Fair, Homecoming Parade Combined For 4 p.m. Oct. 5

The Colorado City Chamber of Commerce and Colorado Independent School District, Wednesday decided to combine the annual Mitchell County Fair and high school homecoming parades.

The combined parade will be held through downtown streets at 4 p.m. Thursday Oct. 5, said Sefton Pickens, Chamber of Commerce manager.

It had been thought earlier that there would not be a parade for the fair this year since homecoming weekend falls in the same week. The Homecoming parade usually is held on Friday.

However, the school and chamber officials got together and decided that by combing the parade, the parade would be much better for participants as well as spectators and by holding the parade on Thursday afternoon, the Friday of homecoming would not be so hectic.

Categories will be separate for both groups, with cash prizes of $25, $15 and $10 being awarded to the best floats entered in the fair part of the parade.

The high school floats will be judged separately and winners will be named.

Arrangements have been made for high school students to use the Steere Tank Line Building for the building of floats since the county fair building will be in use at that time as preparations are made for the fair.

New 4-H Officers

Susan Blassingame, right, and Randy Erwin, second left, Monday night were elected co-chairmen of the Mitchell County 4-H Council. Other officers elected for the coming year included Bob Girvin, left and Diana McClure, co-chairmen of the Food and Recreation committee, and Sue Beach, county council delegate. Officers not pictured are Tony Wulfjen, secretary; David Brownfield, treasurer; Randy Anderson, reporter, and Larry McClure, county council delegate.

One Killed

Officers and passersby worked Tuesday afternoon to free the body of Harold Hartman Janis, 56, of Hollywood, Calif., from his overturned car in the eastbound land of Interstate 20 near the Colorado River Bridge. Janis was killed when his car overturned and skidded on its hood about 125 yards at 2:35 p.m. Tuesday.

2 p.m. Parade For Kids' Day

A $25 savings bond has been announced as the top prize for the overall winner in Saturday's Kiwanis Club Kids' Day Parade.

The parade is just one of many items of activities on this annual special day for youngsters old enough to enjoy it to the age of 16.

Kicking-off the day will be two movies and a cartoon at the Palace Theatre, courtesy of theatre owner Mrs. Charles Knauf, at 10 a.m.

Price of admission is one can of food stuff.

The shows to be presented at the threater are, "Run, Appaloosa, Run", "Bongo", and a cartoon.

Ice cream will be furnished after the show by Gandy's.

Then at 2 p.m. the parade will get underway downtown, led by all elected officials of Mitchell County and Colorado City.

Plans Made For Sept. 30 Banquet

Mitchell County 4-H members are busy making plans for the upcoming 4-H Achievement Banquet which will be held at 7 p.m. Saturday, Sept. 30, to kick-off national 4-H Week, Oct. 1-7.

"A New Way, A New Day", is the theme for 4-H week and the banquet which will be held in the Colorado High School cafeteria.

Members of Mitchell County 4-H met Monday night in Lone Wolf Electric Co-Op's Medallion Room, elected officers and set up committees for the banquet as well as for the upcoming county fair, Oct. 5, 6 & 7.

Susan Blassingame and Randy Erwin were elected co-chairmen of the county 4-H Council.

Other officers elected were Tony Wulfjen, secretary; David Brownfield, treasurer; Randy Anderson, reporter; Larry McClure and Sue Beach, county council delegates, and Bob Girvin and Diana McClure, food and recreation co-chairmen.

Directors for the 4-H Achievement Banquet Program are Ray Ritchey, Elaine Winn, Mrs. W. E. Smith, Mrs. B. B. Byrne, Trey Smith, Brad Fincher and Pete Fincher.

Here are the various committees and their members for the banquet and the fair:

Wolves Ready For Ballinger Bearcats

Colorado High School Coach Weldon Brevard will be on familiar ground Friday when the Wolves travel to Ballinger for a non-district game with the highly rated Bearcats.

The action starting at 8 p.m. Friday will be on ground where Brevard first became familiar with the game called football.

He was a star for the Bearcats as were two of his coaches, Jim Slaughter and Mike Lippe. Slaughter's brother Johnny Slaughter, is a standout member of the Ballinger backfield.

These facts plus the fact that Ballinger is highly rated, makes this game extra special to Brevard, Slaughter and Lippe. The game is special for everyone associated with the Wolves.

The Wolves and their coaching staff believe that last week's thrashing of the Coahoma Bulldogs was the start of

Loraine Homecoming

This is homecoming week is Loraine.

It'll be climaxed Saturday with the football game between Loraine and Rochester and crowning of a homecoming queen during halftime ceremonies.

Candidates for homecoming queen are Debbie Belvin, senior; Tanna Oliver, junior; Yolanda Chavez, sophomore and Diana Rosas, freshman.

The event kicking off the homecoming festivities will be a powder puff football game at a bonfire at the high school. The powder puff game will be between the junior-seniors and freshmen-sophomores.

Registration will get underway at 10 a.m. Saturday in the cafeteria for ex-students and lunch will be served followed by a business meeting.

The class of 1942 will present the program and as a part of the program , Ed Williams, former superintendent of Loraine and Colorado High Schools, will be speaker.

Running For Daylight

Melvin Jackson, fleet I-back for the Colorado City Wolves, hopes to repeat his performance of last Friday night in Coahoma when the Wolves face Ballinger in Ballinger tomorrow night. Jackson scored three touchdowns against Coahoma, one on this run of 34-yards.

Another Step Forward For Bilingual Program

(Editor's Note: This story prepared and compiled by journalism class of Colorado High School.)

The age of television has entered the classroom of Colorado Independent School District.

Kelley Elementary now has the educational advantage of closed circuit television and educational television for kindergarten through second grade.

This educational step forward was brought about by Principal Esten Blackmon, because he sees the advantage in "keeping up" with the times.

Title VII provided funds for the monitors, vidio tape recorders, tapes and camera.

Dale Mathis, electronic engineer with Frontier Electronics, installed the cables in seven rooms and put in cables for FM (Frequency Modulation)) and also a switchboard which be designed and made for the school project.

The cost was underwritten by Frontier Electronics and Mathis donated his time.

"This endeavor was on the PTA priority list." Mrs. Betty ty Gorham president, commented.

Other officers in the active Parent Teachers group are Mrs. Bobby Nobles, first vice president; Mrs. Joe Tarter, second vice president; Mrs. Don Powell, secretary; Mrs. Tom Reese, treasurer; Mrs. Georgia Griffith, parlimentarian and Mrs. Dwain McGuire, reporter.

Last year three tapes were made of class activities.

"These were used for teacher evaluation. In action, a teacher is actually evaluating herself," Blackmon explained.

The teachers were shown the tapes and later they were viewed by members of the school board who later approved purchase of the electronic median equipment with the government money

"The administration readily saw the value of the endeavor and now we have four monitors instead on one. We can put sound on tapes, and the educational values continue," the Kelley principal added enthusiastically.

The bi-lingual program, written By Mario Castillo, curriculum specialist, deals largely with the Spanish alphabet and exercises to make a positive learning pattern.

Six teachers are in the bilingual,federally financed program.

Tapes are made of the teachers in action and the students in the learning process. Teachers view the tapes critically while the young people are watching themselves. If the tapes are especially good, they are made for showing on TV at a time set by Frontier Electronics.

Parents viewing the classes in the learning situation can view actions and reactions of their own children. This could prove very enlightening and advantageous.

"Teachers always begin another step in progress," Blackmon stated, "after watching a lesson presented on tape. Theirs is a constant effort to improve teaching techniques.

Educational television failed here several years ago because there were not enough people who anted or who cared about it.

KERA–TV Channel 13, begins at 8:30 a.m. with Misteroger's Neighborhood. A t 9 o'clock one class or all classes may watch Sesame Street. Those two programs are excellent for reading readiness.

Balance is in evidence of new and old material presented for child development. The old familiar material makes the young people feel secure, and the new is fused so that the learning process is a happy experience.

Local teachers find those educational programs invaluable in teaching numbers, letter sounds and reading.

Accustomed to viewing TV in the home, the child responds positively and naturally to this electronic aid.

"We plan to expand as funds become available," the progressive administrator advised. "We want monitors in every room so that boys and girls can learn from those programs on TV which are designed to teach the viewer."

Colorado City and Loraine have the cable available at nominal cost. Before too long it is predicted that there may be as many as 100 channels on each television set. By adding a switch on the TV set, you may be able to register a yes or no opinion on issues being discussed on the tube.

Every school with a two way system can become, in effect a broadcasting station which will give students a chance to read their essays and poems on the air and watch a monitor at the same time.

The possibilities are boundless. With this much progress made thus far in one of the electronic media, the Colorado Public Schools will keep a step ahead.

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere . . .

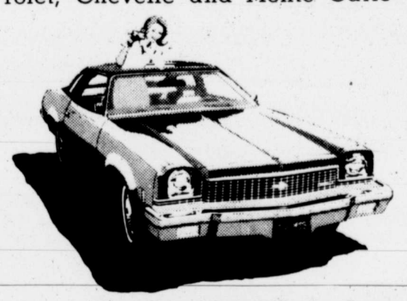

Isn't it romantic?

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

Bumpers are exciting?

This year's are something to get stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo models. Nineteen different models to choose from.

New Malibu Colonnade Hardtop Coupe.

(above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

(below) Monte Carlo S Coupe, America's newest road car. With the handling of the finest European cars, and the looks and comfort of an American car.

New Nova Hatchback Coupe.

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3½ more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

Top-Of-The-Line

The all new Monte Carlo, the flagship of the Chevrolet fleet, is among the most changed of all seven Chevrolet car lines in 1973. Featuring beautifully sculptured side and rear-quarter metal, new grille, and an optional Landau or opera - type vinyl roof, the Monte Carlo is a styling classic. Many months of advanced chassis and suspension engineering work have given the Monte Carlo handling and roadability said to equal or surpass that of Europe's most expensive personal touring cars. Introduction date for all 1973 Chevrolets is today (Thursday) at Jay Adams Chevrolet-Oldsmobile.

Hinged Grilles On 88's

Oldsmobile's 1973 Delta 88 and Delta 88 Royale models feature a new verticle bar dual aluminum grille design. The grilles are hinged at the bottom and retract with the bumper into the front end panel on impact. The rear sports large horizontal tail lights and a new bumper. Standard on the side molding with a color-keyed vinyl insert. The 1973 Oldsmobiles are being shown today (Thursday) at Jay Adams Chevrolet-Oldsmobile.

Letter To The Editor

Dear Editor:

The Business & Professional Women's Club would like to thank you for granting us the right to use our first name in print in the Colorado City Record.

We appreciated the article in the Record, Thursday, September 7, 1972, EXCEPT for the first sentence - Women's lib has hit full force in Colorado City. We do not feel this request had anything to do with Women's Lib. We merely wanted the right to be ourself.

Thanking you,
Colorado City Business & Professional Women's Club

tion to be considered will concern a request for an access crossing of the Colorado River along Interstate 20.

Farmers with multi-row equipment feel it is dangerous to tie up the bridge with a slow vehicle and that the highway department could and should build an access bridge for the purpose of providing a crossing for farm equipment.

Many farmers are now having to go long distances out of their way to avoid crossing the Interstate bridge with wide equipment.

Resolutions such as this are considered by local units and passed on to the state Farm Bureau with requests for action from state and federal governments.

The Mitchell County Farm Bureau has some 475 members.

You may call the Hamilton Optometric Clinic of Big Spring for an appointment at no cost to you.

Mrs. Wilfred Fox President

For New Culture Club Year

The Self Culture Club began its new year with a salad supper in the home of Mrs. Dona Reed.

Mrs. G.P. Gary gave a report of the past club administration and Mrs. Wilford Fox, club president, greeted those attending and then gave a message for the group to follow throughout the club year.

"Women should be women, that is our femininty is our glory," Mrs. Fox began.

"Reality and the values worth searching for lie in the material world that science is steadily teaching us to analyze, catalogue, and measure. While we would not deny the existence of inner values, we regulate them to second place.

"The purpose of life is happiness, and happiness we define in terms of enjoyable activity, friends and the accumulation of material objects.

"In time we hope, the rest of the world will appreciate our demonstration that the American way of life is best. We also hope they will seek for themselves the good life of freedom and prosperity.

"The best way is to be a nice person and to live by the creed of tolerance. That way we offend few people. We live and let live," she continued.

"Desiring to do the best is not enough, doing it is what counts. We need to help people help them selves.

"Just what do you do with your leisure time?

"Whatever we do with it reveals our personality and character. There are many things we can do during our leisure time-visiting elderly people or taking them for a ride, being foster grandparents to disadvantaged children.

"No one is too old or too young to be important. Everybody has talents and the joy of having talents is using them and the only time we have is the present.

"So let us think and be thankful for God is our best guide.

"Sharing love and friendliness is a good way to start and end a day. Smile at everyone you see each day.

"The time for doing right is always now. So start where you are and use what you have and as you know blessings come in unexpected gifts.

"Everyday is a better day when we help to build a better community, a better nation, and a better world.

"So, let us do everything in our power to have an outstanding club year," Mrs. Fox concluded.

Dining tables were decorated with pink and white carnations, club's colors and flower.

Attending the supper meeting were Mrs. Don Hardegree, Mrs. Paul Beeman, Mrs. A.A. Herrington, Mrs. Fox, Mrs. Leslie Keith, Mrs. John Brown, Mrs. R.M. Reed, Mrs. C.P. Gary and Mrs. Lester Watson.

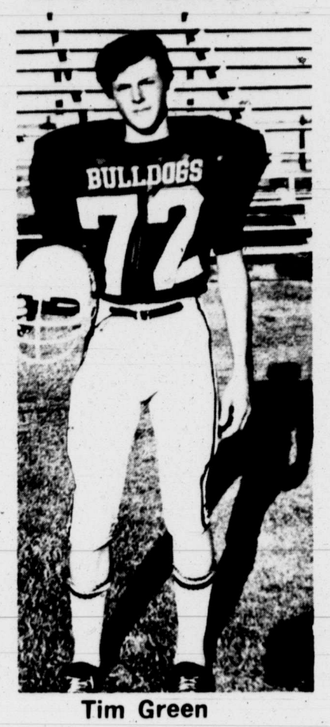

The club meets again on Oct. 6th in the home of Mrs. Paul Beeman.

Aviation Clinic To Be In San Angelo

A general aviation maintenance clinic for all local pilots, aircraft owners, and aircraft maintenance personnel will be sponsored by General Aviation Manufacturers Association (GAMA), Longenette Flying Service, Southwest Aircraft Sales, Aviation Committee of the San Angelo City Board of Development, High Sky 99's, Mitsubishi Aircraft International and the Federal Aviation Administration, at 7 p.m. on Sept. 28 & 29 in the Mitsubishi Hangar (first building North of the FAA Combined Station/Tower), located in San Angelo.

The program will cover safety aspects of flying and the importance of proper operation of aircraft, according to Ray C. Raney, Accident Prevention Specialist of the FAA General Aviation District Office #7 in Lubbock, who is coordinating the activities associated with the seminar.

Aviation industry personnel include: K. E. Gardner, Manager of Training, Teledyne Continental Motors and E. Ray Tice, Bendix Corporation, Dallas.

Other FAA personnel assisting include: Dr. L. W. Snider, Assistant Regional Flight Surgeon, Air Route Traffic Control Center, Roger Mitchem, Accident Prevention Specialist, both from Albuquerque, New Mexico and Lynne D. Covalt, Avionics Inspector, from Lubbock General Aviation District Office #7.

Designed to give local pilots and maintenance personnel the latest information on the safe, proper operation and maintenance of aircraft, the seminar topics will include Avionics Equipment, Ignition Systems, and Care and Feeding of Aircraft Engines, and will offer aircraft owners a free inspection of their iarcraft.

Specialist Raney said, "We believe that a reduction in general aviation accidents can be achieved by improving individual attitudes toward safety. The program is designed to increase the pilot's and maintenance personnel's knowledge of aircraft as well as safe and proper operating procedures."

The clinic will qualify those in attendance for the General Aviation Manufacturers Association Safe Pilot Sweepstakes. First prize in the GAMA Sweepstakes is a $30,000 aircraft.

All pilots with a Student Pilot or higher certificate are eligible. Non - pilots 16 years of age and older are eligible for a prize of $1,500 paid tuition toward a pilot certificate. You must attend to be eligible to win.

There will be no charge for the seminar.

KID'S DAY

Tuesday Services For Mrs. Marricle

Mrs. Bennie (La Vel) Marricle, 21, daughter-in-law of Mr. and Mrs. Tommy Marricle, former Colorado City resident, died unexpectedly at her home north of Abilene at 10 o'clock Saturday morning.

Services were conducted at 3:30 p.m. Tuesday at the Calvary Baptist Church in Midland with Rev. Don Siegler officiating. Burial was in Resthaven Memorial Park.

Mrs. Marricle was born July 13, 1951 in Lamesa and was reared in Midland. She was a 1969 graduate of Midland High School.

She and Bennie Marricle were married May 8, 1971 in Midland and she was a member of the Calvary Baptist Church.

Pallbearers were Roger Moore, Jack Waldrep, C.N. Stubblefield of Colorado City, Charlie Welch, Bill Everage of Alpine and Rodney Bridge of Weatherford.

She is survived by her husband of the home in Abilene; one brother, Ronnie McDaniel stationed with the Air Force in the Azores; her parents, Mr and Mrs. Glen McDaniel of Midland; two sisters, Miss Donna McDaniel and Miss Nancy McDaniel both of Midland and her maternal grandparents, Mr. and Mrs. Roy McDaniels of Portales.

Red Cross Here In "Project Find"

Project Find has been initiated in Colorado City.

The project was started by the federal government and picked up by the Red Cross in an attempt to locate and assist eligible older persons to sign up for benefits at local certifying offices.

Many older Americans who are eligible for food assistance are not yet enrolled, officials of the program are saying.

If you are eligible for it or know anyone that might be eligible please contact the local Red Cross office in the Barber Building on Walnut or phone 728-5012 for more information, Bonnie Burt, Red Cross executive secretary, has asked.

WONDERFUL PLACE TO BE

If anyone should ask you why we like to live in a small town, tell them what has happened to Bobby Sparks.

The roof of Sparks Hardware on East Second collapsed about two weeks ago. In a big town, this would have attracted little attention.

But in Colorado City, it was a major tragedy, one in which many townspeople turned out to help Bobby move his merchandise to a new location and get into operation again.

Not only that, but a fund was started to help this young businessman overcome the expenses of the disaster. Others are working to help Bobby get his old buildings torn down as the cost of repairs would be prohibitive.

Helping Sparks has been a community affair and those who haven't been able to lend physical or financial aide have lent moral support.

This is the type thing that makes living in a small town such a joy, because here, everybody cares.

KIDS KIWANIS DAY

SEPTEMBER 23

TO HONOR YOUTH . . .
OUR GREATEST RESOURCE

Kids' Day is dedicated to the citizens of tomorrow. On their shoulders rests the future of our Nation. Throught the joint efforts of Kiwanis International and the local Kiwanis this day has been set aside to focus attention upon the problems and accomplishments of youth throughout the states and Canada at both a national and community level. The purpose of the day is to provide worthwhile experiences for all youth and to raise funds which will be expended to the betterment of all concerned.

Medal For Webb

Native Of Westbrook

Marshall A. Webb Jr. Administrative Assistant in the Director's office at Oklahoma State Tech, Okmulgee, recently was presented the Meritorious Service Medal which he earned prior to his June retirement from the United States Marine Corps.

Webb, son of the late Mr. and Mrs. W.A. Webb Sr. of Westbrook, Texas was born in Colorado City, Texas. He was graduated from Westbrook High School in 1940. Webb's brother Lester Webb, resides in Loraine, Texas.

Representatives of the Naval Ammunition Depot at McAlester -- Captain Joe . Chambliss, commanding officer of the depot, and Major William H. Barnard, commanding officer of the Marine Barracks - made the presentation to Colonel Webb during ceremonies held on the Tech campus.

Webb was awarded the honor for outstanding meritorious service from Dec. 9, 1969 to June 1, 1972 while serving as Assistant Chief of Staff, G-I, 2nd Marine Division, Fleet Marine Force, Atlantic. He displayed outstanding leadership; planning and managerial abilities, and resourcefulness in maintaining the G-I (Personnel) section at maximum readiness and insured effective procedures within his division, according to the citation. Admiral Charles K. Duncan, Commander-In-Chief of the U. S. Atlantic Fleet and representing the President, signed the citation.

The retired colonel holds several decorations he recieved during his 30 years of service in the Marine Corps. Webb acquired the Navy Commendation Medal with Combat "V" and gold star in lieu of a second award, Presidential Unit Citation with two stars, National Defense Service Medal with one star, Korean Service Medal with six stars and Korean Presidential Unit Citation. He received numerous citations from Vietnam, which include the Republic of Vietnam Gallantry Cross with palm and gold frame.

Webb is a graduate of Louisiana Polytechnic Institute. He received his MA Degree in personnel management from George Washington University.

Presentation

FRANK MOTOR CO.

He's working now on your 1982 electric service.

He's one of the engineers at Texas Electric who is charged with the job of making sure this area continues to have enough electricity.

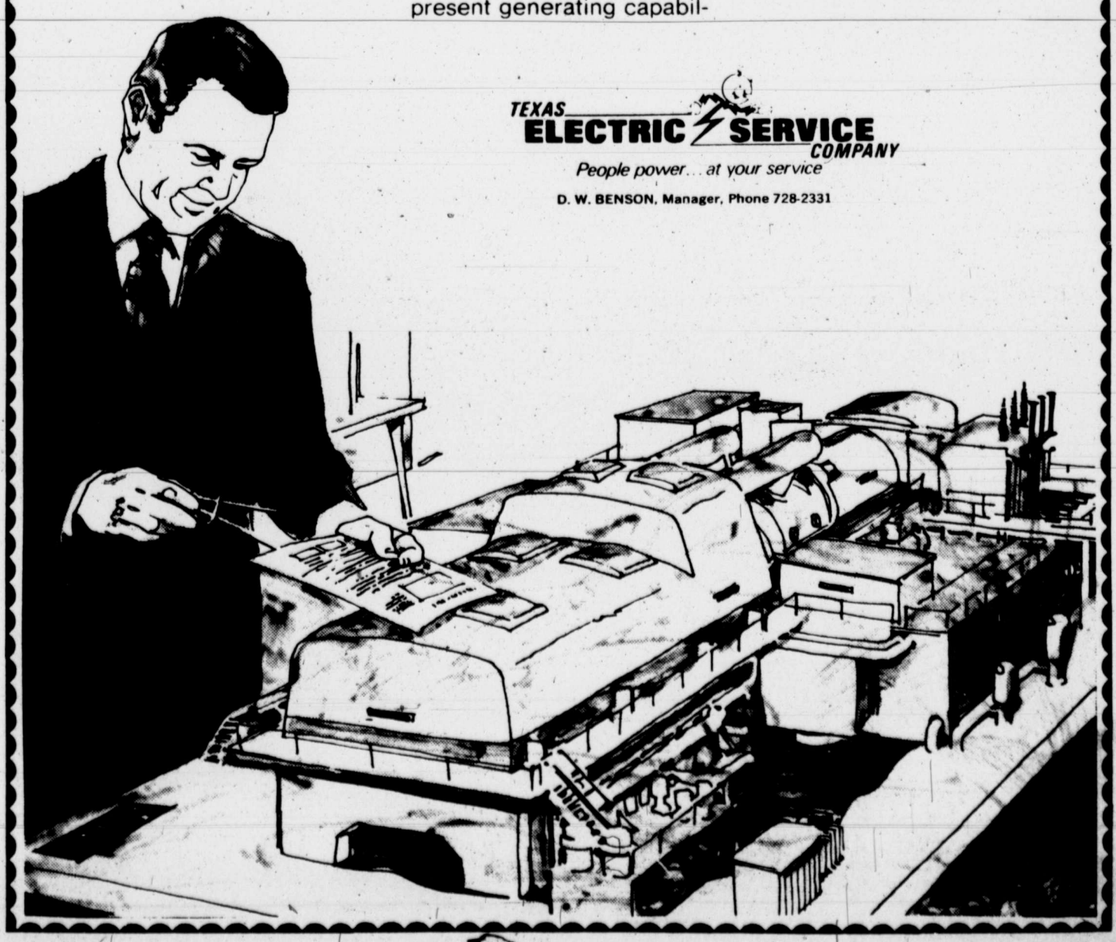

Developing our power system is a complex assignment. It requires teamwork, training, knowledge and experience. It continuously involves weighing alternatives in the selection and arrangement of facilities that will keep our power system reliable and efficient, and environmentally sound.

Ten years ahead may seem a long time, but in our business that's the normal planning cycle.

We're already at work on construction projects that will be completed in 1978. By then we will have added more than 2,000,000 kilowatts—about 2/3 of our present generating capability—as well as related transmission and distribution facilities. And we're now planning into the 1980's.

Being able to meet the electric service requirements of our customers tomorrow depends on sound planning today by the people at Texas Electric.

It's the job of every one of us to see that you get the most value from your electric service.

something big--an extra good season. .

Tomorrow night, they face a team that is not only good, but a team that will be out to impress the Colorado City coaches who are former stars of the Bearcats.

The Ballinger team is thus far undefeated and unscored upon. They downed Brady to get the season off to a start and in a head knocker last week, they fought to an 0-0 tie with Reagan County.

However, the score does not tell about the many fumbles that prevented the Bearcats from scoring and easily winning the game.

Ballinger has the same type of team as did Coahoma, said Brevard. The Bearcats run the wishbone with finese, they have talent and experience and they are quick, noted Brevard, who also at one time was head coach at Ballinger.

However, Colorado City's team is no pushover, as they proved las week against Coahoma.

The Wolves went into the game rated 13.2 point underdogs and came out the winner 9 points ahead 27-18.

Colorado City goes into the game against Ballinger as only slight under dogs.

The Wolves are ready for the game against Ballinger, Brevard declared.

The injuries suffered in the Coahoma game turned out not to be as serious as first believed.

Clayton Salmon was thought to have a broken rib, but it turned out he only had a pulled muscle and will probably be able to see action Friday night as he has had good workouts this week.

Vicente Garcia, who suffered an elbow injury, probably will see only limited action Friday night as he is still having problems with his arm.
