Steakley to Lead Daniel Drive Locally

Governor Price Daniel has announced the appointment of Dr. H. Jene Steakley as Mitchell County manager of the governor's race for re-election to a second term.

Steakley, young dentist honored last year as Colorado City's outstanding young man, has been prominent in Chamber of Commerce, Jaycee, Lions and First Baptist Church activities.

The doctor said a Price Daniel committee already has been working here in behalf of the governor's re-election. And other persons desiring to serve in the campaign are requested to contact the county chairman, he said.

A county-wide group will be formed and volunteer workers are being sought in each precinct, Steakley said.

The county manager pointed to Daniel's experience in public service — as governor, former speaker of Texas House of Representatives, former state attorney general and former U. S. Senator.

"During his first term as governor," Steakley said, "Price Daniel advocated and secured the enactment of Texas' first state-wide water research and conservation program, reactivation of Texas Industrial Commission for attracting new industries, a lobby control bill, increases in teachers salaries and old age pensions, a new State Youth Council, stiffer narcotics laws and other measures advocated during his first campaign."

"Daniel made 52 specific recommendations," he added, "and all were substantially enacted. He is asking for re-election to a second term in order to carry out the programs enacted."

Steakley stated that through his brother, Secretary of State See LEADS Pg. 7.

44th NEW WELL THIS YEAR

Two 'Busy' Fields Log Oiler, New Drilling Site for County

Major developments in Mitchell County's slowed oil activity were confined during the week to Westbrook and Iatan-East Howard, two of the busiest Mitchell areas for all 1958.

Completed as a 70.60 barrel producer in the Westbrook Field was Jo-Dean Oil Company No. 1 A. L. Cole, located in the Strip Survey.

The oiler pumped 26 gravity

oil from perforations between 3,175 and 3,223 feet over total depth of 3,267 feet after treatment with 1,000 gallons of acid.

Staked as a new drilling site in Iatan-East Howard Field was Blue Danube Oil Company of Fort Worth No. 2 R.T. Foster, a rotary test to 3,200 feet.

The No. 2 Foster will be one mile southwest of Iatan and 330 feet from south and 1,650 feet from west lines of Section 46, Block 23, T&P Survey.

On the northern rim of Mitchell County in the Sharon Ridge 1700 Field, the Joe Shewalter No. 3 R. W. Eubank was completed for a daily potential of 28 barrels of 29 gravity oil.

A 7,500 foot rotary test, it is five miles northeast of Silver and 1,930 feet from south and east lines of Section 88, Block 1-A, H&TC Survey.

During the first six months of the year, Mitchell County's oil development has counted 44 new producing wells.

Thirty-one of those new well completions were in the Westbrook and Sharon Ridge 1700 Fields. And 11 were in Iatan-East Howard.

Record Response In City's Rec Program

Colorado City's municipal recreation program is galloping along with a record summer participation.

That's the report Saturday from James Poe, city recreation director, who supervises the summer program on more than a half dozen fronts.

During the month of June an average of 167 youths each day participated in the summer playground program at key points in the city.

At least 305 boys and girls have completed or enrolled in learn-to-swim classes at Ruddick Park pool.

And a total of 8,154 swimmers already have splashed in the city's Ruddick Park pool this summer.

The record participation during the opening summer month is even more significant, according to Poe, because of the span of unique cool weather early in June. Cool weather usually cuts down on outdoor activities and indicates the recreation program would have drawn even higher response from the public with usual summer temperatures.

Average daily attendance of 167 youths each day in the summer playground program in June compares with an average of 119 per day during the same period last year.

Playground centers each morning during weekdays are open for various age groups at Primary School, old Coleman school building, Colorado Junior High and old D. W. Wallace school building.

Participation in crafts classes weekday afternoons at Ruddick Park is the only lagging attendance reported in the recreation program.

"Our craft classes have not been as well attended as we had anticipated," Poe reported, "and we urge every youngster to take advantage of these classes."

"We are offering basketry, woodwork, plaster craft, model airplanes, lanyard making,

bracelet making, aluminum etching and tile craft."

There are still five weeks of crafts remaining, according to the recreation director, and three instructors are on duty daily to help youngsters.

In progress now at Ruddick Park pool is the Learn-to-Swim program, sponsored jointly by the recreation department and Colorado City Record.

A total of 305 youngsters have been taught or are learning now in the swim course.

Being taught now is a learn-to-swim course for boys and girls from 10 through 12 years.

Next learn-to-swim class will begin Monday, July 21, for boys, age 13 through 18,

and Tuesday, July 22, for girls, age 13 through 18.

Also beginning Monday, July 21, will be an advanced class for boys, ages 6 through 10. Beginning Tuesday, July 22, will be an advanced class for girls, age 6 through 10.

Additional advanced classes will begin Aug. 4 for boys, ages 10 through 15, and Aug. 5 for girls, ages 10 through 15.

ALL FIVE ACCEPT INVITATIONS

State Senate, Representative Candidates Due for Luncheon

Three out-of-towners also will be in the line-up of candidates seeking the post of State Representative for 91st District (Mitchell, Nolan and Fisher counties). They are L. L. Armor, Sweetwater business man seeking re-election to the post; Max Carriker, Roby farmer-business man, and Temple Dickinson, University of Texas law student from Sweetwater.

Both the senatorial and representative races are warmly contested, and have the most voting interest in recent years.

The five headliners for state

offices won't be the only candidates on hand for the "Know Your Candidates Day" luncheon. All the rest of local candidates — county and precinct — are expected to be there.

In fact, all except three of 18 candidates invited already have notified the Chamber of Commerce they will be at the Civic House event.

Two county candidates and one precinct candidate are the only persons, so far, who have not replied to the invitations.

"Know Your Candidates Day" luncheon is being sponsored by the Chamber of Commerce legislative committee and the Jaycees. Joining in the program — with their regular weekly luncheon combined as one noon meeting — are Lions, Kiwanis and Jaycees.

All interested citizens — not just members of the cooperating organizations — are invited to attend the luncheon and meet the candidates who are on the ballot list in the July 26 Democratic primary.

However, reservations must be made before 9 a.m. July 23 by those persons who will attend, but who are not affiliated with the three civic clubs, according to Bob Williams, chamber legislative committee chairman and Jaycee president.

All candidates will be introduced at the luncheon and their individual background information will be presented, too, as they meet the audience.

MONDAY MORNING

Breakfast Parley To Discuss Fair

Foundation planning for a Mitchell County Fair will be the topic for a special breakfast conference here Wednesday.

The 7 a. m. Civic House breakfast has been scheduled by the Chamber of Commerce agriculture committee, chaired by Elmer Martin.

More than 20 persons — including members of the agriculture committee — will be invited to participate in the conference.

The breakfast meeting will be for the purpose of obtaining ideas and recommendations for staging of a Mitchell County Fair here in Colorado City this fall.

The Chamber's agriculture committee already has voted to sponsor the fair. And the Wednesday breakfast session is scheduled for the purpose of enlisting the ideas and support of a lead-off group of county citizens.

Tentative planning by the agriculture committee has been for the county-wide fair to be staged here in late September or early October as a possible forerunner of a permanent annual county agriculture and livestock fair.

However, livestock exhibits are not planned for this fall because of the short notice to farmers and ranchers.

However, exhibits are planned this fall in several departments: women's projects — sewing, art, canning, baking and similar exhibits; agricul-

ture — field crops, fruits, vegetables and other products; commercial — exhibits for home, farm and ranch equipment.

Special talent show and concessions — with refreshments and snacks — also are included in the tentative plans.

Representatives from Lorraine will be invited to the breakfast meeting since the agriculture committee is planning the fair so it will not conflict with the annual Lorraine Fair.

Dollars 'n Cats

Ever try to lose some cats . . . and find them back at home in a couple of days with a few extras?

Dollars, however, don't have the homing instinct!

Read the buy-at-home feature, sponsored on page 2 of this issue by local merchants, and see what happens to those dollars.

If you take your dollars and sow them in a nearby city, or send them off to some mail-order concern or hand them to some hit-and-run salesman — they are long-gone dollars you won't see again.

If you don't think so, try to get some of these left-town dollars back home to help our United Fund, or to build a Little League Ball Park, or to buy a new fire engine, or to hire a preacher or some more school teachers for your children.

Buying in Colorado City supports more people — and more prosperous people — where you live, people who can save money by helping you carry the load of time and expense that goes with civic improvement.

\$314 EARNED AT GAME

Donkeys Pay Off For League Park

Junior Chamber of Commerce got a big money boost in building the Little League Memorial Park Thursday night.

The Donkey Ball Game — sponsored by the Jaycees to raise funds for the park — brought a net profit of \$314.00.

Jaycees' profit from ticket sales totaled almost \$190 while net proceeds from the sale of concessions amounted to \$126, reported Joe Boatright, chairman of the project.

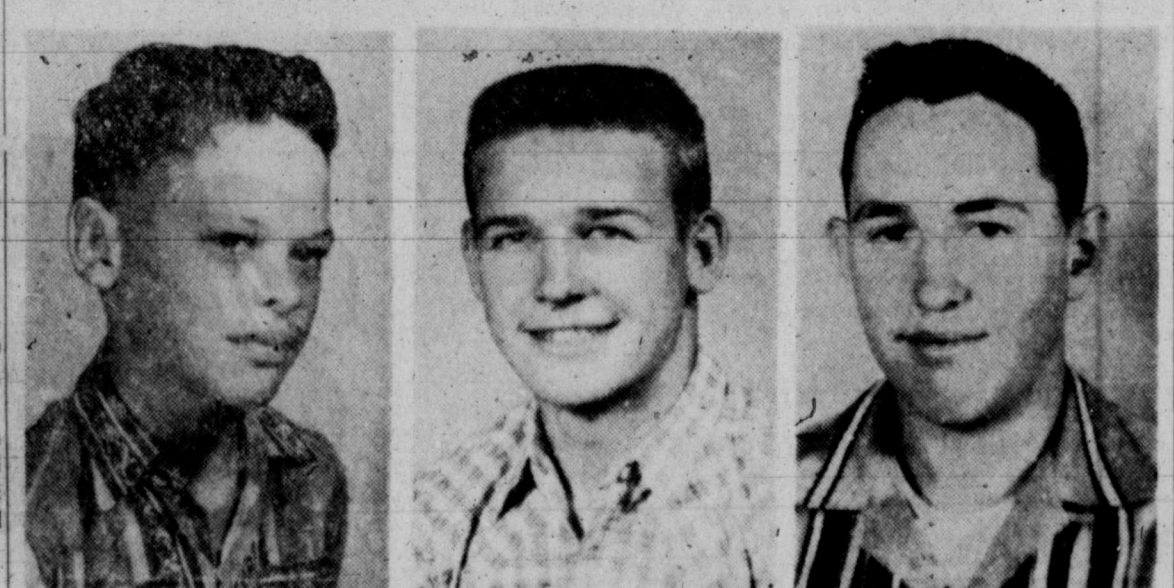

The \$314 is earmarked for purchase of poles and lights for the field now under construction adjacent to Ruddick Park. The field has been leveled, rolled and surveyed.

with construction of bleachers, backstop, dugouts, concession stand and fence to begin in the near future, according to Joe Salter, chairman of the Jaycee youth activities committee.

An enthusiastic crowd of over 500 persons watched the Lions and Kiwanis "ride" the donkeys from Oklahoma with the Kiwanis edging out a narrow 1-0 victory.

A number of players nursed skinned elbows and knees with Runt Currie of the Lions receiving a bruised hip.

Ed Rothwell captained the winning Kiwanis team while Jimmy Harrison was captain of the losing Lions. The Lions See DONKEYS Pg. 1

Price Daniel has served his native state with distinction as a fighting Attorney General, outstanding U. S. Senator, and dedicated Governor. He has earned a second term by his program of unity, progress and good government.

Be Sure to Vote on July 26

My vote on July 26 is going to Governor Price Daniel for a second term. I think every Texan can be proud of his distinguished leadership. He has placed first importance on honesty and integrity in government. His leadership has resulted in our first statewide water conservation program, better schools and hospitals, improved law enforcement, attraction of new industries and protection of the rights of our State and its people. the 'Seniors' at Col-Tex

This is the 25th in a new series of special Col-Tex presentations recognizing long and valued service of those employees who have been associated with Col-Tex 25 years or longer. Col-Tex is proud of its workers who have contributed their efforts so many years for the company's success.

J. M. Hutcheson, another of the Col-Tex Refining Company "seniors" plays a major role in bringing the crude oil to the refinery where finished products are made.

Hutcheson is head man at Col-Tex's Odish Chalk pump station with its tank farm and pipelines. It's Hutcheson's responsibility to see that everything runs smoothly in gathering the oil with the aid of his gaugers.

The Chalk station is one of three stations in the Col-Tex system. The others are at Laton and Westbrook.

It was 29 years ago—on July 1, 1929—that Hutcheson started his career with Col-Tex as a field gauger. Hutcheson and his wife, Maggie, now live near the Chalk station in a company house in order that he can be close to his work.

Born in Ellis County, he worked for oil firms in Corsicana, Borger, Mexia, Bastrop, Crane and other towns in Texas, starting as a roughneck in 1920.

His love for the oil industry eventually brought him to Col-Tex.

The Hutchesons, who were married 35 years ago, have one daughter, Mrs. H. L. Williford, of Big Spring, and two grandchildren, Homer Lee Williford, Jr., 10, and Susan Williford, 7. Mr. Williford is employed by Cosden Petroleum Corporation in Big Spring.

Hutcheson lists hunting and fishing as his main hobbies with majority of his fishing time consumed on Lake Colorado City.

AT MUNICIPAL POOL

20 Persons Attending Life Saving, Water Safety Class

Approximately 20 young men and women are enrolled in junior and senior courses of Life Saving and Water Safety Classes in progress now at the City's Municipal Swimming Pool.

Milton R. Bodzin is the instructor for the 18 hour course and is assisted by Brooks Teague, operator of the pool. Knowledge and skill — are the two main objects of the course. Knowledge in aquatics

is gained by means of instruction and experience. Skill in aquatics is acquired through instruction and practice.

"Recreation, in and on the water, has ever been and always be appealing and attractive to a multitude of people," state the handbook for the course of Life Saving and Water Safety. "Indulgence in any of its forms is recognized almost universally as being a happy, health - benefiting experience but it goes even deeper," the handbook adds.

"In swimming, canoeing, rowing, sailing, motorboating there may be found at one and the same time, release for mind and body — release that marks a change from routine habits of living, thinking and acting to the not usual non-habitual stimulation of thought and activity which 're-creates' the individual.

"Environment, activity and mental and physical stimulation, all contribute to the enjoyment which is so manifestly evident wherever and when ever people indulge in aquatic sports.

"The one dark not in an otherwise bright and stimulating picture is seen in the number of people who lose their lives by drowning (7,500 a year on an average during the past several years) and in the many thousands who experience a 'near-drowning' but manage to survive.

"Swimming skill must, of course, always be the primary factor in water safety whether one is in or on the water, but skill in handling small craft, skill in meeting uncommon situations and skill in assisting and rescuing others are of equal importance.

"For nearly a quarter of century the Life Saving Service of the American Red Cross has been engaged in gathering information on all phases of water safety and in seeking out, developing and testing rescue methods for life saving," the handbook states.

Various phases of the courses which the groups are studying and practicing in the water include "Personal Safety and Self-Rescue in the Use of Small Craft," "Drowning and Elementary Forms of Rescue," "Swimming Rescue," "Resuscitation," and "Special Forms of Rescue."

Members of the junior class include Janet Stone, Gayle Stone, Gayle Williams, Jan Williams, Louis Schoolcraft, Norman Boatman, Ronny Stacy, Gary Harkins and Steve Hillhouse.

Senior class members include Cynthia Aycock, Rosemary Thomas, Brooks Teague, Eddie Schoolcraft, Mike Schoolcraft, Danny Fisher and Jay Shimer.

REPEAT VOWS IN STANTON

Janelle Jones Becomes Bride Of Ellis Wayne Britton

Janelle Jones became the bride of Ellis Wayne Britton Saturday evening, July 5, in the First Methodist Church in Stanton.

The bride is the daughter of Mr. and Mrs. James Jones of Stanton.

The bridegroom is the son of Mrs. Hoyt Britton and the late Mr. Britton of Stanton, former residents of Loraine, and the grandson of Mr. and Mrs. J. E. Price of Loraine.

Rev. W. H. Kirby, pastor of the Methodist Church in Stanton, read the double ring ceremony at eight o'clock in the evening before a background illuminated with white cathedral tapers in windows and across chancel rail decorated with greenery. The communion table was decorated with a large fan arrangement of pink gladioli beneath a lighted cross flanked with candelabra holding white tapers. White tapers also marked the bridal aisle to the prie-dieu.

Given in marriage by her father, the bride wore a gown of Chantilly lace and tulle over bridal satin. The fitted bodice featured a Sabrina neckline edged in scallops re-embroidered with seed pearls and iridescent sequins, a yolk

of silk illusion and long sleeves of lace which extended to points over her hands. The bouffant full-length skirt of the gown was fashioned with alternating ruffles of lace and tulle.

Her finger tip-length veil of illusion was gathered to a crown of lace embroidered with seed pearls and iridescent sequins.

She carried a bridal bouquet fashioned from pink sweetheart rosebuds encircled with gardenias.

For some old she wore a gold necklace belonging to her grandmother, Mrs. Wilmer Jones of Stanton.

Wedding music was presented by Billy Ray Clements of Dallas, organist and cousin of the bride; and Mrs. Burley Polk, soloist. Mrs. Polk sang "Through the Years" and "The Lord's Prayer."

Judy Britton, sister of the bridegroom, was maid of honor.

Mrs. Harold Smith of Andrews, cousin of the bride, was matron of honor.

Bridesmaid was Neta Milner of Abilene.

Mrs. Don Forrest of Big Spring, sister of the bride, was bridesmatron.

The maid and matron of honor wore identical dresses

of pink organdy over taffeta styled with sleeveless bodices, capelet collars, ballerina-length skirts and taffeta cummerbunds which molded to a bustle in the back and extended to the hemlines.

They wore picture hats of pink net and carried pink fans enhanced with feathered carnations and satin streamers.

Candles were lighter by Barbara Jane Smith, Mrs. Kenneth Stroup of Midland; Sharon Wilson of Anson and Karen Crooks of Snyder.

Jan and Jami Forrest of Big Spring, nieces of the bride, were flower girls.

Harold Smith of Andrews was best man.

Ushers were Larry Clements of Franklin City, cousin of the bride; H. L. Curry, Burley Polk and Jimmy Henson.

The home of the bride's parents was the scene of a reception honoring the couple following the ceremony.

The bride's tables, marked with silver and crystal appointments, was laid with a white net over taffeta centered with bridal flowers and was flanked with the traditional wedding cake, three-tiered, decorated with pink sugar roses and topped with a miniature bridal couple.

Members of the houseparty included Martha Tinkle of Abilene, Gloria Houston of Abilene, Janice Myers of Colorado City, Carol Clark of Plainview, Sally Brem of Deming, New Mexico; Judy Reynolds of Andrews, Esther Reithmeyer of Lamesa, Rebecca Allife of Big Spring, all friends of the brides from McMurry College in Abilene.

For her wedding trip the bride wore a two-piece dress of pima and cotton trimmed with matching lace, tangerine accessories and a white gardenia corsage taken from her bridal bouquet.

Following their honeymoon the couple will reside at 509 North Fourth Street in Stanton.

The bride, a graduate of Stanton High School, attended McMurry College where she is a member of the Rho Xi Chapter of Beta Sigma Phi.

DO YOU REMEMBER 1952?

It was the year the Shivercrats were telling the world from the housetops that they sure liked Ike. It was something like a farmer calling his hogs. The farmer knew how to pen the pigs, and the Shivercrats knew how to pen the voters. Price Daniel and Bill Blakley were top hands with the Shivercrat outfit. But they now tell the good people of Texas that they are whiter-than-snow Democrats. As to that, if Price Daniel or Bill Blakley are Democrats, we are the sole and only heir to the Pennsylvania Railroad. And if possible to hock the Pennsy railroad for \$135 million dollars, we will be happy to donate the whole pot to Ralph Yarborough's campaign fund.

PLAYOFFS BEGIN JULY 21

Yankees, Pirates Win Tilts; Season Plays Ends Thursday

Yankees took a two-game lead over the Indians for second place in the Little League Friday as they whipped the Redmen, 12-6.

Pirates, leading the league by a wide margin with a 12-1 mark, had trouble with the bottom-place Giants before finally winning 7-6 in the other game Friday.

The league ends regular season play this week with games Monday and Thursday. Six games on the schedule were rained out, but probably won't be played since area playoffs start July 21.

The Yanks and Indians have waged a fierce battle for second place and the Friday game saw the Yanks leaped ahead.

Indians took a one-run lead in the first stanza on Bill McGuire's run. But in the third inning, the Yanks pushed across two runs with Mike Munday and Ronnie Hillhouse crossing the plate with help from Joe Anderson's bat.

Indians cut the lead to 4-3 in top of the fourth with Mil ton Kidd and Tom Mann mark

ing up the runs.

But the Yanks poured on the heat with four runs in the bottom of the fourth and six runs in the fifth. The Indians rallied for three runs in the sixth with Corky McAdams.

Airmen Fall To Pipeliners In 25-15 Tilt

Forty runs in a softball game are a lot of runs.

But Windham Pipe Line and Sweetwater Air Base Hawks accomplished the feat in six innings at Sweetwater Thursday night.

Windham's team won the game, 25-15, for a new scoring record in the Sweetwater League.

The win places the Windham team in the playoffs.

Windham had the Air Base team down 10-3 after three full innings.

The Airmen rallied for three runs in the fourth but the Windham sluggers nullified that with four runs in their half of the fourth.

Air Base gained in the fifth frame with four runs while the C-City team got only one ally.

But then the Windham crew scored it on in the sixth with 10 runs while allowing the Flyers only five runs.

Pony League Games to End Friday

Games Tuesday and Friday this week will end the regular season play in the Pony League.

In games Tuesday, the bottom-place Braves and second-place Athletics tangle in the first game. League - leading White Sox, with a perfect 15-0 record, tackle the Cardinals with a 5-10 mark.

Friday's games find the Cardinals and Athletics meeting in the first game with the Braves and White Sox squaring off in the second tilt of the doubleheader.

The Pony League All-Stars will be practicing for their first playoff game Monday, July 21 in Snyder.

Kidd, Williams and McGuire hitting safely.

Ronnie Rothwell took the mound victory for the Yanks with Joe Wallace taking the loss.

Anderson paced the Yanks at the plate with three hits in four trips while Williams and McGuire headed the Indian attack with the same record.

A two-run rally by the Pirates in the sixth inning enabled them to come from behind and edge the Giants, 7-6.

It was Gary Jones and Frank Biggers that scored the winning runs for the league - leading Pirates off Giant relief hurler Skipper Warren.

Pirates were rocking along with a 5-1 lead until the fifth inning when the Giants came alive for five runs to leap ahead 6-5. They touched Pirate reliever Biggers for one hit, three walks and an error to score the five runs.

Then came the Pirate rally to pull the game out of the fire.

Denzil Pendergrass started on the Giant mound but gave way to Warren in the fourth. Dale Walker was the Pirate starter but got relief from Biggers in the fourth.

Pendergrass led the Giants with two for three while Biggers was tops for his team with three for four.
