Rabbi Sidney Wolf Gives Book Review

Rabbi Sidney Wolf of Corpus Christi, presented the second in a series of three book reveiws scheduled for this fall by the Aransas County Library Board, in an effort to raise money for badly needed new books.

Rabbi Wolf's review dealt with a recent best seller—"The Rothschilds"—which details the history of one of the great families of European financiers, founded by Meyer Rothschild in the 18th Century, and spreading from Germany throughout the rest of Europe and even to America.

At one time, Rabbi Wolf said, the combined resources of the French, German, Italian and English branches of the family had probably exceeded $2.5 billions of dollars.

He told his audience that the present banking system, with foreign bills of exchange was practically the invention of the elder Rothschild, who was, to begin with, a dealer in old coins, and that the rise of the family to power in financial circles was based upon business acumen and great personal integrity.

Yet, despite the possession of great wealth, the rabbi said, the family had but one playboy in its history. The others were patrons of the arts and sciences; scientists of no mean proportions having fathered biological and other research as a hobby, and closely associated with many of the great musicians of the past century.

About forty people heard the review.

Third and last on the series will be held on the third Thursday in November.

Waterfowl Regulations Available at Post Office

The Fish and Wildlife Service has announced that copies of the 1962-63 waterfowl hunting regulations are now available at post offices throughout the country.

The regulations will be distributed to hunters when they buy their $3 migratory waterfowl hunting stamps.

Instead of a digest of regulations complete rules governing waterfowl hunting are being issued this year.

The goose season opens in Texas Oct. 31 and extends through Jan. 13. The duck season runs from noon Dec. 6 through Dec. 30.

VFW OFFICIALS TO BE ENTERTAINED AT AIR FORCE STATION HERE

District and local officers of the Veterans of Foreign Wars will be entertained in the Rockport Air Force Station's Officers' Open Mess on Oct. 20, at 8 p.m.

A tour of the operations and an explanation of the mission of the 813th AC&W Squadron in national defense will be a part of the program, according to Major Walter S. Falk, Jr., commander of the station.

This is part of the "Getting to Know You" policy Major Falk has instituted since being assigned to this station. Officers and their wives will help entertain the guests.

ABSENTEE VOTING NOW GOING ON

Absentee voting for the general election to be held on Tuesday, Nov. 6, started yesterday, Oct. 17, at the office of the county clerk of Aransas County, and will end Friday, Nov. 2.

All persons who are qualified voters and who plan to be out of town on election day are urged to vote absentee. Ask County Clerk, Ed Beasley for any desired information.

Three Tax Agents Collect Revenues From Residents

Three taxing agencies—the City of Rockport, Aransas County and Aransas County Independent School District—mailed 15,771 tax notices to citizens of the county, bearing the bad news with the beginning of a new tax year.

Two of them, the school district and the county, showed an overall drop in valuations, the third, the ctiy, showed a slight rise.

Property values in the city increased from $3,479,390 last year to $3,874,010 on the current tax roll, but decreased from $22,101,000 for the county on last year's rolls to $21,990,125 this year, mostly because of a drop in oil valuations.

The school tax roll also showed a drop from $26,370,595 a year ago, to $26,219,070 this year, and this decrease was also due to oil. Actually, oil valuations dropped nearly $900,000 for the school district, School Tax Assessor-Collector Mrs. Katherine McLester said, but this was offset in a large part by increases in the values of real estate. Hence the net loss was in the neighborhood of $100,000.

The city mailed out 211 tax notices to citizens who owe $58,110, based on a property valuation of $3,874,010, according to Mayor Herman Johnson. Total tax valuation shows an increase of $394,620. This, figured on the basis of a $1.50 tax rate and 100% collections, would add $5919 in actual tax money.

The school system mailed out 6762 tax notices. Total tax roll this year is $26,219.070. Based on $1.81 per $100, and 100% collections, this would bring in $448,304. Actually it probably won't amount to quite that much, for last year collections amounted to only 96.67% of current taxes, although delinquent tax collections raised the total.

County tax rolls showed little change in many categories. This year's tax roll amounts to $21,990,125 compared to $22,101,110 last year.

Oil valuations last year totaled $13,858,820; this year they were $13,883,710. Town lots and similar real estate amounted to $5,518,165 a year ago; this year they are valued at $5,196,035.

A breakdown on personal property assessments is as follows, with this year's figure the first one and last year's figure in parentheses following:

Horses, $155 ($155); cattle $100,650 ($101,865); goats $55 ($140); hogs $100 ($110); vehicles, etc., $700 ($5050); goods and merchandise, $120,750 (89,745); manufacturers tools, implements and machines, $129,685 ($76,220);

Property of companies and corporations, $1,543,855 ($1,429,310); miscellaneous, $66,345 ($75,960); stock in banks, $57,000 ($57,000); railroad rolling stock, $42,370 ($41,980); intangibles, $47,650 ($53,160); telegraph and telephone lines, $6130 ($6130); boats, $228,460 ($252,790); and pipelines, $469,630 ($457,520).

RED CROSS DRIVE STILL NEEDS FUNDS

According to Albert Griffith, Jr., chairman of the Aransas County Chapter of the American Red Cross, approximately 67% of the county's quota has been raised in the present drive for funds.

Mrs. Mary Juergens, secretary of the chapter, urges all those who have not contributed to do so immediately, and to mail their contributions to the Aransas County Chapter, American Red Cross, Box 553.

'CHUTING ALONG—This 33-foot sloop is on the high seas, and it has a unique way of propelling itself. Maj. Alfred Fox, stationed with the U.S. Air Force in Bermuda, owner of the boat, hoisted a parachute mainsail to the top of his spar and let it carry him with the wind.

Student Council To Present Program

The Aransas County High School Student Council will present the second Southern School Assembly program of the year on Oct. 24, in the auditorium at 1:30 p.m.

Richard Wresch will entertain the school with a collection of more than 100 handcuffs, leg irons, thumbscrews, and lock and key devices, which the Great Houdini used to spellbind thousands around the globe.

A native "plug eight" neck band used on African natives by slave traders; thumbcuffs and thumbscrews used by the Spanish during the Inquisition; a rare French Bastille iron belt and cuffs once worn by a nobleman imprisoned in the Bastille when it was set on fire during the French Revolution;

The Guiteau handcuffs, placed on Guiteau, the assassinator of our twentieth president, James Garfield; the Oregon Boot, once used to keep prisoners from escaping the Oregon State Penitentiary.

These will be a part of the former Houdini collection with which Richard Wresch will entertain the high school and junior high.

Oregon Explores For Clams and Scallops Off Texas Coast

M/V Oregon Cruise No. 81 was conducted in the northwestern Gulf of Mexico, between Sept. 11 and Oct. 2. Objectives were to secure seasonal information on offshore clam and scallop distribution and concentration along the Louisiana and Texas coastal areas. Two hundred and thirty-one 15-30 minute exploratory dredge hauls were made during the cruise.

Two hundred 5' and 6' tumbler dredge stations were made in the 4-80 fm. depth range range between Ship Shoal, Louisiana, and Brownsville, of Laguna Madre, Mexico.

Occurence of paper shell scallops (Amusium papyraceus) and deep water Gulf clams (Pitaria cordatea) was observed throughout the survey area, although concentrations were generally small. Both species showed an apparent preferential depth range of 21 to 40 fathoms.

Catch rates showed wide fluctuation, and only general patterns of density were determined.

The frequent incidence of clams and scallops in the middle shelf zone has been observed during earlier shrimp explorations by the Oregon. A preliminary evaluation of meat quality and yield for both species indicated commercial promise, pending delineation of concentrations and seasonal condition and yield.

The relatively small individual catches during Cruise 81 precluded conclusive yield studies.

The Oregon made port calls at Galveston on Sept. 17, and at Brownsville on Sept. 23.

WINTER TOURIST PROGRAM SLATED AT ARANSAS PASS

A program of entertainment for winter tourists has been planned by the Aransas Pass Chamber of Commerce, according to Mrs. Patti Stapp, manager.

Events each week will include one day of shellcraft lessons, one day of ceramics lessons and one game night. Mrs. Stapp said the regular dates for these events will be announced after the schedule is worked out with the Rockport Chamber of Commerce to avoid conflicts between the programs planned by the two cities.

Court Appoints Mrs. Shivers Sheriff

Term Expires November 6, When New Sheriff Must Be Chosen By Write-Ins On General Election Ballots, State Law Demands

Mrs. Virginia Shivers, widow of the late Sheriff A. C. Shivers, who died last Saturday night of a heart attack, has been appointed interim sheriff by the Aransas County Commissioners' Court, until the general election on Nov. 6, at which time she may be re-elected or another sheriff chosen by means of write-in votes.

The death of her husband posed a number of knotty problems for the commissioners who arrived at this solution after an all-day session, interspersed with telephone calls to the Attorney General and to other officials in Austin.

Due to the fact that the next general election is Nov. 6, time was too short to go through the usual process of nominating candidates for the office, or even for the County Democratic committee headed by Chairman Harold Picton to certify a candidate. In such case, the law specifically states that the commissioners' court may only make the appointment for the period between the incumbent's death and the next general election. And, at that time the candidate receiving the most write-in votes for the position is the duly elected official.

Conceivably, if there was no opposition, it would be possible for a sheriff to be elected with only one vote being cast.

However, as one courthouse observer put it Tuesday morning, "I understand that there are only about four people in the county that aren't going to run."

Certainly there are a number that are expected to run, along with Mrs. Shivers, for election on Nov. 6, and County Clerk Ed Beasley was already viewing the situation with apprehension, because of the penchant of some practical jokers in the county for writing in facetious suggestions for candidates on ballots.

"Please ask everyone," he said, "not to write in any names on the ballot for fun. It may amuse them to put down the name of someone in the graveyard on the ballot, but it isn't particularly funny for the people charged with counting the votes. And, in this case, it is particularly important that we have nothing on the ballots to confuse those counting the votes. It's hard enough as it is, without anything being added to make it more difficult."

The ballots, which were already printed, are useless, and new ones have been printed in readiness for the election.

The only change will be in adding a space in which the voter may write the name of the candidate he or she selects. This space will be headed: For County Sheriff (Unexpired Term), and will be at the bottom of the right hand column (write-in) on the ballot.

Absentee balloting started Wednesday.

SHERIFF SHIVERS SUFFERS FATAL HEART ATTACK

Sheriff A. C. Shivers, 53, suffered a fatal heart attack Saturday night about 9 p.m. when he answered a call at the Youth Center, where a Senior High dance was in progress.

Members of the Aransas County Emergency Corps, who were called, were unable to revive him.

He was born in Woodville, Texas, and came here as a member of a seismograph crew in 1936, working here for more than a year. He returned later and married the former Miss Virginia Adolphus. He had been employed by a shipbuilding firm and owned and operated a Foodcraft grocery before being appointed to fill the unexpired term of Arthur Curry, former sheriff who died in 1951.

Shivers was active in the local Lions Club and served six years as city alderman and mayor protem of the City of Rockport.

He was a member of the Rockport Lions Club, Aransas County Fire Department, treasurer for the Salvation Army in Aransas County, a former director of the local Chamber of Commerce and a member of the Sheriff's Association of Texas, Texas Safety Council, the Boy Scout Council, the county P-TA and Aransas County Quarterback Club.

Rosary was recited at the home Sunday night. A requiem Mass was held Monday at 10 a.m. with the Right Rev. Msgr. J. Wm. Hennel, pastor of Sacred Heart Catholic Church, officiating. Very Rev. Msgr. G. J. O'Doherty, pastor of St. Elizabeth's Catholic Church in Alice and a former pastor of Sacred Heart Church assisted at the services.

Survivors are his wife, Virginia; a son, Robert Arlie Shivers, a student at Texas A. and M.; two daughters, Mr. Tom Schmitt, of Houston and Miss Azalea Shivers, of this city; his mother, Mrs. Martha Shivers, of Woodville; two brothers, J. F. Shivers, of Houston and Hershel Shivers, of Dallas; two sisters, Mrs. Rutha Trull, of Houston, and Mrs. Jessie Mae Daniels, of Woodville, and two granddaughters.

Active pall bearers were: Travis Johnson, Travis Bailey, W. B. Allen, Weldon Cabaniss, Norvell Jackson, Dr. H. F. Elliot, Seth Steele and Zeph Rouquette.

Cage-Marshall Funeral Home was in charge of arrangements and interment was in Rockport cemetery.

JUNIOR VARSITY DEFEATS WEST OSO

Aransas County High Junior Varsity won its fourth game of the year by defeating West Oso Junior Varsity 16-0.

The first Aransas County touchdown was set up by a 75 yard run made by Hugh Morrison and then Rudy Nava went around end for two yards and the score. The second touchdown came on a pass from Quarterback Charlie Picton to left Halfback Sammy Nava.

The next game for the Junior Varsity will be against Aransas Pass, at 6:30 Thursday, Oct. 18 at Aransas Pass Football field.

FIRE DEPARTMENT HAS NEW RADIO EQUIPMENT INSTALLED

Sully Brothers of Rockport were successful bidders and have just installed a base station and four mobile radio units for the Rockport Fire Department.

This two-way Pearce-Simpson equipment, according to Ben Fagile, local Sully Brothers manager, will make it much easier for the fire department equipment to be routed with a maximum efficiency, and was bought only after demonstrations.

Price for the installed equipment, which was purchased on a competitive bid basis was $1077.95.

The installation was accepted last week, by Dick Fox, Rockport Fire Chief.

COMMISSIONERS GRANT ADDITIONAL THANKSGIVING HOLIDAY

The Commissioners Court acceded to a request from county employees, presented by County Clerk Ed Beasley, for an additional holiday at Thanksgiving on Nov. 23.

Appointment of Sam Burris as manager of the Rockport office of Dysart Pest Control Co. is announced by James F. Cole, vice-president and general manager.

Mr. Burris, a trained technician in the fields of sanitation, health and related pest-control, comes to Rockport from the firm's Victoria office where he served the past three years.

"It is our aim to provide more and better pest and termite control service in the Rockport area," said Cole in making the announcement. "We can think of no better way to accomplish this than the assignment of a resident manager who will be acquainted with conditions first-hand and will thus be better able to provide speedy and efficient service."

Dysart Pest Control Co., long established in South Texas, serves homes, offices, industrial plants, farms and ranch properties with the guaranteed extermination of all forms of insects, including termites.

PIRATES LOSE TO TULOSO-MIDWAY WARRIORS

The Tuloso Midway Warriors took their second District 30AA game here Friday night, 8-0, over the Rockport Pirates before a capacity crowd. It was Rockport's first district game.

The first quarter in the ruggedly-marked defensive game remained scoreless, with both teams plagued by fumbles. Tuloso-Midway's winning score came in the second quarter climaxing a 30-yard touchdown drive when halfback David Wilkerson of Tuloso fumbled six yards out and the ball was recovered in the end zone by Warrior Jimmy Cain, left end.

Tuloso-Midway added two points when quarterback Franklin Shaffer passed to right end Jimmy Carlock for the conversion.

Rockport's only scoring threat came in the third quarter when Manuel Lugo, halfback, broke loose on a 22 yard run.

Yardage gainers for the Warriors throughout the tight defensive game included Wilkerson and Gary Lewis, halfback. Those chalking up yards for Rockport included Manuel Galindo, Manuel Luga, and Jimmy Anders, all backs.

ROCKPORT AFS LOSES TO OZONA AFS TEAM

The Tigers of the 813th AC&W Squadron at Rockport Air Force Station lost a hard fought football game to Ozona AFS team last Sunday, at Ozona.

The Tigers were ahead until the third quarter, when Ozona came back to win by a score of 27 to 18.

The Tigers have been handicapped by a lack of sufficient equipment which has limited the number of men that can practice at one time. However, this has been remedied, with the arrival of enough for all has brought out more players and resulted in excellent practices.

Hope is high for the team to avenge the loss, and go on to a successful season.

Mrs. Carrie Perry of Hitchcock spent the weekend with Mrs. R. J. Wendell in Fulton.

NOTICE TO BIDDERS

Sealed bids addressed to County Judge, Aransas County, Rockport, Texas, will be received at the office of the County Judge, until 9:00 o'clock A. M. October 31st, 1962 for non-reinforced concrete culvert pipe. Specifications may be received at the office of the County Judge.

The County reserves the right to reject any or all bids and to waive formalities.

It happened 100 YEARS ago

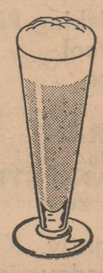

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . the same year that

IN TEXAS . . a new governor, Francis Richard Lubbock, guided a bankrupt state through that bitter Civil War year. Cotton, exported through Mexico, brought desperately needed foreign gold. Homefront industries were established. Comforts were few, but morale stayed high . . and there was good Texas beer, enjoyed then as now.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

'63 CHEVROLET IMPALA SPORT SEDAN—One of 13 easy-to-care-for beauties.

THEY'RE EXCITING FOR '63!

Four entirely different kinds of cars at your Chevrolet dealer's One-Stop Shopping Center

One of the most exciting things about Chevrolet in '63 is the choice! Pick from not just four different sizes and styles of new cars, but four decidedly different *kinds* of cars. The luxurious new Jet-smooth Chevrolet, for one. Then there's Chevy II, a luxurious live wire, in its own right, yet ever so low priced. Third, you have eight sporty Corvairs. And fourth, but far from last, the dramatic new Corvette Sting Ray. If your kind of car isn't here, it must run on hay.

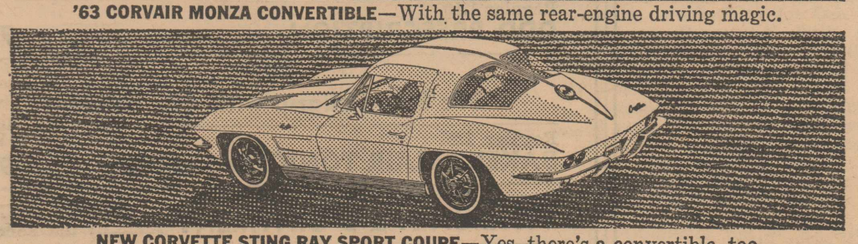

CHEVROLET
The make more people depend on

'63 CHEVY II NOVA 400 STATION WAGON—It's sparing on expenses, but not on space.

'63 CORVAIR MONZA CONVERTIBLE—With the same rear-engine driving magic.

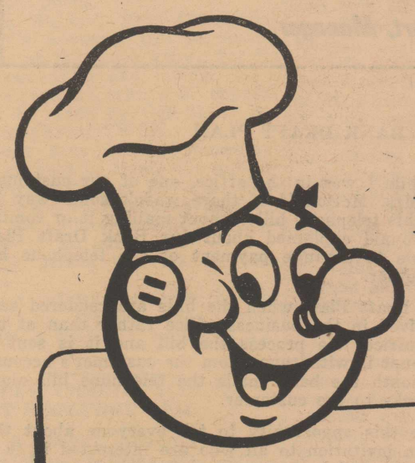

NEW CORVETTE STING RAY SPORT COUPE—Yes, there's a convertible, too.

It's Chevy Showtime '63! See 4 entirely different kinds of cars at your Chevrolet dealer's Showroom.

Reddy's Recipe for Better Cooking

Keep the cook cool and comfortable
She'll feel more like turning out your favorite recipes with a flameless electric range. The heat goes into the food instead of the cook.

Make clean-up easy
With a flameless electric range, the cook need not dread blackened pots and a greasy fume-coated kitchen. She'll enjoy cooking more often.

Give the cook more control for better results
There's no guesswork about the temperature, because a flameless electric range is obedient to her exact selection.

There are many other advantages, too, like moister cakes and juicier meats. Fact is, flameless electricity makes it easier for a good cook to turn out better meals.

Now's the Time to Buy and Save with CPL's Customer CASH COUPON for $15

on the purchase of a new electric range from a retail dealer. See him soon, the offer is for a limited time.

His wife, Ingrid, lives in Copperas Covxe, Tex.

Mrs. Travis Owens underwent surgery Friday at Baptist Memorial Hospital in Harlingen, and is doing nicely.

MUSTANG DISTRICT WILL HOLD MEETING

The annual district dinner meeting of the Mustang Scout District will be held Monday, Nov. 5, at the East Elementary School District Cafeteria in Taft, it was announced today by Joe Benson, District Activities Chairman. The dinner will begin at 7 p.m. and is for all adult workers in the scouting program in the district. All scouters are urged to attend with their wives or husbands in the case of den mothers.

Tickets for the annual affair will be in the hands of Institutional Representatives in the district about the 18th of October. Those planning to attend should secure their tickets as soon as possible as dinner arrangements must be made early. A feature of the program will be the announcement of the district's outstanding Eagle Scout and the election and installation of district officers for the coming year. As other dinner plans and program are made they will be announced, added Benson.

Joe Everett has suffered two light heart attacks recently and will have to take it easy for some time.

BAYSIDE MAN NEARS COMPLETION OF TERRACE SYSTEM

Jack Robbins, farmer and rancher in the Bayside Community and cooperator with the Copano Bay Soil Conservation District is nearing completion of reworking waterways and his terrace system on land owned and operated by him.

The terraces and waterways were built several years ago, and the rework is only normal maintenance work that is required to keep the system in good working order.

A well planned conservation cropping system, which includes rotation of crops, has allowed work to be spread over a wider period of time so as not to interfere with farming operations.

Technical assistance was furnished by Soil Conservation Service technicians assisting the district.

Four local youths have registered with the district selective service board at Sinton upon reaching their eighteenth birthdays. They are: Frank Valdez, Amando Torres Edward M. Smith, and Barney L. Reed.

CIRCLE ONE HAS MEETING

Circle I, of the First Presbyterian Church met Oct. 11, at 9:30 a.m. at the home of Mrs. J. H. Schleider, the new chairman. Mrs. P. R. Holley will serve as co-chairman for the coming year.

Delicious refreshments were served to the eight members present, by the hostess.

The meeting opened with a prayer, given by Mrs. Schleider. Mrs. M. D. Oliver was elected treasurer of the circle and Mrs. Ed Godde as secretary and reporter.

All present took part in discussion of the lesson, "The King Is Crowned," found in Mathew 3: 1-6, 13-17, which was very interesting. Mrs. P. R. Holley was moderator. Mrs. Clifton Tidd gave a reading on stewardship.

The meeting closed with the Mizpah.

The next meeting will be at the home of Mrs. M. D. Oliver.

HUNT OIL ASKS COPANO PERMIT

The Hunt Oil Company has requested a Department of the Army permit for operations in Copano Bay, approximately six miles north of Fulton. The company proposes to lay two pipelines across the bay at the location.

The pipelines would run from well No. 2 in State Tract No. 38 northeasterly for approximately 4620 feet across State Tracts No. 38 and 37 to an onshore connection in the town of Lamar, Texas.

The pipe lines would be 1½ feet below the bed of the bay except through shell reefs or beds where they would be one foot below the bed. The pipelines would be jetted plowed, disced or placed by other similar method whereby there would be a minimum displacement of the bed and no spoil deposit would remain.

Mrs. Daniel Garcia and children, Luana and Roland are spending a week with her parents in Alice.

BANK DRAFT PLAN

The other day while I was in the office, one of our customers came in and asked Mrs. McDonald if there wasn't some way he could arrange to pay his telephone bill without mailing it or coming into town. Mrs. McDonald explained about our Bank Draft Plan. This makes it possible to arrange payment of the telephone bill without any fuss or other.

Under the Bank Draft Plan, when the bills are rendered each month, they are received in the business office rather than at the customer's home or office. We process the bill and it is sent to the bank and the amount is withdrawn from the customer's account. At the end of the month the bank mails the telephone bill along with the canceled checks to the customer.

I wanted to take this opportunity to tell everyone about this plan and to extend an invitation to all who are interested in it to just let us know, and we will be happy to arrange it for you.

JUST ONE MORE VOTE!

Just how important is one vote? With a general election only a few days away (Nov. 6), this question is worth exploring.

Just one vote has meant a lot in the past. One electoral vote put Rutherford B. Hayes in the White House. One congressional vote saved Selective Service just 112 weeks before Pearl Harbor. One more vote in each precinct would have elected Dewey over Truman in 1948. Less than one vote per ballot box (118,000) would have elected Nixon over Kennedy.

And back in 1844, an Indiana grain miller was on his way to work on election-day morning, just too busy to cast his one vote. He stopped to chat with some friends, the subject of politics came up, and he decided he could spare the few minutes to vote after all.

A candidate he voted for was elected to the Indiana state legislature by one vote. When the legislature convened, this particular legislator cast the deciding vote that sent A. E. Hannegan to the United States Senate.

In the United States Senate, a bill introduced to admit Texas to the Union carried by only one vote — Hannegan's.

CAN YOU GUESS WHAT IT IS?

Like to work riddles? Here's one that ought to be easy.

What is it that's found in almost every home, store, business office, church, school and public building? It helps you find things, people and services. It's ready to help you anytime — night or day — every day of the week.

I'd be mighty surprised if you didn't know it was the Yellow Pages of your telephone directory. Studies show that nine out of ten people reach for Yellow Page directory when they're ready to buy. How about you?

Call by number. It's twice as fast.
