

Vandals Strike School

Willful, malicious vandalism was committed some time before dawn Sunday in the cafeteria of Hart schools. As far as has been ascertained by lunchroom supervisor, Mrs. J.C. Box, nothing was stolen in

the break-in but a sizeable loss occurred from the wanton spoilage of food staples.

Damage to the facility itself was primarily that of the water line to the drinking fountain. Torn from its connection, the

ruptured line allowed the building to be flooded so extensively that the water could not be picked up by vacuum machines, Mrs. Box reported.

Entry into the cafeteria was

through the north door and occurred sometime after a church supper at the lunchroom was held Saturday night and the "supposed discovery of a broken water line" Sunday morning. A church dinner had been scheduled for noon Sunday.

bags of corn meal and rice so that contents might be allowed to spill.

The cooks of destruction concocted one enormous clean up task when they dumped 50 pounds of dry milk onto the floor and on top of that poured five gallons of cooking oil and one gallon of molasses.

"We don't really know how much food was wasted," Mrs. Box said Monday, "since we barely had time to get cleaned up so we could have lunch today."

The vandalism is being investigated by Castro County law officers.

Costly items used in the ruination were 100 pounds of sugar and 200 pounds of flour which were poured about the floor. One pound blocks of butter were thrown about and large bags of potato chips crushed.

Eighth Grader Denied School Enrollment Here

Leticia Valadez completed the sixth grade last year and would have been a student in Hart Junior High this semester. But Leticia cannot enroll in Hart schools according to the dictates of Civil Law and its adherence by Texas Education Agency.

Younger brother and sister of Leticia may still attend their respective classes at Hart Elementary School; their transfer from the Olton School District to the Hart School District is allowed.

The student transfer problem became known earlier this

month when Superintendent Ted Averitt received a letter from Alton O. Bowen, Deputy Commissioner for Administrative Services of TEA who wrote:

"We have reviewed the student transfers into the Hart Independent School District for the 1975-76 school year. We find, according to our records, that one (1) pupil has transferred into your district from Olton Independent School District, Campus #041. Please notice the attached copy of excerpts from Court Order 5281.

"We are denying the following transfers into your district, based on the fact that the pupils transferring into and out of Olton Independent School District, Campus #041 will change the majority percentage from 48.2½ to 49.8½: Leticia Valadez."

Clean-Up Day Slated

Saturday, Sept. 6 has been proclaimed as Pre-Harvest Clean Up Day in Hart. The proclamation came from Monday evening's regularly slated meeting of the city commission.

All residents are asked to join in a united effort to clean up the city and are requested to place junk and garbage to be hauled away by their trash containers. This will be picked up and trash barrels emptied on this day.

Special request is made that fire not be set in the barrels so that all may be emptied in the giant clean up effort.

In order to be a success, the clean up day must have the cooperation of all residents. Businesses or individuals who can furnish trucks or laborers for the project are needed.

The clean up campaign will begin at 8 a.m. Saturday at the fire station. Everyone who is willing to work on this project is asked to be at the station at this time. Picked up junk will make it easier for the regular crew to keep the alleys clean.

Mayor Richard Franks, asking all out cooperation, said, "If everyone will work together on this project, we can certainly

make our town a cleaner and nicer place to live."

Reeford Burrous of Continental Telephone from Dimmitt met with the commission Monday evening to submit a proposed rate increase. The proposed increase was accepted.

Jeff Earl, representative of FHA, Dimmitt, met with the commission also. He discussed ways FHA might assist the city in financing needed projects.

A number of local residents also attended the meeting to express concern for needed law enforcement in the city.

SOME PLAY MAKES JAMIE A HAPPY STUDENT - Five year old Jamie Irons, son of Mr. and Mrs. David Irons, will be only one of Hart Elementary School students who will enjoy the fun time provisions of the parent involvement program. (See accompanying story inside).

Football Contest Starts, Grand Prize Is \$50

Football fans take note - the Hart Beat's annual football guessing game begins in this issue and the fun competition could earn you weekly prizes or the grand prize of \$50.

The contest is fun and costs nothing to enter. Anyone may enter but only one entry is

allowed per person. Entire families may compete against each other; employer may challenge employee and friend may battle friend.

Look Good In Scrimmage

"The boys seem to have a comradie we haven't had in the past, a real team feeling," said head coach Lonnie Phillips this week of the 1975 Longhorns.

"One thing I felt that came out of Friday's scrimmage, which distinguishes this team, is the closeness the boys exhibited."

"The two quarterbacks worked with each other real well. While one was in, the other watched to see how they could help one another. When the linemen missed a man, they came right back and said, 'I'll get him next time,'" Phillips said.

Phillips commended the Horns' showing in their scrimmage game Friday in Hale Center.

"We were extremely pleased with our defensive effort, holding their first unit scoreless during the two-hour scrimmage. We felt Gary Jackson did an outstanding defensive job."

Dean Hill, as nose guard, was

also cited for his performance. Defensive ends, Terry Hill and Barry George, turned in pleasing efforts.

Terry Hill suffered a mild concussion and missed workouts this week but will be ready for the first game Sept. 5 with Anton.

"Our secondary did an

outstanding job, prevently long bombs from being completed and did a good job stopping options before they could start," said Phillips.

"Berto Minjarez did an outstanding job as right defensive tackle. Our three linebackers, Glenn Black, Joe Reyes and Bryan Irons, are all

inexperienced at that position and looked real good."

Joe Reyes is out for the season as a result of serious injuries received in a pickup-car collision Saturday night. He is in room 585, West Texas Hospital, Amarillo.

"Offensively," Phillips said,

"we were sluggish at first but finally our two quarterbacks broke through for touchdowns, one each. The passing attack looked pretty good, each completed several."

The quarterback spot is "up for grabs", Phillips said, between Kerry George and Elizar Castillo.

"All three running backs - Terry Hill, Barry George and Joe Reyes - did outstanding jobs but were aided by real fine blocking up front. In the later stage, they were able to move the ball effectively and complete some passes."

Phillips said there are several players competing for positions. Guards are Bryan Irons, Gary Jackson and Glenn Black. Jackson may be moved to center, Phillips said, adding that Johnny Carrasco was battling also for that spot.

"We have some young boys who show lots of promise."

Grid Guessing Game Begins

Continued from page 1
guess and doing so with consistency. Football teams have "upsets" and so will the persons who predict their wins and losses. All in all, it's fun.

Weekly prizes are given to the top three guessers. The contestant who picks the most correct games each week will receive a check for \$5. Runner-up contestant gets \$3 with the third place guesser earning \$2. In case of ties, the tie-breaker game will deter-

mine the winner. If there is still a tie, the money will be divided.

Contestants' correct guesses will be compiled each week and the person with the most points at the end of the season will receive the grand prize of \$50. There will be no runner-up prize this year. In past years, grand prize was two tickets to the Cotton Bowl game and \$20 with the runner-up receiving two tickets to the Sun Bowl. Few winners were able to use the game tickets so this year's

contest offers a new and more valuable prize to the best pigskin predictor.

Look for the contest pages in this issue. Each ad of a sponsoring merchant contains a football game with each team numbered. Select the team you think will win and circle that team's number on the entry blank provided on that page. Then predict a score for the tie-breaker contest; this game is also counted in the win-loss totals. Finally, be sure to fill out the blank with your name and adress. Each year a number of entry blanks are submitted without names or with number uncircled and the loss of one week makes it harder to be a season winner.

Entry blanks must be deposited with one of the sponsoring merchants by noon Fridays. When you're in their place of business, tell them you appreciate their making the contest possible. They'll appreciate your thanks and they value your business.

Coming Events

Thursday, Sept. 4--"B" football and Junior High. Anton invades Longhorn Stadium. Seventh grade, 4:30 p.m.; 8th, 5:30 and "B", 7:30.

Friday, Sept. 5--Longhorns travel to Anton to take on the Bulldogs at 8 p.m.

Saturday, Sept. 6--Senior pictures to be made, 9 to 11:30 at high school.

Lemons Home Burglarized, Texas Rangers Enter Case

Texas Rangers and Castro County law enforcement officers converged in Hart Monday in efforts to solve the pre-dawn burglary Sunday morning of the Warren Lemons' farm home.

Estimates were not available at press time of the loss although it is already known to be extensive. Twenty-six guns, some valuable antiques, were among the loot taken by person or persons as yet unknown.

The break-in and burglary was discovered about 9 a.m. Sunday morning by Lemons. The family had spent Saturday night at his mother's home in

Plainview.

Two radios, a number of tapes and jewelry were also among the missing items. Also taken were family records and papers.

H.E. Newmans Return Home, See Memorable US Sights

Mr. and Mrs. H.E. Newman have returned from a two-week tour-vacation and a visit with their son and daughter-in-law, Mr. and Mrs. Don Newman in Washington, D.C. They were accompanied by another son and daughter-in-law, Mr. and Mrs. Joe Newman of Denton.

Their first visit to the Nation's Capital, the Newmans enjoyed visits to Arlington Cemetery, the Lincoln and Washington Memorials, White House and Kennedy Center of Performing Arts. At Kennedy Center, they saw "Jesus Christ Super Star." Mrs. Newman confessed she did not care for the play was impressed by the talent of the actors and singing.

Perhaps the most enjoyable portion of the trip, Mrs. Newman reports, was their drive through Pennsylvania Dutch and Amish settlements. They dined in "Amish country" in what Mrs. Newman described as "a lot like a big barn". The family style dinner was "delicious" she said and the business booming.

"It was really something to see the Amish people driving their buggies through all that busy traffic."

Mrs. Newman said that higher prices of gasoline seemed to have little deterrent on tourism this country with "lots of traffic" throughout their trip.

Their drive through the Smokey Mountains was an unforgettable experience because of its beauty. Pennsylvania was also a beautiful place, says Mrs. Newman.

"It was so green and pretty and I don't believe there was one level acre in the portion of the state we visited. It was so rolling and pretty and the crops were beautiful. There were fields of corn, alfalfa and tobacco."

SUNDAY GUESTS

Mr. and Mrs. Albert Bostic of Olton visited Sunday afternoon in the home of Mr. and Mrs. Miles Cox. Also visiting in the Cox home were Mr. and Mrs. Bob Bowden and girls.

IN NEW MEXICO

Mr. and Mrs. Theron Morrison and Mr. and Mrs. Edd Bennett spent the weekend in Ruidoso and Alamogordo, N.M.

Traveling through the Chesapeake Bay tunnel was also an experience not to be forgotten. "It was full of cars and policemen were stationed ever so often, telling motorists to 'go on.' You can't help but have a momentary thought, 'What is it broke and all that water came rushing in?'" Mrs. Newman said.

Other highlights during their visit with the Don Newmans were trips to Mt. Vernon, the Custis Mansion and the harness races in Maryland.

Enroute home, the Newmans visited relatives in Georgia and toured Roosevelt Park and Little White House and Museum in Warm Springs.

"Everything was so pretty but when we entered Texas, it looked real good. The highways especially, Texas really has good highways compared to many of the other states."

Mr. and Mrs. Neil Baldrige of Austin announce the arrival of a daughter, born Aug. 11 in Austin. The little miss weighed seven pounds, 14 ounces and has been named Lisa Catherine. Maternal grandparents are Mr. and Mrs. Deryl Clevenger. Mr. and Mrs. J. Don Baldrige of Lubbock are paternal grandparents. Great-grandparents are Mrs. Lena Baldrige of Lubbock, Mr. and Mrs. Andy Lawrence of Clyde and Mr. and Mrs. W.J. Clevenger of Tulia.

OUT OF HOSPITAL

Mrs. Ralph Cole underwent surgery Tuesday in Central Plains Hospital in Plainview. She returned home Sunday.

Beta Sigma Phi Chapters Hold Friendship Meeting

The home of Mrs. Tom McLain was the setting Saturday afternoon for a friendship party for Xi Mu Iota and Chi Psi Chapters of Beta Sigma Phi. Mrs. Darryl McLain was co-hostess. The meeting launched a new year for both sororities.

Plans were made by members of Xi Mu Iota to sponsor a spaghetti supper Friday, Sept. 12 in the school cafeteria, prior to the Longhorns' first home game. Supper tickets may be purchased from any sorority member; proceeds will go toward a worthwhile

project.

Attending from Chi Psi were Mmes. Don Moore, Larry Lee, Ricky Mitchell, Ronnie True-lock, Frank Hooper, James Campbell and David Smith.

Xi Mu Iota members attending were Mmes. Charles Black, Max Marble, Weldon Jones, W.T. Sanders, Bob Reed, Richard Franks, Frank Barnes, Bob Bowden and Bo Lowery.

IN HEREFORD

Mrs. Nora Ray spent the weekend in Hereford with her daughter and son-in-law, Mr. and Mrs. George Landtroop.

FROM PORT ARTHUR

Visitors of Mr. and Mrs. Jud Davis Wednesday were her brother and sister-in-law, Mr. and Mrs. Jay Winkle of Port Arthur.

Mary also finds it fun to skip rope with Christi.

Mike, 13, is an eighth grader. Christi, who will be 10 next month, is in the fourth grade.

Accepting the call to First Baptist Church as pastor and family, the Carikers moved here in April from Rock Springs. Mary teaches a young adults Sunday School class which meets in the parsonage home.

Mary grew up at Leander, near Austin, and met Joe when he was speaker for an associational youth meeting. "I was a 'youth'," she says with a grin and a teasing sparkle in her eyes. They were married two years later, in 1959.

Arts and crafts are leisure time pleasures for Mary who says she particularly enjoys crafts. Most of the things she makes are given to friends. She also enjoys reading but hesitates to call that a hobby.

CUT CLEANING TIME

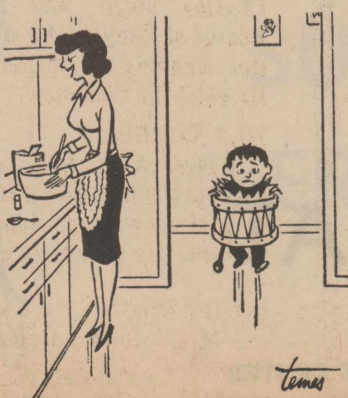

What's your favorite sport? If house cleaning isn't your answer, keep these basic ideas in mind to help you get through it faster:

* Concentrate on doing one job at a time. Set aside one morning for doing the laundry, another for vacu-uming and floor washing, a third for dusting and "smudge" work.

* Certain spray cleaning chores that require little or no moving of objects can be done all at once—and with new Glass*Plus™ glass, appliance, and cabinet cleaner. It takes care of cleaning windows and window sills, light switches and fixtures, door knobs, mirrors, kitchen and bathroom sinks and spig-ots, cabinets, shelves and countertops. You can move from room to room, spray

The junior class met Wednesday to elect officers and sponsors. The officers are Gary Jackson, president; Joe Flores, vice-president; Jana Mapp, secretary; and Bryan Irons, treasurer. Mark Bennett was elected reporter. Class sponsors are Sherry Cozart and Kenny Barnes.

SENIOR CLASS

The senior class met Aug. 20 to elect sponsors and class officers. Connie Poarch and Lonnie Joe Howell were chosen as sponsors, with Carol Armstrong being named class president. Brad Sharp was elected vice-president; Teri King, secretary; Barry George and Eloise Sarabia, class historians.

SOPHOMORE CLASS

By Pat Shugart

The sophomore class of Hart High School met Friday, Aug. 22 to elect officers for the 75-76 school year. They elected Kent Hill as president; Elizar Castillo, vice-president; Doneice Clark, secretary; Ester Perez, treasurer; and Abby Mancias, reporter. Sponsors for the class are Larry Cole and Lanette Allison.

FRESHMAN CLASS

By Pat Shugart

Hart High School freshman class officers elected Friday, Aug. 22 are Josie Garcia, president; Stacy Averitt, vice-president; Tammye Hill, secretary; and Delores Sena, treasurer. Wes Poarch and Lonnie Phillips were selected as class sponsors.

Terry Hill, Brad Sharp Recall Highlights Of Boys State Visit

Brad Sharp and Terry Hill spoke of their experiences earlier this summer as delegates to Boys State at Monday's luncheon meeting of the Lions Club. Hart Lions and the local American Legion Post sponsored the youth's participation in the annual event.

Both described their first day at Boys State as a busy time filled with elections for mayors, precinct meetings and campaigns for office.

"I ran for Senator," said Sharp who was a member of the Federalist party. "But I didn't get it. I was appointed director of Texas Forest Service."

A member of the Nationalists, Hill said his "city" was the largest ever for Boys State - 62. The 935 boys who attended also marked a record.

"I learned more about politics in that one week than I'd learned in all my life," said Hill. The boys really made good speeches, too, I was surprised. It was a great experience,"

he said. "You go there and know no one. Then you find friends from all over the country."

Sharp expressed amazement that "in three days, boys who'd never seen each other before, got together a band. And they were good."

He said the band preceded the other delegates in a parade to the Capital. Their visit there

included a visit to the Senate Chamber and the opportunity to be addressed by Governor Dolph Briscoe.

Other tours were left to the boys' choosing. Sharp said he visited the agriculture department building.

Approximately 25 persons attended Monday's meeting including club sweetheart Carol Armstrong.

Junior High Student Denied Transfer To Hart

Continued from page 1
transfers of the Court Order in Civil Action 5281 to provide that this Agency should deny transfers which violate the following section of this Court Order: "The defendants shall not approve transfers where the effect of such transfers will change the majority or minority percentage of the school population, based on the average daily attendance in such districts by more than one per cent [1%];, in either the home or the receiving district or the home or the receiving school."

The Order further states: "Defendants shall not permit, make arrangements for or give support of any kind to student transfers, between school districts, when the cumulative effect, in either the sending or receiving school or school district, will be to reduce or impede desegregation, or to reinforce, renew, or encourage the continuation of acts and practices resulting in discriminatory treatment of students on the ground of race, color, or

national origin."

Leticia's young brother and sister were not denied permission for transfer because their transfer did not effect "the majority or minority percentage" of the elementary schools.

Leticia's parents, Mr. and Mrs. Louis V. Valadez Jr. live just outside the Hart Independent School District boundary, nearer to Hart than Olton. Leticia has attended Hart schools since she started to school. The family's only recourse, if Leticia is to attend school with her brother and sister and the school of her own choosing, is to establish residence within the Hart ISD by making her home with relatives.

Although there are other transfer students attending Hart schools, none other has been denied by the court order. Leticia, however, is one of some 35 to 40,000 students in Texas who have been denied transfer to another school for the correct school term.

Enrollment Inches Upwards

Enrollment figures for Hart schools inched upwards during the week following the first day enrollment of 580. Total students enrolled as of Aug. 26 is 638.

Increases from first day were shown in kindergarten and first grade with decreases in the second, third and fourth grades. Fifth grade totals were up while sixth grade remained the same.

Junior high totals were up from 103 to 114 with high school figures going from 121 to 126.

NEED INCREASES

It's important to remember that the need for protein is increased during the following periods of stress such as surgery, high fever, severe burns, infection or other "wasting diseases". These result in actual tissue breakdown, requiring extra amounts of protein in order to rebuild or replace the destroyed tissues.

Claude Ray's Father Dies

Funeral services were held Aug. 18 in the United Methodist Church of Rochester for Evans Lee Ray, 88 father of Claude Ray.

Ray died Aug. 16 in a Wichita Falls hospital where he had undergone surgery after breaking a hip in a fall. He and his wife had been making their home in Brazos Valley Nursing Home.

Other survivors include his wife; two other sons, Ralph Ray of Kingsland and Clyde Ray of Irving; four grandchildren; six great-grandchildren; two brothers and two sisters.

Lunch Menu

At Hart Schools

MONDAY - Chicken pot pie, crackers, tossed salad, cranberry sauce, peanut butter cake, milk and butter.

TUESDAY - Enchilada casserole, green salad, onions, tortillas, apple cobbler, milk and butter.

WEDNESDAY - Cheeseburger on homemade bun, lettuce, tomato, onions, pickles, pork and beans, peaches and milk.

THURSDAY - Pinto beans with ham, cornbread, buttered spinach, pickled beets, cherry cobbler, milk and butter.

FRIDAY - Roast beef, yeast rolls, green beans, whipped potatoes, rice pudding, milk and butter.

MISCONCEPTION

It is unfortunate that older persons frequently think they need less protein because their bodies are "slowing down." As we get older, we usually need fewer calories because we are less active and are utilizing less energy, but our protein needs do not decrease. In fact, older persons MAY need somewhat more protein due possibly to somewhat poorer utilization.

FIRST PLACE

The word protein comes from a Greek word meaning "first place." Since protein is an essential part of all living substances -- including you -- the name seems very appropriate. It's well known that protein is needed for growth, but it is also needed even to maintain life.

The one time you expect to see a Zimmatic broken down.

About the only time you expect to see a Zimmatic broken down is when it leaves one of Lindsay's plants. Once assembled in your field, it seldom causes a problem. Those big, sure-footed towers power their way around the field, carrying water to crops.

Hour after hour, day after day. Until you decide to shut down. That kind of performance doesn't just happen. It's the result of constant testing -- both in the plant and in the field. Lindsay puts these rigs through the most punishing conditions -- loads on more stress in a week, usually, than they're likely to see in a lifetime of normal use.

But we know that no system is 100% perfect all the time. That's why we're ready to help with an extensive parts inventory and factory trained servicemen if you ever have a problem. Before you buy any center pivot irrigation system, be sure to let us tell you about all the advantages of owning a Lindsay Zimmatic.

Parent-Involvement

Salvaged To Serve

Scraps rescued from a waste basket destiny have been turned into numerous articles which will provide moments of fun time for students in Hart kindergarten and elementary classes. The objects for fun-and teaching-were made just before the end of school by students of Mrs. Becky Scribner, David Knox and a group of interested persons.

Plywood clowns and animals, in gay colors, were cut out for bean bag toss games; the bean bags were designed from small scraps of fabric.

Old bleach bottles were cut out to make "scoops" to catch balls made from old discarded nylon hose. Puppets of every description were made from odd socks and tiny scraps of fabric. A puppet "theater" was

once a large cardboard box.

Salvaged from worn out clothes, buttons and zippers were sewed into small "learning garments" and a small odd tennis shoe has become an instrument for learning to tie one's own shoe laces.

Pretty pictures from magazines or old calendars have been pasted onto lightweight cardboard or laminated and are now simple jig-saw puzzles. A strip of plastic, marked off with plastic tape to make blocks, is a hop-sotch pad. Paper plates have become clocks.

A parent involvement meeting has been slated for 8 p.m., Monday, Sept. 8 in the kindergarten building. Persons who are interested in "becom-

ing involved" with the children of Hart are invited. Bev. Garza is director of the program.

A workshop will be conducted the following Wednesday. Additional items will be made and plans for the year's projects unveiled.

Persons who helped make the items, some pictured on page 1 of this issue, included Betty Griswold, Carol Mancias, Ramona Gonzalez, Janice Clark, Linda McLain, Maria Quiroga, Wilma Swindle, Jeanie Prather, Guadalupe Valadez, Dominga Rodriquez, Joanne Lacy, Beatrice Herrera, Petra Rodriquez, Angelita Barretero, Blackie Sarabie, Wrenella Rodgers, Freddie Sue Myrick and LaWanda Wilson.

Persons are asked to save scrap items which can be used in projects. Articles which can be designed into learning and fun objects are scraps of fabric, yarn, rick rack, other trims, thread; old nylons; odd socks; bleach bottles (washed); odd buttons; old zippers; remnants of paints; pieces of plywood or other bits of lumber and other items which might be used "to make something out of nothing." Those items may be taken to the kindergarten building or persons may contact Ms. Garza.

MEAT PROTEIN

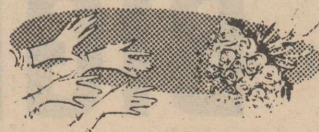

"Prime" meat does not provide better quality protein than lesser grades of meat. The grade of meat refers to eating quality rather than to protein or nutritional quality. In fact, since "Prime" meat generally contains more fine marbling of fat, it actually contains less protein than the "Good" grade.

COMBINE THEM

Plant proteins, in general, are of poorer quality than animal proteins. However, they can supplement each other when combined at a meal or when combined with a small amount of animal protein. Good quality protein -- that is, a good balance of amino acids -- can be achieved by various combinations of cereals, legumes and nuts or by combining with milk or eggs. For example, rice with beans, legumes with nuts, cereal with milk, macaroni with cheese are all ways of providing good-quality protein at a meal.

PROTEIN SUPPLY

Our need for proteins is really our need for amino acids and the nitrogen they provide. Proteins that supply all the essential amino acids in approximately the same amounts as needed by the body are considered high-quality proteins. The highest quality proteins are found in animal foods such as meats, eggs, fish, poultry, cheese and milk. Soybean, garbanzo bean and peanut proteins are almost as good in quality. Green leafy vegetables furnish good quality protein also, but in extremely small amounts.

Joe Reyes Is Injured, Crash Claims Leon Schulte

Eighteen-year-old Joe Reyes suffered multiple injuries and is hospitalized in Amarillo's West Texas Hospital as the result of a head-on collision Saturday night that claimed the life of Leon Frank Schulte, 23, of Nazareth.

The car-pickup crash occurred about 8:30 p.m. Saturday nine miles southeast of Dimmitt. Schulte was pronounced dead at the scene. Reyes was given emergency treatment at Plains Memorial Hospital in Dimmitt and transferred to Amarillo where he was confined to an intensive care unit until Tuesday.

Reyes, son of Mr. and Mrs. Jesse Reyes, received a compound fracture of the thigh, multiple lacerations and a concussion. At press time Wednesday, surgery on his right leg was pending.

Head Coach Lonnie Phillips visited with Reyes, who was cited as a pre-season "player to watch," by phone Tuesday evening. "He was in lots of pain," Phillips reported.

Funeral services were held at

10 a.m. Tuesday in Holy Family Catholic Church in Nazareth. Burial was in Holy Family Cemetery under the direction of Dennis Funeral Home.

Schulte is survived by his wife, a son, his parents, six brothers and four sisters.
