Vaccine Release From One Firm Due 'Momentarily,' Scheele Says

BABY WILL LIVE—Dr. Walter J. Hamilton said that Denise Louise Robertson, being held by her mother, Nadine, will survive after having two complete blood replacements since birth a week ago. Blood was flown to the baby in Redwood City Calif., by Canadian Air Force jet. Mother is expected to be released from Sequoia Hospital soon, but the baby will be held "two or three" days.

Ridgway To Retire, Taylor Appointed

WASHINGTON (AP)—Gen. Matthew B. Ridgway, critical of administration decisions to cut back the ground forces, has asked to be retired June 30 and will be succeeded as Army chief of staff by Gen. Maxwell D. Taylor.

Ridgway's decision to leave on the day before the new military budget becomes effective was disclosed when President Eisenhower sent the Senate a nomination of Taylor to succeed him.

White House Press Secretary James C. Hagerty said Ridgway wrote a letter to Secretary of the Army Stevens asking for retirement on June 30. Ridgway's term had until Aug. 15 to run.

Taylor commanded the 8th Army in some of the bitterest fighting of the Korean War. He is now serving as commander in chief, Far East command, and commander in chief, United Nations command.

His appointment as chief of staff is for a term of two years.

Gen. Lyman L. Lemnitzer will take over Taylor's two commands in the Far East.

Lemnitzer is now commanding general of the Army forces in the Far East and the 8th Army.

Ridgway's two-year term as chief of staff would have expired next August.

He reached the mandatory Army retirement age of 60 last March 31, but the Army retained him on active duty with approval of President Eisenhower.

Ridgway will retire on leaving as chief of staff.

Ridgway has not seen eye to eye with the Eisenhower administration's decision to cut back Army manpower. Ridgway has contended repeatedly that atomic and other new weapons would require more, not fewer, ground forces because of a necessity for dispersal.

Eisenhower, at a news conference, once referred to a "parochial" view about retention of ground forces at current levels.

Eisenhower used the term "parochial" as meaning special or limited.

Taylor, 54, came out of World War II with a reputation as a man of derring-do.

Eisenhower wrote in his book, "Crusade in Europe," in reference to Taylor:

"The risks he ran were greater than I asked any other agent or emissary to undertake during the war."

Taylor went into Italy secretly ahead of the invasion by American forces to sound out Italian Marshal Badoglio on a quick surrender.

GEN. TAYLOR

Later, when Taylor's 101st Airborne Division was cut off and surrounded at Bastogne, Belgium, Taylor was in Washington. He flew back to Europe and parachuted into the center of his division, knowing full well that either death or capture would be his fate if the Germans won the battle.

It was Taylor's deputy, Gen. Anthony McAuliffe, commanding in Taylor's absence, who returned the famous reply "Nuts" to the German demand for surrender.

Taylor is a tall, lean man with graying hair, soldierly in appearance.

He speaks more than a half dozen languages, is a student of philosophy, and likes to spend his leisure time reading Greek tragedy.

Among fellow officers, Taylor is rated as a great tactician, especially in the application of modern arms to the battlefield.

Vietnamese Flee Red Rule In Haiphong

By LARRY ALLEN

HAIPHONG, North Indochina (AP)—Hundreds of Vietnamese fled in sharply reawakened fear today as Communist Vietminh troops marched in to occupy this big port, surrendered by the French after 92 years of colonial rule.

Vietminh army sound trucks, moving ahead of grim Red soldiers shouldering rifles with fixed bayonets, blared to the city's people a chilling order:

"Every person who collaborated with the French and Vietnamese forces must report immediately to the nearest police station."

News of the order, first heard in the northwest part of the city, spread quickly. Hundreds of Vietnamese streamed to the Haiphong docks in a last-minute rush to flee Red rule.

Most were Vietnamese who apparently had wavered on making their choice to flee or to try to live under Red rule.

The Vietminh order threatened imprisonment or death for thousands. If they did not denounce themselves, they could never know when others would.

Thousands of Vietnamese had worked and helped in dozens of ways while Haiphong was the wartime port of entry for mountains of U.S. war supplies sent to the French—before the fall of Dien Bien Phu and the surrender of North Viet Nam at the Geneva conference.

Some 8,000 French troops were massing on the Do Son Peninsula, southeast of the port. The last French foothold in North Indochina, it must be evacuated by Monday. Withdrawal of these troops will complete the Vietminh occupation of all North Viet Nam.

There had been cheers in Haiphong when the green-clad Vietminh troops started into the city.

But fear was in the faces of those who decided quickly to flee. Walking or pedaling bicycle carts, they lugged what they hastily scraped together—food baskets, clothing and household furniture.

They were leaving centuries-old homes and rice lands.

At the docks there were joyful shouts from those boarding landing craft in escape from fear. The French-manned landing craft took them eastward to Do Son Peninsula. There U.S. Navy transports waited to take them to South Viet Nam.

In the shift from French to Vietminh rule, Haiphong was under a strict French curfew to prevent looting.

In Haiphong's northwest quarter the Vietminh took over the 10-million-dollar French-owned cement plant. It was one of the richest industrial prizes to fall to the Reds in the North.

Findings Of Scientists In

WASHINGTON (AP)—Surgeon General Leonard Scheele said today he expects to release polio vaccine made by Parke-Davis Co. of Detroit "almost momentarily."

Scheele told the House Banking Committee a thorough on-the-spot inspection of manufacture of Salk vaccine by Parke-Davis has been completed.

"It is likely that word is now at my office regarding findings of the group (of scientists) which visited Detroit and we will be able to announce the release of Parke-Davis materials as soon or shortly after I return," Scheele said.

Release of Parke-Davis serum will permit limited resumption of the nationwide program for vaccinating first and second grade school children.

Completion of the Parke-Davis check will shift the scientific inspection team to the Eli Lilly Co., Indianapolis.

Scheele called for a shutdown in the program last Sunday to permit a recheck at each of five manufacturing plants.

Scheele told the committee that as of this morning 67 cases of polio had been reported among children who received the Salk serum. He said approximately 5½ million children have been vaccinated.

Of the 67 polio cases, he added, 55 received vaccine manufactured by Cutter Laboratories, Berkeley, Calif. All Cutter vaccine has been withheld from distribution since April 27 pending a complete scientific investigation. There have been ten cases of polio in children who received the Eli Lilly vaccine, and two who received Wyeth vaccine.

Except for the Cutter vaccine cases, Scheele said, the incidence of polio among those vaccinated has been about what could be normally expected, or even less.

CONFIDENCE ENDURES

In a 12-page review of the entire vaccine program, Scheele told the committee of his continued strong confidence that the vaccine is safe and effective and that it will be a blessing to mankind.

"There is still every reason to believe that enough vaccine will be available to vaccinate the children in the most susceptible age groups before the height of the polio season.

"This is usually considered to be from mid-August to mid-September.

"These reverses have not invalidated the program. They have not wrecked it, nor do they in any way threaten its ultimate success.

"Such difficulties as have been encountered are inherent in the early phases of any optimistic nationwide health program. Much scientific and medical advance has encountered similar problems.

"No national health emergency confronts this country."

But Scheele said he wanted to "emphasize as strongly as possible" that his call for a temporary halt in the vaccination program "in no way concerned the efficacy of the Salk vaccine itself."

"We were and we are convinced that the vaccine is an invaluable contribution to the nation, the world and to public health," he said.

Yesterday, in a closed-door Banking Committee session, Rep. Multer (D-NY) and some other members demanded that Secretary of Welfare Hobby testify on the program. The health service falls under her general supervision.

NO ACTION

Committee sources said there was little support for Multer's proposal that President Eisenhower be requested to "direct" Mrs. Hobby to appear before the committee. The committee adjourned without taking any action, also, on a simple resolution asking Mrs. Hobby to appear.

Dr. Scheele and Mrs. Hobby were asked to testify before the Banking Committee Wednesday. Both said they could not appear then.

Rep. Wolcott (R-Mich) was reported to have told the committee that if it takes any action regarding Mrs. Hobby, it should also commend the administration for a strong stand for "perfect safety" in the vaccine.

Wolcott said the committee may postpone action on federal vaccine controls pending further developments. But Rep. McDonough (D-Calif), another committee member, said there was still "strong sentiment" for standby controls and he was convinced they would be adopted.

Senate Fight To Begin On Manpower Cut

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—Overwhelmingly approved by the House, President Eisenhower's program to cut military manpower during the new fiscal year headed today for a new fight in the Senate.

Despite outspoken criticism from some senators, advance indications were that the President would be upheld also by the Senate when it gets around to voting on the subject some weeks hence.

The House yesterday passed 382-0 the bill to give the Defense Department $31,488,206,000 in new funds for the fiscal year starting July 1.

Amendments which would have boosted the bill's money total and maintained military power during the new year at levels projected for June 30 of this year were beaten on voice votes.

The program, approved without change, calls for an over-all cut of 102,300 from this year's figure by June 30, 1956. The Army will be trimmed 87,000, the Navy 8,300 and the Marine Corps 12,000 and the Air Force increased by 5,000.

Amendments to retain the Army and Navy at their present levels —and to give the Marines an extra 10,000 over current strength—were offered by Representatives Flood (D-Pa) and Andrews (D-Ala).

Flood told the House it was unsafe, in the light of existing conditions, to pare down military strength. He said Russia is building up her army, navy and air force and obviously isn't preparing for peace.

He said the main administration argument for the cuts was that they would help balance the budget but he added:

"That's a sham; you know the budget won't be balanced."

Chairman Cannon (D-Mo) of the Appropriations Committee replied that the next war would be decided in three or four days—"at most a week"—with no chance for getting the added divisions into full action.

Two Mystery Witnesses Due

SAN ANTONIO (AP)—Two unidentified "ace in the hole" witnesses will testify for the state in the bribery trial of former Texas Land Commissioner Bascom Giles here May 23, acting Dist. Atty. James Onion said today.

Eleven other witnesses will offer testimony for the prosecution in the trial of Giles, charged with accepting a $30,000 bribe in connection with a Bexar County land sale under the state veterans' land program, Onion said.

Giles is accused of accepting a bribe in return for hiking appraised valuation of Bexar County land sold to 22 war veterans, some of whom were San Antonio policemen.

Onion listed prosecution witnesses as including Lawrence Jackson of Austin, former executive secretary of the State Land Board; Asst. Secy. of State Roger Tyler; Asst. State Comptroller Gus Farrar; John Padden, Crookston, Minn., lawyer, who reportedly prepared legal papers in connection with land purchases made by Giles; and M. W. Laird, Temple rancher and real estate man.

Texas Postal Boost Would Be $7 Million

WASHINGTON (AP)—Texas postal employes would receive an additional seven million dollars a year under a pay raise bill now at the White House for Presidential action.

Mercury Moves Up

Clearning skies brought Snyder maximum temperature of 84 degrees yesterday, with a low of 55 degrees overnight, David Strayhorn, weather observer, said. At 7:30 a.m., the temperature was 64 degrees.

WEATHER

NORTH CENTRAL TEXAS: Clear to partly cloudy this afternoon, tonight and Saturday with a few isolated mostly afternoon thundershowers, a little warmer this afternoon.

WEST TEXAS: Partly cloudy this afternoon, tonight and Saturday with widely scattered thundershowers, no important temperature changes.

EAST and SOUTH CENTRAL TEXAS: Partly cloudy this afternoon, tonight and Saturday, widely scattered afternoon thundershowers, mostly near the coast. Not much change in temperature. Moderate southerly winds on the coast.

Legislators Take Recess For Weekend

AUSTIN (AP)—Texas' payless lawmakers were on another long weekend recess today after advancing major welfare, labor, and veteran's land legislation nearer enactment.

The Senate tacked 20 amendments on a bill by Rep. Dolph Briscoe of Uvalde tightening up on veterans land program regulations, passed it 25-0 and returned it to the House for further action.

The House by a voice vote advanced to third reading a bill bitterly fought by labor interests and urged by the administration as needed to halt any future strike troubles like those that plagued Port Arthur for many months.

The Senate approved and returned to the House a bill allocating another 7 million dollars a year for welfare spending as directed by the voters in a constitutional amendment adopted last November.

The Senate also refused to take up out of its regular order a House-passed measure bringing uranium prospecting under state regulation. This might mean doom for the measure that was an outgrowth of a boom in prospecting for fissionable metals, because it is so late in the session.

The Legislature rolled past its 120th day on Tuesday, and from now until final adjournment the constitution cuts lawmakers' daily pay from $25 to nothing. It appeared the Legislature had at least two and possibly three more weeks of working-for-free ahead. Both major spending and taxing bills still had to be processed.

Red Nations Approve Pact

WARSAW, Poland (AP) — The Soviet Union and seven other European Communists nations approved today the draft of a security pact which is to place their military forces under a unified command.

A Soviet spokesman told a news conference the treaty and other documents will be signed at 10 a.m. tomorrow and published after the signing.

The premiers, foreign ministers and defense ministers of the eight Warsaw conference nations approved the treaty and the unified command decision at a 30-minute session this morning.

The treaty draft, designed to counter West Germany's rearmament as NATO's 15th member, provides for mutual economic aid and cultural exchanges as well as mutual security of the Red bloc.

There has been speculation that Marshal Ivan S. Konev, Soviet deputy defense minister, will become supreme commander.

But the Soviet spokesman said he cannot yet disclose details of the command decision or say which of the eight nation's generals would get the top spot. Some consider the job may go to Marshal Konstantin Rokossovsky, the Russian war hero who now heads Poland's armed forces.

Survey By SCS On Deep Creek Asked

A steering committee studying problems of the Deep Creek watershed here and attempting to find ways to solve them voted yesterday afternoon to make application for a preliminary survey on the watershed by the Soil Conservation Service.

Such a survey could be made, the group learned, without any commitment made as to whether local agencies would ask for federal aid on controlling the watershed. The survey must be made, however, if local citizens wish to apply for governmental aid in the small watershed program, which provides for the federal government's paying half the cost of building control structures on a watershed.

The committee elected Jake Hodges, chairman of the Chamber of Commerce agriculture committee and chief of the Soil Conservation Service here, as chairman of the panel and Jack Shelley, city manager here, as secretary.

Primary concern on the Deep Creek watershed, as brought out in the meeting, is flood control, soil and moisture control, and holding potable water.

Several persons in the group expressed the feeling that a layman does not know what to do with such a problem and that the committee would need an engineer's advice. Some said that cleaning out and straightening Deep Creek through Snyder might relieve the flood control problem to a great extent.

Discussion had been held at a previous meeting concerning the Colorado River Municipal Water District's thinking along the lines of making use of Deep Creek water, possibly by impounding it near the point where the creek empties into the Colorado River. Flood control measures, if they are the type which involve building of structures which will hold the water during heavy rainfalls and then releasing it slowly, would not injure any plans for impounding in the lower reaches of the creek, district officials had said.

The small watershed program of the federal government involves the building of such structures. Hodges said in yesterday's meeting that if local citizens participate in such a program, individual landowners along Deep Creek must give easement for the building of structures. Later, after construction, however, the dam would be the property of the person on whose

Shivers Draws High Praise, Sharp Criticism In Debate

By BO BYERS

AUSTIN (AP)—Gov. Allan Shivers was bitterly assailed and strongly praised yesterday in House debate of a restrictive labor bill he had said Texas sorely needs.

The bill, passed by the Senate some time ago, gained preliminary House approval on voice vote. An effort to rush it to final passage fell short by a narrow margin, delaying further consideration until next week.

Authorized by Sen. George Parkhouse of Dallas and sponsored in the House by Rep. Wade Spilman of McAllen, the measure would limit use of the strike and picketing to force an employer to recognize a union or to coerce employes into joining a union.

The restriction would be this: That such labor tactics could not be used unless the union represented a majority of the employes at the firm where recognition is sought.

Shivers urged such a law at the session's outset to prevent repetition in Texas of the type of strikes and picketing that harassed Port Arthur for many months. He renewed his appeal this week, saying his victory over Ralph Yarborough last year was a mandate from the voters to secure such a law.

The Port Arthur labor situation was an issue in the race between Shivers and Yarborough for the governorship.

Angered by repeated references to the Port Arthur strike during debate of the labor bill, Rep. Otis Lee of Groves, a suburb of Port Arthur, asked for and received unanimous consent of the House to be heard against the measure in closing arguments.

Trembling with emotion, Lee said he felt compelled to answer what he called "some of the things which have been said and insinuated about the town from which I come."

"When a dying candidate for governor saw his cause was losing in the last two weeks (of last year's campaign), he reached into the bottom of the mud barrel and maligned and prostituted the good name of the city where he was raised and where his mother still lives,' 'said Lee, uttering his words harshly and emphatically.

"Only a dying candidate would revert to the tactics used by Mr. Shivers in the last two weeks of that campaign."

He said Shivers erred in saying the Port Arthur strikes had caused economic paralysis in that city. He said statistics showed business actually was better than ever. He said Shivers failed to tell people Port Arthur had one of the highest standards of living of any city in the nation and that its crime rate, according to FBI reports, is the lowest for a city its size.

"I would like to apologize to the the things the governor and some other people have said about Port Arthur," said Lee, accusing Shivers of trying to make it appear Port Arthur's citizens were "Godless and lawless."

Conceding prospective victory for the bill before the House, Lee told the members: "those who push the button to vote against this bill—posterity will call you a courageous person."

Rep. Charles Murphy of Houston rose to defend the governor briefly but vigorously.

"When the governor's name has been bandied about no end, I think it's time for someone to stand up and speak," he said.

"I think the schools, roads, old people and Texas labor have benefitted more under Gov. Allan Shivers than any other governor in the history of Texas, and he stands head and shoulders (above other governors) as the greatest governor Texas has ever had," Murphy declared.

Both Parties Eye August

WASHINGTON (AP)—Major party officials said today that as far as they know the last legal bar to holding presidential nominating conventions in August next year has been removed.

The Republicans had fixed Aug. 20 for their convention in San Francisco, and the Democrats Aug. 13 in Chicago. Both said these dates were more or less contingent on some states changing their laws providing for certifying nominees for the ballot.

Six states with certifying deadlines that interfered with those tentative convention dates have now amended their laws calling for later filing times.

With next year's election coming on Nov. 6, the new deadlines for certifying candidates for president and vice president for the ballot in the six states have been figured out by party officials here as Massachusetts, Sept. 11; Connecticut, Sept. 1; Iowa, Sept. 12; Ohio, Aug. 28; West Virginia, indefinite; and South Dakota, seven days after nominations are made.

Nelson Still In Jail; Bond Set At $10,000

SAN ANGELO (AP)—Andrew H. Nelson, charged with murder and conspiracy in the auto-bomb death of wealthy Helen Harris Weaver, remained in jail today in lieu of $10,000 bond.

Nelson's attorney protested yesterday when Dist. Judge Joe Mays set such a high bond but said, "I'll see if I can make it."

Judge Mays dropped contempt charges against Nelson brought when the ex-convict refused to testify at the bond hearing recently of Harry Washburn, Mrs. Weaver's former son-in-law, who is charged with murder in her death.

Austria Scheduled To Become Independent Nation On Sunday

By RICHARD O'REGAN

VIENNA, Austria (AP)—U. S. Secretary of State Dulles arrived in jubilant Vienna today to sign the Austrian treaty of independence.

It was a gratifying moment for the American diplomat, who had insisted the ambassadors of the Big Four powers reach agreement on treaty terms before the foreign ministers meet for the actual signing.

Late yesterday, the Russians accepted a compromise solution offered by the West on a key issue of economic concessions, and the way was cleared for the signing on Sunday of a treaty to give Austria's seven million people full freedom after 17 years of military occupation.

In an airport statement, Dulles said:

"I have traveled to many capitals on many missions. Never have I felt more satisfaction than I now feel in coming to Vienna to sign the treaty which at long last will make Austria free and independent.

"This has been a central goal of United States policy. Its achievement will be hailed by the American people who have only admiration for the courage and steadfastness of the freedom loving people of Austria."

The Big Four ambassadors agreed last night on the text of an Austrian independence treaty. Formal signing by U.S. Secretary of State Dulles, British Foreign Secretary Harold Macmillan, French Foreign Minister Antoine Pinay and Soviet Foreign Minister V. M. Molotov was scheduled Sunday.

Some Viennese began to celebrate last night. But most of this Alpine nation's seven million population reacted slowly after 17 years of military occupation—7 under the Nazis and 10 under the wartime Allies.

Within three months of the treaty ratification, the 70,000 occupation troops of the Big Four will be withdrawn and Austria's freedom will be complete.

East and West haggled for years over the treaty. As late as Monday the Russians precipitated a last-minute deadlock by refusing to write into the treaty reparations concessions they had promised earlier. Last night they finally yielded to Western insistence.

The treaty provides for Austrian independence and sovereignty and the withdrawal of occupation forces. It sets the nation's boundaries at those existing before the 1938 Anschluss, the forced union with Hitler's Reich.

The economic concessions Moscow finally agreed to put in the treaty include return of the great Zisterdorf oil fields and the Danube Shipping Co. to Austria. As reparations, Austria will supply Russia with a million tons of oil annually for 10 years. She will also pay the Soviets 150 million dollars in goods instead of cash for 300 concerns which, like the oil fields and the shipping company, were seized by the Nazis and taken over by the Soviets at the end of World War II.

In the daily negotiations by the four powers' ambassadors, under way here since May 2, the Russians also agreed to take out of the treaty a clause which would have permitted teams from Communist countries to enter Austria at will to persuade refugees from communism to return to their homelands.

All three Western ministers have been in Paris for the NATO Council meeting welcoming West Germany to the Atlantic Alliance. Dulles originally had planned to come to Vienna yesterday, but delayed his departure when the ambassadors still were deadlocked on the reparations clause. Many observers believed the Russians finally gave in because they feared the American secretary wouldn't come at all otherwise.

As Dulles departed for Vienna, Macmillan and Pinay scheduled separate plane departures.

Molotov is scheduled to arrive in Vienna Saturday from Warsaw, where the East European Communist states are setting up a unified military command to counter the Western defense alliance.

The four ministers are expected to have a dinner meeting Saturday night. Observers said it was likely they would to bring up then the proposed meeting of President Eisenhower and the government heads of Britain, France and Russia.

Argentina Ponders Bill To Tax Church

BUENOS AIRES, Argentina (AP)—A bill to tax property of the Roman Catholic Church was before the Argentine Senate today. Considered certain of approval, it was the latest move by President Juan Peron in his six-month fight with the church.

The introduction of the bill yesterday coincided with the resignation of a Peronista party member from the Chamber of Deputies in protest against the government's anticlerical campaign.

Argentine churches are traditionally exempt from taxation. Most private Catholic schools also pay no taxes because they give free education to poor children. Private schools that charge tuition pay real estate taxes ranging from 1-3 to 2-3 of the normal taxes.

The church-state fight came out into the open last November when Peron accused some clergymen of seeking to undermine his regime. Thirty-three Catholic priests have been arrested since then on various charges.

AREA OIL ROUNDUP

Wildcats Staked In Fisher, Garza

New wildcat prospectors have been staked in Fisher and Garza Counties.

Noranda Oil Corp., Peeler Brothers and R-H-K Drilling Co. of San Antonio will drill a 5,000-foot rotary wildcat four miles north of Royston in Fisher County. It will be the No. 1-A T. T. Willingham.

The location is 2,310 feet from north and 1,650 feet from east lines of 82-1-H&TC. That is one-half mile east and slightly south of Texaco No. 1-T Willingham, which was plugged and abandoned in January, 1946, at 6,326 feet in granite topped at 6,280 feet.

Advance Exploration Co. of Dallas will drill a 4,000-foot wildcat in Garza County as the No. 1 J. A. Nelson.

The location, four miles north-west of Post, will be 330 feet from north and west lines of the south-east quarter of 1238-B. J. Galbreath.

FINDS SHOWS

Sun Oil No. 1 Virginia Baker, southwest offset to C. L. Norsworthy and others No. 1 Sears, opener of the Vena Madra-Pennsylvanian field of southwest Nolan County, encountered a show of oil and gas at 6,845-876 feet.

That zone was drillstem tested for 80 minutes. Gas surfaced in seven minutes, but no gauge or estimate was made on its volume. Reacovery was 30 feet of 45-gravity oil and 345 feet of oil and gas-cut drilling mud. Flowing pressure was between 105 and 700 pounds. Shutin bottomhole pressure after an unreported length of time was 2,775 pounds.

The project then cored from 6,876-902 feet, recovering 24 feet with some streaks showing porosity, odor and stain. Another core from 6,902-927 feet is being pulled.

The No. 1 Baker is 15 miles southwest of Sweetwater and in 134-1A-H&TC.

SCURRY COUNTY

Sun Oil No. 1-D Shannon, Scurry wildcat north of Snyder, is drilling below 7,355 feet in lime and shale after a drillstem test from 7,197-254 feet.

The test lasted two hours with a fair blow which decreased to zero in one hour. Recovery was 90 feet of mud with no shows of oil, gas or water. Bottomhole pressure opened and closed was zero.

Ashmun & Hilliard No. 1 Root, southwest of Snyder, is drilling in lime and shale below 3,805 feet. McFarland No. 1 Criswell in northeast Scurry County is shutin.

FIELD OCATIONS

W. A. Moncrief of Fort Worth has staked the No. 2-A W. L. Miller three-quarters of a mile north of production in the Jo Mill-Spraberry field of southwest Borden County. Drillsite is 550 feet from south and 4,390 feet from west lines of the north half of 2-33-t4n-T&P, 12 miles southwest of Gail. Rotary contract is to 7,500 feet.

In the Spraberry Deep West-Lower Spraberry field of southeast Dawson County, Seaboard Oil Co. and others of Midland are to drill the No. 1 W. H. Moore.

Location is 380 feet from south and 1,980 feet from west lines of 33-34-t5n-T&P. That is about 15 miles southeast of Lamesa. Projected depth is 8,000 feet.

COMPLETIONS

Superior Oil and Intex Oil No. 11-535 W. H. Jones is a new producer in the Fluvanna field of northeast Borden County.

The well flowed 177 barrels of 39.7-gravity oil with no water on the completion test. Gas-oil ratio was 570-1. Top of the pay was at 8,173 feet, where seven-inch casing is cemented, with total depth 8,200 feet. The pay was treated with 250 gallons of acid.

Drillsite is 1,980 feet from west and south lines of 535-97-H&TC.

In the Justiceburg-Glorieta field of southeast Garza County, Cecil Oil Corp. completed the No. 2-B J. S. Reed for a 24-hour pumping potential of 113.16 barrels of 38-gravity oil plus 35 per cent water.

Production is through perforations from 2,516-528 feet. The pay was acidized with 5,000 gallons. Pay was topped at 2,516 feet. Location is 330 feet from south and west lines of 135-5-H&GN.

STONEWALL FAILURE

Anderon & Word No. 1 Mattie Oldham, northeast Stonewall County wildcat, has been plugged and abandoned on total depth of 6,215 feet after making salt water.

A 30-minute drillstem test from 6,175-215 feet recovered 434 feet of salt water with no shows of oil or gas. Location was 11 miles northeast of Aspermont in 39-D-H&TC.

TESTS SPRABERRY

Houston Oil Co. No. 1 Henderson, southeast Lynn County seven and a half miles southeast of Tahoka, found slight shows of oil on a Spraberry core from 6,241-292 feet.

The sections of the core from 6,279-282 feet and 6,287-288 feet were stained with oil. Top of the Spraberry was called at 6,216 feet. Operator was pulling a core from 6,345 feet at last report.

SURVEY

Continued From Page 1

property it was built. It could impound no more than 200 acre-feet of water. Giving of these sites for construction would be figures into the local citizens' share of the cost, as would work of the committee. Hodges estimated that local citizens would actually bear about 25 per cent of the cost of such a project.

The committee did not express whether it favored such a project. It only authorized the survey and will make further plans after the survey is made. Hodges said application for the preliminary survey must be made to the state soil conservation board. After it is approved and work begins, the survey will require about four days.

Col. E. V. Spence, manager of CRMWD, said the district will furnish the committee with 10-foot contour maps of the entire watershed for use during its study.

The steering committee was authorized in a public meeting held here several weeks ago when about 50 persons met and decided Deep Creek was presenting a problem and that something should be done about it, if possible. Each political sub-division here was authorized two committeemen, and the committee was authorized to have two members-at-large.

Attending yesterday's meeting here were R. A. Schooling and Lyle Deffebach, representing CRMWD and accompanied by Spence; E. H. (Ab) Williamson and Max West, representing the Snyder Independent School District; Orville Taylor, representing the Upper Colorado Soil Conservation District; T. B. Knight and Cullen Toombs, representing the county and J. L. (Broadway) Browning and Shelley, representing the city. Another soil conservation district representative who was not present is Raymond House.

Clouds Still Linger In Coastal Regions

By The Associated Press

Cloudy weather prevailed along the Texas Gulf Coast Friday but the rest of the state was clear.

The Weather Bureau reported light rain at Alice and Corpus Christi soon after midnight, but said that was the only precipitation.

Some points had reduced visibility because of ground fog. It was heaviest at Lufkin, College Station and San Antonio.

Temperatures at dawn ranged from 50 at Salt Flat to 75 at Brownsville.

Forecasts called for little change in the weather.

Rotan Man Pays Fine On Liquor Charge

Lewis Henry Foy, 57, Rotan, pleaded guilty in county court this morning to a charge of bootlegging and paid a fine of $123.50, including court cost.

He was charged May 2 with transportation of nine pints of whisky and a gallon of wine for purpose of illegal sale. He was arrested by deputy sheriffs three miles southwest of here on Texas Highway 350.

Since the filing of the charge, Foy has been free on $500 bond, having first pleaded innocent.

Missing Boat Found At Lake J. B. Thomas

The sheriff's office here has reported the discovery of the 14-foot Lone Star boat believed to have been stolen at Lake J. B. Thomas early last week during the three-day dragging for the body of a drowning victim.

The boat was one of several lent workmen by the Lake Thomas Lodge. Officers said it was found later where it had been dragged ashore a considerable distance from the search area.

Suspects In Forgery Jailed

Two men accused here of forgery of a $10 check passed to a service station operator were arrested soon afterward near Post and are in the county jail here pending filing of felony complaints.

The men, quoted by officers as admitting they had been peddling magazines here, a violation of a city ordinance, were arrested about an hour and a half after the check had been passed to Homer Godair at a station at Twenty-third Street and Avenue S.

Paul Love, deputy sheriff, said Godair wrote down the description of the 1953 Chevrolet the men were traveling in and, just after they left, called the bank on which the check was written. The bank said the check was not good; so Godair called Love.

Love said he radioed the description of the car and the men to all neighboring towns. Sheriff's deputies from Post found the car near there with a blown out tire. They waited until the men returned with another tire, then arrested them and gave them to the custody of Love.

A charge was expected to be filed sometime today.

Local Couple To Convention

Mr. and Mrs. C. L. Callaway of Snyder will leave tomorrow for New Orleans, where they will attend the convention of the Southern Gas Association.

Callaway is Snyder district manager for Lone Star Gas Co.

The convention will be held Monday through Wednesday. Attendance is expected to be over 2,000.

Speakers at the general sessions will include T. T. Arden of Lynwood, Calif., president of the Gas Appliance Manufacturors Association, and F. M. Banks of Los Angeles, president of the American Gas Association.

Other speakers will include Eugene McElvaney, senior vice-president of the First National Bank in Dallas; Merryle Stanley Rukeyser of New Rochelle, N. Y., radio and television panelist and news columnist on economic affairs; and Arthur H. Motley of New York, publisher of Parade, a Sunday newspaper supplement.

C. I. Wall of Lubbock is president of the Southern association.

Manufacturing Executive Dies

TUCSON, Ariz. (AP) — Charles Deere Wiman, 63, president of the Deere and Co. farm equipment manufacturing firm since 1929, died last night in a Tucson hospital.

He was the great-grandson of the company's founder.

A frequent Tucson visitor, Wiman had been living at Midvale Farms, which he owned, since last February. He had been in failing health for the past year and entered the hospital six days ago.

The cause of death was given as pulmonary embolism (a lung blood stoppage).

A native of Staten Island, N.Y., he received a degree from Sheffield Scientific School at Yale in 1914 and joined Deere and Co. in Moline, Ill., a year later.

He served in both world wars and was known for his participation in ocean sailing races.

He was chief of production of the farm implement branch of the War Production Board in the latter part of World War II and was awarded the Legion of Merit in 1945.

Recruiting Is Studied By SW

By MAX B. SKELTON

HOUSTON (AP)—Alleged recruiting violations were the big problem today as Southwest Conference faculty representatives began (2 p.m.) their annual spring meeting.

Texas A&M added emphasis yesterday to the major item on the governing body's agenda by announcing that two high school seniors had been declared ineligible [illegible] athletic program.

Both athletes—Bob Manning, Yoakum quarterback, and Tom Sestak, Gonzales end—had signed Aggie letters of intent. This normally would prevent them from playing for any other Southwest Conference school unless they gave up their freshman and sophomore eligibility.

The conference now must rule on the status of their eligibility elsewhere. Manning has expressed a desire to attend TCU [illegible] to Baylor.

No details of the cases have been released.

Dr. Chris Groneman, A&M athletic council chairman and faculty representative, last night elaborated his original announcement only to the extent the boys would be ineligible "not for one year or two years but all the time once they enroll at Texas A&M."

Howard Grubbs, conference executive secretary, investigated the cases but said he must report to the conference before discussing the matter publicly.

Prior to the A&M announcement it had been known two schools planned to file protests here over certain recruiting activities by a third conference member. Manning and Sestak were not involved in these protests.

A spokesman for one of the two schools said last night NCAA officials are aware of the situation but as yet have not entered the investigation.

There was some speculation today the faculty representatives may break precedent and sanction release of full details of the Manning and Sestak cases. In the past, it has been customary to release only rulings affecting the eligibility of individual athletes.

The group is to meet again tomorrow morning.

No announcements can be expected before noon tomorrow.

Clippers Beat Those Erring Against Them

By The Associated Press

Err against Corpus Christi, and the Clippers will beat you. That's one reason they've led the Big State League virtually every day since season's start.

Corpus Christi defeated its nearest competitor, Port Arthur, 2-1 Thursday night on a Seahawk error in the ninth inning. Corpus Christi broke a 1-1 tie when Port Arthur second baseman Johnny Lucadello threw wild trying to complete a double play. His throw let in the winning run.

The victory stretched Corpus Christi's league lead to three games.

Third-place Galveston, six games behind, couldn't play at Harlingen because of mud.

Tyler, in fourth place, split a doubleheader at Waco. Waco won the opener 7-4, and Tyler took the nightcap 3-2.

The Pirates scored all seven runs in the fourth inning in winning the first game. Joe Duhem and Herman Cortez hit 3-run homers, and Bill Phillips got one with nobody on base.

Tyler's winning margin in the second game resulted from Ted Browning's 3-run homer in the fifth inning.

Seventh-place Austin and last-place Texas City also split a doubleheader at Austin. Texas City won the first game 7-0, Austin the second 1-0.

Elmer Toth pitched 4-hit ball for the Texas City triumph. It was his fourth straight victory. He struck out one and walked one. The Texans won the game with six runs in the fourth inning.

Hillory Stanton received the pitching victory for Austin in the nightcap—and also drove in the run. He flew out to right field, but Earl Hochstatter scored after the catch. Stanton had to leave with two out in the last inning because of a blister on his throwing hand. George McDuff relieved him.

Houston Moves Into Net Semi-Finals

TULSA (AP)—Playing as anticipated, the Houston Cougars moved into the Missouri Valley Conference tennis semi-finals today with two singles players and two doubles teams.

Winning the singles competition for the Cougars were John Been, 1954 Valley king, and Ron Sawyer.

Houston's No. 1 netman, Bob Lovelace, was upset by Oklahoma A&M's C. J. Hixson in the quarterfinals, 6-3, 6-0.

In singles play today, Been meets Earl Clark, Detroit, and Hixson tangles with Sawyer. Houston's doubles team of Been and Lovelace plays Bradley's Dave Tucker and John Clarno.

The second Cougar team of Sawyer and John Lawhon verses Aggies Hixson and Myron Roderick.

Midland Woman Is Moving In Tourney

ALBUQUERQUE (AP)—Pat Stapler, Midland, Tex., one of the favorites, played near-perfect golf to eliminate Audrea Palmer 4 and 2 in the opening round of the Southwest Women's Golf Tourney yesterday.

Marion Rogers, Mesa, edged out Agathe Lee, El Paso, 3 and 2.

Mrs. Stapler was to meet Dorothy Pease, Phoenix, in today's round.

The tournament runs through Sunday.

Ira Rodgers, West Virginia University golf coach, has been on the University coaching staff for 35 years.

Lutheran Scores Its Fourteenth Straight

SEGUIN (AP) — Texas Lutheran College wound up the baseball season last night with a 2-1 victory over Rice. It was the 14th straight triumph and gave Lutheran a season record of 15-3 against the best opposition Coach John Kramer could find.

This is the top record for college baseball in the Southwest this season.

Looking on are three players that helped the Cubs break the Dodgers winning streak. Left to right are: Ernie Banks, who hit a grand slam homer; Dee Fondy, who homered with two on base, and Jim Davis, the winning pitcher.

Pony League Mothers To Re-organize

A meeting has been called of all mothers of Pony League baseball players for 4 o'clock tomorrow afternoon.

Mrs. Harold Brown, who was one of the officers of the mothers' club last year, said the meeting will be held at the Pony League concession stand at the baseball field in Towle Memorial Park.

The mothers will re-organize for this year, electing officers and setting up concession schedules. The club annually operates the concession stand, selling such refreshments as hot dogs, cold drinks, and candy. This not only raises money to help replace Pony League equipment but serves as a convenience to those who must go to the field in the evening before they have time to eat.

The mothers' club is divided into four organizations, one for each team in the league. The women then set up their concession stand work so mothers will not be working in the stand at the same time their boys are playing. The women will clean the concession stand tomorrow, Mrs. Brown said.

Officers last year were Mrs. Harry Ward, president; Mrs. Brown, vice-president; Mrs. Ollie Bruton, secretary; and Mrs. R. M. Phillips, treasurer. Mrs. Ward and Mrs. Phillips have both graduated from the organization, since their sons have become too old for Pony League play.

Hermleigh Blasts Sun With 14-1 Win

The Tigers, idle so far this week in the City Baseball League, have suddenly found themselves in the position of defending first place in the league.

That's what they'll be trying to do tonight and tomorrow night in league games, both of them against Tri-Service. One of these is a makeup game. Play starts at 7:30 p.m. each night.

The Tigers got to the top through Hermleigh's stomping Sun 14-1 last night in the first game the league has had which was not close. Sun had been leading the league, and Hermleigh was in the cellar.

Hermleigh's first five batters in the game blasted singles off Sun hurler Don Ballard. They were Clarence Minton, Sam Houston, Geral Mac Greene, Ray Isaacs, and Henry Gafford. Minton got home. Houston was put out at second. Greene and Isaacs both got home before the inning was over. One more single was hit in that frame by Denzil Kight.

The Hermleigh team made it 7-0 in the second. Ballard started that inning for Sun. After walking Robby Robinson, allowing a triple to Bill Voss, and giving up a single to Minton, he relinquished the mound to Dick Sparks and took up Sparks' first base position. Hermleigh was still loaded, however. The team got six hits off Sparks. Four runs were in by the time that inning ended.

A walk by Gene Kirby and singles by Sparks and Jimmie Smith got in one run for Sun in the third, but Hermleigh came back with two runs in that inning when Voss tripled, Minton walked, and both got home on an error.

Sun had finished scoring, and Hermleigh didn't score again until the sixth, when the team gained five more runs. Kight singled, Robby Robinson singled, and Voss got on by an outfielder's error. That was followed by a single by Minton. Isaacs later walked, while Gafford got on by error, and the last of the five runs got home.

Voss pitched the entire game for Hermleigh and allowed only two hits. He struck out nine and walked seven. Ballard allowed eight hits, walked one, and fanned one, while Sparks gave up six hits and six walks while striking out four.

First Time In 35 Years, Sarazen To Miss The U.S. Open

NEW YORK (AP)—The U.S. Open golf championship is losing its last great link with the hickory shaft and knickers era—but not for good.

Doughty Gene Sarazen, who hasn't missed an Open in 35 years, said today he would not play in the 55th annual tournament June 16-18 in San Francisco. Instead, he will be at the microphone doing commentary for the NBC national telecast.

"This in no way is to be construed as retirment from big-time golf," he said. "Next year I hope to be back, trying to qualify for another shot."

Sarazen won the Open in 1922 and again in 1932 at Fresh Meadows, N.Y. He won the PGA three times, the British Open and the Masters. He now breeds cattle at Germantown, N.Y.

Shortstop Ernie Banks of the Chicago Cubs played the entire game on April 18 without a fielding chance.

Texas Favored In S'west Track Meet

HOUSTON (AP) — Preliminaries in track events and the finals in the javelin open the 40th annual Southwest Conference track and field meet today with Texas a heavy favorite to win its 23rd title.

The team championship will be determined tomorrow afternoon when the finals in 15 other events will be held.

A championship is being awarded in the freshman division for the first time, with no top favorite being picked from among Texas, Baylor and Texas A&M.

All freshman field event finals were held today.

Clyde Littlefield, Texas coach 35 years, has entered 24 men in each division. Littlefield is seeking his 20th varsity team championship. Charles Renfro, Texas, and Ed Kessler, Rice, were the top contenders in today's javelin throw. Renfro entered the meet with the best season record. A throw of 194 feet 8¼ inches. Kessler has been hitting 190 feet regularly.

Seven conference records may be broken or tieo — the 100 and 200-yard dashes, 440 relay, mile relay, half mile, mile and pole vault.

Dean Smith of Texas twice has broken the 100 record of 9.5 and has tied the 220 mark of 20.4. The Longhorn sprint relay team has tied the world record of 40.5, Compared to the conference mark of 41.1.

Texas, Southern Methodist and Rice have bettered the 3:13.9 record for the mile relay.

Dick Forester of Texas has a 1:50.8 for the half mile, compared to the record 1:52.1. Teammates Tom Rogers and Hulen Hale have been under the mile record of 4:17.2

Stephen James of Rice has done 13-11 in the pole vault, compared to the record 13 feet 10⅛ inches.

Interest in the new freshman meet centers on the high jump, where the 6-foot-8 freshman record set last June in Abilene by Art Carder of Washburn University is in danger.

Clarence Miller of SMU has done 6-6, while Baylor's Tom Kelly and Fred Bentley have jumped 6 feet 7¾ inches.

Sophs Setting Pace In SW Tennis, Golf

HOUSTON (AP)—Sophomores from Texas and Rice are setting the pace in the Southwest Conference tennis and golf tournaments.

Sammy Giammalva of Texas extended his perfect collegiate tennis record with two impressive victories in yesterday's opening rounds.

Rice's John Garrett, 19-year-old Houston city champion, held a two-stroke lead at the halfway mark of the 72-hole medal play golf meet. The final 36 holes were on schedule today.

Giammalva, pre-tournament favorite, was paired in today's semi-finals against Matt Murphy of Southern Methodist. Johnny Hernandez, the 1953 and 1954 titlist from Texas, met teammate Tommy Springer in the second match.

The Longhorns also had two teams in the doubles semifinals. Giammalva and Hernandez were to meet Clayton Williams and John Zimmerman of Rice. Springer and Dave Snyder were paired against Ed White and Bill Rogers of Baylor.

The championship matches will be played tomorrow.

Garrett had a 79-77—156 yesterday on the 6,586-yard, par 72 Brae Burn Country Club course to take his two-stroke lead over Davis Love of Texas. Love had a pair of 75s.

Southern Methodist's Floyd Addington, the co-favorite with Garrett, jumped to a 79-77—156.

Giammalva trailed 2-5 in the first set of his opening match but came back to defeat Don Dixon, Texas A&M, 7-5, 6-0. He then won the first 10 games from Charles Lee Gordon of Texas Christian, for a 6-0, 6-1 victory.

Hernandez defeated Williams, 6-1, 6-2, and Dick Davis of Southern Methodist, 6-0, 6-1. Springer turned back Dale Miller of Rice, 6-2, 6-1, and Bobby Wertheimer, Southern Methodist, 6-2, 6-4.

Murphy eliminated Zimmerman, 6-2, 6-4, and Gene Kinard, Texas A&M, 6-2, 6-3.

Albuquerque Barely Holding Its Lead

By The Associated Press

Albuquerque took it on the nose in the West Texas-New Mexico League last night, but still hung on to its narrow one-game margin over a closely bunched pack.

With Amarillo moving out of the cellar, there are only six games separating the first and last clubs in the league. Five teams are less than three games back.

Plainview got the clutch pitching it needed to blast Albuquerque 10-1 in the most lopsided game of the evening. Pampa nosed out El Paso 7-6 to dump the Texans into the eighth spot, falling past Amarillo which took an 8-3 verdict over Abilene. In the only other game last night, Clovis scored the winning run on an error to edge out Lubbock 6-5 in 10 innings.

The clubs all stay in the same locations Friday night.

'Sore Arm' Jones Pitches No-Hitter

By ED WILKS
Associated Press Staff Writer

It's getting so that only sometime guys, castoffs and sore arms pitch no-hitters in the major leagues any more. The big name pitchers just come close.

Toothpick-chewin' Sam Jones, a 6-4 right-hander whom Cleveland gave up on because of a sore arm, added to the trend by handcuffing Pittsburgh's Pirates without a hit in a 4-0 victory for the Chicago Cubs yesterday.

It was the first no-hitter since last June 12, when Jim Wilson stopped Philadelphia cold 2-0 for the Milwaukee Braves. Wilson had been around since 1945, getting trials with the Boston Red Sox, St. Louis Browns and the Philadelphia A's before joining the Braves in Boston in '51. Now he's with Baltimore.

The most recent no-hit success before Wilson's was the 6-0 job a lad named Bobo Holloman hung on the Athletics for the Browns in 1953. He did it in his first start for St. Louis, but won only two more that season while losing seven. From there he trailed off to the minors.

You have to go back to 1952 before you find names like Virgil Trucks and Carl Erskine in the no-hitter list. Since then, the big guys in the majors have just missed.

Jones, 29, made it tough on himself at Wrigley Field yesterday by walking the bases full with none out in the ninth.

Then he dug deep and threw just one more pitch outside the strike zone while fanning Dick Groat, Roberto Clemente and Frank Thomas to become the first Cub to hurl a no-hitter in 40 years and the first Negro ever to do it in the majors.

Jones, part of the winter deal that sent Ralph Kiner to Cleveland, walked seven and fanned six. The Cubs backed him up nicely in the field and tagged loser Nelson King and Vern Law for 15 hits, one Ted Tappe's homer.

The lone other National League game also was spectacular. Del Crandall broke it up in the 12th with a home run off Ed Roebuck—his first hit in 24 at bats—that gave Milwaukee a 2-1 victory over Brooklyn. The Dodgers now have lost two straight, after winning 22 of 24.

Rain postponed Philadelphia at Cincinnati and New York at St. Louis.

In the American, Maury McDermott and Washington broke Cleveland's winning streak at six games by a 3-0 count, beating rookie Herb Score despite only two hits off the lefty in six innings. Chicago beat Baltimore 6-2 with four runs in the ninth and Boston whacked Kansas City 12-7. Detroit and New York were idle.

At Milwaukee, Gene Conley went all the way for the Braves, hooking up in a duel with Carl Erskine for 11 innings. Erskine was lifted for a pinchhitter and Roebuck came on in the 12th. Crandall smacked his second pitch.

Conley, now 4-1, gave six hits to Erskine's nine. Hank Aaron's second-inning homer and Sandy Amoros' blast in the fourth took care of the only other scoring. Danny O'Connell's terrific stop of Duke Snider's smash helped check Brooklyn in a rocky 11th for Conley, who got Jackie Robinson on a pop up to end it with the bases loaded.

Cleveland couldn't do much of anything against McDermott, who granted just four hits in his best performance since joining the Senators in a 1953 winter deal with Boston.

Score fanned seven, tying the Yankees' Bob Turley for the major league lead with 57, but walks got him in trouble. Mickey Vernon singled home the first run after a walk and a wild pitch. A walk, stolen base, Ed Fitz Gerald's infield single and an error scored another in the fourth. The third run came off Art Houtteman, who replaced Score after the sixth.

The leading active major league consecutive-game streak came to an end in the game as Eddie Yost, Washington third baseman with a string of 838 straight games, was sidelined by tonsilitis.

The White Sox moved to within two games of the first-place Tribe on a walk, three singles and Jim Rivera's two-run double in the big ninth inning. Harry Dorish was the winner.

Boston kicked up its first real storm in a long while, smacking 15 hits off three A's pitchers. Vic Raschi, attempting a comeback, was jarred for seven runs in the first two innings. Gene Stephens and Jackie Jensen homered for four of Boston's five runs in the second. Gus Zernial's ninth and 10th homers and Bill Renna's fourth accounted for the A's runs as Ike Delock won it with help from Tom Hurd.

SCRIMMAGE SET HERE TOMORROW

The Snyder Tigers, now showing much improvement in their second week of spring training will hold another intra - squad scrimmage tomorrow.

John Conley, head coach, said the team will scrimmage from noon until 1 p.m. on the high school football field.

The Tigers will finish spring training next week.

Friday, 13th, May Prove Unlucky For Texas League Leader

By BRUCE HENDERSON
By The Associated Press

Friday the 13th could be the night San Antonio falls from sole leadership of the Texas League.

The Missions must beat Fort Worth or share first place with Dallas or Houston.

San Antonio got in this spot by losing a doubleheader Thursday night to Fort Worth, 8-6 and 11-8. Dallas beat Houston 7-4, and those two ended up in a second-place tie one game behind San Antonio.

Houston and Dallas play again Friday night and the winner will land in first place with San Antonio if the Missions lose.

Fourth-place Shreveport defeated Tulsa 4-3, and the last-place team, Oklahoma City, beat Beaumont 4-2 in the 13th inning.

Fort Worth rightfielder Frank Marchio laid the hex on San Antonio in the Alamo City. All told, he drove in 12 runs with seven hits.

Lausse Holds Favorite Role Over Tiger

NEW YORK (AP) — Eduardo Lausse, the Argentina knockout artist, is a 2-1 favorite to score his 28th straight victory tonight when he faces strong-jawed Ralph (Tiger) Jones in Madison Square Garden.

The swarthy, 27-year-old middleweight contender has a .740 kayo percentage for 65 pro fights but he hasn't been hitting in the Jones' league. The Tiger has fought the best 160-pounders around and none have been able to drop him for the count. The only one to stop him was Henry Burroughs more than four years ago.

In compiling his 27 consecutive wins, including 25 by kayos, Lausse hasn't met a real "name" fighter. His last loss was a 10-round decision to Kid Gavilan in Buenos Aires 32 months ago.

Ranked as the No. 7 contender now, Lausse is pointing for a title shot at middleweight champion Carl (Bobo) Olson.

Jones, a stocky, 27-year-old from Yonkers, N.Y., has a 34-13-3 record with eight kayos. A strong body puncher with a straight, forward-moving style, Jones puts on a good show, win or lose.

He whacked out a decisive 10-round decision over Sugar Ray Robinson in Chicago Jan. 19. That earned him a nontitle fight with Olson. Outweighing Jones, 168 to 161, Bobo won decisively in Chicago Feb. 16. Jones rebounded to belt out George Johnson in five rounds April 8.

NBC will broadcast and telecast at 9 p.m. EST.

Managers Of Heavies Readying For Fight

By BOB MYERS

SAN FRANCISCO (AP)—The managers of heavyweight champion Rocky Marciano and his English challenger Don Cockell appear today before the California Athletic Commission to debate the issues of rules, the weight of the gloves and the size of the ring for the 15-round title fight Monday night.

No one looked for any bloodletting. But there was every reason to anticipate enough oratory to fill the Congressional Record.

Briefly presented, as the fighters themselves remained in their respective camps to train for actual combat, the issues involved:

The use of eight-ounce gloves, as California law requires for all divisions over 147 pounds, instead of the six-ounce gloves common in other states for title matches.

Marciano's manager Al Weill roared disapproval of the eight-ouncers. John Simpson, for Cockell, expressed displeasure, although he was not as vociferous as Weill. After all, Marciano is noted as a knockout puncher.

The state law was expected to prevail by unanimous decision.

Then there was the size of the ring. California law says it can be anywhere between 16 and 24 feet wide.

Promoter Jimmy Murray has already installed a 16-foot ring in Kezar Stadium. It is, he says, more adaptable, especially for the many news cameramen who will photograph the fight.

The 16-footer is quite all right for Marciano. If Cockell has any plan of running, there will be less room to run.

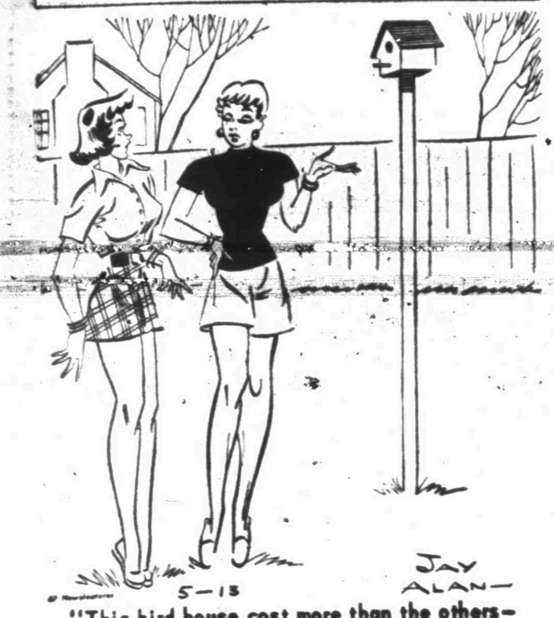

Simpson said he wanted to compromise.

"We feel that a 24-foot ring would be to the advantage of Cockell and a 16-foot ring favorable to Marciano. So we propose a compromise of 20 feet."

Both fighters apparently have wound up their severe sparring drills and little or no heavy action is in prospect.

CATHOLIC MOTHER OF YEAR—The Rev. Edward Chrisman is shown above presenting a picture of Christ to Mrs. J. Dupont, Snyder's Catholic mother of the year for 1955, while Mrs. John Mengwasser, last year's mother of the year, and Mrs. Waylen Holder, president of the Women's Society of St. Elizabeth's Church, watch the presentation. The award winner was announced at a dinner meeting in the church Wednesday night. (Lee Watson photograph)

Attendance Goals Are Set

The Green Hill Baptist Church has set goals for Sunday school and training union attendance as it closes our revival services this weekend.

The Rev. Hubert Austin, pastor of the church and speaker in the revival meeting, said goals are set at 350 at Sunday school, which starts at 9:45 o'clock Sunday morning, and 200 for training union, which begins at 7 p.m. Sunday.

Services will be held at 8 p.m. tonight and tomorrow night, as well as 11 a.m. and 8 p.m. Sunday. Baptismal service will be held Sunday evening.

J. A. Neighbors is leading the song service in the revival, and Myrtle Scott is pianist.

The church has scheduled its vacation Bible school to begin June 6.

Revival Scheduled By Church In Gail

A revival meeting has been scheduled to begin June 10 at the First Baptist Church at Gail.

The 10-day meeting will be led by the Rev. G. M. Cole, pastor of the First Baptist Church in Snyder. Evening services will be held at 8 p.m. each day, according to the Rev. Billy Joe Hale, pastor.

Starting on June 13 at the church will be vacation Bible school. Miss Mary Ann Morris is now heading an arrangements committee for the school.

Baptist Institute Sets Graduation Exercises

Commencement exercises have been scheduled for the West Texas Baptist Institute here at 8 p.m. Tuesday.

Dr. A. J. Kirkland, president of the Texas Baptist Institute at Henderson and pastor of the Calvary Baptist Church there, will be commencement speaker.

The event will be held in the auditorium of the North Side Baptist Church, where the school is conducted.

Teachers from the Henderson school will attend the exercises with Dr. Kirkland. The Rev. Jack Dean, Mrs. Dean, the Rev. J. W. Kesner, Jr., are instructors in the West Texas Institute.

Rev. Hester Heads Ministers' Group

The Rev. J. Lennol Hester, pastor of the First Methodist Church, has recently been elected president of the Snyder Ministers' Fellowship.

Elected secretary of the group is the Rev. Jimmie Nelson, pastor of the Colonial Hill Baptist Church.

The ministers' fellowship is in the midst of a re-organization program. It now has 17 members. Rev. Hester said this week that invitations are being sent to all ministers here to attend the next meeting, which will be held on June 6.

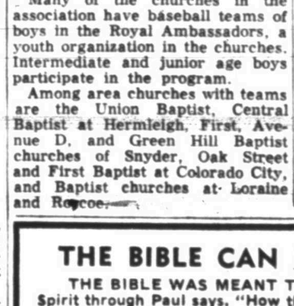

At the fellowship's last meeting, the group voted to hold regular meetings on the first Monday of each month at 2 p.m. The First Methodist Church was selected as a meeting place because of its central location.

Two projects have been set up by the fellowship for immediate action. One includes the fellowship's scheduling of a minister to speak each third Sunday at 9 a.m. to the National Guard unit. The program calls for a 20-minute talk to guardsmen, held because the unit has all-day drills on those days and members are unable to attend church services.

The organization also has morning devotionals scheduled each week, Monday through Friday, at 9:15 a.m. on radio station KSNY and schedules ministers for the devotionals.

Rev. Hester said other projects of the fellowship will be planned in later meetings.

The new president succeeded the Rev. Glenn Ricketts, former pastor of the First Christian Church, who is now in Albuquerque, N.M. Rev. Hester has been in Snyder almost a year.

Native Of Scotland To Speak Here

The Rev. James Ross Wilkie, a native of Rutherglen, Scotland, will be speaker at Sunday morning services here at the First Presbyterian Church.

Now attending the Austin Presbyterian Theological Seminary on a Fulbright scholarship, Rev. Wilkie is a graduate of St. Andrews and St. Mary's College at St. Andrews, Scotland. He holds bachelor and master degrees.

During World War II, he served in the British Royal Navy three years, 18 months of which he spent in India and Ceylon. He has been at the seminary during the past year, according to the Rev. Jay Hendren, pastor of the church here.

This summer Rev. Wilkie will be assistant minister at the First Presbyterian Church in Tyler. He will return to Scotland in August to become assistant minister at the St. Giles Cathedral at Edinburgh.

Church Honors Top Mother

Mrs. J. E. Dupont was honored as Mother of the Year from this parish at a covered dish supper held Wednesday night at St. Elizabeth's Catholic Church.

The Rev. Edward Chrisman spoke on "Mother of the Year" before introducing Mrs. Dupont as the 1955 selection. Her identity had not been revealed before Rev. Chrisman's announcement. A corsage and gift were presented Mrs. Dupont from St. Elizabeth's Altar Society by Mrs. Waylen Holder, president of the organization. She also presented a corsage to Mrs. John Mengwasser, 1954 Mother of the Year.

Mrs. Wendell Shifflett served as narrator for a motion picture film on the Basque and the Apparition of Lourdes.

Roses and spring flowers were used to decorate the banquet room.

Church To Use Old Hotel For Expansion

An old Snyder landmark is now being planned for use for expanding Sunday school enrollment at the First Baptist Church.

The church recently purchased the building known for years as the Alamo Hotel in the 1700 block of Twenty-sixth Street and directly north of the church auditorium.

The old building is not planned for permanent use but is planned for temporary Sunday school use until other facilities can be provided. Members this week were cleaning the building and putting it in shape for use.

Rev. Ferguson To Speak Here

The Rev. W. F. Ferguson, retired Baptist minister and former pastor of the First Baptist Church here, will be speaker at services during the next two Sundays at that church.

The Rev. G. M. Cole, pastor of the church, is in Miami, Fla., where he and his family are attending the Southern Baptist convention, which is annually attended by 15,000 to 20,000 persons. The family will return here about May 24.

Rev. Ferguson and his wife now live in Lubbock. He was pastor of the church here during the late 1920s and early 1930s for eight years.

David Oglesby, music-education director for the church, will be in charge of Wednesday night services.

Fellowship Night Is Slated At Ira Church

Tonight is fellowship night at the Ira Church of Christ, according to Bill Watson, minister at the church.

Members will gather at 7:30 p.m. for the covered dish snack and church planning and fellowship.

On Sunday, Bible school will be held at 10 a.m., morning worship services at 11, and evening services at 7:30.

Recreation Program For Summer Begins

A summer recreation program in the form of baseball for youths is now being conducted by congregations of the Scurry-Mitchell Baptist Association.

Many of the churches in the association have baseball teams of boys in the Royal Ambassadors, a youth organization in the churches. Intermediate and junior age boys participate in the program.

Among area churches with teams are the Union Baptist, Central Baptist at Hermleigh, First, Avenue D, and Green Hill Baptist churches of Snyder, Oak Street and First Baptist at Colorado City, and Baptist churches at Loraine and Roscoe.

THE BIBLE CAN BE UNDERSTOOD

THE BIBLE WAS MEANT TO BE UNDERSTOOD. The Holy Spirit through Paul says, "How that by revelation he made known unto me the mystery; (as I wrote afore in few words; whereby, when ye read, ye may understand my knowledge in the mystery of Christ.) . . ." (Eph.3:3,4). The Bible is profitable for doctrine, for reproof, for correction, for instruction in righteousness, thoroughly furnishing the man of God unto all good works. (2Tim.3:16,17). This is not to say that men comprehend every passage. Admittedly, there are passages the meaning of which no one knows for sure.

EVEN CHILDREN CAN UNDERSTAND THE BIBLE—MUCH OF IT. And, they can understand it without a knowledge of Greek and Hebrew! "And that from a child thou hast known the holy Scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus." (2Tim.3:14,15) Where did Timothy get this knowledge of the Scriptures? From his mother and his grandmother (2Tim.1:5). Parents today should teach their children the Bible. The Bible only will make Christians only!

THE BIBLE IS TO BE READ TO THE CHURCH (Col.4:16). If the Bible cannot be understood by the common man, why did the Holy Spirit order it to be read in the church?

IS THERE AN INFALLIBLE INTERPRETER OF THE BIBLE? This is claimed by some but if this is true, how is it that the "infallible interpreter" does not tell what all of the Bible means? Similar to other religious students, their scholars dispute among themselves as to what different passages mean. Why should this be? Why not ask the "infallible interpreter?" Does this not suggest that the "infallible interpreter" does not know either?

RELIGIOUS DIVISIONS ARE NOT DUE TO MISUNDERSTANDING THE BIBLE! They are due to disagreements over what the Bible DOES NOT say! Think this through.

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST WAS ESTABLISHED! Today, she has the same name, worship, organization, doctrine and life. "The churches of Christ salute you." (Rom. 16:16).

CHURCHES OF CHRIST

2500 37th Street — 1411 25th Street

ANCIENT people thought of the mind of the child as a blank paper or a slate on which parents and neighbors would write what they pleased. There was truth in that figure. Our words and our deeds are forever leaving their marks upon the plastic brain of the child in the midst. Perhaps we would prefer the figure of the moving picture camera. Through the eyes and through the ears, the growing child is recording the scenes and the sounds of the world in which he dwells. Many years hence the picture will flash again before the memory of the man who was once that child. Words spoken in carelessness will leap into speech and the very tones of our voice will be repeated. Innocence and eagerness to learn make the child the ready imitator of that person of whom he thinks well. His conscience, as well as his understanding is learned from us older folk who make up his world of experience. What we are and what we do will speak louder, or will make a deeper impression upon the growing life than will the so-called lessons that teachers seek to impart in the classroom. The world is the classroom and all of us are the teachers. What lessons are we teaching these all-seeing eyes of the child among us?

THE thoughts of a child are *long thoughts;* they become part of a personality which goes on for years, and perhaps centuries. If we are teaching immortal souls in the school of the every day, then how important is each and every day! We are all responsible for the child who must take his place in the work-a-day world of tomorrow. Perhaps we ought to say he is the child of God and He holds us all responsible for the lessons we are teaching His little child from day to day.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Their we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

YES, IT CAN BE WORKED — That Cashword Puzzle has "befuzzled" thousands in recent weeks, but it is possible for West Texans to solve it. The first solution in this area came this week when Mrs. E. L. Hovel of Abilene won on an entry submitted to the Abilene Reporter-News. Andrew B. Shelton, executive vice president of the Reporter Publishing Co., is shown presenting Mrs. Hovel $375 in $20 and $5 bills. "I told my husband I didn't think it was possible for you to win," said Mrs. Hovel, who had entered only three or four previous Cashword contests.

Fluvanna Sets Exercises For Senior Class

Exercises in connection with graduation of seniors at Fluvanna High School have been set for Sunday morning and next Friday night.

Baccalaureate services will be held at 11 a.m. Sunday in the high school auditorium at Fluvanna, with the Rev. Calvin Partain, pastor of the Fluvanna Baptist Church, as speaker.

Invocation for the services will be given by the Rev. Bill Roberts, pastor of the First Baptist Church there, and benediction will be by the Rev. John W. Hawkins, pastor of the Fluvanna Methodist Church. Special music will be provided by a quartet made up of Ruby Benson, Cora Patterson, Hazel Filmon, and T. J. Rea.

Eldon Mahon, of Colorado City, district attorney for the 32nd District, will be commencement speaker at exercises to be held in the high school auditorium at 7:30 o'clock next Friday night.

Salutatory address will be given by Sybie Bley, and valedictory address will be by Donald Earl Browning. Wessley Filmon, minister of the Fluvanna Church of Christ, will give the invocation, and benediction will be by W. F. Mathis. Entertainment will be presented by high school girls.

Awards during the program will be presented by J. C. Chorn, superintendent of schools. James Cleghorn, high school principal, will present the senior class to Leo Beaver, head of the school board, who will award diplomas.

Mrs. Ola Stavely will play processional and recessional music for both exercises. Senior class sponsor is Grover Watkins.

Members of the graduating class are the two honor graduates plus Bertie Lee Kellner, Barbara Gene Reeder, and Mary Nell Boatman.

Vacation Church School Begins On May 28 At Fluvanna Methodist

Vacation church school has been set at the Fluvanna Methodist Church to begin May 28 and last through June 3.

All children from smaller ones through junior ages will be welcome to enroll, according to Mrs. Leo H. Beaver, superintendent of the school. Mrs. B. A. Moore is assistant superintendent and pianist.

"Learning More About Jesus" is the theme of study for the week. Classes will meet each morning from 8:30 to 11 Monday through Friday. The first meeting will be at 4:30 p.m. May 28.

Beginners, those up to 4 or 5, will study "Stories About Jesus," while those of primary ages, 5 to 8, will study "Learning From Jesus." Subject of study for juniors, those from 8 to 12 or 13, will be "We Would Follow Jesus."

Soil Stewardship Observance Is Set

Stewardship is often regarded as the conscientiously recognized duty of mankind to conserve, multiply, and employ money for the Lord. It is more, however, according to ministers and laymen who recognize that all good things come from above and are to be used for the causes of God.

For this reason, a Sunday has been set aside for annual observance and called Soil Stewardship Sunday. It is the fifth Sunday after Easter, which makes next Sunday the day for meditation and special mention of soil stewardship.

The day, as an annual observance, formally began in America in 1946 when the publishers of "Farm and Ranch" magazine suggested to several religious leaders of a few southern states that they set aside one Sunday each year to remind their congregations of man's duty to be a good steward of the land.

Last year, the National Association of Soil Conservation Districts assumed responsibility at the suggestion of "Farm and Ranch" for encouraging nation - wide observance of the day. For the last several years, however, various local districts of Soil Conservation Service, including the one here, have encouraged the observance.

The office of the Upper Colorado Soil Conservation District this week distributed copies of 16-page booklet to ministers of all the county's churches.

The publication is from the national association and is filled with sermonettes from some of the nation's best known ministers on the subject and Bible quotations and suggested texts.

Many ministers here have purposed to include the subject in their sermons. Some will preach entirely on the subject of soil stewardship. Others will remind their congregations of the annual observance. It would be safe to assume that all will acknowledge man's need to be a good steward of the land on which we all depend and to give thanks for the recent rains.

Texts and subjects suggested: Gen. 2:7, 8, 9 God's gift of food to man; Psalms 24:1 "The earth is the Lord's and the fullness thereof"; Eccl. 5:9 The fruits of the earth are for all; Prov. 24:30, 31 Slothful farmer lacks understanding of soil stewardship; Psalms 65:9-13 Water and rich soil produce abundant harvest; Job 31:38-40 and Job 32:38 "If my land cry against me"; Matt. 13:3-8 "Behold, a sower went forth to sow"; Gen. 2:15 Man instructed to dress and keep the Garden of Eden; Isa. 24.3,4 The earth shall mourn and fade away; Psalms 50:10-12 The earth belongs to God; and Isa. 44: 24 The Lord makes all things.

CYF Group Plans To Elect New Officers

The Christian Youth Fellowship of the First Christian Church will meet for a hamburger fry and election of officers at 5:30 p.m. Sunday in the back yard of the parsonage.

A recreation hour is also planned. The group will go from this gathering to the evening services of the church, when the officers will be installed. Musical numbers are to be presented by the group.

The Christian Men's Fellowship met Monday night for a dinner in the fellowship hall of the church. The Toastmasters' Club of Midland presented the program. About 30 men attended.

Young People Of Church On Program

A special program with the theme, "Packing for Life's Journey," will be presented as a young people's program at 7 p.m. Sunday at the Calvary Baptist Church.

The program will be in form of a skit, and the cast will include Charles Hilliard, Linda Selman, Donald Gillentine, Roberta Selman, Donald Hilliard, Ronald Gillentine, and Sandra Love, soloist.

Funeral Rites Held For Drowning Victims

McALLEN, Tex. (AP) — Funeral services were held across the Rio Grande yesterday for eight Mexican residents who drowned when their car plunged into a canal Wednesday.

The eight were buried at Los Alacranes Ranch in Mexico. They were killed on their way to Fresno, Calif., after visiting at Los Alacranes and San Juan, Tex.

Ramiro G. Lozano, the only survivor, said his wife grabbed his arm, making him lose control of the car. Killed were Lozano's wife and four children, and three other persons. No other names were available.

Lex Barker Tells Off Columnists

HOLLYWOOD (AP)—The trials of maintaining a happy marriage in Hollywood are described today by Lex Barker, who is wedded to a girl named Lana Turner.

Critics and commentators decry the rate of marital mishaps in Hollywood, yet they themselves can share the blame for some of the breakups. Witness the current engagement of Debbie Reynolds and Eddie Fisher. The gossips are doing their best to break that one up.

Barker is perplexed by the rumor mongers. Recently he was absent from Lana for five weeks, mostly on location in the Virgin Islands and partly to visit his stricken father in the East.

While he was gone, one columnist reported Lana was hobnobbing with a bullfighter in Tijuana. Another declared her ex, Steve Crane, would be her next "after she divorces Lex Barker in the Virgin Islands."

Lex set the record straight: "Lana likes bullfights. I don't. So while I was gone, it looked like a good time to see them in Tijuana. She went down with some friends of mine, and a bullfighter happened to be in the party.

"As for the other rumor, Steve Crane happens to be the father of my stepdaughter. He is entitled to visit his daughter. I was the one in the Virgin Islands, not Lana."

All of which shows how the tongue waggers can make something out of nothing. Lana's union to Lex has so far been the most tranquil of her marriages. They lead fairly quiet lives and give the gossipers little grounds for talk.

"But they find something," Barker said. "It amazes me. First of all, they were yelling for us to get married. Nearly every columnist said it was shocking that we were in Europe together, even though we were both working there.

"Then after we got married, they seem eager to have us split up. You can't win."

Local Sheriff Once Arrested Suspect In Oklahoma Robbery

A Snyder, Okla., man charged yesterday with robbing a bank in Oklahoma Wednesday of $17,376 was once captured by Homer Whisnand, sheriff here.

Whisnand said that while working as a city policeman in Borger in the fall of 1948, he received a description of a fugitive who had escaped jail in Utah after critically beating a jailer. The man was reported to have been seen near Borger, Whisnand said, and was believed to be driving a pickup truck which was also described.

Whisnand said he saw the truck shortly afterward, stopped it, and disarmed Otis Rollins Woodring of a pistol. Woodring, then 23 years old, was also being sought for kidnaping of a service station operator whom he had released earlier. The truck had been stolen near the place of the jailbreak at Vernal, Utah.

Woodring is charged with the armed robbery Wednesday of the First National Bank of Hooker, Okla. He was captured at Dodge City, Kan., only a few hours after the robbery, and FBI officers said $15,521 was in his posession.

Who doesn't like the smell and taste of freshly baked, yeast-raised coffee cake? You can make this one with a minimum of trouble. It's ready to bake after just one rising.

DUTCH APPLE CAKE

1-3 cup milk
1-3 cup sugar
¾ teaspoon salt
¼ cup shortening
¼ cup warm (not hot) water
1 package of cake yeast, active dry or compressed
1 egg, beaten
½ teaspoon vanilla
2 cups sifted flour
2 apples, pared and sliced thin
1-3 cup brown sugar
1½ teaspoons soft butter
1 teaspoon cinnamon.

Scald the milk and stir in sugar, salt and shortening. Cool to lukewarm. Measure water into a large mixing bowl. Have the water warm for active dry yeast, just lukewarm for compressed yeast. Sprinkle or crumble in yeast and add lukewarm milk mixture. Add beaten egg, vanilla extract and flour. Stir until well blended, about one minute. Turn the batter into a greased 9-inch cake pan or shallow baking dish. Arrange apple slices on top and sprinkle with brown sugar mixed with butter and cinnamon. Cover and let rise in a warm place, free from draft, 1 hour and 15 minutes, or until doubled in bulk. Bake in a moderate oven (375 degrees) for 25 minutes.

Estate Holds Lincoln Check

DENVER (AP)—A check for $1 signed by Abraham Lincoln to his son Tad was ordered distributed by the County Court yesterday as part of the assets of a $72,000 estate.

Under terms of the will of Mrs. Maude E. Stoddard, her estate was to be divided equally among four children. Thus, each child owned an equal interest in the document with other old letters and publications.

William E. Doyle, attorney for the estate, said each of the four children submitted a sealed bid for the check. Mrs. Everlyn S. Gourley of Los Angeles was high bidder at $350.

The check is dated Sept. 6, 1861, and is drawn on Riggs & Co. of Washington, D.C. It is payable to "Master Tad" and is signed "A. Lincoln."

According to legend, the President would write a check to Tad whenever the boy was sick or his father wanted a favor. Tad never would cash the checks, but Lincoln would give him a gold dollar for its return.

The check was left to Mrs. Stoddard by her husband, Xerxes T. Stoddard Sr., a U.S. Mint employe, who died in 1951. Mrs. Stoddard died Feb. 9, 1954.

Atomic Reactor Will Be Sold To Switzerland

UNITED NATIONS, N.Y. (AP)—The United States is going to sell Switzerland a $350,000 research atomic reactor to be shown at the U.N. atoms-for-peace congress in Geneva this August.

The Swiss also will acquire 55 pounds of uranium in the post-exhibit deal, announced at a news conference yesterday by Dr. I. I. Rabi, U.S. member of the advisory council for the international scientific congress. Rabi said the two governments are now making arrangements for the purchase.

The reactor is being built at the Oak Ridge National Laboratory as a key part of a U.S. exhibit in Geneva. It will produce 10 kilowatts of power, enough for important research.

Sabotage Suspected In Train Derailment

JAKARTA, Indonesia (AP)—Authorities suspect sabotage by a fanatic Moslem group caused a derailment of the Jogjakarta-Bandung express that took a reported 30 lives. Another 39 persons were injured.

The crash occurred yesterday 45 miles southeast of Bandung.

Guerrillas of the Moslem Darul Islam movement, which seeks to set up a religious state in Indonesia, have previously shot up or derailed a number of trains in the same area of west Java.

College Dean Gets New Car

AMES, Iowa (AP) — Iowa State College dean, praised for having the "student interest at heart," was honored with a new Cadillac by his students last night.

M. D. Helser, dean of student affairs and a member of the faculty here for 40 years, received the automobile in a surprise ceremony before 8,000 persons in the football stadium.

The car was purchased by donations of students and friends in response to criticisms that coaches receive valuable gifts while professors are overlooked.

[illegible] been established [illegible] in the name of the 65-year-old dean to provide [illegible] worthy students.

The presentation was made by Ronald Moss, president of the student body, as the college opened its annual three-day Veishea festival.

Robert Goodale, general chairman of Veishea, said the fund drive was started about two months ago and more than $4,500 was raised in a month. The student-led drive apparently was kept secret from the dean.

"I just can't believe it," he said. "I just can't understand how anything like this could have been going on at Iowa State without my knowing it."

"Students are more important to him than anything," said his wife. "He is not like many men. He wants to go to the office."

U. N. Command Charges MIGs Launched 'Unprovoked' Attack

By MURRAY FROMSON

MUNSAN, Korea (AP)—The U.N. command in a protest to the Military Armistice Commission today charged an "unprovoked" attack Tuesday by Communist MIG's on American Sabre Jets "was clearly over international waters."

Peiping radio broadcast a few hours later Communist China's assertion that the Sabres had "intruded over northeast China." The Reds' official People's Daily said, "Tuesday's incident was a premeditated act of aggression."

[illegible] Sabre pilots [illegible] they shot down two MIGs and probably destroyed two more. They said they were attacked by 82 MIGs. No American plane was hit, they said.

The U.N. protest said the Sabres, attacked "some 55 miles southwest of Sinuiju . . . were obliged to defend themselves and in so doing destroyed two or more MIG aircraft while sustaining no losses."

[illegible] U.N. protest and Peiping radio also disputed on losses in the eight-minute battle.

People's Daily said one Sabre Jet was shot down and two were damaged. It called the U. S. report of two MIGs downed and two probably destroyed a "brazen wilful perversion of the truth."

It said, "Chinese fighters rose to intercept them (the Sabres) and shot down one and damaged two. These are the facts."

In the protest the U.N. Command charged the Reds were "endeavoring to utilize" Korean bases as a "privileged sanctuary."

The protest through the Military Armistice Commission told the Chinese and North Korean members:

"You are officially warned that if the aircraft of our side are attacked they will defend themselves."

The U.N. protest said the Sabres were attacked over international waters and declared they had not approached Communist territory.

Peiping radio broadcast again the Red Chinese charge that the Sabres "intruded over northeast China."

People's Daily, the Reds official paper, said, "Chinese fighters rose to intercept them and shot down one and damaged two."

It called the U.S. Air Force report that two MIGs were downed and two probably destroyed a "brazen wilful perversion of the truth."

The Air Force released enlarged prints from gun camera film showing two MIGs burning and going down in the eight-minute battle.

Scelba Starts Clearing Up Party Strife

ROME (AP) — Premier Mario Scelba set about clearing up strife in his party today to save his 15-month-old government.

His stay in office was continued last night when the new Italian Gronchi, rejected his resignation. By custom, premiers always submit a resignation to a new president.

Gronchi's election April 29 rocked Scelba and his center coalition government. Although the new President is a member of the Premier's Christian Democratic party, he advocates bringing more [illegible] the government. [illegible] had backed another candidate.

Scelba's retention of the premiership was assured by statements of continued support Wednesday from the two minority parties in his coalition, Vice Premier Giuseppe Saragat's Right-Wing Socialists and the Liberals.

With the Premier still in command of a parliamentary majority, Gronchi had no alternative to rejecting the resignation. Italy's President cannot unseat a government chief, he only names a new one after the Chamber of Deputies deposes.

However, Scelba appeared to have averted the threat to his government only temporarily. Some observers believed a temporary truce had been called until after the Sicilian regional elections, in early June. Then they expected the Premier's foes to seek a showdown vote of confidence in Parliament.

The Premier's chief tasks are to heal a split within his own party and quiet the restlessness of his minority allies. One Christian Democrat faction would like to replace him with Party Secretary Amintore Fanfani, who is to the left of the Premier.
