J. H. Gleaton Of Swearingen Dies Saturday

By Mrs. R. F. Harris
J. H. Gleaton, prominent farmer of the Swearingen community, died Sat. morning, Oct. 21, in a Memphis Hospital. He had been sick only a few days.
Mr. Gleaton was 63 years of age.
Funeral services were held at the First Methodist Church in Memphis Sunday afternoon, with the Rev. Hamilton, pastor, officiating. Pall bearers were Frank Morrison, Frank Boyles, George Creed Jr., Harvey Skaggs, C. C. Pitts and C. E. Pitts.
Burial was in the Memphis cemetery.
Mr. Gleaton was a member of the Methodist Church.
Surviving Mr. Gleaton are his wife; three daughters Mrs. H. V. Thompson and Mrs. Lyda Ward of Vernon, Mrs. R. F. McClary of Denver, and one son, H. E. Gleaton of Memphis. Also surviving are seven grandchildren and several brothers.

Kiwanis to Present Larry Kelley

Larry Kelley, youthful pantomimist who entertained the Wellington Kiwanis Club here during the summer, will be presented by that organization in a public performance here Friday night, November 13, at 7:30 p. m.
Kelley has appeared before audiences throughout West Texas, and his reception has been enthusiastic everywhere he was presented. Dr. Tom Hunter, Kiwanis president, said.
The entertainer will be assisted by the small colored boy who was with him here in the summer.
This is a beautiful performance, and proceeds will go to the Kiwanis Boys and Girls Fund, Dr. Hunter said.
Tickets will be on sale by club members.

VFW Breakfast Sunday Morning

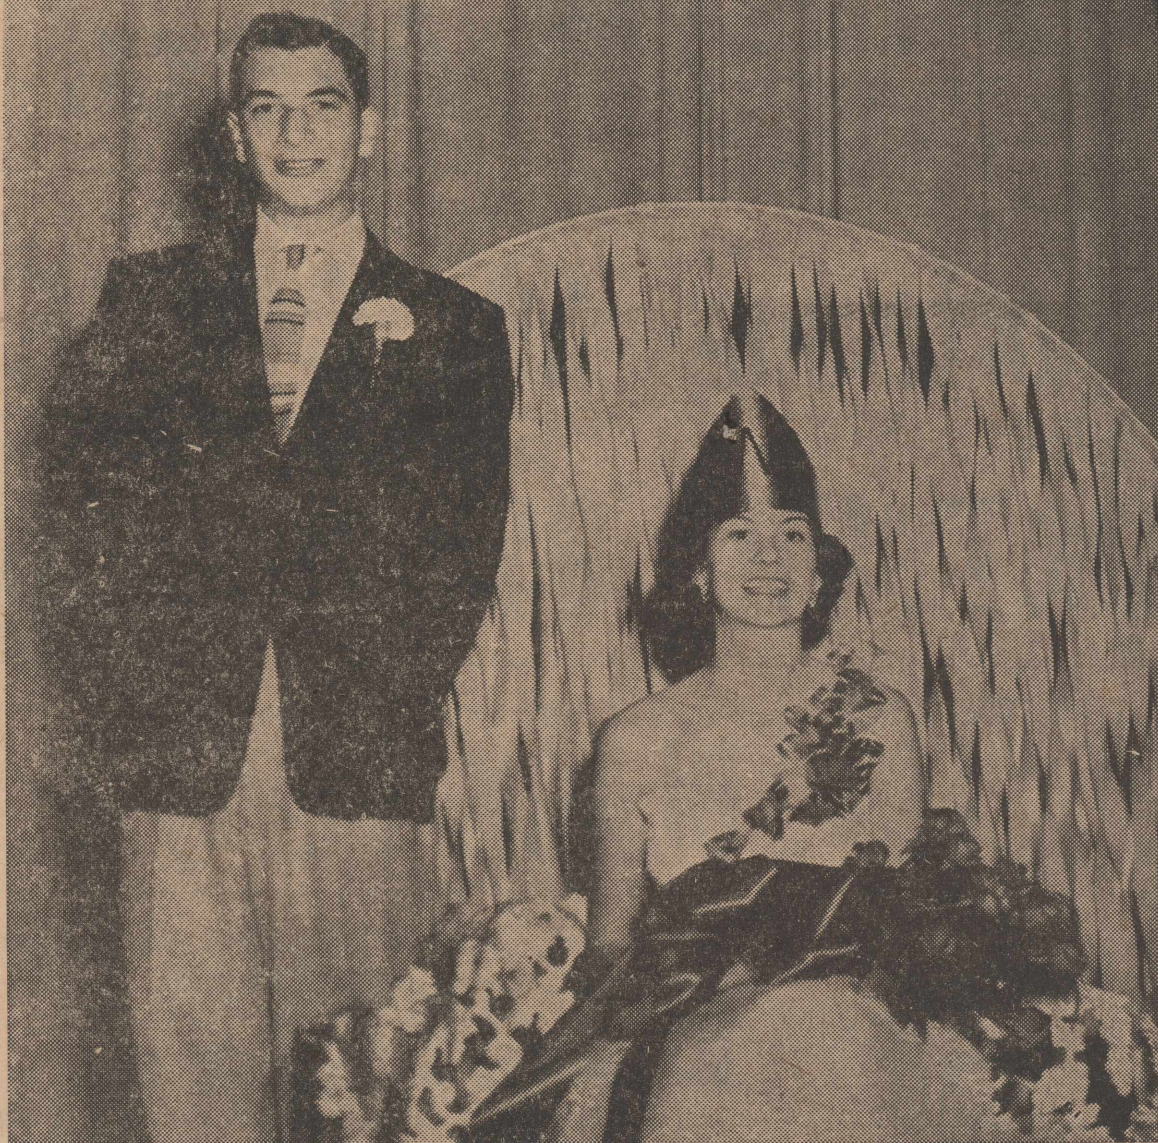

Officers of the Gylm Moore Post of the Veterans of Foreign Wars will be hosts at a breakfast Sunday, November 8, from 7:30 to 9:30 a. m.
Officers agreed earlier that they would give this breakfast is 75 per cent of the 1953 membership quota was reached by November 11.
All overseas veterans are invited, Donald Curry said.
Officers will serve as both cooks and dishwashers.

National FHA Week Observed

Future Homemakers of Wellington high school are observing National FHA week, with activities scheduled from Sunday through Thursday.
Miss Sandra Ainsworth, instructor, directed the girls in the observance.
Sunday, each member attended the church of her choice.
Monday was publicity day, with a membership drive.
Tuesday was courtesy day, with a fine of 1c to any one heard griping.
Good deed day came Wednesday, when the girls sent stamped Christmas cards to mentally ill institutions.
Thursday will feature Family Fun night, when members bring their parents and play 42 and other games. There will be a contest to see which father has the prettiest legs and a bubble contest will be another feature.
Friday will be observed as School Spirit Day by the students.

HD Council Has New Meeting Day

The meeting date of the county Home Demonstration Council has been changed from Saturday until Monday, and the first meeting under the new setup will be Monday, November 9, Mrs. Hubert Mauldin, president, has announced.
The meeting will be held at 1:00 p. m. in the county court room.

Carnival Queen

Miss Barbara Graves, daughter of Mr. and Mrs. Allen Graves, was crowned queen of the Halloween Carnival, sponsored by the Junior class at the high school auditorium at 10 o'clock climaxing the night's activities, the Seniors having won the queens race that came to a close at Saturday noon. Her escort was Camal Dakil. Other candidates and their escorts were Nelda Terry and Garry Phillips, junior; Lindel White and Dougie

Jameson, sophomore; and Ada Carole Thomas and Dee Ray Uselton, freshman. The coronation program was taken from the story of Cinderella's shoe, each queen candidate having the crown tried on her head to see if it would fit. As the story goes, the crown fit perfectly on the head of the senior candidate, the winner being revealed for the first time.

All Veterans Invited

American Legion Plans Open House Armistice

The Frank King Post of the American Legion will hold Open House a the Legion Hall all day Armistice Day, Wednesday, November 11, James McClelland announced this week.

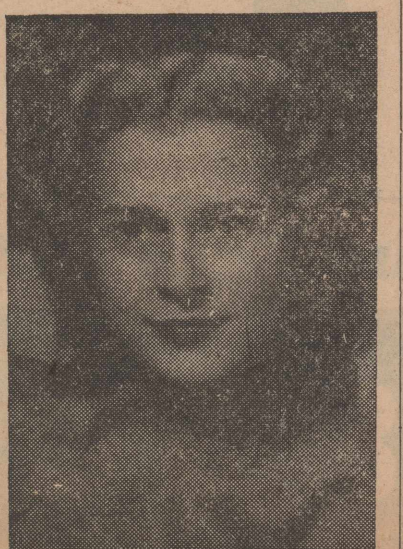

Alexander Well Drilling Continues

Drilling continues on the wildcat well spudded in recently on the L. T. Alexander farm west of Lutie by the Lubbock Machine and Supply, and early this week was reported "below 750 feet."
This well is 2310 feet from the north and east lines in section 4, block 16, and is about four miles south of the A. F. Wischaemper Jr. well which was drilled by Tatunel and abandoned as a dry hole.
The Alexander well is located 11 miles northwest of Wellington, and drilling is due to go to production or 5,000, according to information filed with the Railroad Commission.

To State Convention

Fayteen Peebles Seeks Farm Bureau Award

Pretty Miss Fayteen Peebles of Collingsworth County will represent 18 counties in this area at the state finals of the Texas Farm Bureau queen contest Nov. 9 in Mineral Wells. She will be competing against 11 other lovely young farm and ranch girls in a contest which will be held in connection with the 20th annual state convention of the Texas Farm Bureau.
Miss Peebles was chosen winner of District 1 in a contest held September 2 at Amarillo. Previously she had won the title of queen of the Collingsworth County Farm Bureau. She is the daughter of Mr. and Mrs. Denzil Peebles of Wellington.
The winner at Mineral Wells will receive an expense paid trip for herself and matron escort to the 35th annual convention of the American Farm Bureau Federation Dec. 14-17 in Chicago.

Miss Peebles is a senior in Quail High School where she has an average of A or better in every (Continued on Page Twelve)

Both Cans and Lids Needed for Tree Decorations

Following the first work session on the community Christmas Tree decorations Tuesday night, Sandy Parsons, Jr., chairman, announced that entire tin cans are needed, as well as the tops and bottoms.
Due to the size of the tree, decorations from the tops will not show up, and more effective decorations can be made from the entire can.
Housewives are asked to save these and deposit them in the barrel at the south entrance of the court house. The cans should be clean but not flattened. Lids may be included also.

A Jay-Cee Project

Show Movies of Rocket Games Monday Night

The Wellington Jay-Cees have filmed three of this season's Rocket football games and these will

be shown the public Monday night, November 9, at the high school auditorium at 7:30, Charles Allen announced this week.

The filming was done by Bill Hughes, and the games were with Electra, Childress and Burkburnett.

The Jay-Cees are giving these films to the Wellington High School film library for their permanent possession.

There will be no charge for seeing the pictures Monday night, those attending may make a contribution at the door any amount they wish to help pay for the cost of the film.

"We have some excellent films, and we feel the public is going to enjoy every minute of them," Mr. Allen said.

In addition to the local films, Coach Maxey McKnight is securing a film of one of the Texas Tech games.

To film the Rocket games, a crow's nest was put up on the east side of the stadium, paid for by Orval Couch, manager of the Greenbelt Electric Co-operative, and Cameron Beam, manager of the West Texas Utilities. Work was done by Pete Brock of Greenbelt and Tom Ferguson of West Texas.

Rockets Close Home Schedule Against Seymour

By Don Scott
The Seymour Panthers will bring to Wellington tomorrow night their conference record of one win and two losses. The host Skyrocks also have one win, but have lost three. Last week the under-rated Panthers met the highly-favored Olney team and when the smoke had cleared the Panthers were sitting on top. The Rockets won their first game last week also, taking favored Quanah by a lopsided 41-12 score.

The Panthers' Junior Beall made the difference in the 6-7 score with Olney by kicking the extra point, but it was Joe Crump who romped 37 yards around Olney's right end for the score. Crump also stood out evidence of a stronger team both offensively and defensively than Olney who, it will be recalled, has handed Childress their only defeat.

The Rockets will not necessarily be under-dogs in this week's clash, having undergone a change of heart in their last two games, losing to conference leaders Burkburnett by a close 14-18 score and swamping Quanah 41-12. Wellington Fullback Douglas Duncan appeared back in his stride and Halfback Dennis Holliman and Quarterback Lonnie Wood carried for big yardage behind the Rockets' relentless line. Ed Bawcom snagged two aerials in the enemy's end zone, one from Wood and one from Duncan. Doolen Starkey played a high game in the solid Rocket line, and made five out of six tries at point-after.

The Panther backfield is noted all over the region, and their yards gained almost doubled Olney's in last week's game. But the Rockets gained handsomely against Quanah's best efforts, so that tomorrow night's game may well be one of the toughest and hardest-fought of the entire season.

Kick-off time will be 8:00 o'clock.

Thomas Injured In Car Accident

John Gordon Thomas, 16, who was injured in a car accident near Bryan Tuesday evening, October 19, was returned home Friday, but he will have to remain in bed for approximately a week yet.

Thomas had attended the State Beekeepers Association meeting at A & M College. The accident occurred as he was returning with friends to Waco, where he was to spend the night with relatives. He told his parents, County Agent and Mrs. J. W. Thomas, that as they approached a bridge, a cow walked onto the highway, and that in attempting to miss her, the driver swerved into the path of an approaching car and the two vehicles met head on.

Thomas received a hard blow in the back, over his right kidney, but no bones were broken. He was the least seriously injured of the group. The party was returned to Bryan for hospitalization, and Mr. Thomas left here Thursday for his son.

Both cars were demolished.

Quota \$736

Floyd Hood Heads County's U. S. O. Fund Campaign

The need for a strengthened USO program was told here today as Collingsworth County opened its campaign for \$736.00 as its pro rata share of the state campaign goal of \$775,000.

"As more and more of our young people are being called into the armed forces, there can be no question of the need for the continuance of USO," said Mr. Floyd Hood, County Chairman. "We are continuing to strengthen our military outposts around the globe and we must see to it that wherever our fighting forces go, the USO must go too."

"USO now has 277 units operating in this country and overseas," said Mr. Hood, "and 20 of these are right here in our state. But there is still an urgent need for more

Councilmen Approve Gas Rate Increase for City

The City Council, in a meeting Tuesday night, November 9, passed on the third reading an ordinance fixing new rates to be charged natural gas customers by the Lone Star Gas Company.

No opposition to the passage of the measure appeared at the meeting, Bura Handley, city manager,

said. Councilmen, asked individually, said that there had been no comment to them during the past two weeks on the proposal submitted a short time ago asking that the gas company properties be condemned and bought, and which the city had been informed by attorneys could not be done legally.

"We have been considering proposed increase carefully since last February," Mayor Lester Hunter said.

The rate increase is effective with the billings sent out by Lone Star later this month, and apply to both residential and commercial users.

The following rates will apply: (The net rate applies to all bills paid within ten days from monthly billing date. c. c. f. indicates hundred cubic feet, m. c. f. indicate thousand cubic feet.)

Minimum monthly bill, \$1.00.
First 600 cubic feet at 17c per ccf gross, 15.3c per ccf net; next 24,440 cubic feet at 78.33c per mcf gross; 70.5c per mcf net; next 25,000 cubic feet, 68.33c per mcf gross; 61.5c per mcf net; Next 25,000 cubic feet at 58.33c per mcf gross, 52.5c per mcf net; all over 75,000 cubic feet at 48.33c per mcf gross, 43.5c per mcf net.

There will be no service charge for the installation or removal, turning on or off a meter to either commercial or residential customers.

The ordinance is contingent upon the Lone Star Gas Company submitting a detailed sworn operational report for the distribution plant situated in the city and each year hereafter the report must be submitted to the City Council by March 31.

Successful Meeting Here 25 Years Ago

Rev., Mrs. R. L. Flowers to Hold Methodist Revival

Revival services will begin at the First Methodist Church Wednesday evening November 11, and continue through Sunday night, November 22, the Rev. J. F. Michael, pastor, has announced.
Conducting the revival will be the Rev. and Mrs. R. L. Flowers, who 25 years ago held a highly successful meeting at the Wellington church.

Two services are scheduled each day, early morning services at 7:00 a. m. and evening services at 7:30 p. m.

"Early morning services have proved popular in Wellington in the past. Business people particu-

larly feel they can attend then go directly to work," Rev. Michael said.

In addition to the regular services, there will be special services for children and young people, and Mrs. Flowers will conduct services for women, which in other towns have proved unusually popular.

Visitation as well as evangelism will be stressed in this meeting.

Opening the revival will be a dinner in the basement of the Church, when members will get acquainted with the evangelist and the revivals will get under way.

"Rev. Flowers is one of the general evangelists of the Methodist Church, and Mrs. Flowers has worked with him for many years. They have held revivals all over Amarillo," Rev. Michael said.

Rev. and Mrs. Flowers make their home at Atascosa, near San Antonio.

The public is cordially invited to attend, Rev. Michael said.

Church Women to Hold Bazaar, Sale

Members of the WSCS and other women of the Fresno Methodist Church will hold a combined food and gift bazaar and rummage sale Saturday, November 7, in the building at the northeast corner of the square, Mrs. Hayden Williams has announced.

Members and friends of the church, with any of these items to contribute are invited to bring them Saturday morning.

Mrs. Dodson Back In District Clerk's Office After Illness

Mrs. O. E. Dodson, district clerk, has returned to her work after being out of her office five weeks due to illness.

Mrs. Dodson suffered an infection of the inner ear.

During this time, the duties of the office were carried on by members of her family.

Little Boys — Lots of Action

FIRECRACKERS TACKLE JUNIOR IRISH AT POWELL FIELD NOV. 12

The Firecrackers, Wellington junior high football team, will play the Shamrock Irish juniors Thursday night, November 5, at Powell Field. The game starts at 7:00 p. m.

This team gives Wellington football on its youngest level, and those who have worked with them this

year feel that some good material is being developed that will compose the Skyrocket team in a few years. It is made up of boys in the sixth, seventh and eighth grades.

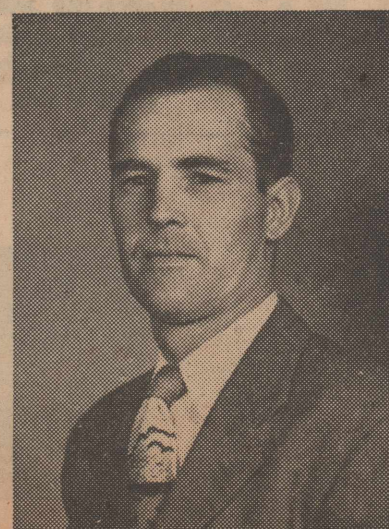

Coaching the team are Bill Hughes, Wellington rancher, and Melvin Burks, high school vocational ag teacher.

An admission charge of 10c and 35c will be made.

The team has played four games so far, winning one and losing three, and there are two to go, this week's tilt with Shamrock and next week with Quanah. The season has included two games with each of these schools, Shamrock, Childress and Quanah.

Players include:
Backfield: John Welch, Farris Wood, Teddy Wheeler, Richard Tigert, Trent Thornton, Billy Lockhart, Kent Peebles, Jimmy (The Tank) Forrester, J. D. McDanel, Pat Wilkins, John Duncan, Ronnie Thomason.

Linemen: Carroll Nunneley, Delvin Black, Junior White, James Ammons, Larry Hammons, Harvey Isaacs, Donnie Moore, Michael Rainey, Glen Reeves, Harry White, Pat Glenn, Eldon Owens, Taddy Hughes, Donnie Belwin, Jerry Elbert, Randell Raburn, Gary Starkrey, Glen Warrick, Cager Wilkins.

USO services, and it is up to us to help provide them.

First District Win

Rockets Take Victory From Quanah 41-12

By Don Scott

The Wellington Skyrockets, hitting their stride again after four consecutive losses, subdued a strong Quanah Indian squad, 41-12, at Quanah Friday night in a hard-fought, moderately clean and well-officiated conference game.

The two teams fought to a standstill in the first quarter, with Quanah outgaining the Rockets on the ground and neither team scoring. On the fifth play of the second quarter, the Rockets got rolling. Dennis Holliman romped 45 yards after hitting off-tackle and gave the Rockets their first score. Starkey converted.

In the same quarter, after an Indian punt, the Rockets took over and marched 63 yards, including a 30-yard pass from Wood to Bawcom in the end zone. Again Starkey converted.

The Wellington team kicked off and the Indians ran into hard luck, fumbling on their own 32. Two plays later, Duncan skirted left end for 26 yards and the Rockets' third TD. Starkey's kick was no good, and the half ended with the score standing 20-0.

Douglas Duncan, Wellington fullback, took Quanah's kick at the opening of the third quarter and funneled it 93 yards to the Quanah goal line, but the run was called back on a clipping penalty. The Rockets took the ball on their 20 and worked it efficiently back to the 50. On an off-tackle keeper, Wood ran the last 50 yards with the help of Odie Hood, who threw a key block. Tackle Doolen Starkey again converted.

Starting the fourth quarter, the Rockets rolled from their 31-yard line in 6 plays, with Duncan going the last 3 on an end run. Starkey converted.

The Indians took to the air in the fourth, and a long pass to Charlie Richardson was good for 55 yards. Quarterback James Logan went over for the first Indian score. The try for point missed.

The Indian's first marker seemed to rekindle their fire. They took the ball again and used three passes and a 1-yard plunge by Jones to score. again. The point-after try again failed.

Late in the last quarter, Lonnie Wood intercepted another of the Indians' passes, and two plays later, pitched out to Duncan who heaved 36 yards to Bawcom and the Rockets' score after Starkey's fifth conversion was 41, the Indians 12.

This was the first district win of the season for the Rockets.

FIRST QUARTER

The Rockets received the opening kick-off from Quanah's Charles Richardson's tow. The kick went to the Wellington 20, where Duncan carried it back to the Rocket 35. Wellington started feeling out the Indian line, Holliman and Wood made it to the Quanah 49. After receiving a 5-yard penalty, Rocket Quarterback Wood tried a pass which fell incomplete. A keeper got only 3 yards and the Rockets went into punt formation. Duncan's kick was allowed to roll dead on the Indian 28.

The Indians, also feeling out the Rocket line for weak places, found none but were able to make the Rocket 43 with a series of hard-driving charges by Jimmy Jones and Francis Srader. The Indians tried the line three more times, took a penalty and kicked on fourth down. The punt was out of bounds on the Wellington 38 and the first period ended up scoreless.

SECOND QUARTER

The Rockets, on the first play, drew a 5-yard setback. Wood, on a quarterback sneak and Duncan around left end, got the 5 back. Another attempt at the Quanah line was futile and the Rockets punted. Srader took on his own 35 and Rocket End Bawcom tumbled him back to his 33. The Indians hit the Rocket line six times, picking up a first down and a 15-yard penalty. Indian Halfback Jimmy Jones to Duncan on the Rocket 20 and Duncan returned to the 43 before the Quanah tacklers swarmed him.

In four plays the Rockets were in scoring range. Dennis Holliman took a quick hand-off on an off-tackle slant and traveled 45 yards to the Indian goal line. Tackle Doolen Starkey kicked the extra point and the Rockets were in front, 7-0.

Wellington's kickoff was a short, 10-yard affair, and Quanah Guard Jack Dunlap covered on the Indian 45. Around right end the Indian got 5 but lost it on a penalty. Srader tried right end again and made 11. Jones picked up 5 and Srader got three more, but Richardson was stopped for no gain. A fourth down try for a yard needed was stopped and the Rockets took over on their own 40.

With their spirits lifted by their first touchdown, the Rockets went into action again. Duncan took a pitchout around right end and

made 31 yards. Wood, on a keeper brought the ball up to the Indians' 20, where a red-flag play by the referee carried it back to the 35. Hood made 5 to the 30, and Wood tossed to Bawcom in the end zone for their second TD and Starkey's kick was in there again.

Rocket Fullback Duncan, kick-off and Srader was loping back up the field when a vicious tackle smeared him and freed the ball. The Rockets recovered on the Indian 32. Duncan skirted right end for 6, and tried again, traveling the remaining 26 yards and the third Wellington touchdown. Starkey's one miss in six tries during the evening left the score 20-0.

Duncan's kick went into the Indian's end zone and the Quanah team took over on their 20. They tried time and time again, but seldom gained more than one or two yards. The Indians tried pass attack but the Rockets were alert and the receivers unlucky. After picking up only one first down, the Indians kicked to the Rocket, where Wood ran it back to his 18. The Rockets carried 4 yards on one play and the half ended. Score 20-0.

THIRD QUARTER

The second half opened with the Rockets receiving. The ball went in the air to the Rocket 5, where Duncan took it and travelled 65 yards to the Quanah goal line, but the play was called back to the Wellington 20 on a clipping penalty. Duncan and Holliman spent four plays getting the Indians set up for Wood to take a keeper around left end, making 69 yards after he did start. Starkey converted, back in the groove again, and the score was 27-0.

The Indians received and Richardson got 12 back to his 27. The Rocket line gave before the hard-pounding Indians who gained three first downs with line plunges and one short 5-yard pass. The Rockets gave to the Rocket 26 and there they held. The ball went over on downs to Wellington on their own 26.

In three plays the Rockets made a yard. Duncan kicked and Quanah went back into action on their own 45. After two pass attempts and one end run for 5 yards, the Indians punted and Wellington owned it on their 31.

Hood went around left end and picked up 10. Maxey Tarver skirted right end for 5. Duncan went over left tackle for 25. On straight plays Hood brought the ball down to the Quanah 5 where, on the next play he was injured and had to be taken off. Duncan hit left tackle for 3 and then around end for the other 2 and a TD. Starkey made 1 more point.

FOURTH QUARTER

In the last quarter the Quanah team came to life, scoring twice. The Rockets were penalized on the kickoff and the Indians took the ball on their 25. On the first play Srader tossed a 54-yard gainer to Richardson to the Wellington 21. Jones brought it to the 5 and Richardson, on two quarterback sneaks, went over for the Indians' first score. The try for extra point was wide.

The Indians kicked to Bawcom, who drove through the Quanah team to the Indian 49. Repeated tries at the line gained only 5 and the Indians took over on their 44. Four passes clicked to lay the ball on the Rocket 2, where Truman Houk went over. Again the kick was wide. Score 34-12.

The Rockets received and held the ball four plays. The Indians took over, tried 5 times before Wood intercepted a pass and it was Wellington's ball on the Indian 45. Two running plays were stopped for little gain and the Rockets took to the air. Duncan tossed 36 yards to Bawcom and the score was 41-12 after Starkey routine conversion.

The Indians received and hit the aerial route. Three pass attempts were knocked down, and a fourth incomplection turned the ball over to the Rockets on the Quanah 11. Wood faded back to try a little air for himself and was brought down minus 11. Three more tries were stopped and the Indians took over. In the last few seconds of the game, Quanah missed on three pass attempts and the whistle blew. Final score 41-12.

STATISTICS

Wellington: First downs, 8; yards gained rushing, 324; yards gained passing, 68; punts, 3; fumbles recovered, 1; passes intercepted, 1; penalties, 10 for 110; passes completed, 4 of 8.

Quanah: First downs, 16; yards gained rushing, 171; yards gained passing, 157; punts, 4; fumbles recovered, 0; passes intercepted, 0; penalties, 6 for 50; passes completed, 6 of 19.

EDITORIAL COMMENT — THE WELLINGTON LEADER

Thursday, November 5, 1953

OTHER EDITORS SAY

Playing the Game

The Wheeler Mustangs have played good football in the three games they have played so far this season but they didn't seem to have the natural incentive to win that usually accompanies a football team. This may be true or it may not, but that is the way it appears to us . . . up until the last quarter of last week's ball game it has appeared that they just played good enough to keep the opposition from running over them when with a very little more effort they could have generated enough steam to have put over the winning counters. We realize there is nothing at stake for the boys except just saying that they won but we believe they would be much prouder of themselves if they really tried and made an impressive record even though they have been suspended by the Texas Interscholastic League. We want to commend the boys who have been faithful enough to come out and practice and help carry on football here through this season when it doesn't mean anything because Wheeler High School certainly would be in a bad shape next year as far as football is concerned if no football at all were played here this year.

—J. C. Howell in The Wheeler Times

No Sympathy Needed

The Kidnapers and murderers of Bobby Greenlease will soon be up for trial, charged with the most serious malfracton of the laws of the land. Two of them now are under heavy guard in Missouri jails. The third member of the group committing the dastardly act will be caught in time. Under our system of jurisprudence these persons will receive the usual privileges allowed all others who are charged with similar acts of violence. The chances are that those charged will have the very best legal talent in the land, yet there should be no unnecessary delay in the trial courts. If and when the pudy returns its verdict, which will undoubtedly be the death penalty, it is to be hoped that sentimentalists and pacifists will not storm those in authority to be lenient. One of the best ways to stop these professional criminals from their oft-repeated violations is to give them the full penalty of the law.

—Rufus Higgs in The Stephenville Empire Tribune.

On Staying to the End

Any football coach or anyone else who has ever led a team of boys in an athletic event or participated in one—will tell you that there is nothing more discouraging to the players on the field than for the spectators to get up and leave the stadium before the game is finished.

After all, these are the supporters of the home team, the fans, the rooters.

More than one player has felt that he is being let down a little when the crowd starts streaming out of the stadium fifteen or ten or five minutes before the game ends.

This feeling is especially strong of the team is on the losing end of the score.

The Rocket losses on their home field this year haven't been a thing that the boys or their coaches or their fans wanted. But it hasn't helped the looks of things any to see the number of people who left before the last whistle blew. Of course, lots of the spectators do stay until the game is over, but many times their view is hampered by other people trying to get out. The father of one Rocket player recently used mild language but a firm voice when he said, "I think it's awfully bad manners."

In a junior college game last week, three touchdowns were made in the last four minutes of the game. So think what you may miss. But even if nothing spectacular happens, the teams, winner and loser, need to be cheered off the field at the end of the game, just as they are cheered on when the play begins.

The
Buck Creek
Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek has a passably good idea this week, but we don't look for anything to come of it.

Dear editor:

I know that scientists are pretty busy these days, one set workin on makin the hydrogen bomb more deadly, another set workin on makin it less; others workin on higher octane gasoline to make cars run faster, others workin on ways of slowin motorists down; one group workin on better bomb-proof shelters, another on guided missiles that'll penetrate the same shelters; but I was wonderin why some scientists don't spend a little more time workin on a problem I have in mind.

I have about given up hopes of the experts workin out a breed of cattle that can thrive on weeds and thistles, but I have not given up the weeds and thistles.

It doesn't seem to make any difference how dry it gets, weeds and thistles keep right on growin. They seem to have a secret of being at home on this earth, regardless of the weather, and I would like to see some scientist get to work in them.

What I want that scientist to do is figure out a chemical you can spray on weeds and thistles to make them taste good to a cow.

I was talkin to a cattleman the other day and he said he at least had the satisfaction of knowin his cows were paid for, but another one ruined his day by pointin out a paid—for cow can be a liability the same as a mortgaged one, on account of they won't last more than a few days without something to eat. With a cow worth 6 cents a pound, and hay 1 cent a pound, anybody can figure how small a haystack she has to eat before she's eaten her worth in feed, and two days after she finishes she'll still be as hungry as she was when she started.

So instead of scientists workin on a chemical you can spray in weeds to kill em, I'd like to have one you can spray on, on the same principle of salad dressin on lettuce, and the cows will go for em.

I don't know what the nutrition count on a weed is, but it gets the same sunshine and grows out of the same earth cultivated plants do and I notice cattle will eat em when they're young and tender. Seems to me there ought to be a chemical maybe left over as a by

Looking Ahead With George S. Benson

YOU ARE A STOCKHOLDER

As citizen stockholders participating in the management as well as in the earned dividends of the great enterprise called the United States of America, we should frequently open the ledger and study the balance sheet. What are its assets? What are its liabilities? We need to understand clearly the nature of the assets so that we can nurture them and expand their benefits. And we should carefully examine the liabilities so that we can guard the dangers, and in time eliminate them.

The greatest asset we have is the American way of life which gives us freedom to worship God as we choose, freedom to own our home, freedom to work at the occupation of our choice and for whom ever we please, freedom to go into business and make a profit (or suffer loss), freedom to associate together in common cause, freedom to make a contract, freedom to vote for the candidates who we think can best serve the welfare of our community, state and nation.

Costly Ignorance

The liabilities are not so clearly seen. The heaviest and most dangerous is lethargy; not illiteracy, but the lack of consciousness of the facts at today's economic and political life.

A great many of our people, in and out of school, are not consciously aware of the array of assets on our American balance sheet. They are not informed on the elements that go to make up the American way of life. Many citizens who are well informed on most things are nevertheless unaware that the American economic system has made possible a living standard three times as good as that of the major nations of Europe and five times better than the living standard in Russia's "Workers Paradise." And many who are even aware of this advantage do not know why the private enterprise system is so productive; they do not know what

product from an atom bomb or a nylon dress which scientists could use to spray on weeds and make the moose out as desirable as a green salad. People are always talking about findin new grasses, but I'd rather figure out a way to use the stuff we already got.

I just noticed one of my cows finishin off 15 cents worth of hay. Yours faithfully,
J. A.

makes it tick.

Deep Penetration

This lack of awareness renders millions of Americans vulnerable to the cunning propaganda of the by shrewd methods, seek to wean our people away from, and even turn them against the basic American principles, one by one. The Fifth Column in America hasn't been seriously injured. The U. S. Senate's Internal Security Committee warns the nation that it hasn't even been thoroughly exposed.

Its prime objective, according to the best authorities, is to undermine our people's faith in the economic and political principles which have given our nation its strength, its productive might, its unmatched standard of living. To accomplish this, Communists have infiltrated government, religion, education, labor literature, entertainment, and communications. This threat, cleverly disguised, is a greater danger, a greater liability even than Russia's military threat; they are only half open to the internal undermining.

Demands of Citizenship

The National Debt of \$272,000,000,000 is a serious liability. So

and now takes a big share of the federal tax load which totals 25 per cent of the national income. The debt constitutes a mortgage is the huge government bureaucracy that has grown up haphazardly of about \$6,800 on the present worth and future earning power of every family in America. And the taxes, from 25 per cent on the lowest net income to 92 per cent on the highest, are taking from our private citizens the ability and incentive to invest in new or expanding enterprises. And if private citizens don't the government will declare that it must — and we will have Socialism.

There are other liabilities but the forgoing are the most dangerous. How can we everyday citizens cope with them? By understanding the American way of life, and Communism and Socialism; by understanding Communist propaganda techniques; by becoming active in government; by striving constantly for spiritual growth so that faith in God is our anchorage and service to our fellow man our goal; and, finally, by dedicating a part of our everyday life to bringing these citizenship requirements to the attention of everybody we can reach.

This elemental truth, so repeatedly emphasized in the Psalms, has been sadly neglected even by many who make profession of religion and consider themselves among the saved.

What a world this would be if every nominal christian and church member had the Psalmist's passion to have the word of God hidden in the heart, so deep and strong that it was the motive power of ever word and action!

To be "upright and innocent from the great transgression" must be the sincere purpose of every man who would be worthy of a place in the fellowship of those who love the Lord.

The New Testament reveals the word of God as love and the indwelling of God's Spirit as the source of spiritual power to obey the word.

To hear and obey the voice of God within is man's highest attainment and destiny.

The Labor Party first took office in Britain in 1924.

Berlin is the largest city on the European continent.

Three kings sat upon the English throne in 1936.

Bible Comment

For Nov. 8

God Dwells in Every Human Heart

When the Psalmist wrote "Thy word have I hid in mine heart, that I might not sin against Thee," what did he mean?

In the New Testament, in John I, is the account of the Word that was in the beginning, the Word made flesh, dwelling among men in the earthly life of Jesus, "the Word that was with God, and was God."

But what did the word of God mean to Old Testament writers, Jesus came?

For them, as for those of the New Testament, it meant God in the center of man's life and being. To have God in the heart meant to be guided and controlled by God.

So the word of God in the heart was a word of law and command. The good life was not a matter of chance, or of man's preference. It was based on the unalterable character and laws of God Himself.

A Bank Customer...

● ● ● Is more than a name on our records

Each customer is a flesh and blood man or woman with human emotions, personal problems, individual hopes and plans.

● ● ● Is more than a voice on the telephone

A customer's call is our signal for action, an opportunity to serve, our chance to make a friend for the bank.

● ● ● Is more than a signature on a letter

Each letter we receive, no matter how minor it seems, is important to a customer and merits our full attention.

● ● ● Is never an imposition on our time

"Our time is your time" should be our attitude toward every customer, because that is why we are here — to serve you.

● ● ● Is not an outsider

The customer is truly an "insider" our reason for existence — our "boss" — a highly important part of our bank.

● ● ● Is not a favor-seeker

We do not confer a favor when we serve a customer — instead the customer does us a favor by doing business with us.

● ● ● Is not dependent on us

We depend on the customer. Without his support there would be no deposits, no loans, no profits — ad no banks.

A bank customer is a friend whose confidence and good will form our most priceless assets. It is our aim to justify this confidence by serving efficiently.

NOW IS THE TIME to Drive the car

Check the price-Compare the deal

If you want the most for your money, Pontiac is the car to buy.

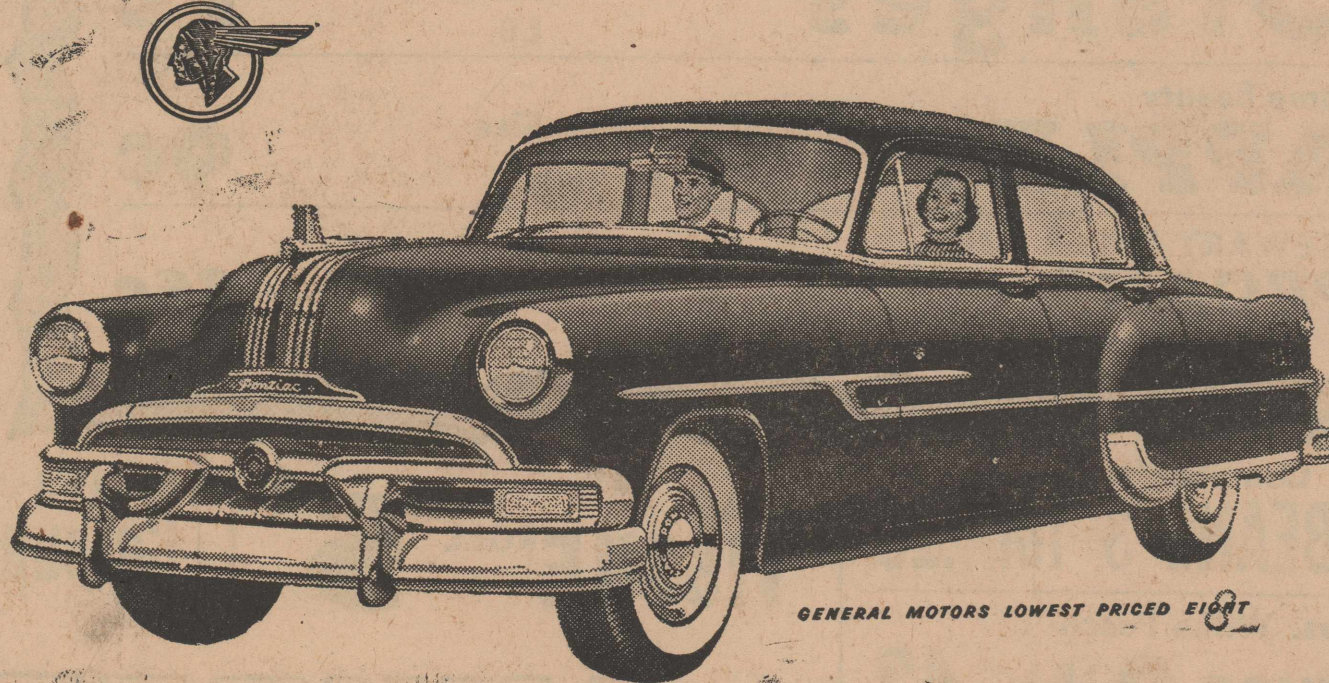

You can prove it in one ride.

Pontiac's smooth, whisper-soft flow of power, quick response and flexibility guarantee a heart-warming experience—truly great performance delivered with a thriftiness and reliability that means dollars in your pocket.

This fine car action is combined with fine car comfort and luxury. It is a rich feeling just to sit in a Pontiac.

Yet the price is only a few dollars above the lowest! The difference is even smaller when you consider resale value. An independent research study reveals that Pontiac retains much more of its new car value than any other car in its price class.

Come in while your car is at its peak worth. Get the clinching proof that deal for deal you can't beat a Pontiac.

Deck's DIDACTICS

—By Deski's Wells

The barrel on the south side of the courthouse is not filling up very fast. The Chamber of Commerce needs a lot more tin can tops and bottoms before they can even start the Christmas decorations. The giant Christmas tree and the lighting equipment have already been selected; but they are going to need a lot of tin tops between now and Thanksgiving.

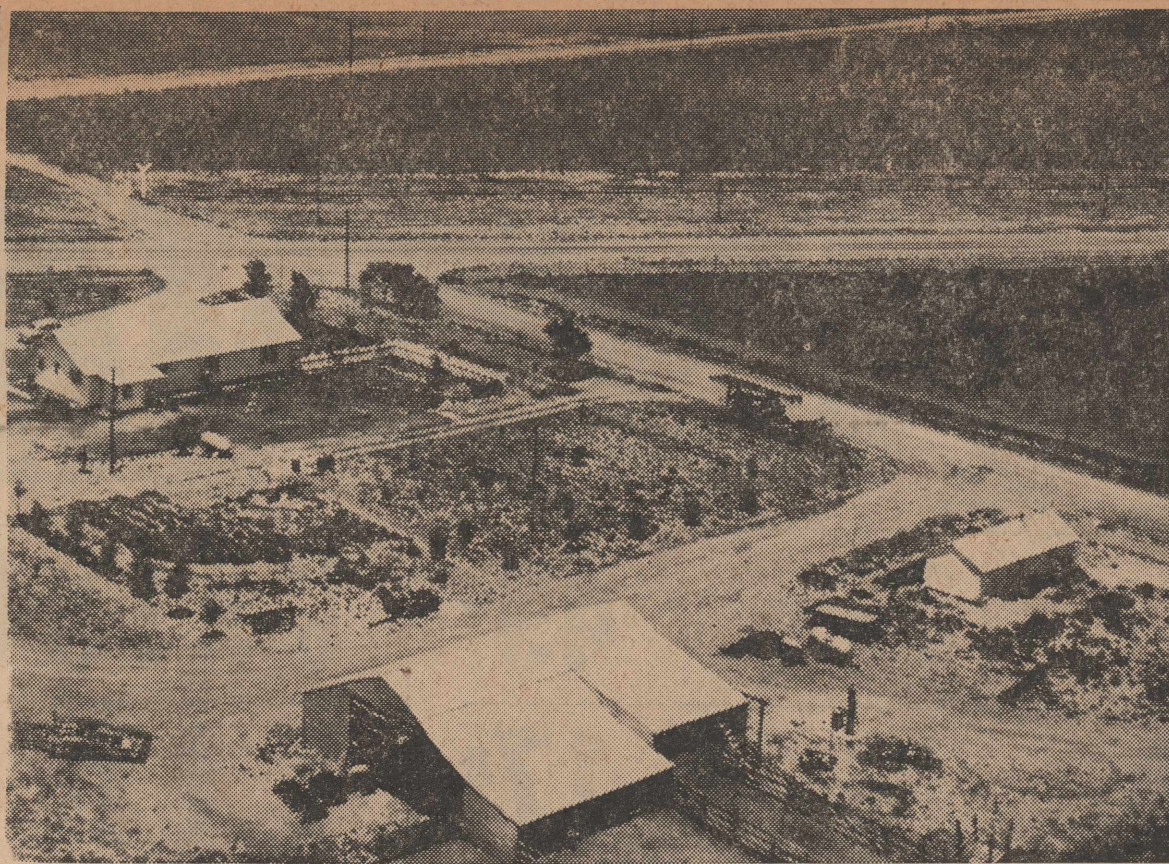

Now they are saying that Collingsworth will gin 80,000 bales, this year — perhaps a little more or a little less depending on the weather. A trip over the county last Sunday convinces me that this estimate may be close to the mark. Besides the late feed has matured in a wonderful fashion although some farmers would welcome a few more days without a killing frost. And the wheat never looked better for this time of the year.

But even if the ground is wet and things look good for production next year, the experimenting with irrigation in the Wellington area continues to go forward. Bob Glenn has a test well east of town that is flowing naturally without benefit of pump. Bura Handley says that it may indicate an underground reservoir as far away as Quail or Hedley. He thinks it is quite different from anything connected with the two stratas from which the City of Wellington gets its water.

You can talk to fifty people and you will get about forty different opinions about the advisability or inadvisability of trying for a well on certain spots of land. But that is just the reason The Leader keeps up the publicity. The more people argue and disagree, the more likely some curious and bold fellow will try to find out for sure.

Charlie Graham brought by a big bunch of turnips with lucious greens. He raises the biggest and best turnips I ever saw — that is he raises them some years like this. He refuses to bring along any salt pork; but I appreciate the turnips just the same. If I ever start farming, I am going to give Charlie a side of bacon or a sack of the famous Shanks sausage the first year.

Richard Bailey, a former Rocket star, says that pictures of the Rocket games of this year will be shown at the Wellington high school. Next Monday night. These pictures which were taken by Bill Hughes are given credit by Maxie McKnight for making the Rockets into the team that they are from what they were. Incidentally the versatile Bill Hughes is now coaching the

Does This One Mystify You?

your identification guess to The Wellington Leader. The owner of the mystery farm will receive a free picture like the one above.

junior high boys. They will play Thursday at 7 p. m. just before the B team game.

The dailies make mistakes in headlines just like the weeklies do. The Wichita Falls Record News had a head, one last Sunday which said: Wellington pupils reimburse Childress. The story was from Childress and the deal was that Childress students took up a donation to pay Wellington \$10 for a tarpaulin that was ruined on the night of the Childress — Wellington game.

The American Legion will hold open house all Day November 11 from 10 a. m. until 12 midnight, free coffee and doughnuts to all veterans.

Henry Sullivan will undoubtedly be W. R. (Buck) Breeding favorite hunting partner from now on. On a recent hunting trip in Colorado, Buck, Mr. Breeding that is, had a young buck in the sights of his rifle. But Henry persuaded him to let it go on the grounds that they would soon see a nobler head. Neither of them got a chance at a single shot after that. And to add salt to the wounds, all the rest of the Hunters got a fine deer and Dan Henard killed an elk.

Mrs. N. W. Price, a surgical patient in St. Joseph's Hospital, was dismissed and returned to her home October 24.

Mrs. Dewey Gaylean is receiving medical treatment in St. Joseph's Hospital this week.

Norwood To Hold FHA Week

Sammorwood high school are celebrating National FHA week by Tuesday night, in the home economics room.

The girls will also be in charge of the assembly program Friday afternoon, under the direction of Miss Stewart, their instructor. Visitors are invited to this program.

Halloween Party For Kindergarten

The Denley Kindergarten at 1101 Childress was a lively place on Friday morning, October 30 when the pupils gathered for a party, dressed in various costumes in the traditional Halloween manner. The pupils each brought a guest and they played games and heard stories about spooks and goblins of Halloween.

Mothers furnished the refreshments of ice cream and cracker jacks. Mrs. Bryan Denley, the teacher, presented them with fav-

ors of black and orange guns with candy.

Pupils present were Rita Marshbanks, Joyce Curry, Jan Jones, Stanley Lether, Bill Spillman, Hal Chitwood, Gary Patrick, Dan Warwick, David Cason, Lee Burks, and Scooter Cason. Guests were Paula Marshbanks, Mickey Ann Kendrick, Mary Lou Holton, Nikki Smith Kent Clark, Newell Squyres, Linda Jo Amburn, Gayle Burks and Rhonda Cason.

Busy Bee Club Meets For Lunch, Quilting

By Mrs. R. F. Harris
The Busy Bee Club met on Wednesday, October 28 with Mrs. Henry Newman and Mrs. L. G. Yarborough as hostesses.

Lunch was served buffet style at the noon hour. Two quilts were finished by nine members. Those present were Mmes. Alpha Adcock, A. B. Jones, Frank Boyles, Elvis Pitts, John Messer, Clyde Brown, H. E. Gleaton and the hostesses, Mrs. Newman and Mrs. Yarborough.

The next meeting will be on Wednesday, November 11 with Mrs. Pitts as hostess.

Recent Ceremony Unites Ruth Koen-Harold Caldwell

Miss Edna Ruth Koen and Harold Caldwell were united in marriage in a ceremony read in the Methodist church parlor, on Saturday, October 24, at 7:30 p. m. The Rev. J. F. Michael, pastor, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. S. A. Koen and Mr. and Mrs. Tom Caldwell, all of Wellington.

For her wedding the bride chose a navy blue suit with navy and light beige accessories and she wore a corsage fashioned of white carnations.

Mrs. Gene Crutcher, sister of the bride served as matron of honor. She was attired in a blue suit with navy blue accessories and wearing a corsage of pink carnations.

Raymond McGill brother-in-law of the groom served as best man. Immediately following the ceremony a reception was held in the home of Mr. and Mrs. Raymond

McGill, with close friends and relatives in attendance.

The serving table was laid with a white Damask cloth, appointed with crystal service and the three tiered wedding cake. Mrs. Raymond McGill served the cake and Mrs. Gene Crutcher was in charge of the punch service.

Guests were Mr. and Mrs. Tom Caldwell, Mr. and Mrs. S. A. Koen, Miss Ivy Koen and Mrs. P. A. Miracle of Grandfield, Oklahoma, and the wedding attendants.

The couple toured points in New Mexico and Colorado on their wedding trip.

Mrs. Caldwell received her education from the Wellington and Quail schools, being a graduate of Quail High School with the class of 1951. She was formerly employed by the LeDerer Hardware and for one and one-half years has been an employee of West Texas Utilities Company.

Mr. Caldwell received his education at the Wellington schools. He has been in the Armed forces approximately two years serving as Airman First Class. On November 6 he will report to Camp Kerner AFB Newark, New Jersey, where he will embark for shipment to Greenland. Mrs. Caldwell will continue to make her home here.

Family Reunion For Killingsworth's

The home of Mrs. G. W. Killingsworth was the scene of a family reunion on Sunday, November 1 when seven of her ten children and other relatives gathered for a day spent visiting and taking pictures. Lunch was served at the noon hour.

Those attending the reunion were Mrs. Killingsworth's children, Mr. and Mrs. W. O. Martin and Mrs. Austin Carmack all of Canon City, Colorado, Mr. and Mrs. Bob Miller of Denver Colorado, Mr. and Mrs. Rex Brooks of Greenburg, Kansas, Mr. and Mrs. Cecil Amerson of Twitty, Mr. and Mrs. Claude Killingsworth and Mr. and Mrs. C. E. Killingsworth of Wellington.

Grandsons and their families present were Mr. and Mrs. Woodrow Killingsworth of Dimmitt, Dr. C. E. Killingsworth of Borger, and Mr. and Mrs. Otis Killingsworth of Wellington.

Halloween Party For Quail BTU

By Mrs. G. T. Stephens

The Junior BTU class honored with a Halloween party on Saturday night, October 31, in the Baptist church by their teacher, Mrs. Glenn Smith, assisted by Mrs. Jim Brown.

The children played games, after which punch and cake were served. They picked lollypops from the tree, dunked for apples and then received gold from the end of the rainbow, this being in the form of bubble gum wrapped in gold paper.

The group then went to Quail for the "Trick or Treat" fun.

Those attending the party were Pete, Jeannie, Terry and Sarah Smith, Phillip, Lynda and Terry Brown, Tony Atkinson, Billy-Evelyn Lowe, Virginia Ann Kennedy, Bulah and Joe Edd Price, Rodger and Judy Cannon of Carey and the hostesses, Mrs. Smith and Mrs. Brown.

WSCS to Observe Week of Prayer

The Woman's Society of Christian Service of the Methodist Church will observe the annual Week of Prayer and Self-Denial in an all day service at the church on Friday, November 6, beginning at 10 o'clock.

The theme for the morning session will be "The Authority and Commands of Jesus" with Mrs. A. V. Cooke, Mrs. J. B. King, Mrs. John Graves and Mrs. A. J. Fires directing the meditations.

On the afternoon program, beginning at 1 p. m., Mrs. Darwin Nix, Mrs. James McClellan, Mrs. John Henard, Mrs. James Sullivan and Mrs. Gorman Owens will present the Missionary Project benefiting from their church-wide observance. The service will close with the offering and dedication of gifts.

Each woman is to bring a sack lunch for the noon hour. The nursery is to be open all day. All interested women are invited to attend, and if impossible to attend for the entire day, feel welcome to come for any part of the program.

Mrs. Wischkaemper Hostess to HD Club

By Mrs. R. H. Isbell

Mrs. Henry Wischkaemper entertained the Salt Fork Home Demonstration Club and their families at a called meeting recently.

Business was discussed by the members. Roll call was answered by each member telling what they enjoyed most on a rainy day when they could not work outside.

Mrs. Isbell gave the devotional in the form of a sketch about nine important women of the Bible, and these were Eve, Sarah, Rebekah, Rachel, Ruth, Deborah, Ester, Martha and Mary.

Refreshments of cake, cookies coffee and hot chocolate were served to seven members and their families. Mr. and Mrs. C. D. Messer and family, Mr. and Mrs. Wayne Wright, Charles and Edna Ellen, Mrs. Willie Morris, Mrs. Katie Cummings, Mr. and Mrs. Kenneth Ward and son, Mrs. Mamie Isbell and the hostess, Mrs. Wischkaemper.

Next meeting will be with Mrs. C. A. Wright on Tuesday night, November 10.

Mrs. N. E. Childers, a surgical patient in St. Joseph's was dismissed October 29.

Mr. and Mrs. Cameron Beam, Jr. Recently Wed

Mr. and Mrs. Cameron Beam, Jr. are shown at the reception immediately following the formal wedding ceremony performed at the Sheraden Methodist Church in Pittsburg, Pennsylvania. Mrs. Beam is the former Miss Ruth Marie Bloom of that city. Mr. Beam is the son of Cameron Beam, Sr. of Wellington, and has made his home here the greater part of his life. The couple are living in Bermuda where Mr. Beam is with the United States Navy.

Mrs. Mundy, District President Honored In 1924 Study Club Autumn Tea

The Federation Day Program given at the community Christmas

tree for the 1924 Study Club was a tea given in the home of Mrs. James Sullivan, on Thursday, October 29,

honoring Mrs. H. P. Mundy of Shamrock, president of the Seventh district T. F. W. C. Mrs. Frank Anderson and Miss Katherine Boverie assisted in the entertaining.

Mrs. Clark Anderson, the president presided during the brief business session. She appointed a finance committee, with Mrs. Sam Gholson as chairman and Mrs. Mish Dukeminier and Mrs. Raymond Ross to serve with her. Mrs. James Sullivan, Mrs. Kelly Pigg and Mrs. George Kopp, with Mrs. Sullivan as chairman were appointed to arrange a program to be

Mrs. E. K. Jones introduced Mrs. Mundy, who gave a most interesting and instructive history on the founding, aims and purposes of Federated Women's Clubs.

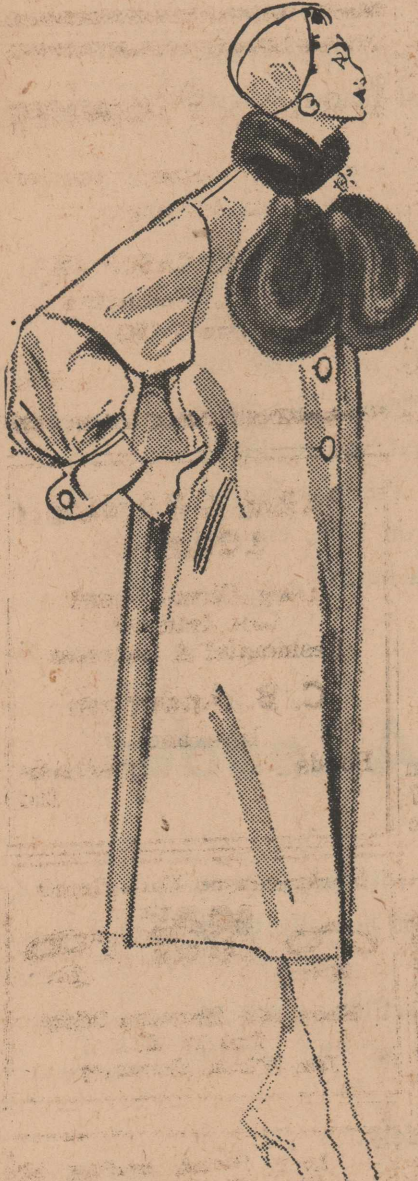

The serving table was covered with a lace cloth and centered with an arrangement of mums in shades of yellow. Miss Boverie presided at the tea service.

New Beauty, Comfort and Performance Featured in New 1954 DeSoto Lines

More glamour, more performance are in store in the new 1954 De Soto Automatic, which goes on display in De Soto-Plymouth dealerships all over the country November 5.

Leading the list of notable improvements in the new De Soto in PowerFlite—the finest fully-automatic transmission ever offered the motoring public.

In combination with such previous De Soto advancements as Full-Time Power Steering and Power Brakes, the 1954 De Soto with PowerFlite is an "Automatic" automobile reaching new peaks in style, comfort and performance.

In the styling category, clean smooth-flowing body lines blend to produce a longer, wider car with a low, road-hugging look. A forward-motion styling theme dominates the exterior appearance of the new De Soto from sparkling new "floating" grille and smoothly-contoured new bumper to distinctive new tail-light clusters.

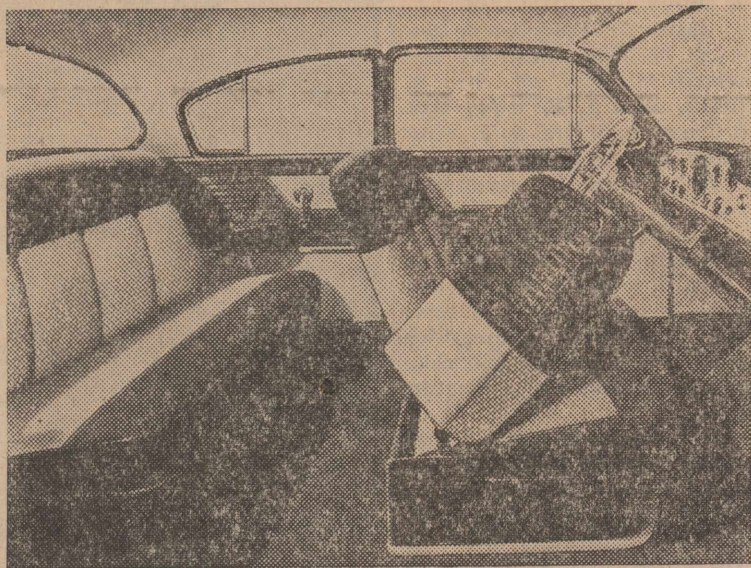

Interior styling of the 1954 De Soto is completely new. Interior colors are keyed to exterior finishes and new instrument panels and garnish mouldings are blended with over-all schemes.

New upholstery fabrics are offered in a variety of colors; these fabrics are, for the most part, nylon-faced for the utmost in durability and smartness. Vinyl is used where soilage and scuffing are most likely to occur.

An important contribution to the new De Soto's riding comfort is No-Sway Ride Control suspension, minimizing body "lean" and eliminating tire squeal on turns, while providing improved control and all-around stability. A stiffer frame, redesigned front and rear body mountings and new rear spring mountings are also contributing factors to this new controlled ride.

DeSoto's new PowerFlite transmission is an outstanding performance advancement. The culmination of years of research and development work with automatic transmissions, PowerFlite is an un-

'54 De Soto's New Fabrics, Colors

New styling, fabrics and colors have been combined in the interiors of the 1954 De Soto. This view of the 1954 De Soto Fire Dome V-8 Club Coupe interior shows bolstered seat design, pleated seat backs and permanently vulcanized pleats in vinyl on the back of the front seat and on door panels. Upholstery fabrics are, for the most part, nylon-faced. Instrument panel and garnish mouldings harmonize with the over-all color scheme and a wider range of interior colors is available.

matched combination of power, smoothness and control.

Consisting of a new torque converter and two-speed planetary transmission, PowerFlite weighs less and has fewer parts than any other fully-automatic transmission on the market. With this simplicity in design, PowerFlite has the highest over-all torque multiplication ratio (4.47 to 1) in drive range in the industry. Instantaneous response and flashing getaway make PowerFlite's superior performance immediately evident.

Smoothness of operation is inherent in the design of DeSoto's PowerFlite transmission. From the time the engine is started and the selector lever moved to "Drive," the driver does not have to move his foot from the accelerator unless he wants to slow down. There from starting gear to direct drive.

Dependent on the driver's wish, this automatic shift takes place between 15 and 65 miles per hour.

If additional acceleration is desired after the car is in direct drive, the driver has only to press the accelerator to the floor to "kick-down" into low gear. The transmission also automatically down-shifts any time car speed falls below 11 miles per hour.

The selector lever on PowerFlite-equipped De Soto is extremely simple to operate. Neutral and Drive, the most commonly used positions, are selected by moving the lever to the forward and rear extremes. Reverse and Low are selected by lifting the lever toward the steering wheel and moving to the forward and rear extremes. In this way the driver shifts directly from Neutral to Drive without going through Low or Reverse. This arrangement also facilitates rock-

ing the car in snow, sand, or mud, since the driver need only pull the lever upward toward the wheel and move it rapidly from one extreme to the other.

PowerFlite is available with either of the two series of 1954 De Soto cars, the Fire Dome V-8 Powermaster Six.

Adding to the performance factor of the 1954 De Soto is the greater power of the Fire Dome V-8 engine, increased from 160 to 170 horsepower. With a higher compression ratio of 7.5 to 1, De Soto's Fire Dome V-8 delivers greater performance and efficiency, and its torque is improved at medium speeds.

Ten body styles are offered in the two De Soto lines. Choices in the Fire Dome V-8 series include: 4-Door Sedan, Club Coupe, Convertible Coupe, Sportsman, All-Steel Station Wagon and 8-Passenger Sedan. Powermaster Six body styles are: 4-Door Sedan, Club Coupe, All-Steel Station Wagon and 8-Passenger Sedan.

July and August were named for Julius and Augustus Caesar.

A Captain Webb was the first man to swim the English Channel.

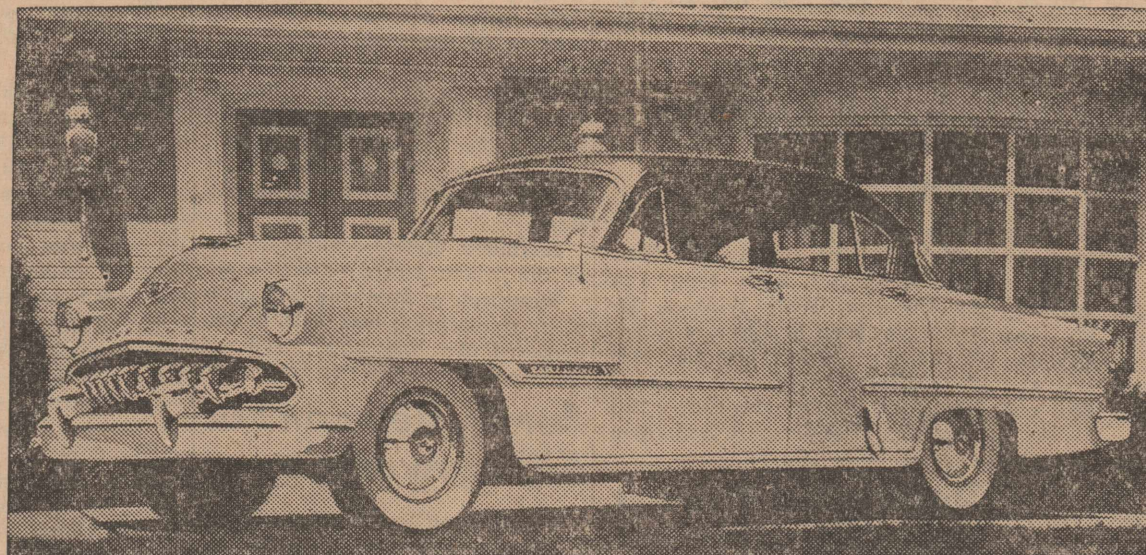

Wonderful Help for Child's Cough

For coughs and acute bronchitis due to colds you can now get Creomulsion, specially prepared for children in a new pink and blue package and be sure:

CREOMULSION
FOR CHILDREN
relieves Coughs, Chest Colds, Acute Bronchitis.

On Display Thursday, Nov. 5 THE NEW DeSOTO

Greater beauty, comfort and performance highlight the 1954 De Soto Automatic, which goes on display at De Soto-Plymouth dealerships Thursday, November 5. Shown here is the Fire Dome V-8 4-Door Sedan, whose Fire Dome engine has been boosted to 170 horsepower. One of the biggest features in the new De Soto is PowerFlite, a fully-automatic transmission

featuring exceptional smoothness and high performance. The 1954 De Soto offers such features as: Full-Time Power Steering; Power Brakes; De Soto Air-Temp Air Conditioning; electric window lifts, and Soler glare-resistant glass. Body styling is characterized by clean, smooth-flowing lines giving the car its long, low, road-hugging look.

More Glamour More Comfort More Performance

See the 1954 DeSoto In Our Display Room!

DeSoto leads the field in the list of notable improvements. In combination with previous DeSoto Advancements we give you new peaks in performance and looks.

PowerFlite

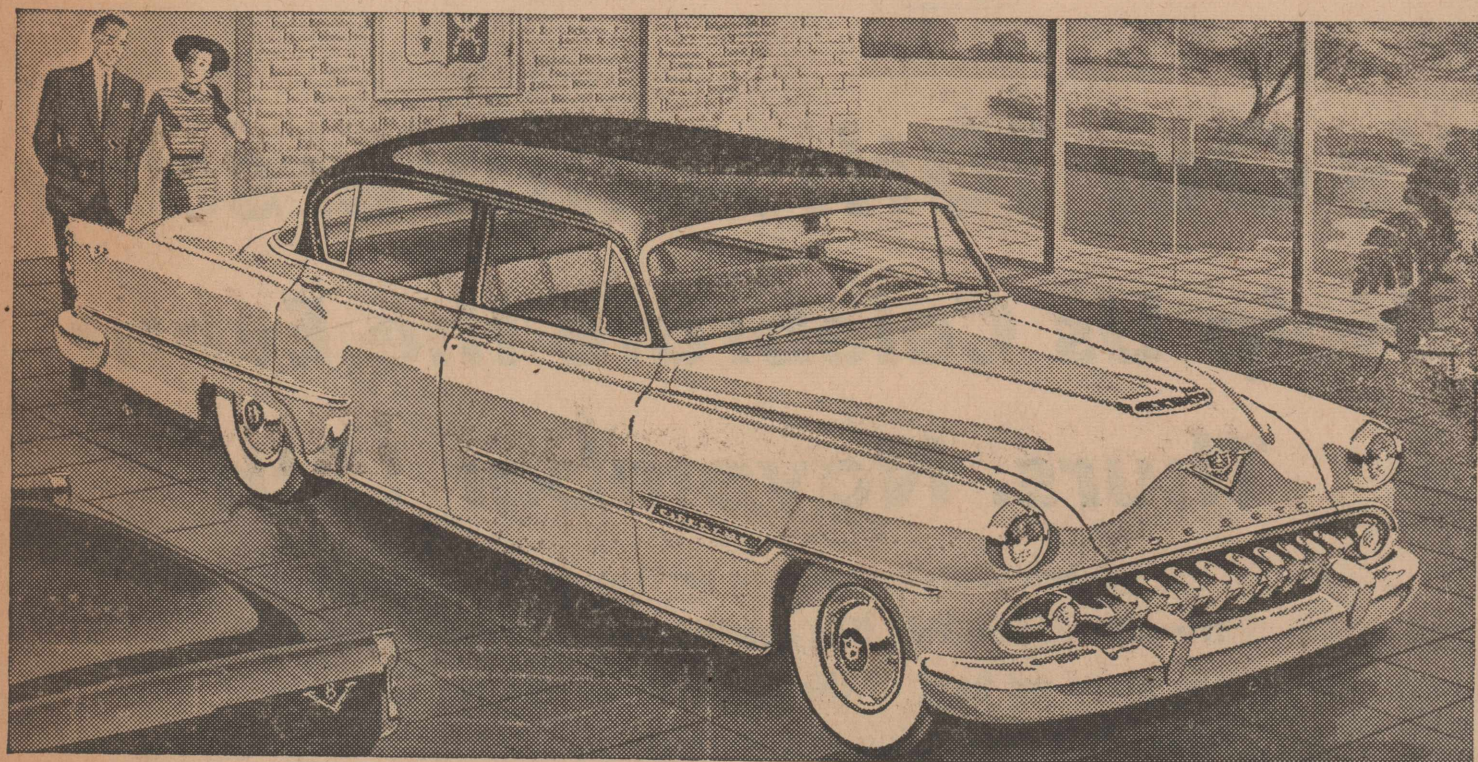

Leading the list of notable improvements is PowerFlite—the finest fully automatic transmission ever offered the public. Combined with full-Power Steering and Power Brakes, the new De Soto is the most automatic car on the road today.

New Beauty

Inside and out, there's beauty in the Desot. Interior styling is completely new. New upholstery fabrics feature nylon-faced fabrics for durability and smartness. The body lines are clean and smooth flowing, producing a longer, wider car with that low, road-hugging look. Too, you have a choice of ten body styles in the Fire Dome V-8 and Powermaster Six, and there are colors for every taste, black, ensign blue, huron blue, colonial gray, kerry green, forest green, pinehurst green, Burma tan and Arizona beige.

These Features Make DeSoto A Leader

1. Safety-Rim wheels for maximum protection in case of tire failure.
2. Power brakes to provide an automatic vacuum boost, which increases with pressure on the brake pedal. The amount of boost increases until the power unit is actually doing almost two thirds of the work in braking.
3. No shift position for parking necessary on cars equipped with PowerFlite, since all DeSotos have an internal-expanding type hand brake, independent of the service braking system.
4. No-Sway Ride Control suspension for greater stability and greater safety.

Here's how the New 1954 DESOTO AUTOMATIC puts you ahead Automatically!

On The Highway! The new 1954 De Soto Automatic carries out sudden orders swiftly and safely at all speeds! Gives you Full-Time Power Steering, Power Brakes, No-Sway Ride Control! Plus a new type of fully-automatic transmission... PowerFlite... smoothest and quietest in the industry!

In Traffic! The De Soto Automatic responds instantly to your commands. Gone are clutch-pushing and gear-

shifting. You steer and park without effort. You accelerate like a flash from any speed. You swing around turns with far less body sway. You stop safely with half the usual pedal pressure!

In Styling! The De Soto Automatic introduces new ensemble styling! New beauty outside with long low body, massive new bumpers and grille! And completely new inside with solid-color mouldings, decorator-matched fabrics,

elegant hardware, and new contrasting-color instrument panel!

In Value! The DeSoto Automatic pays exceptional dividends. Whether you choose a FireDome V-8 (now upped to 170 hpl) or a Powermaster Six, you are automatically providing for safety, long-range economy, and years of pleasure. There are many more exciting details... call us or come in!

Quarters Saved, One By One, Pay for Vacation, Two Trips

Do you want to take your vacation on a quarter?

Not one quarter, really, but those saved over a period of time. Rev. and Mrs. Stanley Letcher and their son have paid for one real vacation which carried them to Houston and other points on the Gulf Coast, another trip in New Mexico, and to the Midwestern Christian Association in Oklahoma City recently on quarters saved from change received on purchases during the past year.

Each quarter brought home goes in a piggy bank.

"During the year you'll save about enough quarters to pay your hotel accommodations and gasoline on a two weeks' trip. And you never miss the money," Rev. Letcher commented. This has been a project of theirs about a year, but they didn't keep an account of the amount they saved.

"Our trip to Oklahoma City emptied our piggy-bank," he added, jingling some quarters he had just received in change. "This starts us all over again."

Fresno-Pleasant Point

By Mrs. C. A. Kesler

We had an interesting Bible study Wednesday evening at the Fresno Methodist Church. Mrs. J. D. Aaron led the study and Mr. John Aaron will lead next Wednesday evening.

Mr. and Mrs. Guss Branum, Mr. and Mrs. Denzil Branum and baby of Amarillo visited Mr. and Mrs. Buss King over the week end.

Some one left three Hollywood silver plated forks at the Fresno Methodist church the first Sunday in September. If they are yours please call Mrs. J. A. Killian.

We had good attendance at both the morning and evening services Sunday November 1 at the Fresno Methodist church. Rev. Russell Allen brought good messages both services. Topic for the evening message was "Seven Things God Hates."

The Fresno WSCS will meet with Mrs. S. E. Elmore and Mrs. Ketchum Wednesday afternoon at 2 o'clock. We will begin our Bible study book Jeremiah. We extend to you a special invitation to join us in this study.

The Fresno WSCS will hold a food and rummage sale in the old Harrell variety store building on the north side of the square on Saturday November the 7th. We solicit your patronage.

Mr. and Mrs. John Aaron visited a niece Mrs. Jones at the St. Joseph's Hospital Sunday afternoon. Mrs. Jones had had an ap-

pendectomy operation but was doing nicely.

Mr. and Mrs. Sam Lemley of Wellington and Mr. and Mrs. Jake Lemley of Oregon visited Mr. and Mrs. S. E. Elmore and Mrs. Ketchum Sunday afternoon. Other visitors in the S. E. Elmore home Sunday afternoon were Mr. and Mrs. W. R. Crawley, Mr. and Mrs. C. A. Kesler and Mr. and Mrs. Durant McInnis and Sandra. Although we did not have rain this week the fields have been so wet that the cotton gathering has been slow. The Fresno Gin has ginned some 260 bales of cotton.

School at Dodson will start again Thursday of this week. The school had closed for cotton pulling.

Mr. and Mrs. Lee Jeter and Nancy Sue and brother of Dill City, Oklahoma visited Mr. and Mrs. H. E. Wynn this past week. Mrs. H. E. Wynn's nephew, Minister U. L. Smith brought the message at the Church of Christ at Dodson Sunday. Mr. Smith and wife and Mrs. J. J. Savage of Dill City, Oklahoma and Mr. and Mrs. H. E. Wynn were dinner guests of Mr. and Mrs. John Justice Sunday.

Pvt. Billy Wauer To Fort Winfield Scott

Mrs. Billy Wauer, accompanied by her mother, Mrs. Jim Cook, left Saturday to join Pvt. Wauer, who is now stationed at Ft. Winfield Scott, San Francisco, Calif.

The two started about 10 days ago for Ft. Lewis, Washington, where he was then stationed, only to be stopped in Amarillo, when he phoned that he was being transferred to another post. They returned here until he reached his new assignment.

Pvt. Wauer and one other member of his unit were selected for additional training at Ft. Scott.

He met his wife and her mother Monday night at the home of Mr. Cook's sister Mrs. W. D. Crutchfield, in Fresno.

Buck Creek News

By MRS. J. L. SOUDER

There wasn't very many to church Sunday. Those there heard a good message brought by Bro. Cleo Stonecipher of Lacrose, Kansas. Bro. Stonecipher is doing mission work in Kansas. He and Mrs. Stonecipher and daughter, Elizabeth were visiting Bro. and Mrs. L. Stonecipher.

Mr. and Mrs. Lenord Webster, Vicky Sue and Dickie from Clinton, Indiana visited in the home of J. C. Hartman Jr. the first of last week. They were enroute to Los Angeles, Calif. where they will make their home.

Mr. and Mrs. Palo Cummings Jr. Frankie and Reta Ann visited

Know Your Hospital

Do you know of a hotel that serves you breakfast in bed (lunch and dinner too!) with no extra charge?

A hotel that provides staff doctors and nurses to watch over you, sends you professional help any hour of the day or night at the touch of a button, and keeps an around the clock vigil over you as you slumber?

Do you know of a hotel that besides all this provides three more services space that any usual hotel. Instead of this space being just empty conference rooms and bare banquet halls, it is divided into specially designed suites furnished with thousands and thousands of dollars worth of intricate and has to be replaced such as operating rooms, the water sterilized and autoclave — cost of \$5,000, operating table, 2,000; the light above the operating table, \$800.

The laboratory has thousands of complicated devices operated by very wise people who have years of education and experience. The emergency room is maintained in 24-hour a day readiness. There are special stations where complete records of you are kept current with each hour and where professional personnel meet to map out your progress and well being. To repeat can you imagine a hotel that includes all this highly individualized and professional service to you as someone completely separate and

n Plainview last week end with Mrs. Cummings parents, Mr. and Mrs. F. G. Brown.

Mr. and Mrs. John Dollar, Betty and Mr. Jude Weaver visited in Pampa Sunday with Mrs. Weaver and Doris. Mr. Weaver is staying in the Dollar home pulling boles.

Mr. and Mrs. Clyde Brown, Mrs. Travis McGuire, Mr. and Mrs. C. E. Pitts and Mrs. J. L. Souder Sr. attended the funeral of Mr. Gleaton in Memphis Sunday evening.

special from any other guest and yet charges you only what it actually costs the hotel?

That is the kind of hotel your hospital is.

If you were in a hospital in any large town you would pay from \$12 to \$24 a day for your room and board. In our hospital you pay \$8 to \$10. For that \$12 to \$24 a day you would get no more any in many cases far less for your money than you do right here. Not one in a million hospitals do you get the impression that it is you, the patient, who counts as you do in our hospital.

News of Men in Service

Bryan Air Force Base, Texas, November 2 — Second Lt. Kenneth W. Winter, son of Mrs. Anna Winter, 1322 S. Taylor, Amarillo, was graduated from basic jet pilot school at ceremonies here today and awarded the silver wings of a United States Air Force Pilot.

During the graduation exercises, he was sworn into office as a second lieutenant in the USAF.

Lt. Winter, a 1948 graduate of Wellington high school, has also

Mrs. Johnny Graves
Sister Josephine Therese

attended Amarillo Junior College and Baylor University, Waco, where he received his BA degree in 1952.

Entering the USAF aviation cadet program in November 1952, Lt. Winter was first assigned to Stallings Air Base, N. C., for primary pilot training. From there he came to Bryan AFB, located in southeastern Texas, for basic single engine jet training.

Upon graduation, Lt. Winter was granted a delay enroute before he reports to another Air Force base for advanced jet training.

John Ben Castleberry and D. G. Ellis were in Waco on Saturday to attend the Baylor and TCU football game.

Mr. and Mrs. Bobo Castleberry and baby, J. B. Castleberry, John Ben Castleberry, and Miss Elizabeth Gillentine were in Hereford on Sunday for dinner and to visit with Mr. and Mrs. Jimmy Gillentine. Mr. and Mrs. Ansel McDowell,

former Wellington residents were also guests in the Gillentine home for the day.

Sam Saied of Clarendon visited Friday with his brother, Mr. and Mrs. Mack Saied, Sr.

One of Oldest Cultivated Farms in County

Mystery Farm Is Woody Wood Place Southeast of Town

Mystery Farm No. 12, owned by Woody Wood, is one of the oldest settled places in the county, being located in the Fresno community, the part of Collingsworth that first went into cultivation.

Ted Brook of the Grechbelt Electric Co-operative was the first person to correctly identify the farm. Others who gave correct identifications were Mrs. Bill Heitt, Durant McInnis, Bill Gardner and Mrs. Eugene Bawcom.

This farm is located 4 miles down the Dodson highway, then two miles south. Wood has owned

the place since 1947, having bought it from his brother, Jim Wood. The latter, in turn bought it from the Stansell Estate, and it is better known as the old Stansell place. The place was settled by members of the Stansell family.

Changes made in recent years give an unfamiliar look for some of the older residents. Wood moved the house which stood on the place for a long time to Wellington a few years ago, then bought the house shown above in Duke, Oklahoma, and moved it over. He has

also built the big barn shown at the right.

There are 320 acres in cultivation and Wood rents an additional 460 acres. His farming operations include about one third cotton, one third feed and a third wheat. He feels this works out best.

Keenly interested in irrigation, he drilled a well this spring and had one pumping around 300 gallons per minute. After irrigating about 40 acres of land twice, the casing broke at 110 feet and the well was ruined. He plans to drill another this fall.

Neither Mr. or Mrs. Wood have ever lived anywhere except this county. He is the son of Mrs. R. L. Wood and the late Mr. Wood and was born at Fresno May 7, 1918. He graduated from high school here in 1935.

Mrs. Wood is the former Ellen Mae Williams, the daughter of Mr. and Mrs. Willie Williams. She graduated from high school here in 1934, and the couple was married in December 1935.

They have three children, Farris, 13; Jaice 9; and Joe 4.

In Wellington Service

FORMER PLAINS NIGHT CLUB OPERATOR ORDAINED TO MINISTRY

Fred Gabbard, former Amarillo night club operator, who was converted in services at the First Baptist Church here and surrendered to the ministry on the night he joined the local church, returned from Akron, Ohio, and was ordained to the ministry in ordination services at the church Sunday afternoon, October 18.

Mr. Gabbard's story is considered by members of the First Baptist Church as one of the unusual religious events of their history.

Not a man interested in religion nor church affairs, local church officials report he told them he supposed no one ever invited him

to church. About two years ago, a feeling of religious conviction began to grow on him, leased his Nat night club and took a traveling job. He began talking to preachers in the various towns, and finally on the advice of Hershel Tyler, went to Rev. Howard Jones, pastor of the local church, now pastor at McAllen.

Following his decision to enter the ministry, he was licensed to preach by the church here.

Later he and Mrs. Gabbard, who is the former Roberta Johnson of the Roundup community, moved to Akron, Ohio, where he has been in charge of a radio and television show on religious themes.

He now plans to enter a seminary for study.

In the service here Sunday the Rev. Robert Webb, pastor of Faith Baptist Church questioned the candidate for ordination and the Rev. Chester O'Brien, pastor of the First Baptist Church, preached the ordination sermon. The Rev. Tom

You're in the driver's seat

for less than you think

It's your money, of course—but we'd like to see you make the most of it.

That's why we want to show you the price of the big Buick SPECIAL illustrated here—to make Point #1: you can buy this great performer for just a few dollars more than the "low-price three."

But Point #2—the smart point—is this:

When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss extra power—more satisfying power—wallowing Buick Fireball 8 power—highest ever found in a Buick SPECIAL.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy extra satisfaction—more solid satisfaction—in the ride of this big, broad,

road-steady traveler that's cushioned by coil springs on all four wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, at no extra cost, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

If you're aiming for the driver's seat of a hard-to-beat buy—for a lot less than you think—come in and see us soon.

Mrs. Frank Light Painfully Hurt

Mrs. Frank Light received five broken ribs Thursday afternoon, in an accident while watching her husband operate a mechanical cotton stripper in a field near their home.

Mrs. Light was riding in the trailer that caught the cotton from the puller, when in some way the front end gate loosened, causing her to fall. Both the front and back trailer wheels on one side passed across her chest before the cotton picker could be stopped.

She was brought to St. Joseph's Hospital immediately for treatment, and will remain there several days yet, although her condition Tuesday was described as being as good as could be expected.

Fayteen Peeples —

(Continued from Page One)

subject. She has played basketball four years, was co-captain last year and is captain this year. She has belonged to the high school chorus since it was organized 4 years ago.

Her talents include singing and dancing and she has traveled to many different places to perform with the school sextet. She was chosen Greenbelt district sweetheart in her freshman year in school. She has been a member of the Future Homemakers of America for four years and was elected president last year. She was also named outstanding member last year.

Fayteen lives with her parents on a farm near Quail in Collingsworth County. A blue-eyed blond, she is seventeen years old, 5 feet, 6 inches tall and weighs 120 pounds.

Legal Notices

Ordinance No. 330

An ordinance fixing and determining rates and charges to be charged for sales of natural gas to residential and commercial consumers within the city limits of Wellington, Collingsworth County, Texas, providing for the manner in which such rates and charges may be changed and amended.

Be it ordained by the City Council of the City of Wellington, Texas:

Section 1. Effective with the first gas bills rendered after the date of passage and approval of this ordinance the rates and charges for sales of natural gas and natural gas service rendered to residential and commercial consumers within the city limits of Wellington by Lone Star Gas Company, a Texas corporation, its successors and assigns, are hereby fixed and determined to be as follows:

Minimum Monthly Bill — \$1.00
First 600 cu. ft. at \$.17 per c. c. f. gross \$.153 per c. c. f. net.
Next 24400 cu. ft. at .7833 per m. c. f. gross .705 per m. c. f. net.

Next 25000 cu. ft. at .6833 per m. c. f. gross .615 per m. c. f. net.

Next 25000 cu. ft. at .5833 per m. c. f. gross .525 per m. c. f. net.

All Over 75000 cu. ft. at .4833 per m. c. f. gross .435 per m. c. f. net.

Net rate shall apply to all bills paid within ten days from monthly billing date.

There shall be no service charge assessed for the installation or removal of turning off or turning on of a meter to either commercial or residential customers.

The above rates are applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

Section 2. The rates set forth in Section 1 may be changed and amended by either the City of the Company furnishing gas in the manner provided by law.

Section 3. This ordinance is contingent upon the Lone Star Gas Company, their successors and assigns submitting a detailed sworn operational report for the distribution plant situated in the City of Wellington, Texas, and each year hereafter said report to be submitted to said City Council of the City of Wellington, Texas by the 31st day of March of each following year.

Section 4. All ordinances or parts of ordinances in conflict

WATCH FOR LARRY KELLEY

(See Next Week's Leader)

herewith are repealed to the extent of the conflict only.

Section 5. This ordinance will take effect and be in force from and after its final passage and approval.

Passed first reading this 15th day of September 1953.

Passed second reading this 20th day of October 1953.

Passed third and final reading this 3rd day of November 1953.

Lester Hunter
Mayor of the City of Wellington, Texas

I, Jennie Holcomb, City Secretary of the City of Wellington, Texas hereby certify that Ordinance No. 330 was passed on the third and final reading by the City Council of the City of Wellington, Texas on November 3rd, 1953. Signed this day of November 1953.

Jennie Holcomb
City Secretary of the City of Wellington, Texas

SWEARINGEN

By MRS. R. F. HARRIS

Everyone is very busy in their crops since the sun has begun to shine. The rain did considerable damage to cotton. The farmers would welcome the sun and wind for a few days. We had our first frost Tuesday, October 27.

The B. A. Kelley family of Texico, New Mexico, visited the past week with her parents and brother and family, Mr. and Mrs. C. L. Harris and Mr. and Mrs. R. F. Harris and family. They returned home by way of Childress to visit Mr. Kelley's relatives and friends. Clinton Loving and George Creed Jr. made a business trip to Amarillo recently.

Those visiting recently in the Harris home were Mr. and Mrs. Sam J. Hamilton and John Deaver of Memphis, and Mr. and Mrs. Jett E. Roberts.

Mrs. Harvey Jones is in St. Joseph's Hospital, where she underwent major surgery Saturday morning.

Civil Service Places Open At Altus Air Base

The U. S. Civil Service Commission has announced examinations for positions as stenographer and typist, Grades GS-1 through GS-4, \$2,500 through \$3,175 per annum, for employment at the Altus Air Force Base.

Full information and applications may be obtained from the Post Office or from the Executive Secretary, Board of U. S. Civil Service Examiners, Altus Air Force Base, Oklahoma.

Personal

Miss Veda Mae Kiker from McMurry College at Abilene was home for the week end to visit with her parents, Mr. and Mrs. O. A. Kiker.

Ruthie McCaskill spent the week end with her parents, Mr. and Mrs. G. B. McCaskill. Miss McCaskill is a freshman student at Bethany College.

Mrs. French Self of Quail and her daughter and granddaughter, Mrs. T. L. Cherry and Brenda Jane of Amarillo, visited another daughter of Mrs. Self, Mrs. J. V. Cherry in Big Spring last week. T. L. Cherry and J. V. Sherry, brothers, were in Colorado on a deer hunt and returned this week.

Sherry Grogan, daughter of Mr. and Mrs. Hugh Grogan of the Abra community, is a medical patient in St. Joseph's.

Mrs. Chester Fires, who had been a medical patient in St. Joseph's Hospital, was dismissed October 1.

Mr. and Mrs. G. E. Stewart of Dallas visited over the week end with Mr. and Mrs. G. L. Jones and Mrs. J. S. Aaron. Mrs. Stewart is the former Miss Ruth Evelyn Corder and granddaughter of Mrs. Aaron.

Mr. and Mrs. Harold Elbert were in Kansas City from Thursday until Saturday for Mrs. Elbert to purchase merchandise for the Fabric Shop.

Lewis Farris of Snyder and Norman Farris of Oklahoma City visited last week with their brother and family, Mr. and Mrs. George Farris.

Mr. and Mrs. Gay Neal Davis and son are here this week for a few days visit with her parents, Mr. and Mrs. Travis Buske.

Tommy Beam was home for the week end from Texas Tech to visit with his father, Cameron Beam and brother, Louie Beam.

Mr. and Mrs. W. E. Leach have moved to Canyon to make their home in the future.

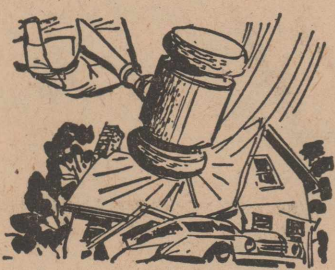

Mr. and Mrs. Joe Thompson visited Sunday with the formers mother, Mrs. Delia Thompson at Elmer, Oklahoma. Mrs. Thompson was celebrating her 86th birthday.

Grazelle Scott, Bethany student at Bethany, Oklahoma was home for the week end to visit with her parents, Mr. and Mrs. George Scott.

Mack Saied, Jr is in Dallas this week to attend the market.

Mrs. Ansel McDowell and sons of Hereford spent from Thursday until Sunday in the home of her parents, Mr. and Mrs. S. K. Parsons, Sr. and visiting with other relatives and friends.

Mrs. F. E. Gregory of Childress is a guest this week in the home of her sister, Mrs. T. B. Sledge.

Mrs. R. E. Lowrie, one of the county's pioneer women, is a medical patient in St. Joseph's Hospital.

Lloyd Gosnell Dies at Cisco

Relatives here received word Sunday night of the death that day of Lloyd Gosnell of Cisco, who was reared at Quail. He had been seriously ill with cancer for

the past year.

His Parents-in-law, Mr. and Mrs. Homer Duckworth left for Cisco upon receiving word of his death. Additional information on funeral arrangements was not available at that time.

Mr. Gosnell is survived by his wife, the former Virgie Duckworth, and one son.
