempt to buy them that prompted the Marshall aid. When asked if the United States should not attempt to fight the Communist propaganda with information and propaganda as to the truth, he said, no, that the people were so accustomed to propaganda that they soon figured things out for themselves.

When asked about the atom bomb and hydrogen bomb, he expressed the opinion that the quick death was preferable to the torture and degradation of starvation in concentration camps. The venter of civilization, he said, is so very thin that it cracks quickly when the essentials of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

To the question as to why he came to the United States, he answered with a definition of security. He said it is not money or wealth, but freedom. His listeners gained a new appreciation of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

What can women's organizations do? They can endorse the plan and work for it. Already nearly 3000 women's organizations representing 80,000 women from 90 states, have done this.

What can the individual woman do? She can become a charter member or a sustaining member. She can join the speakers' bureau or she can assist with publicity activities.

The organization is sure that women themselves are the most powerful force in all the world for Peace. In 1950, in America alone, it is estimated there will be 6,000,000 women each with a vote, more votes than have ever been cast in any presidential election. These women, if they only would, could demand that the President and Congress consider the W.O.M.A.N. Plan.

It is known that the votes of the women in Australia and New Zealand defeated the powerful Labor Party. Their "Women's Movement Against Socialization" started with an educational program. At their first public meeting, 2,400 people attended. Later they concentrated on little meetings in private homes.

Do women want Peace? Badly enough to crusade for it!

Edmond Jurksas, a native of Lithuania who studied in France and lived there for a number of years, addressed the Business and Professional Women's Club Tuesday evening at the monthly business meeting. He was introduced by Mrs. Buena Cox who announced that Mrs. Jurksas was also to have been a guest but was unable to attend because of illness.

Mr. Jurksas told of his early life and education in Lithuania. After finishing college, he returned to France for two years studying buildings, memorials and architecture. He then entered an advanced school where he met Mrs. Jurksas who was learning to fly, when her plane crashed outside the school he was attending.

The panic and migration of the French people when the Germans entered France was pictured in detail as was the lack of organization compared the government of France with our government and explained that the president of France is a figurehead with no power, the power resting solely in the Congress which is greatly divided because of France's numerous political parties.

The Marshall Plan, he said, was at first doubted by the French people because Communist propaganda was issued that it was not generosity but an attempt to buy them that prompted the Marshall aid. When asked if the United States should not attempt to fight the Communist propaganda with information and propaganda as to the truth, he said, no, that the people were so accustomed to propaganda that they soon figured things out for themselves.

When asked about the atom bomb and hydrogen bomb, he expressed the opinion that the quick death was preferable to the torture and degradation of starvation in concentration camps. The venter of civilization, he said, is so very thin that it cracks quickly when the essentials of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

To the question as to why he came to the United States, he answered with a definition of security. He said it is not money or wealth, but freedom. His listeners gained a new appreciation of our freedom and a new conception of security when he told of the many wealthy people who found their money worthless and lives oppressed when they felt that nothing could be depended upon.

### Baptist Church Mary Class Has Valentine Luncheon

A meeting of the Mary Class of the First Baptist Church was held Thursday in the home of Mrs. L. M. Greene, 510 North Somerville, when members met for a Valentine luncheon.

Following the buffet luncheon a short business session was held.

Mrs. R. E. Montgomery, social chairman, was in charge of plans and table decorations.

Mrs. R. W. Tucker led the opening prayer, and the devotionals were by Mrs. A. C. Tanner.

Plans were made for a department social, to be held March 7. Present at the luncheon were Mrs. Webster Johnson, Mrs. Elmer Wilson, Mrs. J. L. Shaw, Mrs. Ed Mackie, Mrs. S. W. Brandt, Mrs. R. W. Tucker, Mrs. C. A. Scott, Mrs. H. M. Stokes and Mrs. W. A. Greene.

Mrs. A. W. Mann and John, Mrs. James Saltzman and Emmett, Mrs. Don Humphrey, Mrs. L. B. Studebaker, Mrs. J. W. Condo, Mrs. James Culpepper and Linda, Mrs. John Wheelch and Sandra, Mrs. C. O. Watson, Mrs. Eddie Moore, Mrs. R. E. Montgomery, Mrs. H. H. Threatt, Mrs. A. C. Tanner, Mrs. Joe Brown, Mrs. E. C. McCollum, Mrs. C. E. McMinn.

Class members presented Mrs. McMinn, the teacher, with a Bible as a birthday gift.

### Group Gathers for Musical Program

Beta Rho Chapter of Pi Mu and Mothers Club met recently in the home of Mrs. Lilly Hartsfield, advisor.

Operas were studied with Byron Byars as leader. The following program was given by members of the chapter:

"Aida" by Patsy Darby; numbers from "Rigoletto Suite" by Mary Pursley and Cleo Ann Johnson; quartette from "Rigoletto" by Vivian Brake; "Soldier's Chorus" from Faust, by Kay Stewart and Claudette Matheny.

Following the program Mrs. Hartsfield and Mrs. Lillian Zamora directed musical games and contests with prizes awarded to the winners.

Valentines were exchanged and refreshments were served, carrying out the Valentine theme.

Others present were Mrs. Owen Johnson, Mrs. W. G. Brake, Mrs. R. D. Morris and Sydna, John Teed, Skipper Culberson and Danny Johnson.

When a piece of pure amber is held against the ear, a crackling sound can be heard.

### Horace Mann to Have Luncheon Tuesday Morning

The Horace Mann Parent-Teacher Association Study Group will meet for a covered dish luncheon in the home of Mrs. L. J. Zachry, 524 Sumner, president, Tuesday at 10 a.m. Each person who plans to attend has been asked to contact Mrs. Zachry by Monday evening, telephone 4149.

The topic for discussion, "Freedom to Grow," is a study course taken from the National Parent-Teacher magazine. Some of the phases to be taken up will include children in elementary schools, as well as the adolescent.

Those who attend will receive credit on their education certificates.

Dr. Emily Hicks was guest speaker at the regular meeting of the Horace-Mann P.T.A.

The proposed project of a dental clinic for pre-school children through graduation was her topic. Hicks stated that every child has a heritage to health and happiness. This project is sponsored by the City Council of P.T.A. under the leadership of Mrs. R. W. Orr, president, and will be carried out in all schools in Pampa.

Dr. Hicks concluded that if parents and community endorse this program, it will give added maturity to the lives of the children. The meeting was presided over by Mrs. L. J. Zachry, president. The Junior High Chorus, under the direction of Jack Andrews, presented special music, followed by a devotional by Mrs. Burton Reynolds. "Teamwork for Good Citizenship" was her topic. Mrs. Reynolds stated that it is good to work satisfactorily with the common man. She said every man doing his part helps to build a better team.

Mrs. John Branham played "A Bicycle Built for Two" and "The End of a Perfect Day" on the piano.

Following the program, a silver tea was held. The silver contributed will be sent to the Congress of P.T.A. to be used to carry on the work of the organization.

### New College Honor For Jean Pratt

Miss Jean Pratt, Junior home economics education major at Texas Technological College, Lubbock, has been appointed representative of the home economics division of Texas Tech to the National Youth panel, according to a news release from the college.

The National Youth panel is a cross-section of 1200 college and high school students over the nation.

Miss Pratt, daughter of Mr. and Mrs. Bruce Pratt, 414 North Gray, has been an officer in the Home Economics club, and Phi Upsilon Omicron, national honorary home economics organization. She has also served as the home economics club to the student council, on the Junior council, and the Women's Dorm IV senate as vice president of the dormitory.

### 'Opportunity Award' To Irma R. Fulbright

McLEAN — (Special) — Irma Ruth Fulbright, daughter of Mr. and Mrs. Pete Fulbright of McLean, has been announced as winner of "Opportunity Award" of the Abilene Federation of Women's Clubs. She is a student at Abilene Christian College.

The award goes annually to a student musician in one of the Abilene Colleges. It consists of \$50 cash.

Miss Fulbright is a piano student of Mrs. Dewey Davis of the ACC music faculty.

### Color Harmony' Is HD Meeting Topic

"Color Harmony in the Living Room" was subject of a meeting of the Wayside Home Demonstration Club in the home of Mrs. H. B. Taylor, Jr.

Mrs. Mary Anne Duke, county home demonstration agent, discussed color in regard to walls, rugs and draperies.

Those present were Mrs. Chase, Mrs. R. E. Montgomery, Mrs. Gus Carruth, Mrs. Clint Taylor, Mrs. Y. S. Fuqua, Mrs. Arvin Reeves, Mrs. Homer Taylor, Mrs. G. S. Greene, Mrs. Lowell Osborn, Mrs. Bill Greene, Mrs. Ernest Edwards, Mrs. Harold Osborn and one visitor, Mrs. T. R. Taylor.

### Allegro Studies 'Successful Parties'

"How to Give a Successful Party" was the Twentieth Century Allegro's subject at the last meeting, which was in the home of Mrs. James Evans, 624 North Somerville.

Mrs. George Cree, Jr., spoke on "Entertaining Informally in the Four Seasons of the Year," and while she talked Mrs. Bill Davis sketched in pastels centerpieces for various parties.

Mrs. Clifford Braly, a new member, was present. Others present were Mrs. George Cree, Jr., Mrs. Billy Davis, Mrs. Robert Duket, Mrs. Robert Edmondson, Mrs. James Evans, Mrs. John J. Frisby, Mrs. J. W. Garman, III, Mrs. John Garman, Mrs. Charles Hickman, Jr., Mrs. Robert Karr, Mrs. James Leverich, Mrs. Raymond Reid, Mrs. Carl Shimek, Mrs. Robert Sims, Mrs. George Snell, Mrs. Howard Vineyard and Mrs. G. M. Walls.

First golf balls were feathered and covered with leather.

### Lefors TEL Class In Regular Meeting

LEFORS — (Special) — The TEL Class of the Baptist Church met in the home of Mrs. O. O. Bishop for its last meeting.

The business meeting was held with President Mrs. Bert Neal in charge. Valentine games were played and refreshments were served. Secret pal gifts were exchanged and names were drawn for new pals.

Delena Pfeil entertained the group with accordion selections.

Others present were the Mesdames I. M. Farmer, John Pritchard, Bill Hill, Myrtle Hill, Jess Rogers, W. H. Townley, George Delver, P. F. Scurlock, Tom Clasky, D. E. Stokes, and John Frank Morris.

The next meeting will be held March 16 in the home of Mrs. Scurlock. Mrs. Delver will serve as co-hostess.

### Hobby Club Meets This Afternoon

"China Painting" was the subject of a meeting of the Hobby Club in the home of Mrs. B. V. Brummett.

Mrs. T. D. Anderwald was in charge of the program, and discussed types of china suitable for painting, design, colors and types of brushes to be used, as well as the firing of painted china.

The president, Mrs. David Collins, was in charge of the business meeting. A Washington birthday party was planned for Friday night, to be held at the home of Mr. and Mrs. David Collins.

Refreshments were in the Valentine motif. Cake and spiced tea were served. Also present were Mrs. George Howe, Mrs. Joe Stone, Mrs. W. E. Melton, Mrs. Vern Savage, Mrs. C. H. Brickley.

### Piano Group Meets This Afternoon

A meeting of all members of the Piano Symphony has been called for Sunday afternoon at 3 o'clock at the First Methodist Church by the director, Mrs. May Foreman Carr. Mrs. Carr said the meeting will be short, and requests every member to be present.

The regular rehearsal will be held on Tuesday evening, Feb. 21, from 7 to 9:30 at the Tar-

### Play Music Store. Junior High students will meet from 7 to 7:30; High School students, from 7:30 to 8 and Adult members from 8 to 9:30.

Quartet rehearsals will begin Monday evening at the Carr Studio, 409 North Frost. On Monday evening at 8 the following will rehearse: Mrs. J. F. Curtis, Mrs. Arthur Teed, Mrs. A. E. Cowan and Miss Juanita Haynes.

On Wednesday evening Mrs. A. A. Schuneman, Mrs. Calvin Jones, Mrs. Malcolm Brown and Miss Elise Donaldson will rehearse.

### When you are cooking a roast it's a good idea to put potatoes, and maybe a pudding, in the oven at the same time for economical use of heat.

People of the United States form less than 6 percent of the world's population, but, in normal times, eat one-fourth of its beef.

Electricity provided only 5 percent of the power used in manufacturing in 1899, but, by 1929, this had increased to 80 percent.

### Mrs. Cornelius Hostess at NSA Valentine Tea

Mrs. Laura Belle Cornelius was hostess at a Valentine tea at the monthly meeting of the Top of Texas chapter of National Secretaries Association Wednesday evening at the City Club Room.

Presiding at the lace covered table, which was decorated with cupid and a large red satin heart, flanked with lighted red candles, Mrs. Cornelius was assisted by Mrs. Noel Thompson.

Mrs. Minnie Barnes, president, called the meeting to order for the business session. NSA will sponsor a recital of dance students of Jeanne Willingham in May, and a discussion was held on plans for the recital. NSA's part in the Red Cross drive was outlined and workers were invited to attend the "kick-off" breakfast in the Schneider Hotel dining room at 7:30 on March 1. The group voted to contribute toward the purchase of a coffee urn for the club rooms. Pictures which were taken of the annual "Bones" Banquet were distributed and Mrs. Mildred Clauder was awarded the door-prize.

Following the business session, Paul Carmichael was introduced. Mr. Carmichael showed and explained colored moving pictures which he had taken in Yellowstone National Park and in Victoria, Canada.

Mrs. Dee Day was a guest. Others attending were: Mrs. Lillian Jordan, Lillian McNutt, Vera Lard, Frances Glison, Mildred Lafferty, Misses Bettie Mosley, Helen Dudley, Gorda Belle Miller and Geneva Covalt.

### Over 150 Attend Teachers' Meet

SHAMROCK — (Special) — Over 150 persons attended the Wheeler County Teachers Association banquet held here last week. Attending were 150 members, teachers and their husbands and wives representing every section of the county. The banquet was served by the lunch room committee and the P.T.A.

Dr. R. B. Roberts, head of the education department of West Texas State College, Canyon, was the main speaker. He was introduced by Elmer J. Moore, superintendent of Shamrock Public Schools.

Mrs. Geraldine Simmons, accompanied on the piano by Miss Doris Hedges, conducted group singing. Miss Hedges gave piano selections as the guests assembled.

Jesse J. Dyer, county superintendent of schools, and H. M. Wiley and Glynis Bell, member of the county school board, and their wives attended the banquet meeting.

### Cotton Ginnings Pass 4,000 Mark

McLEAN — (Special) — A total of 4,180 bales of cotton had been ginned from the 1949 crop at the two McLean gins by Wednesday morning, and only four or five more bales were expected to be brought to McLean for processing.

The 1949 crop thus ended approximately 1,300 bales ahead of the 1948 crop when slightly under 2,900 bales were ginned.

Wednesday was the final day for the purchase of cottonseed by the government through its Production Marketing Administration program, ginner L. H. Earthman and S. R. Jones stated. The government has been buying, through ginning companies, the cottonseed to keep the price at a higher level.

### WE, THE WOMEN

BY RUTH MILLETT TEA Staff Writer

"What is the best way for a married couple to handle their money when both have jobs?" asks a girl who is planning to be married in October.

The answer is simple for the couple who ask before marriage and before they've had a chance to get off on the wrong foot.

The very first week of your marriage open a joint checking account and a joint savings account. Make your weekly or monthly deposit in the savings account first. Then put the money that is to pay your bills in your checking account.

That way you'll start your marriage off as a business partnership.

Everything you both earn and everything you save will belong to the two of you together. And

### Light Rains Ease Drouth in Shamrock

SHAMROCK — (Special) — Rains which fell intermittently in the Shamrock area last Saturday and Sunday totaled .88 of an inch and broke one of this section's most severe winter drouths.

In checking his records back through 1945, Roe Davidson failed to find a corresponding period for any other year as dry as the past four months, October, November, December and January.

Everything you contract to buy becomes a joint responsibility. Furthermore, you won't develop the bad habit of thinking in terms of "my money" and neither will your husband. Right from the start you'll think in terms of "our money."

And that habit, begun when you both have jobs, will carry over even after you quit your job, as you probably will in time.

Money is one of the major causes of arguments between husbands and wives. Yet that is one reason for quarreling any smart couple can eliminate.

During those four months, Shamrock received only 2.73 inches of precipitation. It came as follows: October, 1.85; November, none; December, .89; and January, .19. The most driest period was the last three months of 1945 and the first month in 1946, when the area received 3.29 inches. The year 1945 was one of the driest in history, with only 13.77 inches of moisture falling during the 12 months.

### Shamrock's Band Being Expanded

SHAMROCK — (Special) — Ray Schowalter, Shamrock's new bandmaster, will have a band composed of 80 to 85 members marching in the St. Patrick's Day parade, Mar. 17.

The new director of the Irish musical group is getting off to a good start. Supt. Elmer J. Moore said this week. He has

a number of new members and 11 new uniforms have been ordered, the superintendent announced. The uniforms should be here by St. Patrick's Day.

It is believed that Schowalter will be able to present the largest marching band Shamrock has had in the past 30 years. Scores of invitations have gone out to other bands, and it is believed that between 35 and 50 musical organizations will be here for the Irish celebration.

## Senate Fight On Cigarette Tax Forecast

AUSTIN — (AP) — A hard fight against the cigarette tax bill may develop in the Senate within a week.

Senator George Nokes started the ball rolling when he attacked the House-passed bill as a single-shot sales tax. He said it was not in keeping with the broad-based tax plan Gov. Allan Shivers recom-

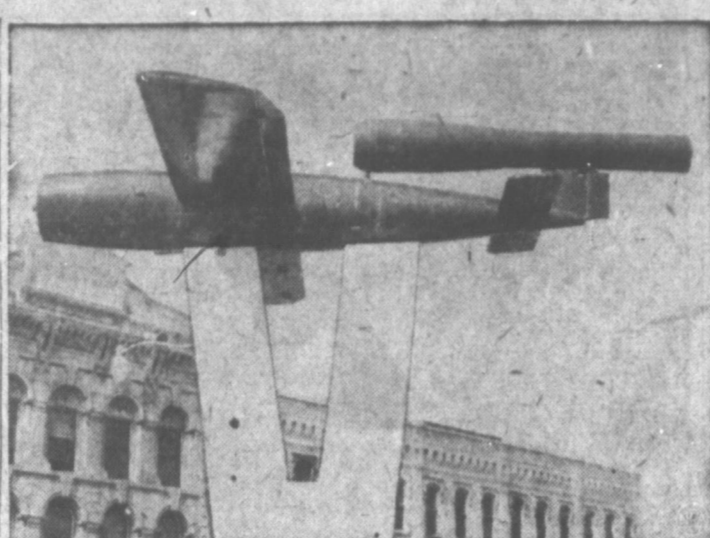

mended to finance state hospitals and special schools.

Shivers did not see it the same way as Nokes.

At a press conference, the governor said the one-cent tax increase on each pack of cigarettes was acceptable to him as a means of raising money for a long-range hospital building program.

However, Shivers did not view the proposed 7 1/2 year extra cigarette tax as essential at the present time.

He hoped for a long term building program but said he would be satisfied if the Legislature took care of emergency needs only at

## Republicans 'Turn Corner'

FORT WORTH — (AP) — Guy George Gabrielson, Republican National Committee chairman, says the GOP has "turned the corner."

Gabrielson, principal speaker at a Lincoln Day dinner here Wednesday night, said the Republicans are beginning to fight on a "precinct level."

More than 400 Texas Republicans attended the dinner.

"I think we've turned the corner—we sort of had a case of 'pollitis' in 1944," Gabrielson said. "We've reversed that now. We are at the point where we are starting to win some congressional elections," he said, referring to a GOP candidate's victory in Massachusetts Tuesday.

Gabrielson criticized the Truman administration, saying there is "dishonest thinking in high places."

He questioned keeping Secretary of State Acheson in the Cabinet after Acheson's declaration that he would not turn his back on Alger Hiss.

"It is just against belief to me that any president of the United States would allow a man to serve in his Cabinet who stood behind a man duly convicted as Alger Hiss was convicted in court," he said.

## ATTACK FATAL

LONGVIEW — (AP) — B. R. Estes, 63, part owner of the Shaw and Estes contracting firm of Dallas, died here yesterday after a heart attack. He was here directing a construction job.

this special session.

"Twenty-six million dollars is the emergency. That's what the special session is for," he said.

Shivers considered these two sums essential: \$21,000,000 for operation of the institutions the next fiscal year; \$5,000,000 as a starter on buildings.

Though opponents to the cigarette tax boost are in the minority in the Senate, they could delay completion of the hospital financing program until the very end of the special session — perhaps even force another one.

There is, of course, the possibility that a majority of the House and Senate—plus the governor—want the hospital problem to take up the full 30 days of the session.

Reason: "last-minute solution of the problem would stymie the submission of any other legislation at this time."

Shivers has said he might submit several other matters for legislative consideration if time allowed. Many of the questions he has been asked to submit are controversial, and political campaigning days are near at hand.

## Ingrid Helps 'Stromboli'

HOLLYWOOD — (AP) — Hollywood critics generally agree that the picture "Stromboli" is not as good as the story behind its filming.

The highly publicized picture has been previewed and a cross-section of reviewers' opinions indicates that it was a disappointment.

"I suffer, believe me!" says the star, Ingrid Bergman, at one

point in the picture. That she does. For 21 minutes of the film's length she is made miserable. Her simple-minded husband (Mario Vitale) slaps her, the villagers ignore her and the bleak volcanic island depresses her.

This makes for a picture that is grimmer than American audiences prefer. Another drawback is confusion of the Italian and English tongues, which makes

PAMPA NEWS, SUNDAY FEBRUARY 19, 1950 PAGE 15

dialogue unintelligible in spots. However, most observers agree that the film will draw big business because of its publicity.

Nearly all of the critics interviewed in the lobby of the Pan-tages Theater after the preview expressed dissatisfaction with the picture. Some of the answers were flip: "The volcano was the high point in the picture."

think James Fitzpatrick (the travelogue maker) has done it better. "It would make a nice home movie." "I don't think it was worth the trip — for Bergman or me."

More serious critics praised Miss Bergman's acting, but found fault with the story. Said one: "I don't think it is up to the high standards of Roberto Rossellini."

## State Puts More Bonds on Market

AUSTIN — (AP) — A new issue of \$10,000,000 in state bonds has gone on the market to finance the veterans land program.

The veterans land board had previously authorized \$5,000,000 in bonds, which have been sold.

The land board is composed of Governor Allan Shivers, Attorney General Price Daniel and Bascom Giles, commissioner of the general land office and chairman of the veterans land program.

## NEW HOPE FOR RHEUMATISM, ARTHRITIS, NEURITIS, COLDS, ETC. SUFFERERS!

Nature uses sun, air, water and soil to perform its miracles. Mineral vapor baths apply soothing and stimulating heat, air, moisture and oil to the entire body or affected parts through comforting mineral vapor fumes. "CHICKEN-THIEF" SMIF-- DO YE DENY YE SNEAKED IN MY HENHOUSE AN' STOLE THREE O' MY PRIZE PULLETS?"

NOPE-- I DONE TH' DEED, JEDGE--

I'M PLUMB GUILTY, JEDGE!! I STOLE YORE CHICKENS, FER SHORE-- AN' I MUS SAY--THEY WUZ TH' TASTIEST CRITTERS I EVER LAID TONGUE TO

DURN YORE HIDE!! SAY YE HAIN'T GUILTY!! I DONE GOT MY CROSS-EXAMININ' MEMORIZED THAT-A-WAY

LOOKY!! WE GOT HIM ALL FLUSTERED NOW

**Alley Oop**

I CERTAINLY CAN'T UNDERSTAND WHAT'S GONE WRONG WITH THIS!

A FINE THING! NOW WE CAN'T SEE WHAT OSCARS DOING BACK IN MOOT!

IT'S TOO BAD I HAD TO PUT DOC'S MACHINE ON THE FRITZ, BUT...

I'D RATHER NOT HAVE ANYONE FEELING OVER MY SHOULDER WHILE I WORK OUT MY FINANCIAL PROBLEM!

**CARNIVAL**

**By DICK TURNER SIDE GLANCES**

**By GALBRAITH**

"Why are some of these foreign nations so ungrateful? We're promising them practically the same things we promise our own constituents!"

"It could be a better report card, Dad, but let's not worry about it so much that we get ulcers!"

**Mutt & Jeff**

HE'S A GOOD WATCH DOG! I'LL LET YOU HAVE HIM FOR NOW THAT I'M THREE BUCKS LIVING ALONE!

OK, I'LL BUY HIM! I NEED A WATCH DOG!

HEY MUTT! I DON'T WANT THIS DOG! HE HAS FLEAS!

WELL, WHAT DO YOU EXPECT HIM TO HAVE FOR THREE BUCKS-- CANARY BIRDS?

**Freckles**

SWELL, DON'T FORGET-- GET THE NAG TO PULL HER OUT!

DON'T FORGET-- GET THE NAG TO PULL HER OUT!

HAS THE NAG GOT ENOUGH MORE TO PULL HER OUT, LIVERMORE?

I AM SANGUINE CONCERNING ROONEY'S MUSCULAR ADEQUACY, SIR!

HMM, ONE HORSE SUFFICES, WHERE SIXTY HORSES-- POWER FLOPS! IT GOES TO SHOW SOMETHING!

YEAH, BUT I'M GO SLEEPY TO KNOW WHAT!

ONWARD, RODNEY, THAT'S A STOUT FELLOW!

**Vic Flint**

YOUR FRIEND SCROBE IS STILL SPYING ON US, VIC. INCIDENTALLY, DID YOU KNOW HE'S A FRIEND OF MONTAGUE MANGLE, WHO HANDLES THE SAYBROOK ESTATE?

THAT'S A QUEER COMBINATION.

SO VIC FLINT IS PALLY WITH FIRST NIGHT CHARLIE, A PRIVATE EYE IS BUDDY WITH THE WORLD'S BIGGEST CON MAN, I DON'T GET IT-- AND I DON'T LIKE IT.

COME, CHRISTOPHER! IT'S TIME FOR YOUR SKI LESSON!

**Bugs Bunny**

I'M READY T' HANG THAT PICTURE FER YA, PETUNIA!

IT WAS NICE OF YOU TO COME, BUGS!

YOU DON'T NEED TOOLS... I'VE GOT A HAMMER AND NAILS!

THERE AIN'T ANY TOOLS IN THIS BAG!

A BOXIN' GLOVE!

WHAT'S THAT?

I AIN'T TAKIN' ANY CHANCES ON MASHIN' MY FINGERS!

**Priscilla's Pop**

I SURE DON'T THINK MUCH OF THE NEW CARS!

ALL THAT STREAM-LINING MEANS NOTHING TO ME!

NO SIR! MY OLD CAR IS GOOD ENOUGH FOR ME!

YES... I CAN'T AFFORD A NEW ONE, EITHER!

**OUT OUR WAY**

**By J. R. WILLIAMS OUR BOARDING HOUSE**

**with Major Hoople**

QUEER TRACKS, CURLY-- TWO RIDERS, BUT I CAN'T FIGURE OUT WHAT THEY'RE DOING!

SIMPLE AS A-B-C-- THEY WAS HAVIN' AN ARGUMENT-- TH' WIND BLOWS SO HARD HERE YOU GOT TO BE AHEAD TO BE HEARD AND BEHIND TO HEAR-- BOTH WAS TRYIN' TO KEEP AHEAD!

EGAD! MORE THAN 20,000 PEOPLE KILLED ANNUALLY BY FALLING DOWN-- MOST OF THEM ON ICE, I SUPPOSE!

MY ICE-SANDING DEVICE WILL SAVE MORE LIVES THAN ALL THE BIG CITY FIRE DEPARTMENTS!

SCHOOLS WILL ADD THE STORY OF HOOPLE TO THAT OF PASTEUR!

UM! I'LL BE UNSELFISH AND PRICE MY INVENTION SO THE POOREST CAN BUY IT-- BUT HIGH ENOUGH TO EARN A FEW MILLION DOLLARS FOR LIFE'S NECESSITIES!

The Hoople Bone Saver! NO MORE FALLS ON ICY WALKS!

ONLY FIVE OR SIX MILLION WOULD DO FOR NOW--

**Blondie**

DAGWOOD-- I HEARD AN AWFUL NOISE DOWN STAIRS-- GO DOWN AND SEE WHAT IT IS

FN-FF

WHAT WAS IT?

IT WAS JUST ME EATING A SANDWICH

**Wash Tubbs**

WHAT! ME BE AN ARTIST'S MODEL? NO SIREE! I--

IT'S QUITE SIMPLE! I'M SURE YOU CAN DO IT IF YOU'LL APPLY YOURSELF! YOU SEE, I'M A MAGAZINE ILLUSTRATOR--

AND I'VE JUST STARTED WORK ON THE PICTURES FOR A WESTERN SERIAL TO RUN SOON. YOU'RE THE TYPE I WANT FOR THE HERO, SO--

AW, BUT I'D FEEL SILLY POSING, MISS CUYLER! I'M SORRY, BUT YOU'LL RAFTA GET SOMEBODY ELSE--

NOW-- THAT'S BETTER. CAPTAIN! BUT I'M SORRY I HAD TO REMIND YOU THAT A WORD FROM ME TO THAT COP AND HE'D HAUL YOU IN FOR WASHING.

**Red Ryder**

HEAR WERE CARRYING QUITE A GOLD SHIPMENT THIS TRIP!

YEAH-- PLENTY! OKAY, LET'S GET ROLLIN'!

I'VE BEEN DRIVING FOR BERT LANG FOR THREE YEARS-- SURE SEEMS FUNNY TO HAVE A NEW BOSS!

YOU'LL GET ALONG WITH BERT LANG-- HE AIN'T A BAD HOMBRE!

AH-- HERE COMES THE STAGE NOW!

**Boots**

WELL-- I CERTAINLY HOPE PROF. FIXBY KNOWS WHAT HE'S DOING!

HIS PLAN JUST MIGHT WORK. AT THAT! BUT-- OH, HERE'S PUG NOW!

LO, BOOTS-- GIVE A GUESS. I HAVEN'T A WISE DATE FOR THE BASKET-BALL GAME THIS P.M.!

WITH A G.I. HE'S TAKING POST-GRADUATE WORK IN PROF. FIXBY'S PSYCHOLOGY DEPARTMENT!

**Tex Austin**

GREAT SCOTT! THAT BRONC 'LL KILL 'IM!

AS FLASHING HOOPS BEGAN TO MAUL THE UNCONSCIOUS LARRY.

TEX ACTS WITH SPLIT-SECOND TIMING!

**Bo**

I KNOW IT LOOKS HOPELESS, JUNIOR, BUT DON'T GIVE UP. WE MAY STILL GET BO BACK-- I DON'T KNOW HOW, BUT THERE MUST BE A WAY.

I CAN'T STAND SEEING YOU SO DEPRESSED (GON, I'LL GO DOWN) AND SEE IF THE POLICE CAN HELP.

IT'S RICHARD, THE RADIO BASKETBALL BACK ON THE AIR!

GOSH... MAYBE THE RADIO STATION CAN FIND BO WITH RICHARD'S HELP!

**Mickey Finn**

IT'S TOO BAD THAT WINK CAME HERE, MICKY! PHIL MAY SAY SOMETHING THAT'LL ANTAGONIZE HIM-- AND WE'LL BE RIGHT BACK WHERE WE STARTED!

THAT'S JUST WHAT I'M AFRAID OF, SERGEANT! HE'S LIABLE TO WALK OUT IN A HUFF-- ANY MINUTE!

NO, MR. WINK-- I DON'T KNOW WHEN I'LL BE GONE! IN FACT, I HAVEN'T MADE ANY PLANS YET!

WELL, I'M GLAD TO HEAR THAT, SHERIFF, BECAUSE I CAME OVER TO SUGGEST THAT WE MAKE IT SORT OF A TOUR-- INSTEAD OF A QUICK TRIP OUT AND BACK!

-- WE COULD GO FROM CHICAGO TO SEATTLE AND THEN SPEND A FEW DAYS IN SAN FRANCISCO-- AND, ON THE RETURN TRIP, SWING DOWN THROUGH TEXAS-- AND POSSIBLY VISIT NEW ORLEANS! I'M SURE IT WOULD BE VERY EDUCATIONAL!

I WON'T BE HOME FOR SUPPER, MICHAEL-- WE'RE DINING AT THE LODGE!

**Penny**

YOU MEAN YOU AND SOME OTHER BOYS AND GIRLS WANT TO SPEND THE WEEK-END UP AT THE LAKE ALONE?

YES, MOTHER, MAY I?

I'LL HAVE TO THINK ABOUT IT-- IS SOMEONE GOING TO CHAPERONE YOU?

BUT NATURALLY!

WHO? HEAVEN'S MOTHER, YOU MAY REST EASY--

I AM.

# New Oil Proration Formula To Be Adopted Next Friday

SAN ANTONIO—(AP)—A new crude oil proration formula is to be adopted next Friday by the Texas Railroad Commission.

Testimony at a statewide allowable hearing here Friday also indicated Texas producers can expect another crude output cutback in March.

Operators at the hearing were told:

"This commission must have a plan (new formula) that can come down with market demand. Speculation was that the March allowable order will involve a production schedule designed for a daily output approximating 1,815,000 barrels.

The state's allowable last Saturday was 2,028,499 barrels daily.

"The formula to be adopted appears to be a choice between a new type method designed by commission engineers and a plan used temporarily in 1947.

Factors involved in the 1947

present system," he said, "that is out."

Commission Chairman William J. Murray, Jr., stated the problem this way:

"How low can we cut the MER well without destroying the incentive to produce and could the big MER well stand a little bigger cut?"

Commissioner Olin Culbertson blamed the problem on "too much foreign oil and digging too many holes."

Spokesmen for major companies urged the commission to wait until the next statewide hearing to adopt a new formula.

The March allowable order also will return the East Texas field to a production schedule equivalent to the remainder of the state.

A large delegation of East Texas businessmen told the commission the area's economy has been injured severely by production cutbacks.

Charles K. Devall, publisher of the Kilgore News Herald, testified East Texas has experienced "a consistent pattern of sharply decreased sales volume, idle equipment, unemployment."

As chairman of the delegation of businessmen, Devall said: "Our plea is not for special privileges, nor for advantages over another area. We request the East Texas field be given its fair share. Certainly it would be fair to allocate East Texas the same number of producing days as are enjoyed by all other Texas fields."

The commission agreed to place the field on a par with other areas unless engineering data might show the increased production was having injurious effects.

# Oil Pace Slacks in Beckham With One Completion, Location

Activity was light last week in the Elk City field of Oklahoma. Operators, abandoning their usual well-mill pace, completed but one well in the Beckham-Washita area. Location was staked on one well.

Finalized was Shell and J. M. Huber No. 1, Walter-McDonald, C SW NE of 14-10n-21w, where plug-back depth was 10,132 feet. From perforations at 9,305-17 and 9,332-60 and 9,370-80 feet, the well flowed 150 barrels of crude with 97,700 cubic feet gas in six hours through a 24-64-inch choke.

Staked was the No. 1 Winer by Shell in C SW NW of 14-10n-21w. Company's No. 1 State-D in C NE SE of 9 ran a 85-minute test at 8,910 to 10,031 feet to recover 100 feet condensate and 300 feet condensate-cut mud.

Other activity in the field is as follows:

Shell No. 2 Yelton, C NE SE of 15, total depth 10,221 feet, was running 1 1/2-inch casing. Same No. 1 Walter-C in C NE NE of 23 has drilled out cement from 9,189 feet to 9,400 feet and was to resequence; plug-back depth 9,969 feet.

Shell No. 2 Walter-C in C SE NE of 23 was drilling below 8,469 feet. The No. 2 Walter in C SW SW of 14 was shut down for repair at 5,725 feet. No. 1 Winer was rigging up.

United No. 1 Music in C NW SE of 24 was drilling below 8,419 feet. Shell No. 1 Reynolds in C SW SW of 13 was below 4,832 feet while No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was rigging up.

Shell No. 1 Kelly-B in C SW SE of 5 was working at 4,003 feet. The No. 2 Kelly in C SE SE of 23 was below 4,492 feet and No. 1 State-E in C NW SW of 10 was drilling below 9,000 feet.

Shell No. 1 State-F in C SE SW of 12-10n-22w was drilling

# Companies Say Files Subpoenaed By Trade Board

NEW YORK—(AP)—Two oil companies reported last week their records have been subpoenaed by the Federal Trade Commission in connection with an "investigation of international petroleum cartel activities," mainly in the Middle East.

Socony-Vacuum Oil Co. and Standard Oil Co. (N. J.) officials said a memorandum from the FTC, accompanying the subpoenas, said the commission had "instituted an investigation of agreements entered into by American petroleum companies among themselves and with petroleum companies of other nations and the relation of such agreements to the domestic trade in, and practices of, the American petroleum industry."

Spokesmen for the oil companies denied the firms had been involved in cartel activities.

A cartel is an association of independent business firms, in one or more countries, formed to regulate the purchasing, production or marketing of goods by its members.

The subpoena was issued by Galileo.

# THE DRILLER'S LOG

By BUD ANDERSON

Sinclair provided two wildcat locations last week to push the company's total to six.

The company's No. 5-E and 6-F were staked close to the two gas completions by the company Nos. 2 and 4. Objective for the tests will be the Atoka sand from which production has been found in the earlier tests.

The increase in production on the No. 4 prompted placing the location at present sites rather than to the south near the No. 1 and No. 3. Outlets have been found for gas produced in the pool to help finance present and future explorations.

According to Pat Meholin, district geologist for Sinclair, the company will not reclassify the No. 2 any time in the immediate future. Present gas volumes are sufficient to fulfill contracts.

Heavy lime deposits in the producing formation of the No. 4 responded well to acid treatment.

The Panhandle Chapter of the American Petroleum Institute is making an all-out effort to enlarge its membership for the year. Present membership is approximately 500, believed the largest production chapter in the nation.

Harvey Longren, membership chairman, is sparking the drive now underway. Longren and his committee have planned a dance to wind up the drive. Present plans are to have a dance Friday, March 2, at the Mello-Alres dance orchestra have agreed to play for the dance.

One of the main reasons for booming membership is the APPI Mid-Continent meeting to be held in the Panhandle in the spring of 1951. Members this year will constitute working force for the host chapter.

Mr. March apparently didn't bother to investigate the amount of taxes paid by the industry. Otherwise he would have found the industry paid over 61 percent of all business taxes to the state last year, before the APPI. He would have found, too, the industry financed educations for one out of three students in the state from the first grade through college. He would have discovered also that 80 cents of every dollar in the general revenue fund was placed there by the petroleum industry. Now, all these percentages will be greater.

Then, too, Mr. March must believe oilmen don't smoke.

Imports were gaining a bit more attention throughout the nation.

An interior department official expressed the view that oilmen were "... more scared than hurt ..." by the problem.

This official perhaps doesn't realize just what a million barrels a day can mean to domestic production. Perhaps he doesn't know Texas had ten production cutbacks last year; two, so far this year and another expected for March. Kansas and Louisiana also had production cutbacks last month for Louisiana. Imports were shown as the cause in both instances.

Phillips Petroleum Co. has staked another wildcat in the Anadarko Basin. The well is the No. 1 Kaffer and is staked in Sec. 135, Blk. 2, GH&H Survey in Hansford County. Objective for the test is production from the Mississippi or, perhaps, the formation from which the company is producing its No. 1 Willcilo located almost due south in Sherman County.

The new 7,000-foot test is about one mile northwest of a venture abandoned by Phillips in July, 1946. This venture was the 8,400-foot No. 1 Elton in Sec. 155, Blk. 2, GH&H. Samples were released on the test.

Humble transferred one man last week. W. E. Coop, farm boss was transferred to a company office in the Avoca District near Abilene. As yet no replacement has been named. Coop has worked with the Pampa office off and on for the past ten years. This last time he was with the district about two years.

Stanolind is still without a district engineer. No one has been named to replace Leo Fry, district engineer for the company for several years, who left the first of the year. Fry is now a member of a private corporation with offices at Abilene.

H. P. Dosier, chief clerk for The Texas Co. has been elected to membership in the American Institute of Accountants, national professional society of Certified Public Accountants.

Mr. Dosier, awarded his CPA's certificate in 1948, is a member of the Texas Society of Certified Public Accountants. He lives at 1326 Christine.

Political affairs continue to hold major interest among members of the oil fraternity.

A major portion of the news filed by the news associations last week was concerned with depletion allowance and the oilman's ability to mark off intangible expenses in one year.

The state legislature is adopting increases in the Omnibus Tax Act which, in effect, is a tax increase for the oil industry.

To date, opposition in the legislature to the omnibus increase is slight. Keeping the increase to a lower figure, at present, is a proposed increase in taxes on cigarettes. To date, opposition to the cigarette tax is slight. However, this opposition in the Legis-

BUYING OR SELLING CATTLE?

SEE JACK H. OSBORNE

Our cattle market this week was about steady on all classes. They have certainly tried to break this thing for the last month without much success.

KANSAS CITY QUOTATIONS WEEK AVERAGE: Fat cattle active, lower on heavy wts. Medium and good fed steers 22.00-25.50 - high good to choice 100 lb steers 21.00 - medium and good fed heifers 21.00-25.50. Medium beef cows 16.00-17.50. Good cows 18.00-19.00. Yearling 18.00 down. Our country market very active on good to choice stocker's. Steer calves 500 lb 25.00-27.00; yearlings 600-700 lb, around 22.00-24.00. On heifers take off 1.00 to 1.50 on steer prices.

**MR. AVERAGE MAN!**

**HOMES:**  
Here's an opportunity for Mr. Average Man to put down roots and enjoy life in a neighborly community. Newly decorated, new carpet. Very attractively finished inside. Owner is leaving town and is not asking a bonus for his home. The price is \$8845.00. The loan \$6269.79. The monthly payments \$82.00. It will require \$2885.00 to handle. If you are interested this home is a good buy, because you will not have to spend any money to repair. You will like it.  
Within one block of High School. Three bedrooms. Servants quarters or guest house. Carpets, good lawn. Excellent backyard fence. Very attractive inside and out. Please inquire for price.

**BUSINESS PROPERTY:**  
Well located Blacksmith and Welding Shop. Buildings and Equipment priced at low figure of \$1500. Proper buyer can get terms on unpaid balance. Good return on investment can be shown on books. This is not a force sale but a stress sale. Owner has too many other interests to continue management. Good set of books will show complete picture.

Isn't it darling? It doesn't go with anything I own but it would be a wonderful excuse for buying a complete new outfit.

**Hal Boyle Turns Philosopher for This One Column**

By HAL BOYLE  
NEW YORK — (AP) — Being grownup isn't half the fun you thought it would be when young. Every child dreams of the time when he will be as tall as the adults who tower above him and have as big a voice and money of his own in his pocket. To him all grownups, even the kindest and most understanding, are jailors. The attitude of a child to a grownup is a mixture of envy, frustration and admiration. And the thing he resents most is the fact he is so dependent upon him. To him his world is a highly complex one, full of doubts, fears and forbidden ecstasies—a world in which there are only a few things he can do and many things he can't. Naturally, then, to his eyes the adult world is a simple and desirable world. What problems could adults have? They can stay up as late as they like, go to a movie whenever they want to, and buy all the candy their big fat stomachs will hold. It is in adolescence, however, when the two worlds of boyhood and manhood begin to merge that the adult loses most of his standing with the young. The wonder and admiration have worn off. The eyes of adolescence have a terrible and ruthless honesty. They see the grownup as a pitiful and pretentious tyrant, leaning on his authority to hide his own weaknesses. The youth often wonders if it wouldn't be better to crawl back into childhood than to become an adult like those he sees around him. But the path is still one-way. He has to go on, reluctantly or not. Why, it isn't a simple thing at all.

**NEW SENATOR**—William Benton (above), Democrat, is new U. S. Senator from Connecticut, succeeding Raymond E. Baldwin, resigned to become Justice of State Supreme Court.

**Water Heater Bursts, Kills Small Child**

WICHITA FALLS — (AP) — Billy Jay Patterson, seven-month-old son of Mr. and Mrs. J. C. Patterson, was fatally injured yesterday when a gas hot water heater exploded at their home here. Bobby Patterson, age 2, was critically burned about the face and arms and the parents suffered slight injuries in getting the children out of the blazing house.

L. N. Atchison, 200 W. Harvester, Pampa, today authorized The Pampa Daily News to announce his candidacy for the post of County Commissioner of Precinct 2, subject to the July 22nd Democratic Primary Election. Pol. adv.

**Texas Officers Seize 84 Stills**

AUSTIN — (AP) — Harrison County moonshiners were hardest hit by Texas Liquor Control Board officers in 1949. Thirteen stills were seized in Harrison County. Twelve were found by officers in Red River County and 10 in Titus. A total of 84 stills were seized in the state during 1949. Violators of the Liquor Control Act paid \$558,507 in fines. The board reported that 3,621 convictions were obtained from 4,365 cases filed last year. District 2, covering 23 dry counties with headquarters in Lubbock, had \$83,680 in fines from 428 convictions out of 592 cases filed. The largest number of cases, 626, and convictions, 501, were in district 6, with headquarters in Dallas.

**LOCAL OPTION ELECTION** SNYDER — (AP) — Petitions for a local option election are being circulated in Scurry County. The county, scene of the nation's latest oil boom, is now "dry."
